THREE CENTS

NO INDICATION WHEN GERMANS WILL BE READY; GENERAL SYMPATHETIC STRIKE ENDS TODAY; COUNCIL CONSIDERS REPARATION FOR SHIPS

GERMANS GIVE NO INDICATION WHEN THEY WILL BE READY TO SIGN ALLIED PEACE TERMS

German Government Occupied Yesterday in an Effort to Secure New Delegates for Meeting at Versailles.

HAVING DIFFICULTY IN FINDING MEN

Statesmen Unwilling to Bear the Onus of Affixing Signatures to Treaty Which Acknowledges Country's Defeat.

New York, June 25.—The Associated Press tonight issues the following: Another day has passed and the Germans have given no indication of the time when they will be ready to sign the peace treaty of the Allied and Associated Powers.

The Council of Four in Paris, however, was informed that during Wednesday the German government was busily engaged in trying to arrange the personnel of the German delegation to Versailles.

Unofficial opinion in Paris, since the Germans announced their intention to sign the compact, has speculated on several days for the signature but as they have not yet chosen their plenipotentiaries, Saturday, and even as far distant as Monday, are ventured upon now for the appearance of the German delegates before the peace conventions.

The Germans thus far have given no idea as to what men are to be the choice of the Kaiser government. Official advice indicates that the cabinet is experiencing great difficulty in finding men who are willing to take upon their shoulders the duty—which is to be written indelibly in world history—of acknowledging Germany's utter defeat in the war, and her unqualified acquiescence to the terms of the victors.

Reports have it that Herman Mueller, foreign secretary in the Bauer cabinet, like Dr. Haniel Von Hammbaum, declined to accept the onus for signing a treaty admittedly obnoxious to the Germans.

Even a visit Wednesday to Versailles of the General Secretary of the Peace Conference, where the members of the German delegation still are, failed to bring forth any knowledge of what was being done in Germany toward the selection of plenipotentiaries. The only statement obtainable was that the Germans at Versailles were without any information.

Paris despatches assert that, owing to the uncertainty arising from the situation, the heads of the Allied and Associated Powers are contemplating unless the intentions of the Germans at Weimar are forthcoming shortly, to issue an ultimatum setting a day and a time satisfactory to them for the appearance of the Germans before the Peace Congress, to sign, seal and deliver the treaty in accordance with the Allied wishes.

SUMMER TRAINING SCHOOLS FOR NEGROES AT LOUISVILLE

Louisville, June 25.—Through a co-operative arrangement of the State Department of Education and the school authorities in Louisville and Jefferson county a summer school for training negro men and women for work as teachers, playground supervisors and home makers will be held here during the period from June 23 to July 25.

Lessons in canning and drying of fruits and vegetables will be given to the negro population of Louisville and Jefferson county. The War Camp Community Service will have charge of the playground and recreational courses. A number of educators from various parts of the country will deliver lectures in the several courses.

FORMER EMPEROR RECEIVED THE GERMAN DECISION ON TUESDAY

Exactly How William Was Affected by the Tidings Cannot be Ascertained, But the Attitude of Members of His Party Cause Belief That the News Was a Severe Shock—Scathing Criticism of German National Assembly.

Amerongen, Tuesday, June 24.—(By the Associated Press.)—News of Germany's decision to accept the peace terms, including the clause providing for the delivery of the former German Emperor to the Allies, reached the castle late yesterday evening. Exactly how the former Emperor was affected by the tidings cannot be ascertained, but the attitude of members of his party gives rise to the belief that the news was a considerable shock.

Award In Halifax Strike

Board of Arbitrators Make Their Return, Giving the Six Unions Involved an Average Increase of 24 Per Cent.

Halifax, June 25.—The Board of Arbitrators which has been at work for a week on the wage scale for men in the building trades in Halifax, brought in its award this afternoon. Their findings are unanimous and the result is that, for the six unions, the average increase is about 24 per cent., compared with the wages paid before the strike began, and about eight per cent. over what the employers offered, following the demand by the unions. Carpenters and painters are allowed sixty-six cents an hour, whereas the old rate was 50 and 55 cents respectively. They had asked for seventy-five cents. Plasterers and stone masons, who had been receiving fifty-five and sixty cents an hour are given 75. Electricians and plumbers are given seventy cents. The award is to stand till December 31, 1920, and then can be continued for further periods from time to time. The men have been working at the rate offered by the employers for about two weeks, and are now entitled to the difference between that rate and the award.

Official notice of the termination of the strike was sent to Premier T. C. Norris, of Manitoba, by Alderman Ernest Robinson, secretary of the strike committee. Mr. Robinson also made formal application that the government appoint a Royal Commission to enquire into the cause of the industrial troubles.

PROTEST AGAINST VOLUNTEER ARMY MEN BY GERMANS

Employees' Committee Takes Stand on Employment of Men Lately Returned from Service in the War.

New York, June 25.—According to a story in "The London Times," the workers' committee of a large Berlin firm recently sent an ultimatum to the directors, insisting on the dismissal of two employees who had joined the volunteer army. The firm appealed to Herr Noake, Minister of Defence, who summoned a conference. He declared that Germany still was in a state of war, and that the Government had decided to put down with a firm hand any attempts to boycott persons who were doing a great service to the fatherland. The committee agreed to withdraw the ultimatum. This, comments The News, is plainly no isolated occurrence, for the Vossische Zeitung of the Berlin workers will recognize the enormity and the impracticability of these attempts at boycotting, and in the present crisis will not challenge a struggle in which they must be the losers.

held here during the period from June 23 to July 25.

Lessons in canning and drying of fruits and vegetables will be given to the negro population of Louisville and Jefferson county. THE GENERAL SYMPATHETIC STRIKE ORDERED TO END AT ELEVEN O'CLOCK TODAY

The Action of the Central Strike Committee in Calling an End to the Strike Which Has Paralyzed Industry for Six Weeks Was Announced Through Official Organ—Premier Requested to Appoint a Commission to Enquire Into Situation—Many Strikers Will Not be Reinstated in Former Positions—Vancouver Faces New Trouble.

Winnipeg, Man., June 25.—At a special executive session of the strike committee last night it was agreed that the general sympathetic strike which has handicapped Winnipeg industry for six weeks should be called off at eleven o'clock Thursday forenoon, but formal announcement of this decision was withheld until the official organ of the central strike press committee, "The Enlightener," appeared on the streets this afternoon. The Enlightener is the successor of the Western Labor News which was suppressed several days ago.

Official notice of the termination of the strike was sent to Premier T. C. Norris, of Manitoba, by Alderman Ernest Robinson, secretary of the strike committee. Mr. Robinson also made formal application that the government appoint a Royal Commission to enquire into the cause of the industrial troubles.

The following statement has been issued by Premier T. C. Norris: "I have just been shown a paper, calling itself 'The Enlightener,' in which it is stated that the general sympathetic strike has been called off on the condition that the provincial government have appointed a commission to make a thorough investigation regarding the reinstatement of all workers.

"I hasten to say that there is absolutely no truth in this. The provincial government has not appointed a commission, and has not promised to appoint one. The reinstatement of all workers is not a matter for the provincial government, nor for any government, and a commission has not been considered."

"While preparing this statement I have received by special messenger, this communication which is a sufficient answer to any such statement: Winnipeg, Man., June 25. Hon. T. C. Norris, Premier.

Dear Sir,—I am instructed by the Central Strike Committee to notify you that a resolution has been passed officially declaring the sympathetic strike off on Thursday, June 26th, at 11 a.m. We now make formal application to your government to appoint a Royal Commission, having the widest power of enquiry.

"Yours very truly,
"L. ROBINSON,
"Secy Strike Committee."
"This communication has not yet been dealt with."

It is understood that he intends to appoint Judge H. A. Robson as commissioner, as soon as the strike is officially over, with the understanding that can be conferred upon him, to probe the causes which led to the strike, and make such recommendations as he sees fit to the provincial government. It will be a one-man commission, empowered to take evidence and report findings. No promise along these lines has been made, however, to the strike committee or any of its representatives. As the ending of the strike was unconditional there was a general disinclination on the part of the strikers to wait until eleven o'clock tomorrow to report for duty.

There was a "grand walk in" during the day, when hundreds of men appeared at their old places of employment and asked to be reinstated. Federal, provincial, municipal and industrial officials have emphatically announced that some men will not be reinstated under any circumstance. Mayor C. F. Gray stated that some of the civic employees will not be taken back, and those who do resume work must sign a pledge guaranteeing against participation in sympathetic strikes.

Wm. Irens, R. B. Russell, Alderman A. A. Heaps, George Armstrong, R. E. Bray and Alderman Queen, strike leaders arrived by tonight. W. M. P. in an early morning raid of week ago, appeared in city police court today and were remanded for eight days on request of A. J. Anderson, K. C., crown prosecutor. They will be tried on charges of seditious conspiracy July 13th.—W. A. Pritchard, Oscar Schlegelberg, M. Charlo, Almazoff held at Stony Mountain penitentiary on similar charges were also remanded until July 13th.

Vancouver Troubles.
Vancouver, B. C., June 25.—Judging by the attitude of some of the

TWENTY MILLION DOLLARS VOTED TO COVER SOLDIERS' LAND SCHEME FOR CURRENT FISCAL YEAR

Bill Introduced in House to Increase Salaries of County Court Judges from \$3,000 to \$4,000 a Year.

WILL PROBABLY ADJOURN SATURDAY

Bill to Increase the Permanent Force from 5,000 to 10,000 Men Was Given Its Third Reading.

Ottawa, June 25.—The members of the Commons made a concerted drive on the order paper of the House today with the result that much business was accomplished. With corresponding headway during the next several days the objective of prorogation, not later than Saturday, July 5, will probably be achieved. Despite the fact that the prime minister outlined a considerable programme of legislation still to be introduced. While prorogation a week from Saturday is aimed at, there is still thought to be some uncertainty about it, because the signing of peace any time before that date might induce parliament to ratify the peace treaty before the House rises. The definite announcement by the prime minister that the federal franchise act will not be introduced this session, coupled with the intimation that a number of bills, now on the order paper, are likely to go over, strengthens the probability of an autumn session of the parliament.

