TZGERALD DECIDES TO BE CANDIDATE

Will Run Again For Post As Mayor of Boston

SETTLED ON SATURDAY

Had Uncertainty is Over and Begins He Owe it To City To Run In Contest—Waited For Imperative Call

Boston, Dec. 1.—Mayor Fitzgerald, on Saturday afternoon, replying to a demand that he be a candidate for another term, formally consented, and wrote his acceptance on seven of the nomination papers before him.

President Joseph A. Maynard of the Democratic City Committee entered the mayor's office followed by John L. Sullivan, the executive clerk, carrying a bundle of nomination papers which were placed on the floor before President Maynard, and to the mayor's desk.

President Maynard then addressed the mayor, stating that the day after tomorrow the state election nomination papers were taken out and circulated in his behalf for another term.

"The papers in that bundle before you," said he, "number 401, and contain about 20,000 signatures. Among those signatures you will find the names of Democratic, Republican, Progressive, as well as thousands of others who are legal voters but not enrolled in any party.

"I am now asking you to be a candidate for another term, and I am asking you to do so in the name of the city of Boston. As you are probably aware it has been proposed that the dominion government should step in as a national park and historic monument.

"The mayor, after a pause of a moment or two replied: "I am glad the uncertainty is over and I think I have done my duty. Boston has done much for me and I am led to believe, by the petitions that have come to me from innumerable sources, that I am popular in the city. I am glad to accept the nomination papers which will be followed up by signing six others. President Maynard, of course, captured the first prize, the second, Peter J. Tague, the third, Joseph Stoddard, the fourth, Louis E. Sullivan, the fifth, George McLeod, the sixth, and P. H. Brady, the seventh and last.

"The nomination papers were then rushed off to the election commissioners and filed before 1 p. m.

"Watering Campaign." Mayor Fitzgerald's own paper, the Republic, printed the following leading editorial: "Mayor Fitzgerald has held himself in the contest for candidate for Mayor of Boston until the call of the city of Boston, and he has done so with a view to the nomination papers circulated by his friends, and the leading business interests of Boston, as the Chamber of Commerce, the Boston Merchants' Association, the Fruit and Produce Exchange, the New England National Bank—by name but a few—can be construed, say Mayor Fitzgerald's friends, only in one way. The desire of the people that he should hold for another term the office of Mayor of Boston.

"There is no exclusive party call behind this demand; for, in the municipal campaign, Boston is non-partisan. Some of the men who most desire the continuance of Mayor Fitzgerald in office would be Republicans in a National or a State campaign. No appeal has been made to ancestral ties. Even as it was four years ago, many of Mayor Fitzgerald's most earnest supporters are of the older New England stock.

"That those of his own lineage should be proud of him, and should desire his continuance in office is so natural that it surely cannot be held against him of them.

"He has worked for Boston with might and main. He has put into the discharge of the duties of his office so much time as to make him almost a stranger in his own home. But at least he has redeemed Boston from the common charge in foreign lands of being merely a literary 'has-been.' He has made her once more great and respected in foreign ports. He has restored commercial supremacy to his city.

"During four strenuous years he has given to Boston, even on the saying of his former political opponents, not merely a good administration, but the best administration in its history. He has never been vindictive. He has not sought himself. Still a young man, he has chosen a place of bigger profits, but he has earned the people's love and confidence, and the people want him.

Borden In Trouble; Rogers and White Furnish the Cause

"Interests" Call Him Home Because of Public Works Man's Programme and Finance Minister's Reckless Borrowing

(Special to Times)

Ottawa, Dec. 1.—Estimates this session will total more than a quarter of a billion dollars, unless the government changes its programme. Premier Borden is back in Ottawa. He came on Sunday, two weeks sooner than he had intended when he left in November to hunt health and golf balls in Virginia.

It is understood that the cause of his early return is a serious difference of policy which has developed among his advisers both within and outside the cabinet.

Some of the prominent bankers, railroad men and manufacturers of Canada have taken alarm at the programme of expenditure which Hon. Robert Rogers has forced the government to adopt. They declare it is time for economy and that for Finance Minister White to borrow at the rate of almost five per cent is bad for the credit of Canadian securities generally.

