

HELLENIC NATION IN THE WAR

Athens, June 29.—Though war has not yet been declared, the Greek government considers that a state of war exists since its advent to power yesterday.

The recall of the Greek diplomatic representatives accredited to the Central Powers and their allies is imminent.

Paris, June 29.—Telegraphing from Athens, under today's date, the correspondent of *Le Temps* says:

"The Greek government has directed its minister to Switzerland, M. Karadja, to communicate to the German legations at Berlin, Vienna, Sofia and Constantinople, instructing the ministers to break diplomatic relations between the Greek kingdom and the

Greece's new course with regard to the war began to be shaped June 12, with the abdication of King Constantine and the accession of Alexander, his second son, as king.

BRITISH AGAIN SUCCESSFUL ON SOUCHEZ RIVER

ANOTHER HARD BLOW IS DELIVERED BY BRITISH

German Front of About Two Thousand Yards Captured—Probable Evacuation of Lens by Germans Soon—Enemy Obtains Slight Footing Against French.

London, June 29.—The British official statement today says: "Early last night we attacked and captured the enemy's forward position on a front of about 2,000 yards south and west of Oppy (in the Arras sector). The whole of our objectives was gained and some prisoners and machine guns were taken by us.

"Our troops continue to gain ground on a wide front south of the Souchez River and have entered Avion. A further number of prisoners and six machine guns have been captured in this area.

"A hostile raiding party was repulsed during the night north of Cherisy. We successfully raided the enemy's trenches southeast of Loos."

Soon To Have Lens.

New York, June 29.—A special cable to the Herald from Paris, dated Thursday, follows:

"The correspondent of the Petit Journal on the British front, believes that the Germans have decided to evacuate Lens and the whole mining basin. He says: 'It is not unreasonable to think that the invader, finally dominated and rudely shaken, is being fatally drawn toward new rectifications of his salients and economies of his front to balance the drain on his reserves. Proofs of this are seen in the gradual diminution of the enemy's artillery fire, giving a clear impression of a general withdrawal of the German batteries, and in the admissions of the Berlin communications that strategic considerations have caused the high command to readjust the lines behind Lens.'

"British aeroplanes have dropped nearly four thousand bombs behind the German lines within ten weeks and have taken 300 photographs daily."

French Statement.

Paris, June 29.—Picked German troops made a heavy attack last night on the Verdun front near Hill 304 and Avocourt Wood, after especially severe shelling. Today's official statement says the attack was disorganized by the sharp reply of the French artillery, and that the Germans obtained a footing at only a few points in the first line. This morning the Germans made another violent effort east of Hill 304. It failed completely. The Germans were active on the Aisne front also. All their attacks were repulsed.

SCHOOLS CLOSED YESTERDAY

Scholars Free from Studies for Two Months—Programmes in Majority of Schools of Patriotic Nature.

Yesterday the city schools closed for eight weeks, and the children will proceed to enjoy themselves without having the burden of lessons hanging over them for eight time. Some of the schools have quite elaborate programmes, but several did not attempt anything in the way of special entertainments at this time, as they had a considerable time on the Empire Day programmes.

The High School.

At the High School there was a very good attendance who thoroughly enjoyed the Drama of Confederation presented by the graduating class. Much credit is due Miss Wilson, who prepared the historical sketches for this drama as well as to the performers for the splendid rendition given.

Miss Doris Barnes the valedictorian, reviewed briefly the school year and the names of those graduates of the High School who had paid the supreme sacrifice in the great struggle now raging in Europe. The names were: Sergeant Frank Cotter, Lieutenants Charles Lawson, James Hassen, John Hipwell, Pte. Peacock, Lieutenants Matthews and Fred Foley, Pte. Frank Armstrong, Runner Thomas Gorman, Pte. J. Baptist Cronin, Capt. Stan McDonald, Capt. George Morrissey, Lieutenants Gordon Kerr and Hugh Teed, Pte. Fred Cheyne, Flight Lieut. Herbert Barr, Lieut. Fred Manning, Herbert McDonald and Lyman Anglin, Pte. G. Willard Kirk, Corps. Walter McIntyre and Gilbert Climo, Pte. Roger Chesley.

The diplomas were presented by R. B. Emerson, chairman of the Board of School Trustees.

St. Vincent's.

The closing exercises of St. Vincent's were held in the assembly hall of the Y. M. C. I. and were well attended. Among those present were: Bishop LeBlanc, Superintendent Bridges, Chairman Emerson, Trustees Thomas Nagle, Mrs. James Dever and E. R. Taylor and a number of the city clergy. The diplomas to the graduates were presented by Dr. Bridges, who congratulated the school on the splendid record made during the year. The honor certificates were presented by R. B. Emerson. Miss Lillian Peterson was the valedictorian.

At the close of the formal programme Bishop LeBlanc made a short address.

Following is the list of graduates: Florence Anne Casey, Mary Eileen Conlon, Eugenia Sylvia Cornier, Gertrude Helena Costley, Catherine Agnes Doherty, Marie Kathleen Dugay, Catherine Helena Fitzpatrick, Blanche Euphonia Harrington, Lillian Regina Howard, Nabel Frances Kelly, Agnes Margaret Lydon, Margaret Teresa McElhinney, Margaret Josephine McFadden, Mary Evelyn O'Brien, Margaret Gertrude O'Neil, Lillian Marian Peterson, Susie Agnes Robson, Frances Ann Ryan, Elizabeth Teresa Ryan, Bland Catherine Sharkey, Eleanor Cary Taylor, Lillian Teresa Wallace, Helen Agnes Walsh.

Those who received honor certificates were: Misses Lillian Peterson, Catherine H. Fitzpatrick and Frances A. Ryan.

Alexandra.

The programme at the Alexandra school was supplied by the pupils of Grade VIII, and was splendidly rendered. An interesting feature of the day was the presentation to Principal A. L. Dykeman of a handsome silver mounted cane by four girls who graduated this year and whom he has designated the quartette. The presentation was made by Miss Alice Vanwart on behalf of the quartette who are: Sarah Hoffman, Laura Akerley, Rae Curry and Alice Vanwart.

St. Thomas.

St. Thomas school was very nicely decorated for the closing and a splendid patriotic programme was carried out by the pupils.

The following young pupils have had a record of perfect attendance at school for the year:

Grades 1 and 2—Kathleen McCluskey, Margaret Farren, Isabel Maynes, Francis McHugh, Ronald Gaynes, Harry Carmichael, Beulah Hogan, Rita McDonald, Ethel Simon, Teresa Tobias, Louis Comeau, Thomas Hansen, Patrick Hefferman, Adele Delpe, Cyril McDonald, Viola Hayes, Rosie Joseph.

Grades 3 and 4—Perfect attendance: Catherine Comeau, Bessie Ramsey, Irene Dillon, Marie Thomas, Marie Joseph, Vera Simon, Josephine O'Brien.

Dufferin.

An interesting feature of the closing exercises of the Dufferin school was a presentation to the assistant teacher, Miss Marie Seely, who has resigned her position on the city staff to accept that of principal of the Northern Superior school.

Mr. Brown, on behalf of the teachers expressed the general regret at

Miss Seely's departure, extending the good wishes of the teachers.

Miss Seely both personally and in her school work has greatly endeared herself to the teachers and they much regret her departure from the staff.

La Tour.

At the La Tour school an address on Canada and Confederation was delivered by the principal, Enoch Thompson, and a good programme was prepared by the scholars consisting of readings, instrumental and vocal music and drills.

Newman Street.

At the Newman street school separate programmes were provided by the pupils of Grades 1 and 2. The exercises were attended by a number of the parents of the children.

St. Peter's Boys.

At the St. Peter's boys' school addresses were delivered by Rev. Joseph Gallagher, C. S. R., and Michael O'Neil, of the Board of School Trustees. A programme had been prepared by the primary department and in the higher grades special lessons were given on Confederation.

Bentley Street.

An elaborate programme had been prepared by the scholars of the Bentley street school and all the numbers showed evidence of careful preparation.

In Winter street, Centennial, Albert St. Patrick's, Aberdeen, Victoria, St. Malachi's and St. Joseph's no formal programme had been prepared, but special talks on Confederation were given by the teachers in the various rooms.

MONTREAL IS HAVING TROUBLES

City Hard Up for Cash and Finds It Difficult to Raise "The Wind."

Special to The Standard.

Montreal, June 29.—The City of Montreal is having its troubles of the financing of these days. When calls for tenders for a loan of \$1,400,000 were made a short time ago there were no bidders. The Bank of Montreal offered a temporary loan of \$500,000 to satisfy immediate and urgent needs. The board of control considered the amount inadequate, however, and asked for \$1,000,000. The board today received a letter from Sir Frederick Williams Taylor, general manager of the bank refusing to raise the amount of the loan offered.

In the course of the bank's communication, which was considered by board of control behind closed doors, Sir Frederick Williams Taylor, the general manager, expressed opinion that it would be "interesting" for the board of control to furnish the bank with a list of capital expenditure which the resolution of the board states is necessary to complete sewer,

sidewalk and other contracts that cannot be left unfinished.

The board of control will supply the bank with the information asked. Meanwhile the \$500,000 which the bank is ready to give will have to satisfy the needs of the corporation for the present at least.

Girls' Club Holds Meeting.

At a meeting of the Girls' Club, Princess street, last evening, a committee of the girls presented Miss Pitt with a small gift of money, at the same time expressing their regret that she was severing her connection with the club. Mrs. N. G. Scott, chairman of the Girls' Club committee, also read a letter of appreciation for her work in the club. Mrs. Good spoke, expressing regret over Miss Hoyt's departure. Mrs. Good assured the girls that the club would stay open during the summer for their use.

The Spirits Moved.

The unusual sight of several thousand gallons of whiskey and other spirits being moved yesterday was an unusual one here. But the whiskey was here just the same, although it is not now. The spirits, which filled an entire car, were taken from a bonded warehouse and carted to the railroad yards for shipment out of the province. Some of it may return later.

A Steamer Model.

Messrs. Grant and Horne made a start yesterday getting the yard ready for the ships which they are to build for the Imperial Munitions Board. A model of the steamer which they are to build may be seen in the windows of the government rooms, Prince Wm. street.

only thing I could do. I turned up to a store that was shut for the day and tried the door. Then turned back.

