WAR NOTES.

London, April 26.—According to the special despatches from Athens the Greek newspapers declare that United States made an offer of \$9,000,000 for the entire Greek navy.

Spain, according to the despatch from Rome to a London news agency, has bought the Italian Navigation Company's 'Sirie,' 'Orione' and 'Regina Margherita' for conversion into auxiliary cruisers.

Arrangements have been completed by this government to supply the Cuban insurgents with arms and ammunition.

The government is preparing now to land in Juba from 25,000 to 30,000 stand of improved Springfield rifles, a number of artillery batteries, rapid-fire Maxim guns and an abundance of ammunition for the effective use of them.

Albany, N. Y., April 27.—Governor Black to-day despatched this message to Mr. Alger Secretary of War in response to the telegram received by him late on Monday night, asking him if the state could furnish at once twelve regiments of infantry and two troops of cavalry. Your telegram received. New York's full quota will be ready any hour you call for it.

New York, April 27.—A despatch to the 'World' from Berlin says: Herr Liebknecht, leader of the German Social Democratic party said, in an interview: 'The importance of the present contest is that America has crossed the rubicon of neutrality as regards her attitude toward Europe. She certainly will not stop with Spain. Her next step will, in all probability, be taken in the Far East, with England and Japan as allies. Both, the United States and England have been making preparations for this alliance for a year. Should it be ratified, then farewell to the so-called world politics of the European powers.'

(Bayonne, France, Wednesday.)—Mail advises from Madrid say a Spanish squadron sailed yesterday, and it was rumored it was going to bombard the northern part of the United States.

Bangor, Rockland, Belfast, Bucksport, and other Maine towns are in fear of the war, they being entirely without any form or means of defence. The government is asked to place mines and torpedoes in the harbors.

Canadian steamship and railway companies are in a fair way of getting rich, they having nearly the whole of the American export business to handle during the war.

The New York Puritan and Cincinnati bombarded the forts at Matanzas on Friday afternoon. The engagement began at 12:45 and closed at 1:15. No loss of life on the American side. Great damage was done to Ma-

tanzas, and there was loss of life. The torpedo boat Foot had another brush with shore guns, but suffered no loss of life.

The big American cruiser Minneapolis anchored at Eastport on Wednesday causing considerable apprehension lest the northern coast be threatened. However it was learned she put in solely for orders, and soon headed off again. She and the Columbia are patrolling northern waters particularly in a view of being near in case incoming shipping should need assistance and also to be on the lookout for hostile crafts.

The trend of English sympathy seems to have taken a turn in favor of Spain. Last week the press and public men of England were almost unanimously in favor of the States.

Madrid, April 28 —8 a. m.—'Spain is patiently awaiting the attack which America is noisily threatening to make simultaneously on Cuba, Puerto Rico and the Philippine Islands with her undisciplined forces, while her preachers and merchants, finding the task more difficult than they had calculated; are already quoting the bible to prove that peace is a good thing for civilized nations. On the American side are hodge-podge, brag, bluster, hypocrisy and funk; on the Spanish side are complete unanimity and readiness to die for the country, trusting in God.'

The Tucker Case.

The jurymen in the Tucker case are: J. Emery, G. S. Peabody, L. R. Margison, S. W. Smalley, H. Everett, O. Shaw, L. R. Harding, G. Good, H. White, J. Estey, J. E. Long, E. R. Squires.

Very little if any new evidence is given, and that given at the preliminary examination is so fresh in the minds of our readers that it is unnecessary to reprint it. Mrs. Tucker's evidence against Annie bears little weight, and it is popularly believed the latter will be acquitted.

The Drives.

A crew of river drivers went down this morning, they having been in the employ of Hale on the Tobique, which drive will get into corporation today.

Keswick has got his drive into the main Grand River and will get into the St. John by Sunday. Other drivers will have a hard time, it is said.

Tomorrow.

Rev. G. A. Ross's regular appointments will be filled as follows: Lansdowne, 10:30; Somerville, 3.; Hartland, 7:30.

SUMMARY.

The war situation is practically unchanged. The blockade of Cuba is still on. It is reported that the fort of Matanzas has been bombarded, but the rumor lacks confirmation. The Spanish fleet moves slowly, and all are in a quandary as to what can be Spain's method of attack. The Phillipins are looked for as the seat of the first great conflict. All nations have declared neutrality but Austria, which may lend her forces to Spain. Excitement is still intense, but, for such as we, looking from safety afar off the war progresses tediously enough.

THE HARTLAND ADVERTISER
PUBLISHED EVERY SATURDAY.

Subscription Rates:—This paper will be sent to any address for \$1.00 a year always providing the amount is paid in advance; Otherwise \$1.50 will be charged and collected.

FRED H. STEVENS, - Editor & Publisher
HARTLAND, Carleton Co., N. B.
P. O. Box, 17.

As previously stated the ADVERTISER will hereafter appear three times a week on Monday, Wednesday, and Friday evenings. Each issue will consist of four pages. The subscription price will remain as heretofore, \$1.00 a year, payable strictly in advance. There may be some who will object to such a move as there are "Kickers" who object to every good scheme. But we can divine no reason for objecting to getting four pages three times a week in place of eight pages once a week. In the hurly-burly rush incident to moving into new quarters the ADVERTISER this week has been hardly up to standard. And it may be a month before we can get down to an even and smooth tenor. However we trust our friends will forbear adverse criticism until what we can do is demonstrated.

