## WILL FINANCE SIMCOE I.O.D.E.

Committee is Formed—Will Undertake Monthly Subscription List

### OTHER SIMCOE NEWS

(From our own Correspondent)  
Simcoe, June 18.—The Men's Patriotic Association, an organization effected last summer to provide funds for the I. O. D. E. by a voluntary subscription, met last night to hear the annual report and appoint officers.

Present, His Honor Judge Boles, President; Frank Reid, secretary; D. Robb Fisdale, Geo. A. Curtis, H. B. Donly, Harry Brook, Wm. Sutton, I. D. Lawrence and H. F. Cook.

**Treasurer's Statement.**  
Subscriptions, \$10,755.85; bank interest, \$25.90. Total, \$10,781.75.

**Disbursements**  
Paid I. O. D. E. \$9,738.64; printing, \$32; pass books, \$1.00; postage, \$9.29; expansion, \$1.00; \$10. Balance on hand \$997.72.

**I. O. D. E. Statement**  
Amount received from Men's Patriotic Association, \$9,738.64, distributed as follows: To Canadian Red Cross, \$1,825; British Red Cross, \$307; Italian Red Cross \$200; Prisoners of War, \$1,700; Belgian Relief, \$257.50; C. W. C. A. (soldiers' comforts), \$1,105; Secours, National, \$50; Lt. Col. Rensson (France) \$50; Canadian Nurses Home, \$200 St. Paul's Red Cross, \$1,088.47; local auxiliary for materials, \$2,962.87. Total, \$9,738.64.

The chairman read communications from the Chapter requesting a continuance of the very satisfactory assistance rendered by the men in providing funds, and from the department of the secretary of state acknowledging that the association is approved and legally entitled to solicit funds.

Messrs. M. M. Smith and D. Robb Fisdale were appointed auditors. Arrangements were made to have a supplementary canvas to secure contributions in the place of several who had been called by death, and some who have left town.

Any who desire to assist in the work and can make any contribution, monthly or otherwise, but preferably monthly, should, if not called upon, apply to Mr. Frank Reid, for envelopes. No contribution will be considered too small—none too large.

Messrs. Wm. Sutton, I. D. Lawrence, H. B. Donly, D. Robb Fisdale, and Geo. Williamson have been asked to supervise the ward work, and the executive officers were re-elected.

New envelopes will be distributed before July 1st so that no break may be made in the support given the local chapter, whose Regent expresses the opinion of the Order that the future needs and demands will be quite as great as they have been heretofore, perhaps greater.

The Courier has been requested to commend this effort to our Simcoe readers and we do so very conscientiously.

**Serious Charge.**  
As a sequel to the Townsend Centre automobile smash on the Wednesday preceding May 24th when A. Fishoner of Port Dover went through a ralling and turned over an embankment, becoming pinned under his car, that gentleman has been charged with being intoxicated in a public place and came before Magistrate Guston to-day. The case was adjourned in order that the provincial inspector might be present to prosecute.

The more serious charge of driving an automobile on a public highway while under the influence of the cheering cup, has not, we understand been yet laid, but from recent deliveries we may assume that the Crown is taking cognisance. Mr. Agar was in court yesterday as prosecutor.

### Regarding Registration

There was considerable delay in connection with yesterday's registration with the registration booths with their answers to the various questions written out on a piece of paper. Do not keep a score of people waiting while you figure out the year of your birth. Have it 1852 or 1879 or 1901 or whatever it is, before hand. You ought to give the answers as quickly as the deputies can write. And one more word, take your turn. You are not a bit better than the fellow ahead of you nor in any more hurry than he.

"Union" school in the instructions published means "Central" school. And you do not have to go to any particular booth, go to the high school or the town hall or the council chamber, you may save time by going to the high school.

To build a New Raceway.  
The Norfolk Milling Company has gravel on hand and is about to begin the construction of a new concrete raceway from the dam to the wheel house. At the same time the foundations of the northern annex to the building will receive re-footing and re-inforcing.

Listen for the Whistle.  
Mr. Richards advised us last evening that he expects to begin processing strawberries to-morrow, Wednesday morning. Listen for the whistle from now till the end of the season no Simcoeian need lament for want of a job. Farmers, gardeners, and factories all want help.

Press Photographs.  
Mrs. D. McVior, who last week received advice that her husband was wounded on May 12th, received yesterday two further cables, the first "seriously ill" and the second, "dangerously ill."

Sgt. H. W. Butler, with the artillery at Custer Camp, Michigan, was in town for the week-end on last leave, to say farewell to his mother, Mrs. Elias Bouguer and bid adieu to the old home town and a host of friends.

Health Official was in for the week-end. He is inspecting army food in preparation for the United States factories under contract to the Imperial government. Mr. McCall spent last summer in the Dominion cannery factory here and his services have evidently been considered quite satisfactory.

Odd Ends of News.  
The opening of the jam factory in the north ward is responsible for a greater flow of water through the mains of the town's service and already residents there notice an improvement in the sample drawn from the tap.

