### CHICAGO, July 12.—U. S. government officials have raided the Imperial Bank, one of the institutions conducted by Louis Gordon and John H. Dalton, now under indictment for operating a lottery.

The officials entered the bank armed with a warrant and proceeded to confiscate everything in the shape of books, paper, literature, tickets and short accounts as was thought to be necessary in evidence.

The federal seizure warrant called "For all articles of literature, paper, tickets, books, etc., labelled or belonging to the Louisiana Banking Company, Louisiana State Loan and Trust Company, W. J. Morgan & Company, Louis Gordon Imperial Banking Co., Imperial Bank and the Manhattan Exchange Bank."

The trial of the bank officials will come up before the federal court in the next session in September. Articles confiscated will be introduced as evidence in the trial.

**GLORIOUS 12th.  
WELL CELEBRATED.**

Frederickton in Gala Dress Welcomes Orangemen.

Hundreds Pouring Into Celestial City by Train and Boat—Other Excursions—Weather is Favorable.

The glorious twelfth is a glorious day indeed and all true Orangemen are celebrating accordingly.

The greatest interest centres around the Grand Lodge excursion to Fredericton on the steamer Victoria this morning. Together with her regular passengers this morning the Star line boat carried between six and seven hundred passengers and with the music of the Carleton Cornet band, the beautiful weather and arrangements for the comfort of the passengers, which was looked after by the committee, it is likely to be a pleasant lot of people who will return to the city sometime after midnight.

The St. John District Lodge after being joined by the Carleton Lodge marched in procession to Indiantown, where they embarked.

The Dominion, L. O. L., No. 141, are celebrating the 12th by a trip across the Bay of Fundy and it is not often that the Prince Rupert has a passenger list as she did this morning, since besides the usual traffic there were 350 of the excursionists.

Mount Purple Lodge, L. O. L., No. 29 and Coronation Lodge, No. 11 and the Apprentice Boys, of Lunenburg, are holding a public parade today and at the conclusion they are to assemble at Seaview House, where they will have dinner, then returning to Mount Purple Lodge will listen to speeches from their officers. A grand ball will be held in the evening.

Among the Orange celebrations today is that of the Boyne Lodge of Orange in the vicinity of Wolfe Head, Kings county, on the Kennebecasis. These brethren are holding a picnic and dinner at Mrs. Thomas Edwards' fine ground, Whitehead.

(Special to the Star.)

FREDERICTON, N. B., July 12th.—Fredericton today presents a regular holiday appearance. From an early hour this morning the various Orange lodges from the different sections of the country began to arrive, and made a brilliant scene. Many of the stores and buildings along the streets are handsomely decorated with bunting and flags, the Barker House being one mass of color.

The Houlton and McAdam delegations arrived here on the C. P. R. at 10 o'clock. These trains brought about one hundred Orangemen, besides many others. The North Shore men arrived here shortly after one o'clock by I. C. R.

This morning plans were completed for this afternoon's proceedings. The procession will start at 2 o'clock and will have to be curtailed somewhat and the speeches will likely be brief, as the St. John delegates are booked to leave at six o'clock. The Victoria is expected to arrive between 1 and 2 o'clock.

The day is a beautiful one, bright and clear, with a moderate southwest breeze blowing.

(Continued on page four.)

**RECORD CROP OF STRAWBERRIES.**

Between 8,000 and 9,000 boxes of strawberries were brought to the city this morning by the Maritime, and each river boat as it is coming in is bringing similar loads. Not for many years has the crop been so enormous, and the berries in some places are spoiling before they can be marketed.

150 crates arrived on the Maritime, and each crate holds about 54 boxes. The Champlain yesterday brought down no less than three hundred crates from points below Gagetown. It is estimated that yesterday nearly seven hundred crates came down and the rush is expected to be even greater.

The price of berries on Monday opened at 17 cents retail, but soon dropped to 14, and when L. J. Yeast, a dealer, was a slump, and the berries were going from 4 to 6 cents per crate, and 5 and 6 cents retail. The price this morning was about the same, but on the afternoon rush an even lower price may be expected to be reached.

**A GREAT CORN CROP.**

NEW YORK, July 12.—The Journal of Commerce says: The July report of the statistician of the department of agriculture promulgated last evening was a particularly favorable comment. The report contains the department's first statement of the corn crop, which starts with a condition of \$7.3, as against \$6.4 last July, and the area 81,011,000 acres was but twice exceeded named in the years 1892 and 1899. On this average the statistician of the New York Produce Exchange, Henry Henzler figures an indicated crop of corn of 2,611,000,000 bushels, which compared with last year's harvest, is an increase of 185,000,000. The 1900 crop, as compared by the consensus bureau, showed 2,426,400,000 bushels.

**ASSASSIN A STUDENT.**

ST. PETERSBURG, July 12.—Private advice received here from Moscow says that the slayer of the prefect of police, Count Shuvaloff, is a student and that he made an unsuccessful attempt at suicide immediately after taking the life of his victim. His recent arrest was due to his participation in political agitation.

