CONFERENCE ON SUBURBAN SERVICE

Civic Sub-Committee Will Arrange to Get the Municipalities Interested Together in August for Definite Action.

COMMISSIONER REPORTS RESULT OF INQUIRIES.

The committee of the city council with Aid. Church as chairman, which was appointed to deal with the question of a suburban railway service, met yesterday to consider a report of Joseph Thompson, commissioner of industries, who was asked to communicate with nearby municipalities and secure from them an expression of opinion.

After hearing the report a sub-committee was appointed consisting of Aid. Bredin, Aid. Sanderson and Commissioner Thompson to arrange with representatives of the municipalities interested to hold a conference in Toronto in August and draw up a plan of action.

In his report Mr. Thompson gives the result of his efforts. He communicated with Milton, Whitby, Oshawa, Brampton, Acton, Weston, Woodbridge, Orangeville, Streetsville, Burlington, Oakville, Aurora, Newmarket, Holland Landing, Markham, Scuffville and received replies from Whitby, Brampton, Weston, Woodbridge, Newmarket and Milton.

"Whitby, Brampton, Weston and Woodbridge are enthusiastic in the matter," Mr. Thompson says, "and are prepared to send delegates to a conference any time one might be called. Newmarket and Milton have not taken any action in the matter."

Feeling in Favor. "While the business men of many of these places fear an improved service would have the effect of people coming to the city to do their buying, and naturally oppose it, popular feeling, according to private information received, is strongly in favor of such service."

There are 47 stations within a radius of 25 miles of the City of Toronto. Of this number commutation tickets are sold to 26.

"On the Grand Trunk going to Hamilton commutation tickets are issued to all stations for 21 miles; on the main line east for 18 miles; on the main line west toward Guelph for only 8 miles; on the Northern division for only 7 1/2 miles (with the exception of Leffroy for which ten-trip tickets are sold for the summer months); on the Midland division for only one station, Jackson's Point, on the same terms as Leffroy (Lake Simcoe cottagers)."

AN INTERNAL CRISIS IN TURKISH AFFAIRS

Sultan Threatens to Remove All the Officers of the Third Army Corps.

LONDON, July 21.—A special despatch from Constantinople to The Daily Telegraph says that there is not the slightest doubt that Turkey is suffering the greatest crisis in her internal affairs that it is possible to imagine. The sultan, continues the correspondent, is furious with his ministers, whom he holds responsible for the situation in Macedonia, and whom he accuses of misleading him as to the true facts of the situation.

They have advised him to pardon the officers now awaiting the court-martial, on the charge of assisting the "Young Turkey" agitation, but he obstinately refuses to do so and declares that the ministers are traitors. The sultan threatens to remove all the officers of the third army corps and crush the Albanians by force.

CANNONING AT TABRIZ

Revolutionists and Royalists Hard at It Again.

ST. PETERSBURG, July 21.—A despatch received here to-day from Tabriz says that as a result of the shah's refusal to remove the Mujtahid leader of the clerical party, a heavy rifle and cannon fire began yesterday afternoon between the revolutionists and the shah's supporters.

QUEBEC NUMBER OF SUNDAY WORLD.

Watch for next Sunday's World. It will contain striking features of the centenary at Quebec, and costly illustrations of the great pagoda. Get copies and mail them to your relatives as souvenirs.

H. R. H. Prince of Wales and his ship the Indomitable at Quebec to-day—Young French Canadian Societies honoring Champlain on Sunday—Earl Roberts, the gentleman, entering carriage.

HALF HOLIDAY TO CHEER BOBS IN CITY

To Visit Hamilton and Falls Also—Fleet Ball Is a Brilliant Affair—Description of Pageants.

QUEBEC, July 21.—(Staff Special.)—The Prince of Wales will arrive on the Indomitable to-morrow at 2 o'clock. Official visits will be made on board the ship by the Canadian authorities and the prince will land at 4.

Lord Roberts is staying very quietly. Mayor Oliver has seen him, and after several changes, the program at a late hour to-night was announced to include a visit to Toronto on the fifth, sixth and seventh of August. He will arrive on the evening of the fifth, and the afternoon of the sixth will be a civic half holiday. A parade of the local troops will be held in Exhibition Park.

On Friday Lord Roberts will go to Hamilton, instead of London, as originally proposed, and will be entertained to luncheon by the military officers.

On Saturday Lord Roberts will go with Hon. J. S. Hendrie in the colonel's motor car by Winona, Beausville, Grimsby and St. Catharines to Niagara. Nothing has been decided of his further movements.

Premier Whitney arrived this afternoon and is staying in the Speaker's Chambers at the parliament buildings.

The fleet ball to-night was the first great social function of the celebration. Sir Ashton Curzon-Howe and the officers of the fleet were the hosts, the ball being official. Over eight hundred guests were invited, and the occasion was marked by the utmost brilliance. The United States and French navy were well represented, and almost every distinguished person staying in the city was present, the governor-general, however, being unavoidably absent.

The ball was held in the parliament buildings, one chamber being converted into the ball room and the other into the supper room. The ornate decorations of the chambers were tastefully supplemented with naval trophies. Life buoys from each of the British vessels in red, white and blue were hung high in the hall with trophies of flags intermingled. The throne and Speaker's arms were decorated with trophies of arms, and a shield presented by Admiral Curzon-Howe for gun laying. The supper room was brilliant with the ships plate, heavy silver center pieces, standard bayonets with torpedo warheads, and cock held by the Albemarle for regatta superiority crowded magnificently on the main table. Each ship took charge of one table.

The entrance and hallway were furnished with twelve pounder field guns. On the first landing a trophy of sword bayonets with torpedoes was displayed, supported by a marine and blue-jacket was erected by the Exmouth men. On the second landing a trophy of cut-throats was the work of the Duncan crew. Dancing continued till after two this morning.

Premier Arrives. Sir Wilfrid and Lady Laurier arrived to-day and made an official call on the governor-general. Sir Wilfrid is staying at Spencerwood, the French admiral and lunched on the Leon Gambetta. A military tattoo was held to-night, under the management of John Sinfleur, bandmaster of the 48th. Queen's Own men and Grenadiers took part. A grand concert was held at the armory, when 400 voices sang the cantata "Christophe Colombo."

