MONTREAL, Nov. 11.—(Can. Press.)—That the Lemieux Act, providing for the nomination of a board of conciliation to enquire into disputes between employer and employe, is constitutional, and that consequently a board named to look into certain differences between the Montreal Street Railway and some of its employes was regularly and legally appointed, is the tenor of a ruling handed down by Justice Lafontaine, in a case which has been occupying the attention of the local superior court off and on for the past two years.

Transfer of Big Block of Banque Internationale Stock Paves Way to Merger.

HOME BANK IN DEAL

Syndicate Which Pays \$5 Per Share Is Understood to Be Merely Agent.

Col. James Mason, general manager of the Home Bank, when asked last night if the transfer of the Paris holdings of Banque Internationale shares was a step towards amalgamation of the two banks said:

MONTREAL, Nov. 11.—(Special.)—A Montreal and Toronto group of capitalists composed of Sir Rodolphe Forget and others of this city and several gentlemen closely connected with the Home Bank have purchased 53,000 shares of the Banque Internationale.

The deal was concluded this afternoon, the French holders, thru their representative, Henri Duouet, a Parisian banker, transferring their shares to J. M. Fortier, who recently was elected a director of the bank.

While officials of the bank deny knowing anything of the proposed amalgamation with the Home Bank, there is a very general belief that this is to be the end of the Internationale. Only ten per cent of its subscribed capital has been paid up, and the opinion in financial circles here is that there will be grave difficulty in getting any more of the capital in for some time, as Sir Rodolphe Forget gave an undertaking to the shareholders that there would be no calls for eighteen months.

Two weeks ago Boshoff was released from the General Hospital. He moved back to his former quarters with ten other compatriots on Erin street. Since his recent illness he has not worked, and yesterday, as usual, was sitting in the living room. About 3.20 Boshoff heard the back door open.

Looking up he saw two intruders coming into the room. The larger of the two men spoke to him in what he thought was English, but as he cannot speak the language he did not answer. The other man then addressed him. When he still remained silent the man with the gun raised his weapon and fired. The Macedonian fell back into the chair, from

FOREIGNER SHOT BY YOUNG MEN WHO ESCAPED

Macedonian Was Sitting in a Chair When Two Young Men Entered the Room, and One Shot Him in the Breast, Calmly Closed the Door and Escaped.

Under circumstances so peculiar and mysterious that the city detectives are puzzled as to which of several motives to accept for the crime, a Macedonian, known as Pula, or Tale Boshoff, was shot down at 25 Erin street about 3.20 yesterday afternoon. The man who fired the shot and his companion made good their escape before the neighborhood was aware of what had happened.

AUSTRIA CALLS ON RESERVISTS

Men Summoned From Work on Algoma Central to Prepare for War.

SAULT STE. MARIE, Nov. 11.—(Special.)—According to reports coming in from foremen of different lumber and construction companies along the line of the Algoma Central, their forces are being depleted and their operations hampered by the calling out of Austrian reservists.

LAST DEFENCE OF TURKS
GIVING WAY TO BULGARS
GENERAL OUTLOOK BETTER

Another Ottoman Defeat Apparently Indicated in Constantinople—Austria Joins Powers in Consenting to Send Turkey's Request for Mediation to Victors—Wounded Pour Into Turkish Capital.

LONDON, Nov. 11.—(Can. Press.)—Judging by all precedents in the present war, the news from Constantinople tonight is the herald of another Turkish defeat at the Tchatalja lines, where a battle has been proceeding for the past two or three days. The Turkish admission that so many wounded are arriving in the capital as to show that the Turks are offering fierce resistance has a great significance, in view of previous admissions of a similar nature, and may be regarded as preparing the public mind for another disappointment. It may be quite possible that this will prove the last great battle of the campaign.

There are indications that Bulgaria may, after all, forego a triumphal entry into Constantinople. According to some reports Bulgaria will be content with finding suitable winter quarters for her army while the peace negotiations are going on and subsequent settlements are being arranged.

Austria Falls Into Line. The question of mediation has made another step forward in the announcement from Paris tonight that the Austrian Government has agreed to join with the other powers in transmitting Turkey's request for mediation to the allies and in enquiring on what terms the allies are disposed to accept mediation.

The revelation of the danger to European peace lying in the antagonistic interests of Austria and Serbia appears to have quickened the sense of the powers and probably of the Balkan States also to the imperative need of working in amicable co-operation to secure a settlement of the Balkan problems acceptable to all the parties concerned.

Another factor making for the speedy cessation of the war is the approach of severe winter conditions, which would give to the campaign an exceedingly arduous character.

There is still talk in Vienna of sending an ultimatum to Serbia, and other warlike reports, but it is believed that Germany is exercising an ameliorating influence in the direction of persuading both Austria and Serbia to consent to a postponement of the settlement until the whole matter can be

dealt with by the European conference.

Diplomats Are Active. Meanwhile, diplomacy is active in all the European capitals. It is understood that after his important mission at Budapest is concluded, Dr. Danef, president of the Bulgarian chamber of deputies, will go to the other European courts to explain the views of the allies. The Serbian premier, M. Pachitch, after an important cabinet meeting, left Belgrade tonight for Uskup to consult with King Peter on the situation.

The reported mobilization of the Austro-Hungarian forces is denied at Budapest. Rumanian, however, is taking certain military measures with a view to being prepared for eventualities. The war minister has issued an order to all the army corps to the effect that half the contingent which was to have been dismissed Nov. 14, is to be retained with the colors until further orders.

No late news of importance has been received from Adrianople, Soutari or other points where the armies of the allies have the Turkish troops in close quarters.

STREAM OF WOUNDED. CONSTANTINOPLE, Nov. 11.—(Can. Press.)—The Bulgarians began an attack on the Turkish advanced positions along the Tchatalja line yesterday afternoon. The fighting continued throughout the day.

Judging from the number of wounded arriving in Constantinople, the Turkish troops are offering fierce resistance. The Porte sent a note by telegraph to the Turkish representatives abroad, enquiring what progress had been made with respect to obtaining the conditions of the Balkan states in the matter of an armistice. The Porte is still without a reply to its recent appeal to the powers. Cholera has appeared among the Bulgarian troops, according to the reports.

The number of wounded soldiers reaching the capital is increasing to such an extent, that the war office has decided to send contingents to Brussels. Continued on Page 7, Column 5.

WILL NOT RESIGN

The cabinet council held after the government's defeat lasted two hours, at the end of which its decision not to resign was announced.

The government, therefore, the statement concludes, "does not consider that its defeat necessitates any change in its program, which, in respect to home rule, has been supported by a majority seldom short of 100.

Liberals in Revolt. There has been considerable opposition by members of the ministerial side of the house of commons to the financial provisions of the home rule bill.

The followers of William O'Brien only this morning announced their intention of withdrawing from the house during the proceedings of the committee on the finance clauses of the bill.

Herbert Samuel, the postmaster-general, in opposing Sir Frederick Banbury's amendment to the home rule bill, said it would mean that the total sum payable to Ireland would be limited to \$12,500,000 a year.

