# MUNRO DAY SUCCESS

## Betty Morse Crowned Campus Queen

A very successful Munro Day was held on the Dal Cam- MacKinnon, Graham Day and Gordon MacMurtry. pus Tuesday, March 9th. The festivities started off in the morning with a hockey game between the faculty team and candidates for Campus Queen who were introduced by memthe Engineers' "B" team. A skating session followed this event. At 12:30 one of the fastest and furious hockey games cluding the afternoon's festivities was a pie-throwing contest for the interfaculty hockey championship was staged in the sponsored by the Rink-Rats. rink with the Med-Dent team defeating the Law team 10-6

Following the hockey game, there was an interfaculty

The entertainment for the afternoon began with the Quartet contest which this year saw two quartets competing for the honors: The Four-Flushers and the Sigma-Chi fraternity. The award, which was judged by Leonard Mayoh, was new students' council which was introduced by Vic Burstall, given to the Four Flushers, consisting of John Campbell, Stu newly elected council president for 1954-55.

The evening's entertainment began with a variety show groups. sponsored by the Rink Rats featuring the chorus of "Singin" In the Seine," dancing by the chorus girls, and Dave Brown of the Campus Queen who was announced by the senior basketball championship game between Commerce and Law in the gymnasium which this year was won by the Law school.

and Anna MacCormick. Also taking part were Eleanor judge, Dean Cook of the pharmacy department. After long deliberation, they chose Miss Betty Morse as the 1954 Campus Queen. Miss Morse, Arts and Science candidate, was rendition by John Campbell. The show was emceed by Ken crowned by last year's queen, Miss Margaret "Foo" Grant.

Following the Variety Show was the presentation of the

After the presentation of the new council, the awards Continuing on the program was the presentation of the of the Students' Council and the various sports awards took place. President A. E. Kerr presented the "D's", with various physical education directors presenting the sports awards. Society heads presented the awards of their respective

Highlight of the evening took place with the crowning

The evening ended with a dance to the music of Don Warner and entertainment also being provided by the Terry and Lee dance team.

#### Mock Parliament **Opens Friday**

The first session of the Inter-collegiate Mock Parliament will take place today Friday, March 12. The sessions will be held in the Legislative Assembly of the Provincial Building.

The Hon. J. L. Ilsley, Chief Justice of Nova Scotia, will act as Governor General. Other dignitaries taking place will include: Mr. Pickerskill, Secretary of State at Ottawa, who will lead the Liberal Party, David Fulton, M.P., will head the Conservative Party, and J. H. Dickey, M.P., Speaker of the House will be Leonard W. Fraser, Q.C.

Schedule of the procedure is as follows:

Friday, March 12: 12:00-12:30---

General meeting Welcome by Prof. Vince, Ex-ecutive President and Mr. T. R. Denton, Parliament Chairman.

12:30-1:30-Civic Luncheon Welcome by his Worship R. A.

Donahoe, Mayor of Halifax. General briefing will take in the afternoon.

Formal dinner

To Patrons and Senior partici-8:30-9:00-

Formal opening of Parliament at Province House by Rt. Hon. J. L. Ilsley, PCQC.

## John Sinclair Winner Of **Bob Walters Award**

John Sinclair has been awarded the highest honor that a graduating engineer can receive—the Bob Walter Award. The announcement was made at the Annual Engineers' Banquet, held last Thursday evening at the Lord Nelson Hotel.

The award was established in memory of Bob Walter, a native of Saint John, New Brunswick, by his class. Bob Walter was killed in a hunting accident while a student in Engineering at Dalberted The country of the student of the stude housie. The award is given annually to an Engineer of the Graduating Class who has achiev-ed a good scholastic standing, who has been active in Engineering Society affairs as well as a participant in the various cam-pus organiations—for Bob Walter was an enthusiastic, all - round Dalhousian:

John has been an enthusiastic member of the Engineering Society since his arrival at Dalhousie in 1951. Besides, John writes the weekly column in the Gazette, "Us Engineers," he is a member of the Junior Varsity Basketball Team and he was secretary-treasurer of the Dalhousie Glee and Dramatic Society in '52-'53. John is widely known for his talents in slight of hand and ventriloquism. There has hardly been a Dal Variety Show or Munro Day Show yet when "Sammy" hasn't choice for the Bob Walter Award.

Shown above is George Travis, next year's editor of the Dalhousie Gazette.

The Dalhousie Medical Society held their annual ball at the Nova Scotian Hotel last Friday night, March 5th. Special guests for the evening were Dr. A. E. Kerr, president of the University and Mrs. Kerr, Dr. H. S. Grant, Dean of the Medical School and Mrs. Grant.

Receiving the guests were Dr. and Mrs. A. W. Read, Dr. and Mrs. Murphy, Jack Fearweather, president of the Dalhousie Medical Society and Mrs Fairweather.

Norbert Lyons was chairman of the Ball and Don Warner's orcestra provided music for dancing. The evening was most en-joyable and indeed a success.

Conrad and Bill McCurdy.

#### STUDENT EDITOR MURDERED

In a three day general strike, all Brazilian students (about 40,-000) protested against increasing attacks on personal safety, freedom of the press and against acts of violence. The direct cause of the strike was the brutal murder

Future Cambridge undergraduates will not have to wear their mortar-boards, even on ceremonial occasions, university officials said. Retiring Vice-Chancellor Sir Lionel Whitby said the motar-boards were no longer considered necessary. The mortar-board has been a Cambridge tradition since the Middle Ages. (U.P.)

#### Nursing School Conducted At Dal More than 100 public health,

nospital and private nurses are egistered for a three-day institute on "Nursing Aspects in the Care of the Child" which will end today at Dalhousie University.

Special lecturers for the insti-ute include the Misses Jean I. Masten, Elizabeth Morrow, and Cynthia Bunnell of the staff of the Hospital for Sick Children, Toronto; Miss Josephine Greencorn, instructress at the Children, Hospital Hollicon, and Dreen's Hospital Hollicon, and Cynthia Bunnell of the staff of the Hospital Hollicon, and Cynthia Bunnell of the Staff of the Hospital for Sick Children, Toronto; Miss Josephine Green-corn, instructross at the Children, and Cynthia Bunnell of the Hospital for Sick Children, Toronto; Miss Josephine Green-corn, instructross at the Children, and Dreen's Hospital for Sick Children, and Cynthia Bunnell of the Hospital for Sick Children, Toronto; Miss Josephine Green-corn, instructross at the Children, and Dreen's Hospital for Sick Children for Sick Child ren's Hospital, Halifax; and Drs. Maureen Roberts, R. S. Grant and R. Ritchie, of the Department of Paediatrics, Dalhousie Univer-

The program for the institute will emphasize nursing aspects in the care of the well child as well as in the care of the sick child and the lectures will be supplenented by discussion periods and he use of films and other visual aid material. The program will be under the supervision of Miss Electa MacLennan, Director of the Dalhousie School of Nursing.

