## Bestial Acts Of Cruelty By Spartacans Confirmed

### MUST FIND OUT IF THE FORMER CZAR IS ALIVE

New York Man Cannot Collect Damages Awarded Him Against Nicholas Until Proof of Death is Produced

New York, March 13.—Bernard Naumberg, a lawyer, was named today by Supreme Court Justice Benedict in Brooklyn as a committee of one to ascertain whether Nicholas Ramonoff former czar of Russia, is dead or alive and, if dead, who is next of kin.

Tonight Mr. Naumberg is eagerly looking for someone who can solve the riddle for him, for on its solution rests the collectibility of non-collectibility of a \$117,450 judgment, which Mr. Naumberg recently obtained against Mr. Romanoff on behalf of the Marine Transportation service corporation.

The corporation, in the early part of the war, transported a large quantity of sugar to Russia upon the then czar's order. Before collection was made, Nicholas was deposed and, according to generally accepted reports, slain.

Mr. Naumberg recently learned that the late czar had \$1,000,000 on deposit in the National Bank here. He obtained judgment for \$117,450, presenting it to the bank was the bank could not pay unless Nicholas was proved dead.

Mr. Naumberg then applied for appointment as executor of the estate, hoping to obtain satisfaction from the receiver. Justice Benedict denied the application, however, telling Mr. Naumberg it would be necessary first to prove the death of Nicholas with notice, or after his death to serve notice upon him. The next of kin would be his wife, if she is alive; if not, his son, if he is alive; if not, his brother, who at last accounts was alive.

### JACK JOHNSON NEEDS MONEY SAYS WILLARD

His Champion Claims There is Nothing to Statement That Bout at Havana Was Fixed

(Special to the Journal) Lawrence, Kansas, March 13.—Jack Johnson simply needs money, and is trying to put over another "stunt," was the comment of Jess Willard, when speaking of the statement received from Havana to-day in which Johnson claimed the championship bout with Willard four years ago was a pre-arranged affair.

"There is absolutely nothing to it," Willard continued, "I refuse to dignify the statement with a denial for as far as I am concerned it is simply a crude joke."

### DR. MERRITT HAS RETURNED FROM OVERSEAS SERVICE

Dr. W. H. Merritt, former mayor of this city and a battery major who took a gun unit away at the early part of the war, returned to the city yesterday afternoon on the 8:03 train. He had been expected to come in earlier, but as it was he was met at the station by his brother Mr. President Merritt, and by Mayor Elson, Ald. Eagle, Ald. Smith and City Clerk, representing the city.

The doctor looks to be in excellent health and spirit. "I scarcely knew I had reached St. Catharines," he said laughingly. "This fine new station doesn't look much like the old one. Certainly it is a great improvement." He and his wife have both been overseas for three or four years. Mrs. Merritt returned a short time ago.

W. K. George, Toronto, Chairman of the Central Ontario Division of the National War Savings Committee.

### SEAPLANES CARRY NINE PASSENGERS ON A TRIP

New York, March 13.—Two naval seaplanes which left Hampton Roads at 10 o'clock yesterday morning, landed at the naval air station at Rockaway Beach at 2:30 in the afternoon after making what is believed a record flight over the course, estimated at 300 miles.

The machines carried heavy photographic equipment and many pictures were taken en route by Lieutenant W. L. Richardson, chief of the photography division in the naval service. One machine was piloted by Ensign Southers and carried four passengers, including Lieutenant Richardson and the other by Ensign Irwin and carried five passengers.

### HIGH PRICES FOR ORDINARY HORSES

Thoroughbreds, Now Bring Unprecedented Figures in Kentucky and Virginia.

New York, March 13.—Rody Patterson, trainer and manager of the Robert L. Gerry horses, has just returned from a trip which embraced Kentucky and Virginia, where he went in quest of thoroughbreds. He states that it is almost impossible to look at a horse for which five figures are not asked.

The present condition of the market in the land of the blue grass is such that horses in the ordinary times would bring hundreds are held at four and five times the figures of a couple of years ago. He was particularly desirous to garner several "chasers," but up to date has been unsuccessful.

### CONTROL RIVER RHINE BY A COMMISSION

(Special to the Journal) Paris, March 13.—Recommendation that navigation of the Rhine be opened to all nations without discrimination, was made in a report to Peace Conference yesterday, by commission on railways and ports. It was suggested the Rhine be controlled by commission similar to the Danube Commission. The status of Kiel canal has been settled by commission on the basis of freedom of use and for all nations for merchant vessels or warships in time of peace. The canal would continue under German ownership and operations.

### LEAVE FOR TORONTO

City Treasurer Watt left for Toronto this morning to arrange for the appearance of a delegation from this city before the Private Bills Committee of the Legislature tomorrow morning at 10:30. Ald. Eagle, Chairman of Finance, Mayor Elson, and City Solicitor Kingstone will go over this afternoon and evening. The request of the city is with respect to its victory bond investment of \$500,000 and also the transfer of interest and sinking fund deposits, amounting to large sums.

### EIGHT HOUR DAY ON L. & P. S. AFTER MAY 1ST

Sir Adam Beck Makes Announcement of Better Conditions for Employees of Municipal Owned Radial.

Hamilton, March 13.—None of Sir Adam Beck's statements of facts and figures concerning successful operation of the London & Port Stanley lines aroused such general approval as has this announcement that, commencing May 1, all employees on the London & Port Stanley Electric Radial are to work eight-hour days. "We can afford to give our men an eight-hour day," he told an audience at the Twentieth Century Club last night, "because we are making enough money to do it. And further, we are making another general increase in wages which amounts to \$10,000 a year." He faced an audience composed largely of workers, an attorney voiced their approval with warmest "Hear, hears" and applause.

P. O. P. Day of Debate The eight-hour day announcement is the biggest new development of the campaign, but closely seconding it is the unexpected refusal of the officials of the P. O. P. League opposing Hydro-radials, to summon a monster meeting of the citizens of Hamilton and let Sir Adam speak for radials, and any one of their officials speak against them. Hydro-radial supporters are somewhat disgusted in view of the statements that have appeared in P.O.P. literature, and a lot of citizens who in all sincerity were following P.O.P. leadership are somewhat bewildered at the significant turn of events.

### WILSON DUE TO-NIGHT

President Scheduled to Arrive at Brest at 8:30 and will go to Paris immediately.

(Special to the Journal) On Board U. S. S. George Washington, March 13. (By Wireless)—President Wilson expects to arrive at Brest at about 8:30 o'clock Thursday evening. He will board his special train immediately and will probably arrive in Paris at about 9 o'clock Friday morning. Wilson sent wireless messages to Secretary of State Lansing and Colonel House and arranged to begin work in Paris without loss of time.

### MAY DROP THE DAYLIGHT SAVING BILL

Ottawa, March 13.—It is beginning to look as if the daylight saving bill will fall by the wayside. The rush members are strongly opposed to the measure, and are urging the Government to drop the bill. It is understood that Hon. T. A. Crear shares their views. In the United States the daylight saving will come into effect again.

### FELL OFF STREET CAR.

An accident which might have proved fatal occurred at 1:30 this afternoon in front of the Garden Tea Rooms. While the local N. S. and T. car was coming east along St. Paul street, one of the lady passengers, Mrs. McBain, walked through the car while it was in motion, and on reaching the vestibule she was thrown out of the car, striking her head on the pavement. She was carried into the Garden Tea Rooms and later conveyed in Dr. Currie's car to her home on McDonald Ave.

### GOES TO THE WEST.

Col. E. W. Woods, formerly curate of St. Paul's Anglican Church at Bridgeburg, has been appointed to the position of Field Secretary for Manitoba of the Canadian Repatriation Committee. Col. Woods went overseas with the 8th Battalion, which is known as the "Black Devils."

### DIRIGIBLE TO BE TRIED IN TRANS-ATLANTIC FLIGHT

Spokane, Wash., March 13.—Albert B. Perry, a naval aviator, announced here yesterday that he has been ordered to report shortly at Cape May, N.J., to act as chief engineer of a dirigible balloon with which it is planned to attempt a trip across the Atlantic ocean under government direction. He is here under a brief furlough. Perry said the start would be made from Newfoundland some time next month, with the destination Queens-town.

### SENTIMENT IS HIGH AGAINST ALL GERMANS

Will not be Permitted to Enter Paris When the Time Comes for Signing Peace Treaty

Paris, March 13.—When the time for the signing of the peace treaty arrives, it is understood, Germany's representatives will be housed in one of the palaces at Versailles, and will not be permitted to enter Paris, as the French Government does not care to undertake to afford protection to Germans in Paris.

While the German signatories will not actually be prisoners, and must not be treated as such, public sentiment against Germany is high in Paris, that the French Government is unwilling to risk unpleasant incidents which might occur were the official German representatives to appear publicly.

### RATION CARDS DID NOT STOP EATING OF SUGAR

Jersey City, N. J., March 13.—Putting the United States on a sugar ration did not reduce the consumption in 1918, according to the annual report of the American Sugar Refining company, issued here yesterday, which stated that while some sections used less of the product than in the absence of regulations, others drew more heavily on the supply, making the daily consumption approximately 10,000 tons, the same as for the last ten years. The company did a \$200,000,000 business, making a profit of \$6,661,683, which was \$3,393,697 less than that of 1917 the report stated.

### GETS FALLS JOB

Niagara Falls, Ont., March 13.—D. T. Black for the past eight years City Engineer of Welland, has been appointed, out of seventeen applicants, City Engineer of Niagara Falls, succeeding Fred J. Anderson, who was killed in battle. Black came to Canada from Scotland eleven years ago. His salary is to be \$200 a month.

### PRIVATE NASH HOME

Private Victor Nash arrived home from overseas last evening on the 7:50 train and was met at the station by his parents and friends. He declared himself very glad to see the city once more, after spending four and one-half years overseas with the 23rd Royal Fusiliers. It will be remembered that the Royal Fusiliers were the first regiment to win the first two V.C.'s in the war.

While overseas Pte. Nash took part in the battles of Vimy Ridge, the Somme and Courchette. He is the son of Ald. and Mrs. Nash, of this city. Though he has been through several severe encounters he is looking exceedingly well.

### THE WEATHER

Toronto, March 13.—A pronounced area of high pressure covers the northern portion of the continent and the western cold wave has spread into Ontario and Quebec.