The present standing of the parties in the British Commons is:

OPENING DOOR FOR DIVORCES

British Commission Would Make Incurable Insanity and Drunkenness Legal Grounds for Separation

LONDON, Nov. 11.—(Can. Press.)—The Royal Commission on divorce, which has been investigating this subject for several years, has made public the result of its inquiries. The majority report recommends that the two sexes be placed on an equality before the law with regard to the grounds for divorce, which shall be adultery, desertion for three years, incurable insanity after five years' confinement, habitual drunkenness, found to be incurable after three years.

The majority report also recommends that no report on matrimonial cases shall be allowed until they are finished, and that the publication of the portraits of the parties thereto shall be prohibited. The report states that the evidence taken during the course of the investigations showed that the proposed extension of the grounds for divorce, far from tending to lower the standard of morality, has had a contrary effect and that the stringent restrictions and costliness of divorce are productive of immorality and illicit relations, particularly among the poorer classes.

LABOR TO WIN BY FAIR MEANS

Gompers Denounces Methods of "Derelicts of Unionism" at the A. F. of L. Convention.

ROCHESTER, Nov. 11.—(Can. Press.)—President Samuel Gompers of the American Federation of Labor, presented his report to the convention, which opened here today.

President Gompers twice referred to the McNamara case, once in his annual report, when he reviewed the Los Angeles situation, and urged a movement for the general improvement of the condition of the ironworkers, and again, indirectly, in his opening remarks, when he protested against the holding up of the "derelicts of unionism" as examples of what that movement stands for.

"No organization of men," President Gompers declared, "represents a greater power for the advancement of humanity along right lines. The forms of labor war have been constantly renewed," he said. "Free workers do not employ the methods of slaves."

Mr. Gompers' report was given close attention, and was frequently interrupted by applause. This was principally marked when he declared against compulsory arbitration laws and for the recall of judges in the state, and the reappointment of federal judges every four years.

President Gompers reported progress in the organization of the international labor movement in Canada, where there is a total membership of from 60,000 to 70,000 in the Trades and Labor Congress. Improved working conditions were reported.

MOTHER AND CHILD KILLED IN RUNAWAY NEAR HAMILTON

Horse Driven by Mrs. S. J. Mitchell, Wife of Flamboro Farmer, Took Fright at Passing Train, Hurling Occupants in Road—Little Girl's Death Instantaneous.

HAMILTON, Tuesday, Nov. 12.—Two deaths were caused by a runaway horse at the Valley Inn, just west of the city, about 2.45 yesterday afternoon. Mrs. S. J. Mitchell, wife of a Flamboro Centre farmer, and her 6-year-old daughter, Irene, were the victims. They were driving homeward in a single buggy and when descending the steep roadway running under the G.T.R. tracks, the horse they were driving took fright at a passing train and dashed madly down the hill. Mrs. Mitchell and her daughter were hurled from the buggy to the roadside, and the little girl was instantly killed. The mother died on the way to the City Hospital in the police patrol, which had hurriedly responded to the emergency call.

The horse continued down the hill and ran into the stable at the Valley Inn and the force of the collision knocked a big hole in the side of the building, but the horse and buggy escaped injury.

Will Be No Inquest. The bodies of the mother and daughter were taken to the city morgue. Coroner McNicol was notified of the double fatality, but decided that no inquest was necessary.

A pathetic feature of the unfortunate affair is that the little girl wanted to go to school yesterday morning, but her mother thought the drive to the city would do her good. The horse driven by Mrs. Mitchell was 20 years old and had never run away before.

Mrs. Mitchell was 47 years of age, and had lived in the vicinity of Flamboro Centre all her life. Besides her husband she is survived by her parents, Mr. and Mrs. Charles Ralph of Carlisle, and by two daughters, and a three months old baby boy.

Refusing to work eight hours a day, eight mail drivers in the employ of Robert Newell, the contractor, who controls the carrying of the mail, went on strike at midnight. GAR SERVICE FOR DANFORTH. By the end of this week the Danforth car tracks will be finished to Leslie street, and the men are waiting to hear whether they shall continue the work on to Greenwood avenue this fall. Mrs. Harris should soon get busy on the overhead work, on setting poles and stringing wires. Then in a month this mile of line, and fifteen thousand contiguous residents, will be ready for the cars.

A Brilliant Opening. The opening performance of the new four-act comedy "At Versailles—1789," by Louis N. Parker, at the Princess Theatre last night, was a brilliant affair and the large audience appeared greatly pleased. Mrs. Simms, the French actress, who, by the way, speaks English fluently, scored a complete triumph.

### REV. PERCY BROUGHTON HAD HIS FEET SO BADLY FROZEN THAT TOES WERE AMPUTATED BY HIS COOK—CRAWLED ON ICE ON HANDS AND KNEES TO A HOSPITAL.

SYDNEY, N.S., Nov. 11.—(Can. Press.)—Rev. Percy Broughton, Anglican missionary to the Eskimos in Baffin's Land, arrived yesterday on the steamer Beothic. Mr. Broughton's return was made necessary by the terrible hardships he endured after straying away from his guides while returning to the mission station at Lake Harbour in March last. His guides were detained on the way and he went on ahead, only to take a wrong track. He saw his mistake, however, and returned to find that the guides had passed. The missionary spent one night in an open tent, and another night in the open, made for the coast, intending to walk the rest of the distance on the ice to an Esquimaux village he knew. A day after he started a strong wind drove the ice off the shore. He was close enough to shore to get clear, but fell in the water. Removing his boots to wring out his stockings, he found one of them frozen so stiff that he could not put it on again. Going on he went past the village about half a mile and spent another night in the open. In the morning his feet were frozen so badly that he had to make his way to the village on his hands and knees. He sent some of the Esquimaux to the station for help, and while semi-conscious the women inmates of the station in cold water, applied heat. The next day he was removed to the station and lay for three months in a veritable agony. He lost the toes of his right foot, his cook performing the operation. On Aug. 11 the mission ship arrived at Lake Harbour. From her he was transferred to the Dominion Government ship Minto. Here Dr. Goodwin of Halifax treated him, two operations on his feet being necessary. After six weeks on the Minto he was transferred to the Beothic, which landed him here, 81 days after leaving Lake Harbour.

From here he goes to Toronto and thence to London, Eng. He is still lame and shows in his face the terrible hardships he endured.

He will return north, he says, in two years, as men able to speak the language are hard to get. The usual stay of missionaries in Baffin's Land is two years at the time. Mr. Broughton went north in July, 1911.

### PROVINCES ATTEMPT TO CANCEL ACTION COMPANIES' CASE WILL GO AGAINST THEM AND LEAD TO BIG LOSS OF REVENUE.

W. J. HANNA AT OTTAWA

Compromise of Some Kind May Follow—Strong Pressure Being Brought to Bear.

OTTAWA, Nov. 11.—(Special.)—The provinces are making strong representations to the federal government with the object of having the companies' case, which comes up before the supreme court at its present session, called off. Hon. W. J. Hanna, provincial secretary, was here Saturday and had a long conference with Premier Borden and other members of the cabinet relative to the matter. The provinces realize that the case is likely to go against them and fear that if they lose the power of incorporating companies, it will mean a big loss to them of revenue. In the case of Ontario, it is understood that this loss of revenue would total a quarter of a million dollars.

