## FAT STOCK SHOW IS GUARANTEED BY COUNCIL

### Wordy Discussion and Several Tie Votes Marked Council's Final Adoption of Proposal to Grant a Fund—Ald. McBride Led Opposition to Proposal.

After numerous speeches, motions and divisions of the city council yesterday, the report of the board of control and the recommendation to grant \$27,000 towards meeting any deficit that might be incurred in the promotion of the Toronto Fat Stock Show was passed by a narrow vote of 10-9.

Each vote taken was identical in personnel, with the exception of the final vote, with that made to adopt the report of the controllers.

Ald. Wickett, after voting in favor of measures that were unfavorable to the show, left the hall just as the final vote was taken, and left the 10 favorable members with a majority of one.

Ald. McBride urged that the report of the board of control be struck out, and after several aldermen had given reasons for voting against the expenditure, the following vote was taken and the motion was lost.

How They Voted.

For striking out the report and recommendations of the board of control:—

For—McBride, Ryding, Wickett, Graham, Cameron, Whetter, Slinger, Hills, Maybee, Controller McCarthy. Total 10.

Against—Controllers Simpson, O'Neill, Church, Aldermen Risk, Robbins, Wanless, McGuire, F. S. Spence, Rowland; The mayor. Total 10.

A second motion, by Ald. Slinger, that the sum of \$27,000 be struck out and the sum of \$5,000 be inserted, was lost in the same manner.

The final vote, that of the adoption of the report of the board of control recommendations, was finally accepted, all the aldermen voting as on the previous motion, with the exception of Ald. Wickett.

## ORANGE CRITICS A RE BIGOTED ASSERTS HUGHES IN REPLYING TO RESOLUTIONS OF PROTEST

### Senate of Militia Insists That No Shirk Issue in Other Than Government Affairs in Corpus Christi Procession.

OTTAWA, July 7.—Col. Sam Hughes, minister of militia and defence, has addressed an open letter to the Orange Order, in reply to resolutions passed by several lodges of that body protesting against the participation of the 65th Regiment in the recent Corpus Christi ceremonies in Montreal. The minister's letter follows:

To the Orangemen of Canada: "The principles of the Orange institution are, without exception, the best yet promulgated for the upbuilding of humanity. Orangemen, as a class, are unsurpassed by the best of any in the world.

"The principles are the broadest kind of tolerance, yet, unfortunately in all organizations, intolerant, fanatical-minded people are found. However, these in the Orange Order are a very small percentage of the great mass of splendid, well-informed men constituting that society.

Resolutions Unwarranted. "A few of this intolerant class have recently been interesting themselves passing resolutions against the fact that the 65th Regiment of Montreal marched in a Corpus Christi procession a few weeks ago in that city. Resolutions are formulated without the slightest regard to the facts of the case, and the authors thereof openly and flagrantly violate the first principles of the Orange institution.

"But this is not the first time I have calmly faced the wrath of a few fanatics. Yet I have lived to be endorsed and justified by every sensible man in the Orange Order.

"In 1896 I had the honor of opposing Laurier's policy and also Tupper's policy in Manitoba, where Laurier's policy was found in the iniquitous systems prevailing in Manitoba today, while Tupper's was rank coercion. My

## Again Storm Centre

Hon. Sam Hughes, who accuses section of Orange order of fanaticism.

mandate was for both political parties to let the people of Manitoba alone. Time has vindicated the wisdom of my policy.

Upholds Regiment. "Now what are the facts of this 65th regiment affair? The 65th is one of the best regiments in Canada. They marched loyally to the northwest in 1885, and fought against their compatriots at Frenchmen's Butte, and rendered splendid service everywhere in that campaign. Col. Ostell and others now in the corps served Queen and country on that occasion. How many of those now passing condemnatory resolutions did likewise?

"The 65th also sent some of its best to South Africa.

"The custom, for more than half a century, it seems, has been to parade on Corpus Christi Sunday carrying government rifles. I do not here discuss the propriety of that custom.

## What The Council Did

Referred to board of works proposal to appropriate land on Ossington Avenue for a stadium.

Adopted recommendation to grant \$27,000 as guarantee fund for fat stock show.

Gave board of control permission to appoint whole time fair wage officer.

Passed expediency resolution for the annexation of Russell Hill and Upper Canada College districts.

Approved additional estimates of \$50,000 for equipment of Technical School.

Passed bylaw giving council vacation until Sept. 21.

Approved sale of land on Front and Yonge streets to Dominion Government.

## TO HURRY WORK ON BIG STATION

### Toronto Terminals, to Cost Nearly Five Millions, May Be Ready in Two Years.

CANADIAN PRESS DESPATCH. MONTREAL, July 7.—Announcement that the P. L. & S. Co. of this city had secured the contract for the building of the new Union Station at Toronto was made today. The contract is one of the largest, if not actually the largest of its kind ever awarded in Canada. The amount involved running between \$4,000,000 and \$5,000,000. Work is to be started immediately and will be two or three years in completion.

The architects for the new station are also Montreal men, the plans having been drawn up by Ross & MacDonald, and by Hugh J. Jones. With them is associated J. M. Lyle of Toronto.

## FAIR WAGE RULE TO BE ENFORCED

### City Council Authorizes Board of Control to Appoint Officer for This Work.

By a vote of 12 to 5 the city council last night decided to permit the board of control to appoint a fair-wage officer, who shall devote his whole time to enforcing the obligations of contractors to pay the rate of wages as specified in the civic contracts.

A heated discussion followed the introduction of the board's recommendation, and Ald. McBride and Ald. Cameron were neither kindly to labor nor parliamentarian in speech.

Ald. Cameron, in committee of the whole, said that the aldermen were afraid to go to the bottom of the matter, and were only trying to squeeze the local contractor and leave the outsider alone. He said that he was sick of the whole thing. He expressed himself in terms which compelled the chairman to call him to order, and he said: "Oh, well, I'll take that back; I should have said damnable."

Controller McCarthy thought that as the city was paying contractors for their work, and had stipulated that when they employed men they should pay a fair rate of wages; if they did not do that they were robbing the men. He urged that Commissioner Harris had pointed out that 99 per cent of civic work was done in Toronto.

Ald. McBride wanted to know if the city council was to be tool of the Trades and Labor Council. He called the union business agents "trouble-makers," and declared that labor unions, and not workmen, were wanting the passage of the appointment of a whole time fair wage officer.

Controller Simpson put up a fighting speech, defending the labor men, and was successful in securing a majority in favor of his cause.

## GAS FUMES IN SEWER FATAL TO CIVIC EMPLOYEE; FIREMEN BRAVED DEATH-TRAP IN RESCUE

### Capt. Davidson and Lieut. Johnston Penetrated Death Chamber and Were Dragged Out Unconscious Before Body of Victim, Robert Stratharn, City Engineer, Could Be Recovered—Pulmotor Proves Usefulness in Resuscitating Rescuers.

Robert Stratharn, a city engineer, boarding at 100 Grace street, met death in the huge trunk sewer on the south side of Argyle street, opposite No. 114, at 4 o'clock yesterday afternoon when he was overcome by gas fumes after he had penetrated 250 feet towards Dundas street in the piping. Stratharn drowned in the eighteen inches of water in the bottom of the sewer in spite of the heroic efforts of George Mullen, Argyle street, and Douglas Seaton, 9 Hambly avenue, two fellow workmen, and of Captain William Davidson and Samuel Johnston, of Portland street fire hall, each of whom was at one time or another rendered unconscious by the deadly fumes pervading the hole. Lieut. Johnston finally dragged Stratharn to within a short distance of the entrance, falling unconscious just as he completed his heroic task.

Knew Venture Was Hazardous. Twenty feet underground lay the big sewer, and Stratharn descended where the workmen were excavating for a manhole. The workmen on the job realized the danger of Stratharn's venture into the sewer, as the deadly gas fumes issued in volumes from the mouth of the pipe, and could easily be smelled at the surface. Mullen and Seaton were posted at the bottom of the excavation at the mouth of the sewer to render assistance in case of need. To these men Stratharn said when he entered the pipe: "Now if you hear me shout, come after me as fast as you can." Then he walked into the pitch darkness of the sewer and the waiting men heard him splashing along in the water for nearly five minutes. Suddenly all sounds ceased from within, and one of the men shouted to him, but received no reply.

Overcome by Fumes. With the first notification that all was not well with Stratharn, Mullen ascended to notify the other men, while Seaton followed Stratharn into the sewer, but collapsed from the strength of the gas fumes after he had penetrated only 20 feet of the piping. With two men unconscious in the sewer Mullen attempted to effect a rescue, and succeeded in dragging Seaton back to the pipe opening, when he also collapsed. Both were hauled to the surface and conveyed to the Western Hospital, and will recover.

Sent Call to Firehall. The other workmen, realizing the futility of attempting to rescue Stratharn without proper equipment for protection against the fumes, sent a hurry-up call to the Portland street fire hall, and Chief Noble and his men arrived in quick time. Capt. William Davidson was the first man to volunteer for the perilous job, and donning the fireman's headgear, which is equipped to give the wearer air from the surface, started out to the rescue. Fifty feet he penetrated, when the nauseating fumes penetrated the headgear, and he had all he could do to stagger back to the entrance. With his gear readjusted he once more descended, and this time traveled 300 feet thru the sewer towards Dundas street, when the rope which he had tied around his waist in case of accident, gave out. This time Davidson collapsed 300 feet from the entrance, from where he was pulled to safety by means of the life-saving rope. On the surface a physician resuscitated him by means of a pulmotor.

Johnston Volunteered. Another young fireman volunteered for the trip, but when the gear was adjusted he was so visibly nervous that the doctor on the job prohibited him making the descent. Lieut. Samuel Johnston then volunteered for the job, and with nearly three hundred feet of rope attached to him, descended to the mouth of the sewer. For nearly five minutes after the lieutenant disappeared in the death trap the rope continued to play out in the hands of the firemen.

Staggered to Safety. Capt. Davidson and Lieut. Johnston were very reticent to speak of the matter to The World last evening. Johnston, however, said that from the first time he entered the sewer he smelled gas thru his headgear. The feeling, he said, of being 30 feet underground in a gas-laden sewer, with the entrance 300 feet away, was terrible. He felt, he said, as if he had walked a mile before he staggered on the body of Stratharn. Two hundred feet from safety on the return journey, he fell, and don't remember any more till I opened my eyes on the surface.

Stratharn's body was first removed to the General Hospital in Harry Ellis ambulance, and then taken to the morgue, where an inquest will be held.

## SARNIA LAD DROWNED; IN WATER QUARTER HOUR

CANADIAN PRESS DESPATCH. SARNIA, July 7.—Getting beyond his depth, Carl Cooper, 11, of this city, was drowned at 2 o'clock this afternoon in "Cut-off Drain" where it crosses the River road on the Sarnia Indian Reserve. The body was recovered in 15 minutes, and had the city a pulmotor, it is believed that the child's life might have been saved. No inquest will be held.

