Henry De Marche, the manager, lived next door to the bank and on making his appearance with his wife and child was threatened with instant death. A woman putting her head out of a window in an adjoining house was

ordered to put out the light, having first been shot at.

With the second explosion in the attempt to blow it open, the safe was blown out of the bank building into a small shed in the rear. Following this explosion flames burst out and fearing that the light of the burning building would disclose their identity.

Both bullets hit him in the ankle and his leg is so hadly shattered that amputation may be necessary.

'With the building burning and a general confiagration feared the ter-

rified inhabitants of the village spent a fearful night; telegraph wires were cut and owing to repairs and changes that were being made in the telephone system that connects Ville Marie with Halleybury, all connection was cut off. At dawn men were sent out in boats to the Ontario side and the police of New Liskeard, Halleybury and other northern towns were notified. Searching parties, headed by the provincial and local police, are scouring the country. The wrecked safe was brought to Haileybury this afternoon by the steamer Meteor, a dray secured and the safe is now in the Royal Bank here. The safe had not been broken one. *WAR SUMMARY *

The Germans have made even greater efforts to check an indirect approach to Kovel by the southern flank, where for the past week the issue has hung in the halance at Lokatchi, the abex of the whole salient. The latest war maps show that the Russians are no longer at Lokatchi, the Germans having forced them back from three to six miles on both sides of the road which leads to Vladimir-Volynski. The Russians, according to still later accounts, have won back some of this ground.

Letchitzky has broken thru positions fortified like the French front, and taken over 40,000 prisoners and added territory of 4000 square iniles to that controlled by the Russian Empire. His victorious army is now fighting in two main directions—first, in the far south it is mounting the valley which leads to the Kirlibaba Pass of the Carpathians into Transylvania; and, second, in the northwest it is striving for the possession of Kolomea, an important rail-way junction.

for the Germans have been beating against the bars that block their way

checked by the Russian fire. In respect to the further conducting of a war of attrition, the campaign of the Russian general staff in the south

would probably be aimed at increasing the length of the front so as to

force the enemy to provide more men for his eastern lines. This would

be a means of compelling the Germans to put in the trenches many divi-

sions of their mass for manoeuvring with which they have gone about

starting offensives up to the present time. Thus a great portion of their spearhead for striking the allies at selected points would be immobilized.

The British army in Flanders departed from its usual routine

opening a heavy bombardment of the German Hnes between La Bassee and

the Somme River, a front of about 60 miles, on Saturday, and by keeping

up this heavy firing all day Sunday. The Germans noted this activity on the part of the British army in their official communique and they also

said that clouds of gas were discharged against their lines. Lens and its environs were heavily shelled. Whether this heavy firing precedes

but the strong appeals delivered in the name of the great British soldier must have had splendid results.

Attorney-General I. B. Lucas, chairman and speaker of the evening, said that Lord Kitchener was one of those Britons who never knew when they were licked, and they were the kind of men to watch out for. "Get the Kitchener spirit" he told them.

Kitchener, he continued, was called upon to perform miracless which he did. His volunteer army of five million was the greatest body of fighting men in the world. It was not at all surprising, he thought, that Lord Kitchener should have been the subject of some criticism of details of war strategy. But there was no place for arm-chair critics just now. Their place was or should be on the firing line. Military tactics must be left in the hands of soldiers.

"Kitchener," he said, "left a record which will never be surpassed. He did not kick because of the long working hours. He moved his bed into his office."

It was indicated that he might desire to address a joint session of the house and senate in a day or two, but would not take this final step until the Mexica an Government had been given an opportulty to reply.