Manitoba and British Columbia would also lose heavily. Strong pressure is being brought to bear by Manitoba. It is said, thru Hon. Robert Rogers, to have matters remain as they are at present. It is understood that a subcommittee may be appointed to deal with the question and that a compromise of some kind is likely to ensue.

### LIBERAL MAY FORFEIT SEAT.

LONDON, Nov. 11.—(Can. Press.)—The question whether Sir Stuart Murray Samuel, Radical member for one shall continue to hold his seat in parliament is to come before a select committee of the house of commons.

Under an old act of parliament a member may not be even indirectly interested in such a transaction.

### PEACE OR WAR? DISSENSION IN TURKEY

Army and Population in General Are Being Worked Up to a High Pitch of Resentment Against Government—Grave Internal Crisis Seems to Be Imminent.

CONSTANTINOPLE, Nov. 10.—(Can. Press.)—(Unconfirmed)—The situation in Turkey is becoming more and more grave. Internal dissension seems to be impending. On the one hand the position of the government is seriously compromised because the army repudiates the mediation proposals, while the other hand the committee of union and progress is giving evidence of renewed activity, while Turkish feeling, both national and religious, is being worked up to fever pitch by the preaching in the mosques and the impassioned language of the great orators.

The most serious feature of the situation is the weakness of the government in having, first applied for mediation to an armistice, later requesting mediation pure and simple and then being virtually obliged to yield to the army which repudiated mediation. Probably only the fact that the powers have not replied to the request for mediation prevented a ministerial crisis and expedited the government from the impasse, as it will not now be called upon to take any action.

The committee of union and progress has taken up strongly the cry of "No Surrender." The newspapers Tanine and Yeni Gazete have been suspended for printing violent comments.

Incited by Sheik.

The Sheik-ul-Islam, who yesterday issued a manifesto to the Ulemas and Hodjas, proclaiming a holy war, made public a further statement today. He says: "The initiative of the military council and with the approval of the council of ministers, a communique of the grand vizier has been issued ordering the desertion of the army now preparing to leave for the headquarters of the army."

Reports circulated contrary to the spirit of this communication are false and should be considered worthless."

### Sore Chest Cured In One Night

Broke Up a Heavy Cold, Relieved Pain in the Side, Stopped an Irritating Cough.

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of F. Von Hayden, the well-known violinist. "My work kept me out late at night, and playing in cold, drafty places brought on a severe cold that settled on my chest. I had a harsh, racking cough and severe pains darted through my sides and settled in my shoulders. I used different remedies, but none broke up my cold till I used Nerviline. I rubbed it on my neck, chest, and shoulders, and in a few minutes the cold disappeared. Realizing that such a heavy cold had run down my system, I took Ferronine at meals, and was completely cured and strengthened. Since using Nerviline I have no more colds or pleurisy, and enjoy perfect health."

### RULES GOVERNING THE CONTEST

The Toronto World Proverb Contest is held to encourage thought and research on the part of the young and provide a pleasant mental diversion for everyone.

Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a commonly used and well-known English proverb.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5,000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first proverb picture was published in The Daily World, Thursday, Oct. 3. The last will be published on Dec. 16.

The correct answers, to serve as a basis of awards, are being selected according to their common use by the Contest Manager and three representatives of The Daily and Sunday World, and will shortly be placed under seal in a Safety Deposit Vault.

This list of correct answers will remain under seal until called for by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers are included in The Toronto World's Book of English Proverbs, which is published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in their answers, at the close of the contest, according to the rules. The person sending in the correct or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person awarded the second nearest correct list of answers will receive the second prize, etc., etc. Entry may be made any time before the contest is entirely closed. Rules follow:

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World, except employees of The Daily and Sunday World and members of their families. Anyone not mentioned above mentioned may enter the contest by simply enclosing a registered pencil or typewriter, and arranged in any manner to suit the contestant.

2. Contestants must write their answers upon the coupon provided and send them to the office of The Daily and Sunday World every day during the Contest. Answers may be written with a pencil, or typewriter, and arranged in any manner to suit the contestant.

3. Each picture represents only one proverb. Where contestants are not certain as to which proverb is represented, they will be permitted to send five (5) answers (not more than five) to each picture. If the correct answer is given, incorrect answers will not count against a contestant.

4. Only one answer may be written upon a single coupon. Extra coupons for additional answers, and all coupons of a number must be kept together in making up the list.

5. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and any one set of answers will be accepted from any individual contestant.

6. Answers must not be sent in until the last proverb illustration has been printed. The contest will have been printed, contestants must arrange to have their coupons in a neat envelope, fasten them securely together and deliver or mail them in a registered letter to the Contest Manager, The Toronto World, Toronto, Ontario, with the time specified in the following rule.

7. The time of receiving answers will have no effect upon the awarding of the prizes with the exception of all answers must be delivered at the office of The Toronto World or bear postmark of mailing in Toronto, Ontario, before the last of 1912, twelve days after the last of 1912 picture is published.

8. The prizes will be awarded to readers sending in the nearest correct set of answers to the entire series of seventy-five (75) Toronto Daily and Sunday World Proverb illustrations.

9. In the event of a tie between two (2) or more persons, the contestant sending in the nearest correct set of answers to the least number of pictures will be awarded the prize. If there are two (2) or more contestants submitting the same number of correct answers upon the value of the prize or prizes, the list of answers will be equally divided among these persons.

10. In making the awards, the judging committee, whose names will be announced in due course, will take into account the similarity and exact wording of the proverbs as selected by the Contest Manager and three representatives as contained in The Toronto World's Book of English Proverbs; spelling, wording, punctuation, and the correct construction that will be graded.

11. Where a set of answers is securely fastened together the contestants will be permitted to stamp (with rubber stamp) or affix a label or her name on the space allotted for same, and omit the full address from the greater majority of the answers. The name and address of the FULL NAME AND FULL ADDRESS OFFICE ADDRESS is plainly and distinctly written on the back of each and last six blanks of the set.

12. In sending in the answers at the close of the contest it is important that contestants seal all packages containing their answers, and if mailed, contestants should enclose great care to see that postage is fully prepaid at the rate one cent per ounce, or fraction thereof, in Toronto, and two cents outside of Toronto, as The Toronto World is not bound to pay postage due on any set of answers.

All communications or letters of enquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto, Ontario.

TUESDAY MORNING, NOV. 12, 1912

CHAIRMAN McINTYRE

There are only two men in the public service of Ontario who have a better chance of earning the respect and esteem of the people than Mr. McIntyre, K.C., who has just been appointed chairman of the Ontario Railway and Municipal Board. They are Sir James Whitney and Hon. Adam Beck.

LAND BUTCHERS

The Telegram is against the land butcher on the outside who sells his land at a big profit and leaves the buyer to supply the municipal improvements; worse, than the land butcher is the man who won't cut up and sell at any price and who sits down for still bigger profits. For instance, there are blocks and blocks immediately adjoining the city or within a stone's throw of the limits, worth a couple of hundred thousand dollars a year ago, that have grown in value to over a million since then, and still only pay township taxes.