Of the many bills and resolutions dealt with today one of the most important was by Hon. N. W. Howells resolution on which the bill dealing with the increases in pensions, recommended by the special committee, is based. After a comprehensive explanation by the minister of the effect of the committee's report, and a brief discussion, the resolution was passed on the understanding that there will be a full discussion in committee. During the day third reading was given a number of bills, including the bill to amend the Canada Shipping Act and the bill to transfer the copyright branch to the Department of Trade and Commerce.

The bill to increase the permanent force from five thousand to ten thousand men was given third reading after the voting down of an amendment by Mr. J. A. Robb designed to kill its vital clause, the government majority being 29.

At a late hour the House went into committee of supply and made good headway with the voting of the estimates.

Estimates voted before the House include the twenty million dollars covering the soldier land settlement scheme for the current fiscal year, and upwards of three million dollars for Dominion lands and parks. Mr. Heigh introduced a bill to amend the Judges' Act. The bill will increase the salaries of county court judges from three thousand to four thousand dollars. Sir Charles Doherty, of the western provinces and of Nova Scotia and New Brunswick will receive an increase of a thousand dollars wherever that is necessary to place them on a level with judges of corresponding rank in Ontario and Quebec. The bill will further provide for an additional judge for the exchequer court.

London, June 24. (By The C. A. P.)—The Canadian Red Cross has presented to the King two war hospitals now disused erected on Crown land at Bushey Park, each capable of accommodating 400 patients. The King has given one to the London county council and the other to Birmingham, both for children.

ASK FOR DESTRUCTION OF GERMAN NATL MONUMENT AT NIEDERWALD

Federated Republican Group Urges the Destruction as a Punishment to German Pride and to Answer the Sinking of the Fleet at Scapa Flow and Burning of French Battle Flags of 1870.

Paris, June 25.—(Havas.)—Deputy Peyrou, of the Federated Republican group in the Chamber of Deputies, and several of his colleagues, introduced a resolution, in the Chamber, today, calling for the destruction of the German National Monument on the Niederwald, so as to punish German pride and to answer the destruction of the fleet at Scapa Flow and the burning of the French battle flags of 1870. The deputy requested an immediate discussion.

The German national monument on the Niederwald is opposite Bingen-on-the-Rhine, in the French area of occupation. It was erected to commemorate the founding of the German Empire in 1870-71. The monument is on a hill 740 feet above the Rhine, the base is 78 feet high, and a large figure of Germania rises to a height of 33 feet more. It is embellished with allegorical figures and portraits. The cost of the monument was said to have been about \$265,000.

Situation Improved At Toronto

Belief Expressed That the Street Railway Strike Will be Settled Today—Men to Get Increase Demanded in the Report.

Toronto, June 25.—An early settlement of the street railway strike here was regarded late tonight as a possibility. Indeed, it was predicted by some citizens a close touch with the situation that the strike would probably be called off on Thursday. This hopeful view of the matter was based on the fact that still another conference was held in the City Hall tonight, and that hints were dropped at its conclusion that the way was being cleared for the street railway men to return to work. Nothing definite could be learned as to what the basis of the settlement might be, but it was understood that the men would receive a considerable increase in their pay, if not actually all that they have asked for and that the Toronto City Company would be permitted to advance the price of the street car fares, presumably to a straight five cent fare and "working men's tickets" at limited hours.

The board of conciliation worked industriously today. A session was held tonight and at its conclusion it was stated that the board would make its award tomorrow. That the award would largely favor the men was the belief of those persons who came in contact with the members of the board tonight, and the award will cause little surprise if it gives the men the 50 cents an hour they demanded, also the 8 hour day.

The strike breakers were quietly removed from their temporary quarters in the Lansdowne Avenue car barns tonight for safekeeping. After the incident of last night the car barns were regarded by the company as unsafe for the strike breakers and no chances were taken.

At the conference with the provincial government the afternoon Premier Hearst made it clear to all parties concerned that the government would not act as intermediary. He said that while the government was anxious to serve the city and see the end of the strike, the problem was one for the civic authorities and the Ontario Railway Board to deal with.

The Calgary metal workers have also returned to work, so that the postal workers amongst the strikers are the only workers left. The postal workers, reached Wednesday morning, when all the Ogdens men carried out their resolution, reached Tuesday, of returning to work.

Much satisfaction was expressed by many of these workers at again being in the harness. It is now over a month since the sympathetic strike began.

Canadian Medical Association Fiftieth Annual Convention

Met at Quebec Yesterday and Heard Addresses from Leaders in Public Health.

Quebec, Que., June 25.—The opening of the fiftieth annual convention of the Canadian Medical Association took place here at Laval University, tonight, when the visiting delegates were welcomed by Sir Charles Fitzpatrick, Lieut-Governor of the Province of Quebec. Mr. Francois Pelletier, Elector of Laval University, and Dr. Grondier, President-elect of the Association.

Sir Charles Fitzpatrick, in the course of his remarks, touched upon the "bonne entente" and told the delegates their welcome here would be as cordial as in any other province. He dwelt upon the good feelings which should exist between the people of the different provinces and envisaged

St. Peters Shut Out Carleton

Over Two Thousand People Last Evening Witnessed Game on Queen Square Diamond — West Enders Were Very Unsteady.

It was estimated that over two thousand people attended the game of ball in the St. John League series on the Queen Square diamond last evening, and witnessed the St. Peter's put up an errorless game and shut out Carleton in seven innings. The North Enders played good steady ball, and Donnelly, who kept the West Enders down to three hits was given perfect support, while no less than ten hits were obtained off two of the Carleton pitchers.

The Carleton team played rather tagged ball and the game went up in the air in the second inning. Stafford was on the mound for Carleton in this inning, and he filled the bases by hitting the batters. He allowed an easy grounder to pass through him, which sent in the first run, then the follow-up giving a base on balls which forced in a second St. Peter's man to score, and the third run in the inning was made when the man at short allowed an easy fly to pass through his hands. Such loose play during dampened the spirits of the Carleton supporters and also the members of the team, and although Stafford was benched and Henderson was put in for the remainder of the game, the team lacked "pep" and it could be seen that St. Peter's had little or no chance to lose.

There was some good playing along with the bad, and despite the fact of a shut out the game was enjoyed by the largest crowd of the season.

The following is the official score and summary of the game:

Carleton	ABRHP	POAE	
Clark, ss	2	0	1
Sterling, cf	2	0	0
Joyce, rf	3	0	0
Gorman 2ndb	3	0	2
Stafford, p	1	0	0
Lawson, c	3	0	6
Burpee, lf	2	0	1
Smith, 1stb	3	0	0
Mosher, 3rdb	2	0	2
Henderson, p	2	0	0
33	0	3	21
St. Peter's	ABRHP	POAE	
Gibbons, 3rdb	5	1	1
Mahoney, 2ndb	4	1	3
Dever, c	3	1	2
McGovern, 1stb	3	0	8
Leahy, ss	3	1	2
McDuffie, lf	4	1	1
Doherty, rf	3	1	0
McNulty, cf	3	0	1
Donnelly, p	4	1	2
32	7	10	21

Score by Innings:
St. Peter's... 0302020-7
Summary—Queen Square, Wednesday evening, June 25. Three base hits, Mahoney, two base hits, Dever. Double plays, Leahy unassisted; Gorman to Smith. Struck out, by

Boston Starter For Capital Meet

Al. P. Landish Has Been Engaged—Adioo Guy Will Be in the Free for All—The 14 Class May Be Reopened to Let Baron A and Alcy E in.

Frederickton, June 25.—Al. P. Landish, of Boston, Mass., a member of the staff of the American Horse Breeders, has been named as starter for the Frederickton Park Association's races here on June 30th, July 1st and 2nd.

No sooner did the Frederickton Park Association get things fixed up to insure the presence of Adioo Guy, 2,034, in the free-for-all here, than word came that the Houston track were making fancy offers to the Reed stable of Port Fairfield, Me., to go there for next week and thus pass up the local meeting.

The latest word from no less an authority than George Reed himself is that the horses would be shipped from Port Fairfield today and would be here some time tomorrow. The railroads are anxious to see how well Peter Farson, 2,07, will take to the local track, and to know in just what condition the present holder of the Maritime record actually is.

Baron A, 2,044, the uncrowned king of the ice tracks of the New England States, was purchased by Patrick O'Keefe after he cleaned up Jenny Penn, 2,18, in a matched race at Mosseopark Park this week, and arrangements are now going on to have the 2.14 class here re-opened to admit Baron A and Alcy E, 2,084, also owned in St. John. Baron A was entered at the Moncton track in the name of his former owner, George Lawson. Secretary Hugh O'Neill got word today that the Fenwick stable would be shipped from Bathurst to Frederickton on Friday so as to reach here on Saturday. This stable includes John A. Hal, 2,084, the pony pacer, that makes the third starter in the free-for-all.

Will Announce Officials Friday

There Will Be a Referee and Two Judges to Decide the Championship Fight Between Jess Willard and Jack Dempsey.

Toledo, O., June 25.—Selections of officials to decide the heavyweight championship contest between Jack Dempsey and Jess Willard on July 4 will not be announced until Friday. Postponement in making announcement of the selection, scheduled for tomorrow, was caused tonight by the failure of Adam Egan, secretary of the army, navy and civilian board of boxing control, and W. A. Gavin, a member of the executive committee, to leave for New York on the train they intended.

Empie and Gavin left at 11 o'clock tonight, but because they will not be in New York until 5:30 o'clock tomorrow afternoon, it will be impossible they said, to hold a meeting of the executive committee of the boxing control board until Friday. The selection of the officials will be formally agreed upon at a meeting, and after being ratified by Major A. J. Drexel Biddle, president of the organization. Tex Rickard, promoter of the contest, will be authorized to announce the decision.

