C. P. R. WILL SHIP MORE GRAIN

Bring Wheat to St. John From the West.

All Rail Routes From Grain Fields Will Be Used This Winter For the First Time.

PORT ARTHUR, Ont., Nov. 25.—A busy winter is promised for the men on the eastern division of the C. P. R. as it is the intention of the Canadian Pacific to ship a large proportion of the grain now in the west to the east by all-rail. Supt. Erickson has received word from Montreal to have his division in readiness by Dec. 1 to handle 200 cars of east-bound freight daily during the close of navigation. A special rate is to be given any shipments of wheat to European markets.

The C. P. R. have inaugurated a winter steamship service from St. John, N. B., and the grain will be carried to that port for transshipment to England by their own steamers. By this service the company is in a position to quote a rate which it is expected will be taken advantage of by a large number of western shippers, and it is anticipated that by the opening of navigation there will be but little export grain for shipment by the lake route.

Previous to this winter, the large proportion of grain was stored in the C. P. R. elevators at Port William and the Northwest was transhipped east by boat via the lakes at the opening of navigation. With the grain going east by the all-rail route, it will naturally affect the shipping trade at the head of the lakes next season. Large shipments of flour will also be made by the all-rail route.

DIED FOR A WOMAN

San Francisco Man Stops Bullet Intended to Murder Lady Member of Fire Department.

SAN FRANCISCO, Nov. 25.—Major J. W. McClung, a well known broker and clubman, was shot and probably fatally wounded last night at the Palace Hotel by Alec. Garnet. The shooting took place in the room of Mrs. Lillie Hitchcock Coit, who is famous as the only woman ever actively connected with the local fire department. In pioneer days she ran a fire with the firemen and was later elected a member of a company. Garnet was her business agent in minor matters and Mrs. Coit had a disagreement with him a few days ago that resulted in his dismissal from her employ. Major McClung, who is an elderly gentleman, was visiting Mrs. Coit last night when Garnet appeared in an intoxicated condition. He drew a revolver and attempted to shoot Mrs. Coit when McClung attempted to save her and received the bullet intended for the woman. Garnet escaped.

INTERCOLONIAL EXHIBIT.

A diploma has just been received by General Traffic Manager Tiffin from the directors of the Dominion Industrial Exhibition, recently held in Toronto, on which appear the words: "Awarded to the Intercolonial Railway by the Jury of Awards for exhibit of pictures etc." The diploma is a very fine production of the lithographic art. It will be suitably framed and added to the railway's permanent collection. The exhibit meriting this award consisted of one hundred and twenty-seven large bromide enlargements arranged to illustrate in order the route traversed by Canada's famous train, the "Maritime Express," mounted Restigouche salmon, illustrating the rise, strike, struggle and victory—and moose heads, the whole exhibit occupying nearly one thousand square feet. The many thousands of visitors to this latest of Canadian exhibits were loud in their praise of the beautiful scenery and sporting trophies of Quebec and the provinces by the sea, and it will no doubt result in many of our Upper Canada brothers visiting us next year.

NEW RAILWAY DEAL RUMORED.

Canadian Pacific and Canadian Northern May Work Together Independently of the Grand Trunk. FORT WILLIAM, Ont., Nov. 25.—The Free Press representative here is informed that a new railway deal is now pending, whereby the Canadian Pacific Railway and the Canadian Northern are going to be independent of any connection with the Grand Trunk. It is said the Canadian Northern propose building a line from North Bay or Sudbury on the C. P. R. to Toronto, over which the Canadian Pacific will have running powers, and in return for this the C. P. R. will grant the Canadian Northern running privileges over the C. P. R. line from Port Arthur to Sudbury. The informant of the above deal says it is from pretty reliable sources and that in time it will be a reality. The C. P. R. at present uses the Grand Trunk between North Bay and Toronto for direct Toronto business.

EXAMINE \$1 BILLS.

ODDENBURG, N. Y., Nov. 25.—Towns along the border are being flooded with American and Canadian \$1 bills, which have been deftly raised to \$10, by adding a cipher. Secret service men believe the bills come from either Montreal or Toronto.

POLICE COURT.

In the police court this morning Thomas O'Brien, John O'Connell, Alf Anderson and George Harder were each fined \$4 or 10 days for drunkenness, and George McQuillan \$5 or 10 days for the same offence. Edward Hatfield, another drunk, was remanded.

MONCTON THE TERMINUS.

Movement to Terminate Harvey and Salisbury Railway Through Government Subsidies Wanted

(Special to the Star).

MONCTON, N. B., Nov. 25.—The movement to make Moncton the terminus of the Salisbury and Harvey railway received impetus at the board of trade meeting last night. F. W. Sumner, president of the board, explained the proposal to have the Salisbury railway brought to Middle Cove-dale and eventually extended across the river into Moncton. Subsidies from local and dominion governments would be necessary and the board should urge upon representatives of the county to use their influence in getting the governments to assist in the proposal.

D. I. Welch stated that Dr. Swan, the practical owner of the Albert railroad, had agreed to build the road to Moncton providing both governments granted subsidies. The road would be about seven or eight miles long. If subsidies could be obtained, Dr. Swan was ready to go ahead with the work early in the spring.

Hon. Mr. Swan promised to do all he could to procure the provincial subsidy and a committee was appointed to further the proposal and report at a future meeting.

FOUR MEN BURNED

Big Grocery Store Destroyed—The Loss Was \$300,000 and Four Lives Lost.

OMAHA, Neb., Nov. 25.—Four men were burned to death and property loss amounting to \$300,000 is the result of a fire today in the wholesale grocery house of Allen Bros. at Ninth and Jones streets. In addition to the big five-story building, occupied by Allen Bros., and occupied by the Pacific Storage Co., adjoining was also destroyed with most of its contents.

