WILL DEMAND SURRENDER OF WILLIAM HOHENZOLLERN

Allies United In Determination To Get The Kaiser

His Status That of Pirate or Slave Trader; Not Entitled to Sanctuary in Any Country; German Government Still Undecided Regarding Disposal of Former Emperor and His Family

London, Dec. 3.—A demand for the surrender of William Hohenzollern will be submitted to the Netherlands government in the name of all the Allied cabinets, according to the Express.

The opinion is held that Holland will not be disposed to put obstacles in the way.

She will not be asked to deliver Herr Hohenzollern under the ordinary extradition laws, but his status will be considered analogous to that of a pirate or slave trader, who is not regarded as entitled to sanctuary in any country.

His Own People Undecided. London, Dec. 3.—The German government is still undecided as to how to deal with the former emperor and the Hohenzollerns, said Hugo Haase, secretary for foreign affairs in the German cabinet, to a correspondent of the Express on Sunday.

"I think," he continued, "they may be sufficiently punished by the international odium they have incurred."

Discussing the war, Haase said: "The guilt of starting the struggle lies with both German and Austrian militarism. The government is now investigating the pre-war methods of the former foreign office, particularly regarding the handling of secret funds. The results will be published as soon as the investigation is completed."

Bavarian Premier Fissler. London, Dec. 3.—Kurt Eisner, the Bavarian premier, is losing prestige, according to reports received here by way of Amsterdam, Copenhagen and Bern.

A Copenhagen dispatch says that Eisner was hissed by his own partisans at Munich during a celebration in honor of returning soldiers. Later a supporter of Eisner was not allowed to make a speech and was obliged to flee from an angry crowd which removed the red flags along the streets and stormed the ministry of the interior, shouting "Down with Eisner!" Guards fired over the heads of the crowd, which dispersed.

A Berlin despatch to the Mail says it is believed that Eisner is gradually reaching a conclusion to retain his unity with the rest of Germany, rather than seeking a separate peace. This message also reports evidence of growing hostility toward Eisner, adding that there are signs in Munich that a crisis is approaching and that action favoring some form of monarchy may be taken within three weeks.

Ebert's Appeal. Amsterdam, Dec. 2.—Addressing a Socialist demonstration in Berlin Sunday, Premier Ebert strongly protested against what he termed the folly of splitting the unity of Germany or playing off tribe against tribe.

PRESIDENT OFF TO EUROPE SOON

Washington, Dec. 3.—President Wilson is expected to leave Washington this evening for New York, from which port he and the other American representatives to the peace conference will sail on the liner George Washington for Europe.

Official announcement as to the time of the president's departure was not forthcoming early today.

New York, Dec. 3.—The transport George Washington, newly painted a battleship gray and handsomely decorated, has steam up today at her dock in Hoboken in readiness to carry President Wilson and the peace delegates to France. The exact time of the vessel's departure has not been made public here, but officials seemed expectant that the ship would get under way about noon on Wednesday.

NO LONGER A MENACE

Basel, Dec. 2.—(Havas Agency)—It is reported from Berlin that the surrender of German warships under the terms of the armistice has now been carried out with the exception of the battleship Koenig, the cruiser Dresden and a torpedo boat which will be taken to England early this month.

The last of the series of submarines left Helgoland Nov. 29, so that 122 U-boats have now been delivered to the Allies.

The clearing of mines from the Baltic Sea has been begun. The Little Belt and the Great Belt may now be crossed without a pilot.

The Dutch government has decided to stop all exports to Germany in reprisal for the stoppage of the export of German coal to Holland.

MARKS END OF DOWNING ST. RULE FOR COLONIES

Domination Representation at Peace Conference Shows That New Era Has Dawned — Canada's Part in Reconstructions

London, Dec. 2.—(Canadian Associated Press)—Canada's war efforts and future were the subjects of an interview with Sir Robert Borden, which fills a column of the Daily Telegraph. Speaking of the peace conference, the premier said it was not only appropriate, but necessary that the dominions be represented. On behalf of Canada he was prepared to co-operate in the task of reconstruction of the devastated countries.

Commenting in a leader on the interview the Daily Telegraph says the presence of dominion representatives for the peace conference marks perhaps better than anything else the end of what used to be called Downing street rule, at which many generations of colonial statesmen chafed in vain.

The dominions during the war, certainly during its later stages, must have rendered to the empire separate and distinct contributions. On their own account they have sent and maintained, not contingents, but armies, and now they have established for themselves a fixed constitutional place in the imperial cabinet. They are not merely distant states, but full partners in the imperial commonwealth. Increased production has been the order of the day in every department, and Canada finds herself much better prepared and better equipped for the industrial activities of peace at the end of the war than she was at the start, saving only that she has lost so many of her bravest sons in the prime of their manhood. Her rate of development has been amazing for many years and the war itself has manifested no delay in checking it. It is to wonder she looks confidently towards the future.

FREDERICTON WELCOMES DUKE OF DEVONSHIRE

Governor-General Arrives in Provincial Capital WEATHER WAS COLD

Fredericton, N. B., Dec. 3.—Fredericton, the capital city of New Brunswick, welcomed His Excellency the Governor-General of Canada this morning on the occasion of his first visit to New Brunswick. The welcome was hearty, although not demonstrative, with both military and civil features. The official train arrived at the C. P. R. station about half an hour behind schedule. His Honor the Lieutenant-Governor, Hon. William Pugsley, waited upon His Excellency on board the train, and Premier Foster and members of the provincial government, Brigadier-General A. H. Macdonell and staff, and Mayor Hanson and members of the city council were present shortly afterwards.

