CANADA WINS KOLAPORE MOTHERLAND IS SECOND

With Score of 729 Our Representatives at Bisley Carry Off Challenge Cup.

THE SCORES.

Canada	729
Mother Country	720
India	704
Malay States	702
Guernsey	694

CONDITIONS.

The "Rajah of Kolapore's Imperial Challenge Cup" is open to eight teams, viz.: One team of volunteers from the mother country, one team from the middle local forces or volunteers from Canada or from any British colony, and one team from members home on leave of the Indian army or of the covenanted or uncovenanted Indian service or Indian volunteers, or of all four.

The "Kolapore Cup" has been won by Canadian teams in the following years: 1872, 1875, 1881, 1884, 1889, 1896 and 1905.

(Canadian Associated Press Cable.) Bisley Camp, July 13.—The Canadian team won the Kolapore Cup to-day with a score of 729.

First Stage.

Following are the scores of the Canadians at 200 yards:

Sergt-Major K. Caven, Victoria, 29;

Steward Cup.

Shooting for the J. H. Steward Challenge Cup to-day, seven shots, 450 yards. Staff-Sergt. Hayhurst, G.O.F.G., Ottawa, scored 454-55-38.

ENGLAND'S ELCHO SHIELD.

Bisley, Eng., July 13.—(Associated Press.)—England won the Elcho Challenge Shield with a score of 1658, defeating Ireland, whose score was 1602, and Scotland, which scored 1585. These were the only entrants. At the final range, Maurice Blood of the Irish team scored a full complement of bulseyes—an achievement unique in Elcho Shield matches at 1000 yards.

BOLT HITS ORANGE HALL KILLS ONE, SHOCKS MANY

Over a Hundred Rendered Unconscious and Big Crowd Thrown Into Panic.

St. John, N.B., July 13.—(Special.)—During the severe electrical storm which passed over this section of the province last night and early this morning lightning struck the Orange Hall at Wellford, while members of the lodge were celebrating the 12th.

One man, Ludlow Nasse, was instantly killed; a young woman was terribly burned, and over a hundred rendered unconscious by the shock. The hall was badly damaged.

SHOULD PROVE ITS HONESTY

Government's Position as to Klondyke Concessions, Limited.

(Canadian Associated Press Cable.) London, July 13.—Albert Culliver writes The Post declaring that the position of the Klondyke Concessions Limited, alleged by Hamilton Carville, should be investigated.

If Strathcona doesn't take steps he suggests the colonial office should, as it is undesirable to leave an impression that the Canadian government cannot be trusted to exhibit "Norman honesty" in its contracts.

Adonis Hed-Rub for heat sufferers.

Clerk Wade yesterday applied for an injunction, as assignee, to prevent the Holph, Clark Co. from seizing part of the plant of Douglas, Ford & Co. But the seizure had been made the night before.

Rabbit Metal. The best made Canada Metal Co.

Summons Being Served Joseph Wright Gets Four

One is For Clark, Whose Whereabouts Are Unknown—Mr. Lennox and the Puddys Also Served—Called On to Appear in Court on Monday Morning.

The issuing of summonses to appear in the police court at 10 a. m. on Wednesday next, marked a further advance step in the proceedings arising out of the report of Judge Winchester. Detective Verney served several of the official blue documents yesterday afternoon, and will spend a busy forenoon to-day in an effort to complete the list. These are the individuals and companies, representatives of which are charged to appear, following upon the eleven informations sworn to yesterday afternoon:

E. J. Lennox, Joseph Wright, Sam S. Clark, Dr. Adam Lynd, George B. Elliott, George Puddy, Henry Puddy, Bennett Roofing Co., Thomas Douglas, Asa Matthews, G. N. Reynolds, Edward Wright, A. B. Ormsby & Co., Office Specialty Co., Wheeler & Bain, Metallic Roofing Co., W. B. Hutton & Sons, Canadian Office and School Furniture Co., and F. J. Co.

The Charges.

E. J. Lennox is charged with having acted as architect for the new city hall, "obtaining false pretences \$300 from corporations in the city hall contract."

Another charge against Mr. Lennox is perjury in swearing that the payment of \$75 to Dr. Lynd by Arthur Dennis was not at his (Lennox's) suggestion.

Mr. Lennox, with Joseph Wright and Sam S. Clark, must face the accusation of having conspired to defraud the city out of large sums on city hall contracts.

The Metallic Roofing Co., Bennett & Wright, Wheeler & Bain and Asa Matthews are charged with a like conspiracy concerning galvanized iron pipe contracts.

Other charges of conspiracy are: That E. J. Wright & Co. in the plumbing contract of the city hall, Metallic Shingle and Siding Co., Limited.

EDWARD FOLEY SERIOUSLY HURT IN RUNAWAY ON KINGSTON ROAD

Veteran Civic Official Now in St. Michael's Hospital in Critical Condition—Lewis Fitzgerald Also Badly Injured.

Almost at the point of death in St. Michael's Hospital, is the veteran, Edward Foley, so long connected with the civic waterworks department. The old gentleman was the victim of a runaway accident on the Kingston-road last night, and his recovery is very doubtful. Mr. Foley lives at 80 Bond-street.

Yesterday he and his friend, Lewis Fitzgerald, drove out to see the latter's daughter, who lives out on the Kingston-road. Coming home at about 7 o'clock, the horse shied at something on the Norway Hill, and got past the control of Mr. Foley, who tried to stop the animal, but his efforts were fruitless. Near the Norway Hotel, the horse swerved, and the rig struck a telegraph pole with terrific force, and the occupants were thrown out. Mr. Fitzgerald was in pain with a broken rib and contusion on the temple. Dr. Fisher at Balmly Beach was summoned by Mr. Wilson, and a phone message was sent to his daughters home. Mrs. Foley removed the injured to the scene and took with them Dr. Guinane, who got a private ambulance to St. Michael's Hospital. The old gentleman has a hemorrhage of the brain, and was still unconscious at midnight.

The news of the accident will be received with general and genuine regret. Mr. Foley has been in the service of the city for half a century, and less than a year ago was the recipient of a testimonial from the council, which he took with tears of joy in his eyes, while all present applauded, and wished him many more years of life and activity.

WASHINGTON, July 13.—A cablegram received at the state department to-day from Minister Merry at San Salvador states that continuous fighting is proceeding on the border line between Guatemala and Salvador; also that the Guatemalan troops have crossed the line into Honduras.

The latter is understood here to be part of the Guatemalan attack on the fugitives of Regalado's army, after that leader was killed yesterday.

The state department here is earnestly trying to prevent this hostile clash from proceeding to the point of actual war. It has enlisted the active support of the Mexican government to prevent the Guatemalan troops from entering the territory of Central American Republics north of Panama.

Sancti Spiritus, Guatemalan minister, to-day received the following cablegram from Secretary of State Barlow:

"Complete triumph of the Guatemalan army over Salvadoran invading forces. Salvadoran general-in-chief, Tomas Regalado, killed Wednesday at El Encero."

'Mid Tumultuous Scenes Virtue Triumphs at Last

French Chamber of Deputies Re-elects Captain Dreyfus' Good Name by 473 Votes to 42—Violent Incidents.