There was a gasoline famine in town yesterday.  
Carpenters are putting the roof on the western suburban school. The brick work should begin soon.

**U. S. TROOPS ON GERMAN SOIL.**  
By Courier Leased Wire  
Washington, June 18.—The War Department authorized formally to-day the announcement of the fact that the 32nd division, National Guards, is now fighting in Alsace on German territory. Since the division has been in action its presence has been identified by the Germans, permitting the fact to be disclosed.

## WOULD TEACH CITIZENSHIP IN SCHOOLS

Prof. W. F. Osborne of Winnipeg Addressed Public Meeting Last Night

### EDUCATIONAL TOPICS

"Could Canada copy the efficiency of Germany and adapt it to her needs and change the goal at the same time?" asked Professor Osborne, Winnipeg, educationalist at a meeting held last night in the Board of Trade rooms. The professor is touring Canada in the interests of an educational scheme of vast proportions. A small but representative crowd attended the meeting and all were in favor of holding a Dominion conference for the complete discussion of the problem, although a few appeared to dread the expense of such a meeting would be heavy.

Mayor MacBride who made the first speech on the subject, speaking shortly, favoring Mr. Osborne's ideas. He had been acquainted to him in private. All Canadians, no matter what their political social position or their church are in the same men, men of Canada. All must work for better citizenship the Mayor believed.

Prof. Osborne laid the matter before his audience, speaking in a fine conversational style and his views were understood with ease. The professor is well versed on national and international affairs and his comparison of what Germany is to-day and what Canada should be after the war was most striking.

With consternation the efficiency of Germany has been noted, but though shocked at the spectacle of this great power doing what she has done and the anticipation of her hands we know the German people's morals of the German people are low. The spectacle of tremendous ability coupled with complete unscrupulousness is enough to frighten any sane person. We believe for no reactionaries in all Europe can be compared with the Prussian junkers. "Not only their rulers but also the people of Germany are educated in a fanatically religious manner to believe that 'might is right.'"

In Germany a great educational country can be seen on the highest type of efficiency set without a conscience, so to speak.

Germany has marched onward with the ages with one goal—domination of the world, or—downfall. Why should not Canada copy from Germany marching in the opposite direction aiming at one big object—unselfishness.

At this point Mr. Osborne introduced a student of the U.S.A., Quebec and the United States. He was not brought into vogue until the fourth year of the war the people of Canada had a fear of the French Canadian. He said that the United States only the blood spilled after nearly three years of war educated the government to the necessity of becoming belligerent.

Thereafter it would be essential, if we wish to build up a high order of efficiency, by teaching better citizenship ideals, there must also be introduced a teaching of civics. Attempts to have religious studies in Canadian schools have met with little success, but the professor believed that it was possible to teach this all important subject.

The question of teachers was great. We ought to be willing to place the salaries of our educationists where they ought to be, particularly remembering the women teachers.

Prof. Osborne's ideals also call for sex distinction in public school teaching. After appealing for the moral support of the city at a convention, the speaker asked for an expression of opinion.

Mr. W. G. Raymond, acting chairman, first called on Mr. A. W. Burt, principal of the B. C. Mr. Burt believed that Canada needed the ideals of Prof. Osborne proposition more than anything.

He was, however, somewhat pessimistic as to the feasibility of such a system. Speaking on present day education, he believed the Ontario system the best in the province. It would be difficult to change the people's thoughts.

Inspector E. E. C. Kilmer believed the majority of the people would not permit such great reforms, though he thought the professor's ideals would be developed later.

Rev. Bowyer said he would like to see a conference held on the matter.

Mrs. Secord, Mrs. Ballache, Mrs. Geo. Watt expressed their opinion in brief all being heartily in favor of the scheme and would be glad to see such a convention.

Mr. S. A. Jones also was in favor of the movement, as was also Mr. G. H. Williams.

W. F. Coakshutt, M.P. believed Mr. Osborne's ideals good. He however, thought our present day education was as any, and that Ontario was one of the best provinces as regards educational matters. On the whole, he considered the matter worth considering, and voted in favor of a national conference.

Gag. Haisly felt confident that Brantford will do her share in the scheme.

John Spence was in favor of the scheme.

**BREAD RATION REDUCED.**  
By Courier Leased Wire  
London, June 18.—The bread ration for the city of Vienna has been lowered from 1250 to 650 grams (less than 1 1/2 pounds) weekly, according to a Copenhagen despatch to the Exchange Telegraph Company. This decision, it was added, was declared by the cabinet council as long as possible for political reasons, but it has become necessary because of the Ukraine fiasco. When the flour ration was lowered last January strikes occurred in Vienna and the authorities are said to be prepared for similar results now.

**HERE IS THE DAY YOU REGISTER**

ON June 22nd, Saturday, every man and woman, resident in Canada, who is 16 years and over, must attend at one of the places provided for registration, between the hours of 7 a.m. and 10 p.m., and there truthfully answer all the questions set forth upon the registration card.