#### **Expresses Thanks**

Gordon McConnell, retiring president of the Students' Council wishes to express his sincere thanks to the students who handled the elections of March econd and eighth in such an efficient manner.

Their help was much apprecited and contributed to the smooth running of the receiving and counting of votes.

#### John Brown New President Of WUSC

John Brown was elected president of the Dalhousie World University of Canada organization for the 1954-55 year at the group's final meeting of the year on Sunday. Other officers on the executive include Secretary Don Young (re-elected); Treasurer Belinda Brannen; and Corresponding Secretary Joan Nickerson.

## **DGDS** Urges Return Of Prof. Hamer

The second election held on

March 8 was the election of two

Med representatives on the Council. In the election last week the Med School were not

told whether to vote for one or

two of the three candidates.

M. McCulloch .....

J. Williston .....

five spoiled ballots.

Wickwire .....

The total vote was 164 with

The results of that election

A petition was set forth at the the strike was the brutal murder recent meeting of the DGDS for summer seminar. Miss Rilda the return of Professor Hamer to the return of Professor Hamer to direct next year's musical productions.

> Dr. Kerr has agreed to the proposal, and a letter has been to Professor Hamer. If the request meets with his approval, officials. and if his health permits it, the former Dal Music Director will be back to produce the musical

A financial report showed that "Singin' In the Seine" had resulted in \$245 proceeds for each of the Rink Rats and WUSC. An additional \$62 had been realized from Saturday's rummage sale, with this money slated for relief

The \$135 which has been taken in during the year from the sale of Polar Bars is to be used to cover personal expenses incurred by the Dal WUSC delegate on the

Nova Scotia government bearing the \$750 travelling costs. A request to the University to establish a \$150 scholarship for the student making the trip each year was rejected by university

Other business discussed at the meeting, held at retiring president president Miss Sally Roper's home, included two additional shows. The DGDS hopes that scholarships and study groups be-Professor Hamer will be able to return, and is anxiously awaiting his reply.

In a study groups being offered this summer, details of which appear elsewhere in the paper.

#### The Age of Longing

Koestler has said that ours is an age of longing; that the generations of today are moral wanderers seeking absolute values for all things; seeking an absolute criterion for the morality of our actions. We wonder if an absolute will ever be found.

respective teachings. Philosophers assert each the rightness of his school of thought. Nations claim there is a finality in the ways of society. Everyman claims he has found the

It is therefore little wonder that our is an age of longing. Old ideas have crumbled; recent theories have feet of clay; fantastic idealogies are rampant everywhere; established hierarchies are divided.

Morally the world is waiting for the sunrise.

But in the meantime ours is an age of longing; an age of longing for a way of life and morals that defies the distortions of irrational man.

Will we some day attain the age of absolutes or will the world we know die like a stranded whale on the beaches of indecision, waiting for a high tide of infinite and eternal after you, instead. criteria to sweep us back again to life in the ocean of absolute knowledge?

Only man knows the answer.

#### What Judical Integrity?

Very often when one talks to a Law student the question will arise on the degree of judicial integrity found in Canadian Law Courts. Judicial integrity implies, of course, that a man will not be convicted or imprisoned unless such is justified. However, some doubt can be cast upon the integrity of the Canadian legal system when one considers the following facts and figures.

The following table taken from "The Case for Proba- The Editor. tion," by Daniel Coughlan, an article which appeared in the September, 1953, issue of Canadian Welfare, points up the difference in treating criminals in England and Wales and in Canada:

England and Wales	Canada
Population: 41,657,0	00 14,000,000
Convictions: 688,6	50 1,215,376
Prison: 34,8	00 000
Probation: 33.9	29 3.631

Somehow the above figures cast serious doubts on the "rightness" of the Canadian legal system. It constitutes a good question for Dalhousie student lawyers to ponder over during their school years.

#### The Great Plague

By JAMES F. COLEBROOK

When young Byron fell at Missolonghi, They opened and found he had an old man's brain,
The cortex cracked and dry and distortedly convoluted;
Then they put him in a barrel and sent him back to England.

Bryon died of the Greek Disease, The platonic poison in the heatho-hellene hemlock. Of course, there are the other victims; The list is long.

It includes civilizations. Not the Christian Civiliation, but the western one; (There is a difference, you know)
The one of the thought-inventors and the eternal city And eternal death,

-Reprint from the McGill Daily.

Henry Birks & Sons Limited

Halifax, N. S.

It is unfortunate that one of the prospective candidates for the presidency did not include as one of the planks in his platform, a new bridge for those esteemed scholars who live north of Coburg Road, in the vicinity of Chestnut and Preston Streets. If he had, I'm sure he would have augmented his following by at least half a dozen votes.

But, it is still not too late to rectify the situation . . . and save a few alluviated ankles and slushsplashed shins. The present abortion, having been most unceremoniously turned up-side-down by much more subject to the graftpoliticians, and consequently less ikely to be completed.

No, dear VIPS, all we want is a humble Bailey bridge like the one at Hantsport, even if it is only a one-lane job, and it doesn't even have to have handrails or a bronze plaque at one end.

And if we had to, we probably wouldn't mind too terribly paying a little bit of a toll, if we had to, to keep the other constituents happy. In fact we'll give you salvage rights on all the gold you happy. can find in the teeth of those poor ie at the bottom of the creek. piece, without either impaling themselves on one of the old, vestigial planks that waylay the poor traveller, or if they were lucky enough to escape being impaled, the chances are that they slipped the odd disc as they landed the mucky mud on the right bank.

So kind sirs, whoever you are wouldn't you kindly use your influence to get us a new bridge, so we could tread our weary way to classes on time and in comparative safety, and with our trim limbs We would appreciate it more than you'll ever know.

We'd even change its name from the bridge of Sighs and name it

Yours Most Solicitously,

J. Hill et al.

Dear Editor:

The poem "Song," which appeared two weeks ago in the Gazette was not written by John McCurdy.

In its original form, it was written by Dylan Thomas.

-K. A. Lund.

The Spectator 99 Gower Street London W.C.1

"Gazette", c/o Dalhousie University, Canada.

You will doubtless know the Spectator, now in its 126th year, the first of the independent as the first of the independent English weekly reviews. You might not know that for some years a regular feature of the paper has been its Undergraduate Page, which has contained articles written by undergraduates of the universities of the United Kingdom. versities of the United Kingdom.

There is no reason why contribu-tions for this page should come only from the universities of Great Britain. The Spectator has consequently extended its scheme to embrace all the universities and university colleges of the commonwealth, hoping, thereby, to give further encouragement to the con-siderable literary talent which is to be found among undergraduates.

