THE TALE OF GREAT FIRE FULL OF THRILLING INCIDENTS

J. H. Miller, of London, England, Who Narrowly Escaped Tragic End Tells of His Experiences — Terrific Wind Caused Flames to Overleap Any Obstacle — Weird Night Scenes.

OPTIMISTIC OUTLOOK OF THE INHABITANTS

Gradually the story of the North Ontario fires is being unfolded, and it is as full of thrilling incident as the most imaginative of romances. That familiarity with danger breeds indifference to it is a maxim justified by experience and certainly the dwellers in the Canadian Rand appear to have given little thought to the inflammable character of the district. Weeks of drought and high temperatures had reduced much of the vegetation to a state of extreme desiccation and crumbled it into powdery dust. The muskies in many cases had become dry moss beds, the brush was little better than tinder, indeed the train was laid for a veritable fire cataclysm. Bush fires were common, and in some places had been burning for weeks with spasmodic intensity. But in the camps little or no attention was paid these precautions. Lulled into fancied safety, the prospector and miner, trader and resident, pursued their wonted avocations and gave no thought for the morrow.

No more vivid account of personal experiences in the fire-swept territory has been given than that of Mr. J. H. Miller, a geologist and mining expert of London, England, and of wide reputation. He narrowly escaped the tragic end which befell so many of those caught in the fire trap, and his description of the oncoming flames will not soon be forgotten by any who hear it. What increased to an almost incredible extent their devastation was the fury of the wind, which was variously estimated as attaining a velocity of from 60 to 80 miles an hour. In all his extensive journeying Mr. Miller could not recall any wind so violent save once or twice on the South African desert. It fanned the rage of the flames till they ascended hundreds of feet into the air and filled the atmosphere with glowing particles that fell like fiery rain far ahead of the main conflagration.

Rivers Overleaped.
This was the extraordinary and unprecedented combination that carried this Porcupine fire out of the category of common bush fires. Lakes and rivers that would usually have afforded a sufficient measure of protection were instantaneously overleaped and complicated more and more, as they found themselves, face to face with death.

No finer examples of courage and heroism have been seen than that were offered by the men and women of the northland. These qualities displayed, under circumstances the most provocative of panic, will redound at least to the credit of the brave folk who are building up New Ontario. All that they did will never be known, but the incidents that have unfolded warrant the belief that they are typical, not individual instances.

Nothing could be more intensely striking than Mr. Miller's picture of the scene at Porcupine, where the burning piles cast a white light—like that of an electric arc lamp—against the murky clouds of smoke that rolled over the camp and enveloped it in darkness as of night. Weird and eerie in the highest degree it must have been to the eyes that gazed at the points that afforded best shelter. Odd, too, must have been that journey on the blazing corduroy road, with its iron horses and unrecognizable human bodies and the only things that were within a few feet of the wayfarer, were the bones of the dead.

The Dead

Charles Fox, The World's representative in Porcupine, sends the following list of the dead at Porcupine:

- West Dome**
Robert Weiss, Mrs. Weiss and daughter, Butte, Montana.
James Welch, Cache Bay, Ont.
James Rennie, 211 Fairley-avenue, Toronto.
John McLaughlin, Lou, Que.
William King, Elk City, Idaho.
Angus McDonald, Orlana, Ont.
Mr. and Mrs. A. E. Dirt, Cobalt.
John DeAsterre, Toronto.
D. M. McQueen and Mrs. McQueen, Galt.
John Wall, Butte, Montana.
Charles Brooker, Toronto (is now in Toronto hospital).
John Saucha, address not known.
Hugh McLeod, Nova Scotia.
Lester Henninger, Nova Scotia.
J. W. Traubshaw, Pueblo, Colorado.
J. Paulin, Montreal, Que.
W. Brette, address not known.
A. J. Ryan, Lowell, Mass.
William McLean, Calgary.
John Taylor, 211 Fairley-avenue.
Total—25; one missing.

- Dome Mines**
Harry Hardy, Bath, England.
John Whatman, Toronto, Ont.
Thomas John King, Copper Cliff.
Henry Jackson, colored, American.
Archer Johnson, Sudbury.
Leo H. Sullivan, London, England (body shipwrecked).
Two employees, foreign born, died on train while being taken out.
Total—8.

- United Porcupine**
Andrew Yull, Toronto.
Frank Flynn, no address.
One unidentified.
Total—3; all buried on the grounds.
Julia M. Motzger, French consul, Montreal.
Andre Patoux, waiter at Metropole Hotel, from Paris, France.
C. E. Adams, Philadelphia Mines, Phoenixville, Arizona.
Max Smith, burned in Gore's store, South Porcupine, New Idskeard.
Stanley Fitzmaurice, Melbourne, Australia.
Thomas Geddes, burned in theatre, South Porcupine.
Two unidentified bodies found in ruins at South Porcupine.
Unidentified man found on banks of Porcupine River, suffocated and burned.
Two unidentified bodies reported along the boundary line of Shaw and burned.
Total—11. Grand total of bodies so far recovered from ruins—48.

- Bodies Recovered From the Lakes**
Archie McDonald, Cobalt, body not recovered in Porcupine Lake.
William Moore, Cobalt, body not recovered.
Melvin Strain, body recovered from Porcupine Lake.
Walter Spoke, Wash., not recovered.
Stanley Nicholson, Guelph, not recovered.
William Gohr, body not recovered.
Stanley Fitzmaurice, Melbourne, Australia, body not recovered.
J. E. Taylor, drowned in Pearl Lake, body not recovered.
Pat Dewey, body not recovered.
Total—7.
The grand total of deaths now, as far as known—57.
The bodies of all those who were on the river banks, blinded from smoke, and relief parties are on the way with medicine and provisions.
A hot mine south of the middle line of Whitney and Tisdale is left.

LOSS OF LIFE NO SO HEAVY VOTE ON PACT A WEEK TO-DAY

Hon. Frank Cochrane Aroused Over What He Terms Gross Exaggeration—Big Exodus From Porcupine.

Reassuring reports came to the parliament buildings and offices of the T. & N. O. yesterday regarding the loss of life in the Porcupine fire. Hon. Frank Cochrane, minister of lands, forests and mines, who has shared with Mr. Enghart a large part of the anxiety and responsibility of controlling the situation the last few days, was rather severe in his criticism of what he termed exaggeration of the reports of the casualties, he said:

"While we don't want to minimize this terrible affliction, reports coming in are greatly exaggerated. Our Mr. Clement, chief engineer of the T. & N. O. Railway, says that only 25 people have been accounted for as dead. We have to take account of the 25 people themselves that their death list is nine only. In a number of instances where bodies have been reported as lying on the ground, investigation by Mr. Clement has failed to find anybody who had been seen. Wild rumors are current and they are a great deal more difficult to get rid of than the facts. There is a great deal of trouble that we receive and the questions asked that people are unreasonably alarmed. What the people want is a cooking utensil. There is plenty of provisions on the way for the present."
Early to Leave Porcupine.
Subsequently the World Mr. Cochrane deplored the effect of these reports on relatives and friends of those who had been taken to the hospital into alarm. It was much better to comfort the people and inspire confidence than to excite the feelings. The fact that Mr. Cochrane's every person who wanted to come out of Porcupine could come. Two men from the train left Thursday suffering. They have food, tents and clothing against the weather. Every- body from the district of Porcupine, West-end and other affected districts could come out on the railway without expense, but many refused and preferred to remain in camp.
On all sides words of commendation are spoken of the work of the men of the T. & N. O., who have been incredibly firm in their determination to afford relief. Food has been given to Superintendent Black and Chief Engineer Clement for their noble, level-headed work in controlling the situation. It Continued on Page 2, Column 1.

DARING AVIATOR WHO ONCE CARRIED KING OF SIAM AS PASSENGER, DASHED TO THE GROUND—SEVENTY-FIFTH VICTIM OF THE SCIENCE OF AVIATION.

"Bud Mars," Who Once Carried King of Siam as Passenger, Dashed to the Ground—Seventy-Fifth Victim of the Science of Aviation.

ERIE, Pa., July 14.—"Bud" Mars, the well known aviator who was probably fatally injured in this city this afternoon when he crashed several hundred feet to the ground. The heavy biplane dropped on top of him. His injuries are of such a nature, it is said that there is practically no hope for his recovery. The aviator's wife witnessed the accident and to-night her condition is serious, due to shock.

Mars had made one successful flight earlier in the afternoon. He was in the air for the second time when the accident occurred. Several thousand spectators were watching him. He circled the field a number of times at a height of several hundred feet. Suddenly the machine made a dip downward and Mars was seen to jerk at something in an effort to regain control. It was a futile attempt, however, and the instant later the machine struck the ground. The machine was completely wrecked and Mars suffered a fracture of the brain and suffered internal injuries, while he is also bruised from head to foot.

Known for His Daring.
James C. Mars is well known for his daring in the field of aviation. At the age of 15 he learned parachute jumping as a pupil of Capt. Tom Baldwin (U.S.A.), and in 1906, a young man he has been a circus rider, lion-tamer, high diver and balloonist. He took up aeroplaning with Glenn Curtiss a year ago, and on his second practice flight made 25 flights. He left San Francisco last December and came back last month laden with trophies of 250 flights. He has been to Japan, Korea, Siberia, Russia, and on one occasion carried a royal passenger, the King of Siam.

VICTIM OF NARCOTICS

William McCool, Employee of Drug House, in Critical Condition.
William McCool, 25 years, employed by Northrup & Lyman wholesale drug, was removed from his rooming house at 26 Charlotte-street at 9:15 last night in an unconscious condition. He was taken to St. Michael's Hospital, believed to be suffering from narcotic poisoning. He had not arisen at the house on Monday morning and he was found in a stupor. At the hospital last night the doctors were unable to say whether the man had taken poison, but that he was in a critical condition, being still unconscious.

SHIPPING FREIGHT FREE.

The Grand Trunk Railway has issued orders to ship freight free from several points in the District of North Ontario fire sufferers, when addressed to the following: C. H. Lloyd, Cochrane, Ont.; Cyril T. Young, Porcupine, Ont.; Mr. Hough, Matheson, Ont.; J. H. Black, Superintendent T. & N. O. Railway, North Bay.

AN UNUSUAL LOCUST.

Ward's Island, the other day had an unusual visitor in the shape of a species of locust, or properly speaking a cicada, the longest lived of insects. It is said to spend seventeen years in the ground before attaining maturity. The specimen caught is about an inch long and of a rich chocolate color.

Have You Seen Alicia Law?

Has anyone seen this girl? She is Alicia Law, 17 years of age, fair complexion with fair curly hair. She left York Mills Wednesday morning to come to Toronto, and her mother, Mrs. Law of York Mills is anxiously searching for her. Any information regarding her communication to the Toronto police will help to allay a mother's anxiety.

Great Reductions in Men's Hats
This Saturday should mean many men's hats for a new hat simply for the reason that there is now a big clearing sale of hats in the house. Prices start with straw hats at \$1.50, the regular price of which would be \$2 to \$3, and with panamas at \$3.75, which have been selling all summer at \$5. These hats are of a very superior quality. The sale includes the more expensive lines all reduced in price. The store is open until 10 o'clock Saturday night.

ONE ESTIMATE PLACES NUMBER OF DEAD AT 500

Relief Fund in Britain

OTTAWA, July 14.—(Special.)—Following the request from Lord Strathcona yesterday, the state department today cabled the high commissioner a complete summary of the Porcupine fire losses in life and property so far as is now known. It is understood here that Lord Strathcona will start a relief fund in Great Britain. The cable advices sent by the state department stated that relief measures were being taken in Canada.
The North Ontario holocaust was considered at to-day's cabinet council, and it was practically decided to appropriate money for the further relief of the sufferers. Final action will not be taken until the results of the fire are more definitely known.

WOMEN SHOWED GREAT COURAGE

Further Reports From Porcupine Indicate That Fortitude Was General—Widely Varied Estimates of Victims.

The trains from the northern country have now brought from the fire-swept districts nearly one hundred persons. Every train from North Bay has from one to fifteen people whose stories of escape thrill with human interest.
When the truth of the big fire is known the wonderful self-sacrifice and heroism displayed by many of the men who undertook to save the women and children first will be recalled. What shown by the women themselves. Returned sufferers state that the women as a rule were cool and self-collected, and that many of the injured were formed in the course of what they took to be the call of duty and self-sacrifice.
Mrs. "Jack" Kingsville, daughter of Dave Lorch, the well-known Toronto broker, was at South Porcupine, where their residence was located. This of course was completely wiped out. Mrs. Kingsville and her husband had to take to the lake along with the other refugees in order to save their lives.
When all danger had passed, Mrs. Kingsville was urged by her friends to take the train which carried the refugees to the north coast. She steadfastly refused to do, preferring to remain with those who were left behind. Mrs. Kingsville assumed charge of a party of injured, where she distinguished herself by her acts of devotion to the wounded.

