The copy filmed here has been reproduced thanks
to the generosity of:

National Library of Canada

The images appearing here are the best quality
possible considering the condition and legibility
of the original copy and in keeping with the
filming contract specifications.

Original copies in printed paper covers are filmed
beginning with the front cover and ending on
the last page with a printed or illustrated impres-
sion, or the back cover when appropriate. All
other original copies are filmed beginning on the
first page with a printed or illustrated impres-
sion, and ending on the last page with a printed
or illustrated impression.

The last recorded frame on each microfiche
shall contain the symbol → (meaning "CON-
TINUED"), or the symbol ▽ (meaning "END"),
whichever applies.

Maps, plates, charts, etc., may be filmed at
different reduction ratios. Those too large to be
entirely included in one exposure are filmed
beginning in the upper left hand corner, left to
right and top to bottom, as many frames as
required. The following diagrams illustrate the
method:

L'exemplaire filmé fut reproduit grâce à la
générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le
plus grand soin, compte tenu de la condition et
de la netteté de l'exemplaire filmé, et en
conformité avec les conditions du contrat de
filmage.

Les exemplaires originaux dont la couverture en
papier est imprimée sont filmés en commençant
par le premier plat et en terminant soit par la
dernière page qui comporte une empreinte
d'impression ou d'illustration, soit par le second
plat, selon le cas. Tous les autres exemplaires
originaux sont filmés en commençant par la
première page qui comporte une empreinte
d'impression ou d'illustration et en terminant par
la dernière page qui comporte une telle
empreinte.

Un des symboles suivants apparaîtra sur la
dernière image de chaque microfiche, selon le
cas: le symbole → signifie "A SUIVRE", le
symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être
filmés à des taux de réduction différents.
Lorsque le document est trop grand pour être
reproduit en un seul cliché, il est filmé à partir
de l'angle supérieur gauche, de gauche à droite,
et de haut en bas, en prenant le nombre
d'images nécessaire. Les diagrammes suivants
illustrent la méthode.

## P R E F A C E .

---

The author of the following work was led to its preparation principally from his appointment as Treasurer to the Superannuated Preachers' Fund, at the Brockville Conference, in 1850. The manuscripts were seen by a number of Brethren at the Hamilton Conference of 1853, and a resolution was unanimously passed, requesting its publication. The various materials for the work have been collected from the most authentic sources, at great cost of labour and perplexity. The principal part of the work is drawn from official documents, and the rest from private sources of information.

While this publication goes forth at the request of Conference, the author wishes it to be distinctly understood, that that Body ought not to be held responsible for the facts or reasonings which are here presented, until the work has been fully examined, considered, and expressly sanctioned. Some of the dates may be erroneous, and many particulars will probably have to be corrected in a future edition. The author has consulted every available official document within his reach, and the majority of the lists of appointments have been examined by the respective brethren. To several others, letters have been written for information ; from a few of whom replies have been received. Contributions, serving to improve the work, in dates or facts, will be gratefully received, with a desire to perfect the statistics, as far as possible, in a future issue.

Considerable delay and additional labour have been created by a desire to revise and extend the returns to the present period ; and especially from the contemplated union and consolidation of the

work of God in Eastern and Western Canada. In anticipation of this desirable consummation, we have incorporated all the Ministers of the Eastern District in regular order among the members of the Canada Conference. This alteration necessarily compelled the author to re-copy and extend the whole work before committing it to press. As this is the first edition, the author has thought proper to insert the names and appointments of such as have died in the work, with such available notices as presented themselves. If we are to give "honour to whom honour is due," surely those devoted, successful, and faithful labourers ought to have a place among us; "And we desire that every one of you do show the same diligence, to the full assurance of hope unto the end; that ye be not slothful, but followers of them who through faith and patience, inherit the promises." Heb. vii. 11, 12. "Whose faith follow, considering the end of their conversation; Jesus Christ, the same yesterday, to-day, and forever." xiii. 7, 8.

