

IRISH "REPUBLICANS" AND UNIONISTS RENEW EFFORTS TO FIND BASIS FOR PEACE

Leaders of Both Factions Are Cheered As They Resume the Conference At Mansion House—Crowds Gather in Dublin, Awaiting News of Latest Developments—Sir James Craig Received by King George.

Dublin, July 8.—The conference between Irish "Republicans" and Southern Unionists called by Eamonn De Valera, the republican leader, began in Dublin on July 4, was resumed here today. The personnel of the conference was the same as that of Monday—Mr. De Valera, Arthur Griffith, founder of the Sinn Féin, and four of the Southern Unionists, Earl Mordaunt, Sir Maurice Dockrell, Sir Robert Henry Woods and Andrew Jameson.

Mr. De Valera was the first to arrive. He was loudly cheered, as were all the other conferees upon their arrival by the large crowd which had gathered about the Mansion House, where the conference was held.

As the conference proceeded the crowd in the street at intervals recited the rosary and the litany and joined in prayers.

An interesting feature was the absence of both the police and the military. Only two policemen were in evidence, and the crowd was regulated by volunteers wearing Small United States flags in their buttonholes.

Irish ballads were sung by the vocalists at intervals as the people awaited news from the peace deliberations, and at one point a procession was organized which revolved about the near neighborhood.

Among the visitors were Bishop Phelan of Sale, 118 miles southeast of Melbourne, Australia; Father Devlin of New York, and Countess Plunkett.

At 1 o'clock this afternoon the conferees adjourned, and the four Unionists left, announcing that the proceedings had been adjourned until 4 p.m.

The crown again loudly cheered the conferees left the Mansion House.

Mr. De Valera and Mr. Griffith remained to lunch with the lord mayor.

KING RECEIVES CRAIG

London, July 8.—King George received Sir James Craig, the Irish premier, this morning in an audience which lasted half an hour.

While nothing was obtainable regarding the subject of their talk, it was assumed that the Irish situation was discussed. Sir James refused to make any statement after his audience.

HOPE FOR SOLUTION

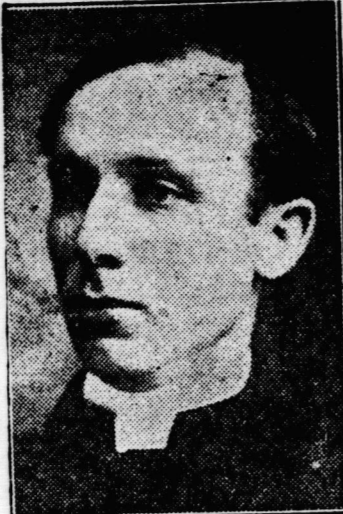

London, July 8.—Representatives of the Sinn Féin and the Unionists of South Ireland met at Dublin today to continue conversations which, it was hoped, would develop some basis for peace negotiations which have prevailed in Ireland for some months. Every body interested in the settlement of the Irish situation was anxiously watching for news from Dublin, but English political writers in this morning's newspapers seemed to believe the prospect of an agreement should be regarded more with hope than with faith. In many quarters, indeed, the situation was viewed as giving little occasion for optimism.

This view was based largely on the belief that Eamonn de Valera, leader of the Sinn Féin, adhered unalterably to his demand for the establishment of an Irish republic, and that the British Government, as well as Ulster, took its stand upon the Irish act recently passed by the British Parliament.

At 1 o'clock this afternoon the conferees adjourned, and the four Unionists left, announcing that the proceedings had been adjourned until 4 p.m.

The crown again loudly cheered the conferees left the Mansion House.

REV. BASIL W. THOMPSON, M.A., late of Winnipeg, who has been appointed pastor of Trinity Methodist Church, Toronto, and enters upon his duties the first Sunday in August.

NO HOUSING FOR VETERANS AT PRESENT

Major G. N. Weekes Reports Result of Inquiry Relative to Loan.

OFFERED \$2,000,000

Acceptance Depends On the Action of Legislature At Its Next Session.

Writing to the newspapers relative to the Government loan to enable returned soldiers to build their own homes, Major G. N. Weekes sends the following information for the large number of local veterans interested in the matter:

To the Editor of The Advertiser: "I have had many inquiries from returned soldiers concerning the terms of the new system of Government loans, which they understood were to be made to returned soldiers for building or buying houses."

I made inquiries of the soldiers' settlement board at Toronto, but they informed me that they knew nothing of the matter, and that they were only the placing of soldiers on farms and they referred me to J. A. Ellis, director of provincial municipal affairs, who is also chief of the housing commission operations for the province. On writing to him, I received the subjoined answer which I shall be pleased if you would publish for general information. Yours very truly, G. N. WEEKES, Market Square, London, July 7, 1921.

Bureau of Municipal Affairs, Housing Branch.

Toronto, July 5, 1921.

G. N. Weekes, Esq., Barrister, Market Square, London, Ont.

Dear Sir,—I have your letter of the 26th ultimo re housing.

The \$2,000,000 recently voted by the Federal Government for housing is that part of the original housing loan granted by the Dominion in 1919, which was not taken up by the various provinces. Ontario's share of this is approximately \$2,000,000.

I may say, though, that I am doubtful whether the Ontario Government will apply for an increased amount, as I think the feeling is that the original appropriation of \$5,750,000, together with an additional \$2,000,000, guaranteed by the province, is about all for which the province should assume responsibility.

In any case, it will be impossible for the province to take advantage of the new appropriation voted by the Dominion until the next session of the Legislature, because, at the session of 1920, the Ontario Government, in 1919, was amended providing that no loan could be approved under the provisions of that act, after the 31st day of December, 1920.

Whether the Ontario Government will at the next session, so amend the act that the new amount appropriated by the Dominion could be taken advantage of, I cannot say, but I am sure that the various municipalities that this should be done. Yours very truly, J. A. ELLIS, Director.

Whether the Ontario Government will at the next session, so amend the act that the new amount appropriated by the Dominion could be taken advantage of, I cannot say, but I am sure that the various municipalities that this should be done. Yours very truly, J. A. ELLIS, Director.

SIX NATIONS TRIBE TO APPEAL TO THE KING

Brantford, July 8.—The Six Nations' protest against compulsory enfranchisement is based upon their claim to be, not Canadian subjects, but allies of the British crown, self-governing upon their own lands, as provided for by treaty with the British crown upon their removal to Canada from New York State after the revolutionary war.

The treaty provided that they should be allies of the British crown, liable for service in time of war if the Great Father across the waters himself called upon them for aid, and that all their tribal rights and customs should be maintained in perpetuity.

The Six Nations claim that not alone would their rights be swept away should compulsory enfranchisement be brought into force, but that at this time, as for some time past, the Indian department has interfered with their government upon the reserve, and that the laws of Canada, which have no effect upon them as an allied nation, have, in fact, been enforced to their detriment. They will appeal to the King himself in protest against Canadian interference, and will ask that their treaty rights be fully restored and that they retain their independent status, with no interference from the Canadian Government officials.

Citizens May Sleep In City Parks During Hot Spell, Says Police Chief

Police Protection Will Be Given To Prevent Annoyance by Presence of Undesirables—Right To Question Sleepers Is Retained by Authorities in Interest of Public Safety.

When your bedroom is as hot as a furnace, or your neighbors baby protests loudly against the heat, pick up your bedding and go to Victoria Park, Chief of Police Robert Birrell and E. V. Buchanan, general manager of the public utilities commission, will have no objection in fact, police protection will be afforded respectable sleepers.

In Toronto and Montreal the parks have been turned into municipal bedrooms, and according to Chief Birrell, the people are not slow to take advantage of this opportunity to find relief from the heat wave.

Must Be Protected. "Of course, discretion will have to be used in the matter," he explained. "If a respectable citizen sleeps in the park he may be subject to questioning by an officer, but he must not take offense, for it will be done only for his own good, as we cannot allow undesirable to sleep in the park. Those persons who sleep in the park to avoid the heat, and who are not merely vagrants, must be protected."

When the scheme was outlined to Manager Buchanan by The Advertiser, and he was asked for an opinion, he said: "No objection would be raised; in fact, I am quite sure that the commission responsible for the care of the city parks would be only too ready to do anything they could to co-operate in aiding citizens to secure comfort and such relief as is possible during sleeping hours from the intense heat."

Better Chief's Sanction. He pointed out that it would be necessary to get the sanction of Chief Birrell, the police have control of the parks so far as the use of them for any other purpose than that for which they are intended is concerned.

As Chief Birrell has signified his willingness to the scheme being adopted, the way to pleasant dreams in a cool bed is now clear.

Police Officers Are Real Friends of Boys and Girls, Declares Chief Birrell

Head of Local Force Would Like Opportunity For His Men To Explain Their Duty To the School Children—Motor Cycle Corps Has Already Improved Conditions.

Since taking office last year, Chief of Police Robert Birrell has sought to improve relations between his force and the general public. Recognizing the fact that since worlds began, the private individual has, as a rule, been somewhat backward in co-operating with the custodians of law and order, he has endeavored to bring about a closer friendship for the law-abiding citizen.

Talk to Kids. Education of the younger generation, the men and women of tomorrow, to regard the police as men who were aiding them in adjusting their troubles rather than individuals to be feared and shunned, is needed, the chief stated to The Advertiser today. And in this connection to see it made possible for officers to lecture to the children in the schools, explaining to them the various duties of an officer, and impressing them with the fact that the police are not merely employed in seeking to arrest them on the slightest provocation, but are only too willing to give them any aid they need at any time.

The new motorcycle force has been responsible for enabling the department to get into better communication with the general public. These officers while on their duty, drop in at various places of business and chat for a while with proprietors and their employees, making it easier to keep London's crime record comparatively clean. In other words, facilitating the protection of the individual and his property.

The K. of C. cautions to be about the business of the day, and it is impossible to keep a supply of refreshments on hand to meet the demands. Although poor, ice cream and other refreshments are delivered always either cleaned out each night. This morning at 10:45 one hundred dozen cups was delivered, and another order had to be placed for delivery for 11 o'clock, and it is the same with everything else. Each boy, whether he has the money or not, is entitled to as much as he can eat or drink, and the police are not to be blamed for the other it would keep a professor guessing to decide where it all went. This organization is supplying Continued On Page Three.

A. E. BRYAN, Canadian trade commissioner in Japan, is of the opinion that Canadian firms interested in the Japanese market should participate in the big peace exhibition to be held in Tokyo next year, from March to July. Exhibitors will be given special freight concessions.

ROUTE MARCH OF CADETS IS SET FOR 7 P.M.

Short Route Is Selected in the Interests of Boys' Safety.

BRIGADE REVIEW

General Panet Took Salute in March Past At Heights Today.

The cadets in training on Carling Heights will hold a route march this evening. Forming up on the parade grounds at 7 o'clock, the line of route will be as follows: Rattle street to Adelaide to Queen's to Waterloo to Oxford, and back to the camp grounds, where a tattoo will be held at 8 o'clock. It was considered dangerous to the boys to hold the march through the central part of the city on account of the incessant traffic of street cars and automobiles, so a more quiet route was decided on.

The parade will be led by the five and drum band of the R. C. R.'s and a picked bugle band from the cadets, and further down the line the Dutton Cadet Band will play.

The boys were all lined up in a square this morning while picked members of the R. C. R. gave a demonstration in squad drill and formation.

Brigade Review. The brigade will be formed up this afternoon at 3:30 under Col. J. S. Leach, C.M.G., D.S.O., for a general review. Brig.-Gen. H. A. Panet, C.B., C.M.G., D.S.O., will take the salute at the saluting base. After the review is concluded, the presentment of arms will take place. The public are heartily invited to attend the ceremony and presentation.

Col. Hill, physical director of cadet services from militia headquarters, arrived in the city yesterday morning at 11 o'clock, and he is the same with everything else. Each boy, whether he has the money or not, is entitled to as much as he can eat or drink, and the police are not to be blamed for the other it would keep a professor guessing to decide where it all went. LONDON STANDS HIGH IN HYDRO BALANCE SHEET

Local Plant Practically Redeemed in Eleven Years' Operation.

Public utilities officials of this city are elated at the record of London, in the balance sheet of Ontario municipalities published by the Hydro-Electric Power Commission this week. This statement shows that the Forest City has a total hydro-electric reserve and surplus of \$1,000,000, with total local assets amounting to \$1,300,000. These figures are the highest in Ontario, with the exception of Toronto, which has a reserve and surplus of \$4,260,000, and total local assets of \$11,130,000.

However, it is pointed out that London's return on the investment is one dollar on each \$1.35 expended, compared to Toronto's \$4 on each \$1. "Here is a balance sheet with every municipality on a dead level comparative basis," said General Manager E. V. Buchanan of the public utilities commission. "London's balance is infinitely superior to all others excepting Kitchener with a return to \$4.20 on every \$5. This is slightly better than London, but Kitchener has a local plant, and did not have to build for hydro."

"We have practically redeemed our plant in eleven years' operation, and given the people low rates," he concluded.

"Y" BOYS IN CAMP AT FISHER'S GLEN

Reports Received Here State All Having Great Time.

A report from the Y. M. C. A. boys' camp at Fisher's Glen has been received by the boys' secretary, stating that the sports are in full swing, and the boys are absorbing the most interesting by the hour. As Windsor is claimed to have imported a special pitcher from Buffalo, and the boys are expected to keep this up until they will hire "Babe" Adams of baseball fame from Pittsburgh to help them out.

In letters arriving to parents from the boys they say that the weather is cool, and that they are getting all they can eat, and enjoying everything to the utmost.

B. Graham of London, with his wireless set is keeping the camp supplied with all the latest news. He started out by catching the report of the Dempsey-Carpenter fight, and since then his tent has been the Mecca for all the boys in camp.

Camp will break up on July 15, and it is generally stated that there will be many sorry boys when they get the orders to "fall in" for the return journey home.

KIWANIS CAMP FOR 30 BOYS OPEN JULY 19

Lads Will Be Under Canvas For Two Weeks.

Announcement was made at the weekly luncheon of the Kiwanian Club at the Tecumseh House at noon today that commencing on July 19, and continuing for two weeks, a camp will be held for the thirty boys adopted by that organization.

"Tiny" Sage's farm on Concession 4, London Township, is the ideal spot secured for the outing. Tents, blankets and all necessary paraphernalia will be furnished by different members for the occasion.

Sports and pastimes of every description will prevail, and a grand field day will be held the second week of the gathering. Kiwanians will take turns in spending one entire day with the boys, while Kiwanian Lance will likely remain in charge at the camp throughout.

NORTH RANDALL FEATURE. Cleveland, July 8.—Single G., Red Lancelot, Leonardo, Hal Mahone, Louie Grattan, five of the greatest pacers in training, were named overnight to form the field to start in the free-for-all race, the feature of today's grand circuit racing program at North Randall. Because of his recent good races on half-mile tracks, Single G. was expected to carry the bulk of the public's money. Three other races are on the card.

GOVERNOR CARTER'S GUESTS LIVE WELL AND ALSO CHEAPLY

Average Daily Cost-Per Prisoner Is Only 15.6 Cents.

Governor James Carter's jail report for the quarter ending June 30 shows that excluding the costs of medical attention it cost 15.6 cents a day to maintain a prisoner. During the period 1,317 municipal days were spent in jail by the prisoners and 862 Government days.

Had it not been for the fact that a jail garden has been made, the average daily cost of keeping a prisoner would have been much higher. The average cost a year ago, the governor explained, Free vegetables help considerably to reduce the food bills, which is about equal to that of the corresponding quarter of 1920.

During the quarter the prisoners consumed 2,456 pounds of bread, 480 pounds of oatmeal, 966 pounds of meat, 400 pounds of sugar, 22 pounds of tea, 2 pounds of pepper and 1/2-pound of salt.

Tobacco for the prisoners cost only \$12.50 for the whole three months.

INDIVIDUAL TREATMENT IS ONLY PROPER PLAN FOR RECREANT YOUTHS

Inspector Kelly Points Out Some Failures of Present Method.

Individual treatment, Inspector W. E. Kelly of the Children's Aid Society contends, is the only one to apply to children who have become bad enough to be brought to police court.

"We don't train a lot of dogs to behave or break colts together," he explained. "When a man is going to train a dog, he takes that dog and works on him for months until he has learned several tricks."