### GOVERNMENT CAUCUS HELD OVER THE O.T.A.

Conservative Members Think That Liquor Referendum Will be "Wide Open." The Amendments are Not Ready.

Conservative members of the Legislature held a three-hour caucus again yesterday. These meetings of the faithful are becoming regular weekly affairs. Like the gathering of a fortnight ago, the meeting yesterday devoted practically all of its time to a discussion of the Government's temperance policy. That question is one that is causing members of the Government a lot of worry.

It is understood that yesterday the members were assured that as Hon. Mr. McGarry phrased it last week, the referendum on the temperance question will be taken in a "wide-open fashion." As yet there is no sign of the bill to amend the Temperance Act making its appearance in the House, and it is doubtful if it will for another two weeks. It is quite possible, however, that within the next few days Sir William Hearst will tell the House in a general way just what the policy of the Government in regard to the matter is to be.

### THE BISHOP OF ST. ASAPH PAYS TRIBUTE

Speaks Highly of Canadian Troops at Kimmel Camp. Explains Reason of Riots.

(Special to the Journal) London, March 13. (Canadian Associated Press cable)—The Bishop of St. Asaph in the neighborhood of Kimmel Camp writing to the Times pays the highest tribute to the Canadians there in regard to their treatment of inhabitants of that part of Wales, who he declares were proud to have these fighting Canadians in their midst.

Respecting the recent riots he points out that discomforts and continual delay in sending these men to their homes after being certificated and led to believe they were going immediately, was a grievous trial on the patience of any man especially when they read in Canadian papers of "conscripts" arriving home after doing no fighting and being acclaimed with the rest as Canada's heroes. This smouldering fire quickly burst into flames.

### BORDEN TO SIGN TREATY

Ottawa, March 13.—In answer to a question by Mr. H. A. Mackie in the House of Commons yesterday, Mr. R. N. Rowell said that he had no official information, but he believed that Premier Borden would be one to sign the peace treaty.

### FOR A WATERWORKS.

The agitation for waterworks in the village of Port Dalhousie is being revived again, and it persisted in the funds are forthcoming, may materialize. As it is the village is absolutely without adequate fire protection, nor is the supply of good water considered of much account.

### ACCIDENT RECALLED.

Yesterday, March 12, was the 62nd anniversary of the great accident at the Desjardines mill, near Hamilton, whereby 74 lives were lost, amongst whom were several from this city. The accident was caused by the derailing of the engine on the old G.W.R., which caused the passenger cars to topple into the Dundas canal.

Capt. A. L. Bishop, who is now staying at the home of Lt.-Col. R. W. Leonard, this city of whom he is a nephew. He served at the front with the Imperial Forces and won distinction on the field.

### REPATRIATION LEAGUE FOR WELLAND CITY

Welland, March 13.—A plan of organization for the formation of a Repatriation League is under way. Dr. A. H. Abbott, of Toronto, speaking on the advisability of such a league, said that in former wars efforts were unsuccessful in repatriating returned soldiers. It takes a hard, long struggle to get back into civilian life, as military training develops characteristics the exact opposite of those required for success in civil life, and men returning are deficient as civilian citizens. Although they have an interest in Canada which they did not have prior to going overseas, our problem, he stated, is to turn the community spirit exercising among them into the individualistic spirit, and incorporate them as a great productive force.

The greatest kindness that can be given to the returned soldiers is to get them busy on suitable jobs where they can become efficient, contented citizens.

### KINMEL CAMP TROOPS HOME THIS MONTH

Canadians to Sail for Halifax on Big Troopships. Olympic Will Carry 5,000.

Halifax, March 13.—As a result of the riot among Canadian troops in Kimmel Camp, Wales, arrangements have been made to use again the big troop ships in the Canadian service to carry soldiers back to Canada. The steamer Baltic has left Liverpool with more than 3000 men, and the Carmania is on the way with nearly 3000. The White Star liner Olympic is scheduled to sail from Liverpool on Saturday with 5000 Canadian troops. All three ships are coming to this port. It is expected that all the men in Kimmel Camp will be back in Canada by the end of the month.

### D. B. HANNA INDIGNANT

In an interview given to a Toronto newspaper, Mr. D. B. Hanna, president of the Canadian National Railways, stated that Sir William McKen-zie has nothing to do with the running of the National Railways. Mr. Hanna was indignant that some mention had been made of the old crowd being still in control.

### READY MARCH 31st.

Superintendent Robertson of the N. S. & T. stated this morning that the Steamer "Dalhousie City" will be ready for the opening of navigation on March 31st.

LOST—On Thursday forenoon, possibly on James St., a lady's bead bag, containing a purse with some money and the owner's calling cards. Finder please leave at the Journal office and receive reward.

### GOVERNMENT REFUSES TO PAY THEIR WAY

Three Hundred British Reservists Stranded at Halifax—Threaten to Sink the Ship

Halifax, N. S., March 13.—Conditions aboard the troop ship Tolosa, are in a critical state to-day owing to the refusal of the military authorities at Ottawa to furnish transportation to their homes for three hundred British reservists who were proceeding to New York on the Steamer when she was ordered back to Halifax to coal owing to a strike in that Port. Captain Jackson came ashore this morning to receive the decision of Canadian authorities after he had been informed by a delegation that the men would sink the ship unless they were allowed to come ashore and proceed to their destinations by rail. Captain Jackson states that he has no guns aboard and that the ship is at the mercy of the men. Among the 293 men aboard the Tolosa are eighty one American citizens, seventy of whom claim to be American born. They all came to Canada during the early months of the war and enlisted in the British Expeditionary Force. Captain Jackson contends that his orders from the British Admiralty were to take the men to Halifax and disembark them there.

### THIEVES MAKE A BIG HAUL OF READY MONEY

Twenty-six Thousand Dollars in Currency Stolen From the Cosmopolitan Bank of New York

New York, March 13.—Theft of \$26,000 in currency from the vaults of the Cosmopolitan bank, a Bronx institution was made known here yesterday by the police. The robbery occurred sometime on Monday night after the bank had closed and was not discovered until Tuesday. The money had been placed in the vault by the cashier.

The police said the robbery apparently was an inside job. The money was in a safe deposit box in the vault, entrance to which was gained by opening the combination, and the box was opened with a key. The bank messenger, sent to get a package of papers, it was said, found the door of the vault open and the safe deposit box ransacked.

In another bank yesterday, the Public National, on Upper Broadway, a thief snatched \$380 in bills which a young woman depositor had just drawn from the cashier. The police, later arrested a man seen running from the bank.

### SPARTACANS DRIVEN OUT

German Government Troops Rout Invaders out of East Berlin

(Special to the Journal) Copenhagen, March 13.—German Government forces, after lively fighting, have succeeded in driving the Spartacans out of the east end section of Berlin, including Lichtenberg, according to a Berlin despatch. Occupation of the district the message states, was systematically carried out by the government troops. Considerable quantities of arms were captured. Losses on the government side are declared not to have been heavy. "The bestial acts of cruelty by the Spartacans have been fully confirmed" the message adds.

Berlin, Wednesday—Spartacan forces were abandoning the positions in Lichtenberg yesterday. The Government force took a large number of prisoners many of whom were executed summarily.

**A CHVIC-WHITE ELEPHANT**

The loss of money which the city has sustained through the purchase and operation of the gas plant has been heavy. What the total will amount to is not now clear but when calculated it will be found to be a large sum indeed.

Analyzing the figures furnished by the Public Utilities Commission which has the responsibility of administering the affairs of the plant for the last year or so, it will be found that they reveal a statement of annual fixed charges which nothing but a miracle could overcome. There seems to be absolutely no possibility of undertaking a policy which will put the plant in a position to earn even eighty or ninety per cent. of its cost of maintenance etc.

In the past, of course, it has been the unfortunate practice of those who have had to do with the utility to fail to take the interest and sinking fund charges into consideration when audits were being made and when estimates were being given to the public as to receipts, expenditures, etc. In other words it was assumed, evidently, that whatever had to be raised annually to meet these two debts should not, in any case, need not be included in the statement put in the yearly audit report of the city. Had these charges been included as indeed they should have been, there would have been a loss of several thousand dollars yearly. Since the plant has gone into the hands of the Public Utilities Commission that body has properly entered these charges with the inevitable result that when they are provided for, there is a deficit for the last year of about \$16,000.

It is a serious reflection on civic administration that the losses on this plant should not have been made known more frankly and completely in the years that have gone. It seems incredible that the ratepayers should have been led to believe that the earnings were meeting the fixed charges and cost of operation when as a matter of fact the loss yearly was several thousand dollars. It is only within the last year that the people have been given a true conception of what they have been facing and what they will have to face till the white elephant is disposed of in a definite and business-like way.

Good news spreads rapidly and draughts here are kept busy dispensing freezone the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

**EDITORIAL NOTES**

Evidence shows that London, Ont. has a magnificent technical school, splendidly equipped but the attendance is small, being in the day classes around one hundred. It does not warrant a policy of large expenditure for an inter-community school in this district.

**'DALLYING WITH THE DEMON'**

By H. F. Gadsby.

The Demon Rum—in the soft disguise of beer and light wine—is coming back for an intelligent answer. What will Parliament say to him? Will Parliament vote as it drinks? These are delicate questions.

What is the attitude of Parliament toward the liquor problem? Well, I should say it was this—that the boldest holds his breath, which doesn't require much boldness or much holding now that breaths are weak through the increasing scarcity and dearth of strong drink.

One thing is certain—Union Government is not going to give Canada any more prohibition than she actually wants. Prohibition is not a moral question at Ottawa—it is a political one—and it will be decided on the basis of the greatest good for the greatest number of votes. If Quebec says, beer and light wine—if Ontario says the same thing—it's a cinch that Ottawa is not going to say something different. A Union Government which hints at compromise with the tariff—lest the tariff destroy it—is not going to show less of sweet reasonableness toward a certain revulsion of feeling which it senses in regard to prohibition. If it does it is going out of its way to invite trouble. I have yet to see the Government, however, moral, which is willing to die for a moral issue. We hear a great deal about sacrifice, even now, but the Government does not include itself in any of the sacrificial lists which have been drawn up for the general welfare.

