CARS JUMP RAILS

Debris is Piled Up as the Rescuers Search for the Injured.

(By a Staff Correspondent)

Upper Loch Lomond, N.B., July 31.—An interview with a reporter for "The Times" this morning, David English of Ireland, told of being on the C. N. R. Quebec express which crashed into a freight train just past Picard, Que on Saturday morning with fatal results. He and his father had been visiting at the home of Squire Alexander Johnson, their relatives here for about four months and left on last Friday afternoon by way of the Valley Railway for Montreal whence they were to sail for England and then go to their home in Ireland.

They had with them two large trunks and a crate in the baggage car and a white with them in the second class car. Mr. English Jr. was sitting two seats from the front end of the car with his back to the engine and his father was facing him. When the crash came, at 7:05 o'clock on Saturday morning the young man was thrown under the wreck, his arms folded across his chest and his head struck the side of the car. His father was thrown out of the seat and his father was knocked out of his seat into the aisle.

Out Through Window.
The baggage car left the second class car and threw it off the track into a bank. The accident happened in the woods near Picard, Quebec. Young English crawled out through the window. Things were piled up all around him. The engine of the freight train was on fire. The engine driver of the freight train was lying on his back under the wreckage, his arms folded across his chest. All these crimes were committed within one year ending with the double murder for which he was hanged.

NEGRO ACCUSED OF MANY CRIMES

Hanged for Murder of Double Murder, Mitchell Had Bad Record.

Waco, Texas, July 31.—Roy Mitchell, negro, was hanged in the county jail here last night for the murder of Mrs. Mitchell, his wife, and her companion, in a Waco park last January. Mitchell was also under indictment on two other murder charges which were not tried. In addition he had been indicted for attacking three white men and two attempted murders. All these crimes were committed within one year ending with the double murder for which he was hanged.

VOTE TO STRIKE

Ballot of Men on Newark Lines Shows 1,429 For, 31 Against.

Newark, N. J., July 31.—The strike vote of men employed on the Newark lines of the Public Service Railway Company tallied early today showing 1,429 votes for the strike and 31 against. Early returns from the other districts indicated a proportionate vote in favor of the strike. As the strike vote is being tabulated city officials of Newark and other communities affected perfected plans for handling the transportation situation in their localities. If the strike is voted, the men will quit work at midnight tonight, union officials said.

Chinese Gunboats Bombard Amoy Fort

Amoy, China, July 31.—After bombarding the fort here on Saturday two gunboats of the Peking Government retired to the western side of the island of Kulangsu, inlet settlement, where they are at present lying protected from the guns of the fort. Before the bombardment the boats had captured the island of Queeny.

100 Per Cent. Increase In German Income Tax

Berlin, July 31.—The German cabinet today adopted number of taxation measures with the purpose of supplying the country with the considerable sums of money it needs owing to the depreciation of the mark. The bill provides for a 100 per cent. increase in the income tax to meet the expenditure necessitated by the occupation of the Rhineland and the Ruhr. The trading companies must pay a heavy increased corporation tax for the same purpose. These taxes will not be levied in the occupied region.

The beer tax will be increased, but the tax on mineral waters is dropped.

Trial and Film Show Split Crowd 50-50

Goodwater, Ala., July 31.—The courthouse here is used for motion pictures when the court is not in session. A trial went late into the afternoon recently while an impatient proprietor and audience awaited opportunity for the usual picture show. When it appeared that the case would drag into the night, the judge and the motion picture proprietor compromised.

TRACE OF PRATT IN MONTREAL

Police Search for Stouffville Hotel Man, Missing Since June 30.

Toronto, July 31.—Trace of Frederick G. Pratt, proprietor of the Manion House at Stouffville, missing since June 30, has been found at Montreal. Information to this effect was received at Provincial police headquarters from the police at Montreal.

MURDER, MITCHELL HAD BAD RECORD

Waco, Texas, July 31.—Roy Mitchell, negro, was hanged in the county jail here last night for the murder of Mrs. Mitchell, his wife, and her companion, in a Waco park last January. Mitchell was also under indictment on two other murder charges which were not tried. In addition he had been indicted for attacking three white men and two attempted murders. BUSINESS IN ST. JOHN TO GET BOOST

Wall Street Hears Grain to be Shipped Through Canadian Ports.

OPTIMISM HERE

Citizens Believe That City Will Receive Benefit by the Change.

(Canadian Press)

New York, July 31.—A special dispatch to the Wall Street Journal from Buffalo says:

Practically all shipment of Canadian grain from American ports have been diverted, at least temporarily, through operation of Canada's new freight rate regulations of the Great Lakes. Grain men express the belief that they will receive only the "slip-over" of the Canadian grain harvest, unless the Canadian Parliament makes some adjustment of the new act. This opinion was supported strongly by vessel brokers and grain men of Duluth. There is every indication that shipments abroad through New York and Philadelphia will suffer and that Montreal will benefit.

Honeymoon Cars Provided by Pullman

Chicago, July 31.—Pullman Palace car officials have made a tremendous hit with honeymooners with their new type of sleeping car, which is already in operation on California limited trains over the Santa Fe, and other roads are placing orders for them.

When berths are made up, a new style partition going from the seat to the ceiling, gives the occupants absolute seclusion. Young couples who have been embarrassed by the stares and chuckles of unseeing fellow passengers, hail the new cars with joy.

Strenuous Trip of 39 Days Preceded Harding's Collapse

San Francisco, July 31.—Here is the record of work performed and difficulties undergone which wore down President Harding's health so that what was believed at first to be but a mild case of ptomaine poisoning developed into serious illness.

Left Washington June 20, travelled 36 days.

Covered by train, steamship and automobile approximately 7,500 miles. Delivered sixty speeches, of which thirteen were set addresses at night before large crowds, and represented careful and laborious preparation beforehand. Exposed himself to all sorts of weather and conditions to address crowds from rear platform of his special train.

In 89 days slept only three nights outside his private car or off his ship. Maintained almost constant touch with his office in Washington even while traversing Alaskan waters on ship and transacted much official business by telegraph, wireless and the mails.

