BRIDGETOWN, ANnapolis COUNTY, NOVA SCOTIA, FEBRUARY 5, 1913

NO. 38

IN THE MUNICIPAL COUNCIL

Report of Committee on Tenders and Public Property, Auditors' Report, Committee on Assessments, and Statute Labor Return Report.

(Continued from last issue.)

The report of the Committee on Tenders and Public Property was then read and, on motion, laid on the table for further discussion.

The following is the report—
REPORT OF COMMITTEE ON TENDERS AND PUBLIC PROPERTY
To the Warden and Councillors of the Municipality of Annapolis:
Your Committee on Tenders and Public Property beg leave to report as follows for the year ending December 31st, 1912.

No change has taken place in the staff of employees at either Institution. Mr. Hiltz and Mr. Myers, assisted by their estimable wives, are still in charge and have performed their duties to the satisfaction of the Committee.

The new barn has been completed and supplies a long felt want. It is a good substantial building and we are glad to report that the builders fulfilled their contract fairly well.

Arrangements were made during the year for the children at the County Home to attend the Ingleswood School. The experiment proved successful. The school was efficient and the tuition moderate. The arrangement will be continued during the coming year.

The current cost of maintenance of the Institutions was as follows:—
THE COUNTY HOME
To supplies, wages, etc. \$3001.00
Less Receipts 124.67
\$2876.23

THE COUNTY HOSPITAL
To Supplies, Wages, etc. \$4081.44
Gross expenditure for Hospital 4081.44
Less Amt. received for board 2211.08
Net expenditure for Hospital \$1870.36

We estimate that the expense for the ensuing year will be about the same.

The products of the Farm were as follows:—
45 tons Hay
1000 bus. turnips
525 " potatoes
45 " carrots
35 " parsnips and beets
337 " oats
15 " beans
1000 heads cabbage
1/2 ton pumpkins

REGAL Flour yields the best quality and the utmost quantity of bread per barrel: white, light loaves, pastry of melting flakiness.

This is simple direct truth. Unless you find it so, when you try it, your dealer will return your money.

REGAL FLOUR

Town Elections.

Mr. Karl Freeman was sworn into office as Mayor of the town of Bridgetown, yesterday morning. The Councilmen are: S. F. Prat, M. A. Hicks and Louis Brooks.

At Annapolis Royal, Mayor Hawkesworth is returned by acclamation. The Councillors elected are Dr. Boyd Crowe, Dr. O. R. Peters and A. E. Atlee.

Mayor Goucher at Middleton was returned by acclamation. Councillors elected are F. E. Bentley, Dr. Spangne, J. H. Charlton.

No. 15, Andrew Shaw, 15 per cent.
William Shaw, James Shaw.
No. 16, Elias Messenger, 3 1/2 per cent.
William Messenger, A. S. Williams.

The sum of \$1312.13 was expended for the support of outside poor during the year. We append a detailed statement of the same.

Bridgetown Ice Carnival.

After two postponements, necessitated by the vagaries of the weather, the Carnival was eventually held on Wednesday evening of last week, and considering there were so many attractions going on, the attendance was a very good one, there being considerably over one hundred persons present, half of whom were in costume.

The most original costumes for ladies was undoubtedly the one worn by Mrs. (Dr.) Anderson, representing the Silver Dollar, the brightness of the so-called dollars and the beautiful costume calling forth praise from everyone present.

If the prize for ladies had come under this heading, Mrs. Anderson, no doubt, would have won out. Mrs. Lockett as Queen of Hearts, Miss Louise Ruggles as a Spanish Cavalier, and Miss Doris Nelly (Carmen) were all very tastefully attired, while many others deserved special mention in space permit. The prize for the most attractive costume was given to Miss Nelly.

For the most original costume, worn by the gentlemen, Mr. Harry Abbott as Pat Maloney, looked a typical Irishman, and easily came first. Mr. A. Landry, who arrived from Middleton too late to be judged, would have won the prize, his personation of the Harum Scaram girl being perfect in every detail.

During the evening the Bridgetown Band was present, and discoursed sweet melodies, which were much enjoyed by those present.

The following are the names of those who appeared in costume:
Mrs. F. R. Fay—Duchess Lady,
William Lockett—Queen of Hearts.

H. B. Hicks—Elizabeth Ann (Dr.) Anderson—Silver Dollars.
A. FitzRandolph—Mary, Mary quite contrary.
Frank Dodge—Hockey Girl.

Miss Mildred Lockett—Minnehaha.
Mabel Munroe—Canada.
Nora Anderson, Constance Lloyd—Snow Shoe Girls.
Rachel Pineo—Nurse.

Mildred Mantle—Queen of the Witches.
Louise Ruggles—Spanish Cavalier.
Muriel Troop, Agnes Hall, May Marshall, Edith Chute—Hockey Girls.

Juanita Bishop—Spanish Dancing Girl.
Josie Kinney—Indian Princess.
Annie Ricketson—Good Luck.
Grace Ricketson—Snow Balls.

Nan Hoyt, Bessie Laird—Hockey Girls.
Tupper—Milk Maid.
Hortense Griffin—Ballet Girl.
Doris Nelly—Carmen.
Jennie Vroom—Snow Shoe Girl.

F. Cochran—Suffragette.
Ann's Phinney—Fop Corn Polly.
H. E. Carter—Corporal Kenneth Dickie—A Dude.
Murray Durling—Soldier.
Ceil Dickie—Jeff.

Ronald Ruggles—Country Esquire.
Harry Abbott—Pat Maloney.
Burnie Peters—Fireman.
Mr. Micklewright—King Edward's Horse.
Walter Ricketson—Good Night.
Basil Colpitts—Starlight.
Clarence FitzRandolph—Suffragette.
E. D. Colpitts—Rob Roy.
O. Covert—Motorist.
F. Dodge—Country Gentleman.
A. A. Landry—Harum Scaram.
A. C. Charlton—2 in 1.
C. B. Longmire—Trombone Artist.
Luther MacLeod—Orangeman.

BALKAN WAR.

London, Feb. 3.—The Balkan war has been resumed; the bombardment of Adrianople began at seven o'clock tonight, and a small skirmish occurred at the Tchatalja lines. The armistice has lasted exactly two months.

Bulgaria has turned a deaf ear to the remonstrances of the Powers, and unless Turkey yields to the Balkan demands the allied armies will now attempt to drive her completely out of Europe.

Town Meeting Called

The regular monthly meeting of the town council of the Town of Bridgetown was called by the Mayor and held pursuant to written notice in the council chamber on Monday evening, February 3rd, at 7.30 o'clock.

Mayor Harlow being unavoidably absent, presiding Councillor McKenzie took the chair.

The following councillors were present:—J. K. Craig, Karl Freeman, J. W. Salter and S. F. Pratt.

Ordered that the following bills be paid:—
A. L. Anderson, material for streets \$35.69; the Outlook Publishing Co. advertisement for policeman \$1.20; M. K. Piper, printing, \$6.78; Nova Scotia Horticultural Exhibition at Bridgetown, one-half of deficit as per agreement, \$14.15.

Ordered that the account of the Bridgetown Electric Light Heat and Power Co., Ltd., be paid at \$197.51. The account of J. H. Hicks & Sons was referred back for further information.

The Auditors' report for the year ending December 31st, 1912, was submitted to the Council, and upon motion was received and adopted.

The Mayor's report for the year 1912 was laid before the Council.

Resolved, that the first meeting of the new Council be held on Monday evening next, the 10 inst., at 7.30 o'clock.

The street committee made a verbal report on the work done on the streets during the past year and recommended that the rate-payers be asked to vote on the borrowing and expenditure of a further sum of money for permanent streets.

After some discussion it was moved by Councillor Salter and seconded by Councillor Freeman that a meeting of the rate-payers of the Town of Bridgetown be called under section 143 of the Town's Incorporation Act on Wednesday the 19th day of February instant at 7.30 o'clock in the evening, to vote on the question of the proposed expenditure of a sum of money, not to exceed the sum of six thousand dollars, for the making of permanent streets in the Town, and that the Clerk give the necessary notice required by the said act.

Minutes read and approved and Council adjourned.

Suffragette Campaign

London, Jan. 27.—England is on the brink of another campaign by the suffragettes in comparison with which former outbreaks of the militant women will appear insignificant. Tonight 2,000 policemen were engaged in dispersing the huge crowds around the Parliament buildings, shopkeepers were boarding up windows and excited women were making incendiary speeches in several halls.

The women believe that the politicians have played a carefully studied trick upon them, and the decision of the Government to drop the Franchise Bill is likely to lead to serious consequences.

In the House of Commons today the Speaker, the Right Hon. James William Lowther, in response to an inquiry by the Prime Minister, announced that if any of the amendments to the Franchise Bill giving women the vote should be adopted, he would be obliged to rule that they made substantially a new Bill, which would compel its withdrawal.

THE PUBLIC ESTIMATES.

Bridgetown Is Not Included in the Government Estimates for Public Buildings.—Middleton Gets \$15,000, Generous Marine Estimates for County.

