CONSTRUCTION WORK PROCEEDING SWIFTLY BUT SILENTLY INTO NORTHWEST.

G.T.P. to Build in From Edson

C. N. R. WILL HAVE STEEL LAID 84 MILES BY THE END OF THE YEAR.

Swiftly but silently, while speculation is rife as to when the first line of railway will be built to the Peace River country, the Canadian Northern is pushing ahead a branch from Edmonton to the Grande Prairie.

Steel will be laid to a point 20 miles beyond the Pembina river to the west from Edmonton, Grande Prairie.

One hundred teams have been working on the grade northward from Onaway to the Pembina river for the last six weeks, and at the end of the present week 200 additional teams will be employed.

Steel bridge over Pembina, steel bridge is now being constructed across the Pembina river which will be about 3,000 feet long and 70 feet above high water.

The Pembina river being crossed this fall, it is not improbable that the energy and enterprise the C. N. R. is noted for, the grade and perhaps the steel may be carried as far as the Peace river before the end of next year.

Grand Trunk From Edson, The Grand Trunk Pacific railway in a few weeks time will break ground on a branch line to the Peace river from a point west of Edmonton.

WHAT ABOUT IT?

The Journal last evening published a front page article of a column length purporting to set forth the focal political situation, in the course of the article appeared the following paragraph:

Like death, elections always come suddenly. They may be expected, but they are never anticipated. Only politicians who appeared to have been previously well posted seemed able to explain that because of the Frank Oliver charges the Dominion government was practically compelled to dissolve parliament to save disclosure of evidence which it is pretty well known will be brought to light by the committee examining into the Oliver charges.

Immediately following this article was published the following despatch: Special to The Journal. By Fred Cook.

Ottawa, July 31.—A report has been current all morning that Oliver was so mad at the cabinet meeting Saturday because he was not whitewashed before the formal act of dissolution that a big row resulted.

It is apparent from this that if the local Conservatives allow the Journal to set the course of their campaign it is to be a campaign of shaming the drop of the hat.

It is no part of the Bulletin's business to counsel the Conservatives of Edmonton. But it is only fair to say to them that if the paper which presumes to speak for them does so after this fashion they must be prepared to take the responsibility for its utterances.

CONSERVATIVE OPPOSITION URGED BY INTERESTED CORPORATIONS WILL FORCE DISSOLUTION AND APPEAL TO COUNTRY ON RECIPROCIITY BEFORE REDISTRIBUTION

Ottawa, July 28.—The second week-end since Parliament assembled finds nothing done. All week the government has persistently pressed the progress of legislation they will be able to force.

The newspaper exponents of the anti-reciprocity interests in the cities of Montreal and Toronto are making no secret of their satisfaction over the assurance that the obstructive tactics of the Opposition will force an appeal to the people before the reciprocity and redistribution issues can be dealt with by the government.

Both have shown their hands in the Parliamentary battle of the past week. The Liberals, under Sir Wilfrid Laurier, intend to make every effort to advance public business and to secure for the country the redistribution to which it is entitled.

SLIPS FROM LOG AND IS DROWNED

EDWARD DUNLEAVY, LUMBER COMPANY EMPLOYEE LOST LIFE IN RIVER.

(From Monday's Daily) Edward Dunleavy, an employee of the Edmonton Lumber company, lost his life in the Saskatchewan river late Friday afternoon.

With the aid of a pole Dunleavy was pulling in a log. The pole slipped and losing his balance the man fell into the river and for a moment was lost to view.

At last, weary by his futile efforts to hold on to the log, Dunleavy fell back and was seen to disappear in the water.

Little is known about Dunleavy, who was apparently 35 years of age. He came to Edmonton recently and entered the employ of the lumber company just one week ago.

CANADA RETAINS CONTROL OF NAVY

TEXT OF AGREEMENT REACHED BETWEEN DOMINIONS AND BRITISH ADMIRALTY

Ottawa, July 28.—The full details of the agreement reached between representatives of Canada and Australia and the British Admiralty on naval defence were tabled in the House today. The clauses which form the basis of the agreement are as follows:

