### LETTER FROM THE GROCER.

To the Editor of the Graphic:—With reference to the paragraph in yesterday's Tribune detailing the woes of a grocer in delivering a barrel of flour to the residence of Mr. John Cameron and its interesting "side lights," I should like to observe that I, as the grocer referred to, took a deep interest in the affairs of the Town Council and did what I could to serve the best interests of the town as long as I was a member of that august body, but since I have been out of the Council I have paid strict attention to the affairs which engrossed me, believing that the present members of the Council are quite capable of attending to the town's. Therefore, regarding Mr. Cameron's sidewalk I hold no decided views. In fact I have never in-

quired into the matter in any way, so that it would be quite out of place for me to express any opinion on it. As to the story of delivering a barrel of flour in person, it is a fabrication, pure and simple. Personally I did not see the delivery and had nothing whatever to do with it. The order came in the usual way, and the delivery was made by the delivery team without any knowledge or aid on my part. As I entertain no ill-will against the proprietor of the Tribune I would suggest that he ascertain the facts in future before publishing such a story as he did.

"THE GROCER."

The lumber cut on the Tobique this season is estimated at about sixty per cent of last year's output.

Proudfoot Bulman has been called to Montreal to give expert evidence on the widening of St. Antoine Street. He expects to be gone about a week.

The St. John Telegraph, a paper which is ashamed to come out as a supporter of the Conservative party, but which masquerades as an independent, tries to make the foolish people of the province believe there is strife in the Liberal party in York County. We shall see when the time comes.

A despatch to the Graphic last night from Halifax states that the Empress of Ireland docked there at 11:30 o'clock. The mails will go through here about 4 o'clock this morning. This is the first arrival of the mail steamers at Halifax this season.

## BIG BOOM IS ON AT GRAND CASCAPEDIA.

Great Activity Among New Owners of Thibeauville Limits

### TO BUILD MILLS

New Company will make Great Extensions to present Business

F. G. Farnon, of Colebrook, N.H., with other American capitalists who have just acquired the Thibeauville limits on the Esplanade branch of the Grand Cascapedia River have taken steps to acquire from the Quebec Government a water lot at Lundy's Cove at the mouth of the Grand Cascapedia River, for a mill site. They intend to build a large long lumber mill with shingle mill and roasting mill attached. These mills are to be built on the edge of the channel and all constructed on wharves. With all the waste from the mills additional wharves will be built on the state to pile lumber etc. Mr. Girard, of Quebec, Government Inspector of Surveys, has made surveys of the property. The output of the mills is expected to be about five or six million feet a year.

## WILL INVESTIGATE GAUTHIER'S DEATH

Relatives Doubt Story of Bullet Glancing off Piece of Ice.

SATAREC, Wednesday.—We notice that John Farnon & Co. have purchased a locomotive to draw their winter's out of lumber out of the C. C. R. track, a distance of twelve miles. The engine will do the work of 7 horses in about two hours each day. It does not need any rails, for it will run on a good hard road. Its weight is 20 tons. Weather continues fine. There is hardly any snow to be seen, and the probabilities are that we will have rain within the next 24 hours. An investigation into the death of Jarvis Gauthier, which occurred here the other day, will likely be held under instructions from the attorney-general almost immediately. Gauthier it will be recalled, was accidentally shot in the woods by John Pollock. His relatives, doubting the story of the bullet glancing off a cake of ice, have asked for an inquiry.

## EXPERT SUFFERS TERRIBLE AGONY

ST. JOHN, N.B., Wednesday.—John J. Everson, manager of the St. John and Boston Tripoli Co., and his right hand so badly burned on Tuesday morning that it was found necessary to amputate it at the hospital here this afternoon. Everson's experience was a terrible one. The company have a lease of Lake Fitzgerald and use a deposit found in the lake for making stone blacking. Everson was alone there and experienced the most terrible accident. He was caught in the morning, and the accident occurred. At any rate the hand was literally cooked through, and the sheets turned red. Everson then started to walk to the city, and had actually gone ten miles when he was overtaken by a milkman and driven to the hospital. He suffered the most excruciating agony until the hand was taken off.

PHILADELPHIA, Wednesday.—"Is Christianity anything but a dress parade?" "How often does Christianity win battles on paper?" "Does the church believe anything into righteousness to-day?" These are some of the questions that the Rev. Dr. George Hooper Ferris, pastor of the First Baptist Church, Seventeenth and Sanson Streets, put to his congregation yesterday morning in a good, plain talk on the "Belief into Righteousness." Virtually it was a plea for earnestness in religion, and an added appeal that the cloak of "dress parade" be tossed to the winds. MILLVILLE, N.J., Wednesday.—And now comes Millville with a claimant to the estates of the Duke of Portland. He is our popular merchant tailor, Walter Scott Calkins, and he proposes to put to blush the Duke pretender to the famous English title and estates. Mr. Calkins' campaign is simple. He's just going to tell the British Parliament that he wants those millions, and Parliament is going to hand 'em over. Calkins claims descent from the eldest son of the Duke of Portland, who came to this country more than a century ago, and who got a patent to an estate, in Green County, New York, establishing the town of Durham.

## MATAPEDIA BRIDGE WILL NOW BE BUILT

Engineers make Joint Report in Favor of its Construction.

### CALL FOR TENDERS

Government Wants Figures on Cost of Construction of the New Bridge

The engineers who examined the proposed site for the Matapedia bridge have agreed in their report and forwarded the same to Hon. William Ferguson, minister of public works. The minister on receipt of the joint report of the engineers gave orders to have plans and specifications prepared for a call for tenders for the erection of the interprovincial bridge. This news will be received with delight by the people of Campbellton as well as those along the Bonaventure and Gaspé coast. It is estimated that the cost of the new bridge will be about \$2,500,000. The three governments, New Brunswick, Quebec and Dominion will pay an equal share of the cost.

## JORLEIF AGROUND IN A DEAD CALM.

Battled Successfully With Tempestuous Seas for Weeks.

After successfully battling against waves and seas for weeks, the Norwegian schooner Jorleif finally ran aground in a dead calm at Little River, near Gaspé, on Monday. For days the Jorleif fought with the waves and came through without a mishap, but on Monday she missed the channel and ran aground. She will likely be an almost total loss. Efforts are now being made to save as much of her cargo as possible, after which the whole will be sold for the benefit of all concerned. The Jorleif was laden with a valuable cargo of codfish.

MONTREAL, Thursday.—Miss Barry a woman journalist recently attended a moving picture theatre and taking a box seat refused to remove her hat when requested to do so by Constable Lefebvre. She was eventually put out of the theatre, and as a result took action against the constable for assault. To-day Judge Piskie decided that Miss Barry could keep her hat on in the theatre if she wanted to.

FITZGERALD, Ga.—For the first time in the history of Georgia the writ of injunction has been used to prevent a wedding. Judge Whipple, of the Superior Court, temporarily enjoined U. L. Reeves, a young business man, from marrying Miss Tina White, daughter of a wealthy merchant. White objects to his daughter's marriage on account of her age. She is only 16 years old.

Homer Belliveau was arrested on a warrant Saturday morning charging him with breaking windows and lamps in the house of Wm. Currie. He was taken before Magistrate Matheson and fined \$5 and 75 cents.

## GIRL FAINTS AT ALTAR; THE GROOM ARRESTED.

NEW HAVEN, Wednesday.—No wedding bells rang out at the conclusion of the wedding ceremonies for Maxwell Schmidt, of New York City, and Miss Esther Svirski, of this city, to-night, for detectives interrupted the rabbi and terminated the elaborate function held in English Mission Hall before several hundred guests. The wedding march had just been played, and the couple stood before the altar, when Detective Joseph Russell, of the city police force, placed the man under arrest, to the consternation of the guests, and causing the prospective bride to swoon in the arms of her father. Schmidt was taken back to the metropolis, whence he came some weeks ago, a fugitive from justice, it is alleged.

HAKE HANDS WITH ASTHMA. Awfully distressing is asthma. But worse if possible when combined with colds and bronchitis. Relieved quicker by Catarrhzone than any thing else—cured so thoroughly by Catarrhzone that it doesn't return. Catarrhzone's healing vapor is breathed right into the lungs, destroying the cause of asthma and succeeds in the most chronic cases. Try it. Two sizes, 25c and \$1. at all dealers.

## WEDDING BELLSPEAL FORTH AT BARACHOIS

Two very Pretty Marriages Take Place There This Week.

### ONE A CHURCH AFFAIR.

Miss Thompson Weds Joseph Laurence, and Miss Quinn is United to Mr Morrison

BARACHOIS, Wednesday.—The marriage took place here on Tuesday morning of Miss Martha Thompson, daughter of John Thompson, to Joseph Laurence, youngest son of our popular ferryman, Patrick Laurence. Rev. Father Sirois officiating. The bride, who was very prettily dressed was attended by Miss Christine Mitchell, while Jas. Thompson, brother of the bride, supported the groom. After the ceremony the bridal party drove to the home of the bride's parents, where the wedding breakfast was served to a large number of friends and relatives. The bride was the recipient of many pretty and useful presents.

St. Paul's Church was the scene of a very pretty wedding on Wednesday at 4 p.m., when Miss Mary A. Quinn, second daughter of Jas. Quinn, was married to William Morrison, of Magantic. Rev. G. R. Walters performed the ceremony. The bride, who was given away by her uncle, John McCullum, wore a pretty gown of cream crepe-de-chine. Her tall veil was arranged over a small coronet of orange blossoms. Miss Beatrice Quinn acted as bridesmaid while Harold Birch, of Shebrooke, supported the groom. After the ceremony a reception was held at the home of the bride's parents, the rooms of which were prettily decorated for the occasion. Mr. and Mrs. Morrison leave for Magantic on Sunday followed by the good wishes of numerous friends.