It is with pride that I register this order of the triumphant virtue—President Brisson of the French Chamber of Deputies in announcing the restoration of Dreyfus to the army is as follows:

"Captain of Artillery Alfred Dreyfus according to the law of 1880, amended in 1884, is hereby promoted to be major, taking that rank on the day of the promulgation of the present law."

GOOD NAME RESTORED.

Paris, July 13.—This was the closing day of parliament, and it was largely devoted to the rehabilitation of Alfred Dreyfus so that the national holiday tomorrow may witness his return to the army and the official effacement of the stain placed upon his good name.

The chamber of deputies met at 9 in the morning for the purpose of hastening the parliamentary procedure, and President Brisson immediately presented two government bills, one raising Capt. Dreyfus to the rank of major of artillery and the other promoting Col. Picquart to that of brigadier-general. M. Etienne asked for speedy action, adding that it was the government's intention to inscribe Dreyfus' name on the list of candidates for the Cross of the Legion of Honor.

This announcement brought out a storm of applause. The bills were referred to the army committee, which at once went into session, approved them and drafted strong, favorable reports.

Later, amid great excitement, the chamber considered the bill reinstating Dreyfus, and passed it by a vote of 473 to 42. A tumultuous demonstration greeted the announcement of the vote. There were two violent incidents as the voting began. M. Durie shouted a taunt directed at the socialists, and his colleague and attempted to strike him, but several deputies intervened.

A "knock-down fight" occurred in the centre of the chamber as M. Pressence, President Brisson, in announcing the vote, said: "It is with pride that I register this vote consecrating the triumph of virtue."

DIRECTORS PUT UP CASH TO OBSCURE IMPAIRMENT

The Federal Life has had an impairment of capital to the extent of \$400,000 in 1905. This was made up by several directors, who advanced the money from their own pockets and handed it over to the company, taking as security an agreement signed by a goodly number of the shareholders, to the effect that until the loan was paid back all the bonuses and profits were to be turned over to the directors. This took care of the rescue. This agreement was not kept, however, for instead of the shareholders standing for the loss the company paid the claim out of bonuses, salaries and other expense items. It was a good stunt, and at the end of the year, instead of an impairment, a surplus of \$200,000 was shown. This trick was turned again in 1907, and worked like a charm.

WANT TO ISSUE GOVERNMENT QUESTION IS—CAN THEY?

Coates, Son & Co., Financiers, Give Notice of Intentions Against Provincial Govt.

That memorandum, whereby Hon. Richard Harcourt, who acting for the provincial treasurer, agreed, as understood, to allow Coates, Son & Co., the financial agents of London, England, to float the permanent provincial loan to redeem the bills issued in connection with the T. & N. O. Railway, promises to attain still wider publicity than it acquired in the house last session. The English firm recently wrote to the provincial treasurer, pressing their former claim for brokerage at one-quarter of one per cent, on the \$6,000,000, or about \$15,000. The claim was again disputed by Hon. Mr. Matheson in accordance with the decision of the cabinet. He reminded them that they had on two occasions had the opportunity of tendering for the loan. Both times their tenders were so low they were not considered. The Messrs. Coates regretted the decision of the cabinet and placed the matter, as they notified the government, in the hands of their Toronto lawyers, Barwick, Aylesworth, Wright & Moss.

As the government cannot be sued without the consent of the attorney general, some delicate negotiations may be anticipated.

NORMAL SCHOOLS LOCATED FREE SITES FURNISHED

Peterboro, Stratford, North Bay and Hamilton Are the Lucky Applicants.

At the meeting of the cabinet yesterday it was decided that the four normal schools, for which provision was made at the last session of the legislature, should be located at Peterboro, Hamilton, Stratford and North Bay, conditional in each case upon a proper site being furnished by the municipality. This carries out the intention of the government and of the legislature with reference to this subject.

It is understood, however, that so soon as the finances of the province will permit, the government hopes to be able to create additional normal schools.

DR. SHERRINGTON TO STAY AT LIVERPOOL UNIVERSITY

Professor Macallum of Toronto Mentioned in Connection With Vacancy at Glasgow.

New York, July 13.—A special cable from Glasgow to a news agency here states that Dr. C. S. Sherrington, F.R.S., professor of physiology in Liverpool University, has withdrawn his name from all association with the vacant chair in physiology in Glasgow University.

It is further intimated that Dr. Sherrington's decision to remain at Liverpool University is coincident with the fact that the salary of \$600 attached to the chair of physiology has been appreciably increased. The Glasgow position carries with it a salary of \$1150, and with the exception of Co. Sherrington in physiology at Edinburgh University where its occurrence receives a salary of \$1350, it is the best paid post in science in university life in Scotland.

The appointment is in the hands of Capt. Sinclair, M.P., secretary of state for Scotland, and is much coveted by leading educationalists in science throughout the world. With the vacancy the name of Prof. A. B. Macallum of Toronto University is mentioned.

Dr. Sherrington of Liverpool is well known in Toronto. He was here about three years ago, and delivered an address at the university. His name in some quarters has been mentioned in connection with the presidency of Toronto University. He is considered one of the leading scientists of the world.

Prof. Macallum could not be found at his home yesterday, word being given out that he had gone out of the city the day before. An intimate friend of the professor said that Dr. Macallum's name was in any way connected with the Glasgow vacancy, it was without his consent or knowledge.

The difference between \$320 that a Toronto University professor gets and the \$750 a Glasgow professor is given mostly in form of an indemnity for a man to transfer his sphere of activities.

RETURNS FROM SUNNY CUBA TELLS OF ITS ATTRACTIONS

Ex-Crown Attorney Curry is Enamored of the Possibilities of the Island.

Looking the very picture of good health and lacking none of his old time geniality and energy, ex-Crown Attorney Curry is in the city again after a two months' trip to Cuba, on matters pertaining to the management of the company with which he is connected. When questioned regarding the possibilities of Cuba Mr. Curry willingly imparted much information regarding the island. I left Toronto on May 3, said Mr. Curry, and on returning sailed for Havana on June 24. May and June are usually counted the hot wet months there, but I never found the heat oppressive, ranging between 72 and 88. July and August, it is said, are also marked by heavy rainfalls and considerable heat. Our property consists of 77,000 acres, running from the coast back to the mountains, and contains heavy and light together, with some wet lands and higher up considerable rocky lands. In the view of the mountains the land is heavily timbered. The soil on the Ocean Beach estate, the name at present given, is said to be eminently adapted to all kinds of citrus fruits. Lemons, limes, oranges, grape fruit and pineapple grow to perfection. The latter in 18 months from the time of the planting of the suckers (which can be bought for \$3.50 per thousand from the nurseries), will begin to yield, thereby assuring a certain amount of revenue to the grower. Tobacco appears to grow to full perfection in Cuba. At Ocean Beach we had 120 acres under cultivation and while the several estates essential to the curing and general care of it have not been fully completed, we have gone far enough to show that we will secure a handsome revenue, a revenue which has been placed at from \$35,000 to \$40,000 after paying all expenses. As regards the methods of culture, Mr. Curry stated that his company were, so to speak, farming on shares, and that native or Cuban settlers, the company furnishing all the means for carrying on the work and sharing in the profits. Our property, said Mr. Curry, is on the westerly end of the island, in the Province of Pinar del Rio, and this has long been recognized as the best in Cuba. The 770,000 acres which we estimate we will have will sell at from \$45 to \$50 per tierces. Now, as to transportation facilities. Up to the present time they have not been very good, but in the near future we hope and believe that these difficulties will be overcome. Twice during my stay on the island, said Mr. Curry, Sir Wm. C. Van Horne was there in connection with his railway enterprises, and it is said that the United States senate has granted a subvention of \$6000 a mile. The Havana Western Railway at present runs as far as San Juan de Merterose, but it is already graded and ironed as far as Guane, and when this is accomplished one can leave Havana in the morning, and after settling at Ocean Beach the same evening at 7. A steamer at present leaves Havana once a week, skirting the coast, the bus and passengers cars to be taken on or off it does not stop. When passengers are to be transferred the company launch runs to and fro. Mr. Curry states that his request to the Cuban government to make Ocean Beach a port of entry could not be granted at the present time owing to the fact that the business would not warrant it, but later he is assured that this will be established. The postoffice established by the company has been taken over, and is now part of the government system. There are two postoffices on the estate, one of which is a money order office.

