## MAIL ORDERS

We solicit out of town orders which  
receive our personal attention. The  
length of time taken to fill orders is  
governed very largely by how busy we  
are in the department of our factory  
in which the particular goods are  
made. While we have exceptional  
facilities for promptly turning out  
goods, it is important to place orders  
as far ahead as possible. Orders are  
filled by us in the rotation in which  
they are received, and customers can  
always depend on our doing everything  
in reason to give prompt despatch.

**BELGIAN RELIEF**  
COMMITTEE FORMED  
At Meeting Held in Council  
Chambers Last Evening.—  
Cash Needed Now

A meeting of those interested in  
the Belgian Relief Fund was held in  
the Council Chambers last evening.  
His Worship Mayor Andrew presided  
over a rather small attendance and ex-  
plained the reason for calling the  
meeting. He stated that it was esti-  
mated that six million dollars would be  
required to meet the needs of the Bel-  
gians, who are in distress from now  
until the harvest, and contributions in  
cash were most urgently desired. His  
Worship read the following letter  
from Mayor Frink in St. John.  
Mayor's Office, St. John, N. B.,  
31st December, 1914.  
A. A. Andrew, Esq.,  
Mayor,  
Campbellton, N. B.

Your Worship:  
I have to acknowledge your letter  
of December 30th and note your re-  
marks concerning a proposal to orga-  
nize a Local Society for the Belgian  
Relief. The amount received to date  
is nearly \$31,000. We have sent to  
the Belgian Minister in London, \$12,-  
000 in cash, \$9,000 in flour, \$2,000 in  
dry goods. Some expense was neces-  
sitated here owing to the fact that a  
large amount of clothing, vegetables  
and many things came in here which  
had to be looked after; boxing and  
packing of barrels and sorting cloth-  
ing and many other things which en-  
tailed expenditure, leaving on hand  
now about \$6,000. The Belgian Min-  
ister writing to me personally, stated  
that he desired to have cash sent him  
instead of supplies. However, the  
Local Committee here have been rather  
influenced by a report from Halifax  
sent to them by the American Relief  
Association of Belgium, that supplies  
were more to be desired than money.  
However, I am forced to the conclusion  
that the Belgian Embassy to Great  
Britain should be the best judge as to  
what really is required; as to the  
amount collected, of course I cannot  
give any accurate idea. Subscriptions  
are yet coming along quite freely and  
I take it that the sympathy of the  
people has been aroused to a great de-  
gree over the sufferings of the Belgian  
people. These things as a rule exhaust  
themselves, that is to say, that when  
the people have contributed as they  
have done very freely all over the  
Province, they naturally feel that they  
have done their part and then the fund  
gradually comes to a close.  
Wishing you a Happy New Year,  
I am,  
Yours truly,  
JAMES H. FRINK,  
Mayor.

After discussion by those present,  
the following committee was appointed  
to properly organize a local branch of  
the Belgian Relief Fund, appoint col-  
lectors, etc., and take up generally the  
oversight of the Fund. The following  
gentlemen compose the committee:—  
Judge McLatchy, John Harquail,  
Alex. McLennan, Jas. P. Jardine, Chas.  
A. Alexander, Dr. Pinaut, W. H. Mil-  
ler, Jas. W. Patterson, Dan. E. Rich-  
ards, A. D. McKendrick, A. A. Andrew,  
Dr. Murray, W. F. Napier, F. E. Black-  
hall.

**BATHURST RETAINS  
MCLELLAN CUP**  
Defeated Campbellton Rinks in  
Hard Fought Contest Wed-  
nesday 9 Points to Good

Bathurst defeated Campbellton in  
the McLeelan cup series at Bathurst on  
Wednesday in one of the hardest  
fought matches ever played on the North  
Shore.

In the afternoon the rink skip-  
per Stout won from Wilson by four points.  
The game was keenly contested and it  
was up hill work all through. Many  
brilliant plays were made, and both  
rinks were in splendid form, but the  
best rink won out.

In the evening the games were even  
more scientific, and were witnessed by  
a large and enthusiastic crowd of  
spectators, there being many present  
to cheer for the Campbellton curlers.  
The Bathurst citizens were free with  
their applause and when a member of  
the visiting rink made a clever play  
it was likewise loudly applauded.

Skip Wran was up against Skip  
Thibideau, who is acknowledged to be  
one of the best skips in the Maritime  
Provinces. It was heavy work for  
Tom, but nearing the end of the game  
he seemed to get into his stride and  
tied his opponent, but the Bathurst  
skip gradually piled up until he fin-  
ished with a lead of four.

On the other side Skip MacKendrick  
was having the battle of his life with  
Skip MacKay. He kept the lead on  
the Bathurst man until the second last  
end when they tied and in the last end  
MacKay laid one, thus beating Mac-  
Kendrick.

## HON. JOHN HALL KELLY SECONDS THE REPLY TO SPEECH FROM THRONE

At the Opening of the Legislature Last Week the Hon.  
Member Delivers Splendid Speech of Special  
Interest at this Time of War.

At the opening of the Quebec Legis-  
lature last week, the motion in answer  
to the speech of the Throne was sec-  
onded by the Honorable John Hall  
Kelly.

