That there are not a sufficient number of magistrates in the northwest terr tories, as the circuits are now too large, an as a consequence courts are not held frequently enough. In case a wrong is done by them the sufferers have no redress but by action in a court, and the is often as illusory as the magistrates do no give any bonds nor is property quaffication

That in liquor cases the giving of one half the fine to informants has had a bad effect, and a man being condemned on the oath of an informant alone has led to many cases of great injustice, and perjury has frequently been committed in this connec tion. This evil is seen among the police men who have been known to obtain in on day two hundred dollars as an informer one half the fine against two persons, al though both defendants demed the allega tions of the informer, and the defendants

were both respectable men. 6th. That the police have used their right ty enter houses in search of liquor in a most unwarranted manner, and we ask that be tore such be done that a sworn information at least be laid before a police officer can

That horse stealing is very prevalent her ., and that scarcely any effort is made to hunt out the guilty parties, as the thieve go south by the McLeod trail, and the police are unable to overtake them before they reach the United States. THE SUNDAY MAIL. To the Editor of the Non WESTER :-

Sir, For a Sunday or two our postmaster open ed the office for a short time for the delivery of the mail which arrives ao 1.30 p.m on that day, This was a great canvenience to our citizens, and was much appreciated by them; but I am sorry to see that the practice has been discontinued of late.

Of course the Postmaster is not bound to do this, but yet as he sorts the mail on Sunday it would not entail much more work to have the office open for delivery for an hour say between 5 and 6 o'clock in the evening and I do not suppose the strictest Sabbatar. ian would object to this.

Calgary, Oct. 6, '84,

Arrival of the Lieut.-Governor. His Honour Lieut. Governor Dewdney arnived on Sunday's train from Regina. He spent yesterday in Calgary and he thinks that the town has improved wonderfully since he was here last February. Lieut .-Governor Dewdney was the guest of Col. Herchimer while here. He left to-day for Edmonton whither he goes on his promised trip. It is three years since Mr. Dewdney visited Edmonton, and doubtless he will observe many improvements in that locality since his last visit there. He will probably return to Regina by the river vla Battlef rd. The Non'-WESTER wishes him

THE Social at Boynton Hall on Friday evening last, under the auspices of the Presbyterian Church, was a most enjoyable affair. The front of the stage was covered with large photos of East India scenery by native artists and Indian curiosities wh ch were exhibited by Rev. Mr. Campbell, (a native of Nova Scotia and brother of C. N. Campbell, Esq. Barrister, of this town), who has spent several years as a missionary in India, and who delivered a very pleasing address. An interlude took place for the discussion of the good things prepared by the ladies, after which addresses were delivered by Rev. Mr. Gordon, of Knox's church, Winnipeg, who has been on an extended tour to Fort McLeod, Pincher Creek and the Crow's Nest Pass, and also north to Edmonton) and by Rev. Dr. Robertson, Superintendent of Presbyterian missions in the northwest: Rev. Mr. Gordon is a very pleasing speaker and he gave a humorous description of broncho riding and 'bucking horses generally as witnessed by him in the ranche country. The Rev. gentleman is no tenderfoot, but an old nor wester who has been over the rockies [years ago, and his ketch of his travels was very interesting. Rev. Dr. Robertson spoke in enlogistic terms of Calgary and its future, and ailuding to the various nationalities which are centered here called upon the audience for a show of hands to indicate the country they hailed from. The English and Scotch made a good show, being nearly even; New Brunswick and Prince Edward Island had two or three adherents; Nova Scotia about a half a dozen, including two of the reverend speakers, Messra. Gordon and Campbell, and a young lady from Morley, now on a visit here, whilst Ontario had a large majority, some of her sons, however, halding up both hands, as they are apt to do when there are any public offices going. Mrs. Millward presided at the piano in her usually capable manner, and Mr. Ciark's solo "The White Squall," was well sung and appreciated. The piano selection "Home, Sweet Home," with variations, by Mrs. Bannerman, was beantifully rendered. The promoters are to be congratulated on the success of the en-

Take for instance, "The Salvation Army:" a late Winnipeg paper states, "its power and usefulness is gone," and I presume the bubble is about to burst up, simply because the promoters went "the entire animal," too strong, and tried to lick creation, and too strong, and tried to lick creation, and pound all the parsons into oblivion, and in a similar manner are these prohibitionists performing they would lick all creation into their way of thinking, nolens, volens, and pound all the brewers, distillers and licensed hotel topers into oblivion for ever, and their wives and families may look on, and the only generous advice a paternal government could then offer them would be you can take a lack seat and cry, "Pity the unfortunate." I have every respect for a total abstainer, and think every person has a perfect right to become one or not, but I have a greater repect for "the liberty" of the subject, and consider there should be no coercion in matter, spiritual or temporal.

consider there should be no coercion in matters, spiritual or temporal.