MEMORIAL TO ALEX. MUIR NATIONAL MOVEMENT BEGUN

Public Meeting Organizes Movement Which Will Extend From Coast to Coast.

An Alexander Muir memorial fund was organized at a meeting of representative citizens at the city hall last night. Mayor Coatsworth was appointed chairman, Claude Macdonell, M.P., vice-chairman; Alex. Fraser, secretary, and City Treasurer Coady as treasurer. The striking committee is composed of R. C. Gavin, Capt. Fahay, Fred Dana, J. A. Paterson, T. W. Guden, W. Crawford, J. C. Munson, J. H. Denton, John Hornbrook, Col. Mason, D. Creighton, W. H. Shaw, Sir Henry Pellatt, W. A. Sherwood, C. S. Shenck, W. C. Wilkinson, C. T. Pease, John R. Robinson, J. E. Atkinson, J. A. MacDonald, Arthur Wallace, Ald. Graham, W. D. Earnsey, J. L. Hughes, W. F. Maclean, M.P., J. Castall Hopkins, H. C. Hocken, P. F. Cronin, John Nunn, Major Collins.

A committee was also appointed to supervise the issuing of a special edition of "The Maple Leaf," as follows: Inspector Chapman, J. C. Hopkins, W. A. Paterson, W. A. Sherwood, W. H. Shaw, Ald. Graham, Dr. Kennedy, Fred Dana and Alex. Fraser. The movement will be made a national one, and every mayor, reeve and warden from the Atlantic to the Pacific is to be invited to become a member of a national committee with a view to calling public meetings and bring the movement to raise a fund for the testimonial to the honor of the author of Canada's national anthem before the whole Dominion. Addresses were given by the mayor, J. Castall Hopkins, Col. Belcher of Southampton, W. A. Sherwood, Creditors' Chairman, Shaw, Alex. Fraser, Major Collins, A. J. Humphrey, J. A. Denton and J. A. Paterson. The sum of \$46 was subscribed last night, and a suitable plot is to be purchased in Mount Pleasant, where the remains of the late author will be laid to rest. It was suggested that the fund be applied toward the erection of a monument and that provision be made for the bereaved family.

SECRETARY HURT IN DUEL AFTER DREYFUS DEBATE

M. Sarraut Wounded in Right Breast by M. Pugliesi-Conti.

Paris, July 13.—The scene of tumult which marked the enactment to-day of the law restoring Alfred Dreyfus to the army was followed by a bloody duel to-night, in which Under-Secretary of State Sarraut was wounded by the sword of M. Pugliesi-Conti. The duel assumed the aspect of a veritable combat between the government and the opposition, as M. Sarraut's seconds were Ministers Clemenceau and Thomson, while M. Pugliesi-Conti's seconds were M. Millevoye and the three members of the opposition. It was after the debate on Dreyfus that the duel occurred. Later reports show that M. Sarraut is suffering from a deep wound in the right breast, penetrating the lung. While the wound is considered to be serious, it is not necessarily dangerous.

HOSPITAL STAFF CHANGES.

DIRECTORS PUT UP CASH

Continued From Page 1.

Messrs. Dexter, Haslett, Cairns, Potts, Scott and Wolverton own 517 shares, and so have the control of the company. Before the examination of the Federal was continued Manager Wegensat of the Waterloo Mutual was permitted by the commission to make a statement. It seems that during Mr. Geary's examination of Mr. Wegensat at Waterloo witnesses had stated that there was no particular significance attached to the matter of ratio of expense to income. He wished to correct this statement as he was directed from eight hours in the witness box. To the commission he wished to be placed on record as saying that there should be a great significance attached to this ratio. It made a great difference to the policy whether the ratio of expense to income was 15 or 25 per cent.

Mr. Tilley in his examination of Mr. Dexter brought it out that Dr. Wolverton had been given \$1000 on 10 shares of Landed Bank and Loan Co. and \$2500 on 10 shares of Cataract Power, Light and Traction Company. The witnesses considered these were good authorized securities and had since been paid back. High Murray had been given \$700 on 41 shares of Hamilton Mass. Steel Co. and 10 shares of Association Loan Co. These loans witness said he would not put up now, but he thought they were all right. Director Wakefield had received \$1800 on some real estate, which was still standing.

T. C. Haslett, director and solicitor obtained \$12,000 at 5 per cent on 400 shares of Canadian Westinghouse. This witness said, was not personal loan, but in trust. This was put back during the year 1905.

Mr. Dexter said that the Federal had not lost a copper in all these transactions. The company had purchased Hudson Bay and Sao Paulo bonds, which witness said, was unauthorized. W. H. Ray of Whitby had received \$200 loan on 50 shares of Federal stock. This was only loan made on the company's stock.

Mr. Dexter then told of the purchase of 15,648 shares of Ontario Power Company's stock in 1903 thru Oaker & Hammond, on which the company cleared up \$45,000.

"That did not justify the transaction," asked Mr. Tilley. "Oh! I thought it was a pretty good security," said witness. Seventy-five thousand dollars worth of Sao Paulo bonds were also bought and sold last year on the advice of the department at a profit of \$2000.

The Federal had made large call loans to private individuals. Five loans had been made on Cataract Power Company's stock. None of these large loans had any connection with any director. The Federal had loaned as high as \$5000 at one time on this stock. The executive approved of the loans at the rate of 6 per cent. There was about \$150,000 on loan at the present time.

A loan of \$38,000 had been made on shares of the Brampton Electric Operating Company. Mr. Tilley figured out that the stock was only worth \$36,000. In the letter of hypothecation unauthorized securities were mentioned, of which was Dominion Iron and Steel, and also Sun Life stock. Witness explained that the loan was made on the authorized securities only. Nearly all securities bought by the Federal were secured for investment purposes only and not for speculation.