## BLAZE OF BURNING BOAT BROUGHT RESCUE TO SIX

### Gasoline Launch Caught Fire Half a Mile From Shore and Walter Dean, Sunnyside Boatman, Saved Lives of Occupants by Prompt Action—Launch Sank Near Shore.

Six persons were rescued from a burning gasoline launch half a mile from shore, opposite Sunnyside, at 8.30 last night. The launch, which was owned and driven by G. M. Oxley of Port Credit, caught fire from the back-firing of her engine, which ignited the gas tank. After being towed near shore the big boat was sunk to about 30 feet of water off the Sunnyside sea wall.

Walter Dean, the Sunnyside canoe man, and his two workmen, George Kervier and Fred Jose, effected the rescue of the party, which included two men and four women, who refused to give their names to the police at No. 4 driveway. Mr. Dean stated last night that had they not noticed the launch away out in the lake the party of six would have been burned like rats in a trap. When the men first saw the blaze they launched two row-boats and rowed to the burning launch. The fire had already secured a hold on almost the entire surface and the women and men were huddled away back in the corner of the boat. The flames had already reached Oxley and burned his face and hair.

All were safely taken into the row-boats, after which a rope was thrown on the launch and the whole party went ashore. Within a few feet of the sea wall the big launch sank, and the rope was made fast to the wall, by which means it will be raised today.

Altho a constable was on the scene immediately, the whole party left without giving their names. The damage to the launch, which is worth \$200, is \$125, all covered by insurance. It is believed that the party of six would have been burned like rats in a trap.

## ANNEXATIONS ARE SANCTIONED BY CITY COUNCIL

### Residents of Russell Hill and Upper Canada College Districts May Join City Whenever They Desire to—Must Pay for Improvements.

Notwithstanding a strong recommendation, signed by all heads of civic departments, in which they urge that no further territory be annexed, the city council decided last night to pass an expediency resolution, so that Russell Hill and Upper Canada College districts' residents may come within the city limits whenever they so desire, without further action on the part of the city council.

The new territory is more than 283 acres in extent, and is bounded by Beachum street on the west side and Burton street in North Toronto.

Ald. Robbins moved that Russell Hill be struck out of the resolution, but was defeated by a vote of 13 to 4.

The terms of annexation offered by the city are that the city at large shall not pay for any improvements made, but that all costs shall be placed upon properties in the annexed district. The date of annexation, collection of taxes, etc., may be imposed by the Ontario Municipal Board.

The new territory is more than 283 acres in extent, and is bounded by Beachum street on the west side and Burton street in North Toronto.

## REPORTED DEAD IS FOUND ALIVE

### John Rogers Turns Up in West Supposed to Have Been Buried Twenty Years Ago.

CANADIAN PRESS DESPATCH. LONDON, Ont., July 7.—A strange story is in circulation here. John Krinklaw, who has just returned from the west to visit friends in Lambeth Village, near here, on enquiring at Moose Jaw, it is reported, fell into conversation with one John Rogers, an uncle, who, following an illness at Victoria Hospital, this city, was supposed to have been buried in a Westminster Township cemetery in 1894.

The solution put forward is that a stranger in the same ward of the hospital with Mr. Rogers died and was buried as Rogers without the caretaker getting the names mixed. Mr. Rogers recovered, it is believed, and went west. The man, according to Krinklaw's story, is now living in Moose Jaw, and is 80. A tombstone has been over his supposed grave in Westminster Township for the past 20 years. Relatives have instituted an investigation and are writing to the man whose death they have mourned.

## POOR CHILDREN GIVEN THEIR ANNUAL OUTING

Seventy-one children from poor families were yesterday taken for a two weeks' outing by the Salvation Army to their fresh air camp at Chazy. It is expected that over 500 children will be cared for in this way by the Army this year.

The camp is situated, right on the lake shore and is under the management of Brigadier Hargrave, Esq. and Mrs. Sharp are the resident officers at the camp.

## Dinner's Hat Clearing Sale.

35.00 Panamas for \$2.95, \$7.50 to \$10 Panamas for \$5.00. So the prices run in our mid-summer clearing sale of Panamas and Straw Hats.

In imported English straws we have the greatest variety in Toronto. Every hat is this season's importation. The price reduction is very attractive.

We are not overstocked. All our straws and Panamas are in excellent and popular style.

Men's straws, \$1.50, \$2.00 and \$2.50. The clearing sale is necessary to make room for the fall operations in our fur department.

Dinner's Hat Clearing Sale.

If you are going on vacation we have leather suitcases, club bags and hat boxes. They are genuine bargains, also umbrellas and raincoats.

Dinner's 145 Yonge street, corner Thompson.

## ALDERMAN FREE, CROWN ERRED

### Montreal Man Released in Perjury Case on Technicality—Insufficient Notice to Defence.

CANADIAN PRESS DESPATCH. MONTREAL, July 7.—Ex-Alderman Michael Judge, charged with perjury following the presentation of Judge Fortin's report on the investigation of municipal land deals since 1910, was acquitted on a legal technicality in the court of special sessions yesterday.

The case lasted but a few minutes, J. P. Berard, acting for the crown, said he had no further evidence to offer, the prosecution having omitted to give sufficient notice to the defence to produce certain documents required in the case.

Judge Basin said the situation gave him no other alternative than to release the accused.

## LAWRENCE WILL JOIN INTERMEDIATE MILITANTS

CANADIAN PRESS DESPATCH. LONDON, July 7.—Mr. and Mrs. Frederick Pethick Lawrence, who for a long time have held aloof from active suffragette movements on account of their disapproval of militancy, have decided to resume their activities by joining the United Suffragettes, a strong society occupying an intermediate position between the militants and the constitutionalists.

Mrs. Lawrence, in making this announcement at a meeting in Kingsway Hall tonight, explained that she attempts at suppression had driven militancy into underground channels and had crippled the peaceful campaign, hence the necessity of creating a determined intermediate party politically militant.

## ROYAL BANK CLERK HELD ON EMBEZZLING CHARGE

CANADIAN PRESS DESPATCH. NEW YORK, July 7.—Jose Antonio Solano, until recently assistant teller in the Havana, Cuba, branch of the Royal Bank of Canada, was arrested tonight upon the arrival here of the steamship Sarnatia from Havana. He was indicted upon the charge of embezzling \$2500 of the funds of the branch. Solano is 34 years old and lived formerly in Boston.

## ASQUITH PASSED THRU CRISIS IN DIVISION ON FINANCE BILL

LONDON, Wednesday, July 8.—What is admitted by government supporters to be a crisis, developed in the commons yesterday, when the premier's motion allotting time for the remaining stages of the finance bill carried by the reduced majority of 23 votes. There were 20 Liberal abstentions on the main division, but subsequently the government's majority rose to 124.

In the house of lords the government suffered defeat on the India Council bill. On motion of Lord Curzon, former viceroy, it was rejected by 98 votes to 58.

The Liberal Daily News lobby correspondent says the premier and the rest of the cabinet must keep in closer touch with their supporters, or the Liberal party and all the causes it stands for may one of these days be wrecked before the harvest is reaped.

## FIREMEN OF MONTREAL INCENSED—NO WONDER

CANADIAN PRESS DESPATCH. MONTREAL, July 7.—The operations of firebugs and false alarm fanatics have increased during the past six months with such rapidity that a special squad of detectives are at work in an effort to trace the offenders. Since the beginning of the year over three hundred false alarms have been rung in, and more than 600 fires have been investigated by the fire commission and no cause found. During the month of June 11 fires proved to be of incendiary origin, while during May two such blazes took place.

## PROVINCIAL OFFICERS PROBING MURDER AT SOUTH PORCUPINE

### Fact That Attack Was Made on James Knowles Some Time Prior to Assault Which Cost Him His Life, Was Not Touched Upon at Inquest.

The assistance of the provincial attorney general has been asked in the investigation into the death of James Knowles, who died under peculiar circumstances in South Porcupine on June 19. In the absence of Hon. J. J. Fay, Deputy Minister Cartwright will take charge of the departmental end of the enquiry.

Mr. Knowles some time prior to his death by parties in the place who bore him ill-will, nothing was said of the matter at the inquest. Emile Lebric, who is alleged to have struck him over the head with a milk bottle, is being held pending the outcome of the investigation.

It was learned last evening at the parliament buildings that the case is progressing.

## LAWYER WILL APPEAL TO ATTORNEY-GENERAL

CANADIAN PRESS DESPATCH. BRANTFORD, July 7.—Lieut.-Col. H. F. Muir, K.C., commanding officer of the Brant Dragoons, and a prominent local barrister, declares his intention of appealing to the attorney-general's department as the result of being ejected from the police court here this morning by a constable on instructions from Police Magistrate Livingstone. Colonel Muir persisted in bringing what the magistrate considered irrelevant details into a non-payment of wages case that he was handling, and told the court that he did not intend to be dictated to by the bench.

## FOUR JERSEYS QUALIFY FOR PERFORMANCE RECORD

The following cows have lately qualified for the record of performance of the Canadian Jersey Cattle Club:

Stidie Mack II, No. 2287, commencing her test when one year 229 days old, gave 8446 lbs. of milk and 481 lbs. of butter fat. This heifer is owned by H. E. Gee of Hagersville, Ont., and is sired by Boyle's Highland Laddie.

May Daisy Bell, No. 2425, owned by William Clark, No. Whitby, P.E.I. Sired by Brampton Rex, produced in one year 2597 lbs. of milk and 442 lbs. of butter fat.

Foxy's Queen, No. 2228, also owned by Mr. Gee, and a daughter of Boyle's Highland Laddie, produced in two-year-old form 8711 lbs. of milk and 454 lbs. of butter fat.

Princess's Promise Rose, No. 2226, owned by E. H. Bull & Son, Brampton, produced in her first year 2597 lbs. of milk and 442 lbs. of butter fat.

### FAT STOCK SHOW IS GUARANTEED BY COUNCIL

Wordy Discussion and Several Tie Votes Marked Council's Final Adoption of Proposal to Grant a Fund — Ald. McBride Led Opposition to Proposal.

After numerous speeches, motions and divisions of the city council yesterday, the report of the board of control and the recommendation to grant \$27,000 towards meeting any deficit that might be incurred in the promotion of the Toronto Fat Stock Show was passed by a narrow vote of 10-9.

### ASQUITH PASSED THRU CRISIS IN DIVISION ON FINANCE BILL

LONDON, Wednesday, July 8.—What is admitted by government supporters to be a crisis, developed in the commons yesterday, when the premier's motion allotting time for the remaining stages of the finance bill carried by the reduced majority of 23 votes. There were 20 Liberal abstentions on the main division, but subsequently the government's majority rose to 124.

In the house of lords the government suffered defeat on the India Council bill. On motion of Lord Curzon, former viceroy, it was rejected by 36 votes to 33.

The Liberal Daily News lobby correspondent says the premier and the rest of the cabinet must keep in the closer touch with their supporters, or the Liberal party and all the causes it stands for may one of these days be wrecked before the harvest be reaped.

