Where They Sell Everything That Men Wear

Notice—Every member is invited to be present at the meeting of Court Evangeline next Monday evening, Dec. 11th. Election of Officers.

McDougall's line of Xmas Chocolates is the finest he has ever had. Call in and see for yourself.

Miss Cora M. Walsh, who has a responsible position in the office of Freeman & Co., Halifax, has been spending a short vacation at her home in Avonport, recovering from an attack of bronchitis. She returned to the City on Thursday.

For Sale—A Registered Durham Bull, 13 months old, a fine formed and thrifty animal. Apply to C. R. Calkin, Grafton, 31

Mr. Harold Chipman who has been in New Glasgow for some time engaged in overseeing work of parts of shell manufacture is at his home in Kentville for a few days. Mr. Chipman will take a vacation from the strenuous work and purposes going to the United States for a trip.

Strayed to my premises a White Yearling Ram with ear tag D. A. Morton. Owner can have same by paying all expenses. Owen Kidston, Chipman Corner. 1 a&o

Capt Church who has been at the front as veterinary surgeon with the Heavy Artillery is home on sick leave and visiting his sister Mrs. D. C. McKay, Kentville. Just now he is spending a few days at the Aylesford Lakes. He expects to be fit to return to duty before very long.

All colds cannot be treated in the same way. Nyal's Laxacold Tablets are effective for deep-seated, tight coughs that require a good laxative medicine in combination with effective ingredients that directly attack a cold. McDougall's Drug Store.

Here's Your Invitation To Kentville's Poultry Fair, Where Brown Leghorns do battle.

And show their beauty rare. The females always singing. Of the prizes they have won. You will find it entertaining. And the males help make the fun.

A County's welcome waits you. Lots of breeders you will see. Of Reds, Whites, Buffs and Bars. But the Brown's the bird for me. The Dotts might well suit fishermen.

The Reds must end with nigger. The Plymouth Rock is favorite stock.

But Browns will sure grow bigger. And when it comes to laying eggs.

They got the whole bunch winded. And when it comes to buying food.

But half as much is expended.

AWAY WITH THE DOGS

An exchange says: "Undoubtedly the question of cost of fencing and shelter is the greatest objection to sheep raising on the average farm."

To this we would add raids by worthless dogs. While conversing with a prominent sheep breeder in the vicinity of Sussex, a few days ago, one, who by the way brought in the most wool to the local wool growers centre last spring—he told us that he had disposed of his entire flock owing to the ravages of dogs during the fall and summer months. Discouraged? Yes discouraged by seeing his best ewes and lambs torn, bleeding and dead and the profits expected and in sight, wiped away by the average of worthless dogs that are so safely entrenched behind a worthless dog act. Like Lincoln's immortal "Are slave owners the best lawgivers on slavery?" It seems that dog owners are the law givers for the protection of the sheep industry, and consequently the sheep industry dwindling while the many curs are rolling in luxury. The situation is critical and calls for an immediate remedy. Save the producing industry by doing away with the blasted dogs.—Maritime Farmer.

PROTECTION FOR THE HORSES

(Yarmouth Post)
One must hand it to George E. Graham, of the D. A. R., for doing things when he sees the need. A few weeks ago the freight shed was hauled to the west side of the track. This made a better looking station ground and was more convenient in other ways but it was hard on the horses and drivers. On the east side they could drive into the shed and unload in comfort; on the other side they could not get under cover and were exposed to the cold bleak winds blowing right off the harbor. Today carpenters started to cover in the driveway, practically making it a part of the shed. If the horses could talk they would be sounding notes of gratitude.

HOW SUBMARINES ESCAPED THE PATROL

Providence, R. I., Dec. 4—The Providence Journal says this morning:

"The wireless warnings recently issued to captains of merchant vessels in the Western Atlantic were put out by the order of the British Admiralty, with the full knowledge that there are now in the neighborhood of West Indian waters two large German submarines which have been here since the visit of the U-53 and also because of the knowledge of the British Admiralty that two other German submarines of the newest and speediest type left Kiel for the coast of the United States on States on November 5 and were able to evade every effort that was made to capture or sink them before they got out of the North Sea.

