WRECKED BY MAIKEE GOLD

One View of British Political Crisis, Due to Redmond's Recent Tour.

(Canadian Associated Press Cable.) LONDON, Nov. 13.—General opinion now is that the election will be in December. The Chronicle says it is certain that it will be fought and won by December 20.

LONDON, Nov. 13.—A cabinet meeting on Monday or Tuesday will decide what step the government will take to bring the political crisis to a focus. The plan most likely to be agreed upon is the immediate dissolution of parliament. While the government might send a bill embodying its veto proposals to the house of lords for consideration, the lords would certainly reject it, but probably would consume much time in its consideration, and discuss the general question of the reform of the upper house along the lines suggested by Lord Rosebery last session. Immediate dissolution will save time, and perhaps make possible the holding of the elections before the holidays.

Premier Asquith returned yesterday from Sandringham, where he was in consultation with the King. He left quickly for a brief stay in the country. The other members of the cabinet are scattered in the provinces. No further steps in arranging the government's program are likely before the cabinet meets.

"Home Rule and Home Rule With American Money," "England's Debt," "The Two Hundred Thousand Dollars." These headings appear to-day in the Sunday Observer, which first started the campaign of the Conservative press in favor of the Nationalist. The paper publishes three columns, denouncing "the unparalleled ignominy of the attempt to wreck the British constitution with American money."

Frederick Edwin Smith, M.P. for Liverpool, a prominent Conservative, speaking at Brockley last night, ridiculed Premier Asquith, as the successor of Chamberlain, declaring that he was powerless until the appearance of the unknown king of political mediocrities, with his pockets bulging with American gold.

REDMOND GIVEN GREAT RECEPTION ON LANDING

Irish Leader Spoke With Enthusiasm of His Welcome in America.

QUEENSTOWN, Nov. 13.—John E. Redmond, leader of the Irish parliamentary party, which has been on an extended tour of America, arrived here last night on the steamer Celtic, from New York. There was a big gathering of representatives of public bodies and political parties, as special interest attaches to Mr. Redmond's visit, being with reference to the Nationalist in the present political crisis. Replying to an address of welcome, Mr. Redmond dwelt with enthusiasm on his reception in America.

Like Parnell's Home Coming. CORK, Nov. 13.—No such demonstration has been witnessed at Corkhaven since Parnell returned from the American tour in 1880, as the welcome given to John E. Redmond and other members of the Irish deputation, when the steamer Celtic appeared yesterday afternoon. Great bonfires burned on all the hillsides, salutes were fired and rockets sent up.

Blames Crisis on Redmond. DUNGARVEN, Nov. 13.—Mr. Redmond's American speeches were responsible for the present political crisis, according to William O'Brien, the leader of the faction of the Nationalists opposed to Redmond, in an address here last night. Mr. O'Brien declared that Mr. Redmond had repudiated his own words, and that this had wrecked the Tory party to revolt and wreck the Tory conference.

Cause of the Collapse. LONDON, Nov. 13.—(New York Sun Cable.)—The confusion from which American politics is just emerging is more than matched by the utter demoralization which now prevails in British public affairs. Ten days ago there was every reason to believe that a modus vivendi had been reached between the two principal parties by which a calm settlement might be reached on non-partisan lines of the great constitutional question of a second chamber in place of the present house of lords.

Mr. Balfour, Lord Lansdowne and Austen Chamberlain were ready to make an agreement at the cost of considerable concessions. Before giving final consent, however, Mr. Balfour thought it would be best to secure from the conference permission to consult with the members of the last Unionist cabinet in order to make sure that he was acting with the full support of his party. The result was a threat of revolt by a sufficiently numerous section of the old guard to compel him to withdraw his assent to the compromise. Three more meetings of the conference were held, but no fresh basis of agreement could be found.

The members of the conference decided not to disclose the details of the negotiations or the cause of their failure, but it is well understood among the leaders of both parties that the collapse was due to a Unionist split as outlined above. It is also known that both sides equally resent Irish

U.S. Not Hopeful Of an Agreement

List of Articles Canada Offers to Admit at Reduced Rates is Found Disappointingly Small.

WASHINGTON, Nov. 13.—The state department officials, while they have not yet been acquainted with the details of the three-day conference at Ottawa last week between Canadian and American conferees, looking to a reciprocity agreement, do not expect a general agreement as an immediate result of the conference. The interests of the two countries are too extensive to admit of the violent de-arrangement that might be expected to follow a sweeping readjustment. It is understood that each side at Ottawa contented itself with submitting a very limited list of articles, upon which the principle of reciprocity might be tried. Included in the Canadian proposal were timber, grain, a whole line of agricultural products, and perhaps live stock and meats. Wood pulp may not be put on the free list, but in any event it is marked for a substantial reduction. There is reason to believe that the list of articles that Canada offers to admit from America at reduced rates is disappointingly small.

SHERIFF BRODDY DIES AT HOME IN BRAMPTON

For 45 Years Sheriff of Peel—One of Last Officials Appointed Prior to Confederation.

BRAMPTON, Nov. 13.—(Special.)—Robert Broddy, for forty-five years sheriff of the County of Peel, died at his home here this evening. He was 82 years of age. Born in the County of Peel, he spent his whole life within its borders. As a young man he was division court clerk, before the separation of York and Peel. He was appointed sheriff by the old Conservative administration, and is said to be the last of the officials appointed prior to confederation.

Possessed of excellent judgment, cautiousness and strict integrity, for many years he was a central figure in the public and judicial life of the county, and had the confidence of a very large percentage of the people. He was a member of the Methodist Church, foremost amongst the officials and active supporters of that denomination. He is survived by one daughter, wife of J. W. Duggan, manager of the Daily Estate. The funeral will take place on Tuesday.

THE LATE KING'S FRIENDS

They Seem to Have Dropped Out of Royal Circle.

LONDON, Nov. 13.—(N.Y. Sun Cable.)—A well-known and well-informed writer on society matters writes that he has not been publicly noticed, how completely the late King's set has dropped out of notice. People about whom everyone gossiped and chattered in the last reign have sunk into complete insignificance. No one notices them in print, and an odd thing is that most of them seem to have faded off the race courses and other such places where they used to be snapped up.

CHICAGO IS GENEROUS

Gives Firemen and Police Ten Per Cent. Salary Increase.

CHICAGO, Nov. 13.—Recognizing the merits of arguments advanced by policemen and firemen that the increased cost of living has left their salaries inadequate for their needs, Mayor Busse yesterday approved 10 per cent. increases for 1911. For the salaries of pipemen, truckmen and drivers in the fire department and patrolmen in the police department are:

Fire—Half year, \$75 month; 1 1/2 years, \$88; 2 1/2 years, \$96.25; thereafter, \$103.75. Police—One year, \$75 per month; 2 years, \$83.50; 3 years, \$100; thereafter, \$110.

THE WHEEL FLEW OFF

Aztec Indian Automobile Racer Killed at San Antonio.

SAN ANTONIO, Texas, Nov. 13.—Tobin De Hymel, a widely-known driver of racing automobiles, was killed in the races here yesterday, when his car lost a wheel. He drove in the last Vanderbilt cup race in New York, and was known as the big Aztec Indian driver. De Hymel was rounding a curve at a furious clip, when a front wheel flew off, and the car crashed into an embankment. De Hymel was thrown clear of the car some distance down the track. When track attendants reached him he was dead. With the broken steering wheel clutched tightly in his hands.