It will be found that a few brethren who were formerly members of this Conference, but are now employed in the mission work of the Lower Provinces, are inserted, as they are all under the direction of the Parent Body. At one time it was intended to publish all the appointments of such brethren as have joined the Conference from other bodies, but, after consulting with some senior ministers, and on maturer consideration, it has been deemed advisable to confine the Register to our own proper work, with a reference only to the time which these brethren travelled in those bodies.

The tabular view of the ministerial status has been compiled from the printed copies of the stations of the Methodist Episcopal Church and the Minutes of our own Conferences, and of other private or personal information, compared with the Report of the Committee, presented to the Twenty-Eighth Annual Conference, held in Toronto, June, 1851. That Report has been found defective in some particulars, so that the author has been compelled, in a few cases, to differ from it. The returns are made generally as found in the printed Minutes, but in several instances great per-

plexity was occasioned by conflicting dates. The author craves the indulgence and forbearance of such brethren as find themselves erroneously reported, and hopes to prevent the recurrence of such errors in a future edition.

We have supplied a brief history of the Superannuated Preachers' Fund, the present Constitution of that Fund, and the amount contributed towards it during the preceding twenty-one years, with a summary of the disbursements, and a table showing the comparative difference of dividends under each administration.

The information furnished in this work will be useful in assisting to trace the course of appointments, the ministerial status, and some historical reminiscences, which would be often difficult, and, in some cases, impossible for many to obtain; and thus the one important and principal end is obtained by its publication. "As a *Book of Reference*, it will be both pleasing and profitable to look back upon the achievements of by-gone days, and reflect upon the labours and sacrifices of those men, through whose instrumentality God has turned a barren wilderness into a fruitful field," and made "the desert rejoice and blossom as the rose."

Toronto, September, 1853.

## THE SUPERANNUATED PREACHERS' FUND.

The history of the Superannuated Preachers' Fund presents a feature of becoming solicitude to provide for the wants of the afflicted and necessitous Ministers, who are unable to continue in the regular work of the Circuit; but in the early period of our separate and independent state, this income was very small, and the allowance necessarily limited to a mere pittance. In the Minutes of Conference for 1825, Vol. I., page 9, we find the following resolution,—

"Resolved,—That our Superannuated brethren be permitted to make collections in all places where they may labour, and where such collections do not interfere with the labours of the Circuit Preachers; and that they account for the same, together with all which they may receive in consideration of their services."—Some alteration appears to have taken place afterwards, for in the Minutes for 1833, Quest. 10, we find in the *first printed returns*—  
"What has been collected for the contingent expenses, and for making up the allowances of Preachers?" And a reference that the allowance is only 82 per cent. of the claims of the "Worn-out and afflicted Preachers, without any allowance to their families." In 1836, the name of this Fund is changed, and a separate mode of raising the ways and means is adopted. Quest. 15—"What can be done for the purpose of securing a more efficient support for our Superannuated Preachers, and for the Widows and Children of those who have died in the Itinerant Work?"

"1. Instead of the public collections which are now made in our congregations, (generally called the fifth collection,) there shall be private collections and subscriptions made in the societies, and among our friends throughout all our Circuits, during the month of May, in each year.

"2. That into this Fund each member of the Conference shall pay not less than one pound annually."

In 1842, the time of making application for assistance to the Fund was changed by the following Resolution,—

"That application be made to our members and friends in behalf of the Superannuated or Worn-out Preachers' Fund, some time between the months of November and February."

"That those lay members who have paid one pound to the Superannuated Fund annually, have their names printed in the Minutes of Conference."—Minutes 1842,

"That all who subscribe and pay one pound and upwards annually to the Superannuated Preachers' Fund, receive a copy of the Annual Minutes gratis."—Minutes 1846.

