

WINDY MANIFESTO
WHIRL WAS ANGRILY FROTH

Glaring Misrepresentations in Document
DISREGARDS FIGURES

Opposition Leader Displays Startling Ignorance or Wilful Perversion of Facts--Premier Flemming Flays Copp and Policy of His Party

Special to The Standard.
Campbellton, June 5.—Interviewed after the meeting at Campbellton regarding the manifesto of A. B. Copp, Premier Flemming gave the following statement:

"After you remove the froth created by the gnashing of the winds, there is nothing left except a few misstatements and a few glaring misrepresentations. Mr. Copp first charges the present administration with being responsible for \$1,057,969.17 increase in the provincial debt during their four years' office. No statement could be more misleading. Included in the account he has the following items: Deficit re W. P. Flewelling, \$13,388.02; over expenditure (Oct. 31, 1907) \$216,781.40; to correct error in bookkeeping in connection with the New Brunswick Coal and Railway Co., \$115,568.25; International Railway subsidies, \$145,700; wheat and grain elevator at St. John, \$10,000. The above amounts total \$488,437.70 and this administration is not responsible for a single one out of the number. In addition to the above we expended \$160,824.28 on the N. B. Coal and Railway, a considerable amount of which was to pay for rails and other debts incurred by the railway years before we came into power. During the four years permanent bridges have cost \$663,275.08, more than \$400,000 of which was for carrying out the letter of the old government. Neither Mr. Copp nor anyone else can dispute the correctness of the above figures, or they show a deliberate attempt to deceive the people of the province.

A Little Out.

"Mr. Copp's next statement is that we have received \$520,000 more revenue than was ever received by any previous administration. This statement is not correct, being \$85,000 from the truth. Possibly we ought not to expect a man to deal with figures as would a little child, to get nearer the truth than that. I make the statement that during the last seven years of the old government, from extraordinary resources which the present government have not had at all, they received \$1,066,541.86, or an average of \$151,505.98, being substantially more per year than the old Dominion subsidy of \$130,000 which we have had."

"Mr. Copp speaks of the impairment of the provincial credit which he impudently before New Brunswick got rid of the Pugsley-Copp crowd: A loan through the London bankers on treasury bills was made by Mr. Robinson when premier, and 5 per cent. interest was paid. Later when these treasury bills matured, this government borrowed money with which to pay the loan at 2 1/2 per cent. interest, and when it had been necessary we have since been able to borrow at about 3 1/2 per cent., and in one case we made a temporary loan at less than 2 per cent."

"Mr. Copp objects to the assistance given to the Southampton, Minto and St. John Valley Railways by way of guaranteeing bonds. I have no hesitation in saying that the cost to the province will be trifling, if there is any cost at all, on account of any one of these railways or of all three put together. Evidently Mr. Copp would stop the wheels of progress and make development impossible. Neither Mr. Copp nor any of his supporters made the slightest objection to the legislation to assist the Southampton and Minto Railways, and it was only on the Valley Railway he came out with an open objection."

Fatal Error.
During the last session he rose in his place and called upon every supporter in the House to vote against the bill. If any selector in New Brunswick doubts the correctness of this statement let him look at the Journal of the House, which is official, and he will find the division on Mr. Treedale's amendment and the division on the third reading of the bill. The official report will demonstrate that this statement is absolutely correct."

"Mr. Copp says the present government proposed to guarantee bonds of a second class Valley Railway. That statement is equally as untrue as the rest of his manifesto. There never was any proposal to guarantee the bonds of a railway of a lower standard than the intercolonial, and the people themselves can decide whether the I. C. R. is of the standard of a second class trolley road."

"Mr. Copp says Mr. Pugsley saved the Province from awful disaster. The truth is that Mr. Pugsley tied up and blocked progress on the Valley

Mr. Hazen Celebrates A Birthday

Ottawa, June 5.—This is the 52nd birthday of Hon. J. D. Hazen. The staff of the Mines and Fisheries Department presented the minister with a floral bouquet. He left for St. John this afternoon.

FREE FIGHT OF FACTIONS

Turbulent Members of Hungarian Diet Expelled by Police to Restore Order--Session Then Resumed.

Budapest, Hungary, June 5.—The proceedings of the diet today looked so much like developing into a free fight that the president, Count Tisza suspended the sitting within a few minutes after the opening. The count's appearance on the rostrum was the signal for an outburst of curses and opprobrium and a chorus of toy instruments drowned all attempts to speak. The passionate verbal altercations of opposing elements raised the temper of the members to dangerous heat and all indications pointed to the probability of the factions coming to grips. Accordingly Tisza declared the sitting suspended. All the approaches to the parliament were held by detachments of gendarmes and police. During the recess the members of the ministerial party left the house and the police arrested after a scuffle, expelled thirty members who had been named by the president for systematic disturbance. Then the sitting was resumed; the opposition stirred another melee and then withdrew in a body.

HER ROYAL HIGHNESS SOMEWHAT IMPROVED EARLY LAST EVENING

The Duchess of Connaught Passed Comfortable Day—Her Symptoms Show Signs of Abatement.

Montreal, June 5.—The following bulletin was posted at the Governor General's headquarters at 6:30 this evening:

"Her Royal Highness, the Duchess of Connaught has passed a comfortable day, suffers less and the symptoms which gave so much anxiety have improved materially during the last two hours."
(Signed) C. S. Worthington, M. D., A. E. Garrow, M. D., W. W. Chipman, M. D.

Railway proposition from June, 1907, till June, 1911. A considerable portion of the St. John Valley would have been built and we should have had the railway in operation by this time had the unnecessary delay caused by Messrs. Pugsley, Carvell and the rest of them been avoided. Fortunately for the St. John Valley Railway these gentlemen have been comparatively harmless since a date in September last no doubt familiar to them.

Agreements Signed.
To quiet Mr. Copp's nerves on the Valley Railway I hasten to instruct him that the contract for construction of the railway from St. John to Grand Falls has been signed; that the agreement for the I. C. R. to lease and operate the road for ninety-nine years has been signed by both governments and agreed to by the company; that a subsidy has been granted; that the guarantee of bonds for Dominion government; that the road is under construction, and that nothing more is required but for the people of New Brunswick to keep Mr. Copp and other enemies of this railway out of power, and there will be no more delay until the road is completed.

"Mr. Copp speaks about agriculture, but fails to point out that any errors have been made in the past four years in that department. With his customary lack of reasonable statement he gives no credit for the department being lifted from a state of almost stagnation and placed in the position of great usefulness to the agricultural population of New Brunswick."

GOVERNMENT IS SURE OF RETURN

Gloucester Will Be Solid For Flemming

BIG MEETING

Premier, Amid Great Enthusiasm, Announces that Local Administration Will Foster Pulp and Paper Industry -- Water Power Development.

Special to The Standard.

Bathurst, June 5.—The county of Gloucester demonstrated today its sentiment with regard to the Premier and the four government candidates. At 8 o'clock the Premier, Mr. B. Hickey, J. H. Stewart, A. J. Witzel and Martin Robichaud. The meeting was an indication of what action Gloucester will take on the 20th of June. The town was in holiday spirit, the hotels being taxed to accommodate the crowd of visitors.

Whatever hopes the opposition candidates may have entertained with regard to the outcome on the day of election have been shattered by the unmistakable sentiment which prevailed here against the return to power of Mr. Copp and his colleagues. The almost perfectly organized work which the government candidates have conducted throughout the county stands out in bold contrast to the disjointed and flaccid efforts of Mr. Copp's disciples.

Honest Government.
The conduct of the affairs of the province on honest business-like principles which has marked the past four years, and the government's policy with regard to the establishment and fostering of industries on the North Shore, as Premier Flemming's speech this evening have the endorsement of Gloucester county.

The meeting at the rink which was largely attended was marked by an important announcement by Premier Flemming. In the course of his address, while the Premier and his colleagues were in the hall, he announced that every effort would be made by him to promote the establishment of pulp and paper industries in New Brunswick and Gloucester in view of its advantages and the benefits to be derived from the establishment of mills.

Evidence of Popularity.
The announcement was received with tremendous applause. The whole meeting was most enthusiastic. Able addresses were delivered by the four candidates, Messrs. Stewart, Robichaud, Witzel and Hickey. All referred to the admirable record established by the government in the past four years and assured the audience that if elected they would devote their efforts to have the same honest conduct of provincial affairs continued. They effectively disposed of the veiled insinuations and representations of the opposition candidates.

Premier Flemming received a magnificent reception. He first took up the false statements scattered broadcast by Mr. Copp and his colleagues regarding the increased provincial debt. They accused the government of further adding to the burden of the people by a debt of over a million.

How It Happened.
Premier Flemming showed that of this alleged debt the biggest portion of the million dollars had to be expended to clean the state after the old government went out and the government was obliged to meet the debts brought upon the province by the legislation of that administration, which may have far-reaching importance. This was an offer by the transport workers' federation of monetary guarantees for the observance of the awards made by the joint board which the government proposes to establish. The disputants are now considered nearer an agreement.

"AN OBSERVATION"

ST. JOHN GLOBE (LIBERAL.)
Of course there are many persons who could edit the Globe more satisfactorily than do those who now perform that duty. On occasions of importance when public opinion is much divided, and greatly excited, it is quite natural for persons to come forward and declare, or at least intimate, that some other line than that pursued by the editorial department might be more satisfactorily pursued. Naturally the interested party listens with delight to the advice given, and, when it is given with courtesy, it is heartily appreciated.

In another paper lately a writer, who thought it fair to refer by name to one member of the editorial staff of this paper, but who did not sign his own name to his letter, professed to be very much surprised and puzzled at the attitude of the Globe in its friendliness to the present Local Administration, which is doing, as he alleges, the same evil things that brought defeat to the late Administration.

The Globe sorely deserves credit for "supporting" the present Local Government, even though it may occasionally have friendly references to it. The Administration which was defeated at the general election in the year 1908 led to what the Province greatly needed, a new set of administrators. And the change was brought about by the votes of thousands of men who in Dominion politics are attached to the Liberal party and are in favor of Liberal principles in Dominion affairs.