"The Journal is able to state authoritatively that the plan of despatching four of the new German submarines from from Kiel on November 5, was known in advance to the British authorities that all four submarines left Kiel on that date and at different hours and that two of them were sunk during the same day by British destroyers, the other two getting safely away.

The United States Government has been fully informed of this situation and President Wilson has made strenuous representations to Ambassador Von Bernstorff concerning it.

About Six Hundred From the Colony Have Been Killed

St. John's Nfld., Dec. 2—The extent to which the Newfoundland regiment suffered on the opening day of the British drive in July last, became known today when figures of its losses were made public. In the fighting near Beaumont-Hamel about one hundred members of the regiment were killed or died shortly afterward from wounds, and the regiment lost 150 officers and men who were listed as missing and of whom no trace has since been found. Of the five thousand men who went from this colony to join the British military and naval forces about 600 have been killed. The principal army losses occurred in last summer's drive and in the fighting in Gallipoli last winter.

"I FEEL LIKE A NEW BEING"

"FRUIT-A-TIVES" Brought The Joy Of Health After Two Years' Suffering

MADAM LAPLANTE
25 St. Rose St., Montreal, April 4th.
"For over two years I was sick and miserable. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.

I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health."

POTATOES 1000 BUSHELS TO THE ACRE

There was much interest in the recent potato demonstration on the farm of E. P. Prentiss at Mt. Hope farm in Williams-town, Mass. Mr. Prentiss has been devoting 4 years of experimental work to growing of potatoes, largely with the object of securing better yields. That he has been unusually successful is attested by the fact that one plot dug a few days ago in the presence of agricultural men from Massachusetts, Vermont, New York and many local farmers, yielded at the rate of the rate of 600 bushels to the acre. The variety was Rural New Yorker. Another variety which Mr. Prentiss has dubbed Mount Hope made 800 bushels to the acre.

It is the belief at Mount Hope farm that potatoes should not be dug less than 13 weeks from the time of blossoming. One plot dug 10 weeks from the blossoming period yielded 800 bushels. Another point of emphasis is the elimination of small hills. In accomplishing this all potato seed in different hills is kept separate. In winter these individual hills are sorted and all small potatoes thrown out, leaving only the sound, true-to-type specimens. The various selected hills are planted by themselves and numbered. There were 2690 such hills so planted this year. There were 15 hills of each number, thus making an immense amount of detail work to keep the checking straight. In some of the seed thus selected and through favorable conditions the harvest at the field day, Oct. 11, showed a yield at the rate of 1015 bushels to the acre.—N. E. Homestead.

BAD STOMACH TROUBLE

Yields to Delicious Vinol
Shreveport, La.—"I had a bad stomach trouble for years and became so weak I could hardly walk or do any work. My appetite was poor, my food would not digest, I bloated and was very weak and nervous. I tried many remedies without help. I saw Vinol advertised and tried it, and now my stomach trouble is completely cured and I am well."—E. L. MARSHALL.
Vinol is guaranteed to tone up the tired, over-taxed and weakened nerves of the stomach and create strength.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

WRITE IT LARGE

Write it on the liquor store. Write it on the prison door. Write it on the gin shop fine. Write, ay, write this truthful line.

"Where there's drink there's danger."

Write it on the workhouse gate. Write it on the schoolboy's slate. Write it on the copy book. That the young may on it look, "Where there's drink there's danger."

Write it on the churchyard mound. Where the drink slain dead are found. Write it on the gallows high. Write it for all passers-by "Where there's drink there's danger."

Write it on the ships that sail. Borne along by stream and gale. Write it in large letters plain. O'er our land and past the main, "Where there's drink there's danger."

Write it on the Christian dome. Sixty thousand drunkards roam Year by year from God and right. Proving with resistless might, "Where there's drink there's danger."

CANADIANS MINE THE GERMAN LINE

Two Trench Raids Were Also Successfully Carried Out By Our Troops

London, Dec. 4.—The following communique has been issued by the Canadian War Record Office:

"On the night of November 27-28, our troops sprang a mine some distance in front of our lines, and at once occupied the crater. They consolidated it, and held it successfully against all counter attacks.