The press of both parties in the  
province are unanimous in saying that  
it was one of the best speeches deliv-  
ered at the opening of Parliament in  
the Legislature, and was of special in-  
terest especially at the present mo-  
ment, when the Empire is at war.  
Eleven years ago Hon. Mr. Kelly, when  
elected as representative of Bonav-  
ture also had the honor of second-  
ing the motion in answer to the speech  
from the Throne in the Lower House.

The following is an extract of Hon.  
Mr. Kelly's address.

Accustomed, as we have been, for  
many long and happy years, of hearing  
yearly from the representative of the  
Crown, at the opening of each session,

As the last census has demon-  
strated, while the growth of the population  
of this province has been normal, it  
has been especially healthy and strong,  
and, in view thereof, in seeking to in-  
crease our population, it is most im-  
portant that we should try to bring  
to our land men whose ideas and senti-  
ments will be in harmony with those  
amongst or near whom they are to  
settle.

From France, England, Ireland and  
Scotland has this Province drawn in  
its early history, and from a few scat-  
tered families, within a comparatively  
short period, have sprung up hamlets,  
villages, towns and cities, wherein the  
best sentiments and traditions of these  
various nationalities have been relig-  
iously preserved, and in the preserva-  
tion of which lies the secret of our  
present and future success.

It is only natural to expect that

HON. JOHN HALL KELLY

of the progress made in art, coloniza-  
tion, education, agriculture and indus-  
try, we little dreamt, when the Legis-  
lature last prorogued, that when we  
would be convened again, that this  
Province, as a part of Canada, and in  
consequence of the great British Em-  
pire, would be participating in one of  
the most bloody wars with which man-  
kind has afflicted.

In the twinkling of an eye the songs  
of peace were drowned by the cannon's  
roar. At the bugle's call, from every  
part of the British Empire, thousands  
of loyal sons and daughters responded,  
and in that wonderful procession, com-  
ing from every part and corner of the  
earth, composed of men of different  
creeds and different origins, all anim-  
ated with the same sentiments of love  
and devotion to the motherland, there  
was perhaps no more inspiring sight  
than, when at the break of morn, the  
ransports conveying the Canadian  
sons, slipped silently and secretly  
away from their moorings in Gaspe  
Bay.

It is not my intention, to dwell at  
any length on the unfortunate condi-  
tion of affairs now going on in Eur-  
ope, but as every cloud has a silver  
lining, so it shall be in the present  
case, when the welcome sunbeams of  
peace will dissipate, and let us hope  
forever, the clouds of war and destruc-  
tion and sorrow that hang so heavily  
at the present moment, over prostrate  
Europe.

And when that happy moment comes  
a great opportunity will present itself  
for this Province, and wherein the  
Government can and will materially  
assist, and in provision of which the  
Government has already taken useful  
and active steps.

As we all know, in a country having  
the area of this Province, the largest  
of any in Canada, our future lies in in-  
creasing our population. We have in  
many parts of the Province, but es-  
pecially in the Ten-Islands, the  
Matapedia Valley and the Gaspé Pen-  
insula, thousands and thousands of  
acres, nay miles of the most fertile  
land, awaiting the coming of the sett-  
ler to transform the accessible forest  
into bountiful and paying farms.

## ICE RACING HELD HERE LAST FRIDAY

Successful Meeting Held Consid-  
ering Unfavorable Weather.—  
Horse Drops Dead

The horse races held here last Fri-  
day were very successful and attract-  
ed quite a number of spectators to the  
track, which was prepared below the  
wharf. The weather, which was to  
the mild side, had made the track a  
little soft, but all the same some good  
times were made. Three events were  
brought off the 222. Free-for-all and  
the Three minutes. The judges were,  
Messrs. Henry Cormier, Azad Landry,  
Geo. St. Onge, and J. McKenna (New  
Richmond.) Starter, Andy Barbarie.

Time 1.11 1/2.

The 3 minute class was very closely  
contested, Bessie K. and Oak Hall Billy  
fighting it out neck to neck on the  
home stretch. Will Be Sure, Jr.,  
seemed to have plenty of speed, but  
would break badly in scoring. During  
the scoring in the second heat, Bessie  
K. broke her bit, but driver Shirley  
got her stopped, without any damage.  
In scoring in the 3rd heat of the  
Free-for-all, Guy Norval died.

will present itself, by which not only  
will we be benefiting ourselves, but in  
the grasping of which we will be ful-  
filling an obligation that is not, not  
only by this Province, but by the whole  
world; I refer to that land of heroes,  
Belgium. A people that has fought  
as they have fought, a people that has  
suffered as they have suffered, a peo-  
ple that has the privilege of being  
subjects of such a noble and kingly  
King, where ever they may go, the  
world over, whether they be rich or  
poor, will constitute a source of wealth  
and strength for the country that may  
be happy enough of having the honor  
of receiving them. It will be a lucky  
day for our Province if we can suc-  
ceed in bringing to our shores some  
of those thousands of noble sons of Bel-  
gium, who today, on the battlefields  
are dreaming, not of their homes, for  
they exist no more, but of the future  
that awaits them in the New World,  
after the dawn of peace.

There are many vacant farms in the  
Province that have been temporarily  
abandoned by the inexperienced, who,  
answering the call of the cities and of  
the West, have turned westward, many  
of whom would gladly return had they  
sufficient funds to do so, and who  
would never have left had they known  
what they know today.