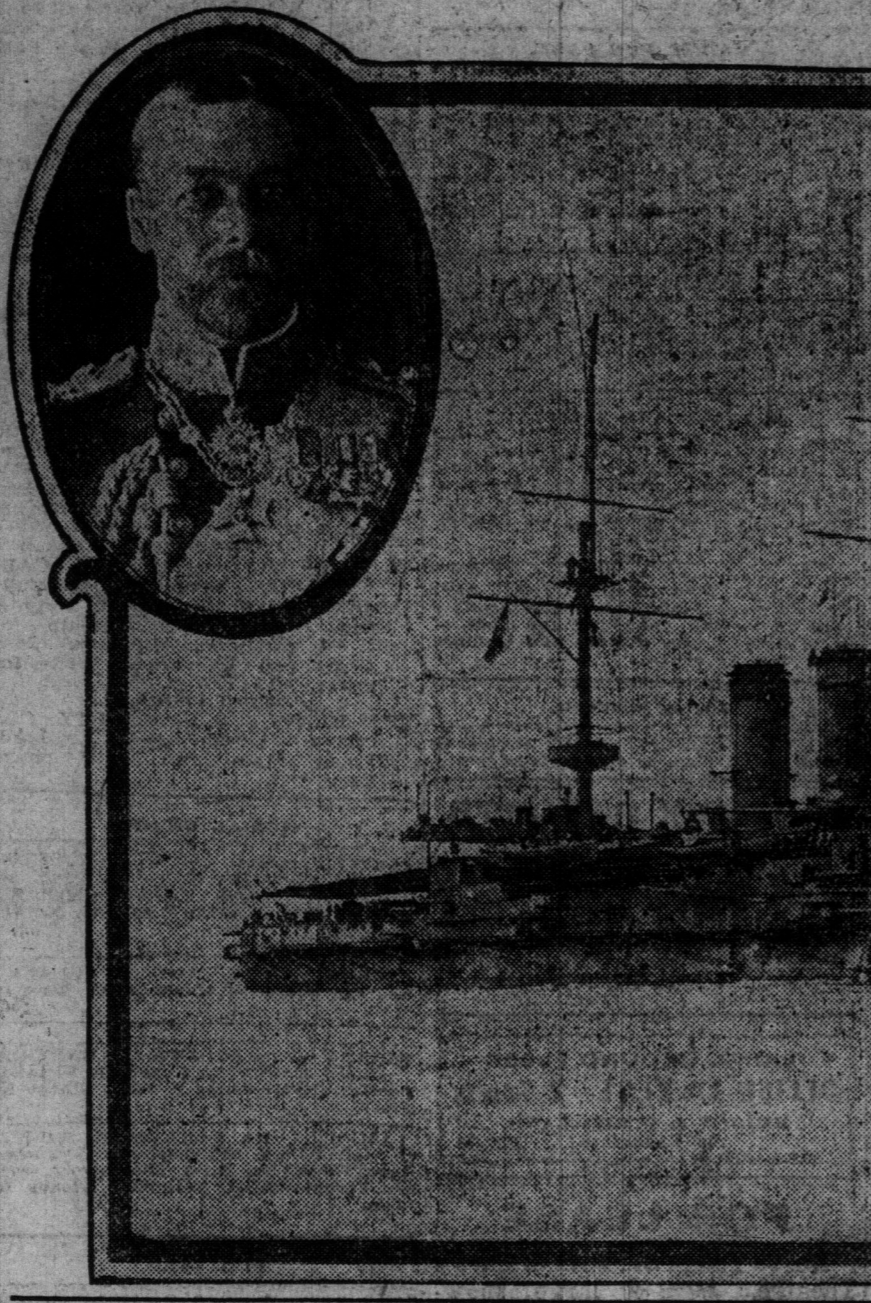

The most serious difficulty is in connection with the feeding of the unusually large number of visitors. Everything is closed up before midnight, and those who rely on late suppers to eke out scanty dinners meet with disappointment.

Pageants Under Clouded Skies.

No one who has not seen the historical pageants will understand the ecstasies of those who have had the privilege. To say that nothing on the American continent has been seen like it, but faintly suggests the reality. The noble natural theatre of the spectacle could not be readily matched, cluster round the historical associations which belong to one nation alone.

Early to-day the band of the men of the first police force, in the handsome costume of the first police force, a rich purple velvet tunic, studded the streets. Silver fleur de lys, paraded the streets. It was a forecast of first regular performance of pageants at 5 o'clock. The rehearsal yesterday was all sunshine but this afternoon the clouds gathered threateningly and timid visitors thought unwell. The sacrifice to Jupiter Pluvius was effective and only scattered drops indicated what might have been. The street car service is not all that well adapted. Fleet might make it, and thousands walked to the Blaine. The grand stand was not so well patronized as at the popular rehearsal, but the unrehearsed sections were full and the rest sufficient to fill it, it is said, to assure success. In the lowering atmosphere under

KERR IN TWO FINALS TO-DAY AT THE STADIUM WINS BOTH HIS HEATS

United States Lands Both Finals on Tuesday in the 800 Metre and High Jump—Sebert Secure in His Heat.

LONDON, July 21.—Better weather, a much larger attendance and exciting finishes made to-day's Olympic sports at the Stadium far and away more interesting than any that have preceded them.

Meivin V. Sheppard of the Irish-American Athletic Club, who took the measure of the world's best distance man in the 1500 metre run at the Olympic games last week, added another victory to his long list to-day when he won the 800 metre event, establishing a new Olympic record of 1:52.45 for the distance.

Another gold medal went to America when Harry F. Porter of the Irish-American A.C. captured the high jump by clearing the bar at 6 feet 3 inches and beating the Olympic record made by J. K. Baxter in Paris in 1900, 6 feet 2 1/4 inches.

While not so spectacular as the races the running high jump was the most keenly contested event of the day. In the first section of this event R. A. Gidney, Boston, A. C., was defeated by Monson of Norway and Leader of England, but after the other sections had concluded, a protest was entered on the ground that the spot where the other sections contested was more favorable to the jumpers than that of the first section. The protest was allowed and Gidney, in the second attempt did 6 feet 1 inch, thus qualifying for the final.

Leahy, Somody and Andre of France tied for second place, each having topped the bar at 5 feet 2 inches. It was decided to give each a silver medal and award the points for second and third places equally among the three countries.

In the heats of the 200 metre flat race, Lawson Robertson, Irish-American A. C., was defeated by Roche, the Irish champion.

Kerr Defeats Irish Champion. The Irish champion and W. W. May, University of Illinois, was compelled to take the dust of the fleet Canadian Kerr.

In the heats of the 400 metres, flat, the Americans took seven out of nine in which they started. J. B. Taylor, Irish-American A. C., the colored champion of the University of Pennsylvania, made his first appearance in this event, and won his heat. In the 100 metres sprint the Americans, May and Stevens, lost their heat to Walker of South Africa, and Kerr of Canada. Just beat out Sherman of Dartmouth University, but the other two heats were gathered in for America by Rector and Robertson.

There were four heats in the semi-finals of the 400 metre hurdle race, in two of which Americans contested and they took both of them. The other two went to Great Britain.

Yankee Wins High Jump. In the first section of the running high jump, Monson (Norway) and Leader (United Kingdom) each cleared the bar at 5 feet 10 1/2 inches. Gidney (United States) was third, with 5 feet 9 1/2 inches. In the second section of the running high jump, Con. Leahy (United Kingdom)

TWO POLICEMEN SHOT AT NIAGARA FALLS, N.Y.

Attempt to Capture Disturbers Early This Morning Has Serious Results.

NIAGARA FALLS, Ont., July 21.—At 12:45 this (Wednesday) morning a murderous attack was made on two of Niagara Falls' policemen on Main-street, one of the principal thoroughfares of the city opposite the International Hotel. Patrolmen McCormick and Wagner, patrolling the street met two strong-arm coming from the side of Coley's saloon stealthily carrying two pistols. One of the patrolmen stopped, beam, and asked what they had there. One of the men wait a minute and will show you, and quick as flash both men drew revolvers and opened a fusillade on the patrolmen, both policemen falling to the pavement and the desperadoes made good their escape for the time being.

McCormick was wounded in the abdomen and right arm, and is in a very precarious condition, the bullet wounding cutting one of the main arteries near the shoulder. Wagner was hit in the leg. The cries of help from the wounded men soon drew out large crowds and the entire force is out scouring the city in all directions, every avenue being covered. The police of Niagara Falls, Ont., an other nearby place have been notified to keep a lookout. A good description of one of them was secured, he being about 28 years of age, 5 feet 5 inches, 150 pounds, dark clothes, light cap, smooth face with about five days beard. It has been learned that the men were coming out of the saloon with the pistols when they were accosted by the police. The men had been creating a disturbance in the saloon drawing revolvers threatening to shoot and the police had been sent for to take care of them.

INDICATES GENERAL ELECTION

Ottawa View of Premier Scott's Break in Saskatchewan.

OTTAWA, July 21.—(Special.)—The news of the sudden dissolution of the Saskatchewan legislature caused a good deal of satisfaction in Conservative circles here to-day, being looked upon as an indication of a general federal election in the fall. Premier Scott's move is regarded as a desire for self-preservation on his part. It is freely admitted by Liberals that a big Liberal victory is hoped for in order that with the prestige of Saskatchewan to help him, the premier could go the more safely to the country.

Rulers of the Seas.

AUCKLAND, New Zealand, July 21.—(New York Herald Cable).—In justifying the expenditure of the fund raised for the entertainment of the United States battleship fleet, the premier said that the United States, with its great sea power, while on friendly terms with Great Britain, spends 50 million pounds annually in trade with the empire. The day will come, he said, when a great fight will be necessary for the supremacy of the white races in the Pacific, and when this time comes, Great Britain can have the assistance of the American fleet, and the two nations will be found fighting shoulder to shoulder to preserve to future generations the rights and privileges due to all classes.

BISHOP POTTER DEAD.

Prelate's Long Fight for Life Has Proven Futile.

COOPERSTOWN, N. Y., July 21.—Henry Codrington Potter, seventh Protestant Episcopal Bishop of the Diocese of New York, died to-night at Fernside, his summer home here, after an illness of several weeks. The bishop was unconscious all day and the end to-night was peaceful. The prelate was 74 years old.