PELLETIER IN VIRGINIA.

FORT MONROE, Va., Nov. 13.—Sir Alphonse S. Pelletier, lieutenant-governor of the Province of Quebec, and his military aide, Capt. Victor Pelletier, arrived here yesterday from New York. The lieutenant-governor is making the trip for his health.

DIDN'T FEEL HIS CONTRACT

And Ontario Immigration Officer Orders His Deportation—Results in Important Case.

As a result of the imprisonment of Alex Harper, a Scotch immigrant, for alleged breach of contract with the Ontario Government, his counsel, John M. Godfrey, stated last night that he intended to test in the courts the power of the law in respect to such cases. Mr. Godfrey, who considers the man was most unfairly treated, says the Ontario Government, by imposing responsibility upon Donald Sutherland, the provincial immigration officer, whom he charges with having adopted an unreasonable attitude. The circumstances are these: Harper came to Canada on an agreement with the Dominion Government that, in consideration of its admitting him to the country without the sum of \$25 ordinarily demanded to be shown by immigrants, he would take a job on a farm. He came to Toronto and got work with William Dalley, cartage agent. Here he was visited by Robert Boston, a Dominion official, and ordered to pay \$25. He didn't do so, and Mr. Sutherland, acting in co-operation with the Dominion Government, caused his arrest on Friday afternoon.

It was after 4 p.m. when Mr. Godfrey was asked to take action, and a writ of habeas corpus could not be obtained at Osgoode Hall, consequently Harper spent the night in custody but was released Saturday noon by bail. "I question the legality of the course taken," said Mr. Godfrey. "We are going to make the Ontario Government show that they have the legal right to do what they are doing. They claim Harper got into the country by false pretences, but I consider that he was guilty only of breach of contract."

"Mr. Sutherland was at the back of the business," Mr. Boston, the Dominion official, appeared reasonable, but not so Mr. Sutherland. "I don't know what Mr. Godfrey means by saying that I was unreasonable. He loaned Harper money to bring him out here, and asked the Dominion immigration authorities to admit him as he did not have the requisite \$25 demanded by the regulations, and had promised to go to work on a farm. Harper would not go to work on a farm, but took work in the city and did not report to the provincial department. In fact, I believe, he tried to make trouble with other men who had received loans from us, and were paying them back. Harper told these men they were foolish. When nothing could be done with him, I recommended his being deported, not kept in his undertaking," said Mr. Sutherland.

PARIS IS THREATENED WITH SERIOUS FLOODS

Several Streets Already Inundated and River Continues to Rise Rapidly.

PARIS, Nov. 13.—The River Seine, swollen by continued rains, escaped its banks at the Quay d'Orléans in this last evening, and threatened to keep its undertaking," said Mr. Sutherland. A clearer light is thrown on the situation so far as the responsibility resting upon the city to deal fairly with the company's shareholders is concerned, by the statement of ex-Mayor Oliver, that information supplied him two years ago, when the city was making an effort to effect a deal with the company, showed that on a basis of \$138 a share every shareholder would get back his investment without loss. The situation has altered since then, but the change has been all in the direction of lowering the average price. The shares have steadily declined, with an occasional upturn such as that of the past week. All purchases of shares since the negotiations of 1908 have been at a lower level than then prevailed, and a list of the present holders, with the price they paid for the shares, was informed on good authority that some blocks of shares changed hands at as low a figure as 95. The minister of finance has not seen the list, and the result of the transactions, as the stock has been for many months almost without a market save for scattered lots. Mr. Oliver says that two years ago he came into possession of a complete list of shareholders of record at that date. It was given him because he had not been talked of. He thought the securing of such a list would be a difficult matter. However, the ex-mayor seems to have accomplished his task. Hugh Blair and C. J. Dalton, prominent shareholders, quote \$180 and \$150 a share respectively as proper consideration for selling out.

CHARGED WITH MURDER

Football Player Struck Captain of Opposing Team a Blow on the Head.

WHEELING, Va., Nov. 13.—A warrant charged Thomas McCoy, right tackle of the Bethany College football team, with murder, in connection with the death of Captain Rudolph Munk, who was struck by a ball from the West Virginia University team, at Hobb. Munk suffered injuries to the face between the two teams here Saturday, from which he died within five hours. The testimony upon which the warrant was issued was furnished principally by Homer N. Young, a Pittsburg attorney, who umpired the game. Young testified that Munk was making interference, and was a few yards in front of the scrimmage line, when McCoy came up to the West Virginia captain and struck him in the head. Munk fell to the ground unconscious, and Young ordered McCoy from the game. It was announced to-night that all the remaining games scheduled with West Virginia University will be cancelled, including the Thanksgiving Day game with Jamestown and Jefferson.

TELEGRAPH POLE BROKE BACK

Former Toronto Man Loses His Life in a Peculiar Accident.

MONTREAL, Nov. 13.—(Special.)—On Saturday night a few minutes after midnight, Bruce Currie, a buyer in the firm of Rea & Co., who came here a year ago from Toronto, was passing the St. Dominique-street entrance to the General Hospital, when a telegraph pole fell down, breaking his back. A policeman who was near at hand carried the injured man into the hospital, where he was able to give his name and address, and shortly after asking that his wife be sent for, he expired. An inquest will be held to-morrow. Two companions were with Currie at the time of the accident.

POINTERS FOR FATHERS.

William H. Crane, who is playing at the Princess Theatre, can give you a lot of them in George Ade's funniest comedy, "Father and the Boys." The story deals with a man who has told all his life to amass a fortune and build up a business for his town sons, only to find that he has fallen behind the procession, because of his old-fashioned ideas, and has lost his grip on them. In order to bring the boys to their senses, the old gentleman cuts loose and not only marches abreast of them, but is soon in the lead. The boys are forced to look after their father's neglected business while he is in the meanwhile having the one great time of his life.

A PATIENT BIRD.

THE HATCHING OF A RECIPROcity EAGLET.

TOR. ELEC. STOCK IN 1908 HELD AT AVERAGE OF 135

This Fact May Help in Any Negotiations That May Emerge as to Civic Purchase.

If the city were to pay each shareholder of the Toronto Electric Light Co. a sufficient sum to recompose him in full for the amount given for his stock, the cost would be considerably under \$138 a share, so that, at the maximum figure, it would mean expending \$5,400,000 to enable the city to own the plant in entirety. A clearer light is thrown on the situation so far as the responsibility resting upon the city to deal fairly with the company's shareholders is concerned, by the statement of ex-Mayor Oliver, that information supplied him two years ago, when the city was making an effort to effect a deal with the company, showed that on a basis of \$138 a share every shareholder would get back his investment without loss. GABINET REORGANIZATION RUMORS HEARD AT OTTAWA

No Unnecessary Opening of Constituencies, But a Ministerial Shake-up is Propheesied.