To these farms the government is  
giving special attention, ascertaining  
the number thereof, their location,  
condition and value, and I understand

## WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved. Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my housework now, where before taking your medicine it was a dread. I try to impress upon the minds of all other women I meet the benefits they can derive from your medicines."—Mrs. CHARLES ROWS, R.F.D., No. 1, Hebron, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## NEW BRUNSWICK MAN AMONG THOSE DEAD

Private John Wylie of Harcourt, N. B., Among the Canadians to Succumb at Salisbury

Ottawa, Jan. 7.—Four more deaths are reported today from Salisbury Plain, bringing the total up to 43. One of the dead is a New Brunswick boy, Private John Wylie, of the 14th Battalion. His next of kin is Mary Jane Wylie, Harcourt, N. B. He died of cerebro spinal meningitis. Col. Frank Strang, commander of the Canadian Ordnance Department unit, is also reported dead of the same disease. Lt. R. D. Briscoe, of Galt, Ont., has been accidentally shot and killed at the ranges. The fourth dead is that of Private M. R. Smith, of Peterboro, Ont.

## IF HAIR'S YOUR PRIDE, USE HERPICIDE

A feeling of uncertainty, a dread of possible disappointment, always goes with an "off brand" hair preparation. That is part of the purchase, just as much so as the label on the bottle.

You don't get this with a bottle of Newbro's Herpicide. It is not an experiment. You number among your acquaintances and friends hundreds who have used Herpicide with satisfaction, and you know that you can do the same. The results are always positive.

For the removal of dandruff and to check falling hair Newbro's Herpicide is reliable and often producing results that are little short of marvelous.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Thos. Wran, druggist.

## THE RENOVATION OF NEGLECTED ORCHARDS

Bulletin Number 79 of the Experimental Farm is entitled "Renovation of the Neglected Orchard." It has been prepared by M. B. Davis, B.S.A.

Constipation--the bane of old age is not to be cured by harsh purgatives; they rather aggravate the trouble. For a gentle, but sure laxative, see Chamberlain's Stomach and Liver Tablets. They stir up the liver, tone the nerves and freshen the stomach and bowels just like an internal bath.

## CHAMBERLAIN'S TABLETS

Woman's best friend. From girlhood to old age, these little red health restorers are an infallible guide to an active, vigorous, and healthy life. Take a Chamberlain's Stomach and Liver Tablet at night and the sour stomach and fermentation, and the headache, have all gone by morning. All druggists, 25c, or by mail from Chamberlain Medicine Company, Toronto 15.

## IS ARRESTED AS A GERMAN SUSPECT

Former Mount Allison Student Has Novel Experience in England Arrested as Spy.

The Berwick, N. S., Register says: "Earle E. Spicer, son of Mr. and Mrs. Richard S. Spicer, Welsford street, is now a resident of London, where he is taking an advanced course in vocal music. P. F. Lawson, during his recent visit in London had the privilege of hearing Mr. Spicer sing, and speaks enthusiastically of the marvellous richness and power of the young Nova Scotian's voice. He is under the tuition of one of the best masters in England. An interesting story is told of Mr. Spicer's arrest as a German spy suspect. He was in a south of England village with his master and a fellow vocalist and after each day's exercises would take long rambles across country. One evening, as they were travelling through a country lane, each student with a roll of music, they were halted by a local special constable and put through a searching enquiry. Unfortunately, the music they carried was that of Italian songs and the constable, who was not a linguist, was much exercised over the foreign language and marched his prisoners to a magistrate. Finally they were released and a few weeks later, in the same district, Mr. Spicer was himself sworn in for special night guard duty."

## GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless doesn't sleep, eat or act naturally, is feverish, stomach sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

## DR. H. C. MERSEREAU HAS VOLUNTEERED

Third Son of Col. Mersereau of Doaktown to Offer For Foreign Service

Dr. Harris Coburg Mersereau, of Montreal, has been appointed provisional lieutenant in the Army Medical Corps.

Dr. Mersereau is a native of Doaktown, a son of Col. G. W. Mersereau. He is now situated in Montreal where he has a lucrative practise. Dr. Mersereau is a fellow of the Royal College of Surgeons, of Edinburgh, Scotland, having been elected a Fellow over a year ago. He was surgeon on the C. P. R. steamer the Empress of India and last October successfully passed the Canadian Dominion Council examinations and started practising in Montreal.

Lieut. Surgeon Mersereau is the third member of his family to volunteer for foreign service, he having offered his services with the third contingent after being unable to get a place with the second. Two brothers are with the first contingent at Salisbury Plain, one being Brigade Major C. J. Mersereau and the other Capt. Fred Mersereau. Lieut. Mersereau is the youngest member of the family. He also has a cousin, Lieut. Cecil Mersereau, with the first contingent—Commercial.

## A CHICKEN COOP

A combination two-in-one poultry coop for setting hens and chickens is 6 feet long, 3 feet deep and is divided into four compartments by removable partitions. At the back of each compartment is a nest, at the front is a sliding door which opens into a detachable runway. The front of the little house is three feet high and has an opening in the upper half lengthwise covered with wire screen and closed by a hinged door at the top. Four hens are set in this coop at one time. As soon as the chicks come, two of the partitions are taken out and one hen given both hatchings, while the other hen is put to more profitable work. When the chicks are ready to do without the hen, the hens are taken out, the other two partitions removed and perches put in for the chicks to roost on. The runways in front are then taken away also.