### FIREMEN OF MONTREAL INCENSED—NO WONDER

Canadian Press Despatch. MONTREAL, July 7.—The operations of firebugs and false alarm fanatics have increased during the past six months with such rapidity that a special squad of detectives are at work in an effort to trace the offenders. Since the beginning of the year over three hundred false alarms have been rung in, and more than 600 fires have been investigated by the fire commission and no cause found. During the month of June 11 fires proved to be of incendiary origin, while during May two such blazes took place.

### FAIR WAGE RULE TO BE ENFORCED

City Council Authorizes Board of Control to Appoint Officer for This Work.

By a vote of 12 to 5 the city council last night decided to permit the board of control to appoint a fair-wage officer, who shall devote his whole time to enforcing the obligations of contractors to pay the rate of wages as specified in the civic contracts.

A heated discussion followed the introduction of the board's recommendation, and Ald. McBride and Ald. Cameron were neither kindly to labor nor parliamentary in speech.

Ald. Cameron, in committee of the whole, said that the aldermen were afraid to go to the bottom of the matter, and were only trying to squeeze the local contractor and leave the outsider alone. He said that he was sick of the whole thing. He expressed himself in terms which compelled the chairman to call him to order, and he said: "Oh, well, I'll take that back; I should have said damnable."

Another young fireman volunteered for the trip, but when the gear was adjusted he was so visibly nervous that the doctor on the job prohibited him making the descent. Lieut. Samuel Johnston then volunteered for the job, and with nearly three hundred feet of rope attached to him, descended to the mouth of the sewer. For nearly five minutes after the lieutenant disappeared in the death trap the rope continued to play out in the hands of the firemen.

### FOUR JERSEYS QUALIFY FOR PERFORMANCE RECORD

The following cows have lately qualified for the record of performance of the Canadian Jersey Cattle Club: Sadie Mack II, No. 2327, commencing her test when one year 229 days old, gave 546 lbs. of milk and 451 lbs. of butter fat. This heifer is owned by H. E. Gee of Hagersville, Ont., and is sired by Boyle's Highland Lad.

William Clarke, No. Wiltshire, P.E.I. Sired by Brampton Rex, produced in one year 557 lbs. of milk and 442 lbs. of butter fat.

Foxy's Queen, No. 2328, also owned by Mr. Gee and a daughter of Boyle's Highland Lad, produced in two-year-old form 871 lbs. of milk and 464 lbs. of butter fat.

Brampton Pontine Rose, No. 4600, tested by R. H. Bull & Son, Brampton, produced in her four-year-old form 8784 lbs. of milk and 535 lbs. of fat.

### PROVINCIAL OFFICERS PROBING MURDER AT SOUTH PORCUPINE

Fact That Attack Was Made on James Knowles Some Time Prior to Assault Which Cost Him His Life, Was Not Touched Upon in Inquest.

The assistance of the provincial attorney general has been asked in the investigation into the death of James Knowles, who died under peculiar circumstances in South Porcupine on June 19. In the absence of Hon. J. J. Foy, Deputy Minister Cartwright will take charge of the departmental end of the enquiry.

It was learned last evening at the parliament buildings that the case is progressing.

### LAWYER WILL APPEAL TO ATTORNEY-GENERAL

Canadian Press Despatch. BRANTFORD, July 7.—Lieut.-Col. H. F. Muir, K.C., commanding officer of the Brant Dragoons, and a prominent local barrister, declares his intention of appealing to the attorney-general's department as the result of being ejected from the police court here this morning by a constable on instructions from Police Magistrate Livingstone. Colonel Muir persisted in bringing what the magistrate considered irrelevant details into a non-payment of wages case that he did not intend to be dictated to by the bench.

Mr. Knowles some time prior to his death by parties in the place who bore him ill-will, nothing was said of the matter at the inquest. Emile Lebric, who is alleged to have struck him over the head with a milk bottle, is being held pending the outcome of the investigation.

It was learned last evening at the parliament buildings that the case is progressing.

York County and Suburbs of Toronto

HENRY'S MAJORITY MORE THAN STATED

Returning Officer's Official Count Completed Yesterday.

RETURNS IN EAST YORK

Conservative Majority is Seven Hundred and Thirty-Seven.

The official count of the returns in the riding of East York at the provincial election, completed yesterday by the returning officer, J. E. Francis, shows the majority for the Conservative candidate, George S. Henry, to be 737.

WANT SUNDAY CARS ON SUBURBAN LINE

Western Ratepayers' Association Decides to Combine Forces.

DISCUSSED ANNEXATION

Complaints Regarding Condition of Scarlett Road Numerous.

At last night's meeting of the Lambton Park Ratepayers' Association, Messrs. J. Ball, president; C. Adams, vice-president, and A. Shaw, treasurer, were appointed delegates to attend the meeting of the board of arbitrators which will render a final decision on the question of the separation of the Scarborough Road Sidewalk.

The question of the sidewalk on Scarborough road, from the subway to the power line, came up for discussion. The president intimated that a wooden sidewalk would be laid by the township on the general rate, but a cement sidewalk would require to be paid for by the property holders benefited.

Mr. Colwell made a strong protest over the impassable condition of Scarlett road at Eileen avenue in winter time, and appealed for the grading of the road at a higher level. Three or four hundred loads of earth, he said, would raise the roadway and the adjoining lots to such a level that water would not be a ditch or a pool of water left. The president recommended that the residents affected should petition the township for the desired work.

Some animated discussion arose over the vexed question of annexation. Mr. Burrows complained that the Home Depot, which occupies half of the people north of the C. P. R. tracks were in favor, was inaccurate. It was explained by the president that a majority of the people in the whole section from Queen street to the Niagara lower line, and west to the Humber, would settle the matter. The fact that Runnymede had a sewer right at the doors was a point which swayed the opinion in that district, and Runnymede would carry the question.

The secretary said that if York Council would provide water and sewers, then they would want annexation. The president stated that he had spoken to Reeve Syme regarding a water supply, but as the promoters of the water supply agitation declined to let them into the secret of the source of supply, the reeve was not satisfied and declined to be rolled into the proposition.

The discussion arose over a statement made by A. Shaw that Mayor Hocken had told him they needn't trouble about schools, as they were going into the city in two months. Opposition might block annexation for a time, but for a time only.

WILL NOT TOLERATE BLOCKED CROSSING

Militant Meeting at Agincourt Decided to Take Action.

DEVIATION SUGGESTED

Sideroad and Third Concession Might Meet and Bridge Be Erected.

Fifty property owners attended the meeting at Agincourt called by the militant meeting at Agincourt. The C.P.R. level crossing between lots 25 and 26 on the third concession. From the testimony given by various speakers, it was proved that traffic was frequently blocked by trains standing across the highway. In fact, in one instance reported at the meeting, one train barred the road for fully forty minutes.

Dr. Couits suggested a deviation of the railway company should be asked to construct a bridge there, which would carry both highways over the railway. This suggestion was approved, and the police commissioners, George Padget, John Milne and W. H. Patterson, were appointed a committee with power to add to their number, to interview the railway company and try and arrange a settlement.

The meeting was unanimous that the present conditions could not be tolerated any longer, and discussing what could be done to improve matters. Dr. Couits suggested a deviation of the railway company should be asked to construct a bridge there, which would carry both highways over the railway. This suggestion was approved, and the police commissioners, George Padget, John Milne and W. H. WARD TWO VALUES TAKE BIG JUMP

Increases in Assessment Total Twelve Million Dollars or Twenty Per Cent.

Enormous increases in the assessments for ward two, as a result of the assessment for that ward to more than \$75,000,000, an increase of over 20 per cent. in the last year. It is probable that the total assessments for the whole city will exceed \$600,000,000.

The following returns for ward two give some idea of the assessment this year as compared with the last year. Increase. Land \$2,320,597 \$40,082,630 \$7,152,022 Buildings 24,125,715 25,034,252 4,285,292 Business 4,785,620 5,231,325 456,265 Income 1,297,571 1,489,826 192,254 Total \$63,109,212 \$75,868,934 \$12,759,622 Exemptions 6,579,732 7,029,252 449,520 Population 25,561 27,088 1,527 The population shows an increase of only 1521 new residents.

WARD SEVEN—VICTORIA CHURCH GARDEN PARTY

The lawn of A. J. Gillies, at 27 Laws street, was crowded last evening at the annual garden party of the Victoria Presbyterian Church congregation. The beautiful grounds were made fairylike with colored lights and the brightly decorated booths scattered here and there gave the whole a most picturesque appearance. An added attraction was a concert in the hall of the hundreds who made the fête the success it was, was the Band of the 48th Highlanders, who rendered an excellent concert in a pavilion erected at one corner of the grounds.

DEARTH OF WATER DELAYS BUILDING

Lack of water is holding back the construction of the Todmorden public school, and the contractors are of the opinion that permission will have to be sought from the city to use the water supply of the city. The construction will not be completed this year. Two wells have been sunk near the school property, while a flow of water has been secured which will be sufficient to meet the needs of the school, it is found to be nearly adequate to supply the quantity needed for construction of the concrete foundation.

TODMORDEN SCHOOL CONTRACTORS WILL HAVE TO APPLY TO CITY.

The visitor to the country who likes to press flowers can find no better pressing agent than sheets of newspaper, put under heavy books. Then pile several heavy books on them, and place a dozen or two under the flowers and another to put over them. Then pile several heavy books on them. Change the newspaper pads two, three or four times when the flowers are first pressed. The paper absorbs the moisture from the flowers and should be changed for dry paper. As soon as the flowers are thoroughly dried, they can be mounted on sheets of stiff paper or thin cardboard. The best way to mount them is to cut narrow strips of cardboard or paper, and stick them to the paper, and fasten the flowers to the strips over the paper.

FIRE IN NEW STORE ON DON MILLS ROAD

Fire broke out in a new store on the Don Mills road, in old Todmorden, Monday night. The building had just been erected by Michael G. Scherck, druggist, and it would have been totally destroyed had there not been a new well on the premises which contained a good supply of water. Fifty dollars damage was done before the flames were extinguished.

DROWNED WHILE BATHING IN DON RIVER BATHS

Andrew Forest, aged fifteen, 446 Jones avenue, was drowned while bathing in the Don River baths on Monday night. He was a good swimmer, but it is supposed that he had an attack of cramps, due to the water being overheated after cycling. In his struggle for life the drowning boy grasped his companion, Edward Hocken, and was dragged down, and was quite unconscious when rescued, but quickly recovered.

EARLSCOURT NEWS

P. Graham, 25 Kennedy avenue, has offered the Housewives' League the use of a piece of land on Kennedy avenue, two hundred feet north of St. Clair, at 212 Broadview avenue, who the league accept the offer, the members of the Oakwood B.L.A. will assist the ladies in the work.

At a special vestry meeting in St. Hilda's Church, Fairbank, J. Wood was elected pastor. The wardens, who were elected by the death of George Craig.

ANGELICAN PICNIC AT GRIMSBY BEACH

Church of St. Mary the Virgin Enjoyed Twenty-Sixth Annual Outing.