Belgian Troops In Prussian Territory

U.S. Army of Occupation Resume March Towards the Rhine; Delay in Handing Over Locomotives May Hold up Peace Negotiations

Paris, Dec. 2.—The Belgian troops entered Aachen (Aix-La-Chapelle), Rheims, Trier, and Luxembourg, according to reports from Brussels.

American Army of Occupation, Dec. 2.—(Monday by the Associated Press)—After their first night's sleep in Germany the American troops of the army of occupation were ready at dawn this morning to resume their march toward the Rhine. In advancing toward Coblenz they are moving about astride the Moselle, traveling in a northeasterly direction. Across the Rhine, they will take a line a little over sixty miles in length.

Will Delay Peace. Paris, Dec. 3.—It appears the Germans will be unable to hand over all of the 3,000 locomotives stipulated in the armistice agreement by December 17, according to the Matin, and it is possible that the Allies will grant more time to the enemy. This will have the effect of delaying peace negotiations, since they cannot begin until the armistice conditions have all been fulfilled.

Discussions between the Allied delegations to the peace conference will probably begin on December 30. Won't Go Through Germany.

Paris, Dec. 3.—(Havas Agency)—It is reported from Warsaw that 1,500 soldiers from Alsace-Lorraine, who were taken prisoner by the Russians, have refused to return to their homes by way of Germany. They are being housed temporarily in barracks offered by the Polish military authorities.

THIRTEEN TEAMS TIED. New York, Dec. 2.—At midnight which marked the end of the twenty-fourth hour, thirteen of the fifteen teams were tied, having ridden 472 miles and four laps. Bowler brothers were a lap behind. There was a bad spill, the only one so far in the contest, about 10 p. m. when Chapman and Gorman collided after a sprint. Both were knocked out but resumed riding an hour later. The record for twenty-four hours was made in 1914 by Folger and Hill, and is 537 miles nine laps.

WHITE GUARDS BATTLE WITH THE BOLSHEVISTS

Force Commanded by Former Officers Almost Annihilated Through Treachery; Want Allied Assistance; Ukrainians to Starve Out Lemberg

Berlin, Dec. 2.—(By the Associated Press)—If a few British torpedo boats or light cruisers, with even a small landing force, could reach Ruvral this week they could dam the Bolshevik flood which has been murching, burning and plundering Esthonia and Latvia, according to a declaration made to the correspondent by Baron Aexkuell, of Esthonia, who escaped from that country on Thursday in disguise.

Baron Aexkuell reports that German forces had begun to evacuate Narva, when they were attacked and defeated by Russian troops.

Last Tuesday White Guards, commanded by former Russian officers, were attacked by a superior Bolshevik force. The guards gave protection a month ago to 500 Russians who alleged they had deserted from the Bolshevik army because of bad treatment. They brought machine guns with them. While the attack was proceeding last Tuesday the 200 Russians fired upon the White Guards from the rear, contributing materially to their defeat. The White Guards, half annihilated, retired.

Esthonian workmen are nearly all Bolsheviks, according to Baron Aexkuell, and the middle classes of Esthonia and Latvia are facing the same reign of terror that the bourgeoisie of Russia have suffered.

Ukrainians and Poles. Vienna, Dec. 2.—(By the Associated Press)—Travelers arriving from Lemberg state that Ukrainian troops are preparing to surround and starve out the city, of which the Polish forces are in control. The Ukrainians are said to have already cut the railroad and are being reinforced by sufficient troops returning from the Italian front to make a fight against the Poles.

The Ukrainians deny that they are Bolsheviks, but say that when the Austrian empire was broken up they felt they had a right to the capital city of Lemberg, the Poles having other claims. Difficulties are also anticipated between the Poles and Czechs over the possession of Odenberg, a town in Austria-Silesia.

Conditions in Galicia and Silesia are said to be worse than they were during the war.

Ministers Expelled. Vladivostok, Dec. 1.—(By the Associated Press)—M. Avskentiev, president of the Russian preliminary parliament, and other Russian ministers who were expelled from the country by Admiral Kolesak, the dictator at Omsk, and sent under guard, have reached Changchun on their way to China. In an interview at Chalanin, Manchuria, Avskentiev said he believed he had been saved from execution only by intervention of the Allies. He was held prisoner six days but said he had no complaint to make regarding his treatment on the way to Manchuria. He added that he believed his arrest would strengthen Bolshevism as confirming the Bolshevik argument that democracy is dead.

Reports received from Chella Bink to the effect that M. Tchetcherine, the Bolshevik foreign minister, has been informed that large numbers of half-starved Russian prisoners from former German camps are approaching Briansk on the Kiev-Moscow railway, and that between Briansk and the Tula there already are 100,000 of them.

Assassins Imprisoned. Amsterdam, Dec. 2.—The Berlin Verwaerts says Bloomkin and Andromieff, the assassins of Count Von Mirbach, the German ambassador, who was killed in Moscow last June, have been sentenced to six years' imprisonment, and that Spilitonova and Hacklin each received a sentence of one year imprisonment for complicity in the crime.