Omitted his usual daily periods of exercise and recreation.

DO WELL AT PIE SOCIAL IN RENFORTH

Nearly \$200 was raised last night at Renforth at a pie and basket social held in the club house in aid of the Sunday School building fund of the church of St. James the Less.

Good music was provided by the efforts of some of the members of the church. The record high price was \$10.00 paid for a basket by F. W. Waters.

Among the floral offerings received were a wreath from the Canadian National Railway, a wreath from the Moncton employees, a wreath from the St. John executive office staff of the C. N. R., and a large shield from the Knights of Pythias.

The palbearers were Messrs. J. J. Palmer, Crystal Beach, and Percy Ross, Hantsport.

The funeral of Miss Bridget T. Hill was held this morning from the residence of her sister, Mrs. Hugh Cleary, 317 Main street, to St. Peter's church for requiem high mass by Rev. Father McDonald, C. S. S. R. The funeral was attended by many friends and a great many floral offerings were received. Relatives were pall bearers. Interment was in the old Catholic cemetery.

Only 54 Men Not Yet Back to Work

Sydney, N. S., July 31.—Up to noon today no arrests were taken in connection with the Monday morning bomb outrage. Police investigations have met with no success.

At U. M. W. headquarters it is said that there are now but 54 men who have not been taken back to work. Fourteen of these are at Sydney Mines and forty in the Glace Bay sub-district.

Silly Barrett, manager, Dalrymple B. Foster, Rube Ferns, D. Franpton and John Beard, have left for Halifax. They will test the waters according to make permanent the temporary injunction which forbids McLachlan and Livingstone from functioning as officers of the U. M. W. in Nova Scotia.

JUDGMENT RESERVED IN MINERS' INJUNCTION CASE

Halifax, N. S., July 31.—Judgment was reserved following the hearing this morning of an application made by Silly Barrett, provisional president of the newly organized district 28, U. M. W. of America, through his attorney to have the temporary injunction preventing Dan Livingstone and J. B. MacLachlan, deposed heads of the former executive, from handling funds of the United Mine Workers.

CUSTOMS REVENUE INCREASES

Ottawa, July 31.—(Canadian Press)—There has been an increase of more than \$17,000,000 in the customs and excise revenue of the Dominion for the four months of the current fiscal year, which ended today according to returns available at the department here.

For the month of July alone the increase over last July was more than \$5,000,000. The largest part of the increase is in the revenue from the sales tax and other excise taxes.

EPINARD WINS STEWARDS' CUP

London, July 31.—(Canadian Press)—The Stewards' Cup, the principal event of the opening day of the Goodwood races, was won today by the three-year-old French colt, Epinard, owned by M. Pierre Wertheimer.

MacGee, Clarence C. Hatry's three-year-old bay colt, Jarvie, was second, with Smirks Up, and H. Miller's four-year-old bay colt, Hunting Song, ridden by Walsh, third, only a head behind Jarvie. There were 14 starters.

MANY ATTEND THE FUNERAL OF H. ALEXANDER

Floral Tributes to Victim of Train Wreck—Delegations from Societies.

Delegations from the No. 1 company, Salvage Corps and Fire Police, New Brunswick Lodge, No. 1, Knights of Pythias, The Masonic lodge and the Canadian National Express Company, turned out this afternoon to attend the funeral of Harry Alexander, who was killed on Saturday in the train wreck near Edmundston, to the lay honors to the memory of a departed friend.

Expressions of regret in the form of floral tributes were very numerous and together with the large attendance at the service, gave expression to the general regret felt at Mr. Alexander's death.

The service at the house, 97 Oxmouth street, at 2:30 o'clock was conducted by Rev. Canon R. A. Armstrong, and the body was taken to Fernhill where the burial service of the Knights of Pythias was read by the Chancellor, Commander of the lodge.

The funeral was very much improved. He will probably remain in the country all summer, and return to his home in the fall.

Grant Smith, wife of the president of the club. Mr. Smith was in the chair.

NO IMPROVEMENT.

The condition of Owen McCann, who was injured recently in a motor car accident in Prince Edward street, was said to be just about the same today at the General Public Hospital. There is no sign of improvement.

Grocer Fights Bandit With Fruit and Pies

Washington, July 31.—Gasparo Lucchese, who keeps a small grocery store, qualified as the hero of a slapstick comedy that wasn't recorded by a movie camera.

When a hold-up man interrupted him at the cash register, covered him with a pistol and ordered him to throw up his hands, he refused to take the command seriously. Instead he let fly a fat juicy pickle into the face of his amazed visitor and then followed it up with a barrage of pies and ripe fruit which soon left him in complete and victorious possession of the field.

Very Rev. Arthur Coughlan, C.S.S.R. of Toronto, Provincial of the Redemptorist Fathers, arrived in the city on the Montreal train this afternoon. He will officiate at the services at St. Peter's tomorrow morning.

UP TO COUNCIL TO EXTEND SYSTEM

Power Commission Ruling on Lighting Request of Com. Thornton.

That the City Council should define the policy in regard to extensions of the ornamental system or any changes in the present street lighting scheme, was the decision arrived at by the Civic Power Commission this morning, when a request from Commissioner Thornton for the placing of three ornamental brackets on wood poles in Sydney street was under discussion.

Tenders for line material were recommended to the council and the engineer reported that the installation of services was proceeding very favorably.

R. A. McAvity, chairman of the commission, was in the chair and Messrs. A. M. Brown, F. S. A. McAllin, Harold Fisher, J. N. Flood and W. L. Harding were present.

The chairman announced that both the Canadian General Electric Co. and the Canadian Westinghouse Co. had been notified they would be expected to bear the cost of the temporary switching installation, made necessary by the non-delivery of material on contract time, but no answer had yet been received.

The secretary read a letter from Commissioner Thornton advising that he had decided that more light was needed in Sydney street, between Union and King Square, and requesting that three 1500 c.p. be placed on the wood poles instead of 200 c.p. lamps.

Harold Fisher said this letter was a puzzle to him and he did not consider Commissioner Thornton had the right to make this request.