In the four years since the general election a new Administration has conducted the business of the Province, and in that time there have been two local Premiers, the holder of the position at the present time being in office less than a year. In that period of four years considerable has been done in the way of dealing with public matters which has been advantageous to the Province and beneficial in the general interest.

Of course those who are strongly and actively opposed to Mr. Flemming follow the usual course of political parties. They magnify all charges made against him; every charge made is accepted as true by his strongest enemies, and every act is put in the worst light.

To the Globe Mr. Flemming seems to be a hard-working, a determined and an earnest man, and from that point of view it deals with him.

The party opposing him, if returned to power, as as things are today, would simply restore the conditions of political chaos which existed when the Robinson Administration was defeated; and that, too, with Mr. Robinson out of our Provincial political life. That is a condition from which we may pray to be safely delivered.

In the meantime the Globe must be permitted to pursue for itself that course which to it may seem in the best interests of the Province. It owes no defence of that course to anybody.

PUGSLEY AND COPP SEEKING TO WHIP A TICKET INTO LINE

Former However Finds Mission Hopeless and Leaves Chat-ham to Care of Opposition Leader--Prospects Slim.

Special to The Standard.
Chatham, June 5.—Dr. Pugsley arrived from St. John on the midnight train accompanied by Mr. Copp. They were driven direct to the residence of ex-Governor Tweedle where they spent the night. The general excitement was at its height when they came to catch the Maritime going south. He evidently was not favorably impressed with the situation or he would not have cut his visit so short. Mr. Copp remained all day and was much in evidence on the street. What he has been able to accomplish towards the organization of the ticket is not known, no one being found willing to sacrifice themselves by coming in direct opposition to the present popular government.

JUSTICE RETIRES FROM BENCH AFTER TWENTY-FIVE YEARS

Montreal, June 5.—An impressive ceremony took place at the court house this morning when Chief Justice Sir Melborne Taft, of the Province of Quebec, laid farewell to the bar after 25 years on the bench.

END OF DOCK STRIKE SEEMS NEAR NOW
London, June 5.—The negotiations today brought the settlement of the dock strike appreciably nearer and introduced a novel element in the relations between capital and labor, which may have far-reaching importance. This was an offer by the transport workers' federation of monetary guarantees for the observance of the awards made by the joint board which the government proposes to establish. The disputants are now considered nearer an agreement.

SQUARE DEAL TICKET HEARD IN WEST END

Among the Largest in The World

Ottawa, June 5.—Plans which the Norton Griffiths Company is laying out with a Public Works Department for the St. John dry dock show it to be 1,150 feet long and 25 feet deep. The cost is to be about \$4,000,000. This will be one of the biggest dry docks in the world.

SAYS STRIKE SOON BE OVER

Lloyd George Predicts Amicable Settlement of Trouble—Both Sides Anxious for Conciliation.

London, June 5.—The chancellor of the Exchequer, David Lloyd George, stated in the House of Commons today that with a spirit of moderation exhibited on both sides, it seemed that there was little difficulty in the way of an amicable settlement of the dock strike. The strike leaders, he said, no longer insisted upon the recognition of the employers' federation as a condition upon which work would be resumed. On the other hand the employers said that it was impossible to comply with the demand of the strikers for the reinstatement of all the men as many places already had been filled. They agreed to take on as many men as the employers could employ. Permanent peace in London port was so important, the chancellor said, that the government hoped the means would be found to give effect to their proposals for the formation of a joint conciliation board fully representative of the whole body of employers and men with sufficient power to settle all disputes arising in the future.

SOCIALISTS URGE CESSATION OF OPEN VIOLENCE FOR TIME

State Bill for Revision of Constitution Will Be Introduced—Trouble Spreading—Authorities Confident.

Brussels, June 5.—The executive committee of the socialist party has decided to issue an appeal exhorting the populace to be calm and asking the convention of congress on June 29 to receive a bill for the revision of the constitution.

IS CONFIDENT OF VICTORY SAYS THE VICE-PRESIDENT

Sherman Predicts Majority of at Least One Hundred Delegates for Roosevelt—No Mere Boast.

Washington, D.C., June 5.—Vice-President Sherman at the White House today declared he believed President Taft would be re-elected by the Republican national convention. I have not the slightest doubt that Mr. Taft will be nominated, he said. He will have at least a hundred more delegates than Roosevelt. I would not like to name the exact figure, but that will be near Mr. Taft's majority. That is my real opinion, too, not a mere boast.

Government Candidates at Their Best

ENTHUSIASM HIGH

Hearty and Prolonged Applause Testifies to Popularity of Standard Bearers of Honest Administration--Rousing Speeches Heard.

Able addresses were delivered by the candidates, Messrs. Wilson, Tilley and Lockhart, and by Miles E. Agar at the meeting held in the Prentice Boys' Hall, West End, last evening in the interest of the local government party. The candidates were well received, and their remarks were listened to with marked interest. Owing to illness Philip Granman was unable to attend.

J. E. Cowan presided and briefly introduced the speakers.

All Pledges Kept.
John E. Wilson, the first speaker, was well received. In opening he referred to the campaign of 1908, and stated that the promises he had made then had been implemented.

"There was no doubt that conditions under the old government were bad," he added, "Men in high positions had juggled with the public funds, interest on the debt was high, and the provincial finances were not reliable."

The Hazen party had promised to make the auditor general an independent official, and throw the light of publicity upon the provincial finances. This promise had been carried out, and now everything connected with finances was open and above board.

Continuing the speaker pointed out that while the old government had adopted a Workmen's Compensation act, it was useless, because the doctrine of contributory negligence was embodied in it. The Hazen government had amended the act, placing full responsibility upon the employer; and at the last session the act had been further amended by raising the compensation in case of death due to accident from \$1,500 to \$2,000. Because of this legislation the government should have the support of the workmen.

After discussing the government's school book policy, Mr. Wilson proceeded to contrast the administration of the public finances under the old and the new regime. He pointed out that it would have been easy for the present government to have shown a surplus if it had followed the policy of bookkeeping of the old government. But, being honest, it had dealt with the public accounts in a straightforward fashion, and acknowledged that it had this year a deficit of \$56,000 due to the large expenditures for public services charged against current revenue, which under the old government would have been added to the public debt.

Road and Bridge Expenditures.
He then dealt with the criticism that the government did not give information about all the roads and bridges accounts. But the government had nothing to hide; the auditor general, an independent official, had lumped some accounts under the head of "various persons" because he found it convenient. Under the old government money was sent to the local superintendents of roads; under the present administration the superintendents had to send in detailed accounts, and bills for material and wages were paid directly by means of checks.

This government did not try to conceal anything. Its conduct was in marked contrast to that of the old government. When an investigation was made into the Central Railway affairs, it was found that the books were missing or mutilated.

Commissioner Agar Heard.

Miles E. Agar was the next speaker. After a brief introduction, he said that when he looked back upon the conditions under the old regime, he felt they were a scandal and a disgrace. The actions of the old government's supporters were often in violation of their oaths of office; representatives of the people were receiving fees and retainers from the government. The right persons had to be seen to get legislation through the House.

At that time all the road monies were passed down to the representatives in the county and were expended in a way that was a menace to the independence of the electorate. Under the present government the expenditure of the road monies was taken out of the hands of the politicians and placed in the hands of the highway boards, thus abolishing the opportunities for corruption.

Continued on page eight.

MEETINGS OF GOVERNMENT SUPPORTERS

St. John City
Keith's Assembly Rooms, June 6. Borden Club Smoker.

St. John County

Tabusintac, June 6, evening. Public Meeting. Same speakers.

BIRTHS. GOLDING—At 108 Waterloo street, the 5th, to Mr. and Mrs. W. H. Golding, a son.

MARRIAGES. O'REGAN-MORGAN—On June 5th, in St. Peter's Church, St. John, N. B., by Rev. A. J. Duke, C. S. R., Francis Leo O'Regan, to Nan Robinson Morgan.

DIED. NUGENT—At Chatham, on 5th Inst. Amelia J., wife of Dr. J. G. Nugent, aged 57, leaving besides her husband two sons and two daughters. Funeral Friday afternoon.

SKILL. Every new device for the comfort of spectacle wearers we can supply. If you are particular how your glasses look, our dainty mounts will please you.

LOST—On the Barrack Green between 7 and 9 o'clock last evening, a small white pearl atropia surrounded with black mother of pearl. Finder please return to G. G. Anglin, at Hotel and Peters.

COMPARATIVE STATEMENTS PROVE GOVERNMENT'S PROGRESSIVE RECORD

Official Figures Show Improvement in Every Department— Territorial Revenue Increased \$206,000 in Four Years —Facts Concerning Permanent Debt.

Nearly \$25,000 More Devoted to Agriculture— School Books 40 per cent. Cheaper—No Suspense Accounts— Every Payment Vouched For— Financial Position of Province Truthfully Shown in Auditor General's Report—Striking Contrast to Conditions Under Old Regime—A Vote for the Opposition is a Vote to Return to Their Rule of Graft and Extravagance.

In 1909 the first full year of the present government the revenue of the province was \$1,259,826. In 1911 the revenue was \$1,347,077, an increase of \$87,251 in three years.

The territorial revenue for 1907, the last year of the old government was \$221,550. As a result of four years of honest administration of the crown lands by the present government the territorial revenue in 1911 rose to \$228,439, an increase of \$6,889.

The stampage collections in 1907, the last year of the old government were \$180,125. In 1911 the present government collected from stampage \$216,678, an increase of \$36,553—more than double what the old government collected.

Notwithstanding the large increase in stampage collections under the present administration there has been no increase in the trans-Atlantic shipments of deals and less lumber was cut in the North Shore mills in 1910 than in 1907. The increased receipts from stampage are due entirely to the honest effort made by the present government to get all the revenue derivable from the Crown lands. Political favorites no longer control this important department and every licensee holder and operator is treated alike.

Old Government's Record. In 1901 the old government received \$290,292 in settlement of the eastern extension claim. In 1902 they issued bonds to the extent of \$310,000, the proceeds of which were placed in a fund to pay the interest on the bonds and the eastern extension claim, amounting to \$91,000, to pay up the accumulated over-expenditure to the end of 1902. During the next five years \$428,000 more was added to the permanent debt, more than \$1,000,000 in all.