**VENGEANCE INSPIRED ASSASSIN.**

ST. PETERSBURG, July 12.—The murder of the prefect of police of Moscow, who yesterday was assassinated while receiving petitions, according to the latest information, was inspired by motives of vengeance on the part of the assassin, who laid at Count Shuvaloff's door the responsibility for his recent arrest, though there is absolutely no evidence that the prefect personally had any cognizance of the affair.

**ENGLAND IS FRANCE'S BEST FRIEND,  
NOT GERMANY, SAYS DELCASSE.**

PARIS, July 12.—Former Foreign Minister Delcasse in the course of an interview published by the Gaulois to-day upon the British and French naval armaments at Brest, was induced to discuss his general policy relative to Great Britain and Germany. He said: "The policy of nations nowadays is not based on sentiment or antipathy, but upon their material interests."

Delcasse was asked if he considered the recent menace in connection with Morocco as being serious. He replied: "Not at all. In case of war Great Britain would be sure to ally with us against Germany, and then what would the infant fleet of Germany amount to? What would become of her ports, of her commerce, of her merchant marine? It would mean annihilation. That is the real significance of the present exchange of views between the British and French squadrons. An understanding between these powers and conditions of their navy would create a naval war machine so powerful that neither Germany nor any other power could risk conclusions upon the sea. It is the sea which it is necessary to command today, and the war in the far east has conclusively demonstrated that."

Continuing Minister Delcasse discussed the policy which had been pursued.

"In Anglo-French cordial understanding," he said, "was an achievement toward a definite understanding between Russia and Great Britain and this understanding would have been the work of French minister for foreign affairs."

"The success of such a task would have strengthened our influence in British councils and assured for a long time the peace of the world."

In conclusion, Minister Delcasse was asked for his opinion of France's accepting a conference on Morocco, to which he gave the following telling response: "To go to a conference is a mistake, and such a mistake."

**THE HABIT OF STARING.**

The haughty and scornful stare is the most common among the rich; they have usually little curiosity. It is almost impossible to induce any specific interest in them regarding any natural object or any invention.

Among the middle class, so called, anything out of the common is enough to rivet the attention. A man or woman exceptionally well dressed enters a car. The eyes of a dozen people follow the harmless person to his or her seat, and remain glued there until something new occurs to summon elsewhere each empty mind and roving glance. If, instead, the newcomer is not well dressed, but very ill dressed, or over showily, two dozen people take

every warfare we build she builds four or five. It is therefore well to accept these facts and to consider the value which co-operation would give us in certain eventualities. The greatest intrinsic value of such co-operation would be the virtual impossibility in which it would place Germany of making war upon us."

M. Delcasse was asked if he considered the recent menace in connection with Morocco as being serious. He replied: "Not at all. In case of war Great Britain would be sure to ally with us against Germany, and then what would the infant fleet of Germany amount to? What would become of her ports, of her commerce, of her merchant marine? It would mean annihilation. That is the real significance of the present exchange of views between the British and French squadrons. **MORGUE SHOULD BE MOVED FROM KING ST.**

Body of Joe Muisse Buried Today in a Pauper's Grave Without a Trace of Ceremony.

All that was left of poor Joe Muisse was laid to rest this morning shortly after nine o'clock in the Little River graveyard at the back of the old Penitentiary. No ceremony was observed, and the once popular Indian guide was buried in a pauper's grave. About nine o'clock this morning one of T. Fred Power's carts drew up outside the Morgue, and a plain, ordinary white wooden box was taken inside, shortly after being carried out with the victim of the sad tragedy inside. Arriving at the pauper's burying place, the box was lowered into an already prepared grave, which was quickly filled up, and all was finished. Not a person near, and no church service for the dead, and nothing to mark the last resting place of the man, who in life, was never known to offend anyone.

The residents near the Morgue are complaining very bitterly of the dreadful stench which the decomposed body of the poor man gave off yesterday, and think something should be done immediately to shift the dead house to a more remote part of the city, away from residents altogether. Despite the fact that the body was thoroughly saturated with carbolic acid, in the full heat of the day yesterday many people say that the disgusting and dangerous smell reached houses a good many blocks away, whilst those who unconsciously found themselves passing the mortuary door, beat a hasty retreat.

Mrs. Muisse, who is in town, has not yet visited the police station for the dead man's money and other things found on the body.

**SMALLPOX REPORTED AT ST. MARTIN'S.**

The Board of Health received word early this morning that what was suspected as a case of smallpox had been discovered at St. Martin's and that the sick man had been quarantined. Word was at once sent to Dr. Riddick to look after the case and precautions have been taken against the spread of the dread disease, and it is fully expected that it will not be transmitted to any of the residents of the pretty West Quaco village.

The unfortunate man is a sailor, a Barbados negro, named Henry Harvey, who was one of the crew of the schooner Winnie Laurie, which sailed today for a southern point.

