A MYSTERIOUS MURDER MONTREAL MAN KILLED

MONTREAL, Oct. 10.—(Special.)—What looks like another case of mysterious murder was brought to light to-day when the body of a man was found in the river about 6 o'clock with nothing on but a pair of boots and socks. There was a tremendous knife wound in the abdomen between the hip and ribs, and a number of other cuts about the body, but absolutely nothing that could serve as a means of identification.

CRIMINAL PROCEEDINGS AGAINST M. C. RAILWAY

WINDSOR, Oct. 10.—(Special.)—Crown Attorney Rodd has been instructed to proceed against the Michigan Central Railway for criminal negligence over the disastrous dynamite explosion at Essex on Aug. 10 last, in which Brake-men Conlin and McNary were killed, and also about ten others injured. The corporation's jury held the company grossly negligent, and after this verdict was returned preparations were made to issue writs for damages, but the company signified a willingness to settle claims.

HEAT WAS TERRIFIC

Only Charred Pulp in Paint Company's Vaults. WINNIPEG, Man., Oct. 10.—(Special.)—The vaults of the Winnipeg Paint and Glass Co. were opened this morning. Their smouldering contents, ledgers, cash books, etc., were found to be a mass of charred pulp or crumbling leaves.

Hunter, the Halleybury Bartender, Goes to the Central. NORTH BAY, Oct. 10.—(Special.)—Hunter of Halleybury was sentenced by Judge Riddell to-night to one year in the Central Prison, Toronto. A petition asking for suspended sentence was signed by a large number here to-day and handed to Judge Riddell at 6 o'clock this evening.

ELECTRIC RING OUT TO SPLIT CABINET

Observer of Events Sees in Situation Desperate Effort of Combine to Kill Off Beck Power Scheme. "There is a quite interesting political play going on in the Queen's Park and in Toronto these days over the power question. This was said by a well-known observer to The World, but it is not any trouble to me or to an ordinary man to read it all or read at least a part of it and get a pretty good line on the situation. I am more than convinced that Mr. Beck and Mr. Whitney are in earnest on the power question, and they are supported by their colleagues. But the allied electric combination is not friendly to this policy. They are dead opposed to the government, and they are bent on bursting this power policy in one way or another. They have agents and newspapers out to stir up the public belief that discord exists in the government, and ultimately to create a feeling of alarm in this cabinet and public distrust in the Beck program. "But as I said Mr. Whitney and Mr. Beck are in earnest on the power question, and they are supported by their colleagues. But the allied electric combination is not friendly to this policy. They are dead opposed to the government, and they are bent on bursting this power policy in one way or another. They have agents and newspapers out to stir up the public belief that discord exists in the government, and ultimately to create a feeling of alarm in this cabinet and public distrust in the Beck program. "I have never yet been able to understand how Mr. Jaffray could continue to be a member of the Ontario Falls commission and a member of the board of directors of the Toronto Electric Light Company, and at the same time, president of The Toronto Globe Newspaper, which pretends to be for public ownership and cheap power. The Toronto Electric Light Co. is against it; Senator Cox's interest is against it; and Mr. Jaffray was the most active member of the Niagara Falls commission, which had the powers and concessions of the power companies. "All I have to say is that Mr. Whitney is a long sufferer and too good-natured. For instance, let Mr. Whitney challenge Dr. Beattie Nesbitt to say where he is in the power question and go into North Toronto, and let Mr. Whitney challenge Mr. Robert Jaffray of The Globe Newspaper to say where he is in the power question and what object they have really in view. If I were Mr. Whitney I would start the fight. And I'd start the fight on the basis of an extensive interest as far as Robert Jaffray and the doctor are concerned." HEAT WAS TERRIFIC. Only Charred Pulp in Paint Company's Vaults. WINNIPEG, Man., Oct. 10.—(Special.)—The vaults of the Winnipeg Paint and Glass Co. were opened this morning. Their smouldering contents, ledgers, cash books, etc., were found to be a mass of charred pulp or crumbling leaves. Very few, if any, of the books of account will be found available for reference. The company will still continue in business and are preparing to rebuild. YEAR FOR MANSLAUGHTER. Hunter, the Halleybury Bartender, Goes to the Central. NORTH BAY, Oct. 10.—(Special.)—Hunter of Halleybury was sentenced by Judge Riddell to-night to one year in the Central Prison, Toronto. A petition asking for suspended sentence was signed by a large number here to-day and handed to Judge Riddell at 6 o'clock this evening. NEW POSTOFFICES IN CANADA. OTTAWA, Oct. 10.—(Special.)—Thirty-four new postoffices have been opened in Canada this month. Ten of these are in British Columbia, six in Quebec, five in Ontario, five in Saskatchewan, three in Manitoba, three in Alberta, and two in Nova Scotia. Twelve were closed. ANOTHER CONFERENCE. The retail milk dealers of the city held a largely-attended meeting yesterday, when the matter of fixing the price for the year was under consideration. No definite result was arrived at, and another conference will be held on Oct. 24, but the new schedule of rates will not in any event go into effect until Nov. 1. That the price will be 8 cents per quart for loose and 9 cents for bottled milk is conceded, but there will be no advance in the price of cream. Mr. Hanna's Find. Hon. Mr. Hanna brought down from the Dresden Fair a very large tooth, probably a mastodon's, which was found some 10 feet below the surface near that place. It is at least one inch square and about four inches in length.

The Six Days' Sale Draws to a Close!

Still many unprecedented bargains in Grands, Uprights, Cabinet Players and Squares. You should visit us AT ONCE.

The SIX DAYS' SALE ends to-morrow evening. You would do well to visit us and purchase a piano while this splendid opportunity is afforded you.

Despite the enormous business of the past week, we have been able to replenish the stock of miscellaneous pianos to a very large extent, for the number of pianos that are constantly being taken in part payment of the Autonola makes possible (along with a few from other sources, such as returned rentals, etc.,) a still remarkably attractive assortment—a collection that is as large as the whole stock in most piano stores.

There are instruments in this sale ranging from \$50 upward that are worth double the money we ask for them. There are many first-class makes at unheard-of low prices.

There are GRANDS at great bargains. There are Cabinet Players at as little as \$67.50. There are Square Pianos at as low as \$26 each.

Almost any terms in reason will suffice. We accept as little as \$10 and your promise to pay a trifling sum monthly.

 The Ladies Auxiliary of the Young Men's and Young Women's Christian Association of the University of Toronto held a reception last night to the incoming students in the east and west halls. Mrs. Falconer, assisted by Miss Salter, and a number of the professor's wives, received the students, and after a social hour a program was rendered. It consisted of the chairman's address from Dr. M. H. V. Cameron, a vocal solo by Miss Pearl Davis, a piano solo by Miss Kent, and an address by Ald. Ben-rough, followed by refreshments served on buffets in the rotunda. As usual it was an informal affair, attended by many students, and proved most enjoyable to all.

A quiet wedding was celebrated at the residence of Mr. and Mrs. David Purvis in North Bay at 6 o'clock on Tuesday night between their daughter Eva Alice, and Mr. William Morris Lounsbury, civil engineer, of Halley-bury. The Rev. Mr. Bishop, rector of St. John the Divine, performed the ceremony. The bride and bridegroom were unattended, and Mr. Purvis gave his daughter away. The bride wore white silk and carried a bunch of white roses. Afterwards, on leaving for the wedding trip with her husband, she donned a suit of green broadcloth and a green hat faced with pink. The honeymoon will be spent in the eastern provinces.

A very quiet wedding was solemnized in St. Cyril's Church at half-past 2 o'clock yesterday when Mr. Alfred Morton Wickson was married to Eva Marie, second daughter of Mr. and Mrs. J. Elmsom Turk, 808 Bathurst-street. The Rev. Mr. C. A. Seager, performed the ceremony, and Mrs. Seager played the wedding marches on the organ. The bride was given away by her father, and wore her traveling suit of navy blue, with hat to match. She held a bunch of white roses. Mr. Hilroy Turk was bridesman, and Mr. John Wickson was best man. Mr. and Mrs. Wickson left immediately afterwards for a short wedding trip.

