NEW LIGHT BEING THROWN ON THE WARTON RAIDERS

Claimed Now That Gang Were on Their Way to Annoy a Townsman, and That Attack on Mrs. Thomas Was Unpremeditated.

WARTON, Sept. 2.—(Special).—Nine of the men who wrecked the tent of Agnes Thomas, who is now in Warkenton jail charged with manslaughter in the death of Philip Gilbert, appeared before Police Magistrate Miller at noon today and were remanded until tomorrow at 10 o'clock, when all will be arraigned on the charge of holding a tumultuous assembly.

The criminal code provides as punishment for the above offence one year penal servitude. The men who appeared today were: ANDREW HASTINGS, JOHN LANCASTER, WILLIAM LANCASTER, WALTER LANCASTER, JOSEPH LANCASTER, ROBERT LANCASTER, JAMES CORCORAN, MELVIN MOYER, ALBERT TILLEY.

All are laboring men engaged at various day jobs in this town. The Lancasters are all members of the same family. It will be remembered that it was the Lancasters who were charged with the shooting of Philip Gilbert at the inquest where the body of the man who brought the body to his home.

James Corcoran carried Gilbert to the Lancaster house. Following the appearance in court of the above today, it is said to-night that the following have also been served with summonses to appear to-morrow on the same charge and for being members of the gang who witnessed the tragedy: ALEXANDER ELLIOTT, SIDNEY LEE, JOSEPH LEE, GEORGE LEE.

It is also understood that the crown have another man under surveillance who will be subpoenaed as a material witness. Startling facts concerning the tragedy are gradually coming to light. The most sensational of these is that the mob was organized on the night of August 20th at the home of John Smith, a laborer.

Philip Gilbert, the dead man, was the chief mover in the plot. For years he had existed between him and Smith. It is said that Smith had been living with disreputable women for some time. He was arrested and the case was adjourned for two weeks. At the expiration of that time he was dismissed, the charges against him not substantiated.

In the meantime Smith caused much talk about Gilbert renting a house which belonged to the latter to the Thomas woman. Gilbert's enmity grew into hatred. On the night on which he met his death, with the above mentioned men, plans were laid to wreck Smith's place. The crowd started out.

On the way to the Smith place, someone said: "Let us wreck Ag. Thomas' tent, too." The row then started, the particulars of which were made sensational by the shooting of Philip Gilbert. Provincial Detective Reburn has been here for a week and it is as a result of his work that the summonses have been issued.

HEIR TO \$250,000. Former Toronto Man Made Rich by Legacy Left in Scotland. CINCINNATI, Sept. 2.—(Special).—Edward Godder, a pedlar, who has been here sometime and formerly lived in Toronto, Canada, leaves for Glasgow in a short time to obtain inheritance left to him by a wealthy relative, the above mentioned man. The estate amounts to \$250,000.

Drowning at Windsor. WINDSOR, Sept. 2.—(Special).—Albert Jubenville, aged 24, son of J. P. Jubenville, of the village of St. Charles, was drowned in the Detroit River here today. The young man was engaged in helping a crew raise the G.T.R. car ferry Huron when he slipped off a raft. The body has not been recovered.

RECIPROCITY IS HIS POLITICAL PLATFORM

H. M. Whitney of Boston is Running for Governor on Reciprocal Tariff Policy—Believes Canadians Incline Toward It.

"I have been talking more or less about reciprocity and tariff revision," remarked Henry M. Whitney, a prominent financier of Boston and Democratic candidate for the governorship of Massachusetts to a World man yesterday, "and it is for that reason, I presume," he continued, "that I have been invited to deliver an address to-morrow at the luncheon of the directors of the national exhibition. I don't know that I should now say upon this subject more than this: The impression which very generally prevails among our people is that Canadians at the present juncture feel but little interest in the subject of reciprocity and have no desire for the reopening of the question. "My own view is different, and I believe that the United States would show a real desire to discuss the subject and would approach Canada in a right spirit, we would meet with a cordial response from the Canadian people."

WORLD'S FAIR NOT WANTED

A World's Fair in Toronto in 1912, is a dream that charms but for a moment. J. O. Orr is the greatest manager of the National Exhibition, Canada has yet produced, but his enthusiasm gets the better of his judgment when he talks of a World's Fair. History points to the fact that World's Fairs do lasting injury in leaving grievous deficits and retarding substantial progress in some one wake Brother Orr up. Toronto doesn't banker after the uncertain reputation of being a World's Fair city.

KAISER TALKS TO SOCIALISTS

Inherited Mission From Grandfather is to Care for the Working People.