The chairman said he understood that as Commissioner of Safety the matter of street lights came under Commissioner Thornton.

Barry Wilson said a delegation from that section had interviewed the commissioner and asked for more light. As the commissioner did not wish to re-open the matter of extensions of the ornamental system, he Wilson had suggested putting the lights on the wood poles and provide the increased brackets which was necessary in that street. Mr. Flood said if there were to be any changes at all they should be ordered by the Common Council and he moved the letter be acknowledged and the commissioner notified that the decision of the Council on the question of additions to the proposed lighting system the council be asked to make with the matter. This carried.

The engineer recommended that tenders be made for the awarding of—H. M. Hopper, \$448.19; E. Leonard and Sons, \$291; Northern Electric Co., \$1,207.71; Canadian General Electric Co., \$1,175.10; subject to authorization of the expenditure by the Common Council. The engineer was authorized to pay the contractor 40 cents per bracket for attaching brackets to the ornamental poles.

The engineer reported the erection of the temporary switching station and the turning on of a part of the ornamental lights the submission of a proposition for the lighting of the Exhibition Buildings by the Civic Commission and that he would require another week to complete the report on the additional cost of the steel pole structure of the substitution.

In answer to a question from Mr. Flood the engineer said the progress with the distribution system was very good, although it might be better.

AUTO CASES IN POLICE COURT

Dr. R. M. Pendrigh, Dr. E. A. Westrup, Arthur W. McIntyre and Gerald Anglin have been reported by Police Constable Gorman for leaving their automobiles within fifteen feet of a hydrant on the north side of King Square.

The hydrant is partially obscured by grass and for this reason Magistrate Hendry said he would not impose any penalty until he had taken up with Commissioner Thornton some means of making the hydrant more distinguishable.

Aubrey Snodgrass was before the police magistrate today charged with passing on the wrong side of a standing street car at the intersection of Prince Edward and Union streets. Evidence as to the charge was given by Police Constable Young and Quinn and the case was put off until Friday morning.

Hudson Cheseman was fined \$10 for speeding in Douglas avenue. The verdict was made by Police Constable Killen.

Oliver Wood was fined \$10 for speeding at the intersection of Carleton and Duke street. Police Constable Gantner made the report.

Germans Stop Magnetos Of Airplanes in Flight, Say French

Startling Theory of New Discovery is Advanced to Account for Large Number of Machines That Have Fallen Recently in Former Enemy Territory.

Paris, July 31.—A startling theory has been propounded to account for the number of airplanes belonging to the Paris-Prague service which have fallen in German territory. It is said and believed by many officers of the French air service in the Rhineland and the Ruhr that the Germans have discovered a means of stopping the action of the magnetos of airplanes in flight. The Germans are credited with first having found a way to Berlin to stop automobiles within a specified area and the French believe they have applied the method to airplanes.

The pilots and passengers forced to land are allowed to go free, but the plane and the freight it may be carrying are confiscated, the machine being, according to French reports, sawn to pieces.

Since January 1 Germany has regained the liberty of the air, so far as civil aviation is concerned, under the Versailles treaty, but they are unable to prevent foreign military planes from flying over German territory.

And since the occupation of the Ruhr began they have refused to supply any weather reports, which are so necessary to successful operation of the air services. Recently the Germans served notice that no airplanes would be allowed to cross their territory to attend the aviation meeting at

The Evening Times Star

ST. JOHN, N. B., JULY 31, 1923. The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by the Brunswick Publishing Co., Ltd., J. D. McKenna, President.

GRAVELLY ILL

President Harding is evidently a very sick man. This morning's dispatches indicate that he is fighting for his life. His visit to Canada, followed so closely by an illness now admitted by the physicians to be very grave, naturally increases our interest in the head of the Republic.

As if with fitting reference from the mere publisher of a small-town daily to the correspondent of a metropolitan journal, simply said, "I'm sorry, better luck next time."

That is one view of him, Samuel T. Blythe, in the Saturday Evening Post paints the President as a calm and reasonable citizen, doing an immense amount of work and being subjected to no end of unjustified criticism.

CHERRING PRECEDENTS. In the period of despondency following the Napoleonic wars the London Times complained that the laborer was compelled to take moderate wages because the farmer could not pay his rent, and that the manufacturer had lost the trade of the farmer for the same reason.

WILD WORK. In trying to prove that cabinet art, free verse and impressionistic prose make up an evil trinity rather than an amusing one, a harsh critic holds up a few simple sentences from Mr. C. Kay Scott's "Sinbad" to prove his case.

Whether Britain will deal with Germany direct or prolong the anxiety by delay in further attempts to effect a concerted policy with France and Belgium seems still in doubt in London today.

Echoes of St. John's Famous DeMille

"Lucien," who is S. D. Scott formerly editor of the St. John Sun, writes in the Vancouver Province an interesting vein of St. John's famous Professor James De Mille. Says Lucien: "One of Vancouver's summer visitors is Dr. Archibald MacMechan, head of the department of English in Dalhousie University."

KINGSTON MINUS A CLERGYMAN

For the first time in many years the old Parish of Kingston, where three generations of Scovills were rectors of Trinity Church, is now without an officiating minister. There are besides the Parish Church at Kingston a church at Clifton, one at Whitehead and one at Long Reach where services are conducted every Sunday when a rector is in charge. Rev. William E. Scovill, the last rector of the Scovill family, died about forty years ago and his successor, Rev. H. S. Walawright, was in charge of the parish for over twenty years. He was succeeded by the Rev. Gordon Lawrence and Mr. Lawrence, after his removal to Hampton, was succeeded by Rev. Mr. Waterson. Mr. Waterson's incumbency was very successful except for his own misfortunes, having within a few years lost two helpmates. He returned to England three months ago and there has been no appointment since. Rev. Mr. Young of the Mission Church conducted the services Sunday afternoon in Kingston Parish Church and Rev. Mr. Coleman in the Clifton Church. Kingston is one of the most beautiful spots in the country in summer time and there are many visitors who feel the deprivation of Sunday services in the Episcopal churches. There are two Baptist and a Methodist church in the parish where the services are fairly regular.