BANK MERGERS A MENACE

The United States Investor, in the role of a candid friend, warns the big banks of New York against more mergers and increased centralization. The important mergers now in progress and the gentlemen's agreements between some of the big banks in the past, in the opinion of the Investor, furnish some reason for the agitation against the "money trust" and will reinforce public opinion in its stand against the branch bank system.

THE TRANSCONTINENTAL

The World has been telling the people of Canada for some days now that the Grand Trunk Pacific is not taking over the Transcontinental Railway. A foolish press that doesn't know news when it sees it tries to discredit us.

FOND OF MAKING "SHORT WORK"

The Telegram thinks the legislature will make short work of "the reform" of allowing the people who pay the taxes to say what will be done with the money. The Telegram is willing to make short work of it, because it is defending the interests of those who do what they will with the taxpayers' funds. And the Telegram is highly indignant over the real estate exploiters who sell land at many times its assessed value.

FARMERS ALSO WANT JUSTICE

A "clothesline cable," nicely canned, is being distributed by their newspaper allies by the railway companies and is being fed out by these newspapers to the public. It purports to be a despatch from London and laments the falling off in Canadian credit, which must inevitably follow any reduction in western freight rates by the railway commission. The British investor, in this despatch, appears in the role of a dotting father who has purchased Canadian railway stocks and bonds as a matter of good nature, and who will refuse to buy any more if he perceives any signs of selfishness on the part of the Canadian people.

the bond issue just referred to is guaranteed by the government; indeed, nearly all our railway securities, recently marketed in London, have been guaranteed either by the Dominion or by some one or other of the provincial governments. Even so guaranteed, many of these securities sold at a rate which suggested that the British investor was on the lookout for a big bargain.

But apart from all this, the canned cable deserves no consideration. We had many of the same kind when the Ontario Government proposed to establish the hydro-electric system. The people of this country would be unwilling to have honest investors robbed by confiscatory legislation, but they are even more unwilling to have the western farmers and the producers of Canada generally robbed by extortionate and discriminatory freight rates. They favor a square deal all round.

PEST HAUNTED

More cases of consumption are believed to be contracted in the city registry office than in any public office in the city. Lawyers and law clerks and others who have to frequent the microbe-haunted chambers are worse risks than the policyholders in the hazardous class. It is not the least danger about the real estate business that a man has to be immersed for long periods searching titles in the unhealthiest atmosphere in the city. It has been suggested that Dr. Hastings establish a filtration plant, or Mr. Ryan burn incense of a disinfecting character, or that Commissioner Harris open the windows, or that the board of health take a culture from the fetid atmosphere, or a swab from any of the venerable volumes of record. It is not a healthy place for either young man or old to spend time in.

AN OUTSIDER'S VIEW OF THE I. C. R.

To the November number of The American Review of Reviews, ex-Senator Beveridge of Indiana contributes an article upon "Canada's Government Railways." Beveridge visited Canada some months ago, and evidently made a careful study into the affairs of the Intercolonial.

WILL ASQUITH RESIGN?

Also it was known that the financial provisions of the Home Rule Bill were not approved by a section of the British Liberal party, the defeat of Mr. Asquith's government yesterday came like a bolt from the blue. It is evident from the vote in committee that the ministerial support was about a hundred below the average strength hitherto accorded. Of that number the withdrawal of the Independent Nationalists accounted for eight, and the remainder can only be attributed to the absence, from accident or design, of Liberal, Labor and Nationalist members.

Perhaps the most important part of Mr. Bennett's address dealt with policy respecting any future application of railway companies for increased stock capitalization, fixed the words, his policy for handling the melon cutting. But in this he failed to deal with the very question at issue.

AT THE THEATRES

MADAME SIMONE

New Comedy Presented at the Princess is Brilliant, Clever and Entertaining.

Nothing so brilliant, so clever, so entertaining of its kind since Sheridan's play so well-known in its English translation as "Diplomacy" has been seen on the stage as the superb comedy by Louis N. Parker, "At Versailles," which was put on at the Princess last night previous to its appearance in New York with Madame Simone, the enchanting French actress, in the leading part.

The story, which is founded on the veridical facts of the friendship of the Austrian baroness for the queen, and her endeavor to intercept a yellow ribbon written by the Duke of Richelieu, and a masque ball Bettina appears in a yellow domino, steals the document, and incidentally crushes the heart of the Duke of Richelieu, the Marquis de Belange. These parts of the old aristocrat with a cleverness worthy of John Bull, and Mr. L'Estrange fully sustains the part of his charmer and the spy, he is pursuing one and the same, and this forms part of the comedy as life, is the baroness' motto, and she believes in playing it with all her cards on the table.

The appearance of Grace George is always an event of the theatrical season. Playgoers can depend on seeing a thoroughly charming and clever actress, a company always kept up to the very highest standard, and a production that cannot be surpassed by any New York scene besides.

The baroness is shrewd enough to pick up a situation from the slightest clues and these clues of intuition are turned to double account for the audience, which is never more mystified than when apparently fully informed. "You positively reek of honesty, my good Placide," is only the preliminary to the discovery of his wife and his errand. The first act ends with every one looking for the stolen pocket and the baroness unable to say whether he is most in love or most engrossed in his mission. In the second act the baroness plays with him as with a plume, and she finds it hard to convince him, although he is distracted by the cold glitter of your diamond eyes. "The cold glitter of your diamond eyes," she tells him. And he responds, "I am afraid of you. I can't trust you. The infinite of the baroness as she invites him to the sofa is one of the things to remember in the comedy. "Come, Wolf!" is her challenge. The brilliance of the costumes of the court ladies is a feature of all the scenes. In the third act when apparently the jig is up and the demurely kingly baroness stands confessed before the indignation of the duke and marquis, it is the highest range of comedy that she bids the marquis "Au Revoir," in response to his "Good-by."

Then follows a little scene with the duke like a passage from Thackeray, in which the great novelist himself would have revelled, for the duke is entirely after the heart of the creator.

"LITTLE BRIDES" AT THE ROYAL

Bright and Tuneful Production, With Many Novel and Fascinating Features in Lyrics and Dancing.

Last night at the Royal Alexandra a capacity audience was hugely delighted with the presentation by Messrs. Shubert of "Two Little Brides," with James T. Powers as the principal attraction. The operetta with music by Gustav Kerker is a bright and tuneful production with many novel and fascinating features in lyrics and dancing interludes. In these days when the ends of the earth and the utmost of imaginative ingenuity are continually being ransacked it seems almost impossible to invent anything that has not been anticipated. Nevertheless the "Two Little Brides" manage to provide episodes of unusually titillating quality, provocative indeed of a continuous flow of laughter and applause.

The plot turns on the adventures of two flighty individuals who find themselves within the precincts of a school for young ladies, one of whose rules is that pupils found in the company of others of the opposite sex must immediately be married. Count Boris Pansoon finds himself in the predicament of not being able to make love to the girl of his heart without finding mate for her dear friend and continual companion. So he invents his friend, Polycarp Ivanovitch, who is on the eve of marriage-not for love but for duty-to lead his friend to the altar. Polycarp consents, only to find himself ensnared in the rules enforced by all the powerful influences at command of the Cossack general. Under that compulsion he and Boris are promptly married and then the amusing complications begin.

