APOSTLE OF PEACE AND HYMN OF HATE

Ven. Archdeacon Cody Denounces Hypocrisy of Kaiser's Claim.

GOOD WORK OF Y.M.C.A.

Not Rival of the Church, But Handmaiden—Revival at the Front.

"By the living God, every man in the British Empire is called to see that this selfish, brutal thing must not be done any longer. The war is not the Ven. Archdeacon Cody of St. Paul's Church, Moor street, denounced the German military system and the Kaiser himself, in a stirring address to the members of the Broadview Y.M.C.A. at their third annual banquet last night. This declaration was made following references to the German espionage system, which, he said, had spread over the world and was like the sting of a venomous snake, and the official war books of Germany, which were pervaded with cruelty. He urged his hearers not to underestimate the force the empire had to contend with, and made scathing reference to the German hatred of anything British as compared with the pity expressed for France and Belgium and contempt for Russia.

"The brand of ruin is on your brow, emperor," he declared, after asking the question how a man who was a lover of peace could decorate with the Order of the Red Eagle the author of such a diabolical effort as the "Hymn of Hate."

Dawn of New Era. He prophesied a new era for Russia, and characterized as further evidence of German bluff the stories which have been circulated about Masouvie barbarism.

Paying tribute to the work which is being accomplished by the Y.M.C.A., he said that the institution was not a rival of the church, but the handmaiden. "The Y.M.C.A. at the front is not taking place as a result," he said.

G. H. Gundy spoke of the growth of the Y.M.C.A. and its progress as a Christian institution. After paying tribute to the boys of the Y.M.C.A. who are at the front, he stated that wherever a British soldier is located there the Y.M.C.A. is to be found.

"We thought this was a materialistic age and everybody was money mad," said Mr. Gundy, referring to the part played by men who had a great deal to lose from a financial standpoint, by leading the colors, "but our opinion changes when we see the men who are fighting."

He went on to show that there were no signs of proving true citizens besides dying for the country, and referred to the need of good, upright men in politics both federal and municipal.

Question to Cope With. "There is one great question in connection with the war which nobody so far has attempted to cope with," said "that is the absorption of the foreign population in the city." Here he joined the colors, "but our opinion changes when we see the men who are fighting."

METROPOLITAN PATRONS HAVE FARE GRIEVANCE

Cannot Buy Return Ticket on Long Distance Cars—Must Pay Extra Charge.

Deer Park and North Toronto citizens have a long-standing grievance against the Metropolitan Railway in the matter of rates on all their passenger cars, from the Newmarket and intermediate points. From the C.P.R. crossing to Newmarket on tickets bought at the railway station a return fare is charged, and on which a single fare of 54 cents. From St. Clair avenue, six blocks north, where a return fare is not obtainable, a single to Newmarket costs 54 cents, and similarly 54 cents return, making \$1.08, as against \$1 from the C.P.R. tracks.

Citizens living in Deer Park south of the cemetery gates on a short trip ticket may board a southbound car to the crossing, buy a return ticket, and save three cents on the deal. Representatives have from time to time been made to the management, but the apparent inequities existing, but no redress has so far been afforded.

EARLSCOURT MAN WRITES FROM THE FIRING LINE

Sergt. A. C. Cordery of the "Pats" Tells of Trenches Lost and Recaptured.

Sergt. A. C. Cordery of the Princess Patricia's Light Infantry, writing from the trenches somewhere in North France, to his wife in Earls Court, under date of Feb. 18, says:

"We are having plenty of thrills out here in the trenches. We had a little adventure on St. Valentine's Day. The Germans attacked the trenches occupied by our division and succeeded in taking two or three, but we regained them all the next day. I was in the trenches the night the Germans captured them. I believe they lost heavily. I have had an honor conferred upon me. I was placed in charge of the trench, and you may depend I was on the alert all the time. We are short of sergeants in my battalion, and that is the reason I was promoted.

"What do the people of Toronto think of 'Pat's'?" The other Canadian contingents are not out here yet. I expect they will be here in the spring with Kitchener's army."

Were this done it would remove the nightmare of a Russian invasion of Austria and leave Austria free to fight to the death against Roumania and Italy."

BAIL WAS REFUSED IN SHOOTING CASE

Burrill Thompson of E. Gwillimbury Committed for Trial.

Police Magistrate T. H. Brunton yesterday committed Burrill Thompson, charged with shooting Michael Graham on Wednesday night, to the next court of competent jurisdiction, bail being refused. The shooting took place on the townline of Gwillimbury Township, a short distance from Newmarket, on the road outside the Thompson home. At the preliminary trial yesterday it was shown that eight men approached Mr. Thompson's house and demanded liquor, which was refused. In the altercation, Thompson, becoming angered, went into the house, and bringing out a shotgun, fired at Graham, hitting him in the leg. The crowd then separated and the injured man was taken into the house and a doctor summoned.

Shot Extracted. Later Graham was removed to his own house, where 18 lead pellets were removed. Thompson was arrested and later released on \$1000 bail, to appear for his preliminary examination. Thompson was taken to the city jail. On a former occasion, when two lines of \$100 each were imposed on a couple of Newmarket men, Thompson was also assigned on a charge of selling liquor without a license, but the charge was not proven.

Complete Note Will Be Laid Before U.S. Cabinet for Decision Today.

Special to The Toronto World. WASHINGTON, March 25.—The complete reply of the United States to the British order-in-council declaring an embargo against all trade with Germany by neutral maritime nations is ready for transmission to Ambassador Page for delivery to the British foreign office. The representation will probably go forward tomorrow night.