It would be worth a trial, whether the
powers that be, could not arrange for alternate towns or districts, to be "Prohibition
for sale and manufacture," or "License and
manufacture," and thus take the choice of
residence; I don't think the License folks
world often visit the Prohibition town, but
am not so sure of the Prohibitionists visiting

I would recommend the reverend writer to obtain particulars of the late movements made in England, for the moral good of the various classes, in the laying out Recreative Parks, Flower Gardens, Picture Galleries, les and Coffee Palaces, &c.. and then lead the people, and not drive them, as this Prohibition fanaticism would do.

There is an old saying "Forbidden fruit is swet," and this is the very thing we most enjoy, and to rob a man of his diuner and supper beer, or his glass of whiskey to-day, when he wishes to have one, would only make him break the laws, and brew it

somewhere on his own premises.

In Dr. Chase's recipe book I read:—"Ale, home-brewed; How it is made?—"Take certain quantities of malt, hops, yeast, etc., and he then states: If one pint of this was taken each meal by men, and half that amount by women, and no spirits, tea or coffee during the day, I hesitate not in saying that I firmly believe it would conduce to

Having drunk a similar brew for over thirty years I can endorse the Doctor's If our Legislature would put a heavy fine on all adulterated beer and spirits the people would be the better for it, and cases of drunks would diminish

The Blue Ribbon men should go in for a Church Temperance or Chapel Temperance Society, whose pledge for their members is, to take stimulants only at meal times. This seems to me a more sensible move for those who get too good of their Daffys.
In conclusion, if the Ribbonites are trying to run this district, the license men must be up and doing, and have a say on that point,

Yours faithfully, W. J. COMPTON. Elbow Bridge Saloon and Brewery, Sept. 28th, 1884.

THE auction sale of the onlice herd of horses at McLeod was postponed from Wednesday last till the following day, when the auctioneer, J. H. Metcalf. conducted a most successfui sale. Mr. Metcalf also sold the horses seized by the Customs authorities there, and he also disposed of a number of other horses for private individuals. Al realized good prices, the sales in all cases being for cash.

THE intellectual east end eunuch i a recent issue pays us some handsome compliments. So does an anonymous cor respondent, who is afraid to come out over his own name. We are thankful for all these. Try it again in the "Sweet Byeand bye," etc. Try try again our nice little little ditty. Try it again, our angelic fant, and you will have tidings of comfort and joy without number.

THE NOR'WESTER is a very pungent thorn in the side of the dyspeptic senior wrangles who is such a goody goody young man that he has no sins and consequently no faults. Equally good but not quite as dyspeptic is the maginta junior who knews how NOT to practice what he preaches. Such a pair nice poung men lack only wings to make them of the anointed, that is of the Peck snifflan species, of course.

MR. FERLAND has handed us a late copy of the Chicago Mining Journal. Among other interesting papers it contains one from the pen of Dr. Wilber, State Geologist and Mineralogist of Illinois. The article is en HAPPENING to be in Mr. E. McCoskrie's | titled "King Coal" and this district is especially referred to in eulogistic terms, and Calgary is paid a high compliment. We met Dr, Wilber in August last while we were en route to Regina. He has formed very favorable opinions of this portion of the northwest, and he is a mau whose statements are entitled to much attention. In our next issue we shall give extracts from his paper on "King Coal."

Mr. Alton is looking a little tanned from outdoor exposure, and his fighting weight has sensibly increased with his good nature. The party have been busy in this district all summer, and they will continue their work fot another month.

As we intimated in our last issue new complications have arisen in this now somewhat celebrated case. Mr. Oxharat and his foreman Thebo were arrested at Brandon at the instance of Mr. Sub-Collector of Customs, Bannerman, on a charge of attempting to defraud the Revenue by making away with the forty-five horses, which were supposed to have been stolen. Several others were charged with complicity in the transaction, but no warrants have yet been issued for their arrest.