"We railroad boys into police court, and then after they are let go we do not hear from them until they are again brought to court."

He told of a man who said that his boy had become bad. The lad had stolen 120 cents to buy a jackknife. The cause of the theft was found to be that the boy had never owned a jackknife, and no one seemed willing to buy one for him.

One lad that Mr. Kelly spoke to was given a jackknife by the inspector and told to keep it. "When you feel that you are going to take something, put your hand in your pocket and touch the jackknife," he said.

"We have practically redeemed our plant in eleven years' operation, and given the people low rates," he concluded.

SHORT WEIGHT ICE IS CAUSE OF COMPLAINT

Action May Be Taken in Police Court As a Test

Ice consumers of this city are complaining that dealers in this cold product are delivering short-weight cakes to them during the hot spell. One irate customer reported to License Inspector J. W. McCallum Thursday afternoon that his ice man delivered a short-weight cake to him, and that when he mentioned the fact, the man threw the ice to the ground in a rage, breaking it into small pieces, and using profane language to the citizen, informed him that he would get no more ice. This happened Tuesday, and although the customer complained to his dealer he has received no ice since.

Mr. McCallum is conferring with Police Magistrate A. H. M. Graydon this afternoon to ascertain what can be done in the matter. He admitted to the advertiser today that he has received several complaints regarding short-weight ice, and Magistrate Graydon has received similar protests. It is explained that although dealers start their routes with 50-pound cakes of ice these have invariably decreased in size ere they reach the consumers.

However, the latter maintain that if they pay for a 50-pound chunk of ice they are entitled to receive 50 pounds, with the decrease made up by the dealer. However, it was stated in official circles today that many citizens hesitate to complain, in the fear that like the citizen mentioned above their supply of ice will be cut off by offended dealers who can easily dispose of their product this weather.

However, prosecutions for short-weight may follow the consultation between the police magistrate and license inspector. The latter informed The Advertiser today that some time ago he had written to the authorities at Ottawa to determine what steps could be taken in the matter. He received a reply which he refused to make public, but declared it to be "unsatisfactory." The south end resident is contemplating laying a charge of abusive language against the driver, who profanely swore when he told him that he would receive no more ice.

BASEBALL AND SWIMMING CONTESTS

Public Playgrounds Teams Are Scheduled to Meet Each Other.

Major G. Mel Brock, director of city playgrounds, is busily engaged drawing up a baseball schedule for city children who will represent the various local playgrounds. The schedule will open with eight games on Tuesday night, with four boys' games, and four with girls' teams participating, one game being allotted each city playground.

The Batrill Boys will clash with the Alexandra playgrounds youths at the latter diamond; Lord Roberts' team will visit Queen's; the Frydberg team will take the Thames Park nine into camp, and the Riverbank boys will clash at Birkett's flats. The girls' teams will play as usual, and the swimming contests will be held at the same time.

The schedule will continue Tuesday and Friday of each week, commencing at 7 p.m. Individual prizes will be given to the winning teams. While an indoor baseball is to be used in all the games, they will be played outside, weather permitting.

It has been announced that at the close of the season when the playground field day is to be staged swimming events will be on the program for the first time. The location of the sports, which was Victoria Park last year, has not been decided upon, but it is predicted that this central park would be too crowded this year, so great is the increase in playgrounds patronage.

In all probability the swimming regatta will be staged at the sulphur baths, which W. H. Gould, the proprietor, has kindly turned over to the city. This swimming pool will be in operation in the near future, and a small charge will be made for those taking a dip, in order to cover the cost of repairs and maintenance.

TWO MORE CASES FOR SPECIAL COUNTY COURT

Dispute Over Estate and a Claim for Damages.

Two more cases have been entered for the special session of the county court, to be held at the courthouse by Judge MacMath next Thursday. John A. Black has entered action against his brother, Daniel A. Black, in connection with a mortgage executed by his father, James A. Black, in 1909. The mortgage was for \$1,000, and the defendant denies the allegations, and asks that the plaintiff be put to strict proof thereof. He says that the action is frivolous, vexatious and malicious, and asks that it be dismissed.

A. G. Chisholm is acting for the plaintiff and W. G. B. Bartram for the defendant.

James Smith, a local butcher, is suing W. S. Carrothers, a physician, for \$200 damages as the result of an auto collision at the corner of York and Adelaide streets on November 12, 1920. Smith claims that the defendant was driving south on Adelaide street at an excessive rate of speed and caused the accident, while the latter claims that plaintiff was driving east on York street and caused the collision.

G. N. Weekes for the plaintiff; J. M. McIlroy for the defendant.

If you want a good attendance at your meeting let Advertiser readers know when it is going to be. The rate is 2 cents per word or 15 cents per line.

OFF THE RAILS

The first construction work of the season on the London division of the G. T. R. will be started almost immediately, when some new rails will be laid between Hamilton and Toronto, according to Superintendent C. F. Forrester of the local division. Fifty miles or so of new steel will also be laid between this city and Paris and Lynden Junction and Copetown, as soon as the rails arrive. Work was recently received from Montreal that they had been ordered.

Because of the stringent economy practiced by all railroads since the beginning of the year practically no construction work has been done on any line. Only work absolutely necessary to the maintenance of safety has been undertaken. Although the new rails will mean a considerable expenditure they are being laid in the belief that they are absolutely necessary.

TRUCK RUNS AMUCK. While mail train No. 12, due in this city from Windsor at 10:33 a.m., was pulling out of Komoka this morning the front truck of the mail car ran amuck. Fortunately the train was moving at a slow speed, and it was brought to a standstill before any great amount of damage was done. The mail was transferred from the disabled car to the baggage car and the train proceeded.

PASSED THROUGH CITY. H. E. Whittenberger, general manager of the G. T. R. in western lines, passed through this city at noon today en route to Detroit.

NO SCARCITY OF JARS. Any family that jars such as the one which disturbed the peace of mind of London housewives last summer has been relieved this season for the time being at least by the arrival in this city this morning of a full carload of glass jars from Montreal. The car contained nearly 20,000 bottles of various dimensions, the biggest part of which will be distributed among the dealers in this city.

FIRES RAGING IN FORESTS OF QUEBEC

Towns and Villages Shrouded in Smoke.

Quebec, July 8.—Forest fires are raging in virtually every bush section of the province, and are threatening the department of lands and forests. Some of the fires, however, have lost their menace, as they are recurring in areas which have already been almost entirely cleared by previous outbreaks.

Official denial is given to the reports that villages and towns have been seriously damaged by flames and the statement is made that the fires are located almost entirely in bush districts, where the smoke is not so dense.

Despite this denial, however, the officials admit that the situation is one of great peril and that furthermore official communication has been interrupted with certain districts. The smoke from the fires has shrouded a large number of villages and towns and the inhabitants are in keen distress. Many points report dense black smoke.

END OF HOT SPELL IS NOW IN SIGHT

TORONTO, July 7.—Ontario was sentenced by the weatherman last night to swelter at least one more day in the kind of temperature which has prevailed for a week. He could see nothing of an encouraging nature except a thundery shower, which would be followed by a "still decidedly warm" day.

The weatherman has been enhancing his reputation daily since the month of July opened, as a successful prognosticator. He has promised very warm weather for a week and has called the turn every time. Rain was fairly general over Northern Ontario today and places as far south as Peterborough and the Lake Simcoe district saw showers.

SHOWERS COMING. The probabilities are for showers tomorrow in Southern Ontario, over the Ottawa and St. Lawrence valleys and the region of Lake Superior. The temperature in Toronto is coming down. On Tuesday it was 98, Wednesday 97 and today 96. Several Ontario points report temperatures of 100 to 103, but these were in the west.

Quite a few people suffered heat prostration today. There were at least three deaths in Toronto, and four in Hamilton, due to the heat, and several Ontario towns and cities had their victims. It was reported that 25 men employed on the Chippewa development work had been knocked out and had to be taken home.

SPRINKLING PROHIBITED. KITCHENER, July 7.—Owing to the lack of rain and the extreme heat of the past week, a demand upon the local water system that the commission had to issue an order today prohibiting sprinkling. The 400,000 gallons being pumped daily are not sufficient for use and the restriction is put in with a view to keeping reserve for fire protection.

ELGIN WHEAT O. K. ST. THOMAS, July 7.—The crop of fall wheat which is being harvested throughout Elgin County, is reported to be up to the average in quality and quantity. Little snow has been found in the grain. But the Hessian fly has got in its work in several localities.

FIVE DIE IN CHICAGO. CHICAGO, July 7.—Chicago and much of the Middle West today was still in the grip of a record-breaking heat wave with the local weather bureau announcing no relief in sight. The thermometer here, which registered 82 early this morning, was steadily rising after a sweltering night, when thousands sought the beaches and parks, which had been opened for sleeping purposes.

The heat yesterday was held directly responsible for five deaths and dozens of prostrations in Chicago, while here officers asserted the city's mortality rate had been doubled.

HUMIDITY IS HIGH. TORONTO, July 7.—With the temperature at 80 according to the observatory records at noon today, Toronto was suffering not only from the great heat but also from the effects of humidity which registered 63 as against 49 yesterday.

The prospects for rain continue slight, and all indications point to continued fair hot weather. One encouraging feature of the general health of the city is the report of the "ward" district center today. In this district, which comprises roughly speaking almost a square mile in the thickly-settled centre of the city, only fifteen sick babies were reported yesterday by the public health nurses. Whole families slept out in the open last night in Queen's Park and along University Boulevard, and the superintendent of the district health center believes that the privilege of sleeping in the city parks will help materially in reducing sickness at the present time in the district. No hope for a general rain in the immediate future is held out, but rain has fallen in a few sections of the province, at the head of Lake Superior, the Soo, Parry Sound and Cochrane.

FIVE DIE IN HAMILTON. HAMILTON, July 7.—The heat wave claimed five lives in Hamilton today, and seven more are lying in the general hospital in a serious condition, as a result of heat prostration. Today's dead are: Mrs. George Vallance, William Tait, W. H. Kinsley, home in Shelburne, Ont., Mrs. A. H. Miller.

FORGET THE DAYS WHEN THEY WERE YOUNGSTERS TOO

Complaints Made by Citizens About Cost of Public Playgrounds.

While the majority of local ratepayers are loud in their praises of the activities for the benefit of local children in improvements to playgrounds this season, General Manager E. V. Buchanan of the public utilities commission informed The Advertiser today that on the other hand several citizens have complained that such expenditure is a waste of money.

One prominent Londoner has declared that "there were no supervisors and playgrounds when we were kids," while another has stated that he would sooner have a boiler factory opposite his house than a playground for local youngsters. The latter complaint charges that the supervisors of the respective playgrounds loaf on the job, while a member of the board of education alleges that the children "are wrecking the school grounds."

Comments Unjust. "These comments are unjustified and show very poor public spirit," said Mr. Buchanan to The Advertiser today. "I am no boomer, and I am not like that. Rusk said, 'There is no wealth but life, which, short of all quibbling about definition, may be accepted as the axiom that the maintenance and the betterment of human life is the goal of existence.'"

"The future of Canada will be shaped by the youngsters of the country," he continued. "If our playgrounds are successful there will be no necessity for a juvenile court. A New York judge has declared that the inauguration of playgrounds has lessened juvenile crime in his district 96 per cent in the last three years."

"While we have spent almost all the \$20,000 allowed for playgrounds, the majority of this amount has been on construction work, such as building and painting. It has not been wasted, and these improvements are permanent."

White Shoes For Hot Days

Mr. Man! How About White Shoes?

These July "sizzlers" will not bother your feet so very much if you're wearing a pair of Cool, Comfortable Oxfords.

STOLE LUMBER FROM MILITIA DEPARTMENT; REMANDED TO JAIL

Alfred Fradgley was convicted in police court this morning of stealing lumber from the militia department, and was remanded until Tuesday for sentence.

He claimed that he should have been charged with having stolen goods in his possession, but Crown Attorney J. B. McKillop said that it was a question of whether he stole the lumber or was not guilty.

Major Philip L. D. de Passey stated that Fradgley had come to him and stated that on June 1 at midnight someone had come to his house and had a load of lumber on his front lawn. Subsequently he moved it to his backyard.

Sergeant Samuel G. Spence and Charles Griffiths on a later date saw the lumber in the prisoner's yard.

James McFarlane said that he overheard a conversation between Fradgley and a C. A. S. C. chauffeur known as "Curley," relative to securing a load of lumber. The chauffeur, witness said, was desirous of having the lumber disappear.

When cross-examined the prisoner admitted that a week after the lumber had been taken to his place he discovered that "Curley" had brought it. He knew that the lumber belonged to the militia department, but had not reported it.

JUNIOR DELEGATES FEATURE AT BIG C. E. CONVENTION

New York, July 8.—Some 1,500 youngsters, all under 12 years of age, held the attention of the 16,000 delegates to the sixth world's Christian Endeavor convention today. These youngsters, delegates from junior Endeavor societies were featured in a program called "The Pageant of Nations," and in another called "The Missionary Pageant." The junior delegates will also appear in the big parade up Fifth avenue tomorrow.

HUNDREDS OF TURKS SLAIN BY GRECIAN MARINES AT ISMID

Allied Commission Reports on Conditions in Disputed Area.

Constantinople, July 8.—The allied commission of inquiry into recent developments in the Ismid district, to the east of the city, where Greek and Turkish forces have been engaged in successive occupations by Greeks and Turkish nationalists, returned here today and reported that Greek marines had slaughtered several hundred Turks in the Ismid area.

The civil administration in the town of Ismid has again been put into operation, and has re-established order. The naval detachments which were landed by allied warships and the United States naval units, which were sent ashore for the purpose of protecting national interests have been withdrawn.

The Turks, the commission reported, have promised security to the orphanages and the Christian population generally.

NEW YORK STOCK EXCHANGE. New York, July 8.—Wall Street, 10:30 a.m.—The feature of the stock market today was the United States Rubber company, which fell 4 1/2 points to the new low price of 49, as a result of the postponement of one of the Mexican Petroleum, American Sugar and International and United Fruit and Bette-

MAY ASK BOARD OF CONCILIATION

Canadian Railway Employees' Course Depends On the Officials' Action.

TORONTO, July 7.—The chiefs of the Canadian Railway Brotherhoods who attended the Chicago meeting last week, will deliver a message to the Canadian Railway Companies on Monday conveying the information that the United States Brotherhoods before September 1 will take a ballot on the acceptance or rejection of the wage cut of twelve per cent, which was made effective on July 1. The Canadian companies will be informed that if they intend to put the wage cut in force at once before the dispute has been settled in the U. S., the Canadian Brotherhoods will be compelled to ask for a board of conciliation.

INOPORTUNE TIME FOR ANY NEW TAXES

LONDON, July 7.—By Canadian Associated Press.—Asked in the House of Commons today if he would consult the Canadian premier on the merits of the Canadian sales tax with a view to its adoption in Great Britain, Sir Robert Horne, chancellor of the exchequer, said the present was not a favorable time for introducing a new trading tax, nor would it be justifiable to trouble Premier Meighen for information that could be gathered through departmental channels.

THIS TRIP LOOKS GOOD RIGHT NOW

TORONTO, July 7.—Arrangements for a 1,200-mile trip over ice and snow with 25 huskies to cover a period of four months for the purpose of filming Eskimo life and Hudson Bay trade, for moving pictures, have been just completed by John Jones, a well-known prospector of this city. He will start in October. Mr. Jones assisted in bringing the lost American balloonists to Mattice last winter from Moose Factory.

FIREMAN KILLED IN WESTERN ACCIDENT

WINNIPEG, July 7.—Joseph Alfred Gamble, fireman of Sioux Falls, is dead; John Gaffney, engineer, is suffering from shock, and W. E. Carr, a passenger, sustained an injured shoulder as a result of the derailment of the east-bound Continental Express, Canadian National Railways, near Sioux Falls, last night.

LUMBERMAN SUICIDES AT 500.

SAULT STE. MARIE, July 7.—William Niemi, aged 38, a Finlander, formerly of the Soo, but now of Sudbury, shot himself through the head at the Algonquin Hotel at 12:30 this morning and died at 4 o'clock. He was a well-known lumberman, being a jobber for the Spanish River Pulp and Paper Mills, Limited. He was despondent from nervous trouble, and had just spent some time at the Guelph Sanatorium.