"During the same night and on the same sector they undertook two trench raids. One raiding party got into the enemy's front trench, explored it for several hundred yards and returned with useful information. The other party, who got through the wire, found that the trench at this point was so strongly held that the party was obliged to return without accomplishing anything of importance.

"Towards noon the enemy bombarded our lines in retaliation, but did no great damage.

"On the night of November 28-29 one of our patrols in 'No Man's Land' met a party of Germans and put them to flight capturing two prisoners."

THE HERO'S MOTHER

Those clustering curls, those roguish eyes
I see them still through blinding tears;
I hear the little pattering feet;
That merry laugh rings in my ears
My bonnie baby boy.

Another memory comes, but now
Boldly, in scout's array, he stands
He seems to face and dare the world
Ready for all that life demands—
My manly, noble boy!

But soon grim warfare claims his strength;
At country's call he bravely goes
See! See! he leads a valiant charge!
He falls but yet no conquest knows—
My gallant hero boy!

More glorious now the vision grows;
Nought else could soothe his aching heart;
I see him midst the ransomed throng
In higher service take his part—
My own, my angel boy!
—In Sunday at Home.

FOR THE RED CROSS

We are knitting, knitting, knitting,
As the days are passing on,
For we want to send some comforts,
Where the soldier boys have gone.

Far across the dark blue ocean,
They have met a foe so strong
Who would gladly take our country,
And would do us every wrong.

Some are sick, and maimed, and wounded,
To their homes they'll ne'er return.
Though the friends within the homeland
For them do grieve and yearn.

They were in prime of manhood,
But their life's sun now is set.
In the tumult of the battle
They a cruel death have met.

So 'tis right we help their comrades—
Our protestors true and brave
Who have left their homes and kindred
And have crossed the ocean wave.

With their life-blood they are parting,
That our country's name may live;
And 'tis right we send these soldiers
All the comforts we can give.

From various homes and callings,
They in this strife engage,
And rich and poor are equal
Amid the battle's rage.

They have left from sense of duty,
To that call we too reply,
When we work in Red Cross interests,
As the days are passing by.

While we are working, we are praying
That this cruel war may cease
And over all the world may spread
An everlasting peace.

"SURPRISE SHOWER" AT PORT WILLIAMS

On Monday evening, Dec. 4, a party of friends met at the home of Mrs. Silas Gates, Port Williams, and gave a delightful "surprise shower" of linen, cut glass, dainty pieces of China and silverware to her niece, Miss Gertrude Gates and her fiancé, Rev. John Meisner.
The young couple were completely taken by surprise but were delighted with the tokens of esteem and appreciation shown by their friends.
Rev. J. D. Hull was chosen to act master and presented the gifts in a humorous and pleasing manner.
Mr. Charles Campbell gave a short address referring in congratulatory terms to the high esteem in which Miss Gates and Mr. Meisner were held by the community. Mrs. Meisner and her daughter, Miss Violet, and Mr. and Mrs. Mewinney from St. John were present at the festive occasion.

WEDDING BELLS

Woodworth-Gould
The marriage took place in the drawing room of the Queen Hotel, Halifax, on Wednesday at high noon of Mr. Frank Hayden Woodworth, son of Mr. and Mrs. F. E. Woodworth, Berwick, to Miss Annie Elizabeth, daughter of Capt. James W. Gould of Kentville. Only a few of the intimate friends of the contracting parties were present. The bride was dressed in a travelling suit of Russian blue with black hat and black fox furs, the gift of the groom. The ceremony was performed by Rev. M. L. Gregg, and luncheon was afterwards served in the dining hall.

The bride is very popular in Kentville and Cornwallis and the groom has many friends at Berwick and also in Kentville where he is ticket agent of the D. A. R.
The happy couple left Halifax for a wedding trip to include St. John, Boston, Philadelphia and Wilmington, Delaware, where the groom's brother resides. On their return they will reside in Kentville.

