

(Continued from page 1.)
our share of the burden. I took that
stead, I have done it, and done it to my
scent. The Nationalists announced me.
They said that we owed nothing to Great Brit-
ain; that we should not lift up a finger to
help her. I am sorry to say that these
appeals were listened to and the conse-
quence was that in the last election we
lost fifteen seats in the province.

"I regret nothing. If the ultimate end
was party consideration and party con-
sideration, then, Sir, there might be some cause
of regret in my boom when so many of
my friends lost their seats. But party con-
sideration is not the ultimate end. The con-
sideration of principle, the performance of duty
is first consideration. In that light I
regret nothing.

"You know that Mr. Borden carried to
the Nationalists the principle of a Canadian
navy at which one time he believed, and
the Nationalists yielded to him the princi-
ple of the contribution which they were to
believe, and this hybrid agreement which
he has given today is the policy of the
government.

"Sir, it is that hybrid agreement that
they have tried to force and cram down
our throats, which could not be forced
through parliament which now is to be
forced through parliament. Call it by what-
ever name you please, the closure, or
the closure, or whatever it is, will only
bring unpleasant recollections with it.

Borden's Obstruction in 1911.
When they brought it down I told them
that they would say what our opposition to
his measure has been. I said, 'But you say
it by any name you please, if obstruction is
in offence, who is there on their side who
will eat the first stone? Not Mr. Borden
anyway, because Mr. Borden obstructed
himself in 1911.

"At St. John, New Brunswick, on Sept.
1, in speaking of the obstruction that had
been placed against the treaty agreement,
Mr. Borden said they had been obstructing
me, and were right in doing so. Two days later, at Sussex, in the same
province, he said that they had been ob-
structed in their duty if they had
allowed that course. They obstructed the
reciprocity agreement.

"It was then in office, I never said a
word. I never uttered a complaint. I
know what are the rights of the minority
and knowing that, sometimes a minority
is no other reason than to obstruct in
order to secure justice, and I would never
allow to deprive the minority of such a
reason as that.

"Our limit of obstruction, call it what
you like, was an appeal to the people. The
limit of the present Conservative govern-
ment is an application of brute force. I
like to admit that they are going to do
it, but I want to tell you that there
will be an appeal to the people, come it
 sooner or later.

ROOSEVELT STRONG FOR ARBITRATION

Anglo-American War "Inconceivable" T. R. Cheers Delegates to Conference on Peace Plans

Would Be Willing to Settle Any Dispute Between Britain and United States by Peaceful Methods—Entertains Guests at Luncheon in Riding Attire.

Canadian Press Oyster Bay, N. Y., May 8.—Theodore Roosevelt would have the United States and Great Britain agree in advance to arbitrate any question which might arise between them. So he told the business men at the annual conference of the centenary of peace among English-speaking people in addressing them at his last day at luncheon at his home on Sagamore Hill.

Although it was said that he did not specifically mention the Panama canal dispute, members of the foreign delegation said that he unmistakably referred to that question as one which should be settled by arbitration, if a settlement could not be reached by negotiation.

"The main question is the question which pointed out, the question of naval demerit. Sir, I think I may appeal with some show of reason and of expectation to the decision which you have taken upon that question. It is based not upon the alleged decadence of Great Britain, it is based upon the broader principle of the development of the young daughter nations."

POPULAR SUBSCRIPTION FOR THE LIBERAL CAUSE; AN APPEAL TO THE WHOLE PARTY

TO THE LIBERALS OF NEW BRUNSWICK.

Efficient organization is the keystone of success in business or politics. The recognition of this fact and the request for their supporters to join in sharing the necessary expense brought success to the Democratic leaders and their party in the United States Presidential elections last year. The funds for legitimate party purposes, such as organization, printing, publicity and travelling expenses, were raised by a popular subscription.

The Liberals of New Brunswick are in need of more thorough organization, of committee work, and wider distribution of party literature, for which purpose a considerable sum of money will be required. We believe all loyal supporters of the party will be ready and willing to subscribe to such a fund, and we ask them to do so.

The Liberals are today fighting in the House of Commons for free speech and the people's liberties. We do not know how soon they may be called upon to struggle for their rights at the polls. We must be ready. The Liberal party must be ready and the only way to be prepared is to organize.

In asking the financial assistance of Liberals for that purpose we are inviting every member of the party to co-operate and stand shoulder to shoulder with us in this memorable struggle. We neither expect nor desire assistance from the trusts, or wealthy corporations, whose interests may clash with the interests of the common people, and this appeal is therefore made to the masses of the electorate, who desire to maintain the rights of the people. It is far more desirable in the interests of the party that subscriptions should be general, coming from every parish in the province, in other words, that there should be a large number of subscribers for small amounts rather than a small number of subscribers for large amounts.

