SUFFRAGETTE INVADERS MET SOLID WALL OF POLICEMEN MANY WINDOWS WERE BROKEN

Devoted Band of Twenty-One Crusaders Arrested, While Others Were Busily Shattering Plate Glass—Crowd Handled Women Roughly.

LONDON, Jan. 28.—(Can. Press.)—

As a protest against the withdrawal of the franchise bill by the government, the suffragettes resumed their militant tactics tonight. While a despatch, which the chancellor of the exchequer, David Lloyd George, had refused to see until tomorrow morning, were trying to force their way into parliament against an overwhelming force of police and were being placed under arrest for resisting the officers, other bands of women went thru Whitehall breaking the windows of the government offices, and thru Cockspur street, where the great plate glass windows in the establishments of shipping companies were ruthlessly smashed.

The women also visited Oxford, Regent and other streets in the shopping district, where similar damage was done. Later post boxes were attacked, quantities of liquid being poured into them.

In the outlying suburbs, too, the suffragettes took steps to bring the cause before the public by damaging property. Twenty-one women were arrested in the vicinity of the parliament building, but were allowed out on bail after the house rose. Most of the police stations had one or more prisoners, charged with destroying property.

Women Roughly Handled.
The demonstration in Whitehall was not so large as some of those previously held, the force of police and a drizzling rain militating against any great turnout. The wildest excitement prevailed, however, and besides protecting property and arresting the women who engaged in window smashing or refused to move on when ordered, the police had the greatest difficulty in proposing the women from an unruly crowd of youths who gathered and hustled every woman wearing the suffragette colors.

In several cases the women were roughly handled. An attempt to duck four of them in the fountain in Trafalgar square was frustrated by a police posse, which had to ride thru the crowd.

Invading Host Arrested.
The entire detachment of 21 women, who attempted to make their way into the house of commons to interview Chancellor Lloyd George, were arrested. The prisoners included Mrs. Drummond and Sylvia Pankhurst, who marched in front. Before starting on their mission, the delegates listened to addresses by Mrs. Emmeline Pankhurst and other leaders.

Mrs. Pankhurst said that the withdrawal of the franchise bill, including

FORGET REPLIES TO ASSAILANTS WITH VIGOR

Declares Late Government Played Politics in Refusing the Banque Internationale Charter and Is Met by Ex-Premier's Indignant Denial—Challenges Lemieux.

OTTAWA, Jan. 28.—(Special.)—Sir Rodolphe Forget is a hard hitter, and came back this afternoon with considerable vigor in reply to the charges made against him and some of his financial ventures by Hon. Rodolphe Lemieux yesterday.

The Montreal financier denounced his journalistic assailants in France and Quebec alike as "jail birds," "drunkards," "morphine eaters," "blackmailers" and "men without respect for the marriage laws." He charged that the attack made upon him was a result of a conspiracy, and declared that a license to do business had been denied for months to La Banque Internationale as a matter of politics by the Laurier Government.

At the last general elections Sir Rodolphe contacted and carried the ridings of Charlevoix and Montmorency. In the latter riding his opponent was George Parent, then the sitting member, and son of Hon. S. N. Parent, chairman of the National Transcontinental Railway Commission. According to Sir Rodolphe, Hon. Mr. Parent had promised that the Laurier Government would at once grant a certificate to La Banque Internationale if Sir Rodolphe would withdraw as the candidate for Montmorency.

Challenged by Laurier.
Sir Wilfrid Laurier arose with some heat and declared that Mr. Parent had not been authorized to make any such proposition.

Sir Rodolphe Forget: "I did not say he was authorized."

Sir Wilfrid Laurier: "I do not believe he ever made the statement."

Sir Rodolphe's statement, as a matter of privilege, probably exceeded the usual bounds, and there were frequent protests from the Liberal side of the chamber. These protests were drowned in noisy cheers and cries of "sit down," "take your medicine," from the government benches, and at times there was great disorder.

Sir Rodolphe was once or twice admonished by the speaker, but managed to score two or three points on

EIGHT DOLLARS LIVING WAGE FOR GIRLS

No One Can Live Respectably on Less, Says Mrs. Florence Kelley—Cost of Living Increased by Expensive Wrapping, High Store Rents and Colossal Advertising.

Toronto is indebted to its club for the study of social science for an address on "A Shopping Public and the Wage Earners," given by Mrs. Florence Kelley, in Foresters' Hall last evening. Mrs. Kelley has been for 13 years secretary of the "Consumers' League of the United States, a position for which her 20 years' connection with Jane Addams and Hull House have been a very helpful experience.