A distinct surprise was caused today when it was definitely announced that there would be three officials, two judges and a referee, to decide the contest. Both Willard and Jack Kearns, manager for Dempsey, had declared they were opposed to the three-man system. Willard's consent was obtained this morning, while Kearns agreed to the proposal at a conference held this afternoon.

While no official announcement has been made it was learned that the officials likely to be chosen are Jack Welch, veteran referee of San Francisco; Bill Brown, of New York, and Ullie Peacor, official referee of the Toledo boxing commission, under license the Willard-Dempsey match will be staged. Peacor is being considered in the capacity of referee, it was said, while Brown and Welch are expected to be chosen the judges.

"The referee has been definitely decided," Rickard said. "I can state there will be two judges and a referee. Both men have agreed to this. I will make formal announcement of the appointments as soon as I have been notified by the boxing control board."

EVADED POLICE THIRTEEN YEARS

Simon Gunanoot, With a Price on His Head, Now Surrendered and Will Face Charge of Double Murder.

Victoria, B. C., June 25.—A special despatch to the Victoria Colonist from Hazelton says that at 5 p. m. on Tuesday George M. Beirnes delivered up to Provincial Constable Kelly, in Hazelton jail, Simon Gunanoot, against whom there are two charges—the murder of Alex McIntosh and Max Leclair, on June 19, 1906. Stewart Henderson, of Victoria, has been engaged for the defence, and, on his arrival at Hazelton today, he and Mr. Beirnes made a short trip into the woods where Gunanoot was camped and came back to Hazelton bringing him with them. For thirteen years, Gunanoot, with a price on his head, who has evaded the pursuit of the Provincial constables, and in the wilds of northern British Columbia, has not only effectually hidden himself, but has prospered. For the first few years, after his sudden flight following the murder, party after party of police tried in vain to penetrate the country where he was supposed to be. The chase, as well as efforts to negotiate with the Indians for his capture, failed.

DUNLOP SOLID MOTOR TRUCK TIRES

became effective simultaneously with the reduction on Dunlop Pneumatic Automobile Tires, June 2nd, 1919

This action on our part is in line with the Dunlop policy to give motor truck owners the immediate benefit whenever we can see our way clear to lower prices and still maintain the high standard of Dunlop Tire quality.

You will see upon an examination of the new list, one of which we shall be glad to forward on request, that the decrease in prices is very substantial indeed. In fact, it represents an average reduction of approximately twenty per cent., so that you can figure out exactly just what this will mean to you as a direct saving in dollars and cents.

With Dunlop Motor Truck Tires to-day you benefit in a measure heretofore unknown. Firstly, there is the lower initial cost; Secondly, there is the low upkeep cost; Thirdly, there is the lengthened Motor Truck life, due to the large volume of rubber in the tires, providing the proper cushion; and, Fourthly, the good service Dunlop Tires render lessens the possibility of tie-ups on account of tire trouble.

The tires that were most popular under the terrific strain of war service were the English Dunlop. These tires transported by far the greatest tonnage borne by any individual make in the war zone.

Canadian Dunlop Motor Truck Tires, which are available to you, are identically the same in formulae and construction as the Master Product manufactured by the English Dunlop Company.

The Motor Truck owner who invests in Dunlop Tires—whether Pressed-on or Quick Removable—is assured of not only a fair return for his money, but matchless service under every condition of load and road.

If you are a user of one or more Trucks equipped with Pneumatic Tires, you, of course, benefit from the general reduction made on Dunlop Pneumatic Tires as announced in the daily press of June 2nd.

CIVIC ADMINISTRATION.

One of the strongest features of Commission Government, so we were told some years ago, would be found in continuity of policy, by means of which there would be no unnecessary disturbance with the systematic administration of all departments. Unfortunately that prediction, like many others in connection with commission government, has not been borne out, and lack of continuity has interfered very seriously with departmental affairs during the past year or two. The Water and Sewerage Department, for instance, was getting along very well under the supervision of Commissioner Wigmore, who enjoyed the assistance of an engineer of long experience. Mr. Wigmore resigned from the Board of Commissioners and Mr. Hilyard was elected in his place. Regardless of what the new commissioner's policy may have been, the Water and Sewerage Department suffered through the change by the introduction of a new and inexperienced man who had to become acquainted with the work, endeavor to fit in with the ideas of his predecessor, and formulate new policies for himself. The death of the city engineer created another difficulty, for Mr. Murdoch through many years had acquired an intimate knowledge of the water and sewerage system of the city which his successor in office could not be expected to possess and which can only be gained by long experience. After six or eight months' service, Commissioner Hilyard dropped out and was succeeded by Mr. Jones, who is now confronted not only with the task of learning the work for himself, but attempting to link up his ideas with those of Mr. Wigmore and the variations of policy introduced by Mr. Hilyard. As a result of this chain of events there is now no one in the City Hall who possesses an accurate knowledge of the affairs of this department, as was the case two or three years ago, and because of this condition there must of necessity be a lack of co-operation between the Water and Sewerage and the Public Works departments. When Commissioner Fisher indicates a desire to pave certain streets, he is able to learn only with difficulty whether or not the Water and Sewerage Departments is prepared to permit that work to be done and whether the pipes under such streets are in reasonable condition. The suggested programme for paving this year has been held up very largely because of this as well as by lack of energy on the part of the commissioner in charge. On the other hand the proposals which have been made touching replacement of water mains have failed so far to receive the unanimous approval of the Council because of the fact that the information covering these replacements and extensions is not sufficiently complete to justify action. Commissioner Wigmore was able to carry on a lot of work from revenue account. The programme which the present Commissioner of Water and Sewerage outlined a day or two ago demands capital expenditure for the entire amount. Still, even under the conditions, it is advisable that necessary work be undertaken at the earliest possible moment, both to provide employment for men who are now idle and to permit the construction of permanent pavements on city streets next spring.

PEACE IN SIGHT.

Germany accepts the terms of peace, and if the Allied programme is carried out signatures will this week be affixed to the most momentous document in the history of the world. This acceptance on the part of what remains of the once great German Empire is, however, only incidental, with or without consent these terms will be enforced, and indeed the apparent acquiescence of Germany in the settlement is not generally regarded as any guarantee of an intention to honestly respect the provisions of the treaty. Too often has the pledged word of the Hun been forgotten, and even within a few hours of formal settlement, the sinking of the interned warships in Scapa Flow added to the evidence of Germany's intention to evade in every possible manner the promises she is compelled to make. With this in mind, Allied statesmen have felt compelled to include in the treaty provisions which guarantee, in so far as human intelligence can foresee, the compliance of the defeated nation with the conditions imposed, and if Germany escapes in future years the penalties now provided, such release will be in the nature of a reward for good conduct rather than through failure on the part of the Allied nations to enforce their just claims. Germany's final response has been disregarded, and although the military party is again in control, of the government and is making every effort to save the ex-Emperor from punishment, the activities of that group have so far not been crowned with any marked degree of success.

Collective Bargaining. Edmonton Strike Bulletin: Collective bargaining is the right of any individual to belong to a labor union if he so desires, and the right of all such unions in a given industry to form themselves into a council to conduct negotiations through their council.

According to the dictates of those whom she has wronged, the world is not at rest. Apart from settlements still to be made with Austria and Turkey, there remain tasks both military and civil which will demand the attention of the Allied powers for some time to come. Today at least twenty distinct military campaigns are in progress in Europe and Asia, and toward the pacifying of those opposing forces the efforts of the greater nations will now be directed. Racial jealousies, the organization of new and independent states, and the greater menace of Bolshevism must be overcome, and while in numbers of instances quiet may be restored by a show of firmness, the Russian upheaval and its wide-spread disaffection will undoubtedly prove a difficult problem. There are boundaries to be adjusted, economic questions to be settled, claims for reparation determined, and above all, Europe is to be restored. A catastrophe which has turned the world upside down cannot be forgotten in a few months nor will half a dozen signatures on a sheet of paper rebuild the once thriving districts now obliterated, or bring contentment and prosperity to countries so recently laid waste.

SACKVILLE IS SORE.

Sackville announces its intention of going ahead with the construction of stockyards irrespective of what the Federal Government may decide. The people of that progressive town are inclined to the opinion that Sackville has been rather unfairly treated, for it is held by them that the failure on the part of the delegates to agree on that location was due in a measure at least to the attitude of the representatives of our own province who held out in favor of Moncton when both Nova Scotia and Prince Edward Island delegates were agreed on Sackville. The contention is offered that this attitude is not in accordance with the growing spirit of Maritime Union and that even considering the recognized advantages of Moncton as a railway centre it would be better to disregard individual opinion in the interests of unanimity than to win out at the cost of provincial unity. The ultimate choice rests with Ottawa and while the advice of Maritime representatives would no doubt be accepted if unanimous, recommendations made by any one group are disregarded.

IN WINNIPEG.

It is unfortunately true that the spilling of blood is often necessary to bring people to their senses. In Winnipeg the regrettable affair of a few days ago in which one man was killed and several seriously injured, seems to have brought the contending parties to a realization of what the future might contain unless a speedy settlement were reached. And as a result of this comprehension there is now reason to believe that the differences between certain groups of strikers and their employers will be at once removed and that the sympathetic strike which has become the really serious feature of the situation will be brought to an end.

Some of these days we will have to set apart certain roads, and fix certain hours, where and when the owners of new motor cars and members of their families may practice driving. At the present time the Robbsey and Westfield districts, as well as stretches of the Spruce Lake road, are positively dangerous. Not only are the heads of families keeping busy, but the ambition to drive has spread to the younger children, with the result that scores of beginners are constantly on the go, to the terror of those who have to walk.

It is unfortunate, even with the desire of hastening the completion of the road, that government work in the vicinity of Riverside should be carried on for seven days in the week. Residents of that district feel that the government might readily consent to a cessation of the bombardment on Sundays.

WHAT THEY SAY

The Return Home. Ottawa Citizen: Alcock and Brown are two young men who have just reached home after sky-larking a bit. Much is Gained. New York World: The late Dr. T. Ewing Mears of Philadelphia left \$100,000 to Harvard for the study of surgical methods of reforming criminals and mental defectives. Much is gained in realizing that there is surgery for crime short of guillotine and noose.