Upon signing the card, vouching for the accuracy of the answers, the man or woman will receive a Registration Certificate, as shown below, which must be carried upon the person thereafter.

**Why the Certificate is so Important**

For failure to register a maximum fine of \$100 and one month's imprisonment is provided, also an added penalty of \$10 for each day the person remains unregistered after June 22nd.

Persons remaining unregistered cannot lawfully be employed, and cannot draw wages for work done after June 22nd. Employers who keep unregistered persons in their employ will be liable for fines equal in amount to those recoverable from the unregistered employees.

Unregistered persons cannot lawfully purchase transportation tickets, and may find themselves barred from traveling on railroads, steamboats, etc. Similarly they may be denied board and lodging at any hotel, restaurant, public house or boarding house.

In a word—All persons remaining unregistered, and all persons having dealings with unregistered persons, knowing them to be such, incur heavy penalties under the law.

**You Need More Than A Laxative**

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

**NR Today—Keeps the Doctor Away**

To live and be healthy, your body must properly digest your food, extract all the nourishment from it and promptly dispose of the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels.

The failure of any of the vital organs to do its work properly affects the action of all the others. A clogged bowel movement does not help constipation; it only relieves for a few hours the condition that constipation brings about.

If you are used to taking no-cathartic laxative pills, stop! They do not help; they only irritate the bowels and make the condition worse. Moreover, if you stop, the pills will not be taking them all the time. You will get to be increasing the dose all the time. That can do you a lot of harm.

Stop dosing yourself with such things just long enough to give Nature's Remedy a fair trial, and let the results show the difference. NR Tablets are not mere laxatives; their purpose is to correct the condition that induces constipation and give you real, genuine, lasting benefit: to improve your digestion and assimilation, to give you good hearty appetite, regulate your liver and bowels, tone up kidneys and give your poison-clogged body a good cleaning out.

Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action, no griping or pain over follows its use; but it is thorough and sure. By its action on the digestive organs it promotes assimilation, which means extraction of full nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite, by toning, not stirring your lazy liver, NR sends bile into the intestine, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives poisonous impurities out of and cleans up your body.

"THE WAR IS A BLINGER"

Laconic Message of Canadian Soldier Voices Sentiments of All—Brantford Officer Writes of Y. M. C. A. Work

France, May 22nd, 1918. To The Editor, The Courier, Brantford, Canada.

Dear Sir,—A rainy day sometimes interferes with military work to the extent of giving us opportunity to complete letters as per enclosed which I trust will be of interest to all your readers.

You will note this communication is written with pencil. Lack of ink coupled with other inconveniences in our present location force us to "carry on" in a somewhat primitive fashion.

Sincerely, W. H. Wood, Captain. In the Field, France.

A story is going the rounds which rather shows the effort it is for one to write of the many things which come to his attention in France and of how busy one can be helping prevent the enemy achieving the object of his ambition.

Realizing the duty of a son to write to his mother and that parents and friends like to hear from him, I have written from the Y.M.C.A. urging soldiers to write home following an exhortation along this line one young man wrote this about his experience of two years.

"Dear Mother—The war is a blinger. Tell Aunt. (Signed) Billy." All who have had direct experience agree "the war is a blinger" and that there are many better places which might be chosen as a health resort.

Speaking of forward work of the Y.M.C.A. in which I have been engaged recently, it is hard to forego the appreciation of it by the men whom we strive to serve is only exceeded by the great need for its enlargement and extension.

Relaxation of customary restraints, loss of home guidance and controlling influence means that no previous generation of youth was ever so exposed or subjected to very special dangers and peculiar perils.

Do You Know That? Of the twenty-six barons who signed the Magna Charta, only three could write their own names.

And this substance, holding such great potential powers of destruction in its seemingly innocent pale yellow crystals, is a product of our harmless domestic coal tar.

Trinitrotoluene in its natural state is in the form of pale yellow or white crystals, but in loading shells or bombs these crystals are melted, and in a fluid state the explosive is poured into its cases.

THE SITUATION.

The big drive against the Italian front has not, even in the initial stages, made the headway which the foe must have hoped. These massed rushes have usually resulted in the gaining of much ground at the commencement, but it has not proved to be so in this instance.

Official announcement is made that from January, 1915, to the end of May, 1918, no fewer than 487 ships sunk in British waters by submarines were salvaged.

Between the Oise and the Aisne the French are commencing to again take back ground lost in that region. The surprising news comes that the Turks have occupied Tabriz, next to Teheran, the largest city in Persia. It had not hitherto been known that they were conducting any such operations in that country.

FORD FOR THE SENATE.

Henry Ford has decided to run for the U. S. Senate and he is doing so moreover at the personal request of President Wilson. It is not so many years ago that he was almost begging investors to take some stock in his idea of turning out motor cars at a price which would make them available to those of moderate means and now he is a multi-millionaire with the chief executive of the States asking him to run for high office. Moreover, Ford has made a huge fortune without exciting any of the criticism usually levelled at modern wealth creators.

