Voters' List, Part 3

Municipality of the

Township of East Flamboro

Notice is hereby given that I have
received and delivered to the per-
sons mentioned in Sec. 9 of the On-
tario Voters' List Act, the copies re-
quired by said section to be trans-
mitted or delivered of the list made pur-
suant to said Act of all persons appear-
ing by the last revised Assessment
Act of the said municipality, to be en-
titled to vote in the said municipality
at elections for members of the Legis-
lative Assembly only, and that the said
list was first posted up at my office at
Waterdown on the 12th day of April 1923
and remains there for inspection.
And I hereby call upon all voters to
take immediate proceedings to have
any errors or omissions corrected ac-
cording to law.

L. J. MULLOCK,
Clerk of Said Municipality.

•

Rationing the Sow.

Rationing the sow is the surest
way to forestall trouble. Overfeeding
at farrowing time makes her feverish
and nervous; more likely to trample
her offspring and less able, often, to
secrete milk properly.

Don't feed the sow at all during
the twenty-four hours before farrow-
ing, and during the week prior to
that keep corn out of the ration.
Corn is an especially heating feed.
Instead, feed ground oats, barley or
bran, any one or two of these, or all
three if you like.

And don't feed the sow at all for
from twelve to eighteen hours after
farrowing. After that, even, go slow,
taking from a week to ten days to
get the animal back on full feed.

Scours in young pigs is one of
the troublesome conditions which
arise from faulty feeding of the
mother. Next in importance to rationing
comes condition of the pen. Clean,
dry pens do much to prevent diges-
tive disorders and rheumatism in
both the sow and the pigs.

Warts on Horses.

Warts are very difficult to erad-
icate, especially situated near the
mouth or eyes. The exact cause of
such growths is unknown, but no
doubt indicates abnormal nutrition of
the affected skin. Irritation of the
skin may be a contributory cause.
The warts with small necks can be
twisted off or barked with a silk
thread, when they will drop off.
Masses of small warts will disappear
in time if smothered daily with a
thick paste of equal quantities of
cold-pressed castor oil, salt and
flowers of sulphur.

U. F. O. Meeting

A meeting of the electors of the
Village of Waterdown and Ward
2 of East Flamboro, who are in
sympathy with the policy of the
Drury Government, will be held in
the Waterdown Memorial Hall on
Monday evening April 30th at 8
o'clock. Matters pertaining to the
coming election will be discussed
and delegates appointed to attend
the convention to be held in the
Town Hall, Dundas on Saturday,
May 5th, to choose a candidate to
run in the interests of the U. F. O.
Labor Party of the Province of Ont-
ario. Two men and two women
delegates will be appointed for each
polling division. Ladies are cordially
invited to attend this meeting.

Women's Institute

The regular monthly meeting of
the Waterdown Women's Institute
will be held in the Memorial Hall,
Wednesday, May 2nd at 8 p. m.
This is the annual meeting for the
election of officers. There will be
an old fashioned spelling match
conducted by Miss McDonald of the
High School staff. Mrs. Ed. Blag-
den and Miss Mildred McMonies
are the music committee.

Millgrove

On Sunday evening last a large
congregation listened to a very inter-
esting sermon delivered by Rev. F.
J. Fyde in the Millgrove Methodist
church, his subject being, "Four
Men in the House", which was much
appreciated by the entire congrega-
tion. Coupled with the address, the
male choir rendered valuable service
in song which proved marked ability
on the part of our male singers.

Mrs. Wm. Shelton of Hamilton is
visiting friends in the village.

Miss Hazel Whitley of Hamilton
was the guest of Miss Arleen Pepper
last week.

John H. Cummins of Kitchener,
a former old resident of this village,
is visiting at Mr. Edgar Carey's.

Mr. Basil Griffin has moved to
Hamilton.

Mrs. Geo. Jennings has moved to
the Beach.

Mrs. McKinnon has moved to
Hamilton.

Farmers in this neighborhood are
busy with their seeding at the pre-
sent time.

Greenville

Mrs. P. Riley of Hamilton spent
the week end visiting friends here.

Mr. J. Staff spent Sunday in the
village.

Mrs. W. Grightmire's little son is
ill with pneumonia.

Mrs. Carl and Mrs. Lovell of
Hamilton spent the week end with
Mrs. R. Surerus.

Mr. J. R. Clark spent Sunday at
Brantford.

The Women's Guild of Christ
Church will hold their meeting at
the home of Mrs. Walter Walter
Nicholson.

Locals

The W. A. A. A. are preparing to
hold a big celebration and baseball
tournament on May 24th.

Mr. Alex Allison has commenced
building a stucco bungalow on Flam-
boro street next to St. Thomas
church.