I faced that bunch of timid sleuths with a frozen countenance when I passed them. They laughed uproariously. The barber shop "syndicate of sidewalk hussies" too tired out, or too timid to make a break, are getting from out of it. I turned up the first street. When I turned the next corner I could still hear their shouts, but I went east instead of going direct to the hotel—or west, whichever the direction that led me by McDonald's mill. Beyond there I turned up the hill. This gave me the chance to find out that I was not being followed.

After strolling around that part of the town I returned to the street that I knew would take me to the hotel. To make sure I made inquiry of two men who stood in front of a church. A travelling salesman, who was also a guest of the hotel, and who with others I left sitting on the porch when I went out, was going down the street. He had doubtless recognized me when I arrived at the hotel from the train; but had plainly and generously refrained from giving me away. We had no conversation whatever.

The cry that had been raised against me did not come through his agency, for I went out before he did. The boys had simply given range to their amusement on meeting a stranger at the time this chase had begun. It is the great difficulty I have to face, and so far as I can to counteract. As for the travelling men, I had previous to my arrival in Chatham been recognized three times. As a class they are good scouts.

The next morning the good natured pilot with a sandy moustache, took me out of town on the river boat Alexandra. Fox in town had doubtless been the talk of the evening. Many idlers were at the steamboat landing when "Bushy Pete" and "Silver Heels" placed me safely on board of the boat. It stood at the wharf a half hour overtime.

I sought concealment in the pilot house by picking acquaintance with the unsuspecting pilot. It afforded me sufficient concealment for the time being—kept me from the probability of being spotted by some of them on the wharf. It eliminated the natural chance of my figure drawing some one's attention to me.

So I got into Loggieville where I was to make the ten o'clock train up. Jack White expected me on the noon train. I took it but didn't get off.

"Mr. Lawlor has taken the nine o'clock boat for Newcastle," I said to my confiding friends, "So I'll have to stay over if I am to do any business with him."

This was in the hotel when after calling at Mr. R. A. Lawlor's residence I returned to get my luggage. Mr. White recognized the force of my statement. He had become suspicious.

If I had made directly for a boat or train going to Newcastle, my natural course of it being for good, I would not have escaped capture.

Mr. White had "fallen" beautifully during the morning when I described the "Government Secret Service" I was engaged in; he had seriously talked with me about matters relating to it which I brought up and had given me information which I had desired.

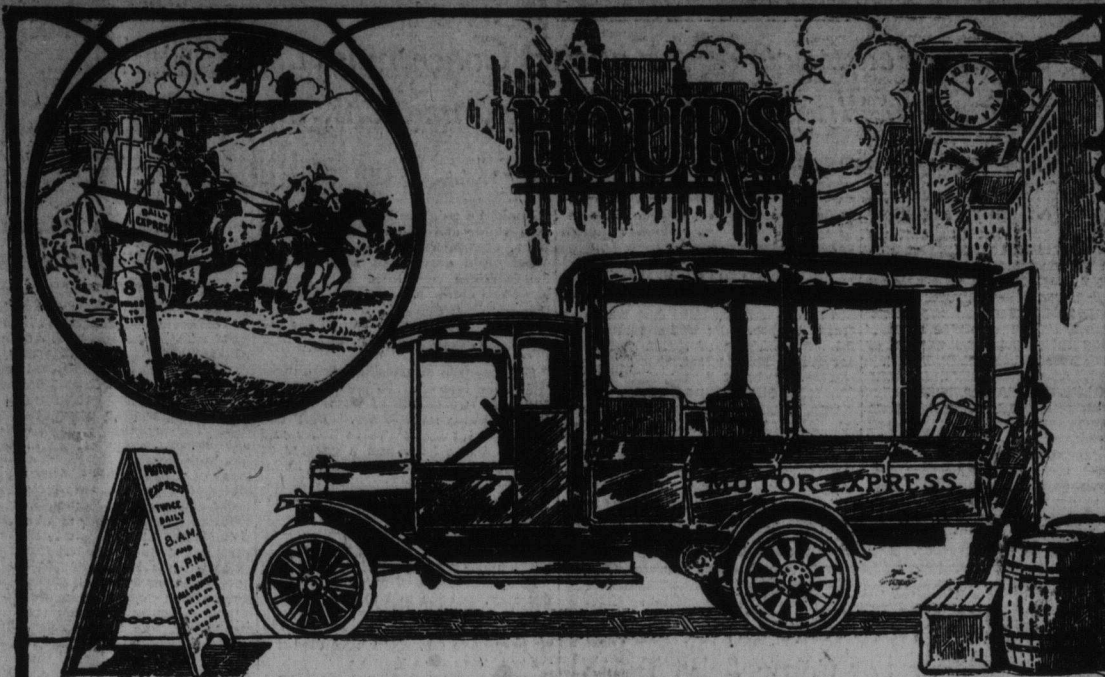

He drew up a list of farmers and the acreage of potatoes they have planted without considering why a man in "secret service work" should ask for such a list. When I went after my luggage I saw two fellows in the hotel who I was sure had their suspicions. My first talk of returning threw them off.

Here is a list Jack White gave me: 35 bbls. of potatoes planted, Geo. J. Dickson, and 25 bbls. Geo. Hesling, Nappan, N. B.; 60 bbls. Hotel Dieu, Chatham; 30 bbls. Gordon Bros., do.; 50 bbls. Snowball Co., do.; 30 bbls. A. J. Dickson, 25 bbls. Cliff Gallaway, 25 bbls. Michael O'Donnell, 20 bbls. Frank Jardine, 30 bbls. Harry Wilson, 30 bbls. Michael Seale, all of Nappan, N. B.; 40 bbls. Philip Bremner, 10 bbls. Peter Archer, 30 bbls. Geo. E. Fisher, Chatham, N. B.; 40 bbls. Mr. Brankly, Milmashel Lumber Co., Chatham, N. B. J. C. White provides himself from his own fields with an vegetables he will use in his hotel leaving in the market that much for others to buy, he suggested.

Without Jack White's innocent agency Fox the Fugitive would not have escaped capture in Chatham. The sleuths in the towns have learned to watch every outgoing and incoming train.

My exploits in Loggieville make another story. Also McLannigan's "Italian Statuary" scheme for the Chatham Park and Little Tommy Waring's race to get away from Fox. They are too good to overlook or abbreviate so I will swing them Tuesday.

If the station agent at Loggieville will look under the order book on the shelf he will find a sealed letter to be handed to Mr. J. R. Loggie.

The Hunton family is certainly doing its part towards winning the war. Prof. and Mrs. S. W. Hunton have

James O., who has been waiting some time for an appointment as Lieutenant, recently joined the New Brunswick Machine Gun draft, which is soon to go overseas. Not receiving his appointment as an officer, he took the only course open to him if he wished to get to the front, and the fact that he gave

up hope of officer's rank and reverted to a private is greatly to his credit and will be heard with pleasure by his many friends. Monday, the last son of the family, Mr. Thomas Hunton, left for St. John, later proceeding to Ottawa with the signallers. "Tom" goes along with five other Sackville boys, Messrs. Edgar Copp, R. V. One cup ground meat left over from roast, steak or soup piece; one-half cup breadcrumbs, one-quarter cup grated Parmesan cheese (or sharp American), one egg, well beaten; one-half clove garlic, minced fine; one-quarter teaspoon salt, pepper to taste; milk, enough to moisten well.
Form the above, well mixed, into flat cakes, roll in breadcrumbs. Fry

in deep, hot olive oil or cottonseed oil until a rich brown. Recipe makes enough cakes to serve two.

ROUMANIAN RELISH.
Bake eggplant in hot oven ten minutes, remove skin, chop fine with one onion, pepper, salt; add a tablespoonful olive oil, one of lemon juice and service on lettuce leaf.

JELLIED PRUNES.
One pound of small black prunes, two tablespoonfuls granulated gelatine, one lemon sliced very thin, one-half cup sugar or more as desired.
Pick over, wash and cover prunes with cold water. Cook in same water for several hours. Add one-half lemon sliced very thin to prunes and boil very slowly until prunes are soft. Remove the stones.

Soak the gelatine in one-half cup of cold water and add to the hot prune juice, of which there should be two cups. Add sugar and remainder of lemon sliced very thin. Add prunes. Mold and chill. Nuts may be added to this recipe if desired.

ORANGE MARMALADE.
Slice as thin as possible six oranges and three lemons. To each pound of fruit add two quarts of water and let stand twenty-four hours. Boil one hour and let stand twelve hours and then boil one hour and a quarter or until it jellies. This will make about twelve tumblers.

LIVING.
"So he died for his faith. That is fine."
More than most of us do. But stay, can you add to that line that he lived for it, too?

"It is easy to die. Men have died for a wish or a whim—From bravado or passion or pride—Was it harder for him?"

"But to live; every day to live out. All the truth that he dreamt. While his friends met his conduct with doubt. And the world with contempt—"

"Was it thus that he plodded ahead. Never turning aside? Then we'll talk of the life that he led—Never mind how he died."
—Ernest Crosby.

Just as long as there is a case there will be a woman in it. Some people's troubles are enough to make any one laugh. It is better to keep the devil out than to have to turn him out. It costs more to avenge a wrong than it does to let it go by default.

Women! Keep This On Dresser! Never Let Corns Ache Twice

Instantly! Few drops stop corn- soreness, then corns and calluses shrivel, loosen and lift out with fingers—No pain!

The world owes thanks to the genius in Cincinnati who discovered freezone, the new ether drug.
Small bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of this freezone upon a tender, itching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying free-

zone or afterwards. It doesn't even irritate the skin or flesh.
For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet. Everyone who tries freezone becomes an enthusiast because it really doesn't hurt or pain one particle.
Tell your druggist you want a small bottle of genuine freezone. Each bottle is packed in a little round wood case. Don't accept anything else.

Why the Country Needs Food-Control

The wolf is at the door of the world, so Mr. Hoover reminds us, and he would meet it with the Food Control Bill that aims to reduce the cost of living in the United States and to bring victory nearer by feeding her Allies.

"In the last five months," says Mr. Hoover, "\$250,000,000.00 has been extracted from the American consumer in excess of normal profits of manufacturers and distributors." As evidence that the unprecedented high prices of food are largely due to "rampant speculation," he points out that "the average prices to the consumers in countries where food administration is now in effect, are lower than those prevailing in the United States, although those countries are mainly dependent upon us for their supply."

