Ottawa, July 29.—(Special).—Quotations for Canadian wheat and flour asked by Greece and Egypt from the government have been referred to the grain dealers, as the crop is no longer controlled. Greece wants 150,000 tons and a credit to finance it, while Egypt would take a maximum of 200,000 tons. The latter country is also asking bids from Australia.

NO IMMEDIATE DROP IN FOOTWEAR PRICES

Montreal, July 29.—The inferences drawn from some of the speeches at the recent shoe convention, held here, that a drop in the prices of footwear was immediately in prospect appear to be premature. Prominent shoe men approached on the subject today state that what was intended was that future orders would be in all likelihood placed at reduced prices, but that no reduction of any importance was anticipated for some time to come. They explained that goods which have already been ordered will of course have to be taken up at the present figures.

MEN, DON'T MISS THIS.

It's the best news you've heard for many a day. There's a leading matter in the Arcade, that's selling off all panama hats in his store at half-price. FISH CATCH LIGHTER BUT VALUE GREATER

Ottawa, Ont., July 29.—(By Canadian Press).—Although the total catch of sea fish in Canada during the month of June was 22,194 cwts., less than in June 1919, its total value was \$567,518 greater. The monthly statement issued today from the fisheries branch of the marine department shows that the total catch of sea fish in Canada during June of the present year was \$3,219,216 cwts., as compared with \$55,029 cwts. in June last year. The total value of the June catch at the point of landing last year was \$3,586,776, as against \$3,019,259 in June, 1919. The weather was generally favorable for fishing on the Atlantic coast, and operations proceeded without hindrance during the month. The catch of cod and haddock amounted to \$2,800 cwts., against \$77,800 in June of last year. The weather on the Pacific was unfavorable, but in spite of this the catches of halibut, salmon and pilchard was considerably greater than that of June last year.

MANY NEW WRINKLES ON FIRE FIGHTING

Chiefs' Convention Turns Out Profitable—Denver Man New President.

Yesterday's session of the fire chiefs' convention commenced at 10 a.m. and continued all day, concluding with a moonlight excursion on the Cayuga. Their first action was to pass a resolution of sympathy for the friends of Chief Morley of Lewiston, Maine, who died in Victoria Memorial Hospital on Wednesday.

Chief Fillmore Tyson of the Dupont Powder Company, Virginia, stated that every chief who had attended the convention had benefited greatly by the discussions and arguments. "Fire prevention has been more thoroughly discussed than ever before, and has been the most important feature of the convention," he said, which statement was endorsed by Chief Haney of Jacksonville, Fla.

"Next year's meeting ought to be the most important held in many years," Chief Tyson continued. "Papers which have been prepared this year on standardization of equipment and various methods to be employed have been laid over for the next convention to consider."

Atlanta, Ga., was chosen for next year's convention.

Election of officers resulted as follows: President John I. Healy, Denver, Col.; first vice-president, Frank Reynolds, Augusta, Ga.; second vice-president, C. W. Ringer, Minneapolis, Minn.; chief bywater of Salt Lake City, J. J. Mulcahey, New York, N.Y.; treasurer, Peter Carter, Camden, N.J. (re-elected).

The treasurer's report showed an expenditure of \$12,235.81, with receipts of \$28,576.62, and balance on hand, \$12,340.81.

Warning the Public.

The chief speaker of the session was John Gamble, president of the Fire Marshals' Association of North America, who said, among other things: "We get out to bring to every community as complete a grasp as possible of the fire prevention problem and how to meet it," said Mr. Gamble. "In larger places which were in bad shape we would place a whole staff of deputies to make a thorough inspection covering every property of importance in the town. In many of them it was the first real clean-up the town had ever had."

The deputy in charge of the work should be a point to have the town chief at his side. Where necessary, he should be accompanied by a fire department member. The inspection was a complete one, every type of hazard was encountered, and the local chief and fire department were kept in touch with the special inspection.

When a fire department member was present, the fire chief would follow up the work. They educated property owners to dangers of conditions which they hitherto had not thought much about. They impressed the people that fire prevention is a good thing, and increased their interest in having cleaner, safer cities. When citizens see fire traps, which have long been eyesores, give way to good-looking, modern buildings, they always have more pride in their city.

Under our Illinois law—and I believe, the fire marshal laws of most states—every fire chief is given the same authority as a deputy state fire marshal as to making inspections and issuing orders for the removal of hazards. To stimulate inspection work by the local chiefs and also to give them more backing of authority in their work, we provided them with special inspection blanks, on which to issue orders. We go the limit for the chief on these orders. We follow up his orders, where advisable, by a letter to the property owner. If he needs more help, a deputy is sent to assist him in enforcing the order, especially if suit is necessary. It sometimes happens that local political conditions make it hard to handle a particular situation. In such cases we are only too glad to issue the order for him, or back him all the way in enforcing it. We try to give immediate service on all requests, and where advisable, I am always willing to do myself, or send one of the most competent office supervisors. Our office

A. W. Carrick Declares Building is Being Placed in Jeopardy by Contractors.

A. W. Carrick, who has been directing public attention to the condition of the city hall roof, yesterday said the building was in danger from fire and water by the inordinate haste of the contractor to get the tiles off and a coat of tar paper on.

"Why is he allowed to so jeopardize this valuable pile?" asks Mr. Carrick. "Is there no one whose duty it is to control the situation? Three sides of the roof are now uncovered by the removal of the tiles, and left uncovered, save by tar felt. How about fire and tempest? Who is responsible? That is the question someone should answer. Here we are an architect or commissioner of works alive to the dangers invited by this carelessness? If so, it's time to wake the individual up, or else may be sustained that will be irreparable. If the contractor and those concerned who favored the removal of the tiles afraid the citizens may see that the tiles are perfectly sound, save a few, and the boards underneath are not all rotten, as claimed by Price & Gilles."

"I have been endeavoring to create some interest in this matter, and have communicated with the board of trade (Mr. Tolchard), but 'great bodies move slowly,' and as yet there is no sign of life."

INJUNCTION IS DISSOLVED AGAINST MOTOR COUNCIL

Justice Lennox yesterday dissolved the injunction formerly granted, restraining the Motor Sales Company from erecting lamp poles on the Toronto-Hamilton Highway at Port Credit.

The Motor Sales Company, which had obtained from the chairman of the Port Credit Hydro-Electric Commission and from the reeve of Port Credit, the latter of whom, it was said, believed that jurisdiction lay with the municipality of Port Credit. The trial, according to Justice Lennox, will be expedited, and it is likely that the litigation will determine whether the town of Port Credit or the Highway Commission is the governing body in regard to that portion of the highway lying within the town of Port Credit.

GEARY TO REPRESENT TORONTO AT OTTAWA

It was stated at the city hall yesterday that Corporation Counsel Geary will represent Toronto before the Dominion Railway Board at Ottawa on Thursday next at the hearing of the application of the railway and express companies for authority to increase freight and passenger rates. Mr. Geary is taking the case to court just now, but will break into it to look after the interests of the city.