The text of the note to the Mexican de facto government, transmitted today to James Lincoln Rodgers, special representative of the United States Government in Mexica City, says:

"Mr. Arredondo yesterday delivered to his government the following communication:

"I am directed by my government to inform your excellency, with reference to the Carrizal incident, that the chief executive thru the Mexican ward department gave orders to Gen. Jaconic B. Trevano not to permit American forces from Gen. Pershing's column to advance further south, nor to move further east or west from the points where they are located, and to oppose new incursions of American soldiers into Mexican territory. These corders were brought by Gen. Trevano to the attention of Gen. Pershing, who acknowledged the report of the communication relative thereto. On the 22nd instant, as your excellency knows, an American, force moved eastward quite far from its base, notwithstanding the above orders, and was engaged in fighting for its very existence.

"I am instructed therefore, by my government to demand the immediate release of the prisoners taken in the encounter at Carrizal together with any property of the U. S. taken with them, and to inform you that the government of the U. S. expects an early statement from your government as to the course of action it wishes the government of the U. S. to under-

stand, it has determined upon and that it also expects that this statement be made thru the usual diplomatic channels, and not thru subordinate military commanders."

Cannot Avert War. The president told those at the con-erence tonight of the note from Gen-Carranza avowing the attack on Am-

It seems doubtful that a formal diplomatic rupture will be forced befor adequate military precautions are possible, particularly as it has been indicated that quick, drastic action is President Wilson's desire, should Gen. Carranza force the use of the army against him.

One fact as to the conference is significant. There was no discussion of the possibility of mediation. The subject was not mentioned either by the president or his callers, Senator Stone said.

This statement came in the face of a formal notification to Eliseo Arredondo, Mexican ambassador designate, by his government today, that it approved the principle of mediation as proposed by several Latin-American countries. DEDICATED BURIAL PLOT AT ST. JOHN'S CEMETERY

Was Donated to the Sons of Eng land by John W. Carter.

A very interesting ceremony took place at St. John's Cemetery on Sunday afternoon in the dedication of Sons of England burial plot, donated to the society by John W. Carter, supreme secretary of the society. The plot is 112 feet in length and has a magnificent gray granite monumen in the cetre with a crouching lion on the top. The inscription on the stone is: "This brial plot was presented to the Sons of England Benefit Society by John W. Carter, supreme secre-tary, 1916." It is situated in one of the choice locations in the cemetery, being near the Kingston road front. The ceremony of dedication took

place after the annual service of Cam-bridge Lodge in St. John's Church where an eloquent sermon was de-livered to the members by Rev. W. L. Armitage from the text "Fear God, Honor the King."

At the conclusion of the regular service, the members proceeded to the old wooden church, a relic of pioneer days, where a short decoration service was held. Then the company comprising several hundred, gathered at the plot that Mr. Carter was presenting to the society. Here W. H. Clay, secretary of Combridge Lodge, took charge of the proceedings, and after a short prayer, called upon ex-Mayor H. C. Hocken to make the presentation on behalf of Mr. Carter. In doing so Mr. Hocken referred to the fraternal affection that was evidenced by the character of the gift, but said that the society in its present splendid state of efficiency, was the best memorial that could be given of the services the supreme secretary had rendered to the society thru his years of office. Mr. Hocken concluded by handing the deed and other documents to Mr. Clay for the trust board that will have the care and direction fo the use of the property.

CLOSING EXERCISES OF BETHUNE COLLEGE

"Midsummer Night's Eve," next to the longest day of the year, combined to give Bishop Bethune College one of

the finest days of any June for its closing day of "commencement" as our neighbors say. The day began with a choral celebration in the college chapel. The program commenced at four o'clock, after which the prizes were distributed

by the Right Rev. the Lord Bishop of Teronto. Tea was served on the lawn. As the pupils gave their Saturday afternoons, and three half hours durafternoons, and three half hours during the week to Red Cross work, having been formed into the Edith Cavell Chapter by Mrs. W. Cowan, besides giving over a hundred dollars by their work from their own efforts, and as the generous friends of the school sent their annual contributions, it was thought well that the pupils should receive their usual prizes. receive their usual prizes. Don't Take Risks. Poor appetite can only mean that your digestive system is out of condition, that you are not getting nourishment from your food. Where then is strength to come fromstrength for body, strength for brain? You simply can't have it. You must become weak and run

Don't take risks. Let Dr. Cassell's Tablets restore the living force of your system and give tone and efficiency to your digestive organs. Then you will have appetite, nourishment, strength, fitness. These Tablets don't drug

you; there is nothing in them narcotic, purgative, violent, or dangerous. A child may take
Dr. Cassell's Tablets. They are compounded of just such nutrient-restoratives as any high-class specialist would prescribe. And there is this advantage that you can get them from any druggist or store-keeper in all Canada.