All of which leads up to the statement that Parliament will not interfere with the domestic arrangements of the provinces further than to see that their domestic arrangements are made secure by federal legislation. In other words Parliament will see to it that the wet provinces keep their wetness to themselves by passing the necessary law to prevent the wetness spilling into the dry spots. What Parliament says to the provinces is in substance "Go as far as you like forward or back—and we go with you." Union Government aims to please everybody and if everybody isn't pleased then so much the worse for Union Government. As Abraham Lincoln might say "you can't please all the people all of the time, but you can perhaps keep from slipping for another year." I understand that even Leader Rowell reckons with the mutability of public opinion and declares now that he never advocated total prohibition—which may be true in the letter but equivocal in the spirit.

As usual the "drys" are perhaps more evident in their earnestness. They have taken to heart the advice "write to your member of Parliament" and the personal letters come in shoals. Also the petitions—they keep falling like leaves on an autumn day. What the letters chiefly dwell on is the moderation of their request. Nail it down for another year—that is all they ask. It is almost a sign of weakness—an admission that they have bitten off more than they can chew. It is the first time in the frantic history of the dry movement that they have yielded ground. They ask that it be accounted for merit.

But the wets are very much in earnest too. They assail the public with full page advertisements—the newspapers must be waxing fat on these alarms—so that the member of Parliament who runs may read. More over if he doesn't read he may never run again. The result is that timid politicians are finding the courage of their convictions. They begin to indulge in real talk instead of the old cant. They do not overlook the fact that fifteen hundred trades and labor unions, out of nineteen hundred, have asked for better beer and more of it. These are the days when Labor must have its lead. This fact alone is support enough for anything Parliament may do for Labor to make Capital easier in its mind.

It's the poor man that has suffered most. The rich man has had his whisky, his gin, his wine all this time in his well-stocked cellars. As the supply ebbs and the danger of thirst comes nearer, he feels his views of absolute prohibition changing. When he gets another chance he will probably vote for a reasonable liquor policy—something that will lay the ghost but will not banish spirits altogether. But the poor man has had no so-lace. His good beer—his chief

substitute for riches—has been taken away and a two and a half per cent. belly-ache put in its place.

Major Power, M.P., believing that this is outrageously unfair, will introduce an amendment, if the situation warrants it, confining all the private supplies so long as the working man does not get a square deal. Major Powers amendment is well contrived. Even the prohibitionists can vote for a policy which puts everybody on an equal footing. If Canada goes bone-dry clear across and clean through—no class exemptions—no hoarding. Sauce for the goose is sauce for the gander.

It is Labor which throws a new light on this question of prohibition—a light which Parliament cannot help seeing. From the great republic to the south comes a cry—no beer, no work. The common sense of Parliament construes that this way—better beer, lesser Bolshevism. Last year, while the war was still on, there were a few parlor Bolshevists who aired their views in Parliament. But now that Bolshevism is a real menace these amateur anarchists have hauled down the red flag and are now saying "anything for a quiet life."

When the Government passed that bone-dry order-in-council Bolshevism was only a platform plaything and beer could be kicked in the bilge. But now that Bolshevism is getting saucy—well something must be done to make us forget our taxes. Moreover, the Government has to scratch up three hundred million dollars a year to carry on and the twenty-two million dollars we threw into the gutter a few short months ago is now worth picking up again.

I cannot prophesy accurately what Parliament will do with the liquor problem but I can set down some of the questions that reasonable men in Parliament are asking. For instance, they are asking what is the moral effect, on the national character, of a law which engenders the lowest class of decent citizens into law breakers and liars? How about "increased efficiency"? Is it better to have beerless, driven, sulen labor—or labor reasonably contented with its lot? How about "economic waste"? Is waste just waste—or is it thrift in disguise, something saved from the strain of life? Does the workman feel more cheerful when he hands Mr. Flavelle seven cents a pound for bacon or when he pays five cents for a cool drink after a hard day's work in the foundry? Does he feel that prohibition is a blessing or simply a curse of the employer to get more work out of him and of the food profiteer to get more money?

Parliament is disposed to admit that the war is over and that circumstances alter cases. The altering circumstance, as I see it, is the attitude of Labor toward the liquor question. If Labor doesn't get a little mild refreshment it may take up with something a great deal worse—anarchy for example. Besides there are our allies, the French, Ethier of Two Mountain, made a palpable hit in the House the other day when he seized on the presence of General Paw to score a point for light French wines. Are we going back on our comrades in democracy now that the war is over or is the Entente Cordiale—all the more cordial, of an advantageous trade arrangement—to continue?

Parliament shows a new frame of mind toward prohibition this session which leads to certain honest questions. Did somebody slip something over on us while the casualty lists glided our eyes with tears? Did the old water people get by while we were looking the other way? Was prohibition a mood—at blue—of was it a conviction? Did we give up drink because giving up things was the fashion—horse races, baseball, banquets, time, money—all as nothing compared with the lives our boys gave up on the battle field? Did we give it up because it was the easiest, safest, long-distance way of martyrizing ourselves—of suffering something for the war which implied personal discomfort? Why did we give it up? And when we gave it up did we mean it?

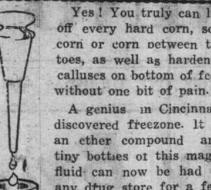

Union Government has a ticklish job ahead of it to make the right diagnosis. It's the doctor.

**AMELIA E. BARR DIES**

New York, March 12.—Amelia E. Barr, the authoress, died last night at her home in Richmond Hill, this city. She was born in England in 1831 with the name of Amelia Huddleston. At the age of 19, she married Robert Barr, a young Scotch millowner, and they came to America in 1853. Mrs. Barr was 50 years old before she ventured upon her first novel and during the following 33 years she produced her books at the rate of about two a year until she had sixty-three to her credit.

A writer in the Toronto Globe states that the apple, once the boasted fruit of Canada, will come to its own during the coming and following years.

**Ladies! Why Keep Corns?**  
 Lift a corn or callus right off without one bit of pain.

Yes! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened calluses on bottom of feet, without one bit of pain.

A genius in Cincinnati discovered freezone. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezone upon a tender, aching corn or a callus. Instantly a soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with the fingers. You feel no pain while applying freezone or afterwards.

Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness. Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

**SEND IN YOUR ORDER**  
 Any one desiring to have The Journal delivered should call telephone 59, circulation department. Carrier boys are now going to all parts of the city and arrangements can be made to have the paper delivered every evening at your home.

**LUCILLE STEWART**  
 IN HER BEST PLAY  
 Beautiful Emotional Actress Declared to do the Greatest Work of Her Career in "The Eleventh Commandment."

Lucille Lee Stewart, the emotional star who appears in "The Eleventh Commandment," the Ralph Ince production released by Exhibitors Mutual, is credited with the greatest success of her career in this big dramatic play.

Miss Stewart's portrayal of the character of Dora Chester in her new picture is said to afford the popular star a role in which the power and charm of her distinctive emotional talent is given full sway. This delineator of screen characterizations is at her best when the situation is one of tense and restrained feeling.

Never overacting the surety with which she approaches her part and the magnetism of her personality gives an individuality to everything she does. A big scene in "The Eleventh Commandment," which calls upon her resources to the utmost is when as a happily married young bride, worshipped by her husband, she is confronted at the privacy of her sleeping quarters by a visitor who turns out to be her former fiance, determined to bring her happiness by revealing to her husband an unhappy episode of her past.

The culmination of the scene is dramatic in the extreme, resulting in the death of the midnight intruder, but only after a succession of dramatic situations that call upon all the resources of this great actress.

Grand, 3 days, commencing Thursday, March 13th, with six Vaudeville Acts.

Turner's Weekly, published in Saskatchewan, argues strongly in favor of free hospitals being maintained by the government.

**Courteous, Painstaking Service**  
 From the moment you have opened your account with us we look upon you as a friend of the Bank, to be served in every way possible, at every turn.  
 "It is this spirit of 'friendly service' that has been largely responsible for this Bank's solid, steady 87 years of progress.  
 We will appreciate your account."

## Opening Days of SPRING MILLINERY Continue This Week

Looking for styles is a pleasure these days, for they are here in all their newness. In Millinery and Ready-to-wear we are making a splendid exhibit that is complete and charming in every degree. Visit this store during Opening Days, and our stock and prices will convince you that we can give you both style and value at moderate cost.

### TO COMPETE WITH STREET CARS BY AUTO

Funds to Secure Old Company and Produce a Cheaper Car for Pleasure Use.

Detroit, March 12.—Edsel B. Ford, President of the Ford Motor Company, told last night of the plans of his father, Henry Ford, and himself, to withdraw from the Ford Motor Com-

pany and establish a new company with factories all over the United States to make motor cars to sell at \$250 to \$300. "We have discussed the plan so often," he said, "that there is no detail with which either of us is more familiar than the other. The plans for our new company are absolutely undeveloped as yet. But we know any way what we will do. The recent supreme Court decision whereby we must distribute \$19,000,000 accumulated profits is the thing that definitely convinced us a new company was essential. The new company will be owned entirely within our family. "Our present car is used largely for commercial purposes, with pleasure used as a side issue. The new car will reach another field, going to the peo-

ple who have no further need for a motor car except to go to and from work, or for infrequent pleasure trips. We expect to make it a competitor of a street car rather than of the Ford."

### WIRELESS TELEPHONE PROVES BIG SUCCESS

Washington, March 12.—Secretary of the Navy Daniels talked yesterday by radio telephone with Ensign Harry Fagan. Water in a navy flying boat en route from Washington to Hampton Roads. Communication was maintained at a distance of more than 150 miles. The Secretary used the ordinary desk telephone.

ADVERTISE IN THE JOURNAL

### LEADINA TORONTO CITIZEN ENDOUSES THRIFT CAMPAIGN

W. K. George Points Out Necessity of all Classes of Canadians Saving at Present Time

There are few men better known in Eastern Canada than W. K. George, of Toronto, who has accepted the chairmanship of the Central Ontario division in the National War Savings organization. For many years he has been a leader in the industrial life of the Dominion for which reason, anything he has to say on Canadian conditions generally is worthy of note. In a recent statement he says:

"Canada's war expenditures have been very great and they will be either a tremendous burden upon the people of Canada for many years to come, or they will be quietly liquidated, depending upon the extent to which all the people of Canada share in the obligations which such war costs entail. "In order that Canada's War expenditure may not diminish this country's progress and prosperity, both increased production and increased saving must be combined. The duty to save should be recognized by every man and woman and by every boy and girl in this country. If, on the average, we could save 40 cents per day per capita, our war costs would be made good in their entirety almost within a single year. Large savings by the wealthy are imperative, but of far greater importance is the aggregate of small amounts which may be saved regularly by the ordinary people of this country, without depriving themselves of necessities. "Thrift strengthens a nation and also makes the individual prosperous, so that the benefits are far reaching. Every dollar saved becomes capital which can stimulate further production and earn interest for its owner. The War Savings Plan should prove a fruitful source of needed national revenue. Moreover, it affords an opportunity for everyone to bear some share in liquidating the costs of the war, and at the same time to make systematic, sound and profitable investment of savings, no matter how small they may be. If every one will do his or her share, our war costs will prove not so much a burden as a blessing. On the other hand, if we fail to produce more and if we neglect to save more, the burden of war costs may become exceedingly heavy and prosperity may be strangled. "A good pull, a long pull, a pull all together" is the secret of national success and also of individual prosperity. "Don't stop saving" is a motto which will be adopted by the Canadian people for the present and coming generations."