Quite a number of our young men have gone to work on the railroad, and more intend leaving soon.

Miss Carrie Vardon was the guest of Miss M. Rose a few days this week.

### EATS OLD CANDY AND DIES.

Antiquated Christmas Tree Decorations Kill Girl in Michigan.

Poisoned by the candy she had eaten, a 5-year-old daughter of E. Honkala is dead at Ishpeming. Partaking of left-over Christmas tree ornaments, she became violently ill and died in great agony afterward. A younger child was saved from a similar fate only by heroic measures.—Chicago Inter Ocean.

LONDON, Thursday.—The Duke of Argyll is having a busy Anglo-Canadian day. He presided at the inaugural luncheon of the Franco-British exhibition at Shepherd's Bush, in which Canada has decided to take a foremost colonial place with 120,000 feet of exhibits, and what is officially described as a palace of unequalled magnificence with displays of Canadian products and manufactures. At the luncheon T. P. O'Connor warmly eulogized Canada's enterprise in a project so well calculated to knit closer the ties between them and the empire. Canada's magnificent display would be a fitting sequel to the newly completed Franco-Canadian treaty. The Duke of Argyll and Lord Strathcona conducted the party over the grounds, and showed them the progress being made with the foundations of the Canadian and other buildings. The exhibition will be opened in May, 1908. This afternoon the Duke of Argyll went to Lord Strathcona's house in Grosvenor Square to present to him a handsome silver centrepiece from the Anglo-Canadian community. The centrepiece is emblematic of some of the many phases of Canadian life with which Lord Strathcona has been associated. It includes a medallion of the Royal Victoria College, Montreal.

Roosevelt wants the duty on paper and pulpwood removed. Well, we'll consider it today.

## BURGLARS ENTER BATHURST STORE.

Mr. Kent Loses Goods to the Value of About \$100.

### THIEVES LIKELY DRUNK

Indulged in a Meal of Lobsters, Etc., Before They Left.

BATHURST, Thursday.—Yesterday morning when W. J. Kent went to open his store, he found that the place had been ransacked by burglars. The thieves took jewellery to the value of about \$100, consisting mostly of watches and chains. They also broke open the safe and took what little coin they found there, but luckily Mr. Kent did not keep much else but books there, and these were strewn all over the floor. Much damage was done to the show cases etc. The assumption is that the thieves were under the influence of liquor; and were evidently in no great hurry to leave the premises, as they had regaled themselves with a very substantial meal consisting of lobsters and whisky, the remains of which were found about the store. The guilty culprits have not yet been discovered; but today the police will probably make several arrests.

## JUDGE MATHESON IN A RUNAWAY.

Shaft Breaks and Mr. Matheson Loses Control of Steed.

Judge Matheson had a narrow escape from serious injury yesterday afternoon. A horse which he was driving took fright at the noise made by a passing locomotive opposite E. A. Mowatt's corner and dashed down Water Street. The shaft broke and the animal became unmanageable. It continued along Water Street to Ramsay Street, Mr. Matheson all the while having a firm hold on the reins. Turning up Ramsay Street the animal ran until it reached King Street. Here it broke loose from the shafts and Mr. Matheson was thrown out. Fortunately, however, he escaped without injury. The horse was captured on Water Street. Had the shaft not broken the horse would not have run away. But the shaft having broken the horse simply did what nine out of ten other horses would have done.

PITTSBURG, Wednesday.—That the grandchildren of coal operators of the present day will witness the passing of the entire coal supply of the United States unless the present sinful waste is not checked, is the startling prediction made by L. W. Fogg, acknowledged as one of the best coal experts of the world.

Graham Bell seems bound on showing himself to be a high flyer.

### How's This?

We offer one hundred dollars reward for any case of catarrh that can not be cured by Hall's Catarrh Cure. E. J. CHENEY & CO., Toledo, O. We, the undersigned have known F. J. Cheney for the last 15 years and he has him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

## Weak Kidneys

Weak kidneys, usually point to weak kidney nerves. The kidneys, like the heart and the stomach, find their weakness not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach those controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other diseases, or dangerous kidney diseases, try Dr. Shoop's Restorative. It can and will do for you. Druggists recommend and sell.

## Dr. Shoop's Restorative

A. McG. McDONALD.

### Driven to Drink

Many a good man has been driven to drink by the laundry work, with its ups and downs and waves of blueing, decoloring, his shirt front and new edges on his collar, to annoy him. It is his heart that glows when he can see his linen immaculate and with a snow white color and artistic finish that he can put on by expending only a few cents. It is worth dollars in comfort and satisfaction to have your linen laundered at the

## ROOSEVELT IS PITCHING TAFT.

It is Said He is Booming Cortelyou for the Presidency.

(Special to the Morning Graphic.)

NEW YORK, Thursday.—A Washington dispatch to the New York Globe tonight says:

"A sensation was caused in political circles today by the assertion from a certain quarter to the effect that Arch

bishop Ireland of St. Paul had been at work in the Northwest for a month or more organizing such strength in and out of the church as he can command for George B. Cortelyou for President. In doing so, it is declared he had the backing of President Roosevelt. The story has caused politicians here to sit up and anxiously inquire whether the President has thrown Taft overboard and has determined to test the secretary of the treasury as presidential timber.

Ireland's Partisanship.

"Mr. Ireland on Saturday dined here at the home of Secretary Strauss; but this dinner is not known to have had any particular bearing on the matter, save that it indicates the archbishop's closeness to official and administrative circles. The archbishop has spoken of Cortelyou as the man he favors and as the growing candidate since he has been in Washington. And the mere fact that clergyman, with his wide influence, is for

an candidacy is sufficient to cause a profound sensation in political circles. Taft supporters have long suspected much quiet work was being done for Cortelyou, and this latest development is certain to stir deeply.

"When the archbishop was seen this afternoon he denied having ever said Mr. Cortelyou had the President's backing as a candidate. Further than that he parried all questions adroitly and denied nothing.

Cortelyou is Mum.

"When Secretary Cortelyou's attention was called, after the cabinet meeting to the reported conference between himself and the archbishop he raised his hand deprecatingly when the presidency was alluded to and said it was one of those topics he could not discuss one way or another, as anything he might say would be misconstrued.

"All I want is to be left alone in the discharge of my duties," he declared, and when told the archbishop was here, he said he was not aware he was in the city.

A close friend of Mr. Cortelyou has spoken of Cortelyou as the man he favors and as the growing candidate since he has been in Washington. And the mere fact that clergyman, with his wide influence, is for

TO FLOAT AN ICE FLOE.

CHICAGO, Thursday.—Sailing under the American flag, Capt. Roald Amundsen of Norway will attempt to reach the north pole.

At a banquet given in his honor by Chicago Norwegians, Capt. Amundsen announced last night that preparations for his next journey into the frozen north were about completed. He said he would sail from San Francisco to the Bering straits, and attempt to float on the ice to the north pole.

VICTORIA, B. C., Friday.—Because 16 year old Clara Duckey had spurned his affections David Burnett, aged 25, rancher, of East Sotha, near here wounded himself fatally yesterday in an attempt to commit suicide before the eyes of the girl he had sought to ruin. He seized the rifle, placed the butt against a rock and in spite of the shrieks from the girl pulled the trigger with a piece of stick. He is momentarily expected to die as the bullet passed clean through the body in the region of the heart.

What do they say? I asked a Japanese banker, who was my neighbor at the table, nodding at several of his countrymen who were talking earnestly among themselves, when Count Terashima, who translated from English into Japanese, had finished.

Reading Pleased Them.

"They like it that he read, instead of speaking without the copy," was the reply. "That was very good. It

A very interesting event took place at the Methodist parsonage, Nov. 14th, when John H. Ward was united in marriage to Miss Annie, only daughter of Mr. and Mrs. Cornelius Van Horne. The bride was handsomely attired in a suit of Brown broadcloth with hat to match. The ceremony was performed by the Rev. W. A. Thompson. After the ceremony the happy couple drove to the home of Mr. and Mrs. John Ward where a dainty luncheon was served. The presents received were numerous and costly. The bride and groom who were very popular here, the best wishes of their many friends.

J. B. WAGNER,

Next Waverly Hotel, BOX 486, CAMPBELLTON, N. B.

NEW YORK, Thursday.—Herman Henze was arraigned before United States Commissioner Shields today and held for the federal grand jury on a charge of counterfeiting.

According to statements made to the commissioner, Henze had been producing half dollars of practically pure silver, so skilfully made that only experts could detect them. The plant was said to be in a secluded spot in the Ramapo mountains.

The present price of silver enabled him to turn out coins of standard weight and fineness at a profit of about 50 per cent.

SO GRATEFUL.

Tailor Made Young Lady—Take my seat, please.

Near-sighted Old Lady—Thank you, Sir. You are the only gentleman in the car.

The St John Sun states that: Fred P. Colter of the customs house staff on Monday evening concluded by telephone arrangements with Robert McGowan of Sydney, C. B., whereby he became the owner of the handsome black pacing gelding Abbot W. (246) by Abbot Wilkes (211). This is the black pacer owned by Bert Fenwick of Bathurst, and which received his mark on the Bathurst track during the past summer. He is a very speedy horse and is credited with halves in 1.05. The animal which is a very handsome and speedy one is now being driven in Campbellton by Thomas Ellsworth who it is said also owns him.

