THE RAILWAY COMMISSION WILL HOLD SESSION IN LONDON WITHIN THE NEXT

Judge Mabee and Party Are Now in Strathroy-Work of Investigating Track Elevation in London Will Shortly Be Taken Up-Session Took Place in Galt Yesterday—Londoner Has Interview.

The Dominion railway commission will sit in London within the next month, and will then take up the question of level crossings in this city. At the present time they are looking into level crossings throughout the western portion of Ontario, and are hearing many cases. London's problem of track elevation is one of great importance, and from what can be learned, they are going to devote quite a little time to the settlement of the

No announcement has been made definitely as to when the commission will sit in London, but it was intimated that it would certainly be within the next month.

A SESSION IN GALT. There was a session of the commission in Galt yesterday, presided over by Judge Mabee, and Mr. J. M. McEvoy and other Londoners had a discussion regarding the local situation.

"No announcement was made as to the exact date when the commission would sit in London, but it will be within the next month," said Mr. Mc-Evoy. "They have some other matters to clear up, and then they will come here. There will be a session in less than a month's time, I fancy.' Judge Mabee and Mr. James Mills, of the Dominion railway commission, passed through London in a private car, on their way to Strathroy, today, where they will investigate the level crossings of that town.

ACCIDENTS AT STRATHROY. There have been many accidents at these crossings, a number of persons naving been killed during the last few years. Two main streets into Strathroy cross the Grand Trunk tracks, and at the present time there is no pro-

The latest fatality at the crossing was when Mr.Jacob Cutler, the county constable, was killed. This incident was the cause of the investigation, and it is certain that some order will be made relative to the protection of these crossings.

The commission are also dealing with the request of the West Williams telephone line to cross certain other lines, and the railway tracks, in that town. On the completion of the sitting the commissioners will go to Windsor and will hear certain cases in that city.

PREMIER PROMISES EARLY PROROGATION

Govt. Unable to Make a Statement as to Tariff at Present.

Ottawa, March 23 .- The House spent the afternoon on minor bills and adjourned until next Wednesday. Sir Wilfrid Laurier stated that any additional programme of business would be of a light character. There would be some supplementary esti-mates for the coming year, resolutions bout drydocks, and possibly some other matters, which at present he was not at liberty to disclose. There is nothing to prevent early prorogation. Dr. Sproule asked if the Government

SHOOTING PAINS THROUGH THE HEAD

Cured Himself in a Few Weeks.

When the blood becomes impoverished and thin, when resistance falls low-that's the time when Neuralgia takes a grip that's hard to shake off Such was the experience of Mr. J. S Mair, who is well known in his home town of Montego Bay, Ja.

"For years I suffered intensely from pains over my forehead, which spread almost all over my head. Especially if the weather was inclement or when I was tired after my day's work, the trouble was intensified. This Neuralgic affection was certainly due to my system being run down. I realized this and I used Ferrozone-took two tablets at meal time and rubbed on "Nerviline." The result of Ferrozone was better appetite, richer blood, more strength, consequently energy that enabled me to throw off the Neuralgia entirely. I recommend all my friends to use the two wonderful remedies." Any dealer can supply large bottles

MAIL ORDER CAMPAIGN The merchandise we are advertising from day to day and distributing in and out of the city during this two-weeks' mail order campaign, is creating great interest. The values are well worth the trouble of ordering by mail; in fact, it is rather a convenience, and less trouble than shopping in person, besides, if the values are not up to your expectations all goods are returnable at our expense and money promptly refunded. Mail orders within the city limits will be sent C. O. D. in our regular delivery if desired, as these specials are not sold over the counter.

GREAT LACROSSE BOOM STARTS IN BRANTFORD

Sticks Will Be Given to the Boys at Less Than Wholesale Price.

[G.N.W. Service.]

Brantford, March 23.—A great lacrosse revival is on the way here in the form of a school league.

There will be two series, senior and junior. The juniors will age from 10 to 13 years, while the seniors will be from 13 to 16. Jack Kelly is the prime moving spirit, and has donated a cup for one series, and there will be another given for the other.

Says There Is Nothing Left For Him To Fight-Feelings Bitter in Lewis Bout.