OTTAWA, Nov. 13.—(Special.)—There will be no seats unnecessarily opened in the house of commons henceforward. A program of reorganizing the Quebec section of the ministry, including the bringing in of Senator Dandurand by his resigning in the upper house and running for the lower chamber, has been held back. The opposition will certainly go after the administration of marine and fisheries and the printing bureau, presided over by Hon. Mr. Brodeur and Hon. Mr. Murphy. Sir Wilfrid Laurier may think it better to keep Mr. Brodeur rather than let him out. "My troubles come mostly from my colleagues," is the way the chief puts it. Mr. Fielding's illness has also increased the prime minister's responsibilities. The minister of finance has a single arduous, preferential hand, also tariff revision, the Bank Act and the Insurance Act. There is a suggestion of consolidating the departments of militia and navy into one department, that of defence, and putting it under the charge of a strong English-speaking member.

CONFERENCE TO-DAY

To Talk Over Arbitration of G.T.R. Labor Situation.

A conference will probably be held in Ottawa to-day between Hon. Mackenzie King, minister of labor, and Vice-Presidents S. N. Berry and Jas. Murdoch of the conductors and trainmen's unions, with a view to arrange a plan to settle the difficulties between the unions and the Grand Trunk Railway, arising from the failure of the company to take back a number of the ex-strikers on the 2nd of November, as agreed in the strike settlement. This conference is consequent upon Hon. Mr. King's letter suggesting the appointment of a single arbitrator, preferably Judge Barron, to decide the matter. Mr. Murdoch was in Montreal last night.

PINCHOT MAKES APPEAL DIRECT TO PRESIDENT

Says it is Impossible to Look For Unbiased Judgment From Interior Department.

WASHINGTON, Nov. 13.—Expressing the fear that the interior department will recommend the patenting of the Cunningham Alaskan coal land claims, which he believes fraudulent, Gifford Pinchot, former forester of the United States, has appealed to President Taft to allow him to submit a brief before any such action is given executive approval. Mr. Pinchot has written a letter to the president, in which he says it is unfortunately impossible to look with confidence to the officials of the interior department for an unbiased judgment in this matter. Secretary Ballinger's connection with these claims, which have been before the interior department since he was commissioner of the land office, precipitated the so-called Ballinger-Pinchot controversy, and the congressional enquiry into the interior department and the forest service, which resulted therefrom. Secretary Ballinger issued a statement last night, in which he declared that "wholly unfounded charges have been spread broadcast involving the attitude of the department officers toward these cases," and that in view of these conditions, he "deemed it of the highest importance that all these cases be transferred from the jurisdiction of the general land office directly to the court of appeals of the district of Columbia for consideration and adjudication." He indicated that he would recommend congressional authorization of this transfer in his annual message. Mr. Ballinger added that for several months at his own instance, these cases have been placed directly in the special direction of the president, with the view that no action should be taken without his special sanction.

TO KEEP QUEBEC IN ORDER

Baptist Pastor Says Big Navy is Needed for This Purpose.

OTTAWA, Nov. 13.—(Special.)—The sooner we get a big navy to keep Quebec in order, the better for the Dominion," said Rev. Dr. A. Cameron in the course of his sermon in the First Baptist Church this evening. "For some years past we have been hearing murmurs of disloyalty from Quebec. Then recently, upon an election day, there came the lightning flash and the thunder clap which revealed a startling condition of affairs." He deplored the fact that Quebec was not in harmony with the other provinces of Canada in their loyalty to Great Britain.

SIR HUGH GRAHAM SUCCESSOR TO STRATHCONA

Veteran Commissioner in London to Retire Shortly—Highest Gift of Canadian Government to Go to Proprietor of The Montreal Star.

OTTAWA, Nov. 13.—(Special.)—It is stated in official circles here to-day that arrangements have almost been completed whereby Lord Strathcona, who has passed his nineteenth birthday, will resign the office of high commissioner of Canada at London, and that he will be succeeded by Sir Hugh Graham, proprietor of The Montreal Star.

It is understood that the appointment of Sir Hugh Graham has been made, because in the Liberal party there is no man of influence and wealth sufficient to adorn the position, while Sir Hugh has never been a Conservative of strict party advance, a statement which may be made very general regarding the Conservative newspaper proprietors of Canada. At the last election Sir Hugh Graham did nothing to help the Conservative cause.

It is stated that B. A. McNab, who has just resigned the managing editorship of The Montreal Star, will assume a closer personal relationship with Sir Hugh Graham, in the position of high commissioner, which, it is said, the latter will take shortly.

Some time ago it was expected that Sir Frederick Borden would be given this position, which is the best in the gift of the Canadian Government, but it is learned that the minister of militia has expressed a desire to retire from active political duties entirely, and go into private life.

A Round Half Million. Lord Strathcona has given another \$200,000 to fund the construction of physical and military training in Canadian public schools, thus making the total amount he gave this fund half a million. The whole amount is held in trust for the government, which pays interest of four per cent. A sum of \$20,000 annually is now assured to the committee administering the fund.

The federal government is completing arrangements with all the provinces for the adoption in all public schools of a uniform system of physical training for the younger children, elementary drill for the older children, with rifle shooting aimed at pupils of advanced classes. Strathcona's gift of half a million will be used to supplement and stimulate the joint federal and provincial governments' efforts to have all children in Canada learn elementary drill, inculcating habits of alertness, orderliness, prompt obedience and patriotism.

LIGHT SHINES TO-MORROW EVENING

Civic Service Will Give Demonstration of 'All's Well.'

Citizens of Toronto may have their first opportunity to-morrow night to see how municipally lighted streets will look, but E. M. Ashworth, acting head of the electrical department, does not guarantee that the performance will take place, altho he has strong expectations.

The work of installing the lanterns on the cement poles on Charles-street and a section of Jarvis-street will begin this morning. In the meantime there has been a delay owing to the lateness of their arrival.

Arrangements have been made with the Monarch Supply company for a supply of lanterns for the demonstration, which illumination is in store at Charles-street, from Yonge-street, from Jarvis-street and Jarvis-street from Wellesley-street to Elgin-street. There are about 35 poles in all.

Members of the city council may attend the ceremonies in a body, but no arrangements have been made yet.

HAMILTON HAPPENINGS

PROPERTY PUT IN HER NAME, BUT PAPERS WERE STOLEN FROM HER.

HAMILTON, Nov. 12.—(Special.)—Justice Middleton had an interesting case to deal with at the assizes on Saturday afternoon. Mrs. Mackie, who was formerly Mrs. R. N. Kronk, was given possession of her late husband's property for which she sued the executors of his estate. The plaintiff stated that her husband was an invalid, and that, as she had the property in question. They later went to the west for the benefit of his health, but on returning east, she discovered that her husband's relatives were trying to get possession of his property. She asked her husband to put the property in her name, and this he did. However, not long afterwards the papers were stolen from her, and when her husband died, he left the property to other relatives.

SERMONS ON LICENTIOUSNESS.

In the course of a sermon on sensuality, one of the seven deadly sins, to-night, Rev. J. A. Wilson of St. Andrew's Church said that the Crippen, Anderson and McNulty-Nolan murder cases were all the result of sensuality. He hoped that the authorities here would not adopt the segregation system as a means of stamping out vice, as it had been a failure in Winnipeg. While other sins had killed tens of thousands, and the insane asylums were full of those who were a prey to it.