The reception given in honor of Mr. and Mrs. W. R. Millican held at "the Dumbarton," was thoroughly enjoyed by all who were present. Music and games were participated in until 12 when dainty luncheon was served followed by fruit and sweets. The bride was becomingly attired in her reception dress of cream silk with white embroidered silk trimmings. The groom in his usual happy frame of mind was congratulated on all sides by "the boys."

The many gifts testified to the popularity of the bride and groom, among the many being a purse of gold from the members of the staff of the Shives Lumber Co., among whom the groom has worked for a number of years, also cheques from some of the brides New Hampshire patients. The guests presented to the bride was a beautiful set of black furs.

## TAFT'S PEACE SPEECH MAKES JAPS FRIENDS.

The Little Jap will now Have a Different Opinion of Americans.

TOKIO, Thursday.—Secretary of War Taft has voiced Washington's attitude toward Tokio, United States of

Realdom's feeling toward the imperial Japanese government. What the effect will be remains to be seen.

Whether or not the Japanese can bring themselves, without due effort, to accept the speech at its face value, need not be discussed in extense here. But they will not quibble over Mr. Taft's sincerity. His frankness in discussing the possibility of war electrified the audience and the country.

It must be understood that no representative of the United States government, upon whom might have developed the duty of so frankly discussing with Japan and the United States as combatants, would have received a more respectful hearing than Mr. Taft. Neither is there any of his colleagues in whose integrity of purpose, depth of feeling, honesty, will and ability to deliver the truth as he sees and feels it do the Japanese people feel as great confidence as they do in Mr. Taft. Had Mr. Taft been delegated by Mr. Roosevelt to convey to the Japanese government and people the message that he communicated to the empire and the world last night at the dinner spread in his honor by the municipality and the Chamber of Commerce of Tokio, he could not have performed this delicate task more successfully, or to the greater satisfaction of those who heard him.

Of course, every one, from government ministers down to the humblest reader of the daily press, regards what Mr. Taft said as an official deliverance.

Mr. Taft invested the speech with circumstance. He read it slowly and with frequent liftings of his eyes to those of the Japanese notables seated around him, and in turn the secretary grasped those of Marshal Prince Oyama, Count Tanaka, foreign minister; Count Tanaka, master of the house; of Baron Shibusawa, who presided, and a dozen more.

In the fervor for his protestations for American amity for the Japanese, Mr. Taft stepped over away from the over-sentimental vein which might have laid a less experienced statesman open to the criticism of administering "soft soldier."

Through the entire speech ran a broad based trail of American spirit and fearlessness. It was entirely a dignified deliverance.

LINGERING COLD

Withstood other Treatment but Quickly cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

## THIRD PARLIMENT OF RUSSIA OPENS.

Social Democrats Remain in Committee Room During Reading of Emposer's Speech.

ST. PETERSBURG, Thursday.—The hundred students gathered in the vicinity of the palace but they did not attempt to make a demonstration. The only discordant note was struck by the social democrats who remained in the committee room during the reading of the emperor's greeting and the emperor's speech. The constitutional Democrats showed no mark of enthusiasm in singing the national hymn or in the cheering but otherwise they participated decorously in the proceedings. M. Klotzysky was elected president of the house receiving 371 votes on the first ballot.

showed that he weighed his words, that he meant what he said. He did not wish to be misunderstood.

"Do they approve of what he said: were they glad to hear it?" I asked.

"They may it was the greatest speech for Japan that was ever spoken," answered the banker. "It will do much good. They believe what Mr. Taft says, because they have confidence in him. In Japan they think America wants to fight, and in your country they say we want to fight. Now, it is plain that neither desire war. It will make the people, the families who lost father, husband, brother or son in the war very glad."

Under the brilliant canopy of bunting, flowers and lanterns a tumult began that lasted for more than two minutes. Every man, American or Japanese, was on his feet, waving his hand, with cheers and cries of "banai."

Across the tables Japanese stretched hands to Americans. Viscount Terashima clasped Mr. Taft's hand, and in turn the secretary grasped those of Marshal Prince Oyama, Count Tanaka, foreign minister; Count Tanaka, master of the house; of Baron Shibusawa, who presided, and a dozen more.

In the fervor for his protestations for American amity for the Japanese, Mr. Taft stepped over away from the over-sentimental vein which might have laid a less experienced statesman open to the criticism of administering "soft soldier."

Through the entire speech ran a broad based trail of American spirit and fearlessness. It was entirely a dignified deliverance.

LINGERING COLD

Withstood other Treatment but Quickly cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

NEW YORK, Thursday.—Herman Henze was arraigned before United States Commissioner Shields today and held for the federal grand jury on a charge of counterfeiting.

According to statements made to the commissioner, Henze had been producing half dollars of practically pure silver, so skilfully made that only experts could detect them. The plant was said to be in a secluded spot in the Ramapo mountains.

The present price of silver enabled him to turn out coins of standard weight and fineness at a profit of about 50 per cent.

SO GRATEFUL.

Tailor Made Young Lady—Take my seat, please.

Near-sighted Old Lady—Thank you, Sir. You are the only gentleman in the car.

The St John Sun states that: Fred P. Colter of the customs house staff on Monday evening concluded by telephone arrangements with Robert McGowan of Sydney, C. B., whereby he became the owner of the handsome black pacing gelding Abbot W. (246) by Abbot Wilkes (211). This is the black pacer owned by Bert Fenwick of Bathurst, and which received his mark on the Bathurst track during the past summer. He is a very speedy horse and is credited with halves in 1.05. The animal which is a very handsome and speedy one is now being driven in Campbellton by Thomas Ellsworth who it is said also owns him.

The reception given in honor of Mr. and Mrs. W. R. Millican held at "the Dumbarton," was thoroughly enjoyed by all who were present. Music and games were participated in until 12 when dainty luncheon was served followed by fruit and sweets. The bride was becomingly attired in her reception dress of cream silk with white embroidered silk trimmings. The groom in his usual happy frame of mind was congratulated on all sides by "the boys."

The many gifts testified to the popularity of the bride and groom, among the many being a purse of gold from the members of the staff of the Shives Lumber Co., among whom the groom has worked for a number of years, also cheques from some of the brides New Hampshire patients. The guests presented to the bride was a beautiful set of black furs.

The Chatham Kitchen Cabinet

The perfection of its kind, Lesens Labor, Says Steps, Looks Lovely. It takes the place of both pantry and kitchen table. It means the saving of hours of time everyday to your housekeeper. It means the saving of miles of walking around a hot kitchen. It means relief from kitchen drudgery. It contains many new and exclusive features that have never been approached by other kitchen cabinets.

## TWO YEARS FOR "DING" MCLEAN

Judge McLatchy Sentences Campbellton Youth Found Guilty of Theft.

DALHOUSIE Thursday.—The County Court concluded its November session here this afternoon in the case of the King vs. Valland, the jury returned a verdict of not guilty. Valland was charged with stabbing a Norwegian sailor in Campbellton. The principal witness for the prosecution was absent. Jas. S. Marquill appeared for the crown and A. T. LeBlanc for the defence.

Fred McLean who was found guilty of stealing a watch from Hugh Marquis was sentenced to two years in Dorchester. Judge McLatchy in delivering the sentence gave him good advice.

gret that they ever entered it because that if they had given the same years of patient and active attention to their duties in other walks of life they would have been far better off pecuniarily than they are today.

The test of political merit is the prosperity that waits on the people. Under Liberal rule the record from 1896 to date has been marked by a degree of prosperity and material progress never before known in Canada. The farmers have never been so well to do, never so successful and contented; the manufacturers have never been so busy and prosperous; never were working men so much in demand, never did they get better wages.

KICK OF A DYING CALF CAUSES MAN'S DEATH

DETROIT, Thursday.—The death of day of Frank Powers, a butcher, at St. Mary's Hospital, was the strangest in the history of that institution. Three months ago Powers swung a sledge on the head of a calf. He stopped over, thinking it was dead. One of its hind legs shot out, kicking a small tumor on Powers' head. The kick irritated the tumor, and in a short time it became so threatening that he was taken to a hospital. It grew until it penetrated the brain, and the end came today.

SUFFERING WOMEN

who find life a burden, can have health and strength restored by the use of

Milburn's Heart and Nerve Pills.

The present generation of women and girls have more than their share of misery. With some it is nervousness and palpitation, with others there is a general collapse of the system. Milburn's Heart and Nerve Pills tone up the nerves, strengthen the heart and make it beat strong and regular, create new red blood corpuscles, and impart that sense of buoyancy to the spirits that is the result of renewed mental and physical vigor.

Ms. D. G. Douglass, Orlia, Ont., writes: "For over a year I was troubled with nervousness and heart trouble. I decided to give Milburn's Heart and Nerve Pills a trial, and after using five boxes I found I was completely cured. I always recommend them to my friends."

Price 50 cents per box or three boxes for \$1.25, all dealers or The T. Milburn Co., Limited Toronto, Ont.

free of charge, but poetry accompanying same  
will be charged ten cents per line.

ANSLOW BROS., Publishers,  
CAMPBELLTON, N. B. Nov. 14, 1907

The Moncton Tories have a new  
organ. It is called "Free Speech."

Here's hoping that Prof. Bell's  
airship won't turn out to be an air  
bubble.

If the Cunarder, Mauretania  
would run to Halifax, there would  
be no doubt about establishing a  
world's record.