A dispatch from Paris, France, to a Brooklyn paper, says of the Lewis-Papke battle:

It was Papke's battle all the way. The fight was one of the fiercest ever fought in Paris, and the men evinced the bitternes of the feud between them from the start. Both refused to shake hands. Lewis was angry, while Papke was cool and smiling.

At the very opening of the first round Papke smashed a left hook to Lewis' jaw, and floored him for the count of eight. Lewis came back gamely. Fight Was Bitter.

[Special to The Advertiser.]

New York, March 23.—The meeting of the National League umpire staff called by President Thomas J. Lynch for the first week of April, will be something new in baseball, because it is said to be the plan of the league president to put the indicator-holders through a thorough examination on the rules.

As the umpires this year will have more power than ever before, Mr. Lynch is anxious that they should know exactly what their powers are.

There are many minor changes in the rules, and it is supposed that by this time the umpires are familiar with all these amendments.

Accordingly, at the meeting here in April, the president's office will take on the appearance of a class room, with Mr. Lynch in the position of lecturer.

The umpires will be particularly instructed to restrain all unruly ball players and prevent every act of rowdyism on the field.

Sam Says There Are Too Many Plays ers on the Field These Days.

[Special to The Advertiser.] San Antonio, Tex., March 23.—Continued absence of Ty Cobb from the training camp, which for a time was viewed with equanimity by Manager Jennings, now is getting on the nerves of the little Cobb had been instructed to report last

week while the recruits were on their trip, and at Fort Worth Jennings re-ceived a letter in which Ty said that he would be here before Sunday last. Jennings Worried. Since that time no word has been re-ceived and the best that the team leader has is a supposition that Cobb is still in Augusta and working out daily at Warth, ren Park, the home of the team that a graduated him.

This knowledge sufficed for a time, as

Cobb always does a lot of work before reporting, and is in such shape that a few days puts him on edge, but it does not satisfy now, in view of the way things have been going with the vets.

Crawford's Explanation.

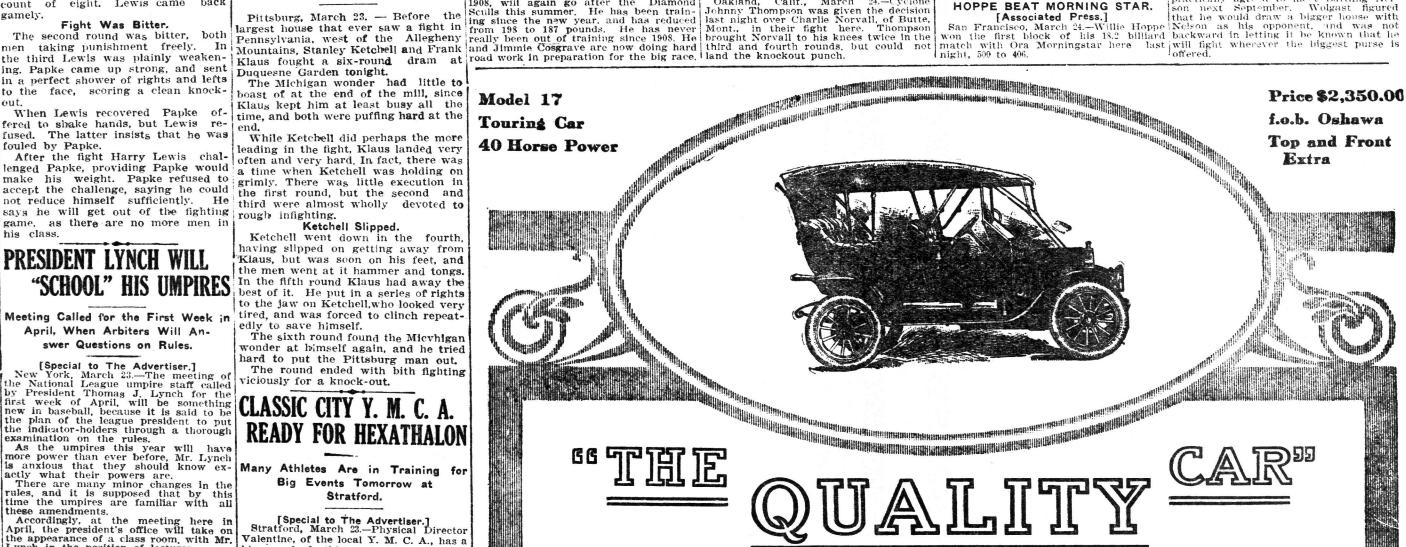

Jennings is plainly worried over the showing his older players are making, more particularly their light hitting. Sam Crawford explained this last night by the statement that there were so many ball players at the park that a man did not get a chance to hit enough, and With two Detroit teams on the field, and a bunch of San Antonio players awaiting their turn to take the lot, it has been pretty well cluttered.

