

HOLT PREDICTED DESTRUCTION OF LINES TODAY

GERMANS PLAN TO CLEAR ALSACE OF FRENCH FORCES

BRITON FINDS NEW DEVICE TO DISCOVER ENEMY SUBMARINES

Report Says British Underwater Craft Will Be Able To Locate Others Within Twenty Miles and Run Them Down.

[Canadian Press.]
New York, July 7.—A London cable to the Tribune says:
According to a famous British scientist, an Englishman has just made a discovery which will revolutionize submarine warfare. He states that the inventor is one of the members of the committee appointed by the Royal Society to deliberate on scientific problems arising from the war.
The invention is an apparatus whereby a submarine can locate another submarine within a radius of twenty miles and keep in touch with it while within the radius.
If the device is successful, then henceforth British submarines will be

able to run down and fight German undersea craft.
The scientist gave the story as an instance of what scientific men are able to do when attention is concentrated on war problems, predicting that within a few months, as the result of Lord Fisher's appointment as chairman of the naval inventions board, which will include the cream of British scientists, new discoveries will be made which will astonish the world.
This body is intended not merely to investigate inventions submitted from without, but will devote the greater part of its time to seeing what constructive thought on its part and science are able to produce.

BRITAIN MUST TRY TO REDUCE CIVIL EXPENSES

Grave Statements As To Her Financial Position After War.

TREASURY EXTRAVAGANT
Lord Haldane Says Country Will Face Entirely New Conditions.

[Canadian Press.]
New York, July 7.—A cable to the Tribune from London this morning says: Grave statements as to the financial position of this country after the war were made in the House of Lords yesterday by Lord Haldane, who called attention to the growth of civil expenditure, and moved "that in view of the necessary expenditure of the war it is, in the opinion of the House, incumbent on the Government to take immediate steps to reduce the civil expenditure of the country."
Lord Haldane said that, assuming peace conditions from March 31, 1916, the total amount of the national debt incurred by that date would reach the enormous sum of £1,233,200,000. If taxation continued as at present, he predicted, there would be a deficit of £14,600,000 a year in interest alone to make up in time of peace.
He expressed the belief that there had been great waste due to the absorption of the expenditure of these branches of the spending departments in which the absence of sufficient control had made itself felt.
Lord Haldane expressed concurrence as to the need for economy. Money, he said, had been and was being wasted right and left. The treasury was the greatest offender, he remarked, and excoriated as little intelligent restraint of things as any department of state. He added that the Government, in his opinion, was not looking in the face of the most formidable fact in the world. Things were discussed, he continued, as if they were coming to a speedy end, and as if all that was desired was to make some adjustment to meet the tremendous burden of debt, to raise new taxes and to go on as before.

To Be New Country.
No all that is urged, must be swept away, for this would be a different country when the war was ended, in more ways than one. It would be a different country, he added, because Britain would find herself deprived of the advantages and prestige of the past—of all the traditions which gave her the unique position in commerce and industry which she had up to now enjoyed largely because she was in possession of the field, and rivals could not come in. Now, he warned his hearers, the field would be broken into, and if ever there was a time when it behooved Britons to apply their minds to prepare for that situation it was now.

BILLINGS IS GIVEN FOUR-MONTHS' TERM

Strathroy Bank Clerk Who Stole From Employers Goes To Jail.

Fred Billings, the young Strathroy bank clerk who realized more than \$10,000 on a check he was bringing to London to cash for his employers, private bankers of Strathroy, was today sentenced to four months in jail by Magistrate Noble of Strathroy. Some of the young man's friends came forward and made good part of the losses.

RYERSON SAYS WAR WILL END WITHIN A YEAR

Surgeon-General of Canadian Forces Sure of Victory For Allies.

TREMENDOUS DRIVE SOON
Finds Condition of the Allied Troops Excellent Along Whole Front.

[Canadian Press.]
New York, July 7.—The condition of the allied troops along the western front was described as excellent by Dr. G. Sterling Ryerson, president of the Canadian Red Cross and surgeon-general of the Canadian forces, who reached here today on the steamship Espana, from Havre.
Dr. Ryerson's wife and daughter were passengers on the Lusitania. Mrs. Ryerson lost her life when the ship went down.
"During my absence I visited almost the entire battlefield along the Aisne and the Marne," Dr. Ryerson said. "I found the condition of the Canadian and allied troops excellent, as well as the spirit of the men."
"Within two months, there will be put under way along the entire western front the greatest drive which will be the greatest of this war has been, Gen. Joffre recently said that the Germans would be out of France by the first of the coming year, and from what I have seen and heard, I have every reason to believe it will be so. The war will be over in another year, and the Germans will be defeated."
"The allied troops have no lack of equipment, and their general health is excellent."
"Every precaution is being taken in this line. All water used for drinking is boiled, and every man before he leaves the base camps is subjected to vaccination and anti-typhoid treatment."

SOUTH LONDONERS ARE IN CONDEMNING MOOD

Object To Absolute Blockade of Ridout Street Bridge During Repairs.

As the work of repairing and raising Ridout street bridge comes, and no provisions have been made for a temporary footbridge across the Thames at that street, residents of South London are becoming louder and louder in their declarations of objection and censure. The precarious footing of the street railway bridge and the narrow footpath which never was intended for general traffic, are the only means of crossing to South London between Wellington street on the east and Wootton road on the west.
Ridout street bridge, from the pedestrian traffic standpoint, is one of the most important in the city. Thousands cross it daily to and from their work, and when they have to go almost miles out of their way or risk life and limb on precarious footpaths, there is little wonder that the condemnation there is responsible for the absolute blockade of the street is bitter.

BRITAIN CANNOT PAY FOR LOSSES AT SEA DUE TO ENEMY ACTS

McKenna Announces This In Reply To Lusitania Passengers' Effects.

WAS "COL. A. K." OF FIRST BATTALION

DEAD LONDON SOLDIER
WAS POPULAR ONE

Pte. A. K. Brown Was Comrade Called "Col. A. K." By Corp. Atkinson.

[Special Cable to The Advertiser.]
(By Wm. Philip Simms.)
Paris, July 7.—The Germans are planning a mighty stroke in Alsace, according to reliable reports that reached the war office today. The withdrawal of rolling stock from German railways leading into Switzerland is preliminary to a new German offensive. The Germans will attempt to sweep the French back out of Alsace upon their own frontier.
Small bodies of German reinforcements have already arrived in the Vosges. The German army in Eastern France is now in a position to attack from other sectors of the Franco-Flanders battle line, but the war office has reason to believe that German troops for the Gallien battlefields will be in action in the Vosges within a short time.

The German war program, according to reports brought here today, now calls for these steps: First, completion of the drive to sweep Russians entirely out of Galicia. Second, isolation of the Russian army in Eastern and Southeastern Galicia from the Russian forces in Poland, and a probable new offensive against Warsaw. Third, an offensive to free German soil completely of the enemy by driving the French out of Alsace. Fourth, peace overtures.

Advances from several sources agree that Germany is tiring of the war and has determined to bring it to an end, if possible, within a few months, while she is in the most advantageous position. Experience has taught the German General Staff that it can scarcely hope to batter its way through the strong Anglo-French defensive lines in Northern France, even at a tremendous cost in human lives. On the other hand, Germany believes that she can clear the way for a final drive into France, night, hurl the French out of Alsace and then suggest peace, with her enemies everywhere beyond her frontiers.

Great Mistake.
French military men, however, declared today that the Germans have made their greatest miscalculation in the belief that they can win a sudden, rushing victory in Alsace. The mistakes of the "lost" province, when the French, at the beginning of the war, entered Alsace and were quickly driven out, will not be repeated.

Since the last French offensive captured the town of Colmar, the French have dug themselves in "behind fortified works even stronger than those of the Germans." Consequently, world that Alsace is to be the new battle ground of the German armies from Galicia has aroused no fears here.

T. A. RUSSELL BOTH BUYER AND SELLER

Purchased Motor Trucks For Government From His Company.

Ottawa, July 7.—T. A. Russell, general manager of the Russell Motor Car Company of Toronto, gave some evidence today on motor trucks purchased for the first contingent.
When war broke out he came to Ottawa to sell motor trucks for his firm to the Government. He wanted to sell eight two-ton cars, which had been partly made at Kingston, and which he proposed to sell with a "stakebody" for \$3,500 each. In Ottawa, Gen. Hughes told him that the militia department had no organization for buying motor transports and asked him to act. He agreed to do so. August 14, Gen. Hughes ordered him to obtain trucks, which were to be delivered in Valenciennes on August 28. The eight trucks he came to Ottawa to offer were accepted. He decided upon the two-ton trucks as the most suitable size for the work. J. H. McQuarrie, who was formerly one of his salesmen, was associated with him in purchasing the trucks.

Buyer and Seller.
Mr. Russell said he was vice-president and general manager of the Russell Motor Company. As agents of the Government he and McQuarrie bought the eight trucks from the Russell Company. The trucks cost the company \$2,327 each, allowing ten per cent for overhead charges in the estimate of cost. For these trucks, as buyer for the Government, he had the Government pay the company \$3,500 each.
In the same way he bought for his company for the Government twelve trailers to be hauled behind motor trucks, paying the company a thousand dollars a trailer. The Russell Company bought these trailers from the Troy Company in the United States, paying (Continued on Page Three.)

TRY TO SWEEP ALLED TROOPS OUT OF ALSACE

Germans Plan To Clear Soil of Enemies in Both Fields.

THEN WILL SEEK PEACE
French Say There Is No Danger of Losing This Territory.

[Special Cable to The Advertiser.]
(By Wm. Philip Simms.)
Paris, July 7.—The Germans are planning a mighty stroke in Alsace, according to reliable reports that reached the war office today. The withdrawal of rolling stock from German railways leading into Switzerland is preliminary to a new German offensive. The Germans will attempt to sweep the French back out of Alsace upon their own frontier.

Small bodies of German reinforcements have already arrived in the Vosges. The German army in Eastern France is now in a position to attack from other sectors of the Franco-Flanders battle line, but the war office has reason to believe that German troops for the Gallien battlefields will be in action in the Vosges within a short time.

The German war program, according to reports brought here today, now calls for these steps: First, completion of the drive to sweep Russians entirely out of Galicia. Second, isolation of the Russian army in Eastern and Southeastern Galicia from the Russian forces in Poland, and a probable new offensive against Warsaw. Third, an offensive to free German soil completely of the enemy by driving the French out of Alsace. Fourth, peace overtures.

Advances from several sources agree that Germany is tiring of the war and has determined to bring it to an end, if possible, within a few months, while she is in the most advantageous position. Experience has taught the German General Staff that it can scarcely hope to batter its way through the strong Anglo-French defensive lines in Northern France, even at a tremendous cost in human lives. On the other hand, Germany believes that she can clear the way for a final drive into France, night, hurl the French out of Alsace and then suggest peace, with her enemies everywhere beyond her frontiers.