North Sydney seems to find that  
it is almost as difficult to enforce  
the license act as it was to enforce  
the Scott Act.

Previous to Saturday there was  
a tradition that Yale could not de-  
feat Princeton more than three  
times in succession.

Instead of depositing President  
Gompers the American Federation  
of Labor raised his salary. Mr.  
Gompers evidently has many  
more friends than enemies in the  
federation.

An American college offers daily  
prayers for the success of its foot-  
ball eleven. Who knows but what  
it will become the fashion to print  
"In God we Trust," on the cover  
of every football.

The practice of praying for the  
success of the football team is  
much more plausible under the new  
rules than under the old. Under  
the old rules all the prayers  
were needed for the safety of the  
team.

The Brandon, Man., Sun observes  
that the visit of Mr. Clifford Sifton  
to Great Britain for the express  
purpose of dismissing with the  
British cabinet the "All-Red-Route"  
indicates that this great project is  
drawing nearer to its accomplish-  
ment.

It is admitted—the condition of  
the country proves it—that the  
Liberal Government since Confederation  
has done nothing to promote the  
prosperity and welfare of the  
people.

Some idea of the speed of the new  
British destroyer with the  
American name Mohawk may be  
gathered from the fact that the  
forty miles an hour made by the  
boat on its trial Friday surpasses  
the speed shown by most of the ex-  
press trains on the Intercolonial.

## CHIEF GREY.

Being a body composed of intel-  
ligent and representative citizens,  
the police committee will undoubt-  
edly render a decision in the mat-  
ter now before them in conformity  
with common sense and the wis-  
hes of right thinking citizens: The  
committee will doubtless take into  
consideration that all men make  
mistakes and that no man is per-  
fect. If a man is a man, if Chief  
of Police Grey has proven himself  
an efficient officer, why should such  
a trivial irregularity, as the one he  
has been accused of, be magnified  
into one which renders him an un-  
suitable person for the office of  
chief? We believe that Mr. Grey  
is a most capable chief—perhaps  
the best chief we have ever had  
and we can't understand how such  
a charge can be seriously held  
against him. It is plain to us—  
and we are conversant with the  
facts of the case, that he acted in  
the best interests of law and order.  
It may have been an irregularity—  
a mistake, but that shouldn't count.  
What this town wants and what  
its best citizens demand is a chief  
of police who will preserve order  
in the town. To repeat Chief  
Grey has certainly made good in this respect.

Principal Falconer of the Toronto  
University seem to have been engaged  
to deliver patriotic addresses before  
Canadian clubs.

High neck gowns are running the  
low neck ones a close race in New  
York this year. The horse show is di-  
viding honors with grand opera.

Despite the reformed rules, football  
seems to be doomed as a college sport.  
Two great universities in the east have  
already abolished it—Columbia and  
Harvard.

A Pittsburgh expert has figured out  
that the coal supply will be exhausted  
in two generations. People who have  
been paying trust prices will be sur-  
prised to learn that it is that far off.

## LIBERALS FINE DEEDS.

The resources of the country  
have been developed by the exer-  
cise of an intelligence and grasp  
of Canada's possibilities not posses-  
sed by the Conservatives, who had  
equal opportunities, but who for  
eighteen years had carried on a  
government that was conspicuous  
by its lack of ability to grasp great  
public questions, and was best  
known by its attempts to purchase  
the votes of the people by barter-  
ing public works in exchange for

political support. The present  
government has promoted immi-  
gration to a remarkable extent, and  
is to-day engaged in providing  
transportation facilities in response  
to the expressed will of the people  
and in the carrying out of its own  
pre-election pledges. The Liberals  
have striven at all times to promote  
harmonious relations between the  
various elements of the population.  
It has been the aim of the Conser-  
vatives to disturb this harmony,  
and raise up race and religious pre-  
judices, and create discord when-  
ever such a course would appear  
to serve such political end. The  
average elector should be satisfied  
that his requirements have been  
met by the Liberal government,  
and that everything that goes to  
promote national growth, and the  
prosperity of the people has been  
contributed to with a lavish hand  
by the government of the day.

## PUBLIC DOMAINS.

The policy of the liberals to pre-  
serve the public domain for the  
settlement is too well known to be  
enlarged upon, but it is interesting  
in this connection to remind the  
people that the Conservatives voted  
as subsidies to railroads no less  
than 56,087,072 acres. These  
are the people who accuse the  
Government of alienating the public  
lands and favoring the speculator  
at the expense of the settler. As  
a matter of fact, the lands alien-  
ated by the Conservatives were nat-  
urally selected along the right of  
way of the various railroads and  
were consequently of greater value  
in respect to transportation of pro-  
ducts, to the settler who was com-  
pelled to buy from the corporation  
at a high figure the land which he  
would otherwise have been entitled  
to take up free as a homestead.  
This is the manner in which the  
Conservative Government protected  
the homeseeker of the West,  
by forcing him to buy from the  
railroad or locate so far from the  
line that it became of no ser-  
vice to him. What will the peo-  
ple think of the men who cry "Land  
for the settler," when they  
compelled the settler to purchase  
from the corporations at a high  
figure, land which the corporations  
secured for nothing. If the set-  
tler is compelled to pay a high  
price for his land he owes it to a  
Conservative Government, which  
frittered away this heritage of the  
homeseeker. The evils of land  
bonus to wealthy monopolists  
must be laid to the Conservatives,  
and if the West suffers today in  
having land adapted to agriculture  
held at prohibitive prices, the  
blame must be placed where it  
properly belongs. The Liberal  
Government, appreciating that  
railways were necessary to the de-  
velopment of new territory, extend-  
ed assistance by payment of a cash  
subsidy upon which interest was  
charged, thus the subsidy became  
practically a loan. The Liberal  
Government imposed other condi-  
tions with respect to rates charged  
the Government upon all sub-  
sidized railroads which affected a  
great saving each year. Had this  
policy been adopted by the Conser-  
vatives in the early history of  
railroad building, many millions of  
dollars a year of the people's  
money would have been saved.

"Yale men take to the woods." Prob-  
ably to find some sarsaparilla roots,  
their next game.

It is reported that the New York  
has repeatedly beaten New York boats  
will be reclaimed. Why not have her  
scuttled?

A Methodist Minister Recom-  
mends Chamberlain's Cough  
Remedy.

We have used Chamberlain's Cough  
Remedy in our home for seven years,  
and it has always proved to be a re-  
liable remedy. We have found that it  
would do more than the manufacturers  
claim for it. It is especially good for  
croup and whooping cough.

Rev. James A. Lewis,  
Pastor Milaca, Minn. M. E. Church  
Chamberlain's Cough Remedy is  
sold by all druggists.

## DIAMOND SENSE

If you are meditating a diamond, as an investment or a luxury,  
why not clinch the matter now? There are handsome gains to be  
made on the transaction and you should act promptly. Stones are  
going up in price all the time. We have some splendid values at  
present. Let us talk them over with you and show the diamonds  
themselves. We guarantee our goods.

C. F. CLARE,

CAMPBELLTON, N. B.

The Jeweller,

Canada's great premier, Sir Wilfrid  
Laurier, celebrated his 66th birthday  
Wednesday.

The good influence which women ex-  
ercise over men is emphasized by the  
fact that out of a total of 1,433 pris-  
oners in Canadian penitentiaries during  
1906-07, 948 were single.

"Uncle Remus" Harris visit to the  
White House recalls the President's lit-  
erary proclivities and suggests that in  
them the advocates of the third term  
may find their stoutest opposition.

Three more impending alliances be-  
tween stage folk and the peerage are  
in the air. Most actresses get op-  
portunity presents themselves of being "struck"  
on a title.

Secretary Taft, it appears, arrived in  
Vladivostok just too late to witness  
the despatching to another world of  
some 200 Russian mutineers. There  
is a happy land far, far away—from  
Siberia.

There is enough for a substantial  
meal of thought in the suggestion that  
home lessons might well be abolished  
and in their stead a study hour might  
be added to the regular school day. I  
do not think it is well known that a  
large number of public school children  
do their work at home under very un-  
favorable conditions.

The Brookville Recorder observes  
that "The green-eyed monster of envy  
has taken position in the office of the  
Brookville Times, hence that news-  
paper's reporting because the Minister  
of Railways and Canals has made a  
trip of inspection over the Intercol-  
onial, the Government railway, in a  
private car."

Hugh Graham, in his letter to Tom  
Longboat offering him \$2,000 at the ex-  
piration of two years, providing the  
Indian adheres to certain conditions  
observed—"You have been instrumen-  
tal in bringing her (Canada) fame." Shades  
of our forefathers! What has Canada  
come to that it must depend on a  
long-winded aborigine for time?

There may be some connection be-  
tween sour milk and longevity after all,  
if, as a Viennese doctor claims, Bul-  
garia has 1,500 milk centenarians in a  
population of 4,000,000, and Germany  
only 72 centenarians—saurkraut ones,  
probably—in a total population of 61-  
000,000. With milk going up we shall  
all be taking to the sour milk cover  
next summer, and then we shall see  
what there is in the Metchnikoff  
theory.

The management of the Post Office  
Department affords a striking instance  
of intelligent administration under Lib-  
eral methods compared to the slipshod  
manner in which business was con-  
ducted in Conservative times. In 1895,  
the last year of the Conservative rule,  
this department was run at a loss of  
\$781,132. Last year, under Liberal  
rule, there was a surplus of over a mil-  
lion, so amended that a Boston boat which  
Yacht Club will try to have the rules  
don't dole—after the establishment of  
hundreds of additional post offices.