CHIEF SURGEON RESIGNS.

TORONTO, July 7.—Dr. Clarence L. Starr, chief surgeon at the Hospital for Sick Children, Toronto, has resigned his post to accept the position of professor of surgery at the University of Toronto.

DE VALERA WILL GIVE UP IDEA OF REPUBLIC; WANTS HOME RULE

Irish Situation Brighter Than in Twenty-Five Years, But Many Difficulties Remain To Be Arranged—Work of Premier Smuts Is Bringing Results.

LONDON, July 7.—(By Grattan O'Leary, Canadian Press Staff Correspondent.)—The congress of Empire prime ministers for the time being eclipsed by the peace negotiations being conducted with the Sinn Fein leaders. Premier Jan Christian Smuts of South Africa has thrown the full weight of his great eloquence and his prestige on the side of an honorable settlement. The British press of all shades of politics are standing behind him, and this, aided by the favorable atmosphere created by the presence of the Dominion prime ministers in London, has unquestionably brought the Irish problem nearer to solution than has been the case in the last quarter of a century.

Many Difficulties.—It would be idle and wrong to pretend, however, that vast difficulties do not still stand in the way of an agreement. So far Premier Smuts has been successful, but these who know what is transpiring behind the scenes realize that real obstacles will be encountered when the three parties to the dispute—the British Government, North Ulster and the Sinn Fein—meet face to face in conference.

From an Irish-Nationalist source closely in touch with Premier Smuts and the British Government in the negotiations, it is learned that De Valera is likely to propose in the event of his coming to London. Briefly, and roughly it is this:

Wants Home Rule.—He will abandon the claim for an Irish republic, but will insist upon a measure of dominion home rule, with a separate parliament for North Ulster, vested with powers similar to those enjoyed by Canadian provincial legislatures. He will also ask that the central or Dublin parliament be vested with a wide measure of fiscal autonomy.

The Sinn Fein leader, it is said, desires also that the Irish parliament shall have the right of controlling its own army and navy, if these should be found necessary.

If it be believed, however, that he will advance this demand merely for the sake of bargaining, and can be induced to abandon it. He will demand that the Irish control the police and the postoffice departments, and will ask for full recognition of the unity of the Irish nation. Professor de Valera will maintain that the Irish parliament should be given the right to decide its own taxation policy and the manner in which its revenue shall be expended, holding that the power of controlling the taxation of its constituents is inherent in parliament.

A Big Concession.—This, of course, involves giving Dublin a free voice in regard to income tax, customs, excise, and also the right of withholding any contribution towards the defence of the empire, and it is likely to prove the shoddy upon which the peace negotiations will split. It is almost certain that Premier David Lloyd George will insist upon an imperial contribution seeing that the Imperial Parliament would remain responsible for defence and foreign affairs, although, in a last resort, he may agree that the Irish parliament should have some voice in the amount to be contributed, as well as in the method by which the actual contribution would be raised from its constituents.

Then there remains Ulster. While anxious to see as much as possible in placating the south, British statesmen are equally anxious to see that the northern minority will be afforded all possible rights, which, at once presents the difficulty of reaching an arrangement to which Ulster will agree. Sir James Craig, premier of Ulster, will enter the conference, provided one is held, with many strings attached to him by Belfast and, just as de Valera will be expected to bring a whole Sinn Fein, he will be hampered by extremists in the north. Hence the doubt that exists in the best informed minds as to the ultimate result.

Better Feeling Now.—Meanwhile, however, there is a growing evidence of good will and reasonableness in most unexpected quarters. This was shown tonight when Joe Devlin, who has kept the flag of constitutionalism flying against all assaults, was tendered a complimentary dinner at the House of Commons by the leaders of all parties. Those present included men holding widely divergent views as J. B. Clynnes, Sir Samuel Hoare, Oswald Mosley and Lord Rother Cecil. Both Mr. Devlin and T. P. O'Connor have been tireless in working for a settlement, and it is largely due to their efforts, aided by the goodwill and support of Lord Birkenhead and Right Hon. Winston Churchill, that the present negotiations have been brought about.

The conference of premiers did not meet this afternoon, no reason undoubtedly being a desire to give Gen. Smuts as free a hand as possible. One of the dominion premiers, who, although taking no part in the actual negotiations, is well informed of what is going on, told the Canadian Press correspondent this afternoon that the chances of a settlement were bright.

Must Be Modified.—The morning session of the conference was taken up by addresses of Lord Curzon and Right Hon. Winston Churchill on Anglo-French relations. They were of a friendly, but it is understood they merely elaborated certain points touched upon by Lord Curzon in his outline of the Empire's foreign policy at the opening of the conference.

Premier Meighen has accepted the offer of Edinburgh University to confer upon him the degree of doctor of laws and he will visit that city on July 15. He will also deliver the freedom of the city. Tonight he was among those who attended the court ball at Buckingham Palace. He will be given the freedom of London and on the 21st he will sail for Canada.

HOPES ARE HIGH.—The Irish peace movement on the surface made no further progress today, but hopes remain high, mainly on account of the fact that General Smuts, premier of South Africa, is taking such an active part in the negotiations with an evident purpose to translate into practical politics the king's message and exhortation for forbearance at the opening of the Ulster Parliament.

The king's evident and serious interest in bringing about peace is also a strong factor in the situation. His proffer of Buckingham Palace for the meetings of the proposed conference, points in the direction of a repetition of the peace effort of 1914, when the home rule conference assembled in the palace under the chairmanship of the Right Hon. James William Lowther, then speaker of the House of Commons.

Might Help Greatly.—It is believed that if an independent chairman were appointed to the conference now contemplated, especially General Smuts, who is trusted by the Irish people, there would be far greater chance of Mr. De Valera accepting the conference? It is probable, however, that nothing will develop definitely pending tomorrow's Dublin conference between the Irish Republican leader and the Southern Unionists. General Smuts will not attend this conference.

According to latest information Mr. De Valera is maintaining the Republican claim, but is willing to give the Irish people a full opportunity to decide upon any serious proposition.

JOCKEYING FOR POSITION.—LONDON, July 7.—Close observers of the situation surrounding the tentative peace negotiations expressed the view today that something of "jockeying for positions" was in progress between Ulster and the Sinn Fein, with considerable importance attached by the parties involved to what would appear superficially to be minor points. For instance, whether Sir James Craig should meet Eamonn de Valera in Dublin, or the Sinn Fein leader meet the Ulster premier in London would seem to make little difference, but it is pointed out that the question of the place for the holding of the meeting would really determine the first move in negotiations between the two Irish parties.

Mr. De Valera's invitation to the Ulster premier was so worded that the latter considered its acceptance impossible without modification, for should Sir James go to Dublin his act, it is held by the Ulsterites, would inevitably appear to concede the Sinn Fein the right to which Sir James represented only a minority. Instead of a separate, independent entity.

On the other hand, should Mr. De Valera come to London, it is argued by the Southerners, he would appear to be conceding a point he is not anxious to concede, namely, that Sir James does represent a separate entity, and that both had come to London as equals under the Union Jack. Thus, as it is felt neither leader is prepared to go further than his following would support him, the choice of this initial place of meeting is conceded to represent acute difficulties.

Reed Chairs

These are regular \$15 chairs. Woven round Reed backs, wood frames, split cane seats, and fumed finish.

\$9.95

Delivered to your home on payment of just \$1.00. Balance paid at the rate of \$2 weekly.

RASPBERRIES ARE IN GREAT DEMAND

Find Ready Sale At Leamington At Thirty Cents a Box.

LEAMINGTON, July 7.—Raspberries are retailing at 30 cents per quart in local stores. It is not expected the price will fall much as the demand for berries is as great as the output. The berries are of excellent quality and as sugar is now within reach, housewives are putting down far more fruit than last season.

A reception for Rev. and Mrs. B. H. Robinson, the new Methodist minister, will be held in the church Friday evening, when a social evening will be held. Several rinks of local bowlers will take part in the annual Scotch doubles tournament which will be held at Corner next Friday. Last year P. S. Moss' rink won the trophy.

Mr. and Mrs. K. W. Edsall of Detroit, are spending a few days with Mr. and Mrs. C. A. Edsall.

Unless rain comes soon it is feared that the tobacco and tomato crops, which have made great progress this week, will suffer greatly from drought.

Work in connection with the oiling of Erie street south is nearly completed.

Miss Ruby Brown of Toronto, is spending a few holidays at the home of Mr. and Mrs. R. Bennis, Victoria avenue.

The hot weather of the past few days has caused a great increase in the business at Sea Cliff Park, and the necessity of having the bath-house enlarged is apparent.

Albert Ford, son of Mr. and Mrs. H. S. Ford is slowly recovering from the effects of the operation he underwent at Hotel Dieu, Windsor, two weeks ago.

Mr. and Mrs. R. Coultis of Detroit, are spending a few days at the home of Mr. and Mrs. Charles Coultis.

CUTTING WHEAT AND HAY AT MAIDSTONE

MAIDSTONE, July 7.—Farmers in this section are very busy as owing to the early season many are cutting hay and wheat. Both are a good crop and are being harvested in good condition.

Mrs. William Coats and granddaughter, Leeta, of Detroit are spending a few days with the former's sister, Mrs. Henry Collins.

Rev. A. C. and Mrs. Morrison arrived from Woodstock Wednesday to take charge of St. Stephens Church pastorate.

Mr. and Mrs. John Deehan and son, Harry, and daughter, Mary, of Plasterton, returned to their home Wednesday after a few days' visit with parents and brothers and sisters.

Miss Addie Ransom is home from her school at Hagersville.

Mr. and Mrs. William Cruickshank and son, Lloyd, of Courtright, returned yesterday after a couple of days' visit with Mr. and Mrs. G. B. Collins.

BIG CONTRACT AWARDED.

WELLAND, Ont., July 7.—The contract for the dry work on section five of the new Welland ship canal has been let by the Canadian Dredging Company to Campbell & Co. of Montreal.

TIZ FOR TENDER, SORE, TIRED FEET

No more sore, burning, swollen, tender, tired feet. No more shoe tightness. No more sharp, stinging pains from corns, callouses, bunions or raw spots.

No matter what you have tried without relief, just use Tiz. It is the only remedy that draws out the poisonous exudations that cause swollen, burning, tender feet. Tiz ends your foot troubles. Your shoes will never seem tight and swollen.

Get a small box of Tiz at any drug or department store and get instant relief. Wear smaller shoes. Your feet will never hurt or be sore a few cents.

J. WALTER CURRY IS RESIGNING

Liberals Will Contest Seat in Southeast Toronto.

TORONTO, July 7.—The Globe will say tomorrow morning:

"It is understood that the resignation of Mr. J. Walter Curry, K.C., of his seat in Southwest Toronto, will be placed in the hands of Hon. Nelson Pelly, speaker of the House of Commons, within the next few days. Mr. Curry, it is said, is to receive an appointment from the Government which will take him out of the political field."

"Hon. W. E. Ransy would not confirm the report that a position awaited Mr. Curry."

"Apparently acting upon information, the Liberals of Southeast Toronto are preparing to contest the seat in a by-election. Mr. D. W. Markham, law partner of Controller Russell Nesbitt, is the most probable candidate."

"Mr. Curry is at present in St. Michael's Hospital, recovering from an operation he underwent there on Monday."

TORONTO BOY IS DROWNED IN BAY

TORONTO, July 7.—The long list of water fatalities was swelled tonight by the sinking in Toronto Bay of William Geishe, a youth of 16. With several other boys he was diving off the boys' naval brigade training ship, lying at anchor, and when a few feet from the ship he called for help. Two boys went to the rescue, but were unable to hold him up and he sank in 14 feet of water. The body was recovered. Young Geishe was said to have been in an overheated condition when he went into the water.

BIG LINER DELAYED.

HALIFAX, July 7.—Several days out from Liverpool via Queenstown, Ireland, the Cunard liner Carmania arrived here late this afternoon, landed 155 passengers, and sailed for New York tonight.

LONDON TAKES ODD GAME AT BORDER

TRIBE HAVE ANOTHER "IN" DAY AT PORT HURON

Herbst the Guiding Hand This Time—Locals Are Outthit by Piercemen—Van Dyke Hit Twice.

SARNIA, July 7.—With all the breaks and the umpire with them the London Dockers could not win until Horne, who had been eating out of his hands, ejected some bonehead baseball into the game in the ninth inning when, as a direct result of two misplays on the part of the pitcher five runs were chased across the plate, and the game won. Ted Kaylor was robbed of two certain doubles, once when the ball hit Kelly, who was running to second, on the hit, and again when he shot one right back at Herbst so fast the London pitcher could not get out of the way, the ball deflecting in an entirely new direction into the hands of Shay, who both instances two men were on bases. London scored in the first when Horne was hit by Horne, Calbert clearing him home on a double, the play being made to second. Two walks, a hit batsman, three singles and some error by Horne in the ninth netted the visitors five runs. The Hurons tumbled one in the third, Worley singling and scoring on Horne's triple. In the fifth two more were sent across the plate, a walk, two singles and a double, however, the necessary hits were not forthcoming. Hump Pierce was ejected from the dugout when he raised a protest over some of the unusually raw decisions handed out. The score:

JEANNETTE RANKIN WINS TAVERN STAKE

Initial Race On the Grand Circuit.

NORTH RANDALL, CLEVELAND, July 7.—Making her initial start on the grand circuit, Jeannette Rankin raced like a veteran and won the \$5,000 Tavern stake for 2:14 trotters, today's feature of harness horse-racing at North Randall. The filly, which is owned by Geo. Edley of Youngstown, Ohio, captured the event in two straight heats. She was an overwhelming favorite in the betting.

In the first heat St. Patrick the Great took the lead at the start and held it to the stretch where Jeannette Rankin took command and never relinquished it.

Jeannette Rankin set the pace throughout the second mile and won easily. Princess Etawah had no trouble in winning the final heat. Main Luck fell from exhaustion at the conclusion of the second heat, but soon revived and was taken to his stable. He was withdrawn from the third heat.

The 2:05 pace went to Johnny Quirk. After finishing third in the first heat, he captured the next two.

The betters received a bad jolt when Brookworthy, Tom Murphy's horse, was defeated in the 2:10 trot, which went to the Toddler, in straight heats.

Brookworthy sold for one thousand dollars in a seventeen-hundred dollar auction pool.

It required four heats to decide the second and fourth heats.

2:06 Class Pacing, Purses \$1,200: Johnny Quirk, ch.g., by Hedge-wood Boy (Egan) 3 1 1

Mr. Jefferson, b.g., by Baron Gale (Valentine) 1 2 3

Logan Hedgewood, b.g., by Hedge-wood Boy (Fleming) 2 3 2

Dr. Douglas, b.g. (Whitehead) 4 4 4

Frank Little, b.g. (Stokes) 5 5 5

Time—2:07 1/4, 2:05 3/4, 2:11 1/4.

Time—2:09 1/2, 2:07 3/4, 2:12 1/4, 2:14 1/4.

The Tavern "Steak," 2:14 Trot, Purses \$5,000: Jeannette Rankin, ch. f., by San Francisco (McDonald) 1 1 1

Princess Etawah, b.m., by Etawah (White) 2 2 1

Alexander B. ch.g., by Mohel (Briskine) 3 3 3

Hilda Fletcher, b.m. (Cox) 3 3 3

Three London Players To Go To Kitchener Club

Calbert As Probable Manager With Kuhn and Briger Involved In Deal—Franchise May Yet Be Sold

KITCHENER, Ont., July 7.—Within a few days some radical changes may take place in the Kitchener Beavers personnel. Things have not been satisfactory in the Beaver camp the past two months and drastic measures will be taken to save the franchise. If they fail, the franchise goes. The Kitchener directors have a chance to get three first-class players from London, Calbert, Kuhn and Briger are involved. A change in the management is not altogether unlikely for the commencement of the second season. It is believed Calbert of London might replace Jordan. Upon his return from London this morning, President Harry Tolton of the Beavers said "We have 100 of the Beavers said this city and surely 100 of them could put up \$100 each to keep baseball in this city. If we can't go through with the proposition we will simply sell the franchise."

He intimated that Galt, Guelph and Chatham are anxious to get the Kitchener franchise.

