

The remains were discovered a few days ago by prospectors at a place in the mountains about 40 miles from this city. A woman had been missing since September 1918, her husband missing. The Wilsons had been away for several weeks.

They are being held on a charge of murder.

FORWARD MOVEMENT DISCUSSED.
The Forward Movement in the local
Presbyterian Churches was discussed at
some length at a meeting of the Pres-
byterian Council held in St. Andrew's
Hall on Monday evening, J. H. Laugh-
ton presided. The ministers and lay-
men present spoke of the matter, finan-
cially and spiritually, and it was de-
cided to form a committee of representa-
tives from each church to map out a
program for the work to be carried
on.

JAS. C. HAZARD DIES AFTER BRIEF ILLNESS

Bursar At London Asylum For
Fourteen Years Passes
After Operation.

James C. Hazard, bursar at the
London Hospital for Insane, during the
past fourteen years, died at Victoria
Hospital on Monday evening, follow-
ing an illness of about two weeks
duration. Mr. Hazard was taken to
the hospital on Sunday, where he un-
derwent an operation. He had not
been in good health for some months,
but remained on duty until about two
weeks ago.
Mr. Hazard was born in England in
1848. Twenty-five years ago he came
to Canada and entered the establish-
ment of T. C. Kerr of Hamilton. Later
he came to London and became a com-
mercial traveler for John Green & Co.
of Ridout street. He then went into
partnership with T. E. Escott for some
years. In 1906 he was appointed bursar
of the asylum. He was chairman of the
Public Library board two years, and
was during his term that W. E. Carson
was appointed librarian on the casting
vote of the chair.
He was an official member of the
First Methodist Church for many years,
Methodist Church. His one child, En-
nest, died in 1899. A brother, George, re-
sides in Toronto, and two other bro-
thers in England. Mrs. Hazard is a sis-
ter of the Rev. E. B. Lancelotti of To-
ronto, formerly pastor of the Dundas
Centre Methodist Church.
The funeral will take place on Wed-
nesday to Mount Pleasant Cemetery.

COUNCILLORS CHEER MAYOR SOMERVILLE AT WIND-UP MEETING

1919 Council Meets For Last
Time, But Does Little.

MAYOR GIVEN OVATION

Aldermen Worked Hard and
Devoted Much Time to
City's Business,
Says Mayor.

Figuratively the 1919 city council sang
its swan-song last night. Literally it
sang the National Anthem, and the
other well-known melody, "For He's a
Jolly-Good Fellow."
The latest number had reference to
his worship, Mayor C. R. Somerville,
who is retiring. It was followed by
three hearty cheers. City Clerk Baker
declared that he had never seen a more
sincere and enthusiastic ovation tend-
ered to any retiring mayor.
His worship was not outside by the
council in expressing appreciation for
co-operation and assistance. The work
of the year had not been light, he
said.

Devoted Much Time.
"It is a rare year after year, and the
members of the council have de-
voted more time to city business than
most people think. They are certainly
worthy of all praise."
Ald. C. G. Moorhead and Ald. W. A.
Wilson moved a formal recognition of
the mayor's services. Ald. Moorhead
said he had not always seen eye to
eye with him on public issues, but he
could always give him credit for the
highest motives. While his retirement
from the mayoralty chair was gener-
ally regretted, he left it with honor to
himself and the city.

As usual as the final report, the
reference of business to the 1920 coun-
cil and favorable recommendations
about various lines was the chief occu-
pation of the evening.

Street Flusher.
The purchase of an additional street
flusher was the piece de resistance of
the menu, however. It took about
three-quarters of an hour to dispose
of it, and even then some of the alder-
men had difficulty in digesting it.
A vote was taken, and then they all
declared that they did not know for
what they had voted.

Accordingly a vote was taken to re-
consider the matter, and after this vote
was taken, another vote was taken to
clear up the matter. The purchase
of the truck was authorized at the previous
meeting. The resolution brought in last
night was to provide funds for the pur-
chase by borrowing and repaying in five
annual instalments. The amendment was
that the matter be referred to the 1920
council. This was defeated, and the
motion was carried by a vote of 7 to 5.
E. S. Little Resigned.

Ald. Wilson inquired whether No. 1
committee had dealt with his inquiry
regarding Capt. Toner of the fire depart-
ment. He asked at the last council
meeting if the man had ever been
formally discharged, claiming that his
clothes had not been handed back to
the department. The city clerk replied
that this had not been dealt with yet.
Ald. O. G. Keene sponsored a motion
to make a favorable recommendation to
the 1920 council on replacing fire
horses with motor trucks. The discus-
sion arose over the death of a horse,
and the question of replacing it.
Ald. Moorhead moved to have the 1920
council take up the question of secur-
ing for the city a portion of the money
paid for automobile licenses. He
wanted the regulation of the speed of
traffic to be considered.
Ald. Cunningham made motion to
have the 1920 council consider the es-
tablishment of a juvenile court.
Ald. Harley made a motion that the
city do not accept the memorial arch
erected by Smallman & Ingram. That
firm stated it did not wish to main-
tain the structure any longer, and of-
fered it to the city.

MEN RISE SUPERIOR TO FEAR OF EVIL WHEN THEY RECOGNIZE INDEPENDENCE

So Says Christian Science Lecturer
From Boston.

Following is a condensed report of a
lecture given by J. S. Braithwaite, M.
A., Boston, Mass., in the Christian Sci-
ence Church on Sunday.
The interest that has been aroused
in the subject of Christian Science is
due to the fact that, besides healing
people of physical ailments and keeping
them well, it is also unfolding to them
the true method of self-government.
There is no reason more needed today
than that of individual self-government.
Christian Science turns the truth-
seeker to the Bible and, with the com-
mutary it supplies, turns up the light,
so that all can see and understand
things that were formerly hidden from
them.
Mrs. Eddy brought to Christianity that
which it had hitherto lacked—the sci-
ence of the spirit of the Master's
teaching, but the age was demanding its
scientific and spiritual explanation.
Mrs. Eddy supplied both. Her book,
"Science and Health, with Key to the
Scriptures," is the textbook of Christian
science, and her church manual pro-
vides the rules by which this healing
system becomes an integral feature of
the Church of Christ. These two books
never can be separated nor superseded.

Examples From War.
It is because men are apt to think
themselves dependent on material con-
ditions, that evil seems so real to them,
and conversely the proof in Christian
Science that they are not dependent on
material conditions releases them from
the fear of evil. This was proved to be the
case over and over again by the sol-
diers in the trenches, who, confronted
with horrible conditions of damp, dan-
ger and discomfort, seemed to rise to a
higher freedom and cheerfulness than
anybody had supposed to be possible.

To many of the Christian Science
came as a very natural explanation of
this phenomena, and it seemed easy to
realize that true optimism involves the
rejection of the evidence of the senses
because in applying this method, a sense
of immunity from evil was found to re-
sult. It may be compared to the way in
which the so-called properties of matter
are qualities of thought, but it is quite
another thing to gain the scientific per-
ception that matter-thoughts are illu-
sion of nothingness. Christian Science
teaches that disease is not a law of God,
neither is it a law of matter, but that it
is a mortal mind that causes disease,
and mortal mind that needs to be cor-
rected. It was Jesus' understanding
of this fact that gave his mission on
earth such striking significance. With
his clear spiritual vision he taught men
the simplicity of the truth and healed
all kinds of diseases, treating them as
the results of false belief.
Bringing the body "into subjection"
does not mean starving it or overloading it,
but dropping it out of thought—rising
superior to the illusive suggestions of
pleasure or pain, to matter—forgetting
self, and turning to God, Life, Truth
and Love.

The truth about God and man is set
before us in Christian Science, and we
can understand it and demonstrate it.
Bible Bidding.
According to the Bible, the proofs
that we have a right understanding are
to be, not the occupancy of positions of
prominence, wealth, position and popu-
larity, but the casting out of devils
(false obstacles) speaking with new
tongues (the fearless voice of truth),
handling of serpents (uncovering of
error), immunity from poison, and the
healing of the sick.

