PARLIAMENT IS OPENED FIVE NEW MEMBERS IN COMMONS FRENCH TREATY ISSUED

Three New Faces in Red Chamber
—Speech From Throne Indicates Completion of Quebec Bridge—Control of Telephones and Telegraphs by Government Foreshadowed—Extension of Provincial Boundaries—Debate on Monday.

OTTAWA, Nov. 28.—(Special).—The fourth session of the tenth parliament of Canada was opened this afternoon. The ceremony in the senate chamber, where His Excellency Earl Grey read the program for the session, was attended with the usual pomp, the number of members of both houses being larger than usual on the opening day, while there was a brilliant assemblage of ladies, who occupied the floor of the chamber and overflowed the galleries.

The speech from the throne conveyed congratulations on the fisheries expansion, a gratifying result of which was the fact that the revenue of the last fiscal period of nine months was more than sufficient to meet expenses on consolidated fund, national transcontinental railway, capital and special outlays of all expenses of the Dominion of every kind and leave a balance of over three million dollars to be applied in reduction of the public debt. It was confidently predicted that the financial stringency restricting trade would be only temporary.

It was announced that the French treaty convention would be laid before the house immediately.

Canada has joined Newfoundland in an agreement with the fisheries dispute with the United States before The Hague tribunal.

Despite the difficulty of securing labor material progress had been made with the G.T.P.

Will Complete Quebec Bridge.
The wide and unexpected collapse of the great cantilever bridge in course of construction across the St. Lawrence, in the vicinity of Quebec, may be regarded as a national calamity, and the event has evoked much sorrow for the lives which were lost on that occasion. A commission has been appointed to enquire into the cause of the disaster. When received the report of the commission will be laid before you. It will be necessary to devise means for completion of the bridge within a reasonable time.

The time has arrived when the public requires telegraph and telephone companies holding federal franchises to be placed under government control. A bill will be introduced for that purpose.

Among the measures to be submitted is a bill for the extension of the boundaries of Manitoba and other provinces, also a bill to provide for the issue of government annuities for old age, a bill respecting insurance and bills to amend the Election Act and the Dominion Lands Act.

Five Members Introduced.
Five new members were introduced. The government party had other supporters to present to Mr. Speaker, while the opposition had two, the common front the red chambers giving occasion for some enthusiasm on both sides.

Hon. Dr. William Pugsley, minister of public works, and other members Sir Wilfrid and Hon. Mr. Fielding, and Hon. George P. Graham between Hon. William Paterson and Mr. S. Calvert. Then Mr. Borden introduced Major Beattie of London, and C. L. Owens of East Northumberland, F. D. Monk and W. B. Northrup assisting. The last to be brought in was A. M. Martin, who keeps North Wellington in the Liberal column, Sir Wilfrid and H. H. Miller were his sponsors.

Debate on Monday.
Sir Wilfrid moved that the address in reply to the speech be taken into consideration on Monday, and a committee to strike the standing committee was named by the premier. Sir Wilfrid, in reply to Mr. Borden, who expressed the hope that the committee would be named without delay, in order to facilitate the work of the session, informed the house that early next week the names would be submitted.

The convention respecting commercial relations between Canada and France was laid on the table by the finance minister, and public accounts for the nine months ending March 31 were brought down.

Producer Gas Not Factor in Situation Asseveration and Argument Fail to Prove it a Competitor With Niagara Power.

The Globe is nervous now over the possibility of the citizens not passing the power distribution bylaw. If reasons very properly that the city would be thrown in such a case upon the tender mercies of the Toronto Electric Light Co. The Globe need not be in the least nervous about the issue, but if it desires to help make assurance doubly sure, it has only to tell the truth about the situation to its readers.

Take the producer gas question, for example. Apart from the point that power production is not now before the citizens, the power having been provided for from Niagara, the Globe has taken some pains to lead its readers to fear that all other methods of generating electricity except producer gas are about to be relegated to the scrap heap.

Prominence has been given to offers of plant made to the city, and The Globe itself calls upon the hydro-electric commission to examine the possibilities of producer gas, quite oblivious of the fact that the commission has already done so in its report last spring.

Nothing has been shown to indicate the incorrectness of The World's estimates of gas producer cost, except a letter denouncing the "desperate ignorance" of The World by a promoter of gas producer manufactures. This because The World did not accept the promoter's figures.

It is quite easy to mystify the man on the street with technical details, but the proof of all this is in the fact that Europe's gas producer pudding has been pretty well sampled, and while no one familiar with the matter would deny that gas producer engines are one of the most economical methods of generating power in small quantities, the whole problem of large installations is still in the region of experiment.

The question of depreciation, for example, does not appear to be dealt with in the details published of the Colonial Engineering tender. Is the public to suppose that the gas producer engines will run for thirty years without wear and tear? European experience states that in the best case the life of a gas engine running the ordinary 10 or 12-hour day. For a 24-hour day the life would be reduced to half this. Should this be the case, the 24-hour power offer would have to be increased by the cost of three new sets of engines instead of one set.

The expert view of German engineers goes to show that the difference in cost of the half-load and the full load is almost impracticable. The expert opinion of men with a professional reputation at stake is quite as good as the testimony of a promoter with machinery to sell.

Another calculation of the gas producer expert is on the cost of a street lamp. This is placed at \$18, reckoning about 4000 hours in the illuminating duties of a Toronto street lamp in the year, it is difficult to see how the power offer at \$18. It looks more like \$40, even admitting the one-cent rate, which optimistically hopes for the best in all contingencies.

Gas producer power is still an experiment. Niagara power is not. Electric power, however guaranteed, requires a distributing plant. By installing the plant proposed under the hydro-electric power commission, which will cost the citizens nothing, and save them \$100,000 a year to begin with, cheap power may be made available and cheap light brought to the home of every citizen in Toronto.

FIELDING BRINGS DOWN PUBLIC ACCOUNTS

Withdrawals From P. O. Savings Banks Exceeded Deposits—Foster Asks What Mr. Shepley Got.

OTTAWA, Nov. 28.—(Special).—The public accounts for the first period of nine months ended March 31, were brought down by Finance Minister Fielding to-day. The receipts on account of the consolidated fund for nine months were \$67,968,328.29, and expenditures \$51,542,161.02, showing a surplus of \$16,426,167.27. There was a reduction in the national debt of over three million dollars.

Chargeable to capital are the following items: I.C.R. \$1,473,967.96; P.E.I. Railway, \$91,210.52; National Transcontinental Railway, \$5,557,867.99; cars for government-general, \$38,538.33; On Canada, Leclaire, \$13,843.25; Soo, \$65,504.69; Trent, \$133,045.42; Welland, \$489,305.02; St. Lawrence canal, \$140,123.88. On public buildings, \$1,797,871.16, including \$431,309.13 for government buildings, Ottawa; \$125,118 for Port Arthur and Port William barracks, and \$618,900.93 for River St. Lawrence ship canal. On Dominion lands, \$526,586.81, and militia, \$79,282.87. Railway subsidies amounting to \$1,234,839.20 were paid. The largest amount, \$420,608, went to the James Bay Railway. Bounties were responsible for an outlay of \$581,544.41.