The Italians are grinding the toe in excellent style. To fill the vacant postmastership in Toronto Mr. W. Lemon, assistant postmaster for thirty-six years, has been appointed. The step will be generally applauded. When merit is proved promotion within the public service is the proper course and an incentive to all government officials.

AN ABLE ADDRESS.

Professor Osborne of Winnipeg, who delivered an address in the Board of Trade rooms last night, is undoubtedly a man of exceptional ability, and he presented a great theme in a most forcible manner. Briefly stated, the idea enunciated by him is that whereas Germany through her educational system has shown such remarkable, although perverted results, in the establishment of the military super-man propaganda, that Canada, by equal co-ordination, would be able to create a like condition of cohesive aims on behalf of good citizenship and a high ideal of national life.

In Ontario, the newly-appointed Minister of Education, the Rev. Dr. Cody, made it abundantly clear in a recent address before the Canadian Press Association, that ninety per cent. of the pupils in this Province get nothing more than a public school education, and that this is not enough. He believes that commercial and technical, and farm education in suitable districts should be added, and on top of these things, the ideas advanced by Prof. Osborne might also be very properly introduced. We are very apt to speak of Ontario's educational system as the

THE FIRST "OPEN AIR" ROYAL INVESTITURE OF THE YEAR.

For the first time this year the King held an "open air" investiture in the quadrangle of Buckingham Palace, when he personally conferred decorations upon a number of heroes who achieved distinction in the war. There was a large crowd of spectators to witness the ceremony. The upper photo shows a long line waiting to go before the King. The second figure from the reader's right marked with an X is Gen. Sir R. W. E. Turner, V.C., the Canadian force commander in England, and below the same officer is before the King receiving his decoration.

best on this half of the Continent, but there is very much reason to doubt the correctness of that affirmation. World thought is advancing in very many directions, and something will have to be done to place the work of the schools on a more stimulative basis with regard to practical results and national life in the truest possible sense.

NOTES AND COMMENTS.

Entering the United States from Canada these days at border points, and also getting into the Dominion from the other side is somewhat akin to the camel and the needles eye performance. The examination in the average of cases includes birth marks.

There was no need for Germany to proclaim the American coast as a danger zone. It was that for Teutonic hopes from the moment Uncle Sam entered the war.

O'LEARY IN NEW YORK

New York, June 18.—Jeremiah O'Leary, who was arrested near Portland, Oregon, last week, after fleeing from trial here on charges of espionage act violation, arrived here today from the west, in custody of federal officers.

Since his disappearance from New York on May 7, O'Leary has been indicted with two German subjects and four other Americans for complicity in alleged plots to commit espionage in behalf of Germany and treason against the United States. The prisoner was taken directly to the office of Charles F. Dewoody, chief of the New York Bureau of the Department of Justice, for examination.

O'Leary was later taken before Judge Hand and arraigned on the treason and espionage conspiracy indictments. He pleaded "not guilty" to both charges, and was held without bail on the treason indictment.

COUNTY COUNCIL

The County Council met this morning in the Court House. The following report of the Council as a committee was adopted on the motion of A. W. Eddy:

(1) That the communications from the Public Highways Department in regard to the payment of the commissioners of the suburban areas and the certifying of the accounts incurred by the commission be referred to the Roads and Bridges Committee of the Council.

(2) That the communication from the Woodstock Board of Education as to the expense of County of Brant pupils attending that institution be received and referred to the committee on education to report.

(3) That the communication from the Council of the City of London, asking that this Council endorse a resolution of that Council asking the Dominion Government to provide insurance for the overseas service of soldiers as provided by the United States be received and referred to the Committee on Finance to report.

(4) That the communication from the Department of Education that the communication from the Department of Education that the grant to the County of Brant for the year 1918 is \$847.49, and that the county is required to raise a similar amount, be received and filed.

(5) That the communication from the Ontario government in regard to firewood in Algonquin Park, and estimating the cost of same, delivered at Brant county, at \$10 per cord, be received and filed.

(6) That the communication from the Red Triangle Fund, acknowledging the grant of \$55 made personally by the members of the council to the fund be received and filed.

(7) That the communication from the Hon. George Foster as to the Daylight Saving Act, also from the office of the Post Controller as to increased production and the Organization of Resource Committee as to farm labor be received and referred to the committee, consisting of Messrs. Crichton, Greenwood, Douglas and Eddy to consider and prepare a resolution for submission to the Council dealing with the question referred to.

(8) That the communication from the Ontario Municipal Association as to the convention of that association and asking the Council to join the organization be received and filed.

(9) That the communication from the Council of Toronto, enclosing a form of petition asking that the British North America Act be amended by a vote of the people of Canada providing for the abolition of the Senate of Canada and asking this Council to join in a similar petition be received and filed.

While the committee was in session Councillor Smith occupied the chair.

ADMIRAL PAGET DEAD.

London, June 18.—Admiral Sir Alfred Paget died suddenly here last night.

