The Advance House of The North Shore

JAS. ROGER LAWLOR DIED ON SATURDAY

Newcastle mourns the loss of one of her most active and leading citizens in the death of Police Magistrate, James Roger Lawlor which occurred at his home here at 8:30 o'clock Saturday morning, 3rd inst. after an illness of several months following an attack of pleurisy and pneumonia.

The late Mr. Lawlor was well and favorably known by all. He was born at Newcastle sixty-three years ago and during his life time has always taken an active interest in the welfare of the town and community of Miramichi. He has taken the leading part in many public functions, which largely owing to his enthusiasm were successful and he was recognized as being a leader of men. He was a member of the Town Council, shortly after the town's incorporation and served as a member of the board for several years. On one occasion he was an unsuccessful candidate for Mayor. For many years deceased was a member of the Board of School Trustees; took an active interest in all sports and was President of the Newcastle Baseball Club for the past two years. He was an ardent enthusiast of curling and has been both President and Vice President of the Newcastle Curling Club. He represented the Newcastle Curling Club in many a hard-fought match with outside teams, always upholding the honor of the club. It is his younger son he was recognized as one of the best rifle shots on the Miramichi and for many years was an officer of the 12th Field Battery of Newcastle. About twenty years ago he succeeded his father as Registrar of Deeds for Northumberland County and in 1915 was appointed Magistrate for the Town of Newcastle. Both offices he held at the time of his death.

The late Mr. Lawlor was a devout member of St. Mary's Roman Catholic Church and in that congregation his place will be difficult to fill. In all church matters he was one of the most prominent in organizing and directing the committees appointed and was for a time Chairman of the building committee which brought the plans and erection of the new St. Mary's School to completion.

Deceased was taken ill on January 6th with a heavy cold, which developed pneumonia and pleurisy and although everything possible was done, he continued to sink until death ensued. The late Mr. Lawlor is survived by his wife formerly Miss Sharpe; one son John L. of Boston; and six daughters: Mary registered nurse, New York who nursed her father through his fatal illness; Margaret, of Ottawa; Corinne, Dept. of Marine and Fisheries Newcastle; Dorothy, student nurse at Roosevelt Hospital New York; Helen and Agnes at home; also two sisters:—Mrs Thomas Hayden of Douglastown; and Rev. Sister St. Alban, Assistant Mother General of Congregation De Notre Dame Montreal; two brothers Patrick and Costigan, Eagle river; Wisconsin; The late R.A. Lawlor K.C. Chatham was a brother of deceased.

The funeral was held Monday morning at 9 o'clock and was largely attended, the members of the Town Council and Board of School Trustees attending in a body. The funeral tributes were beautiful expressing the high esteem in which deceased was

RITCHIE CO. BUYS THE ALCORN ESTATE

Moncton April 30—The property of the A. Alcorn estate was sold at Auction in Moncton on Wednesday afternoon by E.A. Young; under order of the Chancery Court. There was one bid; \$25,000 offered by F. R. Taylor; K.C.; St. John; representing the Ritchie building investment Company; St. John.

The property of the company includes lands; Crown timber licenses; leaseholds; logs; lumber; pulpwood; factories; mills machinery; booms; piers; wharves; wires; telephones; plant; tools; engines; appliances and fixtures of every kind; woods; chattels stocks in trade; horses; lumbering appliances; equipment and appliances. The foregoing were described in part as: All those certain lots; pieces and parcels of land; premises situate in the County of Northumberland conveyed by Archibald Alcorn and wife; to A. Alcorn; Limited; on June 2; 1921 and all lands and premises situate in the County of Westmorland.

The purchase also comprised all real and personal property of the company subject however as to defendant company's stock in trade; logs lumber and advances made to Archibald Alcorn thereon and subject to all existing securities held by the defendant company's bankers thereon. The Chancery sale was made on the approbation of Edward Ground Master of the Supreme Court for the County of Westmorland.

STR "MAX AITKEN"
The Str. "Max Aitken" was launched last Saturday morning in Chatham and it is expected she will be able to begin service to Redbank some day this week. The Northwest river is rapidly clearing of ice and as soon as it permits the steamer's passage, the service will begin. The "Max Aitken" has been carefully gone over and looks spick and span for the season's operation. Captain C.S. Amos is the officer in charge and will be pleased to cater to the travelling public as well as give careful attention to all freight shipments.

When the funeral cortege passed Harkins Academy the Principal, staff and scholars with heads uncovered and standing to attention were drawn up in front of the building and in this manner paid a fitting and impressive tribute to one who, for a number of years up to the time of his death was a member of the School Trustee Board and who, as such always took an active and painstaking interest in all things educational.

The pallbearers were Messrs. A. A. Davidson, K.C.; Chas. J. Morrissy, M.L.A.; R.H. Gremley; D.P. Doyle; Chas. Sargeant and John F. Kings-ton. Interment in St. Mary's Cemetery.

A NEW FIRE CO. FOR NEWCASTLE ORGANIZED

A new Fire Company for Newcastle was organized last evening in the Fire Station under the direction of Alderman C.M. Dickson, Chairman of the Park & Fire Committee of the Town Council. The members who will compose the new Fire Company are: Perley Brown, B.F. Maltby; A. McMurray; F. White; John Fallon; Wm. Ferguson; Chas. McCullam; Alex. Haug; Roy Dickson; F. Matchett; Wm. Stables; A.J. Picot; Perley Russell; Robt. Cassidy and J. O'Brien. The following were elected the officers for the ensuing year:

Chief—John Fallon
Lieut.—B. F. Maltby
Secy.—Wm. Ferguson

The new chief is one who has had a long and varied career as a fire fighter. For upwards of twenty years Chief Fallon was a member of the Newcastle Fire Company in the days gone by and was always recognized, not only by his brother firemen but by the public in general as one of the best and most fearless men that ever donned a fireman's uniform. In his new position he will have the confidence, respect and co-operation of the entire membership of the Fire Company as well as that of the citizens.

Lieut. Maltby is also one of the old firemen, who in the past served the town faithfully and with distinction. Whether a fireman or not Ben is always on the job ready to do his bit and he does it well. For some years in the past he was Chief of the Fire Company and he knows what is expected of him and is quite capable of performing the task.

With two such men as officers of its Fire Company Newcastle is extremely fortunate and with the material with which they have to work, this town will have a Fire Company which any town might well feel pleased to possess. Practice and regular meetings will begin immediately and the new Fire Company is willing and prepared to give Newcastle the very best fire protection service that they are capable of supplying and in return respectfully ask the cooperation of the Town Council and citizens in general.

CLEANING UP
While waiting to get on the land time can often be used to good advantage in cleaning up rubbish about the buildings and in getting the flower beds in shape for the women folk. Clean tidy surroundings have a tendency to soften down that irritable temperament that sometimes develops when work is rushing.

BUILDERS HARDWARE

In planning new houses as well as making changes or repairs, this is the time to look over the list of hardware you will need for the building so that you will be sure to have what you want when you want it. We are equipped to figure on specifications for any size of building and can supply individual needs for the least requirements, and all in hardware of assured quality and the very latest in design.

More Cake To Calgary

They know what they want, out there on the prairies, and are willing to send several thousand miles to make sure that they get it.

Witness another good order for Moir's Cakes, just shipped more

than half way across Canada—past Montreal—past Toronto, past Winnipeg, all of which have a bakery or so.