A Dome Survivor

O. F. Kennedy, one of the men who were working at the Dome mine when the fire started, told The World a graphic story last night of his miraculous escape and those with whom he was working.
"The whistle blew at 12:55 on Tuesday," said Mr. Kennedy, "and every man went to his work as if nothing was going to happen, and at 1:20 everything was ablaze. There was no warning at all, the tremendous noise being responsible for the rapid speed of the fire."
"Directly we saw the fire approaching, we rushed for a nearby pond, 80 or 90 feet and five feet deep, and stood there up to our armpits. We had to duck now and then to avoid sparks. The wind was direct west, and if it had been blowing in the other direction, no one would have escaped to all the tale."
The directors decided to increase the appropriation for special attractions by \$3000, in order that the festival of Empire and corporation procession as presented may be complete in every detail.
Copies of the crown jewels are to be secured and exhibited free in the women's building.
The Labor Day committee have decided to hold their annual demonstration on the existing grounds, and the directors of the exhibition have decided to make them a grant of \$300.

EARL GREY TO OFFICIATE

At Opening of Exhibition—Big Increase in Concession Sales.
After tea-meeting yesterday afternoon, the board of directors of the Canadian National Exhibition formally concurred that this year's exhibition will be officially opened by Earl Grey on Monday, Aug. 28.
Mr. Kennedy said the stories regarding the loss of life had been greatly exaggerated. Only nine bodies had been recovered at Porcupine. Lakes at 10 o'clock Thursday morning, and there would not be more than 20 or 40 bodies in the lake altogether; certainly not 200 as reported.

Like Sport of Demons.

"It was an awful sight," concluded Mr. Kennedy. "No man could imagine how the scene may have been in the South Africa, but that would be nothing to those who have fought the flames in the Porcupine. No pen can describe the misery and suffering that went on there. It was as if we were in the water, and blinded by the smoke and nearly suffocated, we threw ourselves into the lake. Some were unable to reach the water, but no one could go to their assistance, for they would immediately have been overcome with the flames. It seemed as if the demons of the lower regions were playing havoc with the sons of men."
Thru Smoke and Flame.
John Harrington, an Enkleshaman, who had been working in the West Dome mine for three days, had to fight his way thru the bush in the company of another miner. Smoke and flames were on both sides of them and no sooner had they reached the clear-

SOUTH AFRICAN STATUE ON WAY

The statue which is to be placed on top of the granite shaft on University-avenue to complete the South African memorial, is on its way to Toronto from Providence, R.I. The casting, which represents the best work of the Gorham foundry, is about 15 feet in length. The finishing touches were put on the statue last week and it was ready for shipment.
The World understands there will be a formal unveiling, and the figure will be merely put in position on arrival. Walter Allward, sculptor, expresses himself as highly pleased with the work which has been changed from the original design and is emblematic of universal peace.

Great Loss of Life Reported in Night Hawk Lake District—Prospector Took Refuge in Mud Hole, When Bear Snuggled Up to Him—Faithful Dog Dies at His Post—Babes Wagging For Food That is Not.

TOWN OF SELLWOOD WIPED OUT BY FLAMES

NORTH BAY, July 14.—Refugees are pouring out of the north country and all gave cries of suffering and death along the trails and roads. The estimate of dead now reaches over five hundred, and may be more. One prospector tells a story of seeking refuge in a mud hole, where a black bear snuggled up beside him until the fire passed over. It is hard to say which was most frightened, the man or bear, but both snuggled in the bush after the fire passed and the prospector got out to the steel.
Jack Thurlow, prospector of North Bay, is reported missing. He is a married man.
George Conolly is dead.
At the Big Dome an Italian woman who was about to be confined was in a serious danger, but was cared for and gave birth to the child after the worst was over.

WOMEN SHOWED GREAT COURAGE

Continued on Page 7, Column 3.

TALE OF GREAT FIRE FULL OF THRILLING INCIDENTS

Continued From Page 1.

A few minutes we could see tongues of flames leaping into the air. For a full hour later the clearing on the Vipond was on fire in several places, and we then realized the dangerous position we were in. Hardy had Mr. Davidson called out his men and set the pump to work, when all around where the magazine stood was on fire. Bert, Captain Mackay, Mr. Bowery and I then began to fight as best we could for the protection of the property.

Magazine Caught Fire.
Our first care was prevent the dynamite from being exploded. All the cases were got down the shaft in safety, but just as the last was being lowered, the magazine caught fire, and with it my headgear. I made a dash for the two horses, but they were so terrified they would not budge. I coax and they would not leave. Davidson was useless, and then I heard Davidson shouting. You will be burned if you don't come along. I heard him coughed and I saw him fall. He was swept past. Davidson went back and got them out. They were badly singed and burned about the head, but one has since died, but the other will come out all right. The most pitiful sight in the camp was the two fox terriers, Vipond and Hollinger. They were under the house and could not be induced to come out. The pig, too, got in after them and shared their fate.

"We decided to make a dash for the Hollinger clearing to the west, as we thought that would be comparatively safe. After wetting our clothes as much as we could, we ran for it, except for being temporarily blinded by the acid fumes, reached the Hollinger safely, where we found hundreds of men gathered. The most extraordinary thing of all was that the wood piles burned with a white light just like an arc lamp. This against the gloom and darkness, caused by the dense smoke clouds, had an eerie effect. In the distance burning buildings could be occasionally seen, and the entire clearing in fact was encircled by flames. Every man in the camp was out fighting the fire, and not until the second day had spent its force and to the heading for the McIntyre camp, did the 600 men sit down to supper.

Hit the Trail.
"Everyone was made welcome and well treated by Manager Robbins. After supper we started out on the trail for South Porcupine and reached the Pearl Lake and McIntyre claims about 10 o'clock. To my astonishment the clearing here was secure, but only galled work of Mr. Harris and his staff saved the property. The camp was surrounded by flames. The Aura Lake pondoffice and the bank were burned.

"Mr. Bowery and I walked over the stumpy road, which was on fire in several places, while in others trees had fallen right across the trail. Here and there we came across the dead body of a horse and sometimes a man, but burned so badly that recognition

was impossible. The most surprising feature of all was the rabbits, which ran across our path only a few feet in front of us.

"We reached South Porcupine shortly after midnight. Hundreds of men and women were lying wrapped up in blankets on the ground and the town was still blazing in different places. With a great effort and at some risk we broke thru the fire zone and reached the pier. This was also destroyed, but to our astonishment and delight, a launch happened along, bringing a doctor for the Dome. We had difficulty in boarding, as we had to wade out thru the mud, but we managed it and finally landed in Pottsville at 3 in the morning of Wednesday. It had been badly freewest and on a little spot called Powell's Point hundreds of men and women were sheltered. The World office is still standing intact. The telephone outfit was wiped off the face of the earth at Pottsville. Many people huddled up in blankets, resting in the brush. Very little could be got to eat or drink."

"Mr. Miller left Porcupine on the rear train, which pulled out on Wednesday afternoon about 3 o'clock. He saw several small fires between Porcupine and Kelso, but nothing serious.

The Loss Exaggerated.
Questioned as to the actual loss to the mines, Mr. Miller said: "The loss is highly exaggerated, because now that the railway is in, most of the machinery can be easily duplicated. The Vipond loss will be about \$7000 or \$8000; the West Dome, \$15,000 to \$20,000; North Dome, \$3000. The Hollinger, Bewick-Moring, Jupiter, Pearl Lake, McIntyre and Armstrong and Booth mines remain intact. The Foley and O'Brien mine lost their buildings, which can be duplicated for \$5000 or \$6000. The most severe loss of all was the Dome, which I should estimate at about \$100,000, and Preston East Dome at \$12,000."

"The most extraordinary circumstances about this fire—which probably won't happen again in a hundred years—was the terrific wind. It blew a 60-mile rate, and never have I experienced its like except once or twice in Africa. I don't think the disaster will

THE EMMETT SHOE STORE

Making a Big Final Drive on the Peterman Stock—Saturday to Cap All the Days

Nice assortments yet of those Finest American-Made Oxfords and Boots for men, selling for the least money by dollars and dollars that was ever asked for these "Famous" makes. Chances here that come seldom in any store's history, and opportunities that make buying them a most attractive proposition in money saving—grand styles and great quality.

Three Great Names To pick from, "Hanan," "Nettleton," and "Emmett"

Boots and Oxfords in tan and black; newest styles; military and low heels; Blucher, button, and lace; medium, heavy, and light soles; \$5.00 to \$7.00. **2.95** lines; all in one big lot; going Saturday at...

White Canvas Oxfords Men's white canvas Oxfords and blucher lace boots, all sizes, neatly made and in the latest styles. **1.95** Clearing for...

Prospectors' Boots Waterproofed leathers in tan and black double soles to the heel, high laced, bellows tongue. Regular \$7.00 and \$8.00 values. The balance of the lot to clear at **4.95**

Come and make Saturday a great shoe-buying day for yourself.
123 Yonge Street

TORONTO GAVE FIVE TO PORCUPINE DEATH TOLL

R. J. D'Esteire, Who Lost Life in Mine, Was Popular Collegiate Student.

At least five Toronto people are believed to have lost their lives in the Porcupine disaster, the names of the victims known so far being:

T. R. Geddes, West Toronto.
N. D. Whatumough, 186 Avenue-road.
James Rennie, 211 Farley-avenue.
Andrew Yulle, 317 Walton-avenue.
John D'Esteire, 17 Charles-street E.
Robert John D'Esteire, who was only 20 years of age, lost his life in the timber shaft of the Foster Mine, where he had taken refuge with sixteen others, all of whom perished by suffocation. The young man was a student in the University of Toronto, and a member of the Collegiate Institutes of the city, as he attended Jarvis Collegiate until a few months ago, and was a great favorite among the students of the institution. He had been building high hopes on beginning a course in medicine at Queen's University this fall. His mother, a widow, lives at 17 Charles-street, East Charles-street. The father died several years ago.

At least two science students of Toronto University lost their lives in the great tragedy. Norman Whatumough had completed his freshman year in the mining class. He was 21 years of age. Three brothers and a sister are left.

John Taylor of White Horse, Yukon, who has been attending the School of Science in Victoria, died in New Laskard Hospital yesterday as a result of burns sustained in the fire that swept the West Dome property.

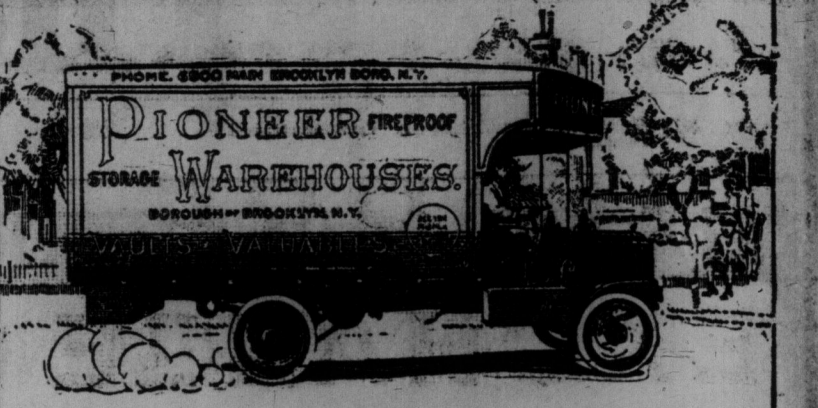

A Porcupine Pioneer, Norman Whatumough, who lost his life in the north country for a number of years. He was 49 years old, and unmarried. A brother, W. B. Geddes, resides in West Toronto.

These Geddes left Toronto about 20 years ago and spent a good many years in the Yukon. They were well known as one of the best guides through that country. Some seven years ago he first found gold in the Porcupine country. He was the first to find gold there and two years ago he took the Bannerman Bros. and got the gold claims they are now working. For a number of years he has been living a retired life up in the north country. Harry Ashlee, who lost his life at Coburn, was an old Toronto boy. He left here in 1906 to take out a settler's grant at Timiskaming.

Four in Dome Mine.
Four Toronto men were at the Dome Mine working for the John Ingalls Co., the party consisting of Monaghan, Connors, Meanly and Cooper. All are safe, but Cooper is badly burned, according to a telegram received yesterday by the Engle Company.

Edward Martin Thornley, an Englishman, was brought to St. Michael's Hospital yesterday in a semi-delirious condition, having been rescued from the Porcupine district in charge of two friends. Thornley is badly burned.

News has reached the city that Mr. J. C. Conroy, a Toronto lawyer, and his son Austin have managed to escape injury, tho' it was only by the heroic efforts of the son, who is but 17 years of age, that the father was saved from drowning.

TO OUT-OF-TORONTO READERS
The World for one month will cost you Twenty-five Cents. Try it. Stamps accepted. Any postmaster or newdealer will take your order. Secure a free copy of the World Cook Book by simply cutting out Twenty-six Certificates from consecutively dated issues. The World has the exclusive right for Canada to publish the Jeff & Mutt comic feature that has set continents laughing.