Mrs. Plumtree introduced the speaker at last night's meeting, and Mrs. Kelley traced the beginnings of the Consumers' League, which owed its origin to Mrs. Lowell of New York, whose sympathy was roused in the subject by finding a little 11-year-old boy in a hospital, sick almost to death from exhaustion due to the pressure of Christmas shopping in the store in which he served as cash boy. This was 20 years ago. Investigation showed that there was then no law and no standard amongst merchants as to holidays, hours of labor, or methods of delivering goods. For the purpose of getting information and interesting merchants, 1800 letters were sent out

Dead and Injured.
The dead man, George Kozley, was shot twice in the stomach. The injured are: Fritz Becker, shot in the head, dying; Mrs. John Seblan, shot in the arm; Richard Parish, shot in the left leg; Annie Leba, shot in the stomach; Walter Barnett, chief of police of Rankin, head lacerated; Michael Milos, aged 6 months, shot in the left ear; Charles Benson, shot in stomach; Anton Andisk, shot in the breast.

Two deputy sheriffs were shot in the back, and two unknown negroes received bullets in their legs.

It developed tonight that the deputies were not employed by the county, but had been appointed by the Rankin authorities, according to Chief of Police Barnett the deputies had no right outside the mill.

Sheriff Bruff tonight took personal charge of the situation. In a statement the sheriff said the officers were not deputy sheriffs, but were special deputies.

CLIVE H. CARRUTHERS CHOSEN AS TORONTO RHODES SCHOLAR

Announcement was made by the senate of the University of Toronto last night that Clive H. Carruthers, son of Prof. Adam Carruthers, 603 Huron street, Toronto, had been awarded the Rhodes Scholarship.

Clive H. Carruthers is the fifth graduate of Toronto University to receive the scholarship. He is the second boy from Parkdale Collegiate to secure it. Attached to the scholarship is an honorarium of \$1500, which is \$500 for three years. This makes it possible for the fortunate student to take up post-graduate work at Oxford University.

Clive H. Carruthers is a son of Prof. Adam Carruthers of the Greek department at Toronto University. He was born in Parkdale in 1891. After attending Queen Victoria School he entered Parkdale Collegiate. In 1908 he registered at Toronto University, and that year took the Edward Blake Scholarship in moderns and classics and the McCaul Scholarship in classics. Last year he won the McCaul gold medal for classics and graduated in 1912. He was president of the University College Classical Association and during 1910 and 1911 was treasurer of the University College Scientific and Literary Society. He leaves in the fall for Oxford.

RUSSIA READY FOR INVASION?

Big Army Is Reported to Be Mobilizing on Turkish-Armenian Frontier.

LONDON, Jan. 29.—(Can. Press.)—The Constantinople correspondent of The Chronicle learns that the Porte's reply to the powers will express regret that it is impossible to make further concessions.

A well informed correspondent at Tiflis says that Russia has fully mobilized a force of nearly 70,000 men on the Turkish-Armenian frontier.

An Odessa despatch to The Daily Mail reports that the Armenians of Bitlis, Van and Mush are in peril and are appealing for Russian aid thru the Russian consuls. It is generally believed, according to the correspondent, that Russian occupation of the Turkish-Armenian districts is inevitable.

HOPE OF PEACE WANING DAILY

Balkan Delegates on Point of Leaving London But Diplomats Not Wholly Discouraged.

LONDON, Jan. 28.—(Can. Press.)—With the presentation of their note to the Turkish delegation, the date for which, however, has not been fixed, some of the Balkan delegates consider that their mission in London is ended. The Greek premier, Eleutherios Venizelos, announced tonight that he would leave before the end of the week, and the others within the next few days. The financial advisers and the military officers attached to the Bulgarian delegation will start for home tomorrow.

Despite this, the diplomats have not given up hope, and many still think that the Balkan note is another attempt to exercise pressure on Turkey, and that the allies really intend to await the answer of the new Turkish cabinet to the joint note of Europe, a course which the powers have always advised.

Animated Discussion.
The meeting of the allies lasted five hours, and the discussion was animated. The delegates reviewed the whole situation, and debated both sides of the question—the resumption of the war and the policy of delay, and trusting to time to solve the difficulties. The head of each delegation reported the conversation which he had had with Sir Edward Grey, the British foreign secretary, and reference was made again to the advice of the ambassadors to observe prudence and moderation. This greatly strengthened the arguments of that section, favoring procrastination. Their view being that after the powers' note to Turkey, which was in favor of the terms of the allies if the latter continued to follow Europe's advice, Europe would continue to give its support.

While Defending Banking Privileges in General, Premier Is Willing to Adopt Proposal of Monetary Commission—Western Member Makes Strong Charges Regarding Interest Rates.

OTTAWA, Jan. 28.—(Special.)—There was a sharp division of sentiment manifested in the house of commons to lay in the debate upon Mr. White's bill providing for the decennial revision of the Bank Act. Hon. Frank Oliver and Mr. Martin, the Liberal member for Regina, pointed out many grave defects in the present system which are not remedied by the proposed bill. Mr. Martin declared that the chartered banks in the west were exacting nine, ten and even twelve per cent. interest, and when challenged as to the source of his knowledge by Sam Barker and other government supporters, declared that he had acted as solicitor for several of the chartered banks and had collected many notes from their customers bearing twelve per cent.