Subscriptions for any amount from one dollar and upwards will be received by those in the different polling districts in the parishes who are authorized to do so, as well as by the County Treasurers who will forward all amounts they receive directly, as well as those from parish collectors, to the Provincial Treasurers who will acknowledge the same.

The funds collected will be expended under the direction of the undersigned Provincial Committee representing the Liberal members from New Brunswick in the House of Commons, and subject to the audit of Henry E. Hill, of St. Stephen.

TO JAM NAVAL BILL THROUGH SATURDAY

COLD STORAGE AIRED IN SENATE

One Member Found Who Says It is a Benefit to Consumer

WOULD REGULATE IT Bill Up to Limit the Time Foodstuffs Shall Be Stored—Government Agricultural Aid Measure to Provinces Discussed and Advanced a Stage.

Canadian Press Ottawa, May 8.—A number of government bills were advanced a stage by the senate today. Senator Taylor moved the second reading of a bill to regulate the keeping of food in cold storage. It limits the time various articles of food may be kept in cold storage and the condition they shall be kept in. Senator Taylor stated that in many respects the development of cold storage had been a boon to producers and consumers, but there was reason to believe that in some ways cold storage was being abused. He thought that the time had come when cold storage should be placed under the strict government inspection and control.

The bill was given a second reading and referred to a committee. The government's bill to regulate wireless telegraphy was given a second reading on motion of Hon. Mr. Loughheed. He explained that the growth of wireless systems had shown the need of such a law as this which would enable the government to control wireless operators and wireless stations. It was interesting to know that Canada had thirty-seven government wireless stations, which was more than any other country in the world owned.

HEAPER CABLE RATES BY WIRELESS

(Continued from page 1.)

rate and a deposit of £10,000 had been made as a guarantee of fulfillment of contract.

The big advance in freight rates on the Atlantic by the combine of steamship companies operating through the dominion of what is known as the Canadian North Atlantic Steamship Conference, occupied the attention of the committee this evening. It was a most interesting discussion in as much as while the effects of the monopoly were recognized, no very practical means were suggested for applying a remedy.

Arthur Meighen, of Port of La Prairie, night the question up on motion to adjourn. He gave voluminous statistics showing that within the last eighteen months the freight rates had been advanced from 20 to 60 per cent. The transport companies had practically absorbed themselves the whole of the benefit of British preference. The tramp steam had been first put out of business and the combine was in a position to fix practically all that the transatlantic trade was worth.

PROMISE NEW WHARF ON THE WEST SIDE

Government Tells St. John Delegation That It Cannot Be Ready Till March, 1914—Minister of Public Works Agrees to Call for Tenders for Extending the Breakwater to Partridge Island.

Special to The Telegraph.

Ottawa, May 8.—The new wharf beyond the Connelly wharf for which tenders will close May 20, and for which the contract will be let soon afterwards cannot be finished until some time after the winter navigation season opens.

The question of extending the breakwater to Partridge Island and will be put up to tender shortly. As yet the government has had no plans drawn for the stub breakwater to Island Rock, but the Canadian Pacific has a plan which has been prepared by its engineers and which will be looked into by the government engineers.

The question of extending grand conveyors to berth No. 5, 6 and 7 will be taken up between the government and the Canadian Pacific. The question of extending grand conveyors to berth No. 5, 6 and 7 will be taken up between the government and the Canadian Pacific. The question of extending grand conveyors to berth No. 5, 6 and 7 will be taken up between the government and the Canadian Pacific.

Borden Fixes 2 A. M. As the Hour

Gag Will Be Applied and Discussion Choked Off

Liberals Make Premier Squirm in Criticizing His Crude Way of Stifling Free Speech in Parliament—Senate May Teach Gaggers a Lesson.

Special to The Telegraph.

Ottawa, May 8.—Free speech was lauded and bound in Canada's parliament tonight and is ready to be gagged and crucified tomorrow. R. L. Borden, premier of Canada, was the exponent.

When parliament resumed this afternoon, Mr. Borden asked whether the government proposed to resume the discussion of clauses 2 and 3 of the Naval bill, which had been postponed by Premier Borden last night. "As soon as clauses 4 and 5 are dealt with—certainly tomorrow," was Premier Borden's reply.

"Does not the premier realize that he is putting the parliament of Canada in a ridiculous position?" asked Mr. Boivin. "How can any legislative body deal with clauses 4 and 5 in any proper or constitutionally manner before it knows the final form of clauses 2 and 3?" It was clear the government proposed to adjourn all the clauses to 1 a. m., then jam all through under clause 5 without discussion, without revision and without opportunity of amendment. The government's present course would make parliament a joke.