Send me The Toronto Daily World for one month, for which send Twenty-five Cents to pay for same.
NAME

Ontario Ladies' College
"Trafalgar Castle"
And Ontario Conservatory of Music and Art
WHITBY, ONT.

offers an exceptionally pleasant home life for students under healthful and inspiring surroundings, together with the highest educational facilities. The University Certificate is given in connection with the Literary Department. The other departments of study are equally far in advance in standards and equipment of those found in the ordinary Ladies' College.

Two additions are about to be erected for the coming year, the one a gymnasium, with swimming pool, etc. the other a well-equipped modern hospital, etc. The campus is situated on a high point of land, and the property is "the most complete and perfect of its kind in Canada."

Write to Toronto gives city advantages without the distractions incident to city residence. Set

Your Manhood can be Restored

Strong, vital manly manhood fascinates all who come into contact with it. As true as you are as to what I can do for you, I can restore your condition, one restriction I put, a certain solemn promise from me, namely, you must understand fully agree now at once and forever to discontinue any wasteful, debilitating excess or dissipation that you may be indulging in this respect. I will do all the rest. Remember what I say; no matter what your present condition, no matter what has happened in the past, just forget it and put yourself in my hands, everything will come out as you wish it. I use the most powerful drugs, no lotions, no medicines; I place no foolish restrictions upon you; just lead a natural life. After you enjoy my possibly but cease dissipation; all ways remember that I can then restore your vital energy; I can take you out of the half-mad class and put you in the half-light of full, healthy, contented manly vigor, namely, you must understand fully agree now at once and forever to discontinue any wasteful, debilitating excess or dissipation that you may be indulging in this respect. I will do all the rest. Remember what I say; no matter what your present condition, no matter what has happened in the past, just forget it and put yourself in my hands, everything will come out as you wish it. I use the most powerful drugs, no lotions, no medicines; I place no foolish restrictions upon you; just lead a natural life. After you enjoy my possibly but cease dissipation; all ways remember that I can then restore your vital energy; I can take you out of the half-mad class and put you in the half-light of full, healthy, contented manly vigor, namely, you must understand fully agree now at once and forever to discontinue any wasteful, debilitating excess or dissipation that you may be indulging in this respect. I will do all the rest. Remember what I say; no matter what your present condition, no matter what has happened in the past, just forget it and put yourself in my hands, everything will come out as you wish it. "THE CENTRE OF THE HORSE TRADE."
CORNER SIMCOE AND NELSON STREETS, TORONTO
BURNS & SHEPPARD Proprietors.
ESTABLISHED OVER 50 YEARS

350 HORSES OF ALL CLASSES
AUCTION SALES EVERY TUESDAY AND FRIDAY
UPWARDS OF
BEGINNING EACH DAY AT 11 A.M. PRIVATE SALES EVERY DAY

TUESDAY JULY 18 200 HORSES

Heavy Draughts, General Purpose, Express, Delivery, Farm Chunks, Workers, Wagon Horses, Drivers and Carriage Horses.
All horses sold at THE REPOSITORY under any warranty are returnable any time before 12 o'clock noon of the day following sale, if not fully as represented, when the purchase price will be promptly refunded. Horses sold "at the hammer" are not in any way guaranteed. We have special traps for the hitching and trying of any horses. Out-of-town buyers will find THE REPOSITORY the best place to buy their horses. We look after shipping, etc. for you, and there is no bother.

A SPECIAL FOR TUESDAY

A consignor from Western Ontario is sending in for Tuesday next, the 18th, four good Saddle Horses. These are all young and sound, and well broken to ride or drive. Were bred in Kentucky, and are the right kind.

WANT A SURREY?

A city gentleman who has purchased an auto has consigned to us for sale an almost new Surrey. It is an excellent job, and as handsome as can be.

EVERY TUESDAY AND FRIDAY we have consigned to us a great many vehicles for absolute disposal, and these include all makes and kinds of traps. There's many a bargain to be had in a good Runabout, Delivery Wagon, Sand Wagon, etc., and if you are wise you will see us before purchasing.

FRIDAY JULY 21 150 HORSES

Carriage and Harness Department
We carry a full line of Horse Boots and Horse Clothing, Gilliam Grand Circuit Hoppies, \$11.75 per set, Comfort Hoppies, \$16.00, and many other lines.
We are sole Canadian agents for REDUCINE, the great absorbent and remedy-price \$4.00 per tin, cash with order. Send for illustrated booklet. REDUCINE is the best remedy in the world for Cuts, Sprains, Bug Bites, Bruisings, Wind Galls and such.
We are invited to visit our Carriage Showrooms. We have receipts taken over the Toronto agency and stock for the famous

McLaughlin Carriages
and now have the largest stock of new carriages that you will find any place in Canada. Some of the styles that we handle are Victorias, Broughams, Vanocettes, Runabouts, Stanhopes, Phaetons, Brewster Buggies, T. Cars, Four-Wheeled Dog Carts, Delivery Wagons of all kinds, and Pony Traps of every conceivable type. If you are in need of anything in our line, give us a call and it will be appreciated.

To Run on the Grass.
The popularity of Canadian athletes in New York has long been a matter of comment. Jack Tail, Bobby Kerr, Geo. Souding and others have made Canada hold in the metropolis. George Bonhag, the great New York middle-distance runner, who, expressing his pleasure at the signing of the Canadian team in England, Bonhag was particularly pleased with the victory of Tail in the mile. The two are fast friends, but they have been matched in numerous occasions, and will meet again at the Olympic Light meet of the street railway employees at the stadium on the night of Aug. 2. After running on the ends, when he won the three-mile handicap from scratch at the Eaton games, Bonhag expressed a desire to run on the turf track and a five-furlong course will, therefore, be prepared on the grass.

Firmen Ball Tosters Win.
Firmen won from Parliament Buildings by a one-sided score in the Civil Service League game yesterday at Ketchum Park. Score:
Firmen..... 15
Parliament Buildings..... 3
Batteries—Benson and Leslie; Wheel-
han, Galloway and O'Reilly.

British United A.C.
The British United Football team play Dawson's above on Saturday at 4.30 p.m. on the Eaton A.A. grounds, which can be reached by Bathurst and Dupont are. This game will be the first of the semi-finals for the intermediate championship, and this is the third time that the United have been contenders within the past two years, they having won the cup last year and were runners-up the season before and will be there with determined effort to lift it again this year. The following United players are requested to be on hand: Minett, Brock, Taylor, Stewart, Welsh, Foster, Struch, Fairbridge, Ivie, Campbellton, Warboys, Ritchie, Herbert, Hanna and Brambill.

Lacrosse To-day At the Island Starting at 3.30

The game this afternoon at the Island between the Tecumsehs and Montreals will be called at 2.30, with Messrs. Peter Murphy and Jim Kavanaugh of the Shamrocks, referee and judge of play respectively. "We have a lot of play," said Manager Querrie last night, "and if we don't it will be a sore blow to me financially and otherwise. I don't think that Montreal is anything on us, in any respect, there is little doubt but they have a very shifty home, one that needs a lot of watching." A record crowd is expected to cross the bay to see what should be the most spectacular contest of the season. Made well surely for Montreal, while Kinsman is a certainty between the posts for the Indians. Before the match begins the Toronto Rowing Club and Eatons will play a Senior C.L.A. fixture, starting at 1.30. The teams: Tecumsehs: Goal, Kinsman; Point, Green; cover, Yeoman; first defence, Graydon; second defence, McKenzie; third defence, Rowntree; centre, Fisher; home, Querrie; Murray, Durkin; outside, McGregor; inside, McDonough.
Montreal: Goal, Brennan; Point, Thompson; cover, Finlayson; first defence, Neville; second defence, McKenzie; third defence, Aspell; centre, O'Keane; home, Scott; Dade, H. Scott; outside, Roberts; inside, Hogan.

Junction Shamrock Juniors are requested to turn out to practice at Lamiton Park on Monday night, July 17, in preparation for their game with St. Helens on July 22, at a preliminary to the Shamrock-St. Catharines game. This game will be for a silver cup and as Shamrocks are a good fast game should be a rival. A few players of the Shamrocks are requested to call for Lambton on Monday night: Tommy Crawford, McQuarrie Bros., Unno, Winnepury, Topping, Smith, Carmichael, Taylor, Currie, Greenhields, Walker and Washburne.

The Cornwall team that will play against the Cape in Ottawa to-day will not be out of Ottawa. The following men: Hesse, Cameron, White, Ed. Cummins, Francis Cummins, Fred Desgan, Charles Deagan, Donny Smith, J. Donohue, R. Deagan, Mark Cummins, Cyril Denenny, P. Ransom and Degray.

From what President Liebenstein of the Wanderer Hockey Club said upon his return to Montreal from Ottawa yesterday it seems that his idea is to replace Riley by Terry Lesueur. Lesueur, he says, told him he was tired of Ottawa and wanted to get away. That he would like to play with the Wanderers, and that if Ottawa would let him his release he would go to the coast. It is said that Sam Hoggan, Frank Hogan, Ken had a conference and an agreement will probably be reached.

It is officially announced that there may be a change in the Montreal line-up for today, and that Aspell may be put in centre and Kane in his place. This is the only change possible. The team left by C.P.R. last night. They have a special car so that their travel will be interfered with by other passengers.

Estons and Toronto Rowing Club play a Senior C.L.A. game at the island to-day, starting at 3.30.

The game between Ottawa and the Junction Shamrocks has been called off, Ottawa being unable to make the trip.

CRICKET NOTES.
The following will represent the Robert Simpson Cricket Club against Garretts in the Church and Moravia League at 8.30 on Sunday. The team: J. F. Mackie, J. W. McKee, G. Morrill, H. McKee, J. Saxton, F. Tossell, J. T. Upton, umpire: J. Macroy, scorer.
Parkdale team to meet Eatons on Exhibition lawn at 2.30 will be as follows: Whitaker (captain), Dr. Bennett, Bovell, Bulton, Bottomley, Calway, Maroney, Munro, Powers, Theford, Walcott, reserves: D. Bennett, Ward, Winter, Chan-
The following players will represent St. Barnabas to-day in their match against St. George's, Hamilton. All players are requested to catch 11 o'clock boat: C. Kelly, W. H. Murray, H. Clegg, L. Sampson, N. Arney, A. Martin, R. C. Maxwell, H. Jones, W. H. Ferguson, A. G. Greenwood.

Dovercourt C.C. play a friendly game with St. David's at Leslie Grove (Jones avenue) and King East this afternoon, when the following eleven players are requested to catch 11 o'clock boat: G. A. Gray, A. Hammond, R. W. Frow, E. Watson (captain), J. W. Lamont, G. Jones, A. T. Henderson, W. C. Smith, H. Kent, J. H. Gould, C. Lowe, reserves: W. A. Tooke, F. Elphick.
The Garrett Cricket Club will represent Simpson's C.C. in a C. and M. League game this afternoon at St. Andrew's College at 2.30. The following will represent the Garretts: T. Barford, W. Bodger, T. Brown, J. Bitchner, C. Tunbridge, J. Tunbridge, Brookbank, S. Hines, S. Weston, J. Marsh, W. Hunt; reserves: A. Bel-
grace, H. Norman.

Revised List of Players in the N.L.U. Clubs

All N. L. U. clubs must reduce their number of players to twenty-five, and the revised list must be in the hands of the president of the union by July 15. Below will be found a list of the players signed by each club for 1911. Hector Dupras' name appears in the Ottawa list, but as yet all the clubs have not consented to the transfer, which must take place by noon to-day, otherwise Dupras cannot play with Ottawa.
Toronto—H. Holmes, W. Braden, L. Dandeno, R. G. Carter, W. (Skip) Wright, Frank Tierney, Hugh Lambie, James Byrne, N. Harshaw, F. Stagg, W. Fitzgerald, F. Morrison, W. West, W. C. Cameron, W. Lavellie, Geo. Farley, E. Longfellow, E. Powers, A. Warwick, P. Barnett, G. Kipley, E. Murray, G. (Dad) Stewart, V. Kipley, E. Irwin.
Tecumseh—Roy Kinsman, J. Rowland, W. Yeaman, J. Durkin, F. Jones, R. Gilbert, Neil Felker, A. Taylor, J. Collins, Bert Green, Fred Lillie, Jack McKenzie, E. McGregor, H. Pickering, G. W. Wilton, Harry Mutton, Joe Green, Bud McLean, H. Campbell, Fred Graydon, Leonard McDougall, Fred Rowntree, Ollie Robinson, John Hitts, Charles Querrie.
Ottawa—W. Fagan, J. Shea, G. Roberts, A. Curry, J. Gorman, R. Pritchard, L. Foley, Hector Dupras, S. Sarrazin, J. Ashfield, H. Lavellie, M. Goodwin, A. Seed, Ted Groux, A. McIntyre, E. Fring, E. Taylor, T. Gorman, E. Butterworth, J. Eastwood, Leo Beauchamp, R. Seed.
Shamrock—J. Barry, M. McIntyre, J. Clingen, A. Dillon, E. Munroe, F. Macdonald, J. Walsh, Shaun O'Reilly, C. George, W. John, S. Richmond, M. Quinn, Ed. Butler, P. Lynch, J. Malone, J. McIlwaine, J. Powers, H. Hyland, J. Muir, D. Munday, J. McCarthy, M. Cooligan, J. Hogan, J. Kavanaugh.
Shamrock—J. Barry, M. McIntyre, J. Clingen, A. Dillon, E. Munroe, F. Macdonald, J. Walsh, Shaun O'Reilly, C. George, W. John, S. Richmond, M. Quinn, Ed. Butler, P. Lynch, J. Malone, J. McIlwaine, J. Powers, H. Hyland, J. Muir, D. Munday, J. McCarthy, M. Cooligan, J. Hogan, J. Kavanaugh.