Nothing is known of the record of Bloomkin or Andromieff, who are reported to have been the assassins of Count Von Mirbach, nor of Hacklin, one of the other conspirators. The Spilitonova mentioned may possibly refer to Mile. Maria Spilitonova, a well known Russian revolutionary.

STRIKE TO ENFORCE DISMISSAL OF WOMEN. Cleveland, Dec. 3.—To enforce their demand upon the Cleveland Railway Company for the dismissal of last August 2,400 motormen and conductors the employees justify their action on the ground that an agreement with the company for the removal of the women on Nov. 1, and recently extended until Dec. 31, was ignored. The company, on its part, asserts that it received a telegram Saturday from the secretary of the National War Labor Board at Washington asking it to retain the women in its employ until their status was finally determined by the war labor board.

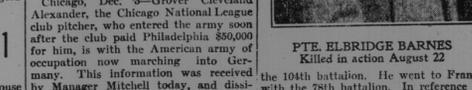

\$50,000 PITCHER IS HEADING TOWARD BERLIN. Chicago, Dec. 3.—Grover Cleveland Alexander, the Chicago National League club pitcher, who entered the army soon after the club paid Philadelphia \$50,000 for him, is with the American army of occupation now marching into Germany. This information was received by Manager Mitchell today, and dissipates hope that the manager had entertained, he said, that the pitcher would be available for duty next season.

Felt the Earthquake. Buenos Aires, Dec. 2.—The Laplata Observatory has registered a severe earthquake, about 1,500 miles distant. It is believed that the earthquake centre is in Peru. At a late hour no reports had been received from the affected districts.

FOUR ENLISTED; TWO ARE KILLED

Mrs. Daniel C. Barnes of This City is Advised of Death of Second Son at the Front

Mrs. Daniel C. Barnes, 184 Adelaide street, while absent on a visit last week, was notified that her second son, Private Wesley C. Barnes, aged twenty-two, had died of wounds on Oct. 22.

PTE. WESLEY BARNES Died of wounds October 22. On August 22, at Amiens, Mrs. Barnes' oldest boy, Private Elbridge E. gave his life. Four boys in all were in khaki, Harold E. of South Acton, Maine, who is married; Elbridge and Wesley, both of whom have been killed in France, and Gunner Myron E., of the local Artillery Depot. Private Wesley Barnes was employed on the government tugboat Canoe and enlisted in Charlottetown. In England he was transferred from his original battalion to the 85th, and proceeded to France. He had been there about a week when he met his death.

Private Elbridge was well known in the city. He was employed with W. H. Hayward & Company and enlisted with the 104th battalion. He went to France with the 78th battalion. In reference to the latter's death Mrs. Barnes has received a letter from the chaplain of the battalion. He writes that Elbridge was killed during the battle of Amiens on the night of August 22. It was moonlight and the battalion was under marching orders. Suddenly an enemy aeroplane came overhead and dropped bombs, one striking near his company. Elbridge was instantly killed as was many of the soldiers about him. The chaplain added (Continued on page 2, sixth column)

WHO KNOWS ABOUT MELBOURNE BAGNELL?

The military authorities of this district ought to clear up the case of Melbourne Bagnell. A young man under age, and an American citizen, he is said to have been arrested in Moncton, found to be ill of influenza, taken to hospital, released, re-arrested on the train on his way to the home of his foster-parents at Oak Point, brought to St. John on the day after the peace celebration, taken to the military hospital on Nov. 19 and died there on Nov. 25. His funeral took place on Nov. 28.

He was a young man of fine character, and not a slacker. His mother has been seeking to find his clothes, and to find a motor car with which he had taken some people from Gagetown to Halifax, but can get no satisfactory information. His mother wishes to pay all the expenses of the funeral. She insisted on being given his body for burial, and the casket was draped with an American flag.

AUSTRIA-HUNGARY IS IN PROCESS OF DISINTEGRATION

Vienna, Dec. 2.—(By the Associated Press)—The disintegration of the former Austro-Hungarian empire goes on apace and is accompanied by fighting here and there and the depredations by marauding bands. Meanwhile, the food situation in Vienna becomes more perilous each day.

Vienna is outwardly calm. The winter snows have come and the restaurants and hotels are full of well dressed people. But over all is an atmosphere of intense expectancy. Up to Nov. 30 the number of boxes reported to the dairy produce commission as cleared was 102,153, the stock on hand 8,400 and still expected 5,774, a total of 146,228 boxes of 56 pounds each, or 8,208,768 pounds. The shortage of butter in Great Britain is still very acute, the Canada Food Board reports, and the per capita consumption there still remains only about one-eighth the consumption in Canada.

ONE OF THE BEST IN AMERICA IS GONE

"Molly Grand" Champion Irish Setter, Owned in This City, Has Passed Away

The death of Mrs. T. McCullough's Irish setter, Molly Grand, which occurred yesterday, removes one of the greatest brood matrons in America. Molly Grand was a rarely bred one, being by Champion Royal Grand out of Champion Venus II, and in six generations of her pedigree may be found the names of thirteen of the most famous American champions.