The immigration season for 1908 pro-  
mises to surpass all records in the  
number of those who are coming to  
Canada. The great influx of new set-  
tlers into this country will cover pre-  
sently in February. The Dominion  
Line alone has sold all accommodations  
in three of their big ships, the  
for the first three or four voyages.  
These vessels each carry 1,600 and  
Southwest, Kensington and Vancouver.  
2,000 stowage passengers, exclusive of  
that upwards of 20,000 new settlers for  
second cabin and saloon. This means  
Canada will come in this line alone to  
Halifax before the opening of the St.  
Lawrence season.

In order to facilitate lake shipping  
the Government tolls on vessels pass-  
ing through canals have been abol-  
ished. This was a great boon to Cana-  
dian shipping interests, and judging by  
results it appears to have been just  
what was necessary to turn the tide of  
the grain carrying trade through Cana-  
dian channels. The St. Lawrence  
route is patronized to a much greater  
extent than ever before. Canada is  
more and more handling American ex-  
port grain, there being a difference in  
grain rates of several cents a bushel in  
favor of the Canadian lake and canal  
route. Thus does a progressive Gov-  
ernment create favorable commercial  
conditions from which the people as a  
whole receive the benefit.

seven or eight miles from Neguac. The  
Blackville case is isolated, and the rest  
of the crew are attending to their  
work as usual. Chatham World.  
The village of Sayabec was the scene  
of considerable excitement Wednesday  
night when the dry kiln and planing  
mill of John Penderoon & Co. caught  
fire. The estimated damage is about  
\$1,500. It is covered by insurance.  
Among those present at the fire were  
Rev. J. C. Saindon and Miss Maud P.  
MacLachlan. Mr. Velland, a friend of  
the fire, was present and rendered great  
aid in extinguishing the blaze.

Tan and fawn overgaiters for ladies.  
They are smart.

MacRae's Shoe Store.

The Advocate announced on Tuesday  
that there was smallpox in Neguac,  
and the same statement probably ap-  
pears in the Campbellton members of  
the syndicate. Col. Malby is indig-  
nant at the publication of so unfoun-  
ded a statement, which, as he lives in  
Newcastle, might reasonably be sup-  
posed to have been authorized by him.  
There is no smallpox in Neguac. There  
is one case at Tabusintac Bridge.

The Lady Ellen reached Dalhousie  
at 11 o'clock Wednesday morning. The  
steamer did not come to Campbellton  
owing to the large quantities of ice in  
the harbor. Captain Crowley, how-  
ever, in conversation with a reporter  
for the Graphic Wednesday evening  
stated that he was confident he could  
easily have come to Campbellton, but  
there might have been difficulty in get-  
ting back.

A special train was sent to Dal-  
housie Wednesday with the Lady  
Ellen's cargo for outside points.

She left yesterday for Gaspé and

## THE CUT THIS YEAR WILL BE 75,000,000

There will not be a Big Curtailment of Last Year's Cut.

### REPORT DENIED.

Fredericton Dispatch Says Error-  
ously that This Year's Cut  
will be 52,000,000.

A Fredericton despatch in the St. John Globe states that the lumber cut this year on the Restigouche will be 35,000,000 feet. It further states that the cut last year was 52,000,000. A Graphic reporter was informed, however, last evening by a trustworthy authority that the cut on the Restigouche this season will probably reach seventy-five or eighty million. Last year the cut amounted to about 100,000,000 feet. Of this amount about 80,000,000 was rafted while about 20,000,000 was kept in the booms.

This year the Shives Lumber Company will cut as much, if not more than last year. The depression in the British market has little effect on this company for it is not cutting British standards at present. The Richards Company and others will curtail their cut a little this year, but it may be safely stated that the cut will come little, if any, short of 75,000,000 feet, and it may possibly reach 80,000,000 feet.

## BLACK CAPE

Black Cape, Monday.—It is a long time since you have received any news from Black Cape, so I will drop in a few lines this week and give the readers some doings of our thriving little village.

Mr. Rolson McColl arrived home last week from North Dakota where he has been for the past year. His many friends are pleased to see him back again.

Mr. Alfred McWhirter left on Thursday for Campbellton on a business trip.

The many friends of Mrs. Ed. Steele are glad to learn that she is somewhat improving in health.

Also the many friends of Mrs. Wm. Campbell are pleased to hear that she is recovering after a few weeks' illness.

Mr. and Mrs. Stevenson Campbell are receiving the congratulations of their many friends on the arrival of a baby boy in their home.

Mr. and Mrs. Archibald McColl are also being heartily congratulated by their many friends on the arrival of a bouncing boy in their home.

Mr. and Mrs. D. L. Campbell have returned from Paspébiac West where they were the guests of Mr. and Mrs. Frederick Munro.

Mr. Joe Christie has accepted a position with the Atlantic and Lake Superior Ry. as fireman on the special.

Mr. Francis Kammie of Port Daniel was in town a few days last week, the guest of his sister, Mrs. Jas. Powell.

Mr. Gosselin LeBlanc left on Monday morning for Bonaventure where he has taken charge of one of the camps for the Cascapedia Lumber Co.

Mr. J. H. West met with a slight accident on Thursday night by being pitched from his carriage.

Mr. Jeffrey McKenzie has commenced the erection of a large cottage which will be the most up to date in town when completed.

The Cascapedia Lumber Co. has four camps in operation on the Little Cascapedia River, and are also carrying on a large business on the Bonaventure River.

Mr. Felix Curry has erected a neat little cottage which he has moved into of late.

The Lady Ellen passed up the bay on Saturday on her way to Campbellton. It is not likely that she will make many more trips this season, as it is getting late.

The first snow fall of the season made its appearance on Thursday morning, but not sufficient to make good sleighing it will be before spring.

Your correspondent extends his best wishes to the Morning Graphic.

We tender to A. E. G. McKenzie, barrister, of Campbellton, our congratulations on his success as a practicing attorney. Mr. McKenzie is a young man of excellent ability and we anticipate for him a bright future in the old county of Restigouche. — "Free Speech," Moncton.

When she had sufficiently recovered to be able to return to the vigil of the night in her cell, where Senator Brown's picture is constantly before her, she smiled at her friends.

"I deserve it all. This is my punishment," she said. "But love for him brought me to it. Haven't I suffered enough?"

"Cooty" ran up with his Teddy bear and placed it in his mother's lap.

"Make him be good," he said. "If some one had only made me good," said the mother in a hollow voice.

Radcliffe won't let anyone take his picture. Don't blame him from what we have seen of him.

Another Major-General added to the list. Well, that merely means another minor general in case of war.

The Kaiser's peace talk in England will doubtless lead some nations to strengthen their armaments.

"Even the cows are kicking against 10-cent milk," said the farmer as he picked up his pail, brushed the white liquid out of his eyes and started for the next bossle.

## MRS. BRADLEY'S DRAMATIC TALE IN WITNESS BOX

Declares Her Love for Man  
She Killed was Beyond  
Expression.

### BROKE DOWN.

Before Her Terrible Story is  
Completed Her Words Become  
Indistinct.

WASHINGTON, Tuesday. — Mrs. Bradley, on trial for the killing of former Senator Brown of Utah, took the witness stand today in her own behalf and her assumption of that position marked the climax of the already famous case. The fact that her story was to be heard under oath had become generally known and the court was crowded; many of those in attendance were women. When the prisoner entered the court she was much agitated and seemed devoid of courage and strength as she took her customary seat. When Mrs. Bradley was called she immediately faced the jury and the audience. By the time the first question had been put to her the witness had gathered herself together and her nervousness had well nigh left her. Her voice was low and indistinct, but the tone was firm. Judge Powers asked the questions and she was at first directed to develop a history of the defendant, who said she was 55 years old, that she was born in Kansas City and educated in Denver, that she had had smallpox and pneumonia and been badly hurt by a blow on the head while a child. She went to Salt Lake City in 1890, she said, and had lived there ever since. She had occupied a position in the Salt Lake Water Works for three years and eight months.

"Were you ever married?"

"Yes, sir, I was married to Morris Bradley a week after I left the water works. Two children, a boy and a girl, resulted from this union," she said.

She had joined the Salt Lake Women's Club, a literary organization, which gave much attention to civic reform, very soon after her wedding and later became secretary and treasurer of it. She had also become a member of the Women's Press Club and the Poets' Round Club. It was through her connection with these and political organizations that she became acquainted with Senator Brown. Judge Powers was permitted to develop the fact that Mrs. Bradley had taken an active part in the affairs of the republican party of Utah where women were well represented.

"Where your relations with your husband happy or unhappy?" she was asked.

"Unhappy," was the reply.

She divorced Mrs. Bradley, she introduced in 1896.

The witness told of being introduced to Senator Brown by her uncle and of afterwards coming to know him well while she was secretary of the republican committee. The acquaintance had continued to ripen to 1898 when Mrs. Bradley was asked to give a description of these relations.

She told in terse, finally saying almost haughtily the acquaintance grew into very intimate relations.

"Did the acquaintance ripen into affection?" she was asked.

"It did after August, 1898, I discovered that he loved me and afterward that I loved him."

"Did he first manifest affection towards you?"

"Yes, many times."

"Did he make manifestations of love towards you?"

"Many."

"Tell the jury how strongly you loved him."

"It was beyond expression."

"Was a child born to you and him?"

"Yes, in February, 1899."

"Tell the jury how you came to enter into these relations."