BERLIN, Sept. 2.—It transpired today that Emperor William on Saturday during his visit to the Muenster Monastery, made a most striking speech, which is regarded as being a direct appeal to the socialists to work together with other classes for the good of the fatherland. After assuring his audience of his interest in the welfare of all classes, of whatever creed or standing, his majesty said: "I inherited from my grandfather a mission to care for the working people, and would like to see a conciliatory spirit extend all over the empire. To whoever is ready to work with me towards this end, I am prepared to give my hand."

DR. BELL'S DISCOVERY

Use of Tetrahedral Principle May Revolutionize Building.

SYDNEY, N.S., Sept. 2.—(Special).—An very original welcome you here on what I believe to be an historical occasion, the introduction of a new species of architecture, unique in itself and in application. In these words Dr. Alex. Graham Bell, inventor of the telephone, welcomed some 200 people who had gathered at his summer residence near Baddeck.

TRAIN PLUNGES IN RIVER

CHARLESTON, W. Va., Sept. 2.—A Chesapeake and Ohio train (No. 2) was derailed near Kanawha Falls last night. Three coaches, it is said, fell into the river.

FATAL COLLISION

SCHENECTADY, N. Y., Sept. 2.—Two persons were killed, six seriously injured, three of whom may die, and a score less seriously hurt to-night in a rear end collision between two cars.

FRISCO PARADERS MOB STREET CAR MEN

Resent Attempt to Run Cars Thru Crowd --Two Employes Use Revolvers.

SAN FRANCISCO, Sept. 2.—The labor union parade to-day resulted in the shooting of two men by employes of the United Railroads. The carmen were attacked by the paraders, and, in self-defence, opened fire. The trouble started at the ferry, where, it is stated, a Sutter-street car broke thru the line of parade. A mob of labor union men followed the car, and at the junction of Sutter-street the members attacked a car who were the motorman, fearing that his life was in danger, opened fire and wounded one of his assailants in the leg. A block further an inspector was attacked by the mob. He was suddenly struck in the face and ran from his assailants. They followed him to the corner of Sutter and Montgomery streets, where they overtook him. He drew a pistol and aimed at a burly laborer who carried bricks in his hands. The inspector opened fire and shot the man thru the groin.

Six shots were fired. A riot call was sent in to the police, and the fire departments and a force of police and firemen were soon on the scene. The man who did the shooting was arrested, but several rioters who were seized by the police were released. The labor union men who were in the parade evidently thought that they had the right of way over the cars of the United Railroads and attempted to break thru the procession. The rioters were met by a force of police and an orderly parade turned into a riot. The cars of the United Railroads had stopped while the parade was in progress, but when the rioters began to disperse the cars began running. There was a dense crowd at Ferries, and the union resented the attempt to run the cars.

DUNCAN BOLE DEAD

Former Politician Passes Away at the Soo, Aged 54.

SAULT STE. MARIE, Sept. 2.—(Special).—After a long illness Duncan Bole died at his home on Saturday morning, aged 54 years. The funeral was held under Masonic auspices, the remains being taken to Meaford.

CATCH MAN WHO FIRED

Joseph Vannor Arrested on Charge of Attempted Shooting. Joseph Vannor, 270 Yonge-street, was arrested by Plainclothes Officer Leonsides yesterday afternoon. He is charged with shooting with intent to maim, disfigure and disable James D. Howard, 24 Cameron-street, on Wednesday last, while the latter was working at the rear of Vannor's restaurant.

TOO EAGER TO SELL TICKETS

Labor Men Got in Forbidden Territory and Broke Bargain. Manager Orr was in compliance of frame of mind last night and had but one complaint to register. "The labor people broke their contract with us as to ticket selling privileges," he said. "They had 22 men on Dufferin-street, south of King, selling tickets and wearing hat bands designating them as official agents. By the contract they were not to have any men south of King-street. However, the loss to our revenue will not be considerable."

YOU MUST SEE THE FURS.

A special ten days' sale of rare and costly furs is in progress at Dineen's fur emporium, Yonge and Temperance-streets. Russian sable, seals, royal ermine and Persians, the finest obtainable in the world are being liberally shown, as well as very numerous novelties, including babies' white pure-white Canadian mink; large auto coats of Russian striped Civet cat, and many other beautiful garments, large and small. In the acknowledged headquarters for furs. Visitors to Toronto should avail themselves of the opportunity to see the beautiful and interesting display in the showrooms, and realize the chance of saving money as well as being absolutely sure of satisfaction.

Building Men of Canada Forming a Federation

Large Gathering in Toronto Yesterday Make an Important Move—Officers Elected.