Rev. E. B. Lancelley delivered a warm sermon in First Methodist Church to-night on intemperance, gambling and licentiousness. He used for his text a quotation, which he ascribed over his chair after his election, and the result was that during his administration Toronto enjoyed the greatest prosperity it had ever known.

CREDIT MEN'S ASSOCIATION An Active Western Organization in Business Affairs.

WINNIPEG, Nov. 12.—The Canadian Credit Men's Association held their usual monthly meeting at the Royal Alexandra Hotel. Different phases of the insurance problem affecting both wholesaler and retailer were discussed at length. The insurance committee submitted the draft of a pamphlet that it is intended to distribute throughout the country, pointing out the necessity and advantages of keeping fully insured and offering suggestions as to the best method of keeping properly insured. In dealing with the matter, the pamphlet points out the necessity for an annual stock taking and the for an annual proper set of books, so that in case of a fire loss, an adjustment of the loss can easily be arrived at.

NERVOUS DYSPEPSIA A CURE FOR ALL.

Not a Patent Cure-All, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia. In these days of hurry, hurry and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is a radical cure, and to cure every dyspeptic and he need look no further.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS HOTEL ROYAL

There has been considerable talk lately about the possibility of John Hoodless being a majority candidate, of the murder of his first cousin, Nathan Bolton, on April 21 last at Brockville. Holmes arrived here at night in charge of Provincial Bailiff Sims of Brockville. The old man will, in all probability, be placed in either Motz's or Taggart's old quarters. Dr. English, the medical superintendent, stated this morning that Holmes was a quiet, well-behaved patient. The officer had no trouble with him during the trip.

Sudden Death.

The death occurred suddenly on Saturday afternoon of William W. Greenway, 523 North Wellington-st. He was taken ill while at work on Friday morning, and returning home, went to bed, never to rise again. He was a member of St. Paul's Church, St. George's Society, Unity Church, O. E. Court, and of the Lorne, A.O.F., No. 223 C. O. C. F. He leaves a widow, one son and three daughters. Scrap in a Restaurant.

James Crawford was arrested to-night on a charge of aggravated assault, preferred by Phil Roy. The charge of carrying unlawful weapons was afterwards added. Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, converted into a restaurant, and easily reached from all parts of the city. Erected in 1905. NORTH TORONTO PEOPLE TAKE OVER TROUBLES

Endorse Sewage Scheme For General Rather Than Local Tax.—County Briefs. NORTH TORONTO, Nov. 12.—(Special.)—The second weekly meeting of the Ratepayers' Association, held in the town hall on Saturday night, was like that of the preceding one of the week before, fairly well attended, and marked through by the best of good humor. The dual subjects, sewage and annexation, were discussed pro and con for the best part of three hours, and neither side could claim any great majority. Judged from the feeling displayed, the anti's were admittedly in the ascendancy, outnumbering slightly the friends of annexation.

STREET CAR WAS STRUCK BY FAST RUNNING EXPRESS

Six Dead and Twenty-six Injured—Electric Current Burned Passengers in the Car. KALAMAZOO, Mich., Nov. 13.—Six persons, including a woman, were killed, four of them, it is thought will die, as a result of a street car on the Kalamazoo city lines of the Michigan United Railways Company being run down last night by a fast west-bound express train on the Michigan Central Railroad. All of the dead and injured were passengers on the street car.

A Great Audience—A Great Service.

A splendid audience assembled in Massey Hall last night at the People's Sunday Service, conducted by J. M. Wilkinson. These services are unique in that by far the greater part of the audience is composed of men—well dressed men who evidently can sing, as was demonstrated last night when they sang alone several verses of the hymns. Wilson Barrett's beautiful story, "The Sign of the Cross," carries a conviction with it that few books have, and with beautiful pictures it is intensely interesting.

MAJOR NATHAN'S SPEECH FULL TEXT TRANSLATED

Paragraphs Which Offended Montreal Council and Induced Censure Resolution.

MONTREAL, Nov. 12.—(Special).—The translation of Mayor Nathan's speech, against which the city council at a recent meeting, took exception, has been completed. When the majority of the council met to discuss the resolution as drafted by the council and aldermen, alleging that his speech had been misinterpreted, the aldermen decided to have the speech translated. The translation was completed this morning. Following is the part of the speech which has aroused most criticism:

"Tomorrow the whole world, in its various representatives, will assemble here to see how the Rome of to-day, the Rome of the third Italy, is taking up again the destiny assigned to it. Such is the Rome which is my honorable office worthy to represent here, the champion of the liberty of thought which entered with the tri-color into the breach. Another Rome, prototype of the past, stands itself up within limits more restricted than the walls of Bolisarius, engaged in the task of confining thought within the narrowest bounds, in the fear lest, like the embalmers of old Egypt, contact with the open air might turn it into dust. From there, from the fortress of dogma, where the last despairing effort is being made to keep up the reign of ignorance, comes, on the one hand, the order to the faithful to banish from the schools the periodical press, which tells of the life and thought of the day, and on the other hand, the order to the men of letters and associates desirous of reconciling the practices and dictates of their faith with the teachings of practical life, of the moral and social aspirations of the civilized world.

"Return, citizens, to the Rome of one year before; the breach, to 1859. The faithful of all parts of the world sat down in pilgrimage, drawn hither by a great and solemn affirmation of the reigning Catholicism, St. Peter's, in its monumental majesty, received in its ample bosom the representatives of dogmas in excommunicated; they came to decree that the pontiff, in direct representation and succession of Jesus, must like the son inherit omniscient unlimited power over men and to elevate above all human judgment his decrees by virtue of his infallibility, proclaimed, recognized, accepted. It was the inverse of the biblical revelation of the Son of God become man—it was the son of man who made himself a god upon the earth. There was one man strong in the history of

FAMOUS EMANCIPATION LODGE HAS DISBANDED

French Masonry Banished From Canada—Members Affiliated With English Lodges.

MONTREAL, Nov. 13.—(Special).—The Temple of Masonry brought here from old France in 1896 has fallen, and nothing remains to tell the tale. In other words the famous branch of the Grand Orient, known as the Emancipation, which met with more or less success in French Canada during the past fourteen years, has ceased to exist, and the charter has been returned to Cadet-street, Paris, the headquarters of the Grand Orient in France.

From the start in 1896, the Emancipation had a stormy career in this city, for it was recognized at the outset that the prejudices of the people against Masonry in any form were strong, that the greatest caution would have to be taken. The membership, however, rose to three hundred, and there were never less than seventy-five active members of the lodge, which was recruited from the professional and literary classes. In fact, the office of venerable, the highest official position in the organization, was always held by prominent and influential citizens.