When negotiations have succeeded and schedules are agreed to they shall be signed to cover all trades negotiating within the industry mentioned.

Thinks It Serious. Toronto Globe: The serious feature of the Senate's action is that it discloses what is no doubt a settled intention to maintain the traffic in liquor entering Canada from foreign countries, and also passing from Province to Province. The Provincial Legislatures, according to the best legal advice, according to the best any citizen from bringing in liquor for his own use from abroad or from any other Province of the Confederation.

Something That Bites Hard. Hamilton Herald: The Ottawa speech, heard during the present session of Parliament, which has made the deepest impression in the country, was not made by a statesman or politician. It was made by Mr. Paton, of the Shackett Manufacturing Company, to the cost-of-living committee—that little speech in which he said that his mills were not built for the glory of God.

The Unchanging Hun. Kingston Whig: The psychology of the Hun has not altered through the ages, and the special trading game for the game's sake, which has made the Hun a thousandfold, Honor and fair play, and the ethics and bluff, subterfuge, chicanery and plain dishonesty have been bred into their very fibres. They recognize no superior but brute force. They regard leniency in any form as a sign of fear and incompetence. And so when they were in their great extremity—granted an armistice, they construed it as a sign that the Allies were either afraid or unable (or both) to press on.

A BIT OF VERSE

'TIS SUMMER TIME. The sun draws nearer on his rounds; Great joy and wealth are in his bounds. 'Tis Summer time, 'Tis Summer time. Don't you hear the skylark singing? Canterbury bells are ringing; Now the young birds are swinging. 'Tis Summer time, 'Tis Summer time. Mother Earth her crown is wearing; Countess maids her train are bearing. 'Tis Summer time, 'Tis Summer time. Can't you see the grain fields glowing? Among the leaves pump fruits are showing. 'Tis Summer time, 'Tis Summer time. The sun draws nearer on his rounds; Great joys and wealth are in his bounds. Alberta Riordan. Port Hope, June 19th.

A BIT OF FUN

Friend—But surely you, a millionaire, have little to complain about. Millionaire—Oh, I don't know. The multi-millionaires treat us like so much dirt! Judge—Are you positive the prisoner is the man who stole the horse? Witness—I was, your lordship, till that lawyer cross-examined me. Now I'm not sure that I didn't steal it myself! "After all," said the baseball referee to himself, as the police escorted him to the railway station, "I've not done so badly. It's true they've torn nearly all my clothes off and most of my hair out, and that I'm pretty nearly all bruises. But I've got my return ticket."

The same old sins and sinners occupy the stage of life, but they furnish a multitude of variety shows. Her "Coming Out." Mrs. De Smyth—Now, I want you to save me an extra supply of flowers next week. My daughter Alice is coming out, you know. Proprietor of Flower Stand—Yes, mum, I'll save 'er the very best, your thing. Whatever was she put in for? Rubie Turned Laugh on Wit. The brilliant wit of the bar looked at the moon-faced farm laborer, winked at his friends, and whispered, "Now we'll have some fun." "Have you been married?" he began. "Ye-es," stammered the laborer. "Whom did you marry?" "A w-woman, sir."

An Airy Farm. The triplane, making a twelve-hour journey from London to Hong Kong had got into difficulties among the stars. Something was wrong with the engine, for the customary speed of the triplane had considerably slackened. "Good heavens," cried the skipper, "we shall be here a second later! What makes her go so slow?" "Why, sir," said the engineer, "we're passing through the Milky Way, and the propeller's full of butter."

A Great Success. Mrs. Finnegan had her doubts about adopting the new patent carpet sweeper, but the traveling agent sang its praises so well that eventually she ordered one. Some few weeks after delivery the agent, being in the district, looked her up. "How do you like the new carpet sweeper I sold you, Mrs. Finnegan? Much better than the old-fashioned broom, eh?" "Better, indeed, I should say so! It beats the old wan hollow. I can knock out Finnegan as far again with this wan!"

Little Benny's Note Book

BY LEE PAPE.

Yesterday when pop came home he saw 3 yellow stanes on the parlor carpet, and he called ma and ma had never saw them before, so they called me and I had saw them both before, saying, I wasn't my fault, ma, it wasn't my fault, pop, and I sed, it was a ackerbat me and Pads Simkins saw at the show Saturday afternoon. O, indeed, Im sorry I was out wen he called, sed pop. He didnt call pop, I sed, he did tricks at the theatre, he took a long pole with a little jump on the top of it and he balanced it on the end of his chin like anything, you awt to of saw him, pop. Pardon me for interrupting, but has this anything to do with these stanes? sed pop, and I sed, Yes sir, Im coming to it, and after that he went down stairs on his hed just as if he was going down on his feet only he was going down on his hed, you awt to of saw him, pop. No doubt, but these stanes? sed pop, and I sed, Yes sir, I was just coming to that, and then he wawked on a site rope and wen he got out on the middle of it he layed down and smoked a cigaret as if he thawt he was home sunwars, G pop, you awt to of saw him. Have you explained about the stanes yet? sed pop, and I sed, Im nearly up to that, pop, and then wat do you think he did, pop?—he took 2 raw eggs and put them on the floor and jumped rite on them and they didnt brake or anything, and then he broke them in a glass to show they was really raw, you awt to have saw him, pop. Hah, the plot thickens, and I appose wen you tried it it wasn't necessary to have a glass handy to prove the eggs were raw, was it? sed pop. No sir, he must have had awfull lite, I sed, and ma sed, Ware did you get the eggs? and I sed, Out of the glass thing in the ice box, and ma sed, The best eggs, and look at that carpit, Willyum, you must punish him for this. Benny, sed pop, all ambitious men must suffer for their mistakes, and your mistake was in choosing the parlor instead of some nootral territory like the back street. And after suppr I had to stay in and clean up the stanes while the fellows was wasseling for me outside.

RECORD FLIGHT ESTABLISHED BY AMERICAN LIEUT.

Covered 140 Miles in Sopwith Plane in the Remarkable Time of 61 Minutes.

New York, June 25.—A record flight from Atlantic City, N. J., to New York was established today when Lieut. Kenneth H. Murray, formerly on the American air service, piloted his airplane over the route, 140 miles, in sixty-one minutes. The time was officially recorded by the Aero Club of America. The plane flown by Lieut. Murray is of the small scout type, a Sopwith "camel," and the same design as that used by Capt. R. James, who was lost while attempting to fly from Boston to Atlantic City.

CONSPIRATORS WILL BE TRIED JULY 3RD

Winnipeg Strike Leaders, Charged With Seditious Label, Will be Heard in the City Police Court.

Winnipeg, Man., June 25.—William Towns, R. B. Russell, Alderman A. A. Heaps, George Armstrong, R. E. Bray and Alderman John Queen, strike leaders arrested a week ago, will be tried in the city police court July 3rd, on charges of seditious libel and seditious conspiracy. They were remanded by Magistrate McDonald in special court this afternoon, on the request of A. J. Andrews, prosecutor for the Dominion Government.

ACQUITTED OF MURDER CHARGE

Sydney Barber Accused of Murdering His Partner Set Free by Jury.

Sydney, N. S., June 25.—At an evening session of the Supreme Court, Judge Dryden, presiding, the jury returned a verdict of acquittal in the case of Philip Karaskin, charged with the murder of Tom Gumbiz, his partner in their barber shop on Lingard Road last month. At a late hour, this afternoon, Karaskin took the stand in his own behalf and admitted hitting Gumbiz with the hammer, but says he did it only in self-defence, because Gumbiz was coming at him with a razor.

A Wise Dad. "The boy wants to keep pigeons." "Why not let him?" "I never could get any fun cleaning out a pigeon loft, and I'd be the one who'd have to do it."

THE ICE SHORTAGE—HOW TO COPE WITH IT.

The shortage of ice this summer, due to the unusually mild winter, is more serious than is generally known. The ice supply for this year is about one-third that of last summer. Ice dealers are urging the greatest economy to be enforced to make the supply last over the warm weather. The serious effect that an empty ice box has on a refrigerator is well known. It is next thing to impossible to keep food fresh or even fit to eat. The obnoxious gases that arise when the ice box is empty or the low are insalubrious, to say the least. There are three things the housewife will have to cope with this season. Keeping the ice box and refrigerator scrupulously clean will help a great deal. Snowflake Ammonia dissolved in water makes an excellent solution to do this cleaning it will be found. It cuts a groove and will sweep the refrigerator. Snowflake may be obtained from any grocer.—Advt.

THE HIGH SCHOOL GRADUATING CLASS

This year is the Largest Recorded—Composed of 40 Boys and 50 Girls—Greta Lingley the Leader.

The graduating class of the High School this year is composed of 40 boys and 50 girls, the largest recorded. The percentage of boys is larger than in any previous year. The leader is Greta Lingley, daughter of Holly Lingley, of the M. R. A. staff, winner of the Governor-General's medal last year. The list is as follows:

Bertha Achterley, Harold Alexander, Laura Allen, Edna Anderson, Hilda Bartsch, Louise Bartsch, Florence Eason, George Belyea, Marion Black, Ida Bond, Marion Busby, Fred Curry, Emma Chow, Douglas Clarke, Stanley Clarke, Israel Cohen, Henry Coleman, Marion Cooper, Selwyn Coster, Thelma Crabbe, Roberts Craft, Beatrice Cruikshank, Vauna Currie, Margaret Dunlop, Irene Duval, Norman Dwyer, Raymond Ellison, Dorothy Finley, Marion Fisher, Della Folkins, Leslie Goodwin, Thomas Gosnell, MacGregor Grant, Margaret Green, Olivia Gregory, Maurice Griffin, Helen Harris, Florence Henry, Donald Humphrey, Isabel Jamieson, May Jarvis, Fred Jennings, Marjorie Johnston, Murray Lawson, Dorothy Lee, Helen Levine, Greta Lingley, Mildred Lister, David Lombard, Irene Macanlay, Harry Macnam, Andrew Malcolm, Thomas Manning, Harold Maxwell, Bertha Morgan, Daniel Murphy, Edith McAllister, Fred McGovern, Douglas McKean, Stella McLeod, Nellie MacMannan, Gordon McNichol, Glendon McNulty, Marjory Northrup, Edith Peterson, Gordon Pickett, Charles Pidgeon, Herbert Richardson, William Richter, Jessie Robertson, Kathleen Shaw, Ronald Shaw, Archibald Sinclair, Robert Sommerville, Georgia Spry, Nellie Stern, Kenneth Stirling, Cecil Thompson, Blanche Turner, Leone Ward, Agnes Watson, Jack Welford, Edna Whelpley, Thelma White, Otto Wiggins, Bertram Wilkes, Jean Wilkins, Katherine Wilkins, Lily Wilson, Kathleen Woods.