Depositors' Balance.
At the close of the fiscal period the balance at the credit of depositors in the post-office government savings banks was \$62,541,817.87, an increase of \$831,189.79, compared with the balance on June 30, 1906. Withdrawals exceeded deposits by \$730,657.16. Of the \$67,700,116 was added for interest, making a total increase of \$681,189.79.

The debt of Dominion was \$385,751,599.88, a reduction of \$2,117,779.73. This reduction was accounted for by the surplus of receipts over normal expenditures of \$1,657,172.29. During the period a loan of \$2,500,000 was redeemed. On July 3, 1906, the Dominion took over the C.P.R. bond loan of \$266,700, and on Dec. 1, 1906, \$500,000 of 3-1/2 per cent. currency debentures issued in 1891 matured and were paid off.

Would Extend Intercolonial.
The program of work of the private members are laying out for the government in a report on the Intercolonial. Mr. Shepley has given notice of the following resolution: "That it is desirable that the Intercolonial Railway as a government operated railway should be widened and extended by securing by lease or otherwise the Canadian branch of the railway now connecting with Intercolonial as well as direct and profitable feeders to the traffic of said railway by providing for the extension of government operation of said railway to industrial centres of Western Canada and to other documents on the lakes of Canada, either by a construction of the same to such points or by securing such running rights over the existing line there to, as will enable the Intercolonial Railway to extend its transportation facilities westward to a point of strategic importance and promoting internal and inter-provincial traffic and facilitating the import and export trade of the Dominion and the Canadian branch thereof."

Mr. Foster Wants to Know.
Mr. Foster will ask for details of the insurance commission and what Mr. Shepley received for his services. What money was paid Hon. C. S. Hymman after he resigned. Mr. Foster will also ask what arrangements were made with banks to provide funds to move crops.

Mr. Lancaster Has Two Bills to Amend the Canada Shipping Act and the Railway Act.
W. F. Cocksbut (Brantford) proposes to move that assisted immigrants be exempt from the agricultural and domestic servant classes, should cease. R. L. Borden will move for copies of orders-in-council and other documents relative to Japanese immigrants.

Mr. Maclean (South York) gives notice of a bill to amend the Railway Act and to give the government the right to exercise any regulation of rates.

DIRECTORS WERE ASHAMED.
OTTAWA, Nov. 28.—It was at the request of the directors of the M.C.A.C. that the local press made no mention of Sir Frederic Borden's address the other night. He had been invited last spring to give an address when he contributed \$1000 to the association. Since then The Calgary Eye-Opener's charges have been given publicity, and the directors had hoped the engagement would be canceled. It wasn't.

JUST BE GLAD

Oh, yes, the sun rose this morning, and it will rise to-morrow morning, too. The sun is always shining, if you have the power to perceive it. Let's brighten up a bit. Gladden, and the world gladdens with you; mope, and you mope alone. Will to be glad, and you have achieved within yourself a mastery that will help you to discount your worries to insignificance. And better than that, your gladness will have its effect on those you come in contact with. Gladness is only like smallpox in that it is infectious. Get the infectious kind of gladness. Tell yourself this morning, "Well, I'm glad." Never mind what it is you are glad about—just be glad. Meet your banker with the glad-hand, and tell him to be glad. Perhaps he needs it. And up and down the street, in and out of the store, tell your friends, "Well, I'm glad." It will get all-over-town before noon, and then everybody will be glad. Citizens, just brighten up a bit. The sun is shining somewhere. And—it's going to snow.

SOO SENSATION LONG PURSUIT ANOTHER ARREST FOR ALIMONY

John McLeod, a Prominent Man, Confessed to Writing "Black Hand" Letters

SAULT STE. MARIE, Nov. 28.—(Special).—John McLeod, a prominent man of the Soo, was arrested this afternoon by Detective William Greer of Toronto and Chief of Police Downey on the charge of having written Black Hand letters, for which crime Smith and Howard, forgers, now in jail, were suspected.

McLeod has made a full confession, admitting having written letters to Mr. and Mrs. A. E. Millington of Espanola. Millington is manager of the Espanola Pulp and Paper Co. Greer has been here a week working on the case. The crime was brought home to McLeod because of family history mentioned in the Millington on the charge of having written Black Hand letters, for which crime Smith and Howard, forgers, now in jail, were suspected. Mrs. Glassberg's affidavit sets out that Glassberg lived with her at the Austrian capital for 10 years, and in 1897 fled to New York, where she followed, to find that he had married again. The couple disappeared, but she located him in Toronto three years ago and brought him into the police court. Failing satisfaction, she went to Mr. McGregor, Glassberg, who is 28 years of age, says he never married the lady, and that anyway he was only 18 years old and no ceremony would have been binding. Two years before he left Austria she sued him for breach of promise and a settlement was made. He denies marriage with the New Yorker and declares that he once before entered into a settlement with Dinah in Toronto, by which he gave her \$100 and \$5 to go out of his life forever via New York. Three months ago his other helpmate, went back to her friends in a Pennsylvania City, taking some of Harry's shekels.

IRVING FOR COMMISSION.

Manager of Bradstreet's Spoken of for Railway Board.

OTTAWA, Nov. 28.—(Special).—The postmaster of Toronto has not yet been filled, but to date the candidate most spoken of is W. B. Rogers, the it is known that T. C. Irving of Bradstreet's already has had the refusal of the position. It is said that Mr. Irving is in the running for a railway commissioner when the commission adds two to its present numbers, the western division of the C.P.R., and D. Pottinger, general manager of the I.C.R., have also been spoken as possible commissioners.

LIBS. LOSE SEAT "SOLID 18" NO MORE

Notable Victory for Conservative in Colchester, N.S., After Vigorous Campaign.

HALIFAX, Nov. 28.—(Special).—John Stanfield carried the Conservative flag to victory in Colchester County today and pleased the solid 18 phalanx who have, since 1904, supported W. S. Fielding thru thick and thin. Stanfield's majority over his opponent, Charles Hill, is over 250, overcoming an adverse Liberal majority of 181 secured by the late member, now Judge Laurence.

In giving to R. L. Borden a supporter in the first county opened in Nova Scotia since the Halifax platform was announced, it is regarded throughout Nova Scotia as showing the electors' unqualified approval of the progressive features of the opposition policy. Stanfield reiterated thruout the campaign his unqualified acceptance of Borden's platform.

The fight was most spectacular. Fielding hastily left Ottawa to aid his nominees and the county swarmed with Liberal members, both local and federal. Stanfield also had the assistance of the best stumpers the party can boast of, prominent among them being George W. Fowler, George E. Foster, F. W. Hanwright and R. H. Butts, the latter two being brilliant speakers and prospective candidates in the next election for Hants and Cape Breton.

The Conservatives displayed brilliant strategy thruout. The electors fought cleanly on both sides and good feeling existed, despite the strenuous character of the fight. The Town of Truro gave Stanfield 205 majority, in 1904. Tremendous interest was taken throughout Nova Scotia in the election and Conservatives everywhere were jubilant and regard Stanfield's triumph as a sure forerunner of the capture of many counties in the next federal fight. We have heard the last of the solid 18 from Nova Scotia.