The Public Works vote for new buildings, dredging, etc., chargeable to income, is \$22,927,635. Some of the main items include the following:—
\$130,000 for a new post office at St. John; \$400,000 for a new examining warehouse at Montreal; \$220,000 for an immigration building for Quebec; \$150,000 for the London post office; \$500,000 for a customs examining warehouse at Toronto; \$150,000 for the Winnipeg Drill Hall; \$100,000 each for two postal state rooms at Moose Jaw and Regina; \$500,000 for a post office at Calgary, and \$300,000 for a Customs warehouse in the same city; \$100,000 for a drill hall at Edmonton; \$150,000 on new experimental farm buildings; \$200,000 for Goderich harbor improvements; \$225,000 for Hamilton harbor; \$150,000 for Sault Ste Marie harbor; \$75,000 for Trenton harbor; \$875,000 for dredging in Ontario and Quebec; and \$875,000 in the Maritime Provinces, and \$550,000 in British Columbia for the same purpose.

PUBLIC BUILDINGS IN NOVA SCOTIA
Votes for public buildings in Nova Scotia are as follows:—
Amherst—Public building, addition \$10,000.

Dartmouth—New public building \$25,000.
Halifax—Citadel, new quarters for single men, and recreation establishment \$15,000.
Halifax—Dominion buildings, improvements \$5,000.
Halifax—Immigrant Detention Hospital, stables, etc., \$35,000.
Halifax—Postal station at north end \$30,000.
Halifax—Quarantine station, new buildings and improvements \$30,000.
Inverness—Post office improvements \$3,000.
Kentville—Public building, improvements, etc., for tower clock \$3,000.
Middleton—Public building \$15,000.
Parrsboro—Public building \$18,000.
Windsor—Public building, improvements \$4,000.
Wolfville—Public building \$8,000.

MARINE IMPROVEMENTS IN ANnapolis CO.
Bear River—Wharf, \$4,500; to repair and extend breakwater \$2,000.
Litchfield—Extension breakwater \$1,400.
Moschelle—Wharf \$7,000.
Parker's Cove—Breakwater extension and repairs \$5,000.
Young's Cove—Breakwater \$6,000.

St. James' Church Notes.

Season of Lent, 1913.
The Rector of St. James' Church issues the following as the list of services and meetings at present arranged for the season of Lent.

ASH WEDNESDAYS.
Morning 10 a.m. Evening 7.30 p.m.
ALL OTHER WEDNESDAYS.
4 p.m. Subject of address, "Women who walked with Jesus."
7.30 p.m. Missionary Talks illustrated by Electric Lantern Views.

FRIDAYS.
4 p.m. Children's Service with a short address on "Gateways."
7.30 p.m. Adult Bible Class.
The above will be held in the schoolroom.

THURSDAYS.
Adults, 2.30 to 5 p.m.
Juniors 7.30 to 9 p.m.
Sewing Circle at the Rectory.
Sunday services will be at the usual hours. Subject of sermons, "Jesus Christ and the Atonement."
Further announcements in due course.

Benefit Concert.

The concert in Primrose Theatre on Tuesday evening last given for the benefit of the Riverside Cemetery Improvement Fund, was a disappointment to the promoters in point of attendance and proceeds, the attendance being very small in consideration of the public organization to be benefited and the array of local talent figuring in the program. Doubtless other attractions had their influence in limiting the attendance, but those who did attend felt well repaid for any sacrifice they had made in being present.

The entire program received the appreciative attention and applause of the audience, and encores were insisted throughout the evening. The orchestra gave further evidence of their musical proficiency, and were ably assisted by Mrs. Bishop as pianist and accompanist.

The program as published in the last issue of the Monitor was carried out, with the addition of a fine chorus by a selected choir, under the leadership of Mr. Britain, and with the exception of the solo of Rev. N. A. MacNeill, who was unfortunately unable to be present.

Railway & S. S. Lines

DOMINION ATLANTIC RAILWAY

Steamship Lines TO St. John via Digby BOSTON via Yarmouth "Land of Evangeline" Route.

On and after November 9th, 1912 train service of this railway is as follows:

Table with 2 columns: Destination, Time. Express for Yarmouth 12.04 p.m., Express for Halifax 2.00 p.m., Accom. for Halifax 7.50 a.m., Accom. for Yarmouth 5.50 p.m.

Midland Division

Trains of the Midland Division leave Windsor daily (except Sunday) for Truro at 7.30 a.m. 5.35 p.m. and 7.45 a.m. and from Truro at 6.50 a.m. 3.30 p.m. and 12.45 noon connecting at Truro with trains of the Intercolonial Railway, and at Windsor with express trains to and from Halifax and Yarmouth.

St. JOHN and DIGBY

S.S. "YARMOUTH"

leaves St. John, daily except Sunday at 7.00 a.m.; returning, leaves Digby at 1.55 p.m. making connection at Digby with express trains east and west and at St. John with Canadian Pacific trains for Western points.

Boston Service

Steamers of the Boston & Yarmouth S. S. Co. sail from Yarmouth for Boston after arrival Express train from Halifax and Truro on Wednesday and Saturday afternoons.

P. GIFFINS, General Manager, Kentville.

FURNESS, WITBY & CO., LTD

STEAMSHIP LINERS

LONDON, HALIFAX & ST. JOHN, N. B. SERVICE.

Table with columns: From London, From Halifax, Steamer, Date. Includes routes for Kanawha, Shenandoah, Rappahannock, Kanawha (via St. John's, Nfld), Durango, Tabasco, Almeriana.

FURNESS WITBY & CO., LTD.

Agents, Halifax, N. S.

H. & S. W. RAILWAY

Table with columns: Accom. Mo. & Fri., Time Table in effect October 7th, 1912, Stations, Read down, Read up. Includes stations like Middleton, Bridgetown, Granville Centre, Granville Ferry, Karsdale, An. Port Wade L.V.

Flag Stations. Trains stop on signal. CONNECTION AT MIDDLETON WITH ALL POINTS ON H. & S. W. RY AND A. RY. P. MOONEY, General Freight and Passenger Agent.

Chapped Hands AND Cold Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, and the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk, and it succeeded where all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rashes, tender eczema, piles, ulcers, festering sores, sore heads and backs, abscesses, pimples, ring-worms, etc., dandruff and itches, or past free from the Zam-Buk Co., Toronto. Price 50c a box.

THIS FLY TRAP MAY BE HOME-MADE.

A quiet, gentle, persuasive method of doing away with flies has been discovered by a young man in Washington, D. C., who was given the title of champion fly catcher last year because he was the cause of the untimely demise of more than a million of them.

He secured results with a little trap he made himself of a couple of pieces of wire netting. He twisted one of these into a cylinder about five inches in diameter and the second he made into a cone with which he capped the first. The places where the netting joined were carefully stopped by fastening the web of the wire firmly together.

A plug of wood was placed in the bottom and also securely fastened, but not with permanent fastenings, as it was highly desirable to take the bottom out when the trap was full. Three or four slits about half an inch or an inch in length were cut in the netting just above the wooden base. The bait, a piece of sugar or anything flies are supposed to have a fondness for, was placed on the inside of the trap and a black cloth was wrapped about the entire cylinder with the exception of the cone shaped top.

Mr. Fly walks into the trap at the bottom and when he has gorged himself, flies to the top to get out, as that is the only place he can see light. He does not get out and has not sense enough to try the way he came in. When the trap was crowded the young inventor plunged it into boiling water, cleaned it out and set it again.

For a sprain you will find Chamberlain's Liniment excellent. It allays the pain, removes the soreness, and soon restores the parts to a healthy condition. 25 and 50 cent bottles for sale by all dealers.

BEAUTY OR PLEASANTNESS?

Do you ever count up the admirers of other girls, and note the seemingly astonishing fact that it isn't by has the most?

And then, when you discover the bright-faced little lassie whose men any means always miss Beauty who friends are legion, and have tricks of growing into lovers, are you so very surprised after all?

Don't you like her ways yourself? Does she ever fail to take the good-natured and kindly view of everything and everyone? Isn't she quite sure to prophesy near fine weather on a rainy day? And always eager to give as well as to take pleasure? Sincere, honest and breezy as a May morning!

"Such a pleasant girl!" old ladies describe her. Really, do you wonder at the love she wins? The publisher of this best Farmer's paper in the Maritime Provinces is writing to us stating: "I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

FOR CONSTIPATION.

A Medicine That Does Not Cost Anything Unless It Cures. The active medicinal ingredient of Rexall Orderlies which is obnoxious, tasteless and colorless is a comparatively new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness of action. They do not cause griping or any disagreeable effect or inconvenience. Unlike other preparations for a like purpose, they do not create a habit, but instead they act to overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the causes of constipation or irregular bowel action. We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store—Royal Pharmacy, W. A. WARRIE.

\$5,000 FIRE AT CHURCH POINT.