"Old Molly," as she was familiarly known to the fanciers, was the dam of many noted winners, including Tyrone Terry, Pat Grand, Gypsy Grand, Barney Grand and Barney II, the young dog that has beaten all the best setters in Canada. She was the grand dam of Tyrone Bran, 1st winner at Montreal, 1917, Peggy Grand, 1st winner St. John, 1918, Gypsy Grand, Terry Grand, Neva Duke and others.

The death of Molly Grand so soon after the demise of Charles Conroy's great dog Barney closes the career of two of the greatest dogs ever owned in lower Canada, and the origin of nearly all the present day winning Irish setters.

TRADE NOTES AND REGULATIONS

A new general circular (No. 12) has been issued by the Canadian Freight Association, relating to the marking and addressing of freight for transportation between points in Canada. There are a number of new regulations contained in the circular which business men should acquaint themselves with. The circular may be consulted at the St. John Board of Trade rooms.

The War Trade Board, Ottawa, advises the Board of Trade that it is now prepared to give favorable consideration to applications for the importation of automobiles, value over \$1,200; expensive pictures, picture frames, pleasure boats, collections of coins and stamps, fireworks, perfumery, manufactures of gold and silver, polished marble, art works, electric lamps.

The War Trade Board announces that it is no longer necessary for manufacturers or dealers in steel, or the party requiring steel, to obtain a permit from the board to use steel in the erection of buildings.

With respect to trans-Atlantic freight, the War Trade Board says that it is advised by the British Ministry of Shipping, Montreal, that there is no change in conditions as yet regarding ocean space for traffic destined overseas, it being necessary that authority be received from the British Ministry of Shipping, London, before ordering anything forward.

Exporters are advised to have their representatives in the United Kingdom place the matter before the British Ministry of Shipping and, if the importation of the goods referred to is of sufficient importance, they will advise the branch in Montreal.

SCHOONER IS A TOTAL LOSS

That the three-masted schooner J. Howell Leeds is ashore on Potter's ledge off Lockport and is a total wreck, was the news contained in a telegram received by J. Willard Smith, local agent for the schooner, this morning. The telegram was from the commander of the vessel, Captain William Reichler, and was as follows: "J. Howell Leeds ashore Potter's ledge off Lockport. Total loss. Stripping her; crew saved."

The schooner was owned by Halifax with a cargo of coal from New York, and while no details are as yet available, it is felt that she must have encountered heavy weather and strong winds and was driven ashore.

The vessel is owned by Captain Reichler and registered 10 tons. She was built in New Jersey in 1881. She was a familiar figure about the harbor front, operating between this port and the States for many years. The captain is well known and highly esteemed, and many friends will regret to learn of his misfortune.

FREDERICKTON WELCOMES DUKE OF DEVONSHIRE

(Continued from page 1) Henderson, military secretary; Lord Richard Neville, controller of the household; Capt. the Earl of Minto, A. C. G. and Major Roland.

The Procession. The motors provided by R. S. Barker, official secretary to His Honor the Lieutenant-Governor were then called into use and a procession formed. The first three cars were occupied by members of city council, the fourth by Brigadier-General MacDonell, Major Heron and Major Knowlton, the fifth and sixth by Premier Foster and members of provincial government, the seventh by the staff of His Honor the Lieutenant-Governor, consisting of Lieut.-Colonel J. L. McAvity, A.D.C., Lieut.-Colonel W. J. Osborne, A.D.C., and R. S. Barker, O.S., the eighth by the staff of His Excellency, consisting of Lieut.-Colonel Henderson, Lord Richard Neville, Captain the Earl of Minto, A.D.C., and Major Roland, A.D.C., the ninth by His Excellency and His Honor the Lieutenant-Governor.

Address Presented. His Excellency proceeded to the city hall, where in the city council chamber, suitably decorated for the occasion, an address was read and presented by His Worship the Mayor, R. B. Hanson, K. C. to which His Excellency replied, referring to the magnificent record made by Canadian troops during the war and the problems of reconstruction which now confront the British empire. The empire, he stated, had emerged from the war stronger than ever with its various parts more closely knit together. He regretted that the honor flag which he was to present to the city of Fredericton to mark its work in the recent Victory Loan campaign, had not arrived. The results of that campaign had been a surprise to the most sanguine in resolving the strength of the dominion in its resources. He hoped this visit to the capital city of New Brunswick would be a prominent in educational work in his travels throughout the dominion he frequently had observed that many of those prominent in educational work had been educated themselves in New Brunswick. At the request of His Excellency a half holiday in the schools was declared.

The New Brunswick Military Hospital was next visited by the vice-regal party. His Excellency inspected the wards and addressed the inmates praising them for their duty performed on the field of battle. He later visited the vocational buildings in connection with the hospital where he delivered an address to the members of the G. W. V. A. along similar lines.

To Confer Degrees. At 1.30 a civic luncheon was given at the Queen Hotel and at four o'clock a special convocation of the University of New Brunswick will be held for the purpose of conferring an honorary degree on His Honor the Lieutenant-Governor. The state dinner will take place at 7.15 at the Queen Hotel, and the presentation of the address from the province and the reception at nine o'clock.