Get Work With Stick. Apparently Hughie takes this same view himself. At any rate this morning's practice was marked by an unusually long and careful period of batting practice for the regulars. Half a dozen pitchers were sent to the slab, with instructions not to loaf or to serve up slow ones, but to let out a bit.

The vets were given batting practice until they were wearied.

They will get the same sort of thing for the two days the southern squad are still here.

Those who go with that party will be instructed to pay special attention to hitting rehearsals, while those who stay

VALUABLE CONCESSIONS

Ex-Mayor Rumball and H. M. Rumball in on Ground Floor in Honduras. Mr. F. G. Rumball and Mr. H. M. Rumball, of this city, have acquired valuable concessions in Honduras. Some time ago they went to South America and looked over some propositions. As a result several tracts of timber were acquired, and a contract to build a government road to these timber lands will probably be given them. Mr. H. M. Rumball is still in south, but is expected to arrive in London very shortly, when details of the concessions will be available.

WAR ON STEEL TRUST

Gompers Asks the United States Government to Have It Dissolved.

Washington March 24 - Samuel Gompers, president of the American Federation of Labor, has presented to Attorney-General Wickersham a brief on behalf of the federation, requiring the prosecution and dissolution of the United States Steel Corporation under the Sherman anti-trust law. The statement was filed by Mr. Gompers in accordance with Mr. Wickersham's request that the federation submit a detailed statement of evidence against the Steel Corporation. The brief said: The American Federation of Labor As such, as well as the members of its affiliated bodies in their capacities as One of Gotham's Most Unique Public citizens of the United States, beg leave to ask your department to commence the proper proceedings against the United States Steel Corporation, its subsidiary companies, its officers, directors and any affiliated corporations which are preventing and restraining and seeking to prevent and restrain, commerce in steel and iron, both in the raw and manufactured state, and in many related commodities. We believe their organization, as hereinafter set forth, and their conduct as shown by the references hereinafter made, violate the federal act commonly called the Sherman act, and certain provisions of the Wilson tariff act."

[Special to The Advertiser.] Watford, March 23.-John Bambrdige, for a long time one of the most gaged in business in that country. Two widely known residents of this village, was one of the victims of the recent railway disaster at Marshalltown

The first report sent out was that Mr. John Bainbridge, of Hartford, Ont., was the man killed, but this was an error, as it was Mr. Bambridge, of this place. Rev. Mr. Wise, his son-in-law, of Marshalltown, arrived here today with the remains.

The late Mr. Bambridge had resided in Watford for over 30 years. He was engaged in the carriagemaking business, and had a wide connection throughout the county of Lambton and neighboring counties.

Philadelphia, March 24.-The disintegration of the general sympathetic strike, called to aid the trolleymen of the Philadelphia Rapid Transit Company, continued today. Hundreds of mill hands, employed in the textile infor some weeks, and had left for the dustries, returned to work, and build-ing operations, which were tied up by the general walk out, were resumed in many parts of the city. Workmen in other industries are also slowly going back to their places.

The funeral will be held on Friday. Deceased is survived by a widow, The one conspicuous exception is the Amalgamated Society of Carpenters and Joiners, which is still holding its men out and expects to keep them out until the car strike is ended. The members of the Associated Carpenters of Philadelphia and vicinity, a rival carpenters organization, have returned to work, having made a new agreement with their employers, which is to the advantage of both sides. Why 3%?

Do you know that there are over Eight Hundred Millions of Dollars, \$800,000,000, lying on deposit in the banks of Canada? About fifteen per cent of this is in current accounts earning no interest and the balance is paying to its owners about 3 per cent.