Great Mistake.
French military men, however, declared today that the Germans have made their greatest miscalculation in the belief that they can win a sudden, rushing victory in Alsace. The mistakes of the "lost" province, when the French, at the beginning of the war, entered Alsace and were quickly driven out, will not be repeated.

Since the last French offensive captured the town of Colmar, the French have dug themselves in "behind fortified works even stronger than those of the Germans." Consequently, world that Alsace is to be the new battle ground of the German armies from Galicia has aroused no fears here.

SOLDIERS MAY HELP CANADIANS HARVEST

Those in Training Allowed To Do So If They Desire.

[Special to The Advertiser.]
Ottawa, July 7.—Non-commissioned officers and men who are training for overseas fighting will be allowed to help in the harvest of the Canadian crops this fall, if they desire to do so. Acting Minister of Militia Loughheed made the announcement this morning. It is expected that the opportunity will be largely utilized.

GET ONE MONTH.
Ottawa, July 7.—Leave of absence of one month may be granted to non-commissioned officers and men of the expeditionary forces in Canada for the purpose of enabling them to take part in the harvesting work throughout the country.
The privilege is only to be granted to well-conducted non-coms. and men. Pay and allowance will be withheld during the leave, but this will be paid them on their return with satisfactory proof that they have been bona-fide workers in harvesting work during the whole period of leave. To establish this fact a certificate from the employer must be produced.

Get Transportation.
Return transportation will be furnished those having actually obtained such employment within a radius of a stated number of miles from the headquarters of their unit; otherwise they will be obliged to pay their own return fares. Commanding officers will be personally responsible for the strict carrying out of the terms and any non-com, or man misconducting himself during leave will forfeit all pay and allowance.

FREIGHT PICKING UP.—Shipments of live cattle for Buffalo and New York are heavy on the G. T. R. at the present time, and many long trains have gone through the city this week. G. T. R. officials state that freight business is steadily improving and that passenger business is very fair.

ITALIAN AVIATORS BOMBARD TRIESTE

Drop Bombs On a Factory, Doing Damage To an Unknown Extent.

STEADY PROGRESS MADE
Determined Attempt To Open Way To Interior of Austria.

[Canadian Press.]
Udine, Italy, via Paris, July 7.—The fighting along the Austrian front continues with uninterrupted violence, consisting chiefly of artillery duels with heavy guns. Especially severe are the battles around the Predil Pass and Malborghetto, where the Italians are attacking in an attempt to open the way to Tarvis, which is considered the key to the interior of Austria, just as the Carso region is the gateway to Trieste.

Advance in Carso.
The Italian attack in the Carso region is proceeding steadily. From the surrounding country details are being sent to the regular movements of the invaders—the preparation by the artillery, the advance of the infantry and the capture of the Carso region.

The Italian aviator also damaged a factory in the Carso region, just as the Carso region is the gateway to Trieste. The Italian attack in the Carso region is proceeding steadily. From the surrounding country details are being sent to the regular movements of the invaders—the preparation by the artillery, the advance of the infantry and the capture of the Carso region.

Honors to Airmen.
The honors of the day, however, perhaps go to the Italian air service, because of the bombardment by aviators of a factory at Trieste. It has been impossible to ascertain the extent of the damage done. Trieste has the most important arms factory in the Austro-Hungarian Empire. It employed in normal times ten thousand workmen, and now its output has been greatly increased.

The Italian aviator also damaged a factory in the Carso region, just as the Carso region is the gateway to Trieste. The Italian attack in the Carso region is proceeding steadily. From the surrounding country details are being sent to the regular movements of the invaders—the preparation by the artillery, the advance of the infantry and the capture of the Carso region.

HOLT'S DEATH DUE TO HIS LEAP FROM TOP OF CELL DOOR

Coroner Gives This Statement After Performing an Autopsy.

PUT DYNAMITE ON SHIP?
Report Says He Deposited 50 Pounds on Vessel Which Has Sailed.

[Canadian Press.]
New York, July 7.—Frank Holt, the man who shot J. P. Morgan, lay dead today in an undertaker's establishment at Long Island, and the New York police had in their possession a trunk containing 134 half-pound sticks of dynamite with which they believe he planned to wreck public buildings in New York and other cities.

An autopsy early today established the fact that Holt committed suicide by leaping from the top of his cell door in the Mineola, Long Island, jail while the keeper's back was turned last night.

Coroner's Verdict.
Walter R. Jones, the Mineola coroner, issued a statement after an autopsy had been performed by the prison physician. He said: "Holt came to his death by a compound fracture of the skull and cerebral hemorrhage caused by a fall."

Holt's suicide followed closely upon the discovery of evidence tending to confirm the suspicion that he was Erich Muerter, the former Harvard instructor who was accused of poisoning his wife in 1906. This was the day set for Holt's preliminary arraignment on the charge of shooting Mr. Morgan last night.

40 MUNITION WORKERS GOING FROM LONDON

Have Been Selected By Inspectors To Go To England.

The two agents of the British Government who came to Canada to secure men to work in the munitions factories in England, D. W. Bremner and E. W. Bull, returned from the west yesterday and are in the city today to complete the arrangements for transporting those among the local applicants for positions who are considered suitable.

Of the applications received from London men, numbering about one hundred and fifty, more than a hundred were thrown out for one reason or another, and those who have been definitely accepted number about fifty. These, with the men recruited in other parts of the country, will leave for England via New York next week. The party from London will leave here on Tuesday.

STOPS METAL EXPORTS
Britain To Conserve All Necessary for Making of Munitions.

[Canadian Press.]
London, July 7.—Steps have been taken by the British authorities to prevent the further exportation from Great Britain of lead, spelter, antimony, nickel or any other metal necessary in the manufacture of munitions of war.

Announcement to this effect was made by Munitions Minister Lloyd George in the House of Commons this afternoon.

HOLT PLANNED TO SINK TWO ATLANTIC LINERS IN PATH OF ITALIAN ADVANCE

Riva, an important Austrian city at the north end of Lake Garda. The Italians are reported to be within a few miles of this place.

ENEMY REPULSED IN MANY ATTACKS

Only At One Point Germans Manage To Penetrate French Line.

SUFFER HEAVY LOSSES
Night Bombardment By Artillery.

Arras Object of Violent All Night Bombardment By Artillery.

[Canadian Press.]
Paris, July 7.—2:40 p.m.—The French war office this afternoon gave out an official statement on the military operations along the western front, which reads as follows:
"In the region to the north of Arras the bombardment continued all last night. Two German attacks, neither one in force, against the railroad station at Souchez, were repulsed."
"On the heights of the Meuse at about 9 o'clock at night, a fresh German attack directed against our positions on the southern side of the ravine of Sonvaux was checked by the fire from our barricades. At the same time the Germans delivered an attack to the west of this ravine, but here also they were repulsed."

To the southeast of St. Mihiel the enemy, after a bombardment of great violence, took the offensive last night along a front stretching from the hill which commands the right bank of the River Meuse, to the south of Ally, as far as the locality known as the Cow's Head (La Tête-A-Vache), in the forest of Apremont. At one single point in the Vaux Ferry region they were successful in penetrating our first line along a front of about seven hundred yards. At all other points they were repulsed with heavy losses.

In the eastern part of the Le Pretre forest we checked a fresh German attack, which was preceded by the throwing of flaming liquids.

"There is nothing to report from the rest of the front."

GERMAN STATEMENT.
[Canadian Press.]
Berlin, July 7.—(By wireless to Sayville.)—The German army headquarters today gave out the following official statement:

"On the west bank of the Upper Vistula we made good progress. To the east of the Vistula there was no important change."
"During pursuit of the Russians to the Zlota Lipa River from July 3 to July 5 the Germans captured 3,850 men. The number of prisoners made south of Biala Blota has been increased to seven officers and about eight hundred men."

"In Poland, south of the Vistula, the Germans stormed Height 95, to the Borzymow. The Russian losses were very considerable. Ten machine guns, (Continued on Page Three.)

THE WEATHER

LOCAL TEMPERATURES.
Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 74; lowest, 56.
The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 71; lowest, 58.

TOMORROW—RAIN, THUNDER
Toronto, July 7.—3 a.m.
Forecasts.
Winds increasing from east and southeast, with rain. Thunderstorms in many localities tonight and on Thursday.

Temperatures.
The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:
Station. High. Low. Weather.
Baltimore. 84. 60. Cloudy.
Boston. 78. 52. Cloudy.
Calgary. 78. 52. Cloudy.
Chicago. 74. 50. Clear.
Cincinnati. 72. 44. Clear.
Cleveland. 72. 44. Clear.
Columbus. 70. 50. Cloudy.
Detroit. 70. 50. Cloudy.
Houston. 70. 50. Cloudy.
London. 74. 56. Cloudy.
Montreal. 68. 50. Cloudy.
Quebec. 68. 50. Cloudy.
St. Louis. 70. 50. Cloudy.
St. Paul. 70. 50. Cloudy.
Toronto. 70. 50. Cloudy.
Washington. 70. 50. Cloudy.

A few local showers have occurred in Alberta, but the weather has been generally fine over the Dominion.
A disturbance now approaching from the westward is likely to cause unsettled weather from the Great Lakes eastward.

Letter To Wife Says Saxonia and Philadelphia Will Be Destroyed.

WIRELESS WARNS BOATS
Later Says All Is Well—Former Told To Steer Near Her.

[Canadian Press.]
New York, July 7.—Frank Holt, who attempted last Saturday to assassinate J. P. Morgan, after placing a bomb in the capitol building, which exploded Friday night, planned to destroy the transatlantic liners Saxonia and Philadelphia by dynamite, which, it is believed, he had placed aboard the vessels before they sailed from New York for Liverpool July 8.

Holt was advised by her at Dallas, Texas, on or before yesterday. This letter, Police Commissioner Woods of the New York city police department announced today, was taken by Mrs. Holt and her father to a former governor of Texas. The former governor, whose name was withheld, communicated with Major Pullman, head of the Washington, D. C. police force, and Major Pullman at once transmitted the information to the United States navy department and police headquarters here.

Warnings Sent.
Warnings by wireless were sent broadcast over the Atlantic from stations on the eastern seaboard, advising the Saxonia and Philadelphia to steer toward each other. Commissioner Woods announced that the navy department had arranged to send a fast cruiser after the liners.

The Philadelphia was reached by wireless, and replied that everything aboard had been identified and that all was well.

At the Cunard Line and the American Line offices it was said that it would be practically impossible for anyone to pass the many lines of guards at the pier and to place explosives aboard the ships. The Cunard Line stated that there were six lines of guards protecting its vessels from intruders.

Name Do Not Do It.
In Holt's letter to his wife he advised her to watch the newspapers of Wednesday, July 7 (today), and told her that she would see in the papers just what he had done. "Steamers leaving New York, July 3, will be destroyed in the Atlantic by an explosion," Holt is quoted as having said. "The margin of the letter there was a pencilled admonition to his wife to say nothing about it and what he had written."