Dr. Ramsay Colles, J.P., of Dublin (Ireland), F.R.H.S., &c., says:—"Dr. Cassell's Tablets constitute a safe and reliable family remedy, and appear to be specially effective for nerve and bodily weakness." Dr. Cassell's **Tablets**

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-spasmodic, and the recognised remedy for Specially valuable to Nursing Mothers and Women of Middle Life. Sold by Druggists and Storekeepers throughout Canada. Prices: One tube 50 cents, six tubes for the price of five. War tax two cents extra

To Save the Country

A campaign to assist the military forces in getting enough men to carry in Toronto. It seems a little inept and historical research, on the part of the Canadian nation to take a course which puts the government of the country on its defence But there is nothing else to be done. SUMMER W

Lieut.-Colonel Williams Pleas, ed With Results in Toronto District.

GETS IMPORTANT POST

Colonel G. Acheson is Acting Adjutant-General at Niagara Camp.

Recruiting in No. 2 Division for the fortnight ending June 15 was extremely satisfactory, said Lt.-Col. Williams at Exhibition camp Saturday.

Toronto District obtained 1602 men. while the combined districts of London 254, Kingston, 555, Montreal, 561, and Quebec, 124, only obtained a total of 1494. The maritime provinces obta ed 352. Division 12, in British Colu bia, obtained 600, and Division 13, Alberta, 607. Manitoba and Saskatche-

wan, Districts 10 and 11, obtained 1300 men.
From Toronto since the outbrenk war 28,499 have volunteered, and to complete the city's share of the 500,000 it is still necessary to recruit 7000 and to fill the battalions already authorized

2400 men are required.

Atheletes from the different Toronto Atheletes from the different 13. Atheletes from the different 13. Atheletes from the Hamilton on Saturday to take part in the Sports Day there. On Tuesday next the 198th Canadian Buffs, Lieut.-Col. Cooper, O. Cana C. will hold a sports day for the members of the battalion at Varsity stadium. There will be no admission fee and the public are invited. In Saturday's orders the appo ment of Lieut. A. S. H. Ryding, the youngest son of Aid. Ryding, who has been connected with the 198th Battalion for some time, was confirmed. Previous to donning the khaki Lieut.

Ryding was in the civil service.

Is Acting Adjutant.

Lieut.-Col. George Acheson will be the acting-adjutant general at Niagara Camp. This appointment was somewhat of a surprise to hime, as he and interested eximpted acting to Camp. Beader and the contract of the company of ticipated going to Camp Borden and had made his arrangements accordingly. It was thought that he would be

given a brigade command at Borden, but he has now received this more important post. In future overseas Highland units will have to replace their worn-out kilts by service trousers, according to a new order. This, it is thought by some of the local officers, will adversely affect the recruiting of Highland units.

Altho the original plans of the 198th flags and bunting and a most enjoyable afternoon was spent there by the of-ficers and their guests.

OSHAWA CARRIES

Assessment on McLaughlin President of Board of Agricul-Plant is Fixed by Big Majority.

Voted in Favor of the Scheme.