Stanfield is a manufacturer, being president of Stanfield Limited, a large underwear concern. Hill is a wealthy farmer. Colchester's Record.

NOTE AND COMMENT

The two selections made by President Dwight J. Turner of the O.H.A. are such that cannot fall to meet with the approval of the whole association.

Some will no doubt raise a cry about the west having five representatives, but isn't the west the hot-bed of O.H.A. hockey, and wasn't the whole three championships won in that district last year?

Winnipeg are going about it the right way to bring back the Stanley Cup to the west by breaking the eastern clubs. Now Harry Smith of the Ottawas, the best goal-getter in the east last year, has received a tempting offer to play in the Prairie City.

Peter Christopher of Hamilton is anxious to have a Canadian Marathon course established, and one that will rival the annual Boston race, while the distance will be about the same as the historic course at Athens.

The year of 1907 will go down in the annals as the greatest ever for athletic meets, while the Irish-Canadians are now planning to put on a grand carnival featuring monster indoor carnivals the week of Dec. 16, at the St. Lawrence Market.

Fordham beat Holy Cross yesterday 35 to 0, and now Dick Rudolph hands out the merry Hal Hat to his baseball pals—Bill Carrigan and Jack Flynn.

Parkdale Collegiate are great finishers, as their history of the past two years will show. For Harbord always won the first game, but faded away when the needful was wanted.

Boxing Kaufman Sullivan FIGHT TO KAUFMAN

It Was an Even Go the First Ten Rounds—Kaufman a Disappointment

SAN FRANCISCO, Nov. 28.—Al. Kaufman of this city was awarded the decision over Jack (Twin) Sullivan of Boston at the end of 25 rounds at the Colma Athletic Club this afternoon.

The fight up to the tenth round was practically an even affair. After that, however, Kaufman forced to the front and was never in danger again. Sullivan did his best work in the early rounds and for a time looked as though he might win.

From the eleventh round on, Kaufman was a give and take affair up to the tenth, with Sullivan having the better of it. But in the sixteenth round Kaufman forced Sullivan from one end of the ring to the other, landing almost at will with lefts and rights to the jaw. He tied up Sullivan and showed that he lacked the one requisite—a knockout punch.

The fight so far as Kaufman was concerned, was a great disappointment to the spectators, for it showed that the Californian does not display the championship caliber with which he has been credited.

The fight also showed that Kaufman lacks both vim and viciousness. After the fight Sullivan said that he injured his right hand in the sixth round, and such was the case it was not apparent to the spectators. Kaufman clearly outboxed Sullivan on all but a few rounds.

The men entered the ring at 2.15 p.m. The audience numbered about 600. Billy Roche was referee.

Time was called at 2.30 p.m. The men sparred cautiously for a few minutes, then Sullivan sent a good right to Kaufman's ear, and they clinched. More severe blows. Sullivan appeared the more clever boxer, but Kaufman, however, appeared to have a shade the better of the fight.

Several exchanges in the fourth and Sullivan staggered his man with a straight left to the jaw. Kaufman landed a blow on the nose, but Sullivan, who had the upper hand in the fifth round, was again flowing, got in some hard blows.

They exchanged vicious blows, at close range, in the seventh, Sullivan having the better of the rally. Kaufman went from his nose, Sullivan had a slight advantage in this round.

The eighth round was a vicious one, both men giving and receiving considerable punishment. Kaufman had the better of it.

At the close of the ninth Sullivan was the victor, but Kaufman landed several severe body blows and a raking left to the jaw and left Kaufman's head swimming.

The tenth also was Kaufman's round. Sullivan's left eye was badly swollen as he went to his corner.

In the eleventh Kaufman seemed much the fresher of the two, but Sullivan got him again the ropes, and sent him to the floor with a right. It was Kaufman's round.

Sullivan braced himself considerably in the twelfth round and had the better of it. Kaufman pushed Sullivan, but was punished when they came to clinches.

The fifteenth was Kaufman's by a good margin. Just before the gong sounded Sullivan landed a left, which was a good blow, and Kaufman remarked: "You are not Jack O'Brien."

THE SECRET OF PERFECT HEALTH. ESTABLISHED 1856. It used to be the general idea that there was some mystery about getting well and staying well. Sellers of quack nostrums took advantage of this fact and grew rich. We are growing wiser, however, and know that good food, fresh air and cleanliness are all that are required. Cleanliness, however, means that you must be clean inside as well as outside. If your kidneys, liver and bowels are not properly performing their functions, they are accumulating a mass of filth, as a result of your violation of some natural law, and you must assist nature in nature's way to cleanse the system. No necessity, however, to risk using some secret preparation. You can obtain a perfect compound of vegetable remedies, everyone of which is endorsed by your physician. The formula of King Palmetto Compound is printed plainly on the wrapper. No secret, no mystery, just plain common sense. King Palmetto Compound will regulate the liver, bowels and kidneys, tone the system and prevent serious results which might arise from neglect. Give it a trial. Write for a free sample bottle to the King Palmetto Compound, Bridgeburg, Ontario. Sold and guaranteed by Burgess, Powell Co., 78 Yonge-street, Toronto.

CANADIAN PACIFIC RAILWAY COMPANY.

NOTICE TO SHAREHOLDERS. The sanction of the shareholders is required before the directors can issue the balance of the authorized ordinary capital stock of the company that is unissued, namely, twenty-eight million, three hundred and twenty thousand dollars (\$28,320,000), and as it is desirable that the directors should be empowered to make the issue when in their discretion they may deem it in the company's interest to do so, a special general meeting will be held in accordance with the following notice:

A special general meeting of the shareholders of the company will be held at the principal office of the company at Montreal on Monday, the thirtieth day of December next, at noon, for the purpose of considering and, if approved, of authorizing the issue of ordinary capital stock of the company to the amount of twenty-eight million, three hundred and twenty thousand dollars, being the balance of the unissued ordinary capital stock of the company heretofore authorized, such issue to be made in such amounts and at such times, according to requirements of the company as the directors may determine.

The Ordinary Stock Transfer Books will close in Montreal, New York and London at 3 p.m. on Dec. 31 next. The Preference Stock Books will close in London at 3 p.m. on the same date. All books will be re-opened on Tuesday, Dec. 31. By order of the Board. CHARLES DRINKWATER, Secretary. Montreal, Nov. 28, 1937. Dec. 19

JOHN GATTO & SON ANOTHER CHANCE Ladies' Coats and Suits

Last week we made some startling prices in Ladies' "Readywear" Coats and Suits, and now we have decided to clear up a further lot of incomplete lines:

LOT 1. 25 only Ladies' New York Design Suits, all this season's good features, splendid range of colors, all colors, well tailored, well fitted; formerly up to \$40.00. Now \$25.00

LOT 2. Another lot of Ladies' Suits, fully up-to-date as the above, but tweeds instead of broadcloths; many splendid black coats amongst these; this is the residue of our most popular winter lines, being good value at their marked prices, but as the range of sizes is no longer complete, we will make special inducements to clear them out. Think of it! These were up to \$15.00 each. Your choice now \$5.00 each.