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanse, sweeten and freshen the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

### Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of inconsumable material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subjects to sick head ache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

### BUILDING PERMITS FOR THE MONTH OF FEBRUARY, 1919

- Wm. Henderson, Hainer Street, Bakers' Oven, \$20.00.
- S. Fugrant, Woodland Avenue, Barn and Shed, \$200.00.

- Bank of Montreal, St. Paul Street, Vault, \$2000.
- H. P. Lancaster, Albert Street, Chicken Coop, \$20.00.
- Sam Buckland, Dufferin Street, Chicken Coop, \$25.00.
- J. W. Heaton, Rolls Avenue, Rebuild Kitchen, \$300.00.
- G. Atkinson, Queenston Street, Repairs over doorway, \$20.00.
- Mrs. M. Secord, Geneva Street, Shingling, \$50.00.
- W. A. Black, Vine Street, Garage, \$75.00.
- C. V. Calderwood, Geneva Street, Interior alterations, \$350.00.
- Geo. Calcott, Thorold Road, Verandah and Shingling, \$100.00.
- S. Goldberg, Queenston Street, Coal Shed, \$50.00.

Total for month of February, \$18,140.00.

### RIPE OLD VETERAN

New York, March 12.—National League umpires of last season have been re-engaged for 1919, John A. Heydler, president of the league announced here yesterday. Robert Emslie, who began umpiring for the league in 1891, will serve his twenty-ninth consecutive year. The list of umpires follows: Robert Emslie, Henry O'Day, William Klem, Charles Rigler, William Byron, Ernest Quigley, Peter Harrison, Chas. Moran.

### F. R. PARNELL INTRODUCED TO THE HOUSE

Mr. Fred Parnell, who succeeds the late Dr. Jessop as representative of St. Catharines, received an ovation when introduced to Mr. Speaker and the Ontario House yesterday afternoon by Hon. G. H. Ferguson and Hon. T. W. McGarry, the official account figures having reached Clerk-of-the-House Sydney only a few minutes before the afternoon sitting hour. These gave Mr. Parnell a gain of six votes on the majority accorded him on the first count, the re-count totals being: Parnell, 5,154; Lowden, 4,980, a majority for the Conservatives of 174.

Organization for the session under the chairmanship of Hon. R. F. Preston was completed during the morning by the Legislative Committee on Standing Orders which is reporting to the House as in approved form the petitions for private bills of Toronto City, re: sewage disposal works and other matters; The Canadian National Exhibition Association; Peapouge Municipality; Shunias Municipality; the Sisters of the Adorers of the Precious Blood; R. C. Evans, et al; North American Accident Insurance Commission; Essex Border Utilities Commission; Crowland Township Council; St. Thomas City, re Amanda Wood Hospital; St. Catharines City, re Confirmation of Victory Loan Subscription; Hospital for Sick Children; Walkerville Town Council; Niagara Falls City Council and Suspension Bridge Co.; Corporations of Walkerville and East and South Sandwich; Ontario County Council re Town of Oshawa; Continental Guarantee Corporation; Ojibway Town Council and Brunner Mond Canada Limited.

The private legislation foreshadowed in these nineteen petitions may now be introduced in the House and go to the private bills committee for detailed consideration. The list reported represents a record work for a single sitting of the Standing Orders Committee.

### Amend Municipal Act

At the opening of the Legislature immediately after the introduction of various private bills, as reported by the Standing Orders Committee, sympathetic and eloquent references to the sudden death of Mr. W. J. Johnson, the sitting member of West Hants were made by the Prime Minister and by Mr. Clarke speaking for the Opposition in the temporary absence of his leader.

A bill was introduced by Mr. McDonald (North Bruce) providing for an amendment of the Municipal Act by the insertion of the following: "For the encouragement of building workmen's houses within the municipalities by exempting such houses from municipal taxation wholly or in part as the Councils may determine by laws in this connection requiring a three-fifths majority in the Councils but not requiring assent by the electors."

DR. ARTHUR B. COBB  
Dentistry.

AS A LAST RESORT ONLY do we use plates in our Dentistry.

In many cases out of ten where plates have been used our Crown and Bridge Work Specialists could have accomplished the work without the necessity of a plate.

Just as bridge engineers build great spans across seemingly impossible chasms, demanding only TWO SECURE POINTS for their foundations, so do our bridge work Specialists set in place rows of nearly natural teeth that do everything as well as natural teeth could. These Dental operations are nothing short of marvelous. They bespeak the skill for which this Office is noted.

AND it is gratifying to know that this skilled Dental service can be yours at extremely reasonable cost. As an example—\$5 for a crown of excellent quality and Bridge work at same rate.

The courtesy of an interview and a thorough examination are offered entirely without charge.

### Help Him to Help Himself

We owe the returned soldier every effort we can make towards securing steady employment for him.

Do not try to throw the burden entirely on employers. They have a grave responsibility, but only insofar as every man, woman and child gives willing help can Canada ensure a fair day's pay for a good day's work for all her men.

How can YOU help? By investing in War-Savings Stamps.

How will THAT help? Canada must secure foreign purchasers for the products of her forests, farms, and factories. Many nations are anxious to buy our goods, but can only do so if Canada grants credit to them.

Lend your money to Canada, so that Canada may re-lend to those who must buy on credit. The money is being raised by the sale of War-Savings Stamps, so that when you invest in a War-Savings Stamp you provide a day's pay for some returned soldier.

A War-Savings Certificate with 10 W.S.S. affixed will be redeemed by the Dominion of Canada on January 1st, 1924, for \$50.00, for at that date the W.S.S. are worth \$5.00 each.

War-Savings Stamps cost \$4.02 in March; \$4.03 in April; \$4.04 in May, and they may be purchased at any place displaying the Beaver-Triangle sign.

The erudition shown by the editors of a number of Canadian newspapers upon gardening subjects at this season is simply wonderful. For instance we are told a fork is better to dig with than a spade, that both a rake and a hoe are necessary and will be useful and that the best way to get rid of potato bugs is to can them in an old tomato can.

Through this advertisement the New Method Dry Cleaners and Dyers will explain what dry cleaning consists of.

First, it is a French process. The reason the name dry is used is because the process consists of cleansing the articles thoroughly with evaporating solvents, that consist of neither water or moisture of any kind, which is done by power cleaning machines.

This process of cleaning clothes will not shrink, loosen colors, neither will it injure the most delicate fabric, such as chiffon, silks, gloves, furs, draperies, etc., providing, of course, that the silks are not artificial or too badly worn.

So many people are under the impression that acids and other injurious chemicals are used. This is entirely impossible. No acids are used in process of dry cleaning.

# Domestic Users First

**WEATHER**  
Forecast: Moderate winds; fine and mild to-day and on Wednesday.

The householder should have first call on natural gas, because it is more valuable to him than to the industrial user.

But this involves reciprocation on the part of the householder. He must be careful and economical with a commodity that is slowly but surely being "used up."

Preference to the domestic user implies economy by the domestic user.

*Although Natural Gas is Cheap, do not waste it the Supply is not Everlasting.*

## SIR ADAM BECK GIVES FINE ADDRESS ON RADIAL SCHEME

SUGGESTS THAT MUNICIPALITIES OF THE NIAGARA DISTRICT SEND A DELEGATION TO OTTAWA ASKING GOVERNMENT TO HAND OVER N. S. AND T. TO THE PEOPLE TO OPERATE.

Speaking before the members of the Hydro Radial Union of the Niagara District at their annual meeting held in the Court House at Welland yesterday afternoon, Sir Adam Beck suggested that the municipalities of Niagara district should send a monster delegation to Ottawa and request the Government to turn over the present Niagara St. Catharines and Toronto Railway, which is now a part of the Canadian National Railways, to the people to operate for themselves. If this was done the Hydro would act as a feeder for the road, and the whole Niagara district would benefit thereby, and the farmers of the community would be enabled to get power direct to their farms at cost. This suggestion was received with enthusiasm by the large number in attendance.

At the outset of his address, Sir Adam said it was like bringing coal from Newcastle to go into the controversial side of the Hydro Radial question because the scheme was now beyond that stage, but there are still some people who want to know how it will be made to pay. He was finding it difficult in Hamilton to make the un-

ently constituted from the old parties, and would deal with the affairs of the country on their merits and candidates would be elected on their merits, which would be for the betterment of the country.

Largest in the World.

Continuing, Sir Adam said that the Hydro Commission proposed a system of Radial railways for the Province of Ontario on the same lines that Mr. Lloyd George has in mind for the British Isles. The British authorities have already looked to us for information on this subject, and it should be gratifying to us, a child of the Empire, to know that we are actually operating largest corporation generating and distributing power in the world, and that we are making a financial success of it. During the war the amount of power used in Niagara district was trebled, and even now the amount of power used is 145,000 h.p. as against 149,000 used last year, which shows that there are still many of the industries still operating, and that means that there are still many men being employed in this district. With that record to go by there is good reason to be optimistic and retain faith in the country.

During the four years of war, the Hydro played an important part by supplying power for the manufacture of munitions. Calls came to us for more power and still more power, and when the Chippawa development scheme was commenced we received no help from the Dominion Government, but had to pay 42 1-2 per cent. duty on the machinery for that work. During the war munitions were as vital as food, and we supplied the power because it was our duty to do so. But it is not right that the municipalities should have to bear the brunt of the cost of this power when the government threw millions of dollars into the hands of private concerns for the making of munitions. It is wrong and a very poor policy to work on.

Loyalty Questioned.