The capital of the Federal was impaired for several years; in 1891, \$629; in 1892, \$207; in 1893, \$189; and there was a small impairment at present. A loan on the stock of the Cataract Power Company. Mr. Tilley dissected carefully; \$55,000 had been loaned on \$143,000 worth of stocks. The bond of the borrowers was taken as further security. Hon. J. E. Gibson was the bond. For a similar loan in 1904 there was no bond.

Witness had received no commission or valuation for loans made by the company. Mr. Dexter received \$3000 in 1891, \$4000 in 1892, \$5000 in 1901, \$6000 in 1892, \$7000 in 1893, \$8000 in 1904, \$9000 in 1905 and \$10,000 in 1906. His remuneration was regulated by resolution. Counsel thought it was a pretty rapid rise during the past few years. Witness said he was to receive \$1000 a year until his salary was \$10,000. Directors received \$10 a meeting and expenses. President Beatty, Mr. Dexter's predecessor, received no salary.

"I am sorry for that," said Mr. Tilley; "it is a great deal better now." Witness said that he had one thousand shares of the Federal stock. Mr. Tilley took up certain specimens of Federal policies, which he discussed at length. Witness admitted that 75 per cent of the first year's premium for 1906 was paid out in commissions. Out of three millions' business in 1904 fully \$700,000 was paid. Mr. Dexter attributed a large amount of this due to the rebate evil. Men took out these policies yearly, which was cheaper than term policies.

The estimated profits were shown to be very high ten years ago. One policy had \$122 estimated profits and four years later the estimated profits were only \$44. This witness acknowledged, but said an actuary had made out the basis of estimate. Another \$1300 was reduced to \$40. The profits on a 10-year endowment, age 31, were actually \$214, while the estimate was \$102.

"Is there any justification for such high estimates?" asked Mr. Tilley. "Oh, well, we have to show large returns to get the business. Competition demands this." The profit and loss statement showed premium incomes \$7,066 and total expenses \$131,049. That is, \$105,000 over the margin, or about 45 per cent of the cost of first year's business. In other words, 60 per cent of the entire business.

Agents of the Federal were paid bonuses and extra commissions for running up their business during the last three months of the year. This Mr. Tilley said was objectionable, but witness could not agree. "You have got to get the business to encourage your agents and put up an appearance," he said. "You are a party to the rebating going on all over the country?" asked Mr. Tilley. "We are not entirely free from it," answered Mr. Dexter. "My, but that is modest!" This closed the examination.

Alex. M. Ross was yesterday sentenced to four months in the Central for obtaining money under false pretences.

SONG IS GOLDEN. All Canada sings "The Maple Leaf Forever." All Canada should remember Alexander Muir, who gave us the song. If our patriotism is more than sound, no second suggestion will be needed to make us willing to contribute something to the fund for a national monument to Alexander Muir.

The fact that he left no large legacy to those who were dependent upon him, should speak the hand that is ready to give. He who gives as quickly gives not only for himself but also for others in that his example incites emulation.

All Canada is interested in Alexander Muir's song. All Canada is invited to change its interest into a cash equivalent. Let those who sing loudest "The Maple Leaf Forever" be the first and freest in their giving. Thus will the song be made golden, and even the worst singer be in harmony.

BRITISH ARMY REFORM. Mr. Haldane, British secretary of state for war, is counted as one of the strong members of the cabinet. The post he accepted is a difficult one and has been the grave of as many political reputations as South Africa of military. At the outset of his official career, Mr. Haldane indicated his ambition to settle the future of the British army on lines which would provide an effective solution of the problem so long confronting and perplexing British administrators. His request for time to formulate his proposals was readily granted, and the fruit of his labor and consideration was presented on Thursday to the expectant house of commons.

The plan he submitted might easily be said to reverse completely the policy of the successive Conservative governments, but for the fact that during their prolonged tenure of office there were hatched as many schemes as there succeeded in gaining more than a partial, and at the best a temporary, approval. Perhaps the most outstanding feature of the proposals of the immediate predecessors of Mr. Haldane was the inclination to strengthen the regular at the expense of the auxiliary forces. Here Mr. Haldane sharply parts company with them. Under the plan he explained on Thursday the chief reliance for home defence will be the yeomanry and volunteers, whose position will necessarily be raised and improved.

Under the old long-service system, and in the days of small standing armies, the British infantry was unquestionably the finest in Europe. Napoleon, at St. Helena, declared that with them he could have conquered the world, and they proved their prowess on many a battlefield. With the introduction of the Continent of Europe of universal conscription and the training in arms of the whole manhood of the nations, conditions were vitally changed. To the late Lord Cardwell was due the introduction of the short service system under which it was hoped in a short time to build up a large reserve of trained soldiers. The plan did not result so effectively as at first anticipated, the comparative failure was due perhaps, not so much to inherent defects, as to the general conditions affecting voluntary enlistment.

Experts are now generally satisfied that the best practical solution of the problem lies in the maintenance of a thoroughly efficient and sufficient army available for foreign service and a properly trained auxiliary force enlisted for home defence. Mr. Haldane's plan for the first time embodies

that idea in its entirety. He proposes to maintain an expeditionary army of 150,000 men immediately available for war, composed partly of the regular army proper and partly of the reorganized militia, who would in future be enlisted for foreign service in time of war. Under the old conditions the militia formed a very valuable adjunct to the regular army, and during the Crimean War the reinforcements were largely drawn from it. Its decadence in recent years has been frequently deplored, and Mr. Haldane's scheme, if it is carried, will materially aid in its rehabilitation. Also the army roll will, under the new scheme, be reduced by 20,000 men, and the other economies he outlined will only effect a saving of \$7,500,000 on the war expenditure, a comparatively small saving. Strong objection will undoubtedly be offered to the reduction in the artillery, and to the disbandment of two of the guard regiments and to the disbandment of the third battalions of the Scots and Coldstream Guards, which it is understood is contemplated. On the other hand, Mr. Haldane's proposition of five guns to every thousand rifles and sabres is greater than that generally accepted in Europe, and if the auxiliary save given their full complement of guns, which they have never had, objection will be largely discounted. Mr. Haldane believes that the adoption of his plan will increase the fighting efficiency of the army fifty per cent. This may be too favorable an estimate, but the severe criticism to which his proposals will doubtless be subjected will disclose their weak points. What is emphatically needed in some degree of finality is army policy. The constant chopping and changing to which the British forces have been subjected cannot but act prejudicially on both officers and men.

JUSTICE FOR DREYFUS. After nearly twelve years of endurance nothing short of heroic, Captain Dreyfus has at last, by the decision of the supreme court, had his honor vindicated, and will be restored to his rank in the army of France. Thus closes happily for the victim of a base conspiracy and a warped official conscience, one of the most tragic incidents of French history. All friends of France will rejoice that the heart of the nation has proved sound, and that the lovers of justice, who have fought so strenuously for it, have at last been sustained by the highest legal tribunal, which sufficiently showed its view of the case by annulling the condemnation and dispensing with a retrial. Dreyfus has been fortunate in securing complete vindication during his life. The mills of justice grind slowly enough sometimes, and the lesson to France and the civilized world would have been imperfectly read had it been reserved for another generation. Few will deny that the honor of the French army has been better served by the rehabilitation of Captain Dreyfus than it would have been had he passed from death to oblivion and been accorded only a posthumous amende.