The Winnie Laurie went to St. Martin's from Chatham, where it is expected the negro contracted the disease. At St. Martin's he is quarantined in a house previously unoccupied and is being carefully looked after and receiving the best possible attention.

**THOUGHT HIS FATHER COULD ANSWER.**

Secretary Shaw of the treasury tells of this personal experience while trying a case in an Iowa court. A boy about 14 years old had been put on the stand, and the opposing counsel was examining him. After the usual preliminary questions, he proceeded: "Have you any occupation?" "No." "Just loaf about home?" "That's about all." "What does your father do?" "Nothing much." "Doesn't he do anything to support the family?" "He does odd jobs once in a while, when he can get them." "As a matter of fact, isn't your father a pretty worthless fellow, a dead beat and a loafer?" "I don't know, sir; you'd better ask him. He's sittin' over there on the jury."

**VIROGINIAN REPORTED OFF CAPE RACE.**

(Special to the Star.)

OTTAWA, July 12.—For the first time this season the house opened at eleven o'clock a. m. Emmerson was cheered by both sides when he announced that the Virginian had been reported off Cape Race at 8:30 a. m.

At 11:50 the house went into committee of supply on Dominion lands' estimates, which Foster criticized most keenly in continuation of last night's debate, showing that Oliver knew nothing about the details of his department.

**HARD TO PLEASE.**

"Don't breathe it to any one," said the undertaker's wife, confidentially, "but John Widdows hasn't paid for his wife's funeral yet."

"Well, well!" exclaimed Mrs. Gaddie; "you'd think he's have more respect for her memory than that."

"Yes, now, his brother Henry was different. When his wife died he paid the bill the very day after the funeral."

"Yes, I know. It looked as if he was glad to get rid of her, didn't it?"—Catholic Standard and Times.

**JAPAN'S TERMS.**  
Whatever may have been the extent  
of Japan's desires when the war be-  
gan it is certain that she will not con-  
clude peace now upon any terms which  
do not include the recession of Russia  
from the Far Eastern field and the  
payment of a substantial cash inden-  
nity. While the government has given  
no official intimation of its mind in this  
matter a few prominent Japanese, near  
enough to headquarters to make it  
probable that their utterances are in-  
spired, have been giving interviews and  
writing articles from which may be  
gathered clearly enough an idea of  
what Japan's demands will be.  
For instance, Baron Suematsu, high  
in the confidence of the Japanese elder  
statesmen, has written for a recent is-  
sue of the London Outlook an article,  
the substance of which is:—"We want  
a peace which will ensure tranquility in  
the Far East at least for a generation  
or two. We are not aggressive or  
greedy, but our end must be attained."

Now tranquility for any length of  
time cannot be assured so long as Rus-  
sia is in occupation of Chinese terri-  
tory and so long as she has fortified  
ports and armed fleets in the vicinity  
of Japan. So the well-informed baron's  
statement, read between the lines, is a  
bland intimation that if the Russians  
want peace they must get out of Man-  
churia, give up Vladivostok and keep  
their warships out of eastern seas.  
Referring to the cash indemnity the  
writer is even more frank. Japan will  
certainly demand a substantial sum, he  
says, and for reasons which he  
very logically states as follows:—"The  
world should know that in the  
present war Japan staked her very ex-  
istence, whereas with her adversary it  
is a mere war of caprice. Therefore,  
in the case of Japan's defeat, it is quite  
plain from the very nature of the mat-  
ter that the penalty she would have to  
pay would be very heavy. As a  
matter of fact, it would affect her very  
existence. Why, then, in the case of  
the defeat of her adversary, should Rus-  
sia not be made responsible for its  
results in equitable accordance with  
the nature of the affair? I believe,  
therefore, that in the case of our ad-  
versary asking for peace the satisfac-  
tion which she will have to make to  
Japan should include the making good  
of the material loss of Japan—in other  
words, an indemnity. Our adversary  
has wantonly caused us to incur that  
loss and it is only fair that she should  
make good that loss, should she be in-  
clined to come to terms. Has not our  
adversary exacted enormous inden-  
nities from the countries who asked  
peace of her after the war which she  
had carried on with them?"

The Russian contention, that there  
should be no question of indemnity be-  
cause the war is carried on in neutral  
territory is characterized by the baron  
as absurd. He contends that the com-  
batants had to spend their blood and  
treasure just as much as if the war was  
carried on in the territory belonging to  
one or other of them. "Suppose," he  
says, "a war between two nations be-  
fought on an open sea between the  
decks of two nations, and one of them  
had to ask peace of the other, the ques-  
tion of indemnity would be only decid-  
ed by the merits and circumstances of  
the matter and not by the fact that  
the battle had taken place on the open  
sea, which does not belong to either of  
them."

So it is plain that to Russia the cost  
of peace will be great, both in pride  
and in gold. But it is equally plain  
that the cost of continued war will be  
still greater. The capture of Vladivostok  
would be far easier for Japan  
than Port Arthur was and, if the win-  
ners of the war correspondents are of  
value, Oyama has Lincolnton just now  
in a very tight box. Russia will un-  
doubtedly acquiesce before consenting to  
the terms Japan will insist upon, but  
the certainty that the longer she  
quarrels the more she will lose, guaran-  
tees that the negotiations now  
under way will end the war.

