The copy filmed here has been reproduced thanks to the generosity of:

La Bibliothèque de la Ville de Montréal

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La Bibliothèque de la Ville de Montréal

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

SAVORY & MOORE,

Chemists to the Queen, H.R.H. the Prince of Wales, the King of the Belgians, and H.H. the Khedive of Egypt, &c.

SPECIAL MEDICINAL PREPARATIONS, &c.

PANCREATIC EMULSION.—MEDICINAL FOOD FOR CONSUMPTIVES.—For persons suffering from *Consumption* and *wasting diseases*, it takes precedence of Cod Liver Oil, and all Oily Emulsions. It is not only the necessary food for the Consumptive, but also the most reliable form of nutriment for counteracting the tendency to Phthisis, and other wasting diseases. It is agreeable to the taste, improves the appetite, and increases strength and weight.

PANCREATINE contributes essentially to the digestion and assimilation of food, while its peculiar agency in the digestion of fats and oils renders it specially valuable as an adjunct to Cod Liver Oil in preventing nausea, &c. **PANCREATINE WINE.**—An excellent vehicle for taking Cod Liver oil and promoting its digestion.

PEPTODYN—FOR INDIGESTION—A combination of the whole of the digestive secretions—*Pepsine, Pancreatine, Diastase, &c.*, and is an invaluable remedy in all forms of dyspepsia and all diseases arising from imperfect nutrition. Taken after eating, it prevents the discomfort which often follows the partaking of a full meal, even in persons in good health.

THE BEST FOOD FOR INFANTS.—The ROYAL NURSERIES of England and Russia are supplied with this Food, which has received the approval of the Medical Profession in all parts of the world, who recommend it for its highly nutritive and digestive qualities.

DATURA TATULA.—In *Asthma, Chronic Bronchitis*, and other diseases of the respiratory organs, the use of "Datura Tatula" gives instant relief. "The smoke causes no nausea. I have never known an instance in which relief was not obtained."—General Alexander.—*India.* Prepared as Cigars, Cigarettes, Pastiles for inhalation, and in tins for use by means of a pipe.

JEREMIE'S SEDATIVE AND ANTI-SPASMODIC.—This celebrated preparation has been for many years largely employed in India as a remedy for Cholera, Diarrhoea, Dysentery, &c., &c. Originated by Captain Jeremie, Opium Department, India, &c. Sold in bottles.

MEDICINE CHESTS.—Prize Medal 1862, and Silver Medal, Paris, 1867, "For Excellence of Manufacture of Medicine Chests, and for an ingenious method of fitting Panniers for Military Service."

143, NEW BOND STREET, LONDON.

The above Preparations are Sold by all Chemists, Druggists and Storekeepers throughout the World.

Briegel, Chief Railway Mail Clerk, serving on the following sections of railway: Grand Trunk Railway, Montreal and Kingston, Montreal and Island Pond, Vermont Junction Railway, Shefford Railway, the South Eastern Railway, the Massawippi Railway, Occidental Railway, and the English Mail Train Service between Montreal, Rimouski and Halifax, are attached to the office of the Post Office Inspector, Montreal.

CITY POSTAL DELIVERY.

The following are the arrangements in connection with Free Postal Delivery in the City of Montreal:

1. There are no fees chargeable on the delivery of Letters or Papers.

2. There are six deliveries daily, Sundays excepted, in the central portions of the city, commencing respectively at 8.30 a.m., 10.30 a.m., 12.00 noon, 1.30 p.m., 2.00 p.m., and 3.30 p.m., and four deliveries in the other portions of the city, commencing at 8.30 a.m., 11.00 a.m., 1.00 p.m., and 3.30 p.m., excepting, however, in the more distant divisions in the northern and eastern portions of the city, in which there are only two deliveries, commencing at 8.30 a.m., and 1.00 p.m., with an additional delivery at 3.30 p.m. on Saturdays.

3. Letters and papers addressed to particular streets and numbers are delivered without delay by letter carrier.

4. Letters and papers addressed to box and drawer holders are, until otherwise ordered, delivered through the boxes and drawers as usual. Should, however, such letters and papers be addressed to streets and numbers, they will be delivered by letter carriers, unless the sorting clerk should distinctly and promptly remember that the parties for whom intended are box and drawer holders. No letters or papers are placed in the boxes or drawers, unless addressed either to the number of the box or drawer, or to the holder, or to the care of the holder thereof.