NATIONAL COUNCIL OF WOMEN CONCLUDE THEIR BUSINESS

Montreal, May 8.—The National Council of Women of Canada today virtually completed the business of their twelfth annual meeting which has been in progress in this city since Thursday last week.

Executive committee tomorrow morning will be the last item on the programme of the convention, and by tomorrow night the standing committee of the National Council will be dissolved.

NEED BOMBS TO WAKE THEM UP

Suffragette Leader Says They Are Effective in Calling Attention to "Votes for Women"

London, May 8.—The mystery of the bombs found in St. Paul's and other buildings has not been solved, nor has anything been discovered that would tend to throw light on it. The suffragettes neither admit or deny their responsibility.

Miss Tyson, president of a suffragette meeting in the Holborn town hall tonight, while remarking that it had not been proven that suffragettes had put the bomb in the cathedral, added that there were still persons who had not heard why the women wanted the vote and the only way to wake them up was by bombs.

Major indignation prevails among all classes of society that during the coming holiday period Windsor Castle will be wholly or partially closed, together with the Tower of London, the British and other museums, cathedrals and public buildings, owing to the fear of a suffragette outrage.

REV. R. W. WEDDALL RECEIVES CALL TO ST. ANDREWS

Suspicion That Woodstock Residence Was Burned by Firebug—Another Case of Bungling Over Civic Bonus.

Special to The Telegraph.

Woodstock, N. B., May 8.—Rev. R. W. Weddall received an invitation from the quarterly board of the Methodist church at St. Andrews to take charge of the church there for the coming year.

STREET RAILWAY BILLS BEATEN IN NOVA SCOTIA LEGISLATURE

Halifax, May 8.—In the house of assembly this afternoon the so-called Robert amendments to the Halifax Electric Transit bill were defeated 17 to 12.

TWO GUELPH TOTS PLAY WITH MATCHES AND ARE BADLY BURNED

Guelph, Ont., May 8.—The three year old daughter of J. Cohen, of Quebec street, along with another child, was playing with a box of matches when their clothing became ignited. The children's cries brought the child's mother and a passing Chinaman came to the rescue, putting out the flames. Both were badly burned in so doing. The little girl was also badly burned around the chest and was rushed to the hospital. The doctors hold out some hopes for recovery.

BLANKET OF SNOW IN SOUTHERN ALBERTA

Calgary, May 8.—A blanket of snow covers a large proportion of the seeded area of southern Alberta. For forty-eight hours now has been falling steadily, deferring the opening of the baseball season, but hastening the crop of next fall.

Winnipeg Board of Trade Wants Lower Freight Rates

Winnipeg, May 8.—The council of the board of trade at a meeting adopted a resolution which relates to the reported dominion government aid to the Canadian Northern Railway Company. The board wants any aid extended to be granted only on condition that the freight schedule in the west be equalized.

Don't You Want a Business of Your Own?

There are hundreds of men in this town just like YOU who are eagerly watching for a business opening. The sturdiest of these men know that their chance will come in the Classified Advertising section of this newspaper. Some of them will probably find THEIR opportunity TODAY. Turn to the Want Ad section and see if YOUR opportunity is there now. If it is not and you have a definite idea of the business you would like, a little Want Ad printed in this paper may find it for you.

Use "The Want Ad Way"

TO PRESENT THE NEEDS OF ST. JOHN

Delegation Have a Strong Case

Will Ask Government to Relieve Further Congestion

More Wharves, and Extension of Grain Conveyors Are a Necessity. Also Breakwater to Partridge Island—C.P.R. Vice-President Says Business Here Will Be Trebled Soon.

Ottawa, May 7.—A delegation representing the city of St. John arrived in Ottawa tonight. They have come for the purpose of urging the government to have works in the harbor of St. John carried out with the greatest speed possible.

The delegation will also urge the improvement of the south pass, service from St. John to Yarmouth, Shelburne, Lockeport, Liverpool and Halifax.

REPORTS OF THE NATIONAL TRANSCONTINENTAL RAILWAY IN NEW BRUNSWICK ARE TO THE EFFECT THAT BUSINESS IS RAPIDLY INCREASING

Woodstock, N. B., May 8.—The most active season for the enforcement of the strict act in this county is the season of hay. Officers have been busy working along this line and last week issued a big supply at the railway station.

REVERT TO ONE-MAN SYSTEM ON SEEDING WELL INTERLOCKED ALONG C.N.R. MAIN LINE

Ottawa, May 8.—According to an answer given to Hon. Geo. P. Graham by the minister of railways in the commons this afternoon, F. P. Gagnier has been appointed general manager of the government railway system.