In THE LITERARY DIGEST for June 30th, this most important subject to the American public is presented in all its ramifications. THE DIGEST telegraphed to newspaper editors in every section of the country asking for an expression of the local sentiment as to the Food-Control Bill, and the results of this investigation are shown. There is no other subject that more directly concerns the people of Canada and the United States today.

How the "Digest" Deals With Business—Big and Little

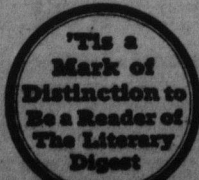

By no means, the least valuable service which THE DIGEST performs for busy men of affairs, is the way in which it treats business conditions, banking, investments and other financial matters, each week.

In an hour's reading, or less, the business man can get a grasp on the most important phases that have developed throughout the week. The consensus of the most highly skilled finan-

cial specialists, gleaned from the newspaper and periodical press of the world, is freed from useless verbiage and is presented in concise, accurate form, for quick reading and assimilation. There is no line of industry, or finance, or banking, whose conditions are not reflected in THE DIGEST from week to week.

IMPERIAL WILL CELEBRATE SUNDAY

Free Display of Confederation Mementoes in Front Windows.

The people of St. John are invited to inspect an appropriate window display of mementoes of Confederation at Imperial Theatre tomorrow (Sunday). As Sunday is the real anniversary of Canada's birth as a nation—not Monday—an effort has been put forth by the Imperial to commemorate the day. Through the kindness of friends and various organizations in town it has been possible to collect a splendid array of portraits, photographs, groups, statuary, maps, diagrams, etc., reminiscent of the great electoral battle that resulted in uniting the colonies in British North America. It is not an advertising display but a serious effort to give some local color to the most notable anniversary in Canada's history, which seems to be destined to slip past almost unnoticed in the official sense. The display will revive old times in the minds of grandparents and will serve to educate the younger generations. The windows will be lighted in the evening up to 11 o'clock.

IMPERIAL.
"Sally in a Hurry."
Sally used not take that title all to herself these days, she has nothing on Mary and Muriel and Alice and Jean, however.

This is a pretty little story featuring a Walker, who wears some singularly unbecoming clothes and manages to look charming in them, a feat hard for anyone less dimpled and curly-haired to accomplish. The story is concerned with the admiration of "Sally," a waitress in a hash-house, for a younger son of an English peer, whom she believes to be a real live lord. This son of the aristocracy gets in the toils of the self-styled "Lady Clara," (Eulalie Jensen) and is snatched from the adventures by the

quickness of Sally. There are many funny incidents introduced and the sub-titles are responsible for much of the humor of the picture. It is a Vitagraph picture. Don't go to see it feeling hungry for the scenes are mostly laid in restaurants and the climax occurs at a well-dinner party.

Two very funny comedies were included in the week-end bill and both were hugely appreciated by the school children present.
The Triangle picture had some wonderful happenings of automobiles and the Big V was one of the best seen here with Jim Aubrey and Eddie Dunn as baseball heroes.

The High School graduates attended the afternoon performance, the girls sitting in the boxes and the boys following the moments with the High School yell. It is a good programme for amusement all right.

UNIQUE.
"The Flames of Treachery"—"The Four Cent Courtship."
"The Four Cent Courtship" is an amusing farce of a young man trying to entertain his girl in New York with just four cents to his name. He does not always in the way he intended to and his bluff works out in the end. Bryant Ashburn is the resourceful young man and the General Film Co. did the picture.
"The Flames of Treachery," a Universal story, with Lois Wilson as the faithful stenographer, is concerned with the attempts of two men to cheat their employer. It has quite a good deal of excitement packed into a few reels.
Salmon fishing on the Columbia river where they go out with horses to bring in the fish, and a colored reel showing scenes in Holland with most attractive kiddies in their wooden shoes ended the varied list of the Unique's pictures for this week.

J. B. Franklin of Halifax is in St. John for a brief visit.

IMPERIAL TODAY AND ON THE HOLIDAY.

Imperial Theatre is closing a remarkable week of feature pictures and unusually bright miscellaneous reels with a bill that is hard to beat for unalloyed fun. Lillian Walker and Don Cameron present a delicious Vitagraph fiction in "Sally in a Hurry," Charles Murray and Louise Fazenda figure in a two-part farce, "Maggie's False Step," and Jim Aubrey pulls some most ludicrous stuff in a Vitagraph farce, "Hazards and Home Runs."

On Monday (the Dominion Day holiday) the Imperial will be open at the usual hours: 1:30 and 6:30. Pauline Frederick will be seen with Tom Meighan in a drama entitled "Sleeping Fires," the first of the Pauline Blackton country life stories; "The Diary of a Puppy" will be shown, also the Pathe British Gazette and another installment of the "World Tour" comedies.

IMPERIAL DECORATIONS.

Realizing that it is a great occasion and a day that should be marked by a celebration, the management of the Imperial Theatre will decorate lavishly in honor of the fiftieth anniversary of Confederation. There will be a very interesting display of relics of the fathers of Confederation and in the Imperial windows will be shown views of the city at that time, in fact it will be a pictorial history of the

great event in the Story of a Nation. For the use of the various articles used W. H. Golding (whose original idea it is to mark this date in this way), is indebted to H. C. Grout of the C.P.R., Lady Tilley and the Natural History Society.

"How many of these gentry do get rich, either quickly or otherwise?" asked Mr. Frederick Warde. "I suppose there have been millions of get-rich-quickers, but how many do you believe have really ended their days in riches? You could count them on the fingers of one hand, if there is one way not to get rich it is through get-rich-quick methods. The truth of the matter is that the 'crooked promoter,' like Hinton in this play, generally winds up 'busted' and in prison. If he has any money the lawyers get it."

"The term 'get-rich-quick man' is a fallacy. It ought to be, 'get-jailed-quick'."

OPERA HOUSE.
All roads should lead to the Opera House this afternoon and evening as the weekly change of programme which opens today is brimful of clean, refined entertainment and with plenty of novelty. It includes Jolly Johnny Jones in a comedy surprise feature; Ward and Meade, classy singers, dancers and purveyors of up to the second pair; Marie Dreams, the phenomenal lady baritone, an English girl, fresh from triumphs in London and all the large English cities. Miss Dreams has a wonderful range of voice and has been one of the season's sensations on the big vaudeville circuits. Then there is the Vice Versa comedy skit artists in a brand new way of creating hearty laughter, and Winchester and Clare in a comedy and musical offering, titled "Tag Day." The programme also includes Billie Burke in the fourth chapter of the interesting serial comedy drama, Gloria's Romance. Two shows this afternoon at two and 3:30; evening at 7:30 and nine. Same little prices all the time.

Uncle Dick's Chat With the Children

My Dear Kiddies,
Some time ago I mentioned that I had several new tales to introduce from week to week. To-day's page will be found the first of them; namely the offer of a hundred dollars each for the picture, and description of Fox the Fugitive.

This man is at present at large somewhere in New Brunswick, and on every hand people are doing their best to capture him. Already has been caught in St. John, but making a get-away, he is roaming about the province. Full particulars as to the awards, and what you have to do to win them, shall be given in another column, to which give your most careful attention. This kind of chase is just what I want after your hard work at school, and therefore, shall not be surprised to hear that some member of your school succeeds in running the Fugitive to earth.

To assist you in your "detective" hunt, here are a few hints which might be helpful. Watch the strange men in town. Track him. Take a chance, no matter what his business. A boy or girl who follows that plan will have the most chance of getting the Fugitive. Don't let him fool you by pretending that he is a travelling salesman, or a distant relative, or anything else. Be sure to ask him for conditions very accurately, or you might be like the boy who nearly caught him, but just for nothing. —xxxxx 33333. (It's all right, I'm not a real detective, but I have already said too much, and I had better not continue giving clues. Let the Fugitive give his hints in the articles which he is writing daily, exclusively, for The Standard.)

I am very anxious that you should all do your very best, as Mr. Fox is already aware of the fact that I intended getting the thousands of him and girls who read the Corner, on his track, and I am sure he will do every best to evade capture. On the other hand just think what an honor it would be if one of you did manage to ferret him out.

Besides, remember that I already have promised with the rules, and first gets the Fugitive, he awarded two dollars, and also a special present from the Fugitive himself.
Now, remember what I said week in regard to the use of eyes? Well, now, here is the best opportunity to put into practice what I told you to do. Watch other strangers you see in the neighborhood, don't let any miss your observation. If you saw the pictures of the Fugitive published in the Standard during the past two weeks, it helps you as to his appearance, gives you a better chance to run to him. The moment you are told to write and tell me, and mail the two dollars, just as soon as I have the confirmation from Mr. stating that it was he whom I caught, I am also going to award two dollars to the boy or girl, member of the Corner, who writes the best description of Fox the Fugitive's appearance. Write your composition on a neat piece of paper, and sign your name and address at the foot of the page.

What a close rivalry has existed among the school examinees yesterday was speaking in the idle who worked in each corner with another boy in each. A hearing in their class, and the result was a little friend, and to lead by one point. I guess of many such cases, and as you could write.
by send in composition nature, telling of experience of the exams? Then I might some of them in the Corner sure it would make most interesting reading.
I'll have to close, with love and heaps of love to all.

Uncle Dick

Tales for the Kiddies

Most stories begin with, "Once on a time" so I suppose this will follow the general rule, anyway. It was a very long time ago, in a now known as India, there lived a poor man who had seven daughters. All these daughters were growing up, but unfortunately they seldom grew much as they needed to eat, as father was a very poor man, sometimes he had hardly a cent but even corn.
It happened one day that a jackal was passing the house of the man, and he heard him say, "O dear! What am I to do with seven daughters? I cannot keep all their lives, and they are much poorer to even get married (in when the young women get married, it is generally understood, that take certain valuable articles with them as a present for their husbands) If a jackal or a dog were to come along and offer to marry them, I really believe that I would give my consent!"
As soon as he heard this, he walked into the house, and the man said, "Do you mean what you just say? If so I am willing to you a youngest daughter. But must let her go away with me in the forest, and not come back with you."
"Very well," said the poor man, "I will let you have my youngest daughter, and went with her to his den in the forest. Now it turned out that this was not a jackal at all, but in a very handsome prince, who learned magic from a clever and kind woman. He only put on the jackal's skin for a prank, and every time he used to take it off, and he brushed it up, put it in again.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

THE MARKET IS FURTHER UNSETTLED

Motors and Utilities Again Weak—Rails Yield Moderately—U. S. Steel Advances.