Lady Laurier and Mrs. Alan Aylesworth left Ottawa on Tuesday by private car for Toronto and St. Catharines, where they will stay at the Welland for a short time.

Mr. Henry Le Fevre has issued invitations for the marriage of his daughter, Louise, to Mr. and Mrs. William Robert Grieve, which will take place in St. John's Church, Lakefield, Ont., on Oct. 24, at 1 o'clock. A reception at Uplands will follow the ceremony.

Mrs. Frederick J. Roy will receive for the first time this afternoon, Friday, the 17th, at her home, Maitland Villa, Palmerston Boulevard. Mrs. Roy will receive with her, Mrs. Roy will receive, second and fourth Thursdays during the season.

Mrs. Alfred M. Simmons (Miss Roy of Peterboro) will receive for the first time in her new home, 71 Bismarck-avenue, on Wednesday, the 15th. Her guests, Mrs. Harold May, will receive with her, and afterwards Mrs. Simmons will receive the first and second Tuesdays.

A quiet wedding took place on Tuesday, Oct. 8, at 5 o'clock p.m., at the residence of Mr. and Mrs. J. Smith, Port Whitby, when their only daughter, Gertrude Maude, was united in marriage to Mr. Elgin Norman Granger of Belleville, only son of Mr. and Mrs. A. W. Granger of Lorneville. The Rev. E. C. Eary of St. Church, Toronto, officiated. Mr. and Mrs. Granger left on the 3.20 train for Buffalo, Niagara Falls and other western points. The bride's gown was of white with a large brown hat to match. The high esteem in which the young couple were held. After their return Mr. and Mrs. Granger will reside in Belleville.

Mrs. Wm. Radcliffe, 121 Farnham-avenue, will receive on Friday, afterwards on the second Friday of each month.

Mr. and Mrs. J. J. Ward (nee Ada Pinfold) have returned from a two weeks' trip to Rochester and the sand islands, and are at their new home, 37 Amelia-street.

The Right Rev. Dr. Reeve, assistant Bishop of Toronto, has returned from Richmond, Va., and is at the Alexandra, Queen's-avenue.

Mr. and Mrs. W. F. Cawthra and Mrs. Agar Adamson are leaving this week for the Jamestown Exhibition and will be away for about ten days.

Mrs. Cawthra Milcock gave a dinner on Tuesday evening before attending the Royal Alexandra, the party going afterwards to supper at the King Edward.

Major and Mrs. Carpenter have arrived from Halifax. Major Carpenter is at Stanley Barracks.

Mrs. D'Arcy Boulton is going to Ottawa this week to stay with Mr. and Mrs. Gerald Boulton.

Prof. Squair has returned to town.

## World Pattern Department

2098—Girl's Dress. Paris Pattern No. 2098. All seams allowed.

In olive green mohair, with the vest, collar and cuffs of darker green taffeta, striped with black satin baby ribbon, this is a reasonable little dress for the coming winter. The shaped fronts are ornamented with dark green velvet buttons, and the box-plate, down the centre front, is of the mohair. The waist closes at the centre-back under a similar plait and the sleeves are tucked into shaped cuffs of the silk, finished with velvet buttons. The full bloused skirt is attached to the waist, under a shaped belt of the mohair. The pattern is in four sizes, 6 to 12 years. For a girl of 10 years the dress requires 4 1/2 yards of 36-inch material and 8 yards of ribbon to trim. Price of pattern, 10c.

A new role has been discovered for the preacher's wife. It is defined as "the ability to giggle at the embodied feminine jokes who attend her husband's church to praise his sermons without profiting there."

The discoverer and founder of this new faculty needed in the clergyman's wife is the Rev. William A. Quayle, pastor of St. James' Methodist Episcopal Church, where the sessions of the Rock River conference are being held. He told how the new part should be played in an address yesterday afternoon before the Ministers' Wives' Association at a meeting in Kenwood Evangelical Church.

"A preacher's wife has a right to a sense of humor," he said, "for if she possesses that delightful trait it will be easier for her to fill the perpetual engagements before the parlor footlights with the women who call just to tell her that her husband preached like a prophet, and that his appearance in the pulpit would be improved if she would only get him to have his locks 'touch'd up' in Titian tints."

## "BRICK'S TASTELESS"

Renovates the entire system.  
 Is palatable and can be easily assimilated.  
 Cod liver oil is nauseous—  
 Knocks out the stomach,  
 So that very few persons can take it.

Take a dose of "Brick's Tasteless"  
 And note how pleasant it is—  
 Starts you eating at once—relieves  
 That tired feeling which  
 Every one speaks of from time to time, and the  
 Languid feeling disappears immediately.  
 Every bottle taken is guaranteed to show improvement;  
 So why should you hesitate to take it?  
 See your druggist today about "Brick's Tasteless."

## && PUBLIC 22 AMUSEMENTS

When "Lottie, the Poor Saleslady," comes to the Majestic next week, playgoers will have an opportunity of witnessing what is claimed to be one of the best emotional melodramas in years. The play tells a story of human interest; the plot is unique and the characters are many and varied. The scenes are located principally in New York, where life is always absorbing and moving. The chorus of 15 dashing girls will be seen in a number of ensembles with tureful airs.

"The Girl Raffles," which Miss Spooner presented at the Grand last evening for the first time in this city, is a play of to-day and deals with the supposed daughter of Old Ironsides, a dealer in antiques and curios, who, under the cover of his business, is the leader of a band of crooks, the principal ones of which are leaders in society, so much so as to allow Mr. and Mrs. Gibbs, whose enrichment by thievery has enabled them to go so far as to secure a matrimonial match for their daughter, Alice, with Harry Randolph, son of an English nobleman, William Burke, a detective, known as "Handsome Billy," loves the girl Raffles, and is the only one who realizes the truth that Raffles, budding into womanhood, demands a different environment. Ironsides calls a meeting of the gang and announces his intention of quitting the business, but requests their aid to first accomplish one more robbery. He tells them that Raffles is not his daughter, and the robbery is for the purpose of securing proof of her birth, which will place her in the position in the world to which she is entitled.

Miss Spooner has a role which gives her a splendid opportunity to display her talents, and while the play is a little too melodramatic, it is decidedly interesting and met with the approval of the large audience present last evening.

The two-act musical extravaganza, "King Casey," in which the Ravens, Johnny and Emma—are appearing this season, will be given its first Toronto presentation at the Grand Monday. While the comedy is hilarious it is also wholesome, and the many musical numbers introduced are claimed to be "every one a gem." The fun centres around the efforts of Daniel Casey, fireman of the Waldorf Astoria Hotel, New York City, to impersonate his twin brother, the King of the Island of Lalla Pa Zaza, and as Casey the fireman Mr. Ray is offered a delicious opportunity. It is several years since the Ray appeared in Toronto, and their visit next week should no doubt attract large audiences, as they left a splendid reputation as funmakers.

When "Soldiers of Fortune" is presented next week at the Royal Alexandra Theatre, Torontonians will have seen the biggest production ever put on the stage by a company of permanent players. "Soldiers of Fortune" is the work of Richard Harding Davis, the popular novelist. For stage purposes the services of Augustus Thomas were secured, and it is his dramatic adaptation that will be seen here next week. As a play it was first seen at the Savoy Theatre, New York, where it had an extended run and was received with marked approbation.

The handsome satin souvenir programs which were given away at the Thursday matinee were greatly appreciated by the ladies who received them. It is the intention of the management to present these programs at a matinee performance each week. They will be entirely different each week and those who save them up will have a handsome collection.

The great popular interest in the coming presentation of the dramatization of Sir Gilbert Parker's "The Right of Way" has been evidenced by the strong demand for seats at the Princess Theatre. The plan opened yesterday, and the same indicated a splendid patronage. The production of the play in Montreal was a very representative gathering of the Klaw and Erlanger firm, and the manner in which it secured the approval of the public induced them to take the piece right into New York, where it will be seen at Wallack's a week after leaving Toronto.