WESTMORLAND CIRCUIT COURT

Horsman Case Up Again for Trial—Some Official Blundered in Summoning Grand Jury.

Dorchester, N. B., May 9.—The May session of the circuit court convened here this afternoon, Justice White presiding with Court Stenographer Devine, of St. John, in attendance. The barriesters present were Attorney-General, Grimmer, of St. Stephen, Geo. W. Fowler, F. S. Smead, E. A. Reilly, Hon. F. J. Sweeney, J. C. Sherman and Geo. L. Harris, clerk of the court, Moncton; A. B. Copp, Sackville; and W. H. Chapman, Dorchester.

NOVA SCOTIAN SUICIDES IN WATERTOWN, MASS.

Boston, May 8.—With a revolver in either hand, Ernest Hastings, a young Canadian, shot himself dead in his room at 28 Summer street in Watertown yesterday and also himself today.

WHAT THEY ARE DOING IN AMHERST.

Rev. P. J. Stackhouse, of the First Baptist church, Amherst, was in the city yesterday. Mr. Stackhouse was one of the leading promoters, and is one of the most enthusiastic supporters of community work in the Nova Scotia town.

EARLY MORNING FIRE IN WOODSTOCK DOES MUCH DAMAGE

Woodstock, May 8.—Fire, which started soon after midnight in John Arnold's house, Richmond street, destroyed the stable in the rear of the dwelling, the all of the house and practically ruined the main part of it.

HAZEN'S EXPOSURE OF THE CONSPIRACIES OF THE DEFENDERS

Dr. Pugsley Scores Minister's Blow at St. John

Proves His Figures Far Astray Regarding Cost of American Warships and Erecting Naval Shipyards—W. M. German Pours Hot Shot Into Borden—Hon. J. D. Gets a Drubbing from E. M. McDonald.

Ottawa, May 9.—William German, M.P. for Welland, resumed the naval debate today. "On this side," he said, "of the people we contend that there is a Canadian navy, manned by our own men, controlled by the Canadian parliament and floating in the waters surrounding Canada shores. We think that even if not capable of warring dreadnoughts we have reached a point of development at which we are capable of building cruisers and other naval craft as valuable for defence of Canadian shores and as essential to the British navy as are dreadnoughts."

CONSERVATIVE NEWSPAPER SPEAKS PLAINLY OF SIR JAMES WHITNEY'S COURSE IN SHUTTING OFF REAL INVESTIGATION.

(Ottawa Citizen, Conservative.) One might easily have prophesied just what has happened in the Proctor investigation into the charges made against Sir James Whitney and Hon. W. J. Hanna. Refusing to allow any investigation to be a straight partisan contest, an article has been published in the Conservative newspaper, making the discovery of the facts subordinate to meeting each other's attacks.

Ontario, and especially Ontario Conservative, cannot understand why Sir James Whitney refused to have an independent and impartial hearing of the case. He must have known that no verdict of the committee was as appointed would have received any credence from the public. It is all too apparent that every possible exception would be taken to evidence adduced, and every doubt settled in favor of the defendants. In fact, it is almost conceivable to the average man that a partisan committee would convict its own leaders of corrupt practice, whatever the evidence adduced. On the votes taken, the suspension of intention in this case. On the contrary inquiry was made, as to remove the name of the secretary of the minister accused. Such being the case, every effort should have been made by honorable men to facilitate inquiry, so as to remove suspicion of intention in this case.

FACTORY FIRE LOSSES \$80,000

Six Families Homeless—Baptist Church Wiped Out, and Methodist Scorched—The Insurance.

Moncton, N. B., May 6.—One of the most disastrous fires that has visited Moncton in recent years broke out a little after one o'clock this morning and as the result six families are homeless, the Moncton First Baptist church and parsonage, and the First Methodist church, Presbyterian hall are burned to the ground, four houses are completely destroyed, the Victoria Hockey and Skating rink is burned to the ground, the store of the Central Hotel, which was badly damaged, three residences are partially burned, the furniture in these quite badly damaged. The loss will be about \$80,000.

The fire was hard to fight as the buildings were close together and once one was started it was impossible to get it out. The fire broke out in the rear of the Victoria Rink on a story being that a man was burning rags in the rink. A man named LeBlanc was seen to be lighting a match. The fire spread rapidly and in a few minutes the buildings were in flames. The fire department was called and the fire was fought for several hours. The loss is estimated at \$80,000.

Semi-Weekly Telegraph and The News

ST. JOHN, N. B., MAY 10, 1913.