During the Session of the Belleville Conference, in 1848, a Committee was appointed to consider and recommend a graduating scale of allowances, in order to effect a more equitable distribution of this Fund. The Committee reported to the Hamilton Conference in 1849; and after some few amendments were made to that Report, the following graduating scale of allowances was adopted,

"Resolved, I. Every Superannuated Preacher, who shall have travelled effectively *fifteen years*, shall receive £25 per annum; and from *fifteen* to *twenty* years, he shall receive £2 additional per annum; and from *twenty* to *thirty* years, he shall receive £1 10*s* additional per annum."

"Res. II. All the Ministers who may retire from the work, by permission of the Conference, and who shall not have travelled *fifteen* years, but over *eleven*, shall receive in lieu of a permanent claim upon the Fund, the sum of £25 per annum for four years.

"Resolved, III. All Ministers who may also retire from the work, by permission of the Conference, and who have not travelled *eleven* years, but over *eight* shall receive in lieu of a permanent claim upon the Fund, the sum of £15 per annum, for *four years*.

"Resolved, IV. The allowance for Widows of deceased Ministers shall be Two-THIRDS of the amount appropriated to Ministers, according to the above scale, *provided always*, that the husband of each such widow shall have travelled *fifteen* years.

"Resolved, V. All Widows whose husbands shall not have travelled *fifteen* years, but more than *ten*, shall be entitled to £12 10*s* per annum.

"Resolved, VI. All Widows whose husbands shall not have travelled more than *ten* years, shall receive £10 per annum.

"Resolved, VII. That the cases of Ministers who shall be obliged to desist from travelling on account of ill health, or otherwise; or who may voluntarily cease to travel,—the ministers having travelled less than *eight* years,—all such cases shall be reserved for the special consideration of Conference.

"Resolved, VIII. All Preachers who shall have travelled nine months, or more, under the direction of a Chairman of a District, shall be allowed one year for such time, in all claims made according to the preceding scale and Resolutions.

"Resolved, IX. That the present claimants upon the Fund shall be paid according to the preceding scale, with the following exceptions, viz:—Revs. Messrs. Prindel, Wilson, Stoney, Yeomans, and Mrs. Slater.

"Resolved, X. That the Rev. A. Prindel be allowed £25 per annum; the Rev. James Wilson £50 per annum, with the previous engagement understood, that, on his demise, no subsequent claim be made upon the Fund by his surviving partner; the Rev. E. Stoney £30 per annum; the Rev. D. Yeomans £25 per annum, with no provision for Widow. Each case to be governed by *proviso* attached to scale. Mrs. Slater shall receive £15 per annum, for *four* years, after which her claim to be according to scale and proviso.

"Resolved, XI. That all Superannuated Preachers be released from the payment of the £1 per annum, hitherto required by Conference.

"Resolved, XII. That all Ministers hereafter coming to us from other Churches, or other Branches of the Wesleyan Church, shall be allowed a claim upon the Fund, according to the number of years they shall have travelled in connexion with our Conference.

"*Provided always,* That the Superannuated Fund from year to year, be sufficient to meet the allowance of the several claimants according to the foregoing scale; but when insufficient, a correspondent reduction shall be made in the payment of the allowances of all the claimants."

N. B.—The Conference, in settling the question of Ministerial standing, passed a Resolution that no more than *one year* should be allowed for the time travelled under the Chairman.

Upon reflection, every candid person will perceive that these allowances can be considered as *supplementary* merely to other means of personal income. The amount may be reckoned as auxiliary. The recent alterations in the constitution and distribution of this Fund was intended to provide for two things,—a distribution in proportion to the services rendered, and, if possible, to prevent the necessity of any reduction in this amount to the claimant. This change in its administration, is, however, to some extent, a departure from the financial principles of Wesleyanism, which makes no more provision than the actual necessities of its Ministers, without reference to ages, talents, standing, or other considerations of a similar nature.