Dr. Gillrie has purchased a new
Ford coupe from Thos. E. McKeen,
who recently established a Ford
agency here.

Rev. Mr. Slack of Mt. Forest will
commence his duties as Rector of
Grace Church, Waterdown, on Sun-
day, May 6th.

The Knox Presbyterian Church
Club will hold its meeting Thursday
evening, May 3rd, at 8 o'clock, in-
stead of Tuesday.

Dr. D. A. Hopper has purchased
a lot on Main Street from Mrs. John
Prudham, and will erect a fine new
modern residence and office.

Mrs. R. Simpson and her sister,
Miss Grace Campbell, have returned
from Rochester, N. Y. where they
spent the winter with relatives.

Work has started on Mr. John
Kitching's new house on Mill street,
also on Mr. F. W. Beeforth's on the
4th concession opposite end of Mill
street.

The Waterdown Orange Lodge
have sent out invitations for their
second Informal dance to be held in
the Memorial Hall Friday evening,
May 11th.

Mr. Chas. Prudham, who has been
spending the winter at Drayton,
Ont. with his son, Rev. W. W.
Prudham, returned to the village
last Tuesday.

Sunday April 29th will be Song
Service Sunday at the Methodist
Church. The choir will be assisted
at both services by Mr. Allen Terry-
berry of Hamilton.

A long felt want among certain
citizens in the village has been filled
by Mr. Arthur Featherston, who has
installed a complete amateur photo
supply department in his store.

On Thursday evening of last week
Miss May Langford entertained the
teachers of the village together with
the Misses Nicholson, Featherston,
K. and N. Metzger and Mrs. Ander-
son. An enjoyable evening was
spent in music and contests.

Mr. A. Newell has returned home
after an absence of two weeks in the
vicinity of Waterford where he
wired a large farm house and out
buildings for a private electrical
plant. Mr. Newell reports that
private plants are likely to become
quite common among the farmers.

Birthday Luncheon

Miss Forrester of the High School
staff, was hostess on Wednesday,
April 25th at a delightful luncheon
given in honor of her birthday. The
entire teaching staff, Mrs. Riddell
and Mrs. Spencer were the guests.
Mr. Spencer in a fitting manner
voiced the appreciation of the
guests at the conclusion of the
luncheon.

NOTICE

To the Ladies of the W. I.—The
Gladioli bulbs have arrived. Those
wishing any, call Mrs. Fred Thomas

PROPOSED NEW BASILICA STE. ANNE DE BEAUPRE

THE PROPOSED NEW BASILICA AT STE. ANNE DE BEAUPRE. INSERT IS THE OLD BASILICA PRIOR TO THE CONFLAGRATION.

WHEN the historic Shrine and Basilica at Ste. Anne de Beupre was burned to the ground last year, together with the monastery and the novitiate of the Redemptorist Fathers, the clergy did not waste any more time than was necessary in lamenting their loss, but set about at once to construct a temporary shrine and to lay plans for a larger and newer church. After a great deal of discussion it was decided that the old church had become too small for the demands and that the exigencies called for greater accommodation. It was therefore decided to demolish the old walls, and to build a church proportionate to the needs of the future as far as they can be foreseen. The plans of the magnificent structure shown above were decided upon. The new Basilica which has been designed to give the edifice an appearance compatible with its use will not conform to the architectural style of any one period but will be a combination of Roman and Gothic. An idea as to its generous proportions can be gained from the following figures: Length over all 312 feet; interior length, 260 feet; length of choir, 65 feet; width of nave, 134 feet; width of transept, 186 feet; height of grand nave, 85 feet; superficial area 42,000 square feet. There will be twenty-six altars, twelve of which will be in the crypt Chapels, and the lighting of the interior will play a large part in the scheme of decoration of the church and will be a telling factor in providing a beautiful place for the hundreds of thousands of pilgrims who journey each year to the famous shrine.

Low Prices Cause People to Beware

Reason for Selling Goods Cheap Often not Hard to Solve

For instance, a short time ago two youngsters decided to open up a lemonade stand, and as it happened they both located in the same block on the same street. An elderly gentleman on passing the first stand noticed the drink advertised at 2 cts a glass, while further down the other lad had his advertised for 5 cts. a glass. This old gentleman after drinking two glasses of the lemonade that was advertised for 2 cts. a glass in passing further down the street noticed the other lad with his lemonade and remarked, "How do you expect to sell your lemonade at 5 cts when that other lad up the street is selling the best lemonade I ever drank at 2 cts a glass." "Well Mister," said the boy, "I will tell you. We both are in partnership and about an hour ago the cat fell into his bowl and we decided to get rid of his lemonade quick before the news spread too far." So you see there is always a reason for cutting prices. Quantity and quality are very seldom companions in the same package. Few people can remember when they ever got something for nothing.