In Trouble From the Outset. There was trouble, however, at the very outset, for one of the members, who had a conflict with his fellow, gave away the membership to the enemy, and for months The Verite, a Quebec clerical organ, kept the names of the Emancipation members in a trial, and several years of comparative prosperity followed, also it became untenable when the latest exposure by A. J. Lemieux and his associates was made a few months ago. The members of the Emancipation also felt that they were handicapped by the fact that there were no official or other relations between the Grand Orient and the English and Scotch Rites, as a visit from one organization to the other was absolutely forbidden. In plain words one was a Christian organization, and the other was not; so, after a good deal of consideration, French Masonry was

KINGSTON, Ont., Nov. 12.—Varsity III, won the junior championship in the Intercollegiate Rugby Union this morning by defeating Kingston Collegiate by 15 to 12. As Varsity won the first of the finale in Toronto last Saturday by 24 to 6, they will win the round of the Intercollegiate Rugby Union this morning by defeating Kingston Collegiate by 15 to 12. The game was played on Queen's campus, which was in a very muddy condition. Collegiate led off and at the end of the first quarter Varsity, however, bucked up, and at half-time the score was a tie. Collegiate did well, considering that the players are much younger than the Toronto team. Hazellet of the locals was the best man on the field. The teams lined up as follows: Collegiate (12)—Full-back, Larush; halves, Birkett, Hazellet, Slegman; quarter-back, Reid; scrum-half, Ellis; Varsity (11)—Full-back, Smith; halves, Smith, Oates, Webster; quarter-back, Hassel, Scrimmer; scrum-half, McQuill; wings, Cossie, Knox, McQuill; Harvey, Beattie, Sinclair.

A YEAR WITH R. C. Y. C. REVIEW OF THE SEASON

Sailing Committee Proud in Possession of George Cup—Aggie Champion.

At the annual election of the R.C.Y.C. sailing committee Saturday night, J. S. McMurray, the chairman, read the report on the past year, which tells an interesting story, as follows: Another year of successful racing has passed, and your committee note with great satisfaction that the keen interest taken by members of the club is steadily increasing year by year. They now beg to report that in the first division the commodore's flag ship, Aggie, again won the championship, the Leas-downe cup, the bowlers' and commodore's flags, Strathcona the Lorne and Nicholls Gold Cup.

The second division Zoraya won the championship and the commodore's flag. In the third division Whirl won the championship, the Queen's Cup and the commodore's flag, Swamba the Prince of Wales Cup, being the first time so small a yacht has been successful. In the 16-ft. class Independence won the championship. The chief interest this year was centered in the race for the George Cup, and the club wish to thank Swamba and her owners for adding another cup to our list. This is a splendid class, and one we are very anxious to encourage. Already our good commodore has offered to present a cup for sons of members who will have a large fleet of these fine little ships.

The 16-ft. class flags so kindly presented by Mr. Norman Gooderham for competition on Wednesday afternoon for the P. class, and the 14-ft. dinghy class, were won by Swamba and Mr. J. L. Gooderham, and your committee wish to thank Mr. Norman Gooderham for receiving Wednesday afternoon racing. Mr. Walter Miller very generously presented a handsome silver cup, which was competed for on Dominion Day by Crusader, Eleanor, Kayak and Zoraya, and after a hard race, which must have pleased Mr. Miller, was won by Crusader. A sweepstake was arranged by the first and second divisions, and was sailed on August 13 to Oakville, Aggie winning the first division and Chitook the second division. A proof that our yachts do not get too much racing. An appeal race was held on September 10 at Oakville for flags presented by the commodore and the bowlers. Aggie won the commodore and Whirl the bowlers' flags, and Zoraya and Whirl the commodore's flag in their divisions. The thanks of the yachtmen and bowlers are due the commodore for providing such an excellent entertainment during the evening. The Lake Yacht Racing Association regatta held at Kingston in July was most

NEW SAILING COMMITTEE

R.C.Y.C. Elect Allen, Alexander, Brent, Gooderham, Moore, McMurray, Wedd.

The Royal Canadian Yacht Club held its semi-annual meeting for the election of a sailing committee on Saturday evening at the King Edward Hotel, Commodore C. G. Marlett in the chair. There were about 200 members present. The notice calling the meeting having been read, and the minutes of last meeting having been taken as read, the commodore, upon their successes in having brought back the George Cup and nineteen out of the twenty-four prizes offered. He also warmly referred to the members of the sailing committee of the Kingston Yacht Club and the citizens of Kingston, which had added so much to the success and pleasure of the regatta.

A vote of thanks having been passed to the Kingston Yacht Club, the commodore said that the outlook for the next season's yachting seemed particularly bright as it had been decided that the next L.Y.R.A. regatta would be held at Toronto in the last week in August, and he hoped it would be off Exhibition Park in connection with the National Exhibition, which would draw a large number of yachtsmen and house buyers. He was more than likely to be challenged for the George Cup, and possibly also for the Fisher Cup, which would, no doubt, keep the R.C.Y.C. sailors busy.

The sailing committee's report for the season of 1910 was read and adopted. After a few minor changes in the bylaws and house rules were passed and adopted, Messrs. Harton Walker, J. W. Rutherford and E. R. Eason were appointed scrutineers, who, when the balloons were distributed and counted, returned the following gentlemen as being the successful ones: C.W. Allen, G. M. Alexander, H. Brent, N. R. Gooderham, H. A. Moore, J. S. McMurray, E. K. M. Wedd. The bowling section of the club having given a beautiful silk flag for competition, won by the commodore's flagship, Aggie, it was presented by Mr. G. R. Copping, the president of the R. C. Y. C. Bowling Association. In a few felicitous and well-chosen remarks, the commodore, in returning thanks, referred to the excellent good feeling which existed between all the sections of the R.C.Y.C., which was most gratifying, and which meant only one thing to the whole club, and that was success. Notes of thanks having been tendered to the chairman and members of the regatta sailing committee and to the chairman and members of the marine railway committee, both of which had contributed so largely to the success of the club, and responded to by Messrs. J. S. McMurray and A. W. S. Roberts, a musical program, which was highly appreciated, was rendered by Messrs. Paul Hahn, Harvey E. Lloyd and C. E. Bodley. Refreshments were served, when the most successful and pleasant November meeting the R.C.Y.C. ever had was brought to a close.

Football Rugby Teams Make Clean Sweep

Note and Comment

Hamilton must extract all her satisfaction Saturday from one junior Rugby team captured by the Alerts from the Parkdale Canoe Club. Tigers first like-wise Dundas, also some basketball and bowling teams that wandered this way. It was a sorry day for Tignorians.

While the Argonauts were whining the Alerts and their intermediates at Rosedale, their own Varsity boys were rounding up another year of unbroken victories at Kingston, where they were taken into camp; also the juniors, the intermediates lapped somewhat and at the round the result, making an extra game for the championship necessary, and this will likely be played next Saturday at Peterboro.

The victory of the Varsity soccer team over Queens is thrown in for good measure. The score was 4 to 1.

The shrewdest judges of Rugby form say that Tigers will improve a lot in two weeks, especially on their own grounds, to the point where they will be able to wallop them by anywhere from 50 points down. In fact when the T.A.A.C. victory was secured, the Varsity boys were scheduled to meet in the semi-final, when a close game might result.

Tigers presented almost their strongest line-up at Rosedale. Still, apart from wood tackling form they showed only mediocre ability. Kid Smith, the Copper Cliff baseball player, was their most effective player, his field goal in the second quarter accounting for half the Tigers' total. Archer of his mid-air drops resulted, safely and McNelly's punt over for a rouse was their sixth and last point.

The Argonauts had the game more than 7 to 6. Smith's drop goal bounded on the bar, while many say the goal judge was in error when he failed to allow Binkley's in the final quarter.