FATAL EXPLOSION.

One Boy Fatally, Another Dangerously Injured by Explosion of Box of Percussion Caps.

CHICAGO, Nov. 25.—One boy has been fatally and another seriously injured by the explosion of a box of percussion caps, which they had found in a vacant building. Herman Schurke, 9 years old, was bending over the box when the explosion occurred and the sight of both his eyes were destroyed and his face and body badly mutilated. Arthur Schurke, his brother, aged 12, was standing behind him and escaped with a laceration of his right arm and leg and severe burns. The police are making an investigation of the affair. They believe that dynamite exists between the Donaldson line and the C. P. R. and which has entered into an agreement with the I. C. R. The C. P. R. people still maintain that the private undertaking exists between the Donaldson line and the C. P. R., but Messrs. Schofield say they have received no notice of any such arrangement. Samuel Schofield said today he knew nothing definite regarding the future docking of the Donaldson boats beyond the fact that one berth had been assigned to them at Sand Point and that berth would be used.

NO ARRANGEMENT WITH I. C. R.

Donaldson Liner is at I. C. R. Wharf, But Agent Knows of No Agreement.

The Donaldson liner Alcides is this afternoon discharging cargo at the I. C. R. terminus. This is not through any agreement between the I. C. R. and steamboat people, but is being done under instructions from the C. P. R., which company has agreed to receive the Alcides' cargo at the I. C. R. terminus and which has entered into an agreement with the I. C. R. The C. P. R. people still maintain that the private undertaking exists between the Donaldson line and the C. P. R., but Messrs. Schofield say they have received no notice of any such arrangement. Samuel Schofield said today he knew nothing definite regarding the future docking of the Donaldson boats beyond the fact that one berth had been assigned to them at Sand Point and that berth would be used.

JOHN HALEY DEAD.

The death took place early this morning of John Haley, a well known truck and expressman after several months' illness. Mr. Haley, who was 80 years of age, came to St. John from Ireland when he was 14 years old and resided in this city ever since. He was highly esteemed by a large circle of friends and acquaintances. He leaves three sons and two daughters, namely, Thos. H. Haley, wine merchant at Charlotte street; C. Haley, of Haley & Smith, expressman; John J. Haley of Boston; Mrs. John McGuigan of this city and Miss Annie Haley, Mrs. Haley died some years ago. The funeral will take place on Friday at 1:30 p. m. in his late residence, 11 Coburg street.

THE MUSIC CURE.

(From the Brooklyn Eagle.) The latest form of bread pill excitement is the "music cure." You just tell the music doctor where your pain is and he determines by a scientific process what sort of music will remove your ailment. For example, let us say your corns are particularly troublesome. Naturally your corns are on your feet—at least, you think they are. Logically, therefore, the thing to do is to attract your attention away from those extremities. So the learned doctor gets out his mouth organ and plays "Life on the Ocean Wave" until you are so much that your mind can't possibly get more than half way down to your feet. And there you are. The corns are removed from your mind, which is really just the same as if they had never been on your feet. This ought to be plain enough for the stupidest of us. Or, let us suppose you have chills. Simplest thing in the world to cure you. The doctor has only to prescribe Ida Somersby, of the vaudeville stage, to run in and sing a coon song to you. Immediately you imagine you are in—know—the place where they don't have chills to any appreciable extent.

GIRL GUILTY OF BIGAMY.

Seventeen Years Old; Had Two Husbands.

Couldn't Decide Between Two Jealous and Ardent Lovers, So She Married Both.

LONG ISLAND CITY, L. I., Nov. 25.—The trial of Margaret J. Hamilton, 17-years-old, of Whitestone, on a charge of bigamy was concluded before Judge Moore in the county court this morning. The jury, after being out one hour, returned a verdict of guilty, accompanied by a strong recommendation to mercy. Judge Moore suspended sentence and the girl was taken home a physical wreck as the result of the nervous strain attending the trial. The story told in court was to the effect that she was engaged to Frederick S. Kirkman for about a year. A short time ago Edward Roache, a member of the hospital corps at Willet's Point, near Whitestone, made the girl's acquaintance and fell desperately in love. He addressed her in his letters as "the only girl I ever loved." He wore a soldier's uniform and was soon the most favored admirer of the girl.

This aroused Kirkman's jealousy, according to the evidence, and the girl testified that he beat her for allowing Roache to show her attentions. In retaliation she broke off the engagement and betrothed herself to Roache. Kirkman persisted in his attentions and finally they were married on Oct. 11 last by the Rev. Francis J. Thorpe, of 218 East Twenty-seventh street, Manhattan. The day following Mrs. Kirkman became the bride of Roache. She returned home immediately following her marriage to Kirkman. The Rev. Mr. Schneider of 109 Second avenue, Manhattan, performed the second ceremony. The girl gave her true name and address each time.

After her second plunge into matrimony she told husband No. 2 about her husband No. 1. Roache consulted the girl's father about the first marriage and said he would see a lawyer on the subject of its legality, as the girl said Kirkman had used a revolver and a threat to do her harm, and so frightened her into the first marriage. The girl broke down when the verdict was announced and Judge Moore at once suspended sentence. He said: "This verdict is right. The girl acted foolishly. She had a few admirers and they turned her head. Take her home."

PUNISHING PANAMA.

The Bolivar Government Closes Its Ports to All Traffic With the Rebel State.

COLON, Nov. 24.—The text of the decree closing the ports of the department of Bolivar reached here today. It prohibits, until further notice, all traffic or business between the ports in that department and the rebel department of Panama, and says: "The department of Panama, having declared itself free and independent and having taken an effort to destroy Colombia in its integrity, dignity and honor, Colombia requires the employment of such measures as are indispensable for the punishment and suppression of the rebels." The section closing the ports mentioned is taken by the government of Bolivar independent of the Bogota government. Bolivar can do all she considers necessary for the defence of the state, and among the measures which she deems to be necessary for the purpose of the depriving of the enemy of resources and the free traffic of commerce. The decree provides also that neutral vessels having called at Colombian ports shall be refused admission to the ports of Bolivar.