And here's Montreal sending another order for around a thousand pounds. A feature is the fact that they started with M-H's Serrano and Plain Pound, and are now regularly sending for the Cherry and Genoa as well.

FALLACIES IN EDUCATION

A superintendent of education says there are five fallacies in education:

1. That anyone can teach school without any special preparation.
2. That schools cost too much.
3. That the same type of training fits all children.
4. That parents discharge their obligations by sending children to school.
4. That the schools of yesterday were better than those of today.

Fallacy No. 1 has not many followers. We realize that teaching is a technical profession requiring rigid training. We haven't gone as far as we might in our training; but we do recognize that it is necessary.

We are split on Number 2. Some people think we are spending too much. But are we; While we spend thousands for dances, gasoline; chewing gum and candies—much more in the aggregate than we spend for education probably;—it is impossible to say with justice that we are too lavish in training the youth.

Of course the same type of training does not fit all children. We do attempt to put some elastic in our teaching; but we haven't gone as far as we might. Still; how to adapt the schools to the individual differences in pupils is a mighty difficult problem which it will take a long time to solve.

Fallacy Number 4 is the same as saying that too many parents act as if they had done their duty by their children when they ship them off to school. There is; in one sense; no credit to the parent in sending his children to the schools. The laws compel him to do so; whether he wants to or not. Most parents fall down in not taking a personal; active interest in the progress of their offspring in the schools; in neglecting to co-operate with the teacher in the development of the child. This cannot be reached by law. It is a personal matter with the parent.

Of course the schools of today are better than those of yesterday in many ways. But there is also some basis for the complaint that we are more superficial now than yesterday; as years ago; and that the child does not get the rigid training in fundamentals that previously obtained. No doubt we have too many frills in education; the country over; but nevertheless; our schools are better and stronger than they used to be.

Little South West and Whitney Folks Enjoy Evening

The members of the Teacher Training classes of Little South West and Whitney; were admirably entertained at the Baptist Parsonage in Whitneyville on Monday evening by the Rev. Mr. and Mrs. Kaine.

A short programme of readings and music was given followed by an address to the Young People by Mr. Kaine, after which games were played; the leaders being Mr. Kaine and Deacon Whitney.

Each member of the classes gave a short speech, thanking Mr. and Mrs. Kaine for the enjoyable evening and expressing regrets because of their leaving the field which they served so faithfully.

Mr. Kaine then delivered a farewell message of encouragement to the classes. All present joined hands while singing "Blest Be The Tie that Binds."

The young people then left for their respective homes.

Mr. Kaine has done wonderful work among the young people while on the field, and a slight expression of their appreciation was shown on Wednesday evening when the Class presented him with a set of gold initialed cuff links.

The classes have completed the first year's work in Teacher Training.

Scarlet Fever At Port Elgin

Dr. F. J. Desmond D.M.H.O. was in Bale Verte last week in connection with the development of scarlet fever cases. Two houses are quarantined as a result of the outbreak.

OBITUARY

WILLIAM RAMSAY

The community of Redbank was shocked to hear of the sudden death of Mr. William Ramsay, which occurred at his home on Thursday morning. The deceased had been in ailing health for some time, but death came very unexpected; at 7 o'clock on Thursday morning and his father and two sisters living so near were unable to reach his bedside till death had occurred. Mr. Ramsay was loved and respected by all even from boyhood; and his sad and strange death was felt by his many friends. He was the son of Mr. Archibald Ramsay; Redbank who survives him; also three sisters; Mrs. Hiram Matchett; Sunny Corner; Mrs. Charles Hubbard, Red Bank and Mrs Samuel Sheppard Nelson; and wife and nine children. He was 43 years of age. The funeral services were conducted at the house and grave by the Rev. Wm. Girdwood on Friday afternoon at 2 o'clock; which was largely attended. Owing to the condition of the roads and weather a good many were unable to attend.

The hymns sung were favorites of the deceased; "The Sands of Time are Sinking"; and "Safe in the Arms of Jesus". Interment in the St. Stephen Cemetery at Red Bank.

ZAM-BUK

THE MAGICAL SKIN BALM.

LIKE the lost precious balms of ancient Rome, Zam-Buk is of rare herbal origin. These herbal extracts endow it with a special power over the human skin.

Zam-Buk is a concentrated healer, soother, antiseptic, and germicide. Its pure and powerful herbal essences swiftly take pain and inflammation out of a Cut, Scald or Burn, and heal any sore place neatly.

Owing to its extraordinary refinement, Zam-Buk soaks through to the tissues below the upper skin, and draws out disease. It is ideal for Eczema, Salt-Rheum, Ring-worm, Scalp Sores, Leg Ulcers, painful Swellings, Poisoned Wounds, and for Piles.

Zam-Buk's wonderful success is mainly due to its ingenuity in destroying all harmful germ-life, and replacing diseased and damaged tissue with fine new healthy skin.

Canadian National Railways at Wembley Exhibition

At the British Empire Exhibition opening in April at Wembley, England, the Canadian National Railways will, in their own buildings on the grounds, maintain one of the finest transportation exhibits ever shown. Practically every phase of steam transportation in Canada will be shown, including the history of steam transportation by means of a series of mural decorations in bas-relief. Mechanically operated apparatus will give a vivid illustration of some of the Dominion's great scenic attractions and a huge trophy in the centre of the building will indicate to the visitors some idea of the wealth of Canada's natural resources.

One of the most interesting sections of the exhibit will be life-size models of sections of equipment used by the

Canadian National Railways for passenger traffic. There will be a section of a colonist car, a tourist car, a dining car, sleeping car with wash room and smoker, a section showing a compartment and another a drawing room. In charge of this exhibit will be a conductor and porter chosen from the service, and they will explain to visitors the method of passenger travel in the Dominion.

The photographs show three portions of this exhibit. In the upper left-hand corner is seen a section of a tourist car and opposite it a section of a standard diner. On the chair in the right-hand corner is a special seat for a child. Below is seen the gentleman a smoking and wash room on a standard sleeping car.

FRASER COMPANIES TO ESTABLISH BIG HARDWOOD PLANT

Plans of the Fraser Companies Ltd. for establishing a hardwood plant at St. Leonard's are said to be much more extensive and elaborate than have so far been revealed. The intention it is learned is to erect a plant of sufficient capacity and equipment to finish hardwood supplies from all their various timberland holdings in New Brunswick as well as in Quebec and that facilities will also be provided for finishing soft wood as well. Huge planing equipment will be installed it is said, and it is understood that preparations are being made to enter extensively into the manufacture of hardwood flooring and other hardwood products such as sheathing and other finished products. It is also expected that the plant will be equipped for finishing soft woods the policy which promotes this departure from the former activities of the Fraser Companies being one to complete as far as possible the finished products of the natural resources in the country.

Health Restored by The Fruit Treatment

Fourteen years ago, Mr. James S. Delgaty, of Gilbert Plains, Man., was a nervous wreck. His system was shattered by Nervous Prostration, and he was reduced in weight from 170 to 115 pounds. He wrote on May 15th, 1917, "Every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives.' I began to mend at once. After using this fruit medicine for three months, I was back to normal. I have never had such good health as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house." Writing again on September 27th, 1923, Mr. Delgaty says, "I stand by my letter to you in 1917—I still recommend 'Fruit-a-tives.'" "Fruit-a-tives" is a complete fruit treatment—being made of the juices of fresh ripe fruits and tonics. 25c. and 50c. a box—6 for \$2.50—at druggists or sent postpaid by Fruit-a-tives Limited, Ottawa.