As leader of the class, Miss Lingley wins the pin, annually presented by the Alumnas to the student occupying this proud position.

HOW THE "INITIAL OUTRAGE OF THE WAR," BELGIUM'S VIOLATION, "AWAKENED THE WORLD!"

When the Prophet Slumbered.

Woodrow Wilson to the Jacksonian Democrats, Jan. 8, 1915.

"And what a future it is, my friends! Look abroad upon the troubled world! Only America at peace! Among all the great powers of the world only America saving her power for her own people! Only America using her great character and her great strength in the interests of peace and of prosperity! Do you not think it likely that the world will some time turn to America and say, 'You were right and we were wrong. You kept your head and we lost ours. You tried to keep the scale from tipping and we threw the whole weight of arms on one side of the scale. Now, in your self-possession, in your coolness, in your strength, may be not turn to you for counsel and assistance?'"

GOVT RECEIVES INSURANCE ON DAIRY BUILDINGS

Part of Insurance on Buildings Burned at Sussex, While Used as Barracks, Had Been Held up.

Fredericton, June 25.—Hon. J. F. Tweeddale, minister of agriculture, announced this morning that the department had received upwards of \$1,000 as insurance on the dairy school building at Sussex, which was destroyed by fire while occupied by troops as barracks. Of that amount \$6,000 was paid some time ago but the insurance companies demurred at paying the balance, claiming that notice of occupation of the building by troops had not been given. It was proven, Hon. Mr. Tweeddale had given the required notice. This made it necessary to pay the balance of the insurance.

ST. JOHN MEN INTERESTED IN NEW CORPORATIONS

The Royal Gazette announces Formation of St. John Cooperative Ltd. and the N. B. Typewriter and Specialty Co.

Fredericton, June 25.—In the Royal Gazette this week announcement is made of the incorporation of the St. John Co-operative Ltd., in which the incorporators are clerks, merchants and laborers who have been granted authority to carry on a general retail and wholesale business, dealing in everything from foodstuffs to fuel that is needed in a household. The incorporators are set forth in the official notice as follows: Arthur Francis Leeger, clerk; Henri Martin Belliveau, laborer; Jean Edmund Leeger, clerk; Thos. Frontin, laborer; Jos. Eugene Ledoux, organ builder, of St. John city; Edmund Leblanc, laborer; Raymond Williams, laborer, and Joe. Leblanc, laborer; Olive Olivier, of Fairville; Jean Vantour, of Milford. The authorized capitalization is \$9,900.

Harry Barker and C. F. Wetmore, of St. John, and P. O. Soulin, of Halifax, have been granted incorporation papers as the New Brunswick Typewriter and Specialty Co., with an authorized capitalization of \$24,900.

HEALTH SLEUTH FOR CARLETON CO.

Fredericton, June 25.—Announcement was made today of the medical inspectors of schools in Carleton County: District No. 1, (town of Woodstock), Dr. T. W. Griffin, Woodstock; District No. 2 (Parishes of Richmond, Woodstock and Northampton), Dr. N. P. Grant, Woodstock; District No. 3, (Parishes of Wakefield, Brighton and Peel), Dr. I. B. Curtis, of Hartland; District No. 4, (Parishes of Wilmot, Winklow and Simonds), Dr. Jas. Beattie, of Lakeville; District No. 5, (Parishes of Kent and Aberdeen), Dr. Geo. W. Somerville, Bristol.

Stranger's Idea of St. John Streets

Says Loyalist City is Beginning to Look Down at the Heels—Streets Appear as if in the War Zone.

"What street is this?" "King street—our principal street." "What's the matter with it?" asked the stranger. "Has it been in the war zone?" "Oh, no," said the native. "They've merely been digging it up to have a look at the water pipes." "Is the city that dry they have to dig up the water pipes to have a look at them? Have they water enough to wash some of the dirt off the sidewalks, anyway?" "They are going to dig up the other side of the street to lay sixteen inches of water main," said the native. "Maybe then they will have enough water to wash the sidewalks and the street, too." "The John is beginning to look down at the heels. You ought to come over to Halifax," said the stranger. "Why don't you import a few new streets, and some paint. I have travelled about a bit recently, but I haven't seen any city that looks more like it needed some paint. Don't you know the way to go?" Or do you think threadbare houses are the best camouflage against submarine attack?" "I thought St. John had Commission form of governments and all modern improvements," said the stranger. "But I guess the city you used to call dingy old Halifax could show you something if you had clean streets. Probably the people would paint their houses and that would make a big improvement in the appearance of the city. Or if the people started to paint their houses, they would make the city fathers do something to keep the dust from blowing around and spoiling the appearance of their houses." "The paint manufacturers hereabouts can't know their business, or nothing about the art of advertising. They used to say that St. John was a great city to advertise itself, but I reckon it has something to learn. About all it ever did in that line was to advertise what nearly everybody knew, to wit, that it was a winter port of sorts. And then one time it advertised a real estate boom. So did Halifax. We spent a lot of money telling speculators in Montreal and Toronto that real estate was going up, and so it did, and now we are paying through the nose for that kind of an advertising campaign. I dare say St. John is top." "But I don't notice much of the advertising that counts. Looking over the advertisements in St. John papers I don't notice many that make an advertisement of a punch. The Halifax Herald can show you something in that line. New Brunswick has a number of industries turning out good products, but they are not advertised properly at home. Your stores are full of paper shoes from Upper Canada and the States, but I don't see a real effort to convince the people that good shoes are made in New Brunswick." "As for export trade to England or France, how many firms in New Brunswick are going after it? The lumber operators are perhaps doing something, though mostly their efforts are confined to filling orders that come to them without effort. Other manufacturers may take orders that come to them through the Canadian Trade Commission, but how many are going out after business for themselves?"

ANNUAL MEETING LAST EVENING

The annual meeting of the Fair Vale Outing Association was held last evening at Fair Vale, when arrangements were made for securing the Henderson field as a recreation ground. Here will be given an opportunity for carrying on all sorts of outdoor sports. A tennis court will be laid out and a baseball team will have grounds. In this connection a strong team of young players will be available.

A large pavilion to be used for dancing and other purposes will be erected immediately. Bathing houses will also be put up on the shore.

The election of officers resulted as follows: president, George Dobbin, (re-elected); vice-president, Kenneth Spears; secretary, Lindsay Dykeman; treasurer, Hugh H. McEllan.

CONSTANTINE ON HIS UPPERS

Former King of Greece is in Financial Difficulties and Bill Can't Aid Him.

Paris, June 25. (Havas)—Former King Constantine of Greece, who has been living in Switzerland, is in financial difficulties, according to advices from Geneva to Paris newspapers. Former Emperor William has been supplying the former Greek ruler with funds but this subsidy has been cut off. It is added, that Constantine is endeavoring to become reconciled with the present Greek government.

HALF-HOLIDAY FOR POSTAL EMPLOYEES

Postmaster Sears has issued the following notice:

The government having agreed to the request of the organized postal employees for a Saturday half holiday all the year round, or at least a weekly half holiday, carrying the principle of a forty-four hour week, the half holiday is to be given on Saturday as far as possible. Hereafter, on Saturday afternoon the Post Office will be closed at 1:00 p. m. with this exception: that postage stamps will be sold at the stamp wicket as usual, the general delivery and registration wickets will remain open for business. The money order branch will be closed. There will be no letter carrier delivery on Saturday afternoon. There will be no delivery of mails on Saturday afternoons to persons who ordinarily receive their correspondence by letter carrier. No orders for letter carriers' mail for delivery at the general delivery window will hereafter be accepted, so that all the carriers may enjoy the holiday, and the outgoing mails will be despatched on Saturday the same as usual.

It is the Postmaster General's desire to see that the minimum number of clerks, messengers and porters necessary to keep the wicket open as stated and to handle incoming and outgoing mails only remain on duty, so that as many as possible of the employees enjoy the holiday.

The public will please take notice and govern themselves accordingly.

PERSONALS

The Hon. J. E. Wilson, deputy receiver general, is recovering from a cold at his home in Fair Vale.

WHITE Pumps and Oxfords for Summer Days

White is a favorite shade in shoes for Summer wear. It is cool looking, cool feeling and people like it for that reason. If you are thinking of getting a pair, now's the time, stocks are complete and you will be able to get a suitable style in your size.

DOMINION TIRES

Why "Nobby Tread"?

The Aristocrats of The Road!

SHABBY shoes make a man look shabby, no matter how stylish the rest of his attire may be. Tires are the shoes of your car.

If the tires are shabby, the appearance of the entire car is affected. "NOBBY TREAD" TIRES always look good, and make the car look good, even after they have been run for thousands of miles. Motorists term, "NOBBY TREADS" the Aristocrats of the Road. Their construction insures users—who are willing to pay the first cost—obtaining the lowest final cost per mile as well as practical freedom from punctures and blowouts.

If you consider cost per mile, easy riding and freedom from ordinary tire troubles, to out-weight first cost—you will equip your car with "NOBBY TREAD" TIRES.

"NOBBY TREADS" are made in all popular sizes—and you can get DOMINION INNER TUBES to insure perfectly balanced tires.

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

RED ROSE TEA "is good tea"

THE British are noted as great tea drinkers and are naturally good judges of tea.