The first convention of the members of the Builders' Exchange of Canada opened yesterday morning in the King Edward Hotel, when Wm. Thomas Roden, president of the Toronto Employers' Association, in extending a cordial welcome to the delegates, stated that the purpose for which the exchange was organized was to get the various building interests of the country together, primarily to discuss matters of mutual interest and further to take such steps for the betterment of conditions as might seem advisable. This subject formed the principal topic of discussion during the session, and it was a matter of general agreement among the delegates that it was extremely desirable to come to some better understanding with the architects in regard to the preparation of plans and the drawing of specifications in order to eliminate extra cost to the contractors and builders, and to prevent mistakes, which were, as a rule, charged to the builders, concerned, entailing heavy extra expense in rectifications in the construction of plans. In many instances, as a matter of fact, contractors were compelled to work solely from blue prints.

SHOULD PROTECT LIFE JURY CONDEMN SYSTEM

Inquest Held on Drowning of Newsboy Yake, Make Many Suggestions. Recommendations for the further protection of life at the Yonge-street Wharf, joined with censure of the present devices, are embodied in the verdict in which the jury under Coroner J. E. Elliott found yesterday that the newsboy, William A. Yake, was accidentally drowned from the wharf, Aug. 31. The jury found the wharf lacks appliances for saving life; that the wharf is not properly lighted. They recommend that more light be placed on the wharf; that a railing be put about the parts not used by steamers, and that loop chains be fixed to the dock just above the water's edge so that anyone in the water may seize them.

BORDEN'S ELECTION IN THE COURTS TO-DAY

Wm. Mackenzie Is One of the Witnesses Summoned to Give Evidence in Cross-Petition. HALIFAX, N.S., Sept. 2.—(Special).—The trial of the celebrated Halifax election petition begins again to-morrow morning. It is questionable whether any evidence will be taken, as the Liberals have appealed to Ottawa from the decision, setting the case down for trial to-day. The Conservative contention is that there is no provision for appeal. The cross petition against R. L. Borden is also set down for trial to-morrow. The Liberals have a large number of subpoenaes. Among those summoned to attend are William Mackenzie of Montreal and Mann, David Russell of Montreal, and E. L. Pease, general manager of the Royal Bank.

JOURNALIST DIES

Member of English Party Succumbs to Heart Failure. MONTREAL, Sept. 2.—(Special).—The death of Attenborough of the Manchester Guardian, a member of the touring party of English Journalists, is announced from the Glasgow Hospital, owing to an attack of heart failure. A severe attack of gastritis developed, however, Tuesday, and this led to the effect of accentuating the heart affection, from which the deceased had long suffered. The end came suddenly. The remains will in all probability be taken to Manchester.

FOR PALMA TROPHY

OTTAWA, Sept. 2.—(Special).—The representatives of Great Britain, Canada, Australia and United States, who are to shoot for the Palma trophy on Saturday, were at the Rockcliffe ranges to-day. The teams will be chosen towards the end of the week.

LABOR'S DAY OFF CELEBRATED ROYALLY

Impressive Parade of 4500 Stalwart Workers—Cars Stopped and There Was No Disorder.

The majesty of labor showed itself yesterday. Even the street cars stopped in deference to the processionists. The company made no effort to continue traffic while the parade "held" the corner of Queen and Yonge-streets, and other important crossings. For fully half an hour no cars passed up Yonge between King and Queen, and very few, if any, came down Yonge between College and Queen.

The parade took just forty minutes to pass. It was the best yet and a credit not only to the committees which organized and directed it, but to every one of the 4000 odd men who participated in the demonstration. A finer body of men, in physique, appearance and dress, could not be found to represent the industries to which they are devoting their time and talent to the general good of the community and to the country at large. Thousands watched the parade. Whatever peculiarities may attach to the other holidays of the year, Labor Day has characteristics of its own that are lacking in the others. It is the one day of the year when labor reveals itself in all its strength and demonstrates to the world the important part it plays in the economic conditions of our every day life.

To thousands of new citizens yesterday's procession was a revelation. They had never seen or taken part in a similar spectacle. The only approach to this kind of thing in the motherland are the great crowds that turn out for the many excursions that run to the seaside on bank holidays. At least 4000 "blue ink" men turned out and cheerfully did the long walk thru the city to the exhibition grounds. The police regulated matters exceedingly well.