IMPORTANT TO CITY AND PROVINCE

St. John ought to have had by this time more definite information as to the construction of the Valley railway from Cape Sable to St. John, and of the arrival of the Grand Trunk Pacific by way of Napadogan and Fredericton.

The financial arrangements for the bridges can scarcely present any obstacle. There is said to be no doubt as to their exact location.

THE STANDARD, "MRS. POTIPHAR" AND SHIPBUILDING

The Standard, in defending Hon. J. D. Hazen, delves into the earlier history of The Telegraph and expresses some satisfaction that "being a younger journal, it has determined to pursue a career which shall be a model of propriety."

encountering in conducting a partisan Conservative newspaper under the present government, and at the same time providing New Brunswick Conservatives with religious instruction and advice.

But while The Standard's religious narratives suffer from too much embroidery and coloring, its editorial treatment of Mr. Hazen's connection with the industries of St. John is marked by a disregard for the essential facts that amounts to suppression of the truth.

Hon. Mr. Hazen is New Brunswick's minister at Ottawa. It was he who proposed St. John of the Cammell Laird shipyard and the building up of a vast industry, in much the same way that he was largely responsible for the founding out of the Harris Car Works.

GOOD ADVICE

From either a business or a political standpoint the Conservative party did an exceedingly unwise and awkward thing when it declined the Cammell Laird tender to establish a great shipyard on the shore of the Courtenay Bay.

ERRATIC ARTISTS

At the beginning of the cubist craze in art, Roosevelt had no hesitation in pronouncing it the dream of men bereft of reason, and with their further excesses the feeling was growing that he expressed the last word of criticism on the subject.

GREETING THE CHEFTAIN

The 7,000 people who greeted Sir Wilfrid Laurier at the Toronto meeting on Monday evening, were admitted by ticket, and thousands more who were eager to hear the Liberal chieftain were turned away because the capacity of the hall was not great enough to accommodate those seeking seats.

which had been aroused. But today the people of the United States are about to introduce a low tariff measure which will give many of our staple products free entry to their market, while many articles will enter under greatly reduced duties.

Toronto meeting a plain and concise statement of the Liberal and Conservative policies with respect to naval contribution. It is upon this issue that Sir Wilfrid challenged the judgment of the country, and it is this issue that Mr. Borden fears to submit to the verdict of the great popular jury.

THE FLUX OF RELIGIOUS THOUGHT

There has been much variety in religious belief since the subtle serpent disturbed the status quo of our first parents and sent them forth from a garden where everything was easy and pleasant to till the ground and earn their bread by toil and perspiration.

As if there were not enough, the Methodist of Middletown (Conn.), have had to oust Professor W. C. Fisher, a famous teacher, from his position in their college because he held views on "open Sunday" not in keeping with the college spirit.

THE POLICEMEN OF THE FUTURE

The May number of the American Magazine has some unusual things to say about the current superstition of the saving grace of statutes, and of the persistent effort to create by law what can only be accomplished by morality.

A PHILOSOPHER ON THE CHURCHES

Dr. Andrew Macphail, a university professor and a philosopher, who raises fine points and excellent trout on his Prince Edward Island farm as a relief from his literary labors, sends us a note of challenge to the "New Churches" in the April number of the University Magazine.

of life, and that all true movements in the way of progress represent an effort to transcend it. He says: "Man, poor, awkward, feeble, necessary man, belongs to a sex which has been rational for millions and millions of years. He can't help himself. It is his fate. His history of women is very different. They have always been paterfamilias, providing for the more extensive of common-sense; they saw the dangers from the first."

He then tells us that the church is not the sense, a retreat from the world, he says, rather an object which charity may be bestowed. It is more blessed to give than to receive, that is more blessed to give. The bestowal of the gift of love is the highest thing that a man can do.

He quotes a German saying: "There is no sorrow when there is bread in the house." But, says Dr. Macphail, the exact contrary is true. "Sorrow begins when the possession of bread is sure, and leisure remains for the magnification of the common life."

Dr. Macphail says that while the church never faced a harder problem than the one which confronts it today, it never met any difficulty with greater earnestness and sincerity, and never so required and as desired as now the sympathy and co-operation of all good men.

It is difficult for the plain man to avoid bewilderment amid the various views, but perhaps bewilderment may be for his profit. Many well meaning people would have us believe that the "whole world, which in every other direction is one seething mass of development, is standing still in the department where life should be most in evidence."

With the institutional church he will have nothing to do. The new line of advance, he says, is "a confession that merely as a place of worship the churches have failed; they must now be made a place of work. Classes are to be held. Young women are to be taught writing by signs, the schools having failed to do much good by teaching them to write with letters. Clubs are to be formed. Places of rest are to be established for girls who work in factory and shop, and have opened for the queer practice of dancing. Lectures are to be given on politics, medicine, and sanitation; and men and women who would otherwise be idle are to engage in 'social service' and 'in the spirit of the poor.'"