Month-End Blanket Sale On Friday and Saturday, being the last days of the month, we offer: 14 pairs only Pure Wool Blankets, 64 x 84 inches, singly shipped, pink or blue borders, formerly \$4.00. Now \$4.90 Pair

17 pairs, same as above, but 2 x 2-1/2 yards; regular \$7.50. For \$6.25 Pair

Only 2 x 2-1/2 yards, Table Cloth, pure linen, double damask, satin finish, assorted patterns, new goods; regular \$3.50 to \$4.00. Friday and Saturday to Clear \$3.00 Each.

Tray Watson's Cough Drops. ed: These apples are shipped. LONDON, Nov. 28.—"If apple shippers in other parts of the province are complaining that they are tied up for lack of proper shipping facilities, that condition is certainly not true of London and Middlesex," was stated today by one of the most prominent fruit dealers of this section.

The Classic Piano is a Home Piano. In some respects more than any other piano made by the old firm of Heintzman & Co., Limited, 115-117 West King-street, Toronto, the Classic design is the piano for the average home. It is made in specially selected veneer, in a very handsome case, with full iron frame, constructed on the same principle as the firm's grand piano and contains the Heintzman & Co. Agraffa bridge. One could hardly suggest a more handsome gift for wife or daughter for Christmas.

MAN RUN DOWN.

Driver of Wagon Goes on The Victim Cries Loudly.

R. Nell, 416 Huron-street, was run down and over by a covered Dominion Express Company wagon at Queen and York-streets at 1 o'clock last night. The front wheel passed over him and he was dragged about 15 feet before the second wheel went over him.

The driver of the wagon did not stop or look out, although the man was screaming loudly. A considerable crowd gathered on the pavement for ten minutes until removed to St. Michael's Hospital in Matthews & Co.'s private ambulance. He was not seriously hurt.

TELLS HOW THE HOME MIXTURE IS PREPARED

Simple Prescription Which is Easily Mixed at Home to Cure the Kidneys and Bladder.

A large health publication tells its readers of a number of simple and safe prescriptions that can be made at home. The one of especial value is the cure of rheumatism and kidney and bladder troubles receives the greatest praise, viz., Fluid Extract Dandelion, one ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is further stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic affections, relieving the aches and pains, and reducing swellings in joints.

A well-known local druggist states that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses the organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

Cut this out and hand to some sufferer who would certainly be an act of humanity.

Waylaid and Robbed.

PETERBORO, Nov. 28.—(Special).—Isaac Hetherington, mail vendor, was returning to his home in Smith Township last night when he was attacked by two masked men and badly beaten. He was relieved of \$200.

Hetherington's injuries are so serious that he will be laid up for some weeks.

THE DRAMATIC DROP IN HOGS.

J. W. Flavell of the Wm. Davies Co., upon being interviewed as to the hog situation in Ontario, said that he could not enlighten the farmers as to the future. He was as much in the dark as they were, and was naturally very anxious to see some light shed upon the situation.

The dramatic drop in the United States market on Saturday to below the \$4 mark has produced a corresponding uneasiness in Canada. But the return to the \$4.35 in that market was more assuring.

"The market in the old country and on the continent is also demoralized," said the representative of the Wm. Davies Co., "and we do not know what to prepare for here. We are, therefore, just sitting on the situation until some permanency to the market appears."

It is to be lamented that so many nice young heifers and young sows are being marketed by the farmers. It seems almost cruelty to send these to the shambles. The farmers will have to repurchase their breeding stock next year, and it seems poor policy to hurry them off in the present scare.

That feed will be much cheaper in the spring seems to be current opinion, and the farmers who have to purchase feed would likely do well to delay such until absolutely necessary to do so.

At any rate, there is no need for a departure from a business that has paid the farmers so well in the past, and gives promise of doing as well in the future. We are a hog-raising people, and second thoughts before selling are wise.

Robert Wilson, 23 years, a veterinary surgeon of Berkeley-avenue, East Toronto, attempted suicide by cutting his throat yesterday morning by cutting his throat with a razor. He had been unwell for several days and yesterday morning his wife left him in charge of J. Seager, his assistant. He was taken to the hospital. He is resting easily and will recover.

WILL LEAVE THE CENTRAL FOR TRIAL IN OHIO

When Arthur Dent (colored) of Toledo, Ohio, is released from the Central Prison this morning he will find that the horizon of freedom, which has been regarding during a term for theft has been shoved back. Sheriff Chalmers of Toledo arrived in the city yesterday and secured an extradition warrant before Judge Winchester, under which Dent must face a charge of picking pockets at Toledo.

OVERWORKED THE PIPE.

Alfred Warren, 125 Sackville-street, and William Curran, 16 Wilkins-street, were observed by P. C. Roberts and recruit Gibson driving a section of high pressure water pipe thru Richmond-street and were arrested. Meanwhile Detective McKinney was looking for the twin on a charge of having offered to sell the pipe during the afternoon, and being given \$2 were driving off with both cash and pipe.

Report of Rev. T. A. Moore, who was absent thru illness, read by Rev. W. G. Hanna, stated that about 75,000 persons had been freed from Sunday labor under the new law, and the extent of objectionable Sunday papers, which had been sold in Canada to the extent of some 150,000, had been reduced by over 75 per cent. It was hoped to prevent their sale altogether. Scores of barbers had been obliged to close on Sunday, and over 7000 persons in the drug trade had either been relieved from Sunday work altogether or had had their hours greatly reduced. Railway construction work on Sunday had been stopped, but Sunday traveling by train and tram appeared to have increased, and more Sunday trains than formerly had been run last summer. Attempts had been made by immigrants to introduce the continental Sunday into this country.

The chairman observed, that although he was not a rigid Sabbatarian he had yet to ride in a street car on Sunday.

DEFENCE OF HOSPITALS AGAINST BAD REPORTS

Dr. Sheard is Criticized by Representatives for Publishing Criticisms.

The board of control yesterday appointed Controller Hubbard and Harrison and Dr. Sheard to inspect the city hospitals, as the result of the waiting upon the board of a deputation representing the different hospitals, to protest against Dr. Sheard's attitude toward them.

W. B. Rundle read a statement on behalf of the General Hospital, signed by J. W. Flavell, saying that Dr. Sheard's statement that Dr. Bruce Smith "unequivocally condemned" the accommodation given city order patients was entirely misleading, as was also the implication that the private patients and nurses were supplied with good accommodation, while poor patients were neglected.

On an average 23 public ward patients were accommodated, the hospital receiving nothing from the city. Mr. Rundle said that it would be inhuman to turn such patients out, but that Dr. Sheard had refused to renew some of the orders. Controller Hocken thought this a serious charge.

Dr. John Ferguson, superintendent of Western Hospital, denied that the main building, condemned by Dr. Sheard for making public the unfavorable features of Dr. Smith's report.

J. E. Atkinson said Grace Hospital was well furnished and the wards in good order. He complained that the General Hospital was being favored by the city in its grant, and censured Dr. Sheard for making public the unfavorable features of Dr. Smith's report.