So when we learn that over 70% of the tea used in Great Britain is Indian tea we can be sure that Indian tea is of the very best quality.

In Canada the preference for Indian tea has become just as strong, as evidenced by the success of Red Rose Tea which consists chiefly of ASSAMS—the richest and strongest of Indian teas.

Red Rose is always sold in sealed packages.

RED ROSE TEA "is good tea"

Red Rose Coffee is as generously good as Red Rose Tea

HOUSE INSISTS SENATE CONCUR ON RAILWAY BILL

Commons Proposes to Press the Consolidated Bill and to Leave in Force Sections of Old Act re Power Companies.

confer with the Senate on the Consolidated Railway bill and read by him earlier today, he concurred in. He did this, he said, so that the bill could be restored to the order papers. If the motion carried, he would have a proposal to make as to what should be done with the bill.

Mr. W. G. McQuarrie moved that the bill be referred back to the committee for the purpose of considering certain amendments to clause 325.

The Deputy Speaker ruled this motion out of order, saying that it was one which should properly have been put on the third reading.

It was finally agreed to let the motion stand as a notice of motion to be discussed later on, probably Friday.

Dr. Reid then made a formal motion

Does the Hun know?

AFTER dark, as the Canadians took their positions at the jumping-off point, the whole country seemed alive with ghostly figures. In the last few hours guns were drawn from the nearby woods, and horses stood in the trenches. The great question in everybody's mind was, "Does the Hun know?" He seemed to have nervous premonition, for the sky was constantly lighted with all kinds of flares—every color except black, as one man put it.

"At 4.20 to the moment a blaze of crimson lighted the whole horizon behind us for miles. Three seconds later—"

No story of the war yet written is so thrillingly exciting, so appealingly human as "The Story of Five Cities."

No loyal Canadian should miss reading this magnificent pen-picture of the last hundred days of victorious fighting.

Written by Capt. R. J. Renison on the battlefield it gives the final touch of completeness to "CANADA at WAR"—the only truly Canadian story of the war yet published.

The first part of this splendid volume is a masterfully compiled record of our soldiers' heroism "Over there" and our own achievements at home. Of J. Castell Hopkins, the author, Premier Borden says:—"No Canadian is better fitted to write the story of Canada's part in the war."

Durably bound in handsome red buckram, illustrated with 64 full-page pictures on plate paper, with a colored frontispiece of Gen-

eral Currie (from a recent painting)—here you are offered just the book you've been waiting for.

And you can get it at a wonderfully low price.

"CANADA AT WAR" is not obtainable through the stores. As a service to our readers, we have arranged to sell for a limited time only this wonderful volume at \$3.00, by mail \$3.20. The price will later be advanced to \$4.00.

You've wanted to read the complete story of Canada's part in the war. You'll need such a book as this for your children. Now is the time to secure it—at a saving. Fill in the coupon now and mail. "To-day."

TO THE STANDARD

Please mail to me a copy of "Canada at War." Enclosed is \$3.20 in pre-payment. (\$3.00 if called for at this office.)

Navy League Executive Met

Col. Sturdee, S. S. D., President Yesterday and Good Reports Were Received—Resolution re Visit of His Majesty's Ships.

The executive of the New Brunswick branch of the Navy League of Canada met in special session yesterday afternoon and dealt with several matters of interest. They also passed a strong resolution re the ignoring of the port of St. John in arranging for the itinerary of the Cornwall and asking for better treatment in the future when ships of war are making tours of Atlantic waters. Col. Sturdee, S. S. D., president of the branch, led.

The secretary, C. B. Allan, reported that subscriptions were coming in well and that Miss Lecheur had kindly offered her services as collector. The president reported having received from the Soldiers' Comfort Association 2,000 pairs of socks for distribution among sailors and an offer, through Lady Tilley, from the Canadian Red Cross Society, to turn over a part of their supplies to the Navy League for its work. The treasurer reported having received \$5,000 from the Dominion Council, a part of the grant for work at this port, and expenditures of \$5,097.87, with a cash balance on hand of \$5,671.14.

The president read a letter from the Dominion secretary in regard to the exhibition of naval pictures, which it was expected would be in the city in September or October and which would require 5,000 feet of wall space for their display. This matter was left with the president.

A communication from the Dominion president re the annual appeal for funds was read. The suggestion that September 24 be set apart as the day for this appeal, with an objective for the Dominion of \$500,000 and a membership of 100,000 of which the financial share of New Brunswick should be \$20,000 was read and on motion of H. E. Armstrong, seconded by Capt. Mulcahy, it was decided to approve the date and pledge the branch to do its best to raise \$20,000 and make a big drive for members on that date.

The president brought up the matter of the visit of H. M. S. Cornwall to these waters and recalled the efforts made to have St. John visited. He had taken the matter up with the mayor and with the Dominion council, the latter having set up with the Naval Department of Canada which disclaimed jurisdiction but said they had passed the communication on to the secretary of the admiralty. Secretary of the admiralty, Sir E. B. Armstrong, seconded by H. C. Schofield, was carried unanimously.

"Whereas the Executive of the New Brunswick Division of the Navy League of Canada has been informed that H. M. S. Cornwall, training ship for cadets, has lately visited Halifax, Sydney and St. John's, Newfoundland, during her cruise, and

"Whereas the president of this division on hearing of the departure of the 'Cornwall' from England, wrote to the Mayor of St. John and the Dominion president of the Navy League asking that the Naval Department at Ottawa arrange that St. John should be included in her itinerary, which requests were duly forwarded without result and

"Whereas in the opinion of the New Brunswick Division of the Navy League, this city—one of the principal ports in Canada and the terminus of many lines of ocean steamships, contributed liberally during the late war for the benefit of the Navy League and in aid of funds for sailors of the Royal Navy and Mercantile Marine—should be included as a port of call whenever possible by His Majesty's ships,

"Therefore, Resolved, that this division now bring this neglect of the National Port of St. John to the notice of the Naval Department of Canada and to the Dominion Council of the Navy League of Canada with a request that the same be forwarded to the Admiralty, London, in the order that St. John be in future recognized as a port of sufficient importance to be visited by His Majesty's ships as opportunity offers."

The secretary read a communication from the R. K. Y. C. offering, in the event of a boys' naval brigade being formed here, to cooperate by allowing the use of their equipment at Millidgeville. The president explained that up to the present there had not been any effort made to establish a branch of the boys' brigade here because of the lack of instructors but the matter was now being considered by the Dominion Council and it was hoped before long something could be done. This matter was left in the hands of Col. Sturdee.

On motion of H. C. Schofield, seconded by J. S. Plagford, the president, vice-president, secretary and treasurer, were appointed an advisory committee and given power to deal with matters not important enough for the calling of a meeting of the executive.

ENGLAND MAY SEND BACK FLAG CAPTURED IN 1812

Kentucky Standard Lost in the British and Indian River Raisin Ambuscade.

Louisville, Ky., June 25.—Kentucky's battle-scarred flag, carried by Kentucky pioneers until they surrendered to the British and Indians at the battle of the River Raisin, in Michigan, in the War of 1812, may be returned from England, where it was taken when the British army departed from America.

The Kentuckians' battle standard, on which is written part of the state's motto, "United We Stand," is the emblem which Major Sir Evelyn Wrench, one of the founders of the English-speaking union, recently discovered hanging in the chapel of the Royal hospital at Chelsea, London, along with other captured flags, Governor James D. Black said he would seek its immediate return.

The emblem is believed to have been taken by British soldiers in Kentucky volunteers, under General J. M. Winchester, marched to the relief of inhabitants of Prechenton after being ambushed by Indians and British, under the ruthless Proctor, at the River Raisin, and attacked by overwhelming numbers.

AMERICAN AID IS SOUGHT FOR UNIV. OF LILLE

Paris, June 25.—The bishops of Northern France have sent the Abbe Ernest Dinnet, of the Stanislas College, Paris, on a mission to the United States for financial support for the Roman Catholic University of Lille.

The Alma Mater of Lille is a progressive seat of learning with almost 10,000 students, but the rich manufacturers of that region who were liberal patrons of the institution, have all been impoverished or ruined by the war.

GERMAN PROPAGANDA SENT INTO AUSTRIA AIMED AT ALLIES

Originators Hope to Reach Destination Indirectly and Exercise Some Effect on Peace Treaty Provisions.

New York, June 25.—Germany, says The London Times, in its survey of the enemy press, has an odd habit of publishing propaganda efforts in Austria, possibly in the hope that they may reach the Allies indirectly.

Herr Georg Gothein, a member of the present German Government, has been writing to the Neue Freie Presse to explain as length Germany's inability to pay war damages to France and Belgium, a thesis that would seem to have little direct interest for Austrians.

Herr Gothein says that when Germany undertook in the armistice conditions to restore Belgium and the north of France she was both willing and able to carry out her obligations. But the protraction of the peace negotiations and the continuance of the blockade have altered the position. Germany is now bankrupt and cannot pay even for the food and raw materials she requires for herself. Surely the Allies must see that it is very foolish for creditors not to set the bankrupt on his feet, so enabling him to meet his debts. They ought to persuade the United States, Holland, Sweden, Denmark, Norway and Switzerland to finance Germany.

The Neue Freie Presse, the survey continues, is not going to let Germany monopolize a claim to bankruptcy. It insists that German-Austria is the most poverty-stricken country in the world, and that even if Czechoslovakia and the Slovenes and Croats were to accept their "just

FOREIGNERS SEEK RY. CONCESSIONS IN MEXICO

Mexico City, June 25.—Requests have been received from three foreign companies, for concessions to build railways in the territory of Quintana Roo, the richest undeveloped state of the republic. Among the points the petitioners hope to connect are Payo Obispo, Bacalar and Vigla Chico.

MEXICAN ENVOY IS ADVANCED

Mexico City, June 25.—Jose Ugarte, a diplomat, who has served Mexico in several South and Central American countries, has been appointed resident minister to Bolivia by President Carranza.