Hear Grand Opera on Christmas Morning!

Can I actually hear, in my own home, Grand Opera Music, sung by Grand Opera singers, just as they sing it in New York, Boston, Paris and the great music centres of the world? Yes, if you own the New Edison Diamond Disc Phonograph—here's the proof:

Mr. Thomas Chalmers sang several numbers in unison with his own voice reproduced on the Edison Diamond Disc. Practically no difference could be detected between the two voices in any of his numbers. —Toronto News, October 22, 1915.

Thomas Chalmers, baritone of the Boston Opera Company sang two duets with himself a pause here and there in the selection, permitting the phonograph to continue alone, served to demonstrate, more forcibly than words ever could, the truth of the tone to the audience. —Toronto Globe, October 22, 1915.

It was difficult to distinguish whether one heard the voice or the record unless the lips of the singer were watched very closely. —Boston Transcript, November 19, 1915.

Miss Miller sang with herself, it being impossible to distinguish between the singer's living voice and its Re-Creation by the musical instrument that bears the stamp of Edison's genius. Boston Herald, November, 21, 1915.

THE NEW EDISON

Has undergone hundreds of such comparisons before thousands of people—a Grand Opera singer side by side with the Edison record of his voice.

Monthly payments may be arranged for the New Edison. You pay \$300 without hesitation for a piano. For a fraction of that sum you can get a beautiful instrument that brings you the re-created voices of great singers, the actual, unmarred music of all instruments played by master hands. What more wonderful gift can you give your home for Christmas? Come tomorrow and hear it!

LANCASHIRE LAD'S STORY

London Observer.

This is the story of Pte. Jas. Hutchinson a Lancashire lad, of an attack on the German trenches. After describing the terrible rush over the bullet-strewn No Man's Land, he says: "Soon afterward I reached the German trenches, quite breathless, but was soon through a gap in the wire, which our artillery had cut for us. The first thing I saw was a big German firing down the trench and knocking chalk off the side. When he had finished his little game I rushed around the traverse and put my bayonet thru him.

"There was another Boche there, and when he saw me he commenced to run toward a dugout, but seemed to slip back a step, so I promptly got him through the head. Another was resting on one knee, and started shouting for mercy, but he paid the same penalty. I next went around another traverse, and found three more Germans and they all met with the same fate, either with the bayonet or rifle bullet. Hurrying around the next traverse I saw about seven Huns throwing hand grenades at the lads who had not got in the trenches, but were fighting along the front.

There was one German left to guard the traverse, and he tried to throw a hand grenade at me, but could not get it ready in time, so I fired at him and hit him. I was dazed for a second and did not know whether to rush him or not, so I shouted to my party to get around the traverse. I then reloaded and kept guard while the officer and men behind threw bombs at the enemy. A little later we got word to retire, so I kept guard while my party got clear of the trenches, and then mounted the ladder and made my way back, covering the enemy, while the lads got the wounded in. Of the 63 men in the whole raid 21 were reported missing 21 got back wounded, and 21 answered the roll-call. After the shelling had subsided I was able to get back to the village, and the next day had an interview with the Major-General in charge of the division. An officer took my name and number and said that I would soon have something to wear on my breast.

That something is the Victoria Cross—with its inscription "For Valor."

BOMBS PLACED ON MUNITION STEAMERS AT NEW YORK

New York, Dec. 4—The steamships blown up in the Russian harbor of Archangel several weeks ago with the loss of millions of dollars in munitions and other war supplies were destroyed by bombs placed in the cargoes of the ships at the piers of the Bush Terminal Company, in this city, it was charged today at police headquarters by the commercial agent here of the Imperial Russian Embassy.

According to the Russian representative, C. L. Nedzhikovskiy, the bombs were planned to hide evidence of extensive thefts in this country from the cargoes.

Samuel Gatter, a Brooklyn junk dealer, has been arrested in connection with the case, on a charge of having stolen articles in his possession. The police alleged that Gatter had in his possession a binocular which had been identified as part of the \$12,000,000 shipment consigned to the Russian Government by a Rochester firm.