Death was due primarily to embolism in the right leg following a long attack of liver and stomach trouble. Bishop Potter was a native of Schenectady, N. Y. He has been the head of the New York diocese since 1887, succeeding his uncle, Bishop Horatio Potter.

Bishop Potter was the son of the Rev. Alonzo Potter, who was consecrated Bishop of Pennsylvania in 1845, and was educated at the Episcopal Academy in Philadelphia and the Theological Seminary in Virginia. He was ordained a priest in 1858. Bishop Potter wrote extensively of his travels abroad and was a member of many well-known New York clubs. He achieved publicity some years ago by attempting to establish temperance missions.

THE LAKESIDE AND CHIPPEWA BUMP IN FOG AT EAST GAP

"What Might Have Been" a Serious Accident—Five Dollars Will Cover the Damage Done.

During the fog which yesterday afternoon settled down on the bay and lake, the sturdy little steamer Lakeside, Captain Enright, in bound, and the Chippewa, Captain Smith, outward bound for Niagara, collided at the bay end of the eastern gap.

It was only a glancing blow. The Lakeside received, as Captain Enright had sighted the Chippewa and had reversed his engines and was backing away, and the cracks made in the starboard bow of the little boat can be repaired for \$5 or \$10.

No one on either boat was injured, but what would have happened had the two boats come together at any speed, the company officials did not care to contemplate.

Commodore McGiffin of the Cayuga said the fog was the most dense he had ever seen and he has seen some. In fact when the Corona left the dock yesterday afternoon and was no more than a stone's throw out she passed entirely from sight and but for her whistle no one would have known she was out there at all.

There was no charge of negligence on either of the captains. The Chippewa had left her dock on time, but the time consumed in picking her way thru the fog, under ordinary conditions, have given the Lakeside plenty of time to clear from the channel. The fog signal at the gap, and the whistles on the boats themselves sound very much alike when muffled by the fog. In fact the escape was due to the precautions taken by the captains.

The two boats had only a small passenger list, and most of these were in the cabins when the bump occurred.

BORDEN TO RUN IN HALIFAX

Ottawa Report That Leader Will Buck the Line.

OTTAWA, July 21.—(Special.)—While officially it is stated as premature, it is learned that R. L. Borden, the Conservative leader, will contest Halifax at the next general election, keeping Carleton County as an anchor. 2,000 John C. O'Mullin, who ran with him in 1906, will probably be the other candidate.

QUEBEC BATTLEFIELDS FUND.

The subscriptions to date are as follows: Previously acknowledged, \$2,731.95; Mackenzie & Co., Ltd., 1,000.00; William Mackenzie, 1,000.00. Total, \$4,731.95.

Wheat Crop Estimate.

WINNIPEG, July 21.—(Special.)—W. A. Black, manager of the Ogilvie Milling Co., after a 1700 mile trip thru Manitoba and Saskatchewan and from reports from buyers and inspectors, estimates the wheat crop at 120,000,000 bushels—"providing conditions continue favorable."

PIES.

The Public Want 'Em Divided Into Quarter Sections.

SIMPLE SIMON'S FINISH.

Simple Simon met a pie man. Said Simple Simon to the pie man, "Where's the dining car?"

And the kind-hearted pie man replied in this wise: "Never mind the dining car, sixty cents is all I ask. Simon turned and fled."

C. H. D.

Mr. Tom Phalen, who is the people's pie man on the Grand Trunk Railway at all station restaurants, on some of the steamboat lines and a number of hotels in the north, sells his pie on the Grand Trunk for five cents, and claims that he gives a sixth in each wedge. Mr. Phalen knows all about the pie business, and says he gives the public full value. Sir William Van Horne, in the early days of the C. P. R., made it a condition of the restaurant privileges that the pie should be cut in quarters, should be of the best class and sold at ten cents. So that pie on the C.P.R. to-day is 10c in its stations, whereas pie can be had from Mr. Phalen on the Grand Trunk for five cents. Sir William Van Horne used to jump off a car when he was going thru, rush into a restaurant, demand a piece of pie, put down his ten cents and if it was not up to standard he made it lively for the restaurateur, and for the pie-baker, and refused to come out of his indignation for two or three hours afterwards. He was a fine judge of pie, inasmuch as he came from the pie-eaters' paradise in the United States. So that Phalen pie and Van Horne pie is supposed to be in sixth and in quarter sections. Any traveler who finds it otherwise will please transmit the fact to The World's pie reporter, and he will put it up to Sir Thomas Shaughnessy or to Charles M. Hays.

Some of the pie vendors in Toronto are stirred up over the exploitation of the pie situation by The World's pie reporter (or, as our printer's devil calls him, our own pi-ographer) but all The World has to say is that the agitation will probably result in more pie being consumed. It will certainly be up to the pie-bakers and the pie-makers, and the pie-bisectors, and the pie-sellers to give the public a square deal in pie, or else they will find their pies on their hands, as one flourishing pie man said yesterday had happened to him. Instead of complaining he should standardize the cut of pie, and get down to the quarter. The public sentiment of Toronto is that pie should be cut in quarters, excepting the case of the poor "boarding-house missus," who stated her position yesterday, to the effect that she only got a pie a month for twenty meals a week, and therefore could not afford to pay one-fourth of the price of the meal for the pie supplied, supposing the wedge to be a quarter-section. The World thinks that good lady is entitled to cut her pie into eighths if she sees fit to do so, but the ordinary lunch-counter will have to come down

New Westminister Vin Game Many Shamrocks Penalized

NOTE AND COMMENT

Larry Schafly enters on the management of the Toronto and Club with to-day's game, having been appointed with full authority yesterday after Mike Kelley's resignation was accepted by President McCaffrey.

Larry Schafly has a fine dual motto: "Win a few games in the ninth and never lose by one run." If the Toronto live up to the idea they will surely be champions again.

McLiven, the youngster who holds down right field for Newark, is a native of Toronto, his father and brother still residing here. Mac is therefore another eligible for Parson Wilson's proposed team of Canadian world-beaters. He is a good one, too.

In speaking of the all-absorbing lacrosse fiasco, Eddie Baker, the well-known reformer in the game, when he declares that Jack Kearns should have ordered the Ottawa team on the field regardless of statements by President Thompson or anyone else.

In these parts Little is thought of the quality of the Olympic lacrosse team, as given out in the Ottawa despatches. W. H. Hall, secretary of the Canadian Association, states that he will undertake to pick several intermediate teams from the players in his jurisdiction that will give the handicappers a sound thrashing.

Dr. Hugh Smith, captain of the old Toronto Rugby Football Club, a son of the late Larvitt W. Smith, and for the past fifteen years in the government service in India, is home again, and his many friends will be pleased to hear that he has left foreign shores for good. Dr. Smith will probably locate in the near future in one of the Western Canada towns.

A writer in The Boston Journal has an old crowd time hedging on his Longboat declaration that the Indian must be barred as a professional, otherwise the poker players, Mackay, Kery, and should all withdraw. "Don't bank too strongly on that rumor that Tom Longboat was injured by coming into the city, but it looks as if the boy was born in the near future in one of the Western Canada towns.

Who is Bobby Kerr? Hamilton claims him and seems to have the best title, but it looks as if the boy was born in the near future in one of the Western Canada towns.

Robert Kerr, the popular Bobby, the idol of the path, is an Irish Canadian, and has spent almost all his days in Hamilton. He is a fine runner, and who for the past 18 years has been in the city's service as board of works foreman for No. 7 ward, and who is a heavy specimen of a man.

From the Practical Ground Man. Sporting Editor World: I see you condemn the Capitals in the championship game Saturday. As a great admirer of the Tecumseh club, I beg to differ with you in your regard to the Capitals not playing. I think it was up to the Tecumseh management to see that the Capitals were in fine shape for the game, which could have been easily done.

ST. KITTS HENLEY CREWS. St. Catharines, July 21.—(Special)—The Henley crew for the Canadian Junior four—Sprague, Stokes, Reed, Corbett, Dixon, bow, Sun, spare, working stroke, Kenney, Kennedy, Sutton, Baker, bow.

At Brighton Beach. The feature of the day was the race run by Trish in the second event, to the first turn, who nearly knocked down, losing many lengths. When she recovered herself she went to the front, and won by a couple of lengths.