The usual delay occurred in starting, but Chief Marshal Gardiner and the colleagues got all in line as rapidly as possible and a start was made at 10.30. Headed by a platoon of mounted police under the command of the sixty odd unions commenced their tramp. Following the police came the city council and education boards, the carriages, Mayor Cotsworth, Controllers Ward, Hubbard and Harrison led the way. Next came Aldermen Vaughan, Bendoric, Keeler, Adams, Graham, Ald. Chisholm, J. J. Graham, McGhie and Saunders, Ald. Whytock, Foster and Geary, J. Adams, J. H. Hales, Edward Hales and Controller Hocken, Commissioner J. Thompson, C. W. Wilkinson, the board of education and members of the separate school board.

Chief Marshal G. Gardiner (mounted) led the unions, which marched in the following order: The band of the Governor-General's Body Guard; Moulter's Union, 120 strong, each man carrying a sand rammer, accompanied by a float bearing the union banner; Pattern-makers, wearing white aprons, nosebags and badges; Metal polishers, in blue overalls, and banners, about 70 strong; The plumbers, headed by the Grenadiers' Band, had nearly 600 men in line. They had two floats. Attached were notices calling attention to the strike, the most prominent being, "Local 46 is still in the ring." Another feature was a float dressed in oriental garb, bearing the fit up of a soda fountain. Sheet metal workers came next, 15 strong, each man bearing a metal can or pair of shears.

Printing Trades Strong. The allied printing trades union made a most excellent show, their float and banner coming in for special attention. They were headed by Chamberlain's band and the watchman of the Mail Job office, a fine colli-dog. The bookbinders followed with a carriage bearing the union banner. Toronto Typographical Union with the Queen's Own Band had a strong muster. The special feature of the bolus makers were their floats bearing a miniature steam engine and two mode boats. The men, 200 strong, in white shirts, carried hammers emblematic of their craft. They were followed by the Structural Iron Workers, 100 in number. The machinists did not appear to be in any way affected by the long strike, and 450 of them looked as spry and span as the just turned out of a tailor's store. They had two carriages bearing the veterans and a huge sign informing the public they were after a 9-hour working day. They freely distributed hand bills with the names of the firm who oppose their demands. Silver and Britannia Metal Workers made a neat display. Their carriages bore a handsome silver cup. They had 100 odd members in line. The Cadet Band had 25 operative veterans and their hand some banner. A Unique Banner. The international glass workers had a banner of glass. The garment workers had three floats and a banner. Journeymen stone cutters had a float with specimens of their work and were headed by the 57th Regiment Band. The 120 members with their white aprons were not the least distinguished body in the parade. Fifty granite cutters followed with a float. And a similar number of marble cutters.

Several minor accidents occurred in the city yesterday, nearly all of which were due to unfortunate combinations of street cars and citizens. John Rogers, 650 Lansdowne-avenue, while driving an I.X.L. Laundry wagon, attempted to cross McCaul-street at Grange-road before a southbound car. He failed and with Bert Morris, 66 William-street, was thrown to the roadway. His right arm and face were cut. He was removed to St. Michael's Hospital. Morris escaped unhurt. Charles and Francis Bartello, the young sons of Raphael Bartello, 170 Arthur-street, were thrown from their father's fruit wagon at York and Adelaide-streets yesterday morning. The wagon was struck by a car. The children were removed to their home in the police ambulance. Neither was seriously injured. Daniel Murray, 180 Broadview-avenue, fell in Queen-street near Yonge-street. He sustained a slight scalp wound and was removed to St. Michael's Hospital. Another man was struck by a car at King and Church-streets. He was slightly hurt and went home on a car. Chas. Roots of the Royal Canadian Yacht Club was struck by a southbound Avenue-road car at Alice and Yonge-streets at 10.30 o'clock last night. He was taken to St. Michael's Hospital, where he was found to be little hurt. Robert Lee, 139 Vine-street, Toronto Junction, fell from a Queen-street car at Spadina-avenue, cutting his face. He was taken to the Western Hospital.

READS BURIAL RITUAL AT MARRIAGE CEREMONY

Crazy Vicar Amazes Guests and Moves Bride into Flood of Tears.

LONDON, Sept. 2.—Rev. J. H. Taylor, vicar of a church at Isle Abbots, County of Somerset, astonished a couple who had gone to him to be married by reading the funeral and baptism rituals.

The opening words of the ceremony were indistinct, but when he read: "I commit these people to the ground," etc., Arthur Bart, the groom, amazed, began expostulating with the minister.

The vicar insisted on resuming the service, and this time he began with: "I baptize these people with water."

The wedding party then made him desist, and some of the members rode thru the countess's house, and called on the vicar.

They eventually found one, who solemnized the marriage after two hours' delay, during which the friends of the bride had their hands full trying to console her.

The bishop of Exeter has apologized to the groom, writing him that he regretted the vicar's disgraceful conduct.