In short, the scheme is: the Spectator offers to publish articles of sufficient merit contributed by undergraduates of any university or university college of the Commonwealth and to pay a fee of £8 8s. for any article published. Articles, which need not be typed, should be of about 1,200 words. They should be sent in envelopes They should be sent in envelopes marked "Undergraduate" to, the Editor of the Spectator, 99 Gower Street, London, W.C.1., England.

I am writing to you as I feel that this matter will be of considerable interest to many readers of your publication and I hope that you might, therefore, be able to mention it in your columns. We look forward to receiving contributions from undergraduates of your unit from undergraduates of your uni-

## Letters To The Editor SCATTERED COMMENTS

by ALAN MARSHALL

Following the referendum on council fees, the Gazette has been publishing a series of letters, each one further off the subject than the one before it. Beginning with an editorial criticism of the Medical students for not supporting the raise in council fees; followed by a number of angry letters from medical students, one of whom said that it was the duty of the editor to present the current views of the campus, not merely those of the editor; the debate moved into the next round, when the editor replied that for a paper to present only what its readers want to hear would be nothing but subservience to ignorance. A paper should lead, not follow. A very interesting point. We say that the Medical student is arguing for a reader's paper, while the editor is arguing lying, like Ophelia, at the bottom of the creek. We don't want a big, concrete, extravagant Duplessis bridge like the one that fell down at Three Rivers: they're a paper publish only what it come more sour. The artificial

ridden schemes of gold-digging It is the triumph of mediocrity, the exaltation of the harmless, the sake, the uninformed, and the better. uninteresting. It is also infuriating to see an editor publish his own views, while denying others the satisfaction of having their view heard.

The idea of a press being solely the voice of its editor is infuriating to many, who lacking a press at their disposal, cannot obtain a nearing. But lets take a look at the other side. What is it that is so infuriating about a press that prints not what the editor unfortunates whose mangled bodies wants, but what their readers lie at the bottom of the creek. want? Is it not that a paper, to The fools, they thought they could please its readers, will print only jump the creek and land in one what is safe, and uncontroverwhat is safe, and uncontrover-sial? Is it not that a paper, by printing what is safe, will pre-vent dissentors' voices from being heard? In short, the com-plaint is that views which are contrary to what the mass of its (unthinking) readers think goes unheard. The editors' paper denies access to those who think differently from the editor; the reader's paper, to those who think differently from the reader. So, looking at the problem more carefully, it appears that the same complaint is being made against ooth interpretations of the role of the press. This suggests that a paper should make a considerable effort to see that all views are heard, whether of the reader, the editor or anyone else. In short, the paper should be a thinker's paper, and it should not make any difference whether the thinker is the editor, the reader, and it should not make any difference whether the thinker is the editor, the reader, an editor. or neither. I might say that I think that the Gazette has done a better job of presenting all views than have many of the city papers. And, if anyone wants to get something off his chest, why speak up!

> The high costs of today make their way felt. They make so many small scale ventures unprofitable. So many things, to be point out that Al Capp announdone profitably, have to be done on a large scale. This takes the pleasure out of them. The casual little papers that succeeded where today they fail. Only recently the "New Republic" was narrowsaved from collapsing and, oddly enough, by the support of one of those large fortunes created by businessmen that it has so often attacked. The same thing applies to universities. These were often supported from their endowments, but in these days, the income from investments has decreased, and the costs have risen to the point where tuition fees are becoming high, and the threat to independence inherent in government support is coming ever nearer. Too much of our life is dominated by economic considerations. We don't seem to be able to get away from it. It adds a heavy-handedness to our living. I wonder if that is why so many people have a chip on their shoulder. Certainly, there was a time when people took life less seriously.

As an example of this, a recent paper told how a man and his wife went to visit friends of theirs. Finding them not at home, the two visitors hid in a closet, and waited for them to arrive, in the hope of scaring the daylights out of them, by saying BOO! at them. Unfortunately, the young boy of the house came home, and, hearing a noise in the closet, he reached for a pistol. When the hiding joker jumped out to say Boo, he was shot. The paper commented that in earlier days, a noise in the closet meant that a dog was there, or perhaps the grocery boy had taken the wrong door on his way out, and been shut up in it. These days, the first thought is of a burgler. Perhaps a cutting of a recent undergraduate article, which I enclose, will interest you.

Yours truly,

D. J. Howell.

You might care to know that, if the Spectator cannot be bought locally it can be forwarded direct to undergraduates for £1 6s. a year instead of at the normal subscription rate of £1 15s.

first thought is of a burgler. Practical jokes seem to be more painful than they used to be. Is this to say that I regret the passing of the practical joke? No doubt they were pretty hard to take at the best of times, but it is not much better to be living in a time when people take everything so seriously that practical jokes are squashed by a weight of heavy handed seriousness. If people had become more considerate, there might be more to say

It is a depressing thing to see for it. I fear, that they have be-a paper publish only what it thinks its readers want to hear. joviality of the past is disappearing, but the modern seriousness of those who cannot laugh is no

> One final comment on the heavihanded seriousness of the present. A Parisian Frenchman told me that one of the depressing things about Canada is its seriousness. It is so difficult to make friends, he told me, whereas in France, every man is every other's friend, whether they ever met before or not. It is something different from the joviality of the American stereotype, too. As an example of this, the only way to do anything in Canada is to join a club, and the only way to get anything done in Canada is to join an organization. It is becoming difficult for anybody to get anything done on his own. Businesses, and even universities, need public relations officers. Movie stars can get nowhere without a press agent. Legislatures, particularly in the United States are flooded with lobbyists. The small crafstman is becoming scarce. Research is being done by ever increasing teams. The role of the individual inventor is becoming smaller. Practically nothing can be done without enormous organizational backing, and these organizations have interests of their own to defend. The accomplishments open to the isolated human being are becoming smaller. One reason for the enormous interest in job security is the extreme difficulty of getting along without attaching oneself to some big institution, be it a corporation, the press, a uni-versity, the government. The whole system reeks of seriousness, importance, eminence and status. No wonder we are such sourpusses. No wonder we can't stand criticism. And if you don't think that we have thinner skins than we used to have I can only ced that he was changing the pat-tern of Li'l Abner, because he ran into such trouble whenever he made fun of anything. That was why he married him off to Daisy Mae.

#### George Munro Was Native of Nova Scotia

George Munro was a native of Pictou County, Nova Scotia, and taught for a time in the Free Church Academy before leaving for New York where he became the dime-novel king of North America. By publishing the best English literature, as it came out in paper bound books, he was able to earn a fortune which he shared with Dalhousie by dona-ting \$350,000 within five years. He was a benefactor not only to those who went to Dalhousie but also the reading public of Ameri-These inexpensive paperbound books helped to broaden the minds of those who couldn't afford other publications.