NEW TRAIL FOUND.

DAWSON, Y. T., Nov. 25.—N. W. Craigie and George Bull, Mackenzie river hunters, have discovered a new pass across the Rockies, which shortens the distance to Mackenzie river over three hundred miles. The old trail by Porcupine river swung around Dawson in a great semi-circle. The new trail through the Zola pass gives direct course to Twelve Mile river, which joins the Yukon just below Dawson. The Zola pass was even unknown to the Indians. It is much easier than the one formerly used. The Zola pass leads direct to Haskettone river, a tributary of the Peel, which is a tributary of the Mackenzie.

CIRCUIT COURT.

In the case of Mrs. Davis against Brillielle VanWart, administrator of the estate of the late A. W. VanWart, in the circuit court this morning, counsel presented their arguments, and His Honor Mr. Justice Hanington summed up the evidence and charged the jury. The jury went out about a quarter to one, and at the time of going to press had not returned. The case of Jordan v. Leonard is now being tried.

3,000 NEWSBOYS FED.

Wealthy Isaac Wolfe, Once a Newsboy, Gives Great Thanksgiving Dinner and Keeps His Vow.

CHICAGO, Ill., Nov. 25.—Seventy-eight of Isaac Wolfe's employees took care of 3,000 newsboys last night and fed many youths as they were never before. Each year has increased the number of boys at the Thanksgiving dinner given by Mr. Wolfe, and this season for the twenty-first year, the regiment armory was engaged. It was here that 3,500 visitors had almost as much pleasure as the boys, while again and again the long tables were filled and emptied.

When the newsboys' plates were emptied they were filled again and when their pockets were filled with fruit. At the door they were welcomed, and when they were through they were told if they could eat any more they could come in again. The boys were served at twenty long tables, seating 1,000 persons.

EASTPORT MURDER.

EASTPORT, Me., Nov. 25.—The first step in the move to determine the murderer or murderers of Joseph Soles, a Passamaquoddy Indian, the handsome all-round athlete, cousin of the well known ball player, admired by the women and envied by the men of the settlement, was taken today. After hearing twelve witnesses, Judge J. H. McPaul found probable cause, and held Newell F. Francis and Everett Soles for trial at the supreme court. The prisoners were committed to the jail at Machias. Both men pleaded not guilty.

Soles' death on the night of the 20th instant and the last man known to have been in his company were the two Indians under arrest. Soles was a member of the Micmac tribe of Canada. Francis belongs at Oldtown, as did the murdered man. The prisoners watched today's court proceedings with characteristic stolid indifference. While at the police station Soles' death was the subject of conversation with his companion's death, but their story was injured by today's evidence.

AGRICULTURAL SOCIETY'S ANNUAL MEETING.

A meeting of the Agricultural Society is being held this afternoon in their new building. The director's report showed that the year has not been marked with any unusual event. Considerable interest has been taken in the educational work of the society and some eight or ten meetings have been held in that connection. The directors have also brought considerable pure bred stock into the county. The financial report showed an income of \$122.48 and an expenditure of \$124.80, leaving a balance on hand of \$123.05. The financial statement of the Farmers' Institute showed the receipts to be \$55.40 and expenditures \$39.75, leaving a balance on hand of \$15.65.

Six Doctors Failed to Cure Him.

ERYSIPELAS AND SALT RHEUM WAS THE TROUBLE.

Burdock Blood Bitters

DID MORE THAN SIX DOCTORS COULD DO.

Mrs. Theo. Newell, Argyle Sound, N.S., expresses her opinion of this wonderful blood remedy in the following letter:

"It is with the greatest gratitude that I can testify to the wonderful curative powers of Burdock Blood Bitters. For years my husband suffered terribly with Erysipelas and Salt Rheum. He was so bad at times that he could not sleep on account of the itching and burning. He had been under the care of six different doctors, but they failed to do him any good. I had read different times of the wonderful cure being made by Burdock Blood Bitters, so advised him to give it a trial. He did so, and after taking five bottles was cured without a doubt. I would strongly advise any person troubled with blood disorders to give B.B.B. a fair trial for I am sure it will cure them."

ST. JOHN STAR.

ST. JOHN, N. B., NOVEMBER 26, 1908.

THE BOARD OF TRADE AND THE ALDERMEN.

It must have seemed odd to Mr. Fielding yesterday that the two committees of prominent citizens who waited upon him had not only had no consultation together, but were apparently working in different directions. Such a condition cannot but hurt the city's position in the eyes of the government.

The members of the common council are elected by the citizens to control this business for them, and certainly speak with more authority than the members of any other organization. But Mr. Fielding knows that the Board of Trade is largely representative of the business part of the community, and is controlled by men whose ability and good sense would easily command their prominent places around the civic council board should they choose to enter that field. Under the circumstances it is exceedingly regrettable, from the standpoint of the city's progress, that these two bodies will not work together.

Yesterday, it was undoubtedly the duty of the city's representatives to seize the opportunity to place the claims of the port before the most influential member of the Laurier administration. It was also the right of the Board of Trade to do the same. But when each must have been aware of the purpose of the other, and all must have known how much more weighty would have been the declaration of a joint delegation, it is certain that whoever was responsible for the failure of the two to hold a conference is responsible for a great foolishness and for the lessening of the city's chance to get what it wanted.