Hugh J. Kelly for St. Michael's hospital, he said, was preparing to extend. Dr. Sheard maintained that he had prepared a public duty.

FOR A GREATER ONTARIO.

Claims For Extension North May Be Favorably Considered.

Premier Whitney will be back from Ottawa to-day and it is expected he will know something of the anticipated extension of the province northward. J. J. Foy, the acting premier, was unable to throw any light on the matter, nor had Hon. A. J. Matheson heard anything of the proposition.

Last session a claim was made for the hinterland north to James Bay and along the coast as far as Fort Churchill, the only deep water port in the bay suitable for western trade.

Hon. G. P. Graham, when leader of the provincial opposition, pressed himself very warmly in favor of Ontario's claims.

KILLED MAN, BUT DIDN'T STOP

Race Between High Speed Autos Has Fatal Results.

BALTIMORE, Md., Nov. 28.—During a race between two high powered automobiles at an early hour to-day, James P. Grinnel, colored, was struck and instantly killed by one of the machines. J. J. Foy, the acting premier, was unable to throw any light on the matter, nor had Hon. A. J. Matheson heard anything of the proposition.

ALGERIA INVADED.

French Forced to Retreat and Lost Eleven Killed.

PARIS, Nov. 28.—Official advices received here from Oran, Algeria, declare that a portion of the Moroccan army invaded Algeria yesterday (Wednesday). The French were forced to retreat and in the fighting they lost 11 men killed and 15 men wounded. Later, however, they were reinforced and succeeded in driving the Arabs back across the frontier.

ONTARIO FRUIT ARRIVED

IN VERY BAD CONDITION

LONDON, Nov. 28.—The Royal Horticultural Society's show opened to-day. The British Columbia Government got the gold medal. Ontario exhibit arrived only today in very bad condition; the fruit was badly packed and much bruised. In the opinion of many Ontario should not have exhibited fruit in such condition.

MOTORISTS WANT TO KNOW.

A deputation representing the motor interests of the city and province waited on the provincial secretary yesterday with a view to soundings the legislative depths and estimating the debt of the next session's measures.

HUGH MURRAY IS DEAD LOSS TO MASONIC ORDER

Grand Secretary Expires Unexpectedly After Brief Illness—Had Useful Career.

HAMILTON, Nov. 28.—Hugh Murray, grand secretary of the Grand Lodge of Canada, A. F. & A. M., and one of the most prominent Masons in America, died unexpectedly at his home here about 8 o'clock this morning. On Tuesday afternoon he suffered a slight stroke of apoplexy, but was thought to be recovering.

He was 65 years of age, and was born in Paisley, Scotland, coming to Hamilton in 1860. He was chief clerk in the customs department for a time, and in 1870 opposed J. M. Gibson in the Conservative interests in the provincial election, being defeated. For twenty-five years he was a member of the board of education.

His Masonic connection was extensive. On Jan. 24, 1888, he was initiated into Acadia Lodge, No. 51, and was elected secretary in December of the same year. In 1878 he was appointed assistant grand secretary of the grand lodge; in 1874 was made grand junior lodge; in 1877 was appointed D.D.G.M., and in 1882 was given the office of grand master of the Grand Lodge of Canada, and on the death of Edward Mitchell, grand treasurer in 1891, he succeeded to that position. In 1902 he succeeded to the grand secretaryship on the death of J. J. Mason. He was P.P.E. of St. John's Chapter, R.A.M., No. 6; P.P.E. of Godfrey de Bouillon Chapter, K.G.M.; of Murton Lodge of Perfection; P.M.W. of Rose Lodge Chapter, S.R.; P.G.M. of the Grand Lodge of Canada; past secretary of Grand Chapter of Canada; Lieut. G.C. of Moore Consistory, S.R.I.; grand secretary of the Supreme Council and grand chancellor of the Scottish Rite.

Mr. Murray was honorary president of the Tigers Football Club, and the game between the Tigers and Montreal, scheduled for Saturday, has been postponed.

Four daughters and one son survive. The funeral will take place on Saturday afternoon.

A. T. Freed, grand master, said to-day: "Mr. Murray was perhaps more actively identified with Freemasonry than any other man in Canada. A past grand master of the Grand Lodge, a past grand first principal of the Grand Chapter, the provincial grand master of the Royal Order of Scotland, past presiding officer of each of the local bodies of the Scottish Rite, he gave much of his time and thought to the work of the various bodies. For four years he had been grand secretary; and it must suffice to say that the important and onerous duties of that office were performed by him with unflagging industry and great ability. Probably no other man in the Masonic ranks could be so ill spared as Hugh Murray."

WORK ON G. T. P.

Tenders Called For Big Section West of Edmonton.

MONTREAL, Nov. 28.—Tenders for the construction of the Grand Trunk Pacific Railway of 120 miles west of Edmonton have been called for. Bids close on Dec. 23. After this winter the company will award 125 miles more, carrying the contract to the summit of the Yellowhead. Tenders will be called for the work in sections west to the coast. It is expected that all will be under contract by the middle of next year. J. B. Hastone, foreman for aley Bros. & Larson in Vancouver, is to hire a hundred men for building grade roads this winter, and on Feb. 1 he will engage 300 more as first spring workmen on G.T.P. construction.

MAKE IT PUBLIC.

Elsewhere we print a letter from "En-
quireur," who opens up the question of
advertising on a more extended scale
of the Ontario Fat Stock Show, which
takes place at Guelph the second week
in December.

This is an important week for the
farmers and stock breeders of Ontario.
The Experimental Union several an-
nual meetings of poultrymen, sheep
breeders and cattle breeders, and the
Canadian Seed Growers' Association
hold meetings on this date at the same
place. This year special lectures have
been arranged for horse breeders, and
on the question of good roads. All
these things are, or should be, highly
important to the average farmer.

Do all the farmers know of the good
things to be found at the Royal City
during this week? Unfortunately, its
light is under the bushel as far as many
farmers are concerned.

The very people that need the educa-
tion and the betterment of social com-
muniting are the ones who do not get
it. The way to reach these is the
great question of every business enter-
prise. To do it successfully is the aim
of commercial undertakings that must
live from the returns. Toronto Fair
has grown to be a big thing. No one
will dispute the fact that its success has
been largely due to a wise, yet liberal,
system of the advertising that gets
down in the homes of the people. Sig-
nboards, pamphlets, official programs and
such like expenditures in advertising
make pleasing frills, but fail to reach
the clientele that feeds "the business
as effectively as intended.

What surprises the young man most
upon his first visit to the fair and the
annual meetings of the breeders is the
small attendance of ordinary farmers
and breeders, and the routine lifeless-
ness of some of the proceedings. He
expects to see free discussions and a
more whole-hearted interest taken by
his fellow farmers. The election of offi-
cers who give direction to the business
and is done under nominating commit-
tees and by the old heads of the busi-
ness, so that new blood only creeps in
slowly. New ideas thus rot in long
intervals. The success that attends the
organization in its merits and the good times pre-
vailing, and not because of its mere
solicitation for attention.

