The copy filmed here has been reproduced thanks to the generosity of:

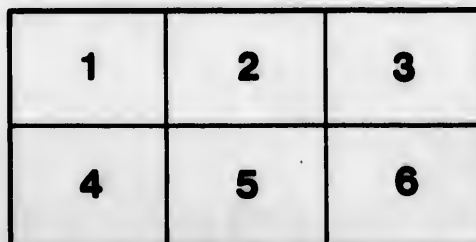

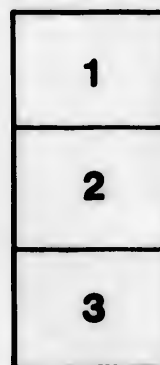

Anglican Church of Canada
General Synod Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Anglican Church of Canada
General Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

REPORT OF THE

REPORT OF THE

AUDITORS' REPORT.

The Auditors of the Church Society of the Diocese of Toronto beg leave to report

That they have duly examined your Secretary's statements for the financial year ending the 30th April, 1869, viz. :

- No. 1. Statement of Receipts and Expenditure.
- " 2. Balance Sheet.
- " 3. Statement of Debentures, Mortgages, &c., held.
- " 4. Statement of Debentures deposited for safe keeping in the Branch of the Quebec Bank, Toronto.

The Auditors have carefully compared these statements with the books of the Society, and have found them correct in their details. The items of receipts have been tested with their supporting vouchers. The payments made have been on cheques duly authorized.

The Auditors have further verified the statement of securities on hand, No. 3. The mortgages and other securities in the hands of the Secretary were by him produced. The debentures lodged for safe keeping in the Branch of the Quebec Bank here, are fully detailed in Statement No. 4, to which is attached the certificate of the Bank that the same are held on deposit.

The Auditors beg leave to suggest a change in connection with the working expenses of your Society, which, if adopted, will be found, they think, to have a beneficial effect. Under the present system the General Purposes Fund has to bear the whole of your working expenses. This Fund, it is surmised, was formed mainly to meet various requirements not provided for by other special funds. When, therefore, so large a portion of this Fund is used in meeting the working expenses of the Society, it follows that many necessary appropriations which it otherwise could make, either cannot be made, or must be curtailed in amount. The Auditors think the question worthy of consideration, whether the objects of the Society would not be more efficiently and equitably served by an apportionment of the working expenses to the respective Funds under management, thus relieving the General Purposes Fund of much of the burden which it now alone bears, and enabling your Society to provide for calls of a more generally diffused character.

In conclusion the Auditors have much pleasure in bearing testimony to the continued efficiency of the Secretary's department.

All which is respectfully submitted.

WILLIAM GAMBLE, }
JAMES BROWNE. } Auditors.

CLERGY TRUST FUND.

The Auditors of the Church Society of the Diocese of Toronto beg leave to report:

That they have duly examined the books, accounts, and securities of the Clergy Trust Fund for the year ending the 30th April, 1869.

That the Balance Sheet herewith submitted (Statement No. 1) has been carefully compared with the ledger of the Trust, and found to agree.

That the items of Receipts and Expenditure, as shewn in Statement No. 2, have also been carefully examined and verified, and that the items of payment have been found supported by cheques signed by the authorized members of the Committee, and duly acquitted by the payee.

That the Securities of the Trust shewn in Statement No. 3, deposited for safe-keeping in the branch of the Merchants' Bank in Toronto, were duly produced to the Auditors at the Bank, and by them verified.

The Auditors also beg to submit a Statement (No. 4) of the Debentures held by the Trust, amounting in all to \$376,815.70. Of these \$367,055.70 are deposited for safe keeping in the Branch of the Merchants' Bank of Canada here, as certified by J. G. Harper, Esq., Manager, per Statement No. 5. \$1000 City of Hamilton are held for collection by the Diocese of Ontario, and £1800 sterling, or \$8760 Government of Canada 5 per cent. Debentures are yet in the hands of the bankers in London, England. The Auditors would refer to their last Annual Report, adopted by the Society, in which they suggested that these Debentures should be brought out to Canada, to be placed with the other securities of the Trust.

The Auditors would further suggest that a competent person, acquainted with the connection of one document to another, be detailed to arrange the mortgages and collaterals, which, from frequent reference probably, are now in some little confusion.

The Auditors beg leave to call attention to the following balances on the debit side of the Balance Sheet, viz.:

Audit account	\$2550 00
Award account	40,733 32
Law Expenses	330 50
Expense account	109 92
Salaries account	433 33
Income and Expenditure account.....	43,404 17
	\$87,561 24

Of these items "Award account" speaks for itself, and should of right be met by "Capital." The remaining balances we must conclude have been produced by the exigencies of the past, at times when the income of the Trust fell short of the requirements for stipends and the extra charges it was called upon to bear. Looking to the present and to future arrangements, when the income of the Trust is and will be apportioned in stipends to its fullest extent—leaving no surplus to replace these over-drafts—the Auditors recommend that these balances be debited at once to "Trust Fund" (Capital account), and that for the future the whole of the expenses, including stipends, expense of management, and charges of all kinds, be strictly confined within the net income of the Trust.

All which is respectfully submitted.

† Deed for lot in Puslinch missing. (See Unwin's Land Index.) The value of this lot, as represented by the rent received, \$50 per annum, would be about \$750. The Auditors suggest that the Fund be credited with estimated value.

‡ St. Catharines Bond. For a large amount represented by this asset, the Fund holds no acknowledgment from the Churchwardens of St. George's Church. Could not a Debenture or Bond of the Churchwardens be obtained for the whole amount and interest?

‡ For "Other Promises" reference is made to Auditors' Report, 8th June, 1867.

Examined and found correct, with the following exceptions:

"Cash Balance, May 31st, 1867—\$214 18." This is an error arising from omitting to bring forward the balance of "Cash" Account at the date mentioned, and afterwards crediting "Interest" and debiting "Cash" with a like amount—a contra error balancing the books. Correcting entries are made under date of the 30th October, 1869.

"Bills Receivable—\$10,392 07." Of the promissory notes representing this amount, are several lying in the hands of parties at a distance, for collection. These parties are now being communicated with as to the fate, and value of the paper in their hands.