In 1883 when the old government came into power, the permanent debt of the province was \$936,000 and the province had to its credit \$72,210, a net revenue of \$1,008,210. In 1884 the total interest charge of the province was \$73,210 and the interest on the public debt had increased to \$210,320 or \$128,110 more than in 1884.

An Empty Boast. The opposition boasts that when in power they secured an addition of \$130,000 annually to the Dominion subsidy. The whole of this additional revenue is required to pay the interest on the additions they made to the public debt while in office.

In 1909 the permanent debt of the province was \$6,990,026. In 1911 it was \$6,719,378, an increase of \$270,648. This increase of \$270,648 is due to the legislation of the present government, all the remainder was added to the debt by the present government carrying out the pledges made by the old administration.

Had the present government repudiated the pledges of their predecessors the permanent debt of the province would have been \$7,260,000 in 1911, an increase of \$269,974 over the actual amount.

Artillery Man Tells His Story

Mr. Daniel Fry, North Keppel, Ont., is a pensioner of the British army. He belonged to the Royal Artillery, and was stationed in Toronto in 1850. Mr. Fry is now 28 years of age, and attributes his good health to the use of Dr. Chase's Kidney-Liver Pills. For three or four years he suffered greatly from constipation, pains in the back and at the bottom of the stomach. By using Dr. Chase's Kidney-Liver Pills these troubles have been overcome.

TIGER TEA

BY FRANK BILLINGS KELLOGG, Special U. S. Attorney in Standard Oil Prosecution. It is complained that since the decree of dissolution the value of the stocks of Standard Oil subsidiary companies has vastly increased and some people assume that some of the extraordinary new facts in the government decree. Nothing is further from the truth.

TONIGHT!

STARTING AT EIGHT Rousing Rally of the Borden Club And Its Many Friends Smoking Concert Political Speeches Musical Program The Candidates will be Present A Young Men's Night —IN THE— Keith's Assembly Rooms

F. B. KELLOGG.

In his article, which is headed "Results of the Standard Oil Decision," Kellogg opens with the remark that the decree of the court accomplishes everything that is possible under the Sherman act and that it went further than any other decree, by any court under that law. The decision, he says, establishes finally the power of congress to regulate.

Prior to the government prosecution the Standard Oil Company was a close corporation. It never published any statement of its assets and business even to its shareholders. All the sub-

URGENT DEPARTMENT TO STOCK GREAT LAKE WITH FISH

Fisheries Committee Appreciates Work of Marine and Fisheries Department and Suggests Fry for Lake Superior.

Ottawa, June 5.—The fisheries committee of the commission of conservation today passed a resolution recognizing and appreciating the value of what has already been undertaken by the Department of Marine and Fisheries, but urging upon the Dominion government the necessity of planting at the earliest practicable time white fish fry in Lake Superior and in Lakes Huron and Georgian Bay, in sufficiently large quantities to prevent the depletion of these waters.

Until the dissolution in December, 1911 the stocks of the thirty-seven subsidiary corporations had never been sold on the market. They were in the treasury of the Standard Oil Company of New Jersey.

The government, in the course of the trial, for the first time disclosed the large assets and earnings of these various companies, collectively and individually. But the reports of the trial were not, of course, generally distributed, and only gradually did the facts filter to the investing public.

The parents of children attending school are obtaining their school books at a saving of forty per cent over former prices. In four years the total cost to the province for this important service has been about \$1,000,000, or less than \$400 per annum. The people have been saved over \$50,000 in the same period by the wise policy of the present government.

The province today is getting better books at a saving of forty per cent over before in its history. Every payment is properly vouched for, there are no suspense accounts and the Auditor General's report is a correct representation of the exact financial position of the Province.

TO LET—Stores in new building corner Union and Brussels streets. Heated. Apply H. McCullough, 71 Dock street. Phone 600.

Government Meeting At Newton Tuesday

Large Audience Present Accords Unanimous Endorsement to Policy of Flemming Government—Frequent and Hearty Applause.

Sussex, June 5.—A meeting in the interests of Messrs. Jones, Murray and Dickson was held in the hall at Newton where the opposition candidates held forth last Saturday night, was addressed by Ralph St. J. Freeze and Fred M. Sprout on Tuesday evening, the 4th inst., and it is needless to say that any arguments presented by Messrs. Pearson, Flevelling and Wetmore on Saturday evening last were shattered beyond any hope of redemption. This was made fully apparent by the continuous applause that was given the speakers.

Shortly after 8 o'clock the hall which was comfortably filled, among those present being quite a number of ladies. A motion was made nominating Chas. Tainyn as chairman of the meeting and carried. He performed the duty required of him in a very happy manner introducing the speakers, Mr. Freeze and Mr. Sprout.

Mr. Freeze on being introduced was heartily received and at once plunged into his subject in a businesslike manner, advancing many strong and vigorous arguments in defence of the present government and making comparisons that carried conviction to the minds of all present, plainly showing up the fallacies and erroneous statements made by the opposition speakers in this campaign and the opposition press in the province, prophesying that on the 20th of June next the government supporters would be elected with large majorities, which sentiment was vigorously applauded as he finished his remarks fully and completely.

The chairman then introduced Fred M. Sprout, ex-M.P.P., who was received with applause and continued. In his opening remarks he took occasion to contradict in the most emphatic manner the statement that had been heralded all over the country as to be and his colleagues were fully aware of the same with one another. He then referred to various matters wherein pledges had been made by the Hazel Fleming government to reform the loose financial methods of doing the business of the province employed by the late administration and proved most conclusively that this had not been done. He also referred to the leasing of the cost of school books to the people of the province, which had cost the province less than \$1,000 up to the present date. The road and bridge expenditure in the province has been collected by stamp duty and the admirable method of conducting the public accounts and the closed audit system, prevailing not one dollar had been frittered away since the old administration. He also gave a most clear and lucid explanation of the largely increased revenue from crown land and collection of stamp duty, giving pointed instances of the loose methods and the way in which the province had been deliberately robbed by the just duty of the lumbermen of New Brunswick, who, while allowed this to economize on the one hand and to cough up the money when called. All this had been changed to an honest, progressive programme whereby New Brunswick was coming to her own feet and the wretched mismanagement of the old time swept away never to return. The many valuable measures connected with agriculture, horticulture and stock raising, etc., were commented on and so admirably explained that one and all felt that New Brunswick was making rapid strides and advancement under the progressive policy of Premier Fleming, whose ability in the negotiations concerning the St. John Valley railway, the new line from Minto towards Fredericton, the more extensive opening up of the coal fields of New Brunswick, was winning him great opinions.

The hall rang with the applause given Mr. Sprout the conclusion of his address and also that accorded the chairman, who publicly admitted that the present government had been a progressive government and that things when necessary, no better proof of which was needed than the splendid bridge structure within a few hundred feet of the hall and for which he gave them full credit.

The meeting was beyond any question a splendid tribute to the good work done in Kings by the late members, and an endorsement which will be hard to down, when the 20th day of June rolls around, notwithstanding the loud boasts of the windy leaders of the opposition and the three candidates of his party, who if feeling at Newton in any adequate gauge of affairs are doomed to certain and heavy defeat.

For Summer Cookery use CUBES. For home or camp cookery Cubes are the latest, richest and most efficient Cook's help. 4 CUBES 10c; 10 CUBES 25c.

THE TELEGRAPH TAKES THE PLUM

Correspondent on North Shore Exposes Campaign of Misrepresentation by Opposition Organ.

Jaquet River, N. B., June 4.—The St. John Telegraph has made the assertion that the Morrissey meeting here was a frost and a failure. This statement is entirely false and misleading and is like all the statements the Telegraph is making concerning the recent political campaign. The Jaquet River meeting was one of the most successful ever held in the parish of Durham. The hall was filled to its utmost capacity and the speakers were given a great reception.

During the last few days the Telegraph has been circulating cooked up reports about Mr. Venot and claiming that he carried everything before him in Kent county. The people on the North Shore know all about this fib-ber. Mr. Venot is the individual who during the Dominion election campaign last fall in the county of Gloucester created a "Protestant Pope" and worked on the feelings of the poor ignorant electors. He is a man who will say anything and everything just to get a vote, but his tongue wag. He thinks he is helping the opposition but his methods are in reality making many friends for the government.

At Amherst, June 5.—The marriage of Miss Lilian Fraser Hatchford, daughter of C. E. Hatchford, of the customs department of this town, to Clarence Francis Worrell, son of His Lordship, Earl of Halifax, took place this morning at ten o'clock in Christ church, which was decorated for the occasion with apple blossoms and white and pink flowers. Rev. G. Q. Warner, pastor of Christ church was the officiating clergyman.

Among the out of town guests present at the wedding were Mrs. Worrell, Halifax, mother of the groom, and the groom's sisters, Miss Charlotte Worrell and Miss Worrell; F. P. Bent, Halifax; Mrs. J. S. Foster, Miss Dorothy Purdy, Rothesay, N. B.; Mrs. Connor, Truro, Wm. Connor, Truro, Mr. and Mrs. Worrell, on the morning of the wedding for Halifax and will spend their honeymoon at Hubbard's Cove on the south shore of Nova Scotia.

WASHINGTON, June 5.—After a conference between President Taft and Secretary of State Knox at the White House, it was announced that the United States would send four battleships to Cuban waters.

THE GAY MUSICIAN. Big Musical Comedy Production for St. John. Not in many years has any comic opera made so great an impression in the United States and Canada, than has Julia Edwards' charming production, "The Gay Musician" which won so great recognition last season. So great has been the demand that "The Gay Musician" be heard once more. The management have been induced to make a tour of the United States and Canada for the coming season.

AUCTION SALES. POTT'S May! Hay! 150 Bales BY AUCTION. I am instructed to sell by Public Auction on Thursday Morning, June 6th, at 10 o'clock—ONE HUNDRED AND FIFTY Bales of Hay, slightly damaged by water. Sale at Walker's Wharf. F. L. POTT'S, Auctioneer.

Have You Real Estate You Wish Sold? Our connections in this line enables us to handle Real Estate quicker and better than any firm in the city. It costs nothing to try us. Telephone or call today. Telephone 973. Office 96 Germain street. F. L. POTT'S, Auctioneer.

