HISTORY OF STANLEY CUP.

By "TOMMY" GORMAN

THE STANLEY CUP, emblematic of the professional championship of the world and the prize most sought after in hockey, was donated to the Amateur Hockey Association of Canada in 1893 by the late Lord Stanley of Preston, then Governor-General of Canada, as a challenge trophy to be competed for and held by champions of recognized senior leagues at that time, one match only to be necessary to decide the winners.

The first holders of the cup were the Montreal Amateur Athletic Association team, as champions of the A.H.A. of Canada, 1893.

1894—Osgoode Hall Hockey Club, challenged, but match declared off on account of lack of ice.

1895—M.A.A.A. defeat Queen's University, 5 to 1; Montreal Victorias, champions A.H.A., take the cup.

Winnipeg Victorias defeat Montreal Victorias, 3 to 2; Montreal Victorias defeat Winnipeg Victorias, 6 to 5.

1897—Montreal Victorias defeat Capitals of Ottawa (Can. Can. Association) 15-5.

1898—Montreal Victorias hold cup. No challenges.

1899—Decided with trustees' permission to play two out of three series instead of sudden-death game as heretofore. Montreal Victorias defeat Winnipeg Victorias, first game 2 to 1; second unfinished, Winnipeg leave ice owing to dispute over referees' decisions.

1900—Shamrocks of Montreal, as champions of A.H.A., take cup.

There is always the charm of discovery about the Chevrolet 490 Touring car.

It is in the unexpected test that you find out its real strength.

Each long hill renews your satisfaction in its power, and on each new run its riding comfort is revealed in many ways.

But the most gratifying revelation comes when you divide its total up-keep cost by the number of miles run.