In so far as the propositions of the Board of Trade were vague and general and those of the civic delegation simple and direct, the aldermen deserve the greater credit for yesterday's work. The city will back them up in the position they took. What is needed is immediate action toward the building of the wharves we must have before next winter. Though St. John is to be properly qualified to handle the winter export business of the nation should be made a national port, it is recognized that this can only come after long investigation and dickerings. For the meeting of immediate needs the city itself must take action, and this, with the assistance of the government, the city is willing to do. It is difficult to see how the government can refuse so reasonable a request.

WAR IN THE PARTY.

The struggle that is raging in this city for the leadership of the local liberals is full of interest to the opposition, whose chances of success in the coming election, already good, are daily increasing thereby.

Not many months ago when Mr. Blair, with the authority of the federal government, was shouldering the feeble Tweedle-Pugley administration back into power, he took occasion to publicly read Senator Ellis and the Globe out of the liberal party. Then came the Grand Trunk Pacific Bill and Mr. Blair himself revolted from the government whose strictest disciplinarian he had been. The Globe took strategic advantage of the situation to execute a right-about-face movement regarding that measure and placing itself once more in line with the machine did everything in its power to widen the gap between Mr. Blair and the party.

Now that the ex-minister shows signs of relenting and is apparently moving toward a position where he can again grasp the local reins, the Globe increases its efforts. Yesterday it called the attention of the local liberals to the fact that the Grand Trunk Pacific was the main plank in the government's platform, directed their attention to Mr. Blair's remarkable course with reference to that party and his failure to draw a single liberal M. P. or senator with him, and demanded of the faithful a pledge of approval of the government and a consequent renunciation of Mr. Blair and all his works.

And the heart of the conservative party here is not sorrowful. They stand to win whichever way the intestine warfare ends. The liberal cause here is hopeless without Mr. Blair's guidance through devious election paths and, should the ex-minister so far surrender principle as to again take up the political fight of the government he has denounced, even his strength would avail little against the opposition of the old-line liberal sentiment represented by the Globe and against the scorn of all honest men.

The splendid pluck displayed by the St. John firemen last night is in keeping with the reputation of the department. Opportunities for sensational heroism do not often offer here, but in the many things requiring high courage which the department have been called on to do they have never been found wanting.

THEIR FIGURES.

The Star a few days ago discussing Mr. Fielding's preference for Halifax stated that he had awarded a contract for a large amount of blue vitriol to a Halifax firm, notwithstanding the fact that a St. John firm had made a lower tender.

The excitable Moncton Transcript works itself into a fury of denunciation of a paper that would dare to publish anything derogatory to a member of the liberal government and hysterically challenges the Star to publish the figures of the relative tenders, declaring that if it does not do so "it stands branded as the defamer of a reputable statesman without even the justification of a fact which it dare to publish."

Now the Star is published for the interest and instruction of its many subscribers. It does not consider that the enlightenment of the Moncton Transcript is part of its public duty, but out of consideration for the overstrained nerves of the editor of that esteemed but erratic journal it will comply with his courteous request this time. But, mind you, Mr. Fielding's Hawk, this is to establish no precedent.

The Star is credibly informed that the St. John firm offered to supply 20,000 pounds, or more, of blue vitriol at \$5.50 per hundred, while the tender of the Halifax firm was \$5.50 per hundred. Mr. Fielding wrote to the Halifax men offering them the contract at \$5.00, which they accepted. The St. John firm was allowed no chance to change its figures. If it had, it would have been willing to have gone even lower than the figure at which the contract was awarded.

Those who are hoping for Mr. Fielding's favorable consideration of the harbor improvement scheme would rather he had gone direct to Ottawa than back to Halifax, as he did.

WINTER PORT MATTERS.

There are at present in port two C. F. R. steamers, two Donaldson line boats and a Manchester liner, and within a few days several more steamers are due. Included are the Manchester Corporation, the Allan mail boat Bavarian, another C. F. R. boat, and the Donaldson ship Salacia. All of the vessels now in port have berths and things are moving along smoothly.

Str. St. John City, Capt. Bovey, sailed for London via Halifax, at 11.30 yesterday morning.

Allan line str. Bavarian, on the passage out from Liverpool, left Halifax and St. John, has 30 first, 105 second and 240 third-class passengers.

Str. Manchester Corporation was to have left Halifax at midnight for this port. Pilot Trainer will come over on her, having gone for the purpose in place of Pilot John Thomas.

C. F. R. str. Lake Champlain will, it is now expected, sail for Liverpool on Saturday. She has received her grain, 48,000 bushels. Three hundred cattle will go over on her.

Capt. W. H. Logan, the shore superintendent of the Manchester and Furness line, is in town, having come down from Montreal yesterday.

The Donaldson str. Concordia will receive 48,000 bushels grain, but she will have to move to some other berth to get it, as the conveyor does not extend up along No. 4 berth yet. She will have 350 cattle. The Concordia will call at Halifax on her way to Glasgow to take in 3,000 barrels of apples and some other goods.

The C. F. R. steamer Montague, which arrived off Partridge Island Tuesday night, came up to port and anchored in the stream. As No. 3 berth assigned to the C. F. R. was occupied by the Lake Champlain, the railway people communicated with the Allan concern at Montreal asking permission to put the Montague at No. 2. The request was granted with the understanding that the C. F. R. would undertake to quit the place as soon as the Bavarian reached here. The Montague brought out to St. John some 200 tons of cargo. She had 19 saloon passengers.

Strs. Bengore Head and Dunmore Head, now on their way here from Ireland, will load for Belfast and Dublin respectively. It is not likely any other vessels of the Head Line will come here this winter. Information to this effect came to Wm. Thomson & Co., the agents here, yesterday, from McLean, Kennedy & Co., the Montreal agents. The reason given is the scarcity of cargo.

Bicyclists and all athletes depend on BENTLEY'S LINIMENT to keep their joints limber and muscles in trim.