5. Letters and papers addressed simply "Montreal," to parties who have neither boxes nor drawers, are delivered as expeditiously as circumstances will permit, either through the general delivery or by letter carrier. If papers and periodicals published in the city are addressed to box or drawer holders in the Montreal Post Office, they will be delivered if pre-paid by postage stamp, $\frac{1}{2}$ ct. each. Papers or periodicals published in the city are not delivered by letter carriers unless prepaid 1c. each by stamp.

THE COOK'S FRIEND BAKING POWDER.

"Best in Use." See Advt. page 8.

6. Persons desirous of receiving their letters and papers promptly by letter carrier, should request their correspondents to place on the addresses the street and number at which they are to be delivered, as otherwise they will be subject to delays, which it is impossible to avoid.

7. They should also provide themselves with small change for the payment of unpaid postage, as the carriers (who are not allowed to give credit) cannot be detained for its collection. In the event of an unpaid letter or paper not being delivered in consequence of the party to whom addressed having no change, it will be taken back to the office and sent out again for delivery as soon thereafter as practicable. If, on its being tendered a second time, the party to whom it is addressed is not provided with the postage, it will be sent to the general delivery at the head office, where application for it will have to be made.

8. Persons having offices at which they desire their letters and papers to be delivered by letter carrier, should affix a letter box to the door, with an opening from the outside, as otherwise, in case the office is closed, the letters and papers will be delayed until the next delivery. It would also be very desirable that, where convenient, letter boxes should be affixed to the doors of private residences.

9. Persons receiving their letters by letter carrier should, in the event of their removal, advise their correspondents, and at once send their new address, in writing, to the Postmaster.

10. Three postal receiving offices are established:—One in the East, at No. 583 St. Catherine street; one in the North, at No. 311½ St. Lawrence street; and one in the West, at 466 St. Joseph Street, to which the letters and papers will be conveyed by vehicle from the head office four times daily, viz.: at 8 a.m., 10.30 a.m., 12.30 p.m. and 3 p.m.; and distributed from thence by letter carrier at the hours already mentioned.

11. These receiving houses are also open for the sale of postage stamps, and the reception of registered and other mailable matter from 8 a.m. to 6 p.m.

12. Street Letter Boxes are visited at 9.15 a.m., 12.30 p.m., 5.30 p.m., and 7.45 p.m. On Sundays at 7.45 p.m.

13. Every effort is used to secure the satisfactory working of these arrangements. If, however, irregularities occur, they should be at once reported to the Postmaster.

The interest is calculated on the thirtieth day of June in every year, and is then added to and becomes part of the principal money.

Regulations governing Food Analysts.

a. On receipt of a sample from the Revenue Officer authorised, as provided in the Act above cited, to take such samples, the Analyst shall open sample, and in the presence of that Official shall carefully mix equally and divide sample into two parcels, one of which he shall keep for analysis; the other he shall seal up with his own seal and deposit with Inland Revenue Officer.

b. The Analyst shall preserve a portion of his own sample for future examination. But, if the substance be of such a nature as to undergo alteration by keeping a short time, such as milk, the first analysis shall be final; and in such case no analysis shall be held valid, unless report be sent in within twelve hours of the taking of the sample, and in such case duplicate samples shall be unnecessary.

c. The Analyst shall impartially perform the duties of his office, and shall not give the result of his analysis or the names or addresses of parties whose samples may be submitted to him to any one, except when called upon to do so in his report to the Department, or before a Court of Law, in conformity with his duties under this Act.

MEMORANDA.

AFFIDAVITS—In all cases in which affidavits are made on an entry to cover the admission of goods of special rates for special purposes—such as cordage for ship purposes—the entry clerk should attach a memorandum of the fact to the invoice for the information of the Appraiser; and in all cases in which articles are imported for such special uses, such as for the “fisheries” for “ships use,” &c. the importers’ affidavit should declare that they will be actually used for such purpose.