The fact that such a letter was written by Mr. Morgan's assailant, presumably prior to his attempt on Mr. Morgan's life, was known to the police yesterday morning, but no public announcement was made of it until today. The first word of his letter came divulged by a man who had talked with Holt in his cell for a long time yesterday. This man refused to permit the name of Holt to be mentioned, but because of his standing there was no doubt as to the authenticity of his assertions.

The dynamite with which Holt intended to blow up the ships was being stored in the basement of the Saxonia and the Philadelphia. A shipment of 160 pounds of dynamite was taken to the shipyard yesterday. The first word of his letter came divulged by a man who had talked with Holt in his cell for a long time yesterday. This man refused to permit the name of Holt to be mentioned, but because of his standing there was no doubt as to the authenticity of his assertions.

Although the entire detective force of New York, aided by the Nassau County authorities, has been searching 24 hours for the other 30 pounds of the shipment there had been uncovered no trace of it until noon today. It was possible, the police said, that the 30 pounds was aboard the two steamers.

ALL WELL.
New York, July 7.—The American Line received today a wireless message from the captain of the steamship Philadelphia saying that everything aboard had been identified and that all was well.

SAXONIA CAUGHT.
New York, July 7.—Police Commissioner Woods announced that the Saxonia had been caught by wireless, and advised to steer toward the Philadelphia.

IDENTIFIED AS MURDERER.
Glen Cove, N. Y., July 7.—Frank Holt, who attempted to take the life of J. P. Morgan, and who committed suicide last night in the Mineola jail, was today identified as Erich Muerter, the Harvard University instructor who disappeared after being indicted as the murderer of his wife, Leona, in Cambridge, Mass., in 1906.

The identification was made by S. P. Smith, state detective of the naval attorney's office of Middlesex County, Mass.; Theodore Hillier, an automobile man of Cambridge, and A. T. Brown, a Boston newspaperman.

Bombs Placed on Vessels to France Leaving New York

Three Found When Ships Unloaded At Havre Were Unexploded.

[Canadian Press.]
New York, July 7.—Three ships sailing from this port to Havre and reaching there last May, it was learned from an authoritative source today, were found to have unexploded bombs aboard, the missiles having been placed on the ships in this city before sailing.

In each case, it was said, the bombs had been placed aboard a vessel carrying automobiles and other supplies for the French army. An investigation in which the United States secret service, detectives of this city and the French Government had joined, it was said, had begun.

RUSSIANS PREPARE A NEW OFFENSIVE

Russians Are Not Discouraged
By Their Losses in
Galicia.

ONLY AWAIT MUNITIONS

Returning American Says Jap
Officers Are Helping to
Train Muscovites.

NEW YORK, July 6.—Dr. B. R. Ward of New Haven, Conn., who arrived here today on the steamship United States, from Copenhagen, after spending a year in Russia, said that the Russians were making extensive preparations in arms and munitions for an early offensive against the Germans in Galicia. The Votogda and Archangel railroad with newly constructed lines, reaching from Votogda toward the Baltic, has been taken over in its entirety by the Government for the transportation of munitions of war. Only two passenger trains a week were being run when he left Petrograd, he said, and all freight traffic had been suspended.

Since Archangel was opened to navigation, Dr. Ward asserted, ammunition-laden ships from England and Canada have been arriving almost daily. Thousands of soldiers at Archangel are busy day and night transferring munitions to trains, and all railroad equipment that can be handled is being operated over the road, the southbound trains being laden to capacity.

New Armies Prepared.
"I left Petrograd about the middle of June," said Dr. Ward. "Despite the Russian reverses there was no indication of discouragement. Thousands of new troops are already in training and in readiness to be rushed to the front as soon as the danger of another shortage of munitions is past. They are simply awaiting ammunition and equipment. Within ten miles of Petrograd over 600,000 troops are encamped ready for the word to go into action, and I was reliably informed, as many more are in readiness in dozens of other places."

"While Russia is not receiving much help from Japan in the form of munitions or men, I know of my own knowledge that hundreds of trained Japanese officers are engaged in drilling Russian troops in the use of heavy artillery."

MISTAKE IS MADE IN CHATHAM NAME "KILLED IN ACTION"

Stratford, Chatham and London Men Named As
Slain.

KILLED IN ACTION

STRAFORD, July 6.—Another Stratford soldier has made an ultimate sacrifice. Pte. George B. Bloxam, 10th Battalion, (Previously reported as Lance-Corporal Wm. Murdoch.)

CHATHAM.
Pte. Arthur K. Brown, 1st Battalion, 8th Richmond street.

STRAFORD YOUNG MAN
KILLED IN BATTLE.

[Special to The Advertiser.]
STRAFORD, July 6.—Another Stratford soldier has made an ultimate sacrifice. An official message from the militia department at Ottawa today to Fred Bloxam Sen. announced that his youngest son, George B. Bloxam, 10th Battalion, had been killed in action on June 23. Pte. Bloxam enlisted at Saskatoon. He was a native of Stratford, having been born here 22 years ago. For a time he lived at Listowel, being manager of the telephone plant there. At the time of enlisting he was working on the Government telephone lines in the West.

JOHN, NOT WILLIAM
MURDOCH IS KILLED.

[Special to The Advertiser.]
CHATHAM, July 6.—As friends had suspected, a mistake was made in the official casualty lists in citing those killed in action. It was felt that the name should have read Lance-Corporal John Murdoch and the official list today records the correction.

In a letter to his wife in this city, Lance-Corporal William Murdoch gives an interesting description of the engagement in which Major George Smith of this city lost his life. He states that one of Major Smith's last actions was to save the life of a young German soldier who knelt at his feet and begged for mercy. "The major took him a prisoner. Major Smith had succeeded in getting back to the 'safety zone' after the engagement, and it was here that a German shell struck him."

FRENCH TRANSPORT SUNK,
SAYS CONSTANTINOPLE

CONSTANTINOPLE, July 6.—Via Berlin, by wireless to London, July 7: 1:40 a.m.—An official statement issued today (Tuesday) says:

"In the Dardanelles a German submarine on July 4 sank a large French transport steamer off Seddul Bahr."

"We reported on the night of July 3 attempts by the enemy to bring forward strong divisions against our right wing."

SPLITTING PAINS IN THE MUSCLES
DRIVEN OUT QUICKLY BY "NERVILINE"

Rheumatic Pains Go—Suffering
Ceases—Cure Comes in
Even Chronic Cases.

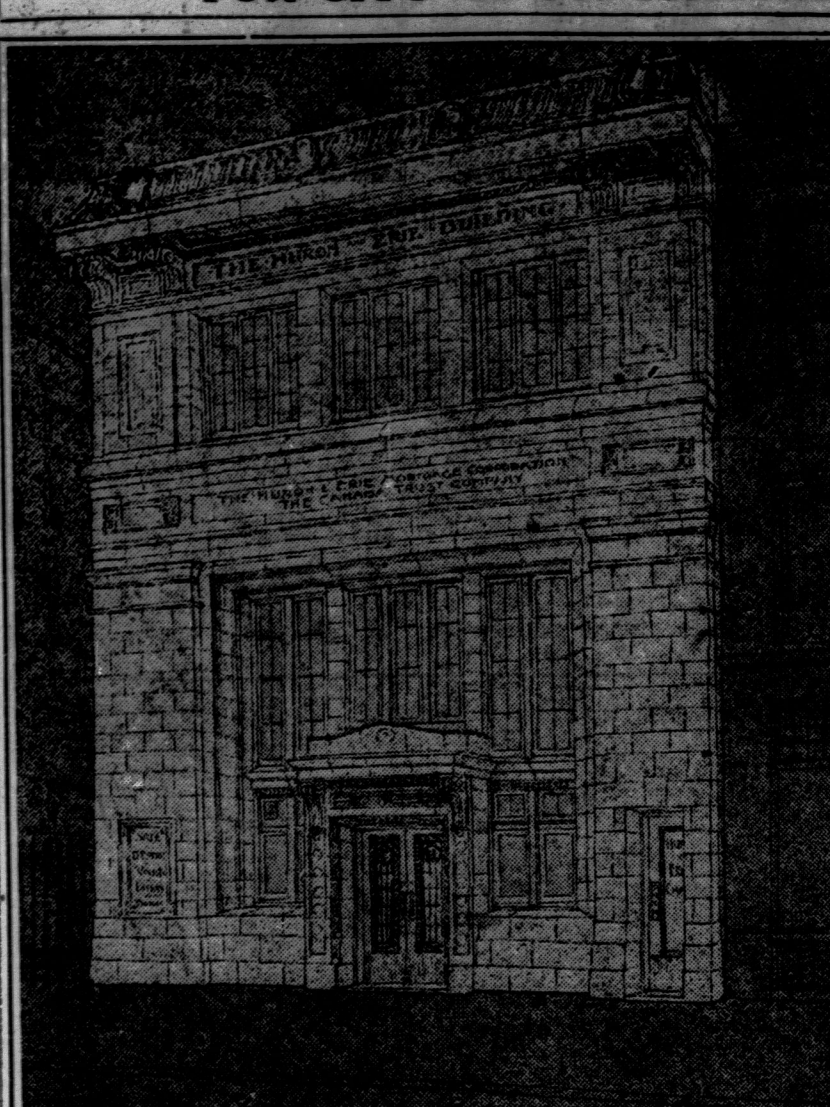

For aching bones and sore muscles nothing will soothe away the pain like Nerviline.

For nerve-racking twinges in the back, for torturing backache or lumbago, you'll find Nerviline is full of amazing power.

You see, Nerviline has the power—it's about five times stronger than ordinary remedies, and can penetrate very deeply. It contains juices and extracts of certain herbs that give it a strange power to drive out congestion, inflammation or pain.

You are safe in using Nerviline. Just

PROPOSED NEW BUILDING FOR CITY OF ST. THOMAS

The above drawing represents the Talbot street facade of the Huron & Erie, Canada Trust Company's Building, to be erected in St. Thomas. The building is to be for the combined use of the Huron & Erie Mortgage Corporation and the Canada Trust Company. It will have a 30-foot frontage, is to be built on Talbot street near Southwick street. The exterior is to be white terra cotta, to be in keeping with the material on the front of the head office of the Canada Trust Company, London, and this building will be approximately the same size as the head office. The main floor will have a ceiling height of twenty feet and will have an abundance of light from three sides. The interior finish is to be white oak, with the floors, and the usual vault equipment, including special safety deposit boxes. Every modern idea will be embodied in this building, and when completed it will be one of the most up-to-date buildings of its kind in Western Ontario. The second floor is to be used for offices. Watt & Blackwell, Bank of Toronto Chambers, London, are the architects and are now calling for tenders.