Premier Borden has been told that the London money market with government bonds bearing high interest, they say that owing to Hon. Mr. White's extravagant borrowing in London no one can manufacture, can sell his securities, which have great authority over the government, have practically ordered Premier Borden to return to Ottawa and lead his government in a programme of economy. Some of the ministers feel that with the revenue decreasing rapidly and the borrowing rate going up, estimates should be cut down this session, no matter what Hon. Mr. Rogers may say.

The question of economy or full steam ahead on borrowed money will likely be decided at council meetings this week.

In connection with the project to convert Fort Howe into a park, Archdeacon Raymond has just received the following letter from the commissioner of Dominion Parks and Playgrounds:— Ottawa, Nov. 28, 1913.

Dear Sir:—The Hon. Mr. Hassen has suggested that I write to you in connection with the site of old Fort Howe. It has been proposed that the dominion government should step in as a national park and historic monument.

It is important that some decision should be made as to the matter at an early date but before taking any action it is desired that all possible information be secured. In view of your familiarity with the history of New Brunswick Mr. Hassen suggested that I ask you if you would be good enough to send me a short sketch of the historic associations connected with the site.

Thanking you in anticipation of your kindness, I am yours faithfully, J. B. HARKIN.

SCHOOL POPULATION IS RAPIDLY INCREASING. Calgary, Alberta, Dec. 1.—According to the present plans and operations of the board of education there will be seventy-five new schools in the Calgary public schools by the beginning of the new year.

The school population has been growing at such a rate that it has become almost impossible to keep pace with it. The new buildings to be opened soon will, however, provide for some 8,000 additional pupils which ought to allow a breathing space for a short time.

INLAND REVENUE. The inland revenue receipts for November, compared with the same month last year, are as follows:—

1912. 1913. Spirits . . . \$1,125,185 \$1,038,983 Cigarettes . . . 481,112 442,500 Raw Leaf . . . 629,225 670,000 Cigars . . . 840,975 878,125 Other Receipts . . . 1,890,442 2,182,325 Total . . . \$4,966,940 \$4,119,935

THE COAL POCKET. It is expected that the company will be given permission to continue in possession until the middle of this month.

ADOPT FIFTEEN BABIES, NO TWO OF SAME NATIONALITY

Unique Plan of Wealthy Chicago Woman—Friends Describe Home as a "Human Zoo"

Chicago, Dec. 1.—Mrs. L. Brackett Bishop, wife of a wealthy business man, has made known that she plans to become the mother, by adoption, of fifteen children, each to represent one of the fifteen most characteristic racial types.

Her plans became known when her representatives visited local orphan asylums in search of the nucleus of her future family. Mrs. Bishop later said that friends now touring Europe had been asked to find babies representing such races as she could not recruit in Chicago.

The unique family, according to Mrs. Bishop, will include a negro baby, an Indian, an Arab, a Japanese, a Malay, a German, a Chinese, a Scandinavian, an American, an Irish, and babies representing several of the South American countries.

In explaining her plan, Mrs. Bishop said she was in hopes of obtaining babies in which the racial characteristics of each sprouted to develop most thoroughly. The plan, she said, had been under consideration since the death of two daughters twenty-five years ago.

Mrs. Bishop opposed it until recently, however, when she said she had been won over. She is in hopes of getting babies about one year old.

"We will more from the hotel where we are now living to a comfortable good sized house in the outskirts, as soon as the family is started," Mrs. Bishop said. "and we intend to bring the children up as nearly as possible as the American people raise them."

"They will go to the public schools and I hope to show that people of different nationalities and racial traits they will grow up brothers and sisters, as I mean to be a mother to them all."

Mrs. Bishop said that some of her friends had attempted to dissuade her from the idea, suggesting the family would become known as the "human zoo."

John McGlone, arrested last week on charge of being drunk, was brought before Magistrate Ritchie this morning. He pleaded guilty and was fined eight dollars or two months in jail for the offence.