**SYDNEY'S ADVANTAGE.**  
If the experiment of transferring  
the English mails from the incoming  
Allan liner in Cabot Straits to another  
fast steamer which will land them at  
Sydney, proves successful, Sydney  
will undoubtedly be made immediately  
a port of call for the trans-Atlantic  
liners. If, as is expected, mails land-  
ed this way will reach Montreal 13 to  
24 hours before the steamer can com-  
plete the journey up the St. Law-  
rence, the same saving of time can  
be made by passengers and undoubtedly  
will be, for two days means a lot to  
a busy man in this twentieth century.  
And this two days' saving means a  
lot to Sydney. It means that some-  
day—when we get an enterprising  
government—that port will be the ter-  
minus of the fastest transatlantic  
service, a three-day service, which  
will attract from all over America and  
Europe those—the great majority of  
travellers—to whom an ocean voyage  
is an ordeal to be passed as quickly  
as possible.

The disclosures of the gigantic graft  
which characterized the management  
of the Equitable Assurance Society  
grow more shocking every day. The  
methods used by some of these high  
financiers who have made hundreds of  
thousands of dollars out of their con-  
nection with this company, are bold  
theft, as the methods of any robber of a  
church poor box. Yet, under the Aus-

erican system of justice it is a hun-  
dred to one that none of this band of  
confidence men will suffer.

In the debate on the militia bill yester-  
day the Conservative speakers dis-  
approved of the withdrawal of British  
troops and shipping from Canada, as  
the bringing of another link in the  
chain of empire. The Liberals have  
engineered that withdrawal and are  
supporting it on the same grounds.  
However near the parties may ap-  
proach on the tariff question they are  
as far apart as ever on the imperial  
question.

The enterprising but quite frequen-  
tly inaccurate Telegraph referring this  
morning to a slight fire on Southwark  
street last night said, "there was some  
delay in sounding the alarm owing to  
the fact that the key of the Southwark  
street box was kept near the foot of  
Portland, Southwark street is on Port  
Howe."

It has heretofore been generally un-  
derstood that Southwark street is a  
thoroughfare running from Paradise  
Row, a short distance from the foot of  
Portland to Lombard street.

**THE STUBBORN FACTS AND FIGURES  
OF THE 1903 SCHOOL COAL CONTRACT.**

To the Editor of the Star:  
Dear Sir,—The statement of facts  
and figures, published by Gibbon & Co.  
in the morning papers, shows plainly  
those members of the Board of School  
Trustees who attacked Gibbon & Co. on  
the basis of the 1903 contract had made  
grossly unfair and misleading state-  
ments in regard to that contract, in-  
stead of giving Gibbon & Co. credit for  
carrying out their contract under such  
difficult circumstances and at such a  
difficult time when coal was so scarce  
after the coal strike.

Gibbon & Co.'s tender for hard coal  
in 1903 was accepted by the board at  
\$5.00 for American and \$5.55 for Scotch,  
while the prices quoted by Messrs.  
Starr, the next lowest tender, were  
\$7.00 and \$7.25 for American hard coal.  
Messrs. Starr's tender besides being  
subject to such eventualities that  
might prevent the coal being in stock,  
and on the understanding that the con-  
tract could be cancelled in case of such  
eventualities only offered the board 500  
tons. Gibbon & Co. supplied the board  
with the full amount of hard coal re-  
quired that year at prices ranging from  
\$1.00 to \$1.40 per ton, and less than the  
offer of their competitors and so saved  
the school board and the taxpayers of  
St. John over \$100,000, as the board  
estimated between 800 and 1,000  
tons of hard coal.

Members of the board have stated  
that complaints were made as to the  
quality of the coal supplied by Gibbon & Co.  
that year, and that some of the coal was  
so bad that it had to be hauled to the dump.  
In reply to this it is only necessary  
to say that when the larger quantities  
of this coal were being delivered, and  
about which complaint was made, the  
school board had an inspector at each  
load from Gibbon & Co. who saw every  
load of coal before it was delivered to  
the school buildings and saw it on the  
dock. After passing the inspector, each  
load was received separately and a  
check for the receipt of the delivery  
was signed by the janitor of each  
building to which it was delivered and  
all the deliveries were made in a satis-  
factory manner.

It seems very strange, then, that  
when coal was so scarce and high, that  
even slack coal was worth at that time  
from \$3.50 to \$4.00 per ton, that the  
school board should resolve this coal  
from Gibbon & Co. through their in-  
spectors and janitors, and pay the con-  
tract price for it, and after this haul  
it to the dump. Gibbon & Co. would  
like to find this dump. It must have  
been a good thing for somebody just  
at that time.