According to the official report of the explosion from Petrograd 341 persons were killed and 667 were hurt. According to German overseas news agencies seven steamers were blown up and thirty-seven stores were razed by the force of the explosion. The German report said that a German submarine was responsible, having torpedoed the steamer Baron Breckin, one of the ships at anchor in the harbor. The report described the harbor as resembling at the time a "burning volcano."

The explosion occurred about November 16, although both the date and the circumstances, as cable from various sources, are indefinite.

An Irishman was suddenly struck by a golf ball.

"Are you hurt?" asked the player. "Why didn't you get out of the way?"

"An' why should I get out of the way?" asked Pat. "I didn't know there was any assassins round here."

"But I called 'fore,'" said the player, "and when I say 'fore,' that is a sign for you to get out of the way."

"Oh, it is, is it?" said Pat. "Well, thin, when I say 'foive,' it is a sign that you are going to get hit on the nose. 'Foive.'"

BODY SHIELDS FOR TROOPS

Sir Douglas Haig has reported to the War Office on the subject of body shields for the troops at the front and that steps are being taken to give effect to his wishes.

Sir A. Conan Doyle said that an experienced observer who was present at the Somme, reckoned our losses there to be due 10 per cent to heavy shells, 40 to shrapnel, 45 to machine gun, 5 to rifle fire.

"If this estimate be approximately true," writes Sir Arthur, "then 90 per cent of our losses are avoidable if the whole body could be sheathed in proper armor. This is at present impracticable, but at least two-thirds could be covered and two-thirds of the 90 percent avoided.

"Even our thin shrapnel helmets have largely reduced head wounds from shrapnel. A thicker plate from the neck to the mid-thigh will keep it from the body, and will also hold out both the rifle and machine gun bullet."

Sir Arthur suggested a shield to the first line of stormers who clear up the enemy's machine guns. It was to be 7-16 of an inch in thickness (which could stop a point-blank bullet), 2 feet broad and 3 feet deep. It would weigh well over 30 pounds, but the man would not have far to go, and his only other equipment to be carried by the men who form besides the helmet would be a bag of bombs and a revolver.

MASTER SCHOONER

Yarmouth, Dec. 5—The four masted schooner Letitia H Mackay which has been built and is now about completed at Meteghn, for Adam B. McKay, the widely known shipowner, of Hamilton, Ontario, will be launched on or about December 9. The vessel is about 500 tons, and is exceptionally well constructed and finished. She is fitted with all the modern appliances for the quick hoisting of sails, anchors, etc., and is classed for twelve years. After she is put afloat the schooner will come to Yarmouth and load lumber for South America. Captain George Wetmore, of Yarmouth, has superintended the construction of this vessel.

Mrs. E. Norman Dimock went to Halifax yesterday to say good bye to her nephew, Mr. Jack Bradford, who is a member of the Flying Corps for overseas service. Mr. Bradford has a number of friends here who wish him bon voyage in all his aerial flights against the enemy. —Windsor Tribune, Dec 1.

PREMIER ASQUITH HAS RESIGNED

Bonnar Law Called to Form New Ministry

London, Dec. 5—The Government crisis found a solution tonight, which up to the hour of its announcement was considered the least probably of practical alternatives. Herbert H. Asquith resigned the Premiership, which he has held through eight stormy years of domestic and foreign history. The Unionist leader, Bonar

Law, was summoned to the Palace immediately after Mr. Asquith had departed, and the King offered him the Prime Minister's commission, which he had just accepted from Mr. Asquith's hands.

No announcement regarding Mr. Bonar Law's decision has yet been made, and there are some doubts whether he will accept the heavy responsibility. If he declines, it is considered certain that the honor will fall to Lloyd George. The continuation of the Coalition Cabinet, with some changes in its membership, and the speeding up of the war management will be the policy in either event.

Mr. Asquith's retirement has taken the politicians so by surprise that they were not yet ready to predict the results. The possibility that Mr. Asquith will consent to remain in the Cabinet with Mr. Bonar Law, taking the post of Lord High Chancellor, in which it has long been considered he might find a congenial berth, is discussed.