FOR SALE. Saw Mill Property in Northern New Brunswick. Completely equipped, twelve machine shingle mill, electric light machine, heated by Sturtevant blower system, Lignewood for piling equipment, two stables, one-third interest in boom company, all the cedar timber on about five hundred (500) square miles government land, all the timber, spruce, pine and cedar (over one-third soft white pine) on about 140 square miles government land. Nearly all timber being on Nepisiquit River and tributaries. Mill located on main line of Intercolonial Railway at Bathurst, N. B.

IN THE SUPREME COURT. KING'S BENCH DIVISION. IN THE MATTER OF NEPLAQUI LUMBER COMPANY Limited and its winding-up under The Winding-up Act and Amending Acts.

VICTORIA HOTEL. 57 King Street, St. John, N. B. This Hotel is under new management and has been thoroughly renovated and newly furnished with other Carpet, Linen, Silver, etc.

WHOLESALE LIQUORS. William L. Williams, Successor to M. A. Finn, Wholesale and Retail Wine and Spirit Merchant, 149 and 151 Prince William St. Established 1850. Write for family price list.

MAIL CONTRACT. SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until Noon, on Friday, the 7th July 1912, for the conveyance of His Majesty's Mails on a proposed Contract for four years, six times per week each way, between St. John Post Office and I. Hunter's residence, Hickey Road, (Rural Mail Delivery), from the 1st of August.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS. Any person who is the sole head of a family or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must submit to the Department of the Interior, a printed notice containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of St. John, Marsh Bridge, and at the Office of the Post Office Inspector at St. John, Post Office Department.

Na-Dru-Co Dyspepsia Tablets. Restore your stomach to healthy vigor by taking a Na-Dru-Co Dyspepsia Tablet after each meal—and out of the "piecing". A bite of this and a taste of that, all day long, dulls the appetite and weakens the digestion. Restore your stomach to healthy vigor by taking a Na-Dru-Co Dyspepsia Tablet after each meal—and out of the "piecing".

ST. JOHN, N. B., THURSDAY, JUNE 6, 1912.

THE GLOBE DEFINES THE ISSUES.

The Telegraph and Times are making frantic appeals to the Liberals to support Mr. Copp, and incidentally endorse Mr. Pugsley, who is also taking an active part in the Provincial campaign assisted by Mr. F. B. Carvell. In 1908 a large section of the Liberal party in this Province declined to support Mr. Robinson and his candidates. They saw that they had been deceived year after year by the published statements of the old Government and they refused to cast their votes for men who were wasting the public money in such a reckless manner as to bring the Province to the verge of bankruptcy. Mr. Hazen promised to give them honest Government; they accepted his promise and voted for his candidates. They have had no occasion to regret the course they pursued four years ago. Mr. Hazen and Mr. Fleming have governed the Province wisely and well. The people have received the honest government they were promised, and they realize that the pledge made in 1908 has been faithfully carried out.

Among the Liberal newspapers which refused to be dragged into supporting the Liberal Government, was the Globe, which on more than one occasion prior to the election of 1908 had pointed out that the debt of the Province was being increased at an extraordinary rate by the old Government, while the revenue was remaining stationary. Since the present campaign opened several favorable references have been made by the Globe to the present Government which have been displeasing to the Times and Telegraph. Both of these journals have in consequence been employed in reading the Globe out of the Liberal party.

Until last evening the Globe made no comment on the attitude of the other two Liberal journals. Replying to the attacks made upon it the Globe explains its position on Provincial issues and adds:

"To the Globe Mr. Fleming seems to be a hard-working, determined and earnest man, and from that point of view it deals with him. The party opposing him, if returned to power, as things are today, would simply restore the conditions of Administration as defeated last year with Mr. Robinson out of our Provincial political life. That is a condition from which we may pray to be safely delivered. In the meantime the Globe must be permitted to pursue for itself that course which it may seem in the best interests of the Province. It owes no defence of that course to anybody."

There is every indication that even a larger percentage of Liberals will vote for the Fleming Government than supported Mr. Hazen in 1908. They are in a position to do so to make comparisons by the records of the old and the present Administrations in the management of Provincial affairs, and to judge by results.

PREMIER FLEMING ANSWERS MR. COPP.

Premier Fleming granted an interview to The Standard's representative after the meeting at Campbellton on Tuesday night, which appears in another column of today's issue. Dealing with Mr. Copp's misrepresentation concerning the increase in the public debt, the Premier points out that the Leader of the Opposition has added in many items which belong to the old Government, to make up the figures he has made public. Among these are the over-expenditures of the old Government up to Oct. 31, 1907, amounting to \$215,781.40; the reduction in the valuation of the New Brunswick Coal and Railway property after the present Government came into power, amounting to \$115,568.25; International Railway subsidy totalling \$142,700; wheat and grain elevator at St. John \$100,000. These amounts in the total of \$488,437.70 for which the Administration was not in the slightest degree responsible any more than they were for the \$160,824.28 that they had been compelled to expend on the New Brunswick Coal and Railway proposition. A considerable portion of this latter expenditure went to pay the Dominion for the rails laid on the section of railway built by the old Government.

These facts furnished by the Premier show that Mr. Copp is either entirely ignorant of the actual condition of the finances of New Brunswick, or that he willfully misrepresents them for his political benefit. While it is true that Mr. Copp has never shown very great aptitude for figures, and was apparently indifferent whether the statements he made were correct or not, he can hardly have been so densely ignorant as to have omitted the items mentioned by the Premier.

Mr. Fleming also punctures Mr. Copp's statement that the present Administration have received \$520,000 more revenue from the Dominion than any other Government, by showing that he has included in his statement \$25,000 that was spent before the old Government were retired from power, and adds: "I make the statement that during the last seven years of the old Government they received from extraordinary resources which the present Government has not had at all \$1,060,541.86, or an average of \$151,505.98 annually, being substantially more per year than the extra Dominion subsidy of \$139,000 which we have had."

This is an astonishing statement, but it is absolutely true. The old Government received between 1900 and 1908, in addition to the settlement of the Eastern Extension claim, amounting to over \$280,000, the proceeds of several bond issues amounting in the total to the figures given by Mr. Fleming, and every dollar of this enormous sum was necessary to pay off their over-expenditures during the nine years covered by Mr. Fleming's statement. Mr. Copp has been very glib regarding the over-expenditure of \$56,000 of the present Government last year to make the bridges of the country safe for traffic, but he makes no mention of the fact that the over-expenditures of the old Government, which were hidden away in suspense accounts to deceive the people, amounted to an average annual deficit in the current revenue of over \$100,000 for the whole nine years referred to.

In replying to Mr. Copp that the present Administration had impaired the credit of the Province, the Premier makes allusion to the fact that Mr. Robinson when Premier was compelled to pay 5 per cent. interest on treasury bills floated in London, and that the present Government on coming into power renewed the loan at 3 1/2 per cent., and had since effected temporary loans at 3 per cent., and in one case at less than 3 per cent. This does not look very much as if the credit of the Province had been impaired under the present Administration.

Dealing with Mr. Copp's assertions regarding the Valley Railway, the Premier points out that Mr. Copp voted against the bill to provide for the construction of this important transportation line which will do more to open up the central portion of the Province and develop its agricultural interests than any railway yet constructed within its boundaries. The vote of Mr. Copp to whom the Premier refers took place on March 22nd and is recorded on page 53 of the Journals of the House. Up

to the present date Mr. Copp has made no effort to explain his vote on that occasion and therefore must be regarded as an opponent of the railway.

The electors of New Brunswick will read with much pleasure Mr. Fleming's unqualified statements regarding the route of the Valley Railway and the Government's intention to build the whole line from St. John to Grand Falls as authorized by the Act of Assembly against which Mr. Copp voted. There is no evasion or equivocation in the Premier's statement that the road will be built from St. John to Grand Falls without delay.

The Opposition cannot that the road would not go beyond Andover has already failed in its purpose as neither Mr. Pugsley nor the Telegraph have been able to advance a single title of evidence in support of their assertions. All the facts are against them, and the plain straightforward statement of Mr. Fleming, who has worked in season and out of season for the construction of the railway to open up this vast section of country, will be accepted by the electors, who have good reason to doubt anything that would be said regarding this enterprise by such consistent opponents of the railway as Messrs. Pugsley, Carvell and the Telegraph. For three years Mr. Fleming has conducted a campaign marked by great vigor and leadership in succession to Hon. C. W. Robinson, who has conducted a campaign marked by great vigor and leadership in succession to Hon. C. W. Robinson. The Telegraph did not always sound judgment. The Telegraph did not always sound judgment. The Telegraph did not always sound judgment.

MR. COPP AND THE TELEGRAPH.

Referring to the Leader of the Opposition the Telegraph says: "Mr. Copp, who has been winning kudos everywhere since he took up the work of leadership in succession to Hon. C. W. Robinson, has conducted a campaign marked by great vigor and leadership in succession to Hon. C. W. Robinson. The Telegraph did not always sound judgment. The Telegraph did not always sound judgment. The Telegraph did not always sound judgment."

On June 5th, 1908, the Telegraph published on its editorial page this somewhat pointed reference to Mr. Copp's connection with the Central Railway fraud:

"Time was when Mr. A. B. Copp, M.P.P., Provincial organizer of the Liberal party, expressed doubts about the central railway business. Yet the Central if not profitable to the Province seems to have been profitable to Mr. Copp. On March 20th, 1908, after the elections, Mr. Copp was paid \$375 for attendance at Ottawa and expenses there in connection with a claim for a double subsidy for the Central. This \$375 included a trip in March last for which he was paid \$175 and another in December, 1907, for which he got \$200—7 days at \$20 a day and \$60 expenses."

"Mr. Copp's activities in connection with the Central in 1907 appear to have yielded him the moderate sum of \$1,000—for legal services. What the legal services were does not yet appear, but doubtless particulars will be forthcoming later on. The entries in the Central's books, thus far available, show that on July 21st, 1905, Mr. Copp received \$500 on July 21st \$500 and October 21st \$500. The payment of \$375 on March 20th indicates that Mr. Copp did not find the Central personally unprofitable, even after the elections had overwhelmed the Robinson Government. Why Mr. Copp should have been the man to go to Ottawa on these several occasions mentioned rather than some member of the Government does not appear, but like many other matters connected with the Central that are now sunk in mystery, this one may be made clear when the investigation commission calls witnesses and hears their sworn testimony."

