A PRAYER.

Appointed by the Bishop to be used in all the Churches in the Diocese of Huron, before the Meeting of the Synod, and also during the Session of the Synod.

ALMIGHTY and Everlasting God, who has promised, through Thy Son Jesus Christ, to be with Thy Church to the end of the world ; we beseech Thee to be present with the Synod of this Diocese, *now (about to be) assembled* in Thy name. Vouchsafe of Thy great mercy so to direct, govern and sanctify *them (us) in their (our)* important work by Thy Holy Spirit, that, through Thy blessing on *their (our)* deliberations, the Gospel of Christ may be faithfully preached and obeyed, and the order and discipline of Thy Church maintained and handed down unimpaired to those who shall come after us. Grant this, we beseech Thee, through the merits and mediation of Jesus Christ our Saviour.—AMEN.

The Bishop's Address.

His Lordship then delivered his annual address to the Synod, as follows :

REVEREND BRETHERN AND BRETHERN OF THE LAITY :—

It is only just to you to explain the reason of our meeting, at this very unusual, and perhaps inconvenient, period of the year. Sailing, as early as I did, I found it impossible to prepare, as it is always necessary to prepare, for the meeting of so august a body as this ; and subsequently, my return to Canada was delayed by one of those unforeseen, yet veritable dispensations of God which control our actions, and mark the good pleasure of His will. If, therefore, under these circumstances, I have caused trouble or inconvenience to any or to all, I must ask forgiveness on the ground that in taking this exceptional date, I acted in the way my judgment deemed to be the best.

Perhaps it may not be irrelevant to say, that for once we shall have the coolness and frost of winter to bear on the heated and somewhat exciting debates of Synod ; and perhaps, the absence of the sultry heats of the greater dog star may exercise an influence far more beneficial than otherwise, on the evenness of mind with which we now approach the various questions submitted to our care.

I desire also to put on record my sense of God's goodness in having, through the intercession of many prayers, vouchsafed to me and mine, such multiplied proofs of His love in preserving us both by sea and land, and in bringing us home in peace. I have also publicly to thank my late Commissary, the Very Rev. Dean Innes, not only for his kindness in undertaking the onerous position of administrator during my absence, but also for the unremitting assiduity with which he discharged the duties of his office.

Having just returned from one of the most important and grave councils ever held by the Anglican Communion, a few words here concerning it may not be out of place.

The Lambeth Conference, though not clothed with any judicial powers, by which its decisions could be enforced, will always have a peculiar authority of its own. Its authority is exclusively derived from the profound respect with which the Conference is everywhere regarded by the Church at large. Earnest prayer was offered up on its behalf, that God would guide all its councils and frame all its decisions ; and now that its session is an accomplished fact, however much opinions may differ as to some of the conclusions arrived at, yet surely all will agree that the Lambeth Conference of 1888 will ever stand forth pre-eminently in the future history of the Church.

With your permission, therefore, I will now state, as briefly as possible, some of its distinguishing characteristics.

First.—It demonstrates, as no meeting of the Anglican Communion ever before demonstrated, the essential unity of the English Church.

By this unity I do not mean to emphasize the fact that the Episcopate of Canada met the Episcopates of India, Australia, Africa, China and of other lands, more or less remote ; but I do mean to emphasize the significant circumstance, that the Conference was attended by upwards of twenty-nine Bishops of the Protestant Episcopal Church of the United States. Political differences do, we all know, separate England from the great Republic. The huge stone wall of separation between the two countries is apparently cold and forbidding, but on either side the wall—as some one has beautifully said—grows the green living vine of the Church. Long have these two vines grown in immediate proximity to each other, but still separated by the wall ; to-day they have overgrown the utmost limit of the wall. Their branches and tendrils have intertwined, and while England and the United States by reason of the wall are two, the members of our Communion by reason of the vine are absolutely and indivisibly one. Their Bishops were there among us, not as strangers and foreigners, but speaking, acting, and voting as integral members of the body itself. I cannot indeed but think that the kindness, the open-handed hospitality and even enthusiasm with which they were received in England, will leave upon their minds an indelible impression which will operate in the maintenance of peace, and the cementing of those bonds of cordiality which should ever subsist between two nations who are one in the unity of blood, one in their love of freedom, one in the possession of that eternal truth which is revealed in the word of God.

Secondly.—The Lambeth Conference has declared the earnest desire of the English Church to promote the reunion of the various bodies into which the Christianity of the English speaking races is divided.

Whatever may be said concerning the past, the Church of England is now proclaiming her fixed intention of doing, with the blessing of God, all within her power for the promotion of organic unity and peace. The resolution passed by the Conference on this point was as follows :

“ That this Conference earnestly requests the constituted authorities of the various branches of our Communion, acting as far as may be, in concert with one another, to make it known that they hold themselves in readiness to enter into brotherly Conference (such as that which has already been proposed by the Church

"in the United States of America) with the representatives of other Christian Communions in the English speaking races, in order to consider what steps can be taken either towards corporate reunion, or towards such relations as may prepare the way for further organic unity hereafter."

The deep significance of this utterance is not to be overlooked. It teaches us that the Anglican Communion in seeking unity, would begin first of all with those who in many respects are most closely allied to herself; I mean the great non-conforming bodies into which our common Christianity is divided. The Christians who agree with us in holding the inspired Book of God as our only authority in matters of faith; who generally, without addition or subtraction, are willing to subscribe all the articles of our Nicene Creed; who in the lives of many of their professors have exhibited such rapture of spirit and holiness of walk as to demonstrate God's presence among them in verity and truth; these, I say, are the people of all others who are most closely and intimately connected with ourselves; and it is in reference to these that the Church requests the "constituted authorities" of the various branches of our Communion to publish it far and wide that she is ready to enter into brotherly conference in order to consider what steps can be taken towards a true corporate reunion.

Thirdly.—The Lambeth Conference has demonstrated the desire of the Anglican Communion to hold converse and fellowship with all those who are willing to meet her on friendly terms.

To the Greek Church, the Conference desired to express the hope that the barriers to fuller Communion may be, in course of time, removed by further intercourse and extended enlightenment.