Continuing, Sir Adam said that he had been severely censured for daring to say something against the Union Government, and had been accused of not being a loyal man to the Conservative party. He had taken exception to the government railway policy, and has no excuses to make for doing so. The present radial scheme was approved by a great many municipalities and was defeated at Hamilton. The champions of Hydro were told to wait until after the war. The radial railway will serve where the steam road don't. The proposed scheme to build a line from Bridgeburg through Welland, St. Catharines, Hamilton, Toronto and on to Cornwall, and from Toronto to Guelph and on to London, which will serve as a main artery for many branch lines.

The speaker said he was not the father of this scheme nor did he wish to be the grandmother of it, but he was the chairman of the Commission who were entrusted with it, and the Commission and the people of fifty out of fifty-two municipalities thought it would be good business to construct and own their own railway. There is no manipulation, no politics and no common stock in this scheme. It is an honest proposition for the good of the people. The public life of the Dominion has been derailed by the self same railroad promoters who would defeat this Hydro by-law.

Mr. D. B. Hanna, who is president of the Canadian National Railways, has said before that you must not parallel a railroad, but he is so inconsistent that he comes to Hamilton just before an election and says we are coming with another steam road instead of an electric in order to block those fifty municipalities who favored a Hydro radial line. D. B. Hanna plays politics, which is a bad undertaking for a man who is president of government railways. This eleventh hour shot is done to convince the people of Hamilton that they are going to get the C.N.R. through here.

## FINE ATTENDANCE AT ANNUAL MEETING OF HYDRO RADIAL UNION

W. B. BURGUYNE OF THIS CITY RE-ELECTED PRESIDENT OF THE NIAGARA DISTRICT ASSOCIATION—RESOLUTION FAVORING PEACE MEMORIAL BRIDGE PASSED YESTERDAY.

There was a splendid attendance at the annual meeting of the Hydro Radial Union of Niagara District which was held in the County Court Room at Welland yesterday afternoon representatives being present from nearly every municipality in the peninsula.

The chair was taken at three o'clock by President W. B. Burgoyne and in welcoming the delegates he said he was glad to see so many present which was a good indication of the interest that is being taken in the Hydro Radial movement. The meeting had been called early this year as Sir Adam Beck had indicated that he desired the support of this association in the fight that he is making in Hamilton and Saltfleet this week and it was felt that the meeting should be held in order that the meeting might express its feelings towards the friends of the cause in Hamilton.

The minutes of the previous meeting were then read and adopted and the annual report of the receipts and expenditures for the year was presented by treasurer Crombie of Thorold which showed the financial affairs of the association to be in good shape.

Support Promised

On a motion of Warden Morningstar of Welland, seconded by ex-Warden Hamilton Fleming of Lincoln County, the following resolution was unanimously passed by the meeting: "That whereas each and every municipality in the Niagara District from Welland to Port Colborne and Bridgeburg, and in 21 municipalities between St. Catharines and Port Credit have passed by large majorities by-laws approving of the agreement with the Hydro Electric Power Commission of Ontario to construct, equip and operate a Hydro Electric Railway through the Niagara District; and whereas the most important and necessary link in the said Railway is into and through the City of Hamilton, the electors of which City by a small majority defeated the said by-law when it was submitted to them in January 1917; and whereas the municipalities which have passed the by-law are desirous that the Hydro Electric Power Commission proceed with this municipal Railway enterprise, with all possible speed; Therefore this meeting of the Niagara District Hydro Radial Union representing all the municipalities in the Niagara District, strongly urges the electors of the City of Hamilton and the Townships of Saltfleet and Nelson, to vote for the Hydro Electric Railway by-law on Saturday, March 15th, in order that the construction of the Hydro Electric Railway main line from Toronto to the Niagara Frontier be proceeded with at once, as all Ontario is interested in the result of this vote, particularly the Niagara peninsula.

"That copies of this resolution be forwarded to the Mayor, Board of Control and City Council of Hamilton, the Reeves of Saltfleet and Nelson Townships and the Canadian Press Ltd. (for distribution to the Hamilton and Toronto papers.)

In speaking of the resolution Warden Morningstar said that he believed they are on the right step and that a railroad, but he is so inconsistent that he comes to Hamilton just before an election and says we are coming with another steam road instead of an electric in order to block those fifty municipalities who favored a Hydro radial line. D. B. Hanna plays politics, which is a bad undertaking for a man who is president of government railways. This eleventh hour shot is done to convince the people of Hamilton that they are going to get the C.N.R. through here.

Wished On Up.  
Sir Adam then went on to tell of the latest railway news from Ottawa to the effect that the Grand Trunk Pacific had been taken over by the Government, and that it is likely that the Grand Trunk will also be taken over. If the Grand Trunk has carried out its obligations to the C.P.R., it is already taken over. In fact it has been wished on us. The speaker said that he would like to ask any sane man if it would be good business to build a double track line from Toronto to Niagara alongside of the Grand Trunk. No, it is not, but it is good politics.

But Hamilton had defeated the Hydro Electric By-law the first time, but now they are getting power for \$14 per h.p., and if a radial line is built they will get it for \$13.

In conclusion, Sir Adam said that if a system of hydro radial railways were built throughout the province the farmer would benefit. Provide the rural districts with good roads, cheap electricity and public owned telephones and you will have many more people going back to the farm. The speaker was loudly applauded when he sat down.

## RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant effervescent drink which usually, makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

Hydro radials would be a big benefit to the district.

Ex-Warden Fleming in a brief speech said that all Ontario is interested in the campaign which is now on in Hamilton and the Hydro radial scheme will be a great benefit to the people especially to the people of Lincoln county who would reap the benefit of communication with the County seat, and this resolution was an appropriate one in view of this vital question which is now at stake.

Officers for 1919

The election of officers for the ensuing year was the next order of business and in moving the re-election of Mr. Burgoyne as president. Ex-Warden Fleming of Lincoln paid a glowing tribute to the way in which the president incumbent has championed the cause of Hydro during the past. Although Mayor Stephens of Niagara Falls was also nominated the meeting made the re-election of Mr. Burgoyne unanimous.

The officers are as follows:—  
President—W. B. Burgoyne, St. Catharines.  
1st. Vice-President—W. G. Athoe,

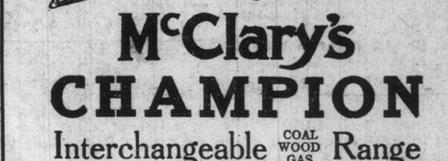

## Space, Work and Worry Saved Choice of Three Fuels In One Range

If you want a cool kitchen in summer and a warm one in winter you don't need to have a coal or wood range and a gas range, also. Space work and worry saved.

You can have McClary's Champion Interchangeable Range, which is a coal, wood and gas range all combined in one splendid, reliable cooking range. Simplicity itself in operation, durable, always reliable, always efficient.

Examine it and satisfy yourself that it is just what you want in your kitchen for an all the year round range of service.

Secretary—W. Charles Bush, St. Catharines.  
Treasurer—J. B. Crombie, Thorold.  
Executive Committee—The officers and heads of each municipalities.

Peace Bridge  
Another resolution to be passed by the meeting was that introduced by W. F. Fawcett and J. H. Harrison whereby the association goes on record as favoring the building a Peace Memorial Bridge over the Niagara River from a point near Fort Erie to the City of Buffalo for the exclusive use of pedestrians, vehicles and radial railways.

A third resolution was introduced by O. H. Garner of Welland and Albert Nelson to ask the Canadian National Railways to reduce the rates on the N. S. and T.  
In placing the resolution before the meeting President Burgoyne called attention to the fact that the N. S. & T. is not a part of the Hydro but of the Canadian National Railways. The resolution carried.

On motion by W. G. Athoe, seconded by W. B. Duff, a resolution was unanimously passed calling for the sending to the Provincial Government, the name of T. J. Hannigan of Guelph to fill the vacancy on the Hydro Commission of Ontario caused by the death of the late W. K. McNaught.

While waiting for the arrival of Sir Adam Beck who was scheduled to address the meeting, Mr. J. W. Lyon of Guelph, was called upon by President Burgoyne and in a somewhat lengthy speech he outlined the progress that has been made in the Hydro radial scheme and then dwelt with the splendid record of the Hydro Electric since its inception.

In commenting on the re-election of Mr. Burgoyne, the speaker said he was a man who had been tried and found worthy and one of the best friends that Hydro has.

The Hydro Radial scheme was first launched on April first four years ago and it is no April-fool either: The by-law which is being voted on in Hamilton on Saturday was not drawn up by Sir Adam Beck but by the solicitors of the Municipality and is based on the present transmission by-law. Already by-laws have been passed involving a sum of twenty-five million dollars and calls for the construction of 2000 miles of radial railways. The main lines will have to be built before the branch lines can be proceeded with but when it is built it will be the St. Lawrence of the Hydro system. The champions of Hydro are having a hard fight in Hamilton this week but they are going to carry the by-law and as soon as it is passed the work of construction will be proceeded with.

In conclusion Mr. Lyon stated that Sir Adam Beck had said that the Hydro Radials will pay because they will be the people's own roads. The speaker was loudly applauded as he resumed his seat. The report of Sir Adam Beck's address appears in another column.

### BIG LEAGUE GOSSIP

Natural ball players improve with rapidity. In 1915 Charlie Hollocher, the Cubs' great little shortstop, hit only .229 in the Central Association, and was spoken of as a promising infielder who could not hit. In the National League last year, he batted .216.

Dutch Reuther may become a star on the Cincinnati club this year if he can show anything like the skill he displayed in his army games last summer. He pitched in forty-six games for his regiment and won forty-one. Some record!

Dave Bancroft, one of the sensational shortstops of the National League, has kicked over the traces on William Barker, of the Phillies. Dave returned his contract unsigned, and demanded he be traded to some other club. His demand will undoubtedly go unheeded, and chances are, he will get his raise.

There are only three holdouts on the White Sox so far as is known - Buck Weaver, Charley Ribberg, and Fred McMullin. Buck is still holding out at Beloit, Wis.

George Burns, brawny first sacker of the Athletics, who drove in more runs than Ty Cobb last season and who stood next to the "peach" in batting, has sent in his signed contract to Connie Mack.

Ty Cobb in one of the few Tigers who have not signed contracts, but the Georgian will be back in the line up this season, and is expected to join the squad before the series with the Boston Nationals. This is the attitude Frank J. Navin, president of the club, takes, and it should satisfy the fans who have been all fussed up because Ty is still on the outside.