Admiral Sir Alfred (Wyndham) Paget was a son of the late General Lord Alfred Henry Paget, and was born March 29, 1852. He entered the English navy in 1865, became rear-admiral in 1906 and vice-admiral in 1911. He served in the Egyptian and Sudan campaigns from 1891 till 1893 and was British naval attaché at Washington 1896-1899. He was knighted in 1911 and received the distinguished service order in 1917.

PARIS GIRL IS LAID TO REST

Funeral of Late Miss Mary Doyle Took Place Yesterday

OTHER NEWS OF PARIS Corp. Harold Smith, Prisoner of War, Has Been Released

MRS. O. H. MILLER DEAD

(From Our Own Correspondent.) Paris, June 17.—The funeral of the late Miss Mary Agnes Doyle, daughter of the late John and Mrs. Doyle, who passed away on Friday, took place this morning from the family residence, Paris Station, to the Church of the Sacred Heart, where Rev. Father Cassidy chanted Requiem Mass, and thence to R. C. cemetery. Deceased had been poorly for nearly a year, having had a stroke some months ago, from which she never fully recovered, and was seized with another on Friday, death resulting from same. The late Miss Doyle was born and educated here and by her bright and cheery nature had made many warm friends who will regret to hear of her demise. She was a faithful member of the Church of the Sacred Heart and took an active part in all its branches until prevented through illness. She leaves to mourn her loss three sisters and three brothers: Mrs. Thomas Cavan of Paris; Mrs. Burke; and Mrs. John O'Neill of Grey County, Richard, John and Patrick of Paris Station to whom the sympathy of the community will be extended.

A large number of members from Court Harmony A. O. F. went to Brantford last evening and attended the memorial service in memory of the members of the Ansele Order of Foresters of Brant district, who have made the supreme sacrifice for King and Country. The service was held in Alexandra Presbyterian Church.

Many in Paris will be pleased to learn that Corp. Harold J. Smith has been released by Germany and now interned in Holland, after being a prisoner for over 22 months. He left Paris with the 4th Mounted Rifles under Captain W. R. Patterson, who is now Lieut.-Colonel. On June 2nd, 1916, with the late Corp. C. Ball he was scouting, just prior to a British attack. During the fierce fighting that followed, Smith was wounded and captured, while Ball was reported missing, and since been listed as dead. In a card to Paris friends Smith says: "I am thankful at being exchanged from Germany, after 22 months enclosed behind barbed wire. It is like being in a new world. My experiences I will never forget. Thankful that now I am in good health. Remember me to Paris friends. My address is B. F. of War, interned in Holland No. 109603, Corp. H. J. Smith, 4th Canadian Mounted Rifles, Group 10, Townley Hall, Vachman Street, Den Hague, Holland."

On Friday evening several members of St. James' Church choir waited upon Miss Violet Fowkes and presented her with a gold mounted fountain pen. Miss Fowkes was a valued member of St. James' Church for several years and left on Saturday for London. It is her intention of taking a course of training with the St. John's Ambulance and later going to England for V.A.D. work there.

There passed into the spiritual world on Friday evening, Elvira V. Riener, beloved wife of Mr. C. H. Miller in the 40th year of her age. She had been ill since last February, suffering from heart trouble. Mrs. Miller was the daughter of the

CHAPTER LXXXIV A Poor Correspondent

Bob had been gone a week. I had had but two short notes from him, and a few words so carelessly written that I could almost see the nervous, hurried way he had written them.

It was strange that he couldn't take time to write me a decent letter. I thought bitterly as I held the thin sheet of paper with the thin hastily scrawled words in my hand. Then I excused him as usual, "he might be very busy, even although I could see no reason for it as it was estate work, that engaged him."

Donald had almost entirely recovered. I would take a day and go into town and do some shopping. I telephoned Elsie and asked her to go with me.

"I shall be delighted," she answered. "We'll have luncheon downtown and make a day of it. Come in early."

It was only ten o'clock the following morning when I met Elsie at one of the large department stores. "What in the world have you been doing to yourself?" she asked as soon as our greetings were over.

"What do you mean?" "You look like the very old scratch. Been worrying over Bob again? Tom said he was away."

"Some—perhaps." "Cut it out, Margaret. Now I want you to do exactly as I tell you today, will you?"

"That depends on what you want me to do." "Let the shopping go, at least until afternoon. Come with me to a beauty parlor, have a facial massage, and have your hair dressed."

"Really, Margaret, you look every day of forty." Then she added, "Don't be cross with me, dear for speaking so plainly, I know Donald has been sick and you have been very anxious, but you mustn't let Bob come home and find you looking like this. Not if it takes every penny you've got in your pocket book, and you have to borrow of me."

"I'm not cross, Elsie," I replied rather wearily. "I had been criticised soon after of late to resent it, but any longer." "Then you'll do as I want you to." "Yes, I think it a waste of time, though."

"Wait and see," she said critically.

ly as she led the way to a well known beauty parlor.