Geo. Roberts, Jim Layden, Jack Layden, C. Milroy, R. Finlayson, A. Dade, A. Linton, R. Anderson, Robinson, M. Layden, Janet, W. Anderson, J. O'Brien, O. Secours, E. Gaudin, H. Desautel, Didier Pire, Lambert Brian, E. Dufresne, J. Cattalich, E. Clement, E. Lachapelle, E. C. Lalonde, Omer Dupras, Jack Laviolette, E. Boullan, A. Cadotte, A. Gagnon, A. Duchesne, J. Lamoureux, Charles Angers, Dube, A. Sauve.

DOMINION (INDIA PALE) ALE

Quenches the Summer Thirst

Pasteurized and put up in crown stoppered bottles. Try it!
Brewed and Bottled Exclusively by Dominion Brewery Co., Limited Toronto

O'Keefe's SPECIAL EXTRA MILD STOUT
It is a special brew—light, mild and will not make you bilious—yet has the rich, creamy flavor of the finest imported brands.
Brewed especially for those who find ordinary Stout too heavy to be enjoyable.
It's always O.K. if it's O'KEEFE'S.
At Hotels, Cafes and Dealers generally.
THE O'KEEFE BREWERY CO., LIMITED, TORONTO.

AUTO FOR MOTOR BOAT
Will exchange 4-cylinder Auto in running condition for Motor Boat. Boat must be fast and not under 18 feet. Box 7, World. ed7

Soccer To-day.
The postponed game, Devonians v. Moore Park, will be played on the Wychwood F.C. grounds, kick-off at 8.30. All Devon C. players and supporters are requested to meet at Bathurst and Dupont at 2.45. A good game is assured, as both teams are out to win, and the championship of the section depends upon it.

Union Horse Exchange
Union Stock Yards
TORONTO, ONT.

Subscribers are requested to advise promptly of any irregularity or delay in delivery of the World.

SATURDAY MORNING, JULY 15, 1911

A STATE-OWNED TELEGRAPH AND TELEPHONE SERVICE.

The fires that destroyed Porcupine and Cochrane destroyed the local telephone systems. The telephone wires owned by the Timiskaming and Northern Ontario Railway Commission have been severely taxed to handle the extraordinary business that resulted from the fires.

It is not time for the government to go another step forward and take over the whole telephone business of the Timiskaming and Northern Ontario towns in connection with the telegraph business? And shouldn't they also build their own line from North Bay to Toronto?

HEROES OF NEW ONTARIO.

One thing that stands out clearly in all accounts of the Porcupine and Cochrane fires is the coolness, the presence of mind, the bravery of the men of the dominant race. They were even able by their courage to keep in order the panic-stricken "foreigners," and women and children received the first attention on every occasion.

Nor has there been any lamentation or complaint. These men knew all the chances of frontier life, and they were willing to balance the risks against the gains. Death is a much more horrible thing to those who sit at home at ease and do not know what life in action means, than to those who are face to face with great nature by day and by night. There has been no complaint from the women. They went into the fire with their dearest. They will be mothers of a great nation.

In all the horrors of the tragedy, it is a splendid thing to find that our men and women are the kind that we should act as well as they in similar circumstances. The ruin and desolation is nothing beside the manhood and the unconquerable hearts.

NO NEED TO DELAY ANNEXATION

The Evening Telegram has waked up and discovered that there may be an argument for the annexation of North Toronto in the franchise situation. It would postpone the annexation, however, until after a report had been made upon the subject by the corporation counsel. For once the Telegram feels unable to trust its own judgment.

Any arguments that have been advanced for the annexation of North Toronto at the present time have been subsidiary to the essential and effective one—the freedom of the city in dealing with many valuable franchises depends upon the annexation of North Toronto. "Five of the six daily papers," to use a favorite phrase of the Telegram, have been aware of the fact upon which the Telegram now wants a report. The new roads parallel with Yonge-street and their franchises for railway tracks, the franchises on Eglinton-avenue and elsewhere, the electric light and power franchises, and the certain custom of North Toronto for the city hydro-electric commission all depend upon this annexation.

The only object in getting a report is to cause delay, and there is no need for delay. Mayor Geary should promptly repudiate any responsibility for the Telegram's suggestion, or he will be credited, as the only new element in the situation for weeks past, with having introduced the obstructive proposal.

MAGNITUDE OF THE CALAMITY.

The minister of lands, forests and mines very properly deprecates any sentimentalism in connection with the catastrophe in the north. The facts as officially reported do not seem to him to warrant any exaggeration of the death-roll beyond the list of dead actually published. There is always exaggeration in the first accounts of such calamities, and in such a case as the present the difficulty of obtaining information, the vast area involved, and the fact that so many of the lonely pioneers who cover the trackless wilds of the north are almost utter strangers, leaves room for much conjectural statement.

But even at the best the loss of life and the destruction of property has been very great. Many settlers and traders have lost all they possessed. The need for help in such cases is urgent. There are hundreds of people depending for food on the assistance of the community. The government should act generously in the circumstances. A gift of \$50,000 to the sufferers would be none too much. It must not be forgotten, however, that

BRITISH STANDARDS IN CRIMINAL PROCEDURE.

With what jealous care British courts regard the conduct of criminal cases is again exemplified by the suspension for one year of Mr. Arthur Newton, who acted as solicitor for the notorious Dr. Crippen, until the appeal taken against his conviction for the murder of his wife. The money required for the conduct of his defence was contributed by certain London newspapers, one of which, John Bull, contributed a sum of \$1000. While Crippen was lying under sentence of death John Bull published an open letter to Crippen, suggesting that it was in his power to throw further light on the mystery of the murder, and appealing to him to break silence. No reply was received from the condemned man, and the editor made an arrangement with Newton to do his best to obtain a reply at his final visit after refusal of a reprieve.

Mr. Newton later dictated a message from Crippen, in reply, and it appeared in the issue of John Bull on Nov. 26, 1910. Complaint was afterwards made that Mr. Newton had abused his privilege and an enquiry was ordered by the Law Society. The committee reported against him and the society then took the action which has resulted in his suspension. The court took a grave view of Mr. Newton's conduct, holding it to be absolutely inconsistent with the public advantage and also that the newspapers connected with the affair equally deserved punishment. There could not be a sharper contrast between British and United States methods than is provided by this incident. Little doubt exists as to which country offers the better example, and indeed the whole method of conducting criminal trials in the United States has nowhere received sharper criticism than in that country itself. Sweeping reforms are being urgently demanded. Canadians should be exceedingly chary of relaxing any of the rules founded on British precedent, which have hitherto guided the administration of criminal law.

Northern Ontario Fire Relief Fund.

- Mr. Alexander Laird, treasurer, acknowledges receipt of the following subscriptions to the Northern Ontario Fire Relief Fund. Amount previously acknowledged \$19,024.50. City of Guelph \$500.00. AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-tives Cured Me," Says Mrs. Baxter. "I was a helpless cripple from Rheumatism for nearly a year. All down the right side the pain was dreadful and I could not move for the agony. I was treated by two physicians without help. 'I saw 'Fruit-a-tives' advertised in 'The Telegram' and decided to try them. After I had taken one box, I was much better. 'When I had taken three boxes, I could use my arm and the pain was almost gone. 'After taking five boxes, I was entirely well again. The cure of my case by 'Fruit-a-tives' was indeed splendid because all the doctors failed to even relieve me. 'Fruit-a-tives' cured me." MRS. LIZZIE BAXTER. 4 Home Place, Toronto, Dec. 15, '08.

In hundreds of other cases, "Fruit-a-tives" has given exactly the same satisfactory results because "Fruit-a-tives" is the greatest blood purifying medicine in the world. "Fruit-a-tives" the famous fruit medicine, regulates kidneys, liver, bowels and skin, and prevents the accumulation of uric acid, which is the prime cause of Rheumatism. "Fruit-a-tives" will positively cure every case of Rheumatism, when taken according to directions. See a box for \$2.50, or trial size, 50c. At all dealers or from Fruit-a-tives Limited, Ottawa.

- A. E. Oiler & Company 250.00. Two friends in West Toronto 5.00. Mrs. W. H. Thornton, Sunbridge, Ont. 3.60. The Firstbrook Box Co. 250.00. D. Waters 50.00. City of Owen Sound 200.00. R. B. Andrew 3.00. A Sympathizer 3.00. A. W. Anglin 23.50. J. M. B. 10.00. Dr. J. Hunter 50.00. Sturgeon Lake Dev. Co. 50.00. Dr. J. O. Orr 25.00. J. A. Jackson 10.00. Schmais, Berlin, to the effect that the Town of Berlin has voted \$200 for the relief fund.

CHLORINE TREATMENT OF DRINKING WATER.

Editor World: The chlorine treatment for the purification of drinking water will necessarily require consideration from the two principal standpoint: physical and chemical. The physical aspect of the problem is the one that first attracts attention. It is the appearance, the taste, and suitability to the common use. The second takes account of the constituents present or absent added or removed, and which improve or degrade the water. To commence with, we will discuss the physical aspect or condition, and the national importance of the experimental work being done by the corporation of the City of Toronto, is well recognized, we may survey the subject direct from the case of the water supply of Toronto. In this case the water is being treated with chlorinated lime, and the inevitable by-product is the addition of calcium to the water. The physical condition of this water has one feature after the addition of the chlorinated lime, which is a particularly serious one, that is, that of a degraded taste; the other two conditions before mentioned, those of color and adaptability, are also to be taken into account. The color not being changed, relieves this item from account. The adaptability is open to serious consideration which will become more apparent when we discuss the second standpoint of chemical condition.

Reterring to the taste of the water, it will be at once allowed that the taste of the water supplied to a community for its use, must be maintainable as fine as is possible under nature's unalterable conditions, not nature's alterable conditions; these it is man's work to be ever dealing with. The taste of the water treated with chlorinated lime, becomes a very important question when we find in the case under observation, that the taste has become pronounced and disagreeable, and because of this feature, a menace to the people whom it is provided for, because they will refrain from drinking it as freely as they ought.

We immediately ask what causes the taste and is it preventable, and find that the objectionable taste is caused by the presence of chloride of calcium and traces of chloride of magnesium, the first mentioned being mainly responsible for the taste, being present in the greater quantity. This chloride of calcium originates in the chlorinated lime; when this substance is put into water in small proportions, it soon resolves into stable salts, which is inevitable with substances which react with the water. The taste referred to is characteristic of calcium salts. The assertion is correct that the taste of Toronto water is due to calcium can be easily demonstrated. The reason that the taste is so disagreeable is that the saliva of the human mouth is very active and quickly reacts with metallic or mineral matter; we taste because the saliva dissolves matter taken into the mouth and some substances in this reaction are precipitated on and slightly into the mucous membrane, and the taste remains in the mouth. This occurs with the chloride of calcium in the water we are discussing. The next question is how necessary is it to have this chloride of calcium precipitated while using chlorinated lime, and we then must consider the use of other material as a source of chlorine. It may be at this point be suggested as to the merits of chlorine as a purifier of potable water. As a substance having the best adaptability for this purpose, chlorine is used; it has three features which conform to such, cheapness and ease of obtaining, ease of use, and conformity to laws of hygiene. This last is the one feature which is open to discussion and question. The chlorine time is used as the source of chlorine, but chlorine itself is not challenged, this remains the best substance to be used for the purpose because chlorine has a very strong affinity for alkaline bases such as these.

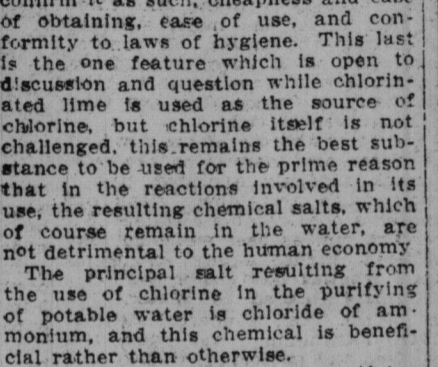

In the present case the main factor in the water, and the one which is organic contamination with its consequent dangers, due to the generation of septic organisms. We can arrive quickly at the point where we identify the action of the chlorine in destroying this contaminating factor, and thereby purifying the water, when we take into account the presence of such a compound as carbonate, if the water was magnesium chloride; if the water was magnesium chloride, there would be magnesium chloride, just because chlorine has a very strong affinity for alkaline bases such as these.