Managers always fall for the old-time players when trying to build up a club. Pat Moran has grabbed Harry ("Slim") Sallee in an effort to reconstruct the Cincinnati Reds' pitching staff.

How efficiently a first baseman fields does not seem to make much difference to some pilots. Ed Konetchy led the National League first sacker last year, but George Stallings has supplanted him with Walter Holke, a less experienced player and inferior batter.

Miller Huggins has his whole outfield signed for 1919. It consists of Duffy Lewis, Ping Bodie, Elmer Miller, Hughie High, Johnny Kane and George Halas. Three infielders - Derrell Pratt, Frank Baker and Roger Peckinpaugh, are without the fold.

The unconditional release of Dick Hoblitzel by Harry Frazee, president of the Boston Red Sox, is difficult to explain except on the ground that he had a contract calling for a big salary. The presence of Hoblitzel was not necessary to the success of the Red Sox with Stuffy McInnis around, but Hobby should be a valuable player for any one of several big league clubs that could be mentioned offhand.

"John McGraw and his Giants are a menace to the National League," said an eastern fan. What he has achieved in the last five years does not prove it. He won the pennant only once in that time. The Braves won in 1914, the Phillies in 1915, Brooklyn in 1916, and the Cubs in 1918. McGraw's club won in 1917.

**FIRST TENNIS TOURNAMENT**  
London, March 12 - The first open lawn tennis tournament since 1914 will be held at Queen's club next month, when the national covered court championships will be decided. A good entry is expected, and the present holder, M. J. G. Ritchie, will defend his title.

### FRENCH TEAM LEAVE FOR COAST GAMES

Exhibition Games Will be Played on the Way West.

Montreal, March 12 - Players of the Canadian Hockey Club, champions of the National Professional Hockey League, left last night for the Pacific Coast to participate in the world's series with the winners of the Coast Hockey League. Ten players and Owner George Kennedy, of the club, were given a send-off at the Windsor Station last night and carried with them the best wishes of followers of professional hockey in Montreal.

The club will play some exhibition games on the way to Vancouver, the first game to be played at Regina on Thursday night and the next one to be played at Calgary on Friday night. Owing to the lack of time the invitation to play matches at Fort William and Port Arthur were declined. The Canadians will reach Vancouver on Sunday morning, and will rest up before going into the world's series. The championship of the Coast League will not be decided until March 14, when the play off between Seattle and Vancouver will be played. These clubs meet in a home and home series, and the winners will meet the Canadians.

If Seattle wins an exhibition game will be played on Monday night, March 17, with Vancouver, and if Vancouver wins the title the first game in the series will be played on Tuesday night, and an exhibition game will be played at Seattle after the series is completed.

The men who left last night are at the top of their form, and with the two matches on the way to Vancouver, they should remain in condition. Those in the party are: Vezina, goal; Hall and Corbeau, defence; Newby, Lalonde, Pitre, Berliquinette, Malone, Ogie Cleghorn, McDonald and Couture.

The games will likely be played alternately under Eastern and Western rules, the former with six men a side and the latter with seven men a side.

### WOUNDS COPS AND TURNS GUN ON HIMSELF

Chicago Real Estate Dealer Holds Fifty Cops at Bay for Three Hours This Morning

Chicago, Ill., March 12 - Two policemen and a civilian are in the hospitals today with bullet wounds inflicted by a man barricaded in his own house, who later was found dead with part of his head blown off, having turned his gun on himself. For three hours early today George Ondeck, a real estate dealer and expert marksman, had more than half a hundred policemen at bay, exchanging shot for shot and driving the besiegers to cover of adjacent buildings. When Ondeck was reduced to his last cartridge he shot himself. Half an hour after the firing ceased the police entered the house and found Ondeck dead in the front room. In the rear room were Mrs. Ondeck and her six children, lying on the floor to escape the bullets that crashed through the frame cottage walls. Ondeck is said to have been drinking, and police were hunting him with a warrant charging drunkenly, sworn out by his wife.

### SMALL SCORING IN TOLEDO TOURNAMENT

Toledo, March 12 - Thirty-two pairs bowling in the two-men event of the American Bowling Congress Tournament here were unable to dislodge the leaders, although there were several shakeups down the line. Frank Jones and Bert Debold collected 1,107 for second place, but the top notch pair was not molested.

Owing to my connection with three of the largest growers of cut flowers in Canada, even in these most trying times, I have always a large assortment of Flowers and Plants. Also can telegraph to any city in Canada or United, orders for delivery of cut flowers, etc.

### SOCCER NEWS

The St. Catharines Football Club will hold a meeting at the Y. M. C. A. tonight when business of importance will be transacted and all players and supporters are asked to attend. A committee on names will be appointed and delegates to the Ontario Football Association will be chosen. Any players having boots which are the property of the club are asked to report same at this meeting.

Jimmy McFarlane who will turn out with the locals made a fine reputation with the Toronto Scots.

Jimmy Page will be on the Merriton line up this summer.

The Sturch brothers will play with the St. Catharines team.

Charlie Longhurst is likely to handle the whistle this summer and his method of handling men is above the average.

The Jones-Debold second game of 478 was the largest score yet rolled in the tournament. Jones also had one game of 276, which is the highest single count thus far.

The bowlers during the afternoon were unable to drive A. Wolf and W. Totten, of Toledo, from first place in the individuals. Wolf and Totten sharing the honor with 597 rolled on Sunday. The second best score of the day in the singles was that of Eddie Ganzel, with 573.

There were nine teams on in the evening, and the greatest bowling of the tournament was shown. E. M. Wagners, of Toledo, were high with 2,297.

### SOCCER MEN WILL WAIT ON SCHOOL BOARD

Strong Effort Being Made to Introduce Football Among the Public School Boys.

The St. Catharines Football Association held a successful meeting at the Y. M. C. A. on Monday night when the following temporary officers were elected to proceed with its organization. President, Mr. Mitchell; Secretary Mr. Bridge; Treasurer, Mr. T. Reid. Further progress was made in an effort to have football in the schools and after considerable discussion Messrs. Mitchell, Murhead, Robertson and Jones of Merriton were appointed to interview the School Board and report at the next Association meeting to be held on March 28th. A Loving Cup will be offered for competition in memory of Mr. G. Mack, late President of the St. Catharines Club and an active member of the Association. It was also reported that a Factory League is likely to be formed in the district but having heard nothing official no action was taken. Mr. Barry of Merriton and Dewse of Port Dalhousie were added to the Referees' List.

### REGINA "PATS" TO PLAY O.H.A. JUNIOR CHAMPS

Regina, March 12 - Regina Patricia's, junior champions of Saskatchewan, last night again defeated the Winnipeg Lutherans, Manitoba champions, in the second and final game for the Abbot Trophy by a score of 3 to 1, thus making the total score for the two games 8 to 5. Nearly 2,000 persons witnessed the game. Patricia will go east to play for the junior cup.

**IN \$50,000 AUTO RACE**  
Seven Entries to Date for the big  
Hoosier Prize.

Indianapolis, Ind., March 13.—  
Seven cars and drivers have been  
announced thus far in the Liberty  
500-mile race to be  
started on the Indianapolis Motor  
speedway on May 31st. This number  
of entrants at this date, according to  
General Manager T. E. Myers of the  
Indianapolis Speedway, indicates a  
big field and a spirited fight for the  
\$50,000 in prizes which go to the

first ten men across the tape.  
The men this far entering the race  
are: Durant in a Chevrolet, Mulford  
in a Frontenac, Brown in a Hudson,  
Christians and Chassagne in Sun-  
beams, Goux in a Peugeot and Earl  
Cooper to drive a Stutz.

**PAL MOORE WAS THE  
WINNER**

**A SCANTY MEAL.**

In a certain hospital the patients  
were very badly fed, and looked for-  
ward to an inspection, when they could  
logge a complaint.  
When one day the inspecting officer  
came round, one Tommy was deter-  
mined not to miss this opportunity.  
"What's your complaint?" asked the  
officer.  
"Trench fever."  
"Oh! And what is the diet?" contin-  
ued the officer, solicitously.  
"Two sucks at the thermometer  
daily!" was the answer.

**THEY'RE HOLDING  
UP LEAGUE WORK**

Into Decided to Defer Adoption to  
Schedule Until Park is Located  
for Newark.

**READY FOR INVESTMENT**

Both Ottawa and Montreal Made  
Bids for Syracuse Franchise,  
but Neither was Accepted.

New York, March 13.—Baseball  
owners in the International league,  
after an eight-hour session here yester-  
day, decided to defer the adoption  
of a playing schedule for the coming  
season until definite arrangements  
could be made in regard to securing  
suitable grounds at Newark, N. J.,  
and the disposal of the Syracuse-  
Hamilton franchise.

**Offered a Liberal Rental**

The league desires to lease the old  
Federal league park at Harrison, N.  
J., a suburb of Newark. The Inter-  
national has offered a liberal rental  
to the National and American lea-  
gues which are now in joint posses-  
sion of the grounds. The park on  
which the Newark club played last  
season has been declared unsuitable  
and its location inconvenient. If the  
Harrison park can be procured at a  
reasonable figure, President Fultz  
said that a desirable bidder for the  
Newark franchise immediately would  
make an investment.

**Bids for Syracuse Franchise**

Both Ottawa and Montreal made  
bids for the Syracuse franchise, but  
neither was accepted. However, in the  
event of the Harrison deal being con-  
summated an eight club circuit will  
be arranged, including Syracuse or a  
Canadian city. A tentative schedule  
was presented at yesterday's meet-  
ing which was said to be satisfactory  
to all of the six club owners, who  
were in attendance.

**TWO YEAR TERM  
FOR LONG AND  
PICKERING**

Judge Campbell Sentences House  
Breakers to Penitentiary Term  
This Morning.

Two years in Kingston Peniten-  
tiary on each charge was the sentence  
meted out to the young men Long and  
Pickering, who appeared before His  
Honor Judge Campbell this morning  
on two charges, of breaking into the  
Blakie residence and the Port Dal-  
housie Canning Factory.

Mr. McCarron, counsel for both of  
the prisoners and in his plea for the  
prisoners said that the object of the  
criminal court of justice is three fold:

First, the passing of judgment that  
society might be protected.

Second, to deter others from com-  
mitting a similar offence.