The wedding party then made him desist, and some of the members rode thru the countess's house, and called on the vicar.

They eventually found one, who solemnized the marriage after two hours' delay, during which the friends of the bride had their hands full trying to console her.

Topics of the Hour.

In the current Ladies' Home Journal the question of the stranger in the church is taken up. A woman, plainly dressed, has been making rounds in the great churches to find out what nature the welcome may be.

Her experiences appear in "The Journal." In most cases she met with little courtesy, and less warmth. In very few cases did anyone speak to her but the usher.

Of course the churches will not like it, and the whole thing is a touch of cheapness. A psychologist would say that instinct told many sensitive persons that this was a woman not in need of sympathetic welcome, with the repellent atmosphere of criticism about her.

However, this is by no means a reasonable excuse for the downright unkindness the stranger experienced only too often.

It is to be hoped that all this will teach people that it is the rich who should be met by, as they often desire to do so, not the poor, who really long for recognition of a friendly sort.

In the same journal the sorority question has been taken up very fully this month. Further developments regarding these societies may be expected shortly.

At Santa Cruz on Aug. 27 a record swim was made by Miss Campbell, daughter of the district attorney Campbell of San Jose, when the young woman swam a distance of three miles from the shore to a buoy, needing no assistance whatever on the way.

Among Canadian girls a movement has begun for the formation of an amateur athletic league similar to those now in existence for the benefit of men. As it is very early to speak of men, as yet, no further particulars can be given, but the league will probably shortly be heard of.

In these columns there recently appeared an article on restaurants at the exhibition. Some of our readers seem to labor under the impression that we declared there to be no restaurants. We have no doubt that there are excellent places available to women. What about a place even suitable for women with babies on a large enough scale to accommodate all? It is a matter of common knowledge that the best places, including such as the "Daughters of the Empire" lunch room, constantly turn away those whom it is impossible to seat.

Among the fads and fancies for fall wear come new combs and hair ornaments. Pretty lovers' knots of black velvet ribbon are beaded with jet, wired to stay stiff, and fastened with the curls of the present vogue.

The coming season a new mode of hairdressing will be seen. The coil is rapidly leaving the top of the head, and being laid to one side, with the hair parted and waved over the forehead, and being as long as the back of the neck.

High collars will show the Greek A bandeau very prettily intertwined with the hair, and being put up the ends of the hair rather than false. This is a necessary accomplishment, all that is necessary being to put up the ends of the hair in ordinary curl papers over night.

Becoming to a few faces is the Dutch braid encircling the head, over the slight puff at the back and sides. This will be most gracefully supplied by the hair laid to one side, and mented by beside laid to one side, and mented by beside laid to one side.

A Splendid Piano Show, at the exhibition, one of the features, the exhibition to the company's regular display, duplicates of the handsome Bell pianos sold to the new Royal Alexan theatre, are shown and are being very much admired. This makes the thirty-third theatre in Canada, using the Bell piano fitted with the illimitable quick-repeating action.

CHICAGO PRESS PARTY IN TORONTO YESTERDAY

Distinguished Party of Journalists Who Will Spend Holiday in Temagami.

A party of visitors representing the Chicago Press Club arrived in Toronto early yesterday. The party will be the guests of Mr. Charlton of the Grand Trunk Railway on a ten days outing in Temagami. They spent the day in Toronto visiting the fair.

The party includes J. J. Flinn, editor of the "Sunday Tribune"; Wright E. Patterson, editor of "Holla Field, Journal"; Edwin Balmer, author; Cy Warren, author; Richard Henry Little, war correspondent; Herbert Quick, author; Douglas Malloch, editor; Frederic N. Storey, editor; Arthur S. Henning, author; Garnett Eubank, editor.

Richard Henry Little, the intimitable, also known as Dick Little, is a war correspondent and lecturer on things he did and did not do while mercifully confined to a band and ruffed at the Philippine Islands, and later the Boxers in China with a final turn at the Japs in company with an alleged Russian army.

John J. Flinn, president of the Press Club of Chicago, and associate editor of "The Inter-Ocean," member of the common council of Evanston, Ill., is one of the veteran newspaper men of Chicago, for he was associate editor of "The Inter-Ocean" from 1871 to 1883, and later managing editor of "The Chicago Mail" and still later of "The Chicago Times." He is the author of some beautiful essays, poems and lectures, and was the one who compiled the "History of the Chicago Police." He wrote all the official guide books of the world.