SOME WORTH WHILE TRIPS IN NEW BRUNSWICK

The New Brunswick Tourist and Resources Association has issued a neat and handy folder for motorists. The folder; a pocket edition tells of the beautiful scenery and the high roads in New Brunswick the cost of carrying cars; important points of interest in the province list of hotels; and many other matters of interest. The folder is not only a real boost for tourist travel but a valuable edition for visiting automobilists.

The drive from St. John to the Nova Scotia border is a picturesque one. Leaving the city road an asphalt road of nine miles length leads through the attractive suburbs of Renforth and Riverside; the home of the Golf and Country Club; to the beautiful suburban section of Rothsay with its views of the Kennebecasis and its attractive islands. On to Hampton the motorists go; still following the river with the purple Norton hills in the distance and so through the thriving town of Sussex and the charming Sussex Valley to the busy city of Moncton; thence to Dorchester; the location of the Maritime Penitentiary; on to Sackville; the seat of the Mount Allison Educational Institutions; and over the fair famed Tantram dyked lands to Amherst; the gateway to Nova Scotia.

Another beautiful drive is going north from Moncton; through Shediac; a Buctouche; Richibucto; Chatham; Newcastle; and along the Bay Chaleur by way of Bathurst; Dalhousie and on to Campbellton; whence a good road leads on to the Province of Quebec.

Still another motor trip; truly worth while; is that from St. John to Fredericton; the capital of New Brunswick; via the River Road. There is a shorter way by the Broad Road; 65 miles; but the river Road following the line of the C.N.R. Valley Railway is admitted to be unexcelled in its scenic attractions; distance 82 miles: From Fredericton still following the river; the road runs on to Woodstock; Grand Falls; Edmundston; and if he desires; the motorist may continue on to Riverview and Quebec.

Leaving St. Stephen a drive of twenty miles over a perfect piece of road brings the visitors to St. Andrews; the leading summer resort of New Brunswick where the C.P.R. have a fine summer hotel; the Algonquin; and one of the best Golf courses in Canada. Kennedy's; St. Andrews, is good hotel. Seventy-six miles of good hard gravel road leads from St. Andrews to St. John; through St. George, the home of the red granite, past the beautiful Lake Utopia and the hydro development at Musquash. On the left; eight miles from St. John; is Spruce Lake the source of the water supply for West St. John; and from there one gets delightful glimpses of the Bay of Fundy. St. John is entered by the bridges over the Reversing Falls.

Many short and attractive drives lead from all the principal centres. Good Golf Courses are located at or near St. Andrews; St. John; The charge for cars; Cape Tormentine; New Brunswick to Borden Prince Edward Island; is \$6.00 ea. Fredericton; Woodstock; Campbellton; Westfield; Moncton and Sackville.

Keeps The Home Clean
GILLETT'S PURE FLAKE LYE is the first-aid to home sanitation. Nothing equals it for cleaning out sinks and drains, cleaning greasy cooking utensils, keeping floors clean, etc. Get a can from your grocer. It will save you much hard labor.
GILLETT'S 100% PURE FLAKE LYE

Here and There

Earnings of the Canadian Pacific Railway for the last ten days of March amounted to \$4,496,000, as compared with \$4,813,000 for the corresponding period a year ago. This is an increase of \$319,000 or 4.2 per cent.

Immigration to Canada during the eleven months ending February, 1924, totalled 135,128, divided as follows: British, 67,023; from the United States, 19,120; from all other countries, 48,985. This compares very favorably with 66,139 for the same period a year ago.

Forty pilgrimages to the famous shrine at Ste. Anne de Beaupre, Quebec, have already been arranged for June, July and August this year. Over 200,000 visitors are expected, most of them from Montreal, Toronto, Buffalo, Philadelphia, Chicago, New York and Boston.

Although it has already spent \$4,000,000 in drilling for oil in Alberta without very definite results, the Imperial Oil, Limited, proposes to keep at its development campaign, so F. J. Wolfe, director of marketing for the concern, states. Already the company's \$2,500,000 refinery at Calgary has had the effect of keeping prices down, he says.

An important industrial enterprise is being added to the list in Montreal in the plant of the National Cement Company, which is being constructed in the town of Montreal East on the site of one of the largest deposits of raw material for cement in Canada. The first unit of the plant will have a capacity of 900,000 barrels per annum.

A total of 969 communities in Alberta are now served by the Provincial Government telephone system. The total number of phones served in the system is 67,279, of which 32,260 are exchange phones, 20,252 are rural phones and 1,085 are private party lines and 13,385 are connecting subscribers. There are 264 exchanges in the province, with 301 toll offices and 62 private party lines.

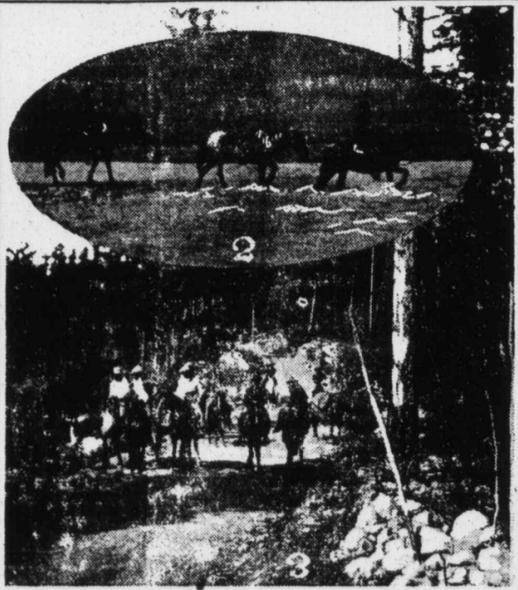

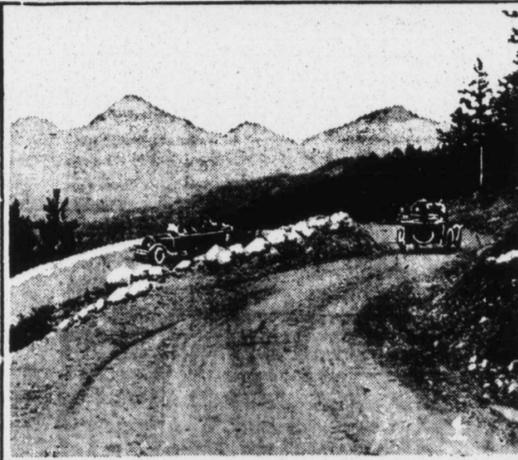

The growing importance of Canada's trade in the Pacific is reflected in the official statistics of the Vancouver Harbor Board for the month of December, 1923, which shows a substantial increase in shipping in that port over the same month in 1922. Total shipping through the port amounted to 434,452 tons, valued at \$31,421,129, an increase over December, 1922, of 122,662 in tonnage and \$2,703,078, in value.

Ten 10,000 Imperial gallon tenders, for use behind the P.I. type engines used in the Western mountains, have been ordered from the Canadian Locomotive Company, Ltd., Kingston, by the Canadian Pacific Railway at a price of \$12,445 each, delivery to start in May and be completed in June this year. These tenders will give more efficient coal and water service than any others in this country.

During the year 1924, 96 arrivals and departures on the St. Lawrence route, with its different services, to be maintained throughout the summer months by its popular mono-class cabin and Empress class steamers will constitute the Canadian programme of the Canadian Pacific Railway's steamships. A combined tonnage of 197,000 gross tons will be in operation on the Atlantic under the Company's flag, the largest amount yet assigned by a single line to steamship passenger traffic on the St. Lawrence route.