## Fine Programme Fills Imperial

Well Rounded Bill of Drama, Comedy and Travel Rewards Visit on Cold Night

That the people are now taking up their winter pursuits, among which high-class moving pictures, was again evidenced at the Imperial yesterday where in spite of sharp almost zero blasts the matinee and evening exhibitions were attended by large crowds, at night particularly the theatre overflowed with patrons.

The large attendance at the Imperial these days, a very heavy booking of seats for the talking play "Turn to the Right" for tomorrow and Thursday, a lively interest in the coming of the great-est of all pictures "Hearts of the World" to mention the visit of the governor-general and the preparations for numerous formalities, are taking St. John and its people out of its war time groove and they are living up as of yore.

CAUGHT IN THE ACT.

St. John Standard to Hon. Dr. Roberts: "And for the benefit of that minister (Hon. Dr. Roberts) who is a member of the Board of Education, the Standard desires to repeat that the Board of Education has refused to pay salaries of teachers for time lost through that minister's own orders, although it is quite possible that during the past few days public sentiment in different quarters has compelled the board of that Board to reconsider his former decision and to hand over the money as should have been done in the first place."

CUMBERLAND BOY NOW U. S. BANK PRESIDENT

In a recent issue of the San Diego Union is the following: "The ownership and organization of the United States National Bank were made public yesterday in an announcement by Col. Fred Lewis, succeeded in his presidential duties by Duncan MacKinnon, United States food administrator, noted educator and a man prominently identified with San Diego."

A QUEBEC EDITOR SOLDIER

Major Henri Chasse, M. C. of Quebec was the first French-Canadian journalist to enlist in August, 1914, he then being news editor of L'Evenement. He went overseas as lieutenant in the 22nd Battalion; was wounded in June, 1916, and again in 1918; returned to his unit in August last and is now second in command.

BRUNSWICK CHAPTER

The Brunswick Chapter, I. O. O. F., held a monthly meeting yesterday afternoon at the residence of Mrs. W. J. Wetmore and there was a good attendance of members.

THE CASE OF BULGARIA.

Bulgaria is said to be quite confident regarding her future, and disposed to make large claims at the peace conference. There is a little matter, however, that Bulgaria must explain. Her treatment of prisoners has been atrocious.

THE END OF THE WAR HAS NOT AFFECTED THE GENEROSITY OF THE AMERICAN PEOPLE.

The Bangor Commercial says: "The final figures for the American war work fund are \$202,179,000 and it is by far the largest sum ever raised by voluntary gift in the history of the world."

Another report says:

"Greek and Serbian civilians brought across the border from Serbia and Greek Macedonia have also been treated with great cruelty, and those who have survived are a larger number than those surviving. The Greeks were told that those who could work for their living would not be interned. The work to be done was breaking stones on roads and no exceptions were made. Old and young men, women and children, people of all classes have been condemned during eighteen months to unceasing daily toil."

With the Allies demanding his extradition, and a growing agitation in Germany for his return to that country for trial, William Hohenzollern must now be beginning to entertain some doubts about the efficacy of the "good German sword" to place him on the throne of the world.

The quarrel between the Poles and Ukrainians over the possession of Lemberg may have to be settled by other powers. The jealousies of small states will be one of the difficulties to overcome in the re-making of the map of Europe.

It is evident that the Bulgarians did not need to receive any lessons in "kultur" from their German allies. Neither did the Turks, although there is no love lost between Turkey and Bulgaria.

It was even intimated that after the latter surrendered to the Allies her soldiers were quite ready to march against Turkey. German, Turk and Bulgarian must all be brought to justice for their treatment of prisoners and the massacres for which they are responsible.

"The guilt of starting the war lies with both German and Austrian militarism," says the German secretary of foreign affairs. This is a late confession, but he might have said further that Austria was under the thumb of Germany, who was the real culprit.

It is now said that Bavaria is veering round again in favor of unity with the rest of Germany, and that the government which has declared for separation may be overthrown.

A Washington despatch says that conservation which will make possible the sending of 20,000,000 tons of food for 800,000,000 hungry people in Europe was urged upon the American people through the intense campaign which opened Sunday.

Each day of this week will see a special feature of conservation emphasized. The food administration has issued a large number of posters bearing the words, "Don't stop saving food," which will supplement the war conservation motto of "Save food."

### "Why I have these headaches is more than I can understand"

"I THINK it is a touch of indigestion," perhaps you say, not realizing that headaches and indigestion are among the first indications of an exhausted nervous system.

Women are the greatest sufferers from headaches, because their nervous systems are more highly strung and their conditions of life are more conducive to exhaustion of the nervous system.

Worry, anxiety, shock from accident or bad news, extreme grief—such are frequent sources of nervous trouble—as are also too little exercise and too much indoor life.

When the nerves are exhausted almost any unusual exertion brings on nervous headache. There is such a shortage of nervous energy in the system that any unusual demand starves the brain and produces pain.

The most natural and rational way to overcome this condition is by increasing the amount of nervous energy in the system by using Dr. Chase's Nerve Food.