On Wednesday President McKinley was thinking that Cuba could be reduced by hunger, when the powers will intervene to compel Spain to recognize the loss of the Island and abandon the war.

LAST SAD RITES.

The Burial at Bristol of A. A. Brittain.

The body of Albert A. Brittain who died at Skaguay came to Bristol on Thursday. Wallace Bell, who had gone west with the party of which Mr. Brittain was one, accompanied the corpse.

The funeral was held at Bristol yesterday, under the auspices of the True Blue and Orange Lodges. A very large concourse of people, numbering about 700 formed the procession in which there were 125 carriages. The Hartland Cornet Band led the cortege playing the soft sad strains of one of Mendelssohn's famous compositions. Rev. J. E. Flewelling read the services at the house, and at the grave.

The occasion was one of the saddest that Bristol has seen in many a day. A gloom is cast about the up-river village will not soon be cleared away. Mr. Brittain was 32 years of age and unmarried. His father and mother reside in Bristol, at which place deceased was a native. He was proprietor of the Bristol Woodworking Factory, which does a thriving business. But he, yielding to the desire for gold and adventure, joined Dr. Bell's party and in February started for Klondyke. They progressed splendidly. Mr. Brittain had made two trips to the summit of the White Pass, and while back to Skaguay for the third and last load he succumbed to the terrible disease, cerebro-spinal-meningitis, that is so prevalent in that region. He was taken suddenly unconscious, and remained so three and one half days when he died.

To Mr. and Mrs. Brittain, the parents of the deceased, the tenderest sympathy of this community, and all who have heard of the sad circumstances must spontaneously flow.

WAR TALK.

Opinion As Noted in the Hotels.

The Montreal Witness says: The sole talk in the rotundas of the hotels is the war. Groups here and there sit and smoke and discuss the movements of the United States fleet, the apparent apathy of the Spanish warships, and the certainty that Spain will be utterly defeated in a few weeks' time. Of those who discuss the situation the majority are Americans. The tone of the latter is that of confidence. Fortified by the "yellow journals," which present, these days, a fearful conflagration of color, the sole question is one of time. He who would suggest months is temerarious indeed. A month is the limit allowed by the coolest. The concensus of hotel opinion is that a fortnight should suffice for the greatest nation on earth to give Spain the quietus. Canadians who would venture to suggest that the war may, after all, be a protracted one, are taken by the button-hole and impressed with the magnitude of the resources of the United States. It is pointed out that all that is needed by the United States is prompt action in order that, before Spain well knows that the war has commenced, she may be overwhelmed. There is not a single listless creature in the chairs of the rotundas these days. Travel to Montreal continues to increase; the register shows a large proportion of Americans. The talk, though energetic, draws no blood, nor do the disputants, however the guns may boom, run the smallest risk, which is not, perhaps a remote consideration in the case.

The County Convention of the W. C. T. U. will be held in Hartland one week from the coming Tuesday. The meeting will be held in Burt's Hall and will be attended by the leading members in the county.

Died at Knowlesville April 23rd. Violet, infant daughter of the late Harvey, and Elizabeth Whitehouse, aged 1 year and 4 months. The funeral took place on Tuesday last from the residence of J. S. Whitehouse Esq. A sad feature is, that the bereaved mother was but three weeks before called upon to mourn the loss of her child's father, whose death was recorded in our issue of the 16th inst. The sorrowing wife and mother has the sympathy of a large circle of friends in this her double bereavement.

Among the recent arrivals in the city, who are on their way to the northern gold fields, are the members of a party of seven from New Brunswick. They are W. H. Lawrence, and Beverly and George E. Lawrence, his two sons; A. Lawrence, W. A. West, and John Walton and John Whitney, of Woodstock, N. B. The Messrs Lawrence are from Keswick, on the St. John river near Fredericton, where they have lived up to the time of their leaving for the west. They are all magnificent specimens of manhood, averaging 225 lbs. in weight and correspondingly well proportioned. Mr. Lawrence is one of the best to-do men in Carleton county. Last year he suffered the misfortune of having a large factory destroyed by fire. The party is taking into the gold fields a boiler for thawing out the ground, besides some other machinery. They will leave from here next week.—Vancouver World.

Alva Philips of Bristol returned on Wednesday last from the west. He advises our young men to stay east. He says, "I saw Wallace Bell in Vancouver and he lent me a copy of the Dispatch of March 30th. The letter in that issue signed Rambler written from Vancouver; is all right and tells the truth. It is true that all the Carleton County men I saw had work, but there may have been a good number that I did not see. Tom McRae is cutting in a tailor shop in Seattle at a good salary and Jack Gallagher struck a good job. But there are thousands of men on every coast city out of work and on their uppers. Jim Miller of Glassville came back with me as far as Montreal when he turned off for Boston. Herbert Cluff a Carleton County boy has left Vancouver in the interest of W. W. Haley, formerly of Fort Fairfield, in charge of 50 boats, capacity 1200 lbs, each. He will take them over the Chilcoat Pass and sell them at the head waters of the Yukon.—Dispatch.