The Archbishop was requested to appoint a committee to consider our relations with the *Unitas Fratrum* or Moravians. Sympathy was expressed with the old Catholics of Austria; with the struggling Reformers of Italy, France, Spain and Portugal; whilst with reference to the Scandinavian Church, the Conference was of opinion that earnest efforts should be made to establish more friendly relations with it; and that approaches on the part of the Swedish Church, with a view to the mutual explanation of differences, would be most gladly welcomed, in order to the ultimate establishment, if possible, of intercommunion on sound principles of ecclesiastical polity.

Fourthly.—The Conference has vindicated the character of the Church as a witness for the truth. It has grappled with the question of Polygamy as seen among the barbaric nations of the earth, and has endeavored to lay down a definite rule by which our Missionaries are to be guided when polygamist converts present themselves as

candidates for the Sacrament of Baptism. The sanctity of marriage has been enforced and a protest, both righteous and necessary, entered against the action of the civil law in granting divorces on other grounds than those indicated by our blessed Lord. Purity, temperance and the sacred observance of the Lord's day were all, not only advocated, but strongly urged as Divine principles to be everywhere enforced.

In conclusion, let me point you to the Encyclical letter, addressed as it is, to the faithful in Christ Jesus. A careful and judicious study of this important document will reveal the mind of the Conference on some of the great questions of the day. Its value will be variously estimated by different readers: Some will dwell on the entire absence of all statutory authority to give the utterance force, whilst others will conscientiously differ from it in many of its greatest points. Leaving it, therefore, to the prayerful consideration of all those to whom it is addressed, I will conclude this subject by saying that, God willing, I will make (according to request) some further remarks on the Lambeth Conference at our Missionary Meeting to be held on Wednesday night.

OBITUARY NOTICES.

Since last we met in Synod, the Lord has been pleased to call to His rest our late venerable and lamented friend, the Very Rev. Michael Boomer, Dean of Huron. His form, his character, his influence and his worth are too well known to need now any remarks from me. Suffice it to say that he was honored and loved by all who knew him; that as a faithful witness to the truth as it is in Jesus, he preached throughout his ministry the Gospel of the grace of God with great felicity and acceptance. Around his name will ever cling the green and fragrant memories of the past, and he himself, though now at rest, will ever live in hearts that knew and loved him here.

Another of our number, called to his final home, has been the late Rev. Richard Dingwall Freeman, at the time of his decease Incumbent of the Parish of Glanworth

As he entered the ministry late in life, and was comparatively a stranger to many in the Diocese, I desire to say as one who knew and loved him, that he was a man of childlike faith, with strong and rigorous convictions of the truth. A loving and devoted brother, a pastor full of sympathy and devotion. He fell asleep in Jesus with a smile upon his face, the index of a deeper peace within, and a brighter home beyond.

Concerning the Diocese, I am thankful to report that, both as regards our finances and the record of work done, there has been

progress and increased activity. It gives me pleasure to say that the Mission Fund debt has now been reduced to the small sum of \$500, an amount so insignificant that, to use the language of the Secretary-Treasurer, the debt is to-day practically extinguished. The receipts this year are in excess of those of last, and would be far more than they are, were it not for the very reprehensible habit indulged in by some, of neglecting, in an almost wholesale manner, the various offertories appointed by the Synod. When these omissions amount, as they usually do amount, to several hundred in the year, it is easy to see the very grave and irremediable loss which is suffered by the Diocese at large.

I think it only fair to state, in this connection, that while many of our clergy omit the collections from the wrong impression that their people are being too frequently solicited, yet there is another view of this subject which they would do well to take, and that is the following: That, irrespective of the loyalty which every clergyman is bound to show toward his own Diocese, and which loyalty should ever lead him to say that "Where his Synod commands, his duty is to obey," irrespective, I say, wholly of this consideration, there is this thought, that there must be in every congregation some to whom it is a real pleasure to give, be the amount never so little which they have to bestow, toward the offertory appointed by the Synod. They are therefore debarred, and, I think, wrongly debarred, by the non-action of their clergyman from giving toward an object which has enlisted their sympathy and support. In concluding this subject, I may say that, if a clergyman announces a collection and there is no response whatever, he at least has done his duty, it is the people who are indifferent to the cause, but if he himself absolutely fails to give out any notice whatever, then, I think, not only the Synod, but the people themselves, have a just cause of complaint.

THE SUPERANNUATION FUND.

As this is a fund in which at least the clerical section of the Diocese is deeply interested, I will call your earnest attention to the amendments proposed to be made in Canon XXI. As you cannot too jealously guard a fund of such immense value as this, I trust that its various clauses will be carefully and attentively weighed before any conclusion is finally arrived at.

EPISCOPAL WORK.

CONFIRMATIONS.

Between July, 1887, and June, 1888, I have confirmed 2,192 candidates. In addition to these, there were 93 more, kindly confirmed for me by the Bishop of Niagara, on an occasion when I was too indisposed to be present. The proportion for the year was as follows: Males 827, females 1,458, total 2,285. I may add that, during the five years of my Episcopate, there have been confirmed 8,011 candidates, all of whom, with the exception of the 93 above alluded to, were confirmed by me separately and individually.

NEW CHURCHES.

I have much pleasure in saying that the following new Churches have been built and opened:

1. In February last I opened St. Paul's Church, Southampton, an exceedingly neat and commodious building, reflecting great credit on the Clergyman, the Rev. T. L. Armstrong, and his congregation for their zeal and good taste.

2. In May last I laid the foundation stone of St. George's Church, Hamburg. This Church was subsequently opened by the Commissary during my absence. Great praise is due to the Rev. J. Edmonds and his faithful congregation there for their zeal in this work. Their numbers are few, and surrounded as they are by a vast German population, the difficulty of bringing their work to a successful termination was great. I must give them a high and well-merited meed of praise.

3. In October, 1887, a beautiful new Church was opened at Glanworth, displacing the old wooden structure of many years' standing. Christ Church, Glanworth, is an exceedingly handsome structure, built after designs of Mr. Craddock, of this city, and reflects great credit on the devoted congregation there, who, with their minister, the Rev. Clarence Ball, worked zealously for its erection.

4. On the 8th of January I opened a remarkably neat and commodious Church at Comber, called the Church of the Ascension. As the Church of England has never had a building in this place before, great praise is due to the earnest members of the flock there, who, with their late devoted pastor, the Rev. T. H. Brown, brought the work to its present completion.