He had three other persons with him, and McGlone had been allowed by Judge Forbes to go on suspended sentence. After giving his morning McGlone was sent up before Judge Forbes who had just closed his court when McGlone had been told he would get if he were again arrested.

(Canadian Press) New York, Dec. 1.—A circular letter, whose contents are surprising if authentic, has been received in this city from England, calling for recruits for a British volunteer force for the support of Ulster and the Union in the political conflict in Ireland over the home rule bill.

"As far as the authenticity of the letter bears the caption: "British League for the support of Ulster, and the Union, and beneath the engraved arms of England, Scotland, and Ireland with the motto: "Quis Separabit? A committee is named, including Lord Willoughby de Broke, chairman; the Duke of Bedford; Lord Charles Beresford and a number of members of parliament.

The communication, as exhibited by a wealthy English land owner, who is now visiting in this city is as follows: (Strictly confidential)

"Dear Sir:—Lord Willoughby de Broke has asked me to find a few recruits for the British volunteer force for the support of Ulster and the Union. I shall be glad if you will let me know if any of your friends would be willing to be enlisted. I am enclosing a brief outline of the scheme.

"I do not enjoin suitable men to assist the Loyalists of Ulster, if necessary, in the armed resistance to Home Rule. Men grudgingly will be expected to defend the coat of the jersey and be found, and while there everything will be back. A knowledge of the scheme will not be divulged to any one outside of the circle of the scheme."

"I am particularly anxious to establish a branch in your town at once, and therefore I shall be glad if you will kindly supply to me one or two names of persons whom I can call on personally. Kindly treat this matter as strictly confidential."

St. John Building Permits For Eleven Months Are \$1,820,000 Greater Than Same Period Last Year

The value of the building permits issued in St. John for the period from January 1 to November 30, 1913, totaled \$2,367,710, as compared with \$547,700 for the corresponding period in 1912. This shows an increase of \$1,820,010 for the eleven months, a remarkable record in a period marked by a financial depression and a scarcity of money for building operations.

For the month of November, 1913, the building permits showed a total value of \$29,050, as compared with \$27,000 for the same month last year, an increase of \$2,050.

The permits issued in November included several new dwellings, a factory, several warehouses, and the balance of the permits were for repair work.

Mrs. Becker, wife of the convicted man, who came to Albany yesterday at the request of her husband, remained in her hotel.

It was expected that the appeal of the four gunmen, jointly convicted with Becker or the Rosenthal murder, would probably be heard on today's calendar, but either on today's calendar, would be postponed.

AS CARMEN AT GOVINT GARDEN WINS PRAISE. (Special to Times) London, Dec. 1.—Taking the title role in Carmen at the Royal Opera in Covent Garden on Saturday, Mme. Donida, Canada's prima donna, was the object of a flattering reception. Her impersonation gave fresh testimony of her ability, showing refinement of acting combined with brightness and clearness of action and easy brilliancy in singing. There was some lack of heat and vigor in the more forceful passages, as though suggesting reluctance, but Donalda's performance on the whole left a pleasing impression. A soprano has seldom been heard in the title role.

SOME REASONS WHY MEN DO NOT ATTEND CHURCH

"Why do not more men attend church?" was the subject of a thoughtful sermon by Rev. Miles McCutcheon, in Brussels street Baptist church last evening. The preacher declared that inconspicuous living kept men away from church, and that the pressing needs of the 30th century also served to keep them away from regular worship in the houses of God. One of the defects in the church today, he said, was the lack of real living brotherhood, and that it was too true that the many lodges, orders and fraternities loved one another more than members of the churches were wont to love one another.

REV. MR. BARRACLOUGH ON EDUCATION

The speaker spoke approvingly of kindergarten methods. "The child should be trained, and not only so, but should be fed and cared for as part of his education," he said. The educational authorities, in cases where that becomes necessary, in their should be incited such teaching as will make them not only good citizens but home-lovers. The idea of providing playgrounds for our boys and girls is in itself a commendable one. This should receive more attention, as tending to the building up of that great attainment—high character. If health or wealth, or both, be lost, one or two of the things that are lost are health and wealth. Character is lost all is lost. An equal opportunity should be given to all to receive in our schools and colleges an education as will tend to intellectual and good citizenship.

