THIRTEENTH YEAR

THE PANAMA CANAL AFFAIR.

M. FLOQUET SAYS HIS ENEMIES HAVE TYPHIFIED HIM.

He did not help a Russian Statesman to obtain 500,000 francs. Rumors of a disagreement in the Cabinet were without fact—Several Deputies Now on Trial.

PARIS, Jan. 3.—Magistrate Franquet's examination of MM. Charles de Lespays, Marius Fontaine, Sans-Leroy and Felix Cotté, who are charged with being implicated in the Panama Canal corruption, was finished on Saturday.

The case of the deputies charged with having received money from the Panama Canal Company was opened by Magistrate Franquet yesterday. The accused are Jules Roche, ex-Minister of Commerce; Maurice Rouvier, ex-Minister of Finance; Emmanuel Arènes, member of the Cabinet; Baron Jean de Soubeyran, member from Yverdon; Antonin Brocard, member from Deux Severs; and Joseph Dugue de La Fonquerie, member from Orléans.

There is no reason to believe that any more deputies are implicated in the Panama Canal scandal, and therefore no more arrests are expected.

M. Charles Floquet this evening authorized the correspondent of the International Telegram Company to deny the reports that he intended to resign the presidency of the Chamber. The statement was made by Floquet in a Russian Statesman to obtain 500,000 francs from the Panama Canal Company.

It is said that he had been charged with a Russian Statesman to obtain 500,000 francs from the Panama Canal Company. Floquet said that he had been charged with a Russian Statesman to obtain 500,000 francs from the Panama Canal Company.

A BLUE LAW THAT IS MOULDY.

The Supreme Court at Philadelphia Decided in Favor of the Law to Suppress Sunday Newspapers.

PHILADELPHIA, Jan. 3.—Among the decisions handed down by the Supreme Court to-day were one confirming the legality of the old blue law of 1794 in relation to the publication of Sunday newspapers. The case upon which the decision was rendered was that of Thomas Matthews, publisher of The Pittsburg Sunday Leader.

Mr. Matthews was convicted of publishing and issuing his paper on Sunday, Dec. 27, 1891, under the act of 1794, which prohibits worldly pursuits for the Sabbath, save those that are an absolute necessity for the wants of the community.

The court says that the framers of the act of 1794 could not foresee the growth of newspapers or that they would possibly have exempted them under the provisions of the act.

The court in conclusion commends the act and says that a too liberal enforcement of its provisions may lead to legal.

DR. MCGILLYN'S LETTER.
Vindicating His Policy Did Not Harm the Cause.

NEW YORK, Jan. 3.—The Herald this morning says: Dr. McGillyn has been welcomed back into the fold of the Catholic Church simply because the Pope considered that injustice was done when he was excommunicated.

These charges will hang over the head of Dr. McGillyn, but it is extremely doubtful if they will ever be pushed. The case will probably never be reopened. Dr. McGillyn was excommunicated because he refused to restore Dr. McGillyn to his full powers as a priest.

MADE FURIOUS ONSLAUGHTS.

FIGHT BETWEEN DERIVISHS AND EGYPTIAN TROOPS.

Cairo, Jan. 3.—The body of derivish which recently attacked Gema, near Wady-Halfa, was overtaken near Ambar yesterday by a detachment of Egyptian cavalry and after a battle ensued.

The derivish, who greatly outnumbered the Egyptians, made several furious onslaughts on the Government troops, but they were finally repulsed with heavy loss. Many derivish were slain.

A detachment of Egyptian cavalry with British officers have arrived at Ambar since the battle took place, and further reinforcements have been despatched to the scene of the conflict.

BRIGANDAGE IN RUSSIA.
A Notorious Leader and His Followers Are Captured.

VIENNA, Jan. 3.—The authorities at Warsaw are excited over the spread of brigandage in Russian Poland. The province of Radom, adjoining Austria, has recently been infested by a band of 200 brigands, led by a notorious robber chief, named Jankovitch.

These robbers attacked the residence of a wealthy land owner, named Vetokhodovitch, and plundered his property. The robbers were captured by the police and afterwards jumped down when all was ready. It was a case of strangulation.

OTTAWA, Jan. 3.—An appeal to the Supreme Court has been made by the Corporation of the City of Vancouver, B.C., against the decision of the Divisional Court in the case of the C.P.R. v. the City.

The action involves the right of the city to cross the tracks of the C.P.R. at the point where the tracks cross the city street.

STRANGLING HIMSELF.

As Ottawa Detective, Well Known in Ontario, Takes a Short Cut to the Rappy Hunting Grounds.