Officer Crawford on request of Sec'y. Wetmore yesterday shot a dog in an alley off Waterloo street. The dog was in a dying condition.

WEDDING BELLS.

McHUGH-KENNEY.

At 3 o'clock yesterday afternoon a pretty wedding took place at Holy Trinity church, when Miss May Hillis Sharkey Kenney, daughter of the late Wm. H. Smythe of Windsor, N. B., and adopted daughter of John Kenney, was united in marriage to Frank McHugh of the I. C. R. The bride looked charming in a dress of blue broadcloth and white silk waist. She wore a large black picture hat, and was attended by Miss Gerlie McHugh, niece of the groom, who was attired prettily in green, with grey felt hat. The groom was attended by Arthur Owens. After the ceremony, the bridal party adjourned to the residence of the bride, No. 3 Pine street, where a wedding repast was spread. They left at 8 o'clock last evening on the C. F. R. for Montreal on a honeymoon trip of a fortnight's duration. On their return home they will reside at No. 3 Pine street. The bride was well remembered by her numerous friends, as was also the groom. His fellow employees in the round-house presented him with a beautiful dining room suite, the presentation being made by A. D. G. Vanwart, mechanical clerk.

DAMARRELL-GREEN.

The wedding of Leith A. Damarrell, formerly of Charlottetown, and Miss Blanche Emaline Green, formerly of St. John, N. B., and now of 40 Wellington street, took place recently at the home of Mrs. J. H. Crafts, an aunt of the bride, in Worcester, Mass. The couple was unattended and the wedding was witnessed by only the immediate relatives.

WETMORE-POTTS.

The marriage of two deservingly popular young people was solemnized last evening by Rev. G. M. Campbell, pastor of Centenary Methodist church. They are now Mr. and Mrs. Wm. G. Wetmore, though yesterday Mrs. Wetmore was Miss Helen Woodside Potts. The groom is of the travelling staff of the O. H. Warwick Company, and his bride is the youngest daughter of Jos. W. Potts, 40 Horfield street. They were married at the home of the bride's father, and very hearty congratulations were extended the happy couple.

SHARLE-MOLAN.

CHATHAM, N. B., Nov. 25.—Flags were flying today on the John Macdonald Company's factory and on the handsome residence of Mr. and Mrs. John Macdonald Green, formerly of the marriage of their niece, Miss Bertha MacLean, to Michael Searle, formerly of this place, but now of Fraserville, Quebec, which took place at 3.30 o'clock this evening.

LOVETT-McGARRITY.

ST. STEPHEN, N. B., Nov. 25.—A very pretty wedding took place this morning in the Catholic church at Milltown, which was beautifully trimmed for the occasion, when Miss A. C. McGarrity, of Milltown, was united in matrimony to Thos. Lovett, a prominent young physician of Montreal.

NOWLAN-COUGHLIN.

CHATHAM, N. B., Nov. 24.—The betrothal was the scene of an interesting event at 4.30 o'clock this morning, when Josephine, daughter of the late Michael Coughlin, and James Nowlan, mate of the steamboat Alexandria, were united in marriage by Rev. Henry T. Joyner.

D'ERIEU-McDOUGALL.

NORTON STATION, Nov. 25.—At the Sacred Heart church, on Nov. 25, Francis D'Erriu was married to Miss Charlotte McDougall.

McNAMEE-MURPHY.

Miss Annie Murphy, daughter of the late James Murphy, and John J. McNamee of Coldbrook were married in the Cathedral on Tuesday evening by Rev. Fr. Cormier.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 35 cents. At druggists.

A large audience, assembled at St. Paul's school room last evening to see Tony, the Comedienne, which was presented there by a number of talented young actors. That the play was bright and exciting was apparent from the generous applause.

Smokers' presents at Louis Green's.

MARRIAGES.

SCHAPP-McCUMBER.—At the Baptist Church, St. Martin, N. B., Nov. 24th, by the Rev. G. W. Townsend, John Edward Schapp of Niagara Falls, N. Y., to Euvilla McCumber of St. Martin.

DEATHS.

SAVAGE.—At Good Corner, Carleton Co., Nov. 24th, of paralysis, Isabelle, widow of the late Hugh Savage, aged 75 years and 10 months. She leaves two daughters to mourn their loss.

HALLEY.—In this city, Nov. 24th, at 1 p. m. John Halley, in the 74th year of his age. Funeral on Friday at 2.30 p. m. from his late residence, 12 Coburg street.

558 MAIN ST. Capt. Marshall of the D. O. C.'s staff will lecture tonight in the Beaver Company Club room, at 8.30, on a military subject. All the members of the company are invited to attend. This is the first of a series of lectures, etc., that will be held under the auspices of the club during the winter.

Pandora Range A VENTILATING OVEN THAT VENTILATES. There is only one practical way of ventilating the oven in a range and that way has been adopted in the "Pandora"—is an actual working feature. Fresh air is drawn from the outside through small vents into the oven and is quickly heated and disseminated, while the odors and cooking fumes escape through small vents into the smoke flues and up the chimney. Result is that expensive, juicy roasts retain their rich, natural flavors and are entirely free from cooking odors and taste, to which the palate is so sensitive. Faddings, bread, etc., when baked, are always light, fresh and free from taint. In the production of the "Pandora" range you have all that scientific study, practical experience, skilled workmanship, and an immense and costly equipped plant combined, and produce. For sale by all enterprising dealers. Booklets free. McClary's London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B.

About Good Overcoat Values.

In buying an Overcoat, there is something else just as important to consider as the wearing qualities—something that adds worth to all clothing and particularly an Overcoat. That something is smart style with a smooth fit. Our coats are made by skilled tailors, which means perfect make and perfect fitting. You'll find a fit here like you would expect from your tailor and as handsome an assortment of fabrics as you would want to select from. Medium length and Raglan style, Ready-to-Wear

Prices: \$10 to \$20

Trousers— Ready-to-Wear.