Major J. A. Currie (North Simcoe) found no defect in our present banking system and earnestly cautioned the house against any experiment with the Bank Act.

Mr. Nesbitt (North Oxford) aligned himself mainly with the supporters of the banks, but at the same time favored an amendment to the present bill creating a redemption fund to be contributed by the banks and held by the government for the benefit of depositors. He asked for some declaration of policy by the present government in respect to the reimbursement of the depositors who had lost money in the failure of the Farmers' Bank.

He declared himself personally to be in favor of a government appropriation for this purpose.

Borden Makes Defense.
Premier Borden urged the house to give the bill a second reading without delay and to send it for consideration to the banking and commerce committee. He strongly urged the government to give immediate inspection of banks, and to publish the results of such inspection. He declared, however, that the appointment of such a commission should not militate against the present bank charter which is the usual ten years' extension. By renewing the charter for two years parliament would be prevented from further amending the Bank Act within two, three or four years, or upon the coming in of the reports of the commission.

Government Should Show Way.
The debate was continued by Mr. Hughes (Kings, P.E.I.), Mr. Lacombe (La Prairie), Mr. Douglas (Strathcona) and Mr. Hugh Guthrie of South Wellington.

Mr. Guthrie said the only way to obtain higher interest for depositors in the banks was for the government to pay higher interest to depositors in

PITCHED BATTLE WITH STRIKERS

One Spectator Killed and Twelve Persons, Including Women, Wounded at Pittsburg Suburb.

PITTSBURG, Pa., Jan. 28.—(Can. Press.)—Deputy sheriffs and strikers from the Rankin plant of the American Steel and Wire Co., a subsidiary of the U. S. Steel Corporation, clashed tonight, one man being killed and 12 persons injured, several fatally. All the wounded except two deputies and a policeman, were spectators. Not a striker was injured so far as can be learned. Among the injured are several women and a 6-month-old child.

The deputy sheriffs and strikers collided on Hawkins avenue, one of the principal streets of Rankin, which adjoins this city. The county officers, armed with revolvers and rifles, and the strikers, armed with revolvers and stones, battled for one hour within an area of two street squares.

The rioting and shooting ended when the deputy sheriffs retreated within the fence of the mill.

Dead and Injured.
The dead man, George Kozley, was shot twice in the stomach. The injured are: Fritz Becker, shot in the head, dying; Mrs. John Seblan, shot in the arm; Richard Parish, shot in the left leg; Annie Leba, shot in the stomach; Walter Barnett, chief of police of Rankin, head lacerated; Michael Milos, aged 6 months, shot in the left ear; Charles Benson, shot in stomach; Anton Andisk, shot in the breast.

"No university anywhere," said President Falconer, "has a building so splendid, so generous in size and so well equipped for its purpose." The president said that Toronto university was a pioneer in household science. The faculty and department of household science endeavor to provide, he said, for those women students who take the courses, an education which will be at once a liberal training and a scientific preparation in various subjects that are classed under the term "Household Science." There were pass and honor courses, he said, leading to the B.A. degree, in which household science may be taken. In the general course, instruction is given in household science for four hours a week in the last two years of the course. In the honor courses in household science the subject was taught more or less throughout the four years. For the honor courses other training is required in such subjects as mathematics, history, biology and physiology. Languages also were required.

NEW SKYSCRAPER FOR SCORE FIRM

Ten-Storey Building Will Be Erected When Toronto and Montreal Interests Amalgamate.

Another modern skyscraper is announced for King street. It is to be an up-to-date ten storey building of the most modern type.

The new skyscraper will be for the old firm of Scores, Talors and Haberdashers, who are amalgamating with a firm of Montreal. It will be erected on their present site at 77 West King street.

The instructions will front on King and have a depth of two hundred feet. The negotiations are being conducted by Frank Score, and the ten-storey building is one of the chief features of the amalgamation.

Laurier Naval Policy Is Assailed by Bishop Mills

In Charge to Ontario Synod, He Lauds Borden Proposals as Truly Patriotic and Brands Opposition Program as a "Little Englander" Subterfuge.

KINGSTON, Jan. 28.—(Special.)—Strong support of the Borden naval policy and criticism of the Laurier resolution as a political dodge, marked the address of His Lordship Bishop Mills, in the Synod of Ontario today. He said in part: "I do not feel I am speaking inconspicuously when I say that I think Canada is doing right in offering three Dreadnoughts for the defence of England. Where would we be, and what would we be, if England were starved into submission by some greater marine power? The United States, probably, in obedience to the Monroe doctrine, would not allow any European power to hold possessions on this continent, but she would have no hesitation in taking possession of us herself, so our views of nationality would sink into a state, or it might be several states, of the Union, and we would find ourselves covered with the Stars and Stripes."