Assistant to the Dominion Horticulturist. Special attention is given to the following practices: Heading back old trees; thinning; scraping, cleaning and tree surgery; cultivation and cover crops; systems of cultivation; fertilization; spraying and thinning fruit. The bulletin is generously illustrated. It has been prepared with a view of showing how, by a reasonable amount of labour and care, profitless old orchards, which are a menace to the

## CONDITIONS ON GASPE COAST GOOD

Hon. J. H. Kelly Says People There Satisfied With the Conditions

Quebec, Jan. 8.—Hon. John Hall Kelly, M.L.C., has arrived in the city from New Carlisle for the session of the Legislature. He is accompanied by Mrs. and M's Kelly, and they have taken up their residence at the Chateau.

A Telegraph reporter had a short conversation with Hon. Mr. Kelly at the Chateau, regarding conditions prevailing in the County of Bonaventure and along the coast. These, the hon. gentleman stated, were, in comparison to other parts of the province, very good and the people were in every way satisfied with conditions. There has been some decrease in the cut of lumber so far this season, due to various causes, principally owing to the fact that money was tight on account of the war. Quite a lot of lumber was, however, being got out.

The curtailment in the cut of lumber, Hon. Mr. Kelly said, has been somewhat minimized by the fact that Americans have had to come in for their pulp, which they are procuring from patented lands, and farmers are selling these lands off, which goes to make up for what they have lost in the lumber cut. The patented lands are not very extensive, and when exhausted, it means that the Americans will have to bring their mills in and resort again for their pulp wood to the Crown Lands.

Speaking of Bonaventure County, Hon. Mr. Kelly stated that although new industries had been opened up there, yet, those in existence were prospering. Hon. Mr. Kelly remarked that the people of Bonaventure County were doing their share in helping patriotic work in connection with the present war. A branch of the Patriotic Work had been organized in the county, of which he himself was president, and Mr. R. H. Montgomery, Treasurer. Although but a couple of months in existence the branch had collected the sum of about four thousand dollars, all of which had been voluntarily given, there being no solicitation for subscriptions. This certainly speaks well for the interest manifested by the people along the coast.

In nearly every parish also, there was a branch of the Red Cross Society, this being in charge of the ladies, who are zealously working in behalf of the soldiers and those in need. In nearly every home the women are knitting for the soldiers and those families who are in a position to supply their own wool do so, while others who are too poor are supplied with the wools by the society, of which Mrs. J. H. Kelly is president. Goods to the value of about one thousand dollars have been collected, part of which has been forwarded direct.

## YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause is, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall's Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by taking the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by J. S. 100.

## THOS. WRAN, Campbellton, New Brunswick

There is a Rexall Store in nearly every town and in the United States. Consult the Great Britain. There is a different Rexall Store for nearly every ordinary human illness, each especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores.

Local orchard industry may be made a remunerative part of the farm and a credit to the neighbourhood. Copies of this bulletin are available at the Publications Branch of the Department of Agriculture, Ottawa.

## CONSERVE THE BREEDING STOCK

Everyone knows that trade conditions and commercial enterprise have suffered a very serious and unexpected upheaval during the past year. To this situation the war has, of course, largely contributed; but other causes, including the general financial depression throughout the country, have been operative for some months past. The agricultural industry has, naturally, been very widely affected by these changing conditions and by the varying situation with respect to demand and supply. The result in the province of Quebec, particularly in the western provinces, of the stock, suitable for breeding purposes. Perhaps this was inevitable, but will these conditions continue? Feed grain will, without doubt, be high in price, but it must never be overlooked that the country can maintain very large numbers of live stock on the enormous quantity of rough fodder which it can produce. To waste this, for the sake of the grain which can be grown, would, under the present circumstance, be criminal neglect. It is clear, then, that the country should conserve its breeding stock. If grain is to be grown for sale it is recommended that plans should be carefully thought out as to the manner in which the greatest quantity of rough fodder may become available for feeding purposes and as to the means by which this otherwise waste product, together with the screenings and unsaleable grain, may be utilized to the best possible advantage. In other words eliminate waste. Do it by feeding live stock.

The present low prices for stock cannot last long. A careful review of the world situation makes it clear that there will be a shortage next year. Europe is becoming seriously depleted in both breeding and feeding stock. The United States, for ten months of the past year, at its leading markets is short 745,045 cattle, 208,000 sheep and 1,894,939 hogs. Canada has, as before stated, heavily liquidated her

breeding animals and, while it may possibly maintain its quota next year of cattle and sheep, it is doubtful if more than seventy five per cent of the number of hogs will find their way to market in 1915, as compared with the past year. It is, therefore, a time for live stock men to stay with their trade. The present tendency is, of course, all the other way. A safe harvest is likely to be reaped by those who have stock for sale next year. Even bankers and business men are of this opinion.

One word of advice is to be given. Avoid marketing so far as it is at all possible to do so during the period of October fifteen to December fifteen. This is a time of the year when everybody else has stock for sale. It is a time when packers know that they can fill their cellars with cheap meat. These are the months when the surplus of the whole country finds its way to the packing centres. It is invariably the period of low prices, uncertain markets and disappointing returns to the producers. Breed, therefore, to have your stock available for sale at some other time of the year. Take care to provide sufficient winter feed that you may not be forced to sell when the cold weather comes.