CITY'S ACTION ADJOURNED.

Before Justice Lennox at Osgoode Hall yesterday the action brought by the city against the Toronto Railway Company for an injunction restraining it from erecting a barn and lavatory at the corner of McLean avenue and Queen street was adjourned for two weeks to enable the defendant's counsel to examine the city architect. The city avers that the defendants had not received a permit to proceed with one of their buildings and that the city architect had refused a permit for the erection of another. Defendants say that plans were filed with the city architect and that these plans conformed to requirements and that they were entitled to proceed with the erection of the buildings.

DRURY AT PLAINFIELD

Belleville, Ont., July 29.—(Special.) The United Farmers of Hastings county held a picnic at Plainfield yesterday, which was attended by the wards of 4000 people from all parts of the county. Premier Drury was present and gave a lengthy address in reviewing the work of his government. John McKee of Toronto was the other speaker. H. K. Denyes, M.L.A. for East Hastings, presided over the gathering.

During the day a program of sports, including horse races, was carried out.

97 Men Die Poor!

Out of every 100 men, only 3 achieve a sufficient competence to retire to a comfortable, independent old age.

It should not be so when one considers how small a sum invested annually for a few years in an Imperial Endowment Policy will ensure a competence for a man's declining years. Yet we continually see and hear of old folks starving for a meagre living or depending upon the charity of friends or children for support.

You don't want to come to that do you? Then write us today for a copy of our interesting booklet entitled "Penniless Old Men." You will be astonished to learn from it how easily you can now provide for your comfort and independence in your later years.

LOCAL WRESTLER GIVES UP HIS JOB

"Artie" Edmunds is Thru With Attempting to Enforce O. T. A.

When questioned by The World yesterday regarding the statements of Artie Edmunds, who resigned as its editor as a law enforcer, it was learned that the rum-running traffic on the international border around Windsor, Chief License Inspector J. A. Ayerst stated that he had heard nothing of Edmunds' charges until advised of them by the press. J. D. Flavell, chairman of the board of license commissioners, is out of the city until next Tuesday, and Inspector Ayerst stated that there was no one in the commission office who could make a statement regarding the Edmunds charges.

Edmunds, who was appointed on July 13, states that he was compelled to go into dangerous places without adequate protection, and that for a boundary line 25 miles in length there were only four inspectors. He also charges that it was impossible to follow up what looked like sure clues, because the number of officers available was so small. He also charges that he has received expense money, and that he has received no salary from the government since going on duty. Inspector Ayerst says there is nothing extraordinary about that, as salaries are paid only once a month.

MONUMENT TO PRIEST

Cobalt, Ont., July 29.—(Canadian Press)—There were about a dozen clergy and between three and four laymen present at the laying of the monument erected in memory of Father Wilfrid Gagne, who died in the Matheson fire in 1916. The ceremonies of the day opened with a high mass, and were followed by the blessing of the monument followed.

MOVE TO IMPROVE SCHOOL TEXT BOOKS

Kingston, Ont., July 29.—(Canadian Press)—Major Fred J. Ney, M.C., of Winnipeg, general secretary of the National Council of Education, is a visitor in Kingston. This morning he had a conference with Dean Skelton and Prof. McNeill and Prof. Macdonald of the English department at Queen's in connection with the council's program of educational reform.

The council has arranged for a survey of school text books and has distributed this work among the different universities of Canada. The survey in literature has been left to Queen's and that is mainly the purpose of Major Ney's visit to Kingston. A study will be made at Queen's of the literature text books, not only of this country, but of the empire, to determine wherein improvements can be made in the text books on this subject supplied Canadian students.

NATIVES OF FORMOSA REBEL AGAINST JAPANESE

Tokyo, July 29.—A native revolt has broken out on the Japanese island of Formosa. Advice from that island today stated a strong force of aborigines had risen against the Japanese in the Shinku district. The Japanese, it was stated, were preparing measures to put down the revolt.

WILLS AND BEQUESTS.

Probate of the will of the deceased Frederick M. Gillespie of New York state has been granted to the executors, Hillard M. and John Stuart Gillespie. Deceased left an estate valued at \$121,024, a portion of which is in Ontario.

RADIAL COMMISSION IN PRIVATE SESSION

Another private session was held yesterday by the members of the Hydro-Electric Commission of enquiry in Justice Sutherland's room at Osgoode Hall, C. S. Molnes, counsel for the Hydro-Electric Power Commission, being present at the Toronto session. Sutherland had no comment to make regarding the protest by Mayor Church against the appearance of Mr. B. Mackay, K.C., for the municipalities.

Mr. Mackay is unruffled over the mayor's outburst. Laughingly he said: "The mayor threatens to commit hari-kari, does he?"

NEW CHAMPION OF FLAT POWER RATES

Association Claiming Membership of Forty Municipalities Make Demand.

From the realms of the relatively unknown into the white light of publicity surrounding the problems of Hydro-Electric comes a new champion of uniform flat rates—the Ontario Hydro-Electric Uniform Rates Association. In a letter to Premier Drury, referring to the Toronto Hydro-Electric Commission's declaration that a uniform rate scheme is a plan to subsidize consumers in certain districts, W. S. Bowden, secretary-treasurer of the association, declares that such a contention on the part of the Hydro-Electric Commission is unjust, severe, and lacking in the principle of truth. The letter continues: "That the Toronto Hydro-Electric Commission are perpetrating a gross injustice to the individual principle is shown by the fact that they are obtaining power from or thru the operations of the Hydro-Electric Commission of Ontario at a price that is less than the average rate charged to all the other members of the Hydro-Electric Municipalities Association."

The letter goes on to state that the Toronto commission is distributing power, through the length and breadth of a large city, at a uniform rate without regard to distance, cost of wire, or the nearness or remoteness of the consumer from the receiving station. Bowden states that the Hydro-Electric power is "the heritage of all the people," and that a uniform rate would greatly assist the development of industry in remote parts and in extending its use in rural areas.

Formed in Gorderich.

The Ontario Hydro Power Uniform Rates Association was formed in Gorderich, Ont., and its membership includes forty municipalities, among them Kingston, Belleville and Chatham, in its membership. According to Mr. Bowden, many farmers clubs are also lined up with his organization. In commenting upon the demand for a flat rate, Premier Drury said: "I don't see how it could be worked out," and P. W. Ellis, of the Toronto commission, stated that he had not known that such an organization was in existence until the absence of parties to the particular case he could do was to refer Mr. Bowden to the Toronto commission's report on the subject.

SHAREHOLDERS LOSE SUIT.

Court Holds They Must Have Known of "Raid" on Assets of Company and Consented Thereto.

Justice Sutherland has dismissed the actions brought by eleven shareholders of the Ontario Hydro-Electric Commission against A. C. Caldwell, the general manager of the concern, and against G. E. Nicholson, who was associated with Caldwell in the management of the company. The plaintiffs averred that Caldwell had no right to retain five per cent. of the gross sales as his salary and demanded repayment of \$40,000 common stock in the new company should be set aside. His lordship finds it impossible to credit that the plaintiffs were ignorant of those things pertaining to the management of the company, which they relied for success in their actions. He held that they must be taken as having consented to what was done.