New York, June 29.—Further unsettled speculative conditions characterized the first half of today's dull and professional trading, with sharp and very substantial rallies before the close. Motors shares, utilities and many minor specialties represented the chief elements of weakness, and rails also gave way moderately in the absence of developments regarding the freight rate situation.

Much of the related recovery resulted from short covering in such leaders as the steels and equipment, which were supported on reports indicating an adjustment of government prices. United States Steel made an extreme advance of 2½ points, from its minimum of 128, and closed virtually at the top with a net gain of a point.

Lackawanna Strong.

Independent steels and related shares rebounded from their early reversals of low to three points, with pronounced strength in Crucible and Lackawanna. Baldwin Locomotive and Republic Iron. Coppers, shippings and the more volatile specialties were responsive to relaxed pressure, and in some instances the motors made up the greater part of their severe losses.

Industrial Alcohol maintained its reputation for irregularity, at one period showing a loss of one point, but which was reversed to an actual gain of five and a half points. Ohio Gas and General Motors were among the other erratic issues in which material declines gave way to substantial net advances.

Losses in Rails.

Losses in rails ranged from 2½ points in Delaware and Hudson to a point or more in Union Pacific, Southern Pacific, Northern Pacific, Baltimore and Ohio, New York Central and Southern Railway preferred. Recoveries in this group were nominal. Total sales amounted to 670,000 shares.

A new low price of 27½ for rubies reflected the mixed news regarding Russian affairs. France shaded a trifle, but other European remittances were unaltered. Transfer of about \$6,700,000 gold to San Francisco, en route to Japan, excited little attention.

Bonds were irregular, with a sale of liberty bonds 3½ at the new premium of 100-6-50. Total sales of bonds, par value, were \$2,635,000.

United States bonds were unchanged on call.

NUMEROUS WEAK SPOTS DEVELOP IN MARKET

Serious Labor Trouble in Copper Mines of Two Continents—Vigorous Recovery in Late Trading.

(McDOUGALL & COWANS.)
New York, June 29.—Numerous weak spots developed around noon and in early afternoon holders of stock apparently becoming more and more inclined to get out without special reasons in the news of the day. The rails turned soft at the same time particularly the stocks of western roads. There was much talk of government fixing low prices for war commodities, but nothing more definite was known about this matter than has for several days past. It was estimated that labor troubles have developed in mines producing a third of the copper output of North and South America, although these mines are not actually tied up. In the late trading a vigorous recovery carried prices of many industrials close to or fully up to the high prices of the day and rails also picked up large share of their losses. It was again predicted in Washington that rate decision would be given out after the close Saturday and that roads would get a substantial increase.

PREMATURE
PEACE MOST
INADVISABLELloyd George Wants to Avoid
Great Disaster to Mankind—
Russia Regaining Strength.

Glasgow, June 29.—Discussing the question of peace today, Premier Lloyd George said that if the war should be concluded a single hour before the Allied powers reached the end they set out to attain at the beginning of the war, it would be the greatest disaster that ever befell mankind.

"In my judgment," said the prime minister, "this war will come to an end when the Allied powers have reached the end and they set out to attain when they accepted the challenge thrown down by Germany to civilisation. Then this war ought to come to an end; but if it comes to an end a single hour before, it will be the greatest disaster that ever befell mankind."

Ready for Peace.

"I hear people say that Germany is ready to give us satisfactory peace. No doubt you can have peace now at a certain price, for no doubt Germany wants peace; but it is a peace which would give her economic and other control over the countries which she had invaded."

"Russia will regain her strength with a bound, and become mightier and more formidable than ever," Lloyd George continued. "Although these distractions had the effect of postponing complete victory, they made victory more sure than ever, more complete than ever, and what is more important, they made sure that the quality of victory."

THE POLICE COURT.

A man who arrived from Boston on Thursday with a jag and a partly filled bottle of whiskey, left a deposit of money in the police court yesterday for his appearance again on Tuesday. He was told he left himself liable to a fine of from \$50 to \$300.

Charles O'Regan was fined \$10 for exceeding the speed limit on Main St.

A case against J. F. Tilley for not sounding his auto horn on the 20th inst., was adjourned until Tuesday to have the chauffeur present.

Fred Hazen was fined \$4 for allowing a wagon loaded with sand to stand on the Marsh Road sidewalk.

STRENUOUS WORK
SOON TELLS ON YOUBusiness Men and Breadwinners
the Victims of Nervous
Exhaustion.

When worry is added to overwork men soon become the victims of nervous exhaustion—neurasthenia—the doctor calls it. Some have to reserve strength in their systems to bear the strain; others exhaust what strength they have. If you find that you are nervous and not sure of yourself, that you sleep badly, and wake up tired and aching, your nerves are out of order. Other signs are inability to take proper interest in your work; your appetite fails; your back feels weak, and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they thrive on, namely the rich, red blood made by Dr. Williams' Pink Pills. These pills have cured thousands of cases of nervous disorders, including nervous prostration, neurasthenia, St. Vitus' dance and partial paralysis. Here is an example. Mr. P. H. Callan, a well known business man in Coleman, P. E. I., says: "I owe my present health, if not life itself, to Dr. Williams' Pink Pills. I had always been an active man, and when I began to run down in health paid little attention to it as I thought it only a temporary weakness. As time passed, however, I found myself growing worse, and consulted a doctor, who said that I was not only badly run down, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, I slept badly and notwithstanding the doctor's treatment grew so weak that I had to leave my business and was confined to the house. Time went on and I was steadily growing weaker, and my friends were all greatly alarmed for my condition. In this condition I was strongly recommended to try Dr. Williams' Pink Pills, and as the doctor's medicine was not helping me I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me out. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever I did, and was being congratulated by all my friends on my full restoration to health. I feel now that if I had used Dr. Williams' Pink Pills at the outset I would not only have saved much money spent in doctor's bills, but would have had renewed health sooner. I cannot speak too highly of this medicine, and would recommend it to every man who feels weak, nervous or run down."

You can get these pills through any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

MAINE MAN
SLAIN AT
TWILIGHTWas Either Deliberately Mur-
dered or Was Mistaken for
a Deer by Poacher.

Bangor, Me., June 29.—The authorities are investigating the death by shooting of Oscar Mayo, a prosperous farmer who lived two miles from Milo, on the Medford Road. Whether Mayo was murdered or mistaken for a deer by poachers is a matter of conjecture, although the latter theory is the more probable one.

One of Mayo's children, who was with him at the time of the shooting, says that his father was inspecting his oat field about dusk when someone fired two shots. The first bullet whistled over their heads, but the second struck Mayo with fatal effect. Deer have been plentiful about the Mayo farm and it is possible the slayer mistook the farmer for an animal in the dusk. The offense, whether murder or otherwise, calls for imprisonment.

Mayo was thirty-five years of age and leaves a wife and seven children.

POOLISH ARGUMENTS.

The extremity to which the anti-conscriptionists have been driven in their efforts to defeat the compulsory military service measure can be judged from the foolish character of their arguments. One favorite contention of these gentlemen is that the men who will be taken under the compulsory measure cannot be spared from productive occupations in Canada. They advance this claim in one breath and in the next plead for a further extension of the voluntary system, promising that if granted they will go out and work for recruits, and expressing no fear but that their effort will be successful.

Whether the system used in conscription or voluntary enlistment the purpose and the desire is to get the men needed to fill the Canadian armies. The same number of men will be required in either case. If they cannot be spared under a compulsory method, how can the advocates of the volunteer system hope for better results?

As a matter of fact the men who will be taken under conscription are those who can most easily be spared from their occupations and from their homes. In the first place it is not proposed to take married men or men with dependents until the supply of single men has been exhausted. Returns to the Patriotic Fund show that out of the 400,000 men in the Canadian armies more than 75,000 married and with dependents joined the forces under the voluntary system. Under conscription there would not be one, as the classes of single men would have more than sufficed to make up that 75,000. This effectively answers the argument that conscription will rob Canadian women and children of their breadwinners.

Now as to the other claim that conscription will disrupt industry. Selective conscription will not only determine the men to go but the men to remain and one of the most important provisions of that measure is drawn to make it certain that men whose services are of greater value to the state at home than on the battle field shall be kept at home. It cannot successfully be said that conscription will take one man whose services are more urgently required in Canada. Under the voluntary system men enlisted because they felt it their duty to join the colors. In many cases business and industrial establishments were denied of their most useful employees, while men whose positions could be filled by women, by older men or returned soldiers, continued in civilian life. Under conscription these men would be taken and the others left.

During the debate in the House of Commons instances were cited of districts in Ontario where all the available young men had gone, and others where the enlistment was very small. As a consequence there was a great scarcity of labor in some districts and an ample supply in others. By the system the Government plans to put into effect this situation cannot obtain. There will be an equal division of service and all districts will contribute according to their resources in man-power.

Altogether the only argument that anti-conscriptionists can urge is the sentimental one that Canada would be in a more glorious position if it could be said of her that all the men for her armies enlisted of their own volition. Those favoring the bill admit the truth of that argument but, unfortunately, the men have not been secured and the need for them is as great now as at any time since the outbreak of war. The only thing to do therefore is to get them by whatever method will best serve and the great majority of public opinion in this country is that for such a problem there is but one solution—conscription by selective draft.

CANADA'S SEMI-CENTENARY.

The wonderful country which a certain poet rather harshly termed "Our Lady of the Snows" has had her name written large in the world hall of fame during the past fifty years, particularly in the latter years of the half century. It would be impossible in a few columns of a newspaper to describe adequately the rapid progress and surprising development which have been made in the years that have gone since the "fathers" met in the beautiful city of Charlottetown and there assisted in perfecting plans for the welding together of inharmonious provinces and vast tracts of the unknown west. From Sir Charles Tupper died in England there entered into the last of these immortal fathers of Confederation.

When Canada became a real country on July 1, 1867, the Dominion had

SLIGHT IMPROVEMENT IN MONTREAL SALES

Business Expands Slightly—
Steel of Canada Higher—
Dominion Iron a Trifle Weak.