Between five and six hundred Sunday School children, the St. Mary the Virgin Anglican Church, Bloor street and Delaware avenue, with their relatives and friends, attended the twenty-sixth annual picnic at Grimsby Beach yesterday. Weather conditions thru the day were ideal, and a large number of contestants entered for the numerous sports and games scheduled on the program.

An extensive deposit of asphalt of high quality has been discovered in the Philippines. Phenol and formaldehyde are compressed together to form a new insulator for electrical purposes.

All these Men are Specialists

THE BIG successes of the day are being accomplished by specialists. The Safford hot water heating system is a splendid example. Not only do we specialize on the Safford system as a whole, but we specialize in every part. One result of our specialized methods is the simple Safford hot water boiler, which has only nine main parts above the base (ten parts less than the ordinary boiler). Another is the Safford's extra large amount of direct heating surface, having 70 per cent. immediately around the fire, whereas ordinary boilers have but 51 per cent. Another is the rapid circulation of water, due to the fact that the water, after being heated, has only one-third the distance to travel to get out of the Safford's fire-pot that it has in an ordinary boiler.

The foregoing facts mean more to you than you possibly realize. A boiler of few parts means one that will be very unlikely to get out of order—one that will be very easy to manage. A large amount of direct heating surface and rapid water circulation means a perfectly heated home and economy in fuel consumption. But to get the whole story of

Safford Boilers and Radiators

Send for our "Home Heating" booklet. It will only take you a minute or two to write a post-card-request for it. And this booklet will show you the road to a more comfortable home in winter and a 33 1/2 per cent. reduction in your coal bills. That is surely worth while.

Branches: Vancouver, Winnipeg, Calgary, Montreal, St. John, Hamilton. THE DOMINION RADIATOR COMPANY TORONTO, CANADA

### ADOLESCENTS LOOSED BY SKY AND LOSS OF PURSE

### Comprehensive Program Before New South Wales Legislature — Women to Sit in Parliament.

**London, Wednesday, July 8.**—The comprehensive program before the New South Wales Legislature, says the Sydney correspondent, probably the most comprehensive list of subjects ever presented at any Australian state parliament, includes the abolition of the death penalty and the removal of sex disabilities for representatives, including parliament and municipalities. One notable feature is the abolition of prominent planks in the Labor party's platform, such as the abolition of the legislative council. The government has a substantial majority in the assembly, although the Labor party is expected to be re-elected at the next election. It is believed that the upper house will support the vast majority of the measures.

### MAHARAJAH TOOK TERRIBLE REVENGE

### Smallpox Disfigurement Caused Him to Kill Four and Then Suicide.

A maharajah of Nepal committed suicide in horror at the disfigurement which an attack of smallpox had caused in his features. The maharajah, who was passionately devoted to his religion, was wracked by his vengeance on the physicians who had attended him in his illness. Then he flew at higher game. Out of the great temple he removed the idols, placed loaded cannons before them and bade gunners fire in terror at the proposed blasphemy they refused. Thereupon the maharajah hanged several of them. The survivors then submitted, and the guns were fired and the idols blown to pieces.

### NAME INVARIABLY COMES AFTER DEATH

### Great Men's Works Are Seldom Appreciated Until Years Too Late.

Great men's works are seldom appreciated until years after their death. While displaying unusual ability they have often been the subjects of ridicule and persecution. History is replete with instances of this. Harvey, the discoverer of the circulation of the blood, lost his practice and was lampooned over the then civilized world. Bartholin, who discovered the lactals, was treated with contempt and ridicule. Even Harvey, when he became old, never believed in the thoracic duct, but believed the lactals all terminated in the liver. Horace saw his odes despised. Elizabeth regarded Bacon as an unworldly speculative genius and as incapable of seeing her with judgment. Socrates, for teaching the unity of God, was compelled to drink hemlock and die. Frigoras was executed for the reason of dissecting a human body. Every historian knows that Galileo, at 70 years of age, was imprisoned for announcing the motion of the earth. Aristotle's books were burned. Descartes was persecuted because he taught the immortality of the soul. He was expelled by order of the University of Paris. It is said of the Newtonian philosophy that "authority scowled upon it; haste was disgusted by it, and fashion was ashamed of it."

### PIN IN THROAT? JUST SING.

If you swallow a pin and the physician does not help you, join a choir and sing a high note and you may be safe. At least that is the experience of Mary Austin of Sturgis, Mich., who swallowed a white-headed pin. All efforts of physicians failed. It was not until she sang a high note that the pin was dislodged.

### WALL PAPER SPOTS.

To remove grease from wall paper apply to the spots a paste made of fuller's earth and cold water, leaving this on all night. If the spots have disappeared it will usually be found efficacious. It is well to take grease marks out of paper directly they are made.

### INTERESTING ITEMS.

A Danish nerve specialist places his convalescent patients on top of a piano. There they may be benefited by the vibrations as it is played. So that a man can sit down to shine his shoes there has been patented a shaking stool. A French aviator has placed a pneumatic buffer in front of the seat of his aeroplane to lessen the shock should he be thrown from the ground. To protect roosting poultry from attack by vermin there has been invented a trap which, when fastened to a perch, catches and poisons insects. Bacteria in human blood between white corpuscles and discoid bodies were photographed with the motion-picture camera by two French scientists. Recently completed official figures show the coke production of the United States last year to have been 46,211,869 short tons, a record broken to a perch, peaches and poisonous insects.

### WHEN BANANAS ARE REALLY RIPE.

There is a popular delusion that the banana is ripe when it turns from green to a golden yellow, and those who thus select their fruit are disappointed. The dark spots appear in the yellow skin of the banana. The banana is really ripe when it is yellow. This change from green to yellow is the first outward appearance of a chemical process, the ripening process. Not until a considerable portion of the skin has turned to a golden yellow has this ripening process sufficiently developed to give the fruit its greatest value as a delicious and healthful food.

### GROCERS SUPPORT CO-OPERATIVE PLAN

### Wholesalers Appoint Committee to Confer With Manufacturers and Others.

**Canadian Press Despatch.** MONTREAL, July 7.—At the annual meeting of the Dominion Wholesale Grocers' Guild, in the board of trade building in Montreal today, a resolution was passed appointing H. C. Beckett, Hamilton, Ont.; Hugh Blain, Toronto; Fred T. Syms, Hamilton; Zephair Herbert and Armand Chaput of Montreal, as a committee of five to act in conjunction with similar committees of five from the Manufacturers' and from the Retail Merchants' Associations of Canada, in evolving a policy that will improve trade relations and give a sounder basis to the whole trade of the Dominion.

### FOUND BODIES OF FATHER AND SON

### Remains Identified as Those of Brig.-Gen. Hunter and Son.

**Canadian Press Despatch.** QUEBEC, July 7.—Diver Chincen today while working on the sunken Empress of Ireland at Rimouski recovered the bodies which were identified as those of Brigadier General Hunter and his son.

### CHINA'S GREAT WALL.

Few people realize what an almost perfect condition prevails along a large part of the great wall of China. The bricks of the parapet are as firm as ever and their edges have stood the severe climatic condition of North China with scarcely a break. The paving along the top of the wall is smooth and the great granite blocks with which it is faced are smooth and as closely fitted as when put in place over 2400 years ago. The entire length of this wall is 1400 miles. It is 22 feet high and 30 feet in thickness. At intervals of some 40 feet in height.

### MANY BLIND MEN MADE GREAT NAMES

### Inventor of Braille System of Reading Was Blind From Age of Three.

In connection with the appeal for funds which was recently made in order to provide books for the blind it may be recalled that the inventor of the Braille system was not himself born blind. Louis Braille, who died in 1852, lost his sight at the age of three, as the result of an accident, and, fortunately, he was admitted to the famous institution for the blind founded in 1784 at Paris by Valentin Haüy. Here the boy's brilliant talents were encouraged in every way. He began to work on his system when he was twelve years old, and after much patient endeavor, perfected to method now in general use.

### COMPRESSED PAPER SAWS.

Circular saws are made of paper for use in manufacturing veneer and fine furniture. These plates are so finely finished that cabinetmakers do not have to plane them at all before they are used. The saws, driven by an electric motor, are made from compressed drawing paper. Indeed, compressed paper of such hardness has been made that it has even been used in place of building stone.

### TRAINING CANARIES.

In the canary-breeding establishments of Germany only the male birds are valued, because the females are trained to sing. The method of training the birds to sing is to put them in a room where there is an automatic imitator, which they will strive to imitate. The imitator listens to the notes of the male birds and picks out the most apt pupa, which are then placed in another room for further training. These are the best singers and ultimately fetch high prices.

### THE WORD "REPLICA."

Perhaps not one writer in ten uses the word "replica" in its correct sense. People seem to think that "replica" means merely a "copy." One reads, for example, "about modern 'replicas' of old masters' work and that 'replicas of Columbus' sailing vessel are to be made. A replica is 'a copy of a work done by the same hand that did the original.' It is not at all that the hand which designed the caravels of Columbus is now at work making copies of them.

### WOOLWICH STRIKE OVER.

**Woolwich, Eng., July 7.**—The strike at the government arsenal here which began yesterday and involved 12,000 men, ended tonight. The men will resume work Thursday, the government having promised to investigate their grievances.

### HOW WE FALL ASLEEP.

It is not generally known that the body falls asleep in sections. The muscles of the legs and arms lose their power long before those which support the head, and these last soon give out. The sense of sight sleeps first, then the sense of taste, then the sense of smell, next that of hearing and lastly that of touch. These are the results of careful and lengthy investigation by a French scientist, M. Camban.

### COUNCIL TO TAKE A LONG VACATION

### Decision Made to Leave Controllers Alone on Job Till Late September.

The board of control will run the civic business alone until September 21, unless the mayor desires to call a session of the city council for some particular reason. Such was the decision of the city council last night, and although the Ald. McBride and Ald. F. S. Spence did not favor a vacation in face of the stress of business yet before council, the bylaw was passed by 10 to 5.

### THREE HUNDRED MILES AN HOUR

### Flying Train of M. Bachelet is Expected to Attain Most Wonderful Speed.

From London to Liverpool in forty-five minutes, a little jaunt from the metropolitan to Glasgow in an hour and a quarter, to Birmingham, 112 miles away, in less than half an hour—not in a flying machine, but in a flying train, which will make our mill-a-minute expresses seem veritable snails. Goods and passengers will be hurled thru the air, and we shall see trains, monster gleaming projectiles, flashing thru space at between three hundred and four hundred miles an hour.

### ORIOLE STARS SOLD TO MAKE ENDS MEET

**NEW YORK, July 7.**—Jack Dunn, owner of the Baltimore Orioles, today reached the conclusion that there was more profit in trading players than in playing this season has been so good that he decided to sell a number of his star outfielders of the Yankees, to his former club, the Orioles. He sold Crege, for years the star outfielder of the Yankees, to his former club, the Orioles, for \$100,000. Two other players, Shortstop Claude Derrick and Outfielder Twombly to the Cincinnati Reds.