A fact. Torontonians are becoming more cultured every day, a fact which accounts for the extensive patronage of our grill rooms. Caterers to the culture: "St. Charles, of course." Open until midnight. Phone Main 1159. Table d'hôte dinner 6 to 8 p.m. ed7

## WORLD'S DAILY FASHION HINT

These two dainty frocks are for parties and other dressy occasions. The larger is plain white lawn trimmed with val lace and insertion and having a yoke of baby Irish lace run with satin ribbons. The little girl's dress is also lawn and lace. The band over the shoulder is formed of beading, run with ribbon and edged with lace and insertion, and gives a dressy appearance to the frock.

## MR. RUST EXPLAINS WHY CITY DIDN'T GET FORFEIT

Contractor Wasn't to Blame as Legal Requirements Caused Delay.

The promised investigation into the civic works department in connection with the non-enforcement of the penalty clause in the contract with Frank Simpson, for the construction of steel pipe at the island, was sprung yesterday, but caused only a mild flutter, the subject being dropped after brief discussion.

Controller Hocken declared that the city had lost \$10,000, as that amount had been paid for speedy execution and there was a penalty for exceeding the time limit. He complained that the city treasurer had delayed the contract ten days in his office while he investigated the standing of the contractor and his sureties.

Mr. Rust said the delay had not been of advantage to the contractor, who had gone ahead as soon as the contract was awarded him. The contract had been two weeks in going thru his office, and he would assume all responsibility. Controller Hocken suggested that the department should be better supervised, and Mr. Rust explained that legal requirements necessitated the passing of contracts thru many hands. The city solicitor supported his statement that sometimes work was done before the contractors signed contracts, and said that the courts would not award a penalty when there was no actual damage.

Aldermen Have Jaunt.

With a view of gaining the advantage of local color in dealing with the application for leases made by Simcoo Park cottagers, members of the civic property committee yesterday took a tour of inspection. They considered the chill autumn wind were Chairman Aid. Chisholm, Aid. Adams, Aid. James Hales, Assistant City Solicitor William Johnston and H. E. Jackson of the civic assessment department.

There are about 60 cottages along the lake front, stretching east from the slender pier which marks the boundary between Fisherman's Island and Simcoo Park to Coatsworth's Cut, by which lies Woodbine Beach. While a number of the cottages are substantial frame structures, others were found to be merely rough shacks. At present the cottagers obtain permits each season, and are charged an annual rental of 25 cents a foot, making the rental \$25.00 per year on lots of the prescribed 50 feet frontage. No provision is made for compensation should the city require the property at any time. The cottagers desire to be protected against confiscation, and to be granted an extension of at least ten years' duration. The civic assessment department is not inclined to consent to such leases being granted, unless at substantial increase in the rental.

The property committee will deal with the issue at the next meeting.

Needed for Boulevards.

The court of arbitration appointed to determine the value of a lot at the foot of Spencer-avenue, required by the city in connection with the lake front boulevard scheme, held its first session yesterday. The property, which has a frontage of about 180 feet, is owned by Mrs. Elizabeth A. Johnston, who is asking \$500, or about double the value, as the assessment commissioner views it. T. D. Delamore, K.C., is the official arbitrator, with Corporation Counsel Fullerton representing the city, and J. E. Jones as counsel for Mrs. Johnston.

Mayor Is Wrathful.

The mayor has been stirred up by an alleged interview with an officer of the police department, published in an evening paper, suggesting that the Pawnbrokers' Act is in need of amendment. His wrath, in a letter to the chief constable, makes complaint and says that a rule governing other civic departments prohibits any one but the head of the department from making statements to the newspapers. He suggests that if the interview was genuine, the police commissioners meet on Tuesday next at 2 o'clock to hear from the individuals responsible, why they did not call the attention of the board of police commissioners to the fact that the police have been hampered in their duties.

The mayor asserts that reflections have been made upon the city council and one alderman in particular, "whose integrity and civic patriotism are beyond any question."

An Overdraft Already.

The board of control yesterday received the unwelcome intimation from the city treasurer, when considering voting certain sums asked for by the island committee, that an overdraft, a small one, had to be faced. The items were referred back.

The board decided to pay the General Hospital the demanded 70 cents per day for city patients, and to build a hospital for city patients in the near future.

It is probable that a special meeting of the city council will be held a week from next Monday, to take up the annexation question.

## POTATO PRINCE IS HERE.

Says Crop in New Brunswick is Five Million Bushels.

A potato prince from New Brunswick James A. Bell of Fredericton, is in the city. He is accompanied by seven carloads of potatoes, which he says that the potato crop of New Brunswick will be approximately 5,000,000 bushels this year. Had it not been for the rot in some sections the crop would have been double this amount.

The New Brunswick crop, as it stands, is larger than that of last year and a large portion of it is coming to Toronto and Ontario.

Mr. Bell is one of the largest dealers in the province.

Editor World: There is a reason why you demand the public ownership of all public utilities that are monopolies in their nature.

And the interurban electric railways should be owned by our government-provincial. And there are reasons for it.

In the first place these monopolies are operated under a charter or franchise. That charter gives the sovereign right to the use of our streets and highways.

And those streets and highways are the common property of the people. That franchise grows in value with growth of population and industry.

That value is not wealth. It is not produced by labor. It belongs to the gathering in the city of a convention, or a fair, or circus, gives value to that franchise.

There are wheels within wheels. There are governments within governments. And only another government for the people to support.

They possess the sovereign power to tax the people for private benefit. That sovereign power creates two distinct classes—the privileged and the unprivileged.

TEN PER CENT. DEFECTIVE IN THE TORONTO SCHOOLS

Scholars Weak in Hearing, Breathing and Speaking Organs.

That 10 per cent. of the children attending the public schools of Toronto are deficient in their hearing, breathing or speaking organs, was the statement of Dr. Hawke at a meeting of the management committee of the board of education yesterday.

The statement was brought out by a remark of Trustee Parkinson, that more attention should be paid to the health of the children than to the teaching of grammar and other subjects.

Dr. Hawke, Dr. Ogden, Dr. Hawke and Harry Simpson were appointed to lay the matter before Dr. Sheard and have him take steps to remedy it.

Inspector Hughes suggested the teaching of the violin in the schools. It was decided to have Dr. Torrington appear before the board at a meeting of the management committee of the board of education yesterday.

All the fourth book classes in Leslie-street School are to be moved to Bolton-avenue School, as Leslie-street is overcrowded.

As Brock-avenue School is overcrowded, a temporary school is to be provided.

All the third and fourth classes in the schools throughout the city are to be allowed out at 3 o'clock on the day before Thanksgiving to give scholars a chance to enjoy the great tree in Shakespeare at Massey Hall.

Methodist Board Requires More Funds for Year's Work.

Twenty new mission stations will be opened in Western Canada next year if the plans of the general board of missions are carried out.

The financial report for the year ending July 31st showed a deficit of \$50,000, the expenditure amounting to \$455,000, and the receipts \$405,000 in addition to the contributions of \$250,000.

An important change was made in the allocation of the funds. Differences have arisen in the past between the churches and the mission-departments over the division of money.

The board decided to make a substantial increase in the salaries of all the home missionaries. This will amount to about 10 per cent.

EATON'S DAILY STORE NEWS

The Season's Stately Blacks

The One Style That Dame Fashion Has At No Time Frowned Upon.

The wondrous progress in its weaving and dyeing is exemplified in OUR GREAT SHOWING OF BEAUTIFUL BLACK DRESS MATERIALS FOR 1907's AUTUMN-WINTER SEASON.

Perhaps in no other dress material should we advise the "dyeing" be given so much consideration, for after going to the expense of buying and having it made up, many blacks become "rusty" in a month or so of wear.

Only a few countries—France, England and Austria, perhaps—have mastered the art of dyeing fabrics black to be "proof against time," and our stock is from these "Wizards of the Looms"—the very best manufacturers of black dress goods in the world.

We invite you to look at these fabrics—give them any test you think of, or can learn of. We credit them with being the best of their class in quality and to be dyed as only the world's experts can dye them—Lustrous, Fadeless, Perfect

For Street Reception, Visiting—For Tailored or Semi-Tailored Costumes—we suggest the following, all pure wool goods:

BROADCLOTHS, 52 inches wide, in light, medium or heavy weight, at \$1.00, \$1.25 to \$3.00 yard.