5: *Trivett Memorial Church.*—This remarkable and beautiful Church, built entirely at the expense of Mr. Trivett, of Exeter, and whose foundation stone I laid in August, 1887, is now, God willing, to be opened for Divine service on Sunday, December 23rd. In order

that as many friends as possible may be present at the consecration, Mr. Trivett desires that a week day be selected for that purpose, and, therefore, as soon as the date is agreed upon, it will at once be made known. In Mr. Trivett's name, as Chairman of the Building Committee and as Bishop of the Diocese, I extend to you all a hearty invitation to be present, not only to enjoy and be edified by the service, but to show your loving appreciation of Mr. Trivett's noble and open-handed liberality in erecting so splendid a Church to the glory and praise of God.

6. *St. John's Church, Desboro.*—This handsome and commodious Church has been erected by the indefatigable labors of the Rev. T. H. Fairlie and his devoted congregation. I may say that Mr. Fairlie has shown the most praiseworthy zeal and consecration in his vast and important parish, which will soon imperatively require sub-division.

7. *St. John the Evangelist, London.*—This extremely handsome Church has been erected by the self-denying labors of the Rev. Principal Fowell and the members of his late flock. The congregation of the new Church is that which lately worshipped in the Chapter House, but in historical continuity is the same as that which formerly occupied St. John's Chapel, in connection with Huron College. The new Church is a credit to their zeal and energy.

8-9. A new Church has also been built and opened by the Rev. G. C. Mackenzie, Rector of Grace Church, Brantford, at Terrace Hill, in the immediate vicinity of the city. Mr. Mackenzie deserves great praise for the zeal and energy which he has displayed, not only in the erection of this Church, but also in the projection and completion of another at Holmdale, which I am to open, God willing, on Sunday, December 16th. It is well when leading and powerful Churches set an example of expansion and increase.

10. *All Saints Mission Chapel.*—The Rev. Canon Richardson, with his accustomed zeal and devotion, has rented and will, I trust, soon secure a really splendid building situate in a densely populated district, lying to the south of the Memorial Church. The rector, by means of a student, now supplies this Church with two services on the Lord's Day and one during the week. I sincerely trust that this valuable property may soon be secured to the Church.

11. *Christ Church, Forest.*—I am delighted to find that our friends here have, under their energetic rector, the Rev. Arthur Murphy, erected a new Church which, God willing, I am to open on the 6th of January.

ORDINATIONS.

I have held two Ordinations throughout the year. The first, in St. Paul's Church, Woodstock, November 6th, 1887, when there were ordained to the Diaconate :

- (1) A. Murphy, now in Forest.
- (2) W. G. H. Colles, School Inspector in the County of Kent.
- (3) T. A. Wright, Incumbent of Gorrie.
- (4) W. J. Connor, Incumbent of Dresden.
- (5) William Lowe, Incumbent of Wardsville.
- (6) T. L. Armstrong, Incumbent of Southampton.

To the Priesthood :

- (1) The Rev. A. D. Dewdney, Rector of Durham.
- (2) The Rev. Geo. M. Cox, Rector of Onondaga.
- (3) The Rev. Jabez Gander, Incumbent of Pelee Island.
- (4) The Rev. Rolfe Seaborne, Rector of Thorndale.
- (5) The Rev. T. H. Brown, Rector of St. John's Church, Thamesford.

Deacons, 6 ; Priests, 5 ; Total, 11.

The second Ordination was held in St. George's Church, London West, when three Deacons were ordained, namely :

- (1) T. E. Higley, Incumbent of St. James', Hanover.
- (2) M. G. Freeman, Incumbent of Parkhill.
- (3) F. H. Fatt, Incumbent of Comber.

Thus there have been ordained during the year nine Deacons, while five have been advanced to the Presbyterate.

ST. PAUL'S CATHEDRAL.

I desire to explain to the Synod the position of St. Paul's Church, London, as the Cathedral Church of the Diocese.

As the matter is one of public interest, I will read the deed of agreement in its entirety, only prefacing my remarks by saying that its terms are mainly a copy of what is now known as the "Montreal Agreement," a compact which is gradually becoming the model for all Churches having a dual capacity.

Agreement made and entered into the thirteenth day of June, one thousand eight hundred and eighty-seven.

Between the Right Reverend Maurice Scollard Baldwin, Bishop of the

Diocese of Huron (herein called the Bishop) of the one part and the Reverend George M. Innes, Rector of St. Paul's Church, in the city of London, in the said Diocese (herein called the Rector), and T. Herbert Marsh and William J. Reid, of the said city of London, Church Wardens of the said church (herein called the Church Wardens), of the other part.

Witnesseth, that the parties hereto are agreed that the Bishop shall constitute the said Church of St. Paul, the Cathedral Church for the time being of the said Diocese of Huron, upon the terms and conditions hereinafter contained, and the Bishop doth hereby ordain and declare the same accordingly.

1. The Bishop shall, without previous notice, take such part in the services of the Church as he may desire. And upon at least four days previous notice to the Rector, or his representative for the time being, occupy the pulpit of the said Church and preach; provided that such notice shall not be given more frequently than twice in any month.

2. The Bishop may, upon due notice to, and the concurrence of the Rector or his representative for the time being, admit or introduce any clergyman to preach or officiate in the Church.

3. Upon the occasion of a visitation, ordination, confirmation meeting of the Synod, public thanksgiving or fast, the services of the Church shall be under the direction of the Bishop. On such occasions the Bishop shall assign seats to the Clergy, but the Rector shall have at all times a right to his own seat.

4. If at any service the Archdeacons, Canons, or any of them are present, they shall occupy such seats as the Bishop shall appoint.

5. The assistant ministers of the Church shall be nominated to the Bishop by the Rector, but shall not officiate therein until duly licensed by the Bishop.

6. The Bishop shall, on giving due notice, have the use of any vestry or schoolroom connected with or appertaining to said Church for any meeting he may desire to hold, provided the same has not been appointed for any parochial purpose at that particular time.

7. The Rector and Church Wardens agree to make all proper provision for the conduct of all such services as the Bishop may appoint under section "3" above.