One of the great misfortunes vas that Munro never attended Dalhousie. It was due to the fact that he was the brother-inlaw of John Forrest, at that time President of Dalhousie ,that his interest were turned toward the University. Munro also had great respect for his native province of Nova Scotia and felt that by rescuing Dalhousi efrom its accumulated debt, the province would benefit.

Altogether this great philan-thropist expended \$350,000 in benefactors to Dalhousie-he endowed the chairs of Physics, History, Political Economy. Consti-tutional and International Law, Philosophy, English Literature besides supplying tutorships in Mathematics and classic and supplying valuable bursaries for properly qualified students.

Munro was a pioneer in this respect-no such sum had been given to any Canadian college previously and it is noteworthy in that it went towards the improvement of the staff and the students and not to the erection of buildings. The munificience of George Munro saved Dalhousie from financial disaster and set her firmly on her feet. In "the College by the Sea" he will be held in everlasting remembrance as the first and greatest of Dalnousie's benefactors.

#### **Tender Announcements**

At the last meeting of the retiring Students' Council Tuesday morning, tenders were re-viewed and the following applications accepted:

Editor of the Dalhousie Gazette, George Travis; Editor of the Pharos, Janet Conrad and Bill McCurdy; Business Manager of the Pharos, application rejected; Editor of the Student Directory Editor of the Student Directory, application rejected; Manager of Publicity Committee, to come; Business Manager of the Dal Gazette, no application.

The word snob was invented by Thackeray, who applied it first to George IV. He is said to have taken the word from the abbreviation S. Nob. (sans noblesse), "without noble birth", which was entered after such a one's name on college lists of the time.

## NURSING

As A Career

Dalhousie University provides a five-year course leading to the degree of Bachelor of Nursing Science. Graduates will find ready employment at a high-level in the nursing profession. Three years from matriculation standing are spent in university, and two and one-half years in hospital. Students interested who are now pursuing Science Course should communicate with the Registrar's Office for further details

The Climo Trophy is award annually to a Dalhousie student who best embodies the qualities of athletic ability, clean sportsmanship, and team spirit. It was established in 1947 by Mr. C. H. Climo, of Halifax, in order to further good sportsmanship.

The Marjorie Leonard Award was established in 1945 by Marjorie Leonard, women's physical director at that time. It is awarded to the girl, who in the opinion of the D.G.A.C. executive, has been been sell-round ground ground and sport and the most halpful more as the D.G.A.C. all-round good sport and the most helpful member of the D.G.A.C.

Shown above are the winners of the Climo Award, Dave Bryson and Carolyn Myrden, winner of the Marjorie Award.

Shown above are Barb Davison, winner of the Malcolm Honor Award and Carolyn Flemming, winner of the Pan-Hellenic Award. .

The Malcolm Honor Award is the highest honor which is conferred on any Dalhousie student. This award was established in 1926 in memory of James Malcolm, an Arts graduate of 1903, who gave his life in a heroic attempt to save a drowning comrade. Those who knew him realize that such a death was a fitting close to a life of unselfish service to others. The James Malcolm Honor Society was formed to keep the ideals of Jimmy Malcolm before the eyes of all Dalhousie. Members of this society select, from the graduating students, that person or those persons, who; in the opinion of fellow students have shown in a proper degree, the spirit which inspired the life of James shown, in a proper degree, the spirit which inspired the life of James

The Pan-Hellenic Award was instituted for the first time in 1939. It is given annually by the Women's Fraternities of Dalhousie, Alpha Gamma Delta and Pi Beta Phi, to the outstanding freshette according to scholastic achievements, personality and interest inn extra-curricu-

The Bennett Shield awarded for inter-faculty debating was established in 1929 by the late Viscount R. B. Bennett. It is awarded annually to the most outstanding debaters of Dalhousie.

The Macdonald Oratorical Award is presented annually by Premier Angus L. Macdonald to the best orator on the campus.

Shown above is Brad Smith and Ed Cohen of the Law debating team, winner of the Bennett Shield, and Turney Jones, winner of the Macdonald Oratorical Award.

#### **Final Edition** Of Gazette

Next Friday's edition of the Gazette will mark the final publication of the Dal Umiversity weekly for the year.

All individuals or campus groups who have been saving that article for the "final edition" are requested to get them into

are requested to get them into the office on Monday, March 15. Pictures of next year's Student Council and the Rosenfield and MacKinnon Award winners will appear in the March 19 edition.

#### **WUSC** Extends **Thanks**

The Committee of WUSC would like to thank al lthose who contributed to the rummage sale.

The proceeds which amounted to will be used for relief work

the morning and the boys at Pine Hill who helped in the afternoon. Mrs. Anna Dexter was also very helpful in giving publicity.

The Neil MacKinnon Award was instituted by the Arts and Science faculty for the first time this year in memory of Neil MacKinnon, who died last summer. Mr. Mac-Special thanks go to Mrs. Torey, Mrs. Reid and Mrs. Anderson campus activities and he was a who helped with the pricing in varsity football player. The award

Shown above are the winners of the Butsy Inter-Fraternity Blood Trophy. Left to right, they are: Bill Firth, Zeta Psi; Fran Smith, Alpha Gamma Delta; Madeline Mader, Pi Beta Phi; and Ralph Medjuck, Tau Epsilon Phi.

The Butsie Interfraternity Blood Trophy was donated by Butsie O'Brien in 1953. It is given annually to the fraternity with the highest percentage of blood donors.

The Interfaculty Blood Trophy was donated by Col. V. Oland last It is given annually to the faculty having the highest percentage of blood donors.

## **University Mission**

Spring already—where did those last few months go anyhow? We just came back! March, with the snow gone, at least for a little while, is very pleasant, nice for long walks on warm Sunday afteroons, but these days bring the thought that exams are that much closer. It won't be long before this year's graduates near the end of the trail. I like

old steps he stands, His brain with mingled junk

and knowledge stored: He carries on his head the mortar board.

A roll of learned sheep-skin in his hand.

The years in university are busy years, with the rush from class to eat, then to labs, from the library to the gym, from the rink the room, from the cluttered desk to the coffee pot, from the play, the operetta, the debate. The trouble is that there is such a rush sometimes that we hardly have time to think. "Why think? somebody says. I suppose a fellow should only say, "I can't help it. It's like eating," or, "well, that's what we are here for." Some people avoid it as much as possible, with a plea something like . . . "Haven't time." "When I start to think or listen to news broadcasts, or discuss such things as 'Why are we here?' or 'Is there a chair there?', it worries me."
"I'm not taking a philosophy
course." Probably more of us don't make any verbal excuse. Although we agree with this idea of a university student in principle, we also attempt just to get on the job, with what concerns us immediately today or tomorrow, with all the hustle and bustle that's necessary for us to be in the swing of things. In practice we don't think.