THE OLD FORT. Editor World: By the latest reports in the papers it is evident that the board of control are still considering the question of the Street Railway Company's line thru the old fort enclosure. During the discussion on this subject one very important fact has hitherto been overlooked, which must be taken into consideration.

It will be remembered that when the imperial troops were withdrawn in the year 1863, a part of the conditions under which the Dominion government obtained control of the forts and fortifications was that they should be maintained and kept in repair. How sadly has our government carried out this contract!

Now is the time for our city council to see that the original agreement is carried out and one of Canada's most sacred spots saved from violation. Jean Earle Geeson. Parkdale.

BLOOD, PURE, RICH, RED. That's what makes health. It's what gives vital strength and enduring nerves. Rosy glow in the face, sparkling eyes, vivacious spirits are all the outcome of good blood supply. And the converse is also true. Lack of blood tone means lack of those qualities that make life enjoyable.

No surer way exists of purifying and enriching the blood than to use Dr. Hamilton's Pills. By the gentle action on the bowels, kidneys and liver they filter every impurity from the system, leaving it wholesome and able to do the work necessary for the maintenance of health.

To be well, look well and feel always at your best, use Dr. Hamilton's Pills of Mandrake and Butternut, a truly wonderful medicine, for young and old. Price 25c per box at all dealers or by mail from C. Polson Co., Kingston, Ont., or Hartford, Conn.

APPLICANTS FOR GRATUITIES TOO MANY HAVE HAD HOPES

Long List, But That is Due to Mistakes as to Those Who Are Eligible.

"There is a list as long as that," said Hon. Mr. Matheson, extending his arm, when he was asked who were seeking gratuities from the government among the civil servants.

"They are retired officials or the friends of those who have died. No, there are none applying among those in active service," he replied to a further question. A memorandum was prepared "re gratuities," and handed to the press after the cabinet council yesterday morning. It will have the effect of reducing the list of applications very materially. It reads:

"There are before the government a number of applications for gratuities. In many of these the applicants do not make out a case that brings them within the act. By the public service act, R.S.C. 1887, cap. 15, sec. 27, which was taken from 41, vic. cap. 26, it is provided that "when the services of an officer are hereafter dispensed with in consequence of a change in a department or in consequence of the age and infirmity or ill-health of the officer, but not for any fault on the part of the officer, such gratuity may be allowed as shall be directed by order-in-council, but not exceeding one month's pay for each year of his service."

By an order-in-council passed on the 25th and May 1881, it was provided that the rule be established that no gratuity shall be granted on their resignation or retirement to any of the following officials, who have not been for more than one year employed in the public institutions of the province, viz., attendants, guards, engineers, gardeners, farmers, and such like, and providing that future employees must not expect any gratuity on their retirement from any of the following offices, who have not been for more than one year employed in the public institutions of the province, viz., Parcel 1. The lands and buildings in the Village of Sunbridge, the land comprising about 7 acres, on which there is a railway siding about two hundred yards long. The buildings comprise two-story buildings, 80 x 40, covered with block tin, stone foundation, one-story factory, 135 x 45 feet, covered with tin, and engine house, 40 x 20.

Parcel 2. The machinery and plant situated in the said buildings and comprising veneer-making machinery, 1 new Williams' 10-horse power crank, 40-h.p. engine, 140-h.p. engine, 2 boilers, threshing engine and boiler, shafting, hangers, pulleys, belt- ing, tools and sundries.

Parcel 3. The stock-in-trade, composed of about 430,000 feet of birch and ash veneer and sundries and office furniture.

Parcel 4. To consist of manufactured goods, hemlock, birch and pine, as per inventory, situate on Lots 152, Concession 5, Chapman.

Parcel 2 is subject to a lien on engines amounting to \$716.35, which will be paid out of the purchase money.

(1) Building, including land, factory, office, etc., \$2,000.00

(2) Machinery and plant, including engine and boiler, \$1,874.84

(3) Stock-in-trade, including office furniture, \$1,158.90

(4) Logs (uncut or any), \$30.48

Terms: 10 per cent. cash to accompany tender, deposit of balance of 25 per cent. in 7 days, balance in 2 and 4 months, bearing 6 per cent. interest and secured to satisfaction of liquidator. Intending purchasers must make individual bids upon all four parcels, but parcels 1, 2 and 3 may be sold together. Tenders will be opened at the office of the Master-in-Ordinary, at Osgoode Hall, at 11 o'clock in the forenoon on the 31st day of July, 1906, and all tenders are requested to be in the hands of the undersigned on or before the 31st day of August, 1906, the names, addresses and descriptions, and full particulars of their claims, a statement of their accounts, and the nature of the security (if any) held by them.

And further take notice that after said date the undersigned will proceed to distribute the assets of the said deceased among the parties entitled thereto, and that he will not be liable for the claims of any person or persons of whose claims notice shall not have been received by him at the time of said distribution.

CUBA—THE LAND OF SUNSHINE

CANADA-CUBA LAND AND FRUIT COMPANY, LIMITED

\$25 PER ACRE

On and after AUGUST 15 the price of all this Company's land will be increased to \$40 PER ACRE.

\$25 PER ACRE

In two years from this date you won't be able to duplicate these Fruit and Tobacco Lands in Cuba for less than \$80 per acre.

As a permanent place of residence as well as a health and pleasure resort, Cuba, owing to its climatic and scenic charms, is attracting wide attention. Any person from a northern climate can live in Cuba in summer with as much comfort as in Canada, while the winter months are, of course, very much more comfortable than in a land of snow, sleet and blizzards.

Now established on our property: Saw Mill and Planing Mill with Lumber at reasonable prices. This Company has its own Decks with Warehouse for Storage. The Company's Launch meets every Steamer for Ocean Beach, giving free transportation to intending settlers to and from La-Fe. The Company own and operate extensive Tobacco Plantations, and are now preparing Orange and other Plantations. There are Two Companies who purchased extensive Plantations from us and are now busily engaged in clearing and planting their lands with orange and other fruit trees and are making good showings.

There are Two General Stores on the property. Two Postoffices and One Money Order Office. Reasonable Hotel Accommodation and our own Medical Attendant. The Railway will be completed to within 4 or 5 miles of the property within a very short period, which will give direct transportation by rail and sea.

TO THE CAPITALIST.

No safer or better investment. Call and investigate fully.

TO THE MERCHANT.

A sure and profitable income for life. You buy an orange grove and have it planted and cared for for the next three years and you are independent for life.

TO THE WORKINGMAN.

Take sufficient to keep you and your family for from 12 to 18 months; work with energy, honesty and temperance there, and you are bound to do well.

Upwards of 200 people intend to leave for our property during September to make their home amongst number, who are already on their Plantations and give most encouraging reports. It is necessary to purchase now to have your Plantation ready for this winter's crop.

This Company will undertake to have your plantation cleared, plowed and planted at the mere cost of trees and labor, thus ensuring you a permanent home for the future. No investment is more profitable or so sure as an orange plantation. Trees bear for over one hundred years. Good returns can be made by growing all kinds of vegetables and small fruits (between the rows of orange and other trees), which can be shipped to Havana, New York and Canada during winter months, when everything commands the highest prices.