Listowel and Windsor Boys Tied For Cadet Honors

Davidson and Dalton Each Have Eleven Points—150 Boys Competed in Various Events.

Davidson of Listowel and Dalton of Windsor are tie with eleven points each for the 1921 M. D. No. 1 Cadet Athletic championship. Both are Juniors. The usual field day in conjunction with the cadet camps that are held at Carling Heights was held on Thursday afternoon. Over 150 boys participated in the events, and under the direction of David Allen, physical instructor of the Y. M. C. A., the meet was run off without a hitch. Seaforth won the baseball championship from Tillsonburg.

Brigadier-General H. A. Panet, C.B. C.M.G., D.S.O., G.O.C. M.D., No. 1, will present the prizes and individual championship shields this afternoon. A general inspection will be held, and the public is invited.

Following are the results: 100 Yards, Junior. Briess, Guelph; Davidson, Listowel; Dalton, Windsor. Time 15 seconds.

100 Yards, Senior. Grigg, Seaforth; Landham, Tillsonburg; Weber, Kitchener. Time 11 1/2 seconds.

Running High Jump. Dalton, Height 8 feet 6 inches. 220 Yards, Junior. Davidson, Mann, Guelph; Cunningham, Windsor. Time 30 seconds.

220 Yards, Senior. Landsboro, Seaforth; Morris, Leamington; Hays, Seaforth. Time 27 1/2 seconds.

Broad Jump, Junior. Dalton, Davidson. Distance 7 1/2 feet. Broad Jump, Senior. Nichol, Listowel; Edwards, Seaforth; Tyson, Windsor. Distance 8 feet, 6 1/2 inches.

440 Yards, Junior. Mann, Guelph; Cunningham, Windsor. Time 55 1/2 seconds.

440 Yards, Senior. Farham, Seaforth; Giescher, Listowel; Allen, Mount Forest. Height 4 feet, 7 inches.

440 Yards, Senior. Schalter, Kitchener; Landsboro, Seaforth; Norris, Leamington. Time 52 1/2 seconds.

Relay Race, Junior. Windsor won by default.

TYGERS GRAB TWO FROM WHITE SOX

Cleveland Drops First To the Philadelphians.

CHICAGO, July 7.—Detroit won both games of a double-header from Chicago today, 13 to 8 and 9 to 6, in games which were featured by extra base hitting. The visitors were on a hitting rampage, and batted all three of the local pitchers in the first game hard.

In the second contest Chicago came from behind and tied the count, but a ninth inning rally put the Tigers ahead.

The scores: First game: Detroit 13, Chicago 8. R.H.E. Detroit 000 024 011 212-13 17 3

Chicago 000 000 050-8 14 2

Leonard and Bassler, Woodall; Twombly, Wieneke, Hodge, Mulrennan and Schaik.

Second game: Detroit 9, Chicago 6. R.H.E. Detroit 000 121 100 003-9 14 0

Chicago 000 003 200-6 10 2

Oldham, Middleton and Bassler; Wilkinson, Davenport and Taryan. Note—Others not scheduled.

COVELESKIE LOSES. CLEVELAND, July 7.—Moore's effectiveness and brilliant fielding by Galloway, Dyken, J. Walker and Welch resulted in Cleveland losing the first game of the series with the league leaders, 3 to 3, today.

The score: Cleveland 3, Philadelphia 3. R.H.E. Cleveland 000 029 200-3 10 2

Philadelphia 000 001 000-3 6 2

Moore and Perkins, Coveleskie and Nunemaker.

MINT PATTEN

—By C. S. G.

Rumors rife amongst the fans the last few days are more or less confirmed in the dispatch from Kitchener which says Kuhn, Calbert and Briger may go to the Beavers within the next few days, with Calbert going into the pilot's role.

Calbert wouldn't be a great acquisition as he has been playing lately, but as a pilot may develop something altogether new. He must have got a high honor from Buzz for the job. Kuhn and Briger, however, will be a real help to the Beavers' playing strength. Kuhn is going great this year and is a dangerous hitter at all times. Joe Briger is in a class by himself when it comes to being the foundation of a ball team.

The fans will be sorry to see Joe transferred to Kitchener if the deal actually goes through. Despite his long service, Joe is better than the average backstop in the league and there is much on the London club roster the fans would rather see go to bat in a pinch than "Young Joe."

This means four vacancies to be filled on the London club.

The first sack hole might be filled by Donnelly, the New York boy who is on the London roster or was until recently. Donnelly could not report last year owing to the illness of his wife, but is playing ball this year.

The Wish Is Father. [Hamilton Spectator.] The London team has not been going so well of late, and it is hard to predict what might happen if the M. O. season is split. The Cockneys got off to a great start, but they may not find the sledding so easy in the second series, as the other teams are much stronger than at the start of the season.

[Brantford Expositor.] The Brants split even on the series with Bay City, which is not such a bad showing, particularly when the Tecumseh are unable to make the grade. It would look as if the summer slump is on for the league leaders. Last year it will be remembered, the London team went through the season without a slump or a break. Everything went their way, while the Brants, who were the real fighters against London, ran into a streak of hard luck, which made five players in the hospital and a general drop in the standing. This year it is London's turn. If the Brants could hit a winning streak shortly, they ought to be able to catch up to the Londoners. Next week's games here with the league leaders will be vital ones. Hope the Cockney slump lasts until then.

Maybe Some Time. London at Port Stanley. A Toronto paper had this billed in the Mint League for yesterday. London may have dropped a few games, but haven't got down to playing the Port Stanley village nine yet.

The official teams of the other Dominion have not yet reached camp, and only a few individual over-achievers were present on the ranges today, outside the Canadian contingent.

GEORGES SEES PICTURES OF FIGHT FOR FIRST TIME

NEW YORK, July 7.—Tex Rickard, promoter of the Dempsey-Carpenter contest, said today that until he is able to locate Tom Gibbons he will be unable to make any definite proposition to Carpenter about a fight next fall. Carpenter is willing, he said, to fight with any good man in his class, but he has had no further talk with him on the subject pending news from Gibbons.

Carpenter saw the pictures of the championship fight at Newark today for the first time. His only comment was that "showed a good fight."

His manager, Francois Descamps, said that it was evident from the pictures that Dempsey weighed nearer 193 to his weight before the fight.

"You can see," he said, "he was too big, too powerful for my Georges."

MORE BASS FINGERLINGS PUT IN POND MILLS

A government officer arrived here yesterday from the Mohawk hatchery with a large consignment of black bass fingerlings, and they were taken by Dr. Stevenson, M.P.P., and officials of the Pond Mills Association, and deposited in the south pond, Mr. McCullough, the fishery man, thanked the members for their kind assistance and promised to attend the big picnic of the Western Ontario Protective Game Association next Wednesday afternoon.

SPLIT SEASON ADOPTED; SECOND SERIES JULY 11

HOME RUN IN TENTH WINS FOR TORONTO

Rochester and Orioles Split Double-Header.

TORONTO, July 7.—"Jess" Alteng's home run in the tenth inning gave the locals a 3 to 2 victory over Jersey City today.

The score: Jersey City 000 000 101 0-2 8 2

Toronto 000 101 000 1-3 9 1

Clifford and McNeil, Freitag; Winters and Sandberg.

STARS IN 10TH. SYRACUSE, July 7.—The Stars downed Newark, 5 to 4, in the tenth inning today, evening the series. Gilham doubled, reached third on a sacrifice, and scored the winning run on Barnes' wild pitch.

The score: Newark 000 002 010 0-2 8 3

Syracuse 000 003 100 1-5 11 3

Barnes and Withrow; Dodson and Gilham.

ORIOLES SPLIT. ROCHESTER, July 7.—Rochester and Baltimore divided a double-header here today, the Birds winning the first game, 5 to 3, in 10 innings. Rochester took the second game, 9 to 2. The closing contest

DANGER FROM FOREST FIRES NEARLY PAST

Rain Falling in the North Has Helped the Situation Greatly.

COBALT, July 7.—Rain, which fell copiously for two hours this afternoon in several of the districts menaced by forest fires, has had the effect of arresting their progress and this evening encouraging reports were issued by Inspector Poole, fire inspector for the district.

Mr. Poole informed the Canadian Press correspondent here that enough rain has fallen to remove immediate danger from the area about Timmins and that the fire about Porcupine Junction were burning very slowly as a result of the showers there this afternoon. At six o'clock a brisk rain was falling at Cobalt, and Mr. Poole stated that reports from Hearst were similarly encouraging. The rain seems to have been spread over a large area, taking in most of the district from the Quebec boundary to Hearst, and as far south as Porcupine Junction. At Cobalt, a heavy electrical storm, accompanied the rain this evening. Since last night when New Liskeard was visited by showers, no rain has fallen south of Enniskillen.

Mr. Poole reported the absence of smoke at Cobalt as an encouraging sign of the progress against the fires in that vicinity. The heroic fight is being made to keep them in check about the settled places, assistance being rendered by the rangers by the T. & N. O. holler tanks and a large engine tank owned by the C. P. R.

Recent reports from the north indicate that the cordage of pulpwood previously reported burned have been exaggerated. Mr. Poole claiming today that exclusive of the losses on the lower Abitibi the total amount of pulpwood in piles which was burned would not total more than 6,000 cords. Thus far no casualties have been officially reported, and if the existing conditions are not followed by another long dry spell and wind the serious situation which earlier in the week menaced this territory will be forestalled.

SITUATION MUCH IMPROVED.
NORTH BAY, July 7.—The following reports were sent to the T. & N. O. commission today in regard to fire in Northern Ontario.

No fires between North Bay and Mileage 57; small fire there. No fires between Mileage 57 and Cobalt; heavy rains from Halleybury to Swastika, all danger passed. Material by Bourges similar to yesterday; Yorkton, light rains, clear day. Matheson, a few fires, no danger unless wind rises; Porcupine Junction, Iroquois Falls and Cobalt, several fires in vicinity, and if no wind rises there will be no danger. Connaught, few fires in vicinity; South Porcupine, some rain last night, fires out. Schumacher and Timmins.

Hot Summer Sun Trying On the Complexion
How to Protect Your Skin and Bring Roses to Your Cheeks.

A Free Oatmeal Prescription Does Its Work Overnight. You Can Prepare It At Home.

New York.—Exposure to sun, dust and wind has a bad effect upon the skin and complexion. There is a way to overcome this. It is to use a remedy that covers and takes just one night to get such marvelous results, says Mae Edna Wilder when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice," she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it. All this change in a single night. I never tire of telling others just what brought about such remarkable results. It is the identical formula that removed every defect from my face, neck, hands and arms. Until you try it you form no idea of the marvelous change it will make in just one application. The prescription, which you can prepare at your own home, is as follows:

Go to any grocery store and get ten cents' worth of ordinary oatmeal, and from any department or drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo. Before applying Derwillo, cleanse the skin thoroughly with a good cleansing cream. (Liska cold cream I have found to be the best). Use the first application with a soft, clean towel. It makes the skin appear transparent, smooth and velvety. I especially recommend this method for dark, sallow skin, thin nose, freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and, in fact, every blemish of the face, hands and arms are their to it. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. It is necessary to have beautiful hands and arms and no matter how rough and ungrainy the hands and

arms or what abuses they have had through hard work and exposure to sun and wind, this combination will work a wonderful transformation. Thousands of women who report the same results I have had."

Miss O. C. says: "My complexion was poor and my skin rough. My neck, hands and arms were dark from exposure. The very first application of this wonderful Derwillo-oatmeal combination convinced me that my poor complexion and skin blemishes would soon be a thing of the past. In a few weeks all these unsightly defects had entirely disappeared, and I shall always use it to keep my complexion at its best all the time. I have recommended it to my girl friends, and they are just as enthusiastic over it as I am. We all use it before going to the theatre, dances or parties and it's wonderful what a difference it makes in our appearance."

Mrs. G. V. writes: "Oatmeal and Derwillo have worked miracles with my complexion. I had many despicable wrinkles and a sallow, rough skin. My hands and arms were covered with freckles. After eight weeks' use of Mae Edna Wilder's wonderful complexion prescription these objectionable defects have entirely vanished. I look ten years younger, and advise every girl and woman to try it and feel confident after one or two applications they will use it continually and be just as favorably impressed with it as I am. I recommend it to all of my friends."

NOTE.—To get the best effect be sure to follow the complete directions contained in every package of Derwillo, and it is so simple that anyone can use it, and so inexpensive that any girl or woman can afford it. Department stores and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city at all toilet counters under a money-back guarantee, including the Standard Drug Stores, Strong's Drug Store, and Taylor Drug Store, who will be glad to fill orders by mail.

BRUTAL ATTACK MAY END FATALLY

Chief of Police At Amherstburg Is in Critical Condition.

[Special To The Advertiser.]
AMHERSTBURG, July 7.—Grave fears are felt this evening for the recovery of Chief of Police A. J. Wharton, who was attacked and brutally beaten by five men early last April. For a time immediately after the assault it was thought Chief Wharton might lose his eyesight, but this phase of his injuries did not prove serious, and he was able to resume his duties for a time. He is again in a critical condition, however, and attending physicians are not optimistic about his chances of recovery. Of the gang who attacked him, one man is serving a year in prison, two await trial, and two others have not yet been apprehended. Chief Wharton is a former member of the Mounted Police.

no fire near towns from up the river, no danger, conditions today very much improved from yesterday.

WORK IS PILING UP ON FARMERS
Wheat Ready To Cut and Haying Not Yet Finished.

[Special To The Advertiser.]
INGERSOLL, July 7.—With the haying not yet completed and the wheat harvest ready, work is piling up on the farmers in nearly all the adjacent districts in almost an unprecedented manner. From the district to the north the report was received today that the wheat fields are calling for the binders, and quite a number of the farmers have abandoned haying operations temporarily to garner the grain crop. The grain crops have been hastened to maturity by the heat wave. The indications point to excellent crops, but rain is badly needed. Rust is prevalent on the wheat crops and harvesting operations will be conducted as rapidly as possible under existing weather conditions.

DEMOCRATS TO FIGHT TARIFF
Expected To Stand Solid Against the New Bill.

WASHINGTON, D. C., July 7.—The permanent tariff bill, as drawn by republicans members of the House ways and means committee, took place on the House calendar today, not to be displaced by other legislation until voted on on July 21. There was no ceremony in beginning consideration of the 346 page measure, and the day was devoted to having it read paragraph by paragraph, while members sat and sweated without giving heads to the monotonous droning of a relay of reading clerks.

Immediately upon adjournment, Democratic members held a conference at which it was said "with a half dozen exceptions" it was agreed that the party should stand as a unit against the bill. Some of the members, it was said, declined to be bound by instructions, but leaders predicted the final vote would show but few breaks in the Democratic ranks.

A resolution was adopted at the conference, declaring that the measure violated all principles and traditions of the Democratic party and reaffirming the party's stand against a high protective tariff. The conference lasted less than 15 minutes.

The reading had not been concluded when the House quit work for the day, and before general debate begins tomorrow the reading will be concluded, and a rule adopted shutting off all but a few general amendments and such others as may be offered by the committees.

INSURGENTS ARE LEAVING SILESIA
British Forces Are Now Occupying the Polish Frontier.

LONDON, July 7.—The evacuation of Upper Silesia by the insurgent forces was officially completed at midnight Wednesday, according to a London Times dispatch from Katowitz. Railway traffic has been resumed over the entire plebiscite area.

British forces, it is added, now occupy the Polish frontier as far as Beuthen, while the French are in control of Konigsbutte, Katowitz and the southern region.

GIRL WON FIGHT WITH MADMAN

Saves Herself and Sister From Fiend With Knife.

ST. PHILIPPE, Que., July 7.—Struggling for two hours on Tuesday with a half-crazed human beast, her clothes torn to shreds, and her sister in a deep faint a few feet away and with no help in sight, Florida Savage, 25, a school teacher at St. Cloud, is today suffering from severe shock at the home of her father, Grand Trunk station agent at St. Philippe. Adelard Poelander, 19, is at present in jail at St. John's, awaiting enquete next Monday on a charge of assault against the two girls.