OSHAWA, June 24.—The bylaw to fix the assessment of the McLaughlin plant, on which the vote of the property holders was taken today, received practically the unanimous upproval of those who attended the holls, the vote being 780 for the bylaw and 29 against. The interest of the citizens in the bylaw and their anxiety for the welfare of the town was actiand 29 against. The interest of the citizens in the bylaw and their anxiety for the welfare of the town was evidenced by the large vote polled, considering the unfavorable wenther, over two-thirds of the total possible vote being recorded and by the unanimity of the verdict. Supported by every leading citizen the result was never in doubt, but such an unprecedented majority was hardly expected. It is probably the result of an unceasing and painstaking campaign of education carried on by the sponsors of the lylaw, resulting in the general acceptance of the view that the bylaw should be supported because of what it meant for the town without consideration of the benefits that might accrue to the McLaughlin firm.

It is expected that a large addition to the plant of the Chevrolet Company will be commenced immediately, which will be constructed to take care of the domestic trade and also with a view to truth a cross the strong opponent of the home rule poolicy.

Other Conservative resignations from the cabinet are rumored.

WASHINGTON, June 25.—The navy transport Buffalo carrying a full list of refugees from Mazatlan, Topolobampo and other west coast ports of Mexico, has sailed north presumably for San Diego, Calif. After reaching her northern destination and discharging her passengers, the Buffalo will will be constructed to take care of the domestic trade and also with a view to future export business. As soon as conditions warrant it is anticipated the firm will undertake much more extensive additions with a view to the export trade in McLaughlin and Chevrolet cars, which may be possible as a result of trade relationships resulting from the war.

Oghawa has shown in the past that it invites and encourages new industries. The verdict of the bylaw today ovidences the fact that the town is no loss interested in the growth and development of its present industries, which constitute some of the most important in Canada.

MANAGER BIRMINGHAM HAS BEEN REINSTATED

Directed Games at Providence From Stand-Great Pitching by Shocker and McTigue.

The Toronto Leafs covered themselves with glory on Saturday by taking both ends of the double-header at Providence. 2 to 1 and 1 to 0. Shocker bested Billard in the first 5 hits to 4.

Thompson's walk Murray's single, Graham's long fly and a double steal produced Toronto's two runs that won the first. A single, double and fumble gave the Grays their run.

McTigue pitched probably the best game of the season in this circuit in the second game, allowing two men to reach first, one on a hit and the other on a base on balls. He won his own game by a three-base hit in the eighth, followed with one down by Blackburne's clean single.

crews started at noon off the sea wall and paddled their best for a little less than half a mile.

The race took place in heavy water and the Sportsmen swamped just after crossing the finishing line. The Buffs were stroked by Lieut. Art Smith, the winners using the Parkdale Cance Club style to good effect. The rubber race will take place this week. On Sunday afternoon promptly at 4 o'clock the war cance crews of the Sportsmen and the Buffs lined up at the half-imle mark on the course at Exhibition camp to decide the district war cance championship. It was a pretty race to watch and the Buffs, with experience and racing brain, immediately raced to the front at the pistol shot by using short, snappy strokes, and then settled down to the long, even, steady stroke, as used by the Beach and Parkdale crews last year. The Sportsmen were taken by surprise and were a full length in the rear of the Buffs before they realized they were up against a hard crew, and used spurt after spurt in their endeavors to catch the flying Buffs. The Buffs won by a length or more, and despite the handicap of being inoculated and vaxinated a few days previous, shape up like a champion crew.

BUFFS HAVE A GOOD BASEBALL TEAM.

TEAM.

The Sportsmen have been having a merry time cleaning up every baseball team in the division until thye met the "Buffs" on Saturday afternoon at Exhibition park in the final for the championship. The Buffs walked right in under the leadership of Lieut. Herbie Dale and took away the hard-earned laurels from the classy Sportsmen. In a game where both pitchers were driven off the mound and others substituted the Buffs won by the score of 14 to 10. The Buffs infield look very smarr with Dale on first. Beaumont second, Harrigan third and Lai Knowles at short, and had much-to do with the downfall of Col. Greer's team. Thees teams will hook up again at Borden Camp and some good games should follow.

Joe Wright Coming Home

The Argos' regatta, which was to have been pulled off Saturday, has been postponed until the middle of July, owing to inclement weather. Then it is hoped Mr. Joe Wright will be home to look after the regatta. The warm weather yesterday brought out a number of crews. If it is possible to secure sufficient crews, the Hammond Institution race will be rowed some time in August.