RECENT DEATHS

James C. O'Neill. Suddenly last night at his residence 67 St. David street, James C. O'Neill, son of Mrs. Ellen and the late Daniel O'Neill passed away. He was a very popular young man, and his wide circle of friends were greatly shocked to hear of his sudden death. Although not in the best of health for some time, Mr. O'Neill had been out and around the city, no later than the day previous to his death. He was a member of the St. John Council No. 397, Knights of Columbus, and an employee of the National Drug Company. He is survived by his mother, and by four brothers, Charles P., John J., and D. Roy, at this city, and M. Louis of Sydney, N. S., and also by two sisters the Misses Catherine and Evelyn, at home. The funeral will take place on Thursday morning from his late residence to the Cathedral of the Immaculate Conception.

Tuesday of next week has been chosen for the annual Cathedral Sunday school picnic at Torryburn, and committees are at work on the preparations. The Boy Scouts will be an attraction again this year, as their two weeks camping time on the grounds just adjoining the picnic place will include the picnic day.

Find Woman's Body In Farm Cistern

Strathroy, Ont., July 31.—The search for Miss Marion Moyle, aged 23, who disappeared from the home of her brother, Thomas, in Metcalf Township Saturday, terminated in the finding of her body in the cistern on the farm by her brother last night. Coroner Ber-

dan, of Strathroy, said that the woman had apparently committed suicide and deemed an inquest unnecessary.

Water levels were supposed to have been used in the engineering of ancient Greece and Rome.

First Showing of Smart Felt Hats

The hats in this showing are distinctively smart and are in colors and types to suit practically any suit, coat or sports costume. They are ideal for late summer wear.

White promises to be in great demand—and these soft white felts are in becoming shapes that will immediately appeal to good dressers. They are very simply trimmed with bands, flat rosettes and fancy stitching.

Plenty of colored felts among them too and in such fashionable shades as almond green, bright scarlet, sand, grey and various browns.

This smart assemblage strikes an entirely new style note. Your inspection is invited.

Protestant Church Is Dedicated at Rheims

Replaces Structure Destroyed by Germans in 1914; Ceremonies Elaborate

Paris, July 31.—A new Protestant church to replace the one destroyed September 19, 1914, by the Germans, was dedicated in Rheims on June 24, in the presence of the civil authorities, a delegate from the Ambassador of the United States and delegations from Protestant churches of Belgium, Great Britain, Holland, Denmark, Norway, Sweden, Switzerland, which had contributed to the funds necessary for reconstruction. A number of pastors from Protestant churches of France took part in the service. The new church, one of the most beautiful buildings of modern Rheims, is on the Boulevard Lundy. It has a bell tower with three bells, an ornate choir room, beautiful windows and mural paintings, and a cloister dedicated to the memory of those who gave their lives in the World War.

Belgian Radium Plant May Kill U.S. Industry

Brussels, July 31.—King Albert recently went incognito to Oelen, near Antwerp, to visit the radium plant there, the only one of its kind in the world today. He was received by the director general, M. Neman, who showed him through the plant and gave him detailed explanations of the various processes involved in refining radium ores. The Oelen radium plant was erected at a cost of \$500,000 francs, and has been operating since 1922, refining ores brought from the Belgian Congo. At the time of its opening the Radium Company of Colorado said that the plant would exceed in size and capacity the sum total of all American plants formerly in operation, and because of the richness of the Belgian ores it would mean the closing down of plants in America for the manufacture of radium from Colorado carnotite. The Belgian Minister of the Colonies predicts that Belgium probably will become the world's chief producer of radium, owing to the rich deposits of radium ores in the Belgian Congo.

PASSES ON BECKETT'S HAND. Physician Finds Fighter Needs Rest of Three Months

New York, July 31.—In English boxing circles today are conducted in a decidedly formal way, as was evidenced in the announcement of the cause of the postponement of the match between Joe Beckett and Georges Carpentier. Beckett saw one of London's noted specialists, who, after examining his hand, gave the fighter the following certificate: "I have this day examined Mr. Joe Beckett's left hand. There is still decided inflammation and thickening above the ligaments and other tissues of the knuckle and forefinger. I am certain that the hand is not fit for training, and Mr. Joe Beckett will not be able to fight for some time. In-

juries of this type are always slow in mending and a rest of at least three months is essential."

GORKY TO WRITE SCENARIO.

Berlin, July 31.—Maxim Gorky, the Russian author, has just closed a contract with a motion picture company

agreeing to write the scenario of a historical Russian film. His "Memories," which he has been working on for some time, have just been completed and will soon be published in three volumes.

MOTORMAN'S GOOD WORK.

The quick work of Harry Pearson, driving street car No. 78, prevented a

serious accident in City Road yesterday afternoon. Stanley Thibideau, two-year-old child of Mrs. Thibideau, 545 City Road, got on the car tracks. Mr. Pearson brought the car to a stop as quickly as possible and barely struck the child, knocking him down but not hurting him seriously.

Jaunty Jaquettes And The Right Skirts

Dashing, refreshing, full of the spirit of Summer, a flash of color and a White Pleated Skirt to complete. That speaks for some Jaquettes, but others have special Skirts to match if preferred. There is even one in White Cricket Flannel with a Skirt of heavy Silk Crepe (camisole topped), \$27.75.

For \$10.75—listen to this: A Home-spun Jaquette of Cornflower Blue, bound in Sand throughout, a low pocket and Sand Ribbon cross-over tie. The pleated Skirt to go with it, \$11.95. Same style Jaquette in Violet Hemsport bound in Gray Grosgrain ribbon. A Skirt to match in either Canton Crepe or Crepe de Chine, \$14.75.

A beauty in Jade Flannel, all-over embroidered in heavy White Silk braid, \$22.50. Pleated Skirts to go with this one as well as others may be in White Flannel at \$6.50, Crepe de Chine at \$14.25, or Canton Crepe with camisole top.

A Rose Alltime Crepe with White Collar and Cuffs and White Skirt, \$22.50 complete. The same acquires the majesty of an English Cricket Flannel Jaquette with a vivid Black and Red Oriental pattern on a White ground. This one buttons and caps the climax in Jaquette modishness.