A Scriptural and Wesleyan Rule in financial appropriations, is to meet *present necessity*, and make no provision for *to-morrow*. By the judicious application of this principle in their mode of sustentation, the Wesleyans appropriate their Funds for actual need, and not to fictitious wants. Formerly, the Superannuated Preachers' Fund was purely *Eleemosynary*; and persons in the possession of sufficient means of subsistence were not allowed any claim; but the change in its constitution has been considered a sufficient reason for relaxing the previous rule, that only such persons as were really in want, should be assisted by its Funds. The new regulation of claims being proportioned to the amount of services rendered—and the consideration of the greatly diminished amounts in most cases, render it less necessary, or desirable to apply all the proceeds of the Fund, with reference only to either personal wants or personal means.

While it is encouraging to find that hitherto, since this change in its administration, this Fund has been able to meet in full all the claims according to the scale of reduced allowances—yet it is to be deeply regretted, that the allowance could not have been fixed much higher; as any one may discover that these amounts must be utterly insufficient for such claimants as have not any other available means of support.

The annual income of this Fund is raised by the *interest* on certain Investments, made by a portion of the Centenary Fund, the *annual subscriptions* of one pound from all the Ministers of the Conference, and the *annual subscriptions and donations* of the members and friends of the Wesleyan Church. It is rather a singular co-incidence, that the same proportions are found in the contribution of the Church during the last *twenty-one* years. The *Circuit Public Collection* during 4 years, amounted to

£385 13s. 11d., averaging £146 8s 5½d. per annum, and averaging 2½d. per annum for each member of the Church; and during the past 17 years, from the time that the Fund was to be sustained by *Circuit Donations and Subscriptions* the amount raised in this way is £3,537 3s. 9½d., averaging £208 11s. 5d. per annum, and averaging 2½d. per annum for each member. These contributions must be limited to a very small number of the Laity in most parts of the work, and compare unfavourably with the amount of *one pound* which each Minister is required annually to contribute.

These *annual contributions* of the Ministers, during the last 17 years amount to £2,308 13s. 3d., and bear the proportion of about 7 to 11 of the entire annual donations and subscriptions of the membership and of the whole Church. We are gratified to find the income gradually improving, and that the average in 1853 rose to 3d. per member.

In the year 1851, an Act of Incorporation was obtained for the "Wesleyan Benevolent Societies," and under the Provisions of this Act, the 14th and 15th Vic. Cap. 142, the following Board of management was appointed in 1852:

"Resolved,—That the Rev. Enoch Wood, President of the Conference, be President of this Society.

"Resolved,—That the Revs. John Douse, A. Green, J. Spencer, E.B. Harper and H. Wilkinson be the Central Board of the Superannuated Preachers' Fund, with power and authority to obtain a Seal, and to hold and dispose of property, and manage the business of the said Society, for the benefit of the same.

Resolved,—That the Rev. John Douse be Treasurer of the Superannuated Preachers' Fund."

The following Report of the Stewards of the Kingston Conference, 1830, was found among the Conference Documents—and not being in print, it is here inserted to preserve it, and to show how small the amounts raised and distributed were in those days.—It is the only Report found by the author, of a previous date to York Conference, in 1833.

From the above table, we discover that this change in the mode of distribution has reduced the above claimants to 78½ nearly per cent. on an average of the present dividends. Reasoning from

analogy, on the vastly improved condition of the Church, and the rapidly increasing wealth of this flourishing Province, he conclusion to which every sober calculation would lead, undoubtedly is, that the tendency would be in the other direction. We should not, under these favourable circumstances expect a diminution of 21½ per cent.; yet such is the fact, as not one of the above aged and worn-out Ministers is receiving an amount equal to the former scale of allowances.

### EXPLANATION.

The Author deems it necessary to state, for the information of those who may be disappointed at the apparent delay in the publication of this work, that causes, over which he had no control, have prevented its earlier appearance. He also bespeaks the indulgence of those parties who may feel themselves aggrieved by any accidental errors that it may be found to contain, as the Author was distant from the printer, so that the proofs could not always be thoroughly examined by himself. He has great pleasure also in acknowledging the valuable assistance rendered by the Editor of the *Christian Guardian* in bringing the work through the press.