Herbert Quick, formerly lawyer and politician at Sioux City, Iowa, in which municipality he resigned as mayor several years, became a close friend of Bryan, was later chairman of the Iowa Democratic state convention, and was returned from public life to become an author. He was in doubt about it during the publication of his first book, "The Path of Progress," and "Aldin & Co.," and continued general manager for a telephone company. But the success attending "The Path of Progress" and "Aldin & Co." was purely a literary success, and after-dinner speaker with a winner home near Mobile and a summer home in Illinois.

Warman is best known as the author of the song "Sweet Marie," and of a dozen books which have paid for his residence in Sioux City, Ont. He was born and reared to farm life in Illinois. The New York Sun introduced him as "The Poet of the Rockies" in 1892, and he has since written a number of Canadian provinces' best known writer about things Canadian, his book, "The Last Spike," being largely Canadian.

Douglas Malloch, the "lumberman poet" of the American north, has become a familiar figure in the big lumber camps of the north, and his verse has the patois and swing of the lumberjack.

Arthur S. Henning, author of "A Chaste Story of Free Love," is the "Little Bright Eyes" of "The Chicago Tribune."

Garnett Campbell Eubank, editor of "The American Business Man," formerly of the "Frederick North Shorey," Sunday editor of "The Chicago Inter-Ocean," started out for the Denver Times in 1888, and in 1891 returned to Chicago, where he became publisher of "The American Business Man," for which he has been a frequent contributor to magazines.

KAISER'S DAZZLING SHOW SEEN BY FOREIGN ENVOYS

Reviews Guard Corps in Presence of Large Number of Delegations. BERLIN, Sept. 2.—Emperor William this morning reviewed the guard corps garrisoning Berlin, on the Tempelhof field.

The event was notable owing to the presence of a large number of foreign delegations as the guests of the emperor. The special military representatives of Great Britain, the United States, Japan, Persia and Abyssinia, formed a prominent group among the members of the brilliant uniformed staff surrounding the saluting point.

The emperor displayed remarkable satisfaction at the bearing of the troops before the foreign officers. The majesty chatted good humoredly with his military guests. Crown Prince Frederick William, who led a regiment of cuirassiers, was loudly cheered. Hundreds of thousands of people lined the streets to witness the emperor's passage from the castle to the Tempelhof field and his return from the review.

BURGLAR SHOOTS SELF AFTER RACE FOR FREEDOM

Two Men Caught in Act of Robbing Store, Murder Vigilant Cop. LINDHURST, N. J., Sept. 2.—George Cassidy, a policeman, was shot and killed to-day while endeavoring to arrest two burglars who had been caught in the act of robbing a store.

The burglars were pursued by a crowd, and rather than submit to capture, one of them killed himself in a swamp. The other burglar escaped. Cassidy had arrested the men and started with his prisoners for the station house, when one of them whipped a revolver from his pocket and pressed it against Cassidy's coat, pulled the trigger.

KOW-TOWED TO "LIBERTY."

Chinese Sailors Believed Statue a Great Idol. NEW YORK, Sept. 2.—When the British steamer Braemar of the Fairbank Line, plying between England, China, Japan and the United States, anchored just below the Bedloe's Island yesterday, the entire crew of 37 pig-tailed Chinamen, scuttled below, only to reappear, each one bearing a bunch of burning joss sticks.

As the vessel swung with the ebbing tide and her bow pointed straight toward the statue of Liberty, the 37 Chinamen waved the joss sticks, chanted a prayer and kow-towed to the deck. None of them had ever been in New York before, and they believed the statue a great idol.

Italian Wins Grand Prize

BRESCIA, Italy, Sept. 2.—Cagno, driving an Italian automobile, won the grand prize, a gold cup valued at \$5000, in the speed race here to-day; distance, 486 kilometers; time, four hours 37 minutes 36 seconds. Fourteen cars participated in the contest.

CREMAIED IN CLOSET.

Boy Mistook Door for Exit From Burning Building. MALONE, N. Y., Sept. 2.—Eleven-year-old Abraham Stone was burned to death, and several other persons narrowly escaped with their lives in a fire which destroyed the farm of Mrs. G. Morris at Lake Titus to-day.

When the members of the family were awakened, the house was in flames and the occupants fled in their night clothing. All escaped with the exception of the boy, who is believed to have mistaken a closet door for an exit.

After the fire was extinguished he was found in the closet dead.

STREET CARS CARRIED BIGGEST OF CROWDS

Quarter of a Million Fares Collected Yesterday—Third Line Needed.

Over a quarter million fares were taken by conductors on the Toronto Street Railway on Labor Day.

One of the interesting exhibition sights of the evening was the great crowd leaving the grounds between ten and eleven o'clock.

Nearly every type and nationality was represented in the throng.

Trimmly dressed young girls from factories and stores hurried on the sidewalks with stately, well-dressed women.