Attacks "Little Englanders."

"I congratulate Premier Borden on his naval program; his proposition is statesmanlike and worthy of this great Dominion, and I feel that no thoughtful citizen of this country should allow any political bias to stand in the way of his support of it. It is impossible to please everybody, and from the most unlikely source, criticism has come. As soon as the cheering following Canada's offer was over in England, some people began to think and count, and

came to the conclusion that these Dreadnoughts would not be all gain for England, but would very considerably increase taxes there, for their maintenance, and so the little Englanders are beginning to say that Canada should maintain, as well as provide, the Dreadnoughts. Well from their point of view, that looks as though it might be the case. It generally makes all the difference in the world from what point of view you look at a thing.

Laurier's Stand Absurd.

"The opposition has given expression to a somewhat similar view, the 'Old Man Etoupee' who, to his followers at least, can sometimes almost make black appear white, and his purpose is to out-Borden Borden; but the principle underlying it is absurd. Canada is in no danger from any quarter unless England is attacked, but according to this plan, we are to maintain a navy in both the Atlantic and Pacific, as though some danger were threatening us. The plan has nothing in it to commend it. We would look like the schoolboy, with the chip on his shoulder, anxious for some one to knock it off. As a political dodge, for the purpose of worrying the government and taking away some of the glory that was coming to it, the opposition's proposition is very well, and very clever, but it would be vastly more expensive to this country than the government's proposal; and it is not needed, and it is not practical."

INCOME TAXES TO PROVIDE REVENUE

Democrats Hope to Raise a Hundred Million Dollars by This Means.

WASHINGTON, Jan. 28.—(Canadian Press.)—A feature of the tariff revision program of the extra session of congress may include the raising of \$100,000,000 from an income tax, including the corporation tax, as part of the \$200,000,000 basis of revenue from the tariff. Representative Hull of Tennessee, a Democratic member of the committee on ways and means, who has been active in income tax problems, plans to introduce a bill which would provide such a source of revenue.

This would be considered by the committee in connection with contemplated early ratification of the constitutional amendment to sanction income tax legislation. The Democratic members of the committee favor an income tax, but in the event of failure of ratification, will renew the excise tax plan as an extension of the present corporation tax law.

The S.S. "Ansonia," which has recently arrived from London, has probably the largest consignment of tea ever delivered to one firm from one boat. The shipment consists of 522 chests, representing approximately a quarter of a million pounds of tea, and was delivered to the "Salada" Tea Co.

You Should Enjoy Your Meals

One of the Most Important Questions to Consider in the Search for Happiness and Health.

If your stomach cannot digest your food, what will be the result? The answer is in Stuart's Dyspepsia Tablets, because, as all stomach troubles arise from indigestion, and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 3,900 grains of food, doesn't it stand to reason that these tablets are going to digest all the food and whatever food you put in your stomach?

You Can Eat With the Appetite of a Lusty Youngster, if You Help Your Stomach.

Science nowadays can digest food without having it enter the stomach at all. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

The burning question to you is: "Are you getting out of life all the pleasure and the health you are entitled to?"

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual, whose actions will reflect your condition inside, and people will naturally avoid you.

So, if your stomach refuses to work or can't work and you suffer from eructations, bloating, flatulence, biliousness, sour stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets, and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, whenever you want, and you can look the whole world in the face with a beaming eye, and you will have a cheery spirit, a pleasant face, a vigorous body, and a clear mind and memory, and everything will look and taste delicious to you.

Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store.

WATCH IT GROW IS THE SLOGAN

Salvation Army's First Day Campaign Produces Good Results.

EARLY SUBSCRIPTIONS

No Doubt Now About Success of Whirlwind Campaign.

"Watch It Grow" was the slogan adopted by the Salvation Army at its first noonday luncheon yesterday, at which the first financial returns of the three-day whirlwind campaign for the collection of \$100,000 towards the construction of a \$200,000 provincial training home in this city for its future officers were received.

Exactly at 12:25 the hungry money hunters began to flock into the rendezvous at 191 Yonge street, and after filing their promises, checks, and ready cash, quickly devouring the viands prepared for them, were off again. Quite a few remained behind to hear the reports of their team-mates, and had as the applause as the various sums were read out:

The collections were:
Citizens' Committee \$3700
Business Committee 2941
Young Men's Committee 2912

Total \$9553

G. A. Warburton, of the Y.M.C.A., thought that the results of just three hours' campaign were splendid. "Starting off a business like this, when we don't know each other, is always difficult. Make sure and get big subscriptions," said he. "Enthusiasm will win out. Be like the committee of business men, who worked all night. They succeeded, and so will you. Don't be discouraged if your report is not up to some of the others."