Above all, conserve your breeding stock.

The Manchester Guardian points out that Culture and Kultur have not the same sense. We had suspected this for a few months back.

## 10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which poisons and ferments like garbage in a small barrel. That's the first step to untold misery, indigestion, bad gases, bad breath, yellow skin, mental fever, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—10-cent boxes from your druggist will keep you feeling good for months.

### LETTERS FROM THE FRONT

Salisbury Plains,  
West Down North,  
8th Battery, 2nd Brigade,  
Dec. 14th, 1914.

Dear Brother:

I guess I am doing all the writing. I have only got one letter since I am here from you. We have changed our Battery No. Now it is the Eighth Battery, second brigade. All the same crowd is together yet. Say don't forget to send me some Napoleon Tobacco. Tell Millican to send me a cad. We are still tenting out. We have no snow yet, but we have rain every day. We are up to our boot tops in mud. We don't mind it now. I would like to get the Graphic now and again. Let me know if Mother got the money all right. All the rest of the folks got theirs. I see there are a lot enlisted from Campbellton for the 2nd Contingent. We had Alf. Gillis and Thero and Lutz calling on us yesterday. We have oil stoves in our tents and it is good and comfy. How is business in the wholesale? I wrote to Millican and a few more but got no answer yet. We don't get much time to write. How is Aunt Cass and Uncle Tom? Tell Lena I am going to send her a card. I suppose the skating is great there now. How is Jim Woods? Give him my best regards and all the rest of the lads. Tell mother I would send her a Xmas present, only we are not near any stores. We get all free passes over the railroads now. I was up to London for 3 days leave. How is Harry? Tell him to take good care of Rover until I come back. Tell mother I will bring a wife back with me. Ha! Ha! Well Mont, I guess I have told you all. Wishing you all the compliments of the season. I am sending you some photos. Love to everybody I know, I remain,  
Your loving Brother,  
Jimmie C.

He also admits that England has brought the whole of Germany's overseas trade to a standstill.

Herr Ballin declares there can be no lasting peace if Germany does not get her fleet a station in the North Sea which at least will give to Germany the same advantages in Europe as Great Britain possesses.

**CONSUMPTION TAKES HUNDREDS OF PEOPLE**

Hundreds of people succumb to consumption every day. Science proves that the germs which cause this disease are weakened by colds or sickness, overwork, confusion, or when general weakness exists. The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion and cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it rebuilds the resistive power of the body to avoid colds and prevent consumption. If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food medicine known. It is totally free from stopping drugs. Avoid substitutes.

**SAFETY FIRST IS A SUCCESS ON I. C. R.**

Minor Accidents in Moncton Shops Reduced Fifty Per Cent

The saving of twelve lives or an economic conservation of from \$100,000 to \$200,000, according to the value put upon the average man's life, was the concrete result of the Safety First movement on the I. C. R. in 1914.

J. E. Long, safety engineer on the I.C.R., and one of the few men in Canada to hold down such a position, was in the city yesterday and told a Times reporter that he was almost unable to account for the unprecedented drop in fatalities during the year. The number of deaths among employees by accident in 1913 was nineteen, in 1912 seventeen, in 1911 fifteen or sixteen, and in 1914 completed records showed a decrease to seven. This result is very gratifying indeed and Mr. Long hopes to continue the good work in 1915. He has been safety engineer on the I. C. R. during just one year.

Mr. Long says that the results have been secured chiefly through personal contact with the men. The usual literature has been distributed and lectures given at different times but he believes most good was done by actual conversation with men in dangerous positions.

As a part of the Safety First movement Mr. Long is getting out a somewhat pretentious publication known as the Canadian Government Magazine which is distributed free to every employee and which contains many fine articles, educative in character and designed to cultivate carefulness, besides many articles of general railroad matters.

In addition to the practical results secured on the operating end of the I.C.R., Mr. Long said that the Safety First movement had extended to the Moncton shops and that an official there had told him recently that minor accidents which had been very frequent, had been decreased fifty per cent.—St. John Times.

Hinton, Florrie Hinton and Bessie Rogers made very efficient and attentive waitresses. Excellent music was furnished by some of the talented young ladies present, which helped to make more pleasant a very much enjoyed evening.

**DALHOUSIE**

A very enjoyable Banquet was held in the Queen Hotel on Monday night, in honor of Conductor W. A. Warman, who is to take his departure shortly for Moncton. There were a large number in attendance, and a thoroughly good time was enjoyed by all. Mr. W. J. Davis, manager of the Bank of Nova Scotia, read an address to which Mr. Warman responded in a few words well chosen, expressing his appreciation of the honor tendered him and his regret at leaving Dalhousie, where he had made so many friends. Toasts were then delivered and several of the gentlemen present spoke. The address reads as follows:—  
To Conductor W. A. Warman, Dalhousie, N. B.

Dear Sir,  
We are gathered here to-night to bid you farewell and as one of our most respected citizens, we cannot let it pass without showing you the kind regard we all hold for you in this town, and we all regret your loss. By your kind and congenial manner, you have made for yourself a host of friends, and that which is Dalhousie's loss we know will be some other place's gain.