Third, to reform the prisoners that  
it may act as an incentive for him to  
do good and that he may return to  
the community and become a valu-  
able citizen.

The counsel spoke of the reputable  
and respectable families of each of the  
prisoners. Long having no criminal  
record whatever. The only mistake  
he had made was in getting married  
contrary to the rules of the bank  
where he was employed. His parents  
had also disowned him and turned  
him adrift in the world. He referred  
also to the wife and child of Long.

In speaking of Pickering he told of  
the death of his father and that he  
was the only child of his widowed  
mother.

"They are both in the prime of life,  
continued Mr. McCarron, "and a long  
period of association with hardened  
criminals will not reform them and  
above all their reformation is to be  
desired.

Judge Campbell before passing  
sentence said that Mr. McCarron's  
presentation of the case and his plea  
for the prisoners was very impressive.

His Honor also said that when it  
comes to depriving a young man of  
his liberty it gave any judge the  
gravest concern and nearly every

## War to Peace

Article No. 7  
Cut out for  
Reference.

### Bringing Our Soldiers' Dependents to Canada

IN England, there is a colony of Canadian women who went overseas in order to be near their husbands. There are also in England and France many women who married Canadian soldiers and have never seen Canada.

It is one of the duties that Canada has incurred through the war to bring back these dependents of our soldiers with all speed, and to help establish their home life.

Up till the time the Armistice was signed, some 22,000 women and children were returned. There still remain about 50,000 to be brought back.

These 50,000 soldiers' dependents will be returned to Canada at the public expense. Those who have already arrived in Canada since November 11th, 1918, will have their ocean and railway fare refunded by the Government.

The facilities for transporting soldiers and their dependents are limited to about 30,000 monthly. Therefore, women and children will be returned to Canada at the rate of about 5,000 to 7,000 each month. Many of the women will be accompanied by their husbands. On every boat carrying 200 or more unaccompanied women there is a Y.W.C.A. secretary.

**At the Ports.**  
To these 50,000 returning women and children every care is being given. Until they reach the shores of Canada they are in charge of the Overseas Militia Department.

At HALIFAX they are welcomed by the Women's Reception Committee, composed of women who have been engaged in war activities. This committee has been organized for nearly two years and has been doing splendid work.

At ST. JOHN there is also a committee representing all the organizations interested. This committee, although more recently formed, is giving excellent service. The National Y.W.C.A. has assigned two secretaries for work at this port.

On each of these Committees there is a trained nurse to give necessary attendance.

At the ports the organizations meet every boat. Locate the women's luggage. Take charge of the babies. Bring the women to a cosy rest room. Here cots and baths are provided for the children. Hot lunch can be secured. Overnight accommodation is arranged.

Women who are too sick to proceed on their journey are taken to the local hospitals. Women who are without

money receive assistance from the Patriotic Fund; are provided with lunch baskets and money to buy meals on the train.

These organizations also secure the railroad tickets for the women, get their money changed, give them such information as they need. The workers accompany the women to the train.

The Repatriation Committee have a nurse, trained in social work, lent by the Victorian Order of Nurses to act as the committee's representative at each port.

**On the Train.**  
On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses. This nurse carries with her first aid supplies and an emergency fund of money furnished by the Red Cross Society.

Telegrams are sent ahead to the local branch of the Patriotic Fund and to the local Reception Committees giving the number who will arrive.

**On Arrival.**  
The Rotary Clubs of Canada have undertaken to provide motor cars to take the women and children from the station to their homes.

The Patriotic Fund have undertaken to provide temporary accommodation and other necessary assistance at cities and towns en route and at points of destination.

The main function of this nation-wide organization is to care for soldiers' dependents. It is therefore fitting that they should be responsible for arrangements for all the returning women and children.

Many other well-known organizations have been doing admirable work—meeting trains, providing rest-rooms, canteens and hostels and generally caring for the women and children. It is important that these organizations continue this work and co-operate as closely as possible with the Patriotic Fund.

### CRITICS' COMMENTS ON THE 11th COMMANDMENT

**NEW YORK REVIEW:**  
"The Eleventh Commandment" is a heart-throb. It is of the type of play that irresistibly appeals to women even to a greater degree than to men. Suffice that it is thrillingly effective. It may be recorded without any suggestion of undue susceptibility on the part of this reviewer that Miss Stewart in the role of the wife gives a portrayal brilliant for fine emotional and tender power.

**WID SAYS:**  
Given the magic of a combination of a super director, a super star and a super story, a super photodrama is a foregone conclusion. This is demonstrated in Lucille Lee Stewart's newest medium from screen expression. "The Eleventh Commandment" a powerful photoplay written and directed by Ralph Ince. The picture is generally voted one to the big hits of the present screen year.

### MOVING PICTURE WORLD:

It is the sympathetic light thrown into human hearts in passing rather than consistent glow on life from the plot that makes "The Eleventh Commandment" a noteworthy picture. The story is melodrama cut, written and directed by Ralph Ince, it has been so artistically handled in the making that it is beyond cavil a beautiful picture.

A Yankee inventor has patented a hen's nest, which has a spring trap in the bottom. When the hen begins to cackle after laying, the egg disappears and she becomes so mad that she lays another. This is just what the great poultry fanciers have long been wishing for.

The Hamilton aldermen have increased and adjusted the wages of the city employees, with the warning that dissatisfied kickers can quit their job at once. It is also the intention of the aldermen to instal a big time clock so each man can record his daily hours of work.

Ottawa, March 12.—The bill to create a Public Health Department is being drafted and will be introduced shortly after the debate on the address closes. The bill will be handled by Hon. N. W. Rowell, who has taken a particular interest in the subject. It is possible that Hon. Mr. Rowell will be made the Minister in charge of the new department.

It is understood that the bill proposes three main things to be undertaken by the new department:

(1) Medical inspection of immigrants taking by the new department;

(2) Medical research along the lines of the Pasteur and Rockefeller institutes.

(3) Propaganda in the way of literature and bulletins in regard to health.

At a meeting in Hamilton in opposition to the C. N. R. Controller, Halloway of that city urged his hearers to tear up the tracks of that railway if they should be laid through the city.

Judge is believing more fully that sympathetic consideration has the most powerful effect.  
He stated that he would like to give a suspended sentence but the laws forbid such a course according to the interpretation of it. He spoke of the epidemic of housebreaking lately and that he had passed sentence last week on two young men for the same offence and while the prisoners stood in a different position, it being their first offence, it was nevertheless a serious one.  
He also said that he realized the men were of good family and felt the mistake of Long's father in turning him away because of his marriage was the initial mistake, and if the son had been taken to his family he might not have occupied the prisoner's box this morning.  
His Honor pointed out that crime was deliberated, it was not done in passion. The house was entered by a key and the goods taken away in a motor car.  
His Honor felt that he would have to impose adequate sentence and yet merciful, society must be protected and a warning to others sent out.

## ENGINEERS FORM BRANCH OF THE E. I. OF C.

W. P. Near of This City Chosen Vice-Chairman of New Niagara Peninsula Association Meeting Held Last Night

An enthusiastic meeting of the Engineers of the Niagara Peninsula was held at the Hotel Lafayette, Niagara Falls, Ont., on Tuesday evening to organize a branch of the Engineering Institute of Canada among the members in this district. Mr. Fraser Keith, General Secretary of the Institute from Montreal was present and ably explained the aims of such an organization and what it might attain in the general welfare of the community as well as in the interests of the profession. Mr. Sauer of Toronto acted as Chairman and the election of provisional officers resulted as follows:

Col. R. W. Leonard, St. Catharines, who is President of the Engineering Institute of Canada, is ex-officio a member of the Board.

A. C. D. Blanchard, of Niagara Falls was chosen Chairman with W. P. Near, City Engineer, St. Catharines as Vice-Chairman and Rex P. Johnson, as Secretary.

The following executive committee were elected:

- N. E. Gibson, Niagara Falls.
- W. H. Sullivan, St. Catharines.
- A. J. Grant, St. Catharines.
- H. M. Belfour, Welland.
- H. L. Bucke, Niagara Falls.

Will Succeed

Some 65 Engineers were present and with the increasing numbers required on the Welland Ship Canal, Hydro Electric Development and Electrical, Industrial and Chemical Engineering forces the newly formed "Niagara Peninsula" branch of the Engineering Institute of Canada bids fair to become a flourishing society. Its membership as well as embracing all corporate members of the Institute within a radius of 25 miles of the branch centre is open to Associates and Students of Engineering and further to affiliates or those who may not become qualified for future membership but are interested in Engineering topics. The meetings are proposed to be held in different centres in the Peninsula and to consist in the reading of papers, engineering and otherwise that effect the growth of the industrial and civic developments of the district; also visits will be arranged to various Engineering works of interest as well as to the many industrial plants and the whole object of the Association will be broadened to make the Engineering Profession, and those interested in such work to become a greater power for the betterment of this important section of Canada.

Among those present from St. Catharines were Messrs. A. J. Grant, W. H. Sullivan, A. Milne, D. H. Fleming, L. D. Hara, F. J. Hara, W. P. Near, Jewett and Harcourt.

Stop! He didn't mean it! Dorothy Dalton presents DOROTHY DALTON in "Quicksand" At Griffin's Opera House tonight.

## GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try this! Your hair gets wavy, glossy and abundant at once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time—Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

## MERRITTON

A pup is locked up in the town hall waiting for its owner to call for it.

Rev. Mr. Weaver, of Homer, will preach at the Lenton service in St. James' Church on Friday night, after which the choir will meet for rehearsal.

The picture, "The Price of a Good Time," will be shown at the movie show in the Town Hall to-night. Owing to these shows being for the memorial monument fund, no doubt a large number will attend to help the good work along.

The "Union Choral" which was forced to discontinue their rehearsals owing to the severe epidemic of influenza, will resume their practices on Monday night of next week. A series of seven concerts are to be filled in the course of the next few weeks, which will bring a great deal of pleasure to the members of the choral and their friends who accompany them. On Monday night, March 24th, the choral will put on one of their concerts in the Homer Methodist Church and will be assisted by Miss Ariel Plect, reader, and gold medalist of the Owen Sound Collegiate Institute, who is well known in concert work in the city of Toronto. The church is also fortunate enough to be accompanied by an eight piece orchestra. Mrs. Joseph Martin, soprano, will also be one of the special features on these programmes.

"MONEY ISN'T EVERYTHING."