The business block and barn belonging to Louis Melanson, Church Point, Digby County, was destroyed by fire Friday. The first floor contained a general store and post office, the second floor a gem factory. The owner met with a narrow escape from being suffocated in the smoke. The fire was caused by a lamp explosion. The loss is estimated at five thousand dollars with a small insurance. John McLaughlin's store and surrounding buildings were saved with great difficulty.—Digby Courier.

EXPERT WATCH REPAIRING

From my books I learn that out of 1000 watches repaired in my establishment last year there were less than 5 per cent. of these returned for adjustment. This is a fact worth remembering when your watch needs attention. My jewelry and clock repairs give excellent satisfaction.

FEARED HE HAD CONSUMPTION

"Fruit-a-lives" Cured Him

HUGH MCKENNA, Esq.

St. Stephen, N.B. Jan. 17th. 1911. I wish to tell you of the great good "Fruit-a-lives" have done for me. For years, I was a martyr to Chronic Constipation and Stomach Trouble. I was greatly run down and my friends feared I had Consumption. I tried numerous doctors and all kinds of medicines, but received no relief until advised to try "Fruit-a-lives" by Mr. McCready of St. Stephen, and am pleased to say that I now enjoy excellent health. "Fruit-a-lives" are the best medicine made, and I strongly advise my friends to use them.

HUGH MCKENNA.

"Fruit-a-lives" is the only medicine that will positively and completely cure Constipation. This wonderful compound of fruit juices acts directly on the liver, causing this organ to extract more bile from the blood, and to give up more bile to move the bowels regularly and naturally. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

FUTURE OF NOVA SCOTIA HORTICULTURAL EXHIBITION.

Middleton, Jan. 29—The Nova Scotia Fruit Growers' Association resumed its meetings today. At this morning's session the financial statement was presented. The Treasurer's report showed that a balance of \$253.31 was on hand.

The officers for the coming year are as follows:

President—S. C. Parker, Berwick. Vice-Pres.—F. W. Bishop, L. A. 1st. Secty.—M. K. Ellis, (re-elected)

R. J. Messenger then addressed the meeting on the "Future of our Horticultural Exhibitions." He believed that the local County Exhibitions should be done away with. They have served their purpose as an incentive to the orchardists with regard to raising fruit and interest has sadly deteriorated. It is necessary that we should advertise and branch out more broadly in this matter. Other Provinces are having exhibits that are talked of far ahead, and Nova Scotia should come into the procession. He advised having a large exhibit at Halifax, or any large port where fruit could be easily shipped from. If an exhibition were held in Halifax in November, people would then find time, both to attend

and to provide for better exhibits—even if held only once in three years, would be better than to run so many local affairs.

BIG FRUIT SHOW.

He was followed by Prof. Cumming, of Truro, along the same line of thought, after which Mr. Messenger submitted the following resolution:

"Whereas in Nova Scotia Horticultural Exhibition, which during the past six years has been held in King's Hants and Annapolis Counties, while affording a good opportunity for educational and competitive exhibits, has failed in what we believe to be one of the most important functions of a Provincial Exhibition, viz.—The exhibition of our fruit to the consuming public and the advertising of the industry, and whereas, its location in these towns while attracting a large exhibit of fruit, has not been favorable to the exhibition of commercial package fruit;

"And, whereas, we believe that these results can only be achieved in one of the larger centres of the Province, and whereas this exhibition has now been held an even number of times in each of the above mentioned Counties.

"Therefore, resolved, that we the Nova Scotia Fruit Growers' Association do recommend that the next Nova Scotia horticultural exhibit be held in Halifax, the capital, and leading shipping and publicity centre of the Province, and that a strong committee from this Association be appointed to work with the Secretary of Agriculture to take steps toward inaugurating a larger and better exhibition."

After considerable discussion a vote was taken on the resolution and it passed unanimously.

Another important resolution was as follows—

"Whereas, the custom of spraying when the trees are in bloom is becoming common, and

"Whereas, the custom is very dangerous to the fruit growers on account of killing insects which visit the blossoms.

"Therefore, be it resolved that we ask the Government to pass restrictive legislation similar to that adopted by the Province of Ontario."

The resolution was moved by F. W. Johnson and seconded by F. W. Bishop.

At this afternoon's session Prof. J. P. Stewart of the State College, Pennsylvania, delivered an interesting address on "Sprays and Spraying." His address was listened to with marked attention.

THE MAYOR'S WELCOME.

At Tuesday evening's session Mayor Goucier was introduced and read a cordial address to the visitors. He referred in a happy manner to the golden jubilee of this Association, touched on the growth of the "Orchard town" since the first visit of this body to our town in 1837, and after expounding on the growth and work of this organization, finally extended a hearty welcome to one and all.

Dr. Sponagle followed with a kindly

welcome from the Middleton Board of Trade, of which body he is the president. He gave a resume of the work done by the Association since it last met here ten years ago.

Prof. J. P. Stewart was then introduced and lectured on orchard fertilizers. Before going into the main question he generalized on the apple crop. He said that some people thought we were suffering from over-production of apples. He believed it was not that but improper distribution. Too many men between the growers and consumer.

Also a congestion of fruit at the large mercantile centres was another great difficulty. He regards fertilization of orchards as a local problem. The method suitable to one orchard is not suited to another. Cover crops, tillage and mulching were methods much employed. From an elaborate system of charts Prof. Stewart showed his experiments covering a period of years and the result in growth of trees and production of fruit. These experiments were carried on the different soils.

He then proceeded in a practical way to suggest the best fertilizers to use and the time to apply them. The address was well received. Questions of a practical nature were asked and satisfactory answers given.

CANADIAN PACIFIC WILL RECONSTRUCT DOMINION ATLANTIC

It was officially announced by the Canadian Pacific Railway today that the Dominion Atlantic Railway, which is controlled by the C. P. R., will be practically re-constructed.

At Yarmouth, the terminus of the D. A. R., extensive operations are to be commenced immediately, consisting of a new 550 foot modern wharf with an up-to-date warehouse. Along the 120 ten wooden bridges will be replaced by modern steel structures. Much of this bringing will be difficult and expensive work over the tidal rivers, where in some cases there is a rise and fall in tide of from thirty to forty feet.

Moose River bridge will be 913 feet in length, Avon bridge at Windsor is to be steel structure of 1,100 feet and the Bear River bridge, 1,655 feet, with sixteen spans.

The superstructures of these bridges are all of concrete, and they are designed to carry the heaviest locomotives.

Though this extensive work is being carried on, no announcement is forthcoming as to when the company will start operating the D. A. R. in the name of the Canadian Pacific Railway—Montreal Star.

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is to take Chamberlain's Cough Remedy, a thoroughly reliable preparation, and rid yourself of the cold as quickly as possible. This remedy is for sale by all dealers.

RESCUE DELAYED.

"Hurry up and save that girl!" bawled the fire chief. "Why don't you hurry?" The fireman lent over and whispered down three stories: "I'll have her on the ladder in a minute, chief, I'm waiting for her to curl her hair."

Joker's Corner.

THE WICKED FLEA.

"Papa?" "Well?" "Is there a Christian flea?" "Why, what on earth put that idea in your head?"

"The preacher read it today from the Bible—The wicked flea, when no man pursueth."

"Why Tommy, that means the wicked man flea."

"Then, papa, is there a wicked woman flea?"

"No, no. It means the wicked flees, runs away."

"Why do they run?" "Who?" "The wicked flees."

"No, no! Don't you see? The wicked man runs away when no man is after him."

"Is there a woman after him?" "Tommy, go to bed."

UNANIMITY.

A Scotchman and his wife were having a wordy warfare on the street, when a clergyman, happening along, thought he would act the peacemaker. He began by asking "Why this quarrel? Why don't you try and agree? Try and be of the same opinion."

"That's just the trouble," replied the man; "we are of the same opinion."

"How can that be," asked the clergyman.

"Well," replied the man; "it's just like this, you see. I have a half-grown in my pouch, and she thinks she is no gaun to get it and I think the same."

MISUNDERSTOOD.

It was early in the history of the new household. "What have we got for breakfast, dear?" asked Mr. Justmarried. His wife looked at him with troubled eyes. "It was to have been bacon," she said, "but poor cook's burnt it." "Poor cook! I should think so, indeed!" exclaimed Mr. Justmarried. "Confound her! Have you given her notice?" "Oh, no, we mustn't be too cross with her, darling," said his wife. "She's so young and inexperienced. Won't you be satisfied with a kiss for breakfast?" she coaxed archly. "All right, dear," replied Mr. Justmarried, suddenly recalled, "Call her in!"

THE UNCERTAINTIES OF LIFE.

A story is going the rounds that Mr. Lloyd-George being captured the other day by a solemn philosopher, who was determined to discuss the uncertainties of life, managed to escape by a story which temporarily floored the philosopher. "Yes," said the Chancellor, "life is certainly full of uncertainties. I have in mind a military friend who used to laugh at a timid little woman because she was alarmed at the noise of a cannon when a salute was fired. He subsequently married that timid woman, and six months later he took off his boots in the hall when he came in late at night."