- The Detailed Report. The detailed report tabled by Sir Wilfrid Laurier is as follows: 1. The naval services and forces of the Dominions and Australia will be exclusively under the control of their respective governments.
- Training and discipline of the naval forces of the dominions will be generally uniform, officers and men of said forces to be interchangeable in those under control of British admiralty.
- Ships of each dominion naval fleet will hold at the stern the white ensign as the symbol of the authority of the crown, and at the jack staff the distinctive flag of the dominion.
- The Canadian and the Australian governments will have their own naval stations as agreed upon from time to time.
- In the event of the Canadian or Australian governments desiring to send ships to a foreign port, they will obtain concurrence of the Imperial government in order that the necessary arrangements for the use of the British Admiralty and foreign office.
- Will Obtain Concurrence. In the event of Canadian or Australian governments desiring to send ships to a foreign port, they will obtain concurrence of the Imperial government in order that the necessary arrangements for the use of the British Admiralty and foreign office.
- While ships of dominions are at a foreign port a report of their proceedings will be forwarded by the officer in command to the commander-in-chief of the station, or to the British Admiralty. The officer in command of a Dominion ship, so long as he remains in a foreign port will obey any instructions he may receive from the government of the United Kingdom as to the conduct of any international matters that may arise, the Dominion government being informed.
- Commanding officer of a Dominion ship has to put into a foreign port within previous arrangements on account of stress of weather or any other emergency will report his arrival and reason for calling to the commander-in-chief of the station, or to the British Admiralty and will obey so long as he remains in the foreign port any instructions he may receive from the government of the United Kingdom as to the conduct of any international matters that may arise, the Dominion government being informed.
- Senior Officer Commands. When a ship of the British admiralty meets a ship of the Dominion, the senior officer will have the right of command in matters of ceremony or international intercourse, or where united action is agreed upon, but will have no power to direct the movements of ships of other service unless the ships are ordered to co-operate by mutual agreement.
- In foreign ports the senior officer will take such steps as may be necessary to interfere with the orders that the junior may have received from his own government.
- When a joint martial has to be ordered by a Dominion and a sufficient number of officers are not available in the Dominion service at the time the British Admiralty, if requested, will make necessary arrangements to enable a court to be formed. Provision will be made by order of His Majesty in council and the Dominion government to define the conditions under which officers of the different services are to sit on the joint court martial.
- The British Admiralty undertakes to lend to the Dominions during the period of development of their services under the agreement, such flag and other officers and men as may be needed. In their selection the preference will be given to officers and men coming from or connected with the Dominion, but they should all be volunteers to service.
- The service of officers of the British fleet in the Dominion naval forces or officers of these forces in the British fleet will count in all respects for promotion, pay, retirement, etc., as service in their respective forces.
- How Seniority Determined. In order to determine all questions of seniority that may arise the names of all officers will be shown in the naval list and their seniority determined by the date of their commission, whichever is earlier, in British, Canadian or Australian service.
- It is desirable in the interest of efficiency and co-operation that arrangements should be made from time to time between the British admiralty and the Dominions for ships of the Dominions to take part in fleet exercises, or for any other joint training considered necessary under the senior naval officer. While so employed the ships will be under command of that officer who would not, however, interfere in the internal economy of ships of another service further than absolutely necessary.
- In time of war when the naval service of a Dominion or any part thereof has been put at the disposal of the Imperial government by the Dominion authorities the ships will form an integral part of the British fleet and will remain under the control of the British admiralty during the continuance of the war.
- The Dominions having applied to their naval forces the King's warrant, they are now in a position to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy which is almost certain to be needed before the summer is over. This remedy has a superior. For sale by dealers everywhere.

MEMBERS LEAVE ON RETURN HOME

THE DISSOLUTION IS EXPECTED NEXT WEDNESDAY OR THURSDAY

Ottawa, July 28.—There is practically no change in political situation and indications still point to a dissolution of the House next week, either on Wednesday or Thursday. Some of the members who left for their homes tonight will not come back to take part in the proceedings of this parliament and will return to Ottawa as members again only by the grace of their constituents. All signs indicate that there will be no members of parliament in Canada a week hence and that the government machinery will be confined to His Excellency and his advisers.

VETO BILL CRISIS IS PASSING OVER

THE "NO SURRENDER" MOVEMENT OF INSURGENTS IS DYING OF RIDICULE

London, July 28.—A solution of the veto bill crisis without the creation of peers may be predicted with tolerable certainty. Premier Asquith had a final interview today with King George V. and the Queen Mary tomorrow to Cowes for the week end. The "no surrender" movement is dying of ridicule, its leaders not daring to publish the names of its alleged adherents. Lord Lansdowne, leader of the opposition on the other hand, has received written pledges of support from more than 200 peers in his efforts to save the bill. The following is expected to be the course designed on the veto bill. The House will vote on Wednesday to reject the House of Lords amendments, while intimation will be conveyed to the King that Lord St. Aldwyn will take sufficient Unionist peers into the government lobby, if the Halsburyites challenge a division, to effect their purpose. It is believed however that even this procedure will not be necessary. TO GET FOOTHOLD ON AFRICAN SOIL

SAY GERMANY WILL SECURE VALUABLE TERRITORIAL ADVANTAGES

London, July 28.—War over north-west Africa will be averted, but Germany, in the opinion of astute observers in all the capitals, will not be followed now, as she was by the outcome of the Algerian conference. She will succeed in directing an extremely hard bargain with the members of the triple entente. That she will secure immensely valuable territorial advantages in Africa is regarded in Berlin as a moral certainty. Her chances of an African naval base are the subject of much interesting speculation.