We regret very much the absence of Mayor Montgomery, who was called away today to Campbellton, and he expressed his regret that he could not be present, also our genial station agent, Mr. P. H. Sheehan. And Sir, when you have occasion to again visit Dalhousie, you can be assured your smiling face will be appreciated in this town for you are a "Jolly Good Fellow."

A Whist Party will be held in the Dalhousie Club Rooms some evening next week for the purpose of raising funds to purchase more material for patriotic work.

The annual meeting of the Dalhousie Social Club was held on Wednesday evening in the Club Rooms, with Vice-President Sheriff James E. Stewart in the chair. W. S. Smith, Secretary Treasurer presented a very satisfactory financial report. The following officers were elected for the current year:—  
President—E. I. Watt.  
Vice-President—W. J. Davis.  
Secretary—Treasurer—W. S. Smith.  
Auditor—W. A. R. Cragg.  
Room Committee—John Midgley, James Wallace, O. C. Johnson.  
Literary Committee—Hon. C. H. LaBilloy, W. S. Smith, W. J. Davis.

A resolution was passed at the meeting and placed on the minutes expressing the loss during the past year of one of the most valuable members of the Club caused by the death of the late Mr. A. H. Hilyard.

An application was received from a committee of the Woman's Institute applying for the use of the Club rooms to hold a Whist Party some evening next week for patriotic purposes. This request was agreed to cheerfully by every member of the Club and instructions were given to the Room Committee to assist in every way possible to make the affair a success.

The members of the Woman's Institute have placed boxes in the following stores to collect funds in aid of the Red Cross Society. The smallest amounts will be gladly accepted. The stores are Messrs. A. & R. Logie, Mrs. John Henrickson returned from Van Burne, Maine, and Grand Falls, after spending two weeks.

Mr. J. Emile Levesque returned to his home on Sunday, after a trip down the coast.

Miss Emily G. LeGallais returned last week from Montreal and intends spending the winter with her parents here.

**NEWPORT**

The hockey match played between Newport and Gaspe at Gaspe last Thursday, resulted in a tie, Gaspe 3, Newport 3. We hope the return match will soon be played.

Misses Ida and Irene LeMarquand were in Gaspe for the Newport-Gaspe hockey match.

The ladies prize given at the Carnival recently held here, was awarded to Miss Bessie Jessop as a Red Cross Nurse. The gentlemen's prize was awarded to Mr. Frank Rion as a Boy Scout.

Commercial travellers in town this week were Messrs. J. Mackenzie, Wetmore, Bisset, McIntyre, Ross, Holt, Garon, Humphrey, Rennie.

The Newport Hockey team defeated Chandler Hockey team in a friendly game played here on Saturday. The first period ended with the score Chandler 4, Newport 3. The second period started at a very lively pace, both teams working hard. After 15 minutes hard play Newport scored, making the game even. Two other goals were scored in the next ten minutes by Newport, making the score Newport 6, Chandler 4. Mr. Ernie LeMarquand was referee.

**BLACK CAPE**

Rev. Wm. McLeod preached at divine service in the Presbyterian church here on Sunday morning at 11 o'clock and at 3 in the afternoon, and went to Caplin where he conducted an evening service. On Monday and Tuesday nights he held meetings in the church at 7 o'clock. The meetings are being well attended notwithstanding the condition of the roads.

Miss Ruby Steele returned on Friday to Montreal to take up her studies there.

Miss Ida Campbell arrived from Montreal on Monday, where she has been for a few months.

Mrs. D. L. Campbell and son Lawrence returned on Saturday from extended visit to Paspébiac West.

Messrs. John and Ambrose West have returned to take up their studies at Rothesay College, after spending the holidays at their home here.

Miss Winifred Campbell returned on Monday's train from spending a few days in New Richmond, the guest of Mrs. James Robertson.

On Saturday evening, Rev. Wm. McLeod gave a lantern lecture at the home of Mr. and Mrs. James Campbell. There was a large gathering present to hear the lecture, which was very interesting.

Miss Maggie Crowle of Maple Green was the guest of Mrs. A. Barriere for a few days last week.

A very enjoyable card party was held at the home of Mr. and Mrs. Dennis Arseneau Thursday evening, whist being played at three tables. Mrs. D. Keirstead won the first prize, while Mrs. A. Marley was successful in capturing the second. Light refreshments were served, after which all dispersed, wishing Mr. and Mrs. Arseneau a kind good night. Both Mr. and Mrs. Arseneau proved themselves a charming host and hostess.

## TO RECRUIT FOR 3RD CONTINGENT

Arrangements Will be Made Immediately.—Mounted Rifles at Sherbrooke

Authorization for the recruiting of the various units of the 3rd Canadian Contingent was received at Montreal headquarters last week. This will include the 42nd Infantry Battalion, which will be a Highland unit of the 5th Royal Highlanders, to be commanded by Lt.-Col. G. S. Cantlie, and the 5th Mounted Rifles, under Lt.-Col. G. H. Baker part of which will be recruited in Montreal. The 42nd will be a Montreal regiment, and will probably be recruited principally at the 5th Royal Highlanders' armory on Bleury street. The 5th Mounted Rifles will make their headquarters at Sherbrooke, and Lt.-Col. Baker is now at that city making arrangements for barracks and stables. The regiment will be recruited throughout the province and will comprise 500 mounted men. No instructions have been received regarding the second French Canadian regiment to be raised in the province, nor has the commanding officer been appointed yet.