Herbert Samuel's promotion from the Home Secretaryship to Reginald McKenna's position at the Treasury is also predicted, while acceptance of the resignations of Viscount Grey and A. J. Balfour, which some of the papers backing Mr. Lloyd George are demanding, is less likely, under Mr. Bonar Law's regime than if Mr Lloyd George came into power.

The Labor Party certainly will hold a more important part in any new Cabinet than it has filled in the old.

The more sensational London papers have enjoyed three or four days of almost frenzied excitement with demand and denunciations often in language stronger than the dignity

of British politics has permitted in the memory of the present generation. The crucial events in Roumania and Greece have been given, a secondary place, except as they were used as a basis for attacks on the Ministers.

In the London Army Post Office the hundreds of women clerks there handle weekly 15,000,000 letters. This is besides 1,000,000 parcels sent to the soldiers each week.

The Hearst newspapers have been excluded from Canada. The order took effect last month. Anyone in possession of such papers after that date is liable to a fine not exceeding \$5,000, or imprisonment for five years, or both. The papers banned are the New York American and Journal, Boston American and Journal, Chicago Examiner and American, San Francisco Examiner, Los Angeles Examiner and Herald, and Atlanta Georgian and American. Following the precedent set by the British Government the French Government has deprived Hearst and the International News Service of the use of cable services between Paris and America. Our readers had better preserve this list and make sure that any copy which might be mailed here from the United States is forthwith destroyed.

A quiet wedding took place at the Methodist Parsonage, Digby, on Saturday evening last. The principals were Mr Richard M. Holt son of George Holt Esq. Hillaton, and Miss Laura A., daughter of Mr. and Mrs. Willard Husley, of Canning, N. S. The ceremony was performed by the Rev. Wm. I Croft.

108 Nox a Cold

The most remarkable Cough and Cold Medicine ever discovered. Stops a cough, relieves asthma and bronchitis. 108 Nox a Cold is sold at 25c and 50c per bottle at Clark's Drug Store.

ONE TURNIP ALMOST HALF A BUSHEL

A turnip raised by Harry A. Nickerson, of Boothbay, Me., weighed 20 1-2 pounds when pulled from the ground and measured more than a yard around at the largest part. It is of the ordinary white variety and all the others in the bed were of the usual size.

Wonderful Hair

Clean and free from dandruff and possessing all the radiance of perfect hair. This is just what Sagine means to those who suffer with itching scalp, dandruff, coarse, dry or common looking hair. Sagine is new life to faded unattractive hair. Sagine feeds the hair root with the necessary food for promoting a healthy growth. Sagine is the faintest tonic you could wish for. It is not sticky and is not sticky or greasy. A 1/2 oz. Sagine top bottle costs only 50c, and Mr. Clark gives his personal guarantee to refund the money if you are not entirely satisfied. Be sure to go to Clark's Drug Store as other stores cannot supply you.

TURNING THE TABLES

"I presume, my good fellow, you are a laborer?" said a lawyer to a plainly dressed witness.

"You are right; I am a workman sir," replied the witness, who was a civil engineer.

"Familiar with the use of the pick, shovel and spade, I presume?"

"To some extent. Those are not the principal implements of my trade, though."

"Perhaps you will condescend to enlighten me as to your principal implements?"

"It is hardly worth while. You don't understand their nature or use."

"Probably not," loftily, "but I insist on knowing what they are."

"Brains."

KENTVILLE PEOPLE PRAISE

SIMPLE MIXTURE

Many in Kentville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adlerka. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adlerka cannot gripe and INSTANT action is surprising. The Clark Drug Store.

London, December 3—A despatch from Falmouth to Lloyd's says that the British steamer Briardene was sunk on Friday. The crew was landed at Falmouth by the steamer Luna.

NOVA SCOTIA POTATOES GOING TO HAVANA

Capt. Henry H. Card of Centerville Burlington was in town yesterday. Capt. Card of the schooner "Jost" has his vessel at Port Williams loading her with 12,000 bushels of potatoes for Havana. From there Capt. Card expects to go to Mobile. This does not look much like a short crop of potatoes in Nova Scotia.—Hants Journal.