In Germany or in any other continental country except England the handling of such a crowd would have necessitated numerous squads of uniformed and beaueoned police.

BLACK HUNDREDS RIOT.

Jews at Odessa Are Victims of Terrible Assaults.

ODESSA, Sept. 2.—The Black Hundreds began rioting here this afternoon, alleging that the Jews were responsible for the explosion of the bomb in the courtyard of the central police station here Saturday morning.

The rioters ran thru the streets incited by Jews, firing promiscuously right and left.

The mob indulged in other brutal excesses, and beat down victims with flexible rubber sticks.

The Jewish cemetery, where thousands of Jews were praying at the gravesides of their dead, was the scene of a fierce onslaught.

At to-day's meeting of the Toronto Presbytery in St. James' Church the following business will be considered:

Winter Fur Styles GRAND OPENING

To-day we open our annual display of rare and costly furs. We have made it greater than ever, both in the scope of styles in garments and in the materials offered. The foreign furs have been selected by our experts on the Continent. The Canadian pelts were chosen for us by our agents in the Far North. There is nothing missing in this Grand Winter Opening, and some special articles go to show how complete it is, for instance: Several White Civet Coats, positively the only ones of the kind on the continent; a beautiful Neckpiece of Pure White Canadian Mink, a real curiosity; some fine articles of wearing apparel made from Genuine Silver Fox; White Baby Astrachan Coats, and a rare collection of beautiful Russian Sable Garments, not to be approached elsewhere in America.

There is also a splendid display of Cub Alaska Seal Garments, made from selected pelts, and a full assortment of Moire Persian and Broad-tail Coats.

We have been a whole year buying pelts and manufacturing these garments. They were made according to Parisian designs, under the supervision of foreign artist tailors, in our own workrooms.

Dineen Furs are known the continent over for their quality and style. This year we're going to put another big boost to their reputation.

Even if you don't buy, you will be welcome at our showrooms, just the same; and if you can't call, our Catalogue is waiting your name and address.

ORTHOPATHIST ANNUAL TREATMENT EXPLAINED

President Delivers Interesting Address at Session Held in Association Hall.

The seventh annual convention of the Provincial School of Osteopathy was held yesterday in the Canada Life Building, the afternoon session in Dr. Henderson's room in the Confederation Life Building, and the evening session in Association Hall.

Four papers were read in the afternoon: the first, "Cause of Disease," by Dr. Church of Detroit; the second, "The Breast Clinically Considered," by Dr. Millard of this city; the third, "The Temperament in Disease," by Dr. Bach; and the fourth, "The Scope of Osteopathy," by Dr. Heist of Berlin.

A number of clinics were conducted by Drs. William Smith, M.D., D.Q., and George Still, M.D., D.Q., of the American School of Osteopathy, Kirksville, Missouri, U.S.

The clinics conducted were: Vascular diseases of heart, jaxonian epilepsy, bromatic synovitis, peripheral neuritis, proclivitas, with cysticercus and ventral hernia.

Dr. Smith, who conducted the clinics, was the first teacher in the first school of osteopathy founded. At present there are ten schools of osteopathy all over the U.S.

together in the United States, the premier school at Kirksville having a membership of over 700.

At the evening session Dr. Smith first being deputed to explain the theory upon which osteopathy is founded; the second showing how osteopathy has taken place in less than 15 years. The second portion of his lecture was illustrated with a very unique series of stereopticon views.

The pith of the first part of the doctor's lecture (the theory upon which osteopathy is founded) was that osteopathy depended upon the belief that the human body contains within itself all of the elements necessary for its well-being; that disease results from some disarrangement of the mechanism, some mal-adjustment, and that health returns, the result being attained without resort to any artificial means. Disturbance of normal function of health; restoration of function is equivalent to recovery.

A large concourse of people listened with much pleasure. Dr. Smith's evening address and many pertinent questions were asked of the doctor, who answered all with ready alacrity, showing that he thoroughly understood his subject.

STATE OF DUNDAS ST. MAKES CITIZENS MAD

East Toronto Schools Will Open With 1000 Pupils—Dr. Pidgeon is Popular—Items.

TORONTO JUNCTION, Sept. 2.—The crowds of people who had occasion to pass along Dundas-street to-day were much inconvenienced by the sidewalks having been torn up almost the entire distance from Union-street to the city boundary. The road itself is almost impassable, and much adverse criticism of the methods employed in paving this street was heard on all sides. The street car service from Toronto Junction to the city was taxed to its utmost capacity to-day. From 8 a.m. till about 2 p.m. every car that left the corner of Keele and Dundas-streets was compelled to leave some would-be passengers behind. It is estimated that upwards of 10,000 people left the Junction to-day by street cars, and the appearance of the streets to-night would suggest that this progressive suburb had suddenly been transformed into what might fittingly be called "the deserted village."