HOUSEHOLD PROBLEM SUBJECT OF ADDRESS BY DR. MELVIN

Dr. G. G. Melvin, medical officer of health, gave an interesting address to the Brotherhood of Centenary church yesterday afternoon on the subject of Housing. He said, as it is necessary to the life of man as is food. There are two kinds of shelter, the permanent, buildings that are constructed to last for a generation, and the transient shelter, such as a tent or hut. As showing how one of the first things that a man will do as a natural effort is to provide himself with shelter, where it is not already present, he instanced the case of an educated Boston man who with the view of demonstrating that a man could sustain himself, no matter where he was, in a state of nature, went last August to the woods in the northern part of Maine, and then divested himself of all clothing. Almost the first thing he did was to build a hut, even the thought of procuring something to take the place of clothing did not occur to him until the question of shelter had received his attention. The transient shelter is usually a healthy one. An army, or other large body of men, remains healthy if kept on the move. It is well known that rail-way crews are, as a rule, healthy for the same reason.

CARNEGIE SENT HEATHER FOR CHICAGO SCOTS AT DINNER

Chicago, Dec. 1.—"They said I was a Car when I was in the speaker's chair at Washington, but Woodrow Wilson can give me cards and stamps in that line." Uncle Joe Cannon declared at the annual dinner of the Illinois St. Andrews Society.

"But he is your president and my president," the former speaker continued, "and if he should be mistaken in his ideals and methods, and in the future fails to give us the prosperity promised, he will fall in 1916, for our fathers made it that we can reverse the engine when things do not go right."

Each of the 1,500 guests wore a sprig of heather sent from Skibo Castle by Andrew Carnegie.

EVANGELICAL ALLIANCE

ACTION ON PROJECT OF HOME FOR GIRLS WHO ARE DELINQUENT

A resolution favoring a home for delinquent girls was passed this morning by the Evangelical Alliance. Rev. Gordon Dickie presided. Rev. J. H. A. Anderson acted as secretary. Instead of having the city divided into six groups there will be only four this year, and the speakers will be interchanged.

The following are the subjects: "The Church and the Poor," "The Church and the Laborer," "The Church and the Soldier," "The Church and the Holy Spirit."

In connection with a report with regard to the establishment of a maternity home for girls the following resolution was passed:

"This alliance having received the report of its efficiency committee intimating that a scheme is contemplated for the establishment of a maternity home for girls, would extend its hearty sympathy with the movement provided the claims of all the provinces involved are recognized, and the alliance asks the committee to arrange for a visit of Rev. Dr. J. W. MacMillan, of Halifax, and to obtain all possible information."

Rev. D. B. Ealey of the Reformed Presbyterian church was appointed chaplain of the Boys' Industrial Home for the first six months of the new year.

NOTES FROM THE BORDER

Calais, Dec. 1.—Wednesday evening, Dec. 4, is the date set for the institution of an encampment of Old Fellows in connection with Miriam lodge of St. Stephen.

The Forsythe property on Water street, St. Stephen, has been purchased by Joseph McVey, contractor, who removes his office from a long time with intentions of erecting a modern opera house for the town across the line, which never had building of this kind.

Two months ago the St. Croix Gas Co. advanced the price on gas used for heating and power from \$1 to \$1.50 a thousand, but the new rate was held up on the St. Stephen side of the line on complaint being made to the public utilities commission. The Calais customers naturally did not see very kindly the discrimination, and recently the local board of trade got after the gas company officials. It is announced that President Frank Todd of the gas company has instructed Superintendent Davis to restore the old rate from Nov. 1.

BUSINESS IS BUSINESS INVESTIGATION NOW

To accept \$8 in cash for something that will bring \$8 in cash is that business? No.

\$100 kept safely in the bank will yield \$8 in a year. \$100 safely invested in eight per cent debenture shares of J. S. Gibbon & Co. Ltd. will yield \$8 in a year or \$2 every three months, and when you get your money back you get \$115 for every \$100 invested, besides the eight per cent interest.