Body Guard Moonlight Friday, July 24th, via steamer Cayuga.

ST. MATTHEW'S TENNIS. Second Day's Tourney Results and To-Day's Program. Although the heavy rain yesterday morning put the two day courts out of business for a time, the grass courts rapidly recovered, and part of the scheduled program in St. Matthew's tennis tourney was run off. The committee has arranged the finals in the men's singles and doubles for Friday, and the challenge rounds for Saturday. A most attractive program has been arranged for to-day.

Men's championship singles—Carroll beat Dineen 6-2, 6-3, 6-2. Men's doubles—Lewis and Flesher beat Carroll and Dineen 6-2, 6-3, 6-2. Women's singles—Carroll beat Dineen 6-2, 6-3, 6-2.

TO-DAY'S PROGRAM. 10.30 a.m.—Carroll and Grant v. Cliff Dineen and Summerville; Miss Sheppard v. Miss Knox (open); Miss Mowes v. Mrs. Gifford (open); Mrs. Cooper v. Mrs. Fairbairn (handicap); McEachern v. Page (handicap).

Lacrosse Goals. Counting the goals in the present trip, the New Westminister Club has spent about \$800 in trying to lift the Minto Cup. Looks as if the Minto Cup was going for the Shamrocks. Shamrocks got out a few of their crutches.

There will be two changes on the Montreal team Saturday. The team which will make the field and defence much faster.

The members of the Olympic lacrosse team will enter the hockey tournament at the present time of an American Cricketers' Loss.

LONDON, July 21.—The atrocious weather conditions that have prevailed in England for the last few days played havoc with the match between the Gentlemen of Philadelphia and the Middlesex, which was finished at Lord's yesterday.

Midland League Goes to the Wall. LONDON, July 21.—(Special)—The Midland League, which started this season as a semi-professional baseball organization has practically gone to the wall.

Few Dentists in England. "This country is certainly far ahead of England in dentistry," said an American girl who has just returned from a visit to Europe.

NEARLY DROWNS RESCUER. WINDSOR, July 21.—William Quinn, local manager of the Bell Telephone Co., had a narrow escape from drowning at the foot of Ferry-avenue to-day, and almost caused the death of W. T. Patterson, an employee of the Bell company, who attempted his rescue.

New Westminister Vin Game Many Shamrocks Penalized

MANAGER KELLEY RESIGNS POSITION—RAIN PREVAILED IN EASTERN YESTERDAY.

As was expected, Manager Kelley yesterday handed in his resignation as manager of the Toronto baseball team, and now it's Manager Schafly, it is known. The new manager has a fine dual motto: "Win a few games in the ninth and never lose by one run."

Bobbie Quinn of Columbus, a well-known baseball man in the American League, has been added to the team which was to play at Toronto yesterday. Kelley's resignation was accepted by President McCaffrey.

THE OLYMPIC GAMES

Continued From Page 1
made 6 feet 2 inches, and Res (France) 6 feet 2 inches, 3/4 inch, and Leary (Chicago A.A.) cleared 6 feet.

In the third section of the running high jump, Harry Porter (Irish-American A.C.) cleared 6 feet 3 inches, Leary's jump by one inch. T. Moffitt (University of Chicago) was second, with 6 feet 2 inches.

The following men qualified for the final in the high jump: Gidney, Hendlund (Sweden), Andre (France), John N. Patterson (United Kingdom), Harry Porter (Irish-American A.C.), and T. Moffitt (University of Chicago).

Record for Sheppard
The final in the 80-metre (87.4 yards) flat race was won by A. G. Lugh, Italy, second, and Braun, Germany, third.

The first semi-final in the 400-metre hurdles was won by Harry L. Hillman, Old Dominion, United States, in 2:35.5.

Bobby Kerr of Canada was more feared off his feet than any other runner on the American side.

George, United Kingdom, won the first heat, beating Henney, Holland, the only other competitor, in 2:25.5.

The first heat of the semi-finals in the 100-metre (109.3 yards) flat race was won by Walker (South Africa), in 1:04.5.

The second heat was won by Hurd-Hatfield, United Kingdom, in 2:34.5 seconds. Hamilton, United States, won the tenth heat, defeating Sebert, Canada, in 2:24.5 seconds.

MAKE BOBS A FREEMAN.

Let there be no Klingsberg reception for Bobs when he comes to Toronto. After the university and the Canadian Club have had their tiny swings, there still remains the great body of the people who long to go to the two-step with the fighting field marshal.

TWO LOST GRAVES.

The centenary celebration at Quebec affords another instance of how soon the public forget their heroes, or forget their men of genius. Champlain founded Quebec, devoted his whole life to it, and is to-day, three hundred years after his landing at Quebec, a hero in the Canadian people.

And we read in the papers that on Sunday the governor-general, Lord Roberts and others were allowed to see, in one of the convents of Quebec, the skull of Montcalm, who was buried after the battle in the graveyard of the convent.

It is part of the pathos of history that people allow graves like these to disappear without mark or commemoration of any kind; and it is part of the tragedy of history that graves of men like Cromwell should be desecrated, and that a great genius like Mozart should be interred with a hundred others in one common trench.

UNCLAIMED BANK DEPOSITS. According to act of parliament, all chartered banks in Canada must return yearly lists of all unclaimed moneys standing on their books at credit of customers and depositors.

MAY MAKE MONEY FOR CITY. Dr. Sheard will go to Cleveland to inquire into the system by which that city clears \$125,000 from its handling of garbage.

DO LONG BREATHS HURT? Proper treatment consists in a vigorous rubbing of the chest and side with Nerville, which sinks into the tissues where the pain is seated and gives prompt relief.

ROYALISTS MURDERED WHEREVER DISCOVERED

Tabriz, Persia, Now Wholly in the Hands of the Revolutionists—Shah is Beaten.

LONDON, July 21.—A late despatch to the Times from Tabriz, dated July 15, says: "The town is now entirely in the hands of the revolutionists, with the exception of one quarter. The withdrawal of Rachi Khan's horsemen from the occupation of the town is heralded as the failure of the shah's endeavor to assert royalist supremacy."

The leaders of the people on Saturday assembled in conclave in the mosque and determined to attack the Mujtahid and sever the ties that drive out the clerical influence by force, but the Russian consul intervened and promised to telegraph to the shah had obtained amnesty and orders to disperse the Mujtahid assembly.

At 3 o'clock Friday afternoon last seven criminals, two of them dangerous, escaped from Toronto jail.

At 4 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

At 6 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

At 8 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

At 10 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

"A City in Itself."

One of the great department stores in New York is described as "A city in itself." This is literally true, for the store has about 8000 employees, and is a busy mart with several of the important institutions of an incorporated town.

Civic Improvement

If you are interested in having your surroundings made more beautiful, it may assist the city officials in their efforts to beautify Toronto.

An Exact End Complaint. Editor World: A correspondent in today's issue draws attention to the condition of the land around the new bookstore library and suggests that the city officials should have the matter attended to.

DEATHS IN THE CITY. Deaths reported at the city hall are: Elizabeth Benich, 4 months, marasmus. Frank Noverre, 67 years, chronic nephritis.

POLITICAL INTELLIGENCE

The people of Canada are into a political campaign and The World Bureau has full information of its important features.

The political sensations of yesterday were two; first, the call of T. C. Robinson (Lib.) for a reorganization of the Young Liberals; and, second, the news from the west that Premier Scott (Lib.) had dissolved the legislature of Saskatchewan and would immediately appeal to the country.

Mr. Robinson issued the following "call" to Young Liberals thru the medium of The Globe: To the Editor of The Globe: Young Liberals of 1885 to 1896—few of you yet old—the time has now come to rally again your forces, and as veterans of many campaigns to call for an enlistment with you of hundreds of young Canadians only anxious and willing to espouse Liberal principles.

Mr. Robinson issued the following "call" to Young Liberals thru the medium of The Globe: To the Editor of The Globe: Young Liberals of 1885 to 1896—few of you yet old—the time has now come to rally again your forces, and as veterans of many campaigns to call for an enlistment with you of hundreds of young Canadians only anxious and willing to espouse Liberal principles.

What next? During this autumn and winter debate the leading questions of the day, making a careful study of the federal, provincial and municipal subjects, and then direct all your efforts toward the election of strong, earnest, honest men to represent you in parliament. You will thus foster and develop an educated electorate, one needing no fool inducement to influence it.