8. Nothing herein contained shall be taken or read to deprive the Bishop or his successors of the right at pleasure to make and constitute any other Church within the said Diocese of Huron to be the Cathedral Church of the said Bishop and his successors, in the place and stead of the Church aforesaid.

In witness whereof the parties hereto have hereunto set their hands and seals.

APPOINTMENTS.

Throughout the past year I have made the following appointments, which I now formally announce to the Synod :

First, to the Deanery of Huron.—As Rector of the Mother Church of the Diocese, and as one entitled by his position, his years and his character, to the office, I have collated the Rev. George M. Innes, M.A., to the Deanery of Huron, vacant by the death of the late Very Rev. Michael Boomer.

Secondly, to the Archdeaconry of Grey.—To this dignity I have collated the venerable A. H. R. Mulholland, Rector of St. George's Church, Owen Sound. As the Archdeacon has now been working in the area covered by the Diocese of Huron for nearly forty years, having been ordained in the year 1849, and, what is more to the point, has been in one parish throughout this immense period, his record of service deserves the praise of the Diocese.

Thirdly and Fourthly, as two positions in the Chapter became vacant by the preferment of the Very Rev. Dean Innes and the Venerable Archdeacon Mulholland, I collated to these vacancies the Rev. A. S. Falls, who has, with so much acceptance and ability, labored in this Diocese since 1859; and the Rev. Evans Davis ordained in 1871, whose burning zeal and entire consecration are the admiration of all who know him.

RURAL DEANERIES.

As regards Rural Deaneries, I wish it to be distinctly understood that I purpose, God willing, making from the present a change in the manner of their appointment. The plan I have adopted, and which is, in the main, similar to that pursued in a neighboring Diocese, is as follows :—

On a Rural Deanery becoming vacant, I will request the Archdeacon of the District to summon a meeting of the Ruri-decanal Chapter, as at present constituted, that is to say, consisting of Clergy, Churchwardens and lay representatives. At this meeting the Archdeacon will preside. It will be his duty to call upon the members present to elect by ballot the Clergyman whom they desire should occupy the office of Rural Dean. Upon his election being declared it shall be his duty to transmit the name to me, and then, if there be no reason to the contrary, I will appoint the Clergyman so elected by giving him a commission under my hand and seal. In other words, I give to the Chapter the nomination, reserving the actual appointment to myself.

As regards the duties of Rural Deans and other functionaries

the question is one of great difficulty and must be handled with becoming delicacy ; as, however, a committee of the Provincial Synod has been struck to consider the whole matter in all its bearings, I trust that something both uniform and satisfactory may soon be arranged for the well-being of this part of our internal economy.

HURON COLLEGE.

As this College is now, with the blessing of God, greatly prospering under the able and judicious care of the Rev. Principal Fowell, I trust it will receive the full and hearty support of the entire Diocese. The great and pressing want of the day is earnest, consecrated young men—men full of faith and of the Holy Ghost. Most earnestly, therefore, would I urge you, if you know of such, to press them to enter, and without delay, this noble institution, where, under its able Principal, their spiritual life will be developed and their minds enriched with treasures both new and old.

THE WOMEN'S AUXILIARY.

I cannot too earnestly commend this good work to you ; nor can I too frequently say that just in proportion as we give out do we receive in return. The Women's Auxiliary of this Diocese is doing a great and noble work, and I trust that the Clergy will give it their hearty and cordial support.

UNION WITH OTHER CHRISTIAN BODIES.

As you are well aware, a deep and widespread movement is now on foot to consider the question of union with other Protestant Bodies, and while I am not in a position to say much, I may say this, that you who have studied our Lord's most emphatic words concerning unity, must see how supremely important it is, that we should do all in our power to bring about so holy and glorious a result. Let me urge you, therefore, to remember this subject at the throne of grace, and earnestly to pray that He who is our Great High Priest within the veil, may fill us all with the Spirit of Unity and Peace ; and by making us in absolute union with Himself, make us in absolute union one with another.

THE QUIET DAY.

I held in February last a Quiet Day with the Clergy, my object being the quickening and deepening of our spiritual life—the bringing us nearer our risen Lord, and the making us to realize how infinite is His glorious fullness to supply to the uttermost all our need. I cannot indeed say, dear brethren, whether you received benefit or only say the day could hardly be without some stimu-

My own conviction is, we all need a closer, more intimate union with our living and exalted Head—more of His presence in the heart, more of His power in the life, more of His grace within the lips. Then would we be like Him—the personal and constant witnesses of His truth and power. I wish emphatically to say that throughout my future Episcopate, should the Lord be graciously pleased to prolong my days, my efforts will be to promote first and chiefest of all the spiritual life of the Diocese, believing that as our Saviour taught us to seek first the Kingdom of God and His righteousness, all other things shall be added unto us.

And now, trusting that God will guide us to a right judgment in all things, and will lead us to those conclusions which will most advance His own glory and the Kingdom of His "dear Son, I will conclude by expressing the hope that if this be one of the shortest sessions of Synod, it may be one most beneficial for good.

Annual Report.

The Executive Committee herewith submit their annual report :

DIOCESAN INCOME.

1. The Committee are glad to be able to record a considerable increase this year in the amount of moneys received from the Diocese as annual income, the total being \$18,744.40, a gain of \$2,902.69, as compared with last year.

2. The increasing interest in the cause of Mission work beyond the borders of our Diocese is a most encouraging feature, and cannot fail to bring a direct blessing on our own more immediate home operations.

3. In this good work the Committee feel that much is due to the zeal and energy of the Women's Auxiliary. The Committee desire to call special attention to the generous and persevering efforts of Mrs. Boomer, who so successfully organized and carried out to completion her Jubilee Offertory for the Missionary Diocese of Algoma, which realized \$1,032.34 from the Diocese of Huron.

4. **CLERGY MAINTENANCE AND MISSION FUND.**

The overdraft of this Fund, which, at last Synod, amounted to \$4,916.48, has been reduced to \$535.08, and may, therefore, be now considered as fairly extinguished.

The practical working of the Clergy Maintenance and Mission Fund Canon has, so far, been most successful, and although, in one or two cases, difficulties have arisen, as might naturally be expected, yet your Committee feel satisfied that if administered with due regard to its spirit and intention, the operation of the Canon will prove most beneficial to the best interests of the Diocese.