Montreal, June 29.—Following some further sagging in the early part of the day with new low prices for the movement in a number of directions Canadian securities developed irregular improvement in the afternoon session. The upward tendency in Wall Street with some indications of a slight easing in money here were advanced as influences on the better tone of the market.

Business expanded very slightly, the output in listed stocks being less than 3,200 shares. Canada Steamship which closed with net gain of one at 44 after sagging in the early part of the day to 43 1/2 was most active of the stocks, the transactions footing up to about 525 shares.

Steel of Canada, which closed 1/2 higher at 58 1/2 after weakening to 57 1/2 at the opening, was most active among the other speculative favorites. Dominion Iron rallied to 80 1/2 after selling at 80 1/4, a loss of 1/2 being thus reduced to 1/4. Similarly Scotia, after selling at 97 1/2 ex rights and ex dividend closed 98 1/2 to the Far East. While improvement of 1/2. Dominion was marked 2 higher at 124.

Quebec Railway touched new low for year at 8 1/2 but recovered to 10 1/2. Detroit was fractionally lower at 108. Slight improvement in war loans was the feature in bonds, closing bids of 97 1/2 for the second and 93 1/2 for the third at 94 in last sale was marked 1/2 up for the day.

KEYES' FIRST WIFE WAS ST. JOHN WOMAN

Interesting Development in Mysterious Death of Mrs. George H. Keyes, the Second at Brookline, Mass.

Boston, June 29.—Three women at different times as the wife of George H. Keyes, two of whom are said to have been married to him, are mentioned in connection with the tragedy in Brookline. The first, Mrs. Helen Provan Keyes, was divorced by Keyes in 1914, and the second, Mrs. Pauline Bessie Keyes, was found dead with bullet wounds in her head in her apartment in Brookline.

The third woman, Harriet A. Varney, a nurse, known by many for the past six years as the wife of George H. Keyes, is in Dedham jail, charged with the murder of Pauline B. Keyes. It was on July 15, 1916, that Keyes married Miss Helen B. Provan, of St. John, N. B. Helen Provan Keyes, according to the divorce label filed by Keyes, died in 1910. Her parents were William Provan and Mary Ketchen of St. John.

The wounds sustained by Mrs. Keyes were of a peculiar nature, and in such a position as to give rise to the theory of foul play. A note indicating suicide was found beside the dead woman and the note has been identified by the family of the dead woman as in her handwriting.

CAPT. CHAS. GRANT DEAD.

Word has been received of the death of Capt. Charles Grant, which occurred in Philadelphia yesterday morning. He was a native of Weymouth, N. S., and for a number of years was in the employ of Messrs. Wm. Thomson & Co. In recent years he has been with the Standard Oil Company, commanding ships traded to the Far East. While coming home from Japan in the S. S. Sequoyia of their fleet, he was taken ill with appendicitis and put into Cape Town, in January. An operation was performed and as Capt. Grant was recovering, pneumonia developed, so that for a time his life was despaired of. He recovered slowly and started for home a few weeks ago, but reached Philadelphia in such a serious condition that it was necessary to go at once to a hospital.

His wife was summoned from her home in Weymouth and reached his bedside in Philadelphia.

Was Troubled With Shortness of Breath

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, and a weak, sinking, all-gone feeling of oppression and anxiety.

The nerves become unstrung, you dread to be alone, have a horror of society, start at the least noise and are generally fatigued.

On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be taken. They are just what you require at this time. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mrs. C. M. Cormier, Buctouche, N. B., writes: "Since two years ago I was troubled with a shortness of breath, and sometimes I could hardly breathe. I went to see several doctors, and they said it was from my heart and nerves, but they did not seem to do me any good. One day I got one of your B.B.B. Almanacs and read of a case similar to mine. 'I bought a box of Milburn's Heart and Nerve Pills, and after taking it I noticed such a change that I kept on taking them until I had used four more boxes, when I was cured.' Milburn's Heart and Nerve Pills are 50c. a box, three boxes for \$1.50, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE WAR THEME OF ADDRESS TO IMPERIALISTS

Mr. Caesar Barranco's Able Speech Before the Members of the Imperial League—Cuba's Part in the War.

"The German Empire, by her want on savagery and cruelty, has defeated her own aims and buried her name under a load of crimes her race only never will forgive. Her day of reckoning is near at hand." Such were the words uttered by Caesar A. Barranco in an eloquent speech before the Canadian Imperial League recently. Mr. Barranco displayed a thorough knowledge of his subject and he painted in vivid colors the splendid loyalty and unselfish heroism displayed by the Canadians, not only in the trenches, but at home as well. He also graphically portrayed certain phases of "German Kultur" and pointed out her underhand way of waging war. He showed also that though Cuba was a small nation, she was doing her "bit" to help bring the war to a successful conclusion.

Mr. Barranco spoke in part as follows: "As I listened to the talk of the gallant Colonel McAvity recently relating incidents of the life and heroism of your boys at the front, my thoughts wandered back to that memorable day June 13th, 1915 when Col. McAvity at the head of his gallant 26th Battalion marched past my office on Prince William street on their way to board the transport, 'Caledonia,' which was to convey them to Europe to battle for the liberation of the oppressed peoples of Belgium and France and for the cause of humanity. And the sight that touched me most deeply on that memorable day was the long line of gray haired women, mothers of these brave boys, with tears streaming down their cheeks they bade farewell to their loved ones about to depart, and still in their sorrow I could not the ground look in their faces; the satisfaction they felt that their brave boys were doing their duty to the Mother Country and to the cause of humanity. And I said to myself, what man would glory in belonging to a race capable of producing such brave, noble and patriotic women."

"Your patriotism and your loyalty to the Motherland in this great struggle has won for you the admiration of the whole world. War, like death, brings us all face to face with grim reality. And to you people, three thousand miles from the scene of conflict, from political intrigue, commercial conspiracies, and racial rivalries, that have made conflict inevitable, this war is the birth travail of

ECZEMA ON FACE

Was So Bad Had to Stay in House

All skin diseases such as eczema, or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors, but got no relief of my treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me, so I kept on taking it. Now I am cured, and have a lovely skin."

"People who used to see me when I was so bad and see me now will not believe it, but I always tell them that nothing cured me but Burdock Blood Bitters."

its own identity. Slowly, but surely they are coming to know that their traditions, which they have so lovingly transplanted from abroad, and their pioneering spirit, which has won for them a half continent, are to have a new child and that child will be a new and prosperous Canada. And in this war, Canada has sent many sons to the field of battle, and they have done their part nobly. War means hardship, suffering and death. But to your soldier boys this thought was laid aside in a supreme desire to do their duty to their Mother Country and the young men of this community have willingly come forward and offered their lives to the service of the nation. History does not record a more patriotic, loyal and unselfish people than those of Canada.

Mr. Barranco struck out strong against "German Kultur" in his speech and he portrayed, in vivid language, the nefarious methods of the "Huns" in their efforts to win the war. He spoke as follows: "A year ago we are at the crisis in this great war. Germany beaten in arms, held in a ring of fire, relies on her darker methods of submarine warfare to win this war. Her leaders are war for glory, not for the sake of gain or commercial supremacy. They are primarily merchants mercenary. They are not fighting for honor, nor for the defence of their homes. They are fighting to rob the world of its freedom, led by the most bloodthirsty and unselfish heroism displayed by the Canadians, not only in the trenches, but at home as well. He also graphically portrayed certain phases of "German Kultur" and pointed out her underhand way of waging war. He showed also that though Cuba was a small nation, she was doing her "bit" to help bring the war to a successful conclusion.

Mr. Barranco spoke in part as follows: "As I listened to the talk of the gallant Colonel McAvity recently relating incidents of the life and heroism of your boys at the front, my thoughts wandered back to that memorable day June 13th, 1915 when Col. the declaration of war against Germany will doubtless be a great relief to the hearts of the American and British army and navy whose duty it is to foresee lurking danger. Had Cuba seen fit to become neutral her 2,000 miles of coastline indicated with numerous bays and gulfs would have been a constant menace to the Allies and a possible base for submarines, and hostile raiders. In fact it might have been a base for the Allies' nations to patrol the Cuban waters with a considerable fleet, whereas now with the active help of Cuba, no fear is felt that hostile submarines will be able to obtain any advantageous position on the island."

Closing his said: "Cuba has offered the Allies to use her harbours, her army and her fleet, at any rate every little help, and I hope before long to see the Lone Star flag of Cuba together with the flag of the Allies in the battle fields of France, fighting for the same ideals for which we fought for over a century. And after this war is over, and victory has been won, the noble efforts in behalf of suffering humanity, all nations will join in paying tribute to the grand old flag, the unsullied Union Jack."

Little Boy Had Eczema

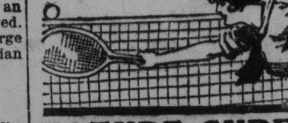

On Face and Hands—Local Doctors Treated Him in Vain—How Cured Was Finally Effectuated.

Trenton, Ont., June 29—This letter will interest all mothers of young children, because it tells of the best means obtainable of overcoming the annoying and torturing skin troubles which come to so many children.

Mrs. Waldron had several doctors treating her boy for eczema, but all in vain. Finally she heard about Dr. Chase's Ointment and her letter tells of the wonderful results obtained by the use of this soothing, healing ointment.

Mrs. Samuel Waldron, George street, Trenton, Ont., writes: "About four years ago, my little boy had a rash on his face and hands which the doctor called Eczema. He gave us a wash for it and some ointment, which we used, but without benefit. At first it appeared to burn the skin, then this skin would peel up, finally he got rid of it entirely. During the winters of the next two years we noticed a symptom of the disease under the skin. Each time we used more Dr. Chase's Ointment, curing it both times. For the last two years he has not had any return symptoms at all, so we think that he is now entirely cured."

Studebaker

The Studebaker Car
More Reasons for Its Leadership

THE Series 18 Studebakers are the best cars Studebaker has ever produced. They have been perfected by four years' experience with the same basic design.

They embody ninety distinct improvements in mechanical construction, convenience and comfort over the Series 17, which made such a great record for Studebaker in 1916.

They offer what are probably the best automobiles values in Canada today.

They are made of carefully selected materials, tested and developed in the great Studebaker laboratories.

Their workmanship is experienced, painstaking and carefully supervised.

The inspections are rigid and exacting in the extreme.