The first provincial election in Saskatchewan was held on Dec. 13, and 25 years from the Scott party secured it and the Provincial Rights 8. The result was in doubt for some days. On the night of Dec. 13 the first returns indicated that Mr. Haultain would sweep the province.

At 3 o'clock Friday afternoon last seven criminals, two of them dangerous, escaped from Toronto jail.

At 4 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

At 6 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

AGED MAN HANGS SELF.

Farmer, at 75, Ends Life in Barn—Mild Weakness.

TWEEED, July 21.—(Special).—The vicinity of Bogart was greatly excited when it became known that William G. Rogers, a highly respected farmer, formerly lived in Prince Edward County, for some time past his family have kept an eye over him, fearing he might take a notion to end his life.

Smoke Old Gold Cigarettes

Sweet and Mild. The first legislative assembly of Saskatchewan was dissolved Monday and the writs issued for a new election.

At 3 o'clock Friday afternoon last seven criminals, two of them dangerous, escaped from Toronto jail.

At 4 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

At 6 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

At 8 o'clock the city detective department notified the newspapers and made every effort to supply pictures and information, but the jail officials were absolutely mum, and had it not been for the intervention of the city men, little information would have been given.

BERNARDINI MURDERED

Tabriz, Persia, Now Wholly in the Hands of the Revolutionists—Shah is Beaten.

LONDON, July 21.—A late despatch to the Times from Tabriz, dated July 15, says: "The town is now entirely in the hands of the revolutionists, with the exception of one quarter. The withdrawal of Rachi Khan's horsemen from the occupation of the town is heralded as the failure of the shah's endeavor to assert royalist supremacy."

The leaders of the people on Saturday assembled in conclave in the mosque and determined to attack the Mujtahid and sever the ties that drive out the clerical influence by force, but the Russian consul intervened and promised to telegraph to the shah had obtained amnesty and orders to disperse the Mujtahid assembly.

STORE CLOSURE DAILY (except Saturdays) AT 5:30 P.M. SATURDAYS DURING THE SUMMER MONTHS AT 1 P.M.

Tourists' Goods

In traveling nothing is more appreciated than a good warm lap rug. For many years we have enjoyed a high reputation for goods of this class.

We have a special line of Scottish Tartan Travelling Rugs, which are and are as they do the ancient Scottish Garp Design.

Shetland Shawls. In black or white in the best and the most durable make, in a great variety of useful patterns.

Imitation Shetland or "Orenburg" Shawls, also in great variety—hard to distinguish from the real Shetland, but much cheaper.

Boating Shawl. Kilt, Wool and Silk Boating Shawls of all kinds, and all prices in the great variety of well selected patterns.

Golfing Jackets. Newly imported stock of Handsome Kilt Golf Jackets. The smartest jacket imaginable for this and other outdoor recreations.

New Lace Gown Patterns (shaped). New stock just received of handsome lace gown patterns in all the most popular makes in ivory or black—full range of prices, from very moderate to high.

Lace Scarves. A fine collection of Spanish Lace Scarves in cream and black. All carefully selected and very special value.

Crepe de Chene Scarves. These are beautifully finished in a wonderful variety of designs and shades, and make a fascinating throat or head scarf.

Oriental Silks. The popularity of these silks is evidenced by the continued high demand. We have still a fine stock of all the leading favorites, both plain shaded and patterned, in such well-known weaves as Assama, Shirting, Tami, and others. Further, our unexcelled varieties of this rough-woven order.

Summer Foulards at 50c. We are showing a strong line of Summer Foulard silks at 50 cents—splendid colors—extra well printed and made at this price.

Waterproof Coats. Clearing our stock of Ladies' Waterproof Coats, from \$12.50 to \$18.00. Now \$7 to \$10.

Clearing Shirtwaists. A splendid range of White Shirt Waists—specially made for us—good designs—well made—nicely trimmed—ready to wear. To clear \$1 Each.

JOHN CATTO & SON. 55, 57, 59, 61 King Street East (Opposite the Postoffice) TORONTO.

SMALLER LUMBER CUT. Considerable Difference Due to Present Activities.

Because of the conditions prevailing at present the big lumber firms operating in the Georgian Bay and Ottawa Valley districts will curtail their cut in the bushes to a very appreciable extent during the present winter.

The demand for lumber is not at all good at present and has not been for some time. Following close upon the financial troubles of the fall of last year came the curtailment in building operations, leaving all the big dealers with a big stock on hand in their yards. The mills closed down early and a good supply of logs is still to be sawn up.

The dealers do not anticipate anything abnormal in next season's demand, and think that by cutting up the logs and selling off the stocks now in the yards they can get along without much cutting in the bush the coming winter, though the gangs will take out a little, possibly on a conservative estimate, about one-half of last year's light cut.

The following winter, 1908-9, will see the gangs in the bushes as usual, to replenish the supply of logs at the mills. The loss in wages to the bushmen will be a considerable hardship, as last year, during the seven months the men were in the camp, September to April, the 20 big companies put something close to \$5,000,000 into the bush. This year there may be half that figure paid out. The other losses to be considered are the loss to the merchants who supply the provisions for the camp, and the loss in revenue to the government for lumber taken out, which is considerable. The whole face of affairs is not taken seriously by lumber men, as they say the danger period for that has passed already. Another feature that has had a part in the present drastic measures by the lumber kings is the American competition, which is very keen. There is no duty on the goods and the men from across the line dump it in at a price the Canadians cannot afford to sell at.

Body Guard Moonlight Friday, July 24th, via steamer Cayuga.

Port Rowan Men in Jail. CHICAGO, July 21.—Lindsay Russell of Port Rowan, Ont., is in jail on a charge preferred by Miss Daisy Philmore as they say that he claims he is the father of her six-month-old child. Russell has a wife in Canada, having separated from her in St. Thomas six years ago.

At Campbellford, 1025 cases offered and sold at 11 7-8c.

Archibald Bailey, recently employed by the Union Life Insurance Co., was arrested in Brampton yesterday. He was brought to the city by Detective Newton yesterday, charged upon a warrant, with theft of \$27.73 from the company.

Atlantic City Excursion. Via Lehigh Valley Railroad, July 24th. \$11.00 round-trip. From Suspension Bridge. Particulars 54 King-street.

Yonge and Adelaide Sts. Our Japanese Tea Rooms are the coolest and most comfortable place in town for an excellent, moderate priced mid-day lunch.

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, July 21.—(8 p.m.)—Showers have ceased to fall in Southern and Eastern Ontario and also in Western Quebec, while in all other parts of Canada the weather has been mostly clear. The temperature is unusually high in British Columbia and continues fairly high in Alberta and Saskatchewan.

Minimum and maximum temperatures: Dawson, 42-74; Victoria, 54-82; Vancouver, 54-84; Kamloops, 42-102; Calgary, 52-84; Edmonton, 54-102; Prince Albert, 44-88; Qu'Appelle, 50-74; Winnipeg, 44-74; Fort Arthur, 52-73; Parry Sound, 58-80; London, 62-73; Toronto, 52-72; Ottawa, 60-73; Montreal, 52-74; Quebec, 52-73; St. John, 56-74; Halifax, 52-78.

Lower Lakes and Georgian Bay—Moderate variable winds; fine and clear.

Upper St. Lawrence and Ottawa Valley—Moderate variable winds; clearing and warmer.

Lower St. Lawrence and Gulf—Moderate variable winds; warm and showery.

Maritime—Moderate south and southeast winds, becoming showery.

Lake Superior—Moderate westerly winds; fine and warm.

Western Provinces—Fine and decidedly stormy.

THE NEW VEST-POCKET BOX OF "FRUIT-A-TIVES"

Allows Everyone to Try Out These Wonderful Fruit Juice Tablets at a Cost of Only Twenty-five Cents.

Put up in 50c boxes only, "Fruit-a-tives" has in the last four years gained a tremendous and rapidly increasing sale, and a reputation for remarkable cures in every part of Canada.

During this time hundreds of people have been asking for a 50c box to try. They have heard of "Fruit-a-tives" and of the benefit it is giving to thousands, but some people hesitate to pay 50c just to try a remedy that is new to them.