Most people will say that they were
never taught that these things were
any part of their duty as a Christian.
Regular attendance at church being re-
garded as an adequate sign following
Christian belief.
Instantaneous healing, such as that
taught and demonstrated by the Master
is the kind of healing that needs to be
restored today, and is much to be pre-
ferred to the groping and experimental
methods of material medicine. What a
waste of time it is trying to locate a
diabolical intelligence in the body,
equipped with a body so small that you
cannot see it, when the truth is that
neither a germ nor any other posi-
tional manifestation of evil or disease
can influence in the smallest degree a
mind that has gained the secret of self-
government.

We are told in the Bible of a certain
king, who "sought not to the Lord,
but to the physicians," indicating that
it was a man of epoch that he did
not seek his health from God, but that
were the thought today, the large
majority of us, instead of the self-
sufferings of humanity would not be seek-
ing to cure their ailments with drugs
and inoculation, but would be Christian.
Scientists enlisted to lessen sin, dis-
cuss the death in the Christ way, the
fact that Jesus taught on the shores of
Galilee.

Let us never lose sight of the fact
that it is our absolute right to worship
God in the way that seems best to us,
our right to seek health in any direc-
tion that we please, provided that we
do not trespass on the equal right of
others in so doing.

Because of their porous
bodies, linoleum and com-

be considered as unfinished
board floors, and should be

from adhering, and it can
be easily swept up. Also
prevents cracking by keep-

MANY APPLICATIONS FOR VICTORIA RINK

Hockey Players Want Use For Games.

The only trouble with the municipal hockey rink is that there won't be enough nights to go round according to General Manager E. V. Buchanan. Already several applications have been received for the use of the sheet of ice in Victoria Park on various nights, and he states that other organizations which are anxious to enjoy the hockey season should make application immediately. Some allowance will have to be made for thaws and other contingencies, so that the time in which the rink can be used is fairly limited.

This is the first year that the hockey rink has given promise of fulfilling its purpose. Last year the only part of it that existed was the low board fence around it. Thaws came so fast and frequently that it was impossible to get ice. This year the prospects are good for a big sheet of ice for general skating in Victoria Park, and the smaller rink which will be reserved for hockey.

EMMA GOLDMAN WILL BE WELCOMED BY BOLSHEVIKI

New York, Dec. 16.—Emma Goldman was informed today by Ludwig C. A. K. Martens, Goldshevik "ambassador to the United States," that she, Alexander Berkman and other anarchists awaiting deportation at Ellis Island, would be welcome in Soviet Russia, whether the United States Government intends to send them. In a letter to Miss Goldman, Martens denied he had said the Goldsheviks would execute her if she fled to Soviet Russia as she had in the United States.

WILL CALL ATTENTION TO NEED OF WORKING CLASS DOING FAIR SHARE AND TAKING RESPONSIBILITY

H. B. Ashplant Addresses Men of McClary Foundry—Would Prevent Social System From Becoming Top Heavy.

Before a very large audience at the McClary Foundry at noon today, Henry B. Ashplant, Labor's choice for the mayoralty contest, declared that he would represent the desire of the working class, of which almost 95 per cent of the population of the city was composed, to play its part in the work of the world.

Sevens, pavements and similar positions which would find their own levels in municipal work, would not be spoken of by him, the meeting was told. It was his desire rather to call attention to the need of the working class getting down to its share of the work and responsibility in public life.

Referring to the Crystal Hall disaster, he said that it showed the danger of undermining the supports of an old structure without properly underpinning the top load. The working class did not desire any such disaster in industrial or political spheres. There was danger of the present structure being too heavy if left in the hands of the five per cent who had been allowed to carry the load in the past.

His stand was for the desire of the working class to play its proper part in the work of the world.

The Aim.

Edmund Hawkins spoke of the development of the working class movement. It was pointed out that it was to embody in general legislation, municipal as well as otherwise, principles of justice, freedom and fraternity. An appeal for support of the Labor candidate who would do the will of the workingman was made.

William Tite was in the chair.

He Must Be Free to Follow His Own Bent, So Spurns Law and Order and Eludes Capture

Youth of 11 Years Has Wandlust and Refuses To Be Kept in Durance Vile by Anyone.

The spirit of the frontier days is not dead. More than one man in those times gained fame by the manner in which he eluded the clutches of the law, and even escaped from its grasp. He is eleven years old, and has no use for law and order as it is generally understood. He ran away from home several times, and booked as a stowaway on the steamer plying between Stanley and Cleveland. Finally he was reached by the long arm of the law, and in the juvenile court Monday he was remanded for a week to the Children's Shelter.

A kindly attendant was conveying him to that institution, but the open spaces looked too good, and as he was being placed on the street car by a wild dash for liberty. He got it, and still has it.

Numerous officials of the law are looking for him, but to no avail. "I give him credit," said the attendant, "I've handled bigger boys than he, and he never had any trouble with them, but he was a regular little ed."

Tossell, which was begun in the county court before Judge Talbot Macbeth yesterday, and which after consuming the attention of the court the whole day, was adjourned till today, was resumed this morning, and was still in progress at the time of going to press.

MISSIONARY EVENING.—The B. V. P. U. of Maliland Street Baptist Church held a successful missionary meeting last evening, when Miss Percott was the speaker of the evening on the subject, "Japan." She gave an interesting talk on work among Japanese women. Other features of the program were a solo by Miss Phyllis Kennedy, an instrumental duet by Messrs. Cowper and Yull, and a vocal duet by T. H. Yull and Chas. Bennett.

S. A. POTTS WILL BOIL.—"Keep the pot a-boiling" will be a familiar phrase once again this Christmas. The city council last night granted the Salvation Army formal permission to erect the well-known tripods and cauldrons on the main streets. Contributions are received at these, which provide cheer for the poor. Salvation Army musicians are usually stationed with each one, and the concerts which they provide have come to be regarded as an integral part of the city's Christmas festivities.

MUST FIGHT FOR PEACE.—London, Dec. 15.—"Soviet Russia," says a Moscow wireless message received here today, "cannot attain peace diplomatically, but exclusively through the strength of the red armies."

BUILDERS REQUEST THAT ALL CHARITABLE FUNDS BE INCLUDED IN RATES

Are Opposed to Campaigning On Behalf of Institutions.

At a meeting of Building Exchange members held last night, among the questions discussed was the present system of raising money to meet the needs of charitable institutions, and it was unanimously decided that the community spirit would be developed to a far greater extent by placing in the civic estimates when preparing them, a fund sufficiently large to meet the necessary requirements of all these institutions, and have it collected in the taxes.

The builders consider that in this way this burden will be more equitably divided. All would have to contribute to it, and these institutions would be better provided for.

The also instituted measures to produce more amicable relationship with the various organizations by having conferences and discussions in a free and friendly spirit all matters in common between them.

It was also decided to wind up the activities of the season with an entertainment on the last night of the year in which all would take part.

JEWIS WILL OBSERVE RECAPTURE OF JERUSALEM BEGINNING THIS EVENING

Celebration by the Jews of the city of the recapture of Jerusalem from the Assyrians in the year 586 B.C., and rededication of the temple to the worship of God after it had been defiled by the idolatry of the Greek religion, will take place tonight. The feast, which is known as Chanukah, or the Feast of the Dedication, is celebrated by lighting candles in the homes and synagogues.

An old legend that when the Holy City was found again after being destroyed by the Romans, a single oil, of which there was found only enough for eight days, lasted through the miraculous intervention of God, is the basis for the custom of keeping the candles light.

The event, which is being commemorated, and which is one of the greatest in Jewish history, took place on the 25th day of the Jewish month of Kislev.

