WHEAT CROP POLICY OF THE GOVERNMENT UPHELD BY FOSTER

Commons Will Adjourn Over Thanksgiving After Today's Sitting.

Ottawa, Oct. 9.—Parliament has abandoned all idea of finishing business this week. It has been decided to adjourn on Friday until over Thanksgiving Day, and to proceed with business on Tuesday next. By that time the special committee which is dealing with soldiers' problems may be ready to bring down its report. A statement as to the government's proposals in regard to railway legislation is promised for Friday afternoon. The prohibition bills were not proceeded with this afternoon, although it is understood that the net result of the long-drawn-out conference on this matter this morning was that the legislation will be gone on with. Ministerial explanations in regard to the bills in caucus, it is said, went a long way in the direction of removing opposition on the part of the government's supporters.

The afternoon sitting was devoted to consideration of the bill under which the operations of the grain board will be continued after the proclamation of peace. D. D. McKeen was disposed to think the method of handling the Canadian wheat crop adopted by the government was absurd, while J. A. Robb complained that the price of wheat was lower in Canada than the United States because of the wheat board's control of the import of wheat.

Sir George Foster vigorously defended the plan adopted, and it was likewise approved by Hon. T. A. Crerar, former minister of agriculture. Sir George told the house that approximately 50 per cent. of the surplus wheat crop had been disposed of by the grain board, and that the remainder would not undertake to state the ultimate price the farmer would receive, because the sale of the remainder of the surplus would spread over several months and prices might vary considerably. On second reading of the bill to permit the temporary nationalization of transportation and sale of oleomargarine, Mr. Donald Sutherland, J. H. Sutherland and other members renewed their objections, but Sir George stoutly defended it. He said that the bill was a necessary measure to deal with the situation, and that it would be a success. He said that the bill would be a success, and that it would be a success.

On second reading of the bill respecting the Canadian wheat board, Sir George Foster took occasion to reply to some criticisms which had been made of the government's action in closing the Winnipeg grain market. The Winnipeg market, said Sir George, had been opened under the president's authority, and it was possible to sell this year's crop in a normal manner and without government control. Had been appointed chief of staff to D'Annunzio.

Industrial Truce Proposed At Congress at Washington

Comprehensive Plan for Settlement of Industrial Disputes by Creation of Arbitration Board is Introduced.

Washington, Oct. 9.—Concrete proposals designed to bring about better relations between employers and employees, were laid at the conference today by members of the various groups making up the gathering. The proposals included: Arbitration of the nation-wide steel strike with return of the metal to work pending settlement of an industrial truce starting immediately and continuing three months; creation of an arbitration board by the president and congress including among its members all ex-presidents; and a comprehensive plan for adjudication of industrial disputes thru boards of arbitration in the various industries. The conference today also took its first concrete action in adopting a motion offered by Thomas L. Chadbourne, a representative of the public, providing that a committee consisting of three members from each of the groups of the employers, labor

TEMPERANCE AND RAILWAYS KEPT UNIONIST CAUCUS BUSY

Government to Go On With New Liquor Bills and Will Announce Decision in G. T. R. Purchase Today.

Ottawa, Oct. 9.—Prohibition and the railway question occupied the entire time of what seems to have been a somewhat stormy caucus of the government's parliamentary supporters, which lasted from ten-thirty o'clock in the morning until nearly two o'clock this afternoon. No official statement has been given out at the conclusion of the caucus, but it was stated by one of the ministers this afternoon that the government would proceed with its temperance legislation and would definitely announce its decision respecting the railway legislation tomorrow. It is, however, pretty well understood that the government will present a bill at this session to enable the government-in-council to acquire immediate possession of the Grand Trunk and the Grand Trunk Pacific Railways by acquiring all the defects and guaranteeing the interest on the bond issue. The price to be paid by the government for the stock will be determined by three arbitrators, two of these will be named by the government; another by the Grand Trunk Railway System of Canada, and the third will be chosen by them or if they are unable to agree, by the chief justice of the supreme court and the chief justice of the exchequer court of Canada.

LABOR WILL FIGHT BECK IN LONDON

Nominate Candidate, and Liberal Nominee is Expected to Retire.

London, Oct. 9.—Dr. Hugh A. Stevenson was unanimously nominated tonight to oppose Sir Adam Beck and Andrew Robson, the Liberal nominee in this riding. It is thought here that following this action, Andrew Robson will tomorrow announce his retirement. His chances of winning are slim, and it is a straight contest, are very slim, and with a Labor man splitting the Grit vote, Robson's chances of winning are poor. Several Labor organizers, including Mr. Bush from Toronto, are in the city, and the Labor party say they are determined to defeat Sir Adam if hard work will do it. Since the last election, over 3000 members have been added to the different labor organizations, skilled labor in London now being 95 per cent. organized.

WILSON RECOVERING SLOWLY BUT SURELY

Washington, Oct. 9.—Altho President Wilson continued to improve today, his physicians indicated that they expected his recovery to progress very slowly and that it might be a considerable time before he would permit him to resume work. Rear-Admiral Grayson, the president's personal physician, would make no prediction as to when Mr. Wilson might return to his desk, but said it would not be soon if he followed the advice of those in attendance upon him.

WILL TAKE COMMAND OF FIUMAN ARMY

Fiume, Oct. 9.—General Cocchiari, commander of a brigade of Bersaglieri, has reached Fiume. It is announced that he will assume command of the Fiuman army. General Tamara has been appointed chief of staff to D'Annunzio.

EASTON FLEETS WESTWARD

Flying Parson, Well in Lead, Passes Capt. Smith in Air at North Platte.

Chicago, Oct. 9.—East-bound and west-bound fliers met in the air at North Platte, Neb., today in the transcontinental reliability race, and tonight Lieut. B. W. Maynard, the "flying parson" was at Cheyenne, Wyo., hundreds of miles ahead of the other west-bound aviators, while Captain Lowell H. Smith, well in the lead of the contingent from the west, was at Omaha for the night. Maynard, piloting machine number 31, left Chicago at 10:30 a.m. central time, and flew 386 miles today, 76 miles more than he covered yesterday in sailing from New York to Chicago. But his time, chiefly due to adverse weather conditions, which, in one form or another, extended almost from coast to coast, was slower. He landed at Cheyenne at 6:25 p.m. mountain time, having covered total distance of 1,636 miles in two days.

Captain Smith, after struggling thru three mountain snow storms, and over three mountain ranges, reached Omaha at 7:20 o'clock tonight, having made 363 miles today without accident. His total distance since the start at San Francisco is 1,610 miles. The remarkable flights of Maynard and Smith for two days have made the transcontinental race a record event in this country. Two miles from the west, number 50, piloted by Second-Lieut. Hall, and another driven by Second-Lieut. Purcell, were missing tonight. It is feared they were lost in the mountain snow storms. Their flights were attended by no fatal accidents. The most serious of several accidents, nearly all of them of a minor nature, was the spectacular crash of Lieut. E. V. Wales, plane number 10, from San Francisco, on Elk Mountain, at Ober Pass, Wyo., in a heavy snow storm. Lieut. Wales was seriously injured.