Our argument is, that it is cheaper to wear well-fitting Trousers, made of good material, than to wear ill-fitting Trousers of inferior goods. We sell the Campbell make of Trousers. They are made well-look stitched seams, cannot rip. Why not try a pair?

DOMINION ELECTIONS JANUARY 28th.

MONTREAL, Nov. 25.—La Presse announces tonight, without stating its authority, that the date for the Dominion elections has been fixed for January 28, nominations a week earlier.

The high tea and sale in the York Theatre assembly rooms proved to be more successful last evening than ever before. Nearly fifteen hundred suppers were served, and at about seven o'clock it was necessary for the committee to lock the doors and refuse admittance to a large number who were endeavoring to get in. Everything was in full swing, and the ladies in charge of the different booths and tables were kept busy during the whole evening. As usual, many complimentary remarks were heard on every side in regard to the supper and the manner in which it was served.

PILOT CHARLES DALEY DEAD.

Charles Daley, an old and well known pilot, died suddenly yesterday afternoon. He was on board the pilot boat Twilight, when he became seriously ill. One of the men on the boat got the assistance of a policeman and Mr. Daley was removed to his home on Britain street. Dr. Daniel was hurriedly summoned, but his services were of no avail. Mr. Daley died late in the afternoon. He was about 70 years of age and had acted as a pilot for nearly half a century. He left a widow and several children.

FITZSIMMONS WON.

SAN FRANCISCO, Nov. 25.—Bob Fitzsimmons proved tonight that he has not entirely lost his old-time form when he outboxed and out-generalized George Gardner for twenty full rounds. Fitzsimmons was as awkward and as cunning as of yore and apparently realizing that his superior force and strength, there was not a moment when he was not carefully personified. While the old man could avoid punishment from Gardner, he could not knock his opponent out, although he landed a number of vicious blows. From his performance tonight Gardner is not in Fitzsimmons' class. He landed on the old timer once in a while, but Fitzsimmons was always going away from him and the blows were harmless. Several times Fitzsimmons apparently had Gardner almost out, but he was either too tired or lacked his old strength and could not land a knockout punch. Fitzsimmons was very skilful in blocking and dodging Gardner's blows and in the clinches and breakaways was very careful. The fight did not please the spectators and the men in the ring were frequently biased when they went through a round without apparently trying to fight.

Referee Eddie Graney, at the close of the contest, said that it was the worst fight he ever saw. He was forced to give the decision to Fitzsimmons because the latter secured the knockdowns, but otherwise did no damage. It was apparent that neither man was qualified to claim championship honors.

After the fight Fitzsimmons appeared to be overjoyed at his victory and claimed that the reason he did not knock Gardner out was that he broke the knuckles of both hands early in the contest.

It was either for this reason or because Fitzsimmons chose to act mainly on the defensive that the fight was not finished long before the twentieth round was over.

Gardner's eye was out open and his nose knocked askew, while Fitzsimmons bled a little at the mouth. But beyond that there was no damage to either man. Gardner demonstrated that he did not have a hard punch in him. Whenever he landed a swing it had no force in it and his left jab had no other effect than to make Fitzsimmons' nose and mouth a bit red.

ST. MARTIN'S NOTES.

On the 24th of November John Edward Schopp of Niagara Falls was united in marriage to Miss Arvilla McCumber of St. Martin's. The bride was prettily attired in a suit of brown trimmed with white satin, and a very becoming hat to match. The happy couple left on the train for their future home at Niagara Falls. On their way they will visit Boston and other points of interest. The marriage was performed in the Baptist church by the pastor, Rev. C. W. Townsend. The church was prettily decorated with potted plants and ribbon.

Rev. Donald Stewart has returned from a three weeks' visit to his home in Montreal.

Mrs. A. W. Powers, who has been residing in New York, is improving slowly.

WANTED—A case of Headache that KUMFORT Powders will not cure in from ten to twenty minutes.

GOT THEIR INCREASES.

There is rejoicing among the New Brunswick Railway mail clerks, for a number of them—all entitled—have received word of their increase under the act passed at the last session of the legislature. These increases—\$50 yearly until the maximum \$1,200 is reached—date from August 13, the date on which the act became law. The only clerks not receiving them are those who had previously been increased this year, and they will come under the provisions of the act in another year. These increases, with the mileage, make comfortable living pay for the railway mail clerks.

GAOL PRISONERS.

A meeting was held yesterday afternoon at the City Hall of the sub-committee of the board of works named to consider what employment should be given the gaol prisoners during the winter months. After careful thought the aldermen present decided to recommend that Albert street, which leads off Main street, be opened up. The prisoners will break this stone up for use on the streets of the city. It is estimated that an expenditure of about \$850 would be necessary to furnish a shelter for the men and supply the materials needed.

A Kidney Sufferer for Fourteen Years.

TERRIBLE PAINS ACROSS THE BACK. Could not Sit or Stand with Ease, Consulted Five Different Doctors.

Doan's Kidney Pills FINALLY MADE A COMPLETE CURE.

Mr. Jacob Jamieson, Jamieson Bros., the well-known Contractors and Builders, Welland, Ont., tells of how he was cured: "For fourteen years I was afflicted with kidney trouble which increased in severity the last five years. My most serious attack was four years ago, when I was completely incapacitated. I had terrible pains across my back, floating specks before my eyes and was in almost constant torment. I could not sit or stand with ease and was a wreck in health, having no appetite and lost greatly in flesh. I had taken five boxes from five different doctors and also numerous other preparations to no purpose. I finally began to take Doan's Kidney Pills and before I had taken five boxes the trouble left me and I now feel better than I have for twenty years. Those who know me know how I was afflicted and say it is almost impossible to believe that I have been cured, yet they know it is so. I have passed the meridian of life but I feel that I have taken on the easy side of boyhood."

