FAMOUS GEMS OF PROSE FREEDOM OF WORSHIP

From a speech at the banquet of the A. and H. A. company—268th anniversary—in Faneuil hall, Boston, June 4, 1906. THE church! Why to talk to you of the church would mean to speak to you of that influence which sanctifies patriotism, of which Judge Lowell has so nobly spoken to you, for beyond the love of home and fatherland is always the love of God and the love of God is religion.

HON. MR. ROBINSON BARES HAZEN GOVERNMENT RECORD

Leader of Opposition in Searching Speech Shows up Spending of Big Revenue With Little to Show for it—Albert Southern Rails Charge—Wasting of the Public Money

FREDERICTON, N. B., March 3.—Following the reading of the speech from the throne in the legislature this afternoon, the address in reply was moved by T. A. HART, M.P.P., and seconded by D. P. MacLACHLAN, M.P.P. Nothing special marked the speech.

Hon. Mr. Robinson said that he did not intend to object to the address to his honor, nor did he intend to make any criticism of the speech from the throne. He was sure that members on both sides were pleased with the admirable manner in which both the mover and the seconder of the address had discharged their duties.

Wasting Public Money The government was taking great credit to itself for the number of bridges that had been repaired, but their comparison with similar work by the former government was unfair, for the reason that the old government had not repaired bridges under forty feet span, while this government repairs them down to twenty feet span, and there were far more small bridges than of the forty feet kind. The administration was wasting the public money on their political friends under the guise of bridge expenditures.

Second Reading for Veto Bill

London, March 2.—Four days of the most unimportant debate ever given to a measure involving a great constitutional reform came to a conclusion tonight, when French Asquith applied closure and the second reading of the veto bill was passed by a majority of 120, the vote being 208 to 214. Prior to this the house divided on Asquith Chamberlain's amendment, with a majority of 21 against it.

A GOOD OUTING. Watson's fine four-horse team carried a merry party out to Grand Bay last night when about thirty-five members of John O. B. A. No. 2, enjoyed an outing. Although the sleighing might have been better—not so hot weather or less snow—the fun commenced in earnest when Foresters' hall was reached, for the Grand Bay residents certainly made their visitors at home, while the boys and girls, after a couple of hours' sleighing, were served by the visiting ladies, and in the early hours a tired but happy sleigh load went cityward.

Wall Street Letter by Wire. New York, March 3.—Liquidation having been started, it will, as usual, be permitted to run. Our advice do not indulge in a whole acting according to precedent in repeating the rate decision break. Professionals will be found sellers today. We expect to see important buying and better support sometime today, but was extended yesterday. Only scale buying has been found so far. We would buy on acute dips with stop orders for turns in the daily trading position. Investors should buy now and hold. We are unwavering in our allegiance to the bull side of the market for a long pull, but immediate uncertainties naturally operate for unsettlement and irregularity, with drives at stocks that are largely discounted. We note nothing definite is laid as yet in regard to an extra session, everybody seems to regard it as inevitable, and talk is now heard of March 20, instead of April 4. The possibility of decisions on Monday, with this extra session talk, obscures everything else. The Democrats would be in control only of the house in a special session. It is hard to see how they could get past the senate and present any radical tariff legislation. Comment and market literature are advising temporary caution.

### CIVIC MISRULE

Every citizen should read the communication touching civic matters which appears on the eighth page of this issue of the Times. The manner in which the city's business is conducted under the present city council system and by the present board of aldermen is fairly illustrated by the instances there cited. It is fair to ask if a group of men of fair business ability, working under a system which held each of them to strict responsibility, would so conduct the affairs entrusted to them.

The awakened interest in civic matters will lead the citizens to give more attention to such an exposure of unbusiness-like methods, and it is fair to assume that they will be the more eager to study the communication, and ask themselves if it does not provide a means to secure better city government.

There will be an important public meeting in Temple of Honor Hall, Main street, this evening, at which the communication will be discussed by a number of leading citizens. Those who desire to familiarize themselves with the general features of this plan should attend the meeting. Within a few weeks a decision must be made and it should be an intelligent one, and one arrived at by the full vote of the electorate of St. John.