For these reasons Studebakers are probably the most powerful cars on the market in ratio to their weight.

For these reasons they are most economical in the consumption of gasoline.

For these reasons Studebaker owners frequently get from 8,000 to 10,000 miles on a single set of tires.

For these reasons Studebakers stand up on the hardest, hilliest drives in the Dominion and under the most racking tests of Canadian roads at a minimum cost for upkeep.

For these reasons Studebaker is enabled to guarantee its cars for a full year against defective workmanship and material.

Let us prove the quality and economy of Studebakers, let us give you a Studebaker demonstration.

SHEDIAC

Shediac, June 29—The Red Cross held its weekly meeting on Tuesday afternoon. A very good attendance was present. Members of the society will hold its sale of home cooking and ice cream on Mrs. E. Paturel's lawn, Main street east, on Saturday afternoon, the 30th inst. Two letters of appeal were read at the meeting, asking for aid to the wounded soldiers and prisoners of war from France. It was decided to have a tag day on July 14th for this fund. Mr. Gordon Frier will make his second round of calls this week to collect paper of all descriptions from the citizens. Mr. Anthony Bourque has kindly placed a sewing machine in Tipperary Hall for the use of the society. The following consignment has recently been shipped: Forty-four suits pyjamas, thirty-five pairs socks, one quilt, six hot water bottle covers and sixty towels.

On Saturday afternoon last the ladies of the Methodist church held a highly successful tea and sale of home cooking and fancy work in Tipperary Hall and realized over \$48.00. Mrs. George A. White and Miss Gertrude Evans presided over the fancy articles. Mrs. F. J. Robidoux and Mrs. H. B. Steeves looked after the home cooking. Mrs. E. C. Turner poured tea. Ladies to serve at tea time were: The Misses Tait, Mrs. Scott, Mrs. Gray, Miss Frier, Miss B. Harper, Miss Drillon, Mrs. A. J. Tait and Miss Turner. Miss May Harper collected the tickets.

The Misses Margaret Belliveau and Jean McDonald are home from Mt. St. Vincent, Halifax, to spend the holidays at their home in town.

Mrs. LeRoy Sumner and family are in their summer home, Cape Brule. Miss Laura Bray, who has been the guest of Mrs. J. C. Bray left town on Monday for Moncton and later to her home in Albert.

Mr. Narcisse LeBlanc continues to

be very ill at his home on Water street.

Mr. O. P. Wilbur, Sussex, was among strangers this week in town.

Mrs. Fred Condon, Moncton, was in town a short time this week, on her return she was accompanied by her mother, Mrs. J. B. Bruce.

Mrs. Dudley and little daughter of Charlottetown, P. E. I., are visiting her father, Mr. Joseph Stuart.

Mrs. E. C. Tait, after some weeks spent with her daughter, Mrs. Ernest Ross, Jr. of Quebec, has returned home. The latter's many friends are glad to see her in town again. Her husband is also here, as is also Mrs. Ernest Ross, Sr. and son, Mr. W. Ross. The visitors will for a time be the guests of Shediac friends.

Mrs. W. A. Flowers is the guest of friends in Halifax.

On Sunday morning Rev. E. C. Turner delivered an address to the Masonic Fraternity in the Methodist church. The Masons marched in a body to the church, and the discourse delivered by Mr. Turner was enjoyed by all.

Mrs. E. Gibson has returned from a trip to Carleton Place, P. E. I.

Miss George Coffey is home from Mt. St. Vincent to spend her vacation.

One of the prettiest weddings to take place in St. Andrew's Anglican church, Shediac, in some years was solemnized on Wednesday morning when Mr. Walter Scott of Regina was united in marriage with one of the popular young ladies of the town—Miss Elsie Weldon, daughter of the late J. D. Weldon. The nuptial knot was tied by Rev. F. Ellis, rector of St. Martin's church. Music was rendered by St. Andrew's choir. Miss Bessie Lawton presided at the organ, ably accompanied by Mrs. Tomlinson of the violin. The church had been made very beautiful by friends of the bride, who had very artistically decorated it with quantities of flowers and vines surrounded by a bridal bell. The bride, who was unattended, was given away by her brother-in-law, Mr. Reg-

inald Ritchie of Halifax. She looked very charming in white charmanes satin on train and carried a lovely bouquet of pink roses and lilies of the valley. Visitors present included Mr. and Mrs. Reginald Ritchie and family, Miss Scott of Toronto, the groom's sister, Mrs. Wm. Weldon, Miss Daisy Weldon and Miss B. Shannon, Moncton, and Miss Vincent, St. John. After the ceremony the bridal party and guests repaired by motor to the home of Mrs. J. D. Weldon, Water street, where luncheon was served. A large number of beautiful gifts were received by the bride, the groom's gift being a diamond ring and handsomely appointed travelling bag. The organist

on this occasion was the recipient from the groom of a pretty gold pin with pearl setting. Mr. and Mrs. Scott left by the one o'clock train on a trip to Nova Scotia. On their return they will be in Shediac a short time before taking up their new home in Regina, where the groom is engaged in the legal profession. Mrs. Scott wore as her travelling costume a stylish suit of dark blue broadcloth with hat of black and white and a necklace of red fox. The bride was prominent in social circles and active in church and Red Cross work. Her many friends in the home town extend to her and her husband best wishes for a happy future in their western home.

PAIGE

The Most Beautiful Car in America.

Paige Prices Will Be Advanced on July 15th

On July 15th the list price of every car in the Paige line will be very substantially increased—with no change whatsoever in our models.

In order to maintain the well-known standards of Paige quality, such a step is unavoidable. The market quotations of all raw materials, accessories and labor have steadily advanced—some commodities to the extent of 300 per cent.

Inasmuch as we insist upon using only the best of materials, we are left with but one alternative—an increased list price to absorb the increased manufacturing cost.

As a matter of economic fact, the price of our cars should have been advanced several months ago. We have chosen to delay this action, however, until the last possible moment.

But even though Paige prices are to be substantially increased, you can rest assured that our cars will continue to offer more actual dollar for dollar value than any other cars on the American market. From a purely comparative standpoint Paige cars have *always* been under-priced—and they will remain so no matter how far the commodity prices may advance.

Owing to the scarcity of materials, our production between now and July 15th will necessarily be limited. We have apportioned this production to Paige dealers throughout the country, and they will accept orders until their individual allotments are exhausted.

As a last thought in regard to this matter of price, please remember that the Paige has long since demonstrated its independence of all "price fields." American men and women now buy a Paige—not because of the price tag which is attached to it—but because of its well established reputation as a fine mechanical product.

On this basis the Paige will always represent a preferred investment. Its actual cost in dollars and cents will always be an important, but an altogether secondary, consideration.

The Car You can Afford to Buy and Use

HERE, at last, is a Real Car—roomy, luxurious, artistic—a car of the highest class at a price within reach of the family of moderate means—a light car that is easy on tires—an economical car, making possible 30 to 35 miles to the gallon of gasoline.

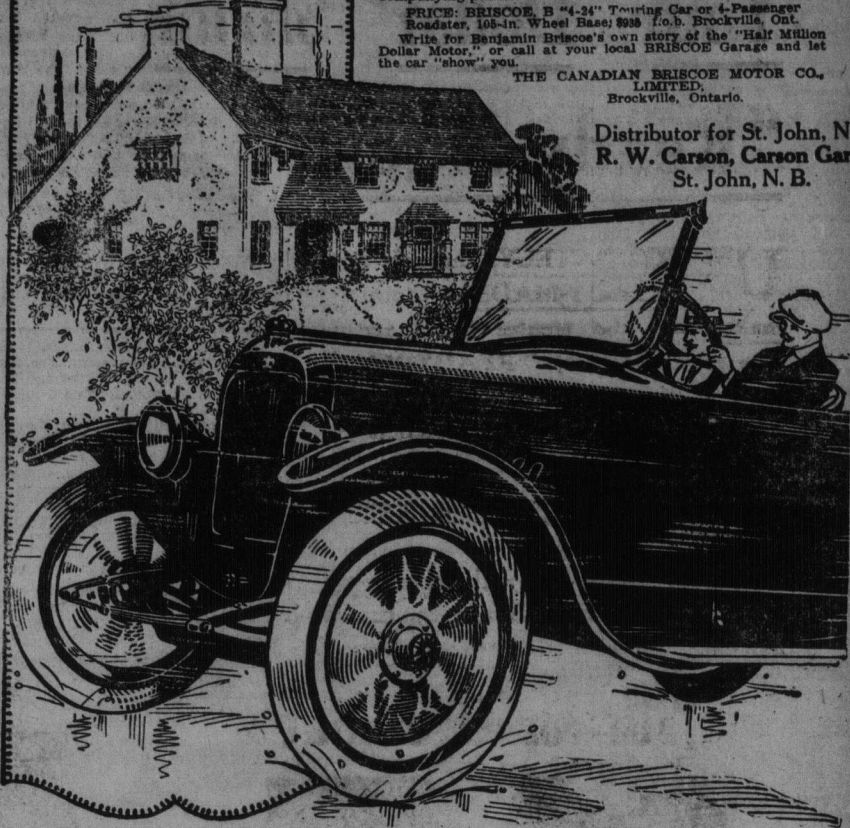

A long-stroke motor, with a relatively small bore, means greater economy, because it gets more explosive force out of the gas. The famous BRISCOE motor has a 5 1/4-inch stroke and a 3 1/4-inch bore. That's why it costs less to own a BRISCOE.

The price includes everything—Electric Lighting and Starting System—Speedometer—Gasoline Gauge—Ammeter—Trouble Light Socket—Automatic Switch with Key Lock—Horn—and all other important accessories usually classed as "extras." See abbreviated specifications in accompanying panel.

PRICE: BRISCOE, B "4-34" Touring Car or 4-Passenger Roadster, 108-in. Wheel Base \$935 (f.o.b. Brockville, Ont.). Write for Benjamin Briscoe's own story of the "Half Million Dollar Motor," or call at your local BRISCOE Garage and let the car "show" you.

Toronto's Experience

Theodore Roosevelt says that liquor trade is "A business that tends to lawlessness on the part of the one who conducts it and to criminality on the part of those who patronize it."