MOVIE ACTRESS PLEADS GUILTY TO BIGAMY

Winnipeg, July 29.—Caroline Jackson, the movie actress, who came to Winnipeg last Friday from Minneapolis with Wayne W. Dunlop, and married him there, pleaded guilty today to a charge of bigamy.

The charge was made by her husband, Frank C. Jackson of Minneapolis, who followed this couple to Winnipeg. Sentence was reserved until Friday.

Counsel for Mrs. Jackson and counsel representing Mr. Jackson urged the court to grant the woman suspended sentence and allow her to return to the United States.

THE VANISHING INDIAN.

Port Arthur, Ont., July 29.—The Indian population of this district is decreasing yearly, according to statistics gathered by Indian Agent Brown here.

In the seven bands in this district there are today but 1,511 left. In 1917 there were 1,610. The deaths last year numbered 126 and births 62. This year the deaths have already reached 78 and the births 48. The majority of the deaths were from influenza and tuberculosis.

RATE OF EXCHANGE INCREASES RUPEE

H.C. of L. in India Has Been Greatly Reduced, Says Minister.

Sir Henry Drayton's ambition to behold the grand high cost of living by legislative sword strokes appears to have been successfully achieved in one remarkable case on a great scale by British statesmanship. According to an announcement made yesterday at the Baptist Mission offices, Toronto, a report had arrived from India stating that the action of the government in raising the sterling price of the rupee from one shilling and four pence to two shillings had accomplished the feat of reducing the general cost of living by increasing the purchasing power of the rupee.

In sending this report, Rev. J. R. Stillwell, Canadian missionary, said: "For a time it will hit the manufacturer and exporter, but time will adjust this, while in the meantime the consumer is the one to be considered. The two shilling rupee will buy more foreign goods than it would at the old rate."

While the earner of rupees in India will get this immediate benefit, the missionary will be hit, as his dollars will not buy so many rupees as under the old standard of exchange.

TO TAKE ON COAL FOR ONE TRIP ONLY

Railway Commission Makes Suggestion Tending to Conserve Coal.

Ottawa, July 29.—While no order will be issued at present prohibiting the bunkering of ships at Atlantic ports with United States coal, in order to conserve the supplies of imported coal, a step that was considered possible a short time ago, the railway commission is making a number of suggestions to the shipping companies in regard to bunkering which will probably have considerable effect. The suggestions are contained in a letter which Mr. P. B. Carver, chief commissioner, has addressed to Mr. Thos. Robb, manager and secretary of the Shipping Federation of Canada, Montreal. The letter is intended for circulation amongst the members of the federation. The outstanding suggestion in the letter is that in future vessels should not be bunkered for trips both ways across the Atlantic but should secure coal for the return voyage on the other side. The chief commissioner's letter to Mr. Robb follows:

Dear Sir:—In order to conserve to the greatest degree the possible coal supplies of Canada, this board, as you are already aware has by order prohibited the exportation of coal from eastern Canada after the first day of August next, which will release nearly 100,000 tons per month for home consumption which has been exported during the present summer. This, if properly directed, should, to some extent, relieve the situation.

We have interviewed the Interstate Commerce Commission, the chairman of the Railway Association of the United States, and officers in authority in that country, earnestly desiring a larger amount of American coal, and do not feel we are treating them fairly in allowing coal imported presumably for our domestic purposes to be used for bunkering ships, not only across the Atlantic, but for the return voyage, as has been a very common practice since the opening of navigation on the St. Lawrence.

Recommendations for Bunkering.

While realizing the responsibility resting upon this board, as well as the danger of interfering with the trade routes of the country, we have decided for the present not to issue positive orders, but to express our wish on the bunkering of coal as follows:

1. That passenger and freight liners for U. K. ports running on schedule may be bunkered at Montreal.
2. That passenger and freight liners to French Atlantic ports may be bunkered to destination and thence to a U. K. port only, unless it be a liner returning direct to Canada, when it may receive sufficient bunkering to bring it back to Canada.
3. That tramp steamers should be allowed only sufficient coal at Montreal or Quebec to carry them to Sydney and at that point should receive sufficient coal to take them to destination, and if bound to the Mediterranean, sufficient to bring them back to Gibraltar.
4. That all vessels for South Africa, South America, the West Indies, Australia and New Zealand must be bunkered at Sydney, where they will be provided with sufficient coal for a return or to first coal port, excepting vessels loading at Montreal, or other Canadian ports, requiring surplus bunkers stowed under cargo, this to be supplied at the loading port.
5. That all vessels leaving a U. K. port should, whenever possible, obtain sufficient coal for the voyage to Canada and return. Sincerely yours, (Signed) F. B. Carver, Chief Commissioner.

TIRE MISHAP COSTLY.

St. Catharines, Ont., July 29.—(Canadian Press)—As a result of a tire coming off their auto on West St. Paul street, Frank Pedro of Guelpich and Luigi Silvestri of Thorold are in police court this afternoon. When the mishap occurred their car shot to the side of the road, ran over Miss Kingstone's horse and overturned, scattering 120 bottles of Serravallo's Tonic whiskey over the street. Police were quickly on the scene and confiscated the booze and the car. The bottles were being carried in sugar bags. The men were on their way from Guelpich to Thorold.

NEED MORE POWER

Kitchener, July 29.—(Special.)—As a result of a meeting of ratepayers of King street, held in the city hall here today, it was decided to defer the project of ornamental lighting for King street until such time as ample power is available from the Hydro-Electric Commission. It was pointed out by Superintendent McIntyre of the Kitchener Light Commission that it would take 500 additional horsepower to give King street an ornamental lighting system. He stated that this could not be done without cutting off power from the industries. Kitchener then deferred with industrial production, the meeting went on record as favorably to deferring the project until such time as the power is available.

The Lone Fisherman

The Conservative party in the newly elected Nova Scotia legislature has a small membership—in round numbers, one. This survivor of the massacre will have a lonely time of it unless he can strike hands with the Labor or Farmer members.

Ferocious remarks will no doubt be forthcoming respecting the party of one. It will be said that the party can hold a caucus at any time, will be unanimous in its choice of a leader, have no insurgents to look after, and on all questions of policy will present a solid front to the enemy.

It was said for a time that the Farmers and the Labor men could no more mix than oil and water. But they seem to be doing it at Queen's Park, and they might be able to do it on Parliament Hill.

The lone Conservative member in the Nova Scotia legislature gazing gloomily out to sea, may not be typical, but the Labor men and Farmers who will be seen at the opposition benches, do portend a great deal.

WOMEN SIT ON JURY FIRST TIME IN ENGLAND

London, July 28.—Women Jurors were empaneled in England for the first time today when six women formed a part of the jury in the Bristol quarter sessions.