### MR. ROBINSON'S SPEECH

The criticisms offered by Hon. Mr. Robinson in his speech in the legislature yesterday threw light upon some matters concerning the government and its press which had been in the shade.

There is the expenditure on bridges. Mr. Robinson pointed out that the government has been wasting public money to accommodate its friends, and he gave specific instances.

Mr. Robinson once more reminded the house and the province that it was fruitless to crown in orchard and to encourage by the former government which made such fine exhibits last year. No apple tree planted since Mr. Hazen came into power has as yet yielded fruit for exhibition purposes.

Then there was the Cuban potato trade. A federal government commissioner studied the Cuban market, and private enterprise operated the first steamer service between St. John and the island.

Touching the matter of cheaper school books, Mr. Robinson pointed out that his policy would provide as far as possible free school books. He would thus go farther than Mr. Hazen has done in that direction, and would not adopt so unbusiness-like a policy as to have open accounts for school books with dealers all over the province, some of which would never be collected.

Mr. Robinson repeated the statement that under the policy of this government the crown timber lands are being unaccountably depleted, and the increased revenue is due to a larger cut on crown lands.

To the government's statement that the cut on crown lands is growing and that on private lands decreasing, Mr. Robinson pointed out that the province had a lien on those lands, and pointed out that Hon. Dr. Fugate, when attorney general, declared he would not permit the sale of them. Mr. Hazen should have taken the same stand, and should now see to it that the interests of all creditors alike are properly looked after.

Mr. Robinson touched upon the financial policy and methods of the government, and pointed out that with an enormously larger revenue than their predecessors they should do more than is being done to improve the public services and develop the resources of the province. The very moderation of the speech of the leader of the opposition lends it force, and as the session progresses the government will find

### JUST ONE DOSE OF DIAEPSIN MAKES DYSPESPIA VANISH

Misery From Indigestion, Heartburn, Gas and Headache Goes Before You Realize It

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour your stomach, and you will take a little Diaepsin occasionally. Your meals will taste good, and any food you eat will be digested, bringing you relief from indigestion, heartburn, gas, and headache. Diaepsin is a natural product of the stomach, and it is the only remedy that will cure these ailments. It is a powerful antacid, and it will neutralize the excess of acid in the stomach. It is also a powerful laxative, and it will relieve the bowels of constipation. It is a natural product of the stomach, and it is the only remedy that will cure these ailments. ### THE MODERN BLACKSMITH

Under a costly canopy The village blacksmith sits; Before him is a touring car Broken to little bits, And the owner, and the chauffeur, too, Have almost lost their wits.

The village blacksmith smiles with glee As he lights his fat cigar, And smiles a smile of scorn, He tells his helpers what to do To straighten up the car, And the owner, and the chauffeur, too, Stand humbly where they are.

Behind the village blacksmith is The portal of his shop; The shop is very large in size, With a tiled roof on top. And the owner, and the chauffeur, too, At it were glad to stop.

The children going home from school Look in at the open door, They like to see him make his tools, And hear the owners roar, And the chauffeurs weep as they declare They're not paid that before.

He goes each morning to the bank And sells away his cash, A high silk hat and long frock coat Help him to cut a dash— And the owner, and the chauffeur, too, Their teeth all vainly gnash.

The chestnut tree long since has died, The smith does not repine; His humble shop has grown into A building big and fine, And it bears "Garage" above the door On a huge electric sign.

### RACE CONGRESS

To the Editor of the Times: Sir—The central building of the University of London will witness this July (28th-29th) one of the most inspiring sights of history. Representatives of all the races in the world will meet as equals and in council to discuss how prejudices may be removed and friendlier relations established between the western nations and the other peoples of the earth.

Never before has a meeting of this kind taken place, and it is to be hoped that it will be only the first of a series of such gatherings. The First Universal Races Congress will be truly inter-racial; for India, China, Japan, Turkey, Persia, and Egypt as well as the African and other races will be represented by writers of their own kind and kin. Great Britain being represented by Sir Sidney Olivier, K. C. M. G., Sir Charles Bruce, G. C. M. G., and Sir Harry Johnston, G. C. M. G., among others.