Lovers of color and catchy style will have a great time looking over these and others in their class.

NO USE TEACHING CLASSICS TO BOYS WHO CAN'T LEARN

Sir Henry Newbolt's Address on "Illiteracy in Public Schools."

Expert Says Education Really Begins at 25 Years and Ends at 85.

London, July 9.—(By mail)—Sir Henry Newbolt gave an address on "Illiteracy in Public Schools" at the annual meeting of the Parents' Association, held at the house of Sir J. Rennell Rodd, Cavendish square, on Friday.

Sir Henry Newbolt, in his address, said he did not believe that public schools were honeycombed with illiteracy. If it were stated that illiteracy did exist in public schools, the reply came that the illiteracy was due to the abandonment of classical education. To his mind the illiteracy of boys was voluntary, but if a boy chose to be slazy and careless, there must be some reason for it.

BULLDOG SOLE LEATHER

Wears twice as long as ordinary leather. Toughest Leather Ever Tanned.

One young woman at a bungalow colony bought a canoe early in the season. A pair of leather canoe cushions were the first objects that the kindly tide sent almost up to her door.

But the tide is a sort of universal provider, and summer colonists on Long Island and the Westchester shore have found that almost anything is sure to turn up if you wait long enough.

For an inland town, Abington, Mass., was treated to an unusual sight when an automobile containing five or six young women from Brockton, who were attending in bathing suits and were in their way for a morning dip at one of the nearby beaches, broke down and they were forced to stop at a garage for an hour or so until repairs were made.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

SEE GERMANY MOVE TOWARD GOLD BASIS

Financial Writers Forecast Restored Mark or New Currency System

Berlin, July 30.—Various financial writers express the opinion that Germany is automatically, perhaps unconsciously, undergoing a transition to a gold currency basis. These commentators believe that the increasing practice of invoicing on a gold standard and the Government's announcement that wages will be adjusted to conform with the depreciation are definite indications that the paper mark is now being discarded as the unit of computation. Some of the more advanced and elementary laws of economics, it is pointed out, suggest the utility as well as the menace of retaining the falling paper mark as the currency unit, and numerous commercial organizations are earnestly urging their members to adopt the system of "gold accounts" whereby a substitute for foreign gold currency would be created. Trading under this system, it is urged, would preclude speculation in paper marks inasmuch as transfers of debits and credits would take place by gold checks or drafts. It is also believed that, once this system was firmly established, incoming foreign currency would more readily be placed at the disposal of the Reichsbank than would then no longer be any occasion for hamstringing foreign monies. The internal gold loan, which the Government is soon to place on the market and which can be purchased with paper marks at the current gold equivalent, will materially contribute to encouraging investments in gold pledged securities, the ultimate result being that the now discarded mark may eventually be rehabilitated or that out of its dissolution a new system of currency may be born.

Fears Ban on Stamps Will Cause Delays

Postage stamps may be used on receipts, checks and other bank documents until October 1, according to advice received last week by local postal and excise officials from Ottawa. It had been announced previously that excise stamps would have to be used after Aug. 1, but other arrangements were made by the minister of finance and the change will not be made for two months. After Aug. 1 the maximum stamp on a bill will be \$1 in lieu of \$2, and forms of receipts over \$10 will be taxable. The excise stamps will be on sale at the Customs House and the banks. The post offices will not handle them as it is feared the confusion between them and postage stamps would result.

TENDERS FOR DREDGING SEALED TENDERS

SEALED TENDERS addressed to the undersigned and endorsed "Tender for dredging, Digby," etc., as the case may be, will be received until 12 o'clock noon (daylight savings), Tuesday, August 7, 1923, for dredging required at Digby and Hecton, N. S. Tenders will not be considered unless made on the forms supplied by the department and according to conditions set forth thereon. Combined specification and form of tender can be obtained on application to the undersigned, also at the offices of the District Engineer, Bellevue Building, Halifax, Nova Scotia. Tenders must include the towing of the plant to and from the work. The dredges and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for 6 p. c. of the contract price, but no cheque is to be for less than fifteen hundred dollars. War Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if the contractor so desires. By order, R. C. DESROCHERS, Secretary, Department of Public Works, of Canada, Ottawa, July 27, 1923. 23095-8-2

Notice For Tenders

Tenders will be received by the undersigned up to and including July 25th, 1923, for the painting of outside walls of the Glen Falls School, District No. 1, Parish of Simonds, according to specifications to be obtained on application to the Trustee or the Secretary. All necessary stock (paints), oil, etc., to be furnished by the Trustee.

Large Southern Cotton Firm in Bankruptcy

Augusta, Ga., July 31.—Involuntary bankruptcy papers against Barrett & Company, one of the largest cotton factors in the south, were yesterday filed in the Federal court here before Joseph H. Canah, local referee in bankruptcy, but the date of the hearing at which time trustees will be named was not set.

MORNING STOCK LETTER

(McDougall & Cowan.) New York, July 31.—The rally which we predicted developed largely, we believe, because of the earnings statements published and to be published. We expect this rally to go further although the condition of the president may use some uncertainty from time to time. The American Locomotive report showing a net close to \$25 a share on the old stock and close to this annual rate on the new fulfills the very optimistic statements made about the company early in the year. The Studebaker report today is expected to show about \$9 a share on the common stock. The net before depreciation and sinking fund charges of U. S. Steel, to be published after the close today is expected to be \$20.000,000 and \$20,000,000. Some of the rails are behind the industrial on this recovery, and we believe New York Central, Reading, Baltimore & Ohio, South, Railway and Pere Marquette may be bought for a turn. While we expect the market to advance further on this rally, we do not see any development as yet which would indicate that the market had turned definitely upward.

CONFLICTING AS BUSINESS BEGINS

Selling Pressure Again in Wall St.—Volume Falls Off in Montreal.