So if you deal at Dale's Grocery and Meat Store you can rely on the Quality and the prices right.

Ants Flee Before Tartaric Barrage.

A small amount of moistened tartar emetic and powdered sugar in equal parts will drive ants away if placed near their haunts. The mixture should not be thrown out when no longer required, but should be set aside for another emergency. Add a little water and the mixture can be used as before. Care should be taken to keep it out of the reach of little children.

The first apple tree was planted in Manitoba forty years ago.

If you are concerned about the future welfare of Canada, buy a Victory Bond and make it a sure thing.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

WOMEN AS BEEKEEPERS

A Work That Will Suit Their Natural Disposition.

No Better Opportunity Offered Country Girls—Beekeeping Has a Fascination for Female Apiarists—Cost of Starting and Probable Profits—Male Experts Approve.

(Contributed by Ontario Department of Agriculture, Toronto.)

The historic riddle propounded by Samson: "Out of the eater came forth meat, and out of the strong came forth sweetness," was answered by citing the lion and the honey; and even then there was a woman in it.

For years beekeeping for women was regarded as an unsolved riddle. To-day it is no puzzle, for both wives and maidens are making money at it. "Sweets for the sweet."

No Better Opportunity for Country Girls.

A few years ago the writer interviewed five women who had made a success of apiary work, and all of them were decidedly of opinion that there was a good chance for a girl or a married woman succeeding in beekeeping if she went about it the right way.

Miss Etzel Robson, of Iderton, said: "For the girl who wished to make her living in the country there is no business that affords a better opportunity than the keeping of bees."

Miss Margaret W. Scott, of Meyersburg, went so far as to say that she believed beekeeping was an occupation for women rather than for men; that there is much to gain and little to lose in it.

The Work Suits Woman's Natural Disposition.

Miss M. B. Treverrow, of Meadowvale, observed that women were more and more turning to beekeeping. Much depended upon the individual. The work was healthful, being mainly out-of-doors during the summer. "Woman's natural disposition to be careful, painstaking, watchful and energetic has full play in this occupation, as there is much to interest, to learn and to do in the work of an apiary."

Miss Fred. Ham, of Bath, most decidedly thought that a woman could support herself by keeping bees. "She who undertakes to do so should put as much energy, care and thought into the work that she would in any other occupation. Her heart must be in it."

Beekeeping Has a Fascination for Female Apiarists.

The late Mrs. G. A. Deadman, of Brussels, had a long experience in bee management. She said: "The apiary has a fascination for the woman who goes earnestly into beekeeping. It is a healthful occupation, for it is largely out-of-door activity, and it gives one a change of work and thought. Some heavy lifting is necessary now and then, although assistance is usually available. But a woman must make up her mind to give practically all her time to the work during the period of swarming and extracting—say June and July. After that there is bottling, packing, labelling, etc., although this may be lightened by selling in bulk, which is the best way after all to dispose of surplus honey. But for months together the bees require little or no attention."

Some Apiary Costs.

Miss R. B. Pettit, of Georgetown, writing in January last, gives the following up-to-date information: "A woman can make it go, if she has sufficient initiative, energy and strength, and lastly if she likes the bees. Interest in the work and love of bees must be strong enough to overcome many difficulties besides the inevitable sting. A light start is advisable, say two or three colonies, until she masters some of the mysteries of the hive, and the general principles of management."

It would be well for her to begin with standard equipment—the ten-frame Langstroth hive for brood chamber—but would advise shallow supers, because of their lighter weight. The following list gives estimate of cost for start with two colonies:—

2 colonies bees with brood chamber bottom board and cover...	\$30.00
6 shallow supers with frames...	11.70
2 complete hives for swarms...	9.00
2 1/2 lbs. light brood foundation, L size...	1.88
4 lbs. shallow foundation...	2.40
No. 2 smoker, \$1.50; hive tool, 60c; back, 90c; spur wire embedder, 45c...	3.45
A. B. C. of Bee Culture...	3.00
	\$62.43

Ontario crop reports show an average of about 55 pounds per colony; prices vary as in other produce.

The number of colonies that can be profitably kept depends on the woman and on the location.

Probable Profits.

Miss Jessie Lees, of Erindale, also writing in January, says: "For a strong woman with nerve and determination, I consider beekeeping a good healthy occupation. Starting in a small way with two colonies, the cost for bees and equipment for first year would be about \$150, not including workshop. She could increase stock and equipment year by year,

according to her means, to fifty colonies, which would be enough for one woman to handle alone. From that number the net return should be \$400 a year. This is only approximate, as prices and conditions vary greatly from year to year."

Male Expert Approves of Women as Apiarists.