Many people other than farmers would
enjoy, and ought to be apprised of, the
good lectures, the splendid displays of
poultry, pet stock, cattle, sheep, swine
and seeds. The placing of the merits of
these before the people would, we be-
lieve, produce a liberal response. We
have a great show at Guelph, it can
hardly be duplicated in America. It
certainly is a credit to Ontario's enter-
prise, and a tribute to our agricultural
intelligence. By it, farmers and stock-
raising will tend to be dignified. The
spread of the gospel of good farming,
with its pure atmosphere, filled with
its chances of success, not to boast
experiment, is to be hailed as the de-
sired end of the winter fair and its
exhibitions. To attain such, no
expenditure of money is too great, no
for the common people what it is do-
ing and shows them how to get the
best out of their lives will be called
unprofitable. If it is to be educational
in its nature, and do the most good to
the most people, a broad-minded policy
of dealing with the question of how to
appeal to the people would not be criti-
cized.

It is too true that little publicity is
given this fair, as our correspondent
says. Only one weekly paper in To-
ronto, and only another fortnightly
journal carries any official data about
the show at Guelph. And this from
the press in the centre of Ontario's
commerce, the heart of the province,
lies with their extended influence upon
the lives of our people!

The infusion of a little enterprise and
push into this publicity would enliven
the winter fair board would emanate
the business enterprises that grow to
be under the power of the winter fair
used, and place our leading winter ex-
position of farm products in the position
that it deserves among the agricultural
classes in the rural world. The influ-
ence of the fair should be to bring to
the sinners to repentance, and not to
quote the righteous, who are already well
the good things they have been edu-
cated to secure for themselves. To
the byways and hedges, then!

FAT STOCK SHOW DATA.
Agricultural Editor World: I am a
reader of The Toronto World and have
been for several years. I take it for
the valuable live stock market reports
that are given each week. I depend
upon your quotations for my produce
sales, and I find I generally hit it.

The Farming and Live Stock Pages
are also of great interest to me, for
the timely topics and useful informa-
tion they contain. But what I want to
know now is, where is the fat stock
show to come off at Guelph? I see no
official advertisement of this great fair
appearing in these pages.

The manufacturers are sure to ad-
vertise their meetings in their own
journals, as do all other special or-
ganizations, and the farmers who con-
stitute your many readers should be
look to your pages to find out just
what this winter fair board is doing.

It seems to me that a little better
placing of this fair's great attractions
before the farmers would result in a
larger attendance of the very men
who ought to be at these meetings.
The lectures and shows cannot be
classes as successful if only they are
attended by the exhibitors, and a few
leading farmers, who are already well
abreast of the times. What the ex-
penditure of money is for is to develop
the higher life for the humblest cot-
tager and poorest farmer. The classes
are reached by the placing of its im-
portance before them, the growth will
be rapid.

I will look with interest for a report
of the show in your valuable journal.

The Farmstead.

More cars are needed for apples.

D. Ward King, the inventor of the
Split Log Drag, is to speak at Guelph
Fat Stock Show.

Horses left yesterday from Toronto
for the International of Chicago.

Farmers now realize the importance
of good roads. The muddy condition
of side lines makes travel almost im-
possible.

Every farmer who can should take
a week off to attend the Fat Stock
Show at Guelph. The lectures on horses
and roads will be worth all the ex-
pense.

The Bowmanville Statesman says that
not over half the barley and not over
a quarter the oats of former years have
been marketed at that centre. The farm-
ers consequently have not been meeting
their accounts as promptly as usual.

The low prices obtaining for hogs
now are a serious question for the
supply next year. Packers as well as
farmers will no doubt hope for some
light on the situation soon.

The farm hen house should have plenty
of pure air. The putting of white
muslin over the windows would admit
light, prevent draughts and allow for
good ventilation. Constant attention as
to spraying the roosts and walls with
coal oil solution pays.

Prof. L. S. Kinck, Macdonald College,
St. Anne's, Que., gives a cup for the best
25 ears of Dent corn, any variety grown
in Ontario in 1907 under the rules of
the Canadian Seed Growers' Association.

This beautiful sterling silver cup
was especially designed by John
Brothers of Montreal. It lines, while
simple, are particularly pleasing, and
render the cup graceful and substan-
tial in appearance. The hand-chased
stalks, leaves and ears represented are
a work of art and combine with their
artistic qualities an unusual fidelity to
the subject. The cost was \$140. This
trophy will not become the permanent
property of any grower until won by
him three times.

The Holstein cow that was admired
by so many summer excursionists
to the Agricultural College has just
been expected and yielded more
than 20,000 lbs. of milk in one year. The
milk yielded 78.5 lbs. of butter fat.
The cost of feed was \$72.50. This
cow gave a profit of over \$150 above her
feed this year.

A handsome silver cup is offered by
F. W. Hodson, ex-vice stock commis-
sioner, to the member of the Canadian
Seed Growers' Association making the
most creditable showing of selected
seed for the whole exhibition at Guelph.
This cup will not become the perma-
nent property of any grower until won
by him three times.

In his afternoon address Mr. King
told his story in its logical entirety,
redeeming the promises and supporting
the almost incredible statements made
in his morning talk. He had the ap-
pearance of a prosperous business man,
and would possibly be dubbed a theorist
or city farmer if he did not disman-
gle a record of personal achievement in road
improvement. It is an optimistic case of
drifts fast to conquer, and the man
whom he cannot win to the fundamen-
tals of his method ought not to boast
of his intelligence, says The Breeders'
Gazette of Chicago.

A. P. Westwater of the Ontario
Provincial Winter Fair writes The World
especially commending the meetings
that are to be held at Guelph this year.
The sessions of "Hogs" should be of
great interest to all farmers. Action
looking to the better control of breeding
stock should be taken at this date, and it is
highly important that all farmers express
themselves upon the best thing to be
done.

M. J. Beatty of Beatty Bros. Fergus,
Ontario, writes that he is meet-
ing with some success in his
carriers. Many leading farmers are
installing their system this year. The
simplicity and strength of the system,
he says, make this carrier an easy
seller. Watch for their ad. on these
pages and write to them if you need a
carrier, mentioning The World.

The training of an unbroken horse
with a practical illustration in the ring
by D. Ward King, on Friday morning
of the Fat Stock Show, promises to be
of special interest. From testimony
also received, Mr. King appears to be
an expert along this line. Many farm-
ers know little about the easiest
means to subdue a colt. The "break-
ing in" process often makes them
conscious and given to bad habits. Knowl-
edge in this art is certainly power to
the farmer.

C. A. Zavitz of the O. A. C., writes
that the meeting of the Ontario Ex-
perimental Union will be held at Guelph
during the Winter Fair week. "You will
observe," says he, "that there were al-
most eight thousand farmers, fruit
growers, poultry raisers, bee keepers,
etc., actually engaged in conducting
these co-operative experiments thru-
out Ontario in 1907. The influence of
this work is very great. It has helped
to bring fully 40,000 visitors to the
farmers' college annually, to fill the
college to overflowing with agricultural
students, to change the yields per acre
of each of our principal farm crops from
a gradual decrease to a gradual in-
crease, etc.