The Telegraph's criticism of Mr. Copp's action in connection with the Central Railway scandal was thoroughly justified by the report of the commissioners who investigated the Central Railway expenditures. In this report the commissioners say:

"Of this amount Mr. Copp was paid \$1,050 from July 7th to October 20th, 1905. On March 20th, 1908, he was paid the balance—\$375. No vouchers or accounts were filed giving the items making up the above amount. Mr. Copp stated in evidence that he had visited Ottawa once pressing for a settlement of the extra subsidy on the fifteen mile section and once interviewing Mr. Emmerson in reference to the purchase from the I. C. R. of some old steel bridges. That he had also settled some outstanding accounts, among others, that of Rhodes Curry and Co., and James Barnes."

"Perhaps the services of a lawyer might fairly be employed in the first named Ottawa visit, but doubly so, but we think the fee paid was excessive. So far as the other services of Mr. Copp were concerned it is not clear to us why a paid officer of the company could not have effected these settlements as successfully and much more cheaply than a lawyer could have done. As a matter of fact Mr. McAvity stated in his evidence that Auditor Sharpe had adjudged the Barnes claim."

"Mr. Copp's evidence shows clearly that he had not prepared himself to do work of any other nature, and we believe his allegations were according to his preparation."

THE CROWN LANDS.

Commenting on Mr. Copp's reference in his manifesto to the Crown Lands the Times says: "The people of the Province do not know either the extent or the value of this great asset." Had it not been for the action of Surveyor General Grimmer they never would have known the value of the Crown Lands. Mr. Grimmer succeeded in demonstrating to the people that under a wise and honest administration they were worth just twice as much as under the incapable and dishonest management of Mr. Copp's friends.

"Panic," said the Times last evening, "has broken out in the Tory ranks and the dignified and convincing manifesto of Mr. Copp has made it clear to even the most optimistic supporter of Mr. Fleming, that the Government is in great danger of defeat." There is about as much truth in the statement that the Government supporters are in a panic as that Mr. Copp's manifesto is dignified and convincing. Without exception it is the most maliciously untruthful, evasive and slanderous document that ever emanated from a public man in the Province of New Brunswick. The Times is assured that there is no panic in the Government ranks anywhere, and that Mr. Fleming and the whole Government party look forward to an overwhelming victory on June 20th over graft and dishonesty.

What a glorious time the grafters would have if Mr. Copp could induce the electors of New Brunswick to place him at the head of their affairs. All the road monies would pass through their hands and as large a percentage would stick as in the good old days when the road superintendents appointed by Messrs. Pugsley and Tweedie handled the taxes collected from the people. Honest electors will see that no such catastrophe will happen to the Province and will defeat Mr. Copp and all his sympathizers.

The shameless untruth of Mr. Copp in his manifesto will do more to defeat his party in the Province of New Brunswick than any document or argument that has as yet appeared in the campaign. Mr. Copp has been already warned that he cannot fool all the people all the time. Deception is the chief characteristic of his manifesto.

COMMENT ON THE CAMPAIGN

MR. VENIOT'S WILD CHARGES.

P. J. Veniot, we have been informed by the Telegraph, has been producing copies of the cheques of the public works department with forged endorsements. It would have been much more to the point if Mr. Veniot had produced the forged cheques instead of the copies, and then make the statement that the endorsement on it was a forgery. Mr. Veniot must be aware that the endorsement on it was a forgery. Every precaution is taken to ensure the honest expenditure of the monies of the public works department by the chief commissioners and the officials of the department. All pay rolls have to be sworn to by the superintendent of the work, and the cheques instead of being made payable to the superintendent in a lump sum, are made payable to the individuals whose names appear on the pay roll, therefore, both perjury and forgery have to be committed to swindle the government out of the present regulations of the public works department. If such crimes had been committed, Chief Commissioner Morrissey is not the man to have allowed them to go unpunished.

A BRIGHT OUTLOOK.

From the best information obtainable from different sections of the province the reports are most promising for the success of the Government ticket. From all quarters comes the information of large accessions to the Liberal ranks. The Hazen-Fleming Government have satisfied the people. The large increase in the revenue, which has been more than their predecessors on agriculture, public works and education, has attracted very many who supported the Opposition, when that party was in power, that they have been misled. Now that they see the benefits of honest government they will cast their votes for Mr. Fleming and his colleagues.

MR. COPP'S OUTLOOK.

Mr. Copp considered disreputable the better part of valour and retired from his candidature in Albert county. From the latest reports he is having a good deal more than he can properly attend to in the County of Westmorland. The statement comes from this constituency that Mr. Copp and his ticket will go down to defeat by the large majority. Backed by all the influence of the federal government, and running with the premier of the province the Liberal party of the Opposition has decided to support Mr. Copp. Mr. Copp can hardly look for victory in the coming contest.

SOUR GRAPES.

"Mr. Robert Connelly" remarks the Times, "will not annihilate any Liberal. He represents an American lumber concern that has considerable profitable business with the Fleming Government." Mr. Connelly's offence part of the Times consisted in presiding at a meeting addressed by Messrs. Baxter and Carson at Salmon River, on Monday night. Mr. Connelly is one of the Liberals who was unable to stand for the policy of the Opposition and has decided to lend his influence in favor of honest government in the future.

MALICIOUSLY UNTRUE.

The Times has again been repeated

Most Anything

Banter Babble Boob and Bits of By-play

THE QUESTION.

By Berton Braloy. Ah, yes, it's a city of glory, A wonderful place to see. And marvelous is its story Of magic and mystery. Proud of its mighty tower, Its glitter and its array, Boasting its wealth and power— But where do the children play?

We marvel to hear the thunder Of traffic that's never still. At soaring buildings we wonder, At palaces and mansions we thrill. We hasten to ship and ferry, To rumble of car and dray, But ever recurs the query, Oh, where, where do the children play?

You boast of your wealth and numbers And the children live in the slums, Where evil the land encumbers. And vice in its horror comes. We're sick of the pallid faces, And the little ones starved and gray, Where are the open spaces And where do the children play?

DREAMSTICKS

ROOM WITH A BATH-SIT? "NO, SAID STEVE, I CAME IN FOR A LITTLE IMPROMATION." "KINDLY TIP ME OFF AS TO WHETHER OR NOT A HOTEL CAN HOLD A TREE'S TRUNK AS IT IS LEAVING!" "ICE WATER, QUICK!"

Try Tea This Way

Here is a new, safe way to discover a full richness of tea flavor. Your dealer can now sell you a package backed by this assurance:

Should you not like the flavor well enough to be more than pleased with your discovery, return the broken package and get your money back.

Make the KING COLE test to-day. The 40c. grade will be especially appreciated.

35, 40 and 50c. per lb.

PROMINENT QUEBEC MERCHANT IS DEAD

Quebec, June 5.—Roger Larue, a prominent business man of Quebec, one of the principal partners of the firm of Thibault Freres, wholesale dry goods, and a former member of the Quebec Harbor commission, passed away this morning after a brief illness. He was 53 years old.

WILL SERVE LIFE TERM.

Boston, Mass., June 5.—The sentence of Mr. Lena Cusumano, of Hull, condemned to die this week for the murder of her husband, Frank, was commuted to one of life imprisonment by the executive council today.

THE FORLORN HOPE.

The Times gravely informs its readers that "the Liberal campaign all over the province goes with a swing of victory." It will make the same assertion on each day it is published between now and the 20th of June, but this will not elect the candidates nominated by the opposition party. At the present moment there is not a single constituency in the whole province that it safe for the opposition candidates, while in many their case is absolutely hopeless.

WEDDINGS

A wedding of considerable interest took place yesterday morning in St. Peter's church, when Miss Nan Robinson Morgan, daughter of James Morgan, was united in marriage to Francis Leo O'Regan, son of Mr. and Mrs. John O'Regan.

The bride, who was given away by her father, wore a handsome costume of white duchess satin, trimmed with orange blossoms and carried a large bouquet of white roses and lilies of the valley.

The bridegroom was best man. The ushers were Dr. Thomas H. Lunnon and Frank Conroy.

A large gathering was present in the cathedral yesterday morning to witness a pretty wedding, when Rev. A. W. Meahan united Miss Annie Nugent to E. Thomas Walsh, son of Mr. and Mrs. Edward Walsh.

In St. Peter's church at 4:45 o'clock yesterday morning, Miss Margaret F. McGowan was united in marriage to Harry N. McDevitt.

Moncton, June 5.—Emma Augusta Emmerson, daughter of Judge and Mrs. F. W. Emmerson, and Charles Alfred MacLaren, both of Moncton, were married at the residence of the bride at one o'clock today.

WEDDINGS

At the home of the bride's parents, Mr. and Mrs. George Cobham, Germain street, West End, the bride was attended by Miss Marjorie Long.

The wedding took place at New York yesterday morning at the home of Hon. Samuel Adams, uncle of the bride, of D. King Hazen, of this city.

A wedding having a great deal of interest in local society circles, took place in Trinity church yesterday at 10 o'clock.

In St. Peter's church at 4:45 o'clock yesterday morning, Miss Margaret F. McGowan was united in marriage to Harry N. McDevitt.

An interesting event took place at 4 o'clock yesterday afternoon at the residence of the officiating priest, when Rev. F. S. Porter married Miss Blanche Carpenter, daughter of Mr. James Carpenter, of Robesville, to Henry Scribner, of this city.

In the cathedral, at 5:30 o'clock yesterday afternoon, a quiet wedding was celebrated when Miss Mary A. Elliott was united in marriage to Francis Colahan.

The church of St. John the Baptist, Broad street, was the scene of a very happy event yesterday morning at 11 o'clock.

"For 15 Years I Had Eczema"

Mr. C. E. Cramer, Farmer, Cromwell, Conn., writes: "For fifteen years I have suffered from itching eczema. Seven different doctors were consulted in Canada and the United States, with only temporary relief."