Price 50 cts. per box, or 3 for \$1.50, all dealers or THE DOAN KIDNEY PILL CO., TORONTO, ONT.

FREDERICTON NEWS.

FREDERICTON, Nov. 25.—A timber berth of 2 1/2 square miles situated on the North Forks coal branch, Kent Co., was sold today at public auction at the crown land office to C. C. Stiles, the applicant, at \$50 per mile.

The annual meeting of the senate of the University of New Brunswick, will be held tomorrow morning, Dr. Inch presiding. At this session the annual report of the Bursar of the institution will be submitted and the annual conference of the professors with the senate held. An important announcement will be made with respect to the engineering department. A friend of the university, whose identity will not be disclosed at present, has offered the sum of \$4,000 to be equally divided between civil and electrical engineering purposes. It is understood that this generous gift is without reserve and will be forthcoming for the purposes intended. Among other business before the senate will be the report of the committee appointed to devise ways and means for the gymnasium towards which over \$4,000 has been subscribed.

The department of public works is calling for tenders for rebuilding Herring Cove bridge, Alma, Albert Co.

and O'Regan's Brook bridge, parish of Drummond, Victoria Co.

The Messrs. Flood of St. John have given notice of application for incorporation under letters patent with a capital stock of \$100,000.

BASKET BALL.

St. John will in all probability be the scene of an intercollegiate basket ball game, between Acadia and U. N. B. teams, if the arrangements now pending prove satisfactory. Secretary S. W. Wilson is in receipt of a letter from Acadia asking permission to use the U. N. B. C. A. gymnasium on Dec. 25th, providing proper arrangements can be made for a game between the two college teams. The U. N. B. had a very strong team last year, which won the silver cup offered for the Fredericton senior league. Acadia was also so strong in the game last year, and if satisfactory arrangements are made for a meeting of the two teams in this city it will be the first between Acadia and U. N. B. in the basket ball line. The U. N. B. captain will be elected at the next meeting. The U. N. B. will be prominent in the Fredericton league again this year, the Trojans, Y. M. C. A., Normal School and Century Racing Club being the other competitors.

ANNIVERSARY MEETING

Of the Women's Auxiliary of Portland Methodist Church.

The anniversary of the Women's Auxiliary of the Portland Methodist Church was held in the church last evening. Mrs. Howard presided. The reports submitted were the secretary's, showing that twelve monthly, eight parlor and three public meetings were held during the year; the treasurer's report, showed that the sum of \$231.58 was collected and sent to the branch treasurer. This amount is \$17.08 more than that of last year.

Miss Maxwell reported from the board meeting recently held in Moncton. Miss Palmer made an interesting address on the mission board of Canada. Miss Hart, a returned missionary from Japan, where she spent 12 years, gave a most interesting address on her experience in missionary work in that country. The reports and addresses were interspersed with musical selections vocal and instrumental. Mrs. Vincent and Miss Huey sang a duet, and Mrs. Arthur McInnes a solo. Besides these there were hymns and choruses. A large number attended, and it was one of the most successful meetings in the history of the society.

## Big Fire on King Street.

Six Business Houses Suffer Severely by Disastrous Blaze Last Night. Loss About \$60,000.

The Lawrence building in King street was gutted last night by fire. The loss is placed at about \$60,000, the heaviest losers being E. P. Charlton & Co. and Dowling Bros.

The fire started in the basement of the Charlton department store. Shortly before eight o'clock, Charles Nealis, manager of the Charlton store, noticed smoke issuing from the basement, and at once dispatched a clerk to send in an alarm.

The sounding of the first alarm on box 27 brought out the fire apparatus of that district. A second alarm brought to the scene of the fire No. 4 engine and hose cart.

The light combustible material in the Charlton store afforded the fire a rapid means of progress, and before the fire department was in a position to check it it had assumed formidable proportions.

Four engines, Nos. 1, 2, 3 and 4, were quickly got to work and eight powerful streams were played on the flames. But the firemen were greatly handicapped by the dense, choking smoke, which at times rendered it impossible to tell the situation of the flames. Never did the department cope with a more puzzling fire!

Some firemen were overcome by the smoke. Fred Kee, of No. 1 hose company, had a narrow escape and would have lost his life but for the efforts of Fireman Will Ellis, who carried him to the open air in an apparently lifeless condition. He was soon revived, however, by Charles Conlon, who runs a photograph studio in the second story of the building, while looking after his stock, was cut off by the dense smoke. He was brought to the ground by means of a ladder.

The following concerns suffered: Dowling Bros., whose loss is large; Thorne Bros., whose Christmas stock was greatly injured; A. M. Gray & Co. had their stock injured by smoke and water; E. G. Nelson & Co. were damaged by smoke; M. J. Cody, boots and shoes, sustained damages by smoke; F. A. Dykeman suffered quite a bit from smoke; Sanford Scammell's confectionery was damaged by smoke; Charles Conlon, photographer, could not estimate his loss.

Early this morning a number of city men were put to work cleaning up King street, and Mr. Lawrence, the owner of the burned building, along with Mr. Lawrence will at once repair the building. All day today crowds visited the scene of the fire. During the progress of the blaze last night a number of firemen were injured. Thomas Ingraham, of No. 4 Co., perhaps the most seriously of all. Mr. Ingraham was on the second floor of the Charlton store when the building fell through to the lower floor, striking face down on a wooden projection. He was very painfully injured about the abdomen and was driven to his home, where Dr. Scammell is attending him. James Dismore and Captain Jackson were badly cut about the hands, and Chief Kerr also received a cut.

Every evening for the past two weeks a little black dog, evidently having no home, has found shelter in Miss Gray's store, but last night was driven out by the fire. Early this morning the brute, covered with filth and ice, was wandering disconsolately about the burned building looking for his old shelter.