OTTAWA, Jan. 3.—The dead body of Detective Harry Montgomery, who was killed with his feet almost touching the floor, a small cord, about the size of a string, was found around his neck, and a chair standing close by, was seen, which was the means of his death.

It was without doubt, a case of carefully premeditated self-destruction. He was seen late last evening and seemed to be sober, but was drinking considerably for some time past.

He was yesterday connected with the police force, being raised to the position of detective, which he held for several years, until discharged about a year ago, owing to intemperance to duty through drinking.

He was, however, doing fairly well, and his health seemed to be improving, and his having suicided cannot be attributed to any financial troubles or a case of love.

Yesterday he was busy all day dictating and not having been seen in the morning nor having been in his home all night, his death was a surprise to his friends, finding him as already mentioned.

He was a widow and three of a family. The house in which he lived was his own, being given to him by his mother. His father is a saddler in Ottawa, and is worth from \$50,000 to \$80,000.

Recently it is said that the father changed his will, which was made unfavorable to the son, and the son is now taking place among us. Dr. Ogilvie has already given some similar testimony on other occasions.

He has provoked some controversy, especially by his statements concerning the propriety of law suits, and has been called a class. He now repeats those statements, namely, that the death rate among the aged is becoming a serious matter, and that the death rate of coal miners is becoming a serious matter.

He had also found that coal miners suffered less from phthisis than other members of the community. It is quite evident that as well as a social point of view the miners are a most interesting class of the community.

THE IMPERIAL WILL.

Germany Must Either Accept the Emperor's Army Bill as It Is or Elect a New Government.

BREITEN, Jan. 3.—The Vossische Zeitung comments at length upon Emperor William's summary rejection of the general at the Army's reception.

It is felt that the Emperor's summary rejection of the general at the Army's reception is a serious matter, and that it is necessary to proceed to a dissolution of the Reichstag.

The parties should prepare, therefore, at once for a general parliamentary election, which, in view of the Imperial utterances, was now apparently inevitable.

THEY MARRY EARLY.

Dr. Ogilvie, superintendent of statistics in the Registrar's office, has given the following interesting statistics concerning the rate of mortality among different classes of the population, and also as to the extent to which marriage is now taking place among us.

The jail is guarded by the sheriff and a posse of 50 armed men. The mob is being augmented daily, and another battle is expected. The Whitson brothers, who are sentenced to be hanged on Jan. 17, will be lynched if the mob gets inside the jail.

STABBED BY A TRAITRESS.
Lawyer McCoy's Death in Earliest Case in an American Execution.

SAN FRANCISCO, Jan. 3.—A party of about 50 friends assembled last night at the house of Sidney McCoy, a young lawyer, to watch the old year out, and the new year in. The feature of the evening's entertainment was the production of a play written by McCoy and performed by amateurs.

The plot of the play was the betrayal of a man of Russian birth by one of his friends. The play was a success, and the audience was much pleased with the performance.

A PORTUGUESE RUNS AMUCK.

He Shot the Barkeeper and His Wife and Then Flew Out His Own Brains—Case of D. T. A.

SAN FRANCISCO, Jan. 3.—Antonio Duarte, a Portuguese keeper of the way-side near San Leandro, this morning, while suffering from delirium tremens, went to the room of Anton Diaz, his barkeeper, whom he called upon to open the door.

As Diaz complied with the request Duarte shot at him. The pistol ball passed through Diaz's forehead, inflicting a serious wound. Duarte then rushed into the room, firing two shots at Mrs. Diaz, both passing through the chest.

He then rushed into the room and went down stairs into the billiard room, where he placed the weapon to his own head, blowing out his brains. Mrs. Diaz will die.

A Lively Time at the City Hall. The City Engineer and the Waterworks Department.

It was a report from the Waterworks Committee in relation to the acquisition of the conduit pipe.

For this purpose the Mayor and several members attended a special meeting of the council at 8 o'clock yesterday afternoon.

The Mayor explained that he had called together to receive the report of the Waterworks Committee, passed at Friday's meeting, placing the reconstruction of the conduit under the supervision and control of the City Engineer.

Mr. Gowanlock, chairman of the Waterworks Committee, rose slowly in his seat, and in a low, slow voice, he said: "I am glad to have been consulted about this matter. I have not been consulted about it since I received a notice to do so two or three hours ago."

The Mayor: "I am glad to have been consulted about this matter. I have not been consulted about it since I received a notice to do so two or three hours ago."

Notwithstanding the business depression that has prevailed throughout the Dominion during the past six months it appears that the North American Life Assurance Company has had a wonderfully successful year.

The figures show that the remarkable increase made in every department of the company's business during the year was the result of the company's policy of low rates and high dividends.