New York, July 31.—(Opening)—Conflicting price movements took place at the opening of today's stock market. Selling pressure was again applied to the oils and northwestern rails, most of which opened fractional lower. Baldwin, Famous Players, and Dupont each dropped more than a point, while Studebaker, Standard and Mack Truck registered minor recessions. U. S. Steel rallied slightly and Rockwell, Cerro de Pasco and other issues made their points advanced a point. Montreal, July 31.—(10:30)—The local stock market suffered a further dropping off in volume of business today. Only four issues made their appearance on the board during the first half hour. Abitibi and Quebec railways at 18 were unchanged. Brazilian came out with an overnight loss of 1-4 to 58-8, ex-dividend and Montreal Power was off 1-4 to 115-4.

NEWS NOTES OF STOCK MARKET

New York, July 31.—American Locomotive after interest, depreciation and taxes \$8,972,125, or \$12.19 a share on 500,000 shares on common against a net loss of \$966,780 in corresponding period. Union Oil of California, six months ended June 30, net after expenses, taxes, depreciation and depletion, \$4,000,000, against \$6,000,000. Studebaker directors meet this noon for dividend. U. S. Steel directors meet at 8 p. m. for dividend action. Reynolds Springs Company declared quarterly dividend of 50 cents on common, also quarterly 13c per cent on A and B preferred. H. J. Gray of Fallston, Md., has been elected president of International Agricultural Corporation. Five large western roads reject request of shippers for export wheat and flour.

Britain Prepares For Political Activities

London, July 31.—The political parties in this country are busily engaged in completing arrangements for campaigns in the coming autumn. The Conservatives will hold meetings in all parts of the country and will wind up with a large conference at Bournemouth in October. The Independent Liberals have decided to hold a conference in September with a gathering in London of Liberal members of parliament, defeated candidates and other party workers. At this meeting H. A. Aquitt, the leader of the Independent Liberals, will deliver the policy of the party. The speaker will include H. A. Aquitt, Sir John Simon and Lady Bonham Carter.

Restoration of Confidence, and Determined Effort to Sell.

The last issue of the Shoe and Leather Journal contains some advice to shoe men which might apply in other lines of business. Following is the article: "Taking the shoe trade as a fair sample of general business, there is absolutely no reason why a fair amount of goods should not be moving right along and if, instead of trying to 'size' things up, everybody would go to work trying to sell, the confidence and the market determined effort to sell there would be a wonderful difference in the story that one hears today on every hand. In spite of all the talk about cycles of prosperity and periods of depression, there has not been anything like the demoralization that theorists and economists would have us believe. There are no queers as to the way of the world and the man who shuts his eyes to the fact that there are up and down periods of life, is lacking in common sense; but that too much is made of the ups and downs, and that the world damage is done by taking too much for granted especially by the spreading evil gossip cannot be disputed. It has been estimated that in spite of the so-called 'slump' in business, during the past six months there has been within about ninety per cent. of normal and notwithstanding all the talk of unemployment, depression and loss of money, five per cent. of labor walking the streets. In the face of this does it not look as if there is a deal of unnecessary fuss being made over business 'conditions' and entirely too little with respect to the business which is going on? In fact, we have fallen down badly on salesmanship at every stage of the game. The man who has learned one of the first lessons of good business, and that is to sell, is selling. He is selling his goods or stocks when the market is steadily advancing. We had a sample of this in 1918 and 1919. Fabulous profits were made simply because they could be regularly pyramided. Prices of commodities went up almost overnight. The man who has learned one of the first lessons of good business, and that is to sell, is selling. J. H. McRobbie Leaves Today for Vancouver

Shocked to Death In Live Wire Pool

Man Enters Flooded Cellar and Steps Into Water Charged by Electric Wire.

New York, July 31.—Joseph E. Kneisel, 55 years old, a metal worker, of 387 Wilson avenue, Brooklyn, went to the cellar of his home and found that rain had filled it with about two feet of water. He started to wade across the room to a stool chest, but he stepped into water that was fully charged from an electric wire. He screamed once and dropped foundering in the pool. His wife, Sophie, heard the cry and ran to the head of the cellar steps from where she could just see the body in the dim light. Another cry, this time from Mrs. Kneisel, brought John Glenn, a fellow tenant, who rushed down the steps to the rescue. He, too, received a shock and fell in a semi-conscious condition at the foot of the stairway.

Fans Like New Mr. Ump

Fred Barnstead officiated at last night's baseball game in St. Peter's park, for the first time in St. John since he was appointed umpire in the Two-1 League. He was formerly first baseman of the Quinby team which was dropped after a few weeks' struggle to keep up with the leaders. The fans last evening seemed to take kindly to the new official's style. He gives his decisions behind the bat in ringing tones and with emphatic gestures. He also showed commendable energy in speeding up the players in the shifts between innings.

Digs Up Dinosaurs 5,000,000 Years Old

R. C. Andrews Finds Fossils in Asia Linking That Continent With America.

Washington, July 31.—Roy Chapman Andrews, leader of the Third Asiatic Expedition of the American Museum of Natural History, New York, has sent a report via Peking in which he tells of the discovery of the bones of dinosaurs believed to be at least five million years old.

The report was written in the expedition's camp in the Gobi Desert, Mongolia, on the eve of departure for the interior away from all communication. It reads as follows:

"The first month of the expedition's work is far beyond our expectations. We expected only fragments of large and small dinosaur bones, but we have discovered an immense deposit of large and small dinosaur bones, which require many months to exhaust this region, but we have removed two partially complete skeletons and parts of several others. They include herbivorous dinosaurs thirty feet long of the Iguanodon type and smaller carnivorous species. These bones are at least five millions years old, but beautifully preserved.

"They probably are related to European types and with our former work indicates that Central Asia is the ancestral home of the dinosaurs which migrated to Europe and America.

"The expedition now is divided into two parts. One is working in the dinosaur beds and the other exploring later geological strata. The second group, camped twenty-four miles south of the first, is working in eocene deposits, the dawn period of mammalian life. The strata is extraordinarily rich in fossils remains.

"We have discovered a skull of a giant rhinoceros, like the best known as the titanother which, although as perfect as though the animal had died a week ago. The titanother were previously only known in America. Finding this particular stage in their development shows that they crossed from America by the way of a former land bridge to Asia.