He has attended the Collegiate only since September, and his achievement is regarded as remarkable.

FREQUENT TILTS ARE FEATURES OF TRIAL BEFORE JUDGE JUDD

Counsel and Witnesses All Take Hand.

JUDGE HAS TO INTERFERE

Forbids Continuation of the Wrangling Which Has Been Wasting Time.

Considerable discussion took place between counsel in the county court during the trial of Murray on Saturday before Judge J. C. Judd for trial on two charges of assault, to which charge had the right of precedence in hearing.

Crown Attorney E. B. McKillop, at the opening of the court, expressed the crown's wish to proceed with the charge of assault on William McKillop, Edmund and E. W. Meredith, who appeared for the defence, on the grounds that this case had been preceded by the case in which Murray was charged with an assault on Constable Thomas Panworth. They claimed that the two cases should be dealt with on trial in the same order as entered.

The judge was of the opinion that the crown had the right to decide the order in which the cases should come to trial, and Mr. McKillop expressed the wish to exercise this right.

Edmund Meredith protested procedure on these lines, and in support of his position told the court that he could not proceed with the second hearing, owing to the absence of a material witness.

Hearing of both cases, but the crown expressed a willingness to proceed with the charge of assault on the constable if the defence would put in a proper proof that a subpoena had been served on the witness.

The prisoners went into the box and swore that they served the subpoena on Constable Panworth on December 11. He produced the original subpoena, and declared that he offered the witness \$1,000 to come to court, but that he refused to take it, without answer. A court official reported to be out of the city.

Mr. McKillop consented to the adjournment of the hearing of this case till Tuesday, December 22 at 11 a.m.

TEACHERS QUIET IN REGARD TO SALARIES, BUT ARE IN EARNST

Union Will Meet On Wednesday Evening.

HIGHER PAY THE DEMAND

And Board Has Turned-Over Question To Its Successor.

No indication was given today of the general attitude of public school teachers toward the decision made by No. 1 committee of the board of education to send the salary question to the board. A meeting of the recently organized union will be held Wednesday night, and in all probability this situation will be one of the matters discussed.

The salary question has been under discussion some time. The teachers asked a \$300 increase for 1920, and \$200 in the subsequent year. The board compromised with a \$100 increase. Subsequently it received another letter saying that only the amount named in the original request could be acceptable to the teachers. This communication was referred to the 1920 board.

Rumors of a strike are current, but there is no official confirmation of them. When an organized body such as the teachers are now, is dealing in regard to wages, a strike is always a possibility in the event of a satisfactory settlement not being made. This appears to be the only foundation for the rumors in this case.

The teachers are in earnest, however, as indicated by the fact that their organization has been completed and that throughout the province they have signed agreements not to fill the places of teachers who leave their places because of inadequate salaries.

SUGGESTS LIMITING DAILY NEWSPAPERS TO 24-PAGE SIZE

Bill Which Would Have This Effect Is Debated by U. S. Committee.

WASHINGTON, Dec. 15.—Provisions of the Anthony bill, which would limit to 24 pages daily newspapers and periodicals using the second-class mail privilege in order to conserve newsprint paper, were commended and opposed by more than a score of newspaper and magazine publishers today before the House postoffice committee.

Opposition to the measure came chiefly from the representatives of the larger newspapers, who declared that restrictions on the size would do little to remedy the situation resulting from the shortage of paper, and would serve only to work a great, if not fatal, hardship on the large newspapers of the country.

The bill was supported by publishers of small newspapers, who declared that they would be forced to suspend publication unless something were done. In opposing the measure, Rep. Anthony of Kansas, author of the bill, declared that from 2,500 to 5,000 small newspapers face suspension, and perhaps extinction should the present shortage of newsprint paper continue.

Speaking for the Chicago Tribune, a large user of paper, J. Medill Patterson declared that the 24-page restriction would affect only 50 to 60 newspapers, but to put it into effect immediately would bankrupt many of the papers.

Suggestion that an embargo be placed on coal to Canada until Canadian newspapers, which, he said, were using all the newsprint they desired, agreed to submit the same conservation program forced on the newspapers of the United States, was made by H. L. Rogers, business manager of the Chicago Daily News. This action, he declared, could be justified by the fact that Canadian pulp mills used American coal in making their product.

"The Anthony bill," asserted Bradford Merrill, business manager of the Hearst group of newspapers, "would destroy 65 great newspapers, representing in every case a lifetime, and in some cases three or more generations of effort, to benefit in only a small degree the rest of the newspapers of the country. It would place an embargo on initiative and tend to encourage slugs."

Boils are simply a breaking out of bad blood, and anyone who has suffered from them, knows how sick and miserable they make you feel. Just when you think you are cured of one, another seems ready to take its place and prolong your misery. All the poulticing and lancing you can do will not get rid of them.

While the skin appears to be the cause of the irritation, the real disease is rooted in the blood, and to get rid of those painful pests it is necessary to get right at the seat of the trouble.

When the blood is purified, cleansed and vitalized, by Burdock Blood Bitters, the boils will quickly disappear, your misery is at an end, and health and strength come back again.

Mr. Robt. Johnson, Barkway, Ont., writes: "I have suffered very much, during the last five years, from boils, having as many as five at once. I tried different remedies without any relief. I was advised to try Burdock Blood Bitters, which I did, and after taking just one bottle I have had no more boils."

GERMANY SAYS TERMS WOULD CRIPPLE HER

Claims Economic Life of Country Would Be Irretrievably Compromised.

A MISUNDERSTANDING

Did Not Demand Settlement of Extradition Question As a Condition.

PARIS, Dec. 15.—(Havas Agency.)—In its note handed to the peace conference this morning the German Government declares it never had been its intention to make it a condition of the putting of the peace treaty into effect dependent upon a settlement beforehand of the question of the extradition of Germans to be tried under the treaty. It takes note of the supreme council's decision to have recourse to coercive measures only if a state of truce shall have been established by putting the treaty in force, it says, and it withdraws the objection it had offered on this score.

The Hague court, expressing the intention of the Allies to repatriate the German prisoners as soon as the ratifications are exchanged, declares that the note says the government holds to its position regarding the Scapa Flow incident, expressing the belief that a more just solution of the dispute would have been to submit it to the Hague court. Nevertheless, it declares itself ready to settle for the damage caused, but declares it is not in a position to make payment in the way provided for by the protocol, and proposes to the Allies a new method of settlement consistent with what it considers Germany's vital interests.

The note demands that the crews of the sunken warships be set at liberty. It closes with an expression of the hope that through the means thus set forth the peace which has been so much desired will at last be realized.

The note, which was delivered to Paul Dutaast, secretary of the peace conference, today, says: "The German Government desires to dissipate the misunderstanding that owing to the momentary absence of American delegates from the commissions provided for by the peace treaty, Germany claimed modifications and dispositions of the treaty concerning the extradition of persons charged with culpability in acts contrary to military law, or the repatriation of prisoners."

The German Government, previous to receiving the Allied note, had already explained the reasons why it would appear necessary to modify the conditions for the execution of those clauses, but the German Government made its sentiment for the putting into force of the peace treaty conditional upon a previous solution of that question.

The German Government maintains its opinion that the best means to reach a solution of the Scapa Flow incident would have been to submit the case to international arbitration at The Hague. Such a measure would not have delayed putting the treaty into force, or the signing of the protocol thus modified.

Ready to Make Good. "Desirous, however, of doing its utmost for the early re-establishment of peace, the German Government declares itself ready to make reparation for the damages caused to the Allied and associated governments by the destruction of the ships."

"But the German Government is unable to effect such reparations in the manner demanded by the protocol of November 1, because the execution of the demands formulated in that protocol would compromise irretrievably Germany's economic life and render impossible of execution the other enormous obligations which the treaty imposes on Germany."