The Canada Temperance Act

The policy of the Dominion Alliance is to encourage the repeal of the Canada Temperance Act (Scott Act) in counties in which it has been operating. Where this is done the new Provincial Prohibition Law would then become effective. It is always easier to enforce one uniform law. The New Brunswick Government cannot put its new law in effect in Scott Act counties as the latter is Dominion legislation, which has precedence over Provincial legislation. Friends of temperance, who live in Scott Act counties, are, however, asked to co-operate in the more thorough enforcement of that Act so long as it continues in operation.

PROHIBITION went into force in Ontario, September 16th, 1916. "Since Prohibition has been enforced, Toronto has become a different place from the point of view of the police," declared Lieut.-Col. H. J. Grasett, C.M.G., Chief Constable of Ontario's largest city. "The stations are almost empty, the streets are quiet."

"The number of arrests for drunkenness during the past six weeks has decreased to a marked degree as compared with the record for the same period in 1915. From September 15th to October 15th they were:

Under License, 1915 - 1,059 arrests
Under Prohibition, 1916, 214 arrests"

Such was the immediate effect of Prohibition in the largest city in the world to be under such a wide measure of temperance law. It is always the large centres which find the greatest difficulty in enforcing Prohibition.

"Evidence of satisfaction with this era of Prohibition is being given constantly by men who were never known to be temperance advocates," said Col. Grasett.

The "Chief" stated that information had been received by himself and his men to show that the retail store-keepers were benefiting in many parts of the city as the indirect result of Prohibition.

On account of the effect of Prohibition, the City of Toronto considers it unnecessary to replace the men enlisted for the war. The force is now decreased by 100 men.

The annual cost of maintaining the police force in 1916 was estimated at \$18,000 less than that for 1915.

In February, 1917, the Chief of Police issued his annual report for 1916. Arrests for drunkenness for the three months ending December 31st were, compared with the same period in 1915:

In 1915 (Under License) - 3,347 arrests
In 1916 (Under Prohibition) 1,822 arrests
Decrease 69.46 per cent.

Help to Enforce Prohibition

No matter where you live, whether your district is under the Canada Temperance Act or under the New Prohibition Act, you are urged to use your influence to the fullest extent within your power to aid the officers of the law in strict enforcement of province-wide Prohibition in New Brunswick.

SACKVILLE

Sackville, June 29.—Mrs. S. C. Chas. of St. John, N. B., is the guest of her daughter Mrs. J. W. S. Black.

Rev. Dr. Morton was in Springhill last week attending the Nova Scotia Conference.

Mrs. Percy Ollie and little son Stuart, who have been visiting in Sackville, have returned home.

Dr. (Dr.) Hamilton has returned from St. John, N. B., where he has been spending a few days.

Mrs. Russell of Newcastle spent the week-end in town the guest of her sister Mrs. Charles Scott. On Tuesday Mrs. Russell accompanied by Mrs.

Scott left for New Glasgow, where they will spend a couple of weeks. Friends of C. Fred Fawcett, of Upper Sackville, who was recently operated upon for appendicitis, will be glad to know that he is able to be around again, although he has not yet regained his strength.

Mrs. F. C. Burns and two children left last week for Fredericton, where they will spend a month with relatives.

Rev. H. W. Cann and Mrs. Cann of Hillabro, were in town last week.

The Methodist church at Upper Cape was the scene of an interesting event Wednesday afternoon, when Miss Lilian Ward, daughter of Mrs. John Ward, became the bride of Frank C. Fawcett of Upper Sackville. The bride looked

charming in silk crepe de chene with pearl trimmings, wearing a bridal veil and orange blossoms and carrying a bouquet of white roses. She was given away by her brother, Mr. Harry Ward, while the bride's niece, little Miss Jennie Ward, acted as flower girl. The officiating clergyman was Rev. J. A. Ives, while Mrs. Ashley George, Upper Sackville, sister of the groom, played the wedding march. The church was very tastefully decorated with apple blossoms, evergreens and potted plants.

After the ceremony guests to the number of about seventy repaired to the home of the bride's mother where a bountiful lunch was served. The bride received many useful and valuable presents, the groom's gift being a pearl brooch. After lunch Mr. and Mrs. Fawcett left for Amherst, where

they took the Ocean Limited for a trip through Nova Scotia. Mrs. M. W. Jones and daughter left Thursday afternoon for St. John, where they will join Mr. Jones, who was recently transferred to that city.

Mrs. Frank W. Cole and children of New York are spending the summer in Sackville, guests of Mr. and Mrs. C. A. Cole.

F. G. Mahoney returned the latter part of the week from a trip to Boston.

Col. O'Leary of Richibucto was in town this week, having motored down on his way to Port Elgin.

Stuart Fawcett, son of Mr. and Mrs. H. E. Fawcett of this town, recently went to Halifax and there signed on with the mechanical transport service. He expects to report for duty in Toronto about the first of July. It is worth

mentioning perhaps that Stuart is the third son to enlist since the great war broke out nearly three years ago. Norman, the eldest, went over with the first contingent. He served over a year in France, was wounded, spent considerable time in hospital and finally returned home. He was never again able to pass the necessary medical examination and was finally discharged as medically unfit. He is now working in the shell factory. Murray, the second son, joined the 10th Battalion at Truro about a year ago, but has been in France for some time, and according to letters recently received from him is still in good health and has so far escaped all injury. Not many Sackville families can show a better record than this.

PROCLAMATION.

JOHN WOOD
His Honor the Lieutenant Governor directs the publication of the following for general information:

Whereas, the 1st of July is the semi-centennial of the confederation of the Dominion of Newfoundland;

And, Whereas, a joint committee of the Senate and House of Commons was appointed to consider and report on the proper celebration of the occasion;

And, whereas, the said committee have recommended that, "As the day falls on Sunday, it seems to be particularly fitting that the churches and the Sabbath schools of all denominations should incorporate into their exercises the recognition of the facts and lessons embodied in our national birth and fifty years of progress, and have requested that all clergymen and Sabbath school superintendents give to the celebration their hearty and intelligent co-operation";

And, whereas, Monday the 2nd day of July, has been fixed by proclamation for the celebration of Dominion Day, and the committee have recommended that the celebration on that day be as "general as possible, without excessive and elaborate display, as befits war time, and carried out on the broadest social and democratic lines, a plain sincere people's demonstration, a tribute to the founders of our Dominion and the institutions and ideals of our common country";

We do most earnestly request that the cities and municipalities of the Province, clubs and patriotic associations, co-operate with the citizens generally in commemorating the day and the occasion, along the lines suggested in the report.

In view of the terrible war in which we are engaged the occasion should be one for serious thought and full recognition of the grave dangers to which Canada and the Empire are exposed, and the obligations that rest upon us all as citizens. We especially request that the clergymen of all denominations throughout the Province, Sunday School superintendents and teachers, in the religious services of Sunday, the 1st of July, do honor to the memory of the noble and brave men who have made the supreme sacrifice for their country, as well as to those who are still facing danger and death upon the battlefields, and that the religious exercises of the day be characterized with a spirit of loyalty, unselfish service, and earnest prayer for the success of the sacred cause for which we are fighting.

And we further request that on Monday, the 2nd of July, all municipal and city officers co-operate with the various patriotic localities, and that all citizens by a display of flags and suitable decorations at their homes and places of business, give support and countenance to this movement, that this semi-centennial celebration of confederation be a day of national pride and grateful acknowledgment of the part which the Dominion of Newfoundland has played in the history of the Canadian people.

ROBERT MURRAY
Provincial Secretary-Treasurer.

Proper Thing Now Is to Peel Off Soiled Skin

Those who abhor sticky, greasy, abraded complexions should religiously avoid creams, lotions and soaps during the heated days. There's no need for them, anyway, since the vitamins of mercurials have become known. No amount of perspiration will produce any evidence of perspiration being used. As it is morning, the complexion never looks like a make-up. Mercurials were gradually taken off a bad complexion, instead of adding anything to make it worse. It has none of the disadvantages of cosmetics, the complexion is naturally white, healthy and youthful. Just get an ounce of it and treatment will do. Use like cold cream. Another effective warm weather treatment—best tending to cause wrinkles and blotches—is a skin-lightener made by dissolving some of powdered mercurials in a half pint of witch hazel. Its use (see face bulb) leaves no trace. Remarkable improvement in pores, freckles, and there is no harmful effect whatever.

"PATRONAGE OF HOME PRODUCTS WILL ELIMINATE THE 'IF'."

It is right and proper to encourage manufacturing in this city nothing should be permitted to retard the growth of the firms now operating here. On the other hand every assistance should be given such firms in their efforts to increase their output, every encouragement offered them in their efforts to broaden their markets.

The head of one of our largest manufacturing concerns remarked a few days ago: "If I had the entire trade of this city in my line, I could double the size of my plant and employ twice as many people." Think what this would mean. Keep well in mind the fact that our manufacturing firms deserve our loyal patronage. It is primarily a matter of self-protection, of "safety first" if you please, for us to favor home products, for on the prosperity of our factories depend to a great extent our individual prosperity.

Our factories share with us in paying our taxes, paving our streets and supporting our schools, churches and charitable institutions. They spend their profits here. They employ labor—these workmen in turn spending their earnings here.

If the dollars that are sent away for goods that are inferior to the HOME PRODUCTS BRAND could be kept here it would mean a far greater degree of prosperity for the concerns now operating, new factories would spring up, work would be given to thousands of people and our city as a whole would enjoy an unprecedented era of good times.

Let your HOME earned dollars be HOME spent dollars.

The Case Postponed.
The case involving the plumbers charged with intimidating Francis E. McKenna, which was to have been resumed this morning, was further postponed on agreement of counsel until Tuesday afternoon. John O'Brien, Joseph O'Brien and Everett Carlin were taken back to jail. George Livingston, the other defendant, was again admitted to bail on his deposit of \$100.

Invitations Received.
The Natural History Society have received invitations to hold field meetings this summer with the president at Westfield, and with Mrs. John A. McAvity, the president of the Ladies' Association, at Lakeside, and at Gouda Point, with Dr. and Mrs. Matthews. Delinquent dates for the year as well as for other field meetings that may be arranged, will be published in the advertising columns of the city newspapers.

Made Envious Record.
Sergeant Lewis Gifford, a former member of the battalion commanded by Lieut.-Col. McAvity, is expected to arrive in the city this morning. Sergeant Gifford, who is a son of Mrs. May Gifford, has made an enviable record since his enlistment, having won the military medal for gallantry and also his commission on the field which he will receive on his arrival home. Sergeant Gifford left Halifax last night and is expected in the city this morning.