SIR HENRY DRAYTON IN BY ACCLAMATION

Ex-Mayor Hughes, Unionist Opponent, Decides to Retire From Contest.

Special to The Toronto World. Kingston, Oct. 9.—The contest in Frontenac county for the legislature is getting warm. Dr. Spaulding, Independent candidate; Mr. Rankin, Conservative candidate; and William Fawcett, U.P.F. candidate, are holding a series of meetings in the county. There will be no contest in Kingston on Nov. 20 to fill the vacancy in the commons. Sir Henry Drayton will be W. P. Nickerson's successor by acclamation. Ex-Mayor Hughes, Unionist, decided to retire after hearing of the benefits to Kingston thru Sir Henry. He, Dr. Reid, and Mr. Fawcett, were invited to the city to see Sir Henry, and the announcement was made that Sir Henry had accepted the invitation of the citizens of Kingston to be a candidate. The strongest support for the new minister of finance.

U. S. TRANSPORT BRITISH STEAMER

New York, Oct. 9.—The British steamer Gaelic Prince, inward bound from Manila, was rammed tonight in Ambrose channel in the entrance to New York harbor, and sank. The Gaelic Prince, a 1,100-ton steamer, was bound for Antwerp, and was carrying a cargo of 1,000 tons of coal. The ship was struck by the bow of the American steamer, and was holed. The ship was listing heavily, and was abandoned by the crew. The ship was later raised, and is now being towed to a safe place.

FRANCE, PHOENIXLIKE, RISING FROM ASHES

Paris, Oct. 9.—Captain Andre Tardieu, member of the French peace commission, speaking at a meeting of the French-American Club, gave interesting figures on the reconstruction work accomplished since the armistice. Sixty thousand of the 350,000 acres in the battle area, wrecked by shell fire, have been rebuilt; 2,016 kilometres of the 3,246 kilometres of railway destroyed have been repaired and 700 of the 1,675 kilometres of canals rendered useless in the course of hostilities are again in commission. Of the 1,180 plants destroyed by the enemy, 583 have been repaired. Equally remarkable progress is being made in restoring to cultivation the vast areas in the devastated regions, which the end of the war left with their rich surface soil plowed under by artillery fire, sown with dandelions, and covered with barbed wire. Sixty thousand of the 350,000 acres, which had been despoiled by invasion and carried away. The yield of wheat, which was five billion francs in 1913 has been raised to 12,000,000,000 francs.

Quarrel Between Unions Holds Up New York Magazines

New York, Oct. 9.—Every magazine printing establishment in this city has been closed as a result of the "quarrel" between certain local unions and their international unions, was announced tonight by the Periodical Publishers' Association of America. Ladies interested in the new fashions on furs should read Dineen's advertisement inside this paper.

INDUSTRIAL CRISIS BY THEIR DEMAND

Deputation Presents to Lloyd George Resolution, Passed at Glasgow, for Nationalization of Mines—Backed by Trades Unions—Special Trades Congress May Be Held.

London, Oct. 9.—The demands of British miners, backed and endorsed by the General British Trades Union Congress for the nationalization of British coal mines, were laid before Prime Minister Lloyd George by representatives of the parliamentary committee of the Trades Union Congress and the Miners' Federation today. As it happens, J. H. Thomas, secretary of the National Union of Railway Men, and leader of the resolution, was called upon to read the deputation, which by presenting to the prime minister the resolution adopted at the Glasgow convention, pledged the trades unions to co-operate with the Miners' Federation, compelling the government to accept nationalization of mines, facing the government with an industrial crisis of no less importance than that brought about by the railroad strike just closed. Lloyd George, it will be recalled, announced before parliament adjourned that the government would not accept the majority report of the coal commission under Sir John Sankey, recommending shorter hours, higher wages, and a reform in the ownership system and suggesting nationalization, but said that the government would institute some form of joint control of the industry. Robert Smillie, head of the Miners' Federation, stated the case for nationalization. He was supported by James Buchanan Bruce, of the Miners' Federation, the latter president of the South Wales Miners' Federation and formerly under secretary for mines in the Asquith cabinet. The proceedings of the conference were attended by the majority of the Miners' Federation, as it is assumed he will be convened to decide upon the form of action to be taken by the miners to compel acquiescence in their demands.

SIR ADAM VISIONS GLOWING FUTURE

Offered Toronto—Eastern for \$700,000—Prophecies Further Rate Reduction. By Staff Reporters. Ottawa, Oct. 9.—"Toronto is going to have the finest radial system of any city on the continent if we have the power to carry out our plans," said Sir Adam Beck, addressing a crowded hall here tonight. "We want a system of railways municipally owned, and I think that will make you independent of the steam roads. Our system will not be under government ownership but public ownership, and unlike some other systems, there will be no politics connected with it. Our Hydro system is being fondled and cuddled but so long as it remains in private hands it will not be of any use. It will probably get less attention after the 20th."

This was the nearest the chairman of the Hydro commission came to discussing current political events. He came to Ottawa to explain the Toronto and Eastern plan, and for which the municipalities between Toronto and Bowmanville are asked to guarantee the bonds and the ratepayers vote on it within 90 days. "We have our eye on greater projects still," said Sir Adam Beck, "and if we have our own way we will build a dam which will regulate the flow of the St. Lawrence river, and make the head of the lakes the head of navigation, and will have a showdown with Montreal."

POSTCARDS FAIL TO REACH GRITS

Two Hundred Messages to Attend Meeting Are Held in Postoffice. Over two hundred postcards, giving notice of a meeting of Southern Ontario Liberals in O'Neill's Hall, mysteriously disappeared from 11:05 p.m. Wednesday until 7:15 last night. The cards were taken to the general postoffice by Secretary Whyte and were not delivered or seen until Monday. The cards were found in the postoffice, and were placed in the mail. The cards were found in the postoffice, and were placed in the mail.

German Delegation Asks That Be Taken in Eupen and Malmédy, Given to Belgium.

Paris, Oct. 9.—The chief of the German delegation has sent to the general secretary of the conference a memorandum asking that the plebiscite to determine the future of the district of Eupen and Malmédy, which are ceded by the peace treaty to Belgium, shall take place under control of a commission appointed by the league of nations and including neither Belgian nor German members. By the peace treaty the Belgian authorities in the two districts were to open registers, in which the inhabitants might record within six months after the treaty is in effect a desire to see the whole or part of the territory returned to German sovereignty. The note asks that the plebiscite instead should be constituted under the control of the league of nations, and commissions of several attempts made by Belgian authorities to influence the results of the plebiscite by intimidation of voters desiring German sovereignty.