She asked for a particular massage, one whom she then mother and herself, then stood by and bossed the job, as she expressed it. I had to acknowledge that the massage was grateful, that the hot cloths rested my tired eyes. Then my hair was brushed, and I had an electric massage of the scalp before they powdered my face, and dressed my hair. A touch of rouge on my cheeks, and the operation was finished in just two hours and a half.

"Come on now, let's have luncheon. I'm as hungry as a bear," Elsie exclaimed as I parted with a five dollar bill.

I was hungry too, more so than I had been for days. We went to the Halford as it was close to the stores I wished to visit.

"Well you do look different!" Elsie exclaimed as we sat down, "You look ten years younger."

"Thank you," I replied laughingly. "It's your fault, but I was pleased. I had been astonished when I looked in the glass in the beauty parlor. The tired look was gone, I looked fresh and almost girlish."

"See that you do it often," she replied, "at least until you have rid yourself of those wrinkles. You never had any that I noticed until lately, and they will be easily gotten rid of if you take them right away. Bob is altogether too handsome for you to neglect your looks as you have been doing."

"Why in the world couldn't people let my relations with Bob alone? First Mrs. Baldwin, then mother and now Elsie. It was aggravating to say the least. I thought as I saw John Kendall making his way toward us: 'How do you do?' he said to Elsie, then to me, 'I never saw you looking better. Mrs. Garrett, so I won't ask you the senseless question I suppose you are happy that Bob is coming home. He's the best correspondent, just think, Mrs. Barton,' I turned to Elsie, 'he's written me every other day since he left. Pretty good for a busy fellow like Bob isn't it?'"

"After a few more words he left us. So Bob had written John Kendall every other day and had written me, his wife, two short careless notes. Even if they did have business together, I couldn't quite feel that would excuse his failing to write me."

After luncheon Elsie and I shopped until late in the afternoon. Remember what I tell you, Margaret. Spend your money making yourself handsome. Some day you will thank me for the advice," she said laughingly as we bade each other good bye.

It has done you good to go in town, Mrs. Garrett," Della said when I reached home; "you look fine and rested."

I looked long into the mirror that night. Perhaps mother, Elsie, were right, and I should have taken more pains with my toilette. Well, I would hereafter I would have a facial treatment the day Bob returned then I would meet him at the station.

TO MATCH WORK OF OVERSEAS MEN

Registration Day Will Furnish Information Necessary in Fight Against Waste

An extremely interesting report from the Overseas Minister of Militia, the other day told of the work of the Salvage Department of the Expeditionary Force, which during the past nine months has saved the people of Canada the considerable sum of \$211,955. It did this by the systematic collection of all discarded articles and their subsequent sale in bulk in London. This achievement shows what can be done by the studied elimination of waste. One of the principal objects of the National Register, which will be taken on 22nd June, is the elimination of waste. It will accomplish this by providing the Government with the information necessary to a scientific direction of the country's man power. Production, agricultural as well as industrial, will be increased, and in the process the expenditure of human energy in useless and non-productive pursuits will be reduced to a minimum. As a result of the information secured on Registration Day Canada will renew her strength for the final onslaught against the powers intent upon arresting the course of civilization.

## GIVEN SHOWER.

A very pleasant evening was spent last night when a dozen or more of the girl friends of Miss Lulu Chapman dropped in at her apartments, 52 Colborne street, and "showered" her with miscellaneous gifts prior to her approaching marriage. The gifts were many and beautiful, which shows the high esteem in which the bride-to-be is held by her many friends in Brantford.

## BAN WOOD ALCOHOL.

While nothing definite has been arrived at between the Ontario License Board and the Dominion authorities in reference to the control of the sale of wood alcohol, it is probable that at the next session of the Legislature the statutes may be amended to place wood alcohol under the ban. The Ontario License Board would then have control of its sale as it now has of essences.

## WORKMEN'S COMPENSATION.

The annual statement of the Workmen's Compensation Board just issued shows that during 1917 the total amount of compensation awarded was \$3,913,082.41, as compared with \$2,011,486.94 for 1916. The average amount of compensation per day during 1917 was \$9.071. Assessments were collected from 14,000 employers on a pay-roll representing \$256,580,000. The total number of accidents reported was 35,514, as against 26,092 reported during the previous year.

## RECRUITING FOR R.N.W.M.P.

Recruiting for the Royal North West Mounted Police, which is being carried on to replace the members of the force who have gone overseas, is proceeding satisfactorily. Men are being secured in all parts of Canada, as well as the United States. Men of the class subject to call for overseas service, but who have not yet been called have joined the Mounted Police in large numbers with the understanding that they are liable to be drafted at any time their services are required. Meanwhile they are receiving valuable military training with the police.

## GOES ON HOLIDAY.

Mr. L. F. Palmer, manager of the local story of the Wm. Davies Co., has been granted a six weeks' leave on account of his health. He is being relieved by Mr. E. Woodhouse of Toronto. Mr. Palmer will spend his holiday in the country.