No empire occupies such a vast area nor has its constituent parts so widely scattered as the British Empire, and accordingly no other empire has to face so constantly the grave problem of being fair and just to other races. For this reason it was only right that the First Universal Races Congress should take place in London, and that the support should mainly come from the empire. No less than twelve colonial governments and eight colonial premiers are among the honorary vice-presidents of the congress, besides several cabinet ministers in England.

The congress executive invites herewith a hearty invitation to all friends of the cause of inter-racial friendship in the colonies to make a very special effort to attend the congress and convert it into an imposing demonstration in favor of good will between the peoples of European and those of Asiatic, African, and Australian descent. The committee hopes that the coronation of the king and the festivities and exhibitions connected therewith will act as an additional incentive to colonial sympathizers of the great cause to undertake the long journey. It feels sure that those who attend will carry away with them precious memories, valuable knowledge, and a new hope for the near future.

Full details concerning the congress may be obtained free of charge from the undersigned, 63 South Hill Park, Hampstead, London.

Trusting that you may find space for this invitation, I beg to remain, on behalf of the executive,

Yours truly,  
G. SPILLER,  
Hon. Organizer.

RECIPROCALITY.  
A good reply was once given by Miss Mary Monchieff, an elderly spinster without any pretensions to good looks. She was at a dinner party at Perth, and the late Thomas Duncan, Procurator-Fiscal, who was sitting opposite her, addressed her—  
"Now, Miss Mary, I'll give you a toast—'Honest men and honest laws!'"  
"I can drink that without any compunction," the old lady replied, "for it applies to neither you nor me."—*Tit-Bits*.

STRING OF HOTELS ACROSS THE DOMINION

One million and a quarter dollars will be spent by an English syndicate, represented here by Erny H. Ford of the Ford Iron Company, in the establishment of a chain of summer hotels within a short run of the principal cities of the Dominion. The first to be built will be a handsome office of stone at Sennville, immediately opposite the summer residence of Sir Edward Clouston. There are two wide rights of way to the Lake of the Two Mountains, one on either side of Sir Edward's property. It is proposed to build hotels near Toronto, Ottawa, Vancouver, Winnipeg, and other centres as the commercial city progresses. Mr. Ford is the Canadian representative of the Ford Iron Company, 485 St. James street. While in England last year a syndicate was formed for the purpose of placing their money in propositions in Canada. The promoters are men who have enjoyed the week-end outings of Brighton and other English well-known centres and they decided after a long conference to build summer hotels in Canada. Each hotel will be of stone and fireproof through out. It will cost by the time it is finished and opened about \$125,000. Mr. Ford said today: "Our first hotel will be ready for occupation this summer." "Are you figuring on coming into the city?" he was asked. "Let's get going in the country first," he replied, but there are many rumors as to bigger things than those admitted by Mr. Ford.

### Spokane, Wash., March 3—A

determined effort is being made by R. Lewis Ruter, president, and the members of the Spokane Tournament Association to have the fifth annual meeting of the western bowling congress in this city. March 9 to 19, go down as the largest attended and most successful in the history of the organization. The chief prize of \$1,500 for the highest score by five men has attracted several hundred teams throughout the western country, and in addition twenty teams of women will about special prizes.

March 7 and 8. Friday will roll the first ball along the alleys on the opening day, when five city commissioners, to be elected on March 7, also will bowl as a team against a quintette of officials of the congress. A. L. Jenkins, secretary of the congress, says there will be no less than 2,500 bowlers in the contest during the ten days.

### ST. ANDREW'S LADIES WON.

Three rinks of the Hampton lady curlers lost to three rinks of the St. Andrew's lady curlers yesterday afternoon, by the margin of 12 to 10. After the loss the visiting ladies were entertained to luncheon at the Green Lantern.

March 7, also will bowl as a team against a quintette of officials of the congress. A. L. Jenkins, secretary of the congress, says there will be no less than 2,500 bowlers in the contest during the ten days.

### Women Defeat Fight Bill.

Olympia, Wash., March 2—The senate has killed the Tommy Burns bill to legalize prize fighting.

The measure was defeated by the efforts of a woman's lobby for whose passage the senate had seemed assured. It had already passed the house by a scant majority.

Women's clubs throughout the state then began a vigorous campaign, which resulted in the senate's adverse vote today, 20 to 19.