FIVE MILLION DOLLAR APARTMENTS FOR BLOOR

American capitalists will build a five-million-dollar, ten-story apartment house in Toronto on East Bloor street, opposite St. Paul's Anglican church. They are anxious to start construction work on the great building at once. Announcement of this immense apartment house for the city of Toronto was made yesterday afternoon at the meeting of the property committee of the board of education. W. J. Hambly appeared before the committee and submitted the proposition for approval. He stated that the parties he represented wished to purchase the Bloor street property from the board of education, which has been holding the land with a view to using it for school purposes. The clients of Mr. Hambly propose building immediately if the trustees will sell the board of education property holdings. Statistics of the palladium apartment structure planned were submitted to the view of the committee members. The trustees referred the proposition to the finance committee.

SAY SIR W. HEARST ONLY FIGURE-HEAD

J. W. Oakes, Once Organizer for Committee of Hundred, Assails Premier.

Special to The Toronto World.
Sutton, Ont., Oct. 9.—At a Walton meeting here today presided over by Walker Hobbins, J. W. Oakes of Guelph, organizer in 1915 and 1916 of northern Ontario for the citizens' committee of one hundred, declared that Premier Hearst is but the figure head of a decadent government, Premier in name only to the end that his government may be camouflaged to the people as a moral reform and temperance government at the same time that certain of his associates are going round among the liquor interests saying they control Hearst who does not represent the government of Ontario. In these circumstances, existing as they do at the moment the O. T. A. is manipulated by and for political influence. Its administration is merely a joke, discrimination being the rule. "I know," said Mr. Oakes, "and they know I know, that whiskey is sold in Ontario day by day, month by month, year after year, and the business is not molested, and dare not be molested. Not in one only, but a large number of instances, the facts have been brought before the present cabinet and I have seen his quibbling evasive reply over his own signature.

"Let them question me if they dare, Hobbins and the others have been fined again and again, but the fines are never collected. In one case the license was taken from the brewer and given to his son, who goes on doing the same old business. Miserable shams are licensed as standard hotels through political influence." Mr. Oakes charged Rev. G. Agar, general secretary of the Social Service Council, with making a proposition to him fifteen minutes after a conference with Premier Hearst that he go into the constituency of North Ontario in the by-election and tell the temperance people an alliance exists between the liquor interests and the U.F.O. Mr. Oakes declined the mission, and Mr. Agar undertook it himself. Another emissary was sent to St. Catharines to tell the people there of a similar alliance between liquor and the soldier-labor movement. The Social Service Councils have knowingly and willingly become the money bag of Hearst and his government. Dr. Grant was alone reserved in this description. Mr. Oakes made an appeal to the O. T. A. administration, the board of license commissioners and the government.

HANDLEY-PAGE PLANE FORCED TO LAND

Started From Parrsboro, N.S., for Minicola, But Came Down at Greenport, N.Y.

Greenport, N.Y., Oct. 9.—The Handley-Page bombing plane, which left Parrsboro, N.S., at 11:44 this morning, bound for Minicola, under command of Vice-Admiral Kerr, and carrying a party of 11, was forced to land here shortly after 11 p.m. because of a shortage of gasoline. The machine made a perfect landing.

Major H. Brackley of the Royal Air Force, who piloted the big machine, when he determined that it would be necessary to land, circled around to pick out an available spot, and with no lights to guide him, landed down skilfully into a field as perfect for aviation purposes as if a committee of experts had spent weeks in selecting the spot. After refueling, the machine tomorrow the machine will take off again, headed for Minicola.

The field where the plane now rests is 35 miles from New York and is on the tip of Long Island.

The passengers were enthusiastic about the trip, and it was perfect in every respect, despite the fact that with the winds, which delayed them long beyond the hour they expected to arrive.

Great interest was shown by the passengers while Major Brackley was making the landing, and it was declared that not one displayed a trace of nervousness. Aside from running out of gasoline, everything ran smoothly. Not the slightest trace of engine trouble was experienced.

RIVERDALE
HOLDS A BRIEF FOR ALL SOLDIERS
Sergt.-Major T. MacNamara Pleads Cause of Veteran at Open Air Meeting.

"For the protection of the widow and in memory of those who will never return should not the returned soldier have a place on the door of the provincial house?" said Sergt.-Major T. MacNamara, the soldier-labor candidate for Riverdale riding, speaking at an open-air meeting at the corner of East Queen street and Jones avenue last night, under the auspices of the Riverdale Veterans' Political Association. J. N. Fallows, a returned veteran, was in the chair.

"There are thousands of our wounded soldiers who can never rise from their beds again, and for whom sympathetic representation in parliament is required," said the speaker, who pointed to his empty sleeve, remarking that his disability and the added curse of poverty gave him a strong claim upon the people's record their votes in his favor. Resuming, he said: "According to the expressed opinions of the leading statesmen in Europe, the post-war conditions for working men are not good enough at the present time. Therefore we have endeavored to meet the situation and which will be faithfully adhered to if elected, namely, an eight-hour day, minimum wages and maximum hours of work and proportionate representation. Regarding the last plank, I may state I am the first ranker to stand on a platform to appeal for a reduction of the 500,000 men in uniform. "Is this proportionate representation?" queried Sergt.-Major MacNamara. "I fail to see it," he said. "Regarding pensions, with all respect to the ability and sympathy of the present statesmen, they are not qualified to settle the matter. They do not understand; they have not been there, nor seen the blood and slush, the horrors and desolation of that country the soldier fought for."

The high cost of living was strongly attacked by the speaker, who pointed to the Dominion Textile Company with its 300 per cent. profit.

The production of the country should be forced to the limit to benefit the nation as a whole. "We as soldier candidates are not out to revolutionize the country but to evolutionize the laws. We are out to smash any man or any business who is crushing the people of Canada.

"Must Take Over Resources.
"According to recent statistics there are 30,000 soldiers and 20,000 workmen at present unemployed. Just think of it," said the speaker, who pointed to the unemployed men of the country still untouched and unproduced. "We must take over the natural resources of the country. The great forces of the St. Lawrence and Niagara are running to waste, which, if harnessed, would produce enough heat and power to bring the profiteering coal barons to their knees. We are at the present time under the heel of the American coal barons and the fish and best trusts of the United States."

Referring to the referendum, the speaker scathingly denounced the two rival parties. "They have to take the party of 11, and hold him up to ridicule in the granting of the 5000 permits for wine. I stand up for the Jew and have fought for him overseas. I am not asking you to vote for temperance, but to use your God-given intelligence."

In conclusion, the speaker urged the audience to vote for him. "I give no promise, but on the honor of a soldier I will fight in the house of parliament as I have fought in France."

The speaker was well received and his speech was given earnest attention by his hearers.