ENGLISH CHEVIOTS AND ADMIRALTY SERGES—The rougher fawn fabrics—very fashionable, 85c, \$1.00 and \$1.25.

FRENCH ARMURES—An exceedingly strong, wiry woven fabric, unbeatable for wear, plain and in a beautiful shadow stripe.

Corkscrew Cords—Fine diagonal twilled weave. Ondulines and Henriettes, with that characteristic smooth, full-face appearance. All at prices ranging from 50c to \$1.25 per yard.

Eolienes, Voiles, Crepe de Chene, and Sublimes, for Evening Wear.

THE EOLIENNES for the lustrous brilliant, shimmering gowns. The Sublimes, quieter in tone than the Eolienes, but a delightfully toned surface.

THE VOILE AND CREPES DE CHENE, with their exclusive, distinct, unmistakably becoming finish.

SEE THEM AND JUDGE FOR YOURSELVES.

NOTE—Our Dress Goods Section has been moved to the new building, corner Yonge and Albert.

FOUR MEN WERE KILLED SEVERAL OTHERS INJURED

Derrick on New Bridge Fell With Terrible Consequences—Partial List of the Victims.

CLEVELAND, Oct. 10.—Four men were killed and several others seriously hurt, two probably fatally, by the falling of a derrick where a new bridge is being constructed over the Cuyahoga River for the Nickel Plate Railroad to-day.

The dead are: F. L. Diehl, a train-master of Conneaut, O.; John Yates, a foreman, of this city, and two other men whose names were not learned.

WILSON ESTATE AGAIN. Executors Sue to Have Property Handled Over.

The estate of the late Sir Adam Wilson is all tangled up, and in the non-jury assizes yesterday Florence Dalton and David I. Symons, executors of the will of the late knight's widow, commenced a suit against the Toronto General Trusts Corporation to have the estate handed over to them.

This, the corporation refuses to do, on the ground that Mrs. Wilson, sister-in-law of deceased, has a claim against the estate. The case goes on to-day.

PRINCESS A CONSUMPTIVE. LONDON, Oct. 10.—Despatches from Copenhagen report that the Princess Alexandra, wife of Crown Prince Christian of Denmark, has been pronounced a consumptive, and has been ordered to a southern climate.

The Duke of Mecklenburg-Schwerin, and is only 23 years of age. She is a sister of Cecilia, Crown Princess of Germany.

AFIRE IN MID-OCEAN.

Panic-Stricken Passengers Prayed for Help.

NEW YORK, Oct. 10.—The Austrian steamer Giulia, which arrived to-day from Trieste with 703 passengers, had a narrow escape from destruction by fire in mid-ocean during a violent storm on Oct. 3.

The crew fought the flames all day before they were extinguished, while the panic-stricken passengers prayed for help.

CHAPPELLE AT DIZZY HEIGHT. Steeplejack Establishes Record for the Calling.

NEW YORK, Oct. 10.—A new record for steeple-jacking was made to-day, when Ernest Chappelle climbed the flag-staff of the Singer building tower and clamped a gilded globe to the top, 703 feet above the ground.

Thousands of persons watched the daring man as he made the perilous ascent.

Working at the dizzy height, Chappelle passed gold leaf on the globe until the watching crowds below could see it glistening in the bright sunlight.

**BRITISH COLUMBIA NEEDS ASSISTANCE OF ASIATICS**  
 Rev. G. S. Eby Says Exclusion May Start Struggle That Will Make Whites Subject.

"British Columbia is a big land that has always been occupied by little men. They were at one time as bitter against Canada and Canadian immigration as they now are against Japan and the Japanese and Japanese immigration."  
 "The belief that Orientals are coming here to overrun the land is a mere nightmare."  
 "The trouble is that we assume that Orientals have no higher morality than ourselves. We exterminate the Indians and now we fear retribution."  
 "The action of the British government in forcing the opium habit upon the Chinese is the greatest crime that has ever committed against civilization."  
 Starting Statement.  
 Rev. G. S. Eby at the Empire Club luncheon yesterday made everybody sit up, and he appeared as the defender of the yellow race, his audience gave him close attention and hearty applause. His subject was "The Yellow Peril."  
 He began by disagreeing with Hamar Greenwood, M.P., in distinguishing as a reason for the exclusion of the Chinese. Indeed, the danger would come from the 400,000 Chinese. They had an ancient civilization when Great Britain was a wilderness.  
 Dr. Eby was satisfied that China and Japan could put an army of 10,000,000 in the field, and could overrun Europe and America.  
 "Why should they do this?" it might be asked. He would say in reply, that the Asiatics knew the whites only thru acts of cruelty, injustice and oppression. They looked upon them with hatred and contempt, and most of them called them "foreign devils."  
 Europeans were known to them as pirates, buccaners and slavers, who had brought endless woe upon the people of China by forcing upon them the infamous opium traffic. Asiatics who emigrated to the western world found themselves subjected to insult, outrage and abuse. Was it not natural for them to be plotting vengeance?  
 Need Statistics.  
 After reviewing the history of the past century, the speaker pointed out that British Columbia, in his opinion, could be developed only by the help of Asiatics. To exclude them would be to precipitate the all but inevitable world-struggle which might result in making the white race the subject race. It was the part of prudence not to irritate China or Japan. We should rather strain every effort to win their esteem and postpone what appears to be an irrepressible conflict.

Dr. Hodgetts Vice-President.  
 Dr. Hodgetts, chief provincial health officer, and Dr. Amyot have returned from the annual meeting of the American Public Health Association at Atlantic City. A section of vital statistics was established, and Dr. Hodgetts was elected vice-chairman.

**PURVIS QUILTS**  
 Continued From Page 1.

on the evidence that this was at all true, but his conduct certainly led to the suspicion.  
 The evidence of Mr. Purvis to Dr. Noble in connection with the appointment of the commission was a most improper message.  
 "I understand from William Purvis that he is to resign at an early date and make no further comment.  
 He has already pointed out that the well-known Toronto barrister, Mr. S. W. Burns, acted for the brewers and licensees in about half of the matters that came before the board of license commissioners last year, and according to his evidence his fees amounted to some \$4000. Mr. Burns alleged as a reason for his promotion to work and fame that he had successfully handled the campaigns of the licensees in Toronto, and that naturally he had come into contact with most of the brewers and licensees. I think, from the evidence before the commission, that the licensees and brewers were sure to change their solicitors from Liberal to Conservative with the change of government, and it is not surprising that being personally acquainted with most of them Mr. Burns should have been their choice. There was a natural suspicion that Mr. Purvis might be concerned in these transactions with Mr. Burns, but the evidence does not disclose any such state of affairs. And as far as Mr. Burns is concerned he seems to have come into the license business fairly honest."  
 Mr. Purvis received his appointment to the office of chief license inspector Nov. 27, 1905, succeeding J. G. Hastings, who was dismissed under circumstances that are still fresh in the public mind. The announcement of the dismissal of Mr. Hastings and two of his subordinates, James McConvey and A. E. Hacker, on the charge of active partiality, while in office, and the appointments of Mr. Purvis, R. S. Burrows and Matthew Spencer was followed on the same evening by the resignation of the board of license commissioners. J. W. Flavell, Col. J. I. Davidson and Major James Murray, causing a profound sensation, while in office, and the appointment of Mr. Purvis, who referred to Mr. Purvis in his report after the license investigation foreshadowed the latter's resignation, as now announced, told the World last night that he understood when the inspector spoke to him some time ago about resigning that the action was entirely voluntary. Further than this, Mr. Starr had nothing to say.