Two or three young men were exhibiting with great satisfaction the results of a day's fishing, whereupon a young woman remarked, very demurely, "Fish go in schools, do they not?" "I believe they do; but why do you ask?" "Oh, nothing, only I was just thinking that you must have broken up an infant class."

A STUDY IN ANATOMY.

"Mamma, what part of the body is the trombone?" "No part of the body, my dear."

"Yes, it is, because it says in the paper here that last night while returning from the symphony concert Professor Gridell fell and broke his trombone."

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

Market Quotations

TEA POT REPLACES PORRIDGE POT.

And Scotch Physique is Said to be Declining as Result.

London, Jan. 14—"Sandy" is abandoning his traditional porridge for tea with deplorable effects on the physique of the rising generation.

This lament is contained in the official report of the committee on a medical service in the Scottish Highlands.

Dr. Murray told the committee that the unsuitable and sometimes insufficient dietary is causing serious physical deterioration, especially the excessive indulgence in overbrewed tea.

"The great feature of this decadence," the report goes on to say, "is the abuse of tea. The good old porridge pot has fallen from its high estate, and the teapot has been exalted to its place."

"Probably more than fifty per cent of the children go to school on a breakfast of tea and bread. The former is usually long stewed. A large proportion of these children live so far from school that they cannot go home for the mid-day meal, and work all day on this inadequate breakfast."

WEDNESDAY, FEBRUARY 5, 1913.

A revolution in the methods of farming is apparently approaching. It has been often stated that the farmers of Nova Scotia were "land poor,"—that is that they had more land than they could make profitable. Several years ago the movement started in some of the more congested countries of the old land to experiment in intensive farming. "Ten acres enough" was the cry, and the feasibility of profitable farming on a small section of land was demonstrated. Now, the demonstrators of intensive farming are going still further and declare "two and a half acres are enough." When they succeed in teaching us how to get a good living out of "the back yard" they will have solved the problem of the cost of high living.

The Toronto Globe says: "Many, many years ago the ablest agricultural authorities declared that with small farms and intensive culture Great Britain and Ireland could easily maintain nearly one hundred and fifty million people. At the Guelph Agricultural and Experimental Union it was shown that on a small holding of two and a half acres, intensively farmed, and everything turned to good account, a clear profit of \$2,700 per year was made in addition to, supplying the home with vegetables, fruit, eggs, honey, milk, butter and the like. An experiment with ten acres showed that it was too much for one family to cultivate intensively. The day of the small farm allotment, especially near large centres of population, is apparently close at hand even in Canada."

A NEW PARCEL POST FOR CANADA.

Information has been sent out that upon the re-assembling of Parliament a bill will be introduced by the Postmaster General providing for the establishment in Canada of the parcel post. The understanding is that the Government will take at least six months after the legislation is passed to inaugurate the system. The Canadian system will be modelled closely upon the British parcel post system. For parcel post purposes Canada shall be divided into zones. The present plan excludes the Yukon territory and establishes six instead of eight zones. These six zones shall include a local zone embracing a city and its suburbs or a town and contiguous free mail delivery routes, and five territorial zones as follows:—1, The Maritime Provinces; 2, Quebec; 3, Ontario; 4, The Prairie Provinces; 5, British Columbia.

SAYS WILSON WILL MOVE FOR REPRAL OF PANAMA CLAUSE.

Washington, Jan. 25.—Chairman Adamson, of the house committee, in a formal statement today, predicted that one of President-elect Wilson's first requests upon the incoming congress would be for a repeal of the free passage provision of the Panama Canal Act applying to American ships.

"The true issue for us to determine is, shall we rob our own people by an unjust discrimination to enrich the coastwise shipping trust? I would not at all object to a brush with England if we had a just cause, but it looks very foolish and unprofitable to maintain any sort of row with her, commercial, diplomatic or warlike, to defend the infliction of an incidental discrimination caused by the immortal and unjust robbery of our treasury and the masses of the people to confer benefits upon a special interest."

MARRIED

BENT-CURRIER.—At Amesbury, Jan. 27th, by Rev. S. J. Cann, pastor of the Market Street Baptist Church, Amesbury, Mass., Mr. Archie P. Bent, of Clairmont, N. H., son of Mr. Sydney Bent, Bridgetown, N. S., and Miss Grace B. Currie, of Amesbury.

CONNELL-THIBIDEAU.—At the St. Thomas' Roman Catholic church, Annapolis, Wednesday, Jan. 29th, by Rev. Fr. Grace, P.P., Mame Thibideau to Hastings Connell, of Bridgetown.

Accidental Death of John H. Savary

One of the saddest occurrences this Monitor has ever been called upon to publish was that of the death of one of Bridgetown's finest young citizens from the accidental discharge of a revolver, which occurred only a few months ago. Today these columns must chronicle a similar sad event, which befall the youngest son of Judge Savary of Annapolis, John H. Savary, the manager of the Bank of Ottawa at Stoughton, Sask. Mr. Savary was in the prime of young manhood when thus ruthlessly snatched away by death. He was about thirty years of age, and will be remembered by many in Bridgetown as a promising young lad of winning personality, who held a position on the staff of the Union Bank of Halifax in Bridgetown some dozen years ago. He was a son of Judge Savary and the late Mrs. Savary, who was a grand-niece of the late Hon. Joseph Howe, Nova Scotia's most honored statesman. He was unmarried, and is survived by his father and two brothers, Rev. Thomas W., rector of St. James' church, Kingston, Ont., who accompanied the body home, and H. P. Otty Savary, barrister in Calgary. His only sister died some years ago. Services conducted by Canon Iratt, of Stoughton, and Rev. Mr. Cartholop's place at the residence of F. K. McRae, in Regina, after which the body was conveyed to Nova Scotia, arriving at Digby by way of the I. C. R. and the D. A. R. The body was met at Bridgetown by Judge Savary.

Interment took place at Forest Hill Cemetery, Digby, the services being conducted by the Rev. W. Driffield, rector of Holy Trinity church.

Civic Elections in Middleton

For the first time in the Town's history Middleton is to have a civic election on Tuesday next. As it was generally expected until the afternoon of Nomination Day that there would be no election we suppose the ratepayers want to know the facts in connection with the matter.

Under the agreement or understanding which has existed between the two political parties since the incorporation of Middleton, the Liberals, whose selection it was this year, chose Coun. F. E. Bentley, Dr. J. A. Spongale and Capt. J. H. Charlton. Requisitions were circulated for these three for the Council and O. P. Goucher for re-election as Mayor.

On Tuesday afternoon Mr. Robie Morton came to the Town Hall to file a nomination for Mr. Isaac Young as Councillor.

When Mr. Morton's intentions were known several citizens endeavored to persuade him to withdraw the nomination and avoid putting the Town to the expense of an election, and urged that as long as an understanding existed between the two parties Liberal Conservatives should honorably observe it. He declined to do so.

As there is, but one nomination for the mayoralty, Mr. Goucher will be declared elected on Tuesday next. But as there are four nominations for the Council, and but three vacancies, a poll will have to be held.

We understand that Mr. Young consented to the filing of his nomination paper under the impression that Capt. Charlton was not qualified and that there would be but three legal nominations to the Council, Capt. Charlton having received remuneration from the Town for his services as revisor. A legal opinion, however, has been received from the Attorney General, stating that if the Council accepts Capt. Charlton's resignation before election day, he will not be disqualified.— Outlook.

SONS OF TEMPERANCE.

Granville St. Bridgetown, N. S.

A REMARKABLE WINTER. BREAD PRICES IN WINNIPEG AND ENGLAND.

This is a most unusual mid-winter, no snow or ice, open rivers, frequent rains and a mild temperature. While an open winter has many pleasing features, yet it has its drawbacks, especially in agricultural and lumbering districts. The cut of logs will necessarily be light, as snow is needed for hauling purposes. Many evidences of an early spring are seen on all sides. Driving through the country one notices tiny buds on many of the trees, whilst in town the lilacs and rhododendron bushes are in bud, even leaves are to be seen on the latter. Innumerable robins have been seen in the vicinity of Kempt, Casleton and Deerfield, and a resident in the south end of the town has reported the appearance of a white-throated sparrow, which is a sure forerunner of spring. Not only in Nova Scotia is this unseasonable weather being experienced. In New York electric fans are in use and a hot wave struck there recently. In letters received here from Washington, ice is being applied to the roots of shrubs, trees, pines, etc., to retard their budding and render them proof against frost, which may put in an appearance. In St. John, N. B., and in Halifax pussy willows are being picked. According to the old folks, the last winter like the present was over thirty years ago.

The C. P. R. at St. John

St. John, Jan. 30.—A report was published this week that the Canadian Pacific Railway Co. were negotiating for a corner block on King Street, which if it were secured, they will erect a large office building on. The first steamer of the company's new service between Trieste and Canada will arrive at St. John in April. Word comes from Nova Scotia that the company will, early next summer, put a new 22 knot triple screw steamer on the Bay of Fundy route between St. John and Digby, so that the journey from St. John to Halifax by the Bay may be shortened to six hours. The company will hereafter have two steamers making daily trips between St. John and Digby during the summer season.