"Money Isn't Everything" is the latest to the American Film Company's deservedly popular comedy drama written by Fred Jackson, scenario by William Parker and directed by Edward Sloman. The production features that world famous movie star Margarita Fisher with an all star cast. Margarita Fisher is perfectly suited to the role of Margery Smith, the beauty, and will enhance the character with her natural charm and vivacity. Jack Mower, as the handsome and busy man, Franklyn Smith can be counted on to give his usual finished performance. J. Norris Foster who is cast as Henry P. Rockwell, the millionaire spender is new to the American. He has supported numerous popular stars and is a valuable addition to the American forces. Wedgewood Nowell, cast as "Diamond Tim" Moody is also a new comer to the American Film Company. He is a graduate from the legitimate stage and has met with much success in the support of many prominent stars. Kate Price known as one of the greatest character comedienne in the film world and who supported Mary Miles Minter in "The Ghost of Rosy Taylor" is cast as Betty Nan, the chaperon. The Manager of the Family Theatre announces that "Money Isn't Everything" will be presented on Thursday, Friday and Saturday, afternoon and evening.

A number of her friends surprised Miss Myrtle Strong at her residence, Prince street, last evening, and several hours were most agreeably spent in games, vocal and instrumental music, and excellent refreshments.

## SOCIAL and PERSONAL

Miss Madeline Rose, of Humberstone, was the guest of friends in this city last week.

Mr. and Mrs. James Miller, 16 Dexter street, the former of the N. S. & T. Railway, are leaving very shortly for their former home in Scotland. During the stay of this couple in St. Catharines, they have made themselves very popular, and their many friends will regret to hear of their departure.

The many friends of Mrs. Henry Colton, 54 Albert street, will regret to hear she is quite ill in the General and Marine Hospital, having had a severe operation performed on Tuesday.

The many friends of Mrs. Charles Ritchie, Geneva street, will regret to hear she is quite ill in the General and Marine Hospital, and a speedy recovery is hoped for.

## GERMAN DELEGATES.

Weimar, March 12.—The German delegates to the peace conference will be Count von Brockdorff-Rantzau, Foreign Minister; Dr. Eduard David, of the majority Socialists and first president of the National Assembly; Dr. Adolph Mueller, Minister of Switzerland; Professor Walther, M.A.; Schuecking, of Marburg University, and Herr Gelsberg, Minister of Post and Telegraph in the Prussian Ministry.

## THREE SHIPS COMING.

(Special To The Journal.)  
Ottawa, March 12.—Three steamers with Canadian returning soldiers are due to dock at North American ports about March 19th, the Araguaya at Portland, the Cosican at St. John, and the Celtic at Halifax. There are in all about 3,500 men on these boats, about half of whom are for Ontario points.

His Worship Mayor Elson presided in the Police Court this morning. The two Merritton lads charged with trespassing received a scorching lecture from His Worship and were let off on suspended sentence.

Corp. Harry Slater, formerly a member of the police force here, is back at his old job.

There is considerably less ice in all the lakes than was reported at this period a year ago, says a despatch from Detroit. In Lake Ontario there is some ice in the harbor, but no fields are visible. In Lake Erie there are a few fields of broken ice.

A despatch from Niagara Falls, N. Y., states that a charge of manslaughter may be laid in connection with the motor collision a few days ago in which St. Catharines people were injured. Before her death Mrs. Lynch made a statement to Coroner Ennes in which she said the car Mr. Vine was driving travelled at the rate of 40 miles per hour.

## A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today save a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

"Vanity Fair" which appeared at the Grand Opera House last night, delighted a large audience.

Jack Trainor is an exceedingly clever comedian and fills the roll of an eccentric uncle with high class acting. J. C. Flippin the colored valet to Catherine, the uncle, excited much laughter.

The scenery in the second act was very novel and beautiful. The chorus pleased the large number present with their superb dancing catchy songs.

## THOROLD

The donations for the memorial monument fund are still coming in and are greatly appreciated. At the present time the amount totals \$4,128.24.

Messrs. George and Fred Manson, formerly of the Grenville Board and Pulp Company, Thorold, have entered into the wood-pulp business, having erected a plant at Hawkesbury, Ontario. Mr. James Holland, Ormond Street, has been engaged as their superintendent.

Mr. and Mrs. James J. Quinn and Mr. and Mrs. Peter O'Malley, of Emporium, P. A., are spending a few days at the home of Miss Anna Griffiths, Pine Street, being called there to attend the funeral of their sister, Mrs. Catharine Cleveland, who was buried in Victoria Lawn Cemetery, St. Catharines, last week.

Mr. William Porter, Chappell Street, has received word from his home in Quebec that his father is critically ill, and no hope is held out for his recovery.

Mr. Arthur Lewis, has sold his house on Pine Street to Mr. Clarence Martin, and is moving to Miss Walton's cottage on Regent Street.

The many friends of Mrs. Cole Chappell Street, will regret to hear there is not much change in her critical condition.

The total revenue of the Thorold post office for the year ending, March 1st, 1918, according to the report of the postmaster-general, just to hand, was \$10,515.03.

Miss Jessie McPherson, who was called home to Thorold owing to the death of her mother, has returned to her duties as teacher in the Fort William Public School.

Mr. Joseph Savage, Front Street, has returned from Toronto, where he has been for the past few days in connection with the ice shortage which will be acute next summer. He was trying to see what arrangements he could make for his summer supply for the making of ice cream.

While attending to his duties at the Beaverboard Company's Plant, on Monday, Mr. Herman Ellis had the misfortune to have his hand caught in one of the calendars which divides the paper, with the result that his fingers were badly mangled. He was at once conveyed to the Welland Hospital, in St. Catharines, where he is resting as well as can be expected, but it is feared an amputation of three of his fingers may be necessary.

Mr. Callahan, of Buffalo, N. Y., has arrived in town and taken over the position of office manager at the Beaverboard Plant made vacant by Mr. H. C. Hodges, who has entered into the butcher business which he purchased from Reeve Richings.

Mr. R. W. Forsythe, of Chicago, Ill., has returned home after a pleasant visit with his sister, Mrs. Dan Daverin, Pine Street.

Mr. and Mrs. McManamy, Front Street, have received word that their son, Lieut. John McManamy, has arrived at Halifax on his way home.

The many friends of Miss Helen Barron, will regret to hear she is very ill at her home in the township.

A change of business has taken place on Front Street, Reeve George T. Richings, having sold his butcher business to H. C. Hodges, formerly office manager at the Beaverboard Plant. Reeve Richings, who has been in this business for the past eight years has won the respect of the entire community, who are sorry he is selling out, but glad to hear he is still going to be a resident of the township. Since Mr. Hodges' arrival in Thorold to be engaged at the Beaverboard plant, he, with his family, who reside

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to the Hair.

That beautiful, even shade of dark glossy hair can only be had by brew for use. It is called Wyeth's Sage and Sulphur Compound, a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture you can get this famous old recipe improved by the addition of other ingredients at a small cost all ready. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared and after another application it becomes beautifully dark and appears glossy and lustrous.

on Welland Street, have made themselves very popular, and their unlimited number of friends are wishing them every success in the undertaking now entered upon.

As a result of a number of boys wrestling in front of Batten's Hardware store, on Wednesday, one of the front basement windows was broken.

Mr. Cross, Queen and Albert Streets, is adding a verandah to his home, which when completed will add to the appearance of the building. Mr. Richard Herod, has the contract, and has his men very busy on the job.

Miss Grace Wilson, of Beaverdams, has accepted the position at the Garden Grocery made vacant by Miss Edith Higgins, and has entered upon her duties. Miss Higgins will in the near future open a tea room in town in the rooms made vacant by Mr. Harry Burley.

The regular meeting of the Public School Board was held last night with

D LANDMARK DESTROYED BY FIRE THIS A

Bros. Garage on James Damaged to Extent of Near Twenty Thousand Dollars—Many Cars Burned.

About 2:30 this morning as Con Witt was on his rounds, he noticed that the rear part of Hall's James street, was on fire and immediately notified the firemen. Most at the same time got a notice from the proprietor of the house. The firemen were on the scene in a few minutes. By which time the strong east-ly gale was blowing, the entire back premises was blazing like a race. Five lines of hose were being the back and front, which the entire roof of the building in adding to the intense flames, but by most persistent work, with the mercury at 10 zero, the damage was confined to garage, without any injury to the persons of Messrs. Begy and Son, binder, adjoining, and by about the danger was over, leaving a wrecked building behind. The building which was owned by Mr. Albert and rented to Hall Bros., is estimated to be damaged to the extent of \$6,000, upon which there is a rough estimate place between \$1,000 and \$12,000. There is also six autos in the garage, by private parties, the loss on many amount to about \$3,500 and the insured by about 75 per cent of their value. Besides the big general tractor plows, one or two tractors, some sleighs and other things, either destroyed or damaged. In the progress of the blaze fear that the building might explode, but Chief Early ordered a column of water to be played which will likelihood saved the adjoining buildings.

Praise For Firemen. Too much praise cannot be given the firemen for their arduous and very dangerous work, under the dense cold and strong wind. Credit is also due to Mr. Wiley Ellis House, who provided the fire with an abundant supply of hot and other refreshments. The building was one of the old landmarks in the city, being erected about 70 years to replace a frame barn which nearby and was known as St. barn in connection with a small hotel, which occupied the site present Russell House and was owned by one Cape Stinson, years ago and known as Stinson's hotel.

TO PROCEED WITH CABLE UNDER C A special meeting of the Council was held last night with following members present: Mayor G. Grisdale, Reeve Geo. T. Ri Deputy Reeve George T. Aikens, J. McDonald, Walter Diamond, Warner, John Reed and George Day. Moved by Councillors Reeve Richings; That the clerk write Hydro regarding sending their report to explain the cost and where else is required for a block of for manufacturing and other purposes. Carried. Moved by Councillors Aiken McDonald; That the Mayor, Reeve Clerk be a committee to visit Toronto to meet the railway board at Private Bills Committee of the nature. Carried. Moved by Councillors Aiken McDonald; That instructions be given to Mr. Chipman to proceed at once to the water main and cable across Welland Canal. Carried. Moved by Councillors Diamond Richings; That the Council call on Pipers application regarding schemes as soon as information can be obtained from Government. Carried. The Council then adjourned.

A direct descendant of the Scottish House of Stuart in the person of Miss Mary Stuart Jones, late of Brockville.