**FIRE FRIENDS BLIND RIVER**  
 Six Arrests Made Following a Diabolical Attempt to Burn Down the Village.

SAULT STE. MARIE, Oct. 10.—(Special.)—It is reported from Blind River that six arrests have been made in connection with recent fires there. During the past two months ten fires have occurred, all supposed to be of incendiary origin. The matter had assumed such serious nature that the insurance companies commenced to cancel insurance on property in the town. Although efforts have been made to connect the guilty parties with fires they have been unavailing, and it was only two days ago that the police secured clues that led up to the arrest of six men. It is said that two of the men have since been released, but a number of other arrests are likely to follow.  
 On Tuesday, J. J. Horne, a fire occurred in Blind River, destroying restaurants owned by Mrs. King and Mrs. Menars, and the gent's furnishing store of Thomas Jackson. Watchmen were placed on a number of valuable properties in town, and during the following night a couple of four barrels filled with shavings, apparently ready to light, were found on the premises of the Dominion Lumber Co., at New York. The shavings and incendiaries did not succeed in completing their work. It is said that the case against the accused men, whose names cannot be ascertained to-day, is strong.

**NEW MASONIC LODGE.**  
 Consecration of Corinthian 481 by Grand Master of Canada.

The consecration of Corinthian Lodge, A. F. & A. M., No. 481, took place at the North Toronto Masonic Temple last night before a large and distinguished gathering of Masons. The grand master of Canada, M. W. Bro. A. T. F. Davidson, presided, assisted by all ruling grand lodge officers and a number of past grand officers, officiated.  
 The ceremony was ably rendered by the grand master, assisted by W. Bro. J. McMillin, J. O'Connor and H. C. Sully. The ark was borne by W. Bro. E. G. Sturrock, J. Hayward, J. T. Egan and W. P. Chapman.  
 After the consecration the G.W. appointed W. Bro. J. B. Nixon installing master, who led the following brethren first officers of the lodge: W. Bro. John Stephens, W.M.; W. Bro. W. Jones, I.P.M.; Bro. J. W. Jones, S.D.; Bro. Jackson L. Little, J. W. Bro. E. Black, chaplain; Bro. H. H. Hutchinson, treasurer; Bro. C. H. Corton, secretary; Bro. J. A. Ferguson, S.D.; Bro. J. E. Shaw, H. T. Smith, Curran, Murson, A. E. Hagerman, W. Bro. W. J. Wilson, B.C.; Bro. G. R. Bowles, organist; Bro. F. B. Moore, I.G.

Other grand and past grand officers present were W. D. McPherson, K. J. Dunstan, W. R. Cavell, Hugh Murray, grand W. M. of H. Shaw, H. T. Smith, Curran, Murson, A. E. Hagerman, W. Bro. W. J. Wilson, B.C.; Bro. G. R. Cameron, R. W. Hull, H. Lesson, J. P. Allan, J. G. Bennett, J. McKnight.

**RAILWAY MEN RESPONSIBLE.**  
 Jury Find That They Caused Fatal Accident.

BARRIE, Oct. 10.—(Special.)—The coroner's jury on the death of Robert Blackburn, killed by a train here on Sept. 30, to-night returned a verdict to the effect that the accident was caused by a violation of the rules by Engineer Hendry, and by the fact that his train before the required 10 minutes, and not having it under full control, and that he would have no choice but to be compelled to prosecute.

**POLITICAL CHANGES.**  
 MONTREAL, Oct. 10.—(Special.)—It is reported here that Honore Gervais, M.P. for St. James, will resign his seat in the Dominion Parliament to become attorney-general in the Gouin administration, and that Mr. Behand, M.P. for Beauport, will resign his seat in the Dominion Parliament to become minister to the United States. The resignation of Mr. Gervais will be followed by the resignation of Mr. Behand, and the resignation of Mr. Gervais will be followed by the resignation of Mr. Behand.

**C.N.R. Increase Wages.**  
 MONTREAL, Oct. 10.—The difficulty between the Canadian Northern and its railway telegraphers has been definitely settled as the result of a conference between General Manager Spencer and representatives of the men, and the latter left for home to-night. The company grants an increase in remuneration.

**King Solomon's P.M. Night.**  
 King Solomon's P.M. Night, A. F. & A. M., No. 22, celebrated its annual past master's night last night. The officers for the evening were: W. Bro. W. H. Shaw, W.M.; V. W. Bro. Dan McDonald, S.W.; V. **THE BLAIR-RUSSELL STORY**

Startling Scheme to Steal a Parliament—Wholesale Theft of Seats and Control of the Press.

Nothing So Barefaced and Infamous in Canadian History—All Other Political Corruption Turns Pale In Comparison.

[Dartmouth is a suburb of Halifax, across the harbor. It has a population of about five thousand, and one weekly paper, called *The Patriot*, issued on Saturdays. The editor is Mr. H. S. Congdon, an able journalist. The paper claims to be independent. It was a warm supporter of Prof. Weldon, who ran against Hon. Mr. Fielding in Queen's and Shelburne. The *Patriot* is trying to tell the fullest and most detailed version of the Blair-Russell-La Presse deal of the election of 1904 yet given, and if it is anything like what it is here published, and it is certainly like what *The World* has heard at times in fragments, it is the most surprising thing ever connected with Canadian politics.

This story must be cleared up. Conservatives, Liberals, Canadians, must insist on such a clearance.—Ed. World.]  
 Here is the editorial comment of *The Patriot* on the story:  
 On another page the famous Blair-Russell story is told in current form. The *Patriot* is not in a position to vouch for the absolute truthfulness of the plots and counter plots which the story involves. It is just the story as it is told by those who assume to know the facts. As to the horrible nature of the scheme as outlined there can be no question. If true it is the most atrocious attempt to interfere with the will of the people as expressed at the polls ever known in Canadian history. It is too appalling to be credited if it were not that there are accompanying circumstances which give force and weight to the tale. If there is no truth in it, then it is time the people knew; if there is truth in it then there are a lot of people loose in the country who should be wearing stripes. This is the story supposed to be referred to by *The Toronto World*, which has produced a libel suit on the part of Dr. Pugsley. It is time for the public to know on what all these recriminations are based and *The Patriot* has decided to give the whole story for what it is worth. It is no wonder that politicians fight shy of such an infamous and devilish plot as this seems to have been. If a libel suit will bring out the facts, then it is time for a libel suit.

Here is the story as published on the first page of *The Patriot*. It is carefully written and bears the impress of thought and care, as well as investigation. The heading as given above is the heading of *The Patriot*:  
 [From *The Dartmouth (N.S.) Patriot*, Oct. 5, 1907.]

In his Halifax speech at the Empire Rink R. L. Borden said in plain terms that this seat had been stolen from him at the last general election by the wholesale use of money. Later on he uttered strictures on Hon. W. S. Fielding in reference to his election in Shelburne. These strictures aroused the ire of Hon. A. B. Aylesworth and Dr. Pugsley, who have retaliated in kind. In fact, they carry the war into Africa by making various strong statements. They both refer to the formation of a huge campaign fund on the part of the Conservatives and undertake to connect R. L. Borden therewith. They infer that he was cognizant or a party to the raising of this fund and Dr. Pugsley says at least \$25,000 was used in one county in N.B. alone to corruptly carry the county in the election of 1904. Dr. Pugsley waxed hot in his remarks and dared R. L. Borden to take him into court.

The newspapers generally believe he referred to what is called the Blair-Russell-Graham deal. The *Toronto World* seems to assume that Dr. Pugsley has an intimate knowledge of the deal and has expressed as much.  
 This seemed to touch Dr. Pugsley in a raw spot, for he at once entered action for libel, at which *The World* rejoices, accepts the gauntlet so lightly thrown down, and welcomes the suit. The band will soon play. This Blair-Russell story has never been told by the press, for what reason is not known. The *World* hopes with Mr. Pugsley's assistance to get at the bottom of it.  
 The *Patriot* purports telling the story current which has been told over and over again in back rooms with some slight variations, by both Liberals and Conservatives, for the past three years. It is a wild old story and if half of it is true it proclaims a moral and political degradation which is truly appalling.

**The Story.**  
 The story as told is that prior to the general election of 1904 several persons, of whom Dave Russell and Hon. A. G. Blair are generally said to have been the leading spirits, devised a plan to steal the election of that year. The plan was on a wholesale scale. No single counties were considered. It was on a scale grand in its conception and unique in its methods. It was planned on a scale suited to New York, Illinois, or Pennsylvania, where such things have been common. It was worthy the fertile brain of a Jay Gould or a Rockefeller, or the originators of any of a dozen such schemes which have succeeded in carrying a state in the interests of the railway magnates of the United States, when they have captured the state legislatures, the judiciary and everything which stood in their way.