At St. Louis—The White Sox copped the last of the set with Fielder Jones' men, 5 to 4. In the eighth innings there seemed to be a chance that the Sox would be nosed out, but luck was with Cicotte, who had relieved Williams, and he got by. Williams was nicked for nine blows in less than nine innings. The damage to Koob and Plank was eough to win the pastime, however.

At Boston—Boston defeated the Athletics twice, 3 to 2 and 7 to 3. Nabors held the champions to three hits in the first game, but lost out in the ninth, when two of the hits were combined with errors by himself and Schang and a long fly, for two runs. In the second contest, Bush was ineffective.

At New York—New York made it four straight from the Senators in two days. Both victories were due to Pipp's batting, the first-baseman driving in Baker with the winning run in the first game, and scoring Kilpatrick ahead of him with a homer in the second contest. Twenty thousand fans saw the double-bill.

At Baltimore (International)—The Orioles on Saturday beat Buffalo twice, by 4 to 2 and 10 to 2. In the contests the Bison pitchers issued seventeen passes to first base. (Wanderers P.A.)

The coming football tour of Norway and Sweden by an all-American soccer team has aroused great enthusiasm thruout the United States, as the invitation from the Swedish Football Association came at a time when soccer football in from the Swedish Football Association came at a time when soccer football in America had just concluded the best season on record. Great hopes were held out on all sides that the Bethlehem Steel Football Club, who have long been recognized as the most polished team in the country, and thru winning the National Challenge Soccer Cup two years in succession are worthy representatives of American football, would have been able to take the tour, but their team of champions, which is entirely composed of former English and Scottish league players, several of whom are not naturalized citizens of the United States, and in addition, have for several months past been engaged in making munitions for the allies, forced the managers of the

FAMOUS RACEHORSE GOES TO THE STUD

LONDON, June 24.—Soily Joel's famous racehorse, Pommern, ran his last race in the June Stakes, and has now retired to the maiden Erlogh stud. With cuch horses as Polymous and Sunder, Mr. Joel can now boast of some of the best blood in England. Pommern carried everything bafore him last year, when he won three of the big English classics, the Two Thousand Guineas, the substituted Derby and St. Leger.

in a win for Baracas by 5—2. Only, a handful of spectators were on hand when the teams lined up under referee Murchie as follows:

British Imperials (2): Banks, Kirck, Welch, Scot, Bramhall, Hodgins Mayes, Lowe, Wardell, Clarke, Campbell.

Baracas (5): Stewart, McKay, Shaw, Hunter, Peden, Buchanan, Collins, Ross, Walker, Ferguson, Morgan.

At Stanley Barracks Park on Saturday the Dragoons won the game by 5 goals to 1. The score indicates the match was very one-sided. H. & Seldom crossed the half-way line, and Craig in goal had a very hard afternoon. For the winners Harding, Williams, A Allan, R. Allan, Saunders and Marshall were best, and Craig, Logie, W. Lobban, G. Lindsay and McFarline were the pick

tire United States.

The annual general meeting of the American Football Association was held Saturday night at the Continental Hotel, Newark, N.J., when the feature business was the election of officers for the coming season. The president for the past season, Andrew M. Brown, did not seek re-election, which gave the association a new leader. The following officers were elected: President, Duncan Carswell of Orange, N.J.; vice-president, Donald MacMillan of East Newark, N.J.; treasurer, Harry Craig of Paterson, N.J.; recording secretary, R. M. Marshall of Arlington, N.J.; corresponding secretary, A. N. Beveridge of Arlington, N.J.; delegate to the United States Football Association, Andrew M. Brown of Yonkers, N.Y.

The banquet, which took place after the meeting at De Jianne's Resaurant, was largely attended. The chief item of the American Football Association Cup to the Bethlehem Steel football team, who, in addition to winning the trophy, also received handsome gold medals. The Scottish Americans, who were knocked out in the final tie, received a set of silver medals with gold centres.