The school board's idea of carting  
coal to the dump is a new one. The  
fact that for a number of years the  
board has decided to buy its coal at  
the highest prices offered instead of  
at the lowest has been something very  
difficult for the ordinary observer and  
taxpayer to understand, but when it  
becomes necessary to haul the coal to  
the dump, and that right upon the  
heels of the coal strike, what develop-  
ment we do not expect next in re-  
gard to the school board's coal con-  
tracts.

Yours truly,

The authorities on the American side  
of the line separating New Brunswick

enforce the prohibitory law. Last  
week a man named Oliver Nadeau took  
a case of gin across the border a few  
miles above Fort Kent. Learning of  
the matter, the Maine officers pro-  
ceeded to Nadeau's house to arrest  
him, but after a hard fight the wily  
Frenchman escaped them. He knocked  
one of the officers down, and seiz-  
ing the clutches of the other, took to  
the tall timbers, and is still at liberty.  
The officers fired nine shots at the re-  
fractory Nadeau, but none of them  
took effect.

A Baseball Novelty—New Addition to the R. K. Y. C. Fleet—Canadians Doing Well at Bisleys.

## BASEBALL.

**West End League.**  
The Victorias defeated the Jubilees in a four-inning game last evening on the Market Square by a score of 3 to 2. Batteries: Jubilees, Wolfe and Burpee; Victorias, Copeland and McDermott. The features of the game were Durren's two two-base hits. Score: Victorias 3, Jubilees 2. 1 0 1 1-3.

**BASEBALL NOVELTY.**  
A Team of Full Blooded Indians to Play Here on Friday and Saturday.

A baseball novelty is promised to St. John fans on Friday and Saturday of this week when the famous Passamaquoddy Indian baseball team from the United States government reservation at Perry, Maine, will be here to play two games with the St. John team. These Indians take their baseball seriously as they do everything else. The department of Indian affairs at Washington in its supervision of the reservation has decided that the easiest way in which to put the Indian on a basis of equality with his white brother is to make him a participant in the white man's sports as well as the white man's burden. Consequently every year a certain sum is set aside for the encouragement of baseball, football and other sports and games among the students at the Indian colleges and the young men on the reservations.

The prowess of the Carlisle University football team, composed of full blooded Indians, is well known all over the United States, and what the Carlisle University team is to the United States generally the Passamaquoddy Indian baseball team is to Maine. Every man on the team is a full blooded Indian, but they have proved that they can play the game better than most of their pale skinned fellows.

Manager Dunham of the St. John team, has his men in splendid shape and at the practice on the Victoria grounds last night the boys showed better form than at any other time this season. Both of these big games will be played on the Victoria grounds. Friday's game will be called at 8.30 for the benefit of those who are unable to get away from business at an earlier hour. Saturday's game will be at three o'clock as usual.

**Local Games.**  
The Young Heroes defeated the Majestics in the west end last evening. Score 7 to 5. Batteries: McLeod and Joyce for Majestics; Baker and Warlock for the winners.

The Curlews defeated the Franklins on the Y. M. C. A. grounds in the intermediate league series by a score of 8 to 4. Batteries: For Curlews, Cullinan and Donnelly; for Franklins, McGuigan and Evans.

The Jubilees and Athletics met tonight in the amateur league. These teams are now tied for leading place, and a good contest may be expected.

**SHARKS WERE VICTORIOUS.**  
The Dufferins went down to defeat on the Victoria grounds yesterday afternoon before the terrible Sharks. The former played rather loosely, and to this as one cause their defeat is due. Features of the game were a double and a triple play by the Sharks. The

## YACHTING.

A new addition to the R. K. Y. C. fleet is the sloop yacht Columbia, purchased from ex-Mayor Sproule of Digby, by Charles Cobham of the American laundry. She is 23 feet over all, 18 feet on the water line and 8 feet beam. Mr. Cobham brought her across the bay yesterday, making a good run, and will take her through the falls the last of the week. He intends to change her name to the Eva C. She has a large cockpit and her cabin is spacious and well fitted up. The Columbia was considered fast at Digby.

## THE TURF.

TAUNTON, Mass., July 11.—A good crowd saw three well contested races at the opening of the July meeting of the Taunton Jockey Club.

The Bristol Co. Fair Association on the local track today. Favorites won in all three events, although in the 2.30 trot Annie Wilkes surprised many by pushing Harrison Wilkes off his feet in the second heat. The favorite took the next two, however, and the race.

## CHESS.

OSTEND, Belgium, July 11.—The international chess tournament was continued today. When time was called at luncheon hour only one game had been concluded. This was between Maroczy and Teichmann, the result being a draw. Maroczy for the time being again took the lead with 14.13 points.

In the afternoon session the following additional results were recorded: Tarrasch won from Janowski; Schlechter defeated Taubenhaus, Marshall lost to Blackburn and Marco succumbed to Burn. The game between Wolf and Alapin was drawn, while that between Leonhardt and Tschigorin remained unfinished.