FROZEN WHEAT 58c.
A Letter From the Secretary of the
Grain Growers' Association.

Editor World: My attention has been
directed to an article in your issue of
the 19th on "Frozen Wheat in Onta-
rio," in which both the writer and his
correspondents seem to be under a
misapprehension as to the freight rates
to western Ontario points, and the sys-
tem of handling grain in the west. The
most remarkable statement is that at-
tributed to Mr. Hanna, vice-president
of the Canadian Northern, that "it is
doubtful if you can buy wheat that
will send shipping, cheap enough to
warrant its haul down here for feed
purposes." That statement was un-
called for. Has it made for the pur-
pose of discouraging eastern farmers
to look to the west as a source of sup-
ply for feed grain, or to discourage

you, Mr. Editor, from pressing for a
reduction in the freight rate on feed
grain between the Prairie Provinces and
Ontario points?

The fact is that, with the excep-
tion of the Protection of Sheep, and
to impose a tax on Dogs," followed by
a discussion of the amendments sug-
gested by the Dominion Sheep Breed-
ers' Association.

QUEBEC BRIDGE COLLAPSE.
"I think we will be able to bring in
a definite finding," said Henry Holgate
(Ross & Holgate), one of the members
of the Quebec Bridge Commission, in-
terviewed by the Canadian engineer
as to the likelihood of the commission
being able to arrive at a definite con-
clusion regarding the cause of the col-
lapse. The report will be ready before
the end of the year.

Found Dead In Bed.
PETERBORO, Nov. 28.—An old wo-
man named Mrs. Kerr, who has been
living alone in upper rooms in a build-
ing on Middle-street, was found
found dead in bed. It is thought she
was asphyxiated with coal gas. She
has a son, Walter Kerr, Toronto.

Treasurer's Sale of Mills
FOR
Arrears of Taxes
In the Township of Scarborough,
County of York, to Wit:

By virtue of a warrant issued by the
Reeve of the Township of Scarborough,
bearing date the twenty-sixth day of
October 1907, and to me directed, com-
manding me to proceed with the col-
lection of the arrears of taxes on the lands
hereinafter set forth, together with fees

Bank of England Reserves Are Strengthened—Canadian Stocks Firm at Montreal.

World Office, Thursday Evening, Nov. 28.

The Toronto Stock Exchange was closed to-day, but at Montreal, which there was a morning session, the buoyancy imparted to securities yesterday was well maintained. The weekly statement of the Bank of England was a favorable influence on the London stock market, and was also well received in local circles. Reserves since a week ago increased \$1,870,000 making the percentage to liabilities 42.3 per cent, compared with 38.7 per cent a week ago. The rate of discount was maintained at 7 per cent, and it is not believed that this will be reduced until gold exports from London have ceased. The announcement of an increase of \$28,000,000 in C.P.R. stock was received in different ways, according as it appeared to the various individuals. The fact that the directors had decided to issue the stock at an early date was construed by some as indicating that the company's financial advisers were satisfied that stock market conditions were already mending. Others see an increase in the floating supply of the stock and a possibility of pressure on prices on that account.

With the New York Exchange closed interest centred in London quotations for these issues. The English market was steady, but prices there were below that of the close of Wall-street on Wednesday.

MONTREAL, Nov. 28.—It is announced that a special general meeting of the shareholders of the Canadian Pacific Railway Co. will be held on Dec. 30, to sanction the issue of the balance of the authorized capital stock of the company to the amount of \$28,000,000, in such sums and at such times as the directors think proper.

LONDON, Nov. 28.—Pending the reconstruction of the Underground Electric Railway Co. of London, which has been delayed by the present financial depression, Speyer Bros. have undertaken to pay the December half year coupon on \$35,000,000 profit-sharing notes of the company. The Speyer Bros. thus come to the assistance of the company with about \$75,000 in a similar manner as they assisted the Baltimore and Ohio Railroad a decade ago.

Mackay Dividends.
NEW YORK, Nov. 28.—The regular quarterly dividend of one per cent on the preferred shares and the regular quarterly dividend of one per cent on the common shares in the Mackay companies will be paid on Dec. 10, 1907. The transfer books will be closed for four days only, Dec. 15, 16, 17 and 18, 1907.

Local Bank Clearings.
Clearings of Toronto banks for the week ended to-day, with comparisons: This week, \$21,000,000; last week, \$20,223,497; Year ago, \$21,328,468; Two years ago, \$21,780,867; Three years ago, \$22,222,723.

Bank of England Statement.
LONDON, Nov. 28.—The weekly statement of the Bank of England shows the following changes compared with last week:

OUTLOOK IS NOW BRIGHTER.

World Office, Thursday Evening, Nov. 28.

"Yes, the situation is gradually clearing," remarked Byron E. Walker, president of the Canadian Bank of Commerce, yesterday.

"The panic has been quite acute in the United States, but the big men came to the support of the situation in the nick of time, and it now appears as though the worst has passed. What I like to see is the premium on currency gradually lessening. This is now below 1 per cent, and its entire elimination will likely mean that gold imports from Europe will cease. We, in Canada, are naturally interested in seeing things financial assume a more normal state on the other side, and the beneficial change has already improved sentiment in Canada. The outlook is now brighter, and there is no need for anxiety in Canada. Of course there will be some modifications made in wages and in the prices of commodities, but this is the inevitable result of a rearrangement of credit."

GROWTH OF THE C.N.R.

D. B. Hanna's Address to the Empire Club Members.

C. D. Hanna, general manager of the Canadian Northern Railway System, addressed the Empire Club yesterday on Western Transportation Problems.

Only a chastened humility, he said, prevented him from exclaiming on the fact that the C. N. R. was the second railway in Canada. The system has 4088 miles of road as against the Grand Trunk's 2348 miles.

He regarded the C. N. R. as a Canadian, and indeed, a Toronto enterprise. Five years ago he opened an office here with three men. To-day they had 155. Ten years ago they had 100 miles of road in the west, three engines and 40 cars. They had now 2348 miles of road in the west, 237 locomotives, 219 passenger cars, 35 dining cars, 300 freight cars, 10,700 men employed and a payroll of \$5,000,000, exclusive of other thousands employed on construction work.

D. B. Hanna's Address to the Empire Club Members.

C. D. Hanna, general manager of the Canadian Northern Railway System, addressed the Empire Club yesterday on Western Transportation Problems.

Only a chastened humility, he said, prevented him from exclaiming on the fact that the C. N. R. was the second railway in Canada. The system has 4088 miles of road as against the Grand Trunk's 2348 miles.

He regarded the C. N. R. as a Canadian, and indeed, a Toronto enterprise. Five years ago he opened an office here with three men. To-day they had 155. Ten years ago they had 100 miles of road in the west, three engines and 40 cars. They had now 2348 miles of road in the west, 237 locomotives, 219 passenger cars, 35 dining cars, 300 freight cars, 10,700 men employed and a payroll of \$5,000,000, exclusive of other thousands employed on construction work.

Parry Sound's Troubles.