**Press Purchased.**  
 The first move was to get control of a large section of the press. No little papers like *The Patriot* were for a moment thought of. The plan included such papers as *The Montreal Star*, *La Presse* of Montreal, a French-Canadian paper of immense circulation, the greatest of any paper in Canada, and of unbounded influence in Quebec Province, *The St. John Telegraph* and several others of equal importance. This part, it is believed, was accomplished chiefly thru the efforts of Dave Russell. This was to be accomplished and kept a close secret. About a week before nomination day Blair was to leave his party, he had already resigned his portfolio as minister of railways it will be remembered, and came out with a vigorous denunciation of the transcontinental scheme, and to give it greater force he was to make disclosures, scandalous in their nature, as to the compact regarding that scheme. It is said he was prepared to make statements of a corrupt nature far exceeding the facts in connection with the Pacific Scandal, which put Sir John A. Macdonald down and out. His denunciation was to be a genuine bomb shell and it is said it would create consternation among the Liberals and startle the country. This, as has been already stated, was to occur a few days before nomination day. But in the meantime some really fine work was to be done. The syndicate behind the scene had a huge fund to draw from. Out of this fund the papers mentioned were to be purchased and agents were to approach and purchase some 25 of the Liberal candidates in Quebec Province.

**Wholesale Purchase of Candidates.**  
 These men were to go on campaigning as usual, but when Blair made his disclosures the papers mentioned, which had been purchased, as stated, were to break away, come out in glaring headlines, and denounce the Laurier government. The disclosures would, of course, be sufficient grounds for the candidates to fail to make good on nomination day. If they failed in filing their nomination papers on the last day, it would be too late to put in others, and, of course, the 25 seats would go to the Conservatives by acclamation. That would be a stunning blow, making a difference of 50 in a vote. This in itself would seal the fate of the government, for the moral effect on the country at large and the loss of the loose vote, which always wants to vote on the winning side, would certainly lose the government several more seats. This, under ordinary circumstances, was enough to settle the results of the elections, but the men manipulating the deal were not to stop there. They had lots of money, it seems, to put in constituencies which could be "influenced."  
 What with the game to be worked in Quebec, and a lavish expenditure of money elsewhere, the elections were to be carried, and if the thing had gone thru without a hitch such a scheme would have been successful, without a shadow of a doubt.

The "if" was there. It is said a prominent New Brunswicker who had been approached and had therefore a knowledge of the transaction, informed

Sir Wilfrid of the plot. Blair was called in and the Riot Act was read to him. The cat was out of the bag. Blair was given the option of quitting or "worse" would befall him. He quit. The big deal fell thru.  
 Where R. L. Borden Comes In.

Now there is another phase of the case to be considered. It is said that one of the arch conspirators was to approach R. L. Borden. Some say he did. The subject was gently broached and a portion of the plan unfolded. But R. L. Borden refused in the most positive manner to have any part whatever in the proposals. As soon as they saw Mr. Borden could not be handled they decided to go on without him. If the plan succeeded he was to be informed that he could hold his place as premier if he would be good and approve of certain things to be done. If he agreed all well and good. If he refused out he was to go, and Mr. Blair was to take his place.  
 Now what was the consideration? The purpose of all this plot was to get control of the building of the transcontinental. As is well known, the negotiations concerning the building of this road were not conducted by Hon. A. G. Blair, altho he was minister of railways at the time. He was passed over and the whole thing kept from him. This he considered a deep insult. He opposed the policy adopted as to the building of the road. He wanted the government to build it and the people to own it. In this most people will agree he was right. Now the building of several thousand miles of road means the expenditure of millions of dollars, with excellent chances to get fat contracts. The men who planned the great coup were to have the building of the road or the handling of the contracts. There could be millions easily made, and they wanted to make those millions. For the right to control the contracts they were willing to put up a couple of millions or so. A million more or less cut no figure, for would they not get this all back—and much more when the trick was turned?

This is the story briefly told. There is really no question of party politics in it. Men on both sides were interested. It was just a pure, cold-blooded, wholesale steal of parliamentary control for revenue purpose.  
 "The People Be Damned."

"The people be damned" was their motto. Both parties seem to be equally afraid of it. No one has dared tell it. Why?  
 As stated in various papers the country is entitled to a complete investigation of the source and magnitude of the campaign funds of both parties. It is well known there is a huge Liberal campaign fund at Ottawa which is always available. It is generally believed this fund is augmented regularly by large sums, the products of "rake offs" from contracts, the purchase of government supplies and the giving of concessions, franchises, etc. Either this is so or it is not, and the country should know.  
 Everybody knows, however, that large sums are gathered at every election and used for corrupt purposes. There are, of course, legitimate expenses connected with all elections and they often reach considerable sums, but there are few candidates on either side who will not permit the use legitimately, or otherwise, of all the money their committees can get hold of.

If Canada is ever to have decent government electors must see to it that elections are run clean. The honest, decent men are very largely in the majority, but they divide, each going with his party. The twenty per cent. who can be "influenced" go the way the big money directs. They really decide what persons and what party shall win. This is just the reverse of what it should be. It is full time the decent honest men had a say. They can only do this by seeing that good honest men are nominated. If one party nominates a thoroughly upright man and the other party does not, then they should all unite on the decent man, regardless of party. Party is a small thing as compared with honest government. That Canada is sorely in need of.

Whether the story told above is absolutely true or not, there is certainly considerable truth in it. It is the story dreamed, and if the full truth ever comes out a lot of reputations will be shattered and both parties will suffer.  
 Are the Parties Bluffing?

The fact that such a story is going the rounds and that there is quite enough to give color to it in general terms should make every decent Canadian blush with shame. Highway robbery, burglary or arson is not so bad, either singly or collectively, as the wholesale theft of the parliament of our country. It is no wonder those who know are anxious to keep the thing secret.  
 There is just one point more worthy consideration by thoughtful honest men. If the Tories have been guilty of such a heinous crime as indicated, why has no attempt been made to bring them to justice? Why should Pugsley and Aylesworth hint at things and court suits, why not bring them? Is this another "bluff" or a la Fowler? Fowler said to the premier, Sir Wilfrid Laurier, last winter, "Call off your dogs," and then went on to tell him what would happen to said dogs if they did not lie down and keep still. They lay down promptly and kept still, like whipped curs. The "bluff" worked. But look at the morals of it all. Is it not enough to make honest Canadians go up to Ottawa and clean up the whole show? There can be no contempt too great for Fowler's bluff, altho he was set upon by a lot of political wolves, who proved poodles of the worst sort, but what can be said for ministers of the crown, who resort to similar tactics? The whole thing is too utterly contemptible to be credited.

It is time for the honest humble citizen to wake up and cleanse the Augean stables, and teach such political miscreants that there is a limit beyond which no man, whatever his politics, can pass.  
 The present is the time to ponder this thing and act in the elections of 1908.

# FARMING AND LIVE STOCK

## THE QUESTION OF WEEDS.

The weed evil is a question of no small proportions on the Canadian farm. It is becoming a common saying that sooner or later the government will have to assume a more active interference in the cultivation of our lands.

Travel anywhere thru the country and towns of Ontario, and the tourist will be struck with the numbers of noxious weeds that have gone to seed on the very roadsides and at the doors of the farmers and townsmen. Burdock, chicory, mustard, bog weed, couch grass, wild oats and other pests run rampant in many places. The complacency with which many people view these intruders, shows that there is a lack of appreciation of the dangers that are latent in them. Already many farms in this province are well nigh unproductive because of these. Others produce such a poor sample of grain that they are a non-paying proposition and their goods a menace in the markets of commerce. The Seed Control Act has revealed a pile of bad weed seeds in the samples of clover submitted from the farms of Ontario. Almost any sample obtainable has a few weed seeds, while others are so full of bad seeds that dealers cannot handle them at all.

Some people go so far as to suggest that the government minister of agriculture should enact legislation providing for inspectors to enter upon and destroy weeds found upon the farms where the owners have not taken the pains to kill, and the placing the cost of so doing as a first charge upon the land. Certainly it does not seem far distant when some drastic measures will be needed to cope with the evils.