This enquiry brought out a long narrative which was so muddled with sobs and tears and told in so low a tone of voice that the stenographer was compelled to reject the story.

Mrs. Bradley was half lead half carried to the cell below, where reviving spirits were administered to her before she was taken back to the prison.

When she had sufficiently recovered to be able to return to the vigil of the night in her cell, where Senator Brown's picture is constantly before her, she smiled at her friends.

"I deserve it all. This is my punishment," she said. "But love for him brought me to it. Haven't I suffered enough?"

"Cooty" ran up with his Teddy bear and placed it in his mother's lap.

"Make him be good," he said. "If some one had only made me good," said the mother in a hollow voice.

## MOTT FLAYS THE CHIEF SEVERELY.

Inquiry into Charges gain  
st Grey Concluded Last  
Evening.

### LITTLE NEW EVIDENCE.

Large Crowd Congregates in  
Front of Police Commit-  
tee's Room.

The investigation into charges of irregularities against chief of police Grey was resumed before the police committee last evening behind closed doors. Mr. Mott again objected to proceedings being held behind closed doors.

The witnesses examined, last evening, it is understood were policeman Jones, chief Gray and the Norwegian Knudsen, who was responsible for the charge. This is the second time both the chief and Knudsen have been on the stand.

Knudsen, it is said, admitted that the chief offered to give him the notes of the man, who found the money, providing he (Knudsen) returned the twenty dollars.

Policeman Jones, it is believed, testified to seeing the receipt taken from Knudsen by Chief Grey. After the evidence had all been taken Mr. McKenzie arose and addressed the committee.

He commented at length on the evidence after which he addressed the committee. Both made able addresses. Mr. Mott flayed the chief unmercifully. The committee then adjourned. They will make their report at the next meeting of the council.

A large crowd attempted to gain access to the council chamber again last evening, but a policeman met them at the door and they were turned back. They then tried various means in order to hear the proceedings, such as opening windows, but every attempt was frustrated.

THORNS IN THE FLESH.

Even worse is the agony of corns. Why suffer—cure is waiting in every drug store in the form of Putnam's Corn Extract which relieves all corns thoroughly and without pain. For good results use only "Putnam's."

PITTSBURG, Friday. — Miss Ida Veronica Simonton, the much-wanted witness in the trial of Harry Thaw for killing Stanford White, has arrived at her father's home from abroad, where it is said she was sent by the Thaw family to keep her out of District Attorney Jerome's way.

Miss Simonton is full of fight now and asserts she has information which will "fix" Thaw at the next trial, and that she will gladly go on the stand to vindicate Mrs. J. Holman, mother of Mrs. Harry Thaw.

"I am not a fugitive from justice," she continued, "although I am a sub-pena dodger. I shall give myself up to the first man who serves a sub-pena on me."

Miss Simonton confirmed the story that the mother of Mrs. Harry K. Thaw had aided District Attorney Jerome in getting evidence against Thaw. She also apparently knows the statements that Jerome knows she can tell about Thaw and White.

Miss Simonton was asked if there was any truth in the charge of blackmailing that Thaw referred to in connection with her in one of his letters from Paris.

"Absolutely none," she replied. "But I'll fix Harry Thaw for getting so fresh. I was in Pittsburgh and Evelyn and her mother were in Paris. I supposed Thaw was with them. I got a cablegram signed 'Evelyn' saying: 'Please come at once.' I wired back for particulars and received a cable order for \$300 to pay my expenses and another cable saying, 'Come at once.'"

"I went, and when I reached Paris I first learned that Harry and Evelyn had run off together and deserted Mrs. Holman in London. They wanted me to go and take her home, and I consented. When I arrived in London I found Mrs. Holman in destitution. Thaw's valet, Bedford, came down to see us off for America, and it was then I found that Mrs. Holman was expected to go second class. I kicked and finally persuaded Bedford to purchase a first class passage for Mrs. Holman. That is what I suppose Harry Thaw refers to as blackmailing."

"Absolutely none," she replied. "But I'll fix Harry Thaw for getting so fresh. I was in Pittsburgh and Evelyn and her mother were in Paris. I supposed Thaw was with them. I got a cablegram signed 'Evelyn' saying: 'Please come at once.' I wired back for particulars and received a cable order for \$300 to pay my expenses and another cable saying, 'Come at once.'"

**SAW THOUSANDS BUT SHOT NONE.**

H. W. West of Boston and Montreal Friend Duck Shooting.

CHATHAM, Thursday.—H. A. West, of Boston, and E. A. Arnie, of Montreal were in Chatham today on their way home after a week's duck shooting. They were after geese and although they saw thousands they did not succeed in getting any, the birds being very wary. Mr. West is an enthusiastic sportsman. He was naturally disappointed at his gun success but enjoyed the trip and is willing to come again another year and try his luck.

Mr. West has been hunting in New Brunswick before this year and has one of the finest hands ever taken out of the province. The same year he got a caribou head but is not altogether satisfied with it and is likely to return in search of a better one next year.

He expressed the opinion that duck pots make the birds shy and should be forbidden by the law. He suggests the using of decoys of tamed wild geese and states that by their use in Massachusetts good bags are obtained, while the feeding grounds there are not nearly so good as those here and attract comparatively few flocks.

**RELATIVES ASK FOR AN INQUIRY.**

Not Satisfied With the Reported Manner of Gauthier's Death.

SAYABEC, Sunday.—The relatives of Jarvis Gauthier, who was shot here a few days ago want an investigation into the matter. They have visited the locality where the ball was said to have struck the ice and glanced off. Reports are to the effect that there are no marks on the ice. We understand that the deceased was insured for one thousand dollars in L'Union St. Joseph. We sincerely hope that relatives will leave the money to the deceased wife and follow up the inquiry with their own money.

We are very sorry that one of our oldest men, Mr. Blanchet is laid up by la grippe. We sincerely hope that he will recover soon.

**VISION OF MOTHER STOPS THIS THIEF.**

WILKES-BARRE, Pa., Monday.—Walter Lane, of Pittston, who has been missing from home for six months, returned last night for the purpose of breaking into and robbing his parents home but was deterred by seeing a vision of his mother.

When his parents returned home late they found on the door knob a note from the young man saying that just as he was about to break in the door he saw the vision and could not.

Indeed, he was so affected that he was going to throw himself in front of the first train that passed.

With all the haste possible the distracted parents notified the police and an hour later Lane was found lying on the railroad track a couple of minutes before the Lehigh Valley express was due. He was sent to jail.

**Women Suffer Agonies from Kidney Trouble**

GIN PILLS CURE THEM

There is Mrs. Ripley, for instance. She suffered terribly with her back. It ached, ached, ached—all the time. Even in bed, it seemed as if she could not get easy. It finally became so bad that housework was impossible. She certainly was a discouraged woman when she began to take GIN PILLS. And there isn't a happier, healthier woman in the Dominion than this same Mrs. Ripley to-day.

I cannot refrain from writing you the benefits I have received from GIN PILLS. Before I had taken GIN PILLS I suffered dreadfully with my back, and had suffered for twenty years. I have tried almost everything but got no relief until I got "GIN PILLS."

I have taken six boxes and now I have not the sign of a pain or an ache in my back. I am now as fit and as well as I ever did in my life. There is nothing you can hold a place with GIN PILLS for pain in the back to which women are subject. Yours truly,

Mrs. WILLIAM F. RIPLEY.

Mrs. Ripley had serious Kidney Trouble. And the sick kidneys were making her back ache—were giving her those splitting headaches—were sapping her strength—and dragging her down. GIN PILLS really saved her life. GIN PILLS cured her kidneys. She has been well ever since. GIN PILLS are a grand medicine for women.

Try them at our expense. Mention this paper when writing and we will send you a free sample.

**BIG BOOM ON AT GRAND CASCAPEDIA.**

Americans Will Erect Large Saw Mill and Also Rossing Mill.

F. G. Person of Colebrook, N. H. with other American capitalists who have just acquired the Thibideau limits on the Escumec branch of the Grand Cascape river, having taken steps to acquire from the Quebec government a water lot at Lynde's Cove at the mouth of the Grand Cascape river, for a mill site. They intend to build a large long lumber mill with shingle mill and rossing mill attached. These mills are to be built on the edge of the channel and all constructed on wharves. With all the waste from the mills additional wharves will be built on the flats to pile lumber etc. Mr. Girard of Quebec, Government Inspector of surveys has made surveys of the property.

The output of the mills is expected to be about five or six million feet a year.

**ST. ANDREWS IS A SPLENDID VESSEL.**

Now Loading Blocks at Chatham after Which she Supplies Naval Depots.

CHATHAM, Sunday.—The steamer St. Andrews, Capt. P. O. Nauen, which arrived here last night discharged machinery today and commences loading blocks at the rossing mill tomorrow, is an exceptionally fine vessel. She is of 1393 tons net, and has a carrying capacity of 5000 tons, with bunkers. She has been in the Portland-Chatham trade all summer. After this trip to Portland, she will go to Norfolk or Newport. News to load coal for Peru, for the United States government. This coal is to supply the stations, at which the United States fleet, bound for the Philippines will call. Capt. Nauen is accompanied by his wife on this trip. Both are great favorites here. Capt. and Mrs. Nauen have had their home in England for the past twelve years, but Mrs. Nauen leaves Portland for Norway, to spend Christmas with her relatives, and to make her home there. The steamer St. Andrews is owned in Tromsø, Norway, by the largest shipowning firm of that country, a firm which owns over 200,000 tons of shipping.