BRITISH SOCCER PROFITS.

The British soccer clubs continue to make a splendid show with their balance sheets, quite the best so far reported being the Blackpool Club, who made the large profit of \$3505 on last season's working. The club enjoyed the services of several of the Blackburn Rovers' professionals last season owing to the latter closing up its ground and the inclusion of the famous Rover captain, Bob Crompton, who holds the record number of English international caps, was an added attraction, which drew large crowds to their league games. Stoke gave a fine account of itself, earning the net profit of \$4310, after paying out \$1500 entrance fee to the football league, a fine of \$1275 inflicted by the Southern League and \$2200 given to various charfties, Middlesborough showed a loss of \$3400, but the club did not participate in league football and all monies received from the friendly games were turned over to the charity funds. The annual report of Dunbarton of the Scottish League shows a profit of \$534, which, in view of the altered condition of football, brought about by the war, is considered very satisfactorys.

FAIR MONTAGUE BEST

Beat Lady Curzon and Splutterdn Feature on Opening Day at Hamilton-Two Favorites.

HAMILTON, June 24.—The Hamilton Jockey Club's first meeting for the season began today under most favorable auspices. A record-breaking crowd was in attendance and it required two his specials to bring the crowd from Toronto, while Buffalo was well represented.

The mutuels had their introduction here this afternoon and they went with a rush. The plant is said to be the best on this continent and no trouble was experienced by the bettors in making wagers.

The card was a good one and furnished exciting sport. Rancher beat the sprinters in a six furlong handleap and the favorite. Fair Montague, won the Dominion Handicap.

The steepiechase, which was run as a flat trace, went to Cu Bon.

Incog in the first race was the long shot to land, the other six races going to two favorites and four second choices. Schemer and Mirimachi were the public choices to land. Mott was the winning Jockey with two firsts and a third.

A fine card is on for Monday.

RAIN STOPS TROTTERS.

CLEVELAND, Ohio, June 24.—Rain to-day caused the calling off of the Rock-port meeting. Horsemen are experiencing difficulty in getting cars to ship to Marion, where the racing will be next week, owing to the government having commandeered the cars which had been placed for the moving of the horses that raced at Rockpoft.

RACING IN GERMANY

The three American jockeys who are now riding in Germany finished first, second and third at Hoppegarten, out of sixteen starters, where the Logierhaus Handicap was recently run off. Archbeld won the race on Herr Haniels, four-year-old Polymous filly Cresta; Sumter was second on Paros, and Korb third on Hercules.

LACROSSE

At Ottawa—Ottawa broke its losing streak in the N. L. U. Saturday with a victory over the Cornwall Club at Lansdowne Park, the final score being il to 7. This puts Ottawa in third place, close up on Shaarooks and Nationals. The game was fast and exciting, the Ottawa led thruout. Referee Denneny stopped the game in the third period owing to the coaching of Alf Smith, and refused to face the ball until Smith had left the field. day by defeating Nationals 9 to 2, thus causing a tie between these two teams for the leadership of the league. In the third quarter George Roberts, and L'Heureux became involved in fisticuffs and were given a 10

Harry Payne Whitney's five-year-old Pennant, ridden by Notter, was second and Sumber II. was third, with Short Grass, an imported horse, fourth; oRamer, the favorite, fifth; Achievemen, sixht Churchill seventh and Sand arsh, which amde the early pace, last, Borrow and Old Koenig having been scratched.

Less than a minute was wasted in getting the field off to a good start, with Sand Marsh in front for seven furlongs, with Pennant always well up under a nice steady pull until the top of the stretch was reached and there Sand Marsh had enough. The pace was sizing, as the leader went to the half in 47, to the five-eighth pole in 59 and three-quarter in 1.11.