Committees from Victoria Presbyterian Church and First Presbyterian Church, London, will come before the presbytery at its meeting to-morrow in St. James-square Church. The claims of the two churches will be presented and on the validity of these claims Rev. Dr. Pidgeon will make his decision as to whether he will accept the call to London or remain with Victoria Church.

Joe Rowntree has severed his connection with the firm of William Rowntree & Co., Dundas-street, and will start a grocery store on his own account at the corner of Dundas-street and Clendenan-avenue.

The C. P. R. auxiliary car which was dispatched to Leaside Junction about 7 o'clock to-night, to replace an engine on its tracks which was menaced by a landslide, was not successful.

Miss Pearl Woodall, Miss Ada Andrews of Woodstock, and Miss Lillian Wicks of Syracuse, N. Y., were the guests of Misses Anna and Beatrice Maud Mack, 40 Union-street, over the holiday.

One of the largest floral displays ever seen in the Junction at the funeral of a child, was in evidence to-day at the burial of 9-year-old Alice Maud Schreiber, who died at her father's residence, 24 Carlton-place, on Saturday evening last. Wreaths or sprays were sent by the following: E. W. Gillett Co., Mr. and Mrs. William Dohie, Mr. and Mrs. C. Miller, Mr. and Mrs. E. F. Johnson, Mr. and Mrs. A. Clarke, W. J. Sheppard, Mrs. A. Irvine and family, Mr. and Mrs. F. Hebdon, Mr. and Mrs. Weatherill, Sunday school class, Rita Muir, Mr. and Mrs. H. Bradley, Mr. and Mrs. Jack Wilkie, Eva Curtis, Nelson Penn, Mrs. Woods, Mrs. William Ellis, Mr. and Mrs. G. Hanson, Mr. and Mrs. H. Ineson, Mr. and Mrs. D. Stoneman, Mr. and Mrs. S. Snetinger, Mr. and Mrs. I. Stoneman, Georgina Gray, H. Stoneman, Mr. and Mrs. Tallop, Mr. and Mrs. Monnell, Mr. and Mrs. E. Stoneman, Mr. and Mrs. Higgins and Miss Laughton.

LANGSTAFF.

Runaway Was Bad, But Might Have Been Worse.

LANGSTAFF, Sept. 2.—A runaway, fortunately attended by little damage, took place a short distance south of this place this morning. Robert Campbell of Unionville was driving a spirited horse attached to a buggy in which Mr. Joyce of the same place, when the horse took flight at an approaching unmanoeuvred, and becoming unmanageable, ran away.

The animal was stopped after running about a quarter of a mile, and Mr. Campbell, who had retained his hold on the reins, was found to be slightly injured. The buggy was somewhat smashed.

EAST TORONTO.

Board of Trustees Have Been Diligent—Cruising Trophy Won.

EAST TORONTO, Sept. 2.—Joseph Hewitt, who was arrested by Chief Hibberly on Saturday night, on the charge of disorderly conduct, was this morning brought before Magistrate Clay and fined \$2 and costs.

The magistrate also imposed a fine of \$1 and costs on two well-known citizens, charged with trespass on G.T.R. property. The charge was preferred by C.T.R. Constable Croker.

On Thursday an adjourned case of assault on Dr. Rose will be heard before Police Magistrate Ellis.

The opening of the public schools, which takes place to-morrow morning in the point of attendance in the Town of East Toronto.

Since the closing of the schools two extra streets have been opened in the Pine-street school, making one of the most modern, up-to-date four-roomed schools in the city, and necessitating the appointment of two new teachers.

The resignation of Mr. Johnson, formerly principal of Mary-street school, created a vacancy, which was filled by the promotion of Principal Brownlee, formerly of Lansdowne School.

MALVERN.

Popular Young Man Victim of Accident, is Buried.

MALVERN, Sept. 2.—The funeral of the late Oscar Britton, the eldest son of Thomas Britton (whose tragic death, due to an accident, took place at St. Michael's Hospital on Saturday night), was held from his father's home this afternoon.

The widespread sympathy felt throughout the township was manifested by the attendance, which was one of the largest held in the township for a number of years.

Interment was at St. Andrew's Church and the services at the home and graveside were conducted by Rev. Mr. McArthur.

A number of beautiful floral offerings were contributed by friends of the deceased, who was of a most genial nature and well and favorably known throughout the Township of Scarborough.