The use of powerful drugs to stop headaches is a most harmful and dangerous practice, because the temporary relief is

The estimated cost of the work embraced in the four main contracts under which construction was being carried on at the outbreak of the war was \$20,000,000, of which \$12,000,000 has already been expended. In addition to the estimated value of the main contracts referred to were other estimates necessary to expenditures in contemplation for land, cement, structural steel bridges, lock gates, etc., amounting to about \$8,000,000, of which \$4,000,000 has already been expended. The minister of railways expects that there will be engaged during the winter a force of about 800 men

### ARE YOU GIVING YOUR MIND A CHANCE?

Many a man's mind is distracted by his health, when it ought to be centered upon his business. Business and professional men and women usually exert their brains at the expense of their bodies. They are forced to neglect exercise. They often form bad habits in eating, sleeping, resting or playing. Hence, they easily form the worst habit of them all—constipation.

Constipation means infinitely more than mere failure of the bowels to act regularly and thoroughly. It means weakened or over-tired intestinal muscles. It means stagnation of the bowel contents, increased fermentation, putrefaction and germ action, and production of irritant and poisonous substances.

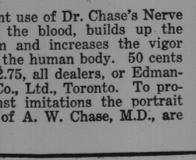

These are absorbed into the blood and carried all over the body, irritating the nerves, clouding the brain, hardening the arteries, raising the blood pressure, etc.

Nor can all this be cured or prevented by taking pills, castor oil, purgative mineral waters, salts, etc. all of which make matters worse instead of better.

But the Nujol Treatment for Constipation acts differently. It is both harmless and efficient. Nujol helps Nature to re-establish easy, thorough, daily evacuation of the bowels—as regular as clockwork.

Nujol makes it easy for intestinal muscles to act. Nujol prevents stagnation of bowel contents. Nujol absorbs poisons and carries them out of the body. Get Nujol from your druggist. Take Nujol according to directions.

### Come, Let Mother See!

When the child droops, won't play or is restless, pale and grumpy, look to see if the tongue is white, the breath feverish, the stomach sour. Then hurry, mother, but don't worry! Give Cascarets, the harmless candy cathartic. Children take Cascarets without coaxing—only 10 cents a box!

TO MOTHERS! Nothing else "works" the nasty bile, the sour fermentations and constipation poison so gently but so thoroughly from the little stomach, liver and bowels like harmless Cascarets. While children usually fight against laxatives and cathartics, they gladly eat a candy Cascaret. Cascarets never gripe the bowels, never sicken, never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for dose for children aged one year old and upwards.

Miss Irmie Cochrane presided at the rally and the programme included the following items, piano solos by Mrs. Alban McKenny, Miss M. E. Mullin and Miss Hilda Beattie; solos by Rev. I. W. Sufferings Of The Armenians

Canadian Sunday Schools Will be Asked to Share in \$2,000,000 Relief From America

In the great drive last October one American regiment got too far in front of the fighting and found itself caught in a forest, surrounded by the enemy and cut off from rescue.

On one neglected front 4,000 miles away, a whole nation has been for three years in the position of that imperiled regiment. A Christian race, they have been living too far within the enemy's lines to be safe!

Could the remnant hold out till help came? The beleaguered race had endured the unfair attack the world had ever seen.

"A noble army, men and boys, the matron and the maid," these are the words of a man who has seen the war.

"I will not turn," said one school girl, urged again and again to reconsider and save herself, from what fate she would know.

And what of the little four-year-old who came walking barefoot into a relief station, a week alone on the road, her only clothing a torn pinafore and her only food, who knows what scraps and refuse?

Since 1913 Christian America has been sending help to that vast sorrowful company—a million and a half in dire distress, at least half a million little orphaned children.

Government Undertakings Will Provide for Surplus Labor Until Industrial Conditions Readjust Themselves

It is comforting that there are in the world many people who, in the midst of peace, are not forgetful of some of the important essentials to its continuance and maintenance, says the Boston Monitor.

The only menace is the possibility of temporary disturbance arising from the throwing of an immense amount of labor upon an unprepared market. This is the contingency that requires attention, and this is the possibility that is receiving consideration from thinking people.

As ever, disposition is one of the principal needs of the time. The war has necessitated the centralization of labor as well as material at certain places, and this will consequently throw labor and material rendered unnecessary by the closing of the war, upon certain central markets.

From the best information obtainable we believe there is now available sufficient labor, fuel, transportation and building materials to warrant the withdrawal of all restrictions on building projects.

Since then the Federal War Industries Board has announced officially the removal of all restrictions on all building projects and operations whatsoever, so that this great branch of industry is now open to unlimited investment and enterprise.

Government Undertakings Will Provide for Surplus Labor Until Industrial Conditions Readjust Themselves

The sooner advantage is taken of the raising of the building embargo the better it will be for all the labor now out, or likely to be let out, within the country, and for the men who soon will be landing from army transports by the tens of thousands in American ports.

As was exemplified at the doing of it for any small reason. "Even at a sacrifice," as Mr. Baruch says, employment, which at the present time means so much to the nation, should be thrown open wherever possible.