Canada's unfavorable trade balance with the United States is more than equaled by her favorable trade balance with the United Kingdom, according to trade figures of the Bureau of Statistics. For the year ending February, Canada's imports from the United States were \$603,000,000 and her exports to that country \$426,000,000, an excess of imports of \$177,000,000. As against this, Canadian exports to the United Kingdom were \$355,000,000, and the imports from Britain \$155,000,000, a surplus of \$200,000,000 on the side of exports.

BY MOTOR AND PACK HORSE THROUGH CLOUD WONDERLAND

For the man or woman in search of healthful recreation, rest for jaded nerves, and a thoroughly enjoyable holiday, the world offers nothing more entrancing than a holiday in Jasper National Park, Canada's wonderland of scenery, where mountain, crag and torrent vie with one another in claiming the attention and where scenic nature is at her best. Towering peaks rise to the north, south, east and west; mirrored in the beauty of placid lakes whose shores provide shelter for the myriad wild life for which the largest of all Canada's National Parks is famous.

Canadian National Railways, and the tourist may engage either ponies and guides or an automobile, and thus see the mountains at his pleasure. Mount Edith Cavell, named to honor the memory of Britain's heroic nurse, rises by the side of Mount Sorrow, within a short drive of the Lodge, and is one of the favorite drives of visitors to the Lodge. The Cavell highway, smooth-surfaced, winds up toward the very foot of the Ghost Glacier, presenting to the visitor a new vista of scenic wonders at every turn. As one rides toward the foot of the glacier, the Athabasca Valley far beneath presents an attractive picture of calm loveliness, while here and there a lake, reflecting blue sky and sunshine, adds its touch to the beauty of the landscape. There are other drives which may be taken in comfort—one may go in an hour, for instance, to the wonderful Maligne

Canyon, one of the natural wonders of the entire Rocky Mountain region, where rushing waters go tumbling and boiling through a narrow aperture worn in the rock, two hundred feet below the feet of the tourist as he or she stands on one of the footbridges which span its narrow width. At any turn of the road the visitor may find himself face to face with a bear or a deer, walking calmly across the highway, while on the sides of the mountains he may see mountain sheep or goats grazing. The tourist to whom riding appeals will find plenty to hold his attention. Pack trails may be followed for miles. When in the company of an efficient guide, one may set forth to explore regions which are beyond the reach of the motor tourist. The wondrous Maligne Lake and Medicine Lake, with their quota of mountains reaching down almost

to the water's edge, draw more and more tourists every year. For years the wonder of Canada's National Parks have been better known outside of Canada than they have been to Canadians, but year by year Canadians themselves are realizing that they have, in their own country, scenic attractions which are not surpassed anywhere in the world, and consequently the number of Canadians registering at Jasper Park Lodge is showing remarkable increases. Comfortable, steam-heated cabins are provided for their accommodation, an excellent cuisine is maintained at the main Lodge, where surroundings and service are of the world-famous Canadian National Railways standard, and every care is taken to see that visitors to Canada's largest and finest National Park enjoy their outing to the full. Satisfaction is the keynote of the service.

MORE TRUTH THAN POETRY
A town that never has anything to do in a public way is on the road to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that curses the town furnishes the coffin.

The man who is so selfish as to have no time for his business to give to civic affairs is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws

bouquets on the grave. The man who is so stingy as to be howling hard times preaches the funeral; sings the doxology; and thus the town lies buried from all growth and progress.

Editorial
DEFAULT TAXES AGAIN!

The matter of the collection of rates and taxes by the Town of Newcastle; has for years been a bugbear to the Council; especially the committee having the supervision of this particular department. However; this year's Finance Committee are determined to make a clean-up of the large amount outstanding and the ratepayers are looking to them for results during 1923.

The amount of unpaid taxes as at January 1st; 1923 was \$38,045.05. Of this amount \$15,033.46 was collected and \$3,000.00 written off in 1923; leaving a debit balance of \$20,011.59 to which is added the unpaid taxes for 1923 amounting to \$18,256.95; leaving a total of unpaid taxes as at Jan. 1st, 1924 amounting to \$38,268.54 or \$223.49 more than it was at Jan. 1st 1923; with \$3000.00 written off as uncollectable.

From the above it will be seen that our default tax list amount is increasing instead of decreasing; until our town has come to the point that it is generally admitted that something must be done.

With a view to improving the situation; various suggestions have been advanced and no doubt the Finance Committee will seriously consider all such suggestions in the spirit in which they are given for the sole purpose of causing an improvement in this most vital and important matter. With a definite policy arrived at concerning the collection of default taxes and a Tax collector commissioned to proceed in the collection of amounts owing; we see no good reasons why a radical improvement should not result therefrom. If the Civic Authorities will make it plain unless taxes are paid the machinery of the law will be put into action the results will indicate clearly what can be done when it is distinctly understood by all that the Town means business. Hitherto, Town Councils have tried out the easier method of moral suasion refraining from drastic measures but this method has failed and as a result there has accumulated a large amount of arrears.

We believe that every tax payer should pay and if not—and it is at all possible for him to do so—he should be assisted by the machinery provided by law. The present Council apparently seems to be alive to the urgency of this default tax collection question and it is to be hoped that there will be no backing down until the state is washed clean.

BOOST NEW BRUNSWICK

If we in New Brunswick—during the past fifteen years had labored with a larger degree of energy to keep our province on the map we would not have been called upon to witness the present unsatisfactory condition to which our Province has drifted.

This down east land of ours requires only the energetic efforts of an ambitious people—not a fraction thereof—but of the whole half million of souls. Too long have we whined and whimpered and called for assistance without offering to help ourselves and it is now necessary for us to put forth a genuine effort which will inspire our people to roll up their sleeves and set about our task which undoubtedly will result in success. We all realize that New Brunswick's great need is capital for the development of industry and if such is not at hand our chief aim and object should be to induce this from a desirable source. This can not be had for the asking as the live and wide awake communities realize. We must show what we have and what we want; and if we correctly broadcast the great possibilities of our province there will be many to seek the many opportunities offered.

The people of this province have been altogether too modest in seeking to advance its interests and it is about time that we gave way to such an error and attempted to accomplish worth while things along correct business lines. We have an organization known as the New Brunswick Tourist Association which is already pressing hard for our welfare in other lands by seeking recognition of New Brunswick as a desirable place in which to live or spend a vacation. This organization is worthy of our heartiest support and co-operation and for the good of our Province let us get behind it.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication) must always be sent. Correspondence should be as concise as possible.

Editor Advocate:
Your correspondent has many times lately been impressed by remarks in regard to conditions in our town in one phase and another all however, quite timely remarks and tending to the betterment of conditions generally.

A town election has recently been held, and if one is to judge by those who this year, are aldermen there is some good material in our council and naturally we shall expect good results. That there is abundant room for improvement in some, if not in all of the Departments, no one will question. Can't we have some improvements?

Your correspondent notes that there will soon be a change in our police force. We are certainly hoping for a big improvement. It is a difficult position to fill satisfactorily, but our people—many at least—have a sense of righteous indignation at the way in which the affairs of this department have been conducted. Give us a man or men who are live wires, but do not squander the people's money just for the name of policemen. We will not be satisfied with mere figure heads—give us men who earn their salaries.

Then again there is always more or less talk about our park, but unfortunately sounding brass or tinkling cymbal will not accomplish

much in keeping our park nice.