Friar Rock was outrun in the early stage but he swung to the outside a quarter of a mile from the finish. Coming on with a great rush, the Belmont colt caught Pennant in the final furlong and won by a length and a half, going away. The time for the mile was 1.57 2-8 and the record of 1.50 flat is three-fiths of a second faster than the old track record.

PROCLAMATION

RECRUITING MEETING L. CHURCH, K.C., MAYOR OF TO.

For the purpose of taking immediate steps to respond to the appeal of General Logie, asking for the co-operation of citizens in securing the additional twenty-four hundred men necessary to complete the battalions now recruiting in Toronto, I hereby convene a public meeting to be held in the Council Chamberl City Hall, on Tuesday, the 27tb June next, at 8 o'clock p.m.

General Logie's appeal speaks for itself. The need for men is urgent. Toronto has not failed yet in any effort which it has made for the empire in connection with the war, and I am confident the citizens will join in one last united effort to provide the men now so greatly required.

All public organizations, clubs, societies and establishments throughout the city are most earnestly requested to send representatives to this meeting, and the public generally are cordially invited to be present.

T. L. CHURCH, Mayor. Mayor's Office, Toronto, June 26, 1916 GOD SAVE THE KING.

Operations were obviously professional and the general price improvement of at the close resulted to a considerative extent from short covering. Rails were fairly firm at all times, aside from some shading of Reading. United States Steel again featured the standard industrials, and Bethlehem Steel, on relatively few transactions, made a gain of 7 points. Motors also rose materially, but Mexicans and copper were variable.

U. S. Industrial Alcohol was again the centre of speculative activity, scoring an extreme decline of 3½ points, on part of which was regained. Tennesse Copper's gyrations were confined to narrow limits, and shipping issues eased slightly in connection with lower freight rates. Further imports of gold from Canada Jought the aggregate up to about \$80,00,000, exclusive of the shipments from the Dominion to the Philadelphia mint, which swelled the total to almost \$100,000. Foreign exchange markets were unchanged in the absence of more than nominal dealings.

Trade reports as issued by leading authorities indicate an abatement of the Jush that featured the business of the late winter and early spring, but leading obbling centres continue active, with wide distribution.

Another substantial increase of reserves was the most noteworthy feature of the bank statement, that item expanding almost \$16,000,000 and bringing actual excess reserves up to about \$110,000,000, against \$56,000,000 the first week of the month. Loans in that same period show a contraction of slightly more than \$116,000,000.

The Rea produced considerable gold, it, with the benefit of greater knowge of the geology of Porcupine, the
w company should experience no great
uble in putting the property in the
oducing stage again.

Kirkland Lake.—More attention is Ming directed to the Kirkland Lake than for some time. The success attending the operation of the Tough Oakes Mine and the development of the Teck Hughes, IcCane, Lake Shore and other properties sear the lake has made Kirkland Lake the second gold camp of northern On-ario. The latest find on the Lake Shore is developing favorably and any exploration work by the Teck Hughes to tap the lake Shore veins will be watched with interest. The Beaver Consolidated has blocked out a good body of high-grade on the McCane, or Kirkland Lake Gold Mines.

With Cheap electric power this fall been should be a big movement in Kirk-and Lake. The electric line will also have the Boston Creek district. NEW PROPERTIES OPENING.

South Porcupine.—The area of activity in Porcupine is steadily enlarging. With the Newray opening and plans for the Foley O'Brien to resume operations, a section of Porcupine, the considered worthy of great development but idle for some time, may extend the producing area of the camp. The Newray veins the a continuation of those coming from the Hollinger and the Pearl Lake section, and the Foley O'Brien is on the Dome left.

The Plenaurum will probably be working again shortly, possibly under Nipising operation, making a circle of operating mines around Pearl Lake.

Two Cobalt companies, the La Rose and conlagas, are receiving splendid encourgement from their development promote the Maidens McDonald and echorite properties, respectively in m of the Maidens McDonald and mchorite properties, respectively, in Deloro Township, south of the Dome. The Premier has found some good ore on the Standard property in Deloro and will install a larger plant. Diamond drilling has cut some veins on the Chisholm vet. along the Deloro-Tisdale line and W. E. Edwards will work on his claim adjoining on the east to prove up another adjoining on the east to prove up another und eveloped part of Porcupine.