Miss Savage and her sister Isabelle were walking the tracks toward St. Cloud to fetch some clothes from the school, where the former is a teacher, when a man jumped up on the rails, flourishing a knife, and made proposals to the two girls. The younger sister, Isabelle, screamed and ran away, and had not gone far before she fell unconscious. The man then grasped Miss Savage, and she fought him off for two hours under the blazing sun until at last he gave up and made his escape.

She then went to the assistance of her sister, revived her, and the two made their way to the nearest house, where their father was notified of the outrage.

Mr. Savage got into communication with Chief of Provincial Police Lorrain, who told him to organize a search party and arrest the man. After a long search Poelander was located in a field, and could not give a satisfactory account of himself. He was brought to St. John's, where Miss Savage identified him as her assailant.

Feeling is running high in this district in connection with the affair.

BOARD ANNULS CHIEF'S ORDER
Licenses During Windsor Races Will Not Be Limited.

[Special To The Advertiser.]
WINDSOR, July 7.—The police commissioners today annulled an order issued by Chief Thompson prior to his departure to attend the police chiefs' convention in Montreal limiting the number of special licenses to be issued to auto drivers during the coming race meets to fifty.

Mayor Wilson and members of the city council have been bombarded by angry applicants who have been refused permits by the police department, in accordance with the chief's order.

The mayor took the position that as there are a great number of people who own cars out of employment, there is no good reason why they should not be given a chance to earn a little money with their machines.

Last year about 165 special licenses were issued. It is expected that this year about 200 licenses will be issued.

The board also decided to readvertise for applicants for the position of secretary of the chief, in an effort to secure a local man for the position.

Decision to proceed at once with the construction of an isolation hospital for the Border Cities at a cost of \$100,000, was reached at a meeting of the Essex Border Utilities Commission this afternoon. The hospital will take the form of three converted cottages, which can be used in connection with a more ambitious project when time warrants.

A request from the Windsor council that the commission proceed with the construction of a general hospital was referred to the board of health.

ALARMING CONDITION OWING TO DROUGHT
Department of Agriculture Worried Over Continued Dry Spell.

OTTAWA, July 7.—That conditions are rapidly becoming alarming in Quebec and Ontario, as well as in the Maritime Provinces, owing to the drought, were stated by the agriculture department tonight. Pasture is drying up and hay is scanty to the point where the cattle industry is already severely threatened, it is said. Recent rains in Manitoba and Saskatchewan as well as in Northern Alberta make the prospects for the Prairie Provinces very satisfactory. Southern Alberta has had rain, also, the department says, but it has come, as far as a considerable area is concerned, too late. Conditions there, however, are much improved generally.

DRURY FAILED TO PUT IN APPEARANCE
[Special To The Advertiser.]
BRANTFORD, July 7.—The members of the Brant Farmers' Co-operative Society were greatly disappointed at their annual meeting held here tonight, when Premier Drury, who was to have been their guest for the evening, was unable to attend, and Manning Deherty, who was to substitute for him, did not make his appearance. George Smith was elected director in place of Charles MacIntyre, who resigned. George E. Wood and Fred Tuck were elected. The report shows last year to have been the most successful in the society's history.

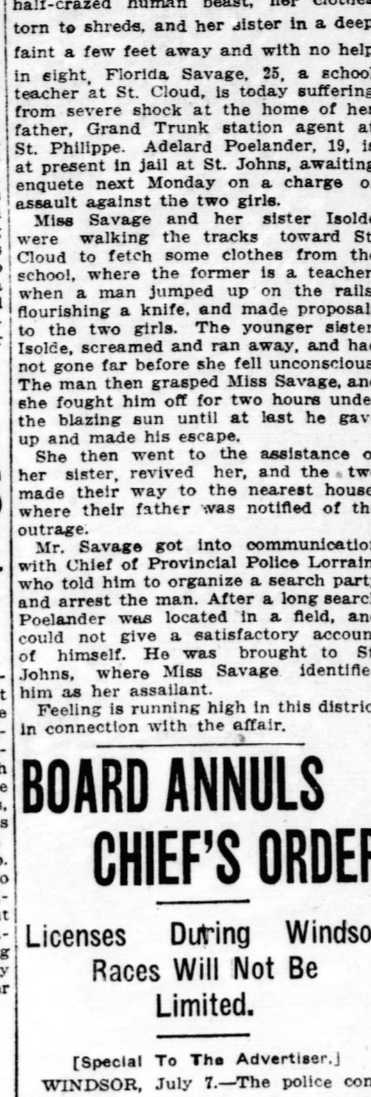

MARINE NEWS
SARNIA, July 7.—Vessel passages: Up—Nye, 11:30 a.m.; Marion and consort, 11:30; Rennselaer, 12; Carl Bradley, 3; Tomlinson, 5; Gleneshee, 5; Munising, 6; Robbins, 7:30; Morden, 1:40 p.m.; Maher, 1:40 p.m.; Davidson, 2; Watland, 2:30; Taylor, 3; Harry Jones, 4:30; Gary, 5:30; Glenbria, 7; Kenney, 7:30; Adriatic, 7:40; Elmore, 7:40; Yates, 8; Dalton, 8.

Down—Ralph and consort, 9:10 a.m.; Houghton, 9:40; Reiss, 10:50; Conneaut, 11; Perseus, 11:30; Wickwire, Jun., 12:20 p.m.; Hutchinson, 12:30; Steel Steel Wolf, 12:30; Sweden, 3; Wilkinson, 5; Neaganes, 6:30 p.m.; Glenstriven, 8:50; Midland King, 4:10.

The steamer Noronic of the Northern Navigation Company will not arrive at this city until late tomorrow afternoon instead of tomorrow morning as scheduled.

Owing to the late arrival of the boat train on the Canadian National from Winnipeg, the Noronic did not leave Port Arthur until 8:20 this morning, a number of hours late. She has a large cargo of flour in addition to a full list of passengers on this trip.

Saturday---and All Next Week AT TIP TOP TAILORS

Will Be Given With Every Suit Ordered!

Choose Any Material You Like
All \$24---With Extra Pants Free

RESOLUTION OF PROTEST MAY BE RESCINDED

Windsor Council Wants Assurance of Power for the Municipalities.

WINDSOR, July 7.—Announcement was made by Mayor Wilson today that if Sir Adam Beck, chairman of the Ontario Hydro-Electric Commission, gives any assurance that plenty of power will be retained for the use of municipalities of this province, it is possible that Windsor City Council at its meeting may rescind a resolution passed on Monday night, protesting against the export of power to the United States.

Mayor Wilson stated that it was unfortunate that the commission had not issued a statement dealing fully with the project and acquainting the people of the province with the details of the scheme before the bare fact that power might be transmitted to Detroit and other American cities was allowed to be published.

Threats Prosecution. A warning was issued by D. M. Hanna, superintendent of the Windsor Water Commission, today that he was prepared to prosecute citizens who violate the water conservation regulations by using lawn hose at all hours of the day and night. He stated that the city is now pumping 30 per cent more water than under normal conditions, and attributed the heavy demand on the machinery directly to wastage by citizens. He claimed that Walkerville is pumping 150 per cent above the normal supply.

Gartno Guarnasmo, former proprietor of the Waverly Hotel, on the Amherstburg road, was sentenced to six months by Magistrate Gundy today when convicted of having liquor in an unlawful place. Guarnasmo's wife and seven children were in the court when sentence was passed. It was his second offence.

Merchant Passes. Philip L. Reaume, prominent Windsor merchant, died last night after an illness of two weeks. He was a native of Windsor, having been born here 55 years ago.

G. G. Foster of the Ontario Minimum Wage Board has commenced investigation of wages and living conditions in the border cities. With other members of the board he is making a general survey of the province. Employers and other interested are being interviewed.

Most Worshipful Grand Master F. W. Harcourt will officiate at the laying of the cornerstone of the new Masonic Temple in Windsor on Saturday afternoon. Local Masons will march to the site of the temple to be present at the ceremony.

In Windsor during June \$252,977.55 was collected in customs: Walkerville, \$523,004.48; Sandwich, \$313.35, totalling \$776,295.38 for the month.

AMERICAN WARSHIP AT MEXICAN PORT

Labor Conditions Not As Bad As Reported.

MEXICO CITY, July 7.—The United States gunboat, Sacramento, sent to Mexican waters as a result of alarming reports reaching Washington, arrived in Tampico yesterday, and is anchored in the harbor there. It was said last night in advices received from Tampico, that the Mexican foreign office refused comment on the arrival of the Sacramento at Tampico. President Obregon also refused to comment on the situation.

The president declared the government did not intend to rescind the recent decree increasing the taxes on oil exported from the country, saying that every barrel of oil taken out of Mexico represented an exhaustion of the natural resources which could not be replaced. He asserted labor conditions in the Tampico district were not as bad as reported.

HAD WRIST BROKEN BY KICK OF HORSE

EMERO, July 7.—Donald Ross, son of Alex. Ross of the 32nd, was kicked by a horse on Tuesday, and had his wrist broken.

Treasurer E. J. Cody of the memorial fund has received \$1,784.88.

While getting a load of sand in Frank Karm's gravel pit yesterday, Alex. McKay had the misfortune to have the bank cave in on him, burying him up to the waist. Murray McNeill was with him and at once dug him out. McKay's left leg is badly bruised.

The price of eggs has again taken a drop. The price paid at egg circles here yesterday was 30 cents per dozen. Creamery butter had advanced to 36 cents per pound.

The farmers in this district are nearly all busy cutting their hay. The wheat is also just about ready to cut.

OFFICIALS ANXIOUS REGARDING STR. CALLAO

NEW YORK, July 7.—Officials of the Munson Line admitted today that they had been trying unsuccessfully for two days to establish radio communication with the liner Callao, due here next Sunday from Buenos Aires and Rio de Janeiro.

Recent reports of pirates operating off the United States coast were depreciated by officials of the line, who added that it was possible atmospheric conditions or disabling of the Callao's wireless was responsible for the failure to raise her.

The Callao, owned by the Shipping Board, carries six passengers and flies the Peruvian flag.

STEAMER MOVEMENTS.

Arrivals. Halifax, July 7.—Carmania, Liverpool; Harlaness, Tampico.

New York, July 7.—Roussillon, Havre; Plymouth, July 7.—Centennial State, New York.

Liverpool, July 6.—Algeria, New York.

Dublin, July 5.—Lord Londonderry, Montreal.

Glasgow, July 6.—Pretorian, Montreal.

St. Nazaire, July 1.—Sandgate, Sydney, C. B.

Cherbourg, July 5.—Olympic, New York.

Strasbourg, July 5.—Mauretania, New York.

Liverpool, July 6.—Empress of France, Quebec.

REMOVAL OF SEATS IS MUCH CRITICIZED

Mothers' Club To Demand Investigation Into the Matter.

ST. THOMAS, July 7.—The removal of the seating accommodation given the best and residents on the Center street boulevard by the Horticultural Society is severely criticized by the parents of heat-suffering children and subscribers as well to the society's fund. The society is making a complaint in the M. C. R. Park. The people objecting to this apparent sectionalism of some of the society's members ask why the transfer is made of many of the seats to the intersections of Talbot street, where they hold a young and healthy crowd of youths who give thanks to the society for so kindly a consideration and convenience.

The Mothers' Club will be asked to make inquiry into this unexpected action of the society's representatives. The fathers and mothers declare that they, too, pay in private subscription or in taxes for the upkeep of the Horticultural Society.

M. C. R. Basket Picnic. The veteran railway employees of the Michigan Central in St. Thomas have received invitations to attend a big basket picnic to be held under the auspices of the Pioneer Association of the M. C. R. Company at Belle Isle on July 14.

E. C. Kessel, who is retiring from active hotel business, will make his home at London.

Orangemen's Service. The local Orangemen with a number of the brethren from London will hold their annual church services at Trinity Church on Sunday afternoon at 3 p.m. Rev. J. W. J. Andrew, the rector, will preach.

About 80 members of the Wintermute family held a reunion on July 4, at the home of Mr. and Mrs. Elias Scott, Melvin, Mich. The next gathering will be at Corlith, Ont.

Opening of Dutton Church. The new Knox Church will be opened at Dutton Sunday. It has a seating capacity of 375. Rev. H. E. Abraham, M.A., St. Andrew's Church, will preach at both services. Mrs. Phillips, London, and Mrs. Jean Anderson Thirde, Toronto, will assist in the musical exercises.

Death of Bernard Baldwin. Bernard Baldwin, a former school teacher at Sparta, died yesterday at Mount Salem. His wife, who survives, was Mrs. George Baldwin, daughter of Rev. Mr. Matthews, formerly of the village. He leaves four daughters. Interment will be in Sparta Cemetery tomorrow afternoon.

Royal Cygnets Susecumb. Born in a democratic atmosphere at Pinaford Park, and hedged in by pheasant fowl at the reservation, the brood of royal cygnets recently hatched by one of the royal swans, succumbed to their surroundings tonight and went the way of bird royalty. If the weather would moderate, Superintendent Clark would have "Last Post" sounded at their burial tomorrow.

Prospectors Fined. Two mining prospectors, Harry Crawford and Thomas Class, appeared in police court today charged with having liquor in their possession contrary to the O. T. A. The two men were arrested early today on a public street where they created a disagreeable and boisterous noise. Both appeared to be intoxicated at the time.

One was fined \$200 and costs, and the other \$100 and costs, making a total revenue to the police coffers of \$300.

These two men are engaged in prospecting near Englehart, and have recently been on a trip to Chatham, Sarnia and Windsor. They had a bottle of gin in their possession, and when questioned as to where they got the liquor they stated that they had purchased it in Chatham from a Belgian—or someone who could speak only broken English. They gave a description of their friend to the police, and an effort will be made to locate this bootlegger who was the original cause of the disturbance.

Another contract with pre-war functions of this kind was to be found in the change in character of the costumes, the rather rigid heavy style of etiquette formerly demanded giving way to light gossamers and heavy embroideries to adornments of vaporous texture. Still another novelty was the large number of ladies wearing war orders, and there was also a real display of jewels.

The state quadrille was danced in the customary manner, the king leading with the Queen of the Belgians and Queen Mary with King Albert.

LONDON, July 7.—The first state ball at Buckingham Palace since 1914 was held tonight in honor of the King and Queen of the Belgians. It had an air of active novelty of the affair, a very large number of the 2,000 guests attending such a function for the first time.

Still another novelty was the large number of ladies wearing war orders, and there was also a real display of jewels.

The state quadrille was danced in the customary manner, the king leading with the Queen of the Belgians and Queen Mary with King Albert.

LONDON, July 7.—The first state ball at Buckingham Palace since 1914 was held tonight in honor of the King and Queen of the Belgians. It had an air of active novelty of the affair, a very large number of the 2,000 guests attending such a function for the first time.

Another contract with pre-war functions of this kind was to be found in the change in character of the costumes, the rather rigid heavy style of etiquette formerly demanded giving way to light gossamers and heavy embroideries to adornments of vaporous texture. Still another novelty was the large number of ladies wearing war orders, and there was also a real display of jewels.

Our Greatest of All July Sales

We are offering a July sale of Furniture that will without question disclose to everyone interested in Furniture the lowest prices on high quality home needs presented within the last five years. This July sale is the greatest of all, from a standpoint of variety, quality and lowness of price, and will mean unlimited savings in the complete furnishing of the home.

For months we have expended efforts and brought prices

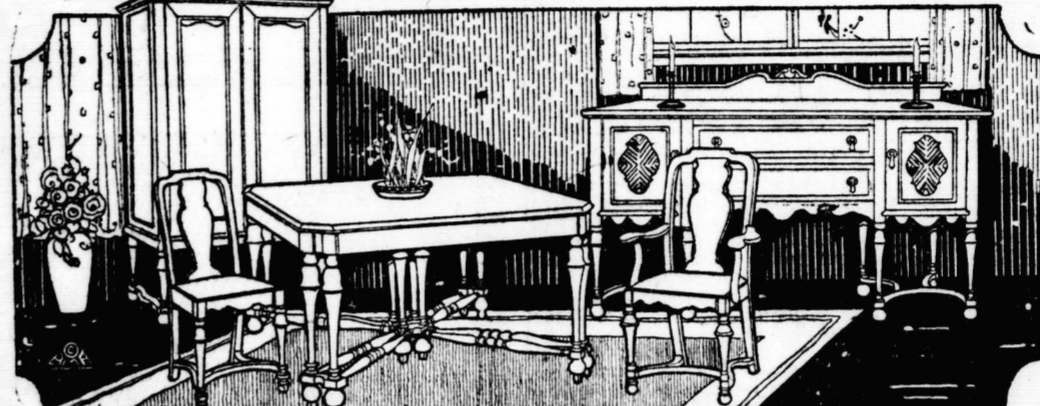

down—down—down! Now, with an additional discount of one-third on these reduced prices, we honestly believe we are offering good furniture at prices at the lowest point they will reach in six months, and perhaps a year. We feel sure that all who purchase Furniture now can do so with the assurance that nothing will be materially gained by waiting longer. The earlier you attend the better will be your choice.

