Dear Sir Arthur Currie

Last October Mr Louis Fitch told me that his people had formed a very high opinion of the work being done by the Oriental Department, and would be pleased to help the Department in any way they could.

I told him we needed endowment for salaries, books and scholarships, saying he would begin with scholarships, and asking how many we should like, I told him it would be an advantage to ~~begin with~~ have five, viz. three for the 2nd, 3rd, and 4th years of the Undergraduate work, and two for ~~the~~ work in the Graduate school.

On October 17th he wrote and informed me that he himself would offer an annual scholarship of \$50 for the 2nd Year, and that two friends of his Mr A.J. Freiman and Mr Asher Pierce would also each offer one annually of \$100 each.

On Dec: 9th he wrote and told me there would be two more, and that he would send the names shortly.

The correspondence was then handed to your office, and the offers were duly acknowledged by you.

Having been led to suppose that the 4th and 5th names would be sent shortly, and believing it would be better to announce all five at once, I did not ask your permission to make the announcement at the time.

As, however, I now hear from Mr Fitch that the two men he is waiting to ~~hear~~ hear from are away in Europe and will not be back yet, I should like to have your permission to have the three certain offers announced in the press at once, so that the awards may be made, as soon as possible, on the results of the recent examinations.

Yours truly

C. A. Brodie *Broedull*

OFFICE OF  
A. J. FREIMAN

OTTAWA

Oct. 27th, 1924.

Sir :-

Mr. Freiman has directed me to acknowledge receipt of your letter of October 23, and to assure you personally of how pleased he is to provide a scholarship for students in Semitic languages at McGill University.

Mr. Freiman considers of great value the work of your institution in bringing to light for the benefit of those who care to profit, the beauties of sentiment and ancient culture to be discovered in a study of these languages.

I may say that cheque for \$100 for the first year's scholarship has today been sent to Mr. Louis Fitch, to whom Mr. Freiman promised the scholarship, and no doubt will immediately be transferred by him to the Bursar.

Yours Faithfully,

Sir Arthur W. Currie, G.C.M.G.K.C.B.,  
Principal & Vice-Chancellor,  
McGill University, Montreal.

Dear Mr. Fitch:—

I have learned with great pleasure from Professor Brodie Brockwell of the interest which you have been taking in providing scholarships for the study of Hebrew, and of your generosity in giving one of these yourself.

It is gratifying to find our graduates displaying the interest which not only in these, but in other matters is shown by yourself, as well as to note the revival of attention paid to a study which, both for traditional and cultural reasons, should hold an especial appeal for the Hebrew.

Yours faithfully,

Principal.

Dear Prof. Brockwell:-

I have so far obtained the following scholarships for the Hebrew Department, Mr. A. F. Freiman, Rideau Street, Ottawa, Mr. Asher Pierce, 724 Upper Belmont Street, City, and my own scholarship, the first two at \$100.00 annually, and mine at \$50.00 annually.

I am endeavoring to get two more at \$100.00 each, which I expect to have within the next week or two, and as soon as I do I will advise you, with the names and addresses of the donors.

I am sure that these gentlemen will appreciate hearing from you or from the Principal.

If the Bursar will advise me when he desires to have these scholarships paid, I will be glad to get cheques from these gentlemen, unless the Bursar prefers to write direct to them.

Yours very sincerely,

Dear Mr. Frieman:-

I learn with great pleasure that you have been kind enough to present a scholarship of one hundred dollars per annum, to be awarded to students in the Department of Semitic Languages.

I am very pleased to find that men of business appreciate the desirability of maintaining and assisting the study of Semitic languages, and especially of the Semitic tongue and culture.

Nothing but good can come of your co-operation in this work.

Yours faithfully,

Principal.