HON. MR. OLIVER REGRETS FULL INVESTIGATION OF CHARGES NOW HELD

Ottawa, July 28.—The Ottawa Evening Journal (Ind. Con.) prints a report to the effect that there was a stormy scene at Saturday's sitting of the cabinet discussing the charges against Mr. Oliver. He added that he would probably leave for the west tomorrow, to open his campaign. "I have not resigned from the cabinet, neither do I intend resigning," said Mr. Oliver. T. P. O'CONNOR REVIEWS SITUATION IN LONDON—SAYS HOME TALKING WITH COMMUNICE IN FIVE OR SIX WEEKS—WILL PROBABLY END LIKE THE VETO STRUGGLE

London, July 28.—The political sky was enormously cleared during this week and the end of last week, but this ended with Chancellor Lloyd-George's remarkable speech at Morocco, which gained additional seriousness by Lloyd-George's well-known love of peace and hatred of war.

UNIONIST FORCES ARE RE-UNITING

BREAK IN RANKS OF BRITISH OPPOSITION IS SAID TO BE HEALED

London, July 28.—The crisis over the veto bill has undergone a slight modification, as the cabinet has decided to postpone the vote on the bill for the House of Commons until August 7. Present anticipations point to the hearing of the bill in the House of Commons, if the Unionist ranks, who favor the bill and the Halsburyites, who are opposed to it, meet tomorrow night in full force as a complimentary dinner to the Unionist party's former whip, Sir Alexander Hood, who is now known as Lord St. Aldwyn.

THE DISSOLUTION IS EXPECTED NEXT WEDNESDAY OR THURSDAY

Ottawa, July 28.—There is practically no change in political situation and indications still point to a dissolution of the House next week, either on Wednesday or Thursday. Some of the members who left for their homes tonight will not come back to take part in the proceedings of this parliament and will return to Ottawa as members again only by the grace of their constituents. All signs indicate that there will be no members of parliament in Canada a week hence and that the government machinery will be confined to His Excellency and his advisers.

VETO BILL CRISIS IS PASSING OVER

THE "NO SURRENDER" MOVEMENT OF INSURGENTS IS DYING OF RIDICULE

London, July 28.—A solution of the veto bill crisis without the creation of peers may be predicted with tolerable certainty. Premier Asquith had a final interview today with King George V. and the Queen Mary tomorrow to Cowes for the week end. The "no surrender" movement is dying of ridicule, its leaders not daring to publish the names of its alleged adherents. Lord Lansdowne, leader of the opposition on the other hand, has received written pledges of support from more than 200 peers in his efforts to save the bill. The following is expected to be the course designed on the veto bill. The House will vote on Wednesday to reject the House of Lords amendments, while intimation will be conveyed to the King that Lord St. Aldwyn will take sufficient Unionist peers into the government lobby, if the Halsburyites challenge a division, to effect their purpose. It is believed however that even this procedure will not be necessary. W. W. SHORT MAY RUN AS TORY CANDIDATE

Prominent Members of Party Say That W. Short Will Be Chosen As Standard Bearer—Organization Meeting Held Last Night

(From Monday's Daily.) It is stated by prominent Conservatives that William Short will be the unanimous choice of the Conservative convention shortly to be called to select a candidate for the Edmonton constituency in the coming election.

That Mr. Short is to lead the Conservative party in its fight in Edmonton seems almost certain. The two other Conservatives who were regarded as probable candidates, Alderman J. D. Hyndman, the candidate who ran against the Hon. Frank Mackenzie in the elections of 1918, and A. F. Ewing, are both at the present time absent from Canada.

In the Conservative Club rooms in the Craig Nair Block on Jasper avenue, Tory Edmonton last night rallied around the slogan saved from the broken meeting, "We Must Remain a Part of the Empire."

The meeting was called for organizational purposes and about 100 Conservatives were present. Canvassers were assigned their districts and instructed as to their duties.

The revival of the Young Conservative Club was discussed. Middle aged men recalled the halcyon days of this organization when they were young and enthusiastic members.

W. D. Cohn, advance agent for the party, has not been sent in to the secretary, which will greatly swell this list.