Tommy Burns, former heavyweight champion, directed the campaign in favor of the measure.

### Pal Moore a Winner.

New York, March 2—Pal Moore of Philadelphia, who with twenty-four hours' notice took Tommy Murphy's place in a ten round bout with ommy Maloney at the Olympic A. C. last night and easily won the bout.

Although Maloney was the aggressor throughout, Moore was the cleverer. He outpointed the local man in six rounds and quelled him in the others.

### Hockey Notes.

In Chatham last night the local team out-classed and won easily from a team from Amherst, the score being 6 to 0.

Success lost to Margville last night by Margville in the N. B. H. L. match, 4 to 1. This is the second defeat in their tour.

The Moncton Victorias lost last night to the Halifax team in Halifax in the third game for the Starr trophy, 8 to 0. The game was not spectacular and was unnecessarily rough. There were two men on the Halifax team, Hilton, formerly an amateur, and of the Wanderers, and Dumphy, formerly of New Glasgow.

The Wanderers had an easy victory over Ottawa in Montreal last night, winning by 11 to 7.

In Renfrew last night the creamery team downed the Canadiens, 6 to 3.

## USE TIZ SMALLER FEET

Everyone who troubles with sore, sweaty or tender feet, or who has swollen feet, can find relief in TIZ. It is a permanent remedy—it's called TIZ because it makes feet small and comfortable. It is quickly reduced to their normal size. Thousands of ladies have been able to wear shoes of all sizes with perfect comfort.

## AMUSEMENTS FOR OURSELVES AND OTHERS

THE GEM.  
Life along the Atlantic seaboard in the early days of settlement in this country was not without its hardships and dangers, and for many years, Indians were a menace to the advancement and welfare of the country. A Partisan colony at a spot on the coast was the scene of a pretty and romantic story brought to the screen by the Gem today and tomorrow, "Puritan and Indians," rounds out the picture at the Gem today and tomorrow.

"Puritan and Indians," rounds out the picture at the Gem today and tomorrow. It is a story of romance, excitement and adventure. What the Vitaphone Co. announces as their "best act" is the comedy film, "A Queen For a Day," a very laughable production, dealing with the love of a German for an Indian, and his becoming a count, and so on, with fun galore. "A Wireless Romance" is an excellent feature which for merit is declared difficult to excel. Tom Waterall is singing "I Won't Be Back Till August," and the orchestra has some new numbers. On Saturday afternoon there will be the usual matinee for children, of whom attendance will receive a souvenir.

## TO NIGHT—LOST RIVER.

"The Myrtle-Harold" Company offer tonight one of their best comedy plays, "Lost River," which has had a strong heart story, but permits of abundance of comedy, in fact the comedy predominates throughout the entire play. The comedy is furnished by Miss Jones, the ingenue, a part just suited to Miss Myrtle's juvenile style, and "Buster," an eccentric comedy part, played by Mr. Mack and "The Dutch Girl," by Miss McCoy. These three roles will be done by the company. For the rest of the cast, the story depends on Meats, Burton, Guthrie, Marsden, Ward, Mills, and Miss Jackson and Louisa. The specialties will be excellent advantage.

## THE UNIQUE.

For the week end the Unique Theatre has prepared a programme that is declared, in its entirety, very seldom surpassed. The three reels will contain as many things incidents, exciting, dramatic and interesting stories, as is ever found in one programme. The "The Lone Ranger" will show their ability in being able to produce a film of excellent quality in "Saved from the Flames." The scene is a burning building, a daring rescue, and an exciting turn out of the fire department go to make this feature a most one. No less interesting will be the Solax photo play, "The Dog Detective," portraying a dog's foresight as he saves his master from a fire.

## THE LYRIC.

The Lyric management made some bold ventures in advance of the coming of Jack Symonds, The Merry Hobo, who appeared at the Lyric for the first time yesterday. They claimed him to be one of the best comedians ever seen at this house, and to say that Mr. Symonds more than proved the truth of this assertion would be putting it in a very mild form. From the moment he appeared on the stage up to the last note he sang there was nothing but laughter from every one in the house. His parodies on "Asleep in the Deep" and "Fun No Pool" called forth deafening applause and his jokes, which were crisp and new, were told in a manner that kept the audience convulsed. The pictures also came in for much praise. A glance at the amusement column of this paper will be found to contain interesting news of next week's novel attraction.