Disappointed with their mission to the souls of men, the churches now propose to minister to their bodies, adding all things to them so that afterwards they will be induced to seek the Kingdom of Heaven. As the spirit decays, the institution takes its place; and the churches now propose to

compete with the schools in teaching trades, and with the powers of darkness by providing amusement. The churches are beaten at the start in that course."

It would be interesting to learn what the men and women who devote themselves to social service think about Dr. Macphail's view of the poor and of those who worry about them. He says: "This misery of the poor is our new superstition, the hat expression of our materialism. It is a literary creation of those who write, incited by those who publish."

He quotes a German saying: "There is no sorrow when there is bread in the house." But, says Dr. Macphail, the exact contrary is true. "Sorrow begins when the possession of bread is sure, and leisure remains for the magnification of the common life."

Dr. Macphail says that while the church never faced a harder problem than the one which confronts it today, it never met any difficulty with greater earnestness and sincerity, and never so required and as desired as now the sympathy and co-operation of all good men.

NOTE AND COMMENT

The Women of England who are attempting to destroy even the historic churches will presently have to be treated as violent maniacs.

Europe begins to look less warlike. Probably even the manufacturers of war scares are now beginning to realize that their occupation, like Othello's, is gone.

Mr. Borden's reluctance to allow the people to decide the naval issue is still a conspicuous feature of Canadian politics. Meantime, the Senate has the axe ready.

otherwise in need of help, caution or guidance. It is part of the current superstition; that you can prevent crime by more policemen; but you cannot do it any more than you can prevent fire by more firemen. But the policemen will have no responsibility at all, for by that time even the clericalism will have learned that vice, while amenable to other influences as yet untried in any serious way is only aggravated by statutes and policemen.

When it comes to law, men instinctively revert back to a belief in miracles. Legislation can always accomplish miracles as if legislators were always inspired and received the laws that cumber the statute books, direct from the heavens. It is easy to pass laws; anybody can do that; but it is hard to think through the facts and conditions, so we make little efforts to do so.

Europe begins to look less warlike. Probably even the manufacturers of war scares are now beginning to realize that their occupation, like Othello's, is gone.

Mr. Borden's reluctance to allow the people to decide the naval issue is still a conspicuous feature of Canadian politics. Meantime, the Senate has the axe ready.

THE POLICEMEN OF THE FUTURE

The May number of the American Magazine has some unusual things to say about the current superstition of the saving grace of statutes, and of the persistent effort to create by law what can only be accomplished by morality.

With the institutional church he will have nothing to do. The new line of advance, he says, is "a confession that merely as a place of worship the churches have failed; they must now be made a place of work. Classes are to be held. Young women are to be taught writing by signs, the schools having failed to do much good by teaching them to write with letters. Clubs are to be formed. Places of rest are to be established for girls who work in factory and shop, and have opened for the queer practice of dancing. Lectures are to be given on politics, medicine, and sanitation; and men and women who would otherwise be idle are to engage in 'social service' and 'in the spirit of the poor.'"

Disappointed with their mission to the souls of men, the churches now propose to minister to their bodies, adding all things to them so that afterwards they will be induced to seek the Kingdom of Heaven. As the spirit decays, the institution takes its place; and the churches now propose to

AGRICULTURE

The Need for Social Make

Dr. Robertson—I refer to the element of satisfaction in social enjoyments. In the Denmark and Germany, modes, the rural populations have had social satisfactions that we have not. They are keeping the people here the greatest moves place in Illinois and Indiana. The school is a great school house we in Canada spelling 'b' and the sing often the temperance lodge.

When it comes to law, men instinctively revert back to a belief in miracles. Legislation can always accomplish miracles as if legislators were always inspired and received the laws that cumber the statute books, direct from the heavens. It is easy to pass laws; anybody can do that; but it is hard to think through the facts and conditions, so we make little efforts to do so.

Mr. Borden's reluctance to allow the people to decide the naval issue is still a conspicuous feature of Canadian politics. Meantime, the Senate has the axe ready.

NOTE AND COMMENT

The Women of England who are attempting to destroy even the historic churches will presently have to be treated as violent maniacs.

BORDEN USES HIS GAG BORDEEN'S CLOSURE

Waited for a Slim House to Try It Sprung It During Sir Wilfrid's Absence from Chamber, But He Arrived in Time to Make a Significant Remark—Measure Advanced Another Stage, and Closure is Expected to Jam it Through Soon.