## MOVIES IN THE MAKING.

Many Brantfordites fancied their selves transported suddenly to Fort Lee, New Jersey, Hollywood, California, or some other home of the motion picture industry, when they noticed a motion picture camera with all necessary paraphernalia in operation in the central streets of the city this morning. The fact is scenes were being "shot" for a picture in which all the roles will be taken by local citizens. The picture is being produced under the auspices of Brant chapter, I.O.D.E., and will be shown at the Rex Theatre next week. This morning the fire department was photographed in action, and His Worship Mayor MacBride snapped in an oratorical attitude on the spot of the steps, while this afternoon a mob scene was "shot" with the aid of the crowd emerging from a theatre.

## POLISH HOLIDAY OBSERVED.

More than two hundred and fifty Poles of the city assembled in the Conservative Club rooms on Saturday afternoon, to celebrate one of Poland's national holidays. Capt. Buzocki and Lt. Hittko, in charge of recruiting for the Polish legion in Toronto military district, were present and delivered recruiting appeals, which were not without result. Mayor MacBride also addressed the gathering, paying a tribute to the character and history of the Polish people, and pointing out that the Allies to-day were fighting for the freedom of Poland and her kindred nations and looked to the Polish people of America for material assistance. Rev. L. Dugorecki, pastor of St. Joseph's Polish church, also spoke briefly along similar lines. A musical program was rendered by the Polish children.

## Trade Decrease Due To Shipping Curtailment

By Courier Leased Wire.

Ottawa, June 16.—That the decrease of over ninety-two millions in the trade of the Dominion for the first two months of the fiscal year ending May 31, as compared with the same period in 1917, is due almost entirely to the curtailment of shipping facilities, is the opinion expressed in official circles here. In this connection, it is pointed out that since that period last year, the Australian and South African steamship services have been discontinued, and this would materially affect the total trade figures. Another contributory cause has undoubtedly been the congestion of the land transportation facilities of the country. In this connection it will be recalled that as the result of a conference held in Ottawa early in the winter, arrangements were made for the all-rail carriage of large supplies of wheat for Great Britain and the allies. It was subsequently stated that although the plan had been adhered to, the quantity of wheat carried all-rail was only fifty per cent of the amount it was expected would be carried.

The exchange situation as it affects the United States and Canada and the restriction of imports recently decided upon by the war trade board will considerably reduce the total trade of the Dominion for the current fiscal year.

## PAVE ERIE AVE IF POSSIBLE

Shortage of Labor Responsible for Delay in Completing Work

By Courier Leased Wire.

The paving of Erie avenue will be proceeded with as soon as labor conditions permit of the necessary help being obtained at reasonable prices, and without drawing men from essential industries. Such was the assurance given to the City Council last night by Ald. English, chairman of the board. A resolution introduced by Ald. Symons, calling for the completion of the work as soon as possible, gave rise to considerable heated debate. Ald. English and the majority of the Council feeling that the motion implied a reflection upon the efficiency of the Board of Works and its ability to discharge its own business. All admitted the urgency of completing the work as soon as possible, but it was pointed out that many important undertakings were being held up by labor and other problems. Ald. Symons moved that the City Engineer be urged to proceed with the completion of the paving of Erie avenue at the earliest possible moment. English opposed the motion, declaring that the Board of Works, was doing all it could. He wanted the matter left in the hands of the Board of Works.

## IMPERIAL CONFERENCE

By Courier Leased Wire. London, June 18.—The second meeting of the Imperial Conference held at the Colonial Conference Club, a full attendance of members, including representatives of Australia and India, who had arrived since the first meeting, and to whom a very cordial welcome was extended by the secretary of state for the colonies, on behalf of His Majesty's Government and the conference. This conference as including for the first time representatives of the all dominions and India, is more completely representative of the empire than previous conferences. Right Hon. Walter Long read the reply from His Majesty, the King, to the loyal resolution passed by the conference at its first meeting.

## BRITAIN'S WAR EXPENDITURE

By Courier Leased Wire. London, June 18.—Bulletin.—Great Britain's daily average expenditure during the current financial quarter was £6,848,000, said Andrew Bonar Law, chancellor of the exchequer, in introducing a vote of credit for £500,000,000 in the House of Commons to-day. Mr. Bonar Law said that the present vote which would bring the total credits to £7,342,000,000 would cover expenditures until the end of August. The debt due Great Britain from her allies is £1,370,000,000. Mr. Bonar Law said while the dominions owe £206,000,000.

## FIND FOR CAUSING FIRE.

By Courier Leased Wire. Quebec, June 18.—Els Gagne, a homesteader in this province, has been condemned in the courts to pay heavy fines for damages to property destroyed by forest fires of which he was the cause. The Superior Court allowed Louis Collard \$5,232.88, Joseph Villeneuve \$834.65, and the Factory Insurance Company \$1,600 with interest and on account of Gagne's carelessness and the Appeal Court has just confirmed the judgment.

Ontario, Ont., June 18.—F. B. Robins, wealthy realtor, has given notice of appeal in the breach of promise action brought by Miss Laurin Doney, and in which judgment was given against him by Chief Justice R. B. Meredith for \$10,000. The defendant alleges that the jury was misdirected by the judge.