EAST TORONTO Abstainers Discuss Evils Of Indulgence in Liquor

Under the auspices of the Ontario Referendum Committee a slimly attended meeting was held in Snell's Hall, corner of East Gerrard and Main streets, yesterday afternoon. Mrs. Fenner of the W.C.T.U. occupied the chair. Lieut.-Col. Williams, the principal speaker, quoted a number of noted medical practitioners, judges and other eminent authorities on the evils of strong drink. He stated that liquor lowered the vitality and tended to shorten life. Much humor was caused when the speaker read an unsigned communication, alleged to have been sent from the Citizens' Liberty League, scolding the referendum committee, and stating that if this campaign is successful the referendum people are out to cut off 24 other liberties of the citizens, such as smoking, ice cream on Sundays, sliding on the Sabbath and even kissing.

Mrs. Lang of the referendum committee outlined the aims and objects of the committee and gave the women instructions how to mark their ballot. A short musical program was rendered.

LITERARY SOCIETY ELECTS OFFICERS.
The annual meeting and election of officers in connection with St. Joseph's Literary Society took place in St. Joseph's Parish Hall, Curson street, last night. Miss Mae McGraw, president, presided. The following officers were elected: Miss Mary Brown, president; Rev. Dr. Arthur O'Leary, honorary president; Miss Bessie Coffey, first vice-president; Miss Vera Redican, second vice-president; Miss Eileen McGuire, secretary; Miss Elsie Daly, treasurer. Olga Griffin and Miss Teresa O'Leary, critics.

The committee were also elected for literary, dramatic, musical and social branches, with the following convention: Miss Mary Brown, literary; Miss Gladys Cruise, dramatic; Miss Kathleen Leroy, music; and Miss Mary Roach, social.

Miss Mary Power, president of the Big Sister Movement, gave an interesting talk on the work of the organization, and urged all Catholic girls to take an active interest in the great movement.

The executive committee, after some discussion, decided to take up the study of the social problem regarding Catholic girls.

The present membership, as reported by the secretary, is 100. There was a very large attendance.

Perhaps you remember the difficulty you had regulating your old hot air furnace last winter. Roasting or freezing, one extreme or the other. The only way to have comfort, even and steady warmth, in blizzards or mild weather, is to install a King Hot Water Boiler. Make enquiries of your dealer, or at our factory. Do it at once. Time is getting short for such work. "Comfortable Homes" sent to your address free.

UNION OFFICIALS TO SETTLE STRIKE
New York Longshoremen, However, Will Not Return to Work in Meantime.
New York, Oct. 9.—Officers of the International Longshoremen's Union which has not authorized the walk-out affecting many thousands of workers at this port, succeeded tonight at a mass meeting of strikers in Tammany Hall, in inducing the men to place their case in the hands of union officials for settlement.
They were unable, however, to induce the strikers to return pending negotiations.
The action of strikers—who have been charged by T. V. O'Connor, president of the international, with having been led into the walkout by I. W. W. influence—was hailed by conservative unionists as a sign that the international was gaining control of its members.
John Bellis, an international leader who addressed the meeting, was selected as one of a committee complaining to representatives of the 12 locals involved. The committee is scheduled to meet representatives of shipping interests tomorrow. The committee also will wait on Mrs. O'Connor.

WHEAT CROP POLICY UPHELD BY FOSTER

(Continued From Page 1.)

ditions been known, it would not have been opened at all. The minister of trade and commerce said that the price of \$2.15 per bushel has been fixed by the government at a certain basic point. The idea that the farmer would receive this price, no matter how distant from this point, was erroneous. Freight and other charges for carrying the grain to the basic point would, of course, have to be deducted. Reviewing the work of the Canadian wheat board, Sir George said that every particle of the grain trade today was functioning the same as under the open market. The present system was not to be permanent. It was probable that the present would be the last during which the system of government control would be carried out.

McKenzie's Criticism. Mr. McKenzie remarked that a very clever speech had been substituted for a satisfactory trade. This, he thought, would be regarded by the western farmers as a very poor deal. The method for disposing of Canada's wheat crop appeared almost absurd. We took our good Canadian money, which we had, by the way, to borrow from the United States, sent it across to a mission in London which loaned it to various European powers who wanted wheat. In return we accepted the bonds of these countries which might or might not be redeemed.

Crear for Reciprocity. Mr. Crear made passing reference to reciprocity. He thought that through Canada the feeling was in favor of reciprocity with the United States. With regard to the sale of Canadian wheat in the United States, he felt there had been some confusion of thought. Canadian wheat was not going into the United States, because the United States would not permit it to go in.

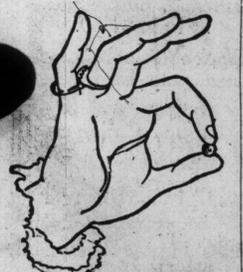

The bill was read a second time, and the house went into committee.

Replying to a question by Mr. McKenzie, the minister said it would not be possible to say what the ultimate

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—

Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting; then shortly you'll lift it off, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

SAY VOCATIONAL TRAINING SUCCEEDS

Federal Soldiers' Committee Hears Testimony of Several Toronto Employers.

Canadian Press Despatch. Ottawa, Oct. 9.—Vocationally-trained soldiers are giving splendid satisfaction to their employers in Canada, it is the opinion of several employers heard by the special committee on soldiers' civil re-establishment today. There were eight witnesses who had employed disabled men in various lines of work and all of them were delighted with the industry of the men. Many of these employers had trained the men and then kept them right on as employees of their industries. There had been failures, but they were the exception. Men were not always proficient when their six or eight months' term was complete and some of the witnesses favored extending the term, but they said a man was well grounded in his trade and would soon improve in his new work. Organized labor is sympathetic to the returned men, the witnesses stated.

In the evening, Mr. T. A. Stevenson, labor representative on the D.S.C.R., voiced the idea that Canada had the best vocational training system of any of the allied countries. He thought also that labor conditions here were not such as to justify pessimism. He suggested that Canada should have an employment bureau under a centralized control, and that every private employment office should be abolished.

Praises G.W.V.A. Plan. Another witness during the evening was the wife of a returned soldier, who made a plea for the development of the G.W.V.A. plan, and declared "the government ought to do something to help the returned soldiers," as they really need it.

R. W. Bredner, commissioner of taxation, giving evidence in the evening, said that the idea of increasing the income tax to boost the revenue would be a serious mistake. He thought it would be better if the income tax rates were made lower in Canada than in the United States. Mr. Bredner stated that a wrong impression exists as to the number of really wealthy men in Canada, there being fewer than most people supposed.

Table Flynn Petition. When the meeting of the special committee on soldiers' civil re-establishment opened this afternoon a petition in regard to dependent British soldiers in the C.E.F. was tabled. The 15,000 names on the petition from Toronto demanding recognition of J. Harry Flynn and the withdrawal of Mr. McNell as counsel was read and tabled.

A communication was read from Great Britain's Heroes' Association, Vancouver, endorsing the request of the G.W.V.A. and urgently requested the payment of \$500 to widows and dependents. This was tabled for future reference.