Make Appeal to Trade Unions On Behalf of Russian Soviet

London, July 28.—The Times says that five members of the labor delegation which recently visited Russia, Messrs. Purcell, Turner, Wallhead, Skinner and Williams, have appealed to the trades unions to adopt direct action as the only means to force an abandonment of the policy of "trying to strangle the soviet regime" forced upon the government by the churchills, Curzons, Golvins and Plimsdells.

BARS OCCUPATION OF SAGHALIEN

United States Unable to Recognize Japan's Action in North.

Tokio, July 28.—(By the Associated Press)—The Japanese government has received a communication from the United States pointing out among other things, that the United States is unable to recognize Japan's occupation of the northern half of the island of Saghalien. The Nichi Nichi says that the impression exists here that the communication is not really a protest, but rather an exposition of the United States' viewpoint on occupations of Russian territory, with something of the United States' attitude towards the territory to be occupied.

Among the incidents which have tended to fan anti-American feeling is the publication here of the reports that the Japanese are storing in Marysville, California, was possibly the act of anti-Japanese elements. Articles also have been printed declaring that United States officials were engaged in attempts to steal Japanese maps, and these have resulted in increased surveillance of tourists in the United States.

BOLSHEVIKI REPORT CONTINUED ADVANCES

London, July 28.—Continued advances along virtually the whole front against the Poles are reported in Wednesday's official communique from Moscow, received by wireless today. The statement reads: "Southwest of Grodno we are driving back the enemy, who is resisting fiercely in some places. Through the river Berezovka, the village of Yanoff, the village of Sokalka, and the River Suprasl, the Poles region our advance is continuing."

RACE ACROSS CONTINENT ARRANGED FOR PLANES

New York, July 28.—A transcontinental airplane race, to be known as the National Airplane Race, the Pulitzer trophy and cash prizes, will be held in October or the first week in November, the contest committee of The Aero Club of America announced here today.

Woman Suffrage in Belgium Makes a Step in Advance

Brussels, July 29.—Woman suffrage in Belgium made an advance step yesterday when the chamber of deputies, avoiding a crisis over the question by its action, voted by an overwhelming majority for the passage of a bill to revise article 47 of the constitution dealing with suffrage.

PROF. DORLAND'S TRIP.

Kingston, Ont., July 29.—(Special)—Arthur G. Dorland, assistant professor of history at Queen's University, left today for England to attend a world convention of the Society of Friends at London, England. He was selected as a Canadian delegate to this important conference.

WANTS WIRELESS STATION.

Ottawa, July 28.—(By Canadian Press)—Dr. A. Thompson here today asking the government to install a wireless station at the new silver camp near Mayo, in the Stewart River district. Installation here would connect the Canadian Yukon with the United States wireless stations in Alaska.

GOMPERS DENOUNCES CUTTING OF STAFFS

Asks Whether it is Revival of an Old and Crude Policy.

Washington, July 29.—Mentioning the suspension of operations by the American Woolen Company and the announced intention of the Pennsylvania Railroad to reduce its working force, Samuel Gompers, president of the American Federation of Labor, management and a heinous offence against a people in need of every possible ounce of production."

PUTS HIMSELF ON A PAR WITH CARDINAL MERCIER

New York, July 29.—Speaking at a reception arranged in his honor here today, Archbishop Macdonell said: "I am rather sorry that the British government, which seems to be so unwilling that I should land in Ireland, didn't have the courage to begin the battle in New York. They have already retreated to the old world, and what will happen there no one can foretell."

PLANS FOR CONVENTION OF BAR ASSOCIATION

Ottawa, July 29.—Arrangements are being made for the convention of the Canadian Bar Association, which is to be held in Ottawa the first three days of September. Two hundred or more lawyers from all parts of Canada are expected to be in Ottawa and a number of distinguished visitors from England and the United States.

Australian Crop Prospects Are Considered Excellent

Melbourne, Australia, July 28.—Because of the beneficial recommendations in the commonwealth during the past six weeks, crop prospects in all the rural districts are considered excellent. It is expected Australia will have an exportable wheat surplus this year.

SEARCH FOR BRUTAL SLAYERS

Quebec, July 29.—The attorney-general's department today began a diligent enquiry into the murder of Blanche Garneau, the young woman whose body was found in some bushes in Victoria Park. The police are looking for two men who were seen coasting along the park in an automobile at 8 o'clock last Thursday evening, the day the girl disappeared.

CARMEN NOT TO STRIKE

Winnipeg, July 29.—According to a local afternoon paper, the day carmen employed by the Winnipeg Electric Railway Company decided, at a meeting held last night, to accept the Myers award, granting them an increase in wages of 10 per cent. The vote is reported to have been overwhelmingly in favor of acceptance.

TRIED TO MAKE A RAID ON BONDED WAREHOUSE

Failure of Enterprise Prevented Wood Alcohol Being Dispensed.

Ottawa, July 29.—The failure of an attempt to break into the government bonded warehouse on Victoria Island, of this city, probably saved many visitors of "blind pigs" from being served with wood alcohol instead of the intoxicating variety. J. P. Threlton, of Hull, was arrested on the island, and the police state that, according to his story, two companions and himself rowed over to the island early this morning with suitcases carrying containers and several five-gallon jars, to make a raid on the warehouse.

FOUR TIMES WEDDED; BIGAMY IS CHARGED

Minneapolis Movie Actress is Under Arrest at Winnipeg.

Winnipeg, July 28.—Caroline Jackson, 28 years of age, movie actress, of Minneapolis, appeared in the police court today on a charge of bigamy preferred by her husband, Frank C. Jackson, of Minneapolis. Wayne W. Dunlop, also of Minneapolis, who is alleged to have brought Mrs. Jackson to Winnipeg last Friday, appeared as a material witness in the case.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

JUDITH TRIUMPHANT. CHAPTER XVII. As Bud Lee came thru the lilacs into the courtyard, he heard the tinkle of a violin, so faint as hardly to be distinguished above the plash and gurgle of the fountains.

He stood a moment, looking in at the outer edge of the food of light which gushed thru the wide doors. Behind him Japanese lanterns hanging from a vine-covered trellis; before him flowers, bright chandeliers, girls' dresses like fluttering, many-colored, diaphanous butterfly wings.

Outside were half a dozen of the boys who had not mustered courage to set foot on the polished floors, Carson and Tommy Burkit among them. Tommy stared at Bud Lee and his jaw dropped in amazement. Carson took swift stock of such clothes as he had never suspected a good horse foreman owned, and gasped faintly.

But Lee had neither eyes nor thoughts for them, nor remembrance of his own change from working garb to that of polite society. The dance came to a lingering end, the couples thrust the big rooms stalled up and down, clapping their hands softly or vehemently as their nature or degree of enthusiasm dictated, and Lee forgot Marcia and dugt eagerly for a glimpse of Judith.

Refused a second encore, the couples stood about chatting, the hum of lively voices bespeaking eager enjoyment. There was no early chill upon the assembly, to be dissipated as the dance wore on; the day of festivity outdoors had thawed the thin crust of icy strangeness which is so natural a part of such a function as this.