Very Encouraging.
At the close of the luncheon N. R. Wood said in reports today are very encouraging. Considering the limited time that we had to work in gathering subscriptions there is no doubt about the success of the canvass. The citizens of Toronto never fail to respond to reasonable appeals for co-operation in philanthropic work of any kind, and the Salvation Army has proved its efficiency in so many ways that our citizens will take pleasure in helping them to erect a suitable memorial to their great general."

James Ryrie said: "While there is no doubt about the ultimate success of the campaign, it is going to mean a lot of hard, persistent work to get the money. The committee has been greatly encouraged by the response that they have met from the people, and we are very anxious to have the co-operation as widespread as possible through the whole community. Success will be the reward of continuous effort, and the task is no easy one. We shall all be happier when it is finished."

The city's annual lot sale for arrears of taxes takes place in the city hall today at 10 o'clock, when there will be 25,000 of the original 42 parcels offered to the highest bidder.

The sale will be conducted by Charles M. Hayden.

Last year's sale was particularly successful in so far as the city is concerned in the matter of litigation, according to the city solicitor's annual report. Out of 58 cases in which the city was a party 31 were won, six lost and 19 settled.

City Commissioner Chambers is now preparing a systematic surgical treatment of the city trees. He also expects to plant five thousand more of the season's choice. Maples and elms have been selected.

Here's Help for the Weak

Take my Electric Belt for what it will do for you. Wear it when you sleep at night, or while you are resting after your work. You will find it a vitalizer, tonic to your nerves, restorer of waning vitality. Use it for any ailment which drugs have failed to cure, and you will never cease praising it.

I claim that I can cure you weak men; that I can pump new life into your worn-out bodies; that I can cure your pains and aches, limber up your joints and make you feel as brisk and vigorous as ever you did in your life. That's claiming a good deal, but I have a good remedy, and know it well enough to KNOW WHAT I CAN DO.

I Restore Men to Unimpaired Vitality, with Strong Body, Strong Mind, Strong Nerves, Strong Will

Few men are really as strong and vigorous as they ought to be. Hard work or worry or the hustle of modern life is overtaxing the resources of many. Past indiscretions or excesses and other diseases have undermined the constitutions of still others—few men are the men they ought to be.

This is why the wealth of the world is concentrated in the hands of the few. Except in cases of inherited wealth, the wealthy men, the successful men, are healthy men—men with strong body, strong nerves, strong will, strong mind. They are the men who have carefully observed the laws of nature and guarded their strength and health.

Mr. James J. Gannon, Whitney, Ont., says:—"I would have written sooner, but was waiting to see what the Belt would do. I have got good results from it for my general weakness, as I feel stronger and can rest better at night. I have not been bothered with my back since I commenced the use of the Belt. I will never regret getting the Belt. I assure you, and I will recommend your treatment to my friends and other sufferers."

The Dr. McLaughlin Electric Belt is a cure for all signs of breakdown in men and women. The vitality of the body is Electricity—the force in the nerve cells. My Electric Belt will give you back this power, and enable you to fight on in the battle of life.

Now, if you suffer, do not lay this aside and say you will try it later. Act to-day—NOW.

MARKETS ARE OUT OF THE DECLARE MANY PRODUCERS MUST HAVE BETTER ROADS

Special Meeting at City Hall Brings Out Evidence That Farmers and Producers Now Sell Their Goods Before Leaving Their Farms—Everybody Wants Good Roads—Markets Only Good For Competition—Do Not Inter-est All Producers:

Wholesale markets, if any at all, and good roads, were demanded by the various delegates who represented those specifically interested in the city market question, at a conference in the city hall yesterday.

Many of them stated that the St. Lawrence market had fallen into disfavor because retailers had been excluded; that the producers gained little or no benefit from their goods direct to the stockholders since the restriction had been placed on the market.

Needs No Markets. "I can distribute commodities all over the city in certain quarters cheaper than I can sell at the markets," said J. A. Webster, one of the largest producers in the province.

John Firstbrook, vice-president of the Toronto Board of Trade, made a plea for good roads and transport facilities. He wanted markets because they generate trade.

W. D. Nick, who was the only speaker who noticed the ladies present, also said that the market in this city is situated. "I would not like to see it run into large expenditures without due consideration," said he.

Mr. Neillit, however, declared himself in favor of the market. He said that the people were being refused accommodation in the city. "Certainly the farmers had no complaint, for they were obtaining a profit equal to that of the merchants and manufacturers."

Premier Lauds System. Mr. Neillit, however, declared himself in favor of the market. He said that the people were being refused accommodation in the city.

FOND FAREWELL TO COL. PUGMIRE

Salvation Army Officer and Family Are Going Back to England.

A tie that to the Canadian Salvation Army has been severed last night, when more than one thousand women and children met in the temple and said farewell to Lieut. Colonel Pugmire, M.S. Pugmire and four of their seven children.

Albert Ballin, director-general of the Hamburg-American Line, is attending the conference with four of the directors of that organization, while Philip Heineken with three of the other directors of the North German Lloyd Co. is also here.