There is always a time in the early summer when a pretty thorough cleaning is given to this central spot, but after that—what? How does it look about the month of July or August or on to the end of the season? The fountain has been made the receptacle of a heterogeneous accumulation of paper, sticks, stones etc.; and the surrounding parts—Oh! my—it beggars description. Still is there any need for engaging the services of a high-priced man to take occasional spurts at fixing it up? Remember, the town is poor, and there are streets in the business heart of the town crying for permanent walks and clean gutters. For heaven's sake don't waste our money!

Once more, in certain sections of the town it has been the habit of a certain class to throw the rubbish from their little stores either on the side walk or in the gutters. That goes on month after month and no one seems to say "you must not" and when a gentle breeze or more boisterous wind springs up the bunches of paper go careering round and ultimately land on the premises of a more cleanly neighbor. Is there no by-law or "clause" to prevent this sort of thing, also is it not part of the duties of a not overworked chief of police to see that cleanliness and the laws of health along these lines are given at least some attention?

There are many other matters to which your correspondent would like to give an expression of thought, without the slightest desire to "knock" our little town, but with the strongest desire for an all around bettering of conditions. Let there be a "long pull, a strong pull and all pull together."

Yours for
BETTERMENT
To the Mayor and Town Council,
Town.

Gentlemen,
When the Advocate and the Leader were read to me, regarding my taxation I could not help but view with hopelessness and discouragement the unchanging conditions of the affairs of the town of Newcastle. Council may come and council may go, but we are in the same old groove for ever!

Be assured gentlemen of the council it is not your refusal of considering my taxation that disappointed me the most, although it is of a very vital interest to me. But it is the manner in which you have arrived at the decision; not only without giving a reason for such an action, but by passing the buck to the assessors. Shifting responsibility! The same old way I have received for the last two years, from the assessors to the council and from the council to the assessors. And here we are again.

For the life of me I cannot see why sane sensible men seek public office without having the courage to administer justice and act with out prejudice and with sincerity. "The Leader says Ald. Armstrong said 'that if the council started making reductions they would have requests right along from others'; which clearly shows that there are many complaints hanging in the balance and that the council have not courage enough to face the ordeal and go into the root of the evil, instead of scratching the surface and shifting responsibility.

Gentlemen of the council did it ever occur to you to investigate these claims and find the reasons for the complaints? Surely there must be some just reason for almost general dissatisfaction. Did it ever occur to you gentlemen of the Council to take the tax list and look up all the ratepayers individually and find out where real necessities can be made, which may increase the revenue of the town and decrease the rate. Isn't the question of taxation the most impor-

Spring Time Is Dress Time
Soon we will be able to go about without coat or wrap, adorned in a Summery Dress, crisp and new—breathing the very air of Springtime. Women who come to CREGAGHANS will find an assortment of Dresses that are sure to please.
Without doubt our New Gingham, Crepe, Voile, and Ratine Dresses are the smartest we have ever shown.
and the most wonderful feature of these charming frocks is the low price attached to each and every one of them.
Attractive Dresses are shown from \$2.50 up and the range includes \$3.50, \$4.00, \$5.00, \$5.50, \$6.00 to \$12.00 values.

time to come. If you are looking for a better town, better place to live in—do not scratch the surface only. Listen to all the complaint—call the complainants and listen to their reasons.
There is not a self respecting citizen that does not wish to contribute his share of the current expenses of the town, but it must be done with justice and for value received.
Yours truly;
A. D. FARRAH.

THE HOLIDAYS
Will the fact that May 24th falls this year on Saturday change the holiday to June 3rd? This question is now being asked by many who would like to know which day it is proposed to observe. The matter of the weekly half-holiday during the summer months might just as well be decided on at the same time.

A Splendid Laxative For the Baby

Mothers should constantly be on guard to keep baby's bowels working freely and his stomach sweet, for nine-tenths of the ailments from which little ones suffer are caused by derangements of the stomach and bowels. Baby's Own Tablets are a splendid laxative for the baby. They are mild but thorough, contain neither opiates nor narcotics, and are absolutely guaranteed to be safe and efficient for either the newborn babe or the growing child. By their action on the bowels and stomach they drive out constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Robin Hood week in Newcastle will be held on May 21st and 22nd at the Empress Theatre. "The wonderful story of Robin Hood" will be shown on the screen. Watch further announcements.

Robin Hood's Merry Men of History are replaced by Happy Housewives of To-day

Robin Hood brought joy and gladness to thousands in the days of Richard the First even as Robin Hood to-day in countless thousands of Canadian Homes. What household duty gives such genuine pleasure or creates more real happiness for Mothers than a successful bake-day? To the pleasing results, easily obtained, in baking with Robin Hood Flour, can be attributed the daily happiness of thousands of Canadian Mothers.
Bake with Robin Hood and be happy.

PERSONALS

Rev. L. H. MacLean returned from Toronto on Saturday.

Miss Elizabeth Anslow of Campbellton is visiting friends in town.

Miss Molly Hennessy was to St. John last week on a business trip.

Mr. John Russell spent several days of last week in Moncton on a business trip.

Miss Elizabeth McCurdy of Clifton N. S. is visiting her niece Miss A. Elva McCurdy.

Miss Margaret McCurdy of Dalhousie University, Halifax, N. S. returned home yesterday for the summer vacation.

Mr. Vincent McEvoy of Dalhousie University, Halifax, is home for the vacation period.

Mr. B. A. McCurdy of Detroit Mich. who is spending a vacation at his home here spent the week-end in Moncton.

Mr. W. F. Smallwood spent Saturday in Moncton, returning to his home in Newcastle on Sunday's Ocean Limited.

Mrs. George Masson of Moncton is spending the week in town the guest of her sister Mrs. Frank McNeil.

Miss Jessie Keating has returned home after a pleasant visit spent with friends in Moncton.

Miss Mary Stewart of Moncton spent the week-end in town the guest of the Misses Keating.

Mrs. E. A. Ryder left on Friday for Cleveland, Ohio, where she will spend the summer with her parents. Mr. Ryder accompanied her as far as Montreal, Que.

Mrs. W. J. Bate, Mrs. J. W. Davidson, Miss Hannah Miller and Miss Bertha Copp attended the Diocesan Meetings in St. John last week.

Miss A. Elva McCurdy entertained a number of her sister's (Miss Margaret) friends last evening at her home on Kings Highway. An enjoyable evening was spent by the young folks who were present.

Mr. and Mrs. James Davis returned to Newcastle on Wednesday from Port Elgin, where they spent the winter months and are guests of their daughter Mrs. I. S. Chapman. Mr. Davis is not in his usual good health, but his many friends sincerely hope that he will soon recuperate and be able to be about again.

GIRLHOOD DANGERS

Can Be Avoided by Keeping Blood Rich and Pure

The anaemia of young girls may be inherited or it may be caused by bad air, unsuitable food; hasty and irregular eating; insufficient outdoor exercise and not enough rest and sleep. It comes on gradually beginning with languor; indisposition to exertion and a feeling of fatigue. Later comes palpitation of the heart and headaches. In the majority of cases constipation is present and the complexion takes on a greenish-yellow pallor. The treatment is quite easy and simple. Dr. Williams' Pink Pills are just the tonic to remedy this wretched state of health. They act directly upon the blood and as it becomes rich and pure strength and activity returns; the glow of health comes to the cheeks and soon the trouble will disappear and good health follow.