## THE RIFLE.

**CANADIANS DOING WELL.**  
BISLEY CAMP, July 11.—In the Gregory match, seven shots at 200 yards, Sergt. Kelly, 10th Royal Grenadiers (Toronto), put on the best possible score, 85, and in extra shots made two bull's eyes and an inner. In the same match, Staff Sergt. Kerr, 48th Highlanders (Toronto), made a possible 85, and followed with 12 bull's eyes for his extra shots. Private C. E. Morrice of the P. W. F. (Montreal) made 84. In the Association Cup match, open till 21st, seven shots and 200 and 500 yards, the Canadian scores were: 200 yards, Sergt. Kelly, Toronto, 85; Capt. Forest, Victoria, 82; 500 yards, Kelly, 32; Forest, 33.

In the Keynoch match, ten shots at 100 yards, Sergt. Russell of Ottawa put on 40 out of a possible 50. In the Alexander Martin match, ten shots at 800 yards open till July 17th, Private A. Wilson, 43rd Regiment, Ottawa, made 48 out of a possible 50. In a Sweepstake match, at 200 yards, seven shots, Capt. Crowe of Guelph was second, winning 22 shillings. Captain J. Duff Stewart, Vancouver, won 22 shillings. In a 600 Sweepstake, Sergt. Russell, 43rd Regiment, Ottawa, was first, winning 26 shillings.

## THE RING.

McLEOD—CONNOLLY—TOMMY RYAN.

A well known follower of the boxing game talking of the coming McLeod bout, said that as some people think that luck has to do with boxing, things might be well to note that the house now occupied by the McLeod family in Rockland road was the abode of Eddie Connolly's family when that boxer was at the zenith of his career, and he added that, immediately after the Connolly family moved, "Eddie" commenced his downward ring journey. The same house, he says, had as tenants "Tommy" Ryan's family, or the Phineys, Ryan being an assumed name by the former St. John scrapper. Many followers of boxing remember "St. John" Tommy Ryan, McLeod, therefore, it would be argued by believers in signs, must remain at his present place of residence if he hopes to reach the top of the ladder.

## LUNATIC TRIED TO LEAP FROM SUSPENSION BRIDGE.

Frank Manks, a patient in the Provincial Hospital, Fairville, attempted to leap from the Suspension Bridge early yesterday afternoon and but for the promptness of his keepers he certainly would have succeeded.

People who happened to be on the bridge at the time saw three men running about as fast as they were able, and after the man in the lead reached the bridge he hurried to one side and started to mount the wire netting, which is about shoulder high, but at the top there is sufficient space to jump through. As he climbed the netting he shouted farewell, but the keepers reached him just in time.

## JAPAN DESCRIBED.

Rev. E. H. Jones, formerly of St. John, gave an interesting lecture on Japan, its People, and its War. A large audience greeted the lecturer. Rev. Dr. Gates presided.

Mr. Jones, who has spent many years in Japan, spoke of beauties of the country, and the character of the people, who he described as being an ardent, gentle, self-controlled race.

Love of country, said the speaker, made the Japanese brave and invincible. They have 6,000 miles of railway, 32,000 telephones, and an excellent post office and telegraph system managed by the government.

As to religion the Japanese have two Buddhism and Shintoism, but as a nation they are very low in the scale of morals.

Touching on the present war the lecturer said, the Japs are proud of the fact that they have never abused the Red Cross.

## ATRAFGAR TO BE CELEBRATED.

At a meeting of the St. George's Society last night in Orange hall, a resolution was unanimously carried to celebrate the centennial of Atrafgarh, October 21. In order that the occasion may take as national a character as possible it was further resolved that St. Andrew's Society should be called to co-operate. The celebration is likely to take a form that will prove of interest to the citizens.

## MORE EQUITABLE FRAUD.

Senator Dewey and Jacob H. Schiff Mixed Up in Some Transactions That Were More Than Shady.

NEW YORK, July 11.—The World says:

"Revelations far more startling than those in the report of Supt. Hendricks are contained in the testimony taken in the state insurance department's investigation of the Equitable Life Assurance Society.

"Senator Chauncey M. Dewey testified that the Dewey Improvement Company, in which he was interested, obtained a loan from the Equitable of \$250,000 on property which the state insurance department valued at only \$150,000.

"He admitted that neither principal nor interest had been paid, and that the Equitable had been forced to foreclose on the property. He admitted that, as a member of the executive committee of the Equitable, he had not advised this loan, but had voted for it. He confessed to making a promise that the Equitable should be made whole, but in the same breath said that promise was not legally binding.

"Jacob H. Schiff, confronted with records of the Equitable that Kuhn, Loeb & Co. had sold a large amount of Union Pacific preferred stock to the society, swore that these records were false. In various sales of bonds to the Equitable by his firm he admitted that a large loss was shown. He confessed that he had been a dummy director, but said that since the Equitable scandal developed he had bought five shares of stock, paying \$2,000 a share.