DISCOUNTS, TRADE.—Broad cloths—union and all wool—usual discount, 5 per cent. and 1-37th allowed for measurement. Leicester goods—knitted goods, except hosiery—7½ per cent. Hosiery (proper), 2½ per cent. Nottingham lace goods, 12½ to 15 per cent. Horrock’s White Shirtings, A. & B, 6 per cent. and 2 per cent.; H. & Ms, 8 per cent. and 2 per cent.; Black-crepes, 5 per cent.

DISCOUNTS FOR CASH.—Invoices of Dry Goods representing less than a credit of 60 days shall be considered cash values, and shall be subject to such addition as may be necessary to bring them to the fair market credit-values. The usual cash discount on all kinds of staple goods is 2 per cent. and on fancy goods 5 per cent. On **HARDWARE SHELF GOODS** the usual discount for cash is 5 per cent. On heavy goods, 2½ to 5 per cent. **NOTE:** If the discount for cash be mentioned on the invoice it should not be allowed or deducted. If the invoice be net cash, i.e., the discount taken off the prices, the equivalent of such discount shall be added, to arrive at the fair credit-value. The ordinary credit in the United Kingdom for hardware is from four to six months, Sheffield, 4 months; Birmingham goods, 6 months; 5 per cent. discount on shelf goods, 2½ to 3 per cent. on heavy, for remittances on receipt of Bill of Lading are cash discounts. The same credit will apply to invoices of the same goods from the United States. Exceptionally, on a few items of heavy goods, such as wine and spirits, the discount for cash is from 4 to 5 per cent.

DRUGS AND CHEMICALS.—The same term of credit applies to drugs and chemicals imported from the United States; from England the usual term of credit is 3 months, and the discounts for cash are from 2 to 5 per cent.

EXPORT DUTY forms part of the value for duty; and in sugar invoices is not to be considered as an expense on which duty is to be remitted in cases of direct importation.

FOREIGN CURRENCIES.—Invoices representing foreign depreciated currencies should be accompanied by an affidavit by the shipper before the British Consul at the place of purchase, as to the fact of purchase having been made in said currency, and a certificate from the Consul as to the value of said currency at the time.

THE COOK'S FRIEND BAKING POWDER.

“Best in Use.” See Advt. page 8.

FURNITURE.—Terms of credit in the United States, usually four months. An invoice of sixty days and under should be considered a cash invoice. The discount for cash is 5 per cent.

GROCERIES.—It has been decided that invoices of groceries from the United States representing a credit of less than sixty days, shall be considered as cash invoices, and brought up to the fair market credit-value.

GROCERIES.—List of goods which can only be bought for cash in the London and Liverpool markets :

Almonds,	Condensed Milk,	Oranges,
Alum,	Coppers,	Peels—Lemon,
Bath Brick,	Cream of tartar,	Do. Orange,
Bicarbonate of Soda,	Crystals, washing,	Do. Citron,
Bottles—Ale and wine,	Currants,	Pepper—black,
Brazil Nuts,	Curry powders,	Do. white,
Brimstone,	Curry,	Pickles,
Canary Seed,	Dates,	Pimento,
Candles—Belmont sperm,	Epsom Salts,	Plums,
Candy, Sugar,	Figs,	Preserved ginger,
Capers,	Filberts,	Preserves,
Caraway Seeds,	Fruit, Crystalized,	Prunes,

Cayenne pepper,	Hemp Seed,	Saltpetre,
Cheese,	Indigo,	Sardines,
Chicory,	Lemons,	Sauces,
Chili peppers,	Liquorice,	Senna leaves,
Chocolate,	Mace,	Soap—Castile,
Cinnamon,	Marmalade,	Soda crystals,
Cloves,	Nutmegs,	Sugar,

Cocoa,	Do. Cocoonut,	Tapioca—Pearl,
Cocoa Paste,	Do. Salad,	Do. Flake,
Coffee,	Olives,	Walnuts,

and it follows that the 2½ per cent. discount of the invoices of such articles is a trade discount.

INVOICES.—No alterations in, is to be allowed on the part of the Importer or Customs Officer whether in regard to trade discounts or any other matter.

INVOICES.—Press Copies or duplicates should not be accepted. The original should be insisted upon as required by law.

JEWELLERY AND FANCY GOODS.—Any invoice showing a credit of less than sixty days, from the United States, should be considered a cash invoice and treated accordingly. Cash invoices from Europe are very rare indeed — the terms are usually four months and even six months. Five per cent is allowed in the United States for cash.