### HOLDERS OF DEBENTURES TO BORROW LARGE SUMS

**Canadian Associated Press Cable.** LONDON, Wednesday morning, July 8.—Southern Alberta debenture holders are being urged to accept the proposals already indicated for borrowing up to £125,000. Western Canadian Land Company shareholders are asked to appoint an advisory committee.

### KILLED AFTER ESCAPING FROM PETERBORO JAIL

The police yesterday identified the man who was killed at the Ellis street, Lake Shore road, railway crossing as George Cootes of Soranora, Pa. The body was found at Peterboro on Sunday last broke fall at Peterboro and was evidently killed while beating his way to the American border. The Soranora police say that Cootes' mother is too poor to bury him, and he will be interred here.

### CHURCHES RESIST TAXING.

**LONDON, Ont., July 7.**—Containing that as they are not assessed properly, they are not liable, the Protestant churches of the city have engaged J. B. McKillop to oppose the city's attempt to collect carbage taxes from churches. M. P. McDonagh has been engaged by the Roman Catholic churches.

### RIOTS AT ITALIAN ELECTIONS.

**ROME, July 7.**—Violence marked the elections for city and provincial council, which have been going on thrills since the last few days. In the constituency where Prince Borghese was a candidate, a serious riot took place in which one man was killed and another seriously injured.

### HOW WE FALL ASLEEP.

It is not generally known that the body falls asleep in sections. The muscles of the legs and arms lose their power long before those which support the head, and these last soon give out. The sense of sight sleeps first, then the sense of taste, then the sense of smell, next that of hearing and lastly that of touch. These are the results of careful and lengthy investigation by a French scientist, M. Camban.

### AGED MAN'S FALL.

**LONDON, July 7.**—Luther Carpenter, 80 years of age, of 22 Evergreen avenue, this city, fell from the second story of a house in his neighborhood, on Sunday last. He was injured in the fall, but recovery is expected. No bones were broken, the aged man merely suffering slightly from shock.

### ST. LAWRENCE RIVER MYSTERY.

**QUEBEC, July 7.**—Boatmen of Quebec today found a body floating in the St. Lawrence. The body was that of a man and carried one large and two small wounds.

### BAPTISTS TO SUPPORT WHITNEY IF HE ADOPTS ROWELL POLICY

### Official Organ Pledges Aid of Church Organization at Next Election Should Government Stand for Abolition of the Bar or "Something Equal to It."

According to The Canadian Baptist, the members of that denomination may one day wheel into line behind Sir James Whitney, but the Ontario premier will be required to adopt "something equal to the Rowell policy." In discussing the result of the Ontario elections, The Canadian Baptist says:

**A Momentary Check.** "A momentary check has been given temperance reform, but a check that will issue in a better gridding for battle that will bring victory. Repulsion in a worthy cause is not avert to the taste, and does not please wholehearted reformers. But repulsion in this cause is but for a day. The spirit of moral and religious reformers is not easily broken; and the task of abolishing the bar is one that can very properly seek moral and religious inspiration. And that inspiration sought and found and exercised by the various classes of temperance reformers working together in the great and glorious cause, will work wonders in pulling down the strongholds of the liquor traffic, now so strongly entrenched in our province by reason of the open bar. In this we shall continue to stand by the Rowell policy; if Sir James F. Whitney makes that policy, or something equal to it a part of his platform, we shall stand by him."

### DR. CAMPBELL ELECTED MAYOR OF ORANGEVILLE

**Special to The Toronto World.** ORANGEVILLE, July 7.—Dr. G. H. Campbell was today elected mayor after one of the most strenuous contests seen here in years over Ex-Reeve J. J. White by a majority of 217. Both are Conservatives. A large vote was polled. The contest was occasioned by the resignation of Mayor Island on his appointment to the crown attorneyship of Dufferin last month. At the same time Mr. White resigned the reeve ship, and Walter Fairbairn was elected to that office by acclamation.

### CONTRACTORS MUST TENDER FOR DOUBLE-DECKED CONTRIVANCE, COUNCIL SAYS.

Tenders for steel superstructure for the Don section of the Bloor street viaduct are to be invited. The contractors are to be given the option of offering a concrete superstructure of their own design, but must provide for a double deck.

### STORSTAD NOT BOUGHT BY HER FORMER OWNERS

**Canadian Press Despatch.** MONTREAL, July 7.—It is said the Storstad was not bought in by her former owners at the judicial sale which took place before the local branch of the Admiralty Court this morning. Charles Cornell of the Prudential Trust Company, to whom the steamer was knocked down for \$175,000 is understood to have been acting for O. Wickburg of Norway, representing the Hull Indemnity Company. Charles A. Ducloux, K. C. local counsel for the former Storstad owner, Douglas Stewart, says his client had nothing to do with the purchase of the steamer.

### WORTHLESS CHEQUE MAN ARRESTED YESTERDAY

William Bryant, 87 O'Hara avenue, was arrested by officer 76 yesterday afternoon in the act of passing a worthless cheque to a Parkdale storekeeper. Bryant is thought to be the man who within the past few days has passed upwards of a dozen bad cheques through the city. This man was always described as wearing a penitentiary-made belt, and at No. 6 station was found to be wearing one.

### SEVEN THOUSAND PATRONS OF LONDON HYDRO SYSTEM

**LONDON, Ont., July 7.**—H. J. Glaubitz, general manager of the London Hydro-Electric system, reports 7400 Hydro customers, and expects to have 8000 by the end of November next.

### MANY DOGS POISONED.

**LONDON, Ont., July 7.**—The London Humane Society has offered a reward in connection with an epidemic of dog-poisoning in evidence here. A number of valuable dogs have been poisoned of late in the residential districts, one of these being a handsome setter valued at \$250, the property of W. J. Clarke, which was considered one of the finest of its breed in this part of the country.

### BODY FLOATING DOWN RIVER.

**SARNIA, July 7.**—The body of a youth, some 18 years old, was sighted by a number of people, including a passenger on a Sarnia-Port Huron ferry boat, floating down the St. Clair River here about 10 o'clock this morning.

# NEWS OF SPECIAL INTEREST TO WOMEN

## MIDDIES WILL BE VERY MUCH WORN

Summer Wardrobe Will Be Composed of Practically All White Material.

White garb is the acme of style, comfort, and practicality for the summer wardrobe.

Nothing more cool and attractive can be well imagined than a summer girl in a spotless white middy suit, whose chief charm is simplicity.

For a warmer suit white outing flannel or washable serge is very choice for very warm days there are lovely white china or jap silk middy suits, made on the regulation lines.

When the middies are laid aside for the fussy afternoon frock, the abundance of delightful materials especially adaptable for this type embrace most exclusive weaves in pure white, brocaded satines, crepes and linens, silks, satins of softest texture and crepe de chine are fashioned into stunning lit-gowns of the long tunic, ruffie and flare types.

For the dance frock, too, white is again paramount and unrivaled. Net, tulle, lace and chiffon hint of the fairy-like garments donned by the tago-lover—and here is where Dame Fashion demands elegance and dainty charms.

## LEMON BREAD PUDDING

One quart of milk, one cup of dry bread crumbs, one lemon, three eggs, one-quarter cup sugar. Soak the bread crumbs in the milk and beat until foamy.

## GOOPS

Ero P. Pounds I'll have to make a mild complaint If I should hear you saying "ain't." It isn't proper, and it sounds Too much like Ero Perkins Pounds. He is a Goop. You know you can't say "ain't" for "isn't" and for "aren't!"

## Don't Be A Goop!

## MINISTER CHANGES HIS DENOMINATION

At a meeting of the Toronto Presbytery held yesterday afternoon Rev. J. B. Saer, formerly a Congregational minister in Canada and the United States, was present to be received formally into the Presbyterian Church by authority of the General Assembly.

## THE NEW HOUSEKEEPING

BY MRS. CHRISTINE FREDERICK.

## SHORT CUTS IN SUMMER COOKING

How a Little Thought and Planning Will Save Fuel and Time in Hot Weather.

THE WARM weather will soon be with us, and with it the added discomfort of staying in the kitchen and cooking over a hot fire when the thermometer registers 80.

It is paradoxical how many women complain of work, of how much discomfort they have to endure, etc., when much of this discomfort is unnecessary. In most of our cooking far too great a percentage of heat is unutilized and goes into the air and thus makes the kitchen warm instead of cooking the food.

But aside from these excellent commercial aids, which every woman should invest in as much as her pocketbook will permit, there are methods and short cuts which any woman can follow at no cost except the use of her gray matter—which is often much more difficult to use than any other "labor saver."

First, let there be better planning of meals. By so doing much unnecessary cooking will be avoided. For instance, without a plan for several days ahead, one might decide on mashed potatoes today and on beans and tomorrow on fried potatoes and tomatoes. Now with a plan in mind enough potatoes might be cooked at one time for two meals.

I have called this idea the "long and short cooking plan." By that I mean better planning, so that at one time, with one quantity of fuel, enough food may be cooked for two meals. All vegetables can be used hot once and cold in a salad, or part in a cream sauce, and the second quantity will be drawn butter only. Similarly the same dessert may be varied by placing one-half in a large mold and using with one kind of sauce, and the other half in small molds with another sauce—but both cooked at once.

## METHODIST ORGAN ANSWERS PREMIER

Guardian Thinks Sir James Comments "Ungentlemanly and Ill-Tempered."

Under the heading "Those Demagogic Clergymen," the Christian Guardian makes the following reply to Sir James Whitney: "The hour of victory grow suddenly sympathetic and kindly toward their opponents. Not so the dauntless Premier of the Province of Ontario. He's a fighter to the last ditch—and a long way past it. His triumph at the polls last week was made as to the evils of the licensed liquor trade, but in the campaign in the interests of the abolition-the-bar proposition. His words were full of sense and sense of duty, severe, even annihilating. But they were not exactly that. In fact, we are at a loss to say what they were—that is, besides being ungentlemanly and altogether ill-tempered."

The majority of those against whom Sir James spoke will scarcely dignify their utterances by resenting them. They would not be mentioned here only that they give occasion for saying one thing that perhaps ought to be said. True to Principles.

"With one exception, so far as we know, every Methodist minister in the city of Toronto in active service took part in the recent campaign, not against Sir James Whitney, but in favor of going away with the licensed bar. The percentage throughout the country who did likewise was probably about the same. Having the convictions they have in so doing, Sir James's effort to stir up a feeling against them never struck within a thousand miles of any of them. Had the ministers of Ontario not done what Sir James complains against their doing, they might well have hung their heads in shame, and afterward may receive a coat of duty and conscience, and without misgivings.

As apart from those who hate them anyway, and those others whose political party is their god, they have kept the esteem and respect of the people in so doing. Sir James's effort to stir up a feeling against them never struck within a thousand miles of any of them. Had the ministers of Ontario not done what Sir James complains against their doing, they might well have hung their heads in shame, and afterward may receive a coat of duty and conscience, and without misgivings.