Miss Pearl Parks; R. R. No. 1; Reabero Ont. has proved the value of this medicine and her statement will point the way to health to all other weak girls. She says: "I was very ill with anaemia. I could not sleep at night; my appetite was poor; my face and lips were very pale and my eyes dull. I got so weak that I could not go upstairs without resting. I took dizzy and fainting spells; had no ambition what ever and did not care to go about. I was in this condition for nearly a year. I had treatment from two doctors; but did not regain my strength so my mother who was very uneasy about me decided I should try Dr. Williams' Pink Pills after trying the pills for a while I felt somewhat better and continued taking them until I had used about a dozen boxes when I was well and strong. I can strongly recommend Dr. Williams' Pink Pills for the treatment of any suffering from anaemia.

If your dealer does not keep these pills you can get them by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brookville, Ont.

Chairman of School Trustees' Statement Re Issue Of Debentures for School Purposes

I have been asked to make a statement and thus show just why the Board of School Trustees find it necessary to ask for funds to provide increased accommodation for our Public School.

The first and most natural reason is that we have a growing school population. The pleasing feature about this growth is; that we find it is largely due to the fact that a much larger and ever increasing number of pupils remains in School for the full course than was formerly the custom. We also find that the enrollment of new pupils is steadily growing each year.

The second reason is, that the large number of Subjects now on our School Curriculum which is constantly being added to, makes it impossible for any teacher to handle the large classes of our own school days with justice either to the pupil or the teacher and so is created a demand for more teachers and more class rooms.

The third and principal reason is that all available class rooms are occupied to capacity and beyond.

The ten (10) class rooms in Harkins Academy in which the first eight (8) grades are placed are filled to overflowing.

The two (2) class rooms in the Bule School are in the same condition as the first eight grades of the Academy.

The so called Adams School is not in a suitable condition either to repair or enlarge. In the first place it is old, was built cheaply and was never satisfactory. Enough money has been spent on this building in endeavors to make it habitable to have built a new one but all to no purpose. The soil of this site is such that to erect a new building on it, would cost proportionately too much when we have other ground available.

With conditions remaining as they are today and making due allowance for the average yearly increase we should have at least four

and I would rather say five new class rooms available by the beginning of the next school year.

If the Public Schools are to be relieved of the need for two of these class rooms, as we are told; we would still stand in need of 3 additional class rooms and when those pupils whom it is proposed to relieve us of for the present, return to the higher grades we will have need of more. This would surely happen within a year or two.

It is the intention of the Board to utilize only such an amount of the fund asked, as they shall judge will meet present indications. We will keep as much as possible a reserve to meet the need for increased accommodation as it arises. We feel that we should be in a position to meet any emergency that may arise.

The Record of the Board of School Trustees will show that all their actions during the past 25 years have been fully justified by the final results. They are ratepayers themselves and consider carefully the position of the ratepayer, as well as the duty they owe to the schools before presenting any proposal to the Council or the ratepayers for approval.

Any opposition met with in the past has shown that the judgement of the Trustees has proved more reliable than that of those who were opposed to them. The reason is plain, they are familiar with school conditions and requirements; the others are not.

We, as Trustees know that we should have taken steps earlier to provide increased accommodation but we hesitated to do anything to make for further taxation until the situation has become so acute that we are obliged to act and would now ask you to support our efforts.

R. NICHOLSON,

Chairman of the Board of School Trustees. Newcastle, N.B.; May 5th 1924.

FOR SALE.

Worth Its Price

"We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well. He might please her purse with the cheaper article but her final judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer.

This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

WHAT FORESTS DO FOR CANADA

Forests—in the language of the motorist—are the carburetor of national business. We are accustomed to think of "forests" in terms of industry; paper-making or lumbering whereas they run a supply line direct to every Canadian activity. It may be the fruit grower and his baskets and boxes and barrels; or the coal mine and its need for millions of wooden pit-props; or the fishery with its entire plant built of wood; or the railway and its insatiable demand for track ties and lumber or the farmer with his wooden house and barn; fence posts furniture and fuel; or the water power with its dependence on the forest to prevent recurring torrent and drought.

The moment we touch a wage-paying profitable industry; whether agriculture or manufacture in Canada—we touch a "forest industry" for without the forest as a source of basic material Canadian industry could not hope to survive. This refers not to lumbering only but to all constructive activities and to the bulk of Canadian employment.

Canada's commercial future is wrapped up in the future of the forests. If the forests fail Canada's "Natural Resources" will be little better than a locomotive with a smashed connecting rod. China Asia Minor Spain; Italy and Greece have given desperate proof of such a sequence.

One of their last public statements of Sir Edmund Walker was that "the continuance of forest fires is the darkest menace in the commercial future of Canada." Sir Edmund—as a financier and world traveller well knew that the wanton destruction of forests presaged commercial decline.

RESPONSIBLE FOR BORROWING

In the case of a city in the province of Quebec whose Council had asked for permission to borrow a large sum and who had already spent some of the money in advance without any vote of the taxpayers having been taken Premier Taschereau pointed out that each alderman was liable to disqualification and a fine of \$500 and that the City Treasurer was also liable to the same fine.

Perhaps if this is only more fully known there will be less lavish spending of the taxpayers' money without their consent having been first obtained.

Military Clothing Can be Worn

The order issued recently by the Department of National Defense for bidding the wearing of the military clothes by non-military people has been suspended owing to the fact that a considerable quantity of military clothing has been sold by the British authorities in this country and there are many men who find it economical to wear out what they possess of old uniforms and that which they have purchased at a low cost.

The order was given by the Department owing to loss of military clothing from many of the militia depots throughout the country but in view of the large quantity of such clothes throughout various parts of the country no action will be taken to press the order. This information was conveyed in a letter addressed to William Duff M.P. by Hon. E.M. Macdonald Minister of Defense the former having made an inquiry in the interests of a number of people who felt the burden of the Government's order.

CO-OPERATION

In a very excellent annual statement of the City of Revelstoke, B.C. referring to the fine financial position of the City, a phrase is seen which is worthy of emphasis and thoughtful consideration.

The successful working of the year is acknowledged to be due to the "Co-operation between the rate-payers; the council and the permanent employees."

And this will apply to every city; town and village. If there is co-operation; there will be success; if there is disunion and hostility; or even apathy; there will not be success. Kipling's clever and truthful lines; quoted by Mr. Clinton Rogers Woodruff lately in describing the work in Philadelphia, are quite applicable to municipal work:—

"It ain't the guns nor armament;
Nor funds that they can pay.
But the close co-operation
That makes them win the day.

It ain't the individuals,
Nor the army as a whole
But the everlastin' team work
Of every blooming soul."

A city that has a good live Citizens' League, or Bureau of Municipal Research, or Board of Trade—no matter about the name—that takes a real interest in what the Council is doing, will be better off than the places where the citizens leave everything to the Council.

And every Council that is really trying to do its best for the citizens will welcome the work of such a body and seek its full co-operation.

A city's business today is a very big problem, and the greater the number of citizens who are interested in seeing that it is well managed the better.

When a Mayor or Council flouts the activities of a duly constituted body of citizens, they are not acting so as to secure the co-operation of those who elected them and whose money they are spending.