EMPRESS -- WEST SIDE HOUSE
"THE SUPREME TEMPTATION"
A de luxe drama of intense interest, gripping moments and delightful, unexpected finale, showing Antonio Moreno and Dorothy Kelly at their best; also bubbles of merriment, entitled: "HIS CONSCIOUS CONSCIENCE"

FIGHTING PARSONS.
"Canada," London, Oct. 12: Information concerning the role played by the Roman Catholic section of the Canadian chaplain service in the Arras-Cambrai fighting of the past month reveals the fact that one priest captured unarmed and unarméd forty-seven Germans, and another led a party and captured a field gun.
Two Canadian runners came up, armed with revolvers, and this slender escort conducted the prisoners to the collecting post. A week later Father Nicholson was gassed, but he has now returned to duty.
An equally romantic episode was the capture of a field gun by some soldiers of a second division unit led by Major (Rev.) R. C. McGillivray of Antigonish, N. S. Father McGillivray went over the top with his battalion and got caught with another officer and some men by gun fire. The officer was killed and the party took refuge in a shell hole. Here they were still under fire. So Father McGillivray, taking command of the party, decided that they might as well die fighting. With a blood-curdling yell, he led the men against the German gun, which was firing point-blank. The Germans, hearing his yell and seeing soldiers coming, ran and the words "Captured by the — battalion" were at once written on the gun.
"I hear that Bilkin's widow broke his will."
"That's nothing. She's been doing it ever since she married him."

**LOCAL NEWS**

**COAL HANDLERS STILL OUT**

There was no change today in the situation between the coal dealers and the local branch, No. 810, the Coal Handlers' and Trimmers' Union. The men are still holding out for seventy cents an hour, flat rate day and night and say they will continue to do so until their demands have been met.

**RUSHING THE WORK.**

Commissioner Hilyard, of the water and sewerage department, said this morning that fair progress is being made by the Bedford Construction Company with the extension of the water main to East St. John. He said that there are about fifty men at work at the present time and more are to be put on the work so that it can be rushed through to completion.

**TENDERED A SHOWER.**

Friends tendered a shower last evening to Miss Beulah A. Vincent, at her parents' home, 186 Rockland Road, in honor of her approaching marriage. There were gifts of cut glass, silver, china and linen, and the presentation was made by H. L. Martineau. A very delightful time was enjoyed until an early hour this morning.

**FIRST FROM NEW ELEVATOR.**

Signs of life were in evidence at the new government grain elevator at Reed's Point this morning when a large ocean liner docked at Pettigell Wharf and began loading grain. This is the first boat to take grain from the new elevator and marks the beginning of activities at this section of the harbor front. The new structure is of the latest type and the work of loading the vessel is going along smoothly.

**A BIG SCHOONER.**

A large number of people were attracted to South Market last morning to look at a large four-masted schooner, the Huntley, which is docked there while large auxiliary engines are being installed. The schooner was launched about two weeks ago at Scotch Bay, N. S. She is owned by Tessler & Company of Newfoundland, and was built by D. A. Huntley of Parrboro, N. S. When the engines are installed, she will load for Newfoundland. She registers over 600 tons.

**WALTER O. LEYLAND.**

The death of Walter Otis Leyland occurred at his late residence, 25 Gilbert's Lane, on Monday at 1 o'clock. He leaves his wife, his mother, Mrs. James McCluskey; one brother, James Leyland; one sister, Mary Esther of Canton, Mass.; also three step-brothers, Private Harrison McCluskey, at present in a war hospital in England, Royal and Ernest at home; also two step-sisters, Mrs. Howard Carr and Benjamin Stackhouse. The funeral took place at 3 o'clock this afternoon from his late residence, Gilbert's Lane, to Fernhill cemetery. The services were conducted by Rev. R. T. McKim.

**BUNKER WARSHIP FREE OF CHARGE**

**Coal Handlers Cheerfully Respond to Request of Captain Mulcahy to Save Delay but Will Take no Money for Their Work**

While they fight for higher wages the members of the Coal Handlers' Union will not stand in the way of those who have been fighting their battles on sea for the last four years. The loyalty and patriotism of the men was demonstrated in an enthusiastic manner this morning when a request was made of them on behalf of the British navy.

A British warship is in port, ready to sail, and her arrival on the other side is a matter of some importance to other naval vessels and crews. The prospect of delay owing to the strike was faced and Lieut. A. J. Mulcahy, R. N., was asked to see what he could do in the matter.

When Lieut. Mulcahy met the coal handlers at their meeting in Oddfellows' hall this morning he presented to them the request that they should permit some of their men to bunker the warship.

"Sure we'll bunker her—and it won't cost the British navy a cent," was the enthusiastic response and the hall rang with cheers for the navy.

Details were arranged quickly. The union will put on a double crew to rush the work and there will be no delay on their account. The work will be done without charge as a matter of principle pending the settlement of their rate, and also as a voluntary act of patriotism.

**FAMOUS SPEAKERS FOR THE WOMEN'S CANADIAN CLUB**

An executive meeting of the Women's Canadian Club was held at the residence of Mrs. H. Powell, Queen square, on Monday afternoon. The chief business in hand was to arrange for the coming lecture by Miss Arnold, who has had wide experience overseas with war work. The executive was rejoiced to hear that plans had been prepared to bring to St. John in January the famous war correspondent, F. McKenzie, whose book on "Canada's Day of Glory" has already won him fame. Mr. McKenzie is the first of the war correspondents to return to these shores and much interest is displayed in his coming.

A hearty vote of thanks was moved to Miss Leavitt for her painstaking work assisted by Mrs. Robertson in securing and decorating the places of meeting during the last year. As Miss Leavitt felt unable to act during the coming year the following halls committee was appointed: Mrs. Jas. F. Robertson, Mrs. Beattay and Mrs. W. Shaw.