Statements in regard to regulations governing the return of medical students to Canada, from Gen. Fotheringham, were tabled.

A telegram from S. J. Gotthard and comrades of the great war protested against C. G. MacNeil, representing the war veterans, and said Mr. Flynn of Toronto was much more competent to speak for the returned men.

Riverdale Branch, G.W.V.A., Toronto, sent a telegram "strongly claiming G.W.V.A. plan altogether unfair."

Several witnesses from firms employing vocational students were then called to give evidence in regard to results of training. W. G. Ellis, general manager S. W. Ellis & Co., Limited, manufacturing jewelers, Toronto, said his firm was training several men. One had finished his course and was

given employment at 40 an hour. During training the firm paid the man \$5 bonus weekly. In six months' time this man would probably be getting 50c an hour. The prospects for work were good.

At Massey-Harris Company. R. W. Gifford, superintendent of the Toronto Works of the Massey-Harris Company, Limited, stated 57 men had been taken on to date.

Very few complaints had come from the vocational students. Six men were withdrawn by the department. The lowest earnings of a vocational student now employed are 40c an hour. This was earned by a man who did not complete his course. The average wage now actually earned is 52c an hour.

F. T. Downs, assistant to the general superintendent of the Toronto Carpet Company, Limited, said 125 men were employed and 14 men were now being vocationally trained.

W. R. Smith, manager, Mable, Tod & Co., Limited, Toronto, has 14 men taking vocational training, and all were being absorbed. These men were being trained at gold pen grinders.

ONE ARM PROVES AS GOOD AS TWO

Christie Street Amputation Cases Stoke Furnaces With Ease.

If any employer doubts the efficiency of returned one-armed men any such doubt will be speedily dispelled after a trip through the workshops of Christie Street Military Hospital.

A tour through the World round the various training departments of the hospital to witness amputation cases making use of their mechanical arms was presided over by the director, Mr. W. G. Dobbs, and to watch Sgt. M. Salter, using the Canadian government artificial arm with the Bowler appliance, load a barrel with coal, while a piece of machinery more agile than the average laborer shows was nothing short of astounding.

In the woodworking department thirty-one men were busy planing, sawing, hammering, measuring, etc., all using the mechanical arm and doing the work quite as well as if they had had the use of their natural arms. A demonstration of coal-shoveling took place and five of the amputees right arms amputated and the other shovelled 100 pounds of coal into a large bucket in 55 seconds, handling the shovel with his left hand.

W. G. Dobbs, adviser to the director of vocational training, explained that before discharge every amputation case is given two weeks' training in the use of his artificial limb. Any amputation case, regardless of date of discharge, who has not had the work quite as well as if they had had the use of their natural arms, is called to Christie Street Hospital and he will be given training.

Some very creditable work turned out by men with two weeks' training was shown. Mr. Dobbs invites the public to drop in to the hospital at any time during the day to view the men in training.

BREAD DRIVERS BEHIND STRIKERS

The bread drivers, by a vote of 51 to 49, decided at last night's specially convened meeting at Occident Hall to back up any action the striking bakers might decide to take relative to their strike. It is understood that the drivers may be called upon to strike with the bakers within the next few days. Bread drivers with day-work firms may be asked to remain at their posts, as well as bakers working with these firms.

"NO DEAD CATS ON MY PLATFORM"

Gooderham Describes Dewart's Conduct as Slanderous—Replies to Liquor Charge.

H. Hartley Dewart, the Liberal leader, has got under George H. Gooderham's skin. The Conservative M.L.A. showed plainly at the meeting in Parkdale assembly hall last night that his indignation was at boiling point over Mr. Dewart's speech at the Liberal nomination meeting. He declared that the opposition leader's attitude was one of abuse and slander, saying among other hard things, that his idea seemed to be to start something so that the hon. member or Southwest Toronto would forget who the real Dewart was, this being a reference to the Liberal leader's anti-conscription attitude. With reference to what he described as the charge by Mr. Dewart that "we were instrumental in having all kinds of liquor handed out to the Jews," Mr. Gooderham read from the statement made by the chairman of the Liberal board, which appears in this morning's paper.

Near the end of his remarks the speaker said Mr. Dewart had made the statement that he (Mr. Gooderham) had said he had spent \$100,000 in Southwest Toronto to win the election. "When he said it he was lying," replied Mr. Gooderham, and applause. "It was Lieut. Ramsden who said that," ex-Ald. James McCausland was heard to say at the back of the hall.

Continuing, Mr. Gooderham said Mr. Dewart's remarks were "an insult to the good, plain, honest and decent people of Southwest Toronto and to the Liberal leader." His whole platform from start to finish is one of slander. His whole conduct in the legislature has been that of a dead cat on my platform. (Laughter and applause.)

The Homer-St. Catharines case was next mentioned, and the speaker said when invited by the prime minister to make a charge on his responsibility as a member of the legislature against any of the government or against any member of the Conservative side, Mr. Dewart was afraid to do so, because he knew he would lose his seat in the house.

With reference to what had been said about Hon. Howard Ferguson and his department, Mr. Gooderham said the Liberal leader had access to the books for three years, but he (Mr. Dewart) didn't think people were educated to know that "is that the kind of man you want to represent you in the legislature? If so, then don't vote for me. I went to school with him. His voice: 'I am sorry for you, George.'" I had sense enough to keep away from him. As long back as that that did we remember the debating societies he always took the case for Canadian independence."

Ex-Alderman McCausland, who is "gone yester," said: "The average well-to-do wouldn't get it today. (Laughter.)

Keeping Bad Company. Mr. Gooderham said Mr. Dewart for touring among the Austrians and Germans of Manitoba and Saskatchewan, preaching anti-conscription, and that he had been in the company of As for Lieut. Ramsden, "I believe he is a decent young fellow," said the speaker. "The only thing I am surprised at is the company he keeps."

Major McBrien also went after the Liberal leader and indicated that the Liberal leader had been in the company of a few wigs on the green at the nomination meeting on Monday.

Last night's meeting, which early proved to be a companion, who seemed some lively passages and comical ones, too.

Ex-Alderman James McCausland, also with a companion, who seemed happy and contented with a pipe in his mouth, and who seemed to be the individual who caused a titter at the back of the hall when he remarked in an undertone he would just as soon listen to Dr. Caroline Brown.

Mr. Price: You have got a temperance riding. Mr. Price: It makes no difference whether I represent a temperance riding or not. I want you to understand that so far as I am concerned on the question I am quite positive that I think it is in the best interests of the country today to support Sir William Hearst, and his government and policy.

Mr. McCausland (loudly): No! No! This was quite a noisy interruption here, and also the chairman, ex-Alderman David Spence, who does not share Mr. Price's views on prohibition, but otherwise is with the party, appealed for order.