New York, June 25.—Germany, says The London Times, in its survey of the enemy press, has an odd habit of publishing propaganda efforts in Austria, possibly in the hope that they may reach the Allies indirectly.

Herr Georg Gothein, a member of the present German Government, has been writing to the Neue Freie Presse to explain as length Germany's inability to pay war damages to France and Belgium, a thesis that would seem to have little direct interest for Austrians.

Herr Gothein says that when Germany undertook in the armistice conditions to restore Belgium and the north of France she was both willing and able to carry out her obligations. But the protraction of the peace negotiations and the continuance of the blockade have altered the position. Germany is now bankrupt and cannot pay even for the food and raw materials she requires for herself. Surely the Allies must see that it is very foolish for creditors not to set the bankrupt on his feet, so enabling him to meet his debts. They ought to persuade the United States, Holland, Sweden, Denmark, Norway and Switzerland to finance Germany.

The Neue Freie Presse, the survey continues, is not going to let Germany monopolize a claim to bankruptcy. It insists that German-Austria is the most poverty-stricken country in the world, and that even if Czechoslovakia and the Slovenes and Croats were to accept their "just

FOREIGNERS SEEK RY. CONCESSIONS IN MEXICO

Mexico City, June 25.—Requests have been received from three foreign companies, for concessions to build railways in the territory of Quintana Roo, the richest undeveloped state of the republic. Among the points the petitioners hope to connect are Payo Obispo, Bacalar and Vigla Chico.

MEXICAN ENVOY IS ADVANCED

Mexico City, June 25.—Jose Ugarte, a diplomat, who has served Mexico in several South and Central American countries, has been appointed resident minister to Bolivia by President Carranza.

ENGLAND MAY SEND BACK FLAG CAPTURED IN 1812

Kentucky Standard Lost in the British and Indian River Raisin Ambuscade.

Louisville, Ky., June 25.—Kentucky's battle-scarred flag, carried by Kentucky pioneers until they surrendered to the British and Indians at the battle of the River Raisin, in Michigan, in the War of 1812, may be returned from England, where it was taken when the British army departed from America.

The Kentuckians' battle standard, on which is written part of the state's motto, "United We Stand," is the emblem which Major Sir Evelyn Wrench, one of the founders of the English-speaking union, recently discovered hanging in the chapel of the Royal hospital at Chelsea, London, along with other captured flags, Governor James D. Black said he would seek its immediate return.

The emblem is believed to have been taken by British soldiers in Kentucky volunteers, under General J. M. Winchester, marched to the relief of inhabitants of Prechenton after being ambushed by Indians and British, under the ruthless Proctor, at the River Raisin, and attacked by overwhelming numbers.

AMERICAN AID IS SOUGHT FOR UNIV. OF LILLE

Paris, June 25.—The bishops of Northern France have sent the Abbe Ernest Dinnet, of the Stanislas College, Paris, on a mission to the United States for financial support for the Roman Catholic University of Lille.

The Alma Mater of Lille is a progressive seat of learning with almost 10,000 students, but the rich manufacturers of that region who were liberal patrons of the institution, have all been impoverished or ruined by the war.

GERMAN PROPAGANDA SENT INTO AUSTRIA AIMED AT ALLIES

Originators Hope to Reach Destination Indirectly and Exercise Some Effect on Peace Treaty Provisions.

New York, June 25.—Germany, says The London Times, in its survey of the enemy press, has an odd habit of publishing propaganda efforts in Austria, possibly in the hope that they may reach the Allies indirectly.

Herr Georg Gothein, a member of the present German Government, has been writing to the Neue Freie Presse to explain as length Germany's inability to pay war damages to France and Belgium, a thesis that would seem to have little direct interest for Austrians.

TOLEDO MUST GRAPPLE WITH DIFFICULT HOUSING PROBLEM

It is Estimated That 60,000 People Will be in That City to Witness the Fight Between Willard and Dempsey on July 4th—Hotels Inadequate in Normal Times and What to do With the Visitors is a Big Question.

Toledo, O., June 22.—This city must grapple with a difficult housing problem in preparing for the enormous crowd expected here to witness the heavyweight championship contest between Jess Willard and Jack Dempsey, July 4.

Toledo itself is a city of about 300,000 population and even in normal times the hotel accommodations are inadequate. The city boasts of eleven hotels of 100 or more rooms capacity and ten more of fifty rooms or better.

Estimates place the total bedding accommodations in the hotels at a discrepancy of 13,000 beds for the number of persons expected to spend the night of July 3 in Toledo.

Ad Q. Thatcher, a Toledo sportsman, is the leader in the enterprise to provide sleeping accommodations for this overflow. Thatcher and several associates have obtained leases on a number of vacant buildings in the downtown district.

AROUND THE CITY
FAIR AND WARMER

LEMON EXTRACT VICTIM.
One drunk, who found the lemon extract too potent for such warm weather, was run in by the police last night.

ON FISHING TRIP.

Dr. Henry Hedden, superintendent of the General Public Hospital, left yesterday for a few days fishing on the South West Branch.

CALLED TO CALGARY.

Rev. H. G. Marr left last night for his home in Calgary, having received word of the serious illness of his daughter, Miss Jean Marr.

FROM OFFICIAL VISIT.

Adjutant, Gen. of the Salvation Army Headquarters staff, has returned from an official visit to St. Stephen, Fredericton, Newcastle, Chatham and Amherst.

KING EDWARD BANDSTAND.

The repairs to the bandstand in King Square are still going ahead. Yesterday workmen were engaged re-arranging the railing about the main part of the structure.

TROOP SHIPS ON THE WAY.

The S.S. Belgic, with 126 officers and other ranks for New Brunswick, is expected to dock at Halifax Dominion Day. The Ordama is due in Halifax this forenoon.

A STILL ALARM.

A still alarm called the city fire department to the house of J. O'Neill, 109 Elliott Row, yesterday morning. The fire, which was in a board pile, was quickly extinguished and little damage was done.

TO ATTEND MEETINGS.

Dr. J. H. L. Brown, medical officer for the Districts of Kings, Queens and Albert counties, left yesterday on an official visit to Hampton and Miramichi, where he will attend meetings of the district boards.

THE CONDEMNED WELLS.

Acting upon the report regarding wells on Haworth Avenue which were condemned by the Board of Health recently, several of them have been permanently closed, principally those on the main thoroughfare.

WILL ARRIVE TONIGHT.

Lieut.-Col. Powell and a New Brunswick military party of over twenty is expected to arrive in the city tonight after nearly a year's sojourn in Siberia. They were passengers on the C. P. liner Montezuma which docked at Vancouver last week.

NOT IN WORKING ORDER.

The telephone line between Newcastle and Campbellton is not in working order all last night, and as the telegraph offices along the line past Moncton are closed after nine o'clock, there was no means of out-land communication.

MAKING FURTHER INQUIRIES.

Dr. T. Fred Johnston, of the local Board of Health, is making further inquiries into the quality of milk vend- ed by various dealers in the city. In the cases where former inferior samples are duplicated by the dealer, drastic action is promised by the board.

WAS TAKEN OVER.

The building on St. James' street, recently used as a military hospital, has been taken over by the Salvation Army, represented by Commandant Sheard, who will have the place clean- ed, renovated and redecorated and furnished as a better grade metropoli- tan, such as is conducted in the larger cities by the Salvation Army.

NEEDED IMPROVEMENTS.

Workmen were engaged yesterday raising the railroad tracks across Mill street and placing granite blocks as a paving. The job is a rush one and the workmen were engaged late in the evening. Granite paving blocks were being placed between the rails and on either side. Other improvements are being made about the approaches to the Union Depot.

IN KINGSTON HOSPITAL.

Capt. Herbert Stehman, of the Royal Canadian Dragoons, one of the officers who organized the present No. 7 Military District, and who conducted a cavalry school in this city during 1914, is now at the General Hospital, Kingston, suffering from tuberculosis, contracted while on active service in Russia, and from heart trouble, caused by shell shock while on service in France.

NURSING SISTER HEGAN.

Nursing Sister Edith Hegan, decorated for her splendid work in Eng- land, France and Russia during the present war, and for some time mat- ron of the military hospital in this city, left last night for Moosejaw, having been transferred to the mili- tary hospital staff of military district No. 12. Her departure will be re- gretted by all the many soldier boys who have been under her care, and by the military staff of which she was a prominent official.

PUBLIC UTILITIES.

At the regular meeting of the New Brunswick Board of Public Utilities, held yesterday afternoon at the gov- ernment rooms, the board made an or- der approving of the application of the Calais Water and Power Company for a new schedule of rates and reg- ulations governing the activities of the company. The unusual thing about the application was that it was for a lowering of rates instead of for an increase, and is the first of its kind to come before the board since the war started.

CARPENTERS AND JOINERS.

There was a good attendance at the meeting of the Carpenters' and Joiners' Union last evening, with considerable business transacted, and the following officers elected and installed for the ensuing year: Pres- ident, Joseph Nixon; Vice-president, H. Hamilton; Recording Secretary, A. C. Davidson; Financial Secretary, P. A. Middleton; Treasurer, R. Hock- ey; Conductor, A. Comack; Warden, H. P. McLeod; Trustee, Jas. L. Sugrue.

Big Movement of Grain Next Winter

St. John and Halifax Will Get Nearly All the Canadian Grain — American Ports Crowded With U. S. Crop.

Shipping men anticipate a big movement of grain through St. John during the coming winter. It is said that owing to the arrangements made by the American government for the marketing of the United States crop there will be little or no Canadian grain traffic through American ports until the American crop has been dis- posed of. The grain crop in the United States is expected to be the big- gest on record, giving a large volume for export, and it may monopolize the facilities at American ports for the best part of the winter. As the bulk of Canadian grain has always been sent forward through American ports, the conditions which have arisen should mean a big increase of grain shipments through St. John and Hal- fax. The Canadian government is con- sidering the appointment of a special board to undertake the work of moving the Canadian grain crop this season.