5. **FOREIGN MISSIONS.**

The receipts of the year have been :

Epiphanytide appeal, 1888.....	\$995 00
Collections and Subscriptions for Jews.....	616 24
Irish Missions.....	46 53
Thames Mission.....	5 00
East India Missions.....	5 00
Rev. J. C. Robinson's Japan Mission ...	209 41
Unappropriated	85 00
Total	\$1962 18

An increase of \$410.54 over last year.

6. **DOMESTIC MISSIONS.**

The receipts for the year have been :

For Algoma, including \$700 for Bishop's Stipend....	\$1128 80
Ascensiontide appeal, 1887	690 40
For Rev. Mr. Brick's Northwest Mission	479 88
For Sabrevois Mission, collected by Rev. Mr. Rollett	510 00
Unappropriated	6 00
Total	\$2815 08

An increase of \$524.04 over last year.

To this must be added the increase in the Women's Auxiliary of \$1,336.04 for the past year.

7. WIDOWS' AND ORPHANS' FUND.

The number of pensioners on the list remains the same.

Pensions amounting to \$5,020 were paid during the year.

The half-yearly collections were \$1,013.28, being \$67.24 less than those of the previous year.

A large number of the annual subscriptions of the Clergy are in arrears, and it is greatly to be desired that all annual payments and dues should be promptly remitted, in accordance with the provisions of the Canon, not later than March 1 in each year.

8. SUPERANNUATION.

Superannuation allowances, amounting to \$5,348.38, were paid during the year.

There are still 12 annuitants on the list.

One superannuated Clergyman, the Very Rev. Dean Boomer, has been called to his rest.

9. THE SEE HOUSE.

The subscriptions received during the year amount to \$435.23, the balance of the debt being \$14,311.45.

10. ACCOUNTS.

The printed audited accounts show the position of the various Funds.

11. COLLECTIONS OMITTED.

There is still room for considerable improvement in the matter of making the required collections.

The following summary gives the details :

Annual Subscriptions	25
Meetings	35
Mission Fund Collections	55
W. & O. Fund	30
Domestic Missions	30
Foreign Missions	20
Algoma	15

In making the above summary, due allowance has been made for vacant Missions and cases of absence.

12. LONDON RECTORY SURPLUS.

In June, 1888, the Executive Committee passed the following resolution :

Moved by Mr. R. Bayly,

Seconded by Rev. W. Davis,

That a Committee consisting of Rev. W. A. Young, Messrs. M. Wilson, Chas. Jenkins, A. H. Dymond and W. At the September meeting of the Committee action was taken as follows :

The Chairman, Rev. W. A. Young, presented the following report :

To the Executive Committee of the Diocese of Huron :

The Committee appointed at the June meeting of the Executive Committee "to consider and bring in a plan for the distribution of the London Surplus Rectorial Income so soon as the judgment of the Court of Appeal has been pronounced," beg to report as follows :

1. That the Court of Appeal for Ontario pronounced judgment in the case about the first day of July last past, unanimously sustaining the judgment of Mr. Justice Ferguson, and confirming the decree with the variation that reference to any additional Incumbents within the Township of London, whether they should be entitled to share or not, was to be omitted.

2. That the Committee held a preliminary meeting, all the members being present except Mr. Grey, in London, on the 8th day of August, and having before them the resolutions of the Executive Committee and the judgments of the Courts, agreed to notify the various Incumbents and Churchwardens of all the Churches within the Township of London, that the Committee would sit again on the 15th day of August, at the Chapter House, London, and would then be prepared to hear anything that those claiming to share might desire to urge in reference to the principle of distribution or as to the proportion of the surplus to be allotted to each.

3. That pursuant to such resolution and notice the Committee met in London, at the Chapter House, on the 15th day of August, and heard either personally or by their representatives all the Incumbents of the Churches within the Township of London, and the Churchwardens of the same, with the exception of the Rector and Churchwardens of St. John's Church, London Township, who did not appear.

4. That the Committee find from the evidence before them, including copies of the patent granting the endowment and of the various Acts and judgments dealing with it, that the endowment was granted

(a). For the spiritual welfare of all the Crown's "loving subjects," within the Township, and

(b). To attain this end—for the support and maintenance of a Protestant clergy duly ordained according to the rites of the Church of England.

5. That the clergy now entitled to share are the Incumbents of the following Churches, viz. :

- | | |
|--|------------------------|
| (1.) Memorial Church, London, | Rev. Canon Richardson. |
| (2.) Christ Church, London, | Rev. Canon Smith. |
| (3.) St. John the Evangelist, London, | Rev. Principal Fowell. |
| (4.) St. Matthew's Church, London East, | } Rev. W. M. Seaborne. |
| Emmanuel Church, London T'wns'p, | |
| (5.) Trinity Church, London Township, | } Rev. R. Wilson. |
| St. George's Church, London Township, | |
| (6.) St. George's Church, London West, | } Rev. G. B. Sage. |
| Church of the Hosanna, London Township, | |
| (7.) St. John's Church, London Township, | Ven. Archdeacon Marsh. |

But the last named Incumbent and congregation were not parties to the suit, nor did they advance any claim before this Committee; the Parish of St. John being in the enjoyment of a separate Crown Rectorial endowment.

6. That the Committee, upon a careful consideration of the whole case, agreed that a just distribution must have regard mainly to

(a). The numbers to be benefited by the spiritual ministrations of the clergy sharing in the Fund, and

(b). The resources, including endowments of the Parishes, ministered to by such clergy.

7. That the Committee, in accordance with the foregoing, therefore recommend as a present settlement, subject to such change as the Synod agreeably to the terms of the Act "may from time to time direct," the following distribution of the divisible surplus of the London Rectorial Fund, to date from the judgment of the Court of Appeal :

(a.) That the sum of \$1 be paid to Ven. Archdeacon Marsh, the Rev. W. M. Seaborne, the Rev. Robert Wilson and the Rev. Geo. B. Sage or his predecessor, in full of all claims up to the date of the judgment of the Court of Appeal.

(b.) That the sum of \$1 per annum be paid to the Rector of St. John's Church, London Township.

(c.) That after these sums have been first paid the residue of the Fund be divided into fifty equal shares, of which there shall be paid annually to the

Suspension of Rules of Order.