## S. S. ARANMORE ASHORE IN DANGEROUS PLACE.

QUEBEC, July 11.—A special from Gaspé to the effect that the steamer Aranmore went on the rocks two miles off Gaspé, Quebec, last night, at 1 p. m. The forward hold is full of water and the stern is being stove in by the waves. The ship is being used in the lighthouse service, arrived at the scene of the accident Sunday evening and took off the passengers and baggage. The ship is being used in the lighthouse service, arrived at the scene of the accident Sunday evening and took off the passengers and baggage.

## YOUNG FARMER SHOT IN WOODS.

HALIFAX, N. S., July 11.—A sad fatality occurred at McLea's Brook, Pictou, on Saturday, John Johnston, a young farmer, left his home to go to a lumber camp. He did not return and search was made. His body was found on the path leading to the camp with a bullet wound in the head. A revolver was found near by. Whether in going through the bushes the revolver was accidentally discharged or was not determined. The deceased was 27 years of age and was a son of the late William Johnston of McLea's Brook.

## CARLETON COUNTY COURT.

WOODSTOCK, July 11.—County court met here this morning. Judge Carleton presiding. The first case for indictment against Jack Hanson for indecent assault. As he did not appear when called upon, having broken jail some weeks ago, a bench warrant was issued for his apprehension. It is believed he is over in the United States. The grand jury met on Saturday evening. The meeting was attended by almost every fisherman in the locality and some from neighboring places. The wet was read and every clause carefully explained, receiving hearty approval. Application for a charter was signed. The people believe that the United States combine will try to corner the lobster trade next year, and are getting ready in good time to fight that concern to a finish.

## A FISHERMEN'S UNION.

HALIFAX, July 11.—Station number two of the fishermen's union of Nova Scotia was formed at Little Harbor, Shelburne county, on Saturday evening. The meeting was attended by almost every fisherman in the locality and some from neighboring places. The wet was read and every clause carefully explained, receiving hearty approval. Application for a charter was signed. The people believe that the United States combine will try to corner the lobster trade next year, and are getting ready in good time to fight that concern to a finish.

# SOCIETY WOMAN POISONED IN CONEY ISLAND.

NEW YORK, July 11.—Mystery surrounding the death of Miss Lillian Demmitt at the Coney Island Hospital, presumably from carbolic acid poisoning, caused Coroner Hartung of Brooklyn to order an investigation this afternoon. Miss Demmitt, who is said to be the daughter of Edward L. Demmitt, a banker, at Pochontons, Ark., was found ill in her room at a Coney Island cottage by a maid. Miss Demmitt was unable to speak when discovered. The symptoms indicated carbolic acid poisoning, but no trace of the drug could be found in her room. Other persons living in the cottage say Miss Demmitt was in the best of spirits last night. She visited with other boarders in the parlor until midnight, when she retired. A short time afterwards groans were heard in her room, and she was immediately removed to the hospital, where she died three hours later.

# YACHT SUNK BY STEAMER.

NEW YORK, July 11.—Police headquarters received information tonight that an unknown yacht had been sunk off Long Ferry by a steamer flying the Swedish flag. It was learned that about 9 o'clock this evening a small yacht, brilliantly illuminated, anchored off a dock at Dobbs Ferry, and hardly stopped when the steamer ran into it. The lights on board went out and the yacht sank at once. Fifteen minutes later three men from the steamer rowed in and asked if any survivors had come ashore from the sunk yacht. Upon learning that none had come ashore, the three men pulled their boat up on the beach and took a train for New York. They declined to say who they were or give the name of their steamer, and after they had taken the train their boat continued on its way. The Dobbs Ferry pilot reported that several persons were drowned.

## POLICE COURT.

Carleton Monopolized the Proceedings This  
Morning—William Carvell Fined \$25  
for Aggravated Assault.

Carleton had the police court all to  
itself this morning when the charge  
against Shubel Carvell, of Ludlow  
street, of committing an aggravated  
assault on Edward C. Hickson, also of  
Ludlow street, was continued. D.  
Mullin, K. C., again appeared for Mr.  
Carvell, as did also J. B. M. Baxter  
for the plaintiff.

The first witness this morning was  
Wm. Harned, who said he was stand-  
ing at the corner of Ludlow and King  
streets on Saturday night, and heard  
Mr. Carvell tell Mr. Hickson to go  
away and the latter reply that he would  
see about it. Mr. Hickson then went  
down the street and the defendant fol-  
lowed him. Witness seeing something  
was the matter also joined the crowd  
which had gathered, but was stopped  
by some one, when he tried to get be-  
tween the two men.

Cross-examined, he couldn't say  
whether Mr. Hickson was of a quar-  
relsome disposition.

Charles Lord, about whom the trou-  
ble arose, was notified to be in attend-  
ance but failed to put in an appear-  
ance. Acting Magistrate Henderson  
gave Sgt. Hipwell instructions to  
telephone Sgt. Ross to bring the boy  
over at once.

Mr. Baxter suggested that some one  
was purposely keeping the boy away  
and Mr. Mullin gave his assurance it  
was nothing to do with defendant.

Mr. Carvell gave evidence on behalf  
of himself, and in a very frank state-  
ment said that he lost his temper  
what he thought was an unwarranted  
interference on the part of Mr.  
Hickson, and struck him two blows.