Col. J. P. Landry, who has been given command of the 5th Infantry Brigade for the 2nd Contingent, will make his headquarters in Montreal. It is expected that Col. Landry will reach there within a few days, as soon as his successor to the Quebec command, Lt.-Col. A. O. Fages, arrives in that city.

## THE COOK SAYS

Even in these days of electric and gas lights Cook does not entirely despise the lowly kerosene, which formerly meant so much in every household. In the laundry two table-spoonsful of kerosene added to an ordinary wash boiler of water, the clothes steeped in this will come out clean, with absolutely no odor after rinsing. One table-spoonful in two quarts of boiled starch will lend a polish and prevent the iron from sticking, especially in cold weather, when clothes freeze on the line.

Porcelain tubs, basins and sinks are quickly cleaned and polished by sprinkling a little kerosene on the article. Rub soap on a soft, wet cloth, then wash the soiled or greasy places; it is magical and requires little labor. Kerosene, a small quantity, in a pail of scrub water, is most efficacious for whitening all boards, stairs and table-tops.

An excellent household remedy for burns is olive oil or vaseline. The great thing is to exclude the air from the burned surface, and this the oil will do.

## IMPORTANT MATTERS AFFECTING EDUCATION AND PROVINCE SCHOOLS

Conference of Chief Superintendent With Inspectors and Others

The conference of Dr. Carter, the chief superintendent of education, with the inspectors, directors of vocational education and principal of the Normal School closed on Thursday evening in Fredericton after two days of careful consideration of the schedule and various other matters relating to the condition and welfare of the schools of the province.

The consideration of district difficulties, the supply of teachers, and the promotion of the professional side of Normal School training occupied the first day.

It was proposed that forms be furnished each school district on which to record the minutes of the annual meetings as is done in Ontario, in order to promote a more business like and systematic account of the proceedings, and to insure a copy of the same for the inspector, which many secretaries at present fail to send.

It was considered most desirable that each school district should be empowered at the annual meeting to elect or more delegates to institutes, as is now customary in the United States and some of the provinces of Canada, and to defray their expenses.

The good influence of women's institutes in the work of the schools is recognized, but it was felt that we should also enlist the co-operation and influence of the men. It would greatly promote the advance of education if ratapayers and teachers could in this way interchange views.

The parent teachers' movement was commended. The inspectors were asked to report more frequently to trustees, in country districts upon the form supplied, and to graded schools by means of special reports each year.

The view was expressed that in the few districts in which it is not possible to obtain an active board of trustees, that the board of education should authorize the inspector to act in the place of a school board from term to term as may be necessary.

The lists of directors should be prepared in each inspectorial district having a valuation of less than \$15,000, in order that the attention of Class 111 teachers may thereby be directed to them.

All the inspectors were of the opinion that "branches of faith" becoming much to the common on the part of teachers and that a more stringent action was necessary.

It was recommended that legislation be sought requiring that in future the area of school grounds in country districts shall not be less than one acre. That, in order to facilitate the work of secretaries, who are paid very little for their work, the exhibition of the assessment list should be a sufficient notice of taxes due;

That all trustees should be required to insure their school property; **Fly the Flag.**

It was recommended that greater attention be given to patriotism and more insistence upon flying the school flag. It was suggested that Victoria Day be observed as Empire Day instead of May 23 as at present;

That school sanitation receive more attention, the more frequent cleaning of school buildings be insisted upon and some agent used keeping down dirt in all school houses;

That school athletics be encouraged as the best counteracting influence against cigarettes and the use of tobacco, and all proper encouragement be given the formation of cadet corps and to the boy scout movement, in so far as it does not interfere with the former.

I was resolved to discourage the activities of many agents for books and apparatus who from time to time prey upon teachers and trustees and improperly take up the time of the schools.

The teaching of morals, manners and civics is to receive increased supervision.

The supply of teachers was reported more satisfactory than for some time past and it is believed will fairly equal the demand for the present year except in grammar and superior grades, female teachers have almost entirely supplanted males, and 1 and 11 class male teachers have difficulty in securing positions. This is a matter for deep concern as the supply of male teachers is increasing, there being now a greater number in attendance at the Normal School than for some time.

There was a long and animated discussion over the subject of professional training at the Normal School, and a strong desire was expressed that less scholastic training should be given there.

There should be a better professional training given first class teachers than second, and no teacher should be able to secure a first class licence without a period of successful experience. It was pointed out on the other side that, with the existing scarcity of teachers, it was a poor time to curtail the supply, that two-thirds of the present supply of teachers come from country districts and additional scholastic training is necessary for them. To add to their present expenses by attendance at a high school would seriously affect the number of prospective teachers.

A very and interesting important statement was made by Inspector Tatham with reference to the supply of higher class French teachers through his initiative a fund which

It is partly due to this fund that eighteen French students are at present taking the full course at the Normal School. Inspector Horbert believes that all short term French teachers should be required to undergo a preliminary examination.

**GOOD SUGGESTION TO CAMPBELLTON PEOPLE**

It is surprising the amount of old, foul matter the simple mixture of buckhorn bark, glycerine, etc., known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach, and constipation almost IMMEDIATELY. We are mighty glad we are Campbellton agents for Adler-i-ka. A. McG. McDonald, druggist.