On motion, duly carried, the Rules of Order were suspended.

Address to His Lordship the Bishop.

The Committee appointed to prepare the address reported, and the following address was then read by the Rev. John Downie, the Synod rising :

To the Right Reverend Maurice Scollard Baldwin, D.D., Lord Bishop of Huron.

RIGHT REVEREND FATHER IN GOD,—We, the Clergy and Laity of the Diocese of Huron in Synod assembled, are pleased with this opportunity of making known to your Lordship our gladness of heart on your safe return to your Diocese, and our gratitude to Almighty God who, in His kind Providence, has brought you once more to our midst. We rejoice that your Lordship had the opportunity and pleasure of attending the Lambeth Conference of Bishops, conceded to be the most important council in the history of the Church, and we have no doubt but that we, as a Diocese, will reap the benefit arising from your Lordship's co-operation and intercourse with such an august body of divines. We are pleased to add our testimony at this time to what is already admitted as a fact, that the Diocese as a whole is in a most prosperous state financially and spiritually, which is greatly owing to your Lordship's ability and devotion in the work entrusted to you. We now desire to assure your Lordship that it is our purpose and privilege to stand by you and uphold your hands in the work of our common Lord in the Church so dear to us all. We regret exceedingly to have learned of the ill-health of Mrs. Baldwin, but we are pleased to hear of decided improvement since her return; and we fervently hope and pray that she will soon regain her usual good health so as to enable her to engage in those benevolent and Christian works which are so dear to her. It only remains for us to state that we are rejoiced at your Lordship's expression of pleasure on your return to your Diocese, there to remain so long as the Lord is pleased to spare you and give us your valuable fostering care and oversight.

The Bishop in reply, said :

MY DEAR FRIENDS,—We are able sometimes to bear with becoming fortitude the opposition and taunts of those who differ from us, but there is nothing which so unmans and tries us as the burst of generous sympathy, coming from loving friends—the overflow of feelings, warm and affectionate, which, though existing, have, like some great rivers, been unseen before.

Situated as we are, it is not possible to escape the incessant storms and antagonisms which ever and anon sweep fiercely down the path of life. They are our necessary lot, the discipline by which we are to be brought nearer Christ, the refining by which the gold is to be separated from all its alloy. Most refreshing, however, do I find it to hear from your own lips that I am in possession of your good will, and that you heartily co-operate with me in the great work to which I have been called. It is the most grateful and stimulating act of kindness which I have received during my Episcopate. Differences of opinion there will of necessity arise, and no Bishop, however well disposed, can possibly carry out every programme that may be suggested to him. He can but do that which, after weighing all the circumstances, seems to him the best; and if, therefore, after five anxious years of Episcopal supervision, I have to-day your sympathy, your co-operation, and your prayers, I do rejoice, yea, and I will rejoice.

I have also to thank you for your kind expressions regarding Mrs. Baldwin. The state of her health has been one of the shadows which has fallen upon my path, but, as Faber beautifully says, "The sweetest smiles are made from tears," and my sorrow is being turned to joy for, I am thankful to say, that through Divine mercy she seems now to be recovering her strength. I thank you very deeply, very sincerely, for your address.

The Synod adjourned at 6 o'clock.

Receiving Reports of Committees.

The report of the Sunday School Committee was presented by the Hon. Clerical Secretary.

The Committee on Sunday Schools beg to submit the following report :

1. The depository has been re-opened, and a supply of prayer books, library and prize books obtained from the S. P. C. K. and R. T. S., at the former reduced rates.

2. A selection of suitable hymns for Sunday Schools has been made from the Hymnal Companion, and printed in cheap and convenient form.

3. At the invitation of the Bishop of Toronto a meeting was held in Toronto in September, 1887, of delegates from the Sunday School Committees of the various Canadian Dioceses, to organize an Inter-Diocesan Sunday School Conference, at which meeting the Very Rev. Dean Innes, Rev. E. C. Saunders and Mr. Chancellor Cronyn attended on behalf of this Diocese. In November, 1887, the first meeting of this Conference was held in Toronto, at which representatives from several of the Dioceses were present. The Conference recommended :

a The publications of the Church of England Sunday School Institute as a basis of a uniform scheme of Diocesan Sunday School lessons to be adopted by the Church of England in Canada.

Your Committee would point out that these publications have been for several years the authorized basis of Sunday School teaching in this Diocese.

b The following course of lessons for a term of three years, beginning Advent, 1888 :

PRAYER BOOK.

1st Year. Lessons on the Collects.
 2nd Year. Lessons on the Catechism.
 3rd Year. Lessons on the Prayer Book.

SCRIPTURE LESSONS.

Lessons on the Life of Our Lord.
 Lessons on the Old Testament.
 The Acts of the Apostles.

The great Festivals to be marked by appropriate lessons ; and a portion of the Church Catechism to be recited every Sunday in addition the above lessons.

The Conference further recommended that a series of simple lessons for junior classes on the Scripture subjects embraced in the above scheme (similar to the illustrated "Leaflets for the Little Ones," issued by the Rev. Henry Holland), be prepared by a Joint Diocesan Committee to be appointed by this Conference.

A detailed scheme was also adopted for the first year, beginning Advent, 1888.

c That examinations be held annually for teachers and scholars as follows :

" 1. With a view to encouraging as many as possible to become students and candidates, the Committee recommend the division of subjects into classes adapted to two grades of teachers and two grades of scholars.

" 2. That the subjects of examination be those of the Sunday School Institute scheme for each year respectively.

" 3. That the examination be held annually in the month of December."

d A Committee was appointed to prepare a set of "Leaflets for the Little Ones," and to make arrangements for their illustration. No action has as yet been taken by this Committee.

e At a subsequent meeting of the Inter-Diocesan Committee in Montreal in April last, the question of issuing leaflets prepared by the Committee was considered, but no action was taken, consequently there are at present no leaflets issued under the authority of this Committee, each Diocese and school being free to adopt its own.

All of which is respectfully submitted,

J. W. P. SMITH, *Chairman.*

On the Jesuit Endowment :

That this Synod regards with alarm the measures recently passed by the Quebec Legislature, virtually endowing the Jesuits by giving them the grant of \$400,000 out of the public treasury, and that this Synod earnestly prays the Dominion Parliament to disallow and veto the Bill to this effect, particularly as it is supplemented by a large grant of Crown Lands, bringing up the total endowment to nearly half a million of dollars.