It has been found, too, that many would like to carry a box of "Fruit-a-tives" in their pocket, so as to have them handy for regular use, and the 50c box is too large for that.

To meet these needs we have put out a new 25c trial size—a neat, compact little box that can easily be carried in the vest pocket, and which contains tablets enough to last two or three weeks—long enough to find out that "Fruit-a-tives" is the best remedy of the kind in the world.

There is no now reason why every person in Canada who suffers from Constipation, Biliousness, Kidney or Liver Trouble, Rheumatism, Sciatica, Neuralgia, Skin Diseases, Indigestion, Dyspepsia or Headache should not try "Fruit-a-tives" and get quick relief, and eventually a complete cure.

"Fruit-a-tives" are concentrated Fruit Juice Tablets; 25c is all it costs to test the value of the most successful medicine ever produced in Canada.

If your dealer has not both the 50c trial size and the regular 50c boxes, write direct to Fruit-A-tives Limited, Ottawa, Ont., and we will send you direct.

Dr. Amyot's lecture in the physics building of the University of Toronto this evening at 8 1/2 o'clock is of special interest.

MARRIAGES. McCausland-Grigger. At St. Jude's Church, Oakville, on Tuesday, July 21, 1908, by Rev. Wm. Broughall, assisted by Rev. J. McCausland, Mr. and Mrs. G. Grigger, to Maurice Bruce, eldest son of Mr. and Mrs. Robert McCausland, Toronto.

STEEL ASKS COAL CO. FOR RENEWED CONTRACT

Dominion Concerns and Their Legal Warfare and How it Affects Their Every Day Affairs.

MONTREAL, July 21.—(Special.)—The Dominion Iron and Steel Co. has applied to the Dominion Coal Company for a year's extension of the special contract which was signed in this city on Dec. 6, 1906, by which the coal company agreed to give the steel company the Buffalo News, totaling the fire which broke out in the big city grain elevator at Michigan and Ohio-streets in that city, giving every indication of becoming a half million dollar fire.

There are probably good reasons why President Plummer and his directors have intimated to their friends, the coal company, the desire to have the contract extended to Dec. 31, 1908. Supporting, for instance, the case now pending before the judicial committee of the privy council were again postponed.

There are probably good reasons why President Plummer and his directors have intimated to their friends, the coal company, the desire to have the contract extended to Dec. 31, 1908. Supporting, for instance, the case now pending before the judicial committee of the privy council were again postponed.

WHAT A PROPER FIRE BOAT CAN DO.

Courtesy of Buffalo News. A year for a weak and unsatisfactory substitute. The blaze near the Queen's Wharf Lighthouse, a week or so ago, which caused a lot of fuss, would have been quenched inside of ten minutes after the alarm was first sent in.

But with the difficulty the land force then had to contend with, had there been a gale, or even a brisk wind, a destructive conflagration would easily have resulted.

The Potter, that kept the loss to \$20,000.

In addition to service at actual waterfront fires, the fire boats at Buffalo also provide a high-pressure artificial business district, through special mains.

Toronto, with the extensive waterfront and inland is peculiarly in need of an up-to-date fire boat, but the city is content to pay a few hundred

the blue grey clouds and with the head river and the dark southern hills for background the costumes look nothing in comparison with the sunny effects of yesterday. People are apt to forget that Canada, was cradled in color. The spirit of our business age is drab and dull, but when Champlain came to Canada, the world loved color as a girl loves ribbons. Even the witch succumbed to the fascination and out of black and gloom flamed out vestments of scarlet and purple.

Canadian Color. The armies of the world put on their gayest garb to greet the King and the courts of Kings vied in magnificence of sparkling and radiant color. They were grey old

TRUST FUND INVESTMENTS

The prompt payment beyond question of interest and principal at maturity must be the paramount consideration when investing Trust Funds. The bonds issued by the Canada Permanent Mortgage Corporation meet all the requirements and are a legal investment for Trust Funds. We should like to send you a specimen Bond and all particulars. Your name and address on a postcard are all that are necessary, or call and let us talk it over.

CANADA PERMANENT MORTGAGE CORPORATION

TORONTO STREET, TORONTO.

SETTLEMENT IN VALUES AT NEW YORK MARKET

Manipulation Subsides During Public Participation—Local Market Remains Quiet, But Firm.

World Offices, Tuesday Evening, July 21. There was no broadening in the transactions at the Toronto Exchange to-day. Sentiment on the whole was inclined to favor higher prices, but orders were not forthcoming to sustain the supposition. With one exception there was no change in prices worth noting, and most of the transactions must be accepted as having been advanced, so that many may get out without losses.

Wall Street Posters. President Corey of U. S. Steel Corporation says steel trade will be normal by spring of 1906.

United States treasury shows deficit for first twenty days of July of \$17,750,000 against \$11,000,000 last year.

Sale by Southern Pacific of Central Pacific bonds exceeding \$10,000,000 will be used to pay off Southern Pacific's floating debt of \$15,000,000 and supply working funds.

Chairman Fink of Norfolk & Western opposes rate increase and wage decrease, saying neither is needed now.

Regular dividend on People's Gas 1 1/2 per cent. payable August 25.

Joseph says: Harriman issues will work towards higher level of prices. Pull St. Paul consistently. Buyational Lead. Hold Amalgamated Copper.

There has been pretty good buying of Southern Railway shares during the past few days, on the announcement of an early increase in freight rates practically over the whole territory served by the roads.

PITTSBURG—Representatives of Pennsylvania, Baltimore & Ohio and Vanderbilt lines entering Pittsburg say a shortage in box cars is threatened in a few weeks. Re-opening of lines here and unexpected rail cars from all quarters have caught the railroads unawares, and there is now a great rush on the shops.

The flower following seen confident of seeing St. Paul cross 14 this week. Information is bullish on Pennsylvania. We expect to see Northern Pacific higher, and Union Pacific is well tipped for higher levels. The market should do better. Consolidated Gas may be bought on recessions for turns, also Steel. Dormant stocks may be taken up any time now—Financial Bureau.

An official of the Denver & Rio Grande says that the six subsidiary companies which have been merged into the Rio Grande & Western Railway Company are not known in the east, and consequently the action of the stockholders on this question next Monday is of no public interest here.

Interests identified with the Lake Superior Corporation deny that the Canadian Pacific Railway Co. will take over the Algonquin Central Railway, both companies of which are owned by the Lake Corporation. The plant was recently shut down owing to the fact that it had cleaned up virtually all the orders hand. Orders are still coming to hand, but advantage is being taken

WATCHING INSIDE OPERATIONS.

World Office, Tuesday Evening, July 21. Broadly reviewed, the Toronto stock market shows no increment in business because of an apparent buoyancy in prices. Taking to-day's business at its face value, the only improvement in prices occurred in Sao Paulo. In that the pool operating in these shares recently raised money in London there is no wonderment that the stock is being bid up. All kinds of tips are being circulated in regard to the stock, but it can be definitely stated that local operators are leaving the shares severely alone, notwithstanding the temptations offered. On the whole the stocks on the Toronto exchange to-day about held their own. Sentiment is not sufficiently bullish to call for a discarding of judgment, and outside traders are watching and wondering at inside operations rather than participating in them.

at this time to make some necessary repairs. NEW YORK—There was considerable selling of Southern Pacific this morning, both from abroad and local sources, due to the announcement of new financing concerning which Kuhn, Loeb & Co., Speyer & Co. and the National City Bank make an official statement that the offering of \$15,000,000 gold bonds to close the first and refunding mortgage of the Central Pacific will shortly be made.

Bullish operations seem likely to continue this morning. They may be seen to be conducted more along speculative lines, with individual advances and reactions. In purchasing now at current levels we would be governed by the probability that a general reaction is approaching. We expect to see standard stock higher than the ruling levels later on. M. K. & T. may have a sharp upward spurt anytime now. Important financial development in Atchison should put the stock higher. Higher prices for copper metal predicted by us of late will further our favorite copper stocks. Amalgamated, Utah and Anaconda, which show a strong upward trend—Financial News.

Some time ago it was announced that in all probability E. H. Harriman and J. Ogden Armour would take an active part in the direction of the Missouri Pacific and perhaps of other roads associated with the Gould name. Yesterday confirmation of this statement came from two sources entirely independent of each other. While it is not claimed that the position of George Gould and his associates will be materially changed, it is asserted very positively that the affairs of the various companies will receive direct benefit from the activity of these financiers. Those who make this statement say that without question the Gould roads have already started upon a new era which will prove to be the most prosperous in their history.