## TURKEY AND GREECE ARE NOW "AT OUTS"

(Canadian Press)  
Constantinople, March 2—To prevent counterattacks from the troops on the Turkish frontier, which of late have been frequent, the Turkish government recently proposed the appointment of a commission of inquiry. To this proposal the Greek government assented. An incident, however, has since occurred, which threatens to side-track the appointment of this commission.

According to the official Turkish account two Turkish soldiers were enticed across the frontier and murdered in a Greek blockhouse. The Porte demanded the surrender of the bodies before proceeding with an investigation of the affair. The Greek government yesterday replied that the soldiers had fallen into a stream and the bodies have not been recovered. The Porte declares this explanation to be inadmissible, and has repeated its demand for the surrender of the bodies.

## HIS MARRIAGE WILL MEAN GIVING UP LEGACY OF \$15,000

Lord Cholmondeley to Wed Divorced Actress Wife of Laird of Kippendavie

(Canadian Press)  
London, March 3—Mrs. Clara Elizabeth Taylor Stirling, from whom John Alexander Stirling, laird of Kippendavie, secured a divorce in March, 1909, is to be married soon, according to announcement, to Lord George Cholmondeley, second son of the Marquis of Cholmondeley.

Mrs. Stirling has been acting at the Gaiety under her maiden name, Clara Taylor. Lord Cholmondeley, by this marriage will receive a legacy of \$15,000, which the late lady bequeathed to him on condition that he married "a lady in society."

## REFERENDUM BILL IN HOUSE OF LORDS

Lord Balfour of Burleigh Secures a First Reading—Opposed by Earl Crewe

(Canadian Press)  
London, March 3—Lord Balfour of Burleigh introduced in the House of Lords yesterday his bill for the enjoyment of the referendum on occasions of great national importance. The measure passed its first reading without division. Lord Balfour of Burleigh, claimed that the popular vote thus provided in order to secure public expression on a specific issue was the best solution of the many difficulties now confronting the nation. In whatever country it has been tried the referendum has been a success. He wished to restore to the people the reality of power, for he said, the present representative system put an exaggerated power in the hands of small minorities.

Earl Crewe, on behalf of the government, characterized the proposal as a counter stroke to the government's veto bill. He said it was a more radical departure from the constitution than the government's proposal or even a measure to set up a single chamber government. He declared that he would have nothing to do with a referendum project.

## NEW CLASSES OF RACERS FOR R.K.Y.C. THIS SEASON

Yacht racing and yachting generally will be given an impetus the coming season by the adoption of a one design class of sailing boats.

These little boats are well known for their qualities and sea worthiness, and are very popular about Boston Bay and about Shelburne and Yarmouth, where they have provided racing of the keenest kind. As a result of being good racing boats, out of twenty divers starting, twelve finished within twenty seconds of the winner in a twelve mile race. They are twenty-one feet over all length, sixteen feet water line length, and five feet eight inches in breadth, and their keels are complete with sails.

Each member buying one is assured of a good season's sport, as in addition to being good racing boats, they are equally good for day sailing and also a handy boat for suburban residents.

To encourage members to get boats of this class the R. K. Y. C. has made an appropriation of \$100 in each year for the purchase of five races in this class. This will be divided into three prizes of \$25, \$50, and \$25, respectively, for the first, second and third boats.

Any member of the club, or group of members, may own and race one of these boats. The crew will consist of not less than two regular members and four spectators. There will be no other restriction as regards the crew, unless there are twenty or more junior members enrolled in the club, in which case at least one member of each crew must be a junior member.

A class of at least five of these boats is wanted. Those planning on getting one are asked to let the sailing committee know at once, as if the class is to be instituted this season, there is no time to be lost in making arrangements for them. Further particulars regarding them may be had from the sailing committee.