He (witness) knew the boy well and  
often had a bit of fun with him, and  
it was simply in play that he caught  
hold of the boy and let the dog bite  
him.  
He was true the boy got scared  
and cried, but the dog only had hold  
of his sweater. He was very sorry  
for what he had done, and now quite  
understood that the motive which  
urged Mr. Hickson to interfere was a  
very worthy one.

Sgt. Hipwell brought the court  
word that "Sgt. Ross says that he  
can't get within a mile of the boy. As  
soon as he sees him (Ross) coming,  
the boy runs."

Mr. Mullin asked his honor to treat  
it as a common assault, and apolo-  
gized on behalf of Mr. Carvell, for  
having lost his temper.

Mr. Baxter said it was without  
doubt an aggravated assault, and as  
such asked for the penalty to be ac-  
cordingly.

His honor treating as an aggravated  
assault fined Carvell \$25. The money  
was paid immediately.

Two drunks were fined \$4 each.

## THE ORANGE ABOVE THE GREEN

Elaborate Decorations on Charles Murray's  
Store Which is Also Closed in Honor  
of the Glorious Day.

Charles Murray is the proprietor of  
a repairing establishment on  
Union street; he is also a little prej-  
udiced as to church matters, and his  
weakness, well known to his friends,  
has been taken advantage of on sev-  
eral occasions, much to the annoyance  
of Mr. Murray.

Last night while he slumbered  
soundly some friends decorated his  
shop and he has refused to enter it.  
From the upper part of the building  
two orange flags. The iron grating  
protecting the window was en-  
twined with orange ribbon, while sev-  
eral yards of the same material had  
been stuffed into the keyhole and will  
have to be pulled out before the key  
can be inserted. In front of the door  
is a large orange flag.

Mr. Murray's cup of joy would be  
overflowing if but a few drops of the  
Boyne water could be poured into it.  
He has viewed the premises from a dis-  
tance, but declines to make a near ap-  
proach. He has appealed to the police,  
and in no uncertain words has told  
them his opinion of their worth. To  
one officer he remarked that he remem-  
bered well when he came to town with  
a birch bark collar, and now he was  
wearing a stand-up one.

When the fun will stop is not known,  
the decorations may come down to-  
night.

### PILGRIMAGE TO ST. ANNE.

His Lordship Bishop Casey and the  
priests of New Brunswick are assured  
of a large turn out to the pilgrimage  
to St. Anne de Beaupre which leaves  
here on Tuesday next. Special rates  
from points in the provinces have  
been arranged for and a large party is  
expected here from Boston and Port-  
land. Last year the excursion was a  
great success, due to the Rev. John J.  
Ryan's interesting efforts and this year  
the outlook is very bright for a big  
success. The many miraculous cures  
made last year have greatly interested  
people, while the particularly cheap  
fares have induced many to take in the  
trip.

### FAMOUS MEDICAL EXPERT DEAD.

BOSTON, July 12.—Prof. Edward S.  
Wood, of Harvard Medical School,  
the famous expert in examining human  
blood is dead at his summer home at  
Pocasset. He gave expert testimony  
in many murder trials, his last ap-  
pearance in court being in the trial of  
Charles L. Tucker, who was convicted  
last winter of the murder of Mabel  
Page, of Weston.

### A WEST END BOY.

Edward Scully, of West End, is now  
holding a good position on the office  
staff of the C. P. Railway at Owen  
Sound. Mr. Scully took a full course  
at the Currie Business University last  
year.

## COOL AND PRETTY SUMMER MILLINERY!

Felt, Silk, Muslin and Linen Hats for  
Women and Children in Hot Weather.

### NEW FELT HATS, \$2.80 UP.

IN AMERICAN CITIES AND AT THE BEACHES they  
are now wearing a great many large Felt Shapes—those  
crushable kinds with curled-up rims and folded crowns. We  
have them in Pearl, Castor, Brown and White.

### CHIFFON HATS, \$1.50 TO \$2.75.

THE CHIEF ARGUMENT AGAINST CHIFFON HATS is  
the trouble they entail in the making; the bother and fussi-  
ness of shirring, etc. But the shapes we are selling are al-  
ready shirred and made, all needed is the trimming. They  
have straw crowns in the Shade and Polo Shapes.

### LINEN HATS, ONLY \$1.50.

THE DEMAND FOR NATURAL LINEN HATS CON-  
TINUES, which has prompted us to replenish our supply.  
The severe linen shade is nicely relieved with tasty velvet  
Bands and Bindings—Blues, Greens, Browns, etc. Their  
cheapness is a strong factor in their favor.

### BABY HATS, \$1.50 TO \$2.00.

A Dainty Little Frock on a Child is not half so  
pretty if the headwear does not correspond. Every piece of  
childish headwear we are now showing embodies some leading  
style-point, Muslin Hats, Silk Hats, Hats with Mulle Rims  
and Silk Crowns, all cool and comfortable.