Altho Mr. Powers has his mannerisms, which once known are never forgotten, he is a most agreeable and original type of humor which compels laughter. It would be difficult indeed to analyze, but still it engages the audience and therefore it is of general appeal. Last night Powers dominated the stage and his entrances and exits were alike provocative of merriment. And after all for a light comedy, whether verse, musical verse or prose, what better recommendation can there be?

He was admirably supported by a company clever individually and even more in concert. As the two enforced partners in the comedy, Honora and Tetjan, Misses Anna Wheaton and Lelia Hughes lent themselves fully to the swing of the operetta and sang with their usual artistic finish. Charles H. Bowers shared popular favor as Count Boris, and all the subordinate roles were very artistically filled. The music was exceptionally good, and altogether the operetta was one of the prettiest and most attractive yet presented in Toronto and fully sustained the verdict passed in United States cities. It will be offered during this week with the usual Thursday and Saturday matinees.

Grace George Coming. The appearance of Grace George is always an event of the theatrical season. Playgoers can depend on seeing a thoroughly charming and clever actress, a company always kept up to the very highest standard, and a production that cannot be surpassed by any New York scene besides. But her week in Toronto scene besides Monday evening, at the Alexandra, will possess more than ordinary interest, because it will see the first performance of "Carnival," adapted from the famous novel by Compton Mackenzie. Mr. Mackenzie, just now the most talked-about literary celebrity in London, will be present at the opening. Since its publication last spring, "Carnival" has ranked with the six best sellers, and its author has been given a place, despite his twenty-nine years, in the hall of fame next to Meredith, Hardy, H. G. Wells, and Arnold Bennett. Miss George will play the part of a ballet dancer at the Orient Theatre, who discovers, after several seasons in the ballet, that all she really wants in the world is love, a home and children. She is surrounded by a company of twenty-five, including John Glendinning, Donald McLaren, William Richardson, P. Owen Baxter, Louis Rial, Clarice Lawrence and others. The seat sale opens Wednesday, but mail orders are now being received.

of the Vanly Fair gallery of unscrupulous blue bloods. Of course everything comes right in the last act, but there is not a dull moment from the first. In the last, and the unconventional curtains, as when she scuttles across her bouffant with the precious paper, or marches off at last to "quail on toast," signalize the literary finish which should preserve the play for many seasons.

The company thrust is of a high order of excellence, and the staging is equal to any metropolitan craft. It is about one of the great successes of the time. A Brilliant Melodramatic Farce. Next Monday night at the Princess Theatre, Chubb and Harris will present Augustin MacIntyre's brilliant melodramatic farce "Coffee 866" with Geo. Nash and Edward Abeles in the principal roles. The entire original supporting company comes direct from two seasons of phenomenal success at the Gayety Theatre, New York, where the play scored the greatest triumph ever achieved by a farce in the history of the American stage. This offering is conceded to be a veritable masterpiece of play construction, yet at the same time an intensely humorous exposition of the surprising complications that follow the attempt of a young fellow making millions to get a rest from the life he is engaged in the act of stealing a valuable collection of paintings. There is a love story cleverly interwoven into a plot that is artfully unraveled and sharply contrasting climaxes so ingeniously contrived as to provoke continuous surprises and a whirlwind of laughter.

"OVER NIGHT" AT THE GRAND WAS THOROLY ENJOYED

Laughing Comedy Presented by Same Company as Early in the Season.

"Over Night," the Bartholomae comedy, which was seen here early in the season, was presented at the Grand last night by the same company and with the big production. It is a real comedy with innumerable laughing situations, and was thoroly enjoyed by the large audience last night. The plot of the comedy is very simple and all hinges on a mix-up of two bride couples, the husband of one by accident being left ashore with the wife of the other, while the stewardess with the other pair sails on his trip up the Hudson River. Elsie Darling, the sweet, winsome little bride of a college athlete, is spirited away in charge of the nobby-pamper, milk-fed husband of a staturesque suffragette, who find themselves in a predicament which is accentuated by the fact that the other people on the boat insist on

Who appears at the Alexandra next week in "Carnival," a new play.

Billy Hill Makes Hit In "Daffydills"

"The Daffydills on Broadway" and "The Laundry of One Lung Choo," at the Star all this week, are two of the best laugh-provoking comedy melanges on the road this year. Sam Rice is both the writer and producer of the two burlesques, and in both productions the fat, funny man is very much in evidence. The first depicts the Great White Way in full blaze in the vicinity of Herald-square. It is winter time and a realistic snowstorm is in progress. Mr. Rice introduces every type of character seen on Broadway from the ticket speculator, Lew Seeker, to the speed-thrift, Jack Rounder, in such rapid succession that

Miss Billie Hill at the Star

it could well be styled a moving picture of Broadway. In this act Miss Billy Hill sang "Parisienne," her famous song, and was recalled four or five times. Madge Hughes sang "Billy, Billy Bounce" among other songs. "Money, Money, Money Rules the Land" is the opening chorus of the second comedy. It made a hit with the audience yesterday. The climax of the marvelous production comes near the end when a number of sea nymphs are seen cavorting in a marvelous fountain of real water. Miss Billy Hill, as usual, was marked for much applause. She is a great favorite here and has a fine support at a splendid show. The Star should be awarded this week.

MUSICAL BOYS GAVE ENJOYABLE CONCERT

Large Audiences at Massey Hall Thoroly Enjoyed Varied Program by Barnardo Boys.

Enthusiastic accolades for every instrumental number on the program attested the delight of the audience at the Barnardo Boys' concert at Massey Music Hall last night. Having thousands of boys to select from, the ten boys taken to Australia and now brought to Canada for the Dominion tour, are born musicians of rare skill. The concert consisted of a wide range of classical and popular selections, and included a large number of instruments. The greatest ovations of the evening were accorded the British Cavalry charge bugle, calls, arranged as a march, and the marching and playing by the Barnardo Highland pipers. Archdeacon Cody presided. Rev. W. J. Mayers gave brief descriptions of the graphic scenes of moving pictures of historic events at the Barnardo homes. Nine thousand children are in the institution at present. A thousand boys and girls are sent to Canada annually.

Archdeacon Cody commended the movement to erect a Canada Hall at the Barnardo Garden City in England at a cost of \$25,000. This in two years from now would represent a dollar for each of the Barnardo young people sent to Canada by the Barnardo agencies. A Barnardo concert will be given at Massey Hall this afternoon and evening. N. W. Howell will be the chairman tonight.

Caring Apples. It is a very common practice when preparing apples for baking to take out the core by cutting all the way thru. The sugar and flavoring with which these openings are filled will more or less of it drain out at the bottom and bake on to the dish with the gravy. The better way is not to cut quite thru the blossom end of the apple. The sugar will then permeate the fruit. Salt fish should always be soaked with the skin side up.