Adjournment of the Synod.

In conclusion, the Bishop thanked the members for their attendance. He trusted that their long deliberations on the subject of the Rectorial Surplus would be productive of a peaceful settlement. He commended the work of the Sunday School Committee in their effort to combat the great stream of rationalistic and infidel literature that was flooding society to-day, and trusted that they would put forth every possible effort to supply our people with wholesome and counteracting influences. He spoke highly of the work of a joint Committee of the various Synods, appointed to see what steps could be taken for the better observance of the Lord's Day, and concluded by expressing the hope that though the session of the Synod had been comparatively brief, it would be found conducive to the general good of the Church.

The Synod rose and the proceedings closed with the singing of the Doxology.

The Bishop pronounced the Benediction, and at 10 o'clock the Synod adjourned.

J. B. RICHARDSON,
Hon. Clerical Secretary.

SPECIAL NOTICE.

The attention of the members of the Synod is particularly called to the fact that, although large sums (as seen in the following accounts) pass through the Synod's books during each year, it is only the income derived from the *Diocese*, together with the interest from the Synod's own invested accounts, that is available for the general work of the Synod; the other sums received are either capital for investment, or the proceeds of special trusts, which have to be applied according to the terms upon which each trust is held.

REMARKS : The number of families given above are not to be regarded as Church families. There is plenty of work for a Clergyman amongst them and in the North end of Colechester, and to the South of the Church in Sandwich East. My list is not complete

They took very serious objection at Vestry meeting to the large number of special collections. A good work is being done in the Sunday School. Some of the young people are taking a very decided interest in spiritual work.

REMARKS: The members of this congregation are few, and most of them poor. They are all employed in agriculture, and only a very few hold farms of their own, and I don't think those are free from debt. During my incumbency I have received into the church by baptism many adults from outside, most of them have since left the Parish. Not less than five whole families, some of the most intelligent and useful, have left the locality, and altogether nearly 40 members of the church have removed to other parts of Canada and the United States, and no others have come in to take their place. In addition to members of the church, the congregation consists largely of Methodists, Presbyterians and Baptists, of whom I entertain a good hope. I am unable to report much progress during the past year, but rely upon the never-failing promise of an ever-faithful God: "My word shall not return to me void; but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it."

REMARKS: No church work has been done here for many years, save a week-day service by my predecessor, which he discontinued. A Sunday service has been held by me for nearly three years. The *bona fide* church people are very few. The Baptists and Methodists have a strong foothold. They are aggressive and unfavorable to our Church. I opened a Sunday School, at which I had attendance of about 20. For want of a Superintendent I was most reluctantly obliged to close it, after about a year's work.

REMARKS : In October last I opened a week-day service in a school house three and a-half miles from Delhi. The results are gratifying. The attendance has been good (from 50 to 80 or 90.) A Sunday School has been opened at 10.30 a.m., which my son has superintended, walking out and returning to take his class in Delhi in the afternoon. I have hopes that ere he leaves for Toronto I shall be able to get some one to take his place at this station. There are a considerable number of people who take interest in our services here, and there is good prospect of the church in Delhi being benefited by working at the outskirts. There is, from this point, great need for division of the Mission, so that it can be properly worked. The attendance at the Sunday School at school house is about 30.

REMARKS : Communicants increased from 28 to 45. Increased contributions for all objects except salary of Incumbent, which was, as in former years, \$150. Church repaired. Last payment made on Parsonage, but another outlay for repairs will be necessary this coming year. Although a large number have been admitted to the church by baptism, confirmation, and the number of communicants increased, yet the church population does not seem to be any larger or richer, on account of so many persons leaving for the West and taking their portion with them. Still, on the whole, I can report progress in the congregation of St. Paul's, Dungannon. The most serious obstacle to our progress is the irregularity of the services, Dungannon and St. Helen having to drop one service in the month, except for a few months in the summer. We are looking to the authorities to have this obstacle removed as soon as possible. About \$2,000 have been raised to pay off debts which I found on the church when I came. We are now out of debt so far as the buildings are concerned, but are sadly in need of new churches in Port Albert and St. Helen, and a new Parsonage in Dungannon or extensive repairs to the old one. Whatever progress has been made has been accomplished by my own individual efforts in my place, not written or spoken of elsewhere than here. We feel, however, that we have reached our limit of progress until we have a regular weekly service.

REMARKS: In connection with this part of the Parish there is a Mission room at the village of Holland Centre, three miles distant from the church, for convenience of those residents of the village who are church people. I have held here 48 services during the year all on week days, at which the average attendance is 60. I am satisfied that this congregation of St. Mark's will never grow until the church be removed into the village. In fact it is only by extraordinary efforts that I am able to hold 15 church families which reside in the village.

REMARKS: There is no growth. The village of Invermay is going down, although Tara is increasing. They are all M-thodists or Presbyterians who are coming in. Our church families are constantly leaving this part of the country and none are coming in. Our church is not well situated for Tara. The Methodists have closed their church at Invermay, but have one at Tara. The Baptists are trying Invermay at present, but they have not hurt us yet. Our congregation here has slightly increased lately, and a good class is preparing for confirmation. The Parochial collection was slightly in excess of former years and the stipend about the same.

REMARKS: The above return is, as stated, for the year ending April 30th, 1888. On the 1st ult. the church was opened for Sunday School, and on the 4th for weekly evening service. It had been closed for about five years before by the Diocesan authorities. My re-opening of it was under the authority of the Rural Dean, upon my inquiring of him. The Sunday School has 3 teachers and about 25 scholars. The attendance at the services averages 25. I ought to mention that the Sunday School had been held in the church during the summer of 1886-87. The holding of school or service in winter, however, will depend altogether on the building being put in repair. There have been 2 infant baptisms.

CHURCH FABRIC: Brick; value, \$3,000; insurance, \$1,000; repair, good; sittings, 150; not consecrated.

REMARKS: This congregation, like that of Thamesford, has suffered by the loss of several of its contributors going away, and has gained none by new ones coming in. The church, however, shows, by its attendance and contributions, a slight increase, and a good number (some 19 persons) have signified their desire to lead a new life and to join the church, most of them being young men. Their contribution this year to the Mission Fund is larger than any previous year. The church has also made much material progress in the way of improvements upon the church and grounds.