With Prices Reduced 33 1-3%, Luxurious Living-Room Suites—the Finest Made—Are Within Means of Everyone

Doubtless the very living-room suite which some time ago you desired to own, but felt that the price was a trifle prohibitive, is now down to a point where it is really cheap. It's a fact that the finest living-room suites in our entire stock are now within the means of all.

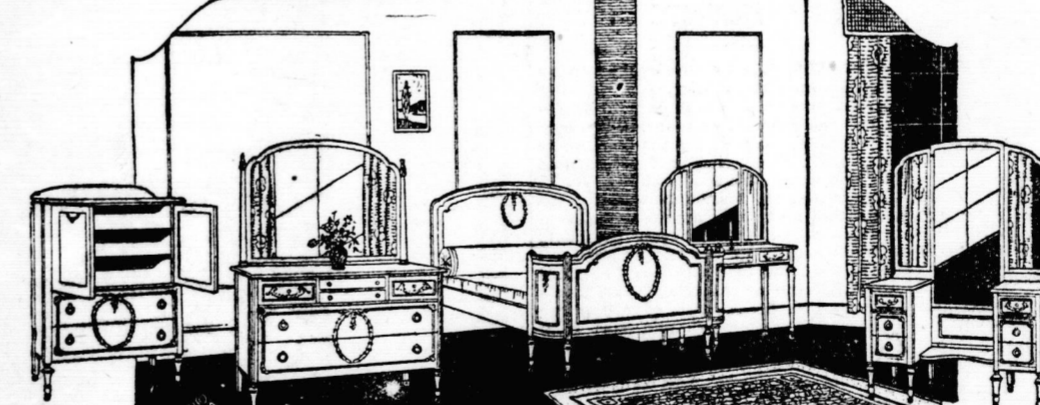

There are two and three-piece suites in figured mohair, cut-figured velour, tapestry and damask, in your choice of several exquisite designs, and all are offered at 33 1-3 per cent off the marked price. The suite pictured above, in English tapestry, two pieces, sells for \$250.00.

Get That Handsome Period Dining Suite You Have Longed to Own NOW—Realize a Saving of 33 1-3%.

Don't be content with a cheap dining-room suite, when you can get a handsome period suite in your choice of walnut or mahogany finish for the same price that cheaper built suites formerly sold for. That suite you have always longed to own can now be secured at a ridiculously low price, and on convenient credit.

The most desirable period designs are represented in our large and complete stock, many suites having the ultra-modish oblong extension table. The nine-piece suite illustrated, in rich brown walnut finish, with large buffet, eight-foot extension table, now \$495.00; regular \$750.00.

Pay 1-3 Less Than the Marked Price on Any Boudoir Suite in Stock. Period Suites Are Included.

Women, who are probably the best judges of furniture values, will appreciate the great savings now offered on bedroom suites. Our entire assortment of bedroom furniture enters this sale at exactly one-third off the marked price.

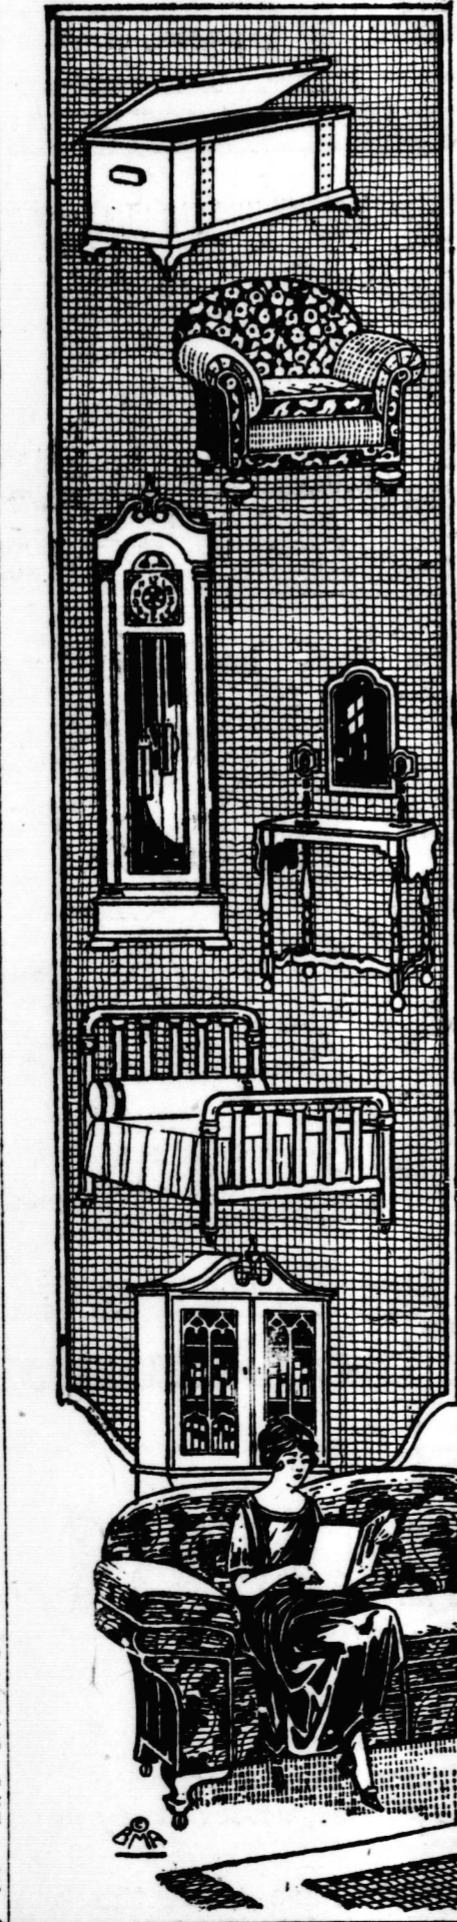

There are suites consisting of from three to nine pieces, in mahogany, walnut and antique ivory finishes, in the very latest designs and low prices that are really startling.

Our Entire Stock of High-Grade Rugs 33 1-3% Off Marked Prices.

FERGUSON TRIES TO KNOCK DRURY

Hands Out the Usual Line At Thamesville Meeting.

[Special To The Advertiser.] THAMESVILLE, July 7.—At a Conservative meeting held here today, Hon. G. Howard Ferguson sprung the same line of stereotyped stuff he has been handing out in various ridings. He was not particularly well received as far as his speech went, as attacks on Premier Drury are not popular with farmers in this section.

Mayor Beamish of Bothwell presided, and short addresses were given by Phil Bowyer of Ridgeway and Finlay McDiarmid. There was little enthusiasm at the gathering, and it is fairly obvious that farmers of this district are tired of Meighen and the crowd at Ottawa, as well as some of those in Toronto. Mr. Ferguson claimed that many pledges made by Premier Drury to the people of the province had been either entirely ignored or ruthlessly broken. "No other prime minister since Confederation," said Mr. Ferguson, "has shown such an utter disregard for the pre-election professions or so constantly broken his promises to the people."

When campaigning against the old Government and after coming into office, Mr. Drury was profuse and emphatic in his statement of the many reforms he proposed to bring about. Mr. Drury gave his pledge that there would be a reduction in provincial expenditures and great economy in administration. In Mr. Drury's first year the capital expenditure jumped from \$47,000,000 to \$83,000,000. This sum is more than the capital expenditure in any other two years combined in the history of the province, and is an increase of \$36,000,000 over 1919.

When Mr. Drury took office he found \$5,000,000 in cash in the bank and legislation on the statute books passed by the old Government which brought in during their first year in office over \$5,000,000 more in revenue than had ever before come into the public treasury in any year, said Mr. Ferguson. It came as a rude shock to hear from the treasurer at the end of the first year in office that they had spent not only the extra \$5,000,000 income collected during the year, but had actually spent \$2,000,000 of the \$5,000,000 cash left them in the bank as well, and still had a deficit of \$800,000.

The Drury economists used \$7,000,000 more than had ever been used by any other Government to run the business of the province for one year, and even then were \$800,000 behind, Mr. Ferguson declared.

PRISONERS SMASHED WINDOWS. HAMILTON, July 7.—A number of prisoners at the jail made a massed attack on the windows in their corridor and smashed them to get more air. There were no turnkeys present at the time, and when they came rushing in from another part of the jail the damage was done. The matter will be investigated.

PREMIER DRURY LEAVES FOR NORTH

TORONTO, July 7.—Premier Drury left for his home at Crown Hill tonight, and a week-end will go to Fort William, where on Monday night he will deliver the first of a series of addresses in the northwestern part of Ontario. He will visit Kenora to get some local light on the Lake of the Woods controversy, and will also speak there on Wednesday night. He will be at Nipigon on the 14th, Kapuskasing on the 15th, and at New Liskeard on the 16th.

NAIL CAUSED LOOKIAW.

STRATFORD, July 7.—The funeral of Miss Ethel Westman, aged 17, held to Greenwood Cemetery, was conducted by Rev. T. Sawyer. Deceased, who was a daughter of Abner Westman of Morn-

HELPED SAVE CHILD.

TORONTO, July 7.—Rev. Henry A. Berlis, Presbyterian minister and member of the Toronto Board of Education, gave some of his blood today to save the life of the little child of a member of his congregation. He later went to a Sunday school picnic, apparently none the worse.

VESSEL IS BURNED.

AMHERSTBURG, July 7.—The old famous vessel, Marie Martin, which has been sunk in Callam's Bay below town since being raised from the head of Belle Isle, was burned to the water's edge Tuesday night, and an eyewere which was seen from the most valuable property in Malden township is now removed.

TWELVE

GERMANY HAS NOT GONE COMMUNIST

Uprisings in Easter Week Are Abortive, Exaggerated and Not Significant.

WORKERS HOLD ALOOF

Leaders Mostly Untrained Youths, Adventurers and Nondescripts.

BERLIN, July 7.—The Communist uprising of Easter week in Germany did not prove that there is impending danger of Bolshevism in this part of Western Europe. On the contrary it brought to light the irresponsible agitation and trivial leadership of the German Communist Party, and emphasized its consequent want of influence over the great majority of German people.

The uprising shows that the German workers have not "gone red," and, if anything, that there is less revolution in Germany today than at any time since the armistice. The German workers are perhaps a little more inclined toward political action as any people in the world. They have not the least enthusiasm about political doctrines, communism or any other.

It was also misleading to speak of the conflict between the German Communist Party and the "reds" as "military operations." Central Saxony was the "front," and even more so of the hands which attempted to establish a "red army." The Communist uprising at least had the value of showing the absurdity of the statements of many alarmists who for reasons of their own talked of the "enormous secret communist army" which was supposed to be ready for action at any moment. The red army during the uprising and not one of them either in leadership, organization or equipment was worthy of the name.

"Reds" Blamed for Bloodshed. There is no doubt that the responsibility for much of the bloodshed last March rests with the Communist Party. How much of this can be put on Moscow which now and then is supposed to be a "blood bath" abroad to help along the revolution at home, it is difficult to say. Keeping the peoples of Europe constantly agitated, arousing class feeling and hatred, and increasing popular misery as the best breeder of communism are tactics which I heard a communist advocate last year in Halle, and which no doubt are dear to some Communist hearts.

Even here in many a part of the German Communist party hesitated to arouse the workers to arms. Most of the leaders obviously kept their hands off. The big Berlin party went only half as far as that of Halle. In some parts of Germany the party ventured no action whatever. Indeed, in the fighting zone of Saxony the Communists were divided.

At the Leuna works the Communist head of the workers' council, for example, told me that he opposed this action as badly timed and plain suicide. The Zeiss works, which I visited at the time, though nearly half Communist, gave no support to the action, and the same was almost as true of Leipzig, one of the strongholds of the party.

Notable of the leadership in the March uprising was that most of the torch-bearers were young, irresponsible boys who never played any part in the German labor movement and who had not the slightest claim to the confidence of the German workers. They were not members of the papers, pretended Russians or other foreigners. Most of them were members of the so-called "Communist Labor Party," which has its headquarters in Moscow, but which is not a member of the Third Internationale. The leaders of this party are, for the most part, young fanatics, many of them overworked "intellectuals" who have made themselves dizzy with their own phrases.

Leaders Are Untrained Boys. The rank and file among the Communist workers are not the German workers, but the boys who grew up during the war untrained, who either ran wild in the streets, or who earned their money by holding fat jobs. Among them too is a sprinkling of so-called National Bolsheviks, Nationalists, who find that Hohenzollern nationalism does not pay, are now trying the Trotsky brand.

The military conspiracies of these groups would be funny had they not led to the death of so many misguided workers. Some weeks ago a so-called "military conspiracy" was unearthed and prosecuted by the Government at Halle with much gusto. Nationalists who hoped again to their heads, and talked of the dangers from the Bolshevik uprising in Germany. There was undoubtedly a conspiracy, but the military plans of this band were too childish for serious comment.

That the German Communist militants were committing a military folly was amply proved by the March uprising. Albert, one of their own men, was publicly in the Red Flag, warned the workers that armed action would be folly at a time when the other crowd had most of the guns.

Times have changed since the old Liebknecht days when every man had his gun and was in the habit of carrying it. This uprising proves that disarmament, at least so far as the individual German citizen goes, has been effective. The Orghesh and so-called home defence organization still have their rifles tucked away, but the individual German, whether worker or man in the office, gave up his last year, tempted by the premium.

The much exaggerated "red army"

MARSHAL FOCH COMING TO CANADA

It is practically certain that the commander-in-chief of the allied armies in the late war, will be a guest and speaker at the Great War Veterans' convention, to be held in the latter part of September.

therefore went into the field with no artillery, very few heavy and light machine guns, and not one rifle for five men. The so-called fortress of the Leuna works despite fantastic stories had only 360 rifles, four light and one heavy machine gun. This I know because I saw their armory at the time the German press was talking out "500 machine guns and countless rifles."

TONS OF TOMATOES ARE BEING SHIPPED

Early Vegetable Growers Around Ruthven Are Reaping Rich Returns.

RUTHVEN, July 7.—The hot spell may mean discomfort to many, but in this district it is bringing rich returns to growers of early vegetables and fruit. Tons of tomatoes are being shipped. On Tuesday evening Stationmaster Bolton handled no less than 2,550 eleven-pound baskets of tomatoes, all in the finest condition, and from now on the shipments will be heavier. Generally speaking everything is ripening about ten days earlier than last year.

The early ripening of fruit, together with the hay and wheat, means busy times for the farmers, and they are putting in long hours. A great deal of wheat has been cut and it is a fine sample. The big corn crop, which never showed better prospects, is also being cut, and many fields of it can now be seen cut in full tassels.

Hay Crop All In. The hay crop is now all put up in large stacks in the field, and tons of it has been stowed away in the barns. This crop has been cured out in the best possible shape and will make fine feed for live stock later on.

Principal Chester Hunter of the public school here, who went to spend his summer vacation with his parents in Southwold, went out into the harvest field to assist his father and was overcome with the intense heat, causing a light stroke, according to a telegram received here.

E. Clair Jarvis of London, head commander of the Woodmen of the World, paid Ruthven Lodge a visit on Tuesday.

Fred Chute, wife and daughter, Miss Irene, of Wheatley, were the guests of the former's parents, Mr. and Mrs. J. J. Pearson, here this week.

Rains Damage Roads. The recent heavy rains caused some dangerous washouts at places on the lake front road, and the council has appointed Peter Upcott to oversee the repairing of them at once.

J. P. Pearson and Miss Jean Shaw of Chatham are the guests of the former's parents, Mr. and Mrs. J. J. Pearson, here this week.