At the stage of the meeting Commissioner Rees altered the program and called for a song from Colonel Pugmire himself.

Major J. A. Curtis declared that he was not in debt to any bank and that he was not a shareholder in any bank.

Mr. Neillit, however, declared himself in favor of the market. He said that the people were being refused accommodation in the city.

GRANITES OUT OF THE TANKARD

Lakeview Wins Final in the Group by Seven Shots—More Games Today.

Tankard Group 3 encountered the best of ice at Queen City, the draw, the home side, Granite's young rink started at a fast clip against Parkdale, never being in trouble. Lakeview took a long lead in the other game before the young boys secured their bearings. In the evening, Lakeview and Granite had a battle royal. The old players of the young club took an early lead, but the lads of the older club hung on tenaciously and were only seven down at the finish. Scores:

STRATFORD PLAYED EXHIBITION GAME

Arrived With Only Six Men and Had to Default — Toronto Won in Easy Fashion.

Stratford arrived with only six men for their senior fixture with T. R. & A. last night, and under the O.H.A. rules they had to default the game. The Classic City outfit took their six men and picked up Jack Burrill, the T. R. & A. spare wing man, and gave the black and white an exhibition battle. Toronto made it a workout, and won, 15 to 5.

Both teams took it easy, but gave the small crowd something to look at by opening up some nice rushes. T. R. & A. took 45 to 5, but they were satisfied with the going. It was a friendly encounter and clean hockey was played throughout.

Burrill was the best man on the ice last night when he wanted to live it up. He took matters easy during the first half, but after the rest he was a regular little burner. Back checking and some nice individual rushes were what he peddled. It helped to make the game interesting.

The T. R. & A. forward line had things all their own way and they showed some nice combination. Meeking had a lot of fun, going right thru to the net and skating around Wicke, until he had him dazed, and then showing the puck in. Every man on the T. R. & A. team showed good work, while Stratford were lacking in condition and team play. The teams:

T. R. & A. (15)—Goal, Addison; point, Hunter; cover, Hartman; rover, Mackenzie; centre, Meeking; right, Brown; left, McLean.

Stratford (6)—Goal, Wicke; point, Dillon; cover, Scholtz; rover, Crane; centre, Lowe; right, Thompson; left, Burrill.

FRONTENACS TO PLAY ST. MIKES

Senior Game at Arena Tonight —Gossip of the Hockey Players in All Leagues.

Kingston play St. Michaels a senior O.H.A. game at the Arena tonight.

Waterford Juniors have defaulted.

The Toronto pro. squad looked a little more lively at practice yesterday. Roy McEiffin, fresh from a hospital bed, was out. He did not get into uniform, but he had stick and skates, and he showed pretty fair form, considering his two weeks lay-off.

Frank Nighbor is over his illness which stopped him from showing his form Saturday night, and he was going strong again.

Bruce Ridpath was out on the Yanickan defence, and kept them going strong against Coach Marshall's regulars. Frank, the Detroit boy, looked pretty fair today in practice, and may get a chance.

Harvey Sproule will referee the Midland-T.C.C. senior game at Midland tonight, and Greg Caldwell of Barrie will handle the return game here.

In an interesting and rough game of hockey played at Weston Rink Monday night, Ontario Hockey League, the teams of 6 to 6 in the second game of the season. The ice was in good condition and the play was fast and furious from the face-off, inside of three minutes Gunn slipping one past Levesque, and repeated twice again inside of five minutes.

The back checking of Gunn's line was a great factor in their success.

Varsity play Frontenacs in Kingston on Monday night.

Stratford has dropped out of the intermediate O.H.A. series, owing to the poor ice conditions.

Kingston seniors play in Peterboro on Feb. 5.

The T.C.C. seniors will take the following team to Midland for tonight's game: Goal, Lunn; point, Waugh; cover, Gooch; rover, Romeril; centre, Swan; right, Lockhart and Klemmer; left, Dopp. The train leaves Kingston at 10 o'clock Thursday.

Intermediates games scheduled for Niagara Falls and Welland last night were postponed owing to the lack of ice.

Parkdale seniors will play the return O.H.A. game at Preston on Thursday night, with Wally Hren as referee.

T. R. & A. snatched their group when Stratford defaulted to them last night.

Stratford Juniors will make a great bid for the championship this season. Most of the Classic City "kids" have had a long time in senior company this season, and have done good work. They have not lost a game in their district, winning six in a row, all by good margins. T.C.C. and Grills had better look out.

There will be no professional game here until Saturday night, when Quebec meets the Toronto team. This game will be played under the seven-man rule, which goes into effect Feb. 1.

The Riverides play McCormacks tonight on No. 2 rink, Don Flats, in the Toronto Hockey League. All players and supporters are asked to turn out early.