The German Government will formulate through experts positive detailed propositions showing a mode of reparations, which, although adding a new and heavy burden on Germany in its present situation, are not altogether incompatible with its vital interests."

ST. CATHARINES, Dec. 15.—Victor Osterander was found several days ago with a bottle in his possession containing what he said was hard cider. Osterander paid a fine of \$200.

Court Decision Heavy Blow to "Wets" in U.S.

Still Hope, However, That Formal Peace Will Restore the Booze.

NEW YORK, Dec. 15.—The knock-out delivered John P. Barleycorn today by the United States Supreme Court in declaring war-time prohibition constitutional came as a tremendous jolt to leaders of the "Wets," dispensers of liquors, the wiseacres who have been predicting a wet as well as a merry Christmas, and the average man with a thirst.

"We do not care to criticize the supreme court and have no comment to make at this time," was the only statement forthcoming from A. W. Knight, executive secretary of the association opposed to national prohibition. He added, however, by way of a "chaser," that his organization was concerned chiefly with combating the "eighteenth amendment and had no direct interest" in the war-time act.

But the "wets" had not entirely lost their optimism. E. E. Buckner of the firm of Root, Clark, Buckner & Howland, which has led the legal forces of the "antis," declared it all rested with the president and senate whether Americans were once more to taste "red liquor." If the senate ratified the peace treaty before January 16, when the constitutional amendment became law, and the president immediately issued a proclamation declaring war and war-time prohibition an end, there all would be well, according to Mr. Buckner.

The Hardest Blow. The blow fell hardest upon the thousands of saloonkeepers and their white-aproned assistants who had been preparing to pass the yuletide with sales unprecedented. Motor trucks were all tuned up awaiting the signal

for a dash to the warehouse and return. Advertising posters and pamphlets had rolled from many a printing press. All that was lacking was immunity from the law.

In this connection Assistant Federal District Attorney Matthews, in charge of prosecution of offenders against the law in this district, said there would likely be an acceleration of the trials of some 300 offenders already arrested for illegal sale of liquor, and a decrease in the number of arrests of new offenders.

Col. Porter, who is intrusted with the enforcement of the prohibition law in this district, said his force was going on with its work as usual, averaging fifteen arrests a day for violation of the act. Subsequently he announced that there was very little good whiskey being sold in New York and that Gothamites were getting chiefly "non-beverage alcohol." His staff is giving particular attention to the prevention of the sale of wood alcohol, which menaces the lives of persons indulging in it.

The Flour, not the Baking

Every baker knows there are two processes of making bread—the short or straight process, and the long or sponge and dough process.

Bakers and cooks differ as to which is the best process.

A large number claim that the short process bakes the best-flavored pies, cakes and pastry.

But it really does not matter which way you bake, so long as you use the right kind of flour.

What you need for general domestic baking is Hard Spring Wheat such as is grown in the West, blended perfectly with the best Ontario Soft Wheat. Diamond Flour is a perfect blend of these wheats milled to perfection, and the baking that results is so successful and inviting that

Fair Wages For The Street Railway Employees

Do you know of any reason why a street railway employee should not have a wage sufficient for him to live on and keep his family in decency and comfort?

The answer of every man and woman to this question is no. The wages of twenty-five years ago will not do him now. The cost of living has thrown that scale of pay into the discard.

The company must pay the wages to which its employees are entitled today. That's only fair and square. The company has only one source of income—the selling of rides. The fares for these rides were fixed twenty-five years ago. Today they will not provide the money to pay the costs of operation, including the wages the men must have. The remedy is in the hands of the people.

London Taxpayers

As owners of the London and Port Stanley Railway, you are invited to consider the results of the first four years of municipal electrical operation. The actual financial profit to the people of London is shown in this condensed summary of rent paid over to the city council, of sinking fund set aside for paying off the debenture debt, and of surplus earnings after all other capital and operating charges have been met:

	1916	1917	1918	1919	Totals
RENT	\$20,000 00	\$20,000 00	\$20,000 00	\$20,000 00	\$80,000 00
SINKING FUND	12,915 37	10,914 12	14,766 29	19,154 17	\$57,750 95
SURPLUS	18,474 14	26,531 48	23,503 97	31,053 28	\$99,562 87
GRAND TOTALS	\$51,389 51	\$57,445 60	\$58,270 26	\$70,207 45	\$237,302 82

This is one important extract from the report just issued in clear, frank terms that are easy to understand. You should know exactly what public ownership has accomplished. Electrification has never cost the taxpayer one penny, and L. and P. S. prosperity is steadily increasing.

A copy of the illustrated report, containing definite figures, and a valuable historical sketch of the railway, will be mailed to you on request.

AUSTRIAN TYROL TO FORM A UNION WITH GERMANY IF ALLIES DO NOT GIVE HELP

Vienna, Friday, Dec. 12.—The Tyrol Diet today unanimously adopted a note asking the allies for specific assurances that the province will be provisionally and supplied with raw materials, and stating that if this assurance is not forthcoming a joint customs, currency and provisioning treaty with Germany will be effected immediately.
In the course of the debate in the Diet the declaration was made that while the present action contemplated only an economic union with Germany it was useless to try to hide the fact that a political union was the eventual object.

RAILROADERS OPPOSE THE PERPETUATION OF THE RLY. ADJUSTMENT BOARD

Ottawa, Dec. 15.—The legislative board of the Brotherhood of Railway Firemen and Engineers at the annual convention which was terminated on Saturday night in Ottawa, unanimously decided to oppose the perpetuation of the railway board of adjustment No. 1 by legislative enactment, inasmuch as it was considered such legislation would introduce the principle of compulsory arbitration, to which the organization recently has recorded its opposition. The meetings were of a private nature and information concerning the decisions arrived at was only given out tonight. The members went on record as authorizing efforts being made in conjunction with other labor organizations, to have legislation enacted covering many matters of importance to trainmen.

The following officers were elected: Wm. L. Best, chairman, and Canadian legislative representative, Ottawa, Ont.; James Pratt, secretary-treasurer, Toronto; F. W. Nicks, chairman board of directors, Winnipeg; J. A. Killenworth, secretary board of directors, St. Thomas, Ont.; William G. Graham, member board of directors, Lindsay, Ont.; with a vice-chairman for each province.

NOTORIOUS CRIMINAL ESCAPES FROM GUARDS

Toronto, Dec. 15.—The Toronto police department were notified today that Frank Clements, alias Cassidy, notorious jail-breaker, had escaped from Rockwood asylum, Kingston, Ont. Clements was sentenced last spring to seven years in Kingston Penitentiary for assaulting and robbing a Hamilton bank manager in his summer home at Burlington. After serving a short term in the penitentiary, Clements was excused by two doctors who reported him insane. He was later removed to the Rockwood institution.

Cassidy has a long record both here and in the United States for escaping from prison.

**ACTRESS IS AWARDED
\$3,000 DAMAGES FOR
BREACH OF PROMISE**

Montreal, Dec. 15.—Ada Wingard, actress, who played one of the leading parts in "Experience" at His Majesty's Theatre here, was awarded \$3,000 damages for breach of promise of marriage by judgment of the superior court, rendered this afternoon by Justice McLennan, against T. H. Ryan.

It was on the occasion of her theatrical engagement in Montreal, in October, 1917, that plaintiff met the defendant, to whom she was introduced, the judgment said, by a Montreal lady of good social standing. The following week Miss Wingard went with her company to Ottawa, and there defendant renewed his proposal of marriage, and was accepted. Defendant kept up a correspondence with plaintiff and visited her at Buffalo, Elmira, Ithaca, N. Y., and Philadelphia, and met many of her friends and acquaintances, to whom their marriage engagement was made known.

**VETERAN OF BOER WAR
SUICIDES IN NEW YORK**

New York, Dec. 15.—Captain Clarence L. Wicher, member of a wealthy Philadelphia family, who fought with the British army during the Boer war, and with the American army in the world war, attempted suicide here tonight in a Broadway hotel. He was removed to a hospital with a pistol shot wound just below the heart, and his condition is said to be critical.