PAPER.—The usual terms on paper, in the United States are from 60 to 90 days. Any credit under 60 days should be considered cash. In Great Britain 4 to 6 months is allowed as a term of credit. Cash discounts in the United States from 2 to 3 per cent.; in Great Britain the cash discounts vary from 2½ to 5 per cent. Settlements within 30 days are properly cash transactions.

SPIRITS, WINES, &c., should not be allowed to remain in sufterance warehouses for any length of time without gauging.

SUGAR.—Sampling for grading. The sample should be taken by an officer of Customs only, or under official supervision, and from the bilge of the cask right through.

The practice of reducing the invoice value of sugar proportionately for loss of weight by drainage, wherever it has been practised must be discontinued hereafter in the entry of sugar, the specific rate to be charged upon the actual weight as ascertained on arrival, and the *ad valorem* upon the actual value where purchased; that is, the value represented by fair and legitimate invoices, being the amount the purchaser pays for the sugar.

Grading and weighing should be done immediately on arrival; and on no account should sugar be allowed to remain in sufterance warehouses for any length of time without grading and weighing.

TEA AND COFFEE, imported by Canadians from a country other than the United States, but passing *in transitu via* the United States, the whole quantity in the original invoice must be brought into Canada to warrant the treatment of the importation as other than a United States purchase.

TONS OF IRON, &c., when not otherwise specially mentioned in the tariff, consist of 2,000 lbs.

UNIVERSAL.—The term "Universal" in the 32nd section of the Customs Act (40 Vic., cap. 10), is interpreted as not extending beyond the country in which the goods are purchased; that is to say, the usages of trade in one country cannot be held to govern the usages of trade in another country.

The proportionate duty on such fractional parts of a degree of proof spirits containing in wine over 26 per cent. by Sykes' Hydrometer, as may be in future or has been heretofore determined by the application of the proper test. Thus, one-third of a degree would require an addition of one cent; two-thirds, two cents; but in all cases the whole duty must include the three cents for each degree, and *pro rata* for each additional fractional part of a degree over 26 per cent. of proof spirits.

All goods imported into Canada from the United States under arrangements with the purchasers for delivery, with transportation charges and Canadian duty paid, shall be valued for duty at the fair market value thereof, including all expenses to the frontier of the said United States.

DUTIES AND EXEMPTIONS FROM DUTY.

40 VIC., CHAP. 10, SEC. 4.

4. On each and every non-enumerated article which bears a similitude, either in material, quality or the use to which it may be applied, to any enumerated article chargeable with duty, the same rate of duty shall be payable which is charged on the enumerated article which it most resembles in any of the particulars before mentioned; if any non-enumerated article equally resembles two or more enumerated articles on which different rates of duty are chargeable, the duty on such non-enumerated article shall be the same as that on the enumerated article which it resembles, paying the highest duty; on all articles manufactured from two or more materials, the duty shall be that charged on the article (if there be a difference of duty) which is charged with the highest duty; spirits and strong waters, from whatever substance distilled or prepared, having the flavor of any kind of spirits or strong waters subject to a higher duty than whiskey, shall be liable to the duty imposed on spirits or strong waters of which they have the flavor.

42 VIC., CHAP. 15, SECTIONS 4, 5 AND 9.

4. The value of all bottles, flasks, jars, demijohns, carboys, casks, hogsheads, pipes, barrels, and all other vessels or packages, manufactured of tin, iron, lead, zinc, glass, or any other material, and capable of holding liquids,—crates, barrels and other packages containing glass, china, crockery, or earthenware, and all packages in which goods are commonly placed for home consumption, including cases in which bottled spirits, wines, or malt liquors are contained, and every package, being the first receptacle or covering enclosing goods for purpose of sale, shall, in all cases not otherwise provided for, in which they contain goods subject to an *ad valorem* duty, be taken and held to be a part of the fair market value of such goods for duty, and when they contain goods subject to specific duty only, such packages shall be charged with a duty of customs of twenty per centum *ad valorem*, to be computed upon their original cost or value; and all or any of the above packages described as capable of holding liquids, when containing goods exempt from duty under this Act, shall be charged with a duty of twenty per centum *ad valorem*; but all packages not hereinbefore specified, and not herein specially charged with or declared liable to duty under regulations, and being the usual and ordinary packages in which goods are packed for exportation only, according to the general usage and custom of trade, shall be free of duty.