Of course, it is a self-evident fact from the nature of things as they are, and the maintaining of the credit of the commerce of a growing nation that a large proportion

of this enormous sum must of necessity remain as it is. A great amount of this money must remain at 3 per cent, because it is the property of estates—the surplus funds of large mercantile houses—the credit balances of big corporations-insurance money-government and trust funds, etc. We are only calling attention to the fact that owing to the unparalleled progress of this country there are large sums of money seeking employment if their owners were satisfied that their money was in safe

Overcoats have been hung up, and there is a real summery look to the haberdashery, visible on the streets. The trees are budding, and the farm-

ers declare that a day or two more of this will kill the maple syrup business. Some of them declare that the grass is growing quite noticeably,

some farmers are working their land on the higher and drier sections There is now practically no snow in the swamps, and has gone out. The River.

The river is running above the normal, but it is running down nicely. There are now 2 feet, 6 inches of water going over the dam, a drop of about 3 feet since Sunday.

"It is one of the warmst days I ever experienced in March," said Engineer Simmle at the pumphouse. "It is remarkable. A bird lover stated today that he had seen practically all the spring

1853 birds, and many varieties not seen in these sections until later. Large flocks of ducks and geese reported going northward. The festive sucker is also in reeks, and spearing parties are reported numerous. It does look like

their meeting, when they decided to obtain the opinion of the city solicitor on the liability of the city for approaches into certain buildings. The trouble arose over the applica-

tion of Mr. R. Hueston for an approach into his garage on Richmond street. There is quite a drop from his premises to the roadway, and in order to permit an entrance the walk has to be sloped somewhat toward the road. There is a possibility of a person slipping down this slight incline, but no stroyed by fire last night, and the loss is trouble has ever occurred in the city. estimated at over \$5,000. It was one of

"You are opening up a question that will cause us no end of trouble," said Mayor Beattle. "There is only one opinion that Mr. Meredith will give us, and that is that we are liable. However, it is one of these things that had better be winked at. It would be folly to advertise our liability, and that is apparently the intention. No person has been injured, and no damage has been done by this. There are scores of such entrances throughout the city, and nobody finds fault. I can see no necessity of getting Mr.

Meredith's opinion."

A Personal Whim.

"You asked the solicitor's opinion on something a while ago, and I cannot see why I cannot have his opinion if want it," said Ald. Tancock. "You want to gratify your personal whim, that's all," said Ald. Saunders. "I do not know that we have any right to pay the citizens' money to gratify your humors. We are liable, anybody knows that, but we are giving citizens a chance to do business, and that is something. We are going along all right now, and there is no need to open the question."

Ald, Morgan thought it would be worth while knowing how far the council could go, and moved to that "Stay with me in this," Ald. Tan-

cock asked the committee, and Ald. Morgan and Ald, Pocock supported the motion. Ald. Saunders and Mayor Beattle opposed, so it was up to Ald. Tancock to vote for the information required

"You are good," shot back Ald. Saunders. "You never miss an opportunity to vote for yourself." There will be scores of entrances closed up if Ald. Tancock succeeds in closing that to Hueston's.

ALD. SAUNDERS FLAYED COMMITTEE CHAIRMAN

A Tiff Last Night at the Meeting of the Board of Works.

There were several little tiffs between the members of the board of works last evening, Ald. Tancock and Ald. Saunders particularly locking

horns. The trouble came about over the fact that Ald. Tancock, as chairman, failed to notify Ald. Saunders that the committee would meet on Friday morning last to ratify the appoint-

sioner.

"I am getting tired of this sort of thing," said Ald. Saunders. "You are Mr. Nixon. The reverend gentleman running the whole business, and no took his text, "The Master is come and person has a chance to object or find to plaintiffs to pay dividend. Coupons calleth for thee." He said it was not fault of any kind. I should have been his custom to eulogize or denounce the notified about this meeting. You feldead, as his was not the authority to lows are trying your hole and corner judge, but to allow truth to find its business, and I for one am going to "It was an oversight on my part."

> "Certainly I should," shot back Ald Saunders. "However, when there is anything important on, you have a faculty of forgetting that I am on the committee." "I apologized for the mistake," said

> Ald, Tancock. "I thought that would have settled it." "You should allow the secretary of the committee to do the notifying," said Ald. Saunders. "You are too pigheaded, that's ail, and want to do the

whole business." It looked at this point as if the here, when the salt plant of the Empire Salt Company passed into the Mayor Beattle started the committee at work on something else.