## SALE SALE SALE SALE

Our ANNUAL JANUARY CLEARANCE SALE the long looked forward to event is now on at full swing. Two things have been uppermost in our mind in the planning of it. First our rule that no winter goods are to be carried over and second that last year's sales records are to be put in the shade.  
A Sweeping Clearance carrying all our Winter Stocks before it and leaving behind a store ready to receive new fresh merchandise. Every bit of Winter Ready-to-Wear is included under this heading, no articles is reserved, all prices are tremendously lowered. Every Garment is good for plenty of present and future wear.

### STUDIO CLOSED

During Mr. G. Mersereau's absence in Montreal for medical treatment, the photographic studio in the Dimock Block will be closed till further notice.

### NOT LOST BUT—

One of our worthy Councillors would like information as to how two pairs of chickens killed, dressed and trussed ready for dinner, could without assistance remove their presence from the cold storage. All the same they disappeared.

### RETURN THANKS

The Rev. Fathers at the Mission return thanks to their many friends for their attendance at the Blessing of the Bell, which took place last Sunday. The collections amounted to \$176.00 and other contributions totaled \$40.00.

### BOARD OF TRADE

A meeting of the Board of Trade was held on Monday evening, a good attendance being present. The main business before the Board was the framing of by-laws, etc.

### MEETING POSTPONED

It was proposed holding a meeting for the purpose of organizing a Choral Society on Friday evening, but owing to the hockey match in the rink, this meeting has been postponed till next week.

### TEA AND SUPPER

An afternoon tea and bean supper will be held in the Red Cross room in the town building on Friday afternoon and evening, January 22nd. Proceeds in aid of the Red Cross work.

### SPEED THE PARTING GUEST

Last Thursday evening a number of his friends entertained Lieut. O. A. Mowat to a supper at W. H. Gray's, and presented him with a case of pipes. His Honor Judge McLatchy spoke, and Mayor Andrew made the presentation. The evening was most enjoyable, enthusiastic and patriotic. Lieut. Mowat left on Friday morning to take up his duties in Fredericton in connection with the 12th Field Battery.

### COUNTY COUNCIL

The County Council of the Municipality of Restigouche meets next Tuesday at Dalhousie.

### OPERA HOUSE

The greatest serial picture ever shown yet will be started at the Opera House on Friday, Saturday and Sunday matinee of this week. A great sensational railway drama, The Hazards of Helen.

Although the games were not over until nearly midnight a large number of interested and enthusiastic spectators remained to see the finish.

After the games the Bathurst curlers entertained the Campbellton visitors, a hearty repast being served in the banquet hall of the rink. The evening was enlivened with speeches in reply to the various toasts, songs, recitations, etc., and a most jolly time was spent.

Although the Campbellton curlers failed to lift the coveted cup, there were vague insinuations thrown out by

#### LETTERS FROM THE FRONT

Sarkhill, Reg. 5437,  
Salisbury Plains, Eng.  
Dec. 18th, 1914.

Dear Mother—

Received your letter this morning and also one from Mayme. Was sure glad to hear from you, I thought I was never going to get any more mail. It takes so long for to come over and then they are delayed in the post office, I have not received the parcel yet. I suppose it will be here to-morrow or Sunday. I had to write this letter to-night, for the mail leaves for home to-morrow, so I just took advantage of my spare time. I sent some cards home, they were all I could get around here, or I would of sent something better. I expect to go in London for Xmas. We are all getting five days leave, so we won't have to spend Xmas in the mud. I am sending you a picture post-card to show you what tough looks like. I bet you will say

what a tough lot they are, but they are all fine boys. We would be, no good here unless we were tough, to stand this weather. I have only seen about one week of fine weather altogether. Rain, why I never seen anything like it.  
Well, the Germans made a visit to one of our harbors the other day and shelled a couple of towns, doing big damage to them. The fleet is getting right after them, may have them by now. That is about all the news I have till to-morrow morning, but this letter will be on its way by then.

I have written to May and Nellie, expecting to hear from them soon, if they have not forgotten how to write.

So Alex. is coming home, eh? Well I am glad. He will be a lot better off. I suppose he got sick of Winnipeg. Tell him to drop a line. It is pretty near time Allen was writing, and Kena also.

Say, get one of these pictures in the Graphic and send it along. Just tell them where it is at and how we are enjoying ourselves.

Well Mother, that is all for this time having to leave from you soon and sending my best regards to all. Hoping you had a happy Xmas, and wishing you one and all a most bright and Merry New Year.  
From your son,

**HARRY.**  
A cut of the post card mentioned above is being prepared and will be inserted next week.—Ed.

#### The Military Mustache

It is contrary to the British army regulations for an officer to shave his upper lip, and from time to time the War Office has issued general orders expressing its disapproval of the regulations.

The mustache has long been regarded as a military badge. Only one regiment in the Austro-Hungarian cavalry may go smooth-faced, and this war recruits were so scarce that this regiment once had to go into battle when there were nothing but beardless boys in its ranks. It behaved with such gallantry, however, that its members remain beardless to this day.

The decline of the mustache in military England is charged by some to Anglo-American alliances. The American girl is said to prefer the male face "smooth", and, as the average Briton has a weakness for American girls, the result is that the British produces new fashions and outlaws old customs.