BAPTISTS PREPARE FOR BIG CONFERENCE

Rev. M. E. Fletcher will Represent Foreign Mission Board at Conference to be Held in Sackville.

The Baptist Foreign Mission Board held their monthly meeting yesterday afternoon when the field secretary's report was read and approved by the board.

The financial standing of the board was the next subject to come under consideration, a special committee reported that the board's income for the year ended in March last was \$1,200.

The report of the delegates who attended the organization of the Toronto board was then read. The board is known as the general board, and future all the missionaries will be paid from this office.

PERSONAL. Theodore Hill arrived on the Boston train last evening.

The new Theatre, which is being built on the south side of the King Square, arrived in the city yesterday from Philadelphia.

Those in Silver Falls school, making over 70 per cent, at the month of May are: Standard V, Stella Arthur, Annie Ryan, Standard IV, George Ryan, Edward Knox, Stella Maher, Robert Lydon, Standard III, Audrey Maher, Beatrice Lydon, Matthew Donovan, Standard II, Dorothy Lydon, Hattie Bustle, Maggie Hicks, Carmel Lydon, Standard I, Kathleen Caples, Marjorie Thompson, Annie Hicks, Marguerite Christopher.

Complained of Policeman. There is a very indignant lady and gentleman in the city at present over alleged discourtesy shown to the lady by an up-town policeman.

Houlton Boy Shot by Chum. Houlton, Me., June 5.—A bullet from the rifle of another boy with whom he was hunting woodchucks yesterday, caused the death of Richard Smith, a fourteen year old son of Wilbur Smith of this town.

First Woman Mayor of Kansas Dead. Oskaloosa, Kansas, June 5.—Mrs. Mary D. Lowman, the first woman mayor to be elected in Kansas, is dead.

Mission Church. A public service will be held at the Mission church, Paradise Row, west of the Blessed Sacrament, at 8 p. m. Thursday, to which all communicants of the church of England are invited.

Dividends on the Preference Stock accrue from Aug. 1st, 1912, and will be payable Quarterly. SUBSCRIPTIONS WILL BE PAYABLE AS FOLLOWS:—

10 p. c. on Application 25 p. c. on July 1st, 1912 25 p. c. on Sept. 1st, 1912 10 p. c. on Allotment 25 p. c. on Aug. 6th, 1912 25 p. c. on Oct. 1st, 1912

The following persons have agreed to become DIRECTORS: C. H. Cahon, President, Western Canada Power Co., Limited. H. A. Lovett, President, Canadian Coal and Coke Company, Limited.

TRANSFER AGENTS AND REGISTRARS CORPORATION AGENCIES, Limited BANKERS—THE BANK OF TORONTO

The Canada Brick Co., Limited, has been organized to manufacture Sand Lime Brick at St. Lambert, P. Q., and Mile End, Montreal. The capital authorized is \$400,000, of 7 per cent. Cumulative Preference Stock, of which \$200,000 will be issued, and \$600,000 of Common Stock, of which \$300,000 will be issued.

MARKET. The chief market will be in Montreal. This city will use over 200,000,000 brick this year while the combined output of the local plants is estimated at only 135,000,000. Contracts have already been closed by the Canada Brick Company for over half their output, and the whole could have been sold had they wished to guarantee delivery.

ESTIMATED EARNINGS. The average cost of Sand Lime Bricks turned out by the Company's plants will not exceed \$7.00 per thousand. High grade bricks are selling in Montreal today at \$13.00. Figuring the Company's net selling price at \$12.00 (which is lower than the prices which have been obtained for the brick already sold), there will be a net profit of \$5.00 per thousand. The estimated output is 15,000,000 brick a year. At \$5 a thousand, the profit on 23 of this output would be \$500,000—sufficient to pay the \$14,000 dividends called for on the Preference Stock and leave a surplus of \$36,000, which will pay 12 per cent. on the \$300,000 of Common Stock which is to be issued.

PLANTS. Early in June the St. Lambert plant will be turning out 20,000 Sand Lime Brick a day, while the Mile End plant will, when completed, have equal capacity.

PROCESS. The Sand Lime Process originated in Germany in 1880, and there are now 280 plants in operation there. Since 1901, over seventy plants have been established in the United States, and there are now 10 in Canada. Sand Lime brick are suitable for the finest work, being as strong as pressed brick and more regular and uniform than clay brick. Their remarkable power of resisting climatic changes makes them particularly valuable for Montreal.

Applications for prospectus or subscriptions may be mailed to Any Branch of the BANK OF TORONTO Or Direct to the MONTREAL BOND COMPANY, Limited Transportation Building, Montreal

FILE OUT AND MAIL Montreal Bond Co., Limited, Montreal, Que. In accordance with the conditions mentioned in your advertisement, I hereby subscribe for shares at \$95.00 (par value \$100.00) of the 7 per cent. Cumulative Preference Stock of the Canada Brick Co., Limited, carrying a Bonus of 40 per cent. of Common Stock and to sign the regular Subscription Form.

I enclose cheque for \$95.00 Dollars, being first instalment of 10 per cent. of the par value. Name, Address.

DEALINGS ARE BIG BUILDING BUSINESS IN MONTREAL

New York, N. Y., June 5.—Stocks manifested a further tendency to harden today particularly in the anthracite and copper markets. Dealings were largely of professional origin, were in larger volume than on the previous day, and as the session advanced they comprised various issues with the usual erratic movement in the specialties.

As an example take the newly organized Canada Brick Company and look at the directors of that concern. You will find that they are among the most prominent and successful men in the city while the building materials supplied to them are in the hands of the big men.

Business on the London exchange was restricted by reason of the large attendance at the Derby which the market was sluggish with a further weakening of Consols on selling by Liverpool, where a large credit was placed.

NEW YORK COTTON RANGE. By direct private wires to J. C. Mackintosh and Co. June 5th. High. Low. Close. July... 11.06 11.00 11.02.

CLOSING COTTON LETTER. By Direct Private Wires to J. C. Mackintosh & Co. New York, June 5.—The publication of the bureau report found the market well evened up in anticipation of possible surprises and as the figures did not depart far enough from mean expectations to stimulate fresh interest, today's market relapsed into its rut of dullness.

CLOSING STOCK LETTER. By direct private wires to J. C. Mackintosh & Co. New York, June 5.—Today's stock market ruled strong of undertone throughout and compared with recent standards unusually active.

VESSLS BOUND TO ST. JOHN. Oruro, Demerara via Halifax, May 21st. Rappahannock, London, May 25. Absalon, Barry, May 29.

SATURDAY WILL BE THE BIG DAY FOR THEM ALL

End Will Come at 8 o'clock Sharp, Saturday Night, June 8th--Finish will be Furious --Get Your Subscriptions in as Early as Possible and Avoid the Rush--Don't Wait Until the Last Minute and Lose Out--Contestants Should Not Wait For the Last Mail But Come in Personally

BY THESE RULES YOU MAY WIN OR LOSE

8 o'clock Saturday, June 8th, is the Finish, not Five Minutes After--Final Count will be Made at Once--Make Today and Tomorrow Count for the Prizes Will be Won and Lost by the Efforts of the Last Twenty-four Hours

The following named gentlemen will act as judges: Charles F. Sanford, Roy L. Sippell, Eustace Barnes, Andrew W. Robb. These judges will be present at 8 o'clock p. m., Saturday, June 8, the closing date of the contest, and they will take charge of the ballot box at that hour. They will count and check the votes polled by the contestants and determine who are the winners of the twenty-six prizes. No one connected with the Standard will have any part in the counting of votes or determining who are the winners.

At 8 o'clock Saturday night, June 8, 1912, the Standard's great \$5,000 prize contest closes. Not one ballot received at this office will count on the final count after that hour. All reserve votes will be counted on this day. If you have any friends who have reserve votes for you, get them to vote now. A few thousand votes will win the prize. There are thousands of votes held in reserve and it will take no little time to count and register them. The final count will be absolutely accurate and the decision as to winners will be made impartially and final.

The contest will close at the Standard office. Get all your votes in as soon as possible after reading this. All votes and subscriptions must be in by 8 p. m., Saturday, June 8. Do not think that all the votes to be had are already obtained. Of the many families in the territory of the contest there are still a few who are not taking the Standard. They will all be getting as soon as they approach that all their friends and neighbors are taking it and they begin to realize that it is the only real newspaper in this vicinity. Get your votes today. The votes will only be counted at 8 p. m., Saturday, June 8th.

Get your reserves in the ballot box early Friday or Saturday, so you will not miss any of them. Do not lose any of them, for there will be no way of your getting duplicates at this late period of the contest. Do not trust to slow mails. A delay of a few hours may lose a prize for you. Mail them in time to reach this office early Saturday, June 8th or you are apt to lose out.

Go in today, tomorrow and the next day to win or forever hold your peace. The race is now up to you and your friends. Do not ask to have vote ballots issued on subscriptions without the name of the candidate for whom they are to be voted written thereon. The request cannot be complied with. All votes must bear the name of the candidate for whom they are to be voted before they leave this office. Scratched, torn or altered vote certificates will be promptly discarded. Offentimes a few votes will win or lose a prize, and it is small satisfaction for one to know what they have lost by putting off their final effort until the last hour. Go out at once and do your best to bring your wavering friends who promised you a subscription, into line. If you put it off until the last hour they may be out of town or changed their minds--just do it now.

The battle of the ballots will wax more furious as the end approaches, and every candidate is preparing for the struggle which must take place between now and 8 p. m., Saturday, June 8. Indications point to a strenuous finish and many subscribers will be added to the Standard list before the close. Claims and counterclaims of the contestants and their friends indicate that the outcome is everywhere in doubt and the interest will be at white heat.

But it will all be over in a few hours, even though it has been a warm race, the good feeling will be so prevalent that the losers will be helping the winners celebrate. Everybody will be happy and those who have worked the hardest will be the happiest of all. No information regarding the reserves polled--to be credited after the close of the ballot box will be given anyone, so do not hesitate to bring or send in your reserves as early as possible. Do not forget that votes in this contest are not transferable and that every vote issued must have the name of the contestant written thereon. Any votes coming in showing alterations or erasures, unless the same are made by the contest manager, will be cancelled at once. The contest closes Saturday June 8, at 8 p. m. sharp.