5. On all goods imported into Canada, subject under this Act to *ad valorem* duty upon which a drawback of duties has been allowed by the Government of the country where the same were manufactured, the amount of such drawback shall, in all cases, be taken and considered to be a part of the fair market value of such goods, and duty shall be collected thereon; and in cases where the amount of

such drawback has been deducted from the value of such goods upon the face of the invoice under which entry is to be made, the Collector of Customs, or proper officer, shall add the amount of such deduction and collect and cause to be paid the lawful duty thereupon; and the fair market value of all goods imported into Canada shall be understood to be the ordinary wholesale price at which the same are sold for home consumption in the country where they are purchased or manufactured, without deduction of any kind because of any drawback paid or to be paid thereon, or because of any special arrangement between the seller and purchaser having reference to the exportation of such goods, or the exclusive right to territorial limits, for the sale thereof, or because of any royalty payable upon patent rights, but not payable when goods are purchased for exportation, or on account of any other consideration, by which a special reduction in price might or could be obtained; Provided that nothing herein shall be understood to apply to general fluctuations of market values.

9. In determining the dutiable value of goods, except when imported from Great Britain and Ireland, there shall be added to the cost of the actual wholesale price or fair market value, at the time of exportation in the principal markets of the country from whence the same has been imported into Canada, the cost of inland transportation, shipment and trans-shipment, with all the expenses included, from the place of growth, production, or manufacture, whether by land or water, to the vessel in which shipment is made, either *in transitu* or direct to Canada, subject to such regulations as may be made by the Governor in Council.

PATENTS

In connection with the publication of the *SCIENTIFIC AMERICAN*, we continue to act as Solicitors for Patents, Caveats, Trade-Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had thirty-five years experience.

Patents obtained through us are noticed in the *SCIENTIFIC AMERICAN*. This large and splendid illustrated Weekly paper, \$3.20 a year, shows the progress of science, is very interesting, and has an enormous circulation.

Can I obtain a Patent? The quickest and best way to obtain a satisfactory answer, without expense, is to write us (Munn & Co.), describing the invention, with a small sketch. All we need is to get the *idea*. We will immediately answer, and give the necessary instructions. For this advice we make *no charge*. We also send *free* our Hand Book about the Patent Laws, Patents, Caveats, Trade-Marks, their costs, and how procured, with hints for procuring advances on inventions.

THE GREAT NERVO STOMACHIC TONIC,

SO HIGHLY RECOMMENDED BY

The Medical Faculty generally, Ministers of
the Gospel, Physicians, Chemists,
and others,

IS SOLD BY ALL CHEMISTS AND DRUGGISTS IN THE DOMINION.

TESTIMONIALS.

THOMAS H. MCLEAN, Esq., Montreal.

Dear Sir,—From a careful study of the valuable drugs which enter into the composition of your Egyptian Bitters, I can safely recommend it to my customers and the public generally, as a most excellent tonic. From the sample before me, it appears to be skilfully prepared, and the distinctive taste of its ingredients is so well masked that the tonic is decidedly pleasant to take.

Your obedient servant,

HENRY R. GRAY,

Chemist and Druggist.

Montreal, 12th March, 1877.

EGYPTIAN BITTERS

TESTIMONIALS.—Continued.

THOMAS McLEAN; Esq.

Sir,—I have pleasure in certifying that my wife, who occasionally suffers from prostration and general debility, has, at my recommendation, tried the effect of the EGYPTIAN BITTERS. Although she has used it as yet only to a very limited extent, the beneficial results have been very marked; and I feel confident that by persevering in the use of the Bitters, she will ultimately be restored to full health and vigor.

Yours very truly,

CHARLES ROBB, J. E.

Montreal, 1st May, 1878.

MR. THOMAS H. McLEAN.

Sir,—I have much pleasure in testifying to the value of your EGYPTIAN BITTERS, the Nervo-Stomachic Tonic. I consider, from having personally used it, that it is all you claim for it—and have not the least doubt whatever that when it is thoroughly placed before the public, it will command very extensive sales. I can therefore conscientiously recommend the EGYPTIAN BITTERS to my customers, and to the public generally.