It costs nothing to investigate this proposition. Those who have investigated have bought as many \$100 shares as they can pay for. Those who will investigate will buy the balance of the issue. Those who overlook it will miss a good investment.

THEIR TIME OF TRIAL. The people of Canada are waiting with a very keen interest to learn what the Borden government will do to meet the new conditions which have been developed by the increased and increasing cost of living, and the radical change in the fiscal relations between Canada and the United States.

Throughout the country the high cost of living is pressing hard upon the people, and the financial stringency has made the burden all the harder to bear. Mr. Borden proposes to do the period of tight money is not yet over. One result of the changed conditions is a falling revenue. Another is an advance in the price of food as a result of the heavy drain upon local stocks by the exports to the United States.

There is an opportunity for statesmanship, and the people are waiting with impatience to be told what Mr. Borden proposes to do about it. He is back in Ottawa, to take up the programme for the session. Up to the present time there has been no evidence that he and his colleagues have either the capacity or the inclination to remove the burdens from the people. They cannot escape by attacking Sir Wilfrid Laurier, for that policy will not relieve them of responsibility or blind the eyes of the people.

IT IS VERY SAD. It is really distressing to observe the lack of harmony in the ranks of the Conservative party in this city and county. The brethren do not dwell together in unity. It would be unkind to suggest that there is not a fair division of the spoils, and yet something of the sort appears to be troubling the waters.

OF VITAL IMPORTANCE. One of the first matters to which the new officers and council of the board of trade should give their attention is that of the St. John Valley Railway and the terminals of the Grand Trunk Pacific. It is a branch railway to be constructed from Napadogan to connect with the Valley Railway.

Dawson papers recently received here tell of the appointment of John Black, formerly of Fredericton, as acting judge of the Yukon Territorial Court. Recently Judge MacAulay was granted six months' leave of absence and Mr. Black is now acting judge.

Regina on Saturday. Word was received by Mr. and Mrs. Leander Lingley at Westfield, her parents. Mrs. Caulfield was a bride of about two months having on her honeymoon trip from her home in Westfield in September, going to New York and Boston, and returning to her parents' home in Westfield before going to Regina to make her home. In St. James' Episcopal church at Westfield last night, the Rev. C. W. Nichols made feeling reference to the sad event. Mrs. Caulfield has been ill with typhoid in her home in the west for several weeks.

The young bride was formerly Miss Cornelia A. Lingley and she was 27 years of age. Her body will be brought to Westfield this week for burial. She is survived by her husband who also belonged to Westfield. Besides, she leaves her parents, two brothers, Howard A. and Steve, and five sisters, Mary and Grace in Westfield, Mrs. Mabel in the west, Mrs. W. Eccles of New Denver (B. C.), and Mrs. Hubert Seely, of Woodstock (N. B.).

Besides her friends in Westfield the young woman had many friends in the city who will regret very much to hear of her death.

Mrs. Avarl Kearney, of Upper Kent, died last week aged about 87 years. She

REGENT DEATHS

John Roberts.
The death occurred on Saturday of John Roberts, at his residence, No. 180 Mecklenburg street. He was a life-long resident of St. John, having been born on Paradise row eighty-one years ago. He was in the employ of Price & Shaw for more than forty years, and was highly respected by them. In the old volunteer days he was connected with the fire department and could tell many stirring stories of valiant deeds. For several years he was a member and past grand of Peppers Lodge, No. 19, I. O. O. F., and also served as an officer of high rank in the Orange society. He will be remembered by some of the older residents as a prominent and active member of the latter body. In politics he was a staunch Liberal and a great worker and admirer of that party. He leaves a brother, Thomas G. Amherst, and two sons, Thomas and Jerry, of Boston; also two daughters, Mrs. S. Belyea, of St. John street, West End, and Miss Margaret, at home. There are also several grandchildren and other relatives. Mrs. W. R. Farmer, of Wall street, is a sister-in-law.