HOLT FOUND DEAD; COMMITTED SUICIDE

Various Reports At First Circulated As To Manner In Which
He Met Death—Wrote Family of His
Intentions.

MINNEOLA, N. Y., July 6.—After trying last night to open an artery in his wrist with a lead pencil, Frank Holt, the Cornell University professor, who shot J. P. Morgan in his home near Glen Cove, L. I., finally succeeded in committing suicide in the jail here tonight.

While several of the jail authorities declared that Holt killed himself by climbing through the opening at the top of his cell door and then plunging to the narrow court below, Holt's keeper said he was positive that the prisoner was killed in his own cell, where he said he found the body.

There were many conflicting reports as to the manner in which Holt met his death, among them that he shot himself with a pistol, but it was definitely established through Dr. Cleghorn, the jail physician, that Holt died of a fractured skull.

HEARD AN EXPLOSION.

Several of those about the jail said they heard an explosion, the report coming from Holt's cell. This noise, it was believed, was due through the falling of boards from the top of the cell.

Jeremiah O'Ryan, the keeper who was detailed to watch Holt, said he was fifteen feet away from the cell when he heard a loud report. He looked in the direction of the cell, but it was dark. Entering, he found Holt's body in a pool of blood in the corner.

The excitement that followed the noise brought Warden Hulse and other jail authorities to the scene. District Attorney Lewis J. Smith and Dr. Cleghorn, together with several constables, were soon on the scene and immediately began an investigation.

Dr. Cleghorn denied a report that Holt had killed himself by chewing a percussion cap.

FRACTURE AT TOP OF SKULL.

He repeated that death was caused by a fracture at the top of the skull. An explosion would have blown Holt's head off, the physician said.

A thorough examination of Holt's cell failed to disclose, according to the jail authorities, any weapon or implements of any kind which Holt could have used to kill himself.

The body was taken to the morgue in Hempstead, where Dr. Cleghorn was prepared to immediately perform an autopsy.

The autopsy is expected to dispose of a report current here immediately after the finding of Holt's body that he had been killed from the outside. This was only one of a number of reports reaching the authorities.

LETTER TO HIS FAMILY.

Keeper O'Ryan declared that Holt appeared unusually cheerful early in the evening. He couldn't understand why Holt should write a letter which was found after his death, in which Holt addressed presumably his wife and children as follows:

"My Dear: I must write to you once more. The more I think about it the more I see the utter uselessness of living under these circumstances. Bring up the dear babies in fear of God and man. Goodbye, my sweet."

"Affectionately,
(signed) "FRANK."

"P.S.—All please pardon me for all the heartaches I have brought you. Pray with me that the slaughter will stop. My heart breaks. Goodbye."

PYNE IN ENGLAND

To Confer With Army Council About
Providing Hospital.

[Special Cable to The Advertiser.]
London, July 7.—Hon. Dr. Pyne, acting-premier of Ontario, reached here last night to confer with the army council about the provision of a hospital by the Ontario Government.

STEAMER ARRIVALS.

New York, July 7.—Arrived: Steamers Stampalia, from Naples; Athenal, from Piraeus.

Holt Stored a
Great Quantity
of Explosives

Hundred and Thirty-four
Sticks of Dynamite Discovered in Room.

NEW YORK, July 6.—A trunk containing 134 sticks of dynamite with fuses attached, was found by the police late tonight in a house at No. 242 West Thirty-eighth street.

The police said that it was sent there by Frank Holt and that it arrived three days ago. The dynamite was packed in sawdust.

The trunk was delivered by a New York transfer company, and the bill of lading was made out in the name of Frank Holt. It was found on the top floor of a five-story building.

Captain Thomas G. Tunney of the detective bureau, took charge of the explosives, and a squad of detectives surrounded the house.

Besides the dynamite, the trunk contained a number of tin cans, a box of blasting caps and powder, some sulphuric acid and matches.

That Dr. Chase's Ointment actually cures even the worst cases of itching, bleeding and protruding piles we know for a certainty, because of experience with thousands of cases.

To prove this to you we shall send you a sample box free, if you enclose a two-cent stamp to pay postage, and mention this paper.

GERMANS ROUTED IN THE ARGONNE

Driven From Trench Works
Which They Had Previously
Gained.

ARRAS SHELLED AGAIN

Incendiary Bombs Are Used
Against Cathedral—Rheims
Also Shelled.

PARIS, July 6.—10:40 p.m.—The following official communication was issued by the war office tonight:
"The British troops have repulsed several counter-attacks against the trenches, which they occupied last night to the southwest of Pilken. They captured 80 prisoners and inflicted very heavy losses on the enemy."

"The Germans have bombarded Arras, and in particular the cathedral, with incendiary shells. Rheims, likewise, has been shelled."

"In the Argonne there has been cannonading, but no infantry actions. On the heights of the Meuse, on the ridge to the south of the ravine of Sonvaux, we have retaken a trench work where the Germans had gained a foothold, and had succeeded in maintaining from June 27, and we have pushed beyond that."

"The enemy, after a violent bombardment, delivered a counter-attack which was taken under the fire of our machine guns and our barrier fire. The Germans retired in disorder. They suffered heavy losses."

"In the region of Fay-en-Haye and of La Froite Forest there has been an intermittent bombardment with shells of all calibres."

"In the Vosges renewal of activity by the artillery of the enemy is reported, notably at Fontenelle, Hiltgen, Hartmannsweilerkopf and Thann, which have been bombarded."

"West of Aitavert the Turks attempted an offensive but failed."

"On the rest of the front there has been no change."

[Canadian Press.]
Petrograd, July 6.—Via London, July 7.—The following official statement was issued tonight from the headquarters of the army of the Caucasus:

"In the coast region there has been an artillery duel. A Russian motorboat sank a Turkish sailing vessel."

"South of the Kara-Dagh range a Russian detachment encountered a regiment of enemy infantry with artillery, machine guns and two squadrons of cavalry. The enemy forces were defeated and heavy losses inflicted upon them."

"West of Aitavert the Turks attempted an offensive but failed."

"On the rest of the front there has been no change."

RUSSIANS DEFEAT TURKISH REGIMENT

Motorboat Sinks One of the
Enemy's Vessels—Artillery
Duel.

[Canadian Press.]
Petrograd, July 6.—Via London, July 7.—The following official statement was issued tonight from the headquarters of the army of the Caucasus:

"In the coast region there has been an artillery duel. A Russian motorboat sank a Turkish sailing vessel."

"South of the Kara-Dagh range a Russian detachment encountered a regiment of enemy infantry with artillery, machine guns and two squadrons of cavalry. The enemy forces were defeated and heavy losses inflicted upon them."

"West of Aitavert the Turks attempted an offensive but failed."

"On the rest of the front there has been no change."

[Special Cable to The Advertiser.]
London, July 7.—In spite of the war there is much inquiry just now about Canadian securities, as is usual during the period preceding harvest, and they are holding their ground well against the war loan influence. More optimistic beholders take the view that Canadian prospects are quietly shaping towards a return to prosperity.

The Pall Mall financial editor found a sermon on President Henderson's speech to the Canadian Manufacturers' Association: "Whatever the war has done, it has restricted the borrowing privileges of Canada," says the Pall Mall. "It is interesting to learn that Canadian manufacturers are bent upon taking advantage of the present phase of affairs to put the country upon a firmer financial footing."

Many more Canadian officers and men have arrived here from the front on seven days' leave. Relatives announce that Cedric Keen, 8th Battalion, only son of Richard Keen, has been killed.

TO REPAY TWENTY-FOLD

French Associate Judge Fined for Making False Returns.

[Canadian Press.]
Frankenthal, Bavaria, via London, July 7.—Jean Jansen, factory director, commercial councillor and former associate judge of the commercial court, has been fined \$255,000 marks (\$82,750) for making false returns in connection with the levying of the armament tax. The fine amounts to twenty times the sum which the Government contends it was defrauded.

WILSON NOT SATISFIED
WITH GERMAN PROPOSAL

President Exchanges Confidential Messages With Lansing.

CORNISH, N. H., July 6.—President Wilson today exchanged confidential code messages with Secretary Lansing in connection with the statement, transmitted here by the state department, of Germany's informal outline of her position regarding submarine warfare.

While absolute secrecy regarding the situation was maintained at President Wilson's summer home, it was understood that the President was reluctant to enter into any arrangement with Germany which could be interpreted as the surrender by the United States of its stand for the freedom of the seas.

The views of Germany, received by the President, indicated a desire on the part of the Government of that country to reach an agreement with the United States, but there was no indication here that Germany was ready materially to modify her use of submarines against the merchant ships of her enemies.

FLAX MANUFACTURERS
TO MEET AT HENSALL
AND AROUSE INTEREST

Prospect of Shortage on Account of War
May Induce Growing.

[Special to The Advertiser.]
FOREST, July 6.—Ontario flaxmen are still further stirred by the arrival of representatives of English and American flax spinning interests to stimulate greater production in view of the immediate and prospective shortage caused by the war in Europe.

A score of flax manufacturers are

condition of Henri Choline being regarded as the most serious.

The money loss is about \$20,000. Mr. William Kelly, assistant to the president of the company, stated tonight that evidently there was no explosion, but the cordite was probably ignited through the carelessness of an employee.

The cordite, he said, was being manufactured for the arsenal at Quebec, to be used in the making of blank ammunition for target practice, not for purposes of war.

Realizing the importance of flax manufacture to the inhabitants of small towns, as well as in swelling the exports of the country, France gives cash bonuses to her farmers who grow flax for production of spinning fiber. Ireland has a special department of flax instruction for her sons. Local flaxmen declare that is no wonder the industry has languished in Canada. They already have largely abandoned the flax of the past, and are now growing flax as a soil exhauster, and see hope of securing more Belgian flax workers to fill the gaps made by desertions of Canadians from the ranks of flax workers.

Such topics will be discussed at the meeting in Hensall.

HILL'S COMPANION DEAD.

QUEBEC, July 6.—Mr. G. Thorne, said to live in New York, and who was on a fishing trip to the north shore, with Mr. James J. Hill, president of the Great Northern Railway, died suddenly while on an excursion last Sunday.

Youthful, Wrinkleless
Skin Easy to Have

You who desire to regain a youthful appearance will do well to make the acquaintance of the two simple, but valuable, prescriptions here given.

To make an effective wrinkle remover, mix an ounce of powdered sasolite and a half pint witch hazel. Bathe the face in the solution immediately every morning. It is affected. It acts wonderfully on sagging facial muscles also, the lotion possessing remarkable astringent and tonic properties.

To get rid of an aged, faded, freckled or discolored complexion, buy an ounce of common mercurochrome wax at any drug store and apply nightly as you would cold cream, erasing this morning with soap and water. This will slowly absorb the undesirable surface skin, revealing the younger, brighter, healthier skin underneath. There's nothing to equal this treatment as a facial rejuvenator.—Adv.

Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

Embarrassing Hairs
Can Be Quickly Removed

[Beauty Culture.]
Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered detolone and water, spread on hairy surface, and in two or three minutes rub off with the greatest of ease. It will free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the detolone in an original package.—Adv.

GOOD ADVICE FOR THIN FOLKS.

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomachs or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. They cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its regenerative, reconstructive power to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient.

All leading druggists of London and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

JULY CLEARANCE LINEN AND COTTON SALE

This great economy event is, as our customers know, an annual merchandising necessity. It involves the reduction of the stocks now in the store to a definite minimum figure on July 31, and, of course, REDUCED PRICES ARE NECESSARILY THE MEANS TO ACCOMPLISH THIS END. The problem of stock reduction is such a large one and involves such large varieties, quantities and qualities that to have it proceed with the greatest efficiency and least confusion it will be put on in divisions from one department after another during the month of July.

The first July clearings, as announced in yesterday's paper, begins with our Wednesday morning sales today—tomorrow a special clearing of Embroidered Pillow Cases will be made at about one-third off, and the July sale Cottons and Sheetings supply special offerings each day.

Clearance of Irish Hand-Embroidered Pillow Cases—About One-Third Off Regular Prices Thursday

Get your supply of these early—none will be sold before Thursday morning at these prices.

30 pairs only handsome Irish Hand-Embroidered Pillow Cases, all beautifully worked with fine embroidery, eyelet and scallop effects in hemstitch, hemstitch and scalloped ends.

4 pairs only hemstitched and neat embroidered; value \$3.50. July sale \$2.50

4 pairs only extra fine embroidered; value \$3.75. July sale \$2.75

2 pairs only fine embroidery and eyelet, with scalloped end; value \$3.75. July sale \$2.75

4 pairs only fine embroidery, with space for initial; value \$4.25. July sale \$3.00

4 pairs only fine embroidery, two-inch, very fine spoke hemstitch; value \$4.25. July sale \$3.00

4 pairs only fine embroidery, three-point scallop end; value \$4.25. July sale \$3.00

4 pairs only pretty embroidered sprig with eyelet scallop; value \$4.25. July sale \$3.00

4 pairs only pretty embroidered sprig, space for initial, hemstitched with scalloped ends; value \$4.25. July sale \$3.00

Also 36-inch Habutai Summer Silk, fine quality pure silk, white only. For 50c yard

BRITAIN PROUD OF DARDANELLES WIN

Northcliffe, However, Still Denounces Tactics Leading To Heavy Slaughter.

CHECK FOR THE ENEMY

Petrograd's Claims Are in Direct Contradiction To Vienna Report.

[Canadian Press.] London, July 7.—Petrograd claims that a direct check has been inflicted on the Austro-Hungarian near Krasnik, in Southern Russian-Poland, where the invaders are threatening one of the most important railroad connections with Warsaw. This claim directly contradicts the Vienna official report, which states that the Russians have suffered a defeat in this section. Otherwise the Russian and Austro-German reports agree that quiet prevails along the remainder of the eastern front, where for the first time in several weeks the Austro-German armies have ceased to win daily successes.

Italy Batters Away. Italy keeps up her heavy shattering attacks against the Austro-Hungarian positions along the Isonzo River, Vienna reporting particularly fierce, but fruitless, attacks on the Lower Isonzo between Gorizia and the sea.

Rumors continue to reach London from many scattered sources of a great German offensive against the western front with Calais, on the English Channel, as the objective, but actual reports from this war theatre show no more than the usual activity.

ENEMY HAD NO SUCCESS.

[Canadian Press.] Paris, July 7.—The French war department this afternoon gave out the following statement on recent operations in the Dardanelles:

"In the Dardanelles, on the 5th of July, the Turks delivered a general attack, the most important they have undertaken since their efforts in the early days of May. Their purpose was to drive us into the sea.

"At 4 o'clock in the morning a very intense artillery fire was opened on our first line, as well as on the zone behind these lines occupied by French and

British troops. The enemy subsequently endeavored to deliver several infantry attacks, but not one was successful in coming as far as our trenches. Foes Decimated.

"Decimated by our artillery fire and mowed down by our rifles and our machine guns, most of our assailants never left the field of battle. During this action batteries of the enemy on the Asiatic coast fired without interruption. A Turkish cruiser, steaming between Mardos and Chanak also took part in the engagement. On several different occasions aviators of the enemy bombarded our lines.

"At the end of the day a group of about fifteen British and French aviators flew over the Turkish aerodrome of Chanak, threw down several bombs, and were successful in striking the principal hangar with a big bomb."

SITUATION NOT YET THOUGHT HOPELESS

Washington Still Feels Peaceful Settlement With Germany Possible.

[Canadian Press.] Washington, July 7.—Further messages from United States Ambassador Gerard were today transmitted to President Wilson by Cornish, N. H., outlining the point of view of the German Government on submarine warfare as embodied in a tentative draft of the German reply to the last American note.

The dispatches tended to show that Germany is anxious to bring about a compromise on the question of her submarine campaign and there were indications in official quarters that the proposals in their present form are not acceptable to the United States. Just what means would be in advance of the form of Germany of the disappearance of the United States is not apparent. It is believed, however, that Ambassador Gerard will be instructed within a day or two to make clear in advance of the receipt of the formal and final copy of the German note that he is unable to make any comment.

Although, from press dispatches and other sources, it appeared that the German proposals were unsatisfactory, the situation was not regarded in well-informed quarters as hopeless, much encouragement being drawn from the fact that a tentative draft of the note was submitted to the American ambassador. This it was believed indicated that if the preliminary draft was not satisfactory, there might be changes made designed to meet the American point of view on submarine warfare. It was believed that President Wilson would today direct Secretary Lansing to instruct Ambassador Gerard respecting the proposals already made.

INGERSOLL BUSINESS CHANGE.

INGERSOLL, July 6.—An important business change was announced today. Mr. Henry Avery, for ten years in the shipping department of the Ingersoll Packing Company, has purchased the grocery and meat business conducted for some time by Messrs. Manzer & Thomas. Mr. Avery took possession today.

Working For the Empire at Home and Abroad

Lieut. General Sir James Willcocks. ACKNOWLEDGING HIS GREAT RECEPTION AT BRISTOL.

Lieut. General Sir James Willcocks.

Lieut. Gen. Sir James Willcocks, shown above, is in command of the Indian forces in France. He has had a distinguished military career. Lloyd George is shown responding to the cheers of the crowd at Bristol where he made an appeal to the 'engineers of Britain, employer and workmen, for shell and more shell.'

EVELYN NOT LIKELY TO GIVE EVIDENCE

Mrs. Thaw Leaves New York, Having Nothing New To Tell.

[Canadian Press.] New York, July 7.—Any probability that Mrs. Evelyn Nesbit Thaw would be called as a witness against her husband, Harry K. Thaw, in his sanity trial here, seemed eliminated today. Mrs. Thaw, who left New York yesterday without appearing in court in answer to a state subpoena, was believed to be back in camp at Chateaufort Lake.

It developed that while Mrs. Thaw had a conference with Deputy Attorney-General Cook, who is in charge of the state's case against Thaw, Mrs. Thaw said afterwards that Mr. Cook had decided that she had no new testimony of value to give.

Got Certificate. Mrs. Thaw while here obtained a certificate from Dr. Bernard Livingstone to the effect that she was not in a physical condition to stand the ordeal as a witness.

Before Mrs. Thaw's arrival here it

Boys at Front Want the News

[Special to The Advertiser.]

OTTAWA, July 6.—News from home is wanted by wounded Canadians in hospitals in England and upon the continent.

Sir George Perley cables that newspapers from the Dominion are eagerly sought by Canadians recovering from injuries. Copies of papers not more than a week old may be sent to Lady Drummond, Canadian Red Cross Society, 14 Cockspur Street, London S. W.

SCHOOL TEACHERS NEXT VICTIMS IN BELGIUM

To Be Imprisoned for Fostering Anti-German Acts.

[Canadian Press.] Brussels, July 6.—An order has been issued by Gen. Von Bisping, German governor of Belgium, providing a year's imprisonment for school teachers, directors, or inspectors, who permit, further, bring about or effect anti-German actions or statements in their teaching or in other school exercises.

Power is conferred upon German officials to supervise and inspect schools at all times. Court-martial will have jurisdiction over violations of this order.

WASHINGTON WORRIED OVER MEXICO CITY

No Result of Fighting Known—People Stricken By Famine.

[Canadian Press.]

Washington, D.C., July 7.—Increasing anxiety was felt in official circles today over the situation in Mexico City, from which place no word had come of the results of the fighting said to have again been begun between the Carranza and Zapata forces in the outskirts of that city. Meagre official advice received here reported at renewal of the fighting, but gave no indication of how it was progressing.

With reports at hand describing conditions in the Mexican capital as "pitiful," and rapidly growing worse on account of the shortage of food, officials today anxiously awaited the outcome of the latest fighting, because of its possible effect on the safety of foreigners there. It was hoped that United States Consul-General Shanklin and Charles J. O'Connor, in charge of the American relief measures in Mexico City, would soon be able to arrange for the transportation of food supplies to aid the famine-stricken population of the capital.

Mr. O'Connor, the Red Cross representative, reports that the relief problem is an immense one.

Austria Denies Peace Overtures

[Canadian Press.]

London, July 7.—A Vienna dispatch to the Exchange Telegraph Company, by way of Geneva, says the Freudenblatt prints an authorized denial that Austria at any time made overtures with any country for peace. This the Freudenblatt states, is issued as a specific denial that Austria hoped for a separate peace with Serbia.

MUNICIPAL OWNERSHIP FOR DETROIT UNITED

Officials of the Company Have Agreed to Sell the City Lines of the Company to City of Detroit.

Detroit, July 6.—Officials of the Detroit United Railway, which operates the street railway system of Detroit, have agreed to sell the city lines of the company to the City of Detroit. The approval of the directors and counsel of the railway company was communicated in a letter written by President J. C. Hutchins to the city street railway commission today. The commissioners agreed to a resolution giving the company until August 2 to secure the ratification of its stockholders and bondholders in favor of the sale of the city lines.

The terms of sale provide for a vote of the people on the question and upon a favorable vote the price to be paid by the city is to be fixed by the circuit court sitting in chancery.

ENGLISH "COAL KING" HERE TO REPRESENT BRITISH GOVERNMENT

NEW YORK, July 6.—D. A. Thomas, the British financier and coal producer who reached here yesterday from London to represent the British Government in the purchase of war munitions in this country, said today that he did not intend to make any purchases himself, but was here to superintend operations on the ground instead of its being necessary for the American agents to depend on the cables for advice.

J. P. Morgan & Co., he said, will continue to purchase supplies for the British Government here.

ROGERS DENIES ALL KNOWLEDGE OF SCANDAL

Says He Gave No Instructions To Destroy Telegrams—Not Interested.