H. C. Griffith, the Varsity coach, viewed the game from an automobile, and must have smiled at the Tigers' efforts. Friends of Varsity say that the students have another bundle of tricks in waiting that they did not even need in disposing of a team like Queens. So the students who like advanced Rugby will hope for a vast improvement in the Tigers and more than a gallop for Varsity in the final game on Nov. 15, always, of course, in case the students win their semi-final.

It is a fact that the only game lost in the Interprovincial this year by a home team was when Hamilton visited Montreal, and that was what gives the Tigers the championship.

Varsity won the Intercollegiate Union championship this season by six straight victories. This performance was repeated in 1909 and 1908. The year Dr. John McCallum and Harold Beatty were the respective captains. Varsity also won all three—junior, intermediate and senior—championships of the nation in 1909, 1908, and have a golden opportunity to win all three in 1910.

SALARIED HOCKEY PRESIDENT

T. Emmett Quinn Will Run the Six-Club National Association.

MONTREAL, Nov. 12.—(Special.)—At the annual meeting of the National Hockey Association of Canada, held in the Windsor Hotel on Saturday, T. Emmett Quinn was elected the first president, and the new salary of the association was adopted. The new constitution was adopted and a six club series for the coming winter decided. The meeting of the big professional clubs lasted from 3 o'clock in the afternoon until 7 in the evening. Dr. John McCallum and Harold Beatty were the respective captains. Varsity also won all three—junior, intermediate and senior—championships of the nation in 1909, 1908, and have a golden opportunity to win all three in 1910.

Argos won the toss and chose to defend the west end, with the kick right at their backs. Binkley started to kick right at the moment of the toss, and Ben Simpson was forced to rouse. Binkley and Simpson exchanged punts and McNelly was kicked over the bar. The Argos captain's long high punts, Binkley's punts and Moore's drop goal were carried away too much by these games. Every effort is going to be made by both teams to win the championship. The Argos are 2 to 1 on their own ground, available between the people of both Hamilton and Toronto, and arrangements for the best accommodation in their own city are being made. The Argos have 700 people. It is recognized that this is not enough room, but as it is the best that can be done, it will have to be accepted.

It was thought by most people present that with a one point lead and the advantage of the wind the Tigers would win. The Argos, however, were feeling the wind was partially justified when, after Murphy fumbled Hamilton secured the lead. The Argos took a decided brace at the half, and in the second quarter, Hamilton's 25-yard line, Murray forced Kid Smith to rouse on Binkley's kick. Argos kept the play in Hamilton's territory and secured the ball on offense. Binkley again kicked and this time Moore roused and the score was tied. As many expected the large crowd got very excited, Hamilton foolishly tried to work the end kick at their own 25-yard line and lost the ball, which cost them the game, for Binkley kicked to the fence for the point that won the game, making the final score Argonauts 7, Hamilton 6.

ARGOS DEFEAT TIGERS ALSO THE TIGER CUBS

Binkley Kicks Winning Point Just Before Whistle Blows—Rugby Notes and Gossip.

Despite the fact that the game at Rosedale on Saturday had no bearing in any way for the championship, a very large crowd saw the Argonauts defeat the champion Hamilton Tigers by 7-6. The final point was scored with but a few minutes to play.

The game was a very poor exhibition of Rugby football and the matter of fumbles and other errors probably the worst played at Rosedale this season. In addition both teams threw away enough opportunities to win half a dozen games, and had Argonauts played the game they might have won both times and secured the famous Tigers would have received a good beating.

On the other hand Hamilton never performed worse and Ben Simpson probably made more catches on Saturday than he has in any half dozen games before. He laughingly remarked he thought he caught one, but would not be sure. McNelly also muffed, but this player created a very favorable impression. He kicked exceedingly well and his long punts were very accurate. Moore and Kid Smith were miffing badly, but running well. Both electrified the crowd at times. Ecclestone possessed very well, but if it had not been for Binkley's kicking ability the performance of the Argos would have been very different. Binkley is certainly a wonderful punter and there are few players who can do this style of play. His kicks were well placed and accurate. He showed excellent judgment when he punted to the dead-ball line for the winning point. His punts were very close to the Hamilton line and many a captain would have been tempted to try for a touch-down and a golden opportunity to win the game.

On the line the teams appeared evenly matched, neither gaining much from the other. Several times the ball rolled loose, causing scrambling, but no player dropped a pass ball, with opportunities to gain ground.

The game was exciting and the score close, it being tied on no less than three occasions. The Argos were leading at Hamilton, but Argos took a decided brace and did not lose as much as fumbled in their opponents. How the points were scored:

Some Wagers at 2 to 1 Made After Saturday's Game—Arrange.

Those who visited Rosedale Saturday to get a line on the Hamilton Tigers for the Canadian championship certainly must have been disappointed. The game must be thrown out altogether in figuring up the odds for the championship, Hamilton at home are a different team to Hamilton away, and particularly at Rosedale. The odds are 2 to 1 on their own ground, available between the people of both Hamilton and Toronto, and arrangements for the best accommodation in their own city are being made. The Argos have 700 people. It is recognized that this is not enough room, but as it is the best that can be done, it will have to be accepted.

T.A.A.C. Winner Over Dundas 11 to 7 Final of O.R.F.U.

DUNDAS, Nov. 12.—(Special.)—T.A.A.C. are senior champions of the O.R.F.U. in a warmly-contested but unexciting game on the local field. The result was a brilliant one for the Dundas fourteen to seven. The score was 11 to 7. While the weather was far from being good football, it was brilliant in spots and crowded with incidents. It was witnessed by the record crowd of the season. The result was doubtful until the final whistle blew. Gooding Again Shows Superiority Over Webb Wins Seven Mile Walk at Armories by Over a Lap—Lukeman Takes Sprint.

George Gooding is the undisputed seven mile walking champion of the world. Before a crowd of about 2000 people at the 4th Highlanders' athletic tournament, he defeated Ernie J. Webb, the former champion, in one of the most sensational contests that have ever been seen in Toronto. The result was a surprise to probably three-fourths of all the people present. Generally it had been predicted that Gooding would try to beat the fifth mile, and that Webb would try to beat the sixth mile, and immediately to hold out till the end. Webb would outlast Gooding. But it turned out differently. Webb was leading by three-quarters of a lap, and Gooding started off at a terrific pace, and within a minute had taken the lead. Backers of Tigers Ask for 3 to 1 Varsity

Some Wagers at 2 to 1 Made After Saturday's Game—Arrange.

Those who visited Rosedale Saturday to get a line on the Hamilton Tigers for the Canadian championship certainly must have been disappointed. The game must be thrown out altogether in figuring up the odds for the championship, Hamilton at home are a different team to Hamilton away, and particularly at Rosedale. The odds are 2 to 1 on their own ground, available between the people of both Hamilton and Toronto, and arrangements for the best accommodation in their own city are being made. The Argos have 700 people. It is recognized that this is not enough room, but as it is the best that can be done, it will have to be accepted.

Hamilton will build two new stands, and will leave no stone unturned to try and win the championship. The Argos have a good team, and will be remembered for their play in Hamilton's territory. The Argos have 700 people. It is recognized that this is not enough room, but as it is the best that can be done, it will have to be accepted.