Little Patriotic Misses.
Four little girls seized with a desire to do their bit for the Empire held a bazaar yesterday afternoon on the grounds of William Gaskin, Kennedy street, and realized the sum of \$11.11, which will be used to buy comforts for wounded soldiers in France. They had tables nicely decorated with flags and bunting and sold candy, fruit, lemonade and other refreshments. The patriotic misses, who are all under eleven years of age, are: Olive Compton, Helen Gorrin, Margaret Holly and Isabelle Gaskin.

Work Proceeding Well.
The second section of the north retaining wall on Clarendon street was poured yesterday and the first of the week will see a start made on the south wall. Good progress is being made with the laying of the ten-inch main in Germania street. About two hundred feet was laid yesterday which about half completes the work. The work of cleaning the twelve-inch main in Main street is proceeding nicely and the men have got along as far as Douglas Avenue, the stretch between Portland street and Douglas Avenue being done yesterday.

Boat Club Annual Outing.
The St. John Power Boat Club will give their annual outing on the St. John river on Monday and the squadron will motor as far as Belive's Point. During the day sports will be held and the best time in the history of the club is expected. The boats will leave the club house at 9.30 o'clock the morning and will return in the evening. The club extends invitation to all the sick and wounded soldiers in the city to be guests during the day and promises that the soldier boys will be well looked after and given a good time.

A Threatened Strike.
The quarter-masters and sailors on the S. S. Empress have asked for an increase in wages and have notified the company that unless their demands for an increase of five dollars per month are acceded to they will go on strike on Thursday next. Ten men are involved in the threatened strike, and they claim that the increasing cost of living necessities makes an increase in their wages necessary. They presented their request to Superintendent Plummer on Thursday evening with a notification that if their demand was not granted in seven days they would go on strike.

ST. JOHN SHIPBUILDING CO. ENGAGE MASTER BUILDER; WORK TO COMMENCE SOON

Edward McGuigan, Former St. John Builder, Will Arrive Tuesday—Permanent Site to Be Purchased Next Week—Engineer from New York to Lay Out the Yards.

The St. John Shipbuilding Company received word last night that the master ship builder who had been engaged to arrive in the city on Tuesday next from Bath, Maine. The builder, who has been secured is none other than Edward McGuigan, a former St. John man, who nearly all his lifetime has been in the shipbuilding business.

Mr. McGuigan has been in charge of one of the largest shipbuilding yards in the States, situated at Bath, Maine, and would have been in St. John some weeks ago to take charge of the operations for the St. John Co., but his contract with the Bath people had not expired until today.

On his arrival he will immediately start in to plan the laying out of the yards for the extensive operations. Edward McGuigan is a master in the art of shipbuilding and in former years while engaged in this work here in St. John, he turned out some of the

best ships that were ever launched from a local yard.

Another important official who will arrive in the city next week for the St. John Shipbuilding Company, is an engineer from New York, whose duty will be to lay out the plant.

The company have at the present time three sites in the city to choose from, and the site will be decided on sometime next week at a meeting of the directors of the company.

It is not the purpose of the company to lease a site for their building operations, but they will purchase out right. The plant will be a permanent one for the building of steel ships and will be extensive.

As soon as the company decide which one of the sites they will purchase, the work of laying out the yards will commence immediately, and Edward McGuigan is a master in the art of shipbuilding and in former years while engaged in this work here in St. John, he turned out some of the

THE GREAT DOMINION FIFTY YEARS OF AGE TOMORROW

Semi-Centennial Anniversary Will Be Generously Observed in Many Places on Monday—References Will Be Made in the Churches Tomorrow to the Day.

Did not the Great War engross the attention of the Dominion the celebration of the fiftieth anniversary of the confederation of the provinces of the Canada would have been arranged on a much more elaborate scale. The anniversary will be observed by many churches and Sunday schools tomorrow throughout Canada, and on Monday there will be exercises, sporting events and excursions in many places.

In this province there will be races at St. Stephen, Sackville and elsewhere. There will also be many picnics at the seaside and other country places.

St. John horsemen are interested especially in the racing at Halifax, where a number of them have gone to that city.

In a way Charlottetown is the birthplace of Canada, for it was in that city that plans were laid for the welding together of the provinces.

Act of Union.

In 1867, the Act of Union, confederating four provinces of Canada, was consummated, and the policy of such union had been for a hundred years previously discussed and advocated. Lord Dorchester and Chief Justice Smith of Lower Canada, who were close friends, had debated it. The former in 1789, recommended a general government for British Dominions in America in a despatch to Lord Grenville, and he enclosed a draft of proposals for a union made by the Chief Justice, much the same as that afterwards adopted. At the close of the Napoleonic war, Chief Justice Sewell, of Quebec, renewed the scheme in a letter to the Duke of Kent. Bishop Strachan and John Beverley Robinson also forwarded to the Imperial Governor pleas for it. Sir Brenton Halliburton, Chief Justice of Nova Scotia, published a pamphlet advocating it. The attention of Mr. George Canning, England's famous Foreign Minister, was drawn to it by strong letters from William Lyon Mackenzie. Lord Durham in his historic report advocated it.

SCHOONER ETHEL MAY CAPSIZED IN THE BAY

Vessel With Load of Firewood Turns Turtle Off the Wolves—Captain and Son Have Narrow Escape—Government Steamer Rescued Vessel—Beached in Beaver Harbor.

The schooner Ethel May with a heavy load of firewood, capsized in the Bay on Thursday morning early, and Captain Fote, the owner of the vessel, and his son, had a narrow escape from being the lives. Along with their vessel, they were rescued by Captain Arthur Mitchell and crew of the Government Fishery patrol boat Phalarope.

The Ethel May is a small schooner and sailed from St. John about a week ago for Black's Harbor with a cargo of coal. After discharging the coal, Captain Fote took on a cargo of firewood as a return freight for the coal. The hold of the vessel

Peter S. Hamilton, a prominent Nova Scotia politician, wrote much about it. It may be said there were small merit in these various conceptions of what was a perfectly obvious proposition, but they were anyway pioneer work and cleared the way for those who came later.

The fathers of confederation, the last of whom was Sir Charles Tupper, were W. A. Heary, N. S.; E. Palmer, P. E. I.; Col. H. Bernard, N. B.; W. H. Steeves, N. B.; C. Fisher, N. B.; Col. J. H. Gray, P. E. I.; E. Whelan, P. E. I.; G. Coles, P. E. I.; J. A. Shees, N. B.; F. B. I. Carter, N. B.; Sir A. Campbell, J. C. Chapais, N. B.; Hon. A. G. Archibald, N. S.; Sir Hector Langevin, Sir John A. Macdonald, Sir Geo. B. Cartier, Sir E. P. Tache, Hon. Geo. Brown, T. H. Haviland, P. E. I.; W. H. Pope, P. E. I.; Wm. McDougall, A. A. McDonald, P. E. I.; T. D'Arcy McGee, J. McCully, N. S.; J. M. Johnston, N. B.; Sir A. T. Galt, Peter Mitchell, Hon. Oliver Mowat, J. Cockburn, N. B.; Sir A. T. Galt, Sir Charles Tupper, J. H. Gray, N. B.

At St. Stephen.

Special to The Standard.
St. Stephen, June 29.—The golden jubilee of confederation on Sunday next will be observed in the churches of St. Stephen with special patriotic services. In the Presbyterian church, at the evening service, the illuminated programme to be used provides for two patriotic addresses which will be delivered by laymen. The Sunday school will attend the service in a body, and a choir will render the recessional.

"Our Heritage of State," will be the theme of Dr. Goucher's sermon in the Baptist church Sunday evening.

The services in Trinity church will be of a specially impressive character, with sermons by the pastor, Rev. Wm. Tomlin. At the Sunday evening service the choir of the church will be assisted by Mrs. Martha Wood, a gifted soloist of Lynn, Mass., who is visiting her parents, Mr. and Mrs. Wm. Lord.

On board and lashed down. The vessel put to sea Wednesday and things went along well until an early hour Thursday morning, when the deckload proved top-heavy for the craft and she capsized. Captain Fote and his son managed to get into a small boat in time to save their lives, but so suddenly did their craft turn turtle, they were unable to save any of their clothing from the cabin which was full of water.

Over to the cargo of wood, the Ethel May, although full of water, did not sink but drifted about with her sails lying flat on the water, and her keel showing above the surface.

The vessel was seen by the Phalarope, which was sent to her aid.

PART OF MR. WARREN'S CLAIM IS DISALLOWED

The hearing in the King's Bench matter of Warren vs. Norton Griffiths & Co. was concluded before Hon. Mr. Justice Crockett yesterday afternoon. Four of St. John's leading counsel took part in the case, and yesterday the argument of Messrs. H. A. Powell, K. C. and Fred R. Taylor, K. C. for the plaintiff and Hon. J. B. Baxter, K. C. and M. G. Feed, K. C. for the defendant took place.

The case is one of the most important Supreme Court matters that has been heard here for some time, representing a claim by Mr. Warren as engineer for services alleged to have been rendered the defendant. At the conclusion of the hearing yesterday the Justice Crockett stated he would not allow the plaintiff claim for \$3,248, representing 406 days work at \$8.00 per day, while he reserved his decision with respect to the other items in the plaintiff's statement of claim, amounting in all to nearly \$25,000.

Intact and kept the vessel on her beam ends.

It was about 9.30 o'clock Thursday morning that the Government Fishery patrol boat was heading along the coast, when Captain Mitchell sighted the vessel in distress off the Wolves, and immediately steered to the rescue. On arriving alongside the schooner Captain Fote and his son were standing alongside the craft in the small boat trying to clear the vessel of her deckload, with the hopes that once the decks were cleared of the load of wood she would right herself, and although full of water, could perhaps be pumped out, and the craft continue to a harbor.

Captain Mitchell took the schooner in tow, and it was not long before she was pulled into Beaver Harbor and beached.

As the tide left the vessel high and dry on the beach, Captain Fote was able to lighten the deckload from the hoist, clear the water from the hold, and make ready on the flood tide to float her clear of the beach and proceed on his voyage.

Captain Fote is thankful for the timely arrival of the Government boat, and the assistance rendered in saving the vessel.