WINNIPEG, July 6.—Hon. Robert Rogers was a witness before the Royal Commission investigating the Parliament Building scandal this afternoon and was asked about the telegram sent to him by Ed. Anderson, K.C., from the Great Northwestern Telegraph Company.

"I did not want the telegram to come down here which had nothing to do with the commission," said the Minister of Public Works. He said he was surprised to find the telegram being burned. "I never asked Ed. or anyone else to have them destroyed. The first I knew of the matter was what I read in the newspapers," he said. He had not made any inquiry as to the burning of these messages. He was not interested.

All Negative. Mr. Rogers' examination did not take more than five minutes. He said he had nothing to do with the provincial commission and was not interested in the election last July and he did not make any contribution to that fund. He had no knowledge of who was looking after campaign funds.

Asked as to what part he had played in having Mr. Phippen come to Winnipeg, Mr. Rogers said he had met Sir Rodmond Roblin in Toronto last April. Sir Rodmond had told him that he had discovered there had been over-payments on the Parliament Buildings and he was anxious to have restitution made. He wished to secure Mr. Phippen's services, as he thought Phippen might have some influence with the contractor. Mr. Rogers said he had no knowledge of anything which would throw any light on the matters under investigation.

GERMAN OFFICERS ARE ON TRIAL ON ESPIONAGE CHARGE

Hearing Begins Before Italian Military Tribunal—Were On Lemnos.

VENICE, Italy, July 6, via Paris, 4:45 p.m.—The trial before a military tribunal of Captain Liebsch and three members of the crew of the German steamship Lemnos, who are charged with espionage since the beginning of the European war, was opened here today. The charge is espionage.

The police authorities are generally believed that the accused acted as spies in the interest of Germany before Italy entered the war. It is alleged the accused were engaged in regarding Italian batteries and submarines, but the chief charges are directed against the captain and Machinist Willy Hoppe, who are said to have signalled to the Austro-Hungarian naval squadron, when it attacked the port of Ancon, on May 24. Captain Liebsch and Machinist Hoppe both deny the charges and say they were not even aware that Italy had declared war on Austria-Hungary at the time of the bombardment.

The case has aroused great interest in Ancon. During the shelling of that place the Lemnos was sunk by the Austrian warships, supposedly to prevent the vessel being taken into possession by the Italian Government.

CHARGE VIOLATION OF U. S. NEUTRALITY BY A MONTENEGRIN

NEW YORK, July 6.—Captain Anton V. Seferovich, a member of the Red Cross and the Montenegrin Red Cross, who said that he expected to be appointed consul-general of Montenegro here, was arrested late today by agents of the department of justice, on charges of conspiring to violate the neutrality of the United States in enlisting recruits for the Montenegrin army.

The arrest, it was said, resulted from an investigation conducted by U. S. Commissioner Mason in Chicago. The alleged conspiracy is said to have ramifications in Arizona and Montana. Whether Red Cross funds had been properly used was another matter with which the department's agents had concerned themselves in the investigation. The Government officials said that they were seeking Javotova Matarovich, former secretary of foreign affairs of Montenegro, on the same charge—conspiracy—and Savo Gjournaskovich, another conspirator, was also understood to be under arrest in Arizona.

Seferovich denied the charge, and was held under \$5,000 bail for further examination. Bond was furnished by a surety company.

BAPTISTS GATHERING.

[Canadian Press.]

Oakland, Ore., July 7.—The advance guards of more than 2,000 Baptists from all parts of the United States and Canada are in Oakland to attend the opening day of the international convention of the Baptist Young People's Union, which is to be held in connection with the fifth annual convention of the Pacific Coast Baptist Young People's societies.

TEUTON "FEELER" NOT ACCEPTABLE

Germany Invites Washington to "Back Down" on Note Regarding Subs.

WOULD MAKE CONDITIONS

Washington Not Likely to Make Reply Except to Formal Note.

[Canadian Press.] WASHINGTON, D.C., July 6.—Germany has submitted informally to the United States through Ambassador Gerard in Berlin a tentative draft of its reply to the note of June 9, which asked for assurance that American rights on the high seas would not be further violated by German submarine commanders.

After careful examination of the contents of the proposed note as outlined by Ambassador Gerard, which coincides with Berlin press dispatches of the last few days, high officials are practically agreed that the United States cannot agree to the proposed note without rights express its approval of the German proposals in their present form.

The draft was shown to Ambassador Gerard with the idea of eliciting from him an expression of opinion, and he promptly asked for instructions from Washington as to whether the United States could make conditions. Ambassador Gerard has been advised of the situation in several long messages sent to his summer residence at Cornish, New Hampshire, and the impression obtained tonight from reliable quarters was that the United States Government very probably would instruct its ambassador within a day or two to decline to express any view until after the formal reply is delivered to him.

Just what Germany proposed for him an expression of opinion, and he promptly asked for instructions from Washington as to whether the United States could make conditions. Ambassador Gerard has been advised of the situation in several long messages sent to his summer residence at Cornish, New Hampshire, and the impression obtained tonight from reliable quarters was that the United States Government very probably would instruct its ambassador within a day or two to decline to express any view until after the formal reply is delivered to him.

Secretary of State Lansing today took the position that it would not be proper for him to disclose Germany's position as informally reported by Mr. Gerard without authorization from the Berlin Government.

Germany To Improve Conditions. From Berlin dispatches and authoritative sources here it is learned, however, that the note, as drafted by the German foreign office, which was William's subsequent approval, would give assurances that Americans might travel with safety on the high seas on certain conditions imposed by Germany, such as the marking of belligerent vessels carrying Americans, notification by the United States to Germany of the date of departure and character of such vessels, and an inspection insuring their non-carriage of munitions of war.

President Wilson has before him the views of several high officials of whom he believes that it is essential to have Ambassador Gerard make clear to the German foreign office that the United States can make no concessions from its position as based on the accepted rules of international law and the laws of civilized nations. Whether the President does, or does not, finally decide to have Ambassador Gerard tell the German Government informally the views of the United States on the rough draft submitted, it was clearly apparent today that important changes would be necessary in Germany's attitude before it could be reasonably hoped that the formal reply would remove from the negotiations the critical aspect they have assumed.

ANOTHER DEATH FROM EXPLOSION AT BELOEL

Total Now Seven, With Two More Terribly Injured.

[Canadian Press.] Montreal, July 7.—H. C. Shock, Wilmetton, Del., a victim of the cordite explosion and fire at the plant of the Canadian Explosive Company at Beloeil yesterday, died in the General Hospital this morning from his injuries. The death toll from the accident is now seven.

Two others who were terribly injured in the fire, are not expected to live. They are: Charles Byrne, 26, burned on the back and arms, and Charles Chalmers, 26, burned on the head and arms. Maria Williams, one of the dead operatives of the factory, lost a sister in a similar accident at the plant in 1913, when seven other operatives were killed in a dynamite explosion.

CANAL PICKET SHOT AND GUARD IS BLAMED

Later Said To Have Been Trying to Disarm Him.

MONTREAL, July 6.—Pte. Wilfrid Deschambeault, aged 25, of 254 Curoi street, this city, while on canal duty with a line of pickets between Coteau and Rouleaux, today was shot down and seriously wounded. He was in the Montreal General Hospital tonight, in a critical condition.

Just how the shooting occurred is not quite clear, but it is understood that a corporal's guard did the shooting while trying to disarm Deschambeault, who had been acting queerly, supposedly under the influence of liquor. The affair is being investigated by the military authorities.

HENSALL.

HENSALL, July 7.—Rev. J. Knight, M.A., B.D., preached the opening sermon of his pastorate in the Methodist Church, on Sunday morning and evening and created a very favorable impression. He gave evidence of a strong personality and in preaching has a style peculiarly his own.

Mr. Moore Bros., Hensall's manufacturing firm have placed on the market some specialties which bid fair to develop the concern into something extensive. Never in the history of Hensall were there so many improvements in houses and properties as at present, nearly every property-owner is doing some thing up.

The council is after the citizens who neglect to cut weeds in front of their properties.

E. S. Hardy, dentist, intends moving with his family, from Guelph to Hensall.

Geo. Troit and wife are sojourning at Grand Bend.

Hensall's public holiday is permanently fixed for the first Monday in August. Special rates on the G. T. R. have been secured.

INGERSOLL WANTS FAIR BUILDING

INGERSOLL, July 6.—The erection of a new cattle building at Victoria Park is engaging the attention of the Ingersoll North and West Oxford Agricultural Society. The necessity of an up-to-date building for the cattle has been felt for some time. The society's request for a civic grant of \$100 will be reported on by the council at tomorrow night's meeting.

CHOIR MEMBERS ENJOY THEIR ANNUAL OUTING

Askin Street Musicians Picnic At Port Stanley Yesterday Afternoon.

A most enjoyable outing was spent yesterday afternoon and evening by members of the Askin Street Methodist Choir and their friends, it being the occasion of their annual picnic at Port Stanley. The merry company, numbering about sixty, left via special traction car at 2:30, making the trip to the lakeside in an hour and ten minutes.

During the afternoon a game of baseball was enjoyed, the amazing score of 35-6 being the result. William Copp fulfilled the onerous duties of umpire to the satisfaction of all.

At 6 o'clock supper was served in the popular grove at the base of the heights, and all, with appetites stimulated by the lake air, did ample justice to the bounteous spread. The evening passed quickly in games and sports of various sort, and at 10:30 the picknickers left on the special car for home.

MANY PICNICKERS OFF FOR PORT STANLEY

The Sunday Schools of Many Churches Spending Day At Lakeside.

Fourteen special traction cars carried approximately one thousand picnickers from Egerton Street Baptist, Wesley Road Baptist and Askin Street Methodist Sunday schools this morning to Port Stanley, where extensive programs of sports and special features have been arranged for the annual outings of these schools.

The choir of Knox Presbyterian Church, South London, left this afternoon for the lakeside also by London and Lake cars.

St. James' Anglican Church, South London; Hill Street and Wellington Street Methodist Sunday schools journeyed to the Port via London and Port Stanley line.

EDITORS IN SESSION AT EXPOSITION CONGRESS

Present at San Francisco From All Parts of the World.

SAN FRANCISCO, July 6.—Editors and writers who have gathered here from various parts of the world for the international press congress, began their sessions today at the Panama-Pacific Exposition.

After the preliminary ceremonies, the American Newspaper Publishers' Association, whose convention representatives are included among the delegates to the congress, was to hold a formal inaugural session.

At the sessions of the congress which will continue for five days, journalism in all its aspects will be discussed. Twenty-two countries and forty states are represented.

PTE. KNIGHT'S CLOSE CALL

ST. THOMAS, July 6.—Pte. W. H. Knight of this city, in a letter to Quartermaster-Sergeant Rendle of this city, describes how he probably escaped death by his suspenders. He was wounded at Festubert on the 29th of May, the bullet hitting him just below the hip, and glancing off the brass catch on his suspenders. He states that he is sending the bullet and the piece of the suspenders home for souvenirs.