When the chairman described Dr. Coby as "the brains of the government," there were cries of "What about Hearst?" and Mr. McCausland's voice was heard above the others, "Now you're talking, Dave."

RUMANIA FRAMING PACT WITH HUNGARY?

Paris, Oct. 9.—Insistent rumors of a treaty which Rumania is endeavoring to negotiate with Hungary, in order to reach peace conference circles, continue to be a general disposition to believe that a certain Rumanian official is striving to bring about a treaty, regardless of the frequent denials which have been issued from Bucharest.

Rumania is alleged to be seeking to gain far more territory than granted to that country in the treaty the peace conference is framing with Hungary on behalf of the allied and associated powers.

Join or Renew To-day

THE Membership Campaign to sign up 7,000 men and boys for the coming year ends to-day. We want to make sure of our objective. Every Y.M.C.A. man or boy whose membership expires this year is urged to sign up for 1920 now, to enable us to carry out our plans for the big new peace-time programme.

The House by the Side of the Road

The Y.M.C.A. is a great institution for boys. Everything a boy needs for his development as an all-round man is provided by the Y.M.C.A.

The "Y" Programme for Boys

A boy develops his muscles in the Y.M.C.A. gymnasium, and strengthens his vitality for life by physical exercise, athletic games and swimming, under expert supervision of Y.M.C.A. physical instructors.

A boy develops his mind in the educational classes where he is made interested in subjects that will be of practical use to him in the commercial and industrial world.

A boy develops his social capacities at the Y.M.C.A. by meeting fellows of his own age, interested in the things he is interested in, and full of clean, boyish enthusiasm for the games and studies and hobbies provided for and stimulated by the boys' program of the Y.M.C.A.

A boy's higher nature—his capacity for things of the spirit, his citizenship and his relationship to his fellows in the brotherhood of man—are all systematically cared for by the Y.M.C.A.'s plan of dealing with boys.

The "Y" will make your boy healthier and happier. Y.M.C.A. boys make manly, useful men.

TORIES MAKE DEWART TARGET

Question of Sacramental Wine Interests Meeting in Southwest Toronto.

Full of pep and decidedly primed with events was last night's meeting of Liberal-Conservatives of Southwest Toronto held at Occident Hall, Bathurst and Queen streets. At half past eight there were 49 present, at nine o'clock more than 140 were present, at half past nine there were 80, but at a quarter past ten there were 400 present, while at eleven o'clock there were only 25, the remaining 375 trooping out on other business. Those who supplied these frequent surpluses were striking bakers who for the moment had no hall large enough to hold them. The meeting was convoked by an order of Major McBrien, Tory candidate for the riding, and John MacDonald, labor. Mr. MacDonald asked the major why the government offered amendments to the workmen's compensation act giving power to employers to appeal from awards of compensation boards, these amendments being withdrawn only at the instance of labor representatives.

"You are that Jimmy Simpson, aren't you?" fired back the major. "I am not Jimmy Simpson," returned Mr. MacDonald, "well, you're one of his gang, anyway," replied the other, following repeated questions from the labor man, "you tell your people what you like. You rent a hall for your gang, and reserve your remarks for them."

Another feature of the meeting was a fire of questions from Joseph Singer to George H. Gooderham, one of which was why the wine offered for sacramental purposes for Jews during the recent celebrations was only \$2.50 proof spirits. Mr. Gooderham stated he knew nothing about that phase of the matter. Aside from these interludes the meeting was enthusiastic in favor of the government, although primed with personalities in which H. Hartley Dewart was the central target. Hon. Thomas Crawford in a well received address recalled the many accomplishments of the Hearst government and also reminded his hearers that he was responsible for placing the workmen's compensation act upon the laws of the land. Other speakers were Captain Joe Thompson, W. H. Young and many well known citizens of the riding.

Probably Sir William Hearst finds himself unable to believe anything not filtered and distilled for him by his friends. As an example of how it is done, the following paragraph from The Mail and Empire yesterday is a good illustration:

And the story of Richard Grenville and the "Revenge," and the story of the three Dutch wars, and then all the wonderful story of the wars with France that lasted from 1658 down to Nelson's day and later, when Waterloo ended the second "Hundred Years War," as Col. Wood very aptly calls it.

PENNANT TO FLY FROM THE STAFF IN REDLAND PARK

Red-Legged Crew Shook the Series Hope Out of White Stockings With Crack of the Hickory Early.

Chicago, Oct. 9.—The world's series baseball championship pennant for 1919 will fly from Redland Field, Cincinnati, next season.

Pat Moran's athletes invaded "tooth" territory today and annexed the eighth and deciding game against the Chicago White Sox by a score of 10 to 5.

As expert baseball it was as funny as a sack race. Nearly everything possible happened, including a comic four-run rally by the athletes in the pale honours.

REDS SWING BATS IN FINAL CONTEST

Comiskey Park, Chicago, Oct. 9.—The Cincinnati Reds are the champion baseball team of the world, having defeated the Chicago White Sox here today for the fifth time in the world series of 1919.

The American League staged a rally in the eighth by combining several clean hits off Eller with an unfortunate occurrence for Cincinnati.

Score: Cincinnati (Am.) 10, Chicago (Natl.) 5. A.B.R.H.P.O.A.E. table with player statistics.

REDS POUNCED ON WILLIAMS EARLY

White Sox Unable to Overcome the Lead-Free Hitting.

Chicago, Oct. 9.—The batteries: Eller and Harden for Cincinnati; Williams and Schalk for Chicago.

First inning.—Reds—The first ball pitched by Williams split the plate, but Rath did not make a bid for it.

White Sox—Eller's first pitch was over the plate. Leibold started for the Sox with the clean swing.

CINCINNATI HEROES TO GET GREAT RECEPTION. Cincinnati, Oct. 9.—The Cincinnati Reds, the new world baseball champions, will be received as conquering heroes when they arrive from Chicago tomorrow morning.

Not disheartened by the two defeats administered to the Reds on Tuesday and Wednesday thousands of fans gathered about bulletin boards today and cheered their heroes.

As soon as the Reds were flashed as the winner of today's game Henry G. Frost, president of the Business Men's Club, sent a message of congratulation to August Herrmann and the players.

ST. PAUL TURNS TABLES. Los Angeles, Cal., Oct. 9.—St. Paul evened up the western minor league series today, winning the second game from Vernon, 5 to 0.

Los Angeles, Cal., Oct. 9.—Vernon won the first game of the western minor league championship series here yesterday from St. Paul, 7 to 1.

Kitchever, Oct. 9.—It was announced today by Secretary Pegusat of the Kitchever Club that Jack Beatty of Toronto, had again been selected by the club as manager for the other season.

Cambridge Clothes for Thanksgiving Day

The Cambridge Clothes Shop is prepared to give you bang-up service for Thanksgiving Day.