AT THE GIFFORD.

Pobalt.—The Gifford is carrying on progressive development plant. Tho nothing of great commercial value has been located yet, the indications point to a chance of Beaver's neighbor on the east finding something worth while.

NEWRAY FAULT.

South Porcupine.—The Newray has not the difficult problem to find the faulted vein that it was considered to be when the mine closed down. Faults are common occurrence in the mines of Porcupuine, but it has been found that the veins become more regular at depthhis is especially true of the district and Pearl Lake.

Mexican Trouble and Recent Statements Has the Effect of Producing Sales.

The Toronto Stock Market closed easier and with a weak undertone on Saturday, but with sales of unimportance, except in two or three issues. The week's news has not been favorable to this market, and prices have followed an entirely natural course. The Mexican trouble more than anything else has instanced itself, on financial sentiment. Altho-ulterior apparently to the Canadian market is has had an indirect effect in that more interest has latterly been taken in Canadian stocks by Americans. The yearly statement of the Maple Leaf Milling Co. has been construed as unsatisfactory and the shares lost 3½ points for the week. Realizing has commenced in Steemships common and the price receipt. Dane.—Several prospectors have been in Skead, Gauthier and the other townships east of Boston Creek and around the Larder Lake district. It would not surprising if many of the lapsed claims in Larder Lake would be retaked this summer. There is little thance of anything big being done in Larder Lake this year, as one company controls the most important and developed properties.

Kirkland Lake.—More attention is bing directed to the Kirkland Lake than for some time. The success attending

LONDON, June 24.—Money was in good demand, and discount rates were steady today. Business on the stock exchange was very slack, but the tone was generally satisfactory. The Mexican situation had no apparent effect on Central American or South American securities, but made business in American rails shrink. WHEAT ADVANCES **ON RAIN REPORTS**

Chicago Market Stimulated by Checking of Harvest in Southwest.

LIVERPOOL GETS FIRM

Short Yield Forecast in South Dakota Encourages · Bulls.

CHICAGO, June 25 .- Rains that checked the harvest in the southwest had a bullish effect Saturday on wheat. After an almost continuous display of strength, the market closed firm, 1c to 11/2c net higher, with July at \$1.00% and September at \$1.031/4. Other commodities, too, made gains-corn %c to %c, oats %c to %c, and

provisions 5c to 571/2c.

Buying, which resulted from the unvelcome rains, showed conclusively that the wheat market had been oversold on yesterday's break. Altho at the outset Saturday morning some trades were made 3,600 at a slight additional decline, the traces of weakness quickly disappeared, and a general buying movement developed in-

of weakness quickly disappeared, and a general buying movement developed instead. Bulls were encouraged by assertions that milling supplies were low at Kansas City, and that Liverpool was manifesting a tendency toward increased firmness in deferred deliveries. Another factor which counted against the bears was a report that indicated a short yield in South Dakota. It was said samples from Frankfort in that state showed root srowth defective, and the blades noticeably shriveled.

Shorts in wheat covered freely during the last part of the session, after commission houses had absorbed the surplus offerings. There was an evident widespread desire to reduce open risks rather than to carry commitments over Sunday, regardless of the fact that no present demand from Europe was apparent for U. S. wheat, either old or new.

In corn, as in wheat, the week-end evening-up of trades helped to make prices bulge. Besides, country offerings were meagre, and there were predictions that stocks here would show on Monday a falling off of more than 1,000,000 bushels. Oats rose with other grain. Unfavorable crop reports were received from sections in Illinois, Iowa and Indiana.

Bulls in provisions, who sold out in the last few days, were trying to refinstate lines. However, despite weakness of the hog market, offerings during most of the session were light. Accordingly, after a brief dip, prices, scored a sharp general advance.
