Tho' in the vale your feet are led. The clouds from the mountain's brow are fled Know that the long and weary way, Is leading to the dawn of day.

O pilgrim press to the shining goal, Brighten thine armour weary soul, Long or brief as the way may be. Thy Father's hand is leading thee.

Thorns may pierce thine aching feet, Till they press the City's golden street; Pain thine heritage may be, Wearisome nights be appointed thee.

The rosy flush and glow of health, Ne'er on thy life may shed its wealth; But a priceless treasure is thine above. Where thy mansion waits in the land of le

Nor thieves destroy its walls of light. Pain may not cross its threshold fair, Sickness may never enter there. O Heavenly balm supremely blest,

Rust may not mar nor mildew blight,

That gives the stricken spirit rest. Filling with music the trusting soul, Tho' the storms sround may roll.

Shedding new beauty on earth and sky, Sung by the breezes passing by, Till forgetting the weary way, We look above to the dawning day.

And think we can see the City blest, As our feet pass on to the land of rest And the soul mounts on exulting wings, Above the weakness of earthly things.

CHRISTMAS PICTURES.

BY THE REV. J. I. BOSWELL.

Well! this is pleasant. Seated in an old arm-chair this December evening, by a table heaping full of Christmas books and toys. A good sized hickory log snapping and blazing en the hearthstone, tossing a shower of sparks and a roaring sheet of flame up the huge chimney. Very easy to forget the cold wind without, and the blinding snow-flakes.

Hark ! a dull, rumbling noise, faint at first, then louder and yet louder. What can it be? Down the channey with a rush, and on the tress and pony: floor with a bound, drops a huge fur-clad, rosy-faced, white-haired gentleman; old to be sure, yet jolly.

'Why, Santa Claus, how are you? Never have seen you before, but know you by your pictures. Be seated. He laughed a ringing ing. He knocked the ashes out of his pipe, and then advancing gave a blow, intended to show his cordiality, but a triflle too emphatic

Then, a grandly furnished parlor, none too good for such a family to gather in on Christmas. A happy family, and in numbers equal to the old-fashioned pattern. And then-just then-how provoking-the picture faded. So the pictures came and went, until there came pealing through the frosty air the sound of chiming church bells. Louder and louder

ADVERTIZING.

We call special attention to the advantages offered by the Provincial Wesleyan to business men as an an advertising medium. Having a large circulation in all the Maritime Provinces, and being the only Methodist Paper circulating in New Brunswick, Nova Scotia, P.