Paradise, N. S., Feb. 3rd.

TOWN OF BRIDGETOWN
Meeting of Ratepayers.

I hereby give public notice that a public meeting of the Ratepayers of the Town of Bridgetown will be held in the Council Chamber in the said Town of Bridgetown on Wednesday evening, the 19th day of February instant, at 7.30 p. m., under section 143 of the Town's Incorporation Act.

At which meeting there will be submitted to the ratepayers for approval, a proposed expenditure of a sum of money not exceeding the sum of five thousand dollars, for the making of permanent streets in the town.

By order of the Town Council,
HARRY RUGGLES.
Town Clerk.
Dated February 4th, A. D. 1913, 3i.

SYDNEY BASIC SLAG

It has been reported to us that certain parties who are interested in the sale of foreign Basic Slag are going through the country making malicious, false and unfounded statements with regard to the quality of Sydney Basic Slag. This is to give notice that \$250.00 will be paid to the person or persons who furnish us with such evidence as will enable us successfully to prosecute any responsible parties who are making such statements.

LOCAL AND SPECIAL

Do you hear the jingle of the bells?
Mass will be celebrated at St. Anthon's Church at 11 o'clock on Sunday next and Vespers at 3 o'clock.

The young ladies of the Baptist Church intend holding a Valentine Social in the vestry of the church on Friday evening, Feb. 14th.

In connection with the concert at the Recreation Hall last week, the Monitor inadvertently omitted to mention that Mrs. A. R. Bishop acted as the efficient accompanist.

With 30,000 barrels of apples the Furness steamer Kanawha left Monday night for London. This is one of the largest shipments of apples ever taken from Halifax in one cargo.

This Monitor-Sentinel hopes to have the privilege of publishing the historical paper which formed a part of the program of the Paradise Literary Society on Monday evening, in an early issue.

The body of Mrs. Henry Viets, formerly of Clementsport, arrived by Boston boat on Wednesday last for interment at her old home. The son and daughter of the deceased accompanied the body.

An exchange report that a number of coopeage concerns in the Annapolis Valley and Kings are being merged into one concern with one million dollars, which is to have its own timber lands.

It is reported that the C. D. R. has purchased a 22-knot triple-screw Clyde built boat for next summer's double daily service, to run in connection with the S. S. Prince Rupert between Digby and St. John.

Those interested in the history of Annapolis County will be delighted to hear that Judge Savary's latest work, "Supplement to the History of Annapolis, Containing Corrections and Additions," will be published in about four weeks' time.

Mayor Stewart, of Truro, in his annual report, makes these sensible remarks: "While I believe fully in the increment tax in land values and business buildings and landlord tenement houses, I deprecate increase in home-steads. That a man should be taxed for his improvements, in making his home more comfortable, beautiful and attractive, is wrong and tends to discourage a spirit that should rather be encouraged."

On Saturday evening the residence of the Rev. N. A. MacNeill was the scene of an interesting presentation. A number of the reverend gentleman's friends presented him with a handsome handbag as a token of their high esteem and regard, accompanied by many good wishes. The Rev. N. A. MacNeill, who was taken completely by surprise, thanked the donors for their kind gift. The occasion was the anniversary of his birthday.

A snowy landscape on Tuesday morning gave a wintery aspect, but failed to produce the sleighing and sledding long hoped for. Few runners made their appearance, but the snow was ankle-deep and made walking quite unpleasant. The snow-plough has been out of commission so long, however, that it forgot to put in an appearance. This morning at ten o'clock the snow flakes are falling steadily, and it will not take much more snow to make a good roadbed for runners.

Shelburne Gazette.—The fishing industry in Lockeport is being prosecuted with greater vigor this winter, than ever before. But until last week the extreme variability and uncertainty of the weather prevented the making of any large catches. As a result of four days fishing two hundred and thirty thousand pounds of fresh fish were landed at this port, the honors being carried off by the trim little schooner R. L. McKenzie, and commanded by Capt. Ralph McKenzie. Not only did this schooner land a greater quantity of fish than any of the other schooners, but the magnificent share of the crew, forty-eight dollars per man clear of all expenses, breaks all previous records for the same time in winter fishing from this port.

H. R. H. Duke of Connaught.

An Ottawa correspondent of the Halifax Chronicle states:—It is learned on reliable information that there is practically no hope of their Royal Highnesses the Duke and Duchess of Connaught returning to Canada from England next summer to complete the two year term of office, for which His Royal Highness was appointed. The Duchess of Connaught, will, it is said, require a serious surgical operation in England, and it is doubtful if she will be well enough for months to come to take any part in public functions.

PERSONAL

Miss Alice Hatfield, of Acadia, is the guest of Miss Mary Jost.

Mr. and Mrs. Henry Prat and twin baby boys returned to their home in Calgary last week.

Mrs. I. B. Freeman is confined to the house by illness, having a painful abscess in her head.

Lawrence Harlow, Milledge Saiter and Harlan Phinney have returned to Acadia, after a few days' vacation.

His Honor Judge Savary was in town on Saturday morning, and was joined by his eldest son, the Rev. T. W. Savary, from Kingston, Ontario, who had travelled over night by the Intercolonial with the body of his brother, the late John H. Savary.

Henry B. Hicks leaves on Saturday for Boston, to complete his studies in Embalming and Sanitary Science, when he will take his final course at the Massachusetts College of Embalming at Boston. Mrs. Hicks will accompany him and visit friends in Boston and Westfield.

Dr. Adoniram J. Eaton, for over twenty years professor at McGill, and now general secretary for the Department of Canada of the Archaeological Institute of America, is making a tour through the Dominion visiting the various branches of the Society. Dr. Eaton is a native of Granville Centre and a brother of Valentine and Burton Eaton, whom he visited at their homes last week.

League for the Protection of the Feeble-Minded

The local branch of the above League was held in the Presbyterian Church on Wednesday evening last, the Rev. N. A. McNeill in the chair.

The meeting having opened with prayer, it was proposed by the Rev. E. Underwood, seconded by Mr. Freeman, and carried, that the local Branch endorse the resolution as sent out by the parent organization at Halifax.

The resolution is as follows:— "Whereas, feeble-mindedness is now well recognized to be a common affliction, prejudicing the interests of every family in which a case develops, and menacing the morality of communities in which unprotected feeble-minded children live, and tending to cause a gradual deterioration of the race and a corresponding increase in the unfit and dependent classes;

"And whereas, it is generally conceded that the interests of the feeble-minded as well as of the community at large demand that the feeble-minded should be segregated, and trained and cared for in specially equipped institutions;

"And whereas, no proper attempt is being made to segregate and protect those who are so afflicted in our Province;

"Therefore resolved, that the attention of the Government and Legislature of Nova Scotia be directed to the present deplorable state of feeble-minded persons in this Province, with the recommendation that active steps be at once taken to ameliorate their condition. Further resolved, that a copy of this resolution be sent to each member of the Provincial Government."

Mr. Karl Freeman and Mr. Ross agreed to exhibit resolutions in their stores with a view to securing signatures. It is to be hoped the general public of adult age will avail themselves of the opportunity so that the resolutions may be forwarded to the Legislative Assembly on the earliest possible date.

The next meeting will be held in the vestry of the Baptist Church on Wednesday, Jan. 12th, at 8 p. m.

Almost Burned to Death.

A very serious accident occurred at Granville Ferry on Saturday night, when Mrs. Susan Reed was badly burned and narrowly escaped fatal consequences, by the over-turning of a lamp. She had retired to her room, which was down stairs, and the rest of the family had gone upstairs. Some time afterwards a member of the family smelled lamp-smoke, and going down to Mrs. Reed's room found the lamp over-turned and the bed-clothes burning, while Mrs. Reed was in bed unconscious. When found the flames were creeping around her neck, and had her rescuers been a few seconds later nothing could have saved her from death. She had been in firm for many months from a complication of diseases, and it is supposed in an attempt to put out the light she over-turned the lamp with the disastrous results here stated. At latest reports she is recovering from the shock as well as could be expected. Mrs. Reed is a sister-in-law of Dr. deBlois of this town.

Will be at St. James' Hotel, Bridgetown, Wednesday, 12th inst. from 1p. m. until same hour next day, evening included. Strictly professional. No peddling.

KENNETH L. DODGE

KEN'S RESTAURANT

Birthday Invitation

Please remember the Birthday Party at Warren's Hall, tomorrow (Thursday) evening, at eight o'clock.

The following invitation has been sent out by the ladies interested:— "A Birthday Party we're giving for all,

"Will you kindly meet with us in Warren's Hall.

"We are sending each guest an envelope white,

"Please return it yourself—or, sign name if you write—

"Enclosing a cent for each year you are old—

"We promise the number shall never be told)—

"Or if you prefer your age not to tell,

"A crisp new bill will do just as well.

"Have you heard what an effort was made last year

"Toward improving the state of our Cemetery here?