WOMEN AND THE WAR

A booklet issued by the imperial munitions board of Canada deals with the work done by women in the munition plants of Canada. Almost every occupation in connection with the production of munitions is successfully carried on by women, and the photographs with which the booklet is profusely illustrated drive home the lesson of the text, that female labor will ultimately, if the war demands it, almost supplant the male in this work.

Not is the making of munitions alone, however, are women likely to get an opportunity to enter the industrial and commercial life of our country before the bells ring for peace. The census shortly to be taken by the National Commission will reveal many instances in which the work now being done by men might effectually be carried on by women and steps will no doubt be made to effect the change if circumstances make it necessary. The freeing of every possible man is the aim of the country at the present time.

It is not likely that this employment of women will materially affect trade or labor conditions after the war. The country is working under a tremendous strain at the present time and incited by that nervous tension, everyone is endeavoring in some form or other to do their bit. When the return to old conditions takes place, we shall be likely to find that, despite the tremendous events through which we have passed, both we and the world are little changed. Women will be prettily much the same creature she has been through all time and the same will be true of man. Neither is likely to usurp the privileges of the other though both may learn to work together more harmoniously.—Ex.

TRURO RECEIVES RETURNED HERO

The Truro News in reciting a message given to Corp. E. R. Mills, says, in part, "He has borne his wounds with patience. Though disabled from active military service, he will doubtless be heard from later, in his chosen calling, from the pulpits of the great Baptist denomination of the Maritime Provinces."

"This returned hero, a hero right from the battle front, has lost the sight of one eye, and bears on his body 26 wounds. We hope for his further convalescence—for his further improvement in health. He is too good and brave a lad not to recover entirely his usual state of health."

Herr von Batoeki, the German Food Dictator, has recommended municipalities to increase the taxes on dogs, which eat a portion of the food suitable for human feeding. He suggests that fancy dogs be killed.

Recruiting figures have fallen off in this province. And this at a time when our own boys at the front are crying out for help. Commenting on the need for more men, the British Review says:

"Unless Britain can maintain for another two years or thereabouts an uninterrupted flow of man power to the western and southern fronts our valiant neighbor across the silver streak will find it humanly impossible to maintain the struggle which has in the last two terrible years involved the depletion of the flower of her manhood. This was whispered many months past; now it is being openly discussed wherever thinking men get together, whether in dugout facing the unspeakable Hun or snatching a few hours' leave in the bosom of their families. 'Men; more men,' England must send more soldiers, are the common expressions of opinion in the fair land where already so many of our khaki-clad heroes sleep."

ONLY THREE COURSE MEALS

London, December 5—The Board of Trade, under the Defence of the Realm Act, has issued an order to the effect that after December 18 no meal exceeding three courses, between 6 p.m. and 9.30 p.m., or two courses at any other time, may be served in any hotel, restaurant or public place.

The announcement adds that it is proposed to issue another order at an early date, forbidding, both in public places and private houses, the consumption on certain days of meat, poultry and game.

SERBIANS GAIN FURTHER SUCCESS

Saloniki, Dec. 5—Via London—The Serbian War Office today issued the following official communication: "Yesterday we developed our successes north of Grunish and Budimirsa and carried fresh strongly fortified positions. We captured two German mortars and repulsed the enemy northward. A great number of enemy dead were found on the conquered ground, including the commander of the 21st Regiment."

NORWAY BOWS TO TERMS OF GERMANS

Copenhagen, Dec. 5, via London—A despatch to the Politiken from Stockholm says that Norway has agreed to modify the recent decree concerning the operations of belligerent submarines in Norwegian territorial waters. Also that she has agreed to supply Germany with fifteen per cent of her entire catch of fish, as compared with ten per cent heretofore. Germany, in return, according to the despatch, agrees to supply Norway with more coal and fishing tackles.