Mr. Morley Pettit, of Georgetown, formerly Provincial Apiarist, says: "Through force of circumstances more women are actual beekeepers than the records show. There is an obstacle in honey producing that a woman cannot overcome with her ingenuity."—Thos. McGillivuddy, Statistics and Publication Branch.

Here and There

Canada's export trade grew \$174,000,000 in the first eleven months of the fiscal year ending March 31st.

A recent and popular Canadian Pacific appointment is that of Mr. Walter Maughan to Steamship Passenger Manager. The appointment includes management of the company's passenger business on both the Atlantic and Pacific oceans.

Fire insurance companies found 1922 the most disastrous year for more than 20. The ratio of losses to premiums was 68.64 per cent. British companies suffered most severely, their losses to premiums being 71.48 per cent, mainly due to the Northern Ontario fire.

A gold rush is in full swing and it is expected to bring about the development of more mining camps in the counties of Temiskaming and Abitibi. Gold was discovered in these two counties early in 1922, and a rush of prospectors began in March of that year. In October, 250 claims were staked, comprising 50,000 acres of land, and to date about 30,000 acres have been staked.

In the last fiscal year, Canada imported 1,398,000 pounds of butter from the United States, 297,000 pounds from Australia and 2,234,000 pounds from New Zealand. The total exports of Canadian butter were 5,430,000 pounds.

It is announced that the running schedule of the Trans-Canada Limited, which will operate between Montreal, Toronto and Vancouver, commencing May 20th, has been cut down one hour. Considering the all steel equipment and luxurious appointments and its regular daily on time performance, this is the finest long distance train in the world.

Bungalow camps, such as are operated in the Canadian Rockies, are to be built in the French River, Nipigon Bay and Lake of the Woods districts of Ontario by the Canadian Pacific Railway. Low cost of construction and maintenance will enable the company to offer lower rates than standard hotels. The first three will be ready for occupation by July 1st.

According to a recent rearrangement of ports of call the Orient, the Canadian Pacific Steamships Limited, by omitting Manila as a port of call between Shanghai and Hong Kong, will bring the latter port four days nearer to Canada, the United States and Europe. This makes possible a through service from London, England, via Canadian Pacific Atlantic Empresses to Quebec and rail to Vancouver and via Canadian Pacific Empresses to Hong Kong under 28 days.

During the year 1922 the Canadian Pacific Railway handled a total of 8,435,825 pieces of baggage as compared with 8,732,674 for the previous year. Of this amount 5,175,203 pieces were passengers' baggage which compared with 5,486,455 for the previous twelve months. 9,697 bicycles were handled. 19,336 dogs travelled as baggage and 23,88 baby carriages were moved. There was also a considerable increase in the movement of milk. In 1922, the Company moved 1,023,707 cans as against 1,614,791 in 1921; and it is remarkable that most of this increase was in the three provinces, Manitoba, Saskatchewan and Alberta, which is an apparent indication of the further development of mixed farming in those provinces.

One of the best examples of a town "growing up over night" is that of Climax, the end of steel on the Consul-Assiniboia branch of the Canadian Pacific Railway. All that there was on the quarter section on February 19th, the day on which the site of the new town was finally settled, was a sawmill, a blacksmith shop and a small barn. When the steel was laid in Climax on March 15th there was a restaurant, one rooming house, 65 stores of dwellings, two blacksmith shops, a drug store, a general store, a barber shop, a big general store, pool room and barber shop. The new town is situated in four large flat warehouses in which nearly 100,000 bushels of grain were stored, and a butcher shop. The new town is situated in Lone Tree P.M. number 18, about 50 miles south of Shaunavon.

The Store of Quality

SPRING

HOUSE CLEANING TIME

Means a General Clean Up

Fresh paint for the interior woodwork. Varnish for your furniture and woodwork

Our stock of paints, varnishes, etc. is complete in all the needed colors. Get our color cards and prices.

For your walls and ceilings use sanitary wall colorings in

SANITONE

Easily applied and absolutely sanitary. Can be washed with soap and water and still have that durable soft flat velvety finish. Can be had in many delicate shades and tones.

Sun Varnish

For your woodwork and furniture. None better. Made from the highest grade materials.

Sun Varnish Stains

In the better shades, light and dark oak, walnut, mahogany, cherry, etc., also ground color for filler. All the highest grade materials used in its manufacture.

Sun Floor Varnish

Is the best floor varnish on the market. It will stand the best.

Canada Paints

In all staple colors. They are recommended for their quality of materials, the best is the cheapest—get our color card.

Paint Brushes

In all sizes and different qualities. A brush for almost any use. Whitewash Brushes from 40c to \$1

Step Ladders

In the sizes suitable for inside cleaning. Good strong well made ladders.