It was thought by most people present that with a one point lead and the advantage of the wind the Tigers would win. The Argos, however, were feeling the wind was partially justified when, after Murphy fumbled Hamilton secured the lead. The Argos took a decided brace at the half, and in the second quarter, Hamilton's 25-yard line, Murray forced Kid Smith to rouse on Binkley's kick. Argos kept the play in Hamilton's territory and secured the ball on offense. Binkley again kicked and this time Moore roused and the score was tied. As many expected the large crowd got very excited, Hamilton foolishly tried to work the end kick at their own 25-yard line and lost the ball, which cost them the game, for Binkley kicked to the fence for the point that won the game, making the final score Argonauts 7, Hamilton 6.

Annual Meeting of Interprovincial Hockey Union Held.

The annual meeting of the Interprovincial Amateur Hockey Union was held Saturday afternoon at the Prince George Hotel, the following delegates being present: President Percy J. Quinn, Toronto; Secretary Chas. Morrow, Toronto; Montreal A.A.—John Davidson, Ernie Hamilton; Victoria, Montreal—C. Howard; Chiffides, Ottawa—A. Sutherland, P. E. Wilson.

The expansion of the union was discussed. Mr. Davidson suggested the division of the union into the four sections, as follows: several of the members of the Quebec section—Grand Mere, Sherbrooke, Three Rivers and a Montreal team.

Eastern section—Chiffides, Montreal, Victoria and Ottawa II.

Central section—Toronto A.A.C. and others.

Western section—Kenora, Winnipeg and others.

President Quinn said that this would be for the benefit of amateur hockey generally. There was no question about the high status of the O.H.A., which was recognized as the most powerful hockey association in Canada.

Dr. Wood said that the O.H.A. had proved itself competent to handle hockey in Ontario, and thought it would be like trespassing on their territory to attempt to form a series in Ontario.

Mr. Davidson and Mr. Howard thought that a section might be formed in Toronto with the co-operation and assistance of the O.H.A. All they were looking forward to was to further the interests of amateur hockey in Canada.

Another proposition to handle hockey in Quebec to substitute Ottawa II. for Toronto A.A.C. and the T.A.A.C. will consider a proposition to form a section in Toronto, ten days being allowed for that purpose.

The meeting will be held shortly, when the various clubs will be admitted and the districts formed.

The following officers were elected: President—A. Sutherland, Ottawa; First Vice-President—Ernie S. Hamilton, Montreal; Second Vice-President—C. Howard, Montreal.

Labor Minister Suggests Arbitration of Strike Troubles—Trainmen Want Judge Barron.

Are all the arbitrary proceedings formerly conducted in connection with the recent strike of the Grand Trunk conductors, brakemen and baggage men to be once more rehearsed almost in detail? From the present outlook it appears that such a situation is possible.

Considerable discontent has been felt on the part of the men that the agreement with the company, by which the men returned after the strike, has not been carried out. According to this agreement all men formerly employed by the company and not in any way connected with any acts of violence or disorderly conduct, were to be taken back to their former position in 90 days. This period expired on the second of November, and it is reported that there are about 90 men who have not been reinstated. Many of these are conductors, so the story runs, that during the strike were not at the stations, or seen by the company's property until they returned after the strike to report for duty.

Influenced by reports of similar complaints, a letter has been sent by Hon. Mackenzie King, minister of labor, to S. N. Berry, vice-president of the Order of Railway Conductors. The epistle from the minister of labor suggests that the outstanding difficulties be settled, at a disinterested third party, and suggests as arbiter the name of Judge Barron of Stratford.

This letter was answered by wire jointly by Mr. Berry and James Murdoch, vice-president of the Brotherhood of Railway Trainmen, stating that they were quite satisfied that if such a move were to be made, Judge Barron would be quite suitable for the men.

The letter from the honorable the minister of labor is in part as follows: "The three months in which undertakings contained in the agreement with the Grand Trunk were to be carried out, expired on the 2nd inst. It has been represented to the government by the company that its undertaking in this particular has been met, and on this point, in my hand, I believe that a considerable number of the company's former employees, in no way guilty of violence or disorderly conduct, have not been taken back into the service; that some who have been taken back have not been placed in their former positions, and also that some few others taken back have been forthwith dismissed for reasons so grave that it would be a failure on the company's part to comply with the true import of this part of the agreement."

"Men Disaffected." This situation is giving rise to considerable dissatisfaction. It would appear not less in the interest of the parties to the agreement than in the public interest that some means should be found for settling the outstanding differences, who are and who are not entitled to be taken back in accordance with the terms of the agreement, and that the original parties to the dispute should undertake, if such method can be found, to agree to its adoption.

"A method which suggests itself as a fair one is that all cases in respect to which the difference of opinion between the parties has arisen, and at present exists, should be referred to an impartial and disinterested third party, who shall be vested with power to examine carefully into each case and to pronounce upon it. The parties to the dispute agreeing to abide by the decision of such a third party, the company to put back immediately such former employees as may be held to have been not guilty of acts of violence or disorderly conduct, and to intervene.

"If this method is acceptable to the parties, I have the honor to inform you that the government is prepared to meet the necessary expenses incident to such work as may be required, and to appoint for the work of investigation whoever may be mutually acceptable to the parties. In this connection, the name of His Honor Judge Barron of Stratford suggests itself as that of a person well qualified for such a task."

"I am writing on behalf of the government to ask whether, as representing one of the parties to the present dispute, the honorable member suggested of settling the outstanding differences would be acceptable to you, and if so, whether you would agree to abide by the findings of the party selected, also whether the appointment of His Honor Judge Barron for the purpose named would meet with your approval."

Willing to Arbitrate. To this the following answer was immediately wired by James Murdoch and Berry, with a concluding sentence that the wire would be followed immediately by a letter: "The undersigned beg leave to jointly answer your separate wire of November 9, referring to disputes between the G. T. R. and its employees in train and yard service. We recognized the opportunity for differences of opinion as viewed from the company's standpoint or the standpoint of the employees, as to what might constitute acts of violence or disorderly conduct, and we desire to assure you that we have no conciliatory representations to make for men who have been actually guilty of acts of violence or disorderly conduct with their accepted meanings of those terms."

"For the purpose of conserving the interest of both parties to the present dispute, and of a prompt and equitable disposition of the many cases still in dispute, we desire to advise you that we are willing to have all of the several cases referred to you impartially and disinterestedly, vested with power to carefully examine into each case, and to finally pronounce decisions in each case."

899-917 YONGE ST. (FORMERLY)

Comparison of the above photos evidences the growth of the city north on Yonge Street between Bloor Street and the proposed new Canadian Pacific Railway Station. One of the photos shows the original block built by the late John Dugg, some forty years ago, and is familiar to many of Toronto's oldest residents.

Mr. William Claude Fox purchased the property about a year ago, and, believing that the future centre of the uptown shopping and retail business district would likely be somewhere in the neighborhood of Yonge and Bloor Streets, and probably near the favorite Rosedale residential section, he decided to remodel the property.

899-917 YONGE ST. (NOW)

and from the present large paved cellars to the roof, the whole property has been practically rebuilt, new, modern plumbing with iron drains from street to roof, furnaces, gas, electric light—until now, with its fine fireproof artificial marble front and tasty modern shop windows, it forms a very much appreciated improvement and beauty spot to the neighborhood, and reflects great credit upon Mr. Fox and upon the architect in charge, Mr. H. Bryan Gilbert.