"Well, all contributions these envelopes bring

"Go to help carry on this good work in the spring.

"We surely will give you a welcome hearty,

"And hope you'll attend our Birthday Party."

If those unable to be present will kindly leave their envelopes in care of W. A. Warren, Drug Store, they will be promptly handed in and added to the total receipts from the Birthday Party.

The effort is being made through these public entertainments to increase the fund necessary to employ Mr. Grace, of Yarmouth, to continue the work so efficiently begun in Riverside Cemetery during the past season.

Methodist Church Notes.

The Epworth League and the Auxiliary of the Woman's Missionary Society will join in a grand missionary rally Friday evening. A special speaker has been secured in the person of Rev. James Neave, now on furlough from mission work in China. A cordial invitation to attend this meeting is extended to the public. A silver offering is requested.

The Auxiliary of the W. M. S. will have charge of the service next Sunday evening. Rev. James Neave will be the preacher. Special music will be provided.

An unusually large number attended the Epworth League social last Friday evening at the home of Mr. Wm. Burns, and a most enjoyable evening was spent.

WHEN ANSWERING ADVERTISEMENTS PLEASE MENTION THE MONITOR-SENTINEL

TURKISH CABINET RESIGNED.
Minister of War Assassinated—Looks Like More War.

Constantinople, January 23.—Nazim Pasha, the former War Minister, and commander of the Turkish army, was shot dead during demonstrations here tonight.
Nazim Pasha was shot during the demonstrations which preceded the resignation of the Cabinet. Enver Bey and Talaat Bey had given explicit orders that no blood should be shed, but Nazim Pasha's Aide-de-Camp fired from a window of the Porte at Enver Bey and his companion, and they returned the fire. Their bullets killed Nazim Pasha himself. In spite of this tragedy there was no disturbance of order elsewhere.

The Turkish Cabinet resigned because the National Assembly decided to give Adrianople to the Bulgarian Allies and the Aegean Islands to the Great Powers.
The young Turks party are now in power, and whether that means more war is still in the balance.
The Allies at the Peace Conference are more than angry at the turn of affairs in Constantinople, and they are in no mood to be further trifled with.

RURAL CONTENTMENT.
"Some way when I visit in a village or city, there comes over me a pent-up feeling. The sameness of it is tiresome, and I doubt if I could enjoy it as well as my country home with its broad, fertile acres. Back of the house we see the hills and woods, and I often think of the words, 'The strength of the hills is His also.' I wonder if I should be as contented should I ever leave the home where the happiest and best years of my life have been spent."

WOMEN DIVE FOR PEARLS.

The pearl-divers of Japan are women. Along the coasts of the Bay of Ago and the Bay of Kokasho the thirteen and fourteen year old girls, after they have finished the primary school work, go to sea and learn to dive. They are in the water and learn to swim almost from babyhood. They wear a special dress, with the hair twisted up into a hard knot. The eyes are protected by glasses to prevent the entrance of water.

A boat in command of men is assigned to every five or ten women divers to carry them to and from the fishing grounds. When the divers arrive on the grounds they leap into the water at once and begin to gather oysters at the bottom.

The oysters are dropped into tubs suspended from their waists. When these are filled the divers are raised to the surface and jump into the boats.
They dive to a depth of from five to thirty fathoms without any special apparatus, and retain their breath from one to three minutes.—Stray Stories.

BOYS, LOOK!

"Pipes Out, No Smoking!"—Two of the largest American concerns, the United States Steel and American Bridge Corporation, have issued orders forbidding the use of tobacco by their employees while at work, on the ground that it is an injury to health.

Bob Erdette, in his wise way, says:
"My son, as long as thou hast in thy skull the sense of a Jay bird, break from the cigarette, for lo, it causeth thy breath to stink like a glue factory; it rendereth thy mind less intelligent than that of a cigar store dummy, yea, thou art a cipher with the rim knocked off."
"We do not employ boys in the Larkin office who smoke cigarettes. An applicant addicted to the use of cigarettes would hardly interest us; but if he seemed to possess qualifications that made him desirable, he would have to decide between the cigarettes and the job."—W. R. Heath Vice-President Larkin Soap Company, Buffalo.

CIVIC REPRESENTATIVES AT ANNAPOLIS.

A meeting of the joint committees of the incorporated towns of Bridgetown, Middleton and Annapolis Royal met a special committee from the County Council on Wednesday evening last, in the office of the Town Clerk to talk over the matter of assessment between towns and county. Considerable discussion was entered into, but no feasible scheme was propounded that was considered in advance of the present methods of settlement considering present conditions.

Mayor Goucher, Councillors Gates and Bentley represented Middleton; Clerk H. Ruggles and Councillor Salter the towns of Bridgetown, and Mayor Hawkesworth, Clerk F. W. Harris and Councillors Cunningham and King the local Council.

President Whitman represented the Board of Trade, which body was instrumental in bringing forward the matter for discussion. The County was represented by Warden Clarke and Councillors Elliott, Healy, Pith, Outhit, Piggott, Thomas and Treasurer Outhit.—Spectator.

(Hamilton Spectator.)

No less than two hundred thousand Americans are expected to cross the line this year to settle in Canada. The Buffalo Courier asks if, at this rate, there is not a danger of us becoming Americanized. Not even a little bit. It's all working toward the other way round.

JAPAN'S FLOWERS.

Wealth of Beauty Confronts Eye of Traveler on Every Hand.

Japan is a kingdom of flowers. Each month of the year has its favorite, and it is always a question whether the chrysanthemum or the cherry blossom is entitled to be called the national flower.
In April the cherry trees are radiant with blossoms. Usually pink in color, these beautiful flowers grow in clusters several inches wide. They have been the favorite theme for the songs of poets for centuries, and are to Japan what the roses are to western nations. Their blooming time is the occasion of one of the national festivals. Some avenues in the island kingdom are lined with these resplendent trees and are noted for their beauty and coloring. In Tokio there is a little river which, in April, for a distance of two miles, flows between banks laden with these blossoms. People come for miles around to behold the beautiful blossoms, and the newspapers announce each day the variations in color assumed as the trees come into their full regal splendor. Maps of the city are sold on which are indicated by pink dots the location of the cherry groves. A perfect brocade of rich bouquets, in clouds of pale pink blossoms, stretches out in the perspective and all nature seems to sing the requiem of the winter and the glad tidings of the vernal birth.

The glory of the month of August is the sacred lotus flower, which is, par excellence, the emblem of the Buddhist faith. But the chrysanthemum, because it is longer in bloom than any other native flower, is regarded as the emblem of longevity, and perhaps better than any kindred bloom, typifies the national character.

The chrysanthemum is, of course, the November bloom, but the Japanese are wonderful floriculturists and they manage to have almost all the flowers indigenous to the country for their autumnal festivals. There is a gorgeous natural display which in Japan adorns with a continuous brilliancy the path of the revolving year, but in the autumn the grandeur of the foliage surpasses anything in the world. The maple trees, in the poetic language of the land, then put on their damask robes, and the varicolored leaves are regarded by the natives as flowers, as part of Queen Flora's decorative scheme.

On one occasion when I visited Japan in the fall, writes an enthusiastic traveler, although the ground was covered with a white frost, the chrysanthemum was in the full blush of its maturity and the foliage rivalled the changing colors of the kaleidoscope. There was every shade of orange, green, vermilion, red and purple, which, in the light of any climate, would have been beautiful, but here, at the first touch of dawn, the vision was one never to be forgotten, comparable with nothing we had ever beheld even in my own glorious California. Now we walked through the fallen foliage as if we were in a dream, and before us stretched a path glittering with the bright crystals of frost which reflected the brilliant colors of the autumn leaves like jewels in the diadem of an Indian queen, an Egyptian princess or a wizard of some diamond-decked grotto.

Japan's Pancake Women.

One of the familiar sights on the streets of a Japanese town is the pancake woman, who, with her little brazier of coals and her tiny frying pan, is usually found on a corner not far from a school. She has a bowl full of delicious batter, a ladle and a cake turner, and there is apt to be a hungry crowd around her little stand as soon as school is out, for not many of the children are able to resist the smell of the crisp pancakes, at least if they have any money. For a very small coin a child may fry and turn his own cakes, and happy is the one who has a number of coins in his little kimono sleeve and can fry and eat to his heart's content.

Advertising.

Until business is successful without a proper store, proper employees and the right amount of capital it must be assumed that these three conditions are essential to the conduct of profitable trade, and it is as obvious that so long as advertising accomplishes the business of profit and advertising is necessary for the upbuilding of business, the mere appearance of advertising indicates that business is being done or will be done, and so long as everybody prefers to buy of men of success rather than of men of failure just so long will the man who advertises be likely to do the largest business.

Beating the Waiter.

One of the regular customers of a city restaurant observed for several mornings that when serving the dishes of delicious meat and vegetable dishes. When the aforesaid waiter came around to the table one morning the customer gave the following order, supplemented with some sarcastic comment:
"Give me two hard boiled eggs with the shells on the coconut and a pot of tea. Now, get your fingers in 'em, will you?"