Dr. Claude Moore and wife, who have just returned from a trip to Des Moines, Iowa, stopped off here on Monday, and were the guests of the former's sister, Mrs. Cameron Wigle.

Mrs. Solomon Fox, who had been slowly recovering her health, took a relapse on Tuesday and is seriously ill again. Heart trouble is the cause of the illness.

ASKS CITIZENS TO LOOK AFTER THE DELEGATES

Mayor Appeals To People To Take Visitors in Their Homes.

ST. THOMAS, July 7.—Because of the limited accommodation of the local hotel the mayor is appealing to householders to make provision for the opening of their homes to the big crowd of visitors who will come to the city in connection with the convention of the B. of L. F. and E. which meets, in St. Thomas from August 1 to 6. Delegates, their wives and families from the chief cities of Canada and the United States will be here by the hundreds. The mayor asks that they be given a big share of the best to be had in St. Thomas.

The Baby Clinic. The baby clinic, considering the sweltering temperature, was fairly well attended this afternoon. About a dozen and a half little ones were treated. Miss Cameron, the newly-installed nurse, with Miss Riddle, public health nurse, Toronto, and Miss Burns were in waiting. The examining physicians were Dr. MacKenzie and Giddison. Miss Burns is leaving for Leamington this week, and will make a survey of Essex County.

Pastor Will Holday. Rev. W. P. Gaetz, pastor of the First Methodist Church, has been granted his holidays and will take them this month. During his absence his pulpit will be supplied by Rev. D. Rogers, D. N. Canus, J. P. Reynolds and P. S. Dobson.

POLICE SEIZED TWENTY CASES OF LIQUOR AT PORT

Sarnia Man Is in County Jail After Pleading Guilty.

[Special To The Advertiser.] ST. THOMAS, July 7.—Alex Crossley, Sarnia, is locked up in the county jail, pending a sentence to be given him by the county magistrate on Monday for secreting 20 cases of various brands of liquor in a place on Hill Street, which is not in the bounds of the Ontario temperance act.

The license inspector went to the resort early this morning and seized the assortment as well as the auto of Crossley. The man from Sarnia, after pleading guilty, confessed to having met a stranger, who directed him to a place on the Lonkwoods road in Midland where Crossley would find the liquor cached.

True to this information of the stranger, Crossley came across the goods, in ten large sacks and landed over \$2,500 for the bundles. The auto was left on Hill Street to wait the return of the officers. But when they got back they found the car gone and no trace of its whereabouts.

PORTION OF CANTEN FUND FOR VETERANS

Cabinet Passes Order-in-Council Setting Aside Monies.

OTTAWA, July 7.—The cabinet today passed an order-in-council setting aside a portion of the monies to be received from the expeditionary force canteen fund to be used for the purpose of relief work among indigent veterans of the late war. Officials of the G. W. V. headquarters branch here stated tonight that no specific amounts had been mentioned, but that monthly payments would be made by the Government out of the fund and that a board of trustees would administer the relief. The members of this board, two of whom are Government appointees and two from the G. W. V. A. consist of Major N. F. Parkinson, deputy minister of the department of soldiers' civil re-establishment, Major J. Barnett, chairman of the soldiers' settlement board, R. B. Maxwell and C. Grand MacNeill, president and secretary, respectively, of the G. W. V. A.

PICNIC PARTY LOSES CAR AT SPRINGBANK

After disporting themselves at Springbank last night, John Bullivant and his family of London Junction, returned to the place where they had parked their car, only to find it gone.

Mr. Bullivant was then forced to ride to the city via the London Street Railway. On reaching here he reported the incident to the police, who now have the matter in hand. The missing car is a Chevrolet, license No. 64-061.

A neighbor was good enough to convey the unfortunate motorist to his home, a short distance in the country from London Junction.

THEY CALL THIS HOT AT OTTAWA

OTTAWA, July 7.—The highest temperature in the records of the official meteorological station for the district of Ottawa was registered this afternoon when the mercury reached 95 degrees in the shade. Tonight brought no relief in the intense heat, with a 9.30 the thermometer registered 86 degrees, with no wind.

NEW CHIEF JUSTICE TAKES OFFICE MONDAY

WASHINGTON, July 7.—Former President Taft is to be sworn in Monday as chief justice of the United States. The ceremony, it is said today, will take place in the office of Attorney-General Daugherty, and the oath will be administered by Justice Hoelling of the District of Columbia Supreme Court in the absence from the city of the justices of the United States Supreme Court.

HEADS FUNERAL DIRECTORS. WINNIPEG, July 7.—C. N. Greenwood, Stratford, Ont., was this afternoon elected president of the National Association of Funeral Directors at the inaugural session. W. B. Yule, mayor of Swift Current, Sask., was elected secretary. The first session of the convention will be held tomorrow.

MISSING GIRL MAY HAVE BEEN DRUGGED

Police Following Up Clue From Township Near Brantford.

HAMILTON, July 7.—A clue that may result in the solution of the disappearance of Miss Viola Davidson of Brantford has been discovered in South Clinton Township. A prominent resident of the district a few days ago noticed a young girl answering the description of the missing Miss Davidson being ejected from an automobile. Later he got in touch with the police. The girl seemed to be in a comatose condition. The occupants of the car, which it has been discovered, came from Toronto, returned later and picked the girl up. The driver said the girl was crazy and then rode off with her. Miss Davidson's father was in Grimsby, investigating, and he feels satisfied that the girl was his daughter.

NEW YORK, July 7.—The London representative of the Guaranty Trust Company of New York has returned from a tour of observation in Germany, during which he visited Berlin, Essen, Düsseldorf and Dortmund and the agricultural districts between Berlin and the Dutch-German frontier. He reports that Germany, despite her handicaps, is thriving.

"All the way from the Dutch border to the German capital was an unending panorama of waving grain," he says. "The German crops are unusually far advanced. Both the rye and wheat crops are advanced. While a large number of locomotives are in bad repair, there is considerable work in reconstruction under way, and new canal construction. Wherever there was a chimney stack it was belching smoke. Compared with Holland, there is marked absence of cattle and horses, and the labor in the fields is being performed almost entirely by women. In Berlin the hotels are all crowded. The price of accommodation in Berlin is about the same as at hotels of a corresponding class in Paris and Brussels, prices having been raised to cover the depreciation in exchange. There is ample supply of food of all kinds, and fresh milk is now available for families with children. Those without children

GERMANY THRIVING, IS REPORT TO BANK

Krupp Works Turning Out Great Variety of Products.

NEW YORK, July 7.—The London representative of the Guaranty Trust Company of New York has returned from a tour of observation in Germany, during which he visited Berlin, Essen, Düsseldorf and Dortmund and the agricultural districts between Berlin and the Dutch-German frontier. He reports that Germany, despite her handicaps, is thriving.

"All the way from the Dutch border to the German capital was an unending panorama of waving grain," he says. "The German crops are unusually far advanced. Both the rye and wheat crops are advanced. While a large number of locomotives are in bad repair, there is considerable work in reconstruction under way, and new canal construction. Wherever there was a chimney stack it was belching smoke. The price of accommodation in Berlin is about the same as at hotels of a corresponding class in Paris and Brussels, prices having been raised to cover the depreciation in exchange. There is ample supply of food of all kinds, and fresh milk is now available for families with children. Those without children

"The articles manufactured at the Krupp works today cover a surprisingly wide range. They include railway supplies of all kinds, cash registers and adding machines, surgical instruments, doors for safes, Locomotives, iron and steel products of all kinds, machines for textile and paper industries, apparatus for moving pictures, dredges, floating docks, pneumatic tools. The Krupp works are also manufacturing machinery for making artificial teeth. They are not only manufacturing the machines to make the teeth, but they are also manufacturing the teeth. The variety of goods is turning out this large Krupp works with exactly the same workmen who made war munitions. Every tool used in the manufacture

of war munitions is being used to manufacture the articles of peace. Even swords are being beaten into candlesticks. At the Germania Shipbuilding plant owned by the Krupp in Kiel-Gaarden, they are employing more men than before the war, about 100,000, compared with 85,000 in July, 1914."

"The great locomotive shop of the Krupp works at Essen heavy locomotives are turned out complete at a rate of one a day. In another shop good wagons are manufactured at a rate of eight a day. In still another building nearly five-ton lorries were being manufactured alongside of small motor scooters."

"The articles manufactured at the Krupp works today cover a surprisingly wide range. They include railway supplies of all kinds, cash registers and adding machines, surgical instruments, doors for safes, Locomotives, iron and steel products of all kinds, machines for textile and paper industries, apparatus for moving pictures, dredges, floating docks, pneumatic tools. The Krupp works are also manufacturing machinery for making artificial teeth. They are not only manufacturing the machines to make the teeth, but they are also manufacturing the teeth. The variety of goods is turning out this large Krupp works with exactly the same workmen who made war munitions. Every tool used in the manufacture

of war munitions is being used to manufacture the articles of peace. Even swords are being beaten into candlesticks. At the Germania Shipbuilding plant owned by the Krupp in Kiel-Gaarden, they are employing more men than before the war, about 100,000, compared with 85,000 in July, 1914."

"The great locomotive shop of the Krupp works at Essen heavy locomotives are turned out complete at a rate of one a day. In another shop good wagons are manufactured at a rate of eight a day. In still another building nearly five-ton lorries were being manufactured alongside of small motor scooters."

CARPENTER FACES CHARGE OF THEFT

A carpenter employed by the military at Carling Heights was arrested on a warrant by Detectives Downs and Bolton last night. The charge is theft.

GERMANY THRIVING, IS REPORT TO BANK

Krupp Works Turning Out Great Variety of Products.

NEW YORK, July 7.—The London representative of the Guaranty Trust Company of New York has returned from a tour of observation in Germany, during which he visited Berlin, Essen, Düsseldorf and Dortmund and the agricultural districts between Berlin and the Dutch-German frontier. He reports that Germany, despite her handicaps, is thriving.

"All the way from the Dutch border to the German capital was an unending panorama of waving grain," he says. "The German crops are unusually far advanced. Both the rye and wheat crops are advanced. While a large number of locomotives are in bad repair, there is considerable work in reconstruction under way, and new canal construction. Wherever there was a chimney stack it was belching smoke. Compared with Holland, there is marked absence of cattle and horses, and the labor in the fields is being performed almost entirely by women. In Berlin the hotels are all crowded. The price of accommodation in Berlin is about the same as at hotels of a corresponding class in Paris and Brussels, prices having been raised to cover the depreciation in exchange. There is ample supply of food of all kinds, and fresh milk is now available for families with children. Those without children

"The articles manufactured at the Krupp works today cover a surprisingly wide range. ried on from the Spanish side of the frontier led by Bedem en Salah, long known as an Austrian protege and spy, and Abdul Malek, formerly prominent in Germany's service.

These agitators, it is said, are devoting millions of francs as well as ceaseless energy to stirring up the Mussulmans against the French protectorate and are urging the allied policy in Constantinople and Asia Minor as of their contention that France intends to abandon her friendship for the hammedan peoples. According to students of the situation, this pro the one obstacle to early pacification of the whole region from Tunis Casablanca

Mammoth Cave Rivalled By Vast New Cavern

St. Louis, July 7.—Did the mighty subterranean stream which eons and eons ago carved out Mammoth Cave change its course after completing one of the western world's grandest wonders and begin chiseling a great new channel through the limestone strata of Hart and Edmonson counties, Kentucky? This is the question geologists are making, since the discovery of a new three-tiered cavern of gigantic proportions three miles from the great cave. Through the lower tier there rushes a river of such volume that its force carries a stream of cold water across the current of Green River when it emerges, showing up black and sombre against the placid emerald of the parent stream. Only such a river, say they, could have created the great cave—the Mecca of tourists for over a century—with its halls and cathedrals, pits and domes, stalactites and stalagmites, avenues of entrancing beauty, and its gypsum, limestone and onyx, molded with uncanny touch into every conceivable form and shape.

Scenes of Dazzling Beauty. Echo River, the bewitching stream that rises and falls with the tide of Green River, they say is not the answer. Surface rivers sometimes change their course; why not those that flow hidden from the eyes of man? Pioneering beneath the earth, Lee Collins and his son, Floyd Collins, farmers, found in February what they believed to be the answer to the perplexing riddle after they discovered a pit leading down to a second gallery in a cave on their place, which they had already named Great Crystal Cavern from the dazzling white gypsum which hangs in snowy folds from the roof and tiers of the underground passages.

A kerosene lamp, which shone with a yellowish gleam in the Stygian darkness, revealed avenues of beauty never before trod by man, unless the aborigine knew this place and came here to hide from the foe. Hardy explorers as they were, they were overcome with astonishment and fright at first. A noise which they did not understand came to their ears. They listened and recognized it as the purring of water. Then cautiously they pressed on.

Around a turn the weirdly flickering light beams danced on the ripples of a stream 40 feet wide. A ledge on one side gave ample footing. A mist rose into the air which glistened with a hellish light which only a Dante could depict, as the river dropped precipitately to a great hole below.

Torch Hurled Into the Abyss. Only a moment they stood before the precipice and its yawning darkness, then retreated. Two days later they resolved to try again. Climbing through the rat holelike aperture which leads from the upper tiers, they carried lanterns and torches and food. Awed only a moment by the incessant roar of the falls, they lit a torch and threw it forward over the catwalk. Spirally it descended, illuminating the suddenly in the raging waters. In that one brief moment they saw a wonder never before seen by man. They lit their torches and watched the momentary lifting of the darkness in the gulf below. Estimating the distance to the lower tier, they turned to tell their story to those who would listen.

Tarrying awhile, they became enthralled with the task of exploring the labyrinth of turns and openings. Then the elder Collins discovered that their footsteps left an impression in the light glaze of sand on the cave floor. In this way they retraced their steps until they reached the upper tiers.

four Kentucky counties—Hart, Barren, Warren and Edmonson—there are practically no creeks. The drainage is almost entirely subterranean, and these hidden streams pour their waters into the great Green River, mostly in the form of springs. The valleys are saucer shaped and flow to a centre. Here are sinkholes into which the water disappears into a natural underground system. As a consequence nearly every farm of any size in this region can boast of a cave.

One day, Lee Collins, who had explored other caves, decided to investigate the one at the threshold of his home. For road building was needed, and he decided that the sinkhole was an appropriate spot to blast, where the limestone outcropped. The result was a larger entrance.

That was two years ago. Mustering courage, he descended with a long rope tied about his body. Sixty feet below, he reached the bottom. It was large and roomy down there. Subsequent days until one day he walked two miles and the family took notice.

He reported the recesses a veritable fairyland with snowy incrustations and weird ornaments of nature hanging from the ceilings. The reported find spread to Cave City, ten miles away, and embryo geologists went to the scene. A mile more of galleries were explored, but here where the walls were green and barren rivers, mostly in the form of springs. The valleys are saucer shaped and flow to a centre. Here are sinkholes into which the water disappears into a natural underground system. As a consequence nearly every farm of any size in this region can boast of a cave.

Undaunted, the father and his two sons, Marshall and Floyd, slowly removed stone after stone. Only a few yards of broken down natural masonry removed, and a wondrous avenue was opened to their vista. One mile further they found a passage, the entrance to which had never been opened, but in the new airway they found the hole that led to the lower cave. On another wing which they opened up was revealed what may alone be classed as one of the wonders of America, "The Grand Subterranean Canyon." Here the water has cut its way down sheer perhaps 170 feet. The walls rise abruptly on each side in

GIRL WHO IS SUING WROTE GUSHY LETTERS

Interesting Evidence in Breach of Promise Action in Detroit.

(Special To The Advertiser.)
DETROIT, July 7.—Monica Hutton, a former London girl, who is suing Arthur F. Stott, son of David Stott, Detroit "four king," for \$150,000, charging breach of promise to marry, has been offered \$1,000 a week to appear in Detroit vaudeville theatres, it became known today.

George E. Gleese, manager of the Miles Theatre here, approached Edward H. Kennedy, gen. Miss Hutton's attorney, with a proposal that Miss Hutton sign a contract for theatrical work. He was told that the girl would not consider such an offer. Mr. Gleese said, however, that he would confer with Miss Hutton personally.