Votes allowed on all subscriptions between the dates of Tuesday, June 5, and Saturday, June 8, inclusive. The St. John Standard.

cause of the excitement which is sure to exist during the last few hours of the contest, or because of some misunderstanding on the part of any contestant. It is impossible for you to exercise too much caution in arriving at a full understanding of the rules and conditions governing the close of the contest.

First--All votes and remittances, no matter at what time mailed, must be received at the office of the contest department, The Standard building, St. John, N. B., before 8 p. m., Saturday, June 8th, or they will be worthless and will not be counted.

Second--All remittances and votes mailed after noon Friday, June 7th, should bear a special delivery stamp.

Third--All remittances should be addressed to the contest manager, The Standard, and not to individuals. This is to prevent confusion.

Fourth--Personal cheques will be accepted on the closing day, unless certified. Postoffice or express money orders, drafts or certified cheques or currency will be accepted in payment of subscriptions. Please note this carefully and do not present personal cheques in payment of subscriptions on Saturday, June 8th, the closing day of the contest.

Look over the above conditions carefully. Do not jump at the conclusion that you understand any particular one until you are absolutely sure of its full meaning. The precaution of careful reading is taken here should be no vain regrets concerning the contest. Votes which do not conform to the rules of the contest, if in doubt concerning any point, ask questions until everything is clear. It is extremely dangerous to remain in ignorance of any of the rules which govern the closing.

The votes will be counted usually at 5 o'clock Friday afternoon and the result printed in The Standard, Saturday, June 8th. After that time, the ballot box will not be open again until the final count is commenced at 8 p. m., Saturday, June 8th.

Get your reserves in the ballot box early Friday or Saturday, so you will not miss any of them. Do not lose any of them, for there will be no way of your getting duplicates at this late period of the contest. Do not trust to slow mails. A delay of a few hours may lose a prize for you. Mail them in time to reach this office early Saturday, June 8th or you are apt to lose out.

Go in today, tomorrow and the next day to win or forever hold your peace. The race is now up to you and your friends. Do not ask to have vote ballots issued on subscriptions without the name of the candidate for whom they are to be voted written thereon. The request cannot be complied with. All votes must bear the name of the candidate for whom they are to be voted before they leave this office. Scratched, torn or altered vote certificates will be promptly discarded. Offentimes a few votes will win or lose a prize, and it is small satisfaction for one to know what they have lost by putting off their final effort until the last hour. Go out at once and do your best to bring your wavering friends who promised you a subscription, into line. If you put it off until the last hour they may be out of town or changed their minds--just do it now.

The battle of the ballots will wax more furious as the end approaches, and every candidate is preparing for the struggle which must take place between now and 8 p. m., Saturday, June 8. Indications point to a strenuous finish and many subscribers will be added to the Standard list before the close. Claims and counterclaims of the contestants and their friends indicate that the outcome is everywhere in doubt and the interest will be at white heat.

But it will all be over in a few hours, even though it has been a warm race, the good feeling will be so prevalent that the losers will be helping the winners celebrate. Melvin Kady, Briggs Corner 1,0910

The Board of Health bulletin issued by G. Melvin, health officer, is as follows:

The following cases of contagious disease were reported from the city during the month of May, 1912. The figures for last month and the corresponding month last year are given for comparison:

Disease	1912	1911	May
Scarlet fever	12	19	3
Diphtheria	3	6	6
Typhoid	2	2	0
Meningitis	0	0	0
Whooping cough	1	0	0
Tubercular dis.	14	6	12

The usual monthly table of deaths from all causes for the month follows. While the death-rate is very constant in its nature, it is measurably less than last May. It is estimated population is 42,990. A rather unusually large number of tubercular deaths helps to swell the list this month. The records for last month and for May, 1911, are added for comparison:

Age-Group	Male	Female	Total
Under 5	6	12	18
5 to 10	4	4	8
10 to 15	1	1	2
15 to 20	3	4	7
20 to 25	4	5	9
25 to 30	5	7	12
30 to 35	2	1	3
35 to 40	3	4	7
40 to 45	3	3	6
45 to 50	3	2	5
50 to 55	3	2	5
55 to 60	4	3	7
60 to 65	2	4	6
65 to 70	2	4	6
70 to 75	1	2	3
75 to 80	1	2	3
80 and over	1	2	3
Totals	30	39	69

Brief Hints of Sanitary Living.

Please remember that garbage can, and should be, burned in the kitchen range and not thrown out. That nothing is so liable to dangerous pollution as milk. It is very probably that, in many cases, milk is more apt to be polluted after reaching the house of the consumer than during its progress from the place of production up to that point. It should therefore, be immediately covered after being received into the house, and kept as cool as possible. That of all classes of the population, young children under five years have the fullest hold upon life. Last year, in this city, over one-quarter of all who died were under this age, and during July and August, and September of last year over 40 per cent. of the total deaths were of this class. Yet this city compares very favorably with many others in respect of child mortality. When it is remembered, therefore, that milk is so principal a food for young children, no trouble should be thought too great to make certain that it is clean and pure.

water-tight pipes all the way from its place of production to the point where it may be properly deposited or set free. To throw "slugs" in the back yard is an almost certain way to produce disease, either in one's own family, or in that of his neighbors. Young children run the greatest risk in these cases.

The newspapers are full of directions regarding against the common house-fly. Most of what is said in these instances is strictly true, and may be followed with great advantage. The fly carries the poisons, chiefly, of typhoid fever and those of the digestive (intestinal) diseases which are so fatal to children. They deposit these poisons upon the food, and in this way the disease is contracted. The moral is plain: Keep the flies out of the house by means of window and door screens; destroy all that may obtain entrance, and keep the yards free from the decomposing materials in which they breed.

He Missed It. Teacher--Charles, tell me what you know of the Monolian race. Charles--I wasn't there--I went to

You'll Sleep More Soundly
If You Keep Regular With **Dr. Morse's Indian Root Pills**

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all the organs active and regular. The headaches disappear, the digestion becomes good, the blood is purified and perfect health results.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are daily so throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 50c. a box.

Eminent Toronto Physicians
Failed to Cure Rheumatism. Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years I feel it my duty to tell you personally what your wonderful preparation has done for me. I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians but derived only slight benefit. "A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other method like Nerviline is kept--it is so useful in minor ailments like sprains, tooth aches, neuralgia, coughs, colds, lumbago and sciatica. I call Nerviline my "Life Guard" and urge all to try its merit."

Doz. 1715, 115 Palmerston Avenue, Toronto.

Reduce anything else offered instead of Nerviline, 25c. per bottle, 50c. for \$1.00. All dealers, or The Cataractores Co., Kingston, Ont.

COLL

The popularity of the punch work still continues, and I find that I can do nothing more pleasing to my circle of employers than to give out today on which you can punch to your heart's content and to the ultimate satisfaction.

Do you know how to do punch work? Of course, the open effect is the beauty of the work in the suit of punching a coarse needle, either round or three-sided, through loose woven material, and by repeated punches in the same hole, and by lines thread pulling in four directions from the hole, the open effect is secured.

The design that surrounds the punch work should be worked first, either heavy outline or solid work, and the punched work should be brought right up to the line of embroidery. A dot has been omitted, supply it, that an unbroken line of holes will be a complete, open-work effect.

Stitches are worked in parallel lines between two rows of holes. Work one direction, then complete the square by working in the opposite direction. When you cross down to a lower use the diagonal line on the under side of the goods. Be careful not to pull the material too tightly. If it is too

THE BOARD OF HEALTH BULLETIN ISSUED BY G. MELVIN, HEALTH OFFICER, IS AS FOLLOWS:

The following cases of contagious disease were reported from the city during the month of May, 1912. The figures for last month and the corresponding month last year are given for comparison:

Disease	1912	1911	May
Scarlet fever	12	19	3
Diphtheria	3	6	6
Typhoid	2	2	0
Meningitis	0	0	0
Whooping cough	1	0	0
Tubercular dis.	14	6	12

THE HEALTH OF THE CITY DURING THE MONTH OF MAY

The usual monthly table of deaths from all causes for the month follows. While the death-rate is very constant in its nature, it is measurably less than last May. It is estimated population is 42,990. A rather unusually large number of tubercular deaths helps to swell the list this month. The records for last month and for May, 1911, are added for comparison:

Age-Group	Male	Female	Total
Under 5	6	12	18
5 to 10	4	4	8
10 to 15	1	1	2
15 to 20	3	4	7
20 to 25	4	5	9
25 to 30	5	7	12
30 to 35	2	1	3
35 to 40	3	4	7
40 to 45	3	3	6
45 to 50	3	2	5
50 to 55	3	2	5
55 to 60	4	3	7
60 to 65	2	4	6
65 to 70	2	4	6
70 to 75	1	2	3
75 to 80	1	2	3
80 and over	1	2	3
Totals	30	39	69

A COLLEGE ON WHEELS
The Better Farming Special Train in New Brunswick with a full line of Exhibits illustrating the best methods of Farm Practice and with experts from Macdonald College and the Dominion and Provincial Departments of Agriculture will run on the following schedule:

JUNE, 1912
SATURDAY, 8th.
Harvey. . . 9.00 a.m. to 11.30 a.m.

For the INDUSTRIOUS NEEDLEWOMAN

By ADELAIDE BYRD

COLLAR AND BELT IN PUNCHED WORK

BEADED BELTS

BEADED belts take the lead among the pretty ornaments with which Dame Fashion tickles our fickle fancy.

Those seen in the shops are wonderfully beautiful; but they can so easily be copied at home that they are quite within the reach of every woman and girl that can use a needle.

They are worked on the material that matches your newest dress, skirt or blouse, and are particularly charming when several shades of the same color are chosen for the decoration of the belt. Shaded beads are the latest novelty. They can be bought in all colors and cost but little.

A shaped belt four inches wide decorated in a conventional design with these shaded wooden beads makes an accompaniment for the plain tailored suit that is altogether fascinating.