You can choose your Cambridge garments today or tomorrow and wear them on the holiday. And they'll fit you, we guarantee that, as perfectly as if you had waited weeks for them.

You had better be prepared for a few price surprises when you come in, for we're selling pretty close. The generally-accepted belief that clothing prices are abnormally high is badly shattered by Cambridge prices. We bought wisely and early, and today couldn't replace one garment of our present stock at the same price.

Your good judgment will satisfy you that you choose wisely when you choose Cambridge garments.

Now, come along, and let's help you into the best clothes value in town.

The Grand Circuit Atlanta Program

Atlanta, Ga., Oct. 9.—Six of the twenty-two races programmed for the Grand Circuit meeting which will be held next week in connection with the Southeastern Fair are early-closing events. In them the horses which have been making turf history since the first week in July will make their last starts in 1919.

The meeting will open with the 2:03 pace, in which the Tennessee-bred mare, Grace Direct, which defeated Direct C. Burnett last Tuesday, will again take up the battle with the Direct H. horse of Sanardo, who came within half a second of entering the two-minute list at Lexington; Belle Alcantara, Frank Dewey and Edna Early.

The 2:14 trot is the feature for Tuesday, and, as both McGregor the Great and Mariondale are named, the southern people will have an opportunity to see the pair which were the leaders in the \$10,000 races at Hartford and Syracuse.

The other starters include Olive Faith, Kerrigan and Nellie Mack. There will be a few new records made on Wednesday, when Lu Princeton meets Royal Mack and Hair Reaper in the free-for-all trot, and the 2:03 pacers parade. Eva, Abbe, John H. Braden, Sanardo, Roy Grattan and Lillian T. are named in the latter, and all of them are now in top form.

Genes should win the three-year-old event that afternoon with Molly Knight, the General Watt filly, with which he defeated Abbie Rutney at Lexington.

Two early-closers are programmed for Thursday, the first one on the card being the two-year-old trot, with Day Star, Natalie the Great and Harvest Horn as starters. It will be sandwiched with the 2:17 trot, in which Royal Mack is named, with McGregor the Great, Easton, Miss Perfection and Echo Direct. It should prove a fast race.

The pacers will be the leaders on Friday's card. The afternoon's entertainment will open with the free-for-all, in which Directum J. will have a three-heat contest with Russell Boy, Grace Direct C. South Bend Girl, Belle Alcantara and Frank Dewey. It will be sandwiched with the Piedmont Hotel Cup, in which Murphy will start either Sanardo or Direct C. Burnett against Eva Abbe, Lillian Silkwood and Double G. The list of entries to the late-closing events for the Atlanta meeting shows that almost all of the horses which appeared at Lexington are engaged, while a number of new names appear in the races reserved for southern horses.

A Humdinger!

Slip your feet into a pair of Walk-Over Brogues. Right away the snug fit yet full fit tells you here's real foot comfort. Look at 'em, boy! on your own feet, that's the way to judge a shoe's appearance. The ray swing of the long English tread, the fifty perforations, the perfect finish—that's class. Now you know why the horses which appeared at Lexington are engaged, while a number of new names appear in the races reserved for southern horses.

We have plenty for all kinds of feet. Tan and Red Calfskin, \$12.50, \$14 and \$15.

F. Morgan Dean.

A presentation of chess books was made to W. J. Faulkner in recognition of his services as secretary for the past two years.

TORONTO UNIVERSITY TENNIS TOURNAMENT

Weather permitting, the second, third and fourth rounds will be played off at the Toronto Tennis Club courts this morning. Play will begin at 10:30 and will continue until 3 o'clock. There are nearly fifty men still left in the tourney, and spectators may expect to see some really high-class tennis. All participants are warned to be punctual in playing their matches, as the alternative is default. The draw for the men's doubles will be published in the morning papers very soon. The draw for the singles and the hour of play is on view at the Toronto Club courts.

MORE CITY RUGBY LEAGUE SCHEDULES

High School Games Today— Notices and Gossip of Teams and Clubs.

President Bill Marsden was in the chair at the meeting of the City Rugby League last night at the Central Y.M.C.A., with F. C. Waghorne, secretary-treasurer, taking in the fees. The Beaches St. Pauls were not represented, and their protest against the Cape for overweight was laid over.

The junior schedule was revised, and a new intermediate schedule drawn up, as follows:—Junior— Oct. 11—Ramosa at Capitals; St. Simons at Ramosa; Beavers at Capitals. Oct. 18—St. Simons at Ramosa; Beavers at Capitals. Oct. 21—Ramosa at Beavers; St. Simons at Capitals. Nov. 1—Capitals at Ramosa; Beavers at St. Simons. Nov. 8—Ramosa at St. Simons; Capitals at Beavers.

Intermediate— Oct. 11—Beaches at Judeans. Oct. 18—Judeans at Beaches. Oct. 21—Beaches at Judeans. Nov. 1—Judeans at Beaches. Senior games at Toronto, Capitals at Arlington, Monday—Queens at Capitals.

The Judeans' Intermediate City Rugby team will play the Beaches on Saturday at Don Plaza. The players are requested to turn out at 1 p.m. Saturday for a preliminary practice.

Dogs practise this evening at 6 o'clock. All members please take notice. Game with Argos on holiday morning. Central Y. hold their final workout tonight at 6 on U.T.S. grounds. They play Excelsior tomorrow.

The Don Rowing Club has been admitted to the O.R.F.U. intermediate series, and will play their first game on Monday morning with the Argonauts.

The Argos' intermediate team will be chosen tonight after practice, and a full turn out is necessary.

The Argos leave at 11 o'clock tonight for C.P.R. for their league game tomorrow at Ottawa. Dr. Lawson is going along as spare half, with Fookes, Munro, the quarter-back, was all right last night. Batstone is the sub quarter-back. There will be a full practice tonight.

The first game of the senior intercollegiate rugby series will be played at Varsity stadium tomorrow afternoon. After an interregnum of five years intercollegiate rugby will return with all its pre-war glory. A large attendance is assured of both Varsity and Queen's supporters. Seats are on sale at Spalding's and at the office of the University of Toronto Athletic Association, Hart House, until noon tomorrow, after which they will be on sale at the stadium.

Wesley Bellwood's senior Inter-Church team practice tonight at 6:30 at Willowdale Park.

The senior O.R.F.U. game at Varsity stadium on the holiday will be preceded by an intermediate contest between the Beaches and Capitals. Both the intermediate and senior Capitals had fine practices despite the rain and wind last night and Monday's inaugural standees were well-trained teams in action.

President W. Young of the Interprovincial Rugby Union, has appointed the officials for the game on Saturday. Pete Campbell, Montreal, will officiate at Ottawa, and E. S. Hamilton, Montreal, will officiate at the Argonaut-Ottawa game at Ottawa.

McGill rugby squad was at full strength yesterday afternoon and an hour's scrumming practice was put in. The players are showing marked improvement since their meeting with the old boys a week ago. The greatest improvement is shown on the back division. The men are punting better under the circumstances and are more familiar with the signals.