The affinity of chlorine for ammonium salts, when combined with iron, are well known and it is this affinity which is the element of activity which gives chlorine its value as a purifier. Organisms dangerous to the human constitution will have their constituent elements broken up by the action of chlorine. Its selective affinity for the ammonium group will wrench, as it were, this group from their constitution. This astringent quality provides a character that they find their ultimate form in the ammonium group, they have this group in their constitution, or in their break-up, or transformation, or reproduction, or dissolution, this group occurs. The affinity of chlorine for ammonium salts, when combined with iron, are well known and it is this affinity which is the element of activity which gives chlorine its value as a purifier. Organisms dangerous to the human constitution will have their constituent elements broken up by the action of chlorine. Its selective affinity for the ammonium group will wrench, as it were, this group from their constitution. Cuticura Soap and Ointment Entirely Cured Him of Itch

"I just want to say a good word for Cuticura Soap and Ointment. Four or five years ago I was in Port Arthur, and I had an attack of the itch. It certainly was an intolerable nuisance. The itching was principally at nights before I went to bed. The things were especially affected."

"I went to two doctors about it, and tried more than one remedy. I was beginning to think the complaint was incurable, when I was telling my trouble to a barber, and he said that he would guarantee to cure me. He told me to take a hot bath, use Cuticura Soap, and then apply Cuticura Ointment. I took his advice, and sure enough, the itch vanished. I had probably been troubled with the itch for two or three months before I tried Cuticura Soap and Ointment, and they completely cured me of that intolerable nuisance. After one warm bath with Cuticura Soap and use of the Cuticura Ointment I was never troubled with the itching again. Anything in this testimonial I would be prepared to swear to in a court of law." (Signed) J. E. Hooper, 263 Parliament Street, Toronto, Jan. 10, 1911.

"The Cuticura Remedies certainly did work finely, and I am thankful that there is such a remedy, and that I tried it. About three months ago a terrible itching commenced on my body. I could not understand it. It gradually grew worse and covered a large portion of my body. There was also a slight eruption of the skin, sort of a rash. I suffered greatly with the itching and at night time I had little sleep. I tried one or two remedies which did no good, and then I tried Cuticura Soap, Ointment and Resolvent. In about ten days I was completely cured." (Signed) T. Williams, 115 Pacific Ave., Winnipeg, Jan. 14, 1911.

You Can Try Cuticura Soap and Ointment Without Cost

For more than a generation, Cuticura Soap and Cuticura Ointment have afforded the speediest, surest and most economical treatment for torturing, disgusting skin and scalp eruptions, from infancy to age. Cuticura Soap and Ointment are sold by druggists and dealers everywhere, but in order that skin-sufferers may prove their efficacy without cost, the Potter Drug & Chem. Corp., Dept. 38, Boston, U. S. A., will send post-free to any address, a liberal sample of each, with a 32-page book on skin health. Write for a set-to-day, even though you have suffered long and hopelessly and have lost faith in everything, for, as Mr. Hooper's letter shows, even the first use of Cuticura Soap and Ointment may be sufficient to give instant relief when all else has failed.

York County and Suburbs

SAY LEMONVILLE WATER WON'T GO FOR N. TORONTO

Stouffville Runs Nearly Dry on a Portion of Flow—Big Grist of County News.

Appropos of the suggested action of the North Toronto town council to secure an additional supply of water from the Lemonville Springs in Whitechurch it is said in Stouffville and the town to the south, that it is utterly folly to think of adopting any such course. In the first place it is charged that the present-time Stouffville itself is shy of water and lawn sprinkling has been stopped, the town is supplied from the best spring, and six bored wells, in the so-called artesian district. There are other springs of course, but they are relatively of small volume. It is claimed that the supply comes from the ridges and is not artesian in its character. Again it is said that the existing industries all along the streams presumably fed by springs are very low, and grinding and sawmill work is only carried on at stated intervals. In addition to all this the fact remains that the same interests which bitterly opposed the diversion of the water thru Whitechurch, Markham and Scarborough, will rally again should any attempt be made to interfere with what are rightly or wrongly considered vested rights. The Village of Richmond Hill claims to possess the right to go for agreed in that direction and Mayor Brown and Engineer James of North Toronto are enthusiastic, but if the supply is not adequate for present conditions it does not look bright for these municipalities. Up thru the ridges and south of Lake Simcoe is regarded as the logical solution.

NEWMARKET. Local Firm Gets Big Contract From Ottawa.

NEWMARKET, July 14.—(Special)—The Office Specialty Company has been awarded the contract to supply the census bureau at Ottawa with eight and a half million cards for tabulating the census of 1911. This is a pretty big order, and the better to assist in the rapid execution of the work two new printing presses and other machinery are being installed to assist the four presses already on hand. Whatever political significance may be attached thereto in the way of an early election it is gratifying to know that a local firm has been awarded the contract. It means the distribution of a lot of money in the town and reflects creditably upon the Office Specialty. Herb, Lemox's picnic at Jackson's point on the 20th inst. is bound to be one of the biggest events ever held in the north.

A MIGHTY CARELESS DRIVER. North York Man and Family Had Close Call.

An accident happened a day or two ago on Yonge-street in which Abram Stocks, his wife and daughter narrowly escaped with their lives. Mr. Stocks was driving up the street north of Richmond Hill when an automobile, approaching rapidly from the south, ran into his carriage, smashing it into splinters and throwing all the occupants out on the hard road. By a miracle all escaped very serious injury. The auto, which contained two or three passengers, was apparently uninjured and drawing rapidly off to one side and without inquiring as to the damage done to the members of the family could get the number of the machine. Mr. Stocks was on the proper side of the road and driving near the curb when the accident took place. It is things like this that is going to precipitate a lot of trouble some of these days, and make it unpleasant for the reasonable and respectable auto drivers.

YOUR RIGHTS ON THE ROAD. York County Farmers Ought to Make Note of This.

The law regarding automobiles on the public highway states that "everyone in charge of an automobile must take every reasonable precaution to prevent the frightening of any horses, and shall not approach any horse nearer than one hundred yards, as a greater speed than seven miles per hour and if signal is given by raising the hand, must stop the automobile every club member being on hand ready to compete then.

BRADFORD. Newsy Notes From Away Up Near The Lake.

BRADFORD, July 14.—(Special)—Out of 79 candidates at the recent entrance examinations in South Simcoe only 97 were successful. The Bradford, Coulson's Hill, and Bond Head Orangemen, who went to

Hot-Weather Happiness

comes from good digestion and enough outdoor exercise to keep the liver active and the pores of the skin open for the elimination of the toxins that have accumulated in the body. Keep the stomach sweet and clean and the bowels healthy and active by eating

SHREDDED WHEAT

made of the whole wheat steam-cooked, shredded and baked in the cleanest, finest food factory in the world.

Here is a Summer suggestion that is full of Health and Happiness with freedom from kitchen worry and work: Place two Shredded Wheat Biscuits in a deep plate; cover them with berries or any other fresh fruit; pour over them milk, adding a little cream and sugar to suit the taste. Delicious, nourishing and wholesome for the Summer days when the stomach is tired of heavy meats and soggy pastries.

TRISCUIT is the Shredded Wheat wafer—a crisp and tasty "snack"—the maximum of nutriment in smallest bulk. Take it with you to the Summer camp, bungalow or cottage—it is eaten with butter, soft cheese, caviar or marmalades.

MAKE YOUR "MEAT" SHREDDED WHEAT

STORING UP ENERGY

There is more nourishment and sustaining power in **EPPS'S COCOA** than in any other beverage. Epps's Cocoa is a perfect store-house of vitality, restoring and maintaining strength and energy. Fragrant, delicious and warming. Epps's contains the maximum of nourishment in Cocoa. Children thrive on "EPPS'S."

Diseases of eye, ear, nose, throat and lungs. Fitting glasses and all acute and chronic diseases. Office Hours, 12 to 3 and 7 to 9.

GOOSE WHEAT COMPETITION. Mr. Milne Tells Why the Regular Order of Things Was Changed.

The World has been asked by York County farmers the reason for the withdrawal by the Markham Agricultural Society of the customary prizes in the "goose wheat" competition, and it has been suggested that it was because certain prominent Scarborough farmers were unsuccessful in landing the prizes last year. The money is said to be available as heretofore, if the association had only applied for it. Archie Milne, the secretary of the Markham Fair, was asked on Wednesday the reason for the change, and he frankly stated that the entries were not sufficient to make the competition worth the labor and expense attendant. On one or two occasions Mr. Milne himself contributed a substantial sum to make the contest more interesting, but did not feel disposed to further assume the onus. Another reason, Mr. Milne stated, was the fact that on some of the farms owned by good careful farmers, but on which, unfortunately, odd heads of foul weeds had inadvertently found their way, the report of the inspector naturally dilated on the fact, and the farmers thereby obtained a prominence which the general good culture given did not warrant. The prizes, too, were small when not supplemented by private grants.

NORTH TORONTO. Board of Works Favor Flat Rate for Work Done on Private Drains.

NORTH TORONTO, July 14.—(Special)—Engineer James' estimate of the cost of making the sewer connections between the main and the house line, as submitted to the board of works last night, was approximately as follows: For the first foot in depth, \$12.54; six feet, \$12.58; seven feet, \$13.50, and in the same proportion for greater depths up to 20 feet, which would entail a cost of \$52. An alternative course would be to adopt a flat rate of \$20. The latter plan seemed to meet with the favor of the board, but the matter will be still further considered at the next meeting of council. A great deal of uneasiness has long been felt by some interested property owners as to the disposal of the effluent in connection with the sewerage works, and Joseph Kilgour last night in a communication voiced the anxiety felt in a communication to council amid the pollution of a stream on his property. Engineer James is emphatic in his statement that no pollution of any stream will follow, and no apprehension need be felt along this score. Charlie Murphy, the well-known councillor and hardware merchant, has plans prepared for the erection of a handsome "house" at the corner of Glenwood-avenue and Yonge-street, the site of his present building. The proposed new structure would be brick-clad, two and a half stories high, with

WHEN PRESERVING

HEAD NOISES

How to Cure Buzzing, Ringing Sounds in the Ears

Do you have buzzing, ringing noises in your ears? Are there crackling, hissing, roaring sounds in your ears? If you suffer from head and ear noises of any sort, then you have Catarrh of the ear passages and your Eustachian Tubes—the passages from the throat to the ears—are closing up. You may have no discharge from the nose and throat—you may not even realize you have Catarrh in any form—but the delicate inner parts of the ear are steadily being destroyed. Those terribly irritating, uncomfortable noises show how dangerous the trouble is becoming. As they grow worse they often worry people into nervous prostration and insanity.

There's one thing certain—head and ear noises are always the forerunners of loss of hearing. Neglect the trouble in your ear passages and Deafness is the sure result.

Get rid of your head and ear noises now and forever! Don't suffer with them any longer. **HEAD NOISES CAN BE CURED ABSOLUTELY AND PERMANENTLY.** Once you drive away your head and ear noises, then the ear passages will open up and your hearing become clear and distinct. Cure yourself NOW of this disagreeable, dangerous trouble before your health, your happiness and your hearing are entirely destroyed!

Write to-day to Deafness Specialist Sproule (Graduate in Medicine and Surgery, Dublin University, Ireland, formerly Surgeon British Royal Mail Naval Service), the famous authority on head noises, and learn how to cure them. He will gladly give you

MEDICAL ADVICE FREE

on this trouble. It's just the help you need. He makes this offer honestly and sincerely, because he believes it a physician's duty to give generously of his knowledge and sympathy to all who need it. He'll tell you, without any charge whatever, how to get rid of the noises and have clear, distinct, perfect hearing. He'll study your case carefully and send you, free of cost, valuable counsel and information.

If you want to know how to be cured of your head and ear noises, all you need to do is fill in the questions, yes or no; write your name and address plainly on the dotted lines; cut out the Free Medical Advice Coupon and mail it at once to

Deafness Specialist Sproule
214 TRADE BUILDING, BOSTON.

Don't lose this great opportunity of receiving a famous specialist's advice free. Write to him NOW—TO-DAY!

CUT OUT THIS COUPON
It entitles you to medical advice free on curing head noises. Do your ears throb? Do your ears crack? Do your ears feel full? Is your hearing falling? Do you have pain in the ears? How long have you had the noises? Is the sound sometimes a hissing one? Is the sound sometimes a ringing one? Have you had discharges from the ears? Are the noises worse when you have a cold? Do the noises ever keep you awake at night? Is there a snapping sound in the ears when you blow your nose? NAME _____ ADDRESS _____

AT HANLAN'S TO-DAY

Music by the Queen's Own Band—Other Free Attractions.