Bear in mind all citrus fruit land must be a light sandy loam soil. This is the experience of all citrus fruit growers. So many inexperienced judge the light soil of Cuba falsely. We undertake to locate for all our purchasers and will get them expert reports on their location and give them the privilege of exchanging the same into any part of our property so set apart and not already sold. We give you every acre free from swamp or rock. Any low lands are not charged for. You can't get any better or fairer contract than this.

THE BEST OF PRACTICAL ORANGE AND OTHER FRUIT GROWERS, WHO HAVE PURCHASED FROM OUR COMPANY, SELECT THE LIGHTEST OF OUR LANDS AND CLAIM THEM TO BE THE FINEST LAND TO BE FOUND IN CUBA FOR ALL CITRUS FRUITS.

ONTARIO'S LAND

Acceptances of Over a Million—Queries Answered.

Hon. A. Matheson reports acceptances for the new Ontario loan to the amount of \$1,150,000. In reply to a Trenton correspondent of The World, it may be stated that the bonds are sold at par, bearing 3-1/2 per cent. The present issue is confined to Ontario and differs from the recent issue of provincial bonds in England at 8-1/2, in being free of all succession duties, which it is considered, is an advantage to the investor.

SATISFACTORILY ARRANGED

Anglican Book of Praise to Be Published by Oxford Press.

F. E. Hodgins, K.C., chairman of the executive committee having charge of the business arrangements for the publication of the new Canadian Book of Common Praise, stated yesterday, that subject to a satisfactory formal contract being executed, the tender of the Oxford University Press has been accepted by the committee. Under the Press agree to pay all the preliminary expenses and to copyright the book in the name of the General Synod of Canada, and to pay a royalty upon the retail price of each copy sold.

FOUR QUIT BUSINESS

"Bucket Shop" Cases Dropped—Seven Go to Trial. In police court yesterday, on promises to retire from business, the "bucket shop" charges against Chas. Davis, G. A. Fisher, W. G. Barber and H. Davidson, were withdrawn. Seven others will go to a jury, with preliminary hearings on July 19.

The Black Dike Band. Montreal Witnesses: Yorkshiresmen—and women, too—were in their glory last night. There was a band "from home" and a band of which they had been proud twenty, thirty, forty or even fifty years ago. They are prouder now. The Black Dike Band aroused tremendous enthusiasm last night, and the large audience at the arena gave the organization a warm welcome to Canada.

MEN PAY WHEN CURED

So many men have been cheated out of their hard earned money by quacks and fake specialists, whose infirmities and ailments have been made to sell rather than to cure, and whose glowing promises and strong guarantees are so far from the truth that they have lost faith in the honesty of physicians and in their ability to cure. It is a sad condition that has been reached, that a man who is suffering from a disease, and who has spent his money on a cure, and who has been cured, should have to pay for the cure.

NEW HOMES OF 'SEMI-READY'

There is only one "Semi-Ready" and Ed. Mack, the Yonge-street merchant tailor, has the exclusive agency for this tailoring in Toronto. Mr. Mack was fortunate in securing the control for Toronto of the valuable franchise, and he is going to open three stores in the city in order to give a fitting representation to the franchise. The store adjoining his own at 73 Yonge-street has been secured, and will be thrown into his present premises. New fixtures and a new front will contribute to the making of a large and handsome store in keeping with the high character of the new system of tailoring.

London, July 13.—(C. A. P.)—Lord Brassey to-day presented 30 colonial delegates to the King. The number included R. Wilson Smith and Mr. M. J. Brantford, Ottawa; Sir Daniel McMillan, Winnipeg, and W. F. Cockshutt, M. P., Brantford.

ASK YOUR NEIGHBORS

What Dr. McLaughlin's Electric Belt Has Done For Them. The people who, after repeated disappointments, are seeking a remedy for their ailments hesitate to adopt any untried treatment for fear it will fail, like the others they have tried. To such we say, ask your neighbors what Dr. McLaughlin's Electric Belt has done for them, or, if you don't want to advertise your troubles too freely, write to us and we will send you a list of persons cured by this grand electric appliance, and you can write to them about it.

that will make you rich in a few years, if you put a few hundred dollars in the proposition now. We offer for public subscription One Hundred Thousand Shares (100,000) of the treasury stock of the BRITISH COLUMBIA AMALGAMATED COAL COMPANY.

The Canadian Pacific Railroad and the V. V. & E. R. (Great Northern) are now building their lines into this new coal field, and the Canadian Pacific has already constructed and completed a line from Spence's Bridge, a station on Thompson River, to Nicola Lake, a distance of 50 miles, and the Great Northern Road is expected to reach Cold Water basin by Christmas.

The quality is the best known west of the Mississippi River. It is a high-class bituminous coal, unexcelled for steam, blacksmithing, domestic and smelters' coke.

The 17,000 acres of Coal Land controlled by this Company should contain, according to coal experts' reports and estimates, approximately four hundred years by taking out 10,000 tons per day.

Call early or write and we will put you next. Do not delay—do it now. Representatives wanted.

BONDS TAKE THE PLACE OF STOCK ISSUES.

World Office, Friday, July 13. If there is one point more than another that deserves the attention of traders in New York stocks it is the enormous amount of bonds put on the various listed propositions ahead of the common and preferred stocks the last three years. In 1903 it was almost impossible to get new capital even for the railroads except by short term loans. These were extended well into 1904, when the financial position admitted of their conversion into bonds. Since this time very little new financing has been available except by the issuance of bonds. An odd instance of a new stock issue has been met with, but as in the case of Baltimore and Ohio little success has attended these flotations, although assisted by dividend increases. Underwriters have persisted in not having anything to do with securities not of the first order. This may mean difficulty in getting off minor securities, which is doubtless a serious matter. It also means that the financiers are looking well ahead and preparing for a safe position in a time of emergency. Both views are inimical to the prospect for the long trader in stocks, and should lead to purchases being made only on pronounced declines in the market for turns on the ensuing rallies. Herbert H. Ball.

On Wheat Prices—Modern Miller Says New Wheat is Being Freely Marketed.

World Office, Friday Evening, July 13. Liverpool wheat futures closed today 1/4d to 1/2d higher than yesterday, and corn futures unchanged to 1/4d lower. At Chicago today, July wheat closed 1 1/4c lower than yesterday, July corn 1/4c higher, and July oats 1/4c higher. Chicago car lots today: Wheat, 176; corn, 194, 197, 74; oats, 125, 28. Primary receipts, 234,000; last week, 476,000; shipments, 234,000; last week, 476,000; to-day, 405,000; last year, 452,000; 655,000. Argentine shipments this week, wheat, 1,284,000; last week, 1,632,000; last year, 2,088,000. Corn, 3,201,000; 3,667,000; 2,808,000. Bradstreet's exports of wheat and flour the last week, 1,822,272; last week, 1,855,000. Corn, 894,718; 991,000. The Modern Miller, in its weekly summary, says: "Winter wheat harvest is progressing generally, but with interruptions by rains. The new crop is being marketed freely. Chicago—Wheat. The foreign situation is being watched with interest. That, together with the uncertainty of the growing spring wheat crop in the north-west, will, I think, not only stop the bears from further aggression, but will force them to believe wheat should be bought on all the soft spots for the present.—Logan & Fry.