Shaughnessy will try out his senior squad against Ottawa in an exhibition game at the stadium on Monday. The team to play against Ottawa will likely be the one to play against Queens at practice last night. There was a changing about of the line, with a view to developing a stronger defence and better protection for the halves. Hierocock was played at flying wing, and Abinovich was sent to inside wing. These changes worked well and these men will fill the positions against the Tigers on Saturday.

There was no change made in the back division, Jacques being used to do the punting throughout the practice. The team will rest up today in preparation for the game at Westmount grounds on Saturday, when the Tigers will make their first appearance since 1915.

Beaches' intermediate practice this evening and Saturday afternoon at Kew Gardens.

Hon. Dr. Cody Addresses Teachers of West Grey Special to The Toronto World. Owen Sound, Oct. 9.—At the annual institute of the West Grey Teachers' Association this afternoon, Hon. Dr. Cody, minister of education, addressed the gathering on "An Ideal Teacher," and emphasized the enhanced value of education at the present time. The teachers meet two days each year to discuss educational subjects. Principal Radcliffe of Toronto Normal School is giving them instructions at the present time, which is proving a great success.

COMBAT DRUG HABILITATION

New Federal Health Board Forwards Plan for Prevention of Improper Use of Drugs.

Ottawa, Oct. 9.—After a discussion on the subject of habit-forming drugs the advisory board of the new federal health board, now sitting in Ottawa, forwarded to the minister of health regulations which it is hoped, will result, if not entirely eliminate, opportunity for the use of drugs in an improper manner.

The distribution of the \$200,000 government grant for the control of venereal diseases to the various provinces was under consideration by the council, and the stage of doubt being followed by the federal government on the understanding that the provinces will arrange for an equal amount. This during the next year \$40,000 will be spent in Canada in endeavor to control the disease.

PROTESTANTS MEET

Five Churches Co-operate in United National Campaign Forward Movement.

A luncheon meeting representative of the five Protestant churches co-operating in the united national campaign was held yesterday at St. James' parish house, G. H. Wood presiding. The chairman drew a parallel between the work of the Victory loan organization and that of the inter-church forward movement, explaining that a clamorous, insistent need was the need of mankind, and that the foundation of each. His experience of campaigns proved to him that the had four stages—the stage of ignorance and the stage of doubt being followed by those of appreciation and enthusiasm. Mr. Wood was well convinced that the needs of mankind, and that the gospel was the only remedy for the needs of mankind. Similar testimony was given by Dr. Charles Stetzie of New York, long associated with the labor movement and with the various activities of social service, declared that all welfare work could go only so far. Without the spiritual impulse which only the gospel of the Nazarene supplied the tool of doctors, nurses, labor leaders, sociologists was partial and incomplete.

PLAY AT OPENING. Chief Grassett yesterday elucidated the recommendation made by the police commissioners regarding the playing of the national anthem at all reported theatrical performances. "The censor board simply recommended that the board simply recommended that the anthem be played at the commencement of all performances," said the chief.

Sensational Discovery of Misleading Tactics by Referendum Committee

House-to-House Canvass, Distorting the Issue, Confusing and Misleading the Women Voters

EVIDENCE is accumulating of a widespread campaign of distortion and confusion by the Referendum Committee in an effort to stampede and dragoon the women voters to vote according to the wishes of the Referendum Committee.

Canvassers have been going from door to door all over the Province spreading two absolute untruths—confusing and misleading the innocent—utterly nullifying the effort of the Government to obtain an honest, straightforward, well-advised vote of the people. Independently-minded women who disagreed with them were subjected to tirades of abuse.

It is one of the greatest scandals in the political history of Ontario—a sensational development in the campaign—a grave reflection on, and indictment of, the honesty of purpose of the entire Referendum Committee.

FIRST.—Flamingly colored and sensational circulars have been sent broadcast over the Province in which it is claimed that—in the words of the advertising as shown in the copy reproduced to the right—"To vote 'Yes' in one column and 'No' in the others makes your ballot worthless." Further, self-constituted advisors to the electorate have gone from house to house solemnly making the same declaration—that if you vote "Yes" in one column and "No" in the others, your ballot will be spoiled. That statement by the Referendum Committee is an absolute untruth, and has been publicly branded as such in the columns of the "Mail and Empire," October 4th,

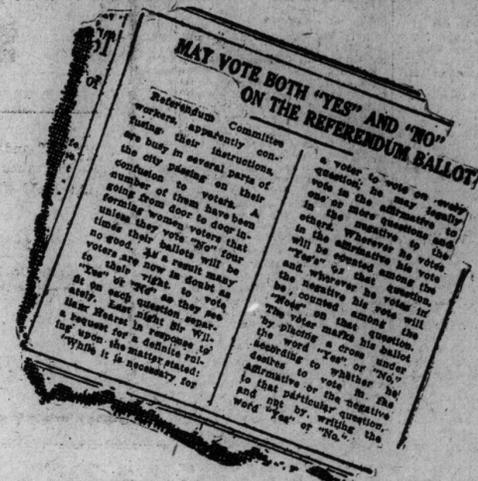

by Sir William Hearst, the Premier of the Province. The Premier's statement is reproduced to the right.

SECOND.—These demagogues and representatives of the Referendum Committee have distributed wholesale a distorted ballot in which it is claimed the man or woman who votes "Yes" to Questions 2 and 3 votes for intoxicating beer. That is an absolute untruth. The beer for which you will vote on October 20th, the Beer of the Ballot, is not intoxicating, has been proven non-intoxicating by scientific experiments and thorough research by a board of fourteen qualified experts,

HOW YOUR BALLOT WILL READ

The questions as they will appear

	YES	NO
1 Are you in favor of the repeal of the Ontario Temperance Act?		X
2 Are you in favor of the sale of light beer containing not more than 2 1/2 per cent. alcohol, weight measure, through Government Agencies, and amendments to the Ontario Temperance Act to permit such sale?		X
3 Are you in favor of the sale of light beer containing not more than 2 1/2 per cent. alcohol, weight measure, in standard hands in local municipalities that, by majority vote, favor such sale, and amendments to the Ontario Temperance Act to permit such sale?		X
4 Are you in favor of the sale of spirituous and malt liquors through Government agencies, and amendments to the Ontario Temperance Act to permit such sale?		X

The Citizens' Liberty League hereby calls upon the Referendum Committee to make a public explanation, retraction and apology that will set the people right—or stand condemned of trickery unworthy of public men and women.

Vote "Yes" to all four questions and support the broad-minded men and women of the Citizens' Liberty League in their efforts to obtain sane, moderate temperance legislation.

Vote "YES" to All Four Questions

Mark your ballot with an X. Any other marking will spoil it. Remember also—every voter must vote on every question or his ballot will be spoiled.