Black-gowned upon the dear times are held in the various residences and for the different facilities. It's a time when we are given the opportunity to think and ponder on our faith, and its reverence for us as students and prospective graduates. The proposed mission is not sponsored by any particular group, but by interested students and professors from all faculties and from a wide range of campus societies.

The chief missionary, who will deliver a series of theme addresses, is a very distinguished man, Dr. John Sutherland Bonnell, minister of Fifth Avenue Presby-terian Church, New York. In addition to the wide recognition he has received as one of the leading ministers of our time, he has occupied since 1935 the pulpit of the leading Presbyterian Church in New York, which church has had such eminent men as Dr. J. H. Jowett. He has lectured in Princeton Theological Seminary, and published several books, some of which are "Fifth Avenue Sermons" and "Psycho-logy for Pastor and People." His interest in psychology is by no means merely academic. He has maintained in connection with his church, a psychiatric and coun-selling service for men and women who are greatly in need of help. He has also been a lead-ing radio speaker, occasionally conducting services on the Amwhy I am writing this article is to tell you of the student mission planned for next year. What's a student mission? It's a time when special speakers come to the campus, for a week, and addresses to the students at certain of his taking over the pastorate conducting services on the American Radio Pulpit program, as well as his own regular broadcasts. In November 1945, he was shonored by leaders in New York's civic, business and religious life on the tenth anniversary dresses to the students at certain of his taking over the pastorate

He is from Charlottetown. Born future lives.

of Fifth Avenue Presbyterian lead students in their thinking through the Christian faith, and its relevance for them and their

ing Arts at Prince of Wales and Dalhousie, he graduated from here with his B.A. in 1919, and studied at Pine Hill. In 1927-28, he went abroad on a theological scholarship. He has been a minister in Hunter River, P.E.I., in St. Andrew's Church, St. John, and in Westminster Church, Winnipeg, before going to New York. In 1941, he spoke for six weeks to the people of Britain in halls and air raid shelters, in shipyards and air raid shelters, in shipyards and his own reputation and comfort in barracks. So we can see from his wide background and the acknowledgment that he has received, that he is well-fitted to

The Connolly Shield is awarded annually for the best one-act play presented and directed by Dalhousie students. The Shield was donated by Captain J. P. Connolly, who was for many years associated with dramatics at Dalhousie.

### Dal In Charge Of **Festival**

Dalhousie representatives of the Inter-collegiate drama league met with representatives from King's College, St. Mary's and St. Francis Xavier to formulate plans for the next year's Mari plans for the next year's Maritime Intercollegiate Drama Festival. Dalhousie will be in charge of preparations and it was tentatively decided to hold the affair here in Halifax, with all the member universities entering a one-act play for adjudication. This adjudication will be nonompetitive.

If finances and time permit, all the entries will be taken on a tour to all the member univermas of next year.

In the March issue of the 1928 Dalhousie Gazette the following was published concerning the first Munro Day

"Arrangements have been completed for the functions be held in celebrations of Munro Day and in honor of all the benefactors of Dalhousie University. The celebration will take the form of a convocation of the entire University and will be held in the Gym at Studley on Friday evening.

who is to build his own reputaworld for man to live in through his skill and ingenuity? What is to be the research physicist's attitude to atomic warfare? Surely the Christian faith has much to say to all who are seeking a philosophy of life—a faith to live by! The mission can help us all i nbecoming orientated to relating the thought of our faith to the thought of our classrooms, or inrenewing the deepening our sense of wanting to live our days as servants of God and man.

To all of us. Arts. Science. Professional students, our education here must be more than book-learning. It must be "life-learn-ing." And its life learning with the purpose of bringing to our fellow men leadership and ser-vice, both as specialists and as men and women among men and women. It's a big job and a big responsibility.

With The Air Force

Every summer aproximately 60 third-year University Flight Cadets and Pilot Officers from the selected for service with one of the many RCAF Units in Europe. Last year representatives from all country. various Canadian universities are trades were sent-some by air-

In England there are three units-The Canadian Joint Staff in London, No. 30 Air Material Base at Langar, and North Luffenham. Langar is mainly a Supply Depot and as such is a small unit to which is attached No. 137 Transport Flight consist-No. 137 Transport Flight consisting mainly of Bristol Freighters. The station itself is about 10 miles south of Nottingham, a city of 200,000 people. "North Luff" is the home of No. 1 Fighter Wing which is soon to be moved to France. "Luff" is slightly closer to Loice the Loice of the Provided Transport to Leicester, a large city providing lots of entertainment. In general, England will provide good sports, movies, TV, and for the dance enthusiasts, the local bands are far better than the local bands in Canada. A summer in the UK is something you will always remember will always remember.

Moving now to France, we Moving now to France, we have two units. First, there is Air Division HQ—this is the Headquarters for the RCAF in Europe. "Air Div" is situated in Metz, a fair sized city about 175 miles from Paris. Thirty miles further east you will find No. 2 Fighter Wing at Gros Tenquin. Places of interest such as Belgium, the Saar, Paris and major German cities are within week-German cities are within weekend reach. This is the station at which the boys have an excellent opoprtunity to become familiar with the Sabre Jet.

In Germany we have two more Fighter Wings—No. 3 at Zwiebrucken and No. 4 at Soellingen. In appearance and facilities, these two stations compare more than favorably with Station Trenton, Ontario, which is unofficially considered to be the showplace of the RCAF. Both units are very central and large German cities such as Frankfurt and Munich are easily accessible. During the summer months the fighter squadrons move for a two week period to Furstenfeldoruck, an American base near Munich, for air to ground firing exercises. For the summer lads, this gives ample opportunity to see the

Sometime during the summer, University boys get two weeks leave to give them a chance to see the country. Most of the units provide tours for all personnel

#### ON THE AIR

This is the last radio column for the year 53-54. It has been a very successful year for all concerned and we are looking forward to an even better one next year. The members of the DRC did a marvellous job and I would like to thank each and every one of them. Everyone realizes what a time consuming job it is to produce radio shows, but with each one in there pitchsmoothly.

I would like to thank the CBC for their cooperation in giving us the air time to bring to our listeners "Dalhousie Through the Decades." It was a wonder-ful experience for all concerned, and we especially extend a vote of thanks to our able producer, Peter Donkin not forgetting our operator Ross Gardner and soundman, Byron MacMillan. To those who took part in our four weekly broadcasts, I also extend our heartfelt gratitude.

Last Monday we directed pro-ceedings at CJCH. That, too, ceedings at CJCH. That, too, was a very successful day and our thanks go to the management and staff for their utmost co-operation. Everyone up there was most cooperative and helpful in every way possible.