Table with columns: Wheat, Corn, Oats, Sept, Dec, 1905, 1906. Values range from 75 to 85.

ST. LAWRENCE MARKET.

Receipts of farm produce were 20 loads of old hay, one load of new and one load of straw, with a few dressed hogs. This is the first allotment of old hay sold at \$12 to \$15 per ton for old timothy; one load of new timothy sold at \$9; mixed sold at \$10 to \$12 per ton. Prices for butter and eggs are unchanged. Spring chickens—Prices easy at 16c to 20c per lb. dressed. Spring Ducks—Prices easy at 15c to 16c per lb.

Market Notes.

McBride Bros., wholesale fruit dealers, are doing a good trade in southern cantaloupes, pineapples, watermelons, and all kinds of seasonal fruit. The White Company, wholesale commission fruit dealers, are doing a good trade in cantaloupes, pineapples, watermelons, and all kinds of seasonal fruit.

Wheat, spring, bush, .82 to .84. Wheat, fall, bush, .83 to .84. Wheat, red, bush, .85 to .86. Wheat, white, bush, .87 to .88. Barley, bush, .42 to .43. Oats, bush, .37 to .38. Peas, bush, .72 to .73.

Hay and Straw—\$12.00 to \$13.00. Hay, mixed, per ton, 9.00 to 10.00. Straw, bundled, ton, 7.00. Potatoes, Ontario, 40 to 45. Cabbage, per sack, 2.50. Onions, per sack, 2.00.

Poultry—Turkeys, dressed, lb., 10 to 12. Hens, per lb., 10 to 12. Chickens, dressed, lb., 10 to 12. Spring chickens, lb., 15 to 18. Spring ducks, lb., 15 to 18.

Dairy Produce—Butter, lb. rolls, 18 to 20. Eggs, strictly new, 12 to 15. Lard, strictly new, 12 to 15.

FARM PRODUCE WHOLESALE.

Hay carlots, ton, \$5.50 to \$10.00. Potatoes, Ontario, 40 to 45. Cabbage, per sack, 2.50. Onions, per sack, 2.00. Butter, lb. rolls, 18 to 20. Eggs, strictly new, 12 to 15. Lard, strictly new, 12 to 15.

Hides and Tallow.

Corn—Owing to additional moisture in the corn belt, corn opened lower this morning, but remained fairly firm all day. The demand was a little lower to-day, but the market was not over-traded, and was prepared to see a loss. Cash wheat is in good demand and the foreign situation continues bullish, but speculation is light and the market is a narrow one. What is about on an export level, and should the damage reports be confirmed wheat under 80 cents will look cheap. Again we caution you to take it easy, and not overtrade, but keep your eye on the market, and hold some wheat.

GRAIN AND PRODUCE.

On the board of trade the following are the current quotations: Bran—Sellers, \$15.50 to \$16, outside. Winter wheat—No. 2 white, 80c bid outside; No. 2 red, 80c bid outside; No. 2 mixed, 80c bid outside. Spring wheat—None offering. Oats—None offering. Buckwheat—None offering.

Market Notes.

McBride Bros., wholesale fruit dealers, are doing a good trade in southern cantaloupes, pineapples, watermelons, and all kinds of seasonal fruit. The White Company, wholesale commission fruit dealers, are doing a good trade in cantaloupes, pineapples, watermelons, and all kinds of seasonal fruit.

Wheat, spring, bush, .82 to .84. Wheat, fall, bush, .83 to .84. Wheat, red, bush, .85 to .86. Wheat, white, bush, .87 to .88. Barley, bush, .42 to .43. Oats, bush, .37 to .38. Peas, bush, .72 to .73.

Hay and Straw—\$12.00 to \$13.00. Hay, mixed, per ton, 9.00 to 10.00. Straw, bundled, ton, 7.00. Potatoes, Ontario, 40 to 45. Cabbage, per sack, 2.50. Onions, per sack, 2.00.

Poultry—Turkeys, dressed, lb., 10 to 12. Hens, per lb., 10 to 12. Chickens, dressed, lb., 10 to 12. Spring chickens, lb., 15 to 18. Spring ducks, lb., 15 to 18.

Dairy Produce—Butter, lb. rolls, 18 to 20. Eggs, strictly new, 12 to 15. Lard, strictly new, 12 to 15.

FARM PRODUCE WHOLESALE.

Hay carlots, ton, \$5.50 to \$10.00. Potatoes, Ontario, 40 to 45. Cabbage, per sack, 2.50. Onions, per sack, 2.00. Butter, lb. rolls, 18 to 20. Eggs, strictly new, 12 to 15. Lard, strictly new, 12 to 15.

Hides and Tallow.

Corn—Owing to additional moisture in the corn belt, corn opened lower this morning, but remained fairly firm all day. The demand was a little lower to-day, but the market was not over-traded, and was prepared to see a loss. Cash wheat is in good demand and the foreign situation continues bullish, but speculation is light and the market is a narrow one. What is about on an export level, and should the damage reports be confirmed wheat under 80 cents will look cheap. Again we caution you to take it easy, and not overtrade, but keep your eye on the market, and hold some wheat.

GRAIN AND PRODUCE.

On the board of trade the following are the current quotations: Bran—Sellers, \$15.50 to \$16, outside. Winter wheat—No. 2 white, 80c bid outside; No. 2 red, 80c bid outside; No. 2 mixed, 80c bid outside. Spring wheat—None offering. Oats—None offering. Buckwheat—None offering.

Perfect Manhood

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restoring sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. COBALT is the richest silver-field in the world. Experts say so, and smelter returns prove it. Cobalt stocks have already paid dividends of from 12 to 1,350 per cent. This is but the beginning— for millions of dollars of high-grade ore is being prepared for shipment—and future dividends. And the ground has only been scratched, so far. New discoveries are being made weekly and the district widening out. Now is the time to get in—before time lessens the best opportunities for big profits. I was one of the first mining men in Cobalt, and have an intimate and practical knowledge of the district. This has helped me to secure opportunities for investment that have already brought my connections hundreds per cent profit. May I count you among them? Write or call to-day, if interested. Now is the time to act. My booklet and weekly news-letter furnish full and up-to-date information. They are free.

to prevent determined operations for the short account in the old crop months. The weather map and private bulletins indicate a continuance of areas of excessive moisture in the Miss, Valley and Ga., and damage as a result of excessive rain is beginning to be talked about, in a more positive way. We believe the near future of the market will continue to show strength as a result of increasing strength in the statistical position as well as apprehension regarding the condition of the crop.

Metals Markets.

Cotton Goods.

Marshall, Spader & Co. wired J. G. Beatty, King Edward Hotel, at the close of the market: The market made a demonstration of real strength to-day, following Saturday's rally and further evidence of a wider spread of possible crop damage from too much rain. The character of trading was such as to indicate some increase in public support and certainly a rather strong effort of shorts to cover, and at times aggressive selling for the short account. Meantime the spot situation continued strong enough

Chicago Live Stock.