Suddenly Lee's eyes, still seeking Judith, found Marcia. Surrounded by a little knot of men, each of whom plainly seeking to become her happy partner for the next dance, adorably helpless as usual, Miss Langworthy was allowing the men to find it out among themselves. Lee moved a little nearer to see her better. In a pale-blue gown, fluffy as a summer cloud, her cheeks delicately flushed, a white rose like a snowdrop in the gold of her hair, she was flutteringly happy, reminding him of those little meadow blues that had flown palpitatingly about him that day in the fields.

He took her hand and told her with his eyes how pretty she was. The delicate Marcia's cheeks deepened and warmed, her eyes grew even brighter. "Flatterer!" she chided him. "Are we to talk of the moth and the star again, Mr. Lee?"

The knot of men about her melted away. Lee stood looking down into her upturned eyes, measuring her gentle beauty. He had thought of her as a little blue butterfly—she was more like a white moth, fluttering, fluttering. . . . again from a hidden distance, set feet to tapping. Marcia plainly hesitated, flashed a quick look from Lee to the others about them, then turned to Marcia.

Patrons at Ontario Race Tracks Have Too Sparse Accommodation

Horse racing has taken a wonderful hold on the people after four years of idleness. The game has certainly come back into its own. Fifty per cent more people are attending races today than in the past, but in spite of all the increase most of the tracks have made no effort to meet the demand of accommodation.

LACROSSE PROGRAM TOMORROW'S GAMES

Maitlands and Shamrocks will clash at Cottingham Square tomorrow afternoon at 3:15 in the Intermediate O.A.L.A. game. Shamrocks are on the bottom rung in their district, but Maitlands are in second position and must win to keep within striking distance of "Dad" Brown's Mimics, who appear to be the team to beat, they having downed Maitlands early in the season at Cottingham Square.

GET BOXING PERMITS NOW FROM COMMISSION

The athletic commission for the province of Ontario is now in charge. The various members—Messrs. Frank Nelson, John E. McGarry, E. J. Mulqueen, Don Cameron (Hamilton) and Ed. Archibald (Ottawa)—were notified officially today that they would constitute the body to control boxing and sport generally throughout the province.

Good Amateur Card for Holiday Motorcycle Meet

Leit, H. F. (Steve) Woods, D.F.C., Croix de Guerre, the fast amateur, will be riding close to professional pace in the action Monday afternoon (Civic Holiday), at the Motorcycle Racing Association's race meet at the track. It is only three-fifths of a second per lap behind Cole's amateur coxswain at the last race meet, and no one has been able to catch his time. He seems minutely confident and can be relied upon to give Woods a good battle for supremacy.

KILBANE DEFENDS TITLE

Cleveland, Ohio, July 29—Johnny Kilbane of Cleveland, champion featherweight, won the newspaper decision over Art Root of Cleveland, in a ten-round boxing contest at American League Park here last night before a record-breaking crowd. Kilbane outlasted Root, winning eight rounds and scoring five knockdowns in the fifth. Root took the fourth round and the first was even. Root weighed in under 124 pounds, and Kilbane came in at 125.5. The fight was between 2 and 2:25 p.m. This will give ample time for the automobiles to cross the track into their respective alleys.

THOSE EASTERN AMATEURS.

Montreal, July 29—A new amateur lacrosse union, consisting of Shamrocks and G.P.R. of Montreal, has been formed. The league will open on Aug. 7. Shamrocks tried to obtain admission to the Eastern Amateur Lacrosse League, but were turned down, as the teams in it had decided not to play after September, and Shamrocks wanted to play before then.

TORONTO PACER BURNS HOME WITH GREAT SPEED AT COLUMBUS

JUNO, WITH NAT RAY UP, WINS HOTEL PURSE AT COLUMBUS

Peter June Beats Peter Coley in Hotel Deshler Stake—Greatest Grand Circuit Day's Racing of the Week.

Columbus, Ohio, July 29—What proved the greatest day's racing during the week, entertained a crowd of 7000 devotees of the Grand Circuit here this afternoon. The first defeat of the year for Peter Coley, C. D. Valentine's stake trotter, was accomplished when E. P. Geers won the 2:08 trot, the Southern Hotel Purse of \$3000 with Peter June, who trotted in 2:04 1/2, and back in 2:04 1/2 to take Peter Coley's measure. Valentine was making a great bid for the second heat when Coley broke in the stretch. However, he came back and took the final heat in 2:05 1/2. Brusloff was never a real contender for the purse in this race as he was sold at \$200 on Peter Coley and \$160 for the field. A \$2 mutual ticket on Peter June in the first heat was worth \$33.60. It was a peculiar coincidence in the result of this race that the four money winners all were also bred by Peter the Great.

HAMILTON MEETING OPENS SATURDAY

With all the stabling room allotted, the second meeting of the Hamilton Jockey Club which opens tomorrow, should prove the best in the history of that club. Many stables have rested up at Hamilton since the Port Erie meeting, some of these including J. K. L. Ross, Brookdale Stable, W. McKinney and others, while several strings shipped direct from Kentucky to Hamilton. Tomorrow and the holiday two special trains will leave Toronto, the first at 1 o'clock (city time), and the second at 1:45 (city time).

L. S. S. A. REGATTA

The L.S.S.A. regatta opens Friday with the 16-ft. skiff Challenge Cup contest, Queen City defying against Ward's Island. The international 14-ft. dinghy race will start at 3:05 with the Genesee Yacht Club of Rochester as challengers. L.S.S.A. will defend the trophy.

CLAIM BOXERS ARE NOT REAL AMATEURS

San Francisco, July 29—Charges that Ted Snyder and J. B. Grant, boxers now on their way to represent the United States army and navy, respectively, in the Olympic games at Antwerp, were disqualified for amateur standing, were last night telegraphed to the national headquarters of the A.A.U. by Mele Andrea, chairman of the registration committee of the Pacific Amateur Athletic Association.

ENTRIES FOR KITCHENER SHORT-SHIP CIRCUIT.

Saturday, July 31. 2:20 pace—Faring Star (Porter, Hamilton); Virgil Maid (Cosby, Welland); Alvin Merrill (Walsh, Simcoe); Sid H. (McIntosh, London); Chester Mitchell (Garrage, Waterloo); Dog Hal (Overland, Orangeville); bringing along 2 1/2 of his best sailors in an endeavor to take back some trophies.

FOR W. F. A. CHAMPIONSHIPS.

Woodstock, July 29.—(Special)—The match committee of the W.F.A. arranged the dates for the senior semi-final games between Stratford and Sarnia to decide the team to meet Galt in the final for the championship. Stratford plays in Sarnia on Wednesday next with return game in Stratford on the following Saturday.

Alexandra Yacht Club Elect Their Officers

The report of the Alexandra Yacht Club as presented to the general meeting last night showed the club in good shape and a bright outlook is assured. There was a large attendance of the members present and much enthusiasm was displayed. While the club promises are not finished yet, it is hoped they will be the most successful in the area under way for a bungalow design, surrounded by a lawn and flower beds.