Looking back over the year, each department of the DRC did its job well. The Publicity Department, handled by John Mercer, looked after the operating of the P.A. and getting out publicity on the DRC. He was ably assist-ed by Adrian Bridgehouse, Buddy Smith, Elise Lane, Betty Bissett, Eileen Kelly, Jean Scriven and Roland Thornhill. The music department was under the direction of Ken Stub-

bington assisted by Jim Faulds and Bill Hodgson. Ken picked the music for the CBC shows and did an excellent job of produc-ing "a radio primer" which was heard last Monday afternoon over CJCH.

A very important part of the DRC is the script writing department, which this year was under the guidance of Matt Epstein. This department had the envious task of writing our shows, and they did a marvellous job. Our writers were Heather Hope, Kiki Houghton, Dave Walker, Dave Dave Walker, Dave Murray, Alan Mar-shall, Ken Kalutich, Malcolm Smith and Tinker Pullen. Ruth Newman and Judy Keyston looked after the Campus choice personalities and George Travis brought us highlights from the world of sport. Last but not least, Ann Grossman did wonderful job as our general

I would like to thank these people for a job well done. Fri-day night of this week at 7 p.m. n the Dresden Arms Hotel, we are holding a radio banquet for the members of the DRC, with our guests from CBC and CJCH.

-Russ Hatton, Chairman, Dalhousie Radio Comm.

#### Alcohol Studies School Slated for September

The new international educa-tion project for students of Can-ada and the USA, the Intercol-legiate School of Alcohol Studies, will hold its fifth summer session at the University of Western On-tario form the 5th of Sept. to the 11th inclusive. This summer forum conference offers to students and their leaders a summer vacation trip and a serious study of the questions of alcohol, col-lege drinking, and alcoholism. There are many noted personages who will conduct the con-

Huron College will be the meeting place of the school, and the features of the school will include a visit to an AA group, two-hour afternoon seminars, daily periods of recreational games and sight-seeing, a student "Take Over" hilarity night, visits to public institutions, discussions, personal talks with stu-dents of other colleges, and also discussions with the noted personages of the lecture staff. Several scholarships will be available. For information and program write to Intercollegiate Association, 11 Prince Arthur Ave., Toronto 5, Canada.

## GEORGE MUNRO

First Great Benefactor

Dalhousie does well to commemorate the life of George Munro by seting aside a day each year, March 9, as Munro day and granting, on that day, a university holiday. Measured by dollars, there have been greater benefactions but the Munro benefaction was outstanding because it was given at a time, 1879 and immediately succeeding years, when Dalhousie was in such dire straits financially that it was feared its doors would have to be closed and the then college cease

Commencing in 1879 George Munro contributed to Dalhousie some \$350,000 endowing 5 chairs known then and up to the present time as George Munro chairs. These were the chairs of Physics, History, English, Philosophy in Arts and the chair of Constitu-tional and International Law in the Law School. The amount was ample to cover costs at the time when professors' salaries were in the vicinity of \$2000. per annum, but although the endowment is still in existence it provides only part of the present costs.

The first occupants of these

George Munro chairs were men of unusual distinction who added much to the prestige of the College. The first was Dr. J. D. Mac-Gregor who afterwards succeeded Prof. Tait as Professor of Physics at Edinburgh University. The next, Prof. Alexander who was appointed to the Chair of English and later became head of the English Department at the University of Toronto. Following him was Prof. Jacob Gould Schurman appointed Prof. of Philosophy who became afterwards President of Cornell University and later Ambassador of the United States to several countries. Next was Dr. John Forrest appointed Prof. of History who was shortly afterwards made President of the then university and continued in that capacity until his resignation in 1911. In the Law School, Dr. Richard Chapman Weldon was appointed to the Chair of Constitutional and International law and afterwards Dean of the Law and afterwards Dean of the Law School. His reputation was such that he attracted to the the Law School outstanding students not only from Nova Scotia but from as far west as British Columbia. Among the many of these who achieved great distinction were Sir Richard McBride, one time Premier of British Columbia and R. B. Bennett who arose to the Premiership of Canada and later as Viscount Bennett became a member of the House of Lords in

In addition to the chair endowments, George Munro provided over a term of 10 years, com-\$100 each annually and five exhibitions of \$150 each annually for applicant students who passed prescribed examinations. The exhibitions were awarded to the prescribed examinations. The exhibitions were awarded to the five students who stood highest in the examinations and the ten bursaries to the other ten. As an innovator, George Munro, in addition to establishing the by those awards Major J. W. Logan, well-known to present day Dalhousians, held an exhibition by those awards major J. W. By Melville Cumming, B.A. '97, of \$150 during each of the four years of his undergraduate course at Dalhousie. Evidencing of how these scholarships contributed to the cost of studying at Dalhousie, \$200 annually covered all the expenses including class fese, books and board for the writer who entered Dalhousie two years after the Munro bursaries and exhibitions ceased.

> The George Munro contribution were brought about through the influence of Professor Forrest ,afterwards President of the University. George Munro's wife was a sister of Dr. Forrest.

> George Munro was born at Millbrook, some seven miles from Westville, Pictou County, on November 12, 1825. His father was a successful farmer who raised a family of four boys and six girls. After attending the common school at Millbrook George, at the age of 12, entered the office of the Pictou Observer to learn entered the school at New Glasgow and later studied at Pictou Academy. He taught in Pictou County for four years, two of them in New Glasgow. He was then appointed as teacher of Mathematics at the Free Church Academy in Halifax and succeeded to its Principaliship, remaining for five years. During this period he, along with his other duties, studied for the Presbyterian ministry.

> The writer was frequently told that George Munro preached one sermon in Chalmers Church, Halifax. He vowed at the conclusion never to undergo the ordeal again. It is the writer's opinion based upon personal contact with George Munro that, although he possessed a good mastery of English, he recognized in himself a lack of fluency and fervor, essentials of great preaching, though the writer has been told that a throat affection contributed to the decision. tributed to the decision. After taking up residence in New York, he became a member of the well-known 5th Avenue Presbyterian Church

> In 1856, at the age of 31 years, he settled in New York entering the Appleton Publishing Com-In a short time, he entered business on his own account. His great contribution to the reading public, highly commended by the New York Nation, was his providing them with great literary production at prices within their means. He founded, in 1867, The Seaside Library which included the best fiction, essays and other literary produc-tions through which he had a wonderful influence in educating the masses and developing in them a taste for good literature. Incidentally, the publication of many of these works was made possible by there being at that

lished by a brother named Nor- BROWN. This is a dull color,

## **Favourite Color?**

Whats' in a color? Nearly everything, the psychologists tell us. If the color is your favourite, it can tell the secret passions of your soul; if you see a color which is out of tune with your personality, the psychological effect may be strange and wonderful. It is not without intent that Dr. Williams' pills are PINK.

