The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche sheet contains the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Dear Sir,

→ Private Farm Stock Register ←

Contains 200 leaves, the first 75 for Registering Stock, 4 on a leaf, 75 for entering any detail relating to such stock, a part thereof for Grade Cattle, the last 25 leaves is a Register of Service of Male animals.

The book has been approved of by several good Breeders, who have become Subscribers for one or more copies. It has an index, is conveniently ruled, good paper, well bound, and is very easily kept. It is applicable for registering all kinds of Cattle, Horses, &c., &c. I suggest the use of a separate volume for each breed, labelled accordingly. When well kept, it will facilitate public registration, and get over many difficulties.

I take the liberty of forwarding this Circular, hoping you will allow me to add your name to the list of Subscribers. The estimate of getting out 300 copies is \$1.75.

Mr. Denison, Secretary of the British American ~~Home~~ Breeders' Association, 64 King Street East, has kindly allowed me to refer you to him.

Yours faithfully,

FRANCIS GREEN.