The "Nineteenth Hole"

Sixteen, seventeen, eighteen holes, and then back to the grateful shade, the lounging chairs, and the glass of sparkling, icy, O'Keefe's Dry Ginger Ale at The "Nineteenth Hole"—the club veranda.

Your "approach" to the eighteenth may have called for bottling up explosive language. But the cork comes out—the Ginger Ale—at the "Nineteenth" and the nectar flows deliciously, soothingly, in cooling draught.

Only O'Keefe's is O.K. for the occasion.

Other O.K. brands warranted to give a zest even to the game you lost, are—

- Belfast Ginger Ale, Cream Soda, Orangeade, Ginger Beer, Cream Soda, Lemon Sour, Sarsaparilla, Special Soda, Cola, etc., etc.

HOUSE AT DOORN LITTLE POTSDAM

Ex-Kaiser Has Created a Regular Little Prussian Court.

Doorn, Holland, July 2.—The former German Emperor, William, while professing a desire to lead at Doorn the quiet life of a country gentleman, has nevertheless created a little court around him somewhat larger than that which he had at Amerongen, and Dutch newspapers have already begun calling Doorn "the Little Potsdam."

The allies' demands upon Holland to guard the former emperor closely have made it impossible for William to mingle with the Dutch country gentry who have estates about Doorn and the house where he is said to expect to spend his remaining days is just like a little bit of Germany. Strict military order prevails outside the house of Doorn, where passers-by must not be too curious. Within the discipline is Prussian. William's only associates are German. His entire staff, including approximately 40 servants, are German, with one exception—the village barber, a Dutchman, is called in now and then to trim his hair or beard.

When at Amerongen William went frequently to Doorn by automobile, but now he is seldom seen outside the wire fence of his estate, which villagers call his "40 hectare cage." Forty hectares are about 80 acres. The few times he has been out he has paid visits to his former host, Count Bentinck, at Amerongen. Now and then the former crown prince or others of William's sons have been permitted to visit the exile, largely because of the illness of their mother, but, from day to day, William seldom sees any new faces—only his daily associates.

CANADIAN VETERAN DROWNED.

Providence, R.I., July 28.—Emil J. Chaudet, 25 years old, a Canadian army veteran, with two years' service in France, was drowned while bathing today at Narragansett Pier. He was a native of Little Brook, Digby county, N.S., and during the war was a private in the 219th Battalion of the C.E.F.

GERMAN EX-OFFICER IN DIRE STRAITS

Often Has to Apply to Men He Once Commanded to Give Him a Job.

Berlin, July 2.—No one in Germany sighs more fervently for the good old days of the Kaiser than the former army officer. Forced out of the government payroll by the reduction of the army, untrained for work other than soldiering, and so generally disliked by the population that he has difficulty in finding any kind of employment, the officer's lot in democratic Germany is a hard one. His pre-war world, in which he strutted about as the privileged pet of his emperor, has been utterly destroyed.

Many have been reduced to extreme financial straits. The middle-aged ex-officer gets a pension of 3,800 marks a year, but that is only about a fifth of the amount required to maintain a family. So urgent is their need that a movement has been set on foot to form an ex-officers' association for the purpose of inducing the government to provide them with land and subsidies.

A former officer, dolefully discussing with the correspondent the plight of himself and his fellows, remarked that the expression once current in the United States, "There's no good Indian but a dead Indian," applied precisely nowadays to the German public's attitude toward the officer class.

Private soldiers bear out this statement. "At the beginning of the war," one said, "the troops were fond of their officers, who ate the same food, carried their own packs, and shared the hardships of the men. But most of the regular officers were quickly killed off, and those left were sent away from the lines for staff and other duties.

"Their places were taken by reserves, who were an entirely different lot. They had to have special kitchens and milk and plenty of wine. They refused to march with the troops, always riding in automobiles, and making the men carry their packs. They were bullies and tyrants, and the men grew to hate them. The civilian population felt the same way. I was in Belgium when the armistice was signed, and when we withdrew to the Rhineland the people there were willing enough to provide lodgings for

us privates, but they refused to have officers in their homes. Those fellows now are only getting what's coming to them."

In a number of cases ex-officers have found themselves inadvertently applying for work to the very privates they once commanded. These former soldiers, business men and shopkeepers take keen delight. It is said, in turning down their old superiors. Many of the young ex-officers are taking up engineering and other technical lines, starting at the bottom of the ladder as manual workers in overalls.

After the first revolution it was a risky thing for an officer to appear on the streets in uniform. They were emboldened by the Kapp coup last March and since then have been showing themselves in increasing

numbers, especially student reserve officers, who are easily identified by their pale faces slashed with fresh sword cuts received in duels.

INQUIRY AT HOSPITAL.

Guelph, Ont., July 29.—(Special).—A representative of the medical branch of the militia department at Ottawa, Major McQuay, by name, is said, in turning down their old superiors. Many of the young ex-officers are taking up engineering and other technical lines, starting at the bottom of the ladder as manual workers in overalls.

WHEAT IN STORE IN CANADA DECREASES

Ottawa, July 28.—(By Canadian Press).—According to returns received at the Dominion Bureau of Statistics for the week ending July 9, the quantity of wheat in store at the different public elevators thruout Canada has decreased by 3,674,604 bushels, in wheat, oats, barley, flax and rye. The chief decrease was in the eastern public elevators, where the decreases in wheat alone was 1,902,081 bushels. In the western country elevators the decrease in all grains was 620,788 bushels.

NOT PROPAGANDISTS, BURNHAM ASSURES

Press Delegates Are Pilgrims Seeking to See Things As They Are.

Halifax, N.S., July 28.—(By Canadian Press).—"We have come to recognize that not only is Canada thinking and speaking today ahead of Europe, but she is thinking and speaking ahead of herself," said Lord Burnham today in acknowledging the welcome Halifax and the province of Nova Scotia tendered the overseas delegates to the Imperial Press Conference.

"It is because we believe that you will continue to think and speak ahead of yourself that we are so glad to be here today," concluded the chairman of the conference. Speaking in the historic legislative chamber of the province, Lord Burnham replied to the formal welcome expressed by His Honor Macdillium Grant, lieutenant-governor of Nova Scotia, congratulating the province on the great part it had played in the life of Canada, practically laying the foundations of federation and the growth of national life based on the "two great types of civilization, the varied and complementary qualities of both races joining made for the prosperity and strength of the Dominion."

Lord Burnham Speaks. Replying to the welcome of his honor, the lieutenant-governor, Lord Burnham said, in part:

"As an old parliamentarian—and, altho I am growing old, I was once the youngest member of the British house of commons—I feel it a special honor to be here in what is one of the second oldest in the British empire today. We are here as a band of pilgrims of the press, just starting to explore what is for us no longer the great divide, but the great binding link between us.

"We are not here for propaganda. Of all the horrible words that were coined during the war, I think that word 'propaganda' is the one I hate the most. We are here to tell the truth as we see it. Carlyle has said that the mistake most men make is forgetting facts. We are here to see the facts for ourselves and to see things as they really are. You have no reason to believe that we shall go away disap-

FINDS DEAD BODIES OF MAN AND WIFE

Aged Couple Stricken With Heart Failure at Beaconsfield, Ont.