Anyway, here is a list of colors out of which you may pick your favourite. Unerringly, the accompanying description will fit your personality.

RED. Red is the color of the homely mind. You are the per-physical plane of being. If this son who is always being accosted ity. is your favourite color you are by others who think you are a an extrovert, though in the ab- friend of theirs, because there is sence of others you may show a sameness about you which your true timidity. Living life makes you look like everyone to the hilt is your main occupa-tion. You are courageous, impul-sive and vigourous. But beware mate for anyone who could apsive and vigourous. But beware of BLUE people! It would be better to marry a red, or an orange personality. Lord Byron

The colors you wear must be was of your color.

ORANGE. This is an unpopular color, so if it is your favourite you are indeed a rare bird. Food is your speciality, but not any food—you have the palate of a gourmet. Naturally, parties and society life mean a great deal to you; your laugh is engaging and you leve to part people. Don't let people tell you you have no sense of humour—it is there—to be developed. You make the ideal bachelor.

YELLOW. Yellow is the high intellectual colour of Buddha, Kant and Confucious. You have the lofty pure mind of a philosophylectric part and idle pher, but you are not an idle dreamer. You long for the ad-miration of others, and would do well married to any color type. GREEN indicates a smooth, amiable disposition. You are inclinated as the color of the colo ed to let people walk over you. You fall in love easily, but I regret that this chart cannot help you clear up the many broken love affairs at your feet. You lack courage, not through timidity but rather through "sheer bone laziness." Either green or red mates would be best for you, red preferably because such peo-ple possess the initiative you lack. Don't feel discouraged — Shakespeare was one of you.

BLUE. You are an introvert, and inclined to be icy and disdainful. Probably you have Scandanavian ancestry. When you sin, your conscience bothers you, but you go on sinning just the same. You are a good student, sober and Margaret Linnehorn, Bends Murcautious — outwardly. Your inability to be outwardly uninhibiason. ted bothers you. You are likely to have a few good friends rather than a lot of pals. How other people can stand you is a mys-tery. If a male, you prefer red or orange girls, because your suppressed emotions lack stimulation. After marriage, however you are usually disappointed and want to change her.

PURPLE. This is the color of the mysterious, enigmatic person. Mona Lisa was undoubtedly one (unless she had really just had all her teeth pulled.) You are an artist of uncertain temperament, a genius who does not cultivate his mind to the full. Yellow peo-ple are your ideal mates.

The colors you wear must be chosen with care also, because if disturbingly emotional effect. they do not harmonize with your own coloring and disposition (see above) your whole life may be

RED is a powerful sex stimuyou; your laugh is engaging and lant. Beware of using too much you love to meet people. Don't of it, ladies! You must wear it sparingly, as you wear perfume. SCARLET especially is an animal stimulant, but will remedy the blues and senility.

A few simple rules may help:

#### Cercle Francis To Hold Gala Evening

On Tuesday, March 16th the Cercle Francais and the French department of Dalhousie University are presenting a gay group of French plays and songs under the direction of Professor and Mrs. Chavy and Professor Aikins. Although this may present a challenge to those who are not versed in the French language, anyone with a tolerable know ledge of French will have no trouble understanding the plays and songs, and others who know no French but want to come will be sure to enjoy themselves. The programme will be:

HUMULUS LE MUET, a farce by Jean Anouilh, one of the bestknown modern playwrights, and the actors taking part are Eileen Kelley, David Millar, Peter Jones, David Murray, Judy Keystone, Margaret Linnehorn, Bends Mur-

A NOUS LA LIBERTE, a group of French folk and popular songs. LE CURE DE CUCUGNAN, a story by Alphonse Daudet adapted for the stage, with the actors Erestine Pace, Robert Keystone, Kempton Hayes, Carol Vincent and Alan Yeadon.

SISYPHE ET LA MORT, a oneact play by Robert Merle, the 1949 winner of the Prix Goncourt, one of the most coveted literary awards in France. The actors are Ted Rountree, Nancy Wickwire, John MacDonald, Colin Bergh, John Nichols, Bill Hill, James Donahoe and David Bry

son.
The Soiree will begin at 8 p.m. and will take place in Room 21 of the Arts building. So come

Munro and because, by reason of time.

NOTE:-Dr. Melville Cumming tion in 1911 when Dr. Forrest rewas requested to write this signed as President of the Uni-article because he is one of few versity and spoke at the testi-now living who knew George monial banquet given at that

#### MED CORNER

The hockey team won both its games last week with the play of Don MacKenzie being a big factor. The team squeezed by Commerce 3-1 in the first game with Don Morris, Phil Murphy and Don MacKenzie scoring the goals. These three were the pick of the forwards while Eddie Lund played a stellar game in the nets.

In the semi-final "sudden death" affair the team shellacked Engineers 8-1. Don MacKenzie and Gord Dimock led the attack with two apiece while Don Morris, John Williston, John Smith and Bob Murphy notched singletons. Morris, Dimock, MacKenzie and Williston all played well up front as did John Smith and Bodo Epstein on defense. This was easily the best game of the year from the Med's standpoint with everyone playing fine hockey.

The "B" basketball team lost both its games last week 29-27 to

The "B" basketball team lost both its games last week 29-27 to Pinehill, and 34-30 to Law.

Pinenill, and 34-30 to Law.

This past year saw a successful inter-fac program due in part to John Williston's fine work as sports manager. In addition to coordinating Med sports he coached the hockey team, managed the "A" basketball team, and played hockey and rugby. John also secured the services of "Arpy" Robertson and "Baz" Palmeter to coach the basketball teams. The "Rocket" was assisted by managers Ed Grantmyre (rugby), Mort Aranoff (basketball), Tiny Bonuik (ping-pong), Bob Parkin (volleyball), and Art Lesser (hockey).

# DALHOUSIE

# CITY, INTER-FAC TITLES DECIDED

# To Take City Championship

Dalhousie's Varsity Hockey Tigers wound up their '54 season last Saturday afternoon, as the Black and Gold blades flashed to the 1954 Halifax City Inter-collegiate Hockey Championship. Dal defeated the pucksters from St. Mary's University 6-4, in the second game of a two-out-of-three final series. Saturday's victory, coupled with a verdict over St. Mary's on Thursday evening, put a halt to one of Dalhousie's most spectacular hockey years.

Saturday's game was played on slow ice and was played at Halifax's illustrious Forum. For two periods, St. Mary's out rushed and out played the Bengals, who were completely disorganized. Janes, the starry Dal goalie was at his best in the second period, stopping some "sure" Santamarian goals. Big Jim Warner quit his loafing and put his playing abilities to work. Warner led the Marrers and White attack for the first two periods. roon and White attack for the first two periods.