The O. H. A. sub-committee decided three protests at its meeting yesterday. Senator's protest against Goderich was not allowed. The mix-up of the Wm. keepers at the Hamilton-Niagara Falls game was stricken and the game was thrown out. It will be replaced if it affects the group standing.

Charles Langman, who went out with the Hamilton Alerts, made a statement of his case and asked for reinstatement, but no action was taken.

Ah, Yes! Our Happy Home

By George McManus

TORONTO HORSEMEN TODAY GO TO OTTAWA ICE RACES

Grand Opera and Royal Grattan Likely to Meet in Free-For-All or Extra Event — Good Track and Fine Grand Stand.

It is expected that about fifty of the Toronto horsemen will go by special car attached to the C.P.R. that pulls out for Ottawa tonight. Among the number are Messrs. Smith and Proctor, owner of Grand Opera; J. E. Gray, owner of Royal Grattan or Grattan Royal; J. T. Hutson, owner of Marlot Leonard; R. J. McBride, owner of Nettie Ethon; J. McLean, owner of Clara Paul; Jas. Smith, Jas. Nesbitt, R. T. Smith, Chas. E. Allen, Geo. Harrison, Wm. Hunter, W. A. McCullough, Geo. Beddingfield, Frank Rogers, Wm. Robinson, J. Fleming, O. Coulombier of Calgary and his brother George, who will in all probability be the best ice meeting ever held in Ottawa. The stands are complete, the enclosure nicely heated and electric lighted, also a comfortable booth heated for ladies and escorts, as well as fine cooling-out sheds for the horses. The ice at the present time is 2 1/2 inches thick on the home stretch, and on present weather probabilities it will be at least three feet before the meeting opens.

A special train of palace cars goes to Ottawa, carrying \$250,000 worth of horse flesh to compete in the different events. A great deal of interest centers in the two green horses, Grand Opera and Grattan Royal. The latter will start in the 2:35 race and the former in the 2:14 race and it is just possible, and in fact highly probable, that these two grand horses will meet in a race, the free-for-all or extra event, which will be held on Saturday. The Fitch Bros., Messrs. William and George, will have charge of the special train and the starting and the racing to the cars of many to hear Billy see the pools. He is recognized as the best pooler in America, and his brother George runs him close. They, no doubt, will be pleased to meet all their old friends and many new ones.

The track is in the best of condition. It is eighty feet wide at the apex, and is carefully prepared for good footing and fast going. The grand stand will accommodate between six and seven thousand people. All the horses have been getting their final preparations for this meet, and it is confidently expected that the records will receive a jump at this meeting.

The Dominion House is in session, which will also attend to the trip to Ottawa. The Dominion House is in session, which will also attend to the trip to Ottawa. The Dominion House is in session, which will also attend to the trip to Ottawa.

When The World asked Mr. C. A. Burns, who is now sole proprietor of the Repository, if there was much interest being shown in the sale of Miss K. L. Wilks' horses, Mr. Burns replied, with a genial smile: "Well, I never saw anything like it. We are answering calls for information over the telephone nearly every minute of the day and are receiving hundreds of requests for catalogues. Catalogues will be on hand at 5 p.m. Wednesday, and the horses will be on view at the stables during the evening hours, as advertised."

WEDNESDAY MORNING, JAN. 23, '13.

CLASS AND INDIVIDUAL CONSCIENCE.

Complaint is heard from time to time of the clamorishness of Italians, Gallians, Polacks, Ruthenians and others, but those who criticize ought first to consider the great difficulty foreigners of the working class have in obtaining any footing in the country.

Ald. Robins recently introduced a resolution which makes broad-minded people hope that one day he will find himself in Germany, Italy or Russia, without a word of the language of the country.

This moral degeneracy of groups of people, is a peculiar psychological phenomenon, and it is a sign of considerable moral progress on the part of any individual, when he can exhibit sufficient strength of mind to refuse to descend to the class level.

SKYSCRAPERS AND FLAGPOLES.

Aldermen May, Weston and Risk lined up with Controller Foster in the little village parade of that gentleman. "We are not in New York, and never will be," said the controller.

Of course this is obvious, but it would be good for him if his friends toured him around a bit and showed him a few things. Controller Foster's real objection to skyscrapers on Yonge street, lies in the fact that they are higher than the controller's flagpole on James street.

BEFORE AND AFTER

Ald. Hubbard showed himself quite belated in the council of 1913. If he keeps trying to apply the standards of ten years ago to Toronto, he will only become a nuisance.

NORTH TORONTO TELEPHONE SERVICE.

Now that North Toronto is incorporated as part of the city the council should take prompt steps to secure that its telephone service be provided at city rates.

It is to be hoped that action ought to have been taken immediately by annexation become effectual. The principle has already been passed upon by the municipal and railway board, and an application to the board in default of voluntary concessions is all that will be necessary.

LOANS TO LAND CULTIVATORS.