## WILL BRING GERMAN GIRLS TO SWEETHEARTS

Spokane, Wash., March 3—Eugene Beck, a bonanza wheat rancher in the Big Bend district, west of Spokane, sailed for London on the ship America, leaving New York yesterday, returning early in April, with a party of young German women, whose sweethearts are farming in eastern Washington. While in Spokane arranging for steamship tickets and railroad transportation for the party, Beck mentioned that helpmeets for the German farmers in the Big Bend country are in demand, adding that when he spoke of going back to the fatherland on a visit more than a dozen bachelors begged him to find wives for them.

## EXCITEMENT ON BORDER.

Calais correspondence in Bangor Commercial—Heavy firing in the vicinity of the Union bridge on Sunday evening. Later it was learned that the excitement was caused by the efforts of an official of the customs service to seize two Canadian men, who had assaulted and made good their escape from a Calais officer, young men were driving along the street and making a vast amount of noise, when the officer attempted to hold them up. All the officers got out of the attempted arrest was a cut across the countenance from a whip in the hand of the driver and the team was turned towards the Union bridge. The young men were driving rather recklessly and in crossing the Washington County railway track their team was upset. They did not wait to save the horse, but started about across the bridge to their own Canadian home. The horse and sleigh were captured and brought to a Calais stable, where the outfit was recovered the following day by the owner, whose son was one of the disturbers.

Peterson, hearty vote of thanks was passed to D. Armstrong and those assisting him.

**TAKE ONLY PART OF IT.**  
Objections having been raised by the city authorities to the moving of Ald. Likely's wooden building through the streets, from its present position in Main street to the new mill site at the March Creek, the idea has been abandoned. A small part of the structure will, however, be moved intact, as it is felt by Councilor Johnston that this could be done quite readily. The section to be moved is that used by Ald. Likely as an office. The other portion will be torn down. It will be moved at night, on either runners of wheels, as occasion may demand.

**WILL OF H. A. AUSTIN.**  
In the probate court today, the will of Henry A. Austin, insurance agent, was presented by the widow, Amelia R. Austin, who is named therein as executrix, with her petition to obtain proof of it. The will was executed in Winnipeg in 1888 and leaves all the estate to the wife absolutely. It is witnessed by James Clinkhill, Thomas Baird Taylor. The whereabouts of the latter is unknown; the former has moved to Saskatoon, and a commission is now being taken to locate the latter place, barrister-at-law, to take the proof of the execution of the will. There is no real estate, personal estate, \$200; life insurance about \$2,000. Clarence H. Ferguson, is proctor.

**MAJOR B. E. ARMSTRONG.**  
It has been rumored in militia circles that St. John would have an officer in the coronation contingent, in addition to the commandant, Col. H. H. McLean, and the name of Major B. E. Armstrong has been mentioned as the one who is likely to be chosen. No official word has yet been received. Major Armstrong is looked upon as an officer who would fairly be entitled to the honor, as he has seen active service in South Africa and suffered the loss of a foot during the war. Representatives from the local regiments on the contingent have not yet been chosen.

## ELECTRIC LIGHTS FOR THE SUBURBANITES

**Street Railway Company's Plan is to Furnish Light in Rothersey**

If a bill prepared for the legislature by the St. John Railway Company is sanctioned, residents of Rothersey and intermediate points between this city and the fashionable suburb of Kings county, will be enabled to light their houses by electricity, and to obtain electrical power from the plant in this city. The bill asks for authority to extend the street railway power lines into the county of Kings. Col. McLean, vice-president of the company, said this morning that it was proposed to run their light and power lines as far as Rothersey, and that current would be supplied to anyone who wanted it along the line. It would not be surprising therefore, to see soon, if the bill goes through, all the suburban cottages lighted by electricity.

**Harold Carpenter of St. John Now Owns a Ranch and Meat Market**

Since going west from this city a few years ago, Harold Carpenter, son of James T. Carpenter, meat dealer, of Mill street, has met with remarkable success, and is now the owner of a fine cattle ranch, a meat market, besides being agent for several milling companies. His latest achievement is to have been elected a councillor for the town of Osage, Sask., with a large majority. It is in this town that Mr. Carpenter conducts the greatest part of his business, in which he has been very successful for the last four years.

His friends in this city will be pleased to hear of his success. He was for some time employed with M. R. A. Ltd. in St. John. His wife was Miss Helena, daughter of James Lee, of this city.