A ROYAL ROMANCE

EX-KING MANUEL WITH HIS FIANCE PRINCESS AUGUSTA VICTORIA, AND HIS FUTURE FATHER-IN-LAW, PRINCE WILHELM OF HOHENZOLLERN-SIGMAREN.

Ottawa, May 7.—Premier Borden tonight paved the way for the first application of the gag in order to force the naval bill through the commons regardless of argument and regardless of all considerations except those of mere party expediency.

Frank Carvell, the forceful New Brunswick Liberal, had just concluded a telling arraignment of the government and its "emergency." He had quoted Deputy Speaker Blonid to show that in Quebec this unit of the National-Conservative alliance had recently been declaring that the Borden contribution was "for moral effect only," that it was designed to satisfy all possible opinions, and that it was a measure which binds us, to nothing definite.

Mr. Borden had apparently timed his question to the moment when the front Liberal benches would be momentarily most thinned. He repeated his question directing it this time to Mr. Levesque, who was sitting toward the end of the front Liberal row.

Mr. Borden had apparently timed his question to the moment when the front Liberal benches would be momentarily most thinned.

Borden Easy About Programme

Not even yet has the Borden government given its minds concerning the remaining legislation of the present parliament. And this time there is no suggestion on the part of the Liberal members of the obstruction of the public business.

Mr. Borden had apparently timed his question to the moment when the front Liberal benches would be momentarily most thinned.

BRITISH FIRM LIKELY TO ESTABLISH FACTORY HERE
Chairman of Molassine Co., Ltd., of England, and Managing Director, Arrive in City to Look Over Ground—Look for Big Development—Other Manufacturing Concerns Send for Information About Sites and Other Advantages.

Thursday, May 8. John Prosser, managing director of the Molassine Company Limited of Greenwich, London (Eng.), and Benjamin Horton, chairman of the company arrived in the city yesterday and are registered at the Royal Hotel. That there is quite a possibility that the firm may open up a branch factory in this city was the information given to The Telegraph last evening by Mr. Prosser. The business of the firm in Canada and the states had been increasing to such an extent, especially in the maritime provinces, Mr. Prosser said, that it was necessary for them to have manufacturing facilities in Canada, and one of the purposes of their visit to this city was to make further enquiries with regard to their locating here.

Mr. Prosser and Mr. Horton will remain in St. John until about Saturday, when they will leave for the old country.

Union depot, which took place last evening at his father's home after only a few days' illness. He had been confined several months but his condition was not considered at all serious. He was nineteen years of age and had been employed with his father in the depot here. He is survived by his mother, four brothers and seven sisters.

Frederick Williams, Wednesday, May 7. Many will be sorry to hear of the death of Frederick W. Williams, the five-year-old son of Edward S. and Sarah Williams, at their home in Vashart street. The little lad was taken ill about two weeks ago with measles, which was followed by pneumonia. It was thought he would recover, but he passed away yesterday morning at 7 o'clock. Besides his parents he is survived by two sisters and four brothers. The body will be taken to Harbord street tomorrow morning for interment in the St. John's cemetery.

James R. Conley, Tuesday, May 6. The friends of Mr. and Mrs. John Conley will sympathize with them in the loss of their infant son, James R., aged five months, after a brief illness of pneumonia. The funeral, which will be private, will take place tomorrow afternoon. Interment will be in the Church of England burying ground.

Mrs. Catherine Lingley, Tuesday, May 6. The death of Catherine Mary Lingley, widow of George R. Lingley, took place yesterday at her home, Duke street. She was born in St. John and had been a lifelong resident of this city. She is survived by two sons, William S. and Arthur, of Butte, Montana, and three daughters, Mrs. S. R. Fair of Butte; Mrs. E. R. Reed, of Woodstock, and Miss Alice Lingley of the St. John High school staff. The funeral will take place tomorrow afternoon from her late residence, 224 Duke street. There will be service at the house at 2:30 o'clock.

Isaac Burrill, Harvey Station, May 5.—On Friday evening Isaac Burrill, one of the oldest and most respected residents of this parish, died at his home at Tweedside after a short illness. He was in the 96th year of his age but had been in fairly good health until a few days ago, when he was seized with an affection of the heart, to which he succumbed. He was a native of the North of England, and came here upward of sixty years ago, and shortly after settled on a new farm at Tweedside. He began with his acre in the virgin forest and by industry and ability made for himself a comfortable home which he so long lived to enjoy. He was a man of stirring character, and had a wide circle of friends, and was held in high esteem. He was an active member of the Presbyterian church here, and was an elder for upward of twenty years, and did much for the cause of religion in the community. He is survived by one son, Thos. Burrill, and one daughter, Mrs. Alex. Ewan, both of Tweedside; two granddaughters, Mrs. William Atchison, of Houlton.