Those who are looking for a real afternoon or evening's outing will no doubt cross the bay to Hanlan's Point to-day. Splendid programs have been arranged by the Queen's Own Band, and in addition there are a number of free attractions. The bicycle girls will give their wonderful exhibitions of fast riding. There are four of these racers. The performance has received a great deal of attention from the public. The three comedy acrobats create a heap of fun, but the most amusement, especially for the children, is the comedy of Mr. John Slater and Judy show, which is given every hour. On Sunday afternoon and evening the band of the 4th Highlanders under the direction of Mr. John Slater will give very selected programs, including the celebrated solo number, "Gimes," "The Church Parade," with vocal choir, as well as the famous arrangement of reminiscences of Wagner; piccolo solo, "The Comet," and the beautiful setting of "The Monastery Bell," by Weber, together with the grand patriotic fantasia, "Episodes in a Soldier's Life."

FOUND BODIES IN THE NIAGARA

NIAGARA FALLS, Ont., July 14.—(Special)—The body of an unidentified man was taken from the river below the falls by the Maid of the Mist at 8 o'clock to-night. The body, which had apparently been in the water for some time, was that of a young man with red hair, partially clothed in brown trousers, light brown underwear and low black shoes. Nothing that would aid in identification was found on the body.

The body of eight-year-old Daniel Hill was disappeared from his North Tonawanda home Tuesday, was found in the river above the falls late this afternoon. It was recovered by power house workmen.

PEACE CELEBRATION

NIAGARA FALLS, Ont., July 14.—(Special)—George Nye to-day received a letter from Chairman John Stewart of the New York executive committee arranging for the hundred years' peace celebration on the Niagara frontier in 1915, asking him to name prominent citizens of the twin cities and of Hamilton, St. Catharines and Toronto to meet the committee here within two weeks to discuss the creation of a memorial international bridge over the Niagara River.

Arranging for Field Day

NIAGARA FALLS, Ont., July 14.—(Special)—At a meeting of city officials to-night, arrangements were made for a field day on Aug. 9 in connection with the grand lodge convention here on Aug. 17.

INSPECTOR ARCHIBALD SAYS HE WAS MISQUOTED

His Statement Was That Only 32 Women Were Trying to Conduct Disorderly Houses.

"What I intended to say in speaking before the police chiefs at Ottawa and what I believe that I said," said Chief Inspector Archibald to The World yesterday, "is that from carefully compiled reports of inspectors of the ten police divisions of Toronto, there are no tolerated houses of ill-fame in the city and there are just 32 women attempting to run such houses.

"These reports will show," continued Inspector Archibald, "that in most of these houses there is the keeper and two inmates. Sometimes there is but one inmate; never more than the two.

"As to tolerated houses, what I mean is that as soon as the police have evidence against any house which, in their estimation, will be sufficient to secure a conviction before the police magistrate, that house is raided forthwith and the keeper and inmates, together with any frequenters there found, are brought into court.

"As to the number of women, street walkers and others, engaging in prostitution, either as a sole or partial means of making a livelihood, I have no evidence which would warrant my making even an approximate estimate of their numbers in the city."

"The Great Divide" At the Princess

Miss Adelaide Keim at the Princess last night was called upon for a speech and in thanking the audience for their great appreciation said that during the six weeks of their engagement, which terminates with the two performances to-day, they had been so well treated by the Toronto public that they hoped to come back in the near future and stay for a longer time. Should this really be so it would be welcome news for theatre-going citizens. Very few visiting companies present such thoroughly satisfactory interpretations. Last night, "The Great Divide," Henry Miller's drama, was put on and will be repeated to-day. The result was perhaps the greatest success for the two leading characters, and Miss Kathryn Keys had also a part better adapted for her bright manner than any other during the engagement. Miss Keim has shown a truly remarkable versatility in the ability with which she has taken the various characters in "The Lion and the Mouse," "When We Were Twenty-One," "Camille" and other plays. "The Great Divide" is a drama of a sensational nature. The sensation in fact is confined to the first act, and is sufficiently vivid and natural. But there is a big psychological problem involved also, and the new theology finds expression in the heart-language of the western miner. The struggle of the young girl with the old man, the natural woman who worked out by Miss Keim with a range of emotional expression and a dignity which if it does not convince the heart, whips it against the man. The drama of a woman are beyond understanding, and the waywardness, the sullen pride, the revolt of the more delicate nature against "the man" in the first act, the "drunken bear" were shown with fidelity and power, and the living fire that makes a stage picture alive. Archibald's performance in the first act of the play was a fine non-chalance, and as the drama proceeded, developed the character of Stephen with excellent effect. In the second act of the last act when husband and wife strive for each other's self-respect and love Mr. Byron's splendid voice delivered the fine drama in rare style. Bob McClung and L. O. Hart as Lon Anderson, and Bert Williams furnished clever comedy in the second act, and the piece closed with well acted and well staged.

HARBOR COMMISSIONERS

To Be Appointed by Board of Control Next Week.

"We intend to deal immediately with the question of the civic appointments to the harbor commission," said Mayor Geary yesterday. "Our representatives will be nominated next week and formal recommendation made to next meeting of the city council."

"Who are likely appointees?" asked The World.

"I am not in a position to state just now," replied Mayor Geary. "In fact, I am not sure that I know just what suitable men are available for nomination."

Next meeting of council is not likely to be called earlier than Monday, July 24.

The board of control has many important matters to take under consideration during the next week. Tenders for the new intake are to be in by the 15th, and these have to be opened and referred to the board of experts, after which the aldermen will get a chance of passing on them. Then there are the harbor commission appointments.

In addition to recommendations from

ITALIAN SHOOTING

MONTREAL, July 14.—There was a mix-up among a gang of Italian laborers on St. Antoine-st. this afternoon, and as a result, Angelo Beigne of Louisiana, received a bullet wound in the right side just as he had completed the chastisement of a countryman, Pietro Venverte of Mount St. Marys-ave., is accused of the shooting. He will appear in court to-morrow.

"A Woman's Way" at the Royal

In his society comedy, "A Woman's Way," which will be presented at the Royal Alexandra Theatre next week by the Percy Havelock Co., Thomas Buchanan, the young author, has taken for his theme: Should a young wife allow another woman to monopolize her husband's attentions without a struggle to win him back, or should she fly to the divorce court for relief?

Howard Stanton has a charming, sensible wife, but he is inclined to swerve when a pretty face comes his way. In this case the pretty face is a Mrs. Blakemore, an exceedingly fascinating widow. The situation is brought to a climax by Stanton and the widow being mixed up in an auto accident. Then there is some scandal.

Mrs. Stanton's friends and relatives advise the divorce court. But Mrs. Stanton thinks he is worth keeping. She invites the widow to her house—introduces her to her own set. Then the game of women's wits begins: the young husband is the stake. The answer is—who wins?

In the portrayal of Marion Stanton, Miss Haswell has a part that only an actress of great ability can handle. No one could desire a more appealing and stronger part than Marion Stanton. It is a role peculiarly suited to Miss Haswell. Mr. Fred Tiden will play Howard Stanton. This is an excellent part for Mr. Tiden. Howard Stanton will all his weakness is very human. Miss Lois Howell, a new-comer, will play the pretty widow, Mrs. Blakemore. Miss Howell has brought from New York to play this part. She is a young woman of ability and is certain to receive a warm welcome. Mr. Allen Fossett, Mr. Thomas V. Emory, Mr. Robert Smiley, Mr. William Crimmon, Miss Angela Ogden, Miss Caroline Harris, Miss Booth Chapin and Miss Catherine Robinson will also have parts.

The settings of this smart comedy will be up to the usual high standards.

Week-end Excursions

To Rochester, good going Saturday and returning Sunday or Monday. \$2.40. Via steamer Olcott and fast trolleys—"The Daylight Route." Steamers leave Yonge-street wharf (east side) at 8:30 a.m. and 2:30 p.m. daily, including Sunday. Telephone Adelaide 240.

CRESCENT POINT

is conceded by all to be the most attractive site along the Lake Shore-road for a home. Only a short distance from High Park. Take car at Sunnyside to Stop 17 or 18. Plan at C. White & Co., 38 Victoria. Main 5495.

SCARBORO'S NOVELTIES

Three acts never before seen in Canada will make up the free vaudeville bill at Scarboro Beach next week. The Iolan Sisters are an Australian troupe of sharpshooters and tight wire experts. They are playing this week at the Fifth-avenue Theatre, New York, and of their act "The New York Telegram" says that their feats have never before been attempted in that city. They are a brand new sensation from the Antipodes, and it is expected that

MORE WATER FOR LAWNS

Hose May Now Be Used on Three Days of Each Week.

The board of health met yesterday afternoon to consider the water situation, and in view of the fact that there is some little improvement, decided to permit the use of lawn hose as regulated last week.

According to their amended order, householders east of the centre line of Spadina-ave. may use hose watering their lawns on Saturday, Tuesday, and Thursday evenings, between the hours of 10 and 11. West of this line, on Sunday, Wednesday and Friday evenings at the same hour, each district thus getting one additional hour each week. This order, which takes effect this evening, will continue in force until the end of next week.

The slum problem will likely be dealt with at next meeting, when printed copies of the medical health officer's report will be in each member's hands, and the sub-committee—Ald. McCarthy and Ald. Graham—will be ready with some important recommendations on the subject.

Summer Tourist Rates to the Pacific Coast

Special low rate round trip tickets on sale from all points in Canada to Los Angeles, San Francisco, Portland, and numerous other Pacific coast points, during July, August and September. Excellent train service. For illustrated folders, time-tables, and full particulars, address B. H. Bennett, General Agent C. and N.-W. Ry., 40 Yonge-street, Toronto, Ont. 6666

Off for Petawawa

KINGSTON, July 14.—(Special)—One hundred and fifty men of the Royal Grenadier Horse Artillery left for Petawawa camp to-day. Major Leslie is in command.

Civic Garage

The civic garage in St. Lawrence Market will be ready for use by July 24.

WEAK MEN, HERE'S HELP FOR YOU

Take my Electric Belt for what it will do for you. Wear it when you sleep at night, or while you are resting after your work. You will find it a vitalizer, a tonic to your nerves, a rejuvenator of waning vitality. Use it for any ailment which drugs have failed to cure, and you will never cease praising it.

I claim that I can cure you weak men; that I can pump new life into your worn-out bodies; that I can cure your pains and aches, limber up your joints and make you feel as frisky and vigorous as ever you did in your life. That's claiming a good deal, but I have a good remedy, and know it well enough to take all the risk.

I Restore Men to Unimpaired Vitality, with Strong Body, Strong Mind, Strong Nerves, Strong Will.

Few men are really as strong and vigorous as they ought to be. Hard work or worry or the bustle of modern life is overtaxing the resources of many. Past indiscretions or excesses and other private diseases have undermined the constitutions of still others—few men are the men they ought to be.

This is why the wealth of the world is concentrated in the hands of the few. Except in cases of inherited wealth, the successful men, the successful men, are healthy men—men with strong body, strong nerves, strong will, strong mind. They are the men who have carefully observed the laws of nature and guarded their strength and health.

Mr. James J. Gannon, Whitney, Ont., says:—"I would have written sooner, but was waiting to see what the Belt would do. I have got good results from it for my general weakness, as I feel stronger and can rest better at night. I have never regretted getting the Belt, I assure you, and I will recommend your treatment to my friends and other sufferers."

If you have no confidence in electricity let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will take your case, and you can

Master University has accepted the appointment as professor of physics at the new university of Saskatchewan.

NEW YORK, July 14.—The question of what happens if a motorman of a speeding subway express train drops dead at his post was most assuringly answered to-day when a ten-car express train, crowded with passengers during the rush hours, came to a sudden standstill between stations. The motorman, Wm. A. Stone, was found under the third car dead. He had opened the window of his box to get air and had fallen out when his controller was on at full speed.

An emergency button, on which the motorman's hand naturally rests while working the controller, was released when he fell, automatically shutting off the power and applying the air brakes. Within three-car lengths the train came to a sudden halt, averting what otherwise might have proved a disastrous collision with a train ahead.

Professor Hogg Goes West. Dr. J. L. Hogg, for the past five years professor of physics at Mc-

GREAT AVIATION MEET ASSURED FOR TORONTO

Most Famous Flyers of America Will Meet in Competition—Good Site Secured.

An international aviation meet of the highest possible class is assured for Toronto this summer and, unless the present plans miscarry, it will be one of the last few days of the month.

The arrangements are almost completed, and when Mr. E. M. Wilcox returns from New York tomorrow, the entire program, exact date and location will be announced, giving a list of events that will put Toronto in the forefront in the aviation world.

The management has secured a most advantageous site, within a few minutes' run of Toronto and possessing all the qualifications for getting the best possible results out of the machines.

It will be reached by the C.P.R. and others will run from North Parkdale station, going thru the Union Station and Riverview to the location of the meet.

The tickets will include general admission to the grounds as well as the railway fare.

A great improvement in the program will be the change in the hour for flying. This year all the long wait for favorable winds will be avoided by the simple expedient of having the flights starting each evening at 8:30 o'clock.