Although reputed to have been worth \$2,000,000 at one time, and known in England and other European countries as a wealthy sportsman, Captain Wicher's letters indicated that he was in straightened circumstances. He asked that H. Scott, a lawyer, of Philadelphia, be notified that he might settle a bill for \$75 due the hotel.

TWO NEGROES LYNCHED.
Huntington, W. Va., Dec. 15.—Two negroes, accused of murdering J. Meek, a resident of Island Creek, Logan County, were taken from a train at Chapinville today and lynched, according to reports reaching here tonight. The bodies were then thrown into Island Creek, the report said.

INVESTIGATING "LEAKS."

PROPOSE CO-OPERATION WITH LATIN-AMERICAN STATES AGAINST REDS

Buenos Aires, Dec. 15.—In order to prevent the movement of anarchists and other dangerous agitators between North and South America and to suppress "red" propaganda, the United States Government has suggested to the governments of Argentina and Uruguay mutual police co-operation, it was learned here today.
It is known that during the last few months large numbers of European radicals, mostly Spaniards and Turks but including Russians, have made their way to the United States by way of South American east coast countries. At the same time from the United States, travelling most frequently as members of crews of ships and, not requiring passports, easily escaped identification.

ENGLISH COURTS ANNUL MARRIAGE OF DAUGHTER OF D. H. MACPHERSON

Toronto, Dec. 15.—A cable dispatch received at Toronto today announces that judgment has been given in the English courts annulling the marriage of Miss Veda MacPherson, daughter of the late David Hamilton MacPherson of Toronto, and granddaughter of the late Hon. Sir D. L. MacPherson, to Capt. Verschoyle Campbell, a young Irishman. The marriage of Miss MacPherson to Capt. Campbell took place at Quebec three years ago, at which time Miss MacPherson was living with her uncle, William Milson MacPherson, the president of the Molsons Bank.
Since her marriage, Mrs. Campbell has been living abroad. During the latter period of the war, she served with the Red Cross in France.

Public School Hockey League Formed Tonight

New Organization Promises To Be Big One With Possible Entry From Every School.

Tonight's meeting at the Y. M. C. A. to organize the Public School League, which Sid Rankin has been fostering along, should clear everything up in a manner to get the league started as soon as ice is available in the park. It is decided to play there this season.

Representatives from every school are expected at tonight's meeting, and it is thought probable in view of the size of the league that it will be decided to play on the park open air rinks.

From the interest evinced in other sport organizations in the public schools of the city, there should certainly be no apathy when it comes to hockey and with the cups which will be offered and which are already promised the league officials from more sources than it has been found possible to accept, the teams entered will have a real interest in keeping up their best efforts.

Plans are being laid that will make the Public School League a permanent organization, and the new circuit will receive every assistance from the clubs who are behind the intermediate and junior O. H. A. clubs in the city.

BIG BONSPIILL OPENS HERE ON JAN. 13

Event Expected To Draw Largest Entry In Its History—Officers Elected In Charge.

Tuesday, January 13, was chosen as the opening day of the big blue ribbon

event, the London Open, at the "Spill" executive at the meeting held in the Thistle Clubrooms last night.

The state of officers who were selected to handle last year's business, which was postponed, will again act this year, and collectively, they are confident that this year's yearling will go down in history as the biggest and best ever staged.

The event has been a larger attraction each year since the Western Ontario bowlers, and the addition this year of more prizes should result in a still bigger attraction of the curlers of the province.

The event will open at 1:30 p.m. on the day selected, and from indications should go into four days. Many of the best skips in Western Ontario curling clubs have signified their intentions of bringing lines here for the event, and the advance promises are more than in any other year. In the Bank of Toronto trophy there are three sets of prizes, and prizes for all winners and runners-up in the other two trophy events, the McNece and Tecumseh trophies.

Community silverware to the extent of 248 pieces, valued at \$300 which has already been purchased, form the additional prizes.

The officers for the event are: Hon. president, W. J. Robinson; president, Frank S. Ashplant; vice-president, Wm. Turnbull; secretary, A. M. Trick; treasurer, D. L. A. Wright; executive committee, T. Shaw, R. D. McDonald, A. M. Heaman, R. B. Wans, H. J. McCallum, T. Gillean, F. N. Allen, S. D. Swift, J. W. Griffith, S. H. Keene, F. H. Hindmarsh, W. J. Snelgrove and W. A. Casselman.

Members, A. E. Barbour and Mooney Gibson were added to the executive.

TWO KNOCKOUTS FEATURE DETROIT BOXING MATCH

DETROIT, Mich., Dec. 15.—Two of the four bouts went the limit, and two were concluded by knockouts at the Elks boxing show tonight. Jack Farrell of Philadelphia met his Waterloo at the hands of Pete Choite of Detroit, lightweight champion of the 33rd Polar Bear Regiment in the main "go" when a right to the jaw in the eighth round put Farrell down and out. Choite had the better of the argument all the way, and only the Philadelphia's rammer allowed him to stay as long as he did.

In the ten-round semi-final, Mickey Dillon of Charleroi, Pa., stopped Jimmy Taylor of New York in the seventh, when Taylor's seconds threw up the sponge. Dillon floored Taylor in the fifth, seventh and ninth. The boys weighed in at 118 pounds.

Irish Kennedy of Hamilton, Ont., gave Jimmy Collins of Detroit a systematic beating in a six-round preliminary at 125 pounds. Bob Maxwell, Leasale, Ill., lost to Joe Socco of Detroit in six rounds at 125 pounds. Maxwell received severe punishment.

OVER 1,000 PLAYERS WERE IN O. R. F. U. LAST SEASON

Dr. Fairbank of Petrolia Elected President, With Jack Newton, Sarnia, Second-Vice.

TORONTO, Dec. 14.—At the annual meeting of the O. R. F. U. held here Saturday it was decided that in future the annual meeting of the O. R. F. U. will be held in the early part of September. Secretary Hewitson refused to again hold office, and as a result President DeGruchy was given the right to select his successor. The secretary's report showed that during the season just closed nearly one thousand players had taken part in the O. R. F. U. games. The figures show that the older organization is far in advance of other Canadian unions in developing material.

Despite the fact that McGill University and M. A. A. A. declined to compete in the Dominion final, thereby entailing considerable loss to the O. R. F. U., the treasurer's report showed a good balance on hand to start next season.

The proposed amendments to the rules caused some discussion. That relative to making it clearer that a team could either scrimmage or kick the ball at the quarter was after a long debate and safety touch was passed, as was that clearing up the question of whether the ball should be taken to halfway or 40 yards out after a field goal. It shall be kicked from the 40-yard line.

The proposal to amend the suggestion of the A. A. U. of C. for the registration of all athletes with the Provincial branch of the A. A. U. of C. was passed.

All the executive offices were filled by acclamation as follows: Honorary president, Dr. Fairbank, Petrolia; president, John DeGruchy, Toronto; first vice-president, Walter Howell, Hamilton; second vice-president, Jack Newton, Sarnia; third vice-president, Father McCormick, Toronto.

INTERMEDIATES GET FIRST ICE WORKOUT TONIGHT

Big Squad of Candidates Expected Out At Opener—Railbirds Will Have New Ones To Look Over.

Tonight the intermediate O. H. A. squad will get their first ice workout at the London Curling Rink, in preparation for their trip to Ingersoll tomorrow night for the exhibition game which Manager Ferguson arranged with the sextet representing that town this year. Hostilities open at 9:45 tonight, and there is a fine sheet of ice ready for the squad when it glides out.

Right now Manager Ferguson has a long list of candidates who, if they all turn out, will make tonight's squad a large one. And every man is needed on right now, many of them having indulged in private workouts to get into condition. It is probable that Eddie Procter will go out tonight, but whether he will work out with the team is uncertain. Anyway, he'll probably be among the railbirds out at the practice.