A deputation from Parry Sound waited on Hon. Frank Cochrane yesterday, to ask that measures be taken to conserve the water supply from the Sequin River. During the past season the lack of water interfered with the Parry Sound municipal plant. The supply is now controlled by the Parry Sound Improvement Co., for the benefit of the lumber companies. A request was made for an engineer to visit the district with a view to the erection of storage works. Another deputation will wait on the railway and municipal board to-day, to ask permission for the issue of additional debentures for the municipal plant.

WOODCOCK CHARGES GO BEFORE JUDGE MORSON

Council Practically United in Demand for Thoro Investigation — County Items.

By unanimous consent, the resolution of County Councillor Evans, introduced on Monday afternoon, following the startling charges contained in Judge Winchester's report, was, except in one respect, unanimously adopted. The exception was with respect to the name of the presiding judge. Mr. Evans contended strongly for the appointment of Judge Winchester, while a majority of the members favored that of another. Later Mr. Evans expressed a willingness to accept anyone regarded as competent, stating that his only desire was for a full and thoro probe, and the name of Judge Morson was accepted in lieu thereof.

Mr. Mallon will be associated with Judge Morson in the investigation.

There was among the members of the council generally a desire for an exhaustive and searching examination, only one member, Reeve Slater of Markham, voicing a different opinion. "I have been associated with Mr. Woodcock on the audit board," said Mr. Slater, "and see no necessity for any action such as suggested. Other commissions appointed have not amounted to much, and this will cost hundreds of dollars, and I don't think will reveal anything wrong."

Wants Neighboring Judge. Councillor Jerry Nelson favored a judge from an adjoining county, such as Peel or Halton.

Councillor Norton of Woodbridge suggested a reference of the whole matter to the attorney-general's department, and moved in that direction, but Mr. Evans strenuously objected. "That simply shuts off the investigation except as far as Mr. Woodcock is concerned," said Mr. Evans. "We have four police magistrates in the county and any number of constables, and the whole matter should be investigated."

Reeve Keith of Newmarket said that Judge Winchester had made the charges and was plainly biased against the magistrates.

Reeve George Henry of York Township favored the appointment of Judge Morson, and a sharp passage at arms occurred between Mr. Henry and Mr. Pugsley with respect to the auditing of accounts and the attitude of the older members of the council toward the incoming council.

At the morning session a communication was read from Judge Winchester, in which the latter asked that a clause in his report as to the disposal of a fine of \$10 imposed on a lad by Magistrate Woodcock, be struck out.

Judge Withdraws a Clause. It stated: "The information on which I based the statement (re Coltham and McMain cases) was contained in a letter to me from Mr. McMinn of the 18th inst., in which he states the trial of Coltham and my decision thereon was disposed of at the time of the trial, and I have a receipt for the same, signed by Mr. Woodcock's son, as he told me to pay it to his son, who was going to the city at the time. The receipt is dated March 10, 1905."

"As Mr. Woodcock denies this," the judge wrote, "I would ask to have the clause referring to the matter struck out of my report."

Clerk of Peace, Too. Not alone in the magistrature, but in other courts as well, is the suggestion made to exercise greater care in the preparation and fixing of charges. The report of the board of audit, submitted yesterday, shows that the clerk of the peace is amenable to criticism, and his accounts to disallowance. A section of the report has this to say regarding this department:

"The clerk of the peace, in his accounts, charged the sum of \$386.10 in connection with the naturalization of aliens. This sum is made up of \$39.10 for filings, and \$347 for orders. Payment of these two sums has been deferred, your board holding that the clerk was not entitled to charge the same against the county. The services were no doubt performed, but we are of the opinion that the county is not liable for such services."

Cuts Down Amount. "Your board has suggested to the clerk of the peace that he apply to the high court of justice to obtain an interpretation of the statute respecting his fees. The amount from year to year will be very considerable, and, in the opinion of your board, the matter is one that should in all fairness be referred to the high court for their decision."

Referring again to the county justices' accounts, especially those of Mr. Woodcock, the board said: "A number of accounts were presented by Police Magistrate Woodcock, and two or three by other justices of the peace, which the chairman of the board of audit held they are not entitled to. The chairman has carried out a copy of the law, deducted \$112.66 from Police Magistrate Woodcock's account, delivered at \$112.70."

The report of the board goes at some length into the question of disallowing different claims respecting constables' fees, and urges greater care by magistrates in the initialing of the former's accounts.

Mr. Landry of Aurora appeared on behalf of the residents of North York, asking the council's consent to the deviation of Yonge street, with respect to the Holland River improvement. Commissioners were empowered to deal with the matter Full Reports.

The report of C. W. Miller, school inspector of North York, submitted yesterday, was one of the most comprehensive and clear-cut declarations regarding the condition of the public

schools ever given to council. The report stated that a little over one-third of the school population attended the whole year, but a maximum of 6000, only 2481 attended; of the 4738 enrolled, only 52 attended regularly. He made a strong plea for fifth-book work in the public schools, claiming that fully 90 per cent. of the pupils finished their schooling there, and struck a responsive chord in the members by his practical statements generally. The report of Mr. Fotheringham was also submitted, and was, as usual, with this veteran educationalist, a thoro production. He regretted among other things the tendency to change among the profession generally.

Messrs. Rowan of Whitchurch and Anthony Foster of Markham were appointed auditors at a salary of \$40 each.

EAST TORONTO. Citizens in Large Numbers Support Worthy Cause.

EAST TORONTO, Nov. 28.—The game supper and concert held under the auspices of the Ladies' Auxiliary of the East Toronto branch of the Y. M. C. A., held in the hall to-night, was in all respects a gratifying success. The attendance was exceptionally large, in a measure adding to the interest of the ladies, and demonstrating the necessity of a large building for occasions of this kind.

The tables were laden with the most appetizing viands and the ladies fully maintained their reputation in the culinary department.

The officers of the auxiliary are: President, Mrs. Lloyd; 1st vice-president, Mrs. R. Taylor; 2nd vice-president, Mrs. D. Liddell; treasurer, Mrs. McFadden; and secretary, Mrs. George Mitchell. Together with these ladies many others rendered valuable assistance.

Following the supper an excellent program was given, at which Mayor John McP. Ross happily presided. The work of the ladies of the auxiliary is wholly of the most philanthropic nature and too much commendation cannot be given them in the matter. The proceeds will amount to more than \$100.

TORONTO JUNCTION. Council Have Offer of Fire Engine—Crossings Are Bad.

TORONTO JUNCTION, Nov. 28.—The fire chief's report at the meeting of the property committee on Tuesday evening contained a recommendation for a fire engine service, as the water pressure was so low that sufficient streams might be obtainable to cope with a fire of such proportions. As a direct result of this statement, the mayor has received a communication from a manufacturer offering a fire engine for sale at a price somewhere between \$5000 and \$6000, and will extend the complete payment for same over a period of ten years.

The Young Bachelors of the Junction gave a very successful at home to-night in St. James' Hall. About 100 couples were present. The hall was tastefully decorated. The patronesses were: Mrs. McEachern, Mrs. C. T. Heintzman, Mrs. George C. Heintzman, Mrs. H. Heintzman, Mrs. McCormick and Mrs. P. Ellis.