For the first time since she took the witness stand on the opening day of the trial, Wednesday of last week, Miss Hutton was allowed to leave the courtroom before the close of the session. They were Miss Mary C. Burgess, an employee of Detroit Gear and Machine Company, where Miss Hutton was employed in 1919; Dr. W. E. Martin and Dr. Richard S. Dupont.

Doctor's Evidence.
Dr. Dupont testified that he had attended Miss Hutton when her son was born. He said that three weeks afterwards Stott had called on him and questioned him as to the sex and health of the child.

Dr. Dupont testified to the birth certificate filed with the board of health naming Stott as the father of the child. "Didn't you place a question mark after Stott's name?" asked Grose. "I will have the original certificate in court tomorrow to refresh your recollection," announced Grose.

Dr. Dupont was the last witness examined before court was adjourned. Dr. W. E. Martin, with whom Dr. Dupont shared offices for 15 years, said he had practiced in Detroit 25 years and had known Stott eight years. On his first visit, he swore, Stott introduced himself as a grocery clerk. Dr. Martin testified to having examined Miss Hutton at Stott's request and expense in 1917.

Had Often Called.
Miss Burgess testified to Miss Hutton's ability as a bookkeeper, and said Stott had often called her at her office. On cross-examination, Mr. Stott attempted to show that Miss Hutton's business associates regarded her as a clever woman.

"She wasn't a dunce, was she?" he asked. "No, by any means," answered Miss Burgess. "She was known as a shrewd, clever woman, wasn't she?"

Yes, she was. On direct examination, Miss Burgess. Dr. Martin and Dr. Dupont were questioned by John P. Kirk, plaintiff's counsel.

The girl declared Stott had met her at the station upon her return from Toronto, had called upon her that evening and made a proposal of marriage.

Mr. Kennedy read to the jury some letters he had.

Read the Letters.
"If wishing or coaxing would bring you here," Mr. Kennedy read from one of his client's letters to Stott. "I think when it was all over you would use the slang expression 'Never again.' For truly it seems a year since I was with you and you would get little peace for, as you know, few people meet what they call their ideals, as mostly always there is something lacking, and I have really more than I anticipated for when forming mine I expected a few flaws and there are none in mine. Again I am getting on that delicate subject and I tried not to, but one wish of mine is that you could realize how much I think of you. Some day you may appreciate my position when you meet a real ideal, but all is fair in love and war, so selfish Monica wishes you never will."

Stott's War Record.
Stott's record, which came up for some discussion Wednesday, was touched on in another letter, an extract from which follows:

"I was beginning to think you were far from the U. S. A. Very much unlike me to wish you were—why? So you wouldn't have to go to war. Well, to be truthful, I can't imagine them roping you in if you make up your mind not to go. If you could see the soldiers who have served and returned over to Canada, I feel sure you would think of one of your clever little sophisms and crawl out—be sure and let me know by return if you can come, and also tell me if you want to or expect to go to war."

"Last night."
Even though so much excitement, I really must confess that I never was so lonesome. I have been told many times that I was spoiled, but now I admit that I am very much so, as I realize, too much for my own good, that a 'real' man has come into my life, and no one else could take your place, or please me now, as after one has had the best there is, they likely will never return.

Some Mushy Stuff.
"Termining you a man in lieu of a boy sounds so old to me, but truly every thing contained in that little word, and I wish you could realize my sincerity when I say a truly wonderful and real man, as I have always felt when in your graces and each other, wise, that a great iron fence, so as to speak, encircled me, and you would never let any harm come to me in the least way. There really is nothing so wonderful as true love, and as a girl to feel so entirely protected. Then again, I feel perfectly satisfied with the thought that it is not, to a great extent, reciprocated, and as it stands now is all I want and expect, as I am the happiest girl in the world when with you."

Considerably Flushed.
Miss Hutton was considerably flushed when asked to explain why she had signed several of the letters "Bugs." She testified, finally, that it was an abbreviation of "honey bugs," a name which Stott had applied to her.

"Have you any more letters?" Kennedy demanded of Grose, after finishing his reading.

"I am not on the witness stand," Grose replied. "There is a way to get what other letters I have."

Judge Dingman supported this position.

SULPHUR BATHS TO BE REOPENED SOON, IS DECISION OF P. U. C.

Swimming Pool in Daily Operation—Pond For Queen's Park.

During the present wave of hot weather Londoners have longed for an old-time dip in the sulphur baths on Thames street, and their hopes will be realized in the near future, following the decision of members of the public utilities commission at a special meeting Tuesday afternoon. The commission accepted the offer of the London Mineral Baths to have full use of his premises for the summer.

The swimming pool will be placed in operation under the direction of General Manager E. V. Buchanan at once, and citizens and children will be allowed their daily swim. A small change will likely be in order to cover maintenance charges for the sulphur baths.

Queen's Park Pool.
In addition to providing a swimming pool for central and west end residents, the commission did not neglect the children in East London. The water slide in the pond at Queen's Park will be temporarily removed to Victoria Park at once, and this site will be utilized as a wading pool for the kiddies, similar to the one at Thames River. The action on the suggestion of Mayor E. S. Little that a wading pool be constructed on the federal square, in view of the expense involved and the proximity of the sulphur baths.

Shotgun For Caretaker.
Manager Buchanan was authorized to purchase a shotgun for the use of the caretaker at the Springbank Zoo, in destroying weasels, skunks, cats, blackbirds and sparrows which infest the zoo, and steal the rations of the animals and fowl housed there.

He reported that while the medical committee did not intend to treat all accident cases occurring at Springbank as heretofore, there are no surgical instruments available, but the commission felt that the cost of same is too high to warrant purchasing for such emergency cases.

Test for Water Supply.
Testing for a further drinking water supply for this city will likely be made by a United States firm of experts in the near future, and Manager Buchanan was instructed to obtain further details before any action is taken. This Ohio firm presents an attractive contract for sinking test wells, having recently produced eight million gallons of water daily for an American city, and the committee felt that if such good fortune were in store for London, negotiations would be worth while. Mr. Buchanan will report on this project at the next meeting.

Refreshments for Twelfth.
During the meeting Manager Buchanan asked, "Mr. Pocock, will you permit me to sell drinks in Queen's Park at the Orange celebration of July 12th?" "Will Mr. Pocock be permitted to mix the drinks?" interjected Commissioner T. W. McFarlane. "He will be a thirsty bunch," replied Mr. Pocock. "I'm not the kicker."

"You aren't?" jocularly retorted Commissioner McFarlane, and the applicant was granted the refreshment concession for the afternoon, subject to payment of a \$20 fee.

Bill For Damages.
A bill for damages caused by a citizen putting his foot through a hole in his floor, and through the ceiling of the room below, the said hole being alleged to have been neglected by a hydra electric wiring, the house, was presented. The commission decided that \$25 will cover the damages caused, and voted same to the claimant "without prejudice."

WATER SUPPLY FAILED AT PORT WEDNESDAY

Village Tank Goes Dry When People Become Heavy Drinkers.

Owing to the continued hot weather, residents of Port Stanley and summer visitors were deprived of a supply of drinking water on Wednesday night, the contents of the village tank being inadequate to meet the demands of the evening. As a result there was a rush on the soft drink supply of refreshment concessions at the lakeside resort, many of which were exhausted in a short time.

The water supply of Port Stanley is derived from a tank from Lake Erie, and was drawn off much more quickly than it reached the tank, with the result that a temporary drought was experienced. However, the tank refilled during the night, and on Thursday morning there was an ample supply of aqua pura on hand, although this may not prove sufficient. Old Sil keeps up his record of the last few days.

An Accident At 150 Dundas
Street Causes Many Eager Buyers To Open Their Purse.

No, it wasn't a highwayman, but just the ordinary window trimmer at Tudor's who was all the excitement today by getting the price tickets mixed up a little, and here's how a few of them read to the masses. The street: President Style Suspenders, regular 75 cents, 45 cents. Soft Collars, regular 40 cents, 4 for \$1.00. Genuine Pongee Silk Shirts, regular \$3.00, \$4.25. Hole-proof Silk Hose, 80c per pair instead of \$1.00. And then he stuck a ticket on wonderful as true love, and as a girl to feel so entirely protected. Then again, I feel perfectly satisfied with the thought that it is not, to a great extent, reciprocated, and as it stands now is all I want and expect, as I am the happiest girl in the world when with you."

BLIMP EXPLODES AT NAVAL AIR STATION

WASHINGTON, July 7.—The United States naval blimp C-3 exploded at the naval air station at Hampton Roads, Va., today. None of the four persons aboard the C-3 were seriously injured, according to reports to the navy department, but two were painfully burned.

POTASH MARKET DULL.
Berlin, July 7.—The potash syndicate announces a falling off of 150,000 tons in the output during the first five months of the current year, compared with the same period in 1920. The decrease is attributed to the stagnation of the home and foreign markets.

PATRICK REUNION WAS LARGELY ATTENDED

More Than 250 Members Enjoyed Program and Sports.

The home of Thos. Thompson, Concession 16, London, was the scene of much merry-making on Wednesday, when 25 relatives congregated for the second annual Patrick Reunion and picnic.

"Grand View Farm" never presented a more festive appearance. Much time and energy had been expended in mowing, clipping, in piling up of logs and in the building of a large arch with "Welcome to the Patrick Reunion."

The visitors were given a hearty welcome and after they had registered, dinner was served. John Abbott was in the chair, and introduced a program including:

Instrumental—Miss Ina McVey.
Readings—Miss Lenore Patrick, Miss Letta Middleton, Miss Ida Patrick, Mr. F. W. Forte and Mrs. Revington Stanley.

Solos—Miss Alice West, Miss Rebecca O'Neill and Miss Stella Middleton.
Duet—Neddercott children.

Address—Miss Lydia Sharratt (China), Robt. Hobbs (the oldest man on the grounds), Dr. A. J. Abbott, Dr. Owen Ford, Mr. J. Dewey, John Sherriff and R. G. Johnston.

After the program lunch was served, and the following officers elected for the coming year: President, Eugene Patrick; secretary, Elmer Hughes.

Among the relatives from a distance, were Mrs. Robt. Nixon and daughter, Mrs. Andrew Rasmussen and Bohly from Minnesota, Dr. Owen Ford, California; Dr. and Mrs. A. J. Abbott, Dr. and Mrs. H. L. Nell and family from Michigan, while Toronto, St. Thomas, Clinton, Parkhill, St. Marys, Granton, Lucan and surrounding country were all represented.

LAD IS DROWNED AS ROPE SNAPS

Windsor Child Fell Into Water Eighteen Feet Deep.

WINDSOR, July 7.—Alden Barnes, fourteen-year-old son of James Barnes, 12 Crawford avenue, was drowned in the Detroit River at the foot of Crawford avenue tonight. The young lad was playing in the water and was holding himself up by a rope attached to a dock. The ropes snapped and the boy sank into eighteen feet of water. His body was recovered by police officers fifteen minutes after they arrived, but life was extinct.

CITIES CANADA AS A GOOD EXAMPLE

WASHINGTON, July 7.—By Canadian Press.—The fact that Canada has taken care of her soldiers in adequate fashion was cited on the floor of the Senate in debate by Senator Pittman today in advocating the soldiers bonus bill. He demanded the United States to do as other countries have done and give justice to the soldiers without further delay.

HAIL FLATTENED CORN AND OATS

Considerable Damage Done by Storm in Wabash District.

WABASH, July 7.—A very severe electrical storm, accompanied by torrents of rain, visited this district yesterday afternoon. For a few moments during the storm nuts fell and flattened out the oats and corn. The latter is in a very bad state. Lots of the wheat is still uncut, and it is feared that a great deal of it has been shelled by the hail.

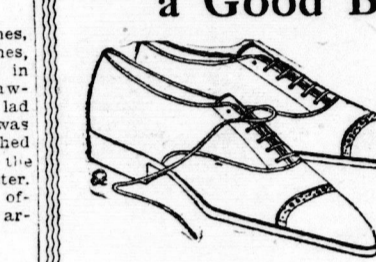

Rain was badly needed, especially for the oats, corn, potatoes and berries. Roads will also be greatly improved by the rain, on account of the great accumulation of dust.

A reception was held at the Dawn Mills parlour in honor of the new Methodist minister and wife, Mr. and Mrs. F. Hazelwood. About 70 were present, including the officials of the Ladies' Aid Societies, the choir members and officers of the Sunday schools of the three appointments, Wabash, Dawn Mills and Lindsay Road. A pleasant time was spent and refreshments were served in the basement of the Dawn Mills Church.

PERMANENT PENSIONS PLANNED IN ENGLAND

LONDON, July 7.—(By Canadian Associated Press.)—The Government is introducing a war pensions bill which will enable the pensions ministry to give permanent pensions after four years from the first award or from demobilization. Permanent pensions at present are only awarded when a case is definitely stable and in a final condition. It is hoped by this new reform to save a huge sum in the cost of the medical boards and revision machinery.

It's Good Business To Wear a Good Business Shoe

Style and comfort keep you at your best.

This one is right. Built of tan calf, on smart lines; comfortable, finely moulded toe for walking, broad heel, and it's easy to keep polished and trim-looking.

It's good business to own it, if only for fine appearance. When you consider the amount of wear it will stand—after you've worn it—you'll agree it's the J. & M. standard of value.

PREMIER ATTACKS LORD ROBERT CECIL

Cecil Declines To Withdraw Imputations After Being Requested.

LONDON, July 7.—A sharp and unusual passage of arms occurred in the House of Commons this afternoon between Mr. Lloyd George and Lord Robert Cecil. It arose out of the prime minister's complaint that Lord Robert had accused him unjustly of having attacked the workmen of the country at a critical moment, namely, the eve of the coal strike.

A heated altercation ensued, Lord Robert declining to give way. He continued his speech, and when he finished, the prime minister, who in the meantime had sent for a copy of the speech in question, read a quotation from it, and justified his remarks as to it being an attack, not on workmen generally, but on Socialists. He demanded that Lord Robert withdraw his imputations. Lord Cecil, however, he ignored them, and as the Speaker of the House did not interfere, the subject was dropped.

MONSTER NEW PIER IS PLANNED AT SUNNYSIDE

TORONTO, July 7.—A proposal to construct a huge three-decker observation pier at the Sunnyside Beach, such as there is at Brighton, Eng., Atlantic City and other well-known resorts, is being considered by the city authorities. The pier would stretch far out into the lake and would have a dance hall on one of the floors with a rest room at one end. The big cement building now under construction at Sunnyside will accommodate only 5,000 bathers. It is estimated that 20,000 people bathe nightly at Sunnyside since the hot spell began.

ARE PUT ON THEIR HONOR.

OSSINING, July 7.—Three hundred convicts from prisons throughout the state have been divided into "honor gangs" and put to road-building. Some of these men are employed as far as 150 miles away from their home institutions.

WANT BETTER RATES.

PRESQUE ISLE POINT, July 7.—At the meeting of the Ontario Shippers' Association yesterday the officers were instructed to present to the ocean steamship lines an appeal for an ocean rate on apples not to exceed \$1.25 a barrel. R. J. Graham of Belleville was elected president.

MORE MEN THAN WOMEN.

WASHINGTON, July 7.—There were 2,090,132 more males than females in the United States, according to census figures for 1920. The ratio is 104 males to 100 females. The ratio in 1900 was 100 to 100, as compared with 108 to every 100 females in the period of 1900-1910, a census bureau announcement shows.

COME In and Let Him Examine Your Feet and Advise You FREE

If you are tired of being bothered by hurting, tender feet, here is your chance to get immediate relief and permanent correction. You are invited to consult this foot specialist while he is here.

**He Will Be Here
Only Until
Saturday Night**

Don't wait until the last minute and maybe, lose your chance to get foot comfort. Come in any time during business hours and talk it over with the expert.

There is a
Dr. Scholl
Appliance or Remedy For Every Foot Trouble

There is no need to suffer from any foot trouble, any more. Be it ever so simple or ever so serious this specialist, who is a member of the Staff of Dr. Wm. M. Scholl, the noted foot authority, can show you the way to immediate relief and to ultimate

Foot Comfort

if you'll step in and give him the chance. He can tell just what the cause of your trouble is, and he knows the remedy.

Improve Foot Appearance
No larger sized or oddly shaped shoes needed. Wear the kind you like in perfect comfort. The Dr. Scholl Appliances actually improve the grace and beauty of the feet.