So far as can be ascertained the insurance carried on the different properties affected is as follows: Lawrence, \$25,000, between the National and Norwich Union. Samuel Drury and James Myles are appraisers. E. P. Charlton & Co. \$25,000 each in Aetna, Hartford, and London and Lancashire; \$2,000 in Atlas, \$2,000 in Ottawa, \$1,000 in Manchester, \$1,000 in Dowling Bros. have \$14,000, \$3,000 each in the Anglo-American and Phoenix of Hartford, and \$2,000 each in the Guardian, Liverpool, London and Globe, the Queen, and Canadian. F. G. Knowlton and C. E. L. Jarvis are appraisers. A. M. Gray & Co. have \$1,000 in the Queen.

Thorne Bros. have \$10,000 between the Sun, Atlas, Queen, Anglo-American, Quebec, and Caledonia. Edgar Fairweather and Robert Magee are appraisers. F. A. Dykeman & Co. have \$7,000 in the Commercial Union, \$4,000 in the Atlas, and \$2,000 in the Phoenix of Brooklyn.

M. J. Cody has \$4,000 of which \$1,000 is in the North British. E. G. Nelson has \$3,000; loss slight. Sanford Scammell has \$2,000.

**FREE KINDERGARTEN NEXT WEEK.**

The Free Kindergarten committee very gratefully acknowledge the following:—A. H. Hamilton, \$2; L. P. D. Tilley, \$1; Dr. M. MacLaren, \$2; Macaulay Bros. & Co., worded; Morrell & Sutcliffe, towels; Mrs. Biederman, song book; Miss Helen Good, Woodstock, Seventh Gift Tablets.

Some of the ladies will be at the schoolroom on Waterloo street Monday afternoon to receive the donations of things needed to prepare the room for the reception of children on Tuesday, the first of December.

Only about one half of the necessary money has been subscribed, so all who are interested in the poor children and in this missionary work may expect a call from some member of the committee at an early date.

Miss Gunn, 24 King street east, in treasurer of the committee and will gladly receive and acknowledge any contributions.

**WALKED 3,000 MILES FOR \$10.**

ST. PETERSBURG, Nov. 25.—A family of ignorant Siberian peasants recently arrived on foot, after travelling 3,000 miles in six months, at Tomsk, Siberia, with a wagon filled with a supposed fortune in gold. They found on arrival at the mint that the value of the treasure was \$10.

The funeral of the late Mrs. Annie I. Thomas was held at eleven o'clock this forenoon from her late home, 364 Germain street. The body was taken on the noon train to Sussex.

## PERSONALS.

D. Kennedy, time-keeper of the Donalson line, Montreal, arrived in the city yesterday morning from Montreal, to enter upon his official duties here during the winter. Mr. and Mrs. Courtney have moved over to Mrs. Balsey St. which he received from Fraser, Fraser & Co. for the memorial park.

Mrs. W. W. Mitchell, of Toronto, arrived yesterday to visit her parents, Mr. and Mrs. Charles Mayall.

Frank A. Peters arrived in the city this morning from Montreal.

Stevadors McGilvery returned to the city this morning.

## CHURCH TEA AND SALE.

The ladies of St. John's Presbyterian church are holding a tea and sale this afternoon and evening in the school-room. Those in charge are Mrs. A. B. Hamm, president; refreshment tables, Mrs. E. J. Armstrong; Mrs. J. G. Trimble, Mrs. C. Doig and Miss J. Smith; candy table, Miss Mabel Crockett, Miss Jessie Armstrong and Miss Mabel Burns; fancy table, Mrs. Parks and Miss Mary Smith.

A feature of the sale is a booth provided by the promoters of the Ladies' Home Journal. All the material for the booth and the goods to be sold, which consist for the most part of reproductions of famous pictures, are supplied by the Journal. Subscriptions to the magazine will be taken and a large percentage of the money for these will be kept by the church. This booth is in charge of Mrs. W. Clawson.

Tea will be served from 6.30 p. m. till 8 p. m. The proceeds towards the general fund of the church.

## HARBOR IMPROVEMENT TALK.

The committee to be appointed by the Dry Dock Co. to confer with the common council and the S. P. R. on the occasion of Sir Thomas Shaughnessy's visit here will probably be selected on Monday. It is not yet announced when Sir Thomas will come to St. John, but around City Hall there is much talk on harbor matters. None of those who formed the delegation to Montreal have anything to say, but are inclined to give the impression that they obtained far more from the C. P. R. than the public suspect. There is also quite a lot of comment on the streets today regarding the two deputations which called on Mr. Fielding yesterday, and the weight of opinion seems to be that it was entirely unnecessary for two deputations to interview Mr. Fielding. There is an impression that the board of trade asked for too much.

## SKATING ON LILY LAKE.

It may be that the season is considered a little too early, or perhaps those who enjoy the exercise are not yet prepared, but for some reason Lily Lake is being skated by a number of people and skating on it was never better. Last Sunday the lake was frozen over to a sufficient thickness to make the greater part of it safe for any ordinary sized crowd, and since then it has been gradually becoming firmer until now practically the whole sheet is in splendid condition. It is as "glit as glass" and quite level, with no inconvenient twigs or pebbles as may be found later in the season. A few people, chiefly young boys, have discovered what good skating is there and the crowd is daily increasing, but as yet comparatively few have gone out.

## CALL FOR REV. B. N. NOBLES.

Rev. B. N. Nobles, of Carleton Baptist church, has received a call from the Baptist church of Liverpool, N. S. The offer they make to Mr. Nobles is a pleasing one and the church is one of the largest in the sister province. He has not yet announced his decision. His congregation in Carleton will bring a strong pressure on him to induce him to remain.