The aviators already signed up ensure a great meet, but Mr. Wilcox anticipates some more breaking feats as the men he expects to get are rivals and when they come together, there will be no limit to their attempts to make each other's records.

The program will include many races as well as altitude, control and endurance contests and the meet promises to be a memorable one in aviation history.

ITALY'S RELATIONS WITH NEIGHBORS. The text of Premier Giolitti's measure for electoral reform in Italy has been laid before parliament.

One Thousand Have Left. The report as to the large number of people on the station platform to be taken out is not true, Mr. Clement says.

System is Needed. He says the fact that supplies are concerned, there are enough around the camp to last for several days, and what is needed just at present is systematic distribution of the next couple of weeks.

WEDNESDAY, JULY 15, 1911. THE ECONOMY HOUSE FURNISHING AND CLOTHING COMPANY.

PARCEL 1—Stock of Clothing and House Furnishings. PARCEL 2—Book Debts—Act. receivable, as per list, about \$1460.00.

LOSS OF LIFE ABOUT SO HEAVY

was fortunate indeed that Mr. Clement was on the spot. The commission and government have relied largely upon his advice and both disaster and confusion have been avoided.

Mr. Clement is of the opinion that the death toll will be about 70, and he feels safe in saying that, at the very most, the death toll will be 100.

Mr. Clement says, just as an illustration of the exaggerations, due to the fog being excited and blinded by smoke, while at the Fredericton house River, he had reported five bodies were waiting on landing of Redstone River yesterday.

Mr. Clement says further that the reports of men coming in, and having taken out a number of bodies, are going into Porcupine today, and another car load of supplies is now on the way from Ottawa.

After the delay in securing tents from the militia department, advice was received from Ottawa that 500 tents and 400 blankets would go forward immediately, and that Captain Hallack of the ordnance corps would report to President Giesler on the board of trade this morning, and take a detachment of men with him.

Following the list of dead, which the Relief Committee has received yesterday, relief parties were sent out, with the result that the casualty list is much smaller than at first estimated.

Relief parties have been sent to search through the camp. Many persons are reported buried on the spot, but very little definite information can be obtained until relief parties return.

Supplies Received. The following supplies have been received by the Northern Ontario relief committee: The Nasmith Co., Ltd., one thousand loaves; the Canadian Shredded Wheat Co., 12 cases shredded wheat and fruit; the Charles Condensing Co., 1000 cans of condensed milk.

CORNWALL, July 14.—(Special.)—Thirty factories to-day offered 1254 boxes of cheese on the Cornwall Cheese Board, 25 white and 1223 colored. All sold at 1 1/2c, and colored at 1 1/4c. Last year 1252 sold at 20-15-10 to 10-15-10.

Porcupine And

Prices Back at

Considering the widespread interest in the market in the gold stock today.

There was a sharp opening having been arranged yesterday, the declines of the market were not so great as they had been.

Support was maintained in every sign of a healthy business, and the market was not so much affected by a recovery back to an extent about a price close of the market.

From the very fact that the market was not so much affected by a recovery back to an extent about a price close of the market.

Porcupine Stocks Not Affected to Any Extent by the Fire

Porcupine Stocks Hold Up Well And Recover Most of Their Loss

Prices Back about on Par With Those Ruling Prior to the Fire—Beaver and Timiskaming Begin To Look Up.

Friday World Office.

Considering the extent of the conflagration in the Porcupine, and the widespread interest which attaches to the market in consequence of the damage to the mining properties, trading in the gold stocks was decidedly tame to-day.

There was a slight reaction in prices at the opening of the session, values having been arranged to conform with the movement in the New York market yesterday, but in no instance were the declines of much consequence.

From the very opening of business, a healthy buying demand was in evidence, and the trend was soon turned into a recovery which carried values back to an extent that placed them about on a par with quotations at the close of the markets on Wednesday last.

Support was rendered the market on every sign of weakness, and it was apparent that the demand for stocks was too strong to permit of any bear raid on prices, consequently foreign traders confined their attention solely to filling their orders in hand.

In the early trading some of the cheaper issues showed a slight tendency to decline and prices ruled lower in some instances. Dome Extension got back to 85, five points above the low price in New York yesterday, but three below the low figure here on Wednesday. The apparent loss was regained during the recess, and the shares closed at 88 bid.

Some of the other cheaper Porcupines followed the lead of Dome Extension. Vipond was back to 75, but recovered it later on. Preston touched 35 in the early trading, but rallied two points.

There was some selling of Swastika, and the price dropped back three points to 57, where it held right up to the close.

In the higher priced Porcupines, the price movements were of course larger, but their action was about in accord with the smaller issues. Hollinger opened at \$13.40, advanced to \$13.80, but lost part of the gain when selling commenced on the part of the market to \$12.37 1/2 in New York yesterday.

A better tone developed in the Cobalts, and both Timiskaming and Beaver made recoveries from their recent low prices. The former issue got back to 42, an advance of 3 points. Beaver was 3 points higher at 45 1/2.

The Toronto mining exchanges will be closed all day to-morrow, Saturday.

Shares Were Quoted.

The shares of the Porcupine Eastern Mining Co. were quoted on the Dominion Stock Exchange yesterday.

Possible Clue to Drop in Timiskaming

Values in No. 6 Vein Decrease—Company Shows a Handsome Surplus.

The Timiskaming Mining Co. have sent the following financial report and a statement of affairs at the property which the dividend cheques now being mailed to the shareholders.

The statement shows a surplus of \$309,551.73 on July 1, made up as follows: Cash on hand, \$247,80.38; owing from smelters, \$42,659; on hand, \$25,485; accounts receivable and stock on hand, \$35,119.87; unearned insurance, \$23,183.05; total \$364,764.14, less accounts and taxes payable \$44,212.41; surplus, \$309,551.73.

The statement goes on to say: On the other hand, No. 1 and No. 3 veins are at present being opened up at a depth of 375 feet, with no indication of change from the Keewatin formation, and some rich ore has been encountered, but so far its occurrence has proved patchy. However, better results are looked for at this depth, where the good strike of ore now being mined on No. 3 vein at the 300-foot level is reached.

TO REBUILD AT ONCE.

A meeting of the board of directors of the United Porcupine Gold Mines, Limited, was held in the company's office 325 Traders' Bank Building yesterday morning. After extensive reports at the unfortunate loss of life of two of the company's employees in the recent fire at Porcupine, it was decided immediately to proceed to rebuild the burned buildings and to continue the work on the properties on a much larger scale than heretofore.

ROYAL MINE SOLD.

LONDON, July 14.—A J. McMillan, liquidator of the Leo Roy Mining Company, informs the Canadian Associated Press that an agreement has been provisionally entered into with the Consolidated Mining and Smelting Co. of Toronto to sell them their British Columbia mines. The deal was ratified to-day.

MINING MARKETS CLOSED.

The Standard Stock Exchange will be closed all day Saturday, in accordance with the announcement made earlier in the week. A meeting of the members of the exchange will be held on Thursday of next week, at which the question of discontinuing the Saturday sessions during the summer months will be discussed. The Montreal Mining Exchange will follow the lead of the markets in this city.

GOWGANDA SHIPMENTS.

Two cars of ore from Elk Lake and Gowganda section were shipped last week by the O'Brien and Millerette.

The carload of the Miller Lake-O'Brien was high-grade ore, and was taken from the 100-foot level, where their recent high-grade strike was made.

The shipment from the Millerette went to Copper Cliff, and was also of high-grade material.

The total shipments from the district to date now read:

Tons.	
Millerette	718.00
Miller Lake-O'Brien	88.00
Rever-Lobbie	62.00
Roy-Gordon	2.00
Burke Remy	2.00

LOSS BELOW \$500,000

Mine Manager Mowry Bates So Estimates Damage in Porcupine

Mowry Bates, E.M., manager of the Hughes properties, thinks the property loss in the Porcupine fire is less than \$500,000. The biggest loss is in the Dome property, where plant valued at \$200,000, but heavily insured, was burnt.

Many mines supposed to have been burnt were not damaged at all. For instance, the new camps on the Hollinger are intact. The Jupiter, the Hollinger, the North Dome, the Imperial, the Royal, the Rea, the Hughes, the Scott-Hunter-Dobie, and others were not touched.

A SMALL LOSS.

The official report of the loss at the Preston East Dome Mine shows that the damage entailed will not run above \$500,000, the plant having been well covered by insurance and a portion of the property having escaped the conflagration altogether.

FREE TRIP TO PORCUPINE

What small Porcupine stock can I purchase, say at 10c with an assurance of selling it at \$1.00 within a reasonable time?

Our answer is "PORCUPINE GOLD SPOT," owning properties in the townships of Shaw and Langmuir, centrally located with splendid showings and having every primary indication of the makings of a big mine. We are not asking you to accept our statements as gospel, but we do invite you and other bonafide investors to join us in a trip to Porcupine entirely without any expense to yourself, to see with your own eyes the ground that should turn hundreds into thousands for those who get aboard now.

Parties will be formed in Boston, New York and Chicago, centralizing at Toronto, whence they will proceed as a unit to the Porcupine Goldfields, spending approximately a week among the virgin lakes and woods of Northern Ontario, visiting the Hollinger, Dome and other big mines of the district as well as making a careful inspection of all the leading properties including particularly Coronation and Gold Spot. All expenses will be paid, including transportation by rail and water, Pullman charges, meals, hotel bills, launch trips, guides, horses, etc., and the party will be in charge of competent guides and engineers who will see to it that every member combines a most delightful vacation with a money-making opportunity.

If we were not absolutely satisfied beyond peradventure of doubt that we had the most attractive stock proposition obtainable in all Porcupine, we would not hazard the thousands of dollars necessary for the expenses of this trip. We only require some evidence of your good faith as a sincere seeker for a substantial money-making investment, not desiring to spend both time and money on mere curiosity junketers.

For full particulars and requirements, write us without delay as reservations for this party will close about August 8, although, it may become necessary to set an earlier closing date.

If you mean business in looking for large profits on your investment meet us half way by accepting our invitation to spend a week in Porcupine, form your own conclusions and then decide whether you want what we have to offer. Seems fair to us, does it to you?

PHANTOM SUBSCRIBERS USED TO GET CHARTER

So Testified Travers in Conspiracy Charge Against W. J. Lindsay—More Light on Stock Jobbing.

W. J. Lindsay, who a few weeks ago surrendered himself to the police to face a charge of conspiring with others to secure the certificate of the treasury board of Canada, which allowed the Farmers' Bank to commence business, was arraigned in police court yesterday morning and thru his counsel, M. K. Cowan, K.C., pleaded not guilty.

As has been the case in all the bank prosecutions, W. R. Travers was the principal witness. He was brought up from the jail to testify.

The first witness was Thomas H. Cox of Milton, Ont. He said that Lindsay had obtained his subscription for 25 shares in the bank. He was induced to subscribe for yet other 25 shares by Lindsay, who said that if he did not want them they would be taken off his hands. Major Matthew Rea of Campbellford told of repeatedly refusing to sign for stock until one day when Lindsay rushed into his office and handed him a paper saying, "Sign this, I want it for a purpose." He did sign and thought it was a subscription for two shares. He had never taken up the shares and had been told in a letter from Travers that he would never be asked to take them up. Travers, who has been cropped and shaven since his last appearance here took the stand. He gave his evidence in the same quiet manner as heretofore. He said that he and Lindsay had talked of the necessity of securing subscriptions for \$500,000 in stock Lindsay had brought in a number of worthless subscriptions which he had said he could replace. Lindsay had said to leave all the subscribers' names on the list to be sent to Ottawa and that he could replace them after the charter was granted.

HALF A MILLION DOLLARS

For New Equipment for the Inter-colonial Railway.

OTTAWA, July 14.—Contracts have been awarded by the railway department amounting to half a million dollars for new equipment for the Inter-colonial Railway.

The Canadian Locomotive Works has been awarded the contract for five locomotives, costing \$114,000; the Canadian Car Co. for 280 steel-framed box cars, 90 steel platform cars, dump cars, 2 baggage cars and a refrigerator car, totaling \$334,700; and the Nova Scotia Car Co. for 100 freight cars, two postal and two stock cars, for \$112,000.

It is understood that the Dominion Steel Co. has put in the lowest tender for steel rails.

MAY FINE RAILWAY COMPANY.

MONTREAL, July 14.—A new phase of the fight between the city and the street railway, the former seeking the better and more extensive service and the latter a new and more profitable franchise, developed to-day when action was entered by the city against the Montreal Street Railway Co., asking a mandamus against the company and to fine it heavily for not constructing lines in St. Paul and Edmond wards. The company asked a delay of fifteen days to file an answer in writing.

"SUNRISE MEETING."

The International Bible Students' Association are opening a five-day convention in Broadway Hall to-day.

Yesterday the board of control consented to their holding a "sunrise meeting" in Queen's Park on Monday morning.

Robbed Amusement Pavilion.