Attractive Show Given at Gayety

Several novel and attractive features are introduced in the Star and Garter Show, which is the attraction at the Gayety this week. The musical satire, "The Filtrating Widow," is the medium thru which the large audience

regarding them as a newly wedded pair. They face a situation which becomes more and more amusing as the plot develops, and you wonder how they are going to straighten out the tangle. The entire affair deals with young people and with newly weds, in the second and third acts the fun grows fast and furious, and at the finale the author takes pity on his laugh-wearied audience and brings all to an expeditious and happy end. The comedy proves itself a wonderful tonic for persons who go to the theatre for a laugh. The company is an exceptionally able one and work together in harmony, bringing out all the ludicrous situations with all the comedy that the author intended. Frances Larrimore is a capable little actress, and James Linhart and Tom Emory, a Toronto favorite, are clever in their respective roles. In fact, the company is great and should play to large audiences all week, and especially at the matinees on Wednesday and Saturday.

"MADHOUSE" DAYS RECALLED WITH GLEE AT SHEA'S

Ticking Travesty Tells Thrilling Tale of Tragic Times--A Splendid Bill This Week.

Those who visit Shea's this week will be carried back to the old "Madhouse" days, when "Nelle, the Beautiful Cloak Model," "No Mother to Guide Her" and kindred thrillers of melodrammer specimens of zitting theatricals were served hot off the grid. In Everett Shantz' "More Sinned" slangy comedy, "Unusual," Arthur Hopkins presents a travesty on up-states folks which is not all travesty by a long shot and makes one wonder how that brand of theatrical scream ever got the tears and sobs which went with it as a nightly contribution from crowded houses. In this "drammer" are all the old "Madhouse" types. The fool hero never did anything worth while. The bemoustrached villain, who in this case has his snakey music which always attended his evil mutterings, provided by "Shadov," billed as his "accompanist" in chime. This "drammer" is a screen in four acts, in which are set forth the old farmhouse, the toolhouse on the hill and the old quarry road, and then back to the kitchen for the finish. Between acts there is a fine bunch of illustrated songs, a story of the whole thing received the greatest tributes from two capacity audiences, the tribute of "I remember, I remember." If you leave it to the audience there are few more popular performers than Alfred, the vagabond violinist. He makes that fiddle follow him thru old melodies, ragtime and imitations, and makes a hit all along the line. His playing leads to recall after recall and he leaves his hearers wanting more and more and then some. Keller Mack and Frank Orth make a big hit when they get about to their singing, and about find some way to get to it quicker. Sullivan and Barling have a good story, and plenty of slangy comedy. Belle Story has a good voice, but her selection of songs is unfortunate. Lydia and Albino make a very simple act which attracts by its simplicity. The three Emmersons have the good old story of the head-to-head, or head-and-hand, balancing thing, and do a couple of stunts which are new. The Beth Stone Trio open the show with an acceptable novel dancing act. New and interesting motion pictures close the best all round bill of the season to date.

Important Meeting To Be Held Tonight

Co-Operation of All Christian Men's Organizations Will Be Effected.

A meeting to effect the co-operation of all Christian men's organizations in Toronto, on questions affecting the moral and spiritual welfare of the city, will be held in the Jarvis street Baptist Church, corner of Gerrard street, at 8 o'clock tonight. This gathering is important, especially as the question of Toronto's morality is just now so prominently before the public, also in preparation for the large convention which is being held the following week, when all the men's organizations of the Province of Ontario will assemble, and the annual convention of the Brotherhood of Evangelists of Canada will be held in this city.

NO LIQUOR FIGHT IN OWEN SOUND

OWEN SOUND, Nov. 11.—(Special)—It is now a foregone conclusion that there will not be a vote at the January municipal elections for the repeal of the local option bylaw. At the council meeting tonight no move was made by the anti-members of the council to introduce a repeal bylaw. It is understood that the anti-forces will not try to have the bylaw repealed until 1914. This far a time at least clears up the situation created by the ruling of the courts that the repeal bylaw last January had been improperly submitted. This legal decision left it optional with the anti, whether or not they would bring on a fight this year.

EFFECT OF AURORA ON WIRELESS WAVES.

The aurora borealis appears to effect the electric waves sent north and south between Hammerfest, Norway and the most northerly wireless telegraph station at Green Harbor, Spitzbergen. Messages mentioning a brilliant aurora have reached Hammerfest extraordinarily strong and distinct when no light in the sky was there visible, and, on the other hand, signals sent northward during a bright aurora have been at times wholly interrupted. That is, the northward electric waves are weakened, while those passing southward are strengthened.

# PROGRESSIVE PLANS ARE PROGRESSIVE

## Standard of Excellence of the Young People's Societies, and Wide Program, Has Been Set.

Progressive plans were announced yesterday by Rev. J. C. Robertson, secretary of the general assembly's committee on Presbyterian Sabbath schools and young people's societies. The committee yesterday took possession of a new suite of three office rooms in the east wing of the Confederation Life Building.

The executive committee's first meeting, held yesterday, decided to set apart the first Sunday in February for the celebration of the centenary of the birth of Dr. Livingstone, by the Young People's Association, and to hold a Livingstone service in the Sunday schools on the last Sunday in January.

A new constitution for the young people's societies is to be prepared and published.

An installation service for Sabbath school officers and teachers, and for officers of young people's societies will be drawn up for adoption at the next meeting of the executive.

A lantern slide department will be organized to be used in advocating the claims of missions and all the plans of the church.

A standard of excellence for young people's societies was adopted. The standard calls for the society to be open all year, an annual canvass of all persons eligible for membership, officers and conveners regularly installed, standing committees reporting monthly, devotional exercises at every meeting, membership actively sharing in all the work of the society, one or more study classes, systematic giving by all, loyal support of congregational activities, active co-operation in the plans of the general assembly's young people's society committee.

The damage to the stock was \$2000 and \$500 to the building, both covered by insurance.

### Executors of Late Charles Lindsey's Estate Say Life of Mackenzie Was Not Properly Written.

Booies of Ontario's revolutionary past flitted thru the city hall yesterday when, in court No. 4, Mr. Justice Britton began the hearing of a suit to restrain Dr. Wm. Dawson Le Sueur of Ottawa from publishing his Life of William Lyon Mackenzie. Among those present were the Hon. William Lyon Mackenzie King, late minister of labor, a grandson of the noted reformer, and Dr. James L. Hughes, whose name figures in the pleadings. In his statement of claim, the plaintiff, George Goldwin Smith Lindsey, suing for himself and as executor of his father, the late Charles Lindsey, alleges that Mr. Le Sueur obtained access to a collection of important papers belonging to Mackenzie's life on representations that were not in accordance with fact, that he did not make fair use of information so obtained, and that his manuscript was rejected on that account by the Morgan Company, for whose "Makers of Canada" series it was written.