Laurence J. Lloyd was convicted by Magistrate Connors on Saturday, of a second offence against the Scott Act. He was fined \$100 and \$8, cost. Three witnesses swore to having obtained liquor from Lloyd. Lloyd's place was raided this summer and a quantity of liquor seized. He was given a couple of days in which to raise the \$100 fine.

Chief of Police, Lawson is doing great work in enforcing the Scott Act, and he and his two assistants are keeping the best of order on the streets.

Detcho Stephenoff, who came here on Friday to have a bill against the Renouf Quarry collected, went back to Newcastle on Saturday. The Russian Jew, who acted as interpreter, on Friday failed to show up on Saturday, and Detcho disappearing of having his case investigated went away.

**WESTON RESTS AFTER WALKING 22 MILES.**

BUFFALO, N. Y.,—Edward Payson Weston left here at 3 o'clock this morning for Silver Creek, about thirty-two miles west of this city, on the lake shore in continuance of his walk from Portland, Me., to Chicago. He arrived there this evening and spent the night in the village.

**KILLED A WILDCAT**

SHAMKORIN, Pa., Monday.—Walking along a mountain path from the Burnside colliery today, Andrew Snellen, of this place, encountered a big wildcat, which sprang for his throat. Snellen, who was unarmed, jumped to one side. As the cat passed by, he dealt it a stunning blow on the head with his dinner pail. Following up his advantage, he rushed for the beast, and then followed a terrific battle. Finally the man, clutching the cat's throat,

**PRETTY WEDDING AT NEW CARLISLE.**

Principals are Miss Alice Thompson and McNeil.

Schooner Whitebird Has a Rough Experience Between Paspébiac and Bonaventure.

**NEW CARLISLE, Thursday.**

A pretty wedding took place on Tuesday morning, the 12th inst. at St. Andrew's church, when Miss Alice Thompson, New Carlisle, was united in marriage to Mr. Wm. McNeil, son of Robert McNeil, of Dalhousie, N. B. The wedding was a quiet one, only near relatives being guests. The bride wore a gown of white silk trimmed with insertion and lace and a net veil. Miss Ida Thompson, twin sister of the bride, who was bridesmaid, wore a white silk gown trimmed with lace and Mr. Cobb McNeil, brother of the groom, acted as best man. The church was nicely arranged with potted plants etc. The nuptial knot was tied under an arch decorated with evergreen and berries having a bell hanging from the arch tied in a true lovers knot of white satin ribbon, which was arranged by a number of the bride's friends. The bride was given away by her father, Rev. E. A. Dann, M. A. performed the marriage ceremony. The ceremony was followed by wedding breakfast at the residence of the bride's parents. Later Mr. and Mrs. McNeil left for Vancouver, B. C. where they will reside. The bride wore a travelling costume of grey with hat to match.

We join in wishing the happy couple a prosperous journey through life.

Miss Boudreau of Caplin, is visiting Miss Rena Caldwell.

Mr. and Mrs. Carpenter of London, England arrived here on the Lady Ellice Tuesday morning and are spending a few days in town.

Schooner "Whitebird" formerly belonging to Capt. Mahe, arrived in port Monday having passed up during the recent storm between Paspébiac and Bonaventure and unable to land at New Carlisle wharf remained in the bay until the storm abated. She then came to the wharf and landed freight and will land freight all along the coast after which she will proceed to Quebec where she is quite liable to lay up as the weather is getting severe.

Mr. Jas. Furlotte of Caplin, was in town Tuesday.

A fresh supply of apples, grapes, etc., always at hand at A. R. Caldwell's store.

**GASPE MILLS ARE "CLOSED FOR YEAR"**

Weather Down the Coast Turned Much Colder During Past Week

GASPE, Saturday.—Mr. and Mrs. C. B. Carpenter and family has left for Montreal.

The Gaspe Lumber and Loading coys two mills are closed for the season.

The many friends of P. McKenzie will be pleased to see him back again from Montreal.

The weather turned much colder the latter part of the week and it is beginning to feel more like winter.

Dr. Mann is at Baker's Hotel.

The "Constance" has left for Quebec on her last trip.

Rev. Father Gillis is progressing favorably.

Gaspe wore a very gala appearance on the King's birthday.

Congratulations to Mr. and Mrs. Richard Patterson on the arrival of a baby girl, also Mr. and Mrs. Reginald Patterson on the arrival of a boy and Mr. and Mrs. A. Basson on the arrival of a boy.

**DALHOUSIE**

Jas Syvret of A. & R. Loggie is paying Paspébiac a flying visit.

Mrs. L. Magee is visiting her parents, Mr. and Mrs. Geo. Mercier.

Arthur Kenneth, collector of customs of Gaspe, was at the Royal renewing old acquaintances.

**BURNED AT SEA**

GAVIOTA, Cal., Monday.—The steam schooner Berkeley, in ballast, from San Pedro for San Francisco, was destroyed by fire today about fifteen miles off this port. Officers and crew, nineteen

**ROSSING MILLS FOR MIRAMICHI.**

Several Saw Mills to be Converted Into Mills of This Character

CHATHAM, Sunday.—The rossing mill closed on Friday for the season. There are still two steamers to be loaded, the St. Andrews which arrived here last night and another which will come in during the latter part of the week. The rossing mill has sent out up to the present time \$200,000 worth of blocks. It has been under the management of Mr. Butterfield and is regarded as a branch of the International Paper Co.

That there is money in rossing mills is evident from the fact that two more are to be started. The old Richard's mill now owned by the Miramichi Lumber Co. is to be converted into a rossing mill and another rossing mill is to be built at Douglastown and the Hutchinson property, which is also owned by the Miramichi Co. having been purchased from Mr. Hutchinson this fall. Machinery for the Richard's rossing mill arrived here yesterday on the steamer St. Andrews and was discharged today. The machinery is second hand having been taken from one of the company's mills in Maine and is valued at \$5,000. Work on these rossing mills will likely go on through the winter.

The building of these mills is due to some extent at least to the glatted condition of the lumber market in the old country, where building is almost at a standstill. The sentiment on the Miramichi is strongly against the rossing mills and in favor of the Dominion government imposing an export duty on blocks so as to assist in building up the pulp industry which means the employing of many more men and leaving a far greater share of the countries wealth in the country.

**BREEZY BUDGET FROM DALHOUSIE.**

Shiretown will not Have a Visit from H. M. S. Brilliant.

DALHOUSIE, Monday.—The Dalhousie Lumber Company's tugboat has returned to her moorings at Dalhousie having abandoned her trip to Pictou.

The "S. S. Orundo" arrived here Saturday afternoon where she will finish loading her cargo for the Shives Lumber Co. They speak highly of this port for shipping facilities.

J. and W. McNeil, sons of Robt McNeil, the pilot, were married last week and have left for the west where they intend making their future homes.

The citizens of Dalhousie expected the rare treat of having in their midst H. M. S. Brilliant but owing to the severeness of the weather she could not arrive here on scheduled date.

Jas. Wall of the Dalhousie Mercantile Co., is ill with rheumatism. This is his second attack and we hope he will soon recover.

The popular engineer T. O'Brien who has been superintending the water works construction of the town is leaving in a few days.

It is sad to think what will now become of St. John's famous "dry dock."

SEARCHING FOR JEWELS  
PITTSBURG, Monday.—Officers from Baltimore are in this city searching for jewels valued at \$35,000, which disappeared recently from the home of R. H. Bland, of Baltimore. The officers are also looking for Lena Muller, a German servant, who was in Mr. Bland's employ but a few hours.

**THE NEW WAY TO SAW WOOD**

If you want to saw your wood cheaply and also make money sawing for your neighbors, get a FAIRBANKS-MORSE Jack-of-all-Trades GASOLINE ENGINE

A 2 H.P. engine will saw wood as fast as three men can handle it.

It also pumps water, grinds, shells corn, runs separator, etc., etc.

Write to-day for free catalog, showing the different uses the engine can be applied to. Cut out this advertisement and send it to

The Canadian Fairbanks Company, Limited, 444 St. James St., Montreal, P. Q.

## TOWN TOPICS

(From Saturday's Graphic.)  
O. C. Ward went to Amherst today.

Mrs. J. W. Patterson is visiting in Pettitville.

A. E. G. McKenzie was in Newcastle Thursday.

Mrs. W. L. Goodman returned today from a visit to Jacquet River.

The river was frozen across this morning but the ice ran with the tide.

James W. Patterson and Miss Aggie Patterson have returned from Amherst.

Monsieur Richard, Rogersville, and Rev. P. W. Dixon, Newcastle, were in Rome Oct. 23.

W. B. McKenzie, Esq., arrived at Bahurst today to survey the proposed branch line to the iron ore areas.

Mr. Ernest McGrath arrived this morning to accept a position on The Graphic staff.

O. Bellevue was arrested for being drunk and had to pay up to the tune of \$3 and costs.

Fines to the amount of \$238 were collected during the three months ending Sept. 30th in magistrate Matheson's court.

From Red Pine, no Miramichi, comes a very good sized and rather nice head of a bull moose, shot by Mr. Patchell, of Shediac.

Grand dedication service and enrollment of members was conducted by Maj. Phillips of St. John, N. B., on Monday night. A splendid crowd gathered to witness the same.

Wm. Sproul leaves this morning on a return trip to the Loch Lomond hunting grounds. Mr. Sproul is after a caribou and deer and declares he won't come out without them.