REMARKS: Half of the purchase money of church and shed has been paid, leaving \$30 to clear the property. The organ is paid for. Resolutions were passed at Vestry meeting as to improving shed and levelling the church by underpinning. In July last, by the aid of my son as Lay Reader. I opened a service at Glenmeyer. The attendance has been good. There are 15 church families and 8 adults not included therein. Here and at Langton there is strong probability of additions from other bodies, or those not identified with any church. At Glenmeyer there are a number of church people with rising

OFFERINGS: Diocesan, \$80.23.

CHURCH FABRIC: Wood; being repaired; consecrated. Parsonage: Brick; value, \$1,200; repair, fairly good.

REMARKS: During the year very material progress was made. Sunday School was changed from 9.30 a.m. to 2.30 p.m., with an increased attendance. New chancel added. New pipe organ added. There was a great want for a vestry, and this was also added, together with a furnace for heating both chancel and vestry. We also purchased a small organ for use of Sunday School, and Mrs. Ker collected sufficient to procure a new chancel carpet, which commenced very feebly, gradually increased in interest, so that during Passion Week we had very large congregations. My removal about Easter time disorganized, to some extent, the ordinary work, but under my successor it is going on now as usual. The experiment of making the offertory the medium of collecting the Mission contributions did not prove a success, owing doubtless to my removal.

contributions of the people. The people are paying the full assessment for minister's stipend. They have also begun the building of a new church edifice by procuring material. There are two plots of ground held in trust for church purposes. One, known as the Luard Plot, situated in the township of Colborne, on the boundary between the Luard Plot, situated in the township of Colborne, and about two and a-half miles from the town plot of Port Albert. In connection with this there is a fund of about \$800. The other, known as the Town Plot, is situated in the village of Port Albert, near the main street or road, and on the bank of the Nine Mile river. The former contains 5 acres, the latter about 6 3-10. The latter has been chosen by the congregation as the more suitable on which to erect a building. We found we could not, without help, erect a building suitable to our wants, and so we have asked the proper authorities to help us by giving us, if possible, the money held in trust, known as the Luard Fund. With this help we can build a very neat church, and then we feel the success of the church is assured. The barn-like building we now worship in is not suitable to our manner of worship, not even as suitable as a country school house. The land on which it stands belongs to a Presbyterian. The deed was never recorded. We may be turned out at any time or disturbed, as our only claim is that allowed by the Statute of Limitations.

REMARKS : During the year ending April 30th, 1888, we have lost many of our congregation by death or removal. But our gains more than counterbalance our losses, so that there is an increase over last year, both in the church population in the Parish and in the number of communicants. With regard to the Sunday School there has been an increase in the number of children on the roll. A large amount of the debt on the school house has been paid off. The church and school house grounds have been graded, sodded, tile-drained and boulevarded, and present a beautiful appearance. Forty-three candidates have been prepared for confirmation.

CHURCH FABRIC : Wood ; value, \$1,000 ; repair, good ; sittings, -150 ; not consecrated.

REMARKS : This station does not contribute a sufficient sum to enable Incumbent to defray his expenses to and from the church. Many of the families have left the neighborhood, and few new settlers are coming in, owing largely to the German element ; it preponderates. The services are poorly attended, rarely reaching over 30 in number. Many of these could easily attend the church at Listowel, thereby affording the Incumbent an opportunity of presiding over the Sunday School.

REMARKS : Notwithstanding many removals from the Parish, the preacher's book, Sunday School report and churchwardens' accounts show marked improvement in attendance and offerings. The improvement in offerings has been specially noticeable in the Sunday School which has more than fulfilled its obligation of \$37.50 per annum to the Shingwauk Home undertaken in the previous year. A Parochial branch of the Woman's Auxiliary to the D. and F. M. S. has been organized, and I can say is working and contributing to the best of its ability. A Young Men's Guild has been organized, its primary aim being to furnish the Sunday School with a place of meeting.

OFFERINGS: For Parochial objects, including stipend, \$562.05; for objects outside Parish, \$125; Diocesan, \$46.26.

CHURCH FABRIC: Stone; value, \$3,500; debt, \$81.18; repair, good; sittings, 350; consecrated. Parsonage: Frame; value, \$1,500; debt, \$51; repair, fair.

REMARKS: The church has made *no* growth in one sense, for the number of members and contributors has diminished by some 18 persons, who have gone to other parts, and as far as I can find *only one* church family and one single churchman have filled their places. There has been growth in one respect, some three or four families who formerly took no interest in the church have become active members, and much life and zeal has been shown by many of the others. Last fall the ladies of the congregation sent to Touchwood Mission, N. W. T., a box of goods valued at \$125 being *their first* effort of the kind in this Mission. Very much material progress has been made on the church.

REMARKS: A family of seven persons and two members of another family have been added to the church from outside, an increase of 12 communicants. The large number of communicants in this small Parish speaks for itself, so also does the abounding liberality, when it is considered that there are no really wealthy people in the Parish. The majority of them are farmers. Some of them own their farms and are in comfortable circumstances, and others have mortgages on their farms, which they are struggling to pay off.

Yet, notwithstanding these losses, the average attendance the past year was slightly in excess of the preceding years.

ago was 83. There has been an increase of 37 within the past year, with a number of additional applicants for pews at present. The income for pew rents reached \$1,920 during the past year, which is certified to have been the largest amount ever derived from this source in All Saints' Church. The amount of clerical stipend was increased from \$1,200 to \$1,500 per annum, and the rate of increase was antedated by the vestry, making it payable from the commencement of the present incumbency. In the Sunday School the superintendency has been changed, the Rector himself taking the office a few months ago. The increase of attendance during the year has been more than one-half as many again, viz, from average of 120 to 190. The choir, which had become disorganized, and consisted of about 12 boys and two or three adults a year ago, is now in thoroughly efficient order and numbering 40. A Parochial Association has been auspiciously established, with several branches. As (1) Churchman's Auxiliary Branch; (2) District Visiting Committee; (3) Churchwoman's Sewing Society; (4) "Willing Workers," or Children's Sewing Society.