Reducing the opening statement of Mr. Helmutt, K.C., for the plaintiff, to its essentials, Mr. Justice Britton said the main points of his case were: (1) Was access obtained by fraud? (2) If access was gained without fraud, was it for a specific purpose? and (3) Was there misuse of the privilege by the defendant? Much of the earlier proceedings consisted in the reading of the evidence given by the defendant's witnesses. The cross-examination then made turned partly on the charge that Dr. Le Sueur had given an adverse opinion on Dr. Hughes's life of Mackenzie on the ground that his estimate was too favorable. On being called to the stand, the plaintiff, Geo. Lindsey, narrated the circumstances attending the entrustment of the papers to Dr. Le Sueur, whose defence is that Lindsey has no title to sue, and that his book contained his honest view of the facts as recorded in the papers and in other historical records.

### FOUND DEAD IN BED

Falling to rest a response to their knock and call during the afternoon, the friends of Patrick Norton, aged 80, 233 Bloor avenue, called Constable Mumford about 6 o'clock last night and asked him to force an entrance. After the door had been broken in, Norton was found in bed, quite dead. The framed gas fire in bed, quite dead. A jet was found turned on in one of the lower rooms. The body was removed to the morgue and Coroner Dr. McKichan will open an inquest.

### NO HYDRO FOR ST. KITTS.

ST. CATHARINES, Nov. 11.—(Special.)—The city council tonight decided not to act on the petition for hydro-electric power in St. Catharines. The fact that an expenditure of \$100,000 for a power station and distributing line was necessary caused the aldermen unanimously to shelve the question. The contract for street lighting does not expire for over two years. There was a unanimity of opinion among the members that light which was mainly petitioned for could not be provided any cheaper than at present.

# McMANIGAL TELLS OF "JOBS" FOR WHICH HE GOT \$200 EACH

## Placed Nitro-Glycerine in Buildings and Either Waited to Hear Explosions or Read Accounts in the Newspapers—Named 45 Men Who Knew He Was Paid Dynamiter

INDIANAPOLIS, Nov. 11.—(Can. Press.)—From that part of his career when he had discarded dynamite and was resorting to the use of nitro-glycerine which he carried about on passenger trains or in the dozens of quarries, Orus E. McManigal related at the "dynamite conspiracy" trial today how he had caused explosions at Cleveland, Ohio; Jersey City, N. J.; Pittsburg, Pa.; Omaha, Neb., and Superior, Wis. He named Peter J. Smith, Cleveland; Charles Wachmeister, Detroit; Herman Clina, Indianapolis; William E. Reddin, Milwaukee; Fred Mooney, Duluth, Minn.; and James A. Clancy, San Francisco, all labor union officials, besides those he previously mentioned as being among the defendants who knew he was employed by the Ironworkers' Union to blow up work under construction by "open shop" contractors.

Carrying 12 quarts of nitro-glycerine in the company of Herbert S. Harkin from a hiding place in an old cooper shop at Rochester, Pa., McManigal testified he delivered the explosive to Smith and Anderson in Cleveland, to be used by them in blowing up a building at Akron, Ohio, July 4, 1912. The witness said he was to have done the "job," but Smith insisted it had been promised to someone else.

Each job worth \$200.

"On my going again to Indianapolis, J. J. McManigal said he had talked to President Frank M. Ryan of the Ironworkers' Union about Harkin holding out part of my pay for each job. McManigal said \$200 a job had been set aside by the union, and hereafter I would work directly under him. He said he had just received a letter from Frank C. Webb, New York, asking to send me to blow up Pittsburg, Pa. Co. job at Greenville, Jersey City. I was to return by way of Pittsburg and look over the McKee's Rock job, and also by way of Scranton, Pa., and get in touch with Michael J. Hannon, local business agent. McManigal told me not to talk much to Hannon as he wasn't sure of him yet.

"Webb met me in Jersey City and took me out to show me what to blow more. While he surveyed the job he stood back, saying the workmen knew him around there. That night, after waiting two hours to learn that the watchmen had returned only once an hour, I placed two bombs in some girders

# Hon. S. H. Blake Appeals to Great Gathering of Canadian Club Members to Raise Standard.

"I can see the time when the upright man of today, at whom the world points its finger, and declares a failure, comes before the Supreme Lodge, and is asked to help judge those beings who declared him to be a failure."

Thus spoke Hon. S. H. Blake before a tremendous gathering of the Canadian Club at their luncheon at McKee's yesterday.

Proclaiming to the members of the club the general attitude of the world in judging of a man's success by the size of his bank roll, the speaker called upon the Canadian Club to help in keeping the standard of a man's life upright. "Don't let it deteriorate," he urged the speaker. "You men who are business men set your standard of business methods by God's holy word, the bible. Give sixteen ounces to every pound, and make the best of it. You can't possibly turn out. Don't hide behind your fellow business men, and consider questionable business methods on your part justified, because somebody else does the same thing. Don't set your standard by somebody else's, or a continued system of deterioration will set in."

At times humorous in his comparisons, but at all times speaking with tremendous earnestness, the speaker's words were punctuated by thunderous volleys of applause from his hearers.

"What is the success of the man who has accumulated a large fortune, yet never done one little simple kind of act for humanity's sake, compared with the success of a man who has lived a straightforward, honest, Christian life? Maybe he hasn't made a pile of money, maybe he can't afford it at all, but he has a good heart, gentlemen, that man will be rewarded with the everlasting inheritance when he goes to meet his Maker."

# Fifty Thousand Have Come From the Old Country to Ontario So Far This Year.

The unprecedented rush of immigrants who have been pouring into Canada from the old country all thru the fall has brought the number who have come to Ontario so far this year up to the magnificent total of 49,737—this compared with only about 12,000 for the whole of last year.

Official figures state that this will mean that the Toronto headquarters for Ontario immigration at the Toronto Union Station will have to be considerably enlarged, if the rush of immigrants that will come in upon Ontario in the coming year is properly handled.

One of the surprising things in connection with the immigration into Canada this year is that while other years immigration had by this late in the season of the year, the number of immigrants are now rushing in. In fact, several hundred sometimes coming in during a single day, said Robert Birrell, director of the immigration office to the World yesterday afternoon. A very large party arrived during the morning of the 11th. The Royal Canadian Mounted Police are now in Hamilton. Of those going to Hamilton was the family of Wm. Thompson, an English family, which consists of a mother and two children.

"From reports now to hand there is no doubt but that immigration will continue to be a heavy weight on winter and when a next spring arrives the rush should be simply enormous and something that should break all previous records."

Demand Cannot Be Met.

"While the number now coming in is less than ever before, the demand cannot be met. Before this morning thirty Ontario farmers called in here to try and secure help. And they were willing to pay as high as \$25 a month for board, with steady employment all the year round. In addition to these quite a number of farmers immigrated here in the morning. As far as the women coming over are concerned, the demand for domestic servants is very far from being met."

# EDDY'S MOVE INTO FINE WAREHOUSE

## Latest Addition to Toronto's Handsome Wholesale Structures Is Finished Inside in Oak.

James Lorie, Toronto manager of the E. Eddy Company, is now at home in Eddy's handsome new warehouse at 70 and 75 West Wellington street. Utility and an air of strength are everywhere evident in this newest addition to Toronto's fine wholesale structures, but the aesthetic side is just as prominent.