There are a lot of good boys among the candidates who are strangers to London fans, but many of the old hands will be on the job, and this should give the fans a good idea how the new material sizes up.

How the trip will be made to Ingersoll has not been definitely decided, but it is possible that if the weather moderates, the team will go down in cars.

Some of the candidates who will put in an appearance tonight are:

Leach, McBurnie, Ross, Ruelter, Nelles, Burrows, Arthur, Elliot, Watiss, Leach, Dobie

WOODSTOCK TEAMS PLEASE FAX IN ICE WORKOUT

WOODSTOCK, Dec. 15.—On very fast ice, Woodstock hockey players staged their second workout of the season tonight. There was a full turnout, and all the old-seasoned veterans were out in force. Last night's practice was of the kind to bring joy to the hearts of the many fans, who crowded the arena to see the boys workout. The players looked fine, and there is reason to expect that Woodstock will have two snappy teams this winter. The intermediates, especially, should be a strong aggregation. Looking the players over last night, a rough forecast of the probable line-up of the intermediates would show Dunlop in goal, Hagerman and "necroek," two experienced men on the defence, and King, the local speed merchant, leading. Andy Lee's shining light of last year, and Parker, or Cohen, both speed demons, completing the forward line. Pusley of the college was out at practice tonight, and looked topsy. Trump, Cohen, Clarke, Reid, and others are likely to be in the juniors. Altogether the boys look very fine, and some good things are expected of them. Tonight's practice

The schedule for the local O. H. A. group was drawn up yesterday afternoon, for Watford, Sarnia and the locals, and in accordance with the ruling of the O. H. A., the group will be decided before Feb. 1. London plays the opener of the group at Watford on January 6, with Sarnia here three days later on January 9.

The group should provide one of the fastest this city has ever seen. Sarnia is not losing any time getting to work, and reports from Watford claim a team that will take a lot of beating. Both teams have produced hockey players before and the three-cornered fight should provide the fans with everything on the stage of good hockey.

A. L. Johnson of Watford, and Bill McEart of Sarnia, with H. H. Ferguson, convenor of the local district, drew up the schedule, which follows:

Jan. 6—London at Watford.

Jan. 9—Sarnia at London.

Jan. 12—Sarnia at Watford.

Jan. 17—London at Sarnia.

Jan. 23—Watford at London.

Jan. 27—Watford at Sarnia.

URGENT CLEMENCY FOR CONDEMNED MURDERER

MONTREAL, Dec. 15.—A small deputation waited again on the minister of justice here today to make an appeal for clemency in the case of Romeo La Coste, one of the five now under sentence of death for the St. Sulpice murder. It was mentioned that La Coste's mother had written to the Prince of Wales, and that he had forwarded the letter to the minister of justice.

AMERICAN SEIZED BY MEX. BANDITS IS FREED

WASHINGTON, D.C., Dec. 15.—The state department was notified officially late today that Frederick Hugo, the American seized by bandits in the recent raid of Muzquiz, Texas, had been released and had returned to Muzquiz. The conditions on which he was set free were not stated in the message, but the department's announcement said it was supposed no ransom had been paid.

SAYS UNIVERSAL EIGHT-HOUR DAY IS PRACTICABLE

But If It Applied On Farms
Milk Would Be 30 Cents
a Quart

GRANGE MASTER SAYS

Drury Says No Reason For
Jealousy Between Grange
and U. F. O.

TORONTO, Dec. 15.—"Can an eight-hour day be made universal?" was a question propounded at the 45th annual meeting of the Dominion Grange here today by J. C. Dixon of Warfield, master of the grange. Mr. Dixon answered his question in the affirmative with reference to the farm, but he said it would mean that the people would have to pay 30 cents a quart for milk, \$2 a peck for potatoes, \$5 a bushel for wheat, and \$1 a pound for butter.

"Yes, an eight-hour day on the farm can be made perfectly practical," he said, "and every working man should have every other economic structure of this country is adjusted to the point that farm produce, like other products, shall be paid for on the basis of cost of production plus a profit. When that time comes it does not matter what the cost of production may be, not even how many hours constitute a day's labor on the farm, even two shifts of farm labor may be employed, provided the farmer may charge that labor into the production cost of what he sells."

"There is, however, a growing opinion that that is the most unsound position the farmer can possibly take, and that he is injuring his own industry by continuing such protestations. 'If the other hand, farmers would unite in their declaration that they propose to aim at an eight-hour day, and then proceed to organize themselves to a point where they could enforce it, such a move would come nearer to jarring the Canadian people back to a level of common sense than anything else that could possibly happen at present."

Time To Begin.

"It is time for farmers to begin to think along these lines instead of allowing every class under the heavens to put one over on them, the way it has been done in the last few years. You don't have to agree with this proposition, but it is worth a lot of hard thinking about just the same."

The master of the Dominion Grange expressed a hope that a better day was dawning "when the farmers and other industrial classes shall become educated and organized and vote as a unit." He declared that trusts and combinations would have to go. "There need be no jealousy between the Grange and the United Farmers of the Dominion," said Premier E. C. Drury, at a banquet held by the Dominion Grange here tonight. The premier is a past master of the Dominion Grange. Referring to the new Ontario Government Premier Drury said:

"We are not politicians, and hope that we never will be, in the accepted sense of the term. 'I do not think the old parties will unite against us in the Legislature,' he continued, 'because I do not believe the people of the province would stand a combination of the old parties to put us out of business before we have a chance to show what we can do.' Premier Drury emphasized his desire for a continuance of good will between Canada and the United States. "The coming forward of the common people in the new movement sweeping the country," he said, "will be a great surety international relations. We must frown on any one so wicked as to stir up passion between these two countries."

MINISTERS OF THE DRURY GOVERNMENT IN BY ACCLAMATION

TORONTO, Dec. 15.—As anticipated, all seven ministers in the Drury Government, whose nominations took place today, were re-elected by acclamation. Little public interest was manifested in any of the nominations, which were regarded as mere matters of form. The ministers in question are: E. H. Grant, minister of education; Carleton; Hon. Peter Smith, North Perth provincial treasurer; Hon. H. C. Nixon, North Perth provincial secretary; Hon. Walter Rolfe, West Hamilton, minister of health and labor; Hon. Harry Fort William, minister of mines; Hon. Ben Bowman, Manitoulin, minister of lands and forests; and Hon. F. C. Biggs, North Wentworth, minister of public works.

DON'T NEGLECT A COLD IN THE HEAD

It May Lead to Influenza or
Other Serious Illness.

Never neglect a cold in the head. It is a trouble so common that we are apt to treat it as of little consequence. But it is only a step from a cold to grippe and the possibility of some trouble in the throat—pharyngitis—meningitis is always there if it is neglected.

This year there is a special danger as this is about the first symptom of this disease is similar to a cold in the head. So don't, under any circumstances, neglect a cold.

In its early stages a cold yields quickly to proper treatment. Grip Fix, a combination of the drugs which relieve the system in such cases, gives remarkable results. It relieves a cold in a night and even Grippe yields to it in 48 hours.

There is nothing in Grip Fix but that would be approved by your family physician, and the instructions attached to each box, it comes in capsule form and is a safe preparation for use in the home. Its action keeps the system open to throw off the system of poisons created by the cold, reduces the feverish conditions and allays the pains in the head and muscles.

Grip Fix is for sale by all druggists at 35 cents per box or three boxes for \$1.00. Be sure that you get the genuine Grip Fix. If there is no substitute which deals so promptly and effectively with colds, grippe and kindred troubles.