On Tuesday evening Rev. R. J. Stockhouse was presented with \$20 in gold at the residence of John Hall Athol. The presentation was in the form of an appreciation from the people of that place of Mr. Stockhouse's kindness in holding services there throughout the summer. Mr. Stockhouse will continue to hold services there this winter.

William G. McDonald who was arrested in Boston on a charge of bigamy is said to be a Campbellton man. He was employed here up to about seven years ago when left for Nova Scotia. His wife who left Moncton for Boston to prosecute him was a Miss Lane also of Campbellton. Further developments in the case have not been forthcoming during the past day or two.

Mr. and Mrs. John Smith, leave on Thursday for Campbellton, N. B., where they will spend the winter with their daughter, Mrs. P. T. Williamson. Mr. and Mrs. Smith were heavy losers by the fire which destroyed the Campbellton freight shed about two weeks ago, in which a valuable piano and considerable household furniture which had just been stored there, were burned, entailing a loss in the vicinity of \$1000.—Sydney Record.

The marriage took place Thursday evening at the residence of John Moffat, Tide Head, of his daughter Miss May Moffat and Dr. John B. McKenna of Loggieville, Northumberland County. The ceremony was performed by Rev. C. A. Hardey who was witnessed by about 75 invited guests. The bride who was given away by her father was prettily gowned in white silk, point d'esprit over white tulle, made in princess and trimmed with old point lace. She wore a veil and orange blossoms and carried a bouquet of carnations and sweet peas. There were no bridesmaids. After the ceremony the guests sat down to a sumptuous supper. The house was very prettily decorated with evergreens, wax berries, and potted plants. The presents were numerous and handsome. The groom's gift was a handsome mink muff. The happy couple left on the Maritime for Halifax and other eastern points. Among those present were:

W. A. Mott, Mr. and Mrs. Geo. G. McKenzie, Mr. and Mrs. Geo. Lattin, Mr. and Mrs. E. Henderson, Miss Lizie Henderson, Wm. H. Miller, Mr. and Mrs. Wm. Millican, Mrs. H. E. Mann, Miss Montgomery, Dalhousie, Mr. and Mrs. J. Bradshaw McKenzie, B. J. A. McKenzie, Mr. and Mrs. A. McG. McDonald and R. G. Moffat.

Two routes are available for the branch line to the Gloucester iron mines. One is eleven miles in length, but crosses the Neguig River and its use would entail the construction of a bridge. The other route is four miles longer, but does not cross the river. The opening of the mine, however, will not depend on the building of the railroad. During the winter those controlling the mining rights will have a party working to prepare the ore deposits for development in spring.

A Boston exchange says:—The supply of spruce lumber is steadily growing smaller, as one after another of the eastern mills shut down for the winter. The demand, however, is moderate. Prices are fairly steady, though any pressure to sell would bring lower prices. Hemlock boards are weak and lower at \$10 to \$20, for random and clear, \$2.50 to \$2.60 extra No. 1, \$1.75 to \$2. Laths are firm. The quotations are \$4 for 1 1/2 in and \$3.75 for 1 1/4 in.

It is estimated that there have been between four and five hundred cases of measles and mumps in the town within the past few weeks. Both diseases are, however, of a mild type and have caused little inconvenience.

Skating on Pritchard's Lake is now all that could be desired. There is a fine sheet of ice from end to end which many skaters took advantage of yesterday. The episode of the wolves and the skater could be repeated with perfect safety to the skater.

T. M. Burns and Gilmour Brown will continue their inspection this week of the branch railways. According to the St. John Telegraph the Hampton and St. Martin's road was gone over yesterday and it will be followed by trips over the Beersville road, the Elgin and Havelock, and the York and Stanley branch of the Canadian Eastern.

W. G. McDonald, formerly of Campbellton who is under arrest at Scituate, Mass., charged with polygamy, was to have been brought before the court at that place Saturday. The defence, to be made it is understood, is that he thought his first wife dead when he married the second time. Wife number one has gone to Scituate to give evidence in the case.

James Reid, M. P., was in town Tuesday.

Sheriff Robinson was in town yesterday.

Alex. J. Le Blanc, of Dalhousie, was in town yesterday.

Dan McCurdy, of Point La Nim, was in town yesterday.

Station master Dunn of Blackville was in town Tuesday.

John McLaren, customs inspector, St. John, was here yesterday.

J. P. Harriman of Newcastle was in town Friday.

Walter Glover, of River Louis, was in town yesterday.

Mr. and Mrs. H. H. Bray have returned from a trip to Boston.

A. Bolduc, postoffice inspector for Quebec was in town yesterday on his way to Halifax.

Mr. and Mrs. John McKenzie returned from their wedding trip, Tuesday evening.

There were several skating parties on Doherty's pond last evening.

Rev. Mr. McNichol, brother of Dr. McNichol was in town yesterday.

Master Mechanic Lozo of Riviere du Loup was in town yesterday.

Mr. LeBel, representing Wm. Croft & Sons, Toronto, was here yesterday.

Mike Brown was in Newcastle Saturday, the guest of his cousin Jas. Dalton.

Miss Hazel Kirk, of Dalhousie, has graduated as nurse in the Victoria General Hospital training school, Halifax.—St. John Telegraph.

Detective Duncan Noble and Mrs. Noble leave this morning for Montreal by the Maritime express. Mr. Noble has just returned from a trip down the Gaspe coast.

Mr. Dimock had a letter from Mrs. Dimock yesterday stating that she was doing splendidly. She said she appreciated very much the gifts of flowers from Campbellton friends as well as those from friends in Montreal.

Dr. Heavely Sproul, accompanied by Mr. Blair of Dalhousie Junction, went to fisherman last evening on his annual goose hunt.

S. W. Dimock received a telegram yesterday from Mrs. Dimock stating that she would be ready to return home on Friday. She has almost fully recovered from her operation.

William Taylor was on duty as special policeman for the town Wednesday evening during the time the other members of the force were before the investigation committee.

The Harkins Company in order to break the jump between Halifax and Campbellton will play one night at Moncton.

The investigation before the police committee will be continued in the council chamber tonight.

The accommodation was about a half an hour late last evening, owing to a run off near Harcourt.

Premier Robinson will resume his inquiry into the charges against the Boom company on Dec. 12.

Moving pictures will be resumed at the Opera House, Wednesday evening. There will be an entire change of program.

Sixteen Dalhousie men came here by special train Sunday afternoon to finish loading the Lady Ellen. Considerable trouble was experienced in getting men to come.

There appears to be no let up in the measles and mumps epidemic among the school children in town. Complaint is made that children are allowed to return to school too soon after their recovery.

It is estimated that there have been between four and five hundred cases of measles and mumps in the town within the past few weeks. Both diseases are, however, of a mild type and have caused little inconvenience.

Skating on Pritchard's Lake is now all that could be desired. There is a fine sheet of ice from end to end which many skaters took advantage of yesterday. The episode of the wolves and the skater could be repeated with perfect safety to the skater.

## LAURIER IS ABOUT TO TOUR CANADA

Premier Has Decided To make a Trip Through to Pacific Coast.

## BANK STATEMENT

Big Expansion This Year on all The Canadian Canals

OTTAWA, Wednesday.—The statement of the Canadian chartered banks for October was issued this morning by the finance department, and shows capital paid up \$86,871,292; paid \$89,851,000; notes in circulation \$84,238,983; deposits payable on demand in Canada, \$170,498,316; deposits elsewhere than in Canada, \$54,328,839; call and short loans elsewhere, \$47,946,737; current loans in Canada, \$47,846,085; current loans elsewhere in Canada, \$25,355,255.

It is practically understood that Sir Wilfrid Laurier will not summer make a tour of the Dominion through to the Pacific coast addressing public meetings at all the principal points. As to whether Parliament is to be dissolved during 1908 or allowed to run out the time by continuing into 1909, is of course a matter on which no one can speak with certainty at the present time, but there have been so many requests from the West for a visit from the Prime Minister that Sir Wilfrid is almost sure to go through to British Columbia shortly after the prorogation of the approaching session of Parliament.

The general reports so far tell of great expansion of business this year on all the canals. The Soo, Welland and St. Lawrence canal systems have handled a record tonnage, rapid development of canal traffic under existing circumstances and illumined the immense possibilities of a deep waterway through to Montreal.

Some Sabbatarians are still talking of the "protection of a seventh day of rest for the workman." The Canadian law already affords that. What the workman needs is to be drawn more out of the house on Sunday by innocent amusements and by other attractions that will increase his scant store of science and art.

LONDON, Wednesday.—Among those who have been successful in their final honors at the schools (Oxford) and in the examination for B.C.L. and second class honours in law are: E. R. Patterson, Ontario; J. McLean, Montreal. In jurisprudence, J. Archibald, Quebec; R. M. Herbert, Newfoundland; R. B. Martin, New Brunswick. Third class natural science and physiology, R. W. Donaldson, of British Columbia.

We believe MINARD'S LINIMENT is the best—

Some Sabbatarians are still talking of the "protection of a seventh day of rest for the workman." The Canadian law already affords that. What the workman needs is to be drawn more out of the house on Sunday by innocent amusements and by other attractions that will increase his scant store of science and art.

LONDON, Wednesday.—Among those who have been successful in their final honors at the schools (Oxford) and in the examination for B.C.L. and second class honours in law are: E. R. Patterson, Ontario; J. McLean, Montreal. In jurisprudence, J. Archibald, Quebec; R. M. Herbert, Newfoundland; R. B. Martin, New Brunswick. Third class natural science and physiology, R. W. Donaldson, of British Columbia.
