JANUARY.—The enterprising farmer is not usually deterred by fears. The farmer who advanced to the point of knowing what he is feeding to each animal will not long be satisfied with wasting good feed on inferior stock. There is more profit in feeding young animals than old ones.

Lay not up to yourself all your riches, but spend what secureth the rest.

MARCH.—Do not be deterred from fear of loss by change of temperature. The gardener who counts every liability will be, in the main, behind his more enterprising neighbor.

APRIL.—The exact time at which certain seeds should be sown depends not only on location, but also on soil. Thin seeding of grass is a most serious mistake, as a poor stand of grass only leaves room for weeds to occupy the space. Keep slaying bushes, briars, etc. Spade up yards; keep the fowls scratching. Make your pig-pen a hog sanitarium—clean, dry, sweet, and airy.

Plant *Thumbergia* seed the hollow side down. No garden should be without a bed of narcissus. *Impatiens Sultani* cuttings root as freely as coleus. New varieties of dahlias must be raised from seed. The largest volcano in the world is Etna. Its base is 90 miles in circumference; its cone 11,000 feet high. Its first eruption occurred 474 B.C. The largest tree in the world, as yet discovered, is the big cypress of Tula. It is 152 feet and 4 inches in circumference at its base. The largest desert is Sahara, in Africa. It is 3,000 miles long and 900 miles wide; having an area of about 2,000,000 square miles.

JUNE.—Procrastination loses many dollars for the farmer. A good dairy farm is one that produces good pasture and has plenty of good water, and is owned by a wide-awake, enterprising farmer. The evening is the best time for watering outdoor plants. Twenty-five healthy fowls are worth one hundred half-sick ones. Keep the corners clean. Never hurry important work.

FACTS ABOUT THE BIBLE.

A prisoner, condemned to solitary confinement, obtained a copy of the Bible and by three years' careful study, obtained the following facts: The Bible contains 3,586,489 letters, 773,692 words, 31,173 verses, 1,189 chapters, and 66 books. The word and occurs 46,277 times. The word Lord occurs 1,855 times. The word Reverend occurs but once, which is in the 9th verse of the 111th Psalm. The middle verse is the 8th verse of the 118th Psalm. The 21st verse of the 7th chapter of Ezra contains all the letters of the alphabet except the letter J. The finest chapter to read is the 20th chapter of the Acts of the Apostles. The 19th chapter of II. Kings and the 37th chapter of Isaiah are alike. The longest verse is the 9th verse of the 8th chapter of Esther. The shortest verse is the 35th verse of the 4th chapter of St. John. The 8th, 15th, 21st and 31st verses of the 107th Psalm are alike. Each verse of the 136th Psalm ends alike. There are no words or names of more than six syllables.

JULY.—The chief labor in a garden had better be directed to what is already in growth. Provide shade for your poultry-yards during hot days. It is necessary. Keep the surface of the soil clean around the trunks of your fruit-trees. It is important that the corn-crib be cleaned out and fumigated so as to destroy insects.

AUGUST.—Seed offered "remarkably cheap" is usually dear in the end. Get the best. Keep the noses of your sheep tarred to drive away the gad-fly. Clover and sheep are sources of valuable fertilizing material. Do not allow your stock to suffer from thirst in hot weather. "Never drive the cows out of a walk," unless it be a sidewalk. Nurse the backward corn crop.