Ontario is not the worst offender. The North Western wheat lands are big disseminators of noxious pests. They spread to Ontario in millfeeds and thru transportation agencies. It is reported this year that many farms in Manitoba are producing low yields of wheat and first class yields of weeds.

Better agriculture is the watchword in the battle with weeds. Where weeds grow luxuriant, useful grains cannot grow, and with this better husbandry of the soil will come the double reward of better crops and fewer pests in the vegetable line.

Every Ontario farmer should see to it that all that ever bad weed found upon his farm or on his adjacent roadside be gathered and burned before the crop of seeds and lodged in a fertile earth.

In the publication of the book on weeds, the Dominion minister of agriculture deserves credit to recognize the chance for the people to recognize the true insidious character of the common parasites of our fields and gardens.

## FEED SELLS HIGH.

Wilson's Sale at Green River. See Cheap Cattle and Deer Fodder.

That farmers will pay big prices for fodder and all animals that can bring some returns, and that they hesitate to buy cattle and horses that bring no returns at all next year, was abundantly evident at Fred Wilson's auction sale at Green River on Tuesday last. By dint of his good advertising he had one of the best crowds that he has ever had. Auctioneer T. Poucher conducted it and did well with the various articles.

"Never before in ten years," said "The World," "have I sold roots in the field at such figures. Roots 30 rods long sold for seventy cents, whereas the average price here have been about 30 cents."

Good milk cows also sell well. One Shorthorn grade milker about 13 freshen brought \$55. The other milk cows sold about as well as similar ones have sold during other falls. The Shorthorns had been milking all summer and sold for good prices. Horses apparently have not ceased to interest the farmers, as they seem willing yet to pay good figures for good animals, while unbreakable ones, that are draught farm feeders bid this winter, do not find ready bidders.

Mr. Wilson is a young man of promise and his leaving the farm ranks is to be deplored. He assumes charge of a mercantile business in Toronto next week.

## HORSE MARKET.

There is no demand, east or west, or anywhere, for horses, in the leading feature of the Toronto Horse Market. The only demand comes from the local trade. Prices that farmers are asking preclude farmers from buying in order to make returns to themselves.

Common horses, such as the farmer wants to get rid of, are unsaleable, and the good ones, such as the dealers want, are too high priced in the farm markets for them to touch.

Prices are unchanged from last week's figures.

Heavy draughts, 1500 lbs. .... \$175 to \$200  
Medium weights, 1200 lbs. .... \$140 to \$165  
Expressers, from ..... \$130 to \$140  
Carriage and harness horses, 1200 lbs. .... \$125 to \$140  
Second-hand drivers and workmen ..... \$40 to \$70

The Grange is a force in the States. Will the new accession to its ranks make it better here?  
The Veterinary College opens on the 17th inst. Dr. Andrew Smith says that the year will have a good supply of students, notwithstanding the three-year term.  
All ripe weeds on or near the farm should be cut and burned. No successful farmer can allow these robbers in broad daylight to get in their mischievous work.  
It is absolutely essential to the dairy farmer that he know which of his cows are paying. Some undoubtedly are not, and these poor ones should be weeded out.  
The thrifty farmer's wife has her supply of pickles laid by against the winter demands. Frost on Tuesday evening put a finish on all the green vines exposed.

## FARM WEEDS.

Farm Weeds is the title of an attractive work recently issued by the Dominion Department of Agriculture. A colored cover, illustrating the common farm burdock at once claims the attention and explains the mission of the work. It has been prepared under the direction of Mr. Geo. H. Clark, seed commissioner, by Dr. James Fletcher of the Central Experimental Farm, whose authorship at once speaks a perfect treatise on the subject. Together with this article appear about 40 colored plates, illustrative of the perfect plant, its flowers, root system and seeds.

Moreover these plates are done so well that the casual observer at once recognizes the plant that he has seen upon the roadside or farm. In too many instances the drawings and illustrations are so strained that no one recognizes even the common Canada thistle as it is portrayed. This work overcomes that and it is certainly the best thing of its kind that has ever appeared in Canada.

Another failing that bullets upon this subject often have, is the sole use of the Latin names of the plants. While it is preferable that everyone know and use these names, the fact remains that so many plants have local names that the farmer who has not the Latin name of the plant, is at a loss to recognize it. This work overcomes that and it is certainly the best thing of its kind that has ever appeared in Canada.

Thus in speaking of the common ragweed, he says that the injury is that "this weed is an impurity in clover, small grains and grass seeds. The large spreading root robs crops of moisture and plant food and the free branching growth chokes out weaker plants." While in the remedial section appears this sentence which gets right at the matter: "Land badly infested can be cleaned by a regular system of short rotations, care being taken to cultivate immediately after harvest, and to mow down the fall growth on newly mown areas."

The work is intended for farm and reference libraries and not for general distribution. Parties wishing this copy for farm reference will obtain any information by writing the department of agriculture at Ottawa.

## HOG PRICES.

Danish deliveries to the old country are heavier than they have been for some time and increasing weekly, says The Canadian Grocer. Last week they were about \$6,000; the week before, \$3,000. A prominent Canadian packer said recently: "The Danes are proud of their hog-raising business. We seem to be ashamed of ours. The Canadian farmers seem to have convinced themselves that there is an organized conspiracy of the packers to beat down prices and further their own interests at the expense of the farmers. And the situation is growing worse yearly. Instead of improving, The Danes expect to reach \$6,000 a week in their deliveries to England before the winter is out. I should be ashamed to say what the corresponding figures from Canada are likely to be."

## LIEUT.-COL. STEVENSON NOW.

OTTAWA, Oct. 10.—(Special.)—Major A. Stevenson is gazetted lieutenant-colonel and commander of the 8th Regiment, Peterboro Rangers, vice Col. J. W. Miller, who on completion of his period of tenure of command is transferred to the reserve list of officers.

## RICH IMMIGRANTS GO WEST

Over Painting by Agents in Great Britain Does Harm.

The minister of agriculture, Hon. Nelson Monteith, who has recently returned from a trip to the old land where he took particular pains to inquire into the immigration question was approached by the World yesterday.

"I wanted to see," said he, "why it was that Ontario was getting so many people who come here without means. Here are numbers of people leave the British Isles for Canada, who have money and somehow or other they are induced to go west. Consequently, we do not get this class in Ontario as we should. The cheap lands of the Northwest are well advertised and the possibility of a home for themselves easily induces these people. The minister also was of the opinion that the immigration agents paint too rosy pictures of Canada, in a great many cases. Money has to be worked for here as well as elsewhere, although the country offers big opportunities to all without the hamperings that attach to the old land."

The minister took advantage of his trip to visit many of the big farms on the other side. He was particularly impressed with Collynie and Upstream and found in Mr. Duffie a breeder of the first quality, as his reputation has long given him.

Farm Feeds in Ontario.

Regarding the scarcity of farm feed in Ontario the minister was of the impression that the people in some parts have become unduly alarmed. "It is true," said he, "that there are sections in which there is a big shortage, but other places again are up to the average, and if the agencies of distribution were better there would be enough for all. There is no need of a panic."

The latter rains have materially improved fall pasturage and stock will thus go into the winter in better shape than was expected. Corn crops as well as roots have matured well and reports from many sections are very encouraging. Prince Edward County seems to have suffered the most this season.

## AN ATTRACTIVE PRIZE LIST.

Over ten thousand dollars are offered in cash prizes at the Ontario Provincial Winter Fair to be held at Guelph, Dec. 8th to 13th, 1907.

The following are the different departments of the fair and the amount of prize money allotted to each:

Beef cattle ..... \$1400.00  
Dairy cattle ..... 1200.00  
Swine ..... 1500.00  
Live poultry ..... 2500.00  
Dressed poultry and special ..... 800.00  
Judging competition ..... 500.00  
Total ..... \$10,900.00

These are the classes and prizes for all the leading pure breeds and also for grades, crosses and dressed carcasses. In addition to the cash prizes there are valuable prizes consisting of valuable silver cups, medals, trophies and trophies for competition in the live stock, seed and poultry departments. These will be tested and cleaned by a regular system of short rotations, care being taken to cultivate immediately after harvest, and to mow down the fall growth on newly mown areas.