"Was there any political or other prejudice in it? There might have been in rare individual cases, but in general there was absolutely none. Everyone knows that. But was it justified in the light of results? Well, that remains to be seen. We believe it did accomplish much, much that will be revealed in the days to come. Liquor Bills Grew. "But the government had done well, and the preachers ought to be commended. Well, most of them did, with certain

## THINGS WORTH KNOWING

Dresden has had a municipal newspaper for fifty years. There is a lighthouse every fourteen miles along the English coast.

The Breslau police examine about 200 moving picture films a week. The fleet of motor boats on the waters of the states numbers 200,000.

Nearly two-thirds of the mail matter of the world is written in English. Of the 5,000,000 people in London, more than 300,000 are in a chronic state of poverty.

Some physicians assert that wearing tight shoes is in a great measure responsible for baldness. A \$5,000,000 company has been organized in London to operate a line of cargo vessels propelled by oil engines.

Vacuum carafes, permanently installed in the rooms of new hotels, will disband the "ice-water brigade." More fires occur in London on Sunday than any other day of the week, and August and December are the firemen's busiest months.

## CLUB SANDWICH

This is one of the heartiest kinds of sandwiches and may constitute almost a whole meal. It may be three stores high, and the bread is most commonly toasted and cut across into diamonds or triangles, sometimes after the filling is put in. This consists of a lettuce leaf, on top of this a thin slice of breast of chicken, and then very thin broiled ham or bacon, with such individual finish of pickle or olives as the taste suggests.

It will prove a welcome relief in the heat of travel—refreshing to the taste, sweetening and soothing to the mouth and throat. It steadies the stomach and nerves remarkably. WRIGLEYS' SPEARMINT is delicious and wholesome—made of real, springy chicle, with the spicy juice of Spearmint—the flavor won't chew out! And five big sticks cost but 5¢. The BIGGEST money's worth of beneficial enjoyment you can buy. Every Package Tightly Sealed. Be SURE it's WRIGLEYS' CHEW it after every meal.'

Vertical advertisement for 'Peter's Adventure in Matrimony' by Leona Dalrymple. Text: 'The truth about "the Matrimony" is not what you think. Her character is not what you expect. Her life is not what you imagine. Her love is not what you desire. Her heart is not what you want. Her soul is not what you need. Her mind is not what you seek. Her spirit is not what you find. Her love is not what you want. Her heart is not what you need. Her mind is not what you seek. Her spirit is not what you find.'

# DAILY MAGAZINE PAGE FOR EVERYBODY

## UNSEEN COMPANY \* \* \* By Michelson

BUZZ!—no, it's more like a purr. At least that buzz sounds just like the softest purr of occupants of a car who may be utterly absorbed in each other. Call it a kind of music. Call the green and yellow and blue of the scene a chromatic whirr. These two really see and hear nothing but themselves.

They don't know about that unseen passenger. Perhaps they haven't even become accustomed to the name that passenger owns. When Love rides, the speedometer and the emergency brake are extremely important. But they don't get much attention. That's the odd thing that isn't odd at all.

Is Love reckless? Maybe not. But you remember that, by all accounts, he is BLIND.

## Peter's Adventures in Matrimony

By LEONA DALRYMPLE  
Author of the new novel, "Diana of the Green," which has won a prize of \$10,000 by Ida M. Tarbell and S. S. McClure as best fiction.

**No. 116 Dark Skies**

THE weather grew very cold and an owl came. December was a month of wind and blizzards. Mary began to talk of Christmas and the present she wanted—a year's instruction with the artist. I am not blind to what this means. It is a pandering to vanity. Mary has no talent whatever. If she paints a long while she may evolve anemic snow scenes and postcard effects. Her training will never be worth the money spent.

**Night Book-Keeping.**

My opportunity came from the treasurer of a small manufacturing plant. They were just beginning, had a limited amount of capital, and but a few men. They desired to eliminate the expense of a book-keeper.

**SANDWICH.**

of the heartiest kind and may constitute a meal. It may be high, and the bread is toasted and cut into diamonds or triangles, the filling is put on a thin slice of bread, then very thin pieces with such ingredients as olives as the taste

**A Hard Task.**

At it therefore, every night. I went over to Peter's grimy factory office and fixed up his books. They were in a horrible mess. Everybody had taken a share at them from the shipping clerk down to the office boy.

## The Golden Mountain

By Vernon Merry

In the long ago there were two brothers who lived on adjoining farms, and one of them was very rich and one very poor. The rich brother never gave his poor brother any help, and was as mean as could be whenever they met.

## Common Origins

People say "God bless me" after sneezing from the fact that in the days of the plague this terrible malady began with violent sneezings and other indications of cold. The exclamation was thus originally a prayer to be delivered from the plague.

The bow is first seen depicted on Egyptian monuments about 200 B. C. Its form then did not differ greatly from that in use among boys at the present day. It was used in European warfare as late as 166, and was deemed quite as effective as the arquebuses then employed.

The title of doctor was invented for the especial benefit of the learned inertness of the 13th century. The title was conferred by the University of Bologna. The first doctor of medicine was William Gordonio, who received the title from the college at Are in 1229.

## How Easy It Is for the Man

By WINIFRED BLACK

SHE killed herself three months ago—the pretty little woman I've known ever since I went to her wedding, when she was twenty and as sweet as a briar rose, as pretty as a pink and just as good as gold.

She was a good deal worried about the wedding—she was very much in love with the man she was going to marry, and the man she was going to marry was very much in love with her. And there was a secret in her life—such a poor, pitiful, forlorn, tragic secret.

## Her Wages of Sin.

The school principal gave her just money enough to get away to the nearest big city, on condition that she didn't speak to any one before she went—and that she would keep her secret as well as her own. She came to the city—alone, in terrible pain, friendless—with just money enough to get a carriage and drive to a newspaper office where she had read of the name of a woman whom she thought might help her.

## Secrets of Health and Happiness

## Why Your Nose Lining Demands Strict Care

By DR. LEONARD KEENE HIRSHBERG  
A. B., M. A., M. D. (Johns Hopkins).

CHAUCER was the Canterbury poet who knew men and medicine better than the doctors of his day. He even anticipated the French physicist of yesterday-week, who discovered that nose-piece for telephone service is superior and helpful to the mouthpiece. Thus: "Full well she sang the service divine, Entuned in her nose most sweetly."

This poetry is the first written word that calls physiological attention to the fact that the nose is an aid to a pure voice. When you hear musicians or doctors say: "He is singing through his nose," be up and at them. Everybody sings and talks through the nose. The so-called "nasal twang," the stage-voice of Yankees and down-easteners is, after all, the voice of nasal obstruction.

Defective ailments, in their assault upon the nose, usually attack the red, membranous interior. The inside of the nose is really an important structure. Like many other valuable, but undignified articles in this world, as much respect must be paid to the nose as to any other more popular organ.

Why Care Is Needed.

Defective ailments, in their assault upon the nose, usually attack the red, membranous interior. The inside of the nose is really an important structure. Like many other valuable, but undignified articles in this world, as much respect must be paid to the nose as to any other more popular organ.

## Advice to Girls

By ANNIE LAURIE

Dear Annie Laurie: I have at last decided to come to you for your advice upon a subject which I have been trying to consider for myself for some time now.

W HAT do you mean, Isabel, when you say you are "keeping company" with a man?

## Useful Hints for the Housewife

By Ann Marie Lloyd

C OOKED cucumbers taste better than they sound. Also they are becoming more popular as a table delicacy. Persons who have never been able to eat raw cucumbers without suffering the pangs of indigestion, enjoy them cooked with no fear of unpleasant after effects.

Makes No Difference. "No man is a hero to his valet, you know." "What difference does it make. The valet doesn't mind."

**THE WEATHER**  
 Toronto, July 7.—The weather is low in the  
 St. Lawrence Valley and over Alberta,  
 and high over the Upper Lakes. The  
 weather today in Canada has been for  
 the most part fine, except that scattered  
 showers have been experienced in all  
 the provinces but Manitoba; they have  
 been, however, fairly light and very  
 light.  
 Minimum and maximum temperatures:  
 Victoria, 44-54; Vancouver, 50-74; Kam-  
 boops, 50-81; Edmonton, 54-74; Medicine  
 Hat, 50-81; Battleford, 54-74; Swift  
 Current, 48-74; Moose Jaw, 55-67; Win-  
 nipeg, 48-78; Regina, 50-69; Parry  
 Sound, 54-62; London, 55-67; Toronto,  
 50-81; Kingston, 72-78; Ottawa, 50-78;  
 Montreal, 64-72; Quebec, 62-81; St.  
 John, 54-74; Halifax, 52-65.  
 Lower Lakes and Georgian Bay—Fresh  
 winds, shifting to northerly and westerly,  
 for the most part fair and cool, but  
 some scattered showers.  
 Ottawa Valley and Upper St. Law-  
 rence—Moderate to fresh winds; chiefly  
 northerly; for the most part fair and  
 cool.  
 Lower St. Lawrence and Gulf—Strong  
 west to north winds; some local showers,  
 but generally becoming cooler.  
 Maritime—Fresh to strong winds, shifting  
 to westerly and northerly. Some local  
 showers, but generally fair, becoming a lit-  
 tle cooler at night.  
 Lake Superior—Moderate to fresh  
 northerly westerly winds; fair and  
 comparatively cool.  
 Manitoba—Thunder showers in some lo-  
 calities, but generally fair and warm.  
 Saskatchewan—Thunderstorms in some  
 localities, but generally fair and very warm.  
 Alberta—Strong to fresh winds, but  
 mostly fair; cooler in the southern  
 districts.

**SELL TIMBER LAND  
 FOR GOOD PRICES**  
 Ontario Government Disposes  
 of Berths in North by  
 Tender.  
 The Ontario Government is finding  
 little difficulty in disposing of timber  
 lands at profitable prices. Death have  
 been closed within the last few days  
 on berths in the north and the sale  
 returns mount into the thousands.  
 Three of these in the Missisquoi dis-  
 trict have gone respectively to J. J. Mc-  
 Fadden of Renfrew and the Hope  
 Lumber Company of Bay City.  
 Each section comprises 36 square  
 miles with dues of \$2 per mile and a  
 ground rent of \$10. The figures ob-  
 tained in the first two cases were  
 \$2,855 and \$4,555 per thousand feet and  
 \$5.55 from the American company in  
 each instance the sale went to the  
 highest bidder by tender and the bulk  
 of the timber is composed of red and  
 white pine.  
 A HOLIDAY HONORARIUM.  
 City Council yesterday decided to  
 allow District Fire Chiefs Smedley and  
 Vickers three months leave of absence  
 on full pay before they finally retire  
 on pension pay. These old firefighters  
 have rendered more than 40 years ser-  
 vice to the city.

FREDDIE WELSH IS THE NEW LIGHTWEIGHT CHAMPION

CLEVER WELSH MAN MADE RITCHIE MISS MANY BLOWS

Freddie Welsh Showed Wonderful Form in Title Bout and Beat Ritchie at His Own Game, Winning Championship on Points—America n Lightweight Was Wild With His Swings, While Welsh Clever Bout.

LONDON, July 7.—Fred Welsh, lightweight champion of England today beat Willie Ritchie on points in the 20-round fight for the lightweight championship of the world at Olympia.