Her Course in Life.

"Professor," said Miss Skylight, "I want you to suggest a course in life for me. I have thought of journalism."
"What are your natural inclinations?"
"O, my soul yearns, and throbs, and pulsates with an ambition to give the world a lifework that shall be marvelous in its scope and weirdly structural in beauty!"
"Woman, you're born to be a milliner."

The Persian Apron.

An apron is the Persian royal standard. A Persian who was a blacksmith by trade raised a successful revolt, and his leather apron, covered with jewels, is still borne in the van of Persian armies.

YOU CAN MAKE MONEY IN

Carmangay

"The Star of Alberta"

PAST The splendid strategic site of Carmangay was discovered by a far-seeing, shrewd railway engineer attracted to the district by the lure of the finest wheat in the Canadian West. He saw a wide lands where the wide canyons of the Little Bow River narrows to a point. Here must all railways cross. The C. P. R. came and the shipping center created went ahead by leaps and bounds.

PRESENT Carmangay to-day is a thriving incorporated town, with not less than 53 business places. Her up-to-date electric and natural water supply systems are owned and operated by the people. Carmangay boasts an eight-roomed schoolhouse, two banks and four big elevators, shipping over a million bushels in 1911 and 1 1/2 millions in 1912. Carmangay has coal mines operating, and the entire district is underlaid with coal of finest Galt quality.

FUTURE Carmangay grows as Alberta grows. That means a wonderful future. Four new railroads are heading for Carmangay. Four new elevators are trying to cope with the tremendous wheat yields of the district. The mines are opening up splendid prospects. Carmangay is being rapidly developed into one of the greatest towns in the Canadian West. YOU can just as confidently invest in Carmangay as her own people do, who are building in brick and stone for a tremendous future. Carmangay has her own supply of finest brick clay and stone right at her doors, and will soon supply her sister cities in Alberta.

We Are Now Meeting the Demand For Choice Lots in **Alta Vista** Residential Section of Carmangay

Already Alta Vista has beautiful homes costing as high as \$4,000. Every lot is guaranteed high, dry and level. Alta Vista is only a block from the Post Office and City Hall.

ATTEMPT TO ROB BANK AT EDMONTON FOILED BY LIVERPOOL YOUTH.

Edmonton, Alta., Jan. 29.—The most daring bank robbery in the history of this city, was pulled off, at half-past twelve this morning, in the most thickly populated part of the city.
Two unknown masked men, carrying a coil of rope, entered the Bank of Nova Scotia, and at the point of the gun demanded of the only person in the building, a ledger-keeper named Clare West, that he throw up his hands. West refused to comply and a desperate struggle ensued, while many late pedestrians passed by, totally unaware of what was going on inside the bank. Eventually the robbers managed to bind West and hurriedly proceeded to the outer safe, which they rifled of a hundred dollars.

MANY YOUNG LIVES SAVED

While they were continuing the search, West managed to secure his revolver, which was lying nearby, and fired four shots at the men. They returned the fire, hitting him in the fore arm. Then they made their escape through the rear, while those on the outside who heard the shots were unable to get in the front door, which the robbers had locked after them.
Inquiry this morning at the local agency of the Bank of Nova Scotia elicited the information that young West, the hero of the occasion, is a native of Liverpool, Nova Scotia. He is a son of F. C. West, and has been in the employ of the Bank for little over a year. He is about twenty years of age.

ATTEMPT TO ROB BANK AT EDMONTON FOILED BY LIVERPOOL YOUTH.

Says the Victoria (B.C.) Colonist: "Two hundred orphan children were saved from fire in Montreal by the use of the fire drill. Forty years ago fire drills in schools were unknown. It happened one day that a newspaper editor in St. John (N.B.) said, good-by to his little children at the door of a school house several stories in height. The thought occurred to him that a fire in that building would surely be attended with grave loss of life. When he reached his office he wrote for the Daily Telegraph an editorial calling on the school board to institute a system of fire drill. The board acted immediately on the suggestion of the editor and the Provincial Board of Education forthwith made the rule applicable to all schools. The School Board at Boston, Massachusetts, followed suit, and one board after another all over America fell into line. How many young lives have been saved as a result of this newspaper suggestion it would be very hard to say."

THE HOME

BABY'S DEVELOPMENT THROUGH PLAY.

A mother will very often wonder what makes her child so naughty, so irritating every minute of the day. From early morning until the child is tucked away in its little cot for the night it seems to drag upon her, and beat upon her like the waves of the ocean, upsetting her nerves, and fatiguing her body. The we morsel of humanity, with its constant desires, its constant need of action, its constant craving for companionship, seems to drag the vitality from her, with the result that she becomes irritated, and loses control of herself. She will sometimes interrupt the child's nagging and wailing by a great nervous outburst. Sometimes the mother will slap or spank the child. Sometimes she will do what is worst—scream or shout and stamp her feet—the little one, with threatening gestures. The child becomes frightened and hysterical and the mother continues to jerk and shout. After a long siege during which the energies of both become exhausted, mother ties a wet cloth about her head and baby is ugly and sulky.

Mother has made a wrong start with baby. She should never have allowed him to form the habit of hanging upon her, thus exhausting her nervous and physical energies. Furthermore, the child does not learn to be resourceful when he is permitted to do this. He clings to his mother's skirts, depending upon her for everything as she hurries about her daily work. He becomes what may be termed a disagreeable child, nervous, fretful, difficult to please. He is seldom a healthy, normal child physically. How can he be when he is so constantly in an abnormal mental condition? A child needs laughter, joy, and a calm brooding spirit in the parent, who guides him through his infantile days.

Baby's education should begin early. He must be taught very young to depend somewhat upon himself. A mother finds great joy in rocking her baby to sleep; but nerveless, as soon as she has nursed him, he should be laid in his little crib, and allowed to go to sleep in that way. Baby must be carried about and moved during his waking hours, to be sure, for it is one of the ways he procures exercise. But he must also be allowed to exercise by having his legs and feet freed of all covering some part of each day, so that he may kick them, as he moves and works his little arms for this is an independent exercise. Mother must learn to make him comfortable, not by always tending him up in her arms and carrying him about with her when he is fretful; but after assuring herself that there is nothing in his clothing nor in his physical condition to cause him discomfort, she should leave him, at times, on his own resources, with a variety of bright, pretty playthings, among them always being two or three objects which will make different noises. New toys, of course, should be introduced from time to time. For the handling of a variety of objects is baby's first really practical development. Mother should stop occasionally to play with baby, and show him how to enjoy his riches.

When baby is big enough to follow her about, she must begin to educate him more definitely in the use of his little hands. He should have plenty of bright-colored blocks, which he will learn to build into wonderful structures. It is well for him also to have a little clay which he can learn to shape into animals, birds, or other objects; very crudely at first, to be sure, but it will give him some idea of form. Mother's discarded spoons may be covered with bright-colored paper, gilt, red, blue and green, and baby taught to string and unstring them. He will find much absorption in this occupation. And when he gets them fixed to suit him he will probably trot about, drag-

ging and rattling his string of pretty spoons after him.

When he gets a little older he will wish to play more boisterously. He will ride furiously in a rocker, driving another rocker chair as a horse before him. He will play train with a long string of chairs, while he sits in the first one with a bell hung on to the small broom, which is tied to the chair, with a cord to operate the bell. It should be mother's business to see that his ideas are enlarged in many directions; and then she should let him carry his imitations out as far as possible with whatever means he may find at hand. It is a great education and a great development, and mother must not mind the little extra disorder it causes. It is far easier and less nerve-wearing than for her to have her idle-minded child clinging to her skirts all day, and vampirizing her time and strength.

THE HOUSEWIFE'S DECALOGUE.

Thou shalt not discard thy good dress because it is faded, but bleach to a pure white.

Thou shalt not pay out much money for coin plasters, because a saive of soda and lard will cure the very worst corn on thy toe.

Thou shalt not use damp fruit, or thy cake will be heavy; after washing the currants and raisins, thou shalt be sure they are thoroughly dry.

Thou shalt not throw away sour cream, but use it in place of butter, when thou art baking.

Thou shalt not dry white gloves or hose in the sun, lest they turn yellow.

Thou shalt not discard thy rubber bag because of a hole, but fill with hot sand or salt, and 'twill give all the heat thou needest.

Thou shalt not let the juice ooze out from thy pie, because thou canst prevent it by binding the edge with a strip of white cloth wrung out of cold water.

Thou shalt not pay large sums for dry cleaning, but thou shalt use "allow grease" with care of magnesia.

Thou shalt not allow cheese to mould when a cloth wet in vinegar and put over it will prevent.

Thou shalt not use thy new baking dishes until after thou hast put them in a pan of cold water, set where it will boil, and then set away until water has cooled.—National Magazine.

A MOTHER'S CREED.

I believe in little children as the most precious gift of heaven to earth.

I believe that they have immortal souls, created in the image of God, coming from him and to return to him.