"We have found also remains of a giant dog-like carnivore.

Dundee Now Seeks Lightweight Title

After Brief Rest New Featherweight Champion, Expects to Challenge Leonard

New York, July 31.—Johnny Dundee spent all Friday getting accustomed to the sensation of being world's featherweight champion. The wonderful little Italian veteran, fresh from his victory of Thursday night over the game little Eugene Criqui, and without a mark to show for the controversy in which he realized his life's ambition, was busy most of the day modestly acknowledging the congratulations of friends who did not have an opportunity to clasp his hand or slap his back as he stepped from the ring to his dressing room at the Polo Grounds after beating Criqui.

When O'Rourke Insisted on a Test of the Weighing Scales by Robert Eade-line, Criqui's manager, over the protests of Walter G. Hooks, chief deputy of the commission.

Exclusive of this incident, the Dundee-Criqui clash was declared one of the greatest of the season and one of the best in recent years, by those who witnessed the contest. Its one-sided features, resulting from Dundee's overwhelming margin of superiority over the courageous little Criqui, were absorbed in the spectacle of Criqui's stand despite Dundee's frantic efforts to win by a knockout. Through his showing—his clean boxing, and unswerving determination to stick to his guns until exhausted or crushed, despite an openly hostile crowd and the fact that he was engaging one of the greatest boxers of his size and weight ever known to the

DIVER BREAKS HIS SPINE

But Surgeons Say Standard Oil Superintendent May Live.

New York, July 31.—Although his spine was broken, his spinal cord completely paralyzed as a result of a shallow dive last week, Rudolph Kohler, Matchmaker O'Rourke announced the revised financial statement showed that the bout attracted gross receipts of \$18,714, which was paid by a crowd of 32,368 spectators. Of this sum, less the State tax of 5 per cent, Dundee received 12 1/2 per cent. Criqui, it is understood, received 37 1/2 per cent, with the understanding that if this sum fell short of \$50,000 he would receive the difference.

Second for St. Peter's.
The St. Peter's baseball team chalked up its second win of the series last night in Fredericton when they took the Capital players into camp by the score of 8 to 2. "Lefty" Strecker, for the Saints, received first class support in the field and at the bat, his teammates getting him a lead in the fifth inning. Paynter, for Fredericton, pitched a good game.

St. Rose's Clinch City League.
By their win over the Trojans last night on the Nashwaak diamond, the

St. Rose's team practically clinched the leadership of the City Amateur League, having a lead of three clear games over their rivals. Only four hits were made off Kerr, the Trojans' pitcher, but these were made into four runs, more than his supporters could gather in.

Poles Injunction Is Refused Company By Chief Justice

Surprised That There was No Answer to the Wilson Letter.

Sir Douglas Hazen's Findings re City's Lighting System.

The application of the New Brunswick Power Company for an interim injunction restraining the City of St. John from erecting the poles of their distribution system projecting through the Power Company's trees within three feet of them, and for the removal of such wires that have been erected in close proximity to the company's primary and secondary wires, was refused this morning, with costs as to cause, by Chief Justice Sir J. Douglas Hazen. The Chief Justice, in summing up the evidence placed before him in the affidavits, said that he was surprised that the Power Company had not answered the letter of J. Barry Wilson, engineer of the City Power Commission, in which he had offered to insulate the plaintiff's wires, and thus eliminate all danger. He thought that this might have proved a very satisfactory manner of settling the whole difficulty.

In view of the contradictory nature of the affidavits, he said that he could not see how he or any other judge could make a final decision without recourse to the advice of an expert electrician. Of the local experts, he said it would be rather hard to find one that was non-partisan, as the contention had existed for so long that all had taken one side or the other. To bring an expert from the outside, and have him go over the system, would mean that a report could not be submitted to him much before the time set for the hearing of the case, on August 21.

Taking into consideration also the assertion of the city to stand behind the Power Commission in the matter of damages and injuries should any occur, the city could continue its work at its own risk, and he would refuse the application.

LOCAL NEWS

ONLY ONE MADE GETAWAY

Only one occupant of the dog pound today, it was reported this morning—a brown spaniel without a license tag. Up to date 37 canines have been taken, and for 23 have been paid fines. Of the other four, three were destroyed and one escaped.

HARBOR REVENUE

For the first time this year the receipts from the harbor are less than for the corresponding period of 1922, the amount received in July being about \$3,500 as compared with \$5,000 for the same month of last year. For the year, however, the receipts are well ahead of those being nearly \$25,000 in surplus for the seven months.

FROM ST. STEPHEN

Thirteen Catholic Boy Scouts arrived from St. Stephen yesterday to go into camp at Torriburn with the local boys. They were accompanied here by Dollard Commins and his sister, Miss Petronella Commins who were guests of Mr. and Mrs. P. Brennan while here. Mr. Commins left for home this morning and his sister will return tonight.

AT MUNICIPALITIES CONVENTION

The address of J. Y. Mesereau on Provincial Valuation will probably be delivered on the second day of the convention of the Municipalities, to be held at Campbellton on August 21, 22, 23. Should time permit Mr. Mesereau will also give a talk on his recent trip to the western provinces.

GOVERNOR WAS PLEASED

A letter received yesterday by the secretary of the Board of Trade from Charles H. McIntyre of Boston, a former New Brunswicker, stated that Mr. McIntyre had recently conferred with Governor Cox and the latter had expressed his delight at the reception extended to him in the Maritime Provinces on his recent visit.

HYDRO AT HAMPTON

Work on the extension of the hydro transmission line from Hampton station to the contractors, the Maritime Construction Co., and will take about a month to complete. The company has now 180 signed contracts for domestic service in this area and two fine power loads.

HALF HOLIDAY PETITION

A largely signed petition will be presented to the Common Council this afternoon asking that a half holiday be granted on Thursday afternoon August 30. It is reported this morning that practically all the retail merchants had signed the petition and a number of the manufacturers.