Speaking in parliament the other day Hon. Mr. Ballantyne said: "One of the big problems confront- ing the government and the people of Canada, more particularly the grain- growers, is as to how this year's crop is going to be handled, inasmuch as none of the grain will be allowed to be shipped to the United States by American ports. It is a big task, but if we can get the ships we can certainly handle the grain. With the quick handling and the modern facil- ities at the ports of Montreal, Que- bec and St. John we can take care of the grain if the tonnage is available. With regard to St. John, I might men- tion that there is only one elevator at the present time, but we hope that they will be installed shortly, which will enable us to handle the grain if we can get the ocean tonnage."

ATTEND ANNUAL DIVINE SERVICE

St. John Division Voluntary Aid Detachment of St. John's Ambulance Association Heard Sermon by Rev. W. O. Dunham Last Evening.

A large representation of the St. John Division of the Voluntary Aid Detachment of St. John's Ambulance Association attended the annual di- vine service, held last night in St. Paul's (Valley) church. A very for- mal and timely sermon, dealing with the observance of St. John's Day and the splendid work which has been wrought by the V. A. D. girls, particu- larly through the past war, was preached by the Rev. W. O. Dunham. In the absence of the pastor, the Ven- erable Archdeacon Crowfoot, the Rev. James W. Millidge conducted the ser- vices.

The monthly meeting of the local division was held yesterday afternoon on the beautiful grounds of Mrs. P. Stetson, Mount Pleasant. After busi- ness, mostly of a routine nature, was completed, the hostesses, assisted by some of her guests, served tea on the lawn.

MONCTON IS GOING AHEAD

Visitor to Railway Town Says it Can Show St. John Something About Paving Streets and Keeping Same in Condition.

"Moncton is going ahead like a horse on fire; it will soon be quite a town," said E. J. Todd, secretary of the Foresters, who has been on a trip to the railway city, but is glad to be back in the City of St. John. "Moncton could show St. John some- thing about paving its streets and keeping them in condition," he added. "At present Moncton is having some- thing like a building boom. Eaton's are putting up a big building, which will be their distributing centre for the Maritime Provinces. It is said that they will employ 500 or more people. Men are being sent down from Toronto with their families, and this enterprise will probably add one thousand to the population. Higgins is putting up a big shoe factory, a brick building covering nearly a whole block where the old Minto Hotel was located. Other firms are extending or building new premises, and every- body is talking as if they expected Moncton to be a great city in some years."

SERIES OF PICNICS.

Next Saturday, June 28th, will in- stitute the yearly series of basket picnics, held by the girls of the Natu- ral History Society to which every member is invited. The first picnic will be held on the beautiful grounds of J. E. Secord, Ingleside, and will be followed by similar weekly celebra- tions at the summer residences of Mrs. John McAvity, Lakeside; Mrs. John Thomson, Rosedale; and the so- ciety's Camp Nature, Nerepis. Quite a number of girls have signified their intention of "going along" and the outings should prove most enjoyable occasions.

STUDY OF MINERALS.

Benjamin F. Howell, of the Col- lege of Geology, Princeton University, is in the city on his way to Newfound- land where he will take up a summer study of the minerals and fauna of the ancient colony. In company with Dr. Matthew and William McIntosh, of the Natural History Society, he will spend the rest of the week in sci- entific research at Quaco, St. Martins, and adjacent territory.

Form The Brigade Then Get Ship

Col. Sturdee, S. S. D., Points Out the Proper Plan to Work on—How They Go About it in Ontario.

At yesterday's meeting of the Navy League when the matter of organizing a Boys' Brigade in this city came up for discussion, some one suggested that it would be advisable to first get a training ship. The president, Col. Sturdee, S. S. D., pointed out that this was not the way it was usually done. The brigade was first organ- ized and given the necessary train- ing and then the ship was provided, to give them the sea training.

In this connection the following from the Montreal Star of Tuesday may prove of interest as showing how they have gone about the matter in Ontario:

The schooner Pinto, on route from Halifax to Toronto, where she will be taken over as a training ship for boys by the Ontario Division of the Navy League of Canada, passed through Montreal yesterday morning on her way to Lake Ontario. It was expected that the Pinto, which has more than local interest on account of having been used as a "mystery ship" or "Q" boat during the war, would berth in the port for a few hours before proceeding up the canal, in order to give Navy League officials and others here an opportunity of inspecting her; but this plan was not carried out, and the Pinto was almost through the canal in tow of her escorting tug before Navy League officials knew she was in port.

German Cruisers Visited St. John

The Emden and Bremen Which Were Welcomed Here Some Years Ago Were Among Those Sunk at Scapa Flow.

The two light German battle cruis- ers, Emden and Bremen, which sev- eral years ago made a call at this port and were warmly welcomed by the officials and citizenry, were among the seventy-odd interned war craft sunk by the Germans at Scapa Flow last Saturday.

When the Hun warships were in this port, it is now remembered that a camera was an essential part of the dress of all the officers on shore leave, and although the information taken back to the Wilhelmstrasse was not of much value to the Teutons, the Ger- mans were as active then in propa- ganda as they have been since.

POLICE COURT CASES YESTERDAY

In the police court, yesterday, the Brayley Drug Co. admitted a technical violation of the prohibition law, and the case was set over till July 2. L. A. Gault, of the company, was fined \$10. John Garrick, charged with assault on Inspector Linton and with assault- ing liquor to Thomas Treadwell, was remanded until Friday. Hugh Boyle was fined \$80 on a charge of assaulting a policeman. He was told that the fine would be al- lowed to stand provided he supplied a certificate of character.

SAID PROVINCE WAS BACKWARD

Gloucester Member Told Commons That New Brunswick Was Backward in Matter of Technical Education.

Onesiphore Turgeon, of Gloucester, told the House of Commons the other day that New Brunswick was back- ward in the matter of technical edu- cation. Mr. Turgeon has apparently not heard of Premier Foster's work for technical education in appointing a board, which the Premier told the Legislature recently made good provision for developing a system of tech- nical education suited to the needs of the province. Unmindful of the great work of Mr. Foster, Mr. Turgeon de- clared that in New Brunswick it was due to lack of funds that in the matter of education we have not progressed like Nova Scotia, Quebec, Ontario, which have larger revenues.

A BEAUTIFUL PRESENT.

Among the gifts presented to Miss Mildred Reid, Newcastle, at the novel- ty shower held at the home of Charles and Mrs. Robinson, Sydney street, Tuesday night, was a beautiful cut- glass vase and set, the gift of Pte. Glendon Robinson, now on duty overseas, cousin of the bride-to-be and son of the host and hostess.

TRAFFIC WAS BLOCKED.

Twenty horse drawn vehicles, four automobiles and four street cars were held up at the Mill street railway crossing yesterday afternoon about four o'clock, while shunting operations were carried on. Several citi- zens remarked on the necessity of doing away with the level crossing at this point.

Rev. H. C. Fraser Going To Resign

Popular Pastor of Knox Church Notified Church Officials Last Evening — Leaving City on Account of His Wife's Health.

Last evening at a joint meeting of the elders and trustees of Knox Pres- byterian church, their minister, Rev. H. C. Fraser, intimated to them his intention of resigning his position as minister of Knox church at the next meeting of the Presbytery in July. Mrs. Fraser, who has suffered from throat trouble ever since their arrival in St. John two years ago, went to the Pacific coast to Harrison Hot Springs in May for her health, and has found the change so beneficial that her doc- tors advise against a return to St. John. On this account, and in order to Mr. Fraser's family, Mr. Fraser has decided to place his resignation in the hands of the Presbytery. While deeply regret- ting the necessity of such a movement the Elders and Trustees feel with Mr. Fraser that the step was not only justifiable, but the only one to be taken under the circumstances.

Mr. Fraser is the first minister of Knox church, and during his pasto- rate has had the satisfaction of seeing in this union church a healthy, steady growth in all departments. Both Mr. Fraser and his devoted wife held a warm place in the affections of their people, and while intimate friends have feared that Mrs. Fraser would not be able to live in St. John, to many this contemplated resignation will come as a surprise.

When interviewed by a reporter last evening one of the leaders in Knox church said that Mr. Fraser had no position awaiting him, but that he planned on returning to Vancouver if released by presbytery.

LOT HOLDERS HOLD SPECIAL MEETING

Matter of Extending Bounds of Cedar Hill Cemetery Discussed in Fairville Hall Last Evening But Action Deferred.

At a special meeting of the lot holders of Cedar Hill cemetery held last evening in Temperance Hall, Fair- ville, the matter of extending the bounds of the cemetery was discussed but action was deferred for two weeks to allow the directors to prepare a statement of the income and expendi- ture at the present time.

The meeting was called to order by President Jones shortly after eight o'clock and he called on W. H. Alling- ham, the secretary, and W. G. Gray, the treasurer, to outline the case for calling the meeting. Mr. Allingham pointed out that practically all the lots in the present cemetery were sold and the only income now available was from the opening of graves and the money paid for care of lots and en- tire additional sources of revenue were found the company could not carry on. He also stated that the provin- cial health department had refused to allow the company to extend the bound- aries by using the land purchased from the Lauriston Real Estate Com- pany but was willing that they extend by using land available on the Man- rogonish Road.

Mr. Gray stated that the proposed land on the Manrogonish Road could be bought on the fifty-fifty basis, the same as the Lauriston land purchas- ed. Some opposition was manifested to any extension at all and as neither side produced any figures to back up their statements, the meeting was de- cided to adjourn the meeting for two weeks and in the meantime the directors should prepare a statement showing the present expenditures and revenues to submit at that meeting.

Eureka Fly Killer
Brings Profit to the Farmer, Stock Raiser and Poultryman
Good pastures and care, even with the best feed, won't do all they should for your cattle and horses in "fly-time" when they switch their tails and worry the flesh from their bones. And this means money out for the farmer who can avoid such loss by using
EUREKA FLY KILLER
which is a sure preventative and even kills and drives away these worst of all fly-pests, the Texas, Buffalo and Horn Flies. Cattle thrive, sheep make more mutton and wool, hens lay, chicks grow, when protected with Eureka Fly Killer.