Mrs. Mary York, Boston, May 5. (Special).—The death is announced in East Port of Mrs. Mary York, widow of James York, of St. John.

J. T. Forbes, Montreal, May 5.—Ex-Alderman J. T. Forbes, who retired this year on account of illness, died at the age of 88. Mr. Forbes had served almost continuously at the city council during the last twenty-five years.

Daniel Simonds, Montreal, May 6.—Daniel Simonds, of Fitchburg, Mass., formerly of St. Simons, Canada—Saw Co., Ltd., with factories in Montreal, Vancouver and St. John, N. B., died yesterday at his summer home in New York, aged 86.

J. Leonard Curran, A wide circle of friends will learn with regret of the death of J. Leonard Curran, son of Frank Curran, new agent at the

FAMOUS OLD SALSBUARY FARM SOLD FOR \$9,000
LONDON, ONTARIO, PATENTS IF DR. FRIENDMAN IMPROVED TO REBUILD BURNED MONCTON BAPTISTS CHURCH AT ONCE

Charles Jones Was the Seller—This Was the First Land Granted on Petitcodiac River in 1710—Purchaser an Englishman.

Salsbury, N. B., May 4.—Charles Jones, of Salsbury, has sold his property here to Charles Stewart Bellhouse, agent and shareholder of the Portage and Company of England. It is understood that the price was about \$9,000.

This is the most valuable of the many farms in this vicinity that have been bought largely by Englishmen. It consists of between four and five hundred acres of wood and cultivated land, also of about forty acres of rich meadow. This river valley land is considered even more valuable than marsh land, as it requires no draining and grows exceptional hay crops.

Mr. Jones father, the late John A. Jones, purchased the farm and both he and his son did much to bring the farm to its present state of cultivation. Mr. Bellhouse expects to make many improvements. He will go in to dairying extensively and will probably run a training school for Englishmen who wish to become Canadian farmers.

Whitewash Hanna and Whitney Ontario Legislature Declare Member's Charges Unfounded After Stormy Debate.

Toronto, May 7.—The legislature tonight adopted the report of the committee on the charges against Mr. Whitney, which exonerated Sir James Whitney and Hon. W. J. Hanna of any improper conduct in connection with the sale of the Taylor Scott Company's claim against the government.

More Fine Gifts to Mt. Allison Fund

The Mount Allison campaign received a genuine boost by the munificent gift of \$10,000 from Frank Davidson of Bridgewater.

Witness in Charges Against Premier Whitney and Hon. W. J. Hanna

Under the heading "St. John's Growth Time; \$95,985,000 of New Works in Progress," the Canadian Gazette, of London, England, gives a list of the new works now under construction in the city of St. John.

MONCTON BAPTISTS CHURCH AT ONCE TO REBUILD BURNED

Moncton, N. B., May 8.—The work of clearing away the debris on the property of the First Baptist church will begin today. A committee to arrange for the work was appointed at a meeting of trustees and other officers yesterday afternoon in the office of Geo. O. Spencer.

Letters to the Editor

Such Modesty To the Editor of The Telegraph: Sir—Allow me to rectify a mistake made in your paper (Telegraph), May 2, 1913, re the death of the late Mr. J. J. Long. You refer to a paper by E. J. Alexander on Nature Study. My paper was on the Backward Pupil and was short of the subject of the paper on Nature Study in the country schools you referred to was by Miss G. E. Long. I would not presume to be the author of such a highly instructive and interesting paper and wish you would correct that error.

In the Courts Will of Late Dr. G. U. Hay Proved Yesterday—Some Generous Bequests.

In the probate court yesterday, the will of Dr. George U. Hay, was proved. It gave to his wife, Frances Anneta Hay, \$2,000; the rest of his estate he gave to her also upon trust for the education of his children.

Needs Immediate Attention To the Editor of The Telegraph: Sir—I have found that there is a much greater interest in the suburbs of St. John since the street railway to outside points has been discussed. But I do not think some of our country friends are looking to the highways as interfering with the way the highways approaching the city are being narrowed.

Provincial Personals Sydney Record: Mrs. Hector Bow, of this city, left by Sunday night express on a visit to her sister in Meadown Junction (N. B.). She was accompanied by her son, Harry, of the executive department of the steel company.

Hopewell Hill Notes Hopewell Hill, May 7.—Intelligence has been received of the death at Lynn (Mass.) of Fred Woodworth, a former Hopewell boy, and the youngest son of the late David Woodworth, of Chemical Road.