BE BROKEN UP

(The Morning Chronicle)

Cables have been received in Halifax that Nova Scotians in England are greatly disappointed over the announcement which comes from the training camp at Witley that the Highland Brigade may be broken up, and not go to front as a unit. According to these cables the report has reached London that the Brigade has been called upon to furnish reinforcements of 25 per cent of the strength of the Brigade, or one battalion, to make up wastages in the Divisions at the front. The intention is that more drafts are to be made immediately. This would eventually mean the breaking up of the Brigade and the transfer of the Nova Scotia Highlanders to other Canadian battalions thus destroying the identity of the Nova Scotia units.

The officers hope that arrangements will yet be made to carry out the pledge given to Nova Scotia at the time of the brigades organization and they trust that Nova Scotia will back them up in their desire to go to the fighting line as a Nova Scotian unit. Nova Scotians trusted that the Highland Brigade would be given this opportunity, for, at present, out of the 30,000 Nova Scotians who are overseas, we are represented at the front by only one battalion of infantry, and two field batteries, and the Nova Scotian Battalion in the field is now composed largely of men from battalions organized in other Provinces. The men, sent from this Province, in other battalions have been largely drafted into units from other sections of Canada.

LONDON, DEC. 5 (Montreal Gazette Cable)

—There is keen disappointment expressed regarding the inroads made in the Nova Scotia Highland Brigade by a draft of 800 men sent to reinforce the Highland battalions at the front. Officers of the Brigade state that definite promises were given during the recruiting of the Brigade that it would serve at the front as a unit.

Lieut. Murray, son of the Premier of Nova Scotia, who was wounded and awarded the Military Cross, will shortly leave for home.

GERMAN ATTACK AGAINST FRENCH FAILED

Paris, December 5—The bulletin issued by the War Office tonight reads: "A minor German attack, directed this morning against our positions north of the village of Vaux, completely failed under the fire of four machine guns. We took some prisoners. In the course of the day there was moderate artillery activity at various points along the front." Belgian communication: "Artillery fighting took place at various points on the Belgian front, especially in the sectors of Ramsappelle-Dixmude and Steenstraete. North of Dixmude we took under our fire enemy groups."

QUEEN ALEXANDRA 72 YEARS OLD

London, Dec. 1—Queen Alexandra, whose popularity with the English people has never waned, reached her seventy-second birthday anniversary today, having been born at Copenhagen, Dec. 1, 1844. During the day Her Majesty received many presents and messages of greeting from members of the Royal family and a large circle of friends. Officially the anniversary was observed with the customary salutes.

Queen Alexander has been very constantly in town since the beginning of the war, and has never left Marlborough House for the past two years, with the exception of a short stay at Sandringham. Like the King and Queen, her Majesty seldom lets a day pass without gracing by her presence some entertainment or exhibition organized in aid of one of the war charities.

CANNING

"Canning" after a short winter we are having lovely bright days and Canning seems to be busy again.

The Literary Club is very enjoyable, aside from study of Nova Scotia, an excellent program of music provided by Mrs. Turner and Mr. Schafheitlin has been given the past two nights. Mr. Herbin gave a very instructive paper on "The Land of Evangeline," Dec 4th.

The Women's Institute is still doing good work, meeting last night with Mrs. Alfred Ellis. A nice cup of tea was served and the Red Cross Fund added to.

Rev. F. H. Bone gave a very interesting sermon Sunday evening that made everyone who listened think twice.

Both Methodist and Baptist churches are preparing good programs for Christmas entertainments.

The U. B. Willing Workers Band have a beautiful collection of useful Christmas gifts to be exhibited in Miss Hennigar's store, December 16th.

Some of the stores begin to look like Christmas—A. S. Burgess has a very pretty window of fancy goods.

H. Ellis shows fruit and confectionery.

Miss Hennigar has a very inviting window.

With all judging from the many parcels going to the "Old Father Land," our soldier boys are not forgotten.

Canning, Dec. 16, at 3 o'clock in Miss Hennigar's store. The U. B. Willing Workers Band will sell home made Christmas gifts also steaming chocolate and Sandwiches. Please come and help the girls and at the same time have a look at Miss Hennigar's pretty and unique window alone worth coming to see. "Fairland at Christmas-tide."