At 3:03 of the opening period, Lantz put Dal one up, but 53 seconds later, Warner had banged home a screen shot to tie the score. For the next ten minutes, St. Mary's drove hard at the Dal net. At the thirteen minute mark, Chaisson was credited with a goal, slapping in the puck after it had struck three skates. Four minutes later Sim received an interference penalty and MacDonald minutes later, Sim received an interference penalty and MacDonald was sent out for Dal to kill off the penalty. Skating slowly over to the right at centre ice, the speedy winger blasted a long shot which somehow went through the whole St. Mary's team and into the

In the second frame, the play continued much as it had in the initial period. Gallagher scored at the five minute mark, but seven minutes later Conrad had slipped the disc past Jerrat to tie the score. At 15:03, Stenton picked up the puck at centre and skated around the Dal rear guard to give St. Mary's the lead 4-3 at the end of the second.

In the third period, Dal rallied. The Tiger forwards backskated well and played two-way hockey. The drive paid off. After three minutes of play in the Santamarian end, Dewis received a pass from MacDonald at the blue line and the clever pivotman backhanded the puck for the tying goal. Eight seconds later, Jimmy Miller had sent the Tigers into the lead as he slammed home a pass into the goalmouth from Fitch. Dal again marred to the attack and into the goalmouth from Fitch. Dal again roared to the attack and at 4:52, forty-eight seconds later, lantz completed a two-way pass play to give Dalhousie a six to four lead. The Tigers returned to the defensive for the remainder of play and St. Mary's were checked well before they could get in close.

## Phy-Ed Coach K. V. King To Leave Dal Position

This will be the last year as co-Physical Education Director for Keith King. The Springfield, Mass. alumnus came to Dalhousie in the fall of 1952 to become Head Football and Basketball coach, sharing Dal's Phys-Ed duties with Angus Gillis. For the past two years, the youthful mentor, affectionately coined "the Fiery Mentor of the Dalhousie Tigers, has guided the Tiger Football

and Basketball teams in Nova Scotia and Inter-collegiate com-

In Football, the name Keith King will always stand in Nova Scotia Canadian Football Circles, as one of the greatest and cagiest coaches in the history of the Canadian game in the Maritimes. Coming to Dal in the fall of '52, Keith King found himself amid a football conscious college. The Dalhousie Tigers, after entering Canadian Football in the fall of '47 had just copped their first
Nova Scotia Senior Canadian
Football title, the first time in dit can be given to Dalhousie, it Nova Scotian history that a civil-Nova Scotian history that a civilian team had won the Purdy Trophy. It was a hard task to continue in "Gabe" Vitalone's football record, as the Senior Tigers had lost their greatest star in Donnie Harrison, the pint-sized half who had terrorized the Navel entries in the NSCFL. Keith coached the Varsity to the finels of the Intermediate League. Within a few weeks, however, the "finals of the Intermediate League "fiery mentor," himself a candidate for All American, had taught the Tigers his tricks. It took three weeks for the Tigers to catch on, and then, with the flashiest and most spectacular football ever seen in the Maritimes, the Tigers caught fire. Unfortunately for Dal, however, the Naval entries stopped them in City Basketball League and has Naval entries stopped them in the semi-finals, in a series which drew much criticism from the part of the football critics in the Maritimes. Even at that, Dal had two of the greatest football stars in '52, Andy MacKay and Scotty Henderson.

Last year, Dal again were pack, but the drive and enthusiasm were gone until the season was aimost ended. The Navy brought another smart coach to the Mari-times in the personage of Don Loney of Stadacona. Dalhousie were defeated in competition, he "wan yet Dal had made Canadian Foot-original."

## Tigers Down St. Mary's 6-4 Law A Wins Cage Title; Meds JVs Capture Hoop Title In Close Tilt With Tech 58-56

By DIGGORY NICHOLS

To win the City Intermediate title the Dalhousie Junior Varsity Tigers did it again. For the second Saturday night in a row they overcame a 17 point deficit to beat the highly touted Tech 58-56 to take the best two out of three series two straight, chalking up a 55-51 victory in the first game.

At the end of the first frame of fast, rugged play the Engineers held a 5 point lead 13-8. Lanky Gordie Weld and Ray Swansburg paced Tech with 4 and 3 points each. Al Sinclair hooping two baskets led the Dal five.

In the second quarter Tech again outscored Dal, increasing the point gap to 9 points 29-20. Throughout this first half Dal could not get started and time and time again Tech made scoring advantages out of Dal's sloppy, lack-lustre playing. Swansburg and Reid Murphy aided Tech's cause with 5 and 4 points each. Keeping Dal in the game, Jim Hopkins scored on two long one-handed push

opened the scoring for Law, but minutes later Murphy again had found the equalizer. The Meds bore in on "Fats" MacConnell, the popular young president of "Studley's" Council and R. Murphy put Forrest's boys one up. Crosby of Law finished off a twoway pass play to tie the score for Law seconds later. Crosby again followed up his scoring effort with another goal, the final tally of the second period.

Crosby opened the scoring in the third for Law and the first of three hat-tricks were completed. McCulloch came to the firing line for two quick goals

points. As in previous games about this time Dal's fightin' spirit and basketball "savvy" began to assert itself upon the surprised Tech quintet. At the end of the third quarter the Tigers had cut Teach's lead to 7 points (Keith King coached crew were new City Intermediate "B" Champions.

The Tech crew kept up their scoring pace in the first part of the third frame and with 15 minutes to go in the game held an almost insurmountable lead of 17 calmly tied the game and that put Dal in the lead for the first time that night. Play became ragged and with less than 5 sec-

## Co-Eds Downed By Mount A; Dal Still Retains Title

The Girls Varsity Basketball Team played a return match at Mount Allison University last weekend. The Dal Tigresses lost the game to the Mt. A. players by a very close score of 37-33. Despite the fact that the Tigresses lost this game, they still remain the Inter-Collegiate Champs, Mount A having lost to Dal and UNB previously.

The game opened with Eleanor Woodside scoring the first two points for Dal. Eleanor scored two baskets and one free shot in the first three minutes which gave Dal a leading score of 7-0. The score remained extremely close throughout the whole game, being 10-8 at quarter time, 17-6, at half time, and 25-23 at three quarter time with Dal in the lead.

The last quarter proved to ve very exciting. The Mt. A. players gathered all their strength and determination together and baffled the Dal players by their hook shots from the side lines.

Top scorers for Dal were Eleanor Woodside with 12 points and Elaine Woodside with 8 points. Dot Terry proved to be the outstanding scorer in the game with 15 points for Mt. A.

The Varsity Tigresses should be congratulated for their hard work in capturing the Inter-Collegiate title. Their position in the City League remains unknown until the final game is played against