UGH! NOT CALOMEL, OIL OR SALTS, TAKE "CALIFORNIA SYRUP OF FIGS"

Delicious "Fruit Laxative" Cleanses Stomach, Liver and Bowels

A harmless cure for sick headache, biliousness, sour stomach, constipation, indigestion, coated tongue, salivaceous, take "California Syrup of Figs." For the cause of all such misery comes from a torpid liver and sluggish bowels. A tablespoonful tonight means all constipation poison, waste matter, fermenting food and sour bile gently moved out of your system by morning without gripping. Please don't think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative can not cause injury. Even the most delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel cleanser, regulator and tonic ever devised.

Your only difficulty may be in getting the genuine, so ask your druggist for a 50 cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." This city has many counterfeit "fig syrups," so watch out.

IT ALL DEPENDS ON THE LIVER

So important is the liver and so great is its influence on the other vital organs of the body that it may be said you have little to fear from the ordinary ills of life so long as the liver is in its healthy working order. The digestive processes are so dependent on free action of the liver that any derangement of this organ soon brings trouble. Biliousness and constipation follow, with headache and depressed spirits. Additional work is thrown on the kidneys, and soon the whole eliminating system is deranged and the blood carries poisons through the body. Careful eating is a great help towards keeping the liver right, but when it does get wrong there is nothing like Dr. Chase's Kidney-Liver Pills to restore the liver to its healthy action.

With the secretion of bile by the liver, constipation and biliousness are cured, and the digestive and excretory systems are set in order. It is wonderful the benefit obtained by a few doses of Dr. Chase's Kidney-Liver Pills under these circumstances. A trial will convince you of their wonderful action.

Consumption Takes Hundreds of People

every day in the year and the deadly germs claim more victims in cities than in rural districts, due no doubt to the increased number of indoor workers in confining quarters and their lack of sunshine.

Tubercular germs always attack when the system is weakened from colds or sickness, overwork, overstrain, confining duties or any drain which has reduced the resistive forces of the body. But nature always provides a corrector and the best physician emphasize that during changing climate our blood should be kept rich and pure and active by taking Scott's Emulsion warms the body by enriching the blood—it peculiarly strengthens the lungs and upholds the resistive forces of the body to avoid colds and prevent consumption.

If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known; it builds energy and strength and is totally free from alcohol or any stupefying drug—every druggist has it. 11-10 Scott & Bowne, Toronto, Ont.

NORTH END POCKET PEDDLING CASE IS DISMISSED TODAY

Uncle of Boy Tells of Policeman Bringing Him Home—Testimony of Bottle Drinking on Wharf

The evidence in the case against John Porter charged with "pocket peddling" of liquor at Hillyard's wharf on Sunday Nov. 23, was concluded before Magistrate Ritchie in the police court this morning and the case was dismissed. Leonard Van Home of Hillyard street said that he was with four others on Hillyard's wharf on the Sunday in question and that he had a square face of cents. He passed it round to the crowd three times and he himself had as many as four drinks. They drank the gin diluted from the bottle.

Magistrate Ritchie here remarked that he was getting \$1000 a year, which was a much larger salary than the witness earned but he said that he had not seventy-five cents to spare for a bottle of liquor since 1888.

Van Home said that he knew the district had a bad reputation and he had heard of liquor being peddled on Sunday mornings but knew of none on this particular day, that he did not know of liquor which William Kennedy, a boy, was found on Hillyard's wharf on that day and he had not seen the defendant all on that Sunday.

William Kennedy, Jr., uncle of a boy who had given to Policeman Briggs information upon which Porter was arrested, took the stand and said the boy who lived with him had been brought home by Policeman Briggs about nine o'clock on the evening of last Sunday morning. He was very much under the influence of liquor and talked wildly not knowing what he was saying. The witness had never seen his nephew drunk before. The boy said the next day that he had found the liquor.

The defendant took the stand and said that he was about town on Sunday morning but did not leave about noon and had not left his home until he went to work at seven o'clock on Monday morning. Asked if he knew the boy of reputation of peddling liquor in that vicinity, he said he knew it but accounted for it by the fact that he had been arrested and convicted on the charge five years ago, when he paid the penalty. Since then he said he had given up the business. The case was dismissed.

George A. Henderson, police clerk, conducted the prosecution.