IN FROM BOSTON

Among the 385 passengers brought on the S. S. Governor Dingley this morning were John Cronin of Boston, on a visit to R. E. Fitzgerald, 289 King street; Mrs. Deharney, visiting Mrs. Charles Reynolds; Miss Genevieve Creary, and Miss Ethel Creary, 424 Chesler street, representing a visit to friends and relatives in New York and Brooklyn. Besides the passengers the boat had about fifty-one tons of freight. She docked about 10 o'clock this morning.

GOING TO OREGON

The official delegates of Adila Temple, No. 157, D. O. K. K. to the week of August 13-18, are T. W. Perry, St. John and James S. Lord, St. Stephen. Mr. and Mrs. Perry will leave tomorrow evening and Mr. Lord is expected to leave about August 15. They will represent the local branch of the Nomads of Avardaka, the ladies auxiliary of the "Dokays."

EARLY CLOSING

Miss P. P. Alward, secretary of the Retail Merchants Association and A. V. Wright, manager of Weizel's shoe store, called on Mr. Fisher this morning in connection with the early closing by-law for shoe stores. After the conference Mr. Fisher said they had furnished him with some information which would be placed before the council at this afternoon's meeting, but was non-committal as to whether he would recommend the repeal of the by-law or otherwise.

NO SIGN OF THE LITTLE GIRL

Considerable excitement was caused this morning on the arrival of the steamer Governor Dingley from Boston, when a little girl who was expected in the care of the stewardess, did not arrive. A young lady called at the boat and a policeman accompanied her on board. He questioned the stewardess and learned that only two children, a boy and a girl, brother and sister, had been on the boat. As neither of them answered the description, and as both were in charge of an uncle, the search was given up. Inquiries from the office of the Eastern Steamships Company elicited the information that a middle-aged woman had been inquiring last week about a girl of about twelve years with fair hair, supposed to have been sent on Saturday's boat in care of the stewardess. The young lady this morning was asking for a girl of the same description, and it is supposed that the child expected was the same one. The names of the ladies could not be learned, but the little girl's name was Harvey. It is thought that her parents failed to send her.

POKIOK PRODUCES 4-LEGGED CHICK

A freak of nature is reported from Pokiook road from the henery of Mrs. S. Coddell. A batch of chicks came into the world there yesterday and among them was a Plymouth Rock with four legs.

The new arrival was able to move about, though not in quite the usual manner, and rather to the mystification of the staid father and mother in the coop.

AUTO TOUR OF PROVINCE

Mrs. Fred Miles, accompanied by Mrs. Fred Thomson, Miss Blenda Thomson and Miss Lillian Deinstadt, returned yesterday after a delightful motor trip to various parts of the province. Mrs. Miles, who drove the car, reports that the roads were in excellent condition. While away they visited Campbellton, Newcastle, Bathurst, the Caracat coast, Fredericton and Moncton.

As Hiram Sees It

"I see they been hevin' a lot o' talk in the papers 'bout London 'bout dance-in'," said Mr. Hiram Hornbeam to The Times reporter. "It seems the gals over there has gone jist about crazy over dance-in'." They want to dance every night an' keep at it till mornin'.

When I was a young feller the gals didn't like bein' hugged in public. They didn't mind it down by the gate on a dark evenin' nor in the shadder o' the porch—o' afore the lamps was lit in the settin' room—but they didn't go in fer these here huggin' dances. That minds me o' old Pheby Wart, out to The Settlement. She was near ninety year old, when the young folks had a dance an' a supper at midnight. Aunt Pheby sot up an' seen it all through. In her time they didn't hev even what you call square dances, an' when she was ast next day what she thought o' the party she pitched into the quoddlies an' waltzes—as mad as a hornet.

'Why,' says she, 'the very idee o' them gals lettin' fellers git so close to 'em an' go chasin' round like that. It was awful. We wouldn't never think o' sich doin's when I was young. Why, when we went to a dance when I was young we knowed how to behave ourselves. We jist picked up our petticoats an' danced like ladies."

AUTO CRASH MAY GET INTO COURTS

Two Cars Damaged in Collision at Haymarket Sq. This Morning.

The new traffic regulations may get a very thorough exposition if a mishap which occurred at the corner of Haymarket Square and City Road gets into the courts, which one of the interested parties avers it will in the near future.

Bruce A. Kingston of 10 Haymarket Square, a garage proprietor, was proceeding in his McLaughlin roadster from the western side of Haymarket Square and about to turn to the left of City Road when the car was struck by a Chevrolet driven by Mr. Gordon, meat dealer on Main street. The accident occurred almost in the middle of the turning area and naturally an exhaustive argument ensued as to where the blame lay.

Kingston said he was observing the new traffic law in making the outside sweeping turn to the right and that before he proceeded far he was checked by a draft team traveling to the right from Haymarket Square and another such vehicle out of Gilbert's Lane. He said he promptly checked his car and stood still until the traffic cleared.

The McLaughlin car had been stalled but a moment, he said, when it was struck by the Gordon auto, traveling down City Road. The heavier car was badly damaged, running board, a dented body and a general straining which its owner says will cost him heavily to get right. The front wheels of the Chevrolet were twisted, radiator damaged and the car was otherwise badly mangled.

As both parties to the accident are disinclined to accept responsibility for the crash, one of the highest in the law, having the matter settled in the courts. To some who saw the accident it appeared as if the new traffic regulations should receive a very thorough explanation in the evidence in this case may adduce.

THEY VOTE TO BUY MUSQUASH LIGHT

People of Apohaqui, Norton and Millstream Vote in Favor.

At a largely attended meeting of the residents of the Apohaqui, Norton and Millstream district, held last evening at Apohaqui, it was decided to proceed with the canvassing of the people for signatures for Musquash light, and if the necessary number of contracts were secured to ask the New Brunswick Electric Power Commission to go ahead with the installation of the line.

S. R. Weston, chief engineer of the commission, and Gordon Krebs laid the proposition of the commission before the meeting and answered questions. The vote to carry on the campaign for the current was by a majority, only six voting against it.

At the rate which has been quoted it will be necessary for at least 65 per cent. of the possible users to sign contracts before the work is undertaken. Should the proposition go through, the district will be served from the Sussex sub-station.