Ontario, Ont., June 18.—The decrease of over ninety-two millions in the trade of the Dominion for the first two months of the fiscal year ending May 31, as compared with the same period in 1917, is due almost entirely to the curtailment of shipping facilities, is the opinion expressed in official circles here.

Ontario, Ont., June 18.—The paving of Erie avenue will be proceeded with as soon as labor conditions permit of the necessary help being obtained at reasonable prices, and without drawing men from essential industries. Such was the assurance given to the City Council last night by Ald. English, chairman of the board.

Ontario, Ont., June 18.—The annual statement of the Workmen's Compensation Board just issued shows that during 1917 the total amount of compensation awarded was \$3,913,082.41, as compared with \$2,011,486.94 for 1916.

Ontario, Ont., June 18.—Recruiting for the Royal North West Mounted Police, which is being carried on to replace the members of the force who have gone overseas, is proceeding satisfactorily.

Ontario, Ont., June 18.—While nothing definite has been arrived at between the Ontario License Board and the Dominion authorities in reference to the control of the sale of wood alcohol, it is probable that at the next session of the Legislature the statutes may be amended to place wood alcohol under the ban.

Purchase of Waterworks Property was Ratified

Agreement With D. S. P. Company Closed by City Council Last Night

DISCUSSED AT LENGTH Council Dealt With Many Matters Before Summer Adjournment

ALD. BODDY RESIGNS

The city council last night ratified the agreement with the Dominion Steel Products company for the purchase of thirty-nine acres of waterworks property in the Holmedale, but not until the question had been thrashed out at great length.

Ald. H. Boddy wrote to the council, resigning his seat, owing to his having entered into a partnership to practice law, with W. T. Henderson & Co., City solicitor.

The Trades and Labor Council wrote expressing agreement with the G. W. U. in their protest against the lack of sympathetic action on the part of the Y. M. C. A. toward the men overseas.

Ald. Harp pointed out that the city's grant to the Red Triangle fund was not payable until October, and that in the meantime the matter might be further investigated.

The time has arrived when the Y. M. C. A. should furnish the people with a clear cut financial statement of its activities, replied Mayor MacBride, later in the evening.

Toll Roads Agreement An agreement on the purchase of the toll roads, drawn up by E. Watts, county clerk and solicitor, was submitted to the council by W. T. Henderson, city solicitor, and referred to the toll roads committee.

"Had the city a voice in the drawing up of the agreement?" inquired Ald. Kelly.

No, replied Ald. English, chairman of the toll roads committee. "But we will not sign the agreement until we approve it."

The agreement is not drawn up as the city stipulated, stated W. T. Henderson, "so I submitted the document to the council."

Ald. Harp explained that the Mayor, absent from the room at this juncture, wished the matter laid over, as the county council was to meet this week and the affair could be straightened out.

Build Two Switches. The Railway Committee reported as follows: A report from the City Engineer has been received, giving estimates of cost of two switches to the West Brantford yard.

In view of the facts stated therein, as to the uncertainty of the company being able to recommend or provide their part of the material for both switches, we recommend that both the switch to the centre of the yard and the switch to the warehouse be constructed at the present time, and that the Board of Works be asked to do the grading as soon as possible.

"Has this been considered by this committee?" inquired Ald. English. "We had not time," replied Ald. Mellen.

"This matter was referred back from the Fuel and Food Committee to the Railway Committee. Ald. Kelly submitted a verbal report on a convention held recently in Toronto, when the Government had been petitioned to retain the head offices of the C.N.R. in Toronto. It was felt that the head office of the G.T.P. might also be established in Toronto. Ald. Harp corroborated this.

Board of Works. The Board of Works recommended that the City Engineer be authorized to advertise the following NOTICE

J. M. YOUNG & CO.

LATE SESSIONS "That this Council for the remainder of the year 1918 do adjourn its meetings at the hour of eleven p.m."

"It can't be did," commented a spectator, as Ald. English introduced the above resolution at last night's meeting of the City Council. Apparently the Mayor thought the same, as he ruled the motion out of order.

"Such a decision would interfere with the discharge of our business," he explained. "We'll all say it would."

The Council adjourned for two months just on the stroke of eleven last night. The last three meetings endured until one a.m.

President Wilson has expressed the hope that the Senate will pass the suffrage bill.

LADY'S WAIST. By Anabel Worthington.

They are making houses of fine gingham in the style of waist No. 8600, and they are very practical for everyday wear because they launder so easily and well. Plain color gingham or chambray, is used for contrasting trimming. The fronts of the waists are gathered to the back shoulder edges which extend over to give the effect of a yoke. The sleeves are set in without fullness and they are gathered into deep cuffs, which in turn are trimmed with odd shaped pieces of the plain material.

The lady's waist pattern, No. 8600, is cut in four sizes—36 to 42 inches bust measure. As on the figure the 36 inch size requires 2 1/4 yards 36 inch, with 1/2 yard 60 inch contrasting material.