Woodstock, July 29.—(Canadian Press).—The dead bodies of an aged couple, Mr. and Mrs. Jas. Underwood of Beaconsfield, a small village, seven miles from Woodstock, were found yesterday by A. J. Tree, who happened to pass the residence of the couple. When Mr. Tree first passed the house he noticed the husband apparently asleep on the lawn in front of the house. On returning he found the man in the same position, and on investigating discovered he was dead. Mr. Tree then entered the house and was horrified to find the dead body of Mrs. Underwood. Death had evidently not separated the old couple long.

The coroner was notified and after examination concluded that, altho the circumstances were unusual, still both had died of heart trouble. Death had evidently taken place after breakfast as the dishes remained unwashed on the table.

BIG FIRE IN ST. THOMAS.

St. Thomas, Ont., July 28.—Fire originating from an unknown source, completely destroyed the pattern storage department pattern room, and a portion of the roof of the casting foundry of the Canada Iron Foundries Limited, and the material sheds and shipping building of the Dominion Brake Shoe Company, Limited, early this morning. The total damage is estimated at \$100,000, partly covered by insurance.

ALLIES ARE AGREED
ON SOVIET ISSUE

Lloyd George Says Italy Was
Kept Informed and Fully
Coincided With Views.

London, July 29.—Great Britain, France and Italy are in complete agreement regarding the Soviet government, despite the Russian soviet government's statements to the contrary made by the Russian soviet government in the declared Premier Lloyd George in the House of Commons today in replying to questions concerning the Boulogne conference.

Owing to the urgency of sending an answer to the allied government concerning the proposed peace conference, Mr. Lloyd George said, it was impossible to secure the attendance of Italian representatives at Boulogne, but Italian representatives had entirely agreed with the allies.

The premier read the message delivered to the allied government by the British communication pointed out, seemed to reflect the participation of the allies in the last message appeared to agree to it. Great Britain's message continued:

"The British government considers that if the allied governments are to meet delegates of the soviet government with any chance of success, delegates of the Polish government and of the other border states concerned, must also be present. The conference must have as its essential object re-establishment of the peace of Europe and in the first place between Poland and Russia on conditions which will secure the independence of Poland and the legitimate interests of both countries.

"The conference should also consider questions which are still outstanding between soviet Russia and the border states which have not yet signed definite peace with Russia. After the settlement of these questions between the governments of soviet Russia and the allies and the re-establishment of normal relations between them."

Mannix's Plans Unchanged
Will Sail on Saturday

New York, July 29.—Plans of Archbishop Daniel J. Mannix of Melbourne, Australia, to leave here next Saturday for Great Britain on the steamship Aquitania are unchanged, following notification from the British government that he will not be allowed to enter Ireland, because of his recent utterances on the Irish question. The American commission on Irish independence announced today.

"Despite Lloyd George's ukase," the announcement said, Archbishop Mannix will sail on Saturday noon. Every lover of liberty, especially everyone of Irish blood, should attend to bid him goodbye.

The Baltic stops at both Queenstown and Liverpool. The commission did not state at which port the prelate planned to land.

DROPS TO DEATH.

Montreal, July 29.—Arthur Venne was instantly killed, and two fellow workers narrowly escaped with their lives when a wire cable supporting the boom of a cement chute on a site in course of construction in the east end of the city, snapped today, dropping the three men who were at work on the boom.

Venne dropped thirty-five feet with the debris of the boom, and a bucket of cement fell on his head. The other two men managed to hang on to the falling boom and escaped without injury.

BUSH FIRES IN B. C.

Nelson, B.C., July 29.—A forest fire, started by lightning, at the head of Lemon creek, in the Slocan district, is being fought by forest rangers from Nelson.

A big bush fire is raging on the west side of Slocan lake, opposite the town of Denver, started by lightning. Anxiety is felt for Van Sloan's logging camp.

HELD UP CHAUFFEUR.

Montreal, July 29.—Nichola Carita, an Italian, accused of highway robbery, was found guilty by Judge Basin in the court of sessions today, and was remanded until August 1 for sentence. The evidence showed that Carita had engaged one Dubreuil, a chauffeur, to drive him to the north-west end of the island on the highway near St. Anne de Bellevue, and relieved him of a considerable sum of money.

"UNDER THE SKIN"

YOU can believe me or not these here is certainly dog days for us pore modesty what has to hold a pose like "The Girl in Furs" with the heat beat'n us steady like it is. Yesterday I just about melted away and along by four o'clock the boss threwed down his elegant walk home 'ill put me in shape for tomorrow." I says, and I stepped it out and was tryin' to make up my mind where should I go to put away a fruit split when came an awful storm, which made me do a kilometre into one of them swell "charge it" stores.

It was afternoon tea time and everybody buzzed around in summer togs, and bein' dressed for labor and not for society, I felt kinda out of my class, and when the dames sellin' began givin' me the dierks-eye, I quit promadin' the aisle, and bought me a spoon of bread, makin' me a customer and givin' me the right to parkin' space, so out I breezed to the lobby, and bein' it was still rainin' I loitered round and got a line on the bunch what was, like myself, ascared to go out in the rain, and there's where I learnt something. Grab this!

"There's a swell bargain in lace collars, Phoebe," says a voice behind me like a tin whistle, with the accent on the tin.

"They're shore putrid," says Feeb, "but they'd make good Christmas presents." At that I knowed they was pikers, and kinda looked around, and it blizzed me to see two of the smoothest lookin' jassa what ever roughed a lip, both pigged like a couple pluck boss, standin' there leasin'.

We was almost alone by this time as everybody had somebody call for them in a lemzone.

Then says the tin voice: "Gee, I wish some guy would come along and take us—Oh, you!"—she says, as one did, and bulve me, if they didn't make a mash and lam it out and get in a strange fella's car.

And while I was standin' there thinkin' that they couldn't have been ladies, and what could I do to get popular like that, but comes a real swell bird what right away I know he covered the store 'n' everything by his little muscled arm.

"Leave me fetch you home in my car!" he says to me. "I have saw your face so often on our Smebla face cream that I feel like I know you."

And I'll say them new reciprocatin' movement cars ride somethin' grand.

THAT N. S. RESULT
NO REAL SURPRISE

Political Seers at Ottawa So
Assert—Some Miscalculations Admitted.

Ottawa, July 28.—(By Canadian Press) The election returns from Nova Scotia have not occasioned much surprise at the federal capital. The return to power of the Murray government was expected by practically all the political prophets, but the results in some of the constituencies occasioned surprise. The surprises include the defeat of Hon. D. H. Armstrong, commissioner of public works; Hon. H. E. Wickwire, minister of highways, and Mr. W. L. Hall, the Conservative leader, who went down in Queen's county.

The election of two Farmers in Colchester county was also unexpected and the news was received with considerable interest because it is in this constituency that Hon. F. B. McCurdy, the new federal minister of public works, will present himself for re-election within the next six weeks.