The complete information from the cargo owners of the American four-masted ship, William P. Frye, needed by the state department in its reply is now in the hands of the solicitor for the department. The data show that the cargo was destined for Constantinople on order and that a specific agreement was given by the shipper that the wheat which constituted the cargo was not to be used for the support of Roumania, but was to be sold in documentary evidence accompanying the manifest.

BABEL OF SOUNDS OVER SCHOOL ITEM

Bilingualism Flared and Speakers Only Checked When Premier Spoke.

SPRUNG SURPRISE

Liberal Member Advocates Racial Schools in Certain Communities.

Bilingualism flared in the legislature yesterday afternoon and before some of the more ardent French-Canadians were checked the noise was precipitated into a babel of sounds, with three or four members on their feet at the same time striving to make themselves heard.

Mr. Macneil of Sturgeon Falls declared to know why the grants were withheld from certain schools in French-Canadian sections of Ontario, and what the government's policy was concerning them.

Seek Normal Again. The premier followed up by saying that while no particular action in this regard was meditated the department was endeavoring to have affairs brought back to the normal again.

J. A. Pinaro, of Ottawa, urged that the French-Canadian child be allowed to learn his own tongue first and then English would follow.

Mr. Pinaro's speech was interrupted by a number of members who were in favor of the government's policy of bilingualism.

The trouble which settlers in newer parts of the province are experiencing with wolves, influenced the fish and game committee of the legislature yesterday to institute bounty increases.

The bounty on the timber wolf is raised from \$15 to \$20 per pelt, and a \$5 bounty will in future be paid on his lesser brother, the brush wolf.

The increased care the department is using in game preservation raised the question of revenue increase, and after some discussion it was decided to raise the deer license from \$2 to \$3, and the moose from \$5 to \$7.

NEVER SO CONFIDENT

French Soldiers, Man for Man, Are Superior to Germans.

BY FREDERICK PALMER. BRITISH HEADQUARTERS IN FRANCE, March 25.—It was in the drawing-room of the residence in which he makes his office, that Sir John French, commander of the British expeditionary force in France, received me today.

Looking younger than his photographs make him appear, ruddy of face and alert of manner, he showed no trace of the strain of the past eight months as he stood before the open fire and talked of his campaign and the war.

Elements of Success. Sir John was then asked about the progress of the campaign, and he replied: "A great deal has been said about novel conditions developed by trench warfare in this conflict."

"I think there has been an inclination to exaggerate the importance of artillery," replied the British commander. "No doubt of the three arms, artillery has increased in relative importance."

"The French as the start," said the field-marshal, "were laboring under the shadow of their disastrous defeat in a 130 mile front which might have been broken through."

"We have abundant evidence of the German deterioration on our own front. Their attacks lack the old-time vigor and spirit."

HORN-TO-FACE TRIAL COUNSEL'S PLEA FAILS

Dynamitarer Goes to Boston—Extradition Warrant Was Ready.

PORTLAND, Me., March 25.—Wesley Horn was taken to Boston tonight to be tried in the federal court on charges that he transported explosives in passenger trains in connection with the attempted destruction of the international railway bridge at Yachowoy.

Unsuccessful efforts were made by Horn's counsel to obtain a writ of habeas corpus from the two United States court judges here today.

Daniel T. O'Connell of counsel for Horn told the court that his desire for the release of the prisoner was due to his confidence that he could be successfully defended here in the extradition proceedings instituted by the Canadian Government on account of damage to the bridge. An extradition warrant, issued some time ago at the request of an officer from Ottawa, was held in readiness for service had Horn been released by habeas corpus proceedings.

WIND-UP HAVANA RACES NEXT WEEK

Bert Collyer Says Curly Brown's Meet Has Been a Bloomer—Air Tight Ring

The Havana Jockey Club yesterday decided to call off the program at Oriental Park. It further was decided to wind up the present season next Wednesday.

Curly Brown has been promoter and sponsor. Most of the winter the weather man has been a "bloomer" but the Havana Jockey Club has been a "bloomer" writes Collyer's correspondent.

The words "Brown's method" are apparently the words of the Cuban jockeys as much as did the racing fans of this country.

The recent victories of Mariano and Kasan, both on the same day, over which bookmakers in Cincinnati, Chicago, Cleveland, Pittsburgh and Detroit were handed solar plexus wallop by the manipulators, put up the bars with the result that one cannot place a five-dollar bet with a layer of any of these cities if he were to use a jimmy in the attempt.

THE BULL VIEW. Josephthal, Loucheim and Co., to H
Nightingale: "The west has received a
great amount of money for last year's
grain crop, winter wheat is in a fine
condition and indications are for record-
breaking crops. These matters are pro-
ducing a stimulating effect on business
which will soon be reflected in railroad
earnings, while in the eastern section
of the country the 5 per cent. rate in-
crease is now adding to the revenue of
the road. Money is cheap and stocks
are selling at a level to yield a large
dividend return to the buyer."

NEW CANADIAN LOAN. LONDON, March 25.—The Canadian
Associated Press says: "We are informed
that the underwriters have taken the
amount of the new Canadian loan offered
them very readily and at only 1 per
cent. The market notes that this issue
is not for refunding purposes, but for
public works already under construction,
as announced by the Hon. Mr. White in
his budget speech last month. It will
be issued solely in bearer form, which
means that trustees cannot participate.
This issue has already caused per-
ceptible shrinkage in value of British
war loans, the new Queensland stock,
and other colonial issues."