LONDON, Dec. 16.—Is the world to
end tomorrow? Not a chance say a
couple of eastern scientists who have
studied the question.
"The earth will not be destroyed by
a sun spot," said Edgar Lucien Larkin,
the astronomer, at a luncheon of the
Chemists' Club in New York. On
Wednesday Mercury, Venus, Mars,
Jupiter, Saturn, and Neptune, six of
the planets, will be virtually in a
straight line with the sun. Some of
the prophets predict that they will pull
the sun all out of commission and leave
this old earth without light, heat or
power.
Prof. Eric Doolittle, director of the
Pew observatory of the University of
Pennsylvania, assures us also that
it will take more than the six planets
pulling in a straight line, or any other
kind of a line, to put the earth out of
running order. "Oh, no," said the as-
tronomer, "consider it, nothing more
than a mere man's work."
"There have been like sun spots be-
fore this," he said, "and the world is
still revolving."

SIR ROBERT BORDEN MAY BECOME NEXT U. S. AMBASSADOR

Canadian Premier May Represent Britain at Washington.

WASHINGTON, Dec. 15.—A successor to Viscount Grey as British ambassador here probably will not be selected until Viscount Grey returns to England in January and confers with his government. Lord Grey may decide to retain the post himself. It was indicated, it is reported, that the British government will carry out its original plans for the re-establishment of the relations of America and Great Britain on a peace basis.

The illness of President Wilson and the deadlock in the senate brought about a situation where it was apparent that Viscount Grey could not discharge his functions to his own satisfaction, hence his determination to re-

turn to England, for the present at least. The name of Sir Robert Borden was considered as a successor to Lord Reading during the presence of the Canadian premier in Paris in connection with the peace conference. It was understood then that he desired to retain his position in Canada. He has been in the habit of making several visits to this country every year for the benefit of his health, however, and it was suggested that climatic reasons might influence him in considering a tender of the post at Washington.

HON. PETER SMITH GOES UNOPPOSED IN S. PERTH ELECTION

[Special to The Advertiser.]
STRAITFORD, Dec. 15.—Hon. Peter Smith was elected by acclamation for South Perth in the Legislature today, no opposition being advanced. Nominations for the seat were devoid of interest, and only a handful of people were present. It was a foregone conclusion that no opposition would be offered, as Mr. Smith rolled up a majority of over 2,500 when elected. Alexander Frame was returning offi-

Hon. W. L. Mackenzie King
Voices Regret Because of
Premier's Health.

OTTAWA, Dec. 15.—Sir Robert Borden's successor will be appointed and the new government installed within a month. Arrangements to this end at any rate are now being made. The actual date when the new government will meet is not yet known, but it is expected that it will be in the latter part of the month. Sir Robert Borden's health is such that retirement from active work in public affairs should be as early as possible. Sir Robert was at his office this morning, but retired in the afternoon. The usual afternoon meeting of the cabinet council was not held.

Several members of the present administration will not doubt take the opportunity to retire from public life. Since early Saturday cabinet changes and retirements have been discussed, but with a change in administration so near at hand, it is not expected that in the interval between now and the actual date when the new government will meet, any cabinet retirements will be made. The usual afternoon meeting of the cabinet council was not held.

No announcement was forthcoming from those in close touch with the prime minister as to when an official statement concerning his retirement might be expected. It was said that Sir Robert's not having denied the report of his impending resignation was generally accepted as confirmation of a sort. All day messages of regret from various parts of the Dominion were being received at the prime minister's office in the capital. From W. L. Mackenzie King, leader of the Liberal party, was among those voicing regret to hear of Sir Robert's departure. "I should be very sorry, indeed," said Mr. King, "to know that Sir Robert's health was such that he was compelled to give up the leadership of his party, and I am sure that the Dominion will join with me in expressing regret that illness has compelled Sir Robert to even consider such a step."

Mr. King stated to the Canadian Press that he would have called on Sir Robert today to express his regret personally, but that he felt, owing to the fact that no official announcement of his retirement had been made, that such a visit would be premature until the report of Sir Robert's retirement from that cause had been confirmed.

TWO MORE CANADIAN- MADE SHIPS FINISHED

OTTAWA, Dec. 15.—Two more vessels constructed under the Canadian Government shipbuilding program have just been completed, and are now loading at Quebec. They are the Canadian Planter and the Canadian Rancher, of 8,350 and 3,100 tons respectively. The completion and delivery of the two boats mentioned herein makes a total of 22 vessels in commission. Thirty-five other vessels have been contracted for, making a total of 57 vessels in all.

SIR THOMAS WHITE SAYS DEFINITELY HE IS NOT A CANDIDATE

TORONTO, Dec. 15.—Referring to the reports from Ottawa as to the possibility of Sir Thomas White's becoming premier, Sir Thomas White stated tonight that mention of his name had been entirely without knowledge or consent on his part. He stated that he was not a candidate for any office in the government, and that his intention was to return gradually to private business life. He said further that the reasons for his retirement as minister of finance had been given fully and frankly at the time of his resignation.

ACREAGE SOWN TO WINTER WHEAT SHOWS A DECREASE

WASHINGTON, Dec. 15.—A decided decrease in the acreage planted for winter wheat this fall is shown in first estimates today by the department of agriculture. The total of 38,770,000 acres is 11,719,000 less than the record acreage in 1918. It is, however, the fourth largest crop ever planted. Conditions of the crop on December 1 were 82 per cent of normal, or four points lower than the ten-year average.

and thirteen points below that of last year. The acreage planted to rye also showed a marked decrease, the area being 5,530,000 acres, or 1,702,000 acres less than a year ago. The area sown and condition of winter wheat in important producing states follows: Pennsylvania, 1,587,000 acres, condition 80 per cent; Ohio, 2,476,000 acres and 79 per cent; Illinois, 1,900,000 acres and 82 per cent; Michigan, 922,000 acres and 84 per cent; Nebraska, 2,589,000 acres and 82 per cent; Kansas, 3,136,000 acres and 75 per cent; Texas, 1,977,000 acres and 75 per cent; Oklahoma, 2,811,000 acres and 75 per cent; Colorado, 278,000 acres and 81 per cent.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need for a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Going, Going --- Starr Xmas Sale

Four Days More of Big Musical Bargains
Auctioneer---Mr. Santa Claus

The Gift She Has Always Wanted—

A Starr Phonograph

It's the quality of tone of the Starr which has always made it her favorite, tone sweet, pure, clear, true, life-like, entirely free from a suggestion of the nasal, metallic or harsh. "Isn't it splendid," she says, "that the throat and horn of the Starr are made of the very kind of wood used by Stradivarius for his first master violin? That's why the Starr produces tone with exact fidelity to the original, and that's why I wanted a Starr."

VAUDEVILLE ACTS AT GRAND THEATRE PLEASE AUDIENCES

Six Exceptional Acts and Interesting Picture Comprises Bill.

Six unusually pretty girls and one man, all splendid musicians, form the headline attraction at the Grand Theatre first part of this week. Bert Biele and Miss Lottie Thompson are artists of the first water, with the band, while the other girls play a great variety of instruments. It is an act well worth seeing.

Laughter was the keynote of the reception given to Frank Huxley and Billy Bann in one of the funniest acts of the season called the Perfect Lady. It is something new, and the comedy is decidedly fresh. One of these comedians waltzes with a woman throughout the act, and it is this impersonation that forms the basis for the fun. They won many encores.

"At the Tennis Court" played by Victor Martin and Maude Florence, is a clever act of high order that is clever as well as novel. Many difficult stunts are pulled off to the delight of the spectators. Tennis balls form unusual material to juggling, but they are manipulated in a wonderful manner. Hoops are also used with good effect.

Clever Balancing. Peggy Brennan and brother give a clever balancing act called the "In the Playgrounds." The stage settings are gorgeous and are carried out on a big scale. They give an air of the mysterious to the act. Balancing is done on ladders.

A dancing act by Babcock and

Dorinda in which the man does some fair acrobatic work completes the vaudeville program.