In the United States President Taft has been recommending the establishment of societies for the extension of credits on easy terms to agriculturists.

His suggestion was generally approved at the convention of state governors, and will no doubt be given practical effect. Similar movements are in progress in Canada and in the United Kingdom, where a new scheme was recently made public by Mr. Runciman, president of the board of agriculture, and a member of the British cabinet.

It provides facilities by which agricultural co-operative credit societies may obtain help from a large joint stock banking company and their branches, and has on that account a special bearing on the Canadian situation.

Replying to a question put in the house of commons Mr. Runciman explained that an arrangement had been made with a number of those banks by which the committee of any registered agricultural co-operative credit society could obtain help and advice in matters of book-keeping, accounts and audit from local branch bank managers, and also obtain loans on favorable terms.

The banks listed, including many of long-established reputation, are willing that any of their country branch managers should assist in the formation of such societies, help with advice, and take part in the annual audit without remuneration. They also agreed to their managers acting as unpaid treasurers of these societies, provided it did not involve membership. The banks are

THORO BUSINESS SYSTEMS OF THE SALVATION ARMY

Ten Different Departments Under the Direction of Responsible Secretaries, Whose Business Methods Are Models—Auditors Examine the Books and a Balance Sheet Is Issued.

It is sometimes said that one-half of the world does not know how the other half lives, and while one would hesitate to attribute any such limitation of knowledge to citizens of Toronto, there is little doubt that some of the city's most necessary agencies in the interests of the poor and friendless are still made by people who do not know and who speak without first making enquiry.

In this connection it is interesting to recall the fact that some of the late general's most breezy recollections were concerning the contributions he had received from modest gentlemen, who had declared they would give to the work if only balance-sheets were being issued. When the auditing department is set up at once produced full apology sometimes emphasized by a handsome donation, was usually forthcoming.

The Army has, indeed, every reason to be proud of its accounting system, and the local arm of auditors that scrutinizes its books has always spoken warmly of the system and the general efficiency of the work and the way in which the finances of the Army are administered.

The financial department is one of the largest at the headquarters, and the multiplicity of its calls for the latest and best office equipment. It has also taken the trouble to look into the matter that many business concerns might with benefit take a leaf out of the Army's book.

The auditing department is another important section and deals with the internal accounts of the Army's agencies in the Dominion, but the outside auditors also have access to these records; in fact, Brigadier W. Scott Potter, the financial secretary, is so confident in all that pertains to the Salvation Army, but by men who have always considered it a pleasure to identify themselves with any good cause.

The business men's committee is headed by Messrs. James Byrne, T. Bradshaw, John Firstbrook; and the young men's committee by J. B. Jameson and Hugh A. Gann. The National Trust Co., Ltd., are treasurers of the fund.

NOT ENOUGH PAY AT HIGH SCHOOLS

Dr. Embree Says Salaries Given Assistants Are Too Low. Chairman Hiltz of the board of education made the statement at the advisory industrial committee yesterday, that Dr. Embree complained to him last year, that high school assistants were not given salaries equal to those at the technical school.

Principal McKay's estimates gave rise to the comment. He stated that \$700,000 would be required for a site plan in the east and one in the west, for branch technical schools. He thought the revised tenders for the central technical school might bring its costs down to almost \$1,250,000 for the building itself. He recommended \$100,000 increase for the heads of departments who had passed the regular maximum. The estimate for salaries was \$64,258. The total maintenance estimates were \$94,349.

A resolution was adopted in favor of the board having its \$3000 worth of printing done at the technical printing department. This would, it was estimated, save the taxpayers \$1700.

REMARKABLE EVIDENCE OF PROSPERITY.

Remarkable evidence of the prosperity of the country and of efficient management of the affairs of the corporation was afforded by the report at the annual meeting of the Confederation Life Association, at the forty-first meeting yesterday. The report showed that policy holders and beneficiaries had received the large sum of \$1,809,085.35. Of this amount \$1,812,821 in settlement of death claims, while \$428,997.87 was for maturing endowment contracts.

Holders of participating policies received \$194,302.87 in dividends, an increase of \$45,977.54 on 1911. A new record for new business was made. The total approved was \$12,218,754. The total assurance on the books on December 31 was \$63,744,811. The company has a cash surplus of \$1,515,269 over and above all liabilities.

Guelpin Man's Sudden Death. Death came suddenly to Ed. Palmer, lively stable keeper, this afternoon. While bringing up a horse, he was seen to fall over, with what was supposed at first to be apoplexy. He was taken to the General Hospital and upon examination it was discovered that the main artery leading to the heart had burst. He died shortly afterwards.

Fire Residents Get. A syndicate has bought from the executors of the late Dr. J. F. W. Roes, the plot of ground on the northeast corner of Shropshire and Wellesley streets, for \$25,000. The residence may be turned into an apartment house, with the addition of a wing on the east side.