Employed at the amusement pavilion at Long Branch, Eugene Lockwood, 23 years, stole \$25 from the register. He was sent to jail for six months from county judge's criminal court by Judge Donohue yesterday morning. He has only recently finished a year's sentence in the Central Prison for horse stealing.

Prohibit Bicycle Riding.

Bicyclists who hitherto have been making free with the island sidewalks at all hours of the day and night are to be prohibited from riding thereon out a year's sentence in the Central Prison.

UPWARD MOVEMENT STARTED

It takes a long time to work up speculation in a mining camp. Porcupine has been on the market for several months and are only now beginning to feel their way. When mining shares move they move fast and our judgment is that the real movement has started. Extreme care must be exercised in buying, and only those issues which have real merit should be touched. Our own engineer in the camp has great faith in Dome Extension and Eldorado, and we consequently advise their purchase without delay. Our bureau of information on these or other Porcupine stocks is open to our clients at all times without cost. Fire has done a great deal of damage to the camp and this may cause a temporary weakness in the market. This will offer splendid opportunities to make purchases. The clearing which has been made by the fire will be later accepted as a benefit.

OPPOSE NEW ISSUE OF STOCK

City Averse to \$4,000,000 Increase in Street Railway Capitalization.

The board of control is not inclined to look with favor on the proposal of the Toronto Railway Co. to increase its capital stock from eight million to twelve million dollars.

"They have not shown cause for the increase of their capital stock," was Mayor Geary's comment.

"The proposed action of the company is of vital interest to the city, because we have to take over their plant and franchise in 1921."

"The Ontario Railway and Municipal Board should interfere," said Controller Church. "The new issue would complicate the acquisition of the company by the city in 1921."

"The Ontario Government should refuse to permit the increase," said Controller Hocken.

"This move shows that we should have bought the company's franchise and plant six months ago," said Controller Spence. "Even now it is the best move we could make."

NEW POLICE HALL SITE.

The board of control have decided to appropriate lands having a total frontage of 125 feet on the north side of Balmoral-avenue for a police station site. The city already owns lands adjoining this on the east and having a frontage of 150 feet and will use them for a fire hall site.

Hose Supplies From Four Firms

The board of control have decided to divide the contract for a supply of 6000 feet of 2 1/2-inch hose amongst four firms, although Fire Chief Thompson recommended that the whole be purchased from the Gutta Percha and Rubber Manufacturing Co. at \$1.10 per foot. This concern gets half the order and the Goodway Rubber Co., Dunlop Rubber Co. and Canadian Rubber Co. will each supply 1500 feet.

Record Dulness Rules in Wall St. Most Apathetic Market in Years

New York Stocks Move Sluggishly, With No Material Price Changes—Toronto Market Broadens Out Considerably.

World Office, Friday Evening, July 14.

There was a much bigger line of trading in the Toronto stock market today. The big upward movement in Toronto Railway disturbed the market sentiment, and speculation was attracted to other issues.

Toronto Railway on the announcement of rights far beyond any expectation sold up ten points, but there was a large amount of profit-taking, and the price gradually eased, until at the close the one day advance was confined to about eight points, the last sale being at 164 5/8.

Traders today seized upon Richelleu and Rio as offering immediate speculative chances. Richelleu was bought heavily here, but Montreal sold and the anticipated rise was stayed.

The same thing happened in Rio and today's buyers were left with this stock at a fraction below the purchase price.

Maple Leaf common was bought in expectation of a big advance, and in the filling of orders a two-point rise was forced, bringing the price up to 60. These shares are reported as exceptionally scarce and as there are still several orders in the market, an appreciation on today's price seems assured.

There are few of any of the listed stocks actually on offer, and quotations are accepted as purely tentative. Porto Rico, as an example, could not be had under 64, although yesterday's offering was a full point below that figure.

The market has changed from an investment one to that of speculation temporarily, and if this demand broadens, rapid advances are likely to occur in numerous securities. The money market offers no obstacle to immediate speculations.

STEEL SITUATION IMPROVES.

NEW YORK, July 14.—General Manager Grace of the Bethlehem Steel Corporation says the steel situation as far as the Bethlehem Steel Co. is concerned, is getting better every day. Structural steel in brisk demand.

RESIGNS FROM EXECUTIVE.

Mr. Rodolphe Forget, M.P., has resigned as a member of the executive committee of the Sherbrooke Electric Co. as it thus obtains control of a major part of the electric lighting business in the thickly populated district between Sherbrooke and the U. S. border.

BIG RAILROAD DEAL.

MONTREAL, July 14.—At a special meeting of the shareholders of the Sherbrooke Railway and Power Co. the purchase of the Eastern Townships Electric Co. and the Stanstead Electric Co. was ratified.

C.P.R. Led the Rise in London Market

American Issues Steady to Firm in Old Country Exchanges.

LONDON, July 14.—Money rates and discounts were easy today. The settlement on the stock exchange finished satisfactory, and cheap money induced fresh support. All the markets further strengthened, but profit-taking caused moderate recessions, with consols closing 1/4 below the best.

The market for Canadian and American securities opened steady, and advanced under the leadership of Canadian Pacific, prices moved irregularly during the afternoon, and the tone at the close was quiet. Wall street bought a little on balance.

TRADERS ACCEPT OPTIMISTIC VIEWS.

World Office, Friday Evening, July 14.

Toronto Rails made another rapid rise to-day, discounting the announcement made in this morning's World. It is figured that the shares should sell at 150 on an 8 per cent. dividend, and that the old stock should reach 175. The movement in this issue has engendered more bullishness in the market, and several stocks gave indications of straining at the leash to-day, among them being Maple Leaf and Richelleu. Commercial prospects are too brilliant to admit of anything except optimism, and traders are beginning to recognize this.

WALL-STREET TRADING.

NEW YORK, July 14.—The lowest level of three years was reached today on the stock exchange. Transactions during the morning session fell to \$3,000,000, an amount frequently handled in the first few minutes of an active day.

REGULAR BOOM IN MONTREAL MARKET

Frenzied Trading in Eastern Exchange Under Leadership of Toronto Railway.

MONTREAL, July 14.—Under the leadership of Toronto Railway, there was a regular boom on the local stock market today in which Toronto Railway, Richelleu, Lake of the Woods, Ogilvie and Rio were conspicuous. The action of the Toronto Railway directors proved a stimulus to the whole market. There was an immediate effect and very heavy buying of the stock, which opened at 167, as compared with 157 1/2 at the close yesterday, and it advanced to 169, reacting to 167, but again advanced, closing at 169 1/2.

BRITISH CONSOLS.

International Milling Company of Canada

LIMITED

(Incorporated under the Companies Act, Canada)

6% COLLATERAL TRUST AND REFUNDING MORTGAGE BONDS

Dated 1st June, 1911. Due 1st June, 1931

Principal and semi-annual interest (1st June and December), payable at the Merchants' Bank of Canada, Toronto and Montreal.

DENOMINATIONS—\$100, \$500 and \$1,000

Redeemable as a whole at 105 and accrued interest on any interest date.

INVESTMENT TRUST COMPANY, LIMITED, MONTREAL.

STATEMENT OF CAPITALIZATION.

Table with columns: Common Stock, Preferred Stock, Bonds, In Treasury, Redeemed July 1st. Values range from \$2,500,000 to 18,000.

Of the issued bonds \$1,207,000 are to be held in escrow to retire underlying bonds.

PURPOSES OF COMPANY:

The International Milling Company of Canada, Limited, will operate as a holding company and has acquired all the outstanding shares of the International Milling Company of Minnesota, and over 80 per cent. of the shares of the Canadian Cereal & Milling Co., Limited.

SECURITY BEHIND BONDS:

The Collateral Trust and Refunding Mortgage Bonds now offered are secured by the collateral of all the shares of the International Milling Company of Minnesota, and over 80 per cent. of the shares of the Canadian Cereal & Milling Co., Limited.

EARNINGS:

The net profits of the constituent companies for their last fiscal year, according to the audit of Messrs. Harvelk, Nichol & Co., for the International Milling Company, Limited, of Minnesota, and of Messrs. Riddell, Stead, Graham & Hutchinson for the Canadian Cereal & Milling Co., Limited, before allowing for interest on borrowed money, but after allowing for extraordinary expenditures, amounted to \$415,194, or about four times the interest requirements on the outstanding bonds.

The earnings for the past year show the position of the company as follows: Net Profits of constituent companies for their last fiscal year, before paying interest on borrowed money \$414,194. Bond interest 108,820. Surplus Earnings 310,274.

It is expected that the consolidated companies will effect economies and increase business in a way which will be responsible for individual companies, and the present management estimate the net profits should run from \$350,000 to \$600,000 per annum.

MANAGEMENT:

The men who have made the management of both companies particularly successful in the past are Messrs. J. D. Plavicki, President of the International Milling Company, and E. A. Bean Jr., Vice-President, respectively, of the International Milling Company.

We would be pleased to forward special circular giving full particulars regarding the bonds, in order to ensure allotment. Orders may be telegraphed at our expense.

Ericksen Perkins & Co. (J. G. Beatty), 15 West King Street, report the following prices on the New York cotton market: Cotton, 100 lbs. 14.00; Middling, 100 lbs. 13.50; etc.

Commercial Reports

Wheat Prices Take a Tumble But Corn and Oats Advance

Support Lacking in Wheat Pit, and Values Decline Rapidly—Saw's Report Bullish on Corn and Oats.

CHICAGO, July 14.—Fear of forced liquidation thru the calling of loans by banks had considerable effect today in causing wheat prices to smash. Record-breaking deliveries of new wheat from the farms put trade facilities under a heavy strain. At one time the market showed a fall of more than three cents for the July option.

The corn market was extremely nervous and irregular, but constantly higher than last night's level, despite the weakness of wheat. Leading bulls were buying heavily in an effort to stampede the short interest. A prominent expert issued a statement estimating the crop at 428,000,000 bushels, below that of 1910. Short fluctuated between 66 5/8c and 67 1/2c to 67 5/8c, and closed firm 67 1/2c to 67 5/8c.

Oats were purchased actively by the same people who headed the buying in corn. They were bought in more or less short selling on the part of cash houses and shippers. One authority predicted 700,000,000 bushels, as compared with 1,128,000 bush. last year. High and low points for Sept. were 47 1/2c and 46 3/4c, with net sales 1-14c to 1-8c net high at 47 1/2c.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows: To-day, ago, ago. Chicago 498 188 25; Minneapolis 149 198 80; Duluth 15 31 14; Minnesota 136 97 148.

Argentine Shipments. The weekly Argentine shipments are cable by Broomhall as follows: Wheat, bush 1,544,000; Last wk. Last yr. 1,544,000; Corn, bush 1,000,000; Last wk. Last yr. 1,000,000.

Cheese Boards. WINCHESTER, July 14.—There were 106 boxes of cheese boarded, only a few white ones were boarded; all sold, white 11 1/2c, and colored 11c.

Monarch Stock Fence

There is nothing causes more trouble about farm the poor fence. The ONLY good wire fence made, but it is made as the best, in every particular, and it has a few points in which it is superior to the standard wire fence.

Owen Sound Wire Fence Co., Limited

Trading on local fruit market yesterday was pretty heavy all round and a lot of Canadian and foreign fruits and vegetables changed hands. Raspberries were a little easier, whether owing to slightly larger receipts or a falling off in the demand.

Farm Produce Wholesale

Hay, car lots, per ton \$12.00 to \$12.50; Hay, car lots, No. 2 \$10.00 to \$10.50; Straw, car lots, per ton \$8.00 to \$8.50.

GRAIN AND PRODUCE

Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2 42c; No. 3 41c; 4c, 41c; 5c, 40c; 6c, 39c.

Chicago Live Stock

CHICAGO, July 14.—Cattle receipts estimated at 16,000; market, dull, weak; hogs, 14.50 to 17; Texas steers, 14.50 to 16.50; western steers, 14.50 to 16.50; stockers and feeders, 14.50 to 16.50.

Buffalo Live Stock

EAST BUFFALO, July 14.—Cattle receipts, 10; market, slow, steady; pigs, 10.00 to 11.00; sheep, 10.00 to 11.00.

THE STANDARD BANK DIVIDEND NO. 83. NOTICE IS HEREBY GIVEN THAT a dividend of THREE PER CENT. for the current year, ending the 31st July 1911, being at the rate of TWELVE PER CENT. PER ANNUM on the paid-up Capital Stock of this Bank has been declared, and that the same will be payable at the Head Office of the Bank and its branches, on and after TUESDAY, the 1st of AUGUST, 1911, to Shareholders of record of the 31st July, 1911.

ST. LAWRENCE MARKET. Receipts of farm produce were 5 loads of hay, five loads of straw sold at \$1.00 per ton for sheaf.

MONARCH STOCK FENCE. I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excess, unnatural diet, or the fowls of youth. I have cured so many worn and nervous men right in their own homes—without any additional help from medicine—that I think every man who wishes to regain his natural power and virility, quickly and permanently, should have a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.