W. W. McLellan, of Fredericton, is at the Royal.

## CITY HALL GIVES BEST ARGUMENTS FOR COMMISSION

**This Week's Board Meetings Show Shining Examples of Incompetency**

**What of North End City Building Sale as a Business Proposition? The Paving and the Marble Cove Sewer Matter—Will They Shelve Investigation Recently Ordered?**

Sir—If any more arguments are needed to show that the commission form of government is needed in St. John, the aldermen have furnished them this week in the board meetings that have been held.

At the safety board it was decided to recommend that the city building in the north end be sold to Dr. Maher for \$3,400, a year, as compared with \$25, a direct loss of \$23 a year to the city. Is that the way business men would act?

The board of works decided after a lengthy discussion over the specifications for permanent pavement, to allow the engineer to exercise the same power as had last year when he recommended the acceptance of the Hesse Company's tender and sewer, when under oath before the investigating committee, he admitted that at the time he made the recommendation, he knew nothing about the Hessean method. What is the use of drawing up specifications when the engineer is going to be allowed to accept any other method, whether he knows what it is or not? Yet the aldermen calmly assent to conditions which may result in the same unsatisfactory state of affairs as was experienced last year.

The water and sewerage board propose to spend \$10,000 or \$12,000 to lay a sewer in Marble Cove for the benefit of the St. John Boat Club, in which it is said a number of the aldermen are taking a great interest just now. If an equal amount of money was spent in laying a sewer in Douglas avenue it would enable people to build in that rapidly growing section, but has anybody heard the aldermen urging its necessity?

The meeting of the bills and by-laws comes on Tuesday afternoon and it seems in its way, if all reports are true, it is whispered around that the chairman had his hands full, with one member absent most of the time and another one very much awake and talkative. If the taxpayers could see a motion picture of the session it would probably convince them that they were right in their demand for a change in the mode of conducting the city government.

And just in passing—What has become of that proposed investigation into the matter of applying hard pine timber for the rebuilding of the McLeod warehouse which was ordered by the aldermen to have served the purpose as well as less than half the price?

## ANOTHER TROUBLE IN THE MARKET

**Countrymen Met With Demand For \$5 as License Fee—They Decline and Get Legal Advice**

The market by-laws caused some more confusion this morning in the country market, when several farmers came to the city with produce to place on sale, but to their surprise their goods were seized by the market clerk, W. C. Dunham, and although they had paid their fees, they were not allowed to sell unless they paid a license of \$5. To this the countrymen raised strenuous objections. Some of them had been selling different times in the market, and had never been asked to pay license fees, in addition to the other payments.

A. A. Wilson, K. C., was called by some of them and gave his opinion that the market official could not demand the payment of \$5, and furthermore said that the city would be liable if the goods of the market were damaged or if they were not permitted to sell. Up to this afternoon the matter was at a standstill, and as several other countrymen were expected this afternoon the outcome is being awaited with interest.

The dealers in the market claim that the farmers should be compelled to pay the fee of \$5. They say that they have to pay for their privileges as stall-keepers, and contend that as the farmers are not citizens of the city, and do not pay taxes, they should not be exempt from paying the market dues for stands.

## THE STAR LINE

**Sale Promises to See Lively Bidding—Some Names Are Heard**

Some lively bidding is promised at the forthcoming sale of the Star Line Steamship Company on March 11. The names of several prospective purchasers have already been mentioned, among them being W. Wentworth Roberts and others, David Coy, proprietor of the Lorne Hotel, Indian town, who also has a number interested with him; The Bridges Tow Boat Company of Gagetown, and Messrs. Topley Bros., and it was said today that the St. John River Steamship Company, owners of the Elaine and Hamptstead, may also make an offer.

It is understood that there will be a meeting of the directors of the latter company previous to the sale, and that then a decision will be arrived at. A member of the company said that, should they acquire the line they would run the Victoria on the Fredericton route with the Elaine and the Majestic on the lower river route. In any event he said that the Elaine would run as usual on the Fredericton route, and the Hamptstead on the Gagetown route. Both boats will undergo an overhauling and painting and would be in first class shape for the summer business.