Government supporters assert that despite the success of the Farmer candidates in the provincial contest, the new minister will not experience much difficulty in securing the endorsement of the majority of the voters of Colchester. While the election of four Labor candidates in Cape Breton county occasioned little surprise here, the defeat of Col. Ralston, D.S.O., who headed the Liberal ticket, was not anticipated.

The result of the election probably means that the Liberals, who have been in power in Nova Scotia continuously since 1882, will pass the 40-year mark in power before there is another provincial contest. This easily constitutes the record for Canada. It also means that Premier Murray, who has been at the head of the Nova Scotia government since he succeeded Hon. W. S. Fielding on July 22, 1896, a period of 24 years, holds the long distance record as a provincial premier.

FIVE LIBERALS IN HALIFAX

Halifax, N.S., July 29.—Halifax county returns for the provincial elections of July 27 are still incomplete, tho the election of all five Liberal candidates is conceded as beyond question. Reports from nine out-of-the-way districts along the coast have not yet been received, but are expected here by boat tomorrow.

SWISS POSTOFFICE
DID SPLENDID WORK

London, July 29.—During the war the Swiss postoffice acted as a clearing house for letters, parcels and other postal matter despatched to and from prisoners of war and civilians interned in the various belligerent countries, and the masterpiece of the services thus gratuitously rendered by the department is indicated in a report recently issued by the federal government. The total number of letters and postcards which passed thru Berne and Basle was 535,876,831, of which nearly 200,000,000 went to Germany, and over 200,000,000 to France and her colonies. Close on 25,000,000 small parcels and just under 94,000,000 parcels up to 12 pounds were handled.

Of the latter no fewer than 695 million were forwarded to French prisoners in France, 8,377,581 parcels were despatched to Italians in Germany, 15,048,000, and to German prisoners in France, 8,377,581 parcels in Great Britain, 1,467. Parcels for British prisoners in Germany were sent thru Holland, but the following were transported via Switzerland: Austria, 84,432; Turkey, 13,440; Austria, 31,461.

From the beginning of the war up to the end of 1918 parcels of bread weighing in all about 27,500,000 pounds were posted in Switzerland. The total amount of bread sent from Switzerland to prisoners of war in Germany, as large consignments were sent off regularly to them by express railway service and by way of Holland and Denmark.

INTERNATIONAL MONEY ORDERS.

International money orders, payable to prisoners of war and internees in the belligerent countries, which are converted and forwarded by the Swiss postal authorities, numbered 10,712,022, and were of aggregate value of 159,731,206 francs at the normal rate of exchange of 4.389248. Large numbers of letters, postcards, newspapers, parcels and money orders were also handled on behalf of prisoners interned in Switzerland itself. The total of postal matter transported by the Swiss postoffice for prisoners of war and internees amounted to 714,536,827 despatches of all sorts, all made free of charge. Had the whole made free of charge. Had the whole made free of charge.

FIRST HARVESTERS' CON-

QUIET CLOSE TO THE LOCAL CATTLE TRADE

Small Meat Market is Good and Steady. With receipts of less than 100 head cattle at the Union Yards yesterday, trade was practically at a standstill, the whole market being characterized by extreme quietness. Receipts this week have been more than ordinarily small and there is no denying the fact that it has taken a lot of work to get the market cleaned up and affairs brought to a normal state. The market is quiet, and the outlook is none too good.

GRAIN MARKET WAS DEPRESSED

Effect of Bearish Reports After General Advance in Prices. Chicago, July 29.—Attention to bearish reports on the financial outlook counted today in depressing the grain market after an all-around advance. Wheat closed heavy, 1 1/4c to 1 1/2c net lower, with December 23 3/4c and March 23 1/2c. Corn finished 1c to 2 1/2c down, and oats varying from 1c to 1 1/4c decline to 1 1/4c gain. The outcome in provisions was a setback of 2c to 15c, upward tendency to appreciation that early buyers might injure the corn crop. Later, however, the fact that export bills were 6c to 5c lower put a weight on the market, and so, too, did the weakness of foreign exchange. Besides, the spokesmen for one of the largest firms on the board here was quoted as saying that borrowers' difficulty in obtaining money was placing the grain trade in an embarrassing position.

July 29.—On the request of F. McGee, attorney for Arment, who is held without his island pending investigation of the status under the Immigration of the United States, a postponement of the case was today, the hearing being set for Tuesday.

WELLS' MEMORIAL

July 29.—(Special)—A testing event marked the annual meeting of the Relief Association of Canada today, when a bronze tablet was dedicated to the memory of the association who lost their lives in the great war.

NEW YORK CURB

New York, July 29.—The close on the curb today was somewhat higher than the final figures yesterday. There was a considerable amount of short covering which contributed to a firmer undertone and a higher range of prices.

CHICAGO GOSSIP

A. L. Hudson had the following at the close: Chicago, July 29.—Wheat: This market has every indication of working lower for the cash property, which is still selling at considerable premium over December. A large crop is coming thru, on top of a heavy carryover, and this must eventually have a marked effect on values.

BROMPTON EARNINGS

Montreal, July 29.—The earnings of the Brompton Exp. & Transp. Co., Ltd., for the first half of the fiscal year, ended April 30, last, make an excellent showing. Gross profits for the period amounted to \$948,285, as against \$517,855 in 1919. Net profits, after fixed charges but before depreciation, were \$378,880, an increase of 111 per cent. over the corresponding period of 1919. This represents earnings at the rate of 22 per cent. per annum on the old common stock, or \$1.14 a share on the new.

CONIAGAS' DIVIDENDS

On August 1 Coniagas Mines Company will distribute a dividend of 2-1/2 per cent., amounting to \$100,000. This makes a total of \$400,000 disbursed so far this year.

MONEY AND EXCHANGE

Paris, July 29.—Prices were irregular on the bourse today. Three per cent. rentes, 58 francs 50 centimes; on London, 49 francs 16 centimes. Five per cent. rentes, 83 francs 70 centimes. The U.S. dollar was quoted at 15 francs 85 centimes.

BANK OF ENGLAND STATEMENT

London, July 29.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased 1,040,000, circulation increased 1,170,000, bullion increased 4,600,000, public securities decreased 1,111,000, other deposits decreased 1,267,000, government securities decreased 1,324,000.

TORONTO BANK CLEARINGS

Toronto bank clearings for the week just ended totaled \$90,403,403, an increase of nearly thirteen millions over the corresponding week a year ago, the down last week and a half millions from the week ended 1920.

PRICE OF SILVER

London, July 29.—Bar silver, 56 1/2 per ounce. General Aupled gained 3/4 at 88; Actua Explosives ruled steady around 10 1/2, while Pulp and Paper was unchanged at 8 1/2.

ANOTHER E.C. LOAN

Victoria, B.C., July 29.—Hon. J. Hart, Minister of Finance, has called for further provincial loan of \$8,000,000 worth of six per cent. five-year bonds, principal and interest payable in Victoria, Montreal, Toronto and New York, and the proceeds devoted to construction work on the Pacific Great Eastern Railway.