Cut the material matching your skirt over a fitted girde pattern, leaving one inch on each side and at the ends to be turned in. Make the edge of the belt with a white beading thread and trace the design on with chalk. Be sure the belt is the exact size your waist before you begin beading; then bring the thread through from the wrong side with a knot tied in the end, and start the beading by threading several beads on the needle and fastening them down by passing the needle through the material in a slanting direction. Repeat, covering the design, unless you are using rather large beads, when they must be sewed on one at a time.

Wooden and Tuscan beads make a pretty combination. After the design is filled in, sew a row of beads around the beading thread to make the outline of the belt; then line the belt with silk or satin, and if the material is very thin, interline it with a piece of heavy muslin.

You can make odd little ornaments that serve to conceal the hooks that fasten the belt by covering them with covered buttons with beads. From the center of the buttons hang two strings of fine beads one or two inches long, with a larger bead at the end of each. If you are clever at such things, you can make many curious little ornaments of beads for this purpose.

The artistically inclined girl will like to embroider herself a belt in the soft oriental colorings. Wooden beads containing all the rich colors of the far east intermingled with small gold ones are sewed to China or Japanese silk or crepe-looking mummy cloth.

Gold and silver beads look well on almost any colored costume; but if your dress is gray, there is nothing more attractive than a belt embroidered with outlined beads.

Jet beads are effective on gowns of black material, and if you happen to be wearing mourning you may make yourself a neat little belt embroidered with the dull black beads.

Iridescent beads of glass combined with small gold beads are charming for the girde of your evening gown. This may be as elaborate as you wish, the beads being placed very close to give the appearance of an intricate design.

A large gold or crystal bead looks well sewed at the point of a leaf or in the center of any design.

Crystal beads on white ribbon are delightful for belts to wear with the lingerie frock. These bead belts can be made to order and sold at a good profit if you would turn your needlework to account as a means of making some pin-money.

Designed by Elizabeth Miller

For a belt.

The complete work.

One half of collar.

THE popularity of the punched work still continues, and I feel that I can do nothing more pleasing to my circle of embroiderers than to give a set today on which you can punch to your heart's content and to the ultimate satisfaction in dress.

Do you know how to do punched work? Of course, the open effect that is the beauty of the work is the result of punching a coarse needle, either round or three-angled, through loosely woven material, and by repeated punches in the same hole, and by the linen thread pulling in four directions from the hole, the open effect is secured.

The design that surrounds the punched work should be worked first, either in heavy outline or solid work, and then the punched work should be brought right up to the line of embroidery. If a dot has been omitted, supply it, so that an unbroken line of holes will give a complete, open-work effect.

Stitches are worked in parallel lines between two rows of holes. Work in one direction, then complete the square by working in the opposite direction. When you cross down to a lower line, use the diagonal line on the under side of the goods. Be careful not to pull the material too tightly. If it is loose

in mesh, there will be no difficulty; after two stitches are placed in each direction from a hole, it is sufficiently round and large for the most exacting. Many embroiderers are using colored thread for punched work. This gives a very attractive result, especially if color be used in the rest of the design. Linen thread is best, but any stout, twisted cotton will do. Use soft mercerized thread for the rest of the design.

One-half of the collar is given. By tracing the design and reversing it you can complete the pattern. Outline the butterfly with fine stem stitch or coarse outline stitch. Work the body and head in solid stitches and use this method for the small pieces extending from the body into the wings. Fill in the rest with punched work.

The space between the slender leaves at the ends of the running vine can also be punched. Outline the stem and use solid stitches for the oval leaves on the side of the stems.

Pad the scallops and the diamond-shaped blocks between. Buttonhole the scallops and then fill in the diamonds with solid stitches. Give a second buttonholing, being sure not to neglect the lower edge of the diamonds.

Attach the collar to a straight piece of lawn, so that the band can be turned in and fastened in place.

The belt to match can be done on linen belting or on linen to match. The method is similar and the two pieces form a pretty set for the summer dress that will be appreciated by every lover of the dainty and practical.

Good luck in your punching.

Sewing Room Hints

All those who are fond of tating will save much time by whitening a sharp point on the end of their tating shuttles so they can pull the thread through the slots with the shuttle without having to use a pin or crochet needle each time.

When the weekly wash comes up from the laundry, take the clothes that need mending and find patches of the material, yarn to darn with, or whatever is necessary to mend with, and pin the pieces to the article to be mended, then put them aside in a drawer or sewing bag until you have time to sit down quietly and sew. Having everything ready, you will be surprised at the amount you can do at one sitting. By this method the weekly mending loses half its terrors for the busy housekeeper.

In order to keep spools of cotton and silk always handy have the drawers of your sewing machine fitted with thin boards through which are driven wire nails placed two inches apart. Place these in the drawers with the points of the nails upward and on each nail slip a spool of thread.

One row holds white thread from 24 to 10; another holds black thread and silk, and still another all the odd shades of silk and cotton that have been used in the making of frocks, or those that will be likely to be used in the ordinary sewing for the family.

GIFTS for the GRADUATE

A sash girde.

The bouquet of ribbon.

Dainty garters.

WITH the warm, sunny days of June comes the time when each school launches its class of graduates, to float with the tide of humanity already battling with the great problems of the world.

Each graduate has a host of relatives and friends interested in her welfare, and when the occasion arrives for her to receive her diploma the good wishes for future success are usually accompanied by an appropriate gift.

The exclusive shops are displaying many dainty and useful articles, which would prove most acceptable to any girl.

Any woman who can sew and enjoys fashioning pretty novelties, should copy some of these. They are not difficult and are bound to be appreciated by the "sweet girl graduate," particularly when she realizes your affection and thought-

fulness in taking the time and trouble to make them yourself.

Among the many favorites in the summer fashions is the sash girde.

These dainty accessories are fashioned of ribbon or velvet, and are charming to wear with the sheer lingerie frocks.

One of the prettiest sashes displayed recently was of palest pink satin ribbon eight inches wide.

The waist belt is softly folded and boned at the front, back and sides. Two long each ends fall from the back tied stock fashion. The ends are finished with a fringe of knotted ribbon, from which pink rosebuds fashioned of satin are hung.

A garland of roses and foliage makes a charming decoration on the top of the girde.

These small roses may be purchased at any novelty shop or made at home. Dame Fashion continues to favor the

corrage bouquet of ribbon flowers. The design shown here is a pink rose, white carnation and violet. The zig-zag motif may be purchased in the millinery department. This gives a pretty touch of color to the summer frock of the graduate.

To wear with delicately tinted silk stockings are the fascinating garters of ribbon. A rosette formed of pointed petals edged with Valenciennes lace adorns the top.

White ribbon was used for an attractive pair. The ribbon, 3/8 inches in width, was shirred through the center with a band of elastic. Six pointed petals shaped of the white satin ribbon formed the flower.

A tightly shirred center gives a pretty finish to the flower.

Slipper garters or opera bags may be made of wide ribbon, stitched up the sides, hemmed and drawn together by

a band of narrow ribbon. Bands to adorn the hair are always welcome gifts to the young girl. A wreath of small roses and green foliage fashioned of silk is unusually becoming and effective.

The large rose so fashionable at present to trim the lingerie hat is another suitable gift for the graduate. These are made of ribbon or bits of satin, silk, chiffon or gauze.

Slipper rosettes are easily made. One cannot have too many, so they are most acceptable.

Make these of one large silk flower or a bouquet of miniature rosebuds, violets, forget-me-nots or daisies. White rosebuds for the graduation slippers make a timely gift.

These few suggestions may help some one to delight the heart of some charming girl graduate. Why not let it be you?

When Crocheting

AN OLDER woman has demonstrated that little things count for as much in the realm of needlework as in other and broader walks of life.

Much time is lost, not to speak of the tax on good tempers, when crocheting if the ball of yarn or spool of cotton drops from your lap and rolls merrily away under the bookcase, bureau or some other place where it is hard to reclaim.

To prevent this, run a hatpin through the spool of ball and pin it to the arm of your chair. The thread will run smoothly, your work will be more regular and then you cannot lose the spool.

But if you do not happen to be seated in a chair with a tufted arm, run a piece of narrow ribbon or string through the spool and hang it on your arm.

Hanger for Gowns

CUT a piece of heavy cardboard seventeen inches long and eight inches wide and shape one side of it like a coat hanger. Now punch a small hole in the center one inch from the top, and tie a piece of ribbon or tape through it to make a loop to hang it on.

In the lower edge make two holes six inches apart and either insert large safety pins or sew in hooks to hang the skirt of your gowns to.

This makes an inexpensive and very satisfactory frame to hang your summer lingerie or linen frocks and waists upon, keeping them fresh for a long time after they have been ironed.

These hangers may be padded with raw cotton and covered with fancy silk or covered with a delicate sachet powder sprinkled over the cotton, adding greatly to their attractiveness and perfume the gown as well.

THREE WAYS TO TRANSFER

HERE are suggestions for transferring the pattern before you to any material before working.

Perhaps the easiest way is the "window-pane" method. This is successful when the material is thin, like linen, batiste, etc. Pin the sheet of paper and the material together and hold them up against the glass of a window. With a sharp pencil draw on the material the design, which can be easily seen through the goods if one-half of the design only be given, unpin the paper, and turn the other side to the fabric. The sitting light behind will make it plain.

If you have carbon paper, you should place the sheet between your fabric and the newspaper. This latter is on top. With a sharp pencil go over the outline of the design. The impression will be left in the lines and will last until worked. This method is successful on heavy material.

The last way is also easy. On wax paper or ordinary tissue paper trace the pattern before you. When the design is completed, turn over the paper and outline the pattern with a heavy lead pencil. Then place the design down on the fabric and redraw the outline, pressing hard with the pencil. The pattern will be transferred without difficulty.

Surely the way is easy.

place the sheet between your fabric and the newspaper. This latter is on top. With a sharp pencil go over the outline of the design. The impression will be left in the lines and will last until worked. This method is successful on heavy material.

The last way is also easy. On wax paper or ordinary tissue paper trace the pattern before you. When the design is completed, turn over the paper and outline the pattern with a heavy lead pencil. Then place the design down on the fabric and redraw the outline, pressing hard with the pencil. The pattern will be transferred without difficulty.