An invitation from the mayor was accepted for the executive to be present at the coming reception to the governor-general, the Duke of Devonshire. The Soldiers' Comfort Association's invitation for the members of the Canadian Club to meet Miss Arnold at Bond's on Thursday afternoon also was accepted.

Another possible coming lecturer is W. Henry, the famous cartoonist. He comes with 200 cartoons full of deep humor and no doubt will prove a most delightful entertainer.

The executive warmly welcomed Mrs. C. B. Allan again to their ranks.

**PTE. W. S. SPEIGHT DIED OF WOUNDS**

Letter From Chaplain Brings First News of Son's Death to Mrs. Isabella Speight — Father is Overseas

Mrs. Isabella Speight of 117 Simonds street was shocked and grieved this morning when she received a letter from Chaplain A. D. Reid of No. 1 Canadian Casualty Clearing Station informing her of the death of her son, Pte. W. S. Speight.

PTE. W. S. SPEIGHT.

This was the first intimation she received that her son had passed away and she is prostrated with grief. The letter from Rev. Mr. Reid was as follows: "It is my sad duty to write of the death of your son, Pte. W. S. Speight, of the 75th Canadian Battalion. He was wounded in the back and in the chest and died while they were bringing him to the casualty clearing station in the ambulance on Nov. 2 and was buried by me on Sunday, the 8th inst. in the Auberville British cemetery. A plate with his name, number and battalion will be placed at the head of his grave on a cross. Should you want a picture of it write to the director of graves registration of inquiries, war office, London, S. W. England. His personal effects will be sent to the base and then to you.

"It was not my privilege to know your son while he was alive, but I do know that he has laid down his life that others may enjoy liberty and peace and now he has gone to his reward and I trust you will meet him in heaven at our Saviour's right hand when this strange life is over.

"With deepest sympathy,  
"I am, most sincerely yours,  
(Sgd.) ANDREW D. REID."

Private W. Sanford Speight was a son of Mr. and Mrs. John D. Speight. He enlisted with the home guards in Kingston, Ont., and the Prince of Wales Own Rifles in April, 1916. He was at that time only seventeen years of age. He crossed with the first depot battalion of Kingston in June and was in France only a month when he was killed. He is survived by his mother and father, the latter in England with the first depot battalion of this city; also two sisters and one brother. The sisters are Mrs. Elmer Robinson of Danforth, Me., and Miss Mary at home. The brother is John Speight of this city.

**RALLY WEEK SERVICES IN LUDLOW STREET CHURCH**

The rally week services in connection with Ludlow street Baptist church are being largely attended. On Sunday the services were of a special character. A memorial service was held in the morning in memory of Pte. Fred Christopher of Vancouver, formerly an active worker in the church, who made the supreme sacrifice recently; Pte. Glendon Belyea, who died during the recent epidemic; Pte. Leonard Vincent who died from the effects of wounds received at Courcellette. The pastor, Rev. W. R. Robinson, conducted the services; Miss Mildred French sang very acceptably "Just Break the News to Mother." The Sunday school held an open session under the direction of the superintendent, R. H. Parsons. A very timely address was given by Rev. E. W. Kenyon. The evening gathering was one of thanksgiving, the choir rendering special music under the leadership of Miss M. E. Mulcahy. Special soloists at this service were Miss Celia Andur, Miss Mildred French and David Allen. The pastor preached an eloquent sermon on "The Meaning of the Armistice." Large congregations were present. The church was beautifully decorated for the occasion.

Last evening the Young People's Society of C. E. and Junior B. Y. P. U. were in charge. A very interesting programme was carried out. The speaker of the evening was Rev. J. W. Williamson, who delivered a very fine address on young people's work. The president of the Y. P. S., Miss Erminie Cochrane, presided.

**CHARLES THOMSON.**

Charles James Thomson died this morning at his residence, 229 Duke street. He was well known and his death will be learned of with regret. Besides his wife he leaves one son, John H. Thomson, of this city; one brother, Thomas D. of Lynn, Mass.; also two sisters, Mrs. Elizabeth Macomber of Lynn, and Mrs. William Hathorne of Malden, Mass. The funeral will take place tomorrow afternoon.

**HERVIN-GERMAIN.**

**Furniture Will Be Given This Year More Than Ever Before**

Twenty years ago a patched up peace of belligerent nations would have been acceptable. Yes ten years ago. But today it is different. Patch work will not do. The thinking peoples of the world—the Allies—are building for permanency.

This attitude will have its reflex to a wonderful degree in the quality and kind of gifts that will be made this Christmas—the most auspicious since the Christian era began. Worthless trinkets will not be considered.

And of course this means that Furniture will be given more this year than ever before. Because Furniture is something that will last throughout all time—a permanent testimony as to the affection of the giver.

Never before has this popular Furniture House been better equipped to handle the demands for good Furniture that are sure to be made. All kinds and prices will be found here. The representation is the work of Canada's foremost furniture makers and cabinet makers.

From single pieces to complete Room Sets. From a wee Rocking Horse for baby to a complete Dining Set for mother. From a Foot Stool or a Smoker's Stand for dad to a complete Den or Library Outfit. Early selection of course is wise, as it means wider assortment and newer goods. Glad to store any article you choose until desired.