First Impressions Are Important

WOMEN FROM
FORTY TO FIFTY

Will Be Interested in Mrs. Thomp-
son's Recovery by Use of Lydia E.
Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pink-
ham's Vegetable Compound has done
me good in every way. I was very
weak and run-down and had certain
troubles that women of my age are
likely to have. I did not like to go to
the doctor so I took the Vegetable Com-
pound and am still taking it right along.
I recommend it to my friends and to any
one I know who is not feeling well."
—Mrs. THOMPSON, 303 Lizzie St., Winni-
peg, Man.

When women who are between the
ages of forty-five and fifty-five are beset
with such annoying symptoms as ner-
vousness, irritability, melancholia and
heat flashes, which produce headaches,
dizziness, or a sense of suffocation, they
should take Lydia E. Pinkham's Vegeta-
ble Compound. It is especially adapted
to help women through this crisis. It
is prepared from roots and herbs and
contains no harmful drugs or narcotics.
This famous remedy, the medicinal
ingredients of which are derived from
roots and herbs, has for forty years
proved its value in such cases. Women
everywhere bear willing testimony to
the wonderful virtue of Lydia E. Pink-
ham's Vegetable Compound.

Women who suffer should write to the
Lydia E. Pinkham Medicine Co., Cobourg,
Ontario, for a free copy of Lydia E.
Pinkham's Private Text-Book upon
"Ailments Peculiar to Women." C

NOTICE
TO THE RATEPAYERS
of the
TOWN OF NEWCASTLE

Notice is hereby given that under
Order of The Town Council, a
vote of the Rate-payers will be
taken at the Town Hall on Tues-
day the Thirteenth day of May
next from Ten o'clock A. M. to
Four o'clock P. M. on the pro-
posal of the Board of School
Trustees of the Town of Newcas-
tle to issue Debentures under the
provisions of N. B. Acts 1924,
Chapter 71, whereby the Board
of School Trustees is authorized
to issue Debentures to an amount
not exceeding Fifty Thousand
Dollars for the payment on cap-
ital account of the cost of acquir-
ing and equipping additional
School premises, provided the
same is approved by a majority
of the Rate-payers.

Ballots according to the form
adopted by the Town Council
may be had at the office of the
Town Clerk and at the respective
Polling places.

ADVOCATE OFFICE

Report on Civil
Service Shortly

The Audit Board which was auth-
orized by legislation at the last
session of parliament and has since
been created will have a report
before the end of the session on the
expenditures; the personnel and
general conditions in the civil
service. A great deal of material
has been collected and is being as-
sembled; and the report is expected
not only to review the situation as
it exists but to make various sug-
gestions as to economies by means
of co-ordination of staffs and possi-
ble reductions.

The Audit Board is understood to
be laying the ground work for an
audit into the finances of the
Canadian National Railway.

Some question arises both as to
the powers of the board and the
propriety of this course.

Hereto-
fore the Canadian National has
been exempt from the Audit Act
but the provisions of the Audit
Board legislation are held to be
sufficiently wide to authorize exam-
ination into any and all forms of
government expenditures and re-
venues; whether it is strictly with
in the scope of the regular depart-
ments or through the administra-
tion of outside bodies which are
financed by the government. This
would include not only the railways;
but harbor boards and similar
bodies which are given a free hand
in their own affairs. The Canadian
National has always had an indepen-
dent audit of its own and there is
some idea that it may resent the
audit which is now in view; es-
pecially if it reveals its affairs to
competitors. In any event plans are
going ahead for such an examination
and also for a close financial super-
vision of the system.

Along the same line; Sir Henry
Drayton has given notice of a motion
to create a standing committee of
parliament to examine annually into
the financial commitments both of
the railway and the Canadian gov-
ernment merchant marine. When
the railway estimates are discussed
—and this will be immediately after
the budget is disposed of—lengthy
discussion is anticipated. Perhaps
the most interesting phase is the
purchase of the Hotel Scribe in
Paris. Mr. Graham in the debate
on the address; admitted that a
mistake had been made in the pro-
cedure followed in this case; but
justified it by saying that only one
class of men do not make mistakes—
and they are dead. A good many
questions have been asked in regard
to the transaction some of which
have been answered; while others
stand unanswered. Between the
projected investigations of the Audit
Board; the proposed committee of
parliament and the analysis which
the estimates will permit of; it is
apparent that the railway system is
due for a very thorough and search-
ing review.

Canadian Weekly
Newspapers

The annual meeting of the Can-
adian Weekly Newspapers' Associa-
tion will be held in Convocation Hall
Toronto; on June 5; 6; 7. After the
sessions 150 of the newspapermen
and their wives will leave on a trip
overseas; making a tour of England
Scotland; Holland; Belgium; France
including Paris and Versailles and
the battlefields. The Empire Press
Union and the English Newspaper
Society are co-operating in the
Old Land to make the visit to the Can-
adian newspaper; visitors a very en-
joyable event. The party sails on
June 11th from Montreal on the C.
P.R. steamship Melita.

THE REAL NEED

The need in this country today
is not so much for a real job for
every man as for a real man for
every job.

Violence and The Lash

More frequently judges are order-
ing the lash in cases of brutal
assaults and robbery with violence
and the statement of Justice Enright
that he will always order the lash
in such cases is endorsed by the
newspapers generally.

Unthinking people claim that the
lash is a return to the more barbarous
conditions of past years forget-
ting that robbery with violence is
barbarous and needs to be met in
its own way. The only sensitive part
of a brutal thief is his skin. Dis-
grace he does not understand. But
the smarting of the lash makes
him howl for he is a coward like
all bullies. And the prospect of
the lash makes him pause and
think.

If all the judges in Canada
announced that the lash would be
used in all cases of violence such
crimes would at once decline to
zero.

One section of the Canadian
Manufacturers' Association has
passed a resolution calling for
corporal punishment for crimes
of violence.

Advertising!

ADVERTISING means directing the attention of others to that
for which attention is desired. If you have a stock of which you
are proud, or a service which you believe to be superior, direct at-
tention to the fact every week in the columns of the UNION
ADVOCATE.

Stretch out the hand of good-will, wear the smile of welcome, and
command the business of the buyers of this community. Do these
things and your business will expand and the profits from your bus-
ness will be greatly increased.

A WORD TO THE PUBLIC.

Do you not feel a certain reluctance about going into shops
that have not invited you to enter their doors? At the shop
which advertises—which invites your custom—you know
that you are welcome.

Shop Where You Are Invited To Shop

Local and General News.

A BUSY WEEK

The committee on "rumors" had a busy week.

SUCCESSFUL SALE

The Rummage Sale held last Saturday in the Brander Bldg. by the Miramichi Hospital Aid was most successful in every particular.

HAS BOUGHT "WORLD"

Announcement is made that R. W. Ferguson has purchased "The World" newspaper formerly owned and published by the late J.L. Stewart of Chatham.

SPEEDING

Some of our motorists exceed the speed limit too frequently at the intersection of streets. Last week a serious collision was narrowly averted and had these cars come together at the speed they were travelling it would have been a serious matter for occupants of both cars.

Robin Hood week in Newcastle will be held on May 21st and 22nd at the Empress Theatre. "The wonderful story of Robin Hood" will be shown on the screen. Watch further announcements.

BAD STATE OF AFFAIRS

It is a bad state of affairs when men shrink from holding local office. It is such a thankless task that to fill a public office is to make a distinct sacrifice. There must be a new view-point on the part of the electorate.

CHARGE INTEREST

Some eager citizens pay taxes not overdue and get a rebate. At the other end of the line are people who are not keen to pay tax bills that have been piling up in arrears. As a measure of justice to those who pay promptly delinquents should be charged interest.