Outside buying is still disappointing in small, but there is large speculative professional bill following to make up for this lack. The bill movement, in our opinion, will be considerably furthered now that prices have advanced into new territory and insiders are still keeping stocks comparatively scarce. The street regards the freight increase as most bullish, notwithstanding the war of opposition and the fear that this policy may again arouse the opposition of people and legislators. The street now, however, believes that it is discounting the solution of the railway problems and consequently it cannot see why stocks like Amalgamated, Ohio, or Southern Pacific, should sell under par, while even the cats and dogs under the new order of things are making a dividend record. A sharp setback seems overdue, but on the reactions there are good opportunities for profit on the long side of the Hill stocks. St. Paul and Amalgamated, the Atchison, Pennsylvania, Atlantic Coast Line, Baltimore & Ohio and the Republic Steels and Colorado Fuel are the best in that group to buy, with Anaconda as the best and safest of the Harriman stocks and Colorado Fuel and Transit should do better, the two latter better than industrials.—Town Topics.

On Wall Street. Chas. Head & Co. to R. R. Bondard: Upon a somewhat reduced volume of dealings the stock market developed a good deal of irregularity, with uncertain and mixed price movements. There was nothing in the developments to account for the news aggressive bullishness. The fact that certain advances had been reported, however, was not a sufficient reason for the hesitation displayed. Around midday the market became very dull and the afternoon specialists active during the afternoon, specialists contributing a large proportion of the dealings. The closing was irregular, with an uncertain tone. Spauld & Perkins to J. C. Beatty: It is quite manifest that some radical change in sentiment will be required or some development of more than ordinary importance must appear in order to influence a general selling movement or setback to the market. With the removal of the threat of reduced dividends and the undoubted evidence of large earnings to come speculative demand is being attracted to an already strong investment situation. The optimistic sentiment is growing. Up to this writing the market appears to

MARKETS INFLUENCED BY THE HOLIDAYS

Traders and Brokers Are Ignoring the Action of the Market for the Present.

World Office, Tuesday Evening, July 21. Holiday season is becoming the biggest factor in the local markets for mining stocks. Both brokers and clients in the main are away and are willing to be oblivious to temporary quotations during the absence. Little trading developed on the exchange to-day. At the Toronto stock exchange there was not a transaction. A few brokers traded in and out of the active shares at the Standard Exchange and some purchases of the active shares were made for future delivery. The general impression at the close of the exchange to-day was that prices on the whole are low, but that active speculation and advance values will not occur until a few weeks hence.

Mr. J. L. Mitchell went up to Cobalt with a party of New York and Montreal gentlemen and in an interview with The World representative expressed with what he says. He stated: "I have had several invitations during the past two years to visit Cobalt, but something always interfered with my plans. I am very glad indeed to have made the visit. I was prepared to see wonderful things in the mining way, but I was perfectly astounded by the amount of ore that is being seen in several of the shipping mines visited, also the tremendous heaps of ore at the dumps apparently running off the hillsides, and the fact that the dump water average, and he said he thought two or three hundred ounces.

At Aspen, Colorado, one of the noted silver mining districts of the United States, where I spent several years, they considered three or four hundred ounces of ore as a good haul. In Cobalt they tell me that from one to three thousand ounces are from an every day discovery. The mine is one of the most eminent mining engineers in the camp and he stated that Cobalt had practically in slight to-day about \$20,000,000. I look for great prosperity in this community for the next ten years."

Work on the Silver Queen is not curtailed by reason of the recent fire. The company has made arrangements for power with the Cleveland Cobalt Co., and are operating the regular number of drills until their own plant is put into action again. The Silver Queen people think that it will take a month or six weeks before they are able to get their own machinery in operation.

Provincial Note-Of. A check for \$25,242.93 reached the provincial mines department this morning. The substantial addition to the treasury was the payment of the government royalty by the O'Brien Mining Company on the output of their mine for the three months ending June 30 last. Under the terms of the lease the government collects 25 per cent. of the output of ore at the mouth of the pit.

J. A. McWilliam, member of the Standard Stock Exchange, has returned from a visit to the Temiskaming and other Cobalt mines. He is anything more enthusiastic than ever regarding the ultimate end of the Ontario Silver Camp.

THE STANDARD BANK OF CANADA Dividend No. 71. CONFERENCE ON SUBURBAN

Continued From Page 1.

"As an instance of the preference given to Montreal by way of suburban service, I take two plain routes the same distance from Montreal as from Toronto. According to railway timetables, there are twenty-one trains daily each way between Montreal and Verdun, a distance of 24 miles this side of Montreal. Eleven of these are operated by the Grand Trunk and by the Canadian Pacific. In the other direction, between Montreal and St. Johns, a distance of 27 miles, the Grand Trunk gives a service of eight trains daily each way. On the other hand, the Grand Trunk give a service of three trains between Toronto and Whitby, a distance of 23 miles east of Toronto, and a service of six trains daily between Brampton and Toronto. The Canadian Pacific also give a service between Brampton and Toronto of two trains daily each way.

Montreal Benefits.
"The combined population of St. Johns and Verdun is 700, while the population of Brampton and Whitby is 600; that is, twenty-nine trains given for a population of 700 in Quebec, and the comparative towns in Ontario get a service of eleven trains daily. I might say that the service from Montreal is purely suburban, while out of Toronto, with the exception of the new motor line instituted by the Canadian Pacific a few weeks ago, which makes a daily run to Brampton, the suburban towns are dependent on local train services for their service.

"I would suggest that a meeting of the delegates from the different municipalities interested be called at an early date, as an expression of opinion from the municipalities most interested would do much to attain the desired result."

Builds Up Cities.
The chairman stated that since the last meeting of the committee he had investigated the suburban service given by the railways in Montreal and Cleveland. While he found there had been considerable prejudice against the recent and cheap train services, which might be expected to promote an exodus from the large cities to the suburbs, there could be no doubt that it had the effect of building up Montreal and Cleveland. He had conferred with the Grand Trunk officials at Montreal, and they had indicated a willingness to hold a conference with the city on the subject.

Ald. Church read letters from the secretary of the board of trade and the secretary of the manufacturers' association stating that the question would be laid before those bodies after the holidays. He also had letters from the municipalities of Woodbridge, Whitby and Weston approving the suggestion.

Mr. Boulter, a member of the Brampton Board of Trade, presented a letter from the town clerk to the same effect.

Controller Spence suggested a conference with the suburban municipalities in order to secure united action. Then the committee could lay the matter before the board of railway commissioners. "If you arrange a deputation," he said, "it would have some weight."

Ald. McMurrich thought, however, that big holidays were not well influenced by sentiment.

Inducement to Railways.
Controller Spence suggested in reply that the interest and co-operation of the municipalities would be an inducement to the railways.

The chairman thought the committee would be able to show the railway commission that there was unfair discrimination against Toronto in favor of Montreal. A comparison of the time tables would show this. He strongly supported the idea of organizing the

THE BANE OF THE RAOE.

The one disease that destroys thousands is constipation. Cure it now to-day. This you can do with Dr. Hamilton's Pills; easy to take, no griping, sure relief. Try Dr. Hamilton's Pills yourself, 25c per box.

World subscribers in the City of West Toronto are requested to register complaints of overcharges or late delivery at the West Branch Office, 22 Dundas-street East, West Toronto, or The World Office, 50 Yonge-street, Toronto. Intending advertisers may also transmit business at the West Toronto Office.

RECORD-GROW ATTEND CONSERVATIVE PICNIC

Nearly Ten Thousand People at Jackson's Point—Great Enthusiasm Manifested.

JACKSON'S POINT, July 21.—(Special).—Weather conditions, however adverse, cannot damp the ardor of North York Conservatives, neither does it serve materially to diminish the attendance at the annual picnic, as was abundantly evidenced in the rally here to-day.

The morning broke dark and lowering, with a steady downpour, which showed no disposition to let us until noon, but with all these discouragements a careful estimate places the number present in the park this afternoon at fully 10,000.