Yours truly,

J. A. HARTE,

Chemist and Druggist,

Glasgow Drug Hall.

"Nothing to be desired on the score of impartiality."—Canadian Monthly.

THIS work, designed on the model of the well known English *Annual Register*, furnishes a record or history of Canada during the preceding year. The volume for 1878, just published, has been received by statesmen and journalists of all political opinions, with favour and satisfaction, as witness the following from a few of many letters received by the Editor:—

"It will be a most useful work in every way, and seems to have been carefully got up. Please put me down as a permanent subscriber."—Rt. Hon. Sir J. A. Macdonald, K.C.B.

"Judging from its general plan, and from the execution of your former works, I make no doubt it will be a very valuable book, and I hope that you will meet such encouragement as may result in its being an *Annual Register*."—Hon. Edward Blake, Q.C., M.P.

"You have succeeded in well supplying a want which must have been often felt by every one who takes an interest in the public affairs and the history of this Country. I only wish your work could be extended backwards on the same scale over the years preceding 1878. We have really nothing like an *Annual Register*, so far as I am aware, to which we can refer, for past events."—Prof. Goldwin Smith.

"You have succeeded in producing a work that is useful and interesting. I hope your effort will be appreciated by the public, and that you will be able to publish the *Register* annually hereafter, and so place the means of ready reference to past events within the reach of all who take an interest in the history and progress of Canada."—Hon. Sir W. B. Richards, late Chief Justice of Canada.

"It did not require a minute perusal to enable me to perceive that the work is calculated to be extremely useful, and that the execution is equal to the design."—Chief Justice Moss.

"I have read the *Register* with much interest."—Hon. H. G. Joly, M.P.P.

"The publication is an admirable one, and highly useful to public men."—J. George Hodgins, LL.D.

Advertisements or orders for copies to be addressed to the Publisher, Box 285 P. O., Ottawa.

"Invaluable to any one who wishes to study or write about Canadian affairs."—New York Nation.

"It omits little, if anything, worthy of being held in remembrance."—Montreal Gazette.

J. G. PARKS'

Photographic Studio

195 ST. JAMES STREET.

MR. PARKS would call special attention to his "Panel Portraits," the latest novelty in Photos, and which cannot but prove attractive and popular. He has also added a new patent process for "Solar Retouching," whereby he is enabled to furnish enlarged portraits of superior excellence.

While aiming to meet the demand for artistic photographic portraiture, he has not been unmindful of the rapidly increasing wants of the business world, and is now in a position to photograph places of business, public edifices or private mansions, on a scale heretofore unattained.

The services of competent artists having been secured, all orders for Photos, finished in India Ink, Sepia or Water Colors, can be executed with entire satisfaction.

MR. PARKS is pleased to announce that notwithstanding the large outlay involved in these improvements and additions to his studio, his prices will be found as reasonable as in former years.

In addition to these novel features, he would say that his stock of Stereoscopic Views and Lantern Slides is not surpassed in this city, and for variety excels any other house in the Dominion.

All negatives taken by MR. PARKS since his establishment was opened in Montreal, have been carefully preserved. These negatives being numbered and registered are available for use at any time required.

INSPECTION OF WEIGHTS AND MEASURES.

The Act amending and consolidating the laws relating to Weights and Measures, assented to 15th May, 1879, comes into operation 1st July, 1879, and among other things, provides that:—

"The unit or standard measure of capacity, from which all other measures of capacity, as well for liquids as for dry goods shall be derived, shall be the gallon, containing ten Dominion standard pounds weight of distilled water, weighed in air against brass weights, with the Water and the air at a temperature of 62° of Fahrenheit's thermometer, and with the barometer at 30 inches."

"Provided always, that until the 1st day of May, 1880, the wine gallon of 231 cubic inches may be used in any case by special understanding between the parties to any contract or agreement for the measurement of *liquids*, and the ratio or proportion which such measure shall bear to the standard shall be as follows: six wine gallons shall be equal to five standard gallons."