These stores and dwellings are now ready for occupation at really moderate rentals.

JAIL ROASTED ONCE MORE
GRAND JURY IS SEVERE

Investigation Results, However, in Praise for Governor Chambers—Central Prison Commended.

The presentation of Judge Britton's grand jury, which was submitted on Saturday, embodies some very strong criticism of the criminal institutions of the city, especially the Toronto jail. The document reads, in part, as follows: "We were naturally pleased at the small number of criminal cases presented for our consideration, and we wish to express our appreciation of the promptness in which the evidence of the crown was put before us by the prosecuting attorneys."

"The present Toronto jail on Gerrard-st., we are absolutely compelled to condemn as being entirely unsuitable to the needs of the community. The present official, in the person of Governor Chambers, has done most commendable work in the administration of his department, but he has very poor material to work upon. His humane and fatherly interest to the inmates under his care impressed the jury very considerably, and we believe that in him the city and county have a very valuable asset, and we earnestly recommend that a wing should be built which should contain a complete infirmary, with apartments for the mentally infirm. In this wing should also be included a chapel for the prisoners, as the present service is held in the dining room, which is altogether too small for the purpose and utterly unsuitable."

"We are also of the opinion that all the plumbing fixtures and the accommodation in the various corridors are a disgrace to a public institution, there being only one toilet and two basins to every 15 cells, and all of the crudest description, with practically no privacy of any kind. We are also firmly of the opinion, and we cannot emphasize this too strongly, that it is imperative that some steps be taken at once to facilitate a better classification of prisoners; there are altogether too many small hospital wards of which ordinary criminals are compelled to associate with men suffering from delirium tremens, and strapped down and ravaged in their delirium. This should not be, and is not in the interest of humanity."

"This grand jury made a very careful inspection of the Mercer Reformatory, and we are pleased to report to your lordship that, in our opinion, the city and county have good reason to be proud of this institution. But we urge upon your lordship to direct attention to the fact that the present arrangement of the Mercer Reformatory, and its employees in train and yard service, we recognized the opportunity for differences of opinion as viewed from the company's standpoint or the standpoint of the employees, as to what might constitute acts of violence or disorderly conduct, and we desire to assure you that we have no conciliatory representations to make for men who have been actually guilty of acts of violence or disorderly conduct with their accepted meanings of those terms."

"For the purpose of conserving the interest of both parties to the present dispute, and of a prompt and equitable disposition of the many cases still in dispute, we desire to advise you that we are willing to have all of the several cases referred to you impartially and disinterestedly, vested with power to carefully examine into each case, and to finally pronounce decisions in each case."

ACCIDENT TO CAFE CAR CHEF
Lady Passenger Tore Dressing From Her Own Ailment for Him.
BROCKVILLE, Nov. 13.—(Special.)—A peculiar accident, and one that was attended with equally heroic methods, occurred on the G.T.R. train near here. The victim was the chef in charge of the cafe car, whose hands were most painfully burned by contact with boiling grease or fat. Calls for a physician were made, but none happened to be on the train. A young lady responded, and applied the remedy to ease the injuries of the man. The application consisted of antiseptic gauze, which was used with soothing effect.

Ontario Horticultural Exhibition will be held in the St. Lawrence arena Nov. 15 till 19, with splendid exhibits of fruit, flower, vegetables and honey.

The exhibition will be opened Tuesday evening by Hon. James Duff, minister of agriculture, and Rt. Rev. Bishop Sweeney has been asked to offer an opening prayer.

The city council will likely be present.

A score of carpenters, with saws, crowbars, and hammers, made lots of noise at the St. Lawrence arena yesterday as they prepared that building for the exhibition.

One gang toiled away, tearing down the big frames which support the seats.

These have all to be removed to make room for the extensive exhibits of apples, which are now coming in from all parts of the province.

Apples may seem scarce to the poor householder of the city, but out in the country, where the large quantities already in cold storage for the display next week.

Another lot of men were busy fitting up the long tables for their part of the beautiful and handsome mums, sweet smelling violets, and carnations—preparing the scaffolding to support the hundreds of pounds of delicious apples, both red and green—Sny, Baldwin, greening, snow- or McIntosh varieties, which have done so much to make Ontario apples famous everywhere for their quality.

Away up on the steel girders, men were busy draping the white bunting which with the natural green of the cedar and spruce, interspersed with the red and yellow of a fitting canopy for the gorgeous display of reds and yellows of fruits, and flowers beneath.

The sight will be one long remembrance to one can be forgiven for feeling proud of a country which is capable of producing such a glorious abundance of good things as will be seen at the annual exhibition.

Whitby's Phone Franchise Bell Company Likely to Have Independent Competition.

Whitby, Nov. 13.—(Special).—The application of the Bell Telephone Company for a five years exclusive franchise for this town is a matter of five days.

The Markham and Pickering Independent Telephone Company is anxious to get into the town and connect it with the excellent service through the townships of Markham and Pickering, and connects with Township of Reach and Whitney immediately north.

This independent company is willing to come into the town. Beck's act does not cover telephone companies. The act calls for the sanction of the governor-in-council to all municipal franchise bargains, but does not reach the Bell Telephone Company.

The form of contract submitted to the town has already passed the governor-in-council. This in the minds of some is a matter that should be revised by the next legislature.

At this moment it looks as if the town would not tie up with the Bell Co., but give it a competitive franchise that would allow the Markham-Pickering line to come in.

Fisher Sales for America, Liverpool, Nov. 12.—Admiral Lord Fisher was a passenger on the steamship Baltic, which sailed from Liverpool yesterday.

He goes to the United States to attend the wedding of his son, the Hon. Cecil Vauvoeur Fisher, and Miss Jane Morgan of Philadelphia.

Collections Totaled \$2000. A special offering of \$2000 was called for yesterday to celebrate the anniversary services in Bloor-street Presbyterian Church. The giving at both services was general, and the treasurer, Thos. Reid, reported last night after the evening offering had been counted that about \$2000 had been contributed at the two services. "I Should Smile!"

"Were you satisfied, Mr. Jones, with the last overcoat you bought here?"

"Well, I should smile," replied Mr. Jones, "you see I'm wearing it this morning, and this is its third season. It wears like iron, but Mrs. Jones says I have to get something a little more dressy for special occasions. She saw one of those new meltons in your window the other morning at eighteen dollars. That listened good to me, so here I am!"

We never have to wonder whether or not the customer will come back; it's only a question of time. The clothes are honest and they wear a long time, but when it's time for a change, Mr. Jones turns up bright and early for his new melton.

These Melton Overcoats Are the Kind

That will look "dressy" through more than one winter. The fast black dye in this fine English melton will stand up to all kinds of weather, and the material will stay "smooth" without shining. These coats are cut in a single-breasted Chesterfield style; they have saw edges, and a neat black velvet collar; lined with twilled mohair and haircloth; they make a warm as well as a rich-looking winter overcoat. Sizes 35 to 44, \$18.00.

Warmer Pyjamas and Underwear

It's what you wear on your body, not what is thrown on the bed, that determines whether or not you are warm enough these nights. How about heavier pyjamas?