Jack Pickford, starring as Jack Robins, hero of the feature film, "Burglar by Proxy," gets his start in adventure with a toothache and a damaged tire. Then follows love that compels him to turn amateur burglar. In order to win, this amateur burglar, who follows Robins into the innermost portals of society, where jewels and excitement abound.

Amusing Scenes. Robins is introduced into the story as a young man who has nothing in the world to bother him except a toothache, spring fever and an occasional blow-out. However, he being a scheming young man, he turns a blow-out into means by which he is thrown into the company of the girl he wants to meet. At this stage love enters the game; also the villain, who is a rival for the girl's hand as well as a business rival of her father's. Fate takes a hand and Robins becomes a victim of circumstance, by which he is forced to become an amateur burglar. It is in this role that he is able to defeat the plans of the villain, who is a rival for the girl's father.

It is a clever picture and is replete with humor. The climax does not come until the last scenes of the play, then in an unexpected way. The bill will be presented today and again tomorrow.

BARNEY GILMORE IN "THE ROCKY ROAD TO DUBLIN" AT THE GRAND THURSDAY EVENING

Barney Gilmore, the popular Irish singing comedian, is coming to the Grand Theatre, evening at 8:15, in his great Irish play, "The Rocky Road to Dublin." He has surrounded himself with a great acting company headed by Miss Helen Evely, who came to this country with the Irish players several seasons ago. The story deals with the friendly rivalry between a western miner touring Ireland and the driver of a jaunting car for the hand of a wealthy widow, which furnishes no end of complications. The play is full of sparkling dialogue, real Irish wit, songs and dances by Mr. Gilmore with the assistance of a real Irish piper. The jokes of Kilmeny and a story of real heart interest, makes "The Rocky Road to Dublin" the best Irish play this year ever been written. The seat sale opens this morning.

O. D. E., and Acadian Club for the benefit of the new Children's Hospital. Mr. Drake has spared no pains or expense to make the production even more satisfying than when first seen here, and gives his guarantee that the performance will meet all the requirements of the most fastidious theatre-goer. ORIENTAL DANCER SCORES AT THE MAJESTIC THEATRE

The Popular Playhouse Has Been Gorgeously Decorated for Showing of Famous Picture, "The Flame of the Desert."

The Oriental atmosphere of the Majestic Theatre interested the capital audiences last night. When patrons first entered the lobby of the theatre they were both amused and interested at the Oriental spirit which predominated. Drapery of the Far East hung from the walls. The door man was garbed in an Oriental dress, all to add spirit to the unusual picture, "The Flame of the Desert."

The stage setting also harmonized with the other decorations. Wistaria flowers hung from the ceiling. Every thing has been done to show up Madeleine Beau, the little Oriental dancer, who is a pupil of the Orientalist Roschi Mari, the famous dancer from Egypt.

MYSTERY STORY THRILLS CROWDED HOUSE AT PATRICIA

"Loot" a Clever Adaptation of the Story Written by A. S. Roche.

Patrons of the Patricia Theatre, especially those who revel in mystery stories, were yesterday delighted with "Loot," the Universal film adaptation of the clever mystery story from the pen of A. S. Roche, which appeared in the Saturday Evening Post.

Carrying a mystery from start to finish, the picture shows the workings of the underworld of New York, is full of intense dramatic scenes, thrilling escapes of the hero and a delightful little love story.

The Shadow, portrayed by Joseph W. Girard, is known and feared throughout America as the master criminal of the underworld and he has surrounded himself with a daring and lawless band. A young Englishman, Hildreth, played by Darrell Foss, is sent to the United States to receive the famous Arabia Jewels. But the Shadow has planned otherwise, and it is his purpose to blot out Hildreth's life. He almost accomplishes his purpose, but the strange fascination which Hildreth, the little musical comedy actress, holds for Hildreth, guides the hero to dramatic fame by her capable handling of the role.

82ND ANNIVERSARY OBSERVED AT FIRST CONGREGATIONAL CH.

Former Pastor, Rev. J. W. Pedley, Conducts Service.

"THE NEW JERUSALEM"

Preacher Dwells On Need of Building For Future Heavenly Home.

"I count it a great privilege to be present today," said Rev. J. W. Pedley, B. A., of Toronto, speaking at First Congregational Church on Sunday. "On this 82nd anniversary. Twenty-four years ago stands out clearly, for we then spent four happy years as minister of this church. Mrs. Pedley and myself hold the London church especially dear to us, for here we made many close friends, and had many blessed experiences in our work."

"I pray God's blessing will rest upon you, and that much success will be yours during these days under the leadership of your good pastor, Rev. M. Kelly."

The New Jerusalem.

Speaking on the New Jerusalem, Mr. Pedley based his remarks on Hebrews, xiii, 14. "For here we have no continuing city, but we seek one." "Regarding the author," said the speaker, "there's some doubt, but there's no doubt as to his ability, for with a fine, delicate touch he characterizes all the unrest and disturbance not only of our age but of all ages."

"This restlessness is a common disturbance of the race. The modern city grows in all directions. But, the old cities were built for a purpose—their streets carefully chosen, walls and buttresses made impenetrable, lasting forever."

"The only defence that is secure is a noble army. There's no safety in cities any more."

Hard To Believe.

"It's hard for us to believe that what we are engaged in, interested in, giving our best thought and energy to develop—that all this will not last."

"We think our systems, social, political, yes, even religious, are but transitory. We have here no continuing city, but we seek one. And," continued Mr. Pedley, "it's the best solution of all our difficulties that we seek one for all orders must be pushed aside. Change and decay in all around I see, that's been the law of all the ages."

Only Life Worth While.

"We have often wondered how men have endured and put up with hardship, but the only life that's worth while is the life that seeks and strives, that endures."

"It was no calamity to be turned out of Eden. The only life that develops, that labors, that goes to the wilderness and makes it blossom as a rose."

"There's no paradise for any man except the one he makes for himself. God could not make one for me; I must make it for myself. Even Adam and Eve were not satisfied with the paradise God made for them. They must needs make their own."

Same Today.

"So with the race. Our boys coming back are sick of our planning and fussing for them. Our striving to supply all their needs. They want to get out and

Col. W. G. Coles To Command Machine Gun Brigade Here

That he has "accepted the appointment as officer commanding the machine gun brigade to be organized in M. D.

No. 1," was the statement made yesterday by Lieut.-Col. W. G. Coles. The personnel of the brigade will comprise about 60 officers and 700 other ranks, and the organization work is to be begun at once, though little active progress can be made until the holidays are over.

The formation of such a brigade is the result of experience during the great war and the arm with which the

brigade will be equipped it is expected, will be an improved machine gun, also the outcome of experience in the terrible fighting of the nearly five years' duration.

That the machine gun corps with, should dire fate befall the world as another great war, be the front line of the fighting forces was a very definite expression of opinion on the part of Col. Coles.

For Your Christmas Cake and Pudding

and for all other Christmas baking and cooking, be sure and use

Dexter's Snowwhite Flour

To the housewife, the baking of the Christmas cake and pudding is an event. Preparations for them are made days ahead, and so important is the quality of the ingredients that the least mistake in selecting one often means the spoiling of the feast. Flour, of course, is of utmost importance. It must be of highest quality, it must mix to the proper consistency, and bake to the desired weight and color, or the cake or pudding is lacking in the essential "Christmassy" taste, appearance and flavor.

Snowwhite Flour

scientifically milled of choicest golden wheat berries, is the one flour that can be depended upon to bake up to expectations. It cannot do otherwise, because only first-quality wheat is used in its manufacture.

So sure are we of your unqualified approval of SNOWWHITE after your first baking, we ask you to try it just once. You'll be so pleased with the results you'll never use any other flour.

Your grocer, if he is progressive, sells "SNOWWHITE." If he hasn't got it, and wants to please you, he'll order it for you. Ask for it today.