NEWSPAPERMAN INVENTS STEREOTYPING PLANT

Former Member of Advertiser Staff Revolutionizes Small Paper Illustrating.

John McNaughton, formerly cartoonist on The Advertiser, has just secured the patents on a plate-casting machine for use in small newspaper plants which, to a certain extent, promises to revolutionize methods of illustration for the small paper.

The small newspaper is seldom able to do stereotyping from composition matrices. It must receive its cuts in metal form and the metal must be shipped back to the firm from which it was secured. Mr. McNaughton, who has for some years been successfully selling his own illustration services for advertisers throughout the United States, saw the need of a compact device that would cast from the matrix for small papers. He worked for five months on his idea, doing every bit of the work on his model with his own hand. He has recently perfected it. Several agencies in New York have characterized the invention as being of great importance to advertisers in small places and syndicates which sell advertising illustrations.

Mr. McNaughton is about to commence the manufacture of his machines. On his return to the city for a day or two he exhibited the model he has made, and all who saw it pronounced it a wonder of efficiency and completeness.

DEATH CLAIMS THREE AGED LUCKNOW PEOPLE

[Special to The Advertiser.]

LUCKNOW, July 6.—Three well-known citizens have been claimed by death within the past few days.

The funeral of Mrs. Donald McDonald, an old resident, took place yesterday. Her death occurred on Saturday, the 70th year, after many years' suffering.

Peter Torrance, who died on Saturday in his 72nd year, was buried on Monday afternoon in Kilmessy Cemetery. Mr. Torrance was a highly respected farmer. In politics he was a Liberal, and in religion a Presbyterian. He leaves, besides his widow, one son and three daughters.

Mrs. George Lees was buried on Saturday afternoon. She was in her 77th year. Two sons and two daughters survive her.

GOVERNMENT OWES HOTELS MONEY, OWNERS CONTENT

Hamilton Hotelmen Declare \$50,000 Was Wrongfully Collected in License Fees.

HAMILTON, July 6.—Local hotelmen claim that the government owes them about \$50,000 it wrongfully collected in license fees during the last two years, and may engage counsel to collect it. They contend that while the government has refused to admit that Hamilton is a city of 100,000 population for other provincial purposes, it refuses that it is in regard to liquor licenses and imposes a fee of \$1,000, whereas it should charge only \$700, and amount fixed for cities of 75,000 and up to 100,000 population.

DREDGING AT BIG MILL

SARNIA, July 6.—The Dominion Government dredge No. 114, is working near the Cleveland-Sarnia Sawmills, cutting a deep water channel in from the river, through the bay, up to the company's log-unloading pier. The mud and clay which is dredged from the bottom of the bay is dumped into scows and towed down river to a point below the Imperial Oil Works, where it is dumped in a deep spot.

MAGISTRATE HAS BUSY COURT SESSION

Theft Cases and Fights Occupy Time of Morning Police Court.

Theft cases and fights gave Magistrate Judd a busy hour at the police court today. Joseph Dice of Hamilton charged George Morris, a local cigar-maker, with having thrown him down in the Windsor Hotel last night and robbed him. He produced a pair of trousers, of which the pockets were badly torn, and claimed that Morris did the damage while going through them. Morris denied the whole thing, and said that all he did was to pick Dice up when he had fallen over in an intoxicated condition. Morris was arrested by Military Policeman Sergeant Woodhouse of the 34th and Pte. Keene of the 33rd. The court decided that Morris was not a thief and allowed him to go with a warning.

Another Theft Case. Harry Dale, charged with having stolen a suit of clothes from the Brunswick Hotel, pleaded guilty and was committed to the House of Correction for three months.

John Hopper, charged by Inspector McCallum with selling tobacco without a license, decided to take one out and also pay the cost of the prosecution.

Canoe Control Case. A row between the boys of two West London women, in which it is alleged that three brothers attacked another lad who was gone into tomorrow. The mothers declared that they were unable to keep the boys in order, and the court decided that he would do it for them.

SANDWICH JAIL DENIES ADMISSION TO SUICIDAL MAN

Mike Kayrouck of Ford City Is Moved About Until Sent to London.

[Special to The Advertiser.]

WINDSOR, July 6.—Mike Kayrouck of Ford attempted suicide in the Hotel Dieu here today by gashing his throat with a knife and as a result he was immediately ordered by hospital authorities to be taken from the institution, on the ground that he is an insane patient and there are no facilities for the care of such at the Hotel Dieu.

Kayrouck was then taken to Sandwich jail in the city ambulance, but was not permitted to go in. Governor Harmon taking the stand that under the law he is not permitted to receive insane prisoners. After a long delay the injured man was taken to the lock-up in Ford and later was removed to London to be placed in the asylum.

HONORABLY ACQUITTED OF CHARGE OF BIGAMY

Mother and Sister of Guelph Man Refute Wife's Accusation.

[Special to The Advertiser.]

GUELPH, July 6.—James Hog Nicol, charged with bigamy, whose case has been several times enlarged, again appeared before Magistrate Watt this morning. The Crown had little evidence to offer to back up the charge. His mother and sister appeared for the defense and stated that, to their knowledge, Nicol had not been married in Old Land, as his wife here alleges was the case. In dismissing the charge, Magistrate Watt said that the accused was honorably discharged, and that there had been nothing whatever in the case to reflect on Nicol's character.

Champ Clark and His "Little Girl," Who Marries Noted Southern Publisher

Miss Genevieve, who was married to James M. Thompson, a New Orleans newspaper publisher, on June 30.

Admission Illustration. Champ Clark, Speaker of the House of Representatives, and his daughter, Miss Genevieve, who was married to James M. Thompson, a New Orleans newspaper publisher, on June 30.

CHARGED WITH MURDER BY POISONED CHOCOLATES IN SECOND DEGREE

Henley Willard, Mail Carrier, On Trial in Edmonton.

[Canadian Press.]

Edmonton, July 7.—Henley Willard, a mail carrier, is undergoing preliminary trial at Lac Ste. Anne, charged with murdering Jerry Fowle by means of poisoned chocolates. A box of chocolates was received by Fowle, who ate one, dying very soon afterwards.

Miss Dagmar Beupre testified that she was Fowle's sweetheart, but had promised to marry Willard in order to get rid of his persistent attentions. Other evidence tended to connect accused with the purchase of the candy.

FINANCIAL AND COMMERCIAL

LOCAL MARKET

A plentiful supply of hay during the last two days has made prices somewhat easier. Twenty loads were sold today and \$16 per ton was the average paid for first-class and \$14 for second. A few loads went as high as \$17.

Only one load of oats was offered. The plentiful, the price of the former remaining firm. A few loads of barley went to \$10 and \$9 a bushel of 10 quarts.

Wheat, per bu. 11 1/2 to 12 1/2
Oats, per bu. 1 1/2 to 1 3/4
Barley, per bu. 1 1/2 to 1 3/4
Rye, per bu. 1 1/2 to 1 3/4
Corn, per bu. 1 1/2 to 1 3/4
Sorghum, per bu. 1 1/2 to 1 3/4
Millet, per bu. 1 1/2 to 1 3/4
Clover, per ton 10 to 12
Hay, per ton 14 to 16
Straw, per ton 8 to 10

Dairy Produce, Retail.
Butter, dairy, lb. 22 to 24

Export cwt., 8 to 10
Milk cows, per lb. 8 to 10

Hides and Skins.
Cow hides, No. 1, 12 to 14
Cow hides, No. 2, 10 to 12
Lamb skins, per lb. 35 to 40
Wool, washed, lb. 22 to 24
Wool, unwashed, lb. 20 to 22
Tallow, rendered, lb. 5 to 6

GRAIN.
Winnipeg, July 6.—Wheat futures opened unchanged to 1/4c higher and were fairly steady for the remainder of the session. Oats opened unchanged to 1/4c lower and were steady later. Flax opened unchanged to 1/4c higher and held around opening figures.

Dealings in futures were light and for the most part by the speculators. In local export houses there was no new export business.

In the cash department there was a good inquiry for Nos. 1, 2 and 3 grades of Northern wheat and not enough offerings to satisfy. For top grades of oats there was a steady inquiry. No. 1 grades of oats, barley and flax were slow.

Total inspections on Monday were 165 cars, of which 132 were wheat. In sight were 65 cars today.

Wheat futures closed 1/4c to 1/2c higher; cash wheat unchanged to 1/4c higher; oats unchanged and flax 1/4c advance.

THREE FATAL ACCIDENTS
[Canadian Press.]
Montreal, July 7.—Three men lost their lives in accidents here yesterday. Joseph Guérard, aged 43 years, of 18 Balboa street, was instantly killed when he fell a distance of 50 feet from a scaffold while working upon the construction of the new St. Charles Church, Centre street, Point St. Charles.

Jumping from a freight train, upon which he had stolen a ride from St. Camille to Belœil, Lorenzo Benoit, aged 26, a farmer living at St. Coeur, fell under the wheels, while his right leg was fractured in three places. He died late last night.

William McGregor, 281A St. Antoine street, was fatally injured when a large box he was loading onto a lorry fell upon him and injured his back.

CENTRE HURON LIBS.
RESENT DAMAGE TO
BRITISH PREFERENCE

Stand for Free Trade Relations With Motherland—Extravagance Decried.

[Special to The Advertiser.]
SEAFORTH, July 6.—The annual meeting of the Centre Huron Liberal Association was held here today. The officers of the association were all re-elected for the ensuing year. Addresses chiefly on the war were delivered by the member, William Proudfoot, K. C., P. P. of Goderich, and Arch Hissop, Liberal Federal candidate in North Huron, Thomas McMillan, Liberal candidate in South Huron, and M. J. McLean, the former member in the Dominion House for South Huron. The following resolutions were adopted:

Moved by W. H. Robertson of Goderich, seconded by John McDowell of McKillop:

"That we, the Reformers of Centre Huron, at our annual meeting, desire to express our appreciation and full approval of the policy and conduct of our leader, Mr. N. W. Brown, K. C., and his colleagues in the Legislature, and we also desire to express our disapproval of the centralizing policy and extravagant and reckless management of the affairs of the province by the present Government, necessitating the introduction of a policy of direct taxation in the history of Ontario."

Moved by Alex. Saunders of Goderich, seconded by James Watson of Seaforth:

"That we desire to express our approval of the policy adopted by the Liberal party in the Dominion House, and to commend the continued advocacy of free trade relations, and also to express our appreciation of their noble efforts to prevent graft and extravagance in the public expenditure of the country. We further approve of their opposition of the unparliamentary policy of the Government in increasing the burdens of Great Britain at the expense of the reduction of the British preference."