North Toronto. Mr. and Mrs. Crofton of Beresford-street left for England yesterday. Gas mains are being laid on Broadway, Castlefield and Sherwood-avenues.

Sam. Armstrong, treasurer for York Township, is improving his residential property by laying a concrete walk from Yonge-street to the house.

The Eglinton and Davisville lacrosse teams play this afternoon at 4 o'clock on the Davisville-avenue grounds.

The local board of health is determined to have the town in a sanitary condition. One owner of pigs who was notified to dispose of his stock within 48 hours, failed to do so, and will be prosecuted. Other owners were notified yesterday and 48 hours time given to dispose of the stock. Police Magistrate Ellis will hold a court at the town hall on Wednesday to deal with these cases.

Mrs. Yvonne Ferre (Mrs. Eric Carlington), is spending the summer at the Outlook Hotel, with Mr. Carlington. She leaves on Aug. 11 to join the Halton Powell "Hearts Astray" Co. in Keokuk, Iowa.

Mrs. Moore of Castlefield-avenue, mother of J. L. Moore, principal of the Eglinton public school, is seriously ill. Amongst the sales recently made by the "North Toronto Land Co., Limited," are the following: Five acres on Eglinton-avenue, opposite the residence of J. J. Gathshore; ten acres on Avenue-road, Eglinton-avenue and Eglinton-avenues; sixty acres on the north side of Eglinton-avenue, adjoining the Gathshore property; five hundred feet on Woodward-avenue; three lots on the Stubbard estate; the Willmott property on Victoria-avenue; three hundred feet of land on Glenwood-avenue; three hundred feet on Kensington-avenue, near the power house. The last mentioned property changed hands twice during the last ten days. The sixty acres on Eglinton-avenue have been acquired by a syndicate of Toronto capitalists, who will erect first-class suburban residences. One hundred feet of land and house on Castlefield-avenue was sold yesterday, and a house on Gordon-street, also a house on Beresford-street.

Rev. Newton Hill, pastor of Davisville Methodist Church, will give a special sermon to children to-morrow at 11 a.m. Illustrating it will be Indian bow and arrow and wand; souvenirs from the west. In the evening he will speak on "How to Hear a Sermon."

The Presbyterian Sunday School will hold their annual picnic at Bond's Lake on Friday, July 27.

Rev. D. Dick's subject for his sermon to-morrow at the Church of Christ will be "Why Are Business Men Not in the Church?"

Eglinton School Affairs. Editor World: I wish to reply to some remarks made in The World concerning the Eglinton Public School. One commentator suggests that the ratepayers may be inclined to blame the principal for the failure. It is quite evident that he is not cognizant of the facts, as I have not had charge of the entrance class for 1906. It will be remembered that, nearly one year ago, the board decided to start a continuation class in the Eglinton Public School; but, owing to certain drawbacks, we were unable to commence the class until the middle of October.

We advertised for several days, but were unable to obtain a suitable applicant. We then applied to the secretary of the Toronto School Board, and obtained a teacher for the entrance class, who, unfortunately, has not been able for the task, the class being in first-class condition when she took charge. One critic states that he was obliged to send his boy to the private school. All I have to say concerning him is that this boy is the only pupil that failed in Eglinton at the entrance examination for 1906. It will be remembered that the entrance class of Eglinton Public School, 1905, passed with a higher percentage than any other class that was examined at Toronto Junction, passing 12 out of 13. Whilst the Eglinton Public School may have suffered somewhat from an inefficient teacher, still, on the whole, the school is in a thriving condition.

J. L. Moore, Principal, Eglinton, July 13.

Deer Park. York Township council sat as a court of revision of the assessment roll yesterday. There were 28 appeals filed with mostly for change of names, which appeals were allowed.

Mrs. Arnold of Deer Park appealed for a reduction of an assessment of \$300 and was raised to \$750. The assessment of the Minto House was cut down from \$14,250 to \$10,250. The total assessment lowered amounted to \$4850 in the whole township.

E. Granger, school trustee, has returned from a fishing trip to Muskoka. Vernon, the 2-year-old son of A. E. Armstrong of Farmham-avenue, who severed the tips of two fingers on his right hand thru a lawn mower, is doing well.

A game of cricket will be played this afternoon at 2:30 o'clock, between Deer Park and the Ontario Accident Co., on the home grounds.

Willowdale. Robert McBride had a barn-raising bee yesterday.

The farmers around here are making good use of this fine weather to harvest their hay crop.

John Cooper has purchased a new threshing outfit.

Miss Crawford of Seaforth is visiting at Mr. and Mrs. Flook's.

Dovercourt. The pulpit at the Davenport-road Presbyterian Church to-morrow will be occupied at 11 a. m. by Rev. J. M. Duncan, secretary of the Sunday school publication department, and at 7 p. m. by Rev. A. B. Winchester. On Monday evening a service of praise will be held in the church, after which presentations will be made to prominent workers. Refreshments will be served during the evening.

Lambton Mills. Principal McKinnon of the public school is receiving much praise over the excellent showing of his entrance class at the recent examination, all of his eight pupils having been successful, being Helen Tremayne, Ettie Cowley, Harry Ralston, David Aitchison, George Darling, Natalie Atkinson, Wilfred Thompson, Rudolph Williams.

MR. PATERSON COMING. The minister of customs will be in the city to-day and will meet the mayor this morning at the custom house.

CLAIMED HER AS HIS WIFE.

Orlando Harrison may not be the man who, garbed as a member of the Salvation Army, committed the theft on Lagar-street, for which he was arrested, but there are other incidents connected with his career in Toronto which render him an object of suspicion.

He was arrested in a Jarvis-street house while in the company of a young woman, Evelyn Graham, a former inmate of the Alexandra Industrial School. She says she met Harrison a week ago on the street, that he told her he was an evangelist and would care for her; that he later took her to a Queen-street mission and told the Rev. Mr. Naylor, "Thank God, I've found my wife, whom I left four years ago," and together the two prayed. Another night he introduced her as his wife before a prayer meeting at Yonge and Louise-streets, where he joined in the service.

Harrison admits having stolen a revolver from Capt. Baird (S. A.) of St. Catharines. While he was there, too, he was accompanied by a woman, whom he introduced as his wife. This was not the woman he was arrested with. Other officers say that Harrison begged money or borrowed clothing, which he neglected to return, at Sarnia, Chatham, Ingersoll and London. They said that they had complaints about him, and that his method was to pose as a great worker, and borrow money and clothing, and neglect to return them. When he was arrested he wore "borrowed" shoes and clothing.

Harrison claims to have assisted in several church services lately. Harrison and the woman were remanded for a week.

The New Postoffice. The new general postoffice will be at the southeast corner of Bay and Front-streets. Controller Ward says so.

Why Some Tires Cost More

An imported automobile tire carries two costs, that is to say, the expense of importing goes on top of the value of the tire.—paying importation charges is not buying extra tire value,—because the rubber industry is as much at home in Canada as elsewhere; all crude stock coming from the same source of supply.—while the making of pneumatic tires is an industry Dunlops have an individual claim upon.

That is why some tires cost more than Dunlop tires without showing better tire value.

Clincher and Detachable tires manufactured. Every make and style of tires repaired.