From the above, it will be seen that the use of the Winchester bushel and its subdivisions becomes illegal from the 1st July, 1879, and that the use of the wine measure is permitted for liquids only until the 1st of May, 1880, from which date its use becomes illegal.

With reference to unstamped weights, measures and weighing machines being in the possession of manufacturers or of dealers in such articles, it is enacted:

"That the manufacturer of or dealer in weights, measures or weighing machines, who has in his possession for sale, any weight, measure or weighing machine, shall not be bound to have the same inspected and stamped according to this Act, so long as the same remain in his manufactory or warehouse, but no such weight, measure or weighing machine shall be removed from his premises, sold or taken into use for trade without having been inspected and stamped."

For the avoidance of inconvenience, therefore, it might be well that manufacturers and traders should keep on hand a sufficient stock of stamped weights, measures, scales, &c., for supplying the wants of their customers.

Instead of an annual inspection as heretofore provided for, this Act provides for a bi-ennial inspection of weights and measures. But this provision is not intended to prevent Inspectors of weights and measures from testing the accuracy of weights, measures and weighing machines at any intervening period.

No woodcock, snipe, wild swan, wild goose, or wild duck of any kind, or sea duck or teal shall at any time be shot at, hunted, taken or killed between one hour after sunset and one hour before sunrise.

No animal or bird, named in the foregoing sections, except hares, shall be taken or killed at any time by means of any rope, snare, spring, cage, net or trap of any kind.

No engine shall be at any time, for such purpose, placed, constructed, erected or set, either wholly or in part: and any person finding any engine so placed, constructed, erected or set, may take possession of or destroy the same.

No person shall at any time, disturb, injure, gather, or take the eggs of any specie of wild fowl; and all vessels or boats employed in disturbing, gathering or taking the eggs of any species of wild fowl, may, as well as the eggs, be confiscated and sold.

No person shall at any time use or employ strychnine or other deleterious poison, either mineral or vegetable, nor any spring gun, to hunt, take, kill or destroy any animal whatever.

All animals or birds, or portions of animals or birds so confiscated shall belong to the game-keeper.

No person shall have in his possession, custody or care, any animal or bird already mentioned, or any part of such animal or bird, with the exception of the skin, during the period in which by the act the killing thereof is prohibited, or which appears to have been taken or killed by any of the means forbidden by this act ; but every such animal or bird, or any portion or portions thereof, may be bought or sold (when lawfully taken), during fourteen days, to be computed from the expiration of the various periods respectively fixed by this act for the killing thereof.

Every offence against any of the provisions of this act shall be punishable by a fine not exceeding fifty dollars, and recoverable summarily or on information or summons duly issued by a justice of the peace.

Such justice of the peace, on the proof which shall be thereof made, may impose the penalty, with costs, and such penalty shall belong to the informer.

In default of immediate payment, the offender shall be imprisoned in the common jail of the district within the limits of which the offence was committed, for any period of time not exceeding three months.

Every magistrate shall have power to convict on view.

No prosecution shall be brought after twelve calendar months from the day of the committing of the offence.

CUSTOMS DEPARTMENT.

To ensure uniformity at the frontier ports in dealing with "carriages of travellers and carriages laden with merchandise," and to afford the utmost facility to parties visiting the Dominion for transient purposes, consistent with the protection of the Revenue, the Minister of Customs has approved of the following "Regulations and Restrictions":—

2nd—Travellers intending to remain within the Dominion for a longer period than two days are required in all cases to report and enter their horses, carriages and travelling equipage; and in cases where they do not intend to leave at the same point at which they enter, or are uncertain on that point, they will deposit with the Collector the full amount of duty on such horses, carriages, and other dutiable articles, to be returned only on their furnishing satisfactory evidence that the same articles have been returned unchanged to the United States. Travellers intending to leave at the port of entry may be allowed to enter as above, and, in lieu of cash, to give a bond, with an approved resident surety, covering the amount of duty, and with the additional condition that such bond shall be enforced if the time specified therein be exceeded.

4th—All monies received by Collectors on deposit, under the above Regulations, shall be, if possible, deposited *ad interim* in a bank, in the Collector's name; and if there is no bank available, then in some other place of security under the Collector's credit, and a separate account of the receipt and disposal of such deposit should be sent quarterly to the Department.

J. JOHNSON,

Commissioner of Customs.