I believe that in every child there are infinite possibilities for good or evil, and that the kind of influences with which we surround them in early childhood largely determines their future character.

I believe in play as the child's normal effort to understand himself through free self-expression.

I believe, too, in work suitable to childhood, and that the key in doing such work should come to the child largely from the doing of it well.

I believe in freedom, but not in license.

I believe in wisely directing rather than stifling activity.

I believe in regularity, accuracy, punctuality, industry and application.

I believe in prompt, cheerful obedience, self-control, and self-forgetfulness.

I believe that in all this my example counts for more than my precept.

I believe that the calling of motherhood is the holiest, and should be the happiest, of all earth's tasks.

TO REMOVE TEA STAINS.

To remove tea stains from cream wool voile dress, sponge with alcohol one wine glass, and ammonia one teaspoonful, and afterwards with clear alcohol.

The Boston and Yarmouth Steamship Company.

What a Boston Paper Says About The Canadian Corporation.

(Boston American)

A Canadian corporation which will operate the steamship lines now owned or controlled by the New Haven Railroad is Charles S. Mellett's plan for complying with the new law forbidding railroads to own steamship lines, according to information in the possession of the American.

This corporation is already in existence. It is the Boston & Yarmouth Steamship Company, Limited, of Montreal, and it has just taken over the Yarmouth division of the Eastern Steamship Company.

Notification of the authority of the Canadian company has been sent around to all the shippers, and those who know are awaiting development.

The career of the Yarmouth Line has been very exciting. Six months ago it was the Dominion Atlantic Line, with three fine steamers—the Prince George, Prince Arthur and the Boston, flying the British flag and offering the prettiest kind of competition to the Eastern Steamship Company's International division, and refusing to get together and fix rates.

On September 1st the Eastern Steamship Company announced that it had acquired the Dominion Atlantic Line between Boston and Yarmouth. The notice was signed by O. H. Taylor, passenger traffic manager, Pier 14, North River, New York, and by H. H. Cudworth, general passenger agent, India Wharf, Boston.

COMPLETE MONOPOLY.

This gave the New Haven's Eastern steamship interests a complete passenger and freight monopoly to southern Nova Scotia and New Brunswick, since the Boston and Maine and Maine Central railroads are controlled by the New Haven.

Accordingly, there was great surprise when the Boston & Yarmouth Steamship Company came into prominence as the owner of the Yarmouth line.

In the words of the announcement: "Attention is respectfully called to this within notice of adoption by this company of passenger tariffs, rules, notices, concurrences heretofore established in the Eastern Steamship Company."

And signed to the bottom of this Canadian company's circulars were the names of O. H. Taylor, passenger traffic manager, North River, New York City, and H. H. Cudworth of India Wharf, Boston.

It will occur to most persons that North River, New York, is a queer headquarters for the manager of a Montreal corporation operating between New York and Boston, and also strange that Mr. Taylor and Mr. Cudworth threw up their jobs with the Eastern Steamship Company to work for the Canadians.

WHAT CUDWORTH SAYS.

The American called up Mr. Cudworth and found him by getting the Eastern Steamship Company's number.

"The Boston & Yarmouth Steamship Company, Limited, is a Montreal corporation that owns the Yarmouth line, which the Eastern Steamship Company operates.

"Are you the general passenger agent of either or both of these companies?"

"Of both."

"Has the Yarmouth line been sold to the Canadian company?"

"No. It has always owned it."

"How about the Dominion Atlantic Line?"

"That was taken over by the Boston & Yarmouth."

"They why did the Eastern Steamship Company announce that it had secured the Dominion Line?"

"Well, I think you had better see the vice-president. These details are very confusing," said Mr. Cudworth. Vice-President Jones, of the Eastern Steamship Company, could not be located.

THE TUBERCULOSIS CURE

Berlin, Jan. 22.—Dr. Frederick Friedman who last November announced at a meeting of the Berlin Medical Society the discovery of what he believed to be a cure for every form of tuberculosis, has received the promise of an audience with the Minister of the Interior tomorrow, when he will place his tuberculosis serum at the Minister's disposal. He has been moved to take this action by the fact that a number of physicians have been explaining what they assert is the Friedman serum, but Dr. Friedman says is not.

Minard's Liniment Cures Garget in Cows.

Lost Their Lives While Coasting.

Farrboro, N. S., Jan. 22.—A double drowning took place here today in which two brothers, Frederick and Robert Kelly, lost their lives. They were coasting on the new dam or aboiteau, and coasted into an arch. There were a number of people nearby, but before any appliances could be got to them the boys had gone down. They were the sons of Robert Kelly, tailor, of this place. Frederick was twelve years old, and Robert eight years old. The body of Frederick was recovered about one hour after the accident, but so far the body of Robert has not been found. The greatest sympathy and sorrow is felt for the parents in their sad affliction.

HOW A LARGE SQUARE CARDBOARD BOX MAY BE UTILIZED

The average work-basket is now as all as a receptacle for the family mending. A commodious mending-box can be made from one of the large square cardboard boxes now sold as hat-shelters.

Cover the box sides with chintz or cretonne and line it plainly with saten. Across the inside corner place a fair-sized "pocket," also of saten, capable of holding sheets of darning-wool, cards of buttons, etc.

From the box-lid remove the flaps and cover it with chintz, edged with a wide frill. Then sram it to one side of the box. In the middle of the lid end can be attached a flannel needle-holder, etc. Such a box holds an astonishing amount of mending, and if covered with pretty material, is no disfigurement to a room.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

In all our experience with hair tonics there is one that has done more toward gaining our confidence than any other. We really believe this remedy, known as Rexall "93" Hair Tonic is so superior to other preparations that we offer it to you with our personal and unqualified promise that if you use it and it doesn't prove in every way satisfactory to you, we will, upon your mere request at our store, return to you the money you paid us for it.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It acts to penetrate to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, come back and tell us and get your money back. Two sizes, 50c and \$1.00. Sold only at our store—the Rexall Store—Royal Pharmacy, W. A. Warren.

A Montreal despatch says:—There has been much speculation of late as to the C. P. R. plans in connection with the formal taking over of the Dominion Atlantic Railway and steamship services. An announcement regarding the taking over of the line and their being operated under the name of the C. P. R. had been looked forward to by the people of the east as one of the final declarations of the 1912 administration. Nothing can be gleaned, however, as to the company's intentions in this regard, as the official's say the time is not yet ripe for the announcement of their plans.

SALVIA is a Preparation That Will Grow Hair Abundantly.

This is an age of new discoveries. To grow hair after it has fallen out today is a reality.

SALVIA, the Great Hair Tonic and Dressing, will positively create a new growth of hair.

If you want to have a beautiful head of hair, free from dandruff, use SALVIA once a day and watch the results.

SALVIA is guaranteed to stop falling hair and restore the hair to its natural color. The greatest Hair Vигor known.

SALVIA is compounded by expert chemists.

Watch your hair if it is falling out. If you don't you will sooner or later be bald.

SALVIA prevents baldness by fastening the hair to the roots.

Ladies will find SALVIA just the hair dressing they are looking for. It makes the hair fluffy and is not sticky. A large bottle, 50c.

MOSES & YOUNG
 Granville Street, Bridgetown

YARMOUTH IN THE LEAD.

The Herald was in error last week in announcing that Miss Wilson, of Halifax, was the first lady to be appointed on a School Board in this Province. Hon. Mr. Armstrong writes us that Miss Eudora Hillton, of Yarmouth, was on Feb. 17, 1896, appointed a member of the Board of School Commissioners for the Municipality of Yarmouth, and that Mrs. Catherine Churchill was also appointed a member on the 15th April, 1911. We apologize to these ladies. We were well aware of the facts as stated by Mr. Armstrong, and should have remembered them when writing the article. It is an intricate where errors unavoidably creep in. The rush of a newspaper office. As Yarmouth does not want to take any second place in the progress of these modern movements, we are pleased to make the necessary correction. In the matter of women as school commissioners we are in the lead up to date, and are proud to state that the services of these ladies on their Boards were most effective and pleasant.—Yarmouth Herald.

DEATH AT DEEP BROOK.

An Aged and Highly Respected Lady Has Passed Away.

Emma J., wife of Capt. W. V. Spurr, died at her home in Deep Brook, early Wednesday morning, aged seventy-six years, having been ill but six weeks. She is survived by her husband, seven sons and three daughters: Capt. William F. John Messrs. S. A., of Sydney; Robert and George of Deep Brook; and Roy, Fort George, B.C., Mrs. F. W. Rice, Deep Brook, Miss E. Blanche, Fawcetter, R. I., and Miss Grace, recently returned from Winnipeg.

Mrs. Spurr was a daughter of the late Mr. and Mrs. John Dittmars, the Baptist church, was highly respected by a large circle of relatives and friends, and her death will be keenly felt for a long time in the community in which she resided.

The funeral takes place this afternoon at half-past one with interment in Smith's Cove, the services being conducted by Rev. John McFadden.

Real Estate