VETERAN POSTMASTER
RESCINDS RESIGNATION

J. K. Morris, Octogenarian, Wants to Put More Time in Saddle.

[Special to The Advertiser.]
BLENNHEIM, July 6.—"To All Concerned: I have withdrawn my resignation as postmaster, (Signed), J. K. Morris."

Such is the notice which met the gaze of the public when they entered the lobby of the postoffice yesterday. Some suggested this or that had happened. Others conjectured that this or that was likely to happen, so with the resignation in order, but no one seemed to know just what had happened. Everybody awaits to see what will happen now.

It is said that Mr. Morris, after tendering his resignation to the department last week, and informing some of his friends of his intention, changed his mind yesterday and sent a telegram to the department asking to withdraw his resignation. He is over 80 years of age.

Port Stanley Subscribers

Arrangements have been completed for the delivery of both the morning and evening editions of The Advertiser at Port Stanley, from June 23 to September 6, 1915, and the same satisfactory service regarding news items and delivery of papers that has been in force for the past seven years is assured for this season. Londoners spending the holidays at Port can secure their favorite newspaper by notifying or telephoning The Circulation Department, phone 3870.

RAILWAY CONSTRUCTION CORPS.
SERIOUSLY WOUNDED.—Pte. Thomas C. Ashworth, England (in neck, self-inflicted).

DETROIT AUTHORITIES BELIEVE THEY SCENT BIG SMUGGLING GAME

Feel That Windsor Gang Makes Good Thing Shipping Foreigners Across.

WINDSOR, July 6.—Systematic smuggling of foreigners from Canada to the United States by a regularly organized gang of Windsor men is alleged by the immigration officers in Detroit. Max Lakritz, aged 27 years, who says he lives in Windsor, was arrested Monday while unloading two Poles in Detroit.

It is alleged that he ferried the men across to Bob-lo from Amherstburg and that he managed to get them on the steamer. Inspector Walter, who made the arrest, had the man under surveillance throughout the evening. Lakritz was taken to the central police station and will probably be arraigned shortly before United States Commissioner Hurd. His two companions were deported back to Windsor.

The United States authorities say that several men who were leagued with their prisoner made a large and steady income out of the smuggling business and have headquarters in both Windsor and Detroit.

Austrian in Boat?
Victor, Caron, who was examined before United States Commissioner Hurd in Detroit this morning, may be charged with treason in Canada. It developed during his hearing in the federal court that one of the men found in the row-boat with him the night of his arrest is an Austrian from Galicia.

Caron was held to await the action of the federal grand jury on bail of \$1,000. If he is indicted and convicted here, it is probable that he will be deported to Canada.

BELGRAVE QUERY ANSWERED.
Editor of The Advertiser: I am under 21 years of age wishes to take a course of instruction at London in the militia work, to qualify for a captain, can the boy's parents, by objecting, prevent him from so doing, or can they prevent the officer who has this in charge from accepting him for training for an army captain?

2. If a boy under 21 years of age enlists as a soldier can his parents prevent him from going?

Answer—The militia authorities are the first question is for the civil authorities (legal) to decide. In the second case the answer is "Not if he is over 18 years of age."

200 AT PICNIC OF NEW ST. JAMES

Annual Sunday School Event Well Attended At Springbank Yesterday.

SPECIAL STREET CARS
Races and Feature Contests On Program of Afternoon Sports.

More than two hundred young people had a thoroughly enjoyable time at Springbank yesterday on the occasion of the annual New St. James' Sunday school picnic. A great many of the older church members were present also, in the capacity of teachers and parents of the children, and they too entered into the fun and joy of the afternoon with a zest which almost rivaled that of the youngsters.

The journey to the picnic grounds was in special street cars, which left Oxford and Wellington streets at 1:30 o'clock, all packed to their capacity with crowds of happy, laughing boys and girls and just as happy grown-ups.

Races and feature contests occupied most of the afternoon, and at 5 o'clock supper was served to half the children. A second batch took their places for the "second table," after they had refreshed themselves by the thorough manner of youngsters made hungry by play in the open air.

The record of the race results was kept, but the winners of most of the events were easily picked out because of the colored ribbons they wore denoting that they had taken first, second or third prizes in the case might be.

The results compiled from this data were as follows:

Running race, 25 yards, primary, under 5—J. G. Brown; 2, Billy Gray. Running race, 25 yards, primary, under 5—Jean Beamer.

Doughnut eating, 5 to 12 years, 1st—J. Chalcraft; 2, B. Walker; 3, J. Gorwill.

Running race, 50 yards, boys, 6 to 12 years—J. S. Rossiter; 2, T. Smith; 3, L. Stevens.

Running race, 50 yards, girls, 6 to 8 years—L. F. Liddicoat; 2, A. Bolton; 3, J. Gorwill.

Running race, 50 yards, boys, 10 to 12 years—J. S. Rossiter; 2, D. Chapman; 3, E. Osborn.

Running race, 50 yards, girls, 9 to 10 years—J. A. Woolway; 2, V. Stephen; 3, E. Brown.

Candle race, 50 yards, young ladies—J. S. Rossiter; 2, O. McDonald; 3, M. Thompson.

Shoe race, 50 yards, boys, over 10 years—J. B. Beamer; 2, W. Beamer; 3, J. Gorwill.

Running race, 75 yards, girls, 11 to 12 years—J. M. Mahon; 2, M. Douglas; 3, J. Switzer.

Running race, 75 yards, boys, 11 to 12 years—J. B. Beamer; 2, Williamson; 3, J. McCoubrey.

Running race, 75 yards, boys, 9 to 12 years—J. H. Harris; 2, J. McCoubrey; 3, B. Beamer.

Baseball throwing contest, girls, 9 to 12 years—J. Webster; 2, O. McDonald; 3, K. Ashplant.

Running race, 75 yards, boys, 13 to 14 years—J. W. Beamer; 2, H. Harris; 3, R. McDonald.

Running race, 75 yards, girls, 13 to 14 years—J. M. Liddicoat; 2, W. Walker; 3, M. McCoubrey.

Running race, 75 yards, boys, 15 and over—J. G. Brown; 2, V. Moore; 3, E. Patterson.

Running race, 50 yards, girls, 15 years and over—J. M. Webster; 2, A. Webster; 3, O. McDonald.

Peanut relay race, 75 yards, open—J. W. Beamer, B. Beamer and W. Harris; 2, J. Gorwill, E. Lacey and M. Miller; 3, J. McCoubrey, W. Cook.

Special ladies' race—Mrs. Sealey; 2, Miss Guy; 3, Miss Irene Brown.

CANADA HAS LOST GREAT STUDENT OF NATURAL HISTORY

[Special to The Advertiser.]
LONDON, July 6.—William Matheson, who died on Saturday, was one of the best-known men in this community. He was born March 19, 1840, of long age, and had a reputation which earned him the title of watchmaker and jeweler. With his father's family he came to Canada in September, 1856, settling in the town of Stratford, where, but two years later they took up a large farm in the township of Stephen. He worked at his trade in Oil Springs, Ontario, and then came to London, where he went into business for himself on January 17, 1871, in Lucan, where he had since remained. In 1889 he married, and his wife was the daughter of Major Parkinson of Sarina.

He was a Royal Arch Mason, having occupied high positions in the order, and valuable jewels. He was an honorary member of Irving Lodge.

Mr. Matheson gave much attention to collecting and preserving curiosities, and two of his large collections are in the Normal School at Toronto, and he recently presented Queen's University, Kingston, with a valuable collection of geological and natural history specimens.

He was an authority on the use of the stone implement by the Indians of long ago, and had addressed historical societies on these subjects.

He is survived by his wife, one daughter, Mrs. R. L. Moorhead, one grand-daughter, Miss Isabel McTear, and two sisters. He was an elder in the Presbyterian Church, whose pastor, Rev. R. McBurnett, conducted the service followed by the impressive service of the Masonic order. The interment was at St. James' Cemetery.

BUSY ON WAR ORDERS.
Ames Holden McCready, Limited, report that their factories are busy on war orders for the Canadian soldiers. These orders are not for the outfitting, but for the outfitting of the company have submitted a new pattern of army boot to the Government, which has been approved and adopted as being the most suitable in point of fitting, comfort and wearing qualities for the requirements of the Canadian soldiers. The boot in question is made of tan calf skin with the rubber sole and Goodyear well worn, and a steel plate on the heel. It is expected that further orders will be placed at an early date not only for the soldiers now being trained in Canada, but also for Canadians at the front who are requiring more boots and who, it is understood, much prefer the Canadian boot for comfort and service. Such action on the part of the authorities will be much appreciated by Canadian labor.

CITIZENS OF LONDON
Who use Rowatt's Special Tea have no hesitation in recommending it to others. If you have never tried it, buy a pound and give Rowatt's Special Tea a trial. The tea is worth boasting. 30c, 40c, 50c, 60c, and \$1 per lb.

250 Dundas Street. Phone 3051-3052.

INVITE 1,200 PEOPLE FOR OFFICIAL OPENING

Reception Committee Completing Plans For Reception of Radial Delegates.

At a meeting of the reception committee of the London and Port Stanley Railways last evening to arrange for the official opening of the new electrified line on July 22, it was decided to extend the invitation to about 1,200 people from all over the district.

A trip to the lakehead over the new road will be followed by a banquet in the Masonic Hall. The 7th Regiment Band was engaged to furnish music for the occasion. Owing to the absence of C. J. Fitzgerald in New York, the name of Es. Mayor Samuel Stevely was added to the committee.

LONDON TP. CHURCHES IN ANNUAL PICNIC

St. John's and Masonville Sunday Schools Go To Springbank.

Members of St. John's Anglican Sunday School, London Township, Masonville Sunday School, and members of the St. John's Church congregation, to the number of one hundred or more, held their annual picnic at Springbank Park yesterday morning and afternoon. Twelve ball baseball, men—A. Duplan, C. Flannigan.

Ladies' consolation—Miss Newcomb, Miss V. Shoebottom, Miss Turner, Miss Young.

FRIGHTENED TEAM BOLTS; FARMER HURLED TO ROAD

Andrew Beattie of Wilton Grove in Victoria Hospital With Deep Gash In Leg.

When his team took fright and bolted, as the load of lumber on his wagon broke over its fastenings and scattered over the road, Andrew Beattie, a farmer residing near Wilton Grove, was hurled to the street near the Wilton bridge last night, and he was bleeding from a deep and jagged wound in his left leg.

Police headquarters was notified. The motor ambulance was rushed to the scene and the injured man was taken to Victoria Hospital near by. Beattie was weak from the loss of blood.

A careful examination showed that there were no internal injuries, and that he had gashed his leg and sustained numerous bruises the man was uninjured. Dr. C. A. Cline is attending him.

The horses were captured several hundred yards down the road, after they had narrowly escaped colliding with several vehicles.

BEAVERS NAME OFFICERS
Annual Election Held in Lodge Rooms Last Night.