From every quarter of the historic old riding they flocked to a central point and that the picnic grounds. It was a glad some celebration, and demonstrated beyond all cavil the warm spot that "Herb" Lennox, M.L.A., holds in the hearts of his constituents.

The 12th Regiment of Newmarket and the Sutton bands were much in evidence and furnished delightful music throughout the day.

On the arrival of the G.R.R. train from Toronto Hon. Frank Cochrane, M.L.A.; Hon. J. J. Foy, M.L.A.; R. R. Cowan, M.L.A., were met and escorted to the grounds, the procession extending over half a mile and numbering two or three thousand. Luncheon was served, and a platform meeting presided over by Archie McCullum, president North York Conservative Association, followed.

All the addresses were couched in a happy vein, as became the victors, in a hard fought fight, and all were likened to the military heroes of the past. Attorney-General Foy, who spoke briefly, drew attention to the call to arms issued by the eminent Q.C., T. C. Robinson, in The Globe.

"I recall," said Hon. Mr. Foy, "a young Liberal club that was formed some years ago, and The Globe of to-day is very interesting in the fact that many of the names referred to by Mr. Robinson were prominent herewith, and have since attained to lucrative offices in the gift of the government, showing that they at least had not labored in vain. Law reform and many other reforms would be of interest by reason of the accession to power of the Conservative government."

T. Herb Lennox got a reception that made the walking ring, and in the course of a short and happy out impromptu address gave the call to the North York Liberals, with respect to the matter of a protest, challenging all and sundry to show cause.

He paid a warm tribute to R. R. Geaney, M.L.A., bestowed a few benedictions on the many handsome ladies present, and closed with a short peroration which roused the enthusiasm of his followers to a high pitch.

"Four years of Conservative rule have shown that the people of Ontario appreciate clear, honest administration," said R. R. Geaney, "and as long as we get the progressive legislation enacted and the Conservative party will remain in power. Mr. Geaney referred in glowing terms to the decision of the Dominion Government to prepare a voters' list for the unorganized portions of New Ontario, refusing to accept the Ontario lists, and at the same time adopting those of the provincial government in the Province of Quebec."

"Ask the hon. the minister of justice for me how he confidences so in the famous and insolent line of procedure," said Mr. Geaney.

Hon. Frank Cochrane, who spoke briefly along practical lines, drew attention to the need for re-forestation of the building of trunk lines and branch lines to develop New Ontario, and pointed out the advantages of the Dominion Government, and of the municipalities, in the matter of the water supply.

BATTLE CRY.
More than half beaten, but fearless, Facing the storm and the night, Breathless and reeling, but fearless, Here in the lull of the fight, I who low not but before Thee, God of the fighting clan, Lifting my fists I implore Thee, Give me this stub of a sword!

What tho I live with the winners Or perish with those who fall! Only the cowards are sinners, Fighting the fight is all! Strong is the foe—be advanced! Snapt is my blade, O Lord! See the proud banners and lances! O spare me this stub of a sword!

Give me no pity, nor spare me! Calm not the wrath of my foe! See where he beckons to dare me! Strong is the foe—be advanced! Not for the glory of winning, Not for the fear of the night; Sound the battle is striking— O spare me this stub of a sword!

Red is the mist about me; Deep is the wound in my side; "Coward" the cry to flout me! O terrible foe, thou hast fled! Here with my battle before me, God of the fighting clan, Grant that the woman who bore me Suffered to suckle a Man! The Outing Magazine for August.

BOVRIL

is indispensable in the camp, and for all impromptu meals. Add a little BOVRIL to your canned meals and soups and note the difference.

BOVRIL sandwiches are nutritious and toothsome.

YORK and was accorded a warm reception at the home of Eugene Cutts, on Gilmora-avenue. Mrs. Cutts, who is the mother of four children, retired for some time, and her husband having gone to the city, she was left alone to care for her household.

The Metropolitan Railway gave an unrivalled service through the day, and Traffic Manager "Charlie" Wilson, who was early and late in the morning, was the recipient of many well merited encomiums for efficient management shown.

WEST TORONTO.

WEST TORONTO, July 21.—A rather mysterious occurrence took place last night at the home of Eugene Cutts, on Gilmora-avenue. Mrs. Cutts, who is the mother of four children, retired for some time, and her husband having gone to the city, she was left alone to care for her household.

The Metropolitan Railway gave an unrivalled service through the day, and Traffic Manager "Charlie" Wilson, who was early and late in the morning, was the recipient of many well merited encomiums for efficient management shown.

ST. JAMES' PALACE.

St. James' Palace is undoubtedly the most important place of residence for a distinguished visitor whom the King and the country delight to honor. For, altho by a constitutional principle the King carries his court with him wherever he goes, St. James' is the well established official palace of the monarch and the residence of his court, and the place from which all the most important acts of state are dated. It is to the "Court of St. James" also that all foreign ambassadors are accredited, and here the King still holds his levees, altho the drawing rooms have since the death of the prince consort been invariably held at Buckingham Palace.

The palace was built by Henry VIII on the site of a hospital dedicated to St. James, but very little of this building is left except the brick gateway facing St. James-street, and the old presence chamber, on the chimney piece of which can be seen the initials H. A. (Henry and Anne Boleyn). After the destruction by fire of Whitehall Palace, in the reign of William III, and the occupation of Buckingham Palace by George IV., St. James was the only residential London Palace of our sovereigns, the Palace of Westminster being abandoned as a royal residence from the time of Henry VIII.

NORTH TORONTO.

Well-Known Local Cochinna Leaves Home and Family.
NORTH TORONTO, July 21.—Joseph Hughey, cochinna to Richard Garland, is missing from home since yesterday morning when he induced his wife to go berry-picking, which she has taken on her trip to the north.

After she was gone, he hitched one of Mr. Garland's horses to a wagon and took his trunk to the Union station, asking William Russell to take the horse and rig home. He has been working for some time in the garage, and attempting to save himself, but the little bone of the right leg below the knee. Dr. Bond set the fracture.

DEER PARK.

Christ Church Have Plans for Enlargement.
DEER PARK, July 21.—Christ Church vestry meeting was held in the school room last night for the purpose of discussing plans for the erection of a new church building on the site of the present one. The estimated cost of the new structure is about \$25,000, of which about \$10,000 is subscribed. The building committee are the Rev. T. W. Patterson, the wardens, Messrs. Luntz and Lantz and Messrs. Price and H. H. Ball. An architectural committee will be appointed by these. It is proposed to build a modern brick structure upon the present church site.

EAST TORONTO.

EAST TORONTO, July 21.—The East Toronto band, under the leadership of

THE FRENCH IN ONTARIO.

Hon. Dr. Reaume Says No Census Can Do Them Justice.
The will of the late Richard Wells, formerly of Aurora, where he was widely known as the proprietor of the Queen Hotel, has been filed for probate. His widow, Mrs. Rachel Wells, receives his estate, valued at \$7,160. He had an equity of \$1000 in his property in Aurora, valued at \$12,000. He owned 17 acres in King township, worth \$400. On her death the property is to be divided equally among her five daughters, and three grandchildren.

"The history of the French element in Ontario is identical with the history of colonization in America. At various times there have been considerable groups of French-Canadians who have come from Quebec to settle in Ontario, but the camp-fires on the frontier have been shining since the time of our first missionaries and our gallant pioneers bore the glorious light of Christianity to the savages in distant regions. Here has been considerable accession of French influence and certainly no society has gained the day. Whether coming or going, the French element has left its imprint on the institutions of the nation, its temperament and its race."

"After all, there are very few points of difference between the Canadian of French origin and his compatriot of British origin; one seems to supplement the other. The greatness of England (which Canada is not proud of her?) is surely due to this faculty whereby she can assimilate the best qualities of the other nations with which she comes in contact."

"If I may be permitted to assume the mantle of a prophet, I would say that Canada will always possess two languages, and it is a proven fact that those who know two languages have two souls."

"The eternal tendency of the Englishman to classify everything according to the French element of Ontario a proportion of only 10 per cent. of the population. That is inexact. Shortly I can prove it in a paper that will be ready in some time. It is a proven fact that those who know two languages have two souls."

"The eternal tendency of the Englishman to classify everything according to the French element of Ontario a proportion of only 10 per cent. of the population. That is inexact. Shortly I can prove it in a paper that will be ready in some time. It is a proven fact that those who know two languages have two souls."