In the opening rounds, Welsh scored more points than Ritchie in the fifth round, however, the latter was the fighting and in this and the next two rounds there were some sharp exchanges and heavy fighting, in which Ritchie generally got the upper hand.

Round 11—Welsh forced the fighting, opening with a left to the face, an operation which he quickly repeated. The fighting was unusually fallow, while Welsh, setting a furious pace, got several blows to the body and the head of his opponent.

Round 12—Welsh scored a left hook on Ritchie's neck, Ritchie recoiling by led out hard left-handers, but Welsh was always too quick for him.

Round 13—Ritchie smartened up and landed two straight rights on the face and a sharp uppercut. The American forced the fighting all thru the round, Welsh slowing up considerably.

Round 14—The American got in a short hot left on the body. Later he repeated with the right. The fighting was fast and fierce to the end of the round. This also was Ritchie's round.

Round 15—The first half of the round was a hugging match, with both men working hard in the clinches, Welsh trying to wear his opponent down. There were a couple of rallies, but no damage was done.

Round 16—There was more in-fighting, each receiving a good tap on the face. The Welshman ducted a terrific right-hander. The fight continued with fine exhibition of boxing by Welsh, who played entirely on the face, while the American tried for a body knockout.

Round 17—The men again went into a clinch on the round of the going. Upon breaking Ritchie landed a hard left hand swing on the face, and followed it with a series of sharp body blows.

ENGLAND LEADS IN DAVIS CUP SINGLES

Took Both Matches From Belgium Players, Winning Every Set.

FOLKESTONE, Eng., July 7.—England made a good start today in the first round of the competition for the Davis international lawn tennis trophy by winning the first two singles matches.

A gusty wind and a slippery court made T. M. MacGregor, the Englishman, and P. De Borman, the Belgian captain, who opened the play, very cautious.

De Borman lobbed very well, but his usual top-spin drive made little impression on MacGregor, who with the wind coming to the net at every opportunity scored many easy points.

Round 11—Welsh, who came up smartly, landed a sharp left to the face. Ritchie again failed to reach the spot effectively with his busy right. The fighting was unusually fallow, Ritchie regaining some of his ginger.

Round 12—Welsh scored a left hook on Ritchie's neck, Ritchie recoiling by led out hard left-handers, but Welsh was always too quick for him.

Round 13—Ritchie smartened up and landed two straight rights on the face and a sharp uppercut. The American forced the fighting all thru the round, Welsh slowing up considerably.

Round 14—The American got in a short hot left on the body. Later he repeated with the right. The fighting was fast and fierce to the end of the round. This also was Ritchie's round.

Round 15—The first half of the round was a hugging match, with both men working hard in the clinches, Welsh trying to wear his opponent down. There were a couple of rallies, but no damage was done.

Round 16—There was more in-fighting, each receiving a good tap on the face. The Welshman ducted a terrific right-hander. The fight continued with fine exhibition of boxing by Welsh, who played entirely on the face, while the American tried for a body knockout.

O. B. A. SEMI-FINALS TODAY TORONTO HAS TWO RINKS LEFT

Beggs and Percy Survive the Second Day at Niagara—Heaman's London Rink Falls Heavily—The Scores.

NIAGARA FALLS, Ont., July 7.—The second day's bowling in the annual tournament of the O.B.A. Association ended with two Toronto rinks in the semi-finals of the O.B.A. competition, the main event of the tourney.

The Toronto bowlers had a hard fight to gain their position in the semi-finals and are deserving of much credit. The annual meeting of the O.B.A. was held at the Clifton Hotel tonight.

—Standing Midget Series.— Won. Lost. Pct. St. Stephens. 4. 2. .667. St. Albans. 4. 2. .667. St. Augustines. 3. 2. .600. St. Matthews. 1. 5. .167. Games next Saturday: St. Stephens v. St. Augustines, St. Albans v. St. Matthews, St. Barnabas, bye.

NEWLY DISCOVERED GAS. FIRST RATE ILLUMINATION. Canadian Press Dispatch. PETROLEUM, July 7.—The gas from the recently discovered oil springs which was turned into the St. Petros lights a few days ago is proving highly satisfactory. There is no odor or damage to pipes or chimneys and excellent illumination is provided. The gas is proving much more satisfactory than the Tilbury.

GROODILE'S JAW. A crocodile at the Frankfurt (Germany) Zoo has been recently fitted to an aluminum jaw. The crocodile fractured its jaw on the rocks in its basin and every effort to get the bones to reset proved ineffective. Accordingly it was decided to operate, and the surgeon who performed the operation succeeded in replacing the fractured mandible with one of aluminum.

IN TWO STREETS. A house in Lewiston, Me., has one-half on each side of the street. It was cut in two, and one section was moved across without a permit. Then the formalities of obtaining a permit halted the removal of the other section. Don't allow dirt in your house. Look in the corner, behind the doors and furniture, under stairs and beds. Remove the cupboards. In brief, keep the house clean.

EATON'S

GERMANY ENTERS ALSO. BERLIN, July 7.—The German Lawn Tennis League has again decided to take part in the competition for the Davis international lawn tennis trophy, and will send a team to the U.S. to meet the Australian two.

REBUCK ROCKEFELLER PREFERRED JAIL TO FINE. NEW YORK, July 7.—The sentence imposed upon Upton Sinclair last April on a charge of operating a conduct for attempting publicly to rebuke John D. Rockefeller for his attitude in the Colorado strike situation, was today confirmed in the court of general sessions. When given the alternative in the magistrate's court of paying a fine of five dollars or serving three days in the Tombs, Sinclair chose the latter, and began a hunger strike. He served two days of his sentence, then his wife paid the remainder of the fine.

Lauder, 99 Good Day, 105 Carlton G, 105 Ash, 105 Towton Field, 109 Cliff Edge, 113 El Oro, 115. \*Apprentice allowance claimed. Weather cloudy; track fast.

TWO NEW DIRECTORS ELECTED TO T. & D.

Morgan and Robertson Are Successful—Injured Players' Cup Presented.

A general meeting of the T. & D. F. A. was held Monday night at Occident Hall, and a great deal of business was finally concluded in the wee hours of the morning. Tom Robertson, secretary of the D.F.A., presented his cup for injured players, and in the selections following to fill the vacancies on the directorate made by the resigning of Messrs. Innes and Sorton he and Mr. Morgan of the Thistles were elected.

Thomas of Riverdale Excelsiors was suspended for one month for unbecoming language on the field. R. Jackson, Ocarvale, was given a reprimand. The Cedarvale team have formed a Junior body, and will play out the remaining fixtures of the season. The Riverdale and Devonians will play off their cup the game tonight at seven o'clock at the Easton field. Swainses were given permission to play a benefit game for W. Mills, and Uster were granted permission to open a subscription list for Dr. Forsyth. The Riverdale Presbyterians and Over-seas Juniors will replay their game to-night at 4:45 at Cedarvale grounds. The games and referees for Saturday are as follows:

Senior Division I.—Pioneers v. Eatons—Sid Banks. Junior Division.—Riverdale Ex. v. Overseas—H. McKenna. Parkviews v. Dunlops—J. Bowie. British U. v. Uster—C. J. Popham. Fraserburgh v. St. David's—F. W. Seal. Swanses v. Riverdale Pres.—F. J. Dale. British Imp. v. Wychwood—J. S. Strong. Raith Rovers v. Old Country—M. MacGregor. Bridgen Cup—Second Round.—Russell Motor v. Baracas—H. Baker. Caledonians v. Old Country—J. Buckingham. St. James v. Wychwood—C. J. Debnay. Lancahire v. Davonports—J. Davidson. Sunderland or Devonians v. Don Valley—A. Smalley. Bridgen Cup Replay.—Christies v. Consumers—H. W. S. Murchie. Toronto Street Railway v. Fraserburgh—J. J. Howard.

The Old Country Club will have a practice tonight at Diamond Park, Fraserburgh avenue. All players are requested to be on hand early. Celtic players turn out for practice tonight at seven o'clock at Riverdale Park. A full attendance is requested. NO CRIPPLES NOW. All the injured players on the Tecumseh and Toronto teams will be fit and ready for the big lacrosse fixture at the island on Saturday. In the two previous fixtures between these two teams some of the stars have had to sit on the bench. McGregor and McDougall of the Tecumsehs and Longfellow and Gibbons of the Toronto were compelled to sit on the side during the two previous engagements. Nest and Taylor were in the line-up, and, with both aggregations at full strength, it should be the greatest fixture of the season. It is the only big sporting event for the weekend, and the demand for reserved seats has been very heavy. The plan is at 35 West King street.

TORONTO AND RIVERDALE.

Toronto and Riverdale met at Varsity lawn in an O.C.A. game on Saturday, the match resulting in a draw. Riverdale were fortunate enough to get first knock on a perfect wicket. The third wicket fell with the score at 63, but on Wilson joining Raven, the bowling was completely collared and the score carried to 170 without further loss, when the innings was declared closed, Raven being not out with 73 to his credit, compiled without the semblance of a chance, and Wilson, not out, with 28. On Toronto batting, wickets began falling rapidly, the game being called on account of bad light when 5 wickets had fallen for 52 runs, Bland getting 4 wickets for 24 runs. The scores: —Riverdale.— Allison, c and b Thimn, 12 Davison, c Leighton, b Wilkes, 15 Pickeringill, bowled Richardson, 13 Raven, not out, 73 Wilson, not out, 28 Extras, 19 Total for 3 wickets, 170 —Toronto.— Heighington, bowled Bland, 6 Carter, bowled Bland, 12 Dimmock, bowled Bland, 3 Thimn, not out, 7 Total for 5 wickets, 52

## TO STUDY POSTAGE ON NEWSPAPERS

Canadian Press Association Will Consider Action of Postoffice Department.

MATTER INVESTIGATED Proposal Also Made to Censor Advertising Copy to Eliminate Fraud.

Newspaper postage rates and their control will be the chief subject for study at the fifty-sixth annual meeting of the Canadian Press Association in Toronto on Thursday and Friday of this week.

Eighteen months ago, when an increase in newspaper postage rates was first mooted, the Canadian Press Association, in conjunction with the Canadian Press, Limited, appointed a commissioner to investigate the conditions affecting the conveyance of newspapers by post.

Agreed to Changes. As a result the two associations agreed to an increase in postage on long hauls, provided that the second-class mailing privileges were eradicated. The recommendations of the association were presented to the postmaster-general last December, and he promised to submit at an early date a memorandum expressing the views of the postoffice department as to changes in newspaper postage rates that would be acceptable to the newspapers. This memorandum has not been furnished, but in the meantime there have been two important developments.

In May it was found that a section in a bill before parliament that related for the most part to railway mail clerks contained a section which had the effect of extending newspapers from the classes of mail matter, the rates for which are fixed by parliament. The Canadian Press Association put up a strenuous fight against the proposal to abrogate that long-standing condition by giving the postmaster-general the power to fix newspaper postage rates.