The new building is of pressed brick, with sand stone trim, the four storeys being surmounted by a noble cornice and parapet. The entrance is one of the most beautiful in the city, and the public rooms, and the private offices also have that kindly atmosphere. The furnishings are golden oak, quartered oak, and mahogany. A good touch of color is given by the beams and other company rooms and offices. The window frames and doorways are quartered oak, with plate glass windows in the facade. The side and rear windows have metal frames of latest pattern, glazed with rough, rolled wire plate glass. A light and airy atmosphere pervades the building, which is 45 by 300 feet, gives plenty of natural illumination to all floors, and besides, a well regulated supply of fresh air.

The whole building is "mill construction" with heavy solid burning brick walls, and the floors are of four-inch pine with hardwood splices. The downstairs floor covered with oak, the upper floors with end match pine. The whole building is of very strong construction, designed to carry heavy loads of paper and other wares that the company carries in its large local stock.

Two electric freight lifts, 8 by 10 feet, provide hoisting facilities from top to bottom. The company's lorries and motor trucks will load and unload on Piper's Line under cover, and thru fireproof, automatic steel clad rolling doors. This type of doors provides the building with a fireproof structure. The roof is flat, covered with felt and gravel, with inside down pipes of wrought iron. As far as is possible, a sprinkler system throughout adds to the safety of the building and stock. Not only is the building fireproof, but the structure will be occupied by the Eddy people, they having the fronts of the building, and the rear portion of the second and third floors to rent.

The whole structure is fireproof, and is worthy of a high-class office structure. Thermostatic valves regulate the temperature.

The whole structure is complete to the last detail and the latest word in warehouses. No wonder Manager Lorie proudly welcomes his tenants to his new headquarters, and the local managers of the company, W. H. Rowley and G. H. Milson, are congratulating on their new and commodious building, the best branch on the Eddy circuit and a clear expression of the growth of their business.

# GUELPH RATES CUT BY HYDRO

The change in the methods has resulted in there being a surplus of dollars from three to five thousand dollars, and this will be returned to the consumers in the way of reduced charges, the rate of the reduction has not yet been definitely set.

# Mining Markets Fail to Entruse Over Favorable Reports

## NATURAL DECLINE IN CHICAGO WHEAT MARKET

Recent Advance Was Largely Wiped Out—Big Increase in Visible Supplies—European News Was More Optimistic—Corn Shade Firmer.

CHICAGO, Nov. 11.—Depression over- spread the wheat market today in consequence mainly of the less warlike tone of news from Europe. The close, the firm, showed a decline of 1/4 to 1/2 cent. Latest trading left corn a shade to 1/2 up, oats unchanged to 1/4 lower, and provisions varying from Saturday night's close to a gain of 1/2.

In addition to cables, inspiring better outlook for peace, wheat traders had to confront world shipments a third larger than a year ago. Big receipts of north-west and a heavy increase in the visible supply counted against the bulls. Exports in all directions total of 200,000 bushels, but a lively business with millers at Minneapolis led to some reaction.

Wheat bears took note of the fact that harvesting in Argentina would be within a fortnight and that prospects there were excellent. Predictions of unsettled weather brewed up the corn market. There also were despatches from Central and Southern Illinois that mentioned disappointment at blustering returns. Cash grades were in fair demand.

Oats were inclined to sag on absence of export call. Lower prices for hogs tended to pull down provisions.

Northern Receipts Receipts of wheat at wheat points, with usual comparisons, follow:

	Year Ago	Week	Year
Chicago	111	85	83
Minneapolis	165	155	155
Winnipeg	1066	1170	88
Duluth	1066	1170	88

European Markets. The Liverpool market closed 1/4 to 1/2 lower on wheat and 1/4 lower on corn. Antwerp wheat was 1/4 higher.

World's Shipments. The weekly wheat shipments, with usual comparisons, are as follows:

	Wk. Ago	Yr. Ago
Wheat	5,800,000	5,028,000
Corn	5,800,000	5,850,000
Shipments	1,400,000	1,400,000

United States Visible. Visible grain exports in the United States today, last week and a year ago compare as follows:

	Nov. 11	Nov. 4	Nov. 11
Wheat	291	1912	1912
Corn	41,200	41,200	41,200
Shipments	1,400,000	1,400,000	1,400,000

LIVERPOOL GRAIN EXCHANGE. LIVERPOOL, Nov. 11.—The market opened under pressure of realizing 1/4 and further declined 1/4 to 1/2 on wheat and the undertone weak. Selling was due to political outlook, continued fine weather in Argentina, nearness of Argentine harvest and liberal Russian offerings.

ST. LAWRENCE MARKET. Receipts of farm produce were 600 bushels of grain and 18 loads of hay. The grain prices were unchanged. Hay sold at 17 to 19 per ton for timothy, and 14 to 16 for mixed.

CHICAGO GOSSIP. Nell Beatty & Co. say at the close: Wheat—There was a sharp drop in wheat prices on early trades today. Break bought market before the Saturday close. Not confirmed. We still feel without help from important political developments abroad there is little chance of any permanent advance in this market.

Winnipeg Grain Market. WYNNIEP, Nov. 11.—Trading was in fair volume and prices opened 1/2 to 1/4 lower, and closed 1/2 to 1/4 under the opening. Cash demand was fair and steady, with offerings not liberal and export hours buying.

### THE LOSSES WERE SMALL

Tight Money the Leading Factor--Brazilian at New Low For the Month.

In estimating the cost of the war in the Balkans, The London Economist points out that over 500,000 men have been withdrawn from reproductive undertakings chiefly farm work, which at 100 pieces weekly entails a weekly loss of \$20,000,000. These men have to be fed and moved about at public expense. Allowing for this, the ammunition consumed and the property they destroy, and making further allowance for the 400,000 men of the regular armies employed in the field, a reasonable estimate of the weekly loss of capital to a million sterling, or nearly \$2,000,000. The weekly cost is now \$4,000,000.

It sounds a cold and inhuman proposition to add to economic science what is killed or maimed in war, or who dies of disease, constitutes another loss of capital to his country and to the world, which could hardly be assessed at less than \$20,000,000. This computation assumes that the average conscript can earn \$25 a year, and that his life is worth ten years' purchase. The following table gives an estimate for each of the combatants of men in the field, and the monthly cost, excluding the loss of lives, with the total existing debt of each state.

State	Men in field (29 days)	Total debt
Bulgaria	300,000	\$24,000,000
Serbia	300,000	\$24,000,000
Greece	80,000	\$6,400,000
Turkey	500,000	\$40,000,000
<b>Total</b>	<b>1,380,000</b>	<b>\$110,800,000</b>

Today and during the week our big corner window on Queen and Yonge streets will be the "Mecca" of all devoted lovers of beautiful needlework. For many months our workroom, devoted to high art needlework, has been busy preparing for this our Xmas inauguration of needlework, and the result bids fair to far surpass our many previous exhibitions, and to further stamp the finished products of our artists as the flower of taste and skill. We will not attempt to describe anything, but there is something among the collection to delight and please each of you; it may be a unique cushion, a delightful side-board scarf, a fine conventional table centre, or any one of a thousand and one other articles down to the tiny pin cushion or reticule.