The secretary will furnish prize lists and entry forms free of charge to any intending exhibitor.

## HAIL MULAI HAFIDI

Has Been Proclaimed Sultan in the South.

TANGIER, Oct. 10.—The power of Mulai Hafidi, who has been proclaimed sultan in the south, has been greatly strengthened in the northern part of Morocco by the declaration of the ulemas, or holy men, at Fez, that he has a legal and moral right to the throne and that he is the sultan of Morocco. This, coupled with the approach of Mulai Hafidi's army upon Fez, argues a speedy capitulation of the northern capital.

## LUMBER FIRM IN EAST.

Ottawa Men Do Not Look for Fall in Prices.

OTTAWA, Oct. 10.—(Special.)—There is little prospect that the drop in the wholesale price of lumber in the west will affect the east, at least this is the opinion of lumber-dealers in Ottawa.

They believe that the drop in the west is due to nothing else than the competition between wholesale manufacturers in Canada and the United States.

## COMMISSION FOR SCHOOLS.

Latest Suggestion is Appointment of Three Men.

The latest suggestion in local educational circles is that, following the motion of Trustee James Simpson, to give members of the board of education a \$300 salary, a commission of three men may be appointed with good salaries, and who will devote all their time and energy to looking after educational matters. Trustee Parkinson is in favor of the move.

JUNCTION COUNCIL TAKES THE INITIATIVE

Will Proceed to Raise Tracks and Complete Paving—County News in General.

TORONTO JUNCTION, Oct. 10.—The Toronto Junction Council deserves to be congratulated. True to their resolution, the tearing up of the tracks on Dundas-street was commenced to-day, and the paving of the street will now go ahead with all possible speed. The railway company did not take any initiative in the matter, and the cars came up to Keele-street as usual during the early morning hours, but the appearance of Contractor Dill's men showed without a doubt that operations would be commenced in earnest. So instructions were given for the cars to "Y" at Humber-street, and the street was torn up to-night that the paving would be completed as far as Keele-street in about two weeks. The town will put down the tracks substantially the same way as they previously have been laid, and the regular service to Keele-street will be resumed about the beginning of November. The mayor states that the question of laying new tracks cannot be considered till further attention has been given to the matter, as the expenditure for this purpose would amount to several thousand dollars.

Mr. Leonard Brown of Clendinning-avenue this evening entertained the Junior Shamrock lacrosse team, C.L.A. champions, and their lady friends, to an old-fashioned taffy-pull. A very enjoyable evening was spent by all. Mrs. Thomas of 59 East Amette-street intends to sell out and leave the function in a few days for Tottenham, where she intends to reside in future with her daughter, Mrs. Strangways. Quite a few young men of the town have expressed their regrets at her departure, as they have boarded there so long that they have come to regard Mrs. Thomas' house as a second home.

The Toronto World desires to have its messenger service in the Junction as perfect as possible and cases of non-delivery or complaints of any kind should be made at the branch office, 11 East Dundas-street, where all complaints will be promptly attended to.

The Toronto Junction Gun Club closed its season to-night with a banquet at Fleming's Hotel at Lambton. Tables were set for about seventy-five people, and the members of their invited guests sat down to a sumptuous repast. A good program, including a dress, songs, recitations, etc., made the evening especially enjoyable. The last feature of the program, but not the least, was the distribution of prizes, and hoped that next year's record all of which were beautiful and costly. The president of the club, P. Ellis, presented the prizes and congratulated the members on their good scoring. He spoke in highest praise of the social and physical advantages that the club offered, and if such a thing were possible, would be even better than the present one. Following are the results of the annual shoot held on the club's grounds at Lambton this afternoon:

Class A (15 pigeons)—Dunk 14, Platt 14, Kemp 12, P. Wakelind 12, P. Clayton 11, W. Shaw 11, D. Bica 11, J. Towson 11, W. Wakefield 11, G. Mason 10, J. Douglas 9, C. Burgess 9.

Class B (75 pigeons)—Coulter 12, H. Douglas 12, A. Clayton 11, C. Turk 11, J. Smiley 11, C. Turp 11, J. Patterson 11.

OLD DUTCH SILVER WANLESS & COY. 168 Yonge Street.

did program of sports has been arranged, and all that was required to make the affair a great success is fine weather. Principal French, Mr. Graham and the other teachers have worked hard to make this event a memorable one in the history of this young and rapidly growing school. A number of the events will be open to ex-pupils.

Clerk W. H. Clay has all but completed the work of sending out the last bills for the year. Wards One and Two being completed. Ward Three alone remaining. The work has been a herculean one, representing a total amount of some \$60,000, an increase over last year of \$14,000.

Opinion in East Toronto seems to be somewhat divided on the project to enter the city. One of the best informed men in the town, as a provision yesterday said: "East Toronto has outgrown village conditions, and we have come to the parting of the ways, where we must either make provision for the next 10 years or throw in our lot with the city. Nothing is to be gained by the plan unless we decide to enlarge our plant of all kinds and make provision for a much larger town. Which will it be?"

The town taxes this year are 23 9-10 mills on the dollar.

Principal Brownlee is organizing a juvenile football league, made up of the public school pupils of East Toronto, Balm Beach, Norway and possibly others.

The high school board met last night and transacted routine business.

C. P. R. Traffic.

ENTITLED TO PARTICULARS

One ounce Fluid Extract Dandelion; One ounce Compound Salutarina; Four ounces Compound Syrup Sarsaparilla. Mix, and take a teaspoonful after meals and at bedtime, drinking plenty of water. The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom such as rheumatism, sciatica, lame back, and lumbago, and we feel that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and expelling same in the urine, and at the same time restoring the kidneys to a healthy condition. He further states that anyone suffering from affections of this nature will find it to be very beneficial, and suggests that it be given a trial.

TWO FOR PRESIDENT.

Considerable Rivalry in Young Conservatives' Coming Elections. The approaching annual elections of the Toronto Young Men's Liberal-Conservative Club are creating far more than the customary interest.

There are two candidates in the field, William Worrell, at present vice-president, and a prominent labor advocate, M. J. O'Leary.

Both the candidates are good fellows. The contest is so warm that it has led to the suggestion that President W. D. Earnsey run for a third term, but it is understood that he declines. The election takes place in the Foresters' Temple Oct. 21.

Mr. Earnsey stated yesterday that he would appreciate the honor of a third term, but nevertheless he would not be again a candidate, as he believed it did the club good to have the offices go round.

HANNA HUNG ON HARD.

Was Not Robbed at the Dresden Fall Show. Was Hon. W. J. Hanna "touched" for his money at the Dresden Fall Show? Not on your life.

Interviewed at the parliament buildings yesterday, the provincial secretary said: "Hanna had it early in the afternoon yesterday at Dresden Fair that pickpockets were at work on the grounds. This naturally made Phil Boyer and me feel very uneasy, as we saw at once that he, as editor of The Ridgeway Dominion, and I, as provincial secretary, would be such likely marks."

Extradite Tom Madine.

PITTSBURGH, Oct. 9.—Attorneys for Mrs. Mary Scott Hartje, whose husband is trying again to sue for divorce, decided to-day to request the extradition of Tom Madine, the coachman correspondent, from Ireland. He will be charged with perjury. Attorney Freeman, for Mrs. Hartje, said to-day it would be proved that Madine had been written by Mrs. Hartje to Madine are forgeries.

Detective James O'Neil, whom Hartje employed to accompany Tom Madine to Canada, declares that Madine received \$90,000 in gold from Hartje for making his "confession."

Coats for the Weather—Suits for the Season—Men's, Youths' and Boys'

If you can find a reason why any other stock of men's clothing should offer you the values that we do, we'll believe there are such. Meanwhile we have this fact overwhelmingly on our side—we buy the cream of the clothing production in this country at prices regulated by the keenest possible competition for the Simpson order. Ready for you all day to-morrow with the suit or overcoat you want at the price you prefer.