The fight resulted in the rejection of the proposal by the senate, and the postmaster-general allowed the whole bill to die. Ten days ago the postoffice department announced that in view of that development it would be necessary for the department to enforce a section of the Postoffice Act under which the postmaster-general is empowered to collect up to one cent a copy for the delivery of newspapers by letter carrier, such sum to be paid by the subscriber. The section in question was a part of the first Postoffice Act, passed after consideration, and is a relic of the days when newspaper postage was paid by the subscriber. The postoffice department also announced that the newspaper postage rate of one-quarter cent per pound, which has always been interpreted as a bulk rate, and is so specified in the postal regulations, is a retail rate, and that the rate for newspapers would have to be one-quarter cent a copy. This is the situation in relation to newspaper postage in the Canadian Association will have to deal with at their meeting this week.

Censoring of Advertisements. The further course of censoring copy in order to prevent as far as possible the possibility of deceptive advertisements in advertising is another important matter that comes up. An effort will be made to agree upon certain standards of newspaper practice, expressing the proper relation of newspaper to the advertiser, and to the advertising agency. There will be a number of addresses, including one by James Schermerhorn of the Detroit Times on the subject of "Who Makes Fraudulent Advertisements." Mount Adams, Robert, La Presse, Montreal; A. C. York, Regis Ledger; S. N. Wynn, Yorkton (Sask.) Enterprise; H. E. Anslow, Campbellton, (N.B.) Graphic; John A. Cooper, Canadian Courier, Toronto; and John C. Kirkwood, Toronto.

MANY PEOPLE WANTED MORAN REINSTATED Hon. W. J. Hanna last evening explained the reappointment of Paul Moran as license inspector in North Essex as one which had been especially sought by many people in his district. Moran, he said, had been reinstated some time ago following appeals to the department from reputable people who had appreciated his services in the past. The commissioners and several clergymen had taken the ground that he had proved himself a good officer, and that it was unfair that he should be ruled out of his position through disqualification on a more technicality.

HEALTH OF HON. J. J. FOY CONTINUES TO IMPROVE The health of Hon. J. J. Foy is on the mend. Word from his home last evening was to the effect that he is much better and that within a few days he will be in a position to resume his duties at the attorney-general's department.

YACHT MADE FAST TIME. HALIFAX, N. S., July 7.—The schooner Laesa, owned by J. R. Douglas of Montreal, which sailed from Halifax late last month for Southampton, made the passage from the port to the latter in the extremely fast time of ten days and 20 hours. The time of the Laesa is believed to constitute a record for a sailing vessel of her size.

DEBAR WOMAN LAWYER. QUEBEC, July 7.—Mrs. Annie McDonald-Langstaff, who graduated from McGill last June, applied before the Quebec Bar today for admission to practice law and was refused by the board of examiners.

## PERMIT TO BRIDGE STREET ILLEGAL

Motion to Allow Hotel to Construct Viaduct Out of Order.

When Controller McCarthy attempted in the city council yesterday to reopen the question of permitting the proprietors of the King Edward Hotel to construct a bridge over Colborne street, the mayor ruled the motion out of order. The city solicitor informed the board of control yesterday forenoon that it was illegal to grant a permit to the hotel people to build a bridge across the street.

## FUNERAL OF MR. SIMPER

The funeral service of Alfred Simper, one of the Empire's Irish victims, took place yesterday afternoon in Miles' funeral chapel. Members of the Salvation Army and L.O.L. 1891 were present at the funeral, in both of which organizations Mr. Simper was a member.

## PARADE OF WORK HORSES

KINGSTON, July 7.—In order to encourage kindness to horses, the Humane Society will hold a workhorse parade on Labor Day. Prizes will be offered for 14 classes, with a special one for old horses.

## HERE IS WHAT YOU NEED THE ONE SURE AND NATURAL REMEDY Dr. McLaughlin's Electric Belt

To those who suffer from chronic ailments, stomach and bowel troubles, kidney and liver complaints, nervous afflictions, rheumatism, poor circulation, I offer a cure at the price within the reach of all. I have no drugs or dopes to sell you. The remedy I offer is electricity—that's nature's medicine.

Dr. McLaughlin's Electric Belt. My Belt, applied while you sleep, will fill your nerves with a glowing stream of electric force, giving your body the power to eliminate disease from the natural process. It is a scientific device for infusing the body with a powerful but soothing current of electricity for hours at a time, with perfectly correct and uniform sensation. All you have to do is to adjust the nature cure by renewing the vitality and energy. Where there is plenty of electricity, weakness and disease cannot exist.

## HAD STOLEN BILLS MUST FACE JURY

Missing Bank of Montreal Bills Had Numbers Cleverly Altered.

Henry L. Matthews was charged in the police court yesterday with having in his possession money stolen from the Bank of Montreal in New Westminster on Sept. 15, 1911. Bills amounting to over \$2000 were found in his suitcase when arrested and were identified by two officials of the New Westminster bank from the numbers which were so cleverly altered that it necessitated the use of a magnifying glass to detect the alterations.

## STEAMER ABANDONED

ANTIGUA, British West Indies, July 7.—The British steamer Crocydon, from Philadelphia, March 8, for Guaymas, was abandoned after the jettison of over 1000 tons of cargo.

## INQUEST ADJOURNED

The inquest which commenced last night into the death of the unknown man drowned yesterday morning in the lake of Exhibition Park, has been adjourned by Coroner W. J. Butt, until Wednesday, July 15.

## HEALTH OF HON. J. J. FOY CONTINUES TO IMPROVE

The health of Hon. J. J. Foy is on the mend. Word from his home last evening was to the effect that he is much better and that within a few days he will be in a position to resume his duties at the attorney-general's department.

## YACHT MADE FAST TIME

HALIFAX, N. S., July 7.—The schooner Laesa, owned by J. R. Douglas of Montreal, which sailed from Halifax late last month for Southampton, made the passage from the port to the latter in the extremely fast time of ten days and 20 hours.

## DIED FROM INJURIES

ST. CATHARINES, July 7.—Emanuel Bernhardt, who was seriously injured in the mill of the Ontario Paper Company at Thorold yesterday, died today at the St. Catharines General and Marine Hospital without having regained consciousness.

TEAPOT OF CENT. With practically no tools, a man in the Bridgewater, Mass. State Farm has made a perfect teapot out of a board of wood and was refused by the board of examiners.

That Son-in-Law of Pa's

AW, I SAY FANTHAW, COME QUICK, OLD TOP THE BALLY PIPE'S LEAKING!

HOLY SMOKE! IT'LL FLOOD TH PLACE!

IT'S GOTTEN ME ALL WET, DONCHERKNOW!

I'LL HOLD IT, AN' YOU HUSTLE DOWN STAIRS AN' TELL 'EM I TURN TH' WATER OFF! AN' GET A MOVE ON YA!

WHY IN TARNATION DON'T THEY TURN IT OFF? GOSH-BLUNK TH' GOL-BLAMED SOL-HEADS!

15 MINUTES WAVE ELAPSED.

AW, BEASTLY NUISANCE, ISN'T IT, FANTHAW? BUT I SHALL HAVE THE BALLY WATAW OFF IN A JIFFY NOW—OF COURSE I HAD TO CHANGE MY CLOTHES, FIRST—I WAS SOPPING WET DONCHERKNOW!

NEW YORK BECOMES ACTIVE LAST HOUR

Rumors of Early Announcement of Freight Rate Decision Responsible.

STOCKS RESPOND QUICK

Dry Goods Recovers Four Points—Bonds Firm With Feature Gain.

NEW YORK, July 7.—Trading in stocks today was without definite trend until the final hour, when the list was lifted out of its early lethargy by the announcement of considerable activity.

Gains of 1 to 2 points occurred in the brief period, chiefly in the shares of eastern railroads, which gave rise to renewed rumors of an early announcement in the impending freight rate case.

Movement irregular. For the greater part of the session the price movement was irregular on a minimum of dealings.

Specialties were again conspicuous by their unexplained gains of 2 to 4 points, and the Gould shares were active at marked recessions.

Missouri Pacific leading 2 points and the collateral bonds 5.

The sharp decline in these securities was associated with the proposed financial readjustment of the Missouri Pacific system, which is assumed to involve a severe scaling down of existing issues.

Rock Island securities, including the collateral bonds and preferred and common shares, established new low prices.

Gain in Dry Goods. Among the specialties which added to recent gains were Mexican Petroleum, Studoback common and preferred, U. S. Express, Central Leather preferred, and General Motors, while United Dry Goods preferred recovered almost four points on the perpendicular decline which preceded and followed the market failure.

General news of the day, aside from the apparent success of the new French loan, was not helpful to the constructive side.

Some additional adverse railway reports for May were announced, including that of the Great Northern system, with a net loss approximating \$1,000,000.

In the main, the bond market showed a firm upward tendency, with a six-point gain in International Pump stocks. Total sales, par value, amounted to \$2,215,000.

FINANCIAL SENTIMENT IS BECOMING BETTER

LONDON, July 7.—Financial sentiment is becoming much better. Underwriters of securities, including insurance companies and large investors, do not mind the recent small response to bond offerings. They regard the underwriting as a public method of direct investment.

Public investments, however, are broadening. The Antagonists (Chili) plan offered last week went eighty per cent. to underwriters.

The City of Birmingham has received tenders for \$250,000 for six months bills and the issues have been placed on a 2 1/2 per cent. basis, which is a very low rate.

The total applications were \$719,000.

MONEY AND EXCHANGE

Glazebrook & Cronyn, Exchange and Bond Brokers, report exchange rates as follows: Buyers. Sellers. Counter.

N.Y. fed. res. disc. par. 1/2 to 3/4. Ster. 60.49 9 5-16. Cable tr. 13-16 3/4-3/8. 10 1/2 to 10 3/4.

Rates in New York. Postd. Sterling, 60 days' sight, 485.20. Sterling, demand, 487.75. Call money in Toronto, 5 per cent.

Bank of England rate, 3 per cent. Open market discount rate in London for short bills, 1 1/2 per cent.

BECAUSE OF THE TERMS. Sir William Mackenzie characterized a report from New York yesterday as being an "irresponsible rumor." The message had to do with a statement regarding the C.N.R. loan. It was stated that the same C.N.R. loan, which was being arranged by the National City Bank, had not been placed because of unsatisfactory terms. The bank had been approached, but nothing had been agreed upon.

HOLDERS CONSIDER SALE. LONDON, July 7.—Holders of the first mortgage debentures of the Adirondack-Calgary Colliery will meet July 27. The trustees' proposal to sell the plant to another Alberta company will be considered. The latter has a capital of \$500,000. Fifteen thousand pounds new debentures are to be raised.

TAX ON TRADING STAMPS. The Massachusetts House has passed a bill taxing all companies issuing trading stamps or other coupons exchangeable for premiums.

N. Y. SEAT SOLD. NEW YORK, July 7.—A sale of a New York Stock Exchange membership was made at \$42,000, which is unchanged from the last preceding sale.

WILL ADDRESS MEMBERS. F. A. Shults and Mr. Dunham will address the members of the Standard Exchange today on the oil development at Calgary.