TEAM WORK

Team work is the one great thing of which Newcastle cannot boast at the present time. We do not work as a unit. A pulling mule can't kick and a kicking mule can't pull. If we would all "get together" and pull our weight in the boat things would soon be on the upgrade here in Newcastle and it surely is time we changed our direction.

TOURIST CAMPS

The necessity for providing camping grounds for tourists is being recognized more generally, for many motorists prefer this kind of accommodation to that of hotels or boarding houses.

North Vancouver, B.C. is to have quite an extensive one ready this season, which will occupy about seven acres; have water service and accommodation for seventy-five cars.

THE AUTO MENACE

Parents—else some of you keep a more watchful eye over your two to four some careless motorist is almost certain to run down these children. It is not always for the need of a proper play ground that the little ones are to be found rolling hoops; playing ball etc. on the streets. It is unreasonable to expect the police to wholly correct this error—the parents must assist to a worthwhile degree.

Thousands of School Children need
NATURE'S RARE GIFT
From Norway's Seas
SCOTT'S EMULSION
This Strength-maker.

CLEAN UP DAY

Wednesday May 14th has been appointed "Clean Up" Day for Newcastle. See. advt. elsewhere in this issue.

NURSES' HOME

Messrs. Duffy and McCarthy a Moncton firm of plumbers and steam fitters have been awarded the contract for the plumbing in the new Nurses' Home in connection with the Miramichi Hospital.

FIRE ALARM

The Fire Company was given a run last Wednesday afternoon for a fire in a barn belonging to Mr Isaac Mitchell in the rear of his Meat and Grocery Store. The building was an old one and was a complete mass of flames when the Fire Company arrived but was soon extinguished.

There are teas and teas; there are even other Orange Pekoe teas than MORSE'S but do not forget that MORSE'S SELECTED ORANGE PEKOE is the original Orange Pekoe and that there is no substitute for it which equals it either in flavor or the number of cups to the pound.

IT PAYS TO ADVERTISE

A local merchant is quoted as saying—"When a duck lays an egg she just waddles off as if nothing had happened. When a hen lays an egg there's a whole of a noise hence the demand for hen's eggs." Moral—It pays to advertise.

AFTERNOON TEA

The teaching staff of Harkins' Academy gave another of their delightful afternoon teas in the Assembly Hall last Thursday afternoon. Despite the disagreeable weather the attendance was large and those present enjoyed a delicious repast.

IN MEMORIAM

In sad and loving memory of Mrs. E.S. Vye wife of E.S. Vye who died April 23 1919, also Mrs. A. Johnson wife of Allan Johnson, a daughter of E.S. Vye who died May 8th 1916. Not dead to those who loved them; Not lost, but gone before; They live with us in memory still And will for ever more. The Family, Blackville; N.B. 20—0—Pd.

Robin Hood week in Newcastle will be held on May 21st and 22nd at the Empress Theatre. "The wonderful story of Robin Hood" will be shown on the screen. Watch further announcements.

The Stepping Stones

Community pride leads to community progress. Community spirit leads to an intelligent tackling of the problems of the district; and out of the present discouraging conditions no appreciable degree of success can be builded without recognition of the fact that the law of self-preservation applies with greatest force to the individual and his family next to the community and then only to the industry as a whole.

TRANSFERRED TO MONTREAL

Mr. E.A. Ryder, the popular C.N.R. Freight Clerk has received notice of his transfer to Montreal Que. He leaves in two week's time to take up his new duties which are in the way of promotion. While Mr. Ryder's many friends in Newcastle will regret to hear of his leaving town they will be pleased to hear of his well merited promotion and success and wish both Mr. and Mrs. Ryder much happiness and prosperity in their new home.

OUR FIRST DUTY

One weakness in farmers' organizations is their ambition to correct things provincially or nationally before the spirit of the community or district is right. If we had sufficient "District Builders" we would have strong provincial and national organizations. In the end we have to fall back on the old admonition to first put our own house in order.

MIRAMICHI BALL LEAGUE SCHEDULE

A meeting of the Miramichi Baseball League was held in the town hall Chatham Friday evening. C.J. Morrissy, M.L.A.; of Newcastle; acted as chairman. Delegates were present from Newcastle; Nelson; Loggieville and Chatham. Douglas-town is not plying a team in the league this season.

A request from Richibucto asking representation in the league was refused because of the distance from the other towns. It was decided that all teams must send the names of players to the secretary before May 15th. The meeting adjourned until Tuesday; May 20th; when further business will be transacted. The opening games of the league will be played on May 26 when Loggieville plays in Newcastle and Nelson in Chatham.

The full schedule is as follows:

- May 26—Loggieville at Newcastle
- May 26—Nelson at Chatham
- May 29—Chatham at Loggieville
- May 29—Newcastle at Nelson
- June 2—Newcastle at Chatham
- June 2—Loggieville at Nelson
- June 5—Chatham at Newcastle
- June 5—Nelson at Loggieville
- June 9—Newcastle at Loggieville
- June 9—Chatham at Nelson
- June 12—Loggieville at Chatham
- June 12—Nelson at Newcastle
- June 16—Loggieville at Newcastle
- June 16—Nelson at Chatham
- June 19—Chatham at Loggieville
- June 19—Newcastle at Nelson
- June 23—Newcastle at Chatham
- June 23—Loggieville at Nelson
- June 26—Chatham at Newcastle
- June 26—Nelson at Loggieville
- June 30—Newcastle at Loggieville
- June 30—Chatham at Nelson
- July 3—Loggieville at Chatham
- July 3—Nelson at Newcastle
- July 7—Loggieville at Newcastle
- July 7—Nelson at Chatham
- July 10—Chatham at Loggieville
- July 10—Newcastle at Nelson
- July 14—Loggieville at Chatham
- July 17—Chatham at Newcastle
- July 17—Nelson at Loggieville
- July 21—Newcastle at Loggieville
- July 21—Chatham at Nelson
- July 24—Loggieville at Chatham
- July 24—Nelson at Newcastle

Clean-Up Day

Clean Up Day for Newcastle will be held on **Wednesday May 14th.**

All residents and citizens are kindly requested to take notice of the above date and do all in their power to have their premises cleaned up on or before May 14. Refuse placed in the ditch or on the side of the road piled up or in receptacles fronting premises, will be taken care of by the Public Works Department. All are requested to give a helping hand.

John Russell
Chairman Public Works Committee.

MASS MEETING HELD IN OPERA HOUSE

A mass meeting was held last Sunday evening after the regular church services, in the Opera House in the interests of the Halifax Blind School. His Worship Mayor D.S. Creaghan opened the meeting and with him on the platform were Rev. L.H. MacLean and Rev. A. W. Brown. The Opera House was filled to its capacity and the large audience was greatly interested in the address and films through which was depicted the great work done among those who have been so unfortunate to be afflicted with blindness. The meeting was opened by the singing of "O Canada" accompanied by the Methodist Church Orchestra.

Mr. J.F. Down gave an excellent address on the needs of educating the blind; after which 1000 feet of film was shown describing the methods used in this great work. Mr. John Peterson, a former graduate of the school; delighted the large audience with music and singing which was much appreciated and commented on. A silver collection was taken up to defray expenses and later on a drive for funds will be inaugurated for the very pressing needs of the institution.

How to Prevent Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as Mother Seige's Curative Syrup, has no dope or strong ingredients; it chases away indigestion, biliousness and constipation. Can be had at any drug store." Get the genuine.
